GEORGE CLEVINGER KILLED.

Bob Davis, a Saw Mill Negro, Charged With the Crime.

There was quite a ripple of excitement on the streets Saturday night when the news was received in the city from Clevenger stating that George Clevenger, a nephew of Joe P. Clevenger, of this city, was shot and killed by a negro named Bob Davis.

Immediately upon receipt of the news the sheriff wired a description of the negro to officers at all points on the Houston East & West Texas, and the Texas & New Orleans railroads, and with a number of good deputies started on a man hunt. The constable and several deputies went to the Angelina bridge expecting the negro to leave the county by that route.

The honor of jailing the alleged slayer of Mr. Clevenger fell to the lot of Charley Clark. Mr. Clark and Tom Richards were at the La Nana crossing on the Houston East & West Texas railroad yesterday morning when they saw a negro walking down the track; they waited until the negro was within some thirty or forty steps distance when Mr. Clark covered him with a Winchester and commanded him to halt and throw up his hands. The negro didn't seem to be in a hurry to obey orders, and was informed that at the first crooked move the Winchester would get busy and a negro funeral would take place shortly afterwards.

The negro protested, and said "what's I done?" But 'twas no use Charley Clark knew he had his man and while he had him covered with the Winchester he had Tom Richards search the negro. A 44-calibre extra long pattern Belgium revolver and a murderous looking knife were taken from the him. After his implements of warfare had been removed from him Mr. Clark asked him his name and he replied "Jack Thompson," he stated after awhile that he was at Clevenger's mill and that he and several other negroes were engaged in a game of "craps;" that a general row was started and during the row Mr. Clevenger came up, and while he was standing there some one fired—he pulled his gun but did not know that he had killed Mr. Clevenger.

The negro was brought to town and put in jail yesterday morning. The Sentinel reporter was at the jail and saw the pistol that the shot was fired from which killed Mr. Clevenger. There was only one empty chamber in the gun, but the gun looked as though it had been fired several times recently.

The report that reached town last night stated that

Mr. Clevenger was shot three times in the back and that he was instantly killed.

The story as reported at first was that Mr. Clevenger walked up to where the negroes were "shooting craps," and that when he saw what the negroes were doing, that he turned and walked away, and when a short distance from the place where the negroes were that the negro Bob Davis, alias Jack Thompson, drew his pistol; took deliberate aim and fired three shots in succession each shot striking Mr. Clevenger in the back, and each passing entirely through the body.

The negro has a serious proposition before him if all reports are true and Nacogdoches will have another legal hanging in the near future.

The remains of Mr. Clevenger were shipped to Nacogdoches and were interred in the City cemetery yesterday afternoon.

ANOTHER WELL.

Williams Bros. Making Preparations to Put Down Well No. 4.

The Sentinel has received information from what is considered a pretty reliable source that Messrs. Williams Bros. are making preparations to sink a 10-inch well on their property in the oil field and that work will be started on it just as soon as the material arrives.

These gentlemen have two good wells already, one a good pumping proposition, and the other a flowing well. Tanks are being made and just as soon as they are finished, and the Nacogdoches & Southeastern is extended to the field there will be quite a bit of business doing in the way of shipping oil from the Williams Bros. well.

It is to the interest of the Nacogdoches & Southeastern to get its line into the oil field as soon as possible in order to take care of the passenger traffic to and from the field.

Has Not Been Seen Since.

"Ten years ago," says an exchange, "a farmer put his initials on a dollar bill, went to the nearest town the next day and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce and three times he heard of it in the pockets of his neighbors. The last time he got it four years ago he sent it to a mail order house. He has not seen the dollar since and never will. That dollar will never pay any more school or road tax for him, will never build up or brighten any of the homes in the community. He sent it entirely out of the circle of usefulness to himself and to his neighbors.

The Hardwood Manufacturing Plant Bought a Site This Morning.

The committee appointed by the directors of the Nacogdoches Show Case & Manufacturing plant closed a deal this morning for three acres of land joining the Houston East & West Texas railroad and east of the light and power plant for the site upon which to erect the plant. The purchase price being a cash consideration of \$900.

The site selected is an ideal one for the plant and the purchase price reasonable indeed when it is considered the price at which other property was held.

TALK up the good roads proposition.

DON'T acquire the art of knocking.

NACOGDOCHES county needs better roads.

THE factories are coming our way.

KNOCKERS are not so very numerous here, or hereabouts.

WELL, Nacogdoches landed the hardwood manufacturing plant.

A HARDWOOD saw mill is to follow the hardwood manufacturing plant.

FIFTEEN thousand population for Nacogdoches, ten years hence still holds good.

NEBOGOTOFF, the Russian vice-admiral "Nebo got off." The Japanese made him a prisoner of war.

THERE are many arts to be learned, but for the good o Nacogdoches don't learn the art of kicking against propositions that are intended to build up the town.

IT'S just as true as it is that the night follows the day, that if you are disposed to knock Nacogdoches that you will be knocking your own interests.

If the tobacco people desire to establish a packing house here, all they have to do is to let the fact be known. Nacogdoches will do the rest.

THERE is a premium offered for the man who predicted that Nacogdoches would fall down in her efforts to locate that hardwood manufacturing plant.

THE gentlemen appointed to investigate the tobacco warehouse proposition are hastlers and there will be something doing when their proposition is ready to be placed before the people.

THERE is to be no "ifs" about the locating of that hardwood plant here. Nacogdoches has already landed the proposition, notwithstanding the howl of the knockers.

IT is now time for Russia to acknowledge that the little brown men from Japan have whipped the Russian bear. On land and on sea Japan has clearly shown to the civilized world that her method of fighting will enable her to take care of her interests, no matter where located.

WITH fuel oil at our own door and a fine natural water supply furnished by the Banita and La Nana creeks, Nacogdoches is an ideal location for all kinds of manufacturing plants. The railroad facilities is another very important point for the manufacturer to consider when seeking a location. These Nacogdoches has.

Albert Brewer, of Trawick, was in the city this morning.

Story of How a Western County Got Its Court House.

Marfa, Texas, May 30. Dear Sentinel:

In a former letter I mentioned the court house of this—Presidio—county, estimating its cost at not less than \$35,000. I have since learned that the court house and jail cost \$125,000; and hereby hangs a bit of interesting history.

A good many years ago, before this court house was built, Presidio county included the territory now comprising Jeff Davis and Brewster counties, when a bond issue was voted for the fine court house and jail to be erected at the county site. At that time the county site was at Fort Davis, 22 miles from Marfa, and off the railroad. Marfa got up an election to move the county site and succeeded in capturing the prize, much to the chagrin and displeasure of Fort Davis. As to the means employed by Marfa, of course I know nothing, but the Fort Davis people do not speak of it in very complimentary terms. Suffice to say that so indignant were the people in the northern part of the county that the county of Jeff Davis was ultimately cut off of the north side of Presidio, with Ft. Davis as county site; later on Brewster county was created out of the eastern portion. Then came on the row, for both counties repudiated their prorata part of the Presidio court house bond indebtedness. Law suits followed, Presidio won out and now both counties are paying interest on their prorata share of the indebtedness—\$30,000 each. Looks pretty tough, but they helped make the debt and must help pay it, as has been decided by the Supreme court.

Alpine is the county site of Brewster county, and is 23 miles east of Marfa. The county sites of all three counties seem to be situated almost on the edge or in a corner of their respective counties. It is about 12 miles to the north line of Presidio county and over 150 to the Rio Grande, the south boundary.

When the court house was built Marfa was near the center of the county. R. W. H.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Nacogdoches People to Delay.

The great danger of kidney troubles that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Nacogdoches.

J. D. Cooper, retired, corner of Pillar and Church streets, Nacogdoches, Texas, says: "I suffered for ten or twelve years with most annoying and severe pain in my back right over the kidneys, and when I stooped to lift anything I had great difficulty in straightening up, and the same sore in bending over. I knew it was kidney trouble and knew its end would be complete disablement unless it was speedily cured. I tried all kinds of medicine and prescriptions but to no avail. Finally reading of Doan's Kidney Pills I procured a box at Perkins, Kleas & Mast's drug store. I gladly say that they cured me, not helped, but actually cured an ailment that had bothered me for ten or twelve years. I am glad to recommend such a reliable kidney medicine to others."

Remember the name—Doan's—and take no other.

NACOGDOCHES is after that hardwood manufacturing plant that we spoke of last week, which should be brought to Timpson. The Business League of that city has the matter in charge and is losing no time. This enterprise could be secured for Timpson, but is there any effort being made to get it?—Timpson Enterprise.

Bro. Pinkston, don't talk so. Nacogdoches wanted that plant and went after it; she got it, and now let's all join hands and make it the pride of all Eastern Texas. Take a friend's advice and don't say "that enterprise could be secured for Timpson" when ever you hear that Nacogdoches has put in a bid for a manufacturing enterprise. The business men of Nacogdoches when they think the town needs something they go after it. The Business League is after another big enterprise and watch how easily it will be landed.

A COMPLETE PRICE LIST FOR THE ASKING

MAC STEWART.

Those in position to know state that ten years ago today, May 31, Mac Stewart killed a Mexican for which he is serving a sentence in jail in Mexico. The case is rather a peculiar one. Stewart had been drinking on the day of the tragedy and was riding with a friend in a buggy on the streets of Parral, Mexico, singing "Dixie." As the buggy passed a corner where a policeman was standing Stewart shouted "Hurrah for Dixie." It is supposed the Mexican mistook the words for cursing. He ordered Stewart to halt, pointing his gun, which went off, the bullet striking Stewart in the leg. Stewart then drew his pistol and fired. The bullet struck the Mexican in the heart, killing him instantly. Stewart was placed in a dungeon in Parral under sentence to be shot. Stewart was 50 years of age at the time of the unfortunate affair and is therefore 60 years old. Every since the facts were brought out concerning the shooting a movement has been on foot to secure his release from the Mexican dungeon where he has been incarcerated for the past ten years. Within the next few days his fate will be known. The committee appointed by the legislature will be in Chihuahua and will lay the matter before the governor of that state. Every old ex confederate soldier in Texas is deeply interested and the decision of the Mexican governor is awaited with interest. The legislative committee is accompanied by a large number of Stewart's friends.

THE Timpson Enterprise wants a Business League organized in that town. It's a good thing—keep on hammering at it until it's organized.

Nacogdoches now bids fair to become a city of factories. She will at least be given a chance to get them and no doubt but that they will be accepted, even if a small donation is necessary as an inducement.—Cushing Enterprise.

Keep on talking about the Old Stone Fort city, and the next time you are in Nacogdoches, it will be one on The Sentinel.

THAT HARDWOOD PLANT.

As Soon as Facts Were Known People Were Eager For Stock.

Nacogdoches is right there with the capital and brains when good propositions are seeking a location. A few days ago Cook Bros. of Lufkin, lost their manufacturing plant by fire and as soon as they could get their business affairs adjusted in that city they made the fact known to the citizens of Nacogdoches that they would like to locate here.

Nacogdoches business men readily saw it was a good thing and the Business League took the matter in charge. A committee was appointed to solicit subscriptions to the capital stock of the plant. The committee finished its labor this morning and a meeting of the stockholders will be held tonight in the Business League parlors for the purpose of organizing. The company will be organized with a capital stock of \$20,000.

Cook Bros. have established for themselves a reputation as manufacturers of store fixtures, show cases, church and lodge furniture, bank and office fixtures, and interior furnishings of all kinds. Nacogdoches citizens who were fortunate enough to secure stock are not tampering with an experiment—Cook Bros. have been successful in the past and at the time of the fire at Lufkin had enough advance orders on hand to keep the plant busy for several months.

Feeling Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases give comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Sold by Perkins, Kleas & Mast.

In commenting on an editorial in The Sentinel of last Monday under the above heading, the Lufkin Tribune says: "It should be unnecessary for the Tribune to state that the proposition is open to Lufkin also to land this enterprise, and what is applicable to Nacogdoches, as put forth above by The Sentinel, is also true of Lufkin, and even more so for the reason that this same plant has been in operation in Lufkin and the people here know what it means to the town. It is neither a failure nor an experiment, but a successful enterprise that has given employment to about twenty skilled mechanics during the past twelve months, supported at least 100 people and brought \$30,000 to Lufkin from other sections of the state, all of which has been spent among the business and professional men of this town. The business has been steadily growing and more men have been constantly employed. The gentleman promoting the enterprise live in Lufkin and want to remain here, but in order to keep them Lufkin people must come to their rescue in the way of stock subscriptions and do it quick. It will be but a few years until the lumber business of this section will be exhausted and then we must look elsewhere for enterprises to produce a source of revenue for the public and at the same time pay a dividend to the stockholders. Here is an enterprise that has proven a success from a financial standpoint and one that every citizen of the town wants to see remain here, but unless sufficient stock is subscribed to reorganize and put the plant in operation it is sure to go elsewhere, to the everlasting detriment of Lufkin.

AT THE BUSINESS LEAGUE

A Large and Enthusiastic meeting Held Last Night

From Thursday's Daily:

There was a very important meeting held in the Business League parlors last night and The Sentinel hopes to see many more such meetings held here during the next few years. Such meetings are but the foundation stones of a greater Nacogdoches, and what was accomplished last night really means more for the town and the entire eastern section of the state than many people have an idea.

President E. A. Blount called the League to order and in the absence of the secretary C. D. Mims was appointed to act in that capacity at this meeting.

Mr. Blount stated that the purpose of the meeting was to give the stockholders in the hardwood manufacturing plant an opportunity to perfect their organization, and also to transact such other business as would properly come before the meeting.

As several of the largest subscribers to the capital stock of the manufacturing plant were not present when the meeting was called to order, it was decided to take up another matter in which Nacogdoches is deeply interested.

Mr. John Schmidt addressed the meeting on the tobacco situation in Nacogdoches county. He stated that, notwithstanding the fact that the season had been rather unfavorable for tobacco that a large and profitable yield would be made here this year; that he had had a conversation with Mr. Petty a farmer who lives a few miles north of town and that Mr. Petty was highly delighted with his prospects and regretted that his crop consisted of only two acres. Mr. Schmidt further stated that he was of the opinion that the tobacco industry in Nacogdoches county would require the establishment of a packing house here; that he had been informed that Mr. McFarlin, representing Messrs. Tausig & Co., would be in the city within the next few days, and as this firm would probably establish a packing house at some point in the Texas tobacco belt this year, that Nacogdoches should secure the location of some.

Mr. Tucker addressed the meeting on making an effort to locate the packing house and suggested that a committee be appointed to confer with Mr. McFarlin upon his visit to Nacogdoches and ascertain what would be expected of Nacogdoches in the event this place was decided upon as a desirable point for the location of their Texas packing and warehouse.

A motion prevailed and the chair appointed the following gentlemen to meet with Mr. McFarlin discuss the matter with him and report at a future meeting of the League.

Following is the committee: John Schmidt, F. H. Tucker, C. D. Mims, E. C. Branch, S. L. Miller.

After this matter was disposed of the subscribers of

the hardwood manufacturing plant held a meeting and elected the following eleven gentlemen as a board of directors:

- T. J. Williams.
- George P. Cook.
- W. H. Rulfs.
- A. G. Gatlin.
- E. A. Blount.
- C. D. Mims.
- S. L. Miller.
- F. H. Tucker.
- Chas. Perkins.
- John Schmidt.
- E. C. Branch.

The directors were instructed to proceed at once with the business of the proposed corporation, and make all necessary arrangements as to machinery and site, and get the plant in operation at the earliest possible date.

AT THE OIL WELLS.

Visitors Found Well No. 3 to be a Good Proposition.

Yesterday T. J. Williams, Charles Shason, J. H. Poulter, Allan Seale, J. D. Williams and Capt. J. S. Doughtie made a trip to the oil fields to take a look at the well recently brought in by Williams Bros.

The visitors were present when the cap was partially removed from well No. 3, and found it to be a good flowing well of lubricating oil of a very high grade and they say its pure oil, no mud and water, but can be used as it comes from the well for lubricating purposes.

Well No. 2 was found to be a good well but it will have to be pumped. While the visitors were present the bailer was sent down to the bottom of the well just to see the nature of the oil at the bottom. When it was brought up it was found to contain nothing but pure oil.

Today the oil situation in Nacogdoches has a pretty healthy tone and by the time the Nacogdoches & South-eastern railroad gets its line extended to the field Nacogdoches will have a full fledged oil boom on. Already there are a number of prospectors here and it is only a matter of a few weeks before Nacogdoches will be headquarter for a big oil industry.

Found a Cure For Dyspepsia.

Mrs. S. If troubled with indigestion or dyspepsia why not take these Tablets, get well and stay well? For sale by Perkins, Kleas & Mast. dw

In 1864 James Reynolds a Confederate captain, became leader of a guerrilla band similar to Quantrell's, says a Denver dispatch. The gang held up and robbed what was called the Buckskin coach on the South Park trail near Denver and secured \$40,000. It's members were attacked on the following day. One man was killed, and Captain Reynolds and five of his men were captured. But two escaped, and they, it is said, buried the treasure at a point near the scene of the battle and were never afterward able to find it. Several searching parties have recently left Denver and will attempt to locate this treasure.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong— Pull of vigor and frolic the whole day long. So when mamma needs more they rush off to high play. And about to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.

Two sizes, 25c and 75c. All druggists.

THE NEW PLANT NAMED.

The Directors of the Hardwood Manufacturing Plant Meet.

At a meeting of the directors of the hardwood manufacturing plant, officers were elected as follows:

- T. J. Williams, president.
- John Schmidt, vice-president.
- S. L. Miller, vice-president.
- Geo. P. Cook, secretary and manager.
- C. D. Mims, assistant secretary.
- E. A. Blount, treasurer.

The directors then took up the matter of naming the new enterprise and after various names had been presented it was decided to christen it The Nacogdoches Show Case & Manufacturing Co.

Chas. Perkins was appointed to call on the stockholders within the next few days to collect for subscriptions to the capital stock.

DAVIS' BIRTHDAY HOLIDAY.

New Law Does Not Become Effective Until August.

Dallas, Texas, June 2.—In response to a telegram of inquiry from Dallas, Secretary of State Shannon today sent this answer:

"The law making the birthday of Jefferson Davis a legal holiday becomes effective 90 days after adjournment."

This telegram shows that the law did not carry the emergency clause necessary to make it operative immediately, and Jefferson Davis' birthday anniversary tomorrow can not be observed as a legal holiday this year.

The Dallas postoffice, the banks, the courts and other public institutions intended closing, but will not do so in the light of the telegram from Secretary of State Shannon.

Ten Times Easier.

It is ten times easier to cure coughs, croup, whooping-cough, and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. WHAT are you doing for Nacogdoches?

NACOGDOCHES really ought to have that tobacco packing ware house.

ENTERPRISES that give employment to day labor is what builds cities.

KEEP on talking about Nacogdoches and let your friends know what a good town it is.

PRESIDENT ROOSEVELT may but into the war situation in the far East as a peace maker.

THE teamsters strike in Chicago continues with no prospects for a settlement in sight.

THE affairs of the Equitable Insurance Co. will probably be adjusted in a few more months.

THE nonentity called the King of Spain is doing a few diplomatic stunts at the court of St. James.

DON'T expect your neighbor to do all the work in building up Nacogdoches. There is work for all.

THE Business League can't do it all. It requires the support and influence of every citizen of the town.

PROPERTY suitable for manufacturing sites should not be held at a price higher than residence property.

A little enthusiasm on the part of the citizens of Nacogdoches is what the Business League would like to have.

"Do it now," write a letter today to some friend in the old states and tell them what a grand and glorious country Nacogdoches is.

IF Nacogdoches county would put part of the county convicts to work on the roads, in a few years this county would have a system of good roads.

THE time has come for the payment of the first installment on your subscription to the capital stock of the Nacogdoches Show Case & Manufacturing Co.

THE NACOGDOCHES SENTINEL is always booming its town. Occasionally it takes a shot at close range at moss-backs, and fairly Togo's them.—Houston Chronicle.

THE new town located at the oil fields at Humble has been crowded off of the map and the citizens of the once new "shanty town" are moving to Humble proper.

They have had twenty-seven inches of rain so far this year at Nacogdoches—and they've got oil enough to quiet the troubled waters.—Tenaha Messenger.

The waters have ceased to trouble this section, and it's got the oldest inhabitant guessing when it's going to rain again.

It will be remembered that about a month ago District Judge Perkins at Lufkin, granted an injunction on behalf of Galloway, Garrison and Whiteman, officers of the late Caro Townsite company, against a number of persons suing in the justice courts at Village and Spurger, restraining them from proceeding with those cases, and make the writ returnable before the District Court of Hardin county. On motion of the parties who filed the cases in the justice courts, Judge Hightower last Tuesday dissolved the injunction. Since that time the same parties have applied to Judge Perkins for a second injunction against the same parties and in the same cases, and the second injunction was granted and the writ made returnable before Judge Perkin's court.—Texas News.

Texas needs all the railroads she can get, and there are enough liberal minded citizens in "Grand Old Texas" to see that the railroads get a square deal.—Nacogdoches Sentinel.

The liberal-minded ones are not in office, however, and when voting time comes they all seem to forget it. It is getting so these days that the politician who can blow the loudest against railroads is the one who gets the most praise. It the papers hammer away on them, like The Sentinel, they will soon vanish.—Houston Chronicle.

IN the course of a sermon on "Christian Morality" before the students of Princeton last Sunday, President Patton of the Princeton Theological Seminary said: "I hate to see a cold-blooded, right living rascal, who has \$40,000,000 and can teach Sunday school regularly and drive his hard bargain every week, always keeping just within the range of the law. If I were asked what I thought of such a man I would say he was lucky not to be in jail."

PAPERS in an action for absolute divorce have been brought by Brodie L. Duke against Mrs. Alice Webb-Duke. The suit is based upon statutory grounds. Troubles never come singly—the life of Alice has been somewhat strenuous since she made her first appearance in this part of the country and the Lord only knows what it was prior to her visit to Nacogdoches a little more than a year ago.

THE Tenaha Messenger has passed into the hands of Frank L. Antram. The first issue under the new management of Mr. Antram bears the undisputed evidence that he is a newspaperman of no small calibre, and the people of Tenaha are to be congratulated. It is now up to the business men of that thriving little city to either make the paper a blooming success, or a measly failure.

THE president's tender of his good offices to bring about peace in the Far East was received with general favor by the press and public generally of St. Petersburg.

DUKE-WEBB DIVORCE.

Papers Served on Mrs. Alice Webb Duke in Action for Divorce.

New York, June 3.—Papers in an action for absolute divorce brought by Brodie L. Duke were served today on Mrs. Alice Webb-Duke, whose marriage to Mr. Duke in December last was the beginning of sensational litigation. At the same time it became known that proceedings pending against Mr. Duke in this county, the object of which was to have him declared incompetent to manage his affairs, have been abandoned by a member of his family at whose instigation the suit was begun. His property, however, is now held by trustees. Mrs. Alice Webb was married to Mr. Duke in this city on December 19, 1904. As soon as the family heard of the marriage they secured an order from the Supreme Court in this county by which Brodie L. Duke was committed pending an inquiry as to his sanity. He was confined in a sanitarium several days without being in communication with anyone. When Duke was arrested the whole story came out and furnished one of the sensations of the year. Duke finally was released from the sanitarium by direction of the court. The suit for divorce brought by Duke is based upon statutory grounds.—Shreveport Times.

Adolph Teutsch Worse.

"Adolph no better. Come at once," was the message received by Mr. Robert Teutsch this morning from Houston. Mr. Teutsch left on the noon train.

Since Adolph was hurt at the Humble oil field his condition was considered critical all the time, yet he seemed to be slowly improving. Saturday night it was thought that a change for the worse was noticeable, and James Teutsch wired his father to come.

EAST TEXAS ODD FELLOWS MINISTER ORDAINED.

The Fourth Meeting of the Association to be Held in Lufkin

The fourth semi-annual meeting of the East Texas I. O. O. F. association will be held in the city of Lufkin next month. The secretary of the association has issued the following notice of the meeting:

To the Officers and Members of I. O. O. F. Lodges of East Texas:

Dear Brothers: - I beg to notify you that the East Texas I. F. O. O. Association will meet at Lufkin on July 20th and 22nd, 1905.

Inclosed is a copy of the proceedings of the Nacogdoches meeting, in which is printed the Constitutions and By-Laws. You will notice in the Constitution that the per capita tax is only five cents per member. I sincerely trust you will discuss the advisability of joining the Association and elect delegates to the Lufkin meeting. We desire to enroll all the lodges in East Teyas, and meet for mutual benefit in different portions of the territory; it is unnecessary to point out the advantages to be derived from such an organization.

I may state that the Lufkin Lodge will confer the degrees, and assure you on their behalf that you will have a royal time. Now don't neglect this matter but bring it up for consideration on next lodge night.

Yours in F. L. & T.,
Chas. E. Davis,
Secretary East Texas I. O. O. F. Association,
(East Texas papers are kindly requested to copy the above.)

M. S. Adams, Esq., was up from Nacogdoches Wednesday trying to place a car of potatoes for the truckers at this place.

General Hargrove of Shreveport, was in Garrison Sunday. The general is an old confederate veteran and went to the civil war with a number of the old war horses of Nacogdoches county.

Big Day at North Church Sunday—The New Pastor.

Sunday was the beginning of a new chapter in the history of North church. Several weeks ago Rev. S. F. Baucom who has been pastor of that church for a number of years tendered his resignation to the church and the church called Allen Girrard a young bible student to serve the church as pastor. He accepted the call and the church set Sunday as the date for the ordination.

The examining board, consisting of Revs. S. F. Baucom, G. W. Jefferson and H. M. Hudson, met Sunday at the church and thoroughly examined the young man and found him worthy in all respects and well versed in all the laws and usages of the church. The church then ordered that he be ordained as their pastor.

The examination was conducted by Rev. S. F. Baucom and the ordination sermon was preached by Rev. H. M. Hudson.

The North church membership is well pleased with their new pastor and predict good results from Rev. Girrard's labors.

Pension Ruling.

Austin, Texas, June 5.—Comptroller J. W. Stephens today issued the following notice:

To County Judges: I beg to call your attention to an excerpt of an opinion rendered, at my request, by the attorney general of the State, which is self explanatory, as follows:

"The Twenty-ninth legislature did not, so far as I can learn, pass any law to extend the benefits of the act of May 12, 1899, to indigent widows of Confederate soldiers or sailors who were married after March 1, 1866, and prior to March 1, 1880. The constitutional amendment is not self-executing. It merely authorizes the legislature to give such aid, and, therefore, I advise you that your department has no authority under existing law to grant pensions to such widows who were married after March 1, 1866, though prior to March 1, 1880."

CUTTING AFFRAY AT TIMPSON.

Will Wilkerson Cut Four Times Yesterday Afternoon.

About one o'clock this afternoon C. E. Sprinkle and W. M. Wilkerson became involved in an altercation which came very near proving quite serious.

Mr. Wilkerson has two knife wounds in the breast, one just below and behind the shoulders and one near the point of the hip. Neither of the wounds penetrated the hollow, and will probably not produce serious results other than making the victim quite sore for some time. The wounded man was given immediate surgical attention, requiring nine stitches to close the wounds.

Mr. Sprinkle also wounded himself with his knife, cutting an artery in the wrist. He lost considerable blood from the wound, and became too weak to walk further than the Bussey livery stable. "Uncle Pete" Field applied a tourniquet to the arm and stopped the flow of blood until physicians could give it attention. He will not likely suffer any serious consequences from this wound.

The whole transaction occurred so quickly that bystanders scarcely knew what was happening until it was all over, and no opportunity to interfere.

Sprinkle has had a grudge at Wilkerson for some time, and the latter was warned this morning to be on his guard, that the former was drinking and was threatening personal violence.

Wilkerson is confined to his room at the Jennings hotel and Sprinkle is in the custody of Bailiff Kile, and his examining trial has been set for Thursday.—Timpson Times.

HOGG WILL SUE.

Blames Railroad For Recent Illness Which Necessitated Operation.

Palestine, Texas, June 6.—Ex-Gov. Hogg has written the International and Great Northern railroad that he is preparing to file suit against the company for personal damages and asks if they wish to settle out of court.

He blames the road for the recent serious illness which came near costing him his life. He said he was on the train of that company when a sudden and unexpected jolt, caused by attempting to make a coupling, so jarred him as to rupture the glands of his neck, necessitating a very serious operation, causing much pain and anxiety.—Houston Chronicle.

The Woodmen Picnic.

The Woodmen picnic at Chireno yesterday is said to have been one of the most enjoyable and pleasant events pulled off in that town in a long long time. There was a large crowd present and the best of order prevailed.

Tom Blackwell delivered the welcome address and Hon. T. B. Lewis of this city was the speaker for the occasion.

After the speaking dinner was spread and all visitors invited to partake of the hospitality of the Woodmen and citizens of Chireno.

Miss Booth of Timpson is in the city visiting friends.

PETERS GIVES VIEWS.

Says Statistician Hyde Make Up Report to Suit Himself.

Calvert, Texas, June 6.—In an interview with Col. E. S. Peters, vice-president of the Cotton Growers' Association, he makes the following statement in connection with the report sent out by the bureau.

He fully affirms the statement made by Secretary Cheatham. That it is the general opinion among cottonmen that there is a leak in the bureau and there is hardly ever a report issued by them that they do not have to defend in some way.

"Statistician Hyde evidently makes up his report regardless of the figures he has received. I have been before Secretary Wilson and also Statistician Hyde requesting that they give publicity to the figures they receive from their state agents and their special field agents. These are the people that are actually on the ground and get the actual information from crop conditions, and that Statistician Hyde has always refused to give out to the public these reports showing that he does not base his reports upon those estimates. If he did he would have no excuse for withholding them."

Dial is Getting Busy.

Hardy Dial who was but recently appointed lecturer for the Farmers Union for the Eastern District of Texas is evidently the right man in the right place so far as the Union's interests are concerned. Friday of this week he will hold a meeting at Flower Mountain and organize District Union No. 2 of Nacogdoches county, and on June 16 he will organize District Union No. 3, and on the 23rd he will organize District Union No. 4, all in this county.

On the first Friday in July there will be held a big farmers union rally at Martinsville under the auspices of District Union No. 1, on which occasion there will be prominent speakers from several places and it is intended to be made a red letter day in the history of the Farmers Union in Nacogdoches county. An invitation is extended to all to attend the meeting.

Green's Brigade Re-Union.

Brenham, Tex., June 1, 1905. Dear Comrade: This is to notify you that the Twenty-second Annual Re-union of the Tom Green Brigade Association will be held in Lampasas, Texas, on Wednesday and Thursday, June 28 and 29. A rate of four cents per mile for round trip has been secured over the railroads for this occasion, good from June 27th to June 30th. Ask for excursion rates.

If you contemplate attending notify Comrade W. H. Browning, Lampasas, Texas, stating whether coming alone, or accompanied by wife, daughter or son, so that homes may be assigned you in advance. Members of organized camps are requested to wear their Camp badges.

Very Respectfully,

JOHN G. RANKIN, Secretary.

CHIRENO LOCALS.

Chireno, Texas, June 5.—Mrs. J. F. Pleasant, of Center, is visiting her sister, Mrs. Emma Hall.

Miss Virgie Gilbert, of Nacogdoches, daughter of County Treasurer J. N. Gilbert, is visiting relatives here for several weeks.

Mr. and Mrs. E. M. Roberts, of Nacogdoches, are here for the picnic and are stopping at Mr. Robert's sister, Mrs. J. E. Teutsch.

Dr. Williams and wife, of Nacogdoches, are visiting Mr. Jack Green's family and will remain until after the picnic.

Miss Eva Gray and Mrs. Ettie Spears are attending the Normal at Lufkin.

Mr. Cecil Gray left this week to attend the business college at Tyler.

Quite a crowd went from here Sunday, the 4th, to Cove Springs, eight miles from here to the unveiling of the Woodman monument, which that order has erected over the grave of Mr. J. R. Dickerson, who lost his life from a fall while at work at the Hayward mill.

Mr. Allen Seale passed through Friday from a look over the oil fields near here.

Several capitalists and oil men from Dallas, were here a few days last week.

JAMESVILLE JOTTINGS.

Jamesville, Texas, June 6.—There is much human nature in one person as there is in another if not more." Me thinks I can hear some old crow sending forth from his beak a murmur of dissatisfaction this morning because if wont rain to cool that heated brow and dampen that dry sand which he is raking around some cotton that seems to be as sick as though it were infected with smallpox germs. Now, come, you were the very first one that wanted to go fishing and then you were the first to become insulted because a mosquito fancied your looks and imparted a kiss upon your cheek. Better be thankful that you were fortunate enough to win the affection of a mosquito. So you should be thankful that farm prospects are as they are.

How much happier many would be if they were only satisfied with what they have and not trouble about that which they have not. Suppose you had been aboard one of Admiral Rojestvensky's ships the other morning and Togo in behind you, then would you have appreciated the company of old Beck or the goose-neck hoe.

While it may not be pleasing you, remember that where the water has subsided your neighbor has given the frogs a terrible fright and is making things hustle.

Notice.

All persons interested in the Eden grave yard are requested to meet there on Friday, June 23rd at 8 o'clock with hoes and rakes and clean off the same. Bring dinner with you as it will take all day to do the work.

J. H. Christie.

Resolutions.

Whereas, our beloved pastor, Bro. S. F. Baucom, feeling impressed under the Providence of God that he ought to resign the pastorate of "Union church" that he might enter more fully into the evangelistic work, and whereas, the church assembled in conference reluctantly accepted; be it

Resolved, That old Union church which has been served so faithfully by him for a number of years, will keenly feel his loss.

That this church deplores the loss of its pastor who is characterized for his constant fidelity, untiring zeal, unwavering faith, and undaunted courage.

That he has proven himself to be a workman that needeth not to be ashamed, and, under his fostering care old Union church has enjoyed a period of progress almost if not quite unprecedented in her history.

That his labors in the new field into which he is about to enter, may be crowned with marked success is the prayer of the entire membership. He carries with him our love, prayers, and best wishes.

That these resolutions be inserted in the church register and that a copy be sent the Nacogdoches Sentinel for publication.

Opportunity.

Opportunity is "bald behind," the ancients said. You cannot seize her after she has passed. A farmer makes hay while the sun shines, the blacksmith strikes while the iron is hot. The young man or young woman who desires to be ready to grasp opportunities as they pass will enter the Tyler Commercial College of Tyler, Texas, at once.

We are living in a business age and at business we must make our living, so the first thing to do is to secure a thorough, practical business education—one that will make your services worth a hundred cents on the dollar in the business world.

You are, no doubt, aware of the fact that the Tyler Commercial College is by far the largest Commercial school of the entire South, having enrolled 959 students the past year, more than 20 states and territories being represented. Throughout its extensive free Employment Bureau, with branch offices in Atlanta, Ga., and in Memphis, Tenn., it is placing its graduates into the very best clerical, stenographic, and telegraphic positions to be found throughout our larger Southern cities. Write today for large illustrated free catalogue, and prepare to grasp opportunity as it approaches.

There is now a movement on foot by the Havemeyers and their associates to get control of all the rice pumping plants, canals and mills in the rice belt. The corporation will have only \$20,000,000 to operate on. If mill owners will not sell out opposition mills will be started. Good bye to the small fry.

WM. P. BROWN'S VIEW.

Noted Cotton Bull Gives His Ideas on Government Report.

New Orleans, June 5.—W. P. Brown says: "The bears are making great capital out of Mr. Hyde's report of the 2nd in which he states that his report shows 28,420,000 acres planted up to May 25. Our inquiries lead us to believe that people in the interior who reported to the government intended their reports to cover the number of acres planted and contemplated for the entire season. Mr. Hyde's report of June 4 last year showed an acreage of 31,730,311 at the end of that season then on December 5, 1905, he stated that 1,676,600 acres had been abandoned, or 5.3 per cent, and with a perfect season like last year, it is natural to assume that a great deal more acreage will be abandoned this year than last year, as it was much easier to cultivate nearly 32,000,000 acres last year than 28,000,000 this year. Consequently, we think the natural and forced reduction will be at least 15 per cent, and from average conditions from this time on the production per acre may easily fall 10 to 15 per cent below last year."

ROPING CONTEST.

A number of readers have asked for "roping contest bill" by Senator Hill of San Angelo. As it is a short bill, but probably carries with it as discouragement of an imported barbarous practice as any bill passed by the legislature, I give it below:

"Section 1. That any person who shall engage in any roping contest in this State shall be fined in any sum not less than \$200 nor more than \$1000

"Sec. 2. By the term 'roping contest,' as used in this act, is meant the roping by any person of cattle or other live stock for practice, or for sport, or for money, or for prizes of any character, or for anything of value, or for any championship, or upon the result of which any money or other thing of value is to be wagered."

The emergency clause is then added. A bill like that doesn't leave either a technical lawyer or a constructive court any ground upon which to hook whereon he can hang any sort of doubt. It is as brutally plain and unmistakable as is the beastly practice it seeks to break up in Texas. Now, if the law would only be more explicit that pertains to cruelty to beasts, so as to make it the plain and unequivocal duty of any and all officers to arrest the flinty-hearted animal that drives a poor, sore-backed, sickly-looking horse about the streets—or anywhere else—hauling a cart or wagon, Texas will have taken another long, seven-league boot stride toward the head of the class of civilized States.—W. A. Bowen in the Houston Post.

A telephone message was received from Timpson this morning stating that Will Wilkerson, who was so badly cut yesterday at Timpson, was resting very well.

Constables Execution Sale.

THE STATE OF TEXAS, County of Nacogdoches, Precinct No. 1, Nacogdoches County, Waters & Vardell, vs. L. M. Jones.

By virtue of a certain Writ of Alias Execution issued by W. M. Edwards, a Justice of the Peace in and for Precinct No. 1, of Dallas County, Texas, on a judgment rendered in said court wherein Will M. Waters and T. W. Vardell are plaintiffs and L. M. Jones is defendant, No. 4245, wherein the said Will M. Waters and T. W. Vardell recovered a judgment for the sum of \$77.49 and all cost of court, I did on the 22nd day of May, A. D. 1905, at 4 o'clock p. m., levy upon the following described tract and parcel of land, namely:

All that certain tract of land containing 100 acres of land situated about 16 miles west of the town of Nacogdoches, Texas, on the John Durst grant of land and is bounded as follows: Beginning on the east line of 300 acres known as the L. B. Dikes land and 414 S. of its N-E cor. from which a R. O. 14-in. brs. S. N. 6, E. 8 vrs and a R. O. 14-in brs S. 8 E. 6 1-2 vrs; thence N. 80 E. 546 vrs to a corner from which a hickory 14-in. brs S. 47 E. 6 vrs and a sassafras 10-in brs S. 52 1-2 E. 13 vrs; thence S. 1035 vrs to the N. Boundary line of block conveyed by Deed Tacket to J. J. Hayter, from which a P. O. 14-in brs S. 27 E. 5 vrs and a hickory 6-in brs S. 2 1-2 W. 1-2 vrs; thence W. with the north boundary line of said block 546 vrs to a corner on the east line of said 300 acres from which a P. O. 6-in brs S. 66 W. 7 vrs and a white oak 4-in brs N. 3 E. 7 vrs; thence N. 1035 vrs to the beginning; it being the same land conveyed by J. J. Hayter to J. P. Bruton by deed dated Oct. 23rd, A. D. 1897.

And on the first Tuesday in July, A. D. 1905, it being the 4th day of said month between the hours of 10 o'clock a. m. and 4 o'clock p. m. at the Court House door of Nacogdoches County, in the city of Nacogdoches, I will proceed to sell for cash to the highest bidder, all the right, title and interest of the said L. M. Jones in and to the said tract and parcel of land levied upon as the property of said L. M. Jones.

The proceeds of said sale to be applied to the satisfaction of said judgment for \$77.49 in favor of Will M. Waters and T. W. Vardell, and against L. M. Jones. Witness my hand this the 22nd day of May, A. D. 1905.

W. E. McMILLAN,
Constable Precinct No. 1,
Nacogdoches Co., Texas.
First insertion June 8, expires June 29.

THERE is a striking similarity in the cotton report issued by a New York cotton brokerage firm and that which was issued by the Department of Agriculture. Did the department get its information from the brokers; or did the brokers get advance sheets of the government's reports? Some one has a guess coming.

DID YOU GET IT?

Your wife told you to bring home a dollar bottle of

Dr. Caldwell's Syrup Pepsin

If you forgot it, you would better tie a string on your finger to-morrow morning and every time you look at it you will think of the medicine that cures Constipation, Sick Headache, Indigestion, and every form of Stomach Trouble.

W. T. Hull, of Noblesville, Ind., writes: "I feel it my duty to give you a voluntary testimonial for Syrup Pepsin. My wife has been troubled with Chronic Constipation in a most severe manner. We have tried all remedies we could get, together with prescriptions from local physicians, and until we finally got hold of your remedy, found no relief; but after taking your remedy for a few days only, we have results that are simply marvelous. I send you this entirely unsolicited, and will surely speak a good word for your remedy wherever and whenever I can."

Prof. R. F. Davis of Nacogdoches, passed through Monday morning on his return home from a visit to his parents below Shelbyville. His brother, Ed Davis, who was accidentally shot at Austin two months ago, is now at home and will soon be up. The Nacogdoches School Board re-elected Prof. Davis as superintendent of the schools of that city for another year. Bob is a Shelby boy and our people are proud of the record he is making. He wants the news from Timpson and handed us the price for the Enterprise.—Timpson Enterprise.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of Kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by toem was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. The Woodman carnival at Nacogdoches, Texas, is quite an attraction. Fact is, Nacogdoches is getting to be an attractive city. It is among the oldest towns in the state, and is fast coming to the front as a manufacturing point. The manufactured products of the city are in great demand. For instance, we heard a stranger say to one of our merchants: "Got the Nacogdoches cigar?" "No," said the merchant, "Well, then," said the stranger, "wrap me up a dime worth of 3 for a nickel sheetroots."—Logansport News-Boy.

THE HARDWOOD PLANT.

What the Products of this Plant Will Be.

The Sentinel reporter had the pleasure of meeting Mr. George P. Cook, who is representing Cook Bros. of Lutkin, in the hardwood manufacturing plant which will be established in Nacogdoches, and had quite a little talk with him about the prospects of the plant. He expressed himself freely in saying that he considered this place an ideal location for such a manufacturing enterprise.

The plant will make a specialty of the manufacturing of snow-cases and mantles and will carry same in stock so as to fill orders immediately upon receipt of same. Will make store, office and bank fixtures. Church and lodge furniture will also be made, but these only when plans and specifications are furnished.

When the plant is in operation between fifty and sixty men will be given employment.

This with the Banita Manufacturing Plant puts Nacogdoches right up in the front row in the way of plants making a specialty of this class of work. The Banita Manufacturing plant was started a few years ago and has proven a success, and is the pride of Nacogdoches and should at all times receive the encouragement of every citizen in Nacogdoches.

NOW IS THE TIME FOR HYOMEI

Far Easier to Cure Catarrh Now Than at any Other Season.

Now is the time to use Hyomei, when the early summer days make it so easy to cure catarrhal troubles. The Hyomei treatment, breathed for a few minutes three or four times a day in May or June, will do good twice as quickly as it did in January, and nearly every one knows that used faithfully then, it completely rids the system of catarrh.

The complete Hyomei outfit costs but one dollar, and consists of a neat inhaler that can be carried in the purse or vest pocket and will last a lifetime, a medicine dropper, and a bottle of Hyomei. Extra bottles of Hyomei can be procured, if desired, for fifty cents.

Stripling, Hazlewood & Co. give their personal guarantee with every Hyomei outfit they sell to refund the money if it does not give satisfaction. There is no risk whatever to the purchaser of Hyomei.

A two year-old negro child named I. T. McChristian, got hold of a bottle of carbolic acid yesterday at Ragley and swallowed the contents, with fatal results. The body was carried to Nacogdoches for interment. The father of the child is employed at the Ragley mill and only recently moved there.—Timpson Times.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years and if I had taken it at the start I would have been saved years of suffering. Dry Land Fish Story.

Known far and near as the apostle of truth, we publish items like the following with fear and trembling, and would absolutely refuse to give this one a place in our columns were it not that many of our best citizens stand ready to corroborate it. Tuesday morning Mr. W. J. Luttrell brought to this office a limb from a plum tree on which about a dozen cucumbers were growing. The cucumbers ranged from half an inch in length to the size for a dill pickle. The plum tree stands in Mr. Luttrell's yard, and differs not in appearance from any other plum tree. Heretofore it has grown plums of good quality, and just why it should change from this luscious fruit to the humble garden vegetable Mr. Luttrell doesn't attempt to explain, neither do we. In the language of the quack doctor in Florodora, "He doesn't know, and I don't know." The only way we can account for its freakish prank is that the tree has become a convert to the doctrine of diversification.—Honey Grove Signal.

The Dallas News tells of an Oklahoma man whose wife is suing him for a divorce because he made a horse trough of the piano and fed his race horse in the parlör. He was pretty mean, all right, but nothing like as mean as the man who pawned his wife's false teeth to take another woman to a picnic.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts." These significant remarks prove that the system requires attention. Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved. Surely such testimony is convincing. Mrs. J. G. Holmes, of Larimore, North Dakota, writes: "Dear Mrs. Pinkham— I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment, made me well and strong. My backache and headaches are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain." Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

"No other medicine in the world has received such widespread and unequalled endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

One Third Decrease.

From Thursday's Daily:

Yesterday afternoon Hon. J. J. Watkins of Douglass, was in the city and when he saw a Sentinel reporter he put up the excuse that he had come to Nacogdoches to qualify as a notary public, and not take in the carnival as he had been accused of doing.

He says that the farmers are getting their crops in very fair condition during this pretty weather, but at the best the crops present a very sorry appearance. The decrease in cotton acreage 'round about Douglass at a very conservative estimate can be placed at thirty-three and one-third per cent. In speaking of the outlook for corn he said: "Now is laying by time and corn is only about so high (measuring his walking cane up a distance of about thirty inches), but it may come out a little better if it would come a light rain—the ground is very hard and our people would welcome a good shower." There is one thing sure, we've got good health at Douglass.

A Rock Cement in white and colored. It is a pure and healthful material. It is used for the same purposes as Alabastine. No washing of walls after once applied. Any one can brush it on—mix with cold water. Faint tinting and whitening, and the most elaborate relief, stencil work and frosting may be done with it. Other finishes bearing beautiful colors and suited with hot water do not have the cementing property of Alabastine. OLD PEOPLE

Their Pains and Ailments

Any taint of the blood quickly shows itself with old people, and troubles, which a younger, more vigorous constitution holds in check, take possession of those of advanced years. A mole, wart or pimple often begins to inflame and fester, terminating in a sore that refuses to heal. Wandering pains of a rheumatic character are almost constant, the joints get stiff and the muscles sore, while sleeplessness and nervousness make life a burden. The natural activity of the body is not so great in old age and all the organs get dull and sluggish, failing to carry out the waste matters and poisons accumulating in the system and they are taken up and absorbed by the blood, rendering it weak and unable to properly nourish the system. There is no reason why old age should not be as healthy as youth if the blood is kept pure and strong. S. S. S. is purely vegetable and is the safest and best blood purifier and tonic for old people, because it is gentle, but at the same time thorough in its action, purifying the blood of all poisons and foreign matter, strengthening it and toning up the entire system by its fine tonic effect. Almost from the first dose the appetite increases, the general health begins to improve and the pains and ailments pass away.

I had a severe attack of La Grippe, which left me almost a physical wreck. To add to my wretched condition, Rheumatism developed. In a short time after beginning S. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I heartily recommend S. S. S. for all blood diseases. Union, S. C. B. F. GREGORY.

GRANDMA'S LIVER AND STOMACH-TEA

In the spring or early summer, the human system undergoes a change. 'Tis then when that tired feeling persistently haunts one, and pimples and irritation of the skin indicate impurities in the blood.

Your desire is to avoid medicine, if possible, and strong medicine in particular. Your thoughts revert to a remedy such as nature would supply: roots and herbs—with no mineral poisons to irritate the stomach. In all such cases, let us recommend

GRANDMA'S TEA

A combination of herbs and roots, gathered from the field, each performing its proper function in the cure of constipation; purifying the blood and stimulating the liver and kidneys.
