Hayward Mill.

The following was taken from a communication in the Orange Tribune:

"The Hayward Lumber company at this place have increased the capacity of their planing mill by putting in a large combination matcher and sizer, also a picket machine, making in all ten machines.

"The planer is running double time, and the lumber business seems to be in fine condition, judging from the great quantity of lumber of all kinds that is being loaded here every day and night.

"The planer sings at night seemingly louder than in day time on account of everything else being quiet, and Jack is always angry because he can't sleep. Jack threatens to leave if they don't cut out the night run, but I really believe they would let him go rather than stop it.

"Everything is as peaceable as can be here and everybody seems to be happy and contented. Sunday is especially quiet on account of so many of the 'boys' visiting the neighboring towns on that day, Jack with the rest. I don't care if he does see this, he knows it's so."

Material Arriving.

Foundation blocks and lumber for the buildings of the Nacogdoches Show Case & Manufacturing Plant are being received and work on the buildings will be started right away and pushed to completion as rapidly as is consistent with good building methods.

Several large orders that were received by Cook Bros. prior to the loss of their plant by fire at Lufkin, are to be filled, and there are enough advance orders on file to keep the plant running several months on full time.

Center Light Plant Burned.

Special to The Sentinel:

Center, June 19.—The light and power plant of the Center Electric Light Co. was destroyed by fire last night. The fire originated from sparks from the smoke stack falling upon the roof. Loss about \$3000.

The loss of the plant leaves Center in darkness for the time being, but the management will rebuild the plant right away, and in a few weeks it is thought the plant will be in operation again.

Pressler Stock Sold.

W. W. Perry, trustee for the stock and fixtures of Will Pressler bankrupt, is selling out the stock and fixtures, and is meeting with good success. R. H. Irion purchased the large show cases, and several merchants have bought out a few of the lines carried in stock by Mr. Pressler.

Adolph Teutsch continues to improve, and hopes are now entertained for his recovery. He is receiving the best of attention.

Aftermath of Juneteenth.

Another Juneteenth has come and gone and the good old "aunties" and "uncles" have settled down to hard work for another year, while countless numbers of the younger generation are looking for easy places and thinking of how much cussedness they can crowd into the short space of twelve months.

There is no telling what kind of a story the Nacogdoches newspapers would have contained if it hadn't come a good hard rain here in the afternoon. The day opened up all right—just like Juneteenth in the past—hot, dry and sultry and by twelve o'clock when a bunch of darkies would pass down the street they would leave a scent behind that resembled a cross between a barrel of Nacogdoches oil and a tan yard.

A big rain came up and put a stop to outdoor festivities and probably was the main cause why there was no scraps and display of keen-edged razors.

Several country niggers got sporty and started out to get up a crap game, to be exact there were five negroes and one white man—six in all, and between this half-a-dozen black and tan aggregation they had the even sum of \$2.35. The game got started, but before it had progressed very far the guardians of peace and dignity of the state swooped down upon the sports and took charge of everything in sight. Yesterday the whole works were up before Justice Jones. The white man plead guilty, was stuck \$19.10 and he sent out for a friend and borrowed the wherewith to pay his fine.

When the darkies saw which way the wind was blowing; they could just imagine themselves on the poor farm doing a few fancy stunts in a patch of crab grass. They told the judge that they were celebrating the Juneteenth, but the story was cut short when the judge took his pencil and began figuring on a sheet of paper, they thought he was figuring on the limit to fine them. So the niggers followed the white man and plead guilty to the charge, and were each fined \$19.10. This little game of craps amounted to \$114.60 in fines.

Another negro tried to get up a row but was stopped before he had an opportunity to get his implements of warfare into action. He plead guilty and was fined \$14.25.

One complaint for disturbance was filed and the defendant plead guilty. This being a day off the disturbance market was rather low and this case was put down at a bargain, \$9.70. A regular \$14.69 value.

THE HARDWARE AND IMPLEMENT DEALER

RED FIELD SOLD.

The Title to this Plantation Passes to Mr. Sanborn.

Red Field has passed into the hands of the stranger. 714 acres known as Red Field 5 miles from Nacogdoches was sold Saturday to Mr. John Sanborn of Sterling, Ill. The plantation will be used as a truck, tobacco, stock farm, and orchard. Mr. Sanborn will have several hundred acres set out in peach trees, and the remainder of the farm planted in corn and tobacco.

The passing of the title to Red Field from Col. S. F. B. Merse to Mr. John Sanborn puts the final kibosh to the aspirations of Mrs. Webb-Duke and closes the chapter of her career as the "tobacco queen" who never had a cent of rhino, but had a big surplus and reserve fund of hot air.

The sale of Red Field was made through Lindsey & Harris of this city, who are the representatives of Col. Merse in Nacogdoches. While the purchase price of Red Field has not been made public, it is stated that \$25.00 per acre was paid for the 713.99-100 acres.

The purchaser of Red Field it is said has ample capital to carry out all his plans as is outlined in the first paragraph above.

Presented With a Check

El Paso, June 20.—At the Zeigler hotel Mac Stewart held an informal reception to celebrate of his release from a Mexican prison after serving ten years for the killing of a Mexican policeman.

Upon his arrival here he was presented with a check for \$50 by Jack Holstein, a New Mexico cowman, with whom he had served during the Civil war.

Crenshaw Sentenced

Palestine, Texas, June, 20.—In the district court yesterday, in the noted Dan Crenshaw case, an agreement was reached between attorneys and the court whereby Crenshaw receives five years in the penitentiary for murder of Sam Biggerstaff near Elkhart. The case has been in court for some time.

Fire in Frisco Yards

Paris, Texas, June, 20.—The Frisco-Santa Fe yards were swept by a destructive fire. The water tank, coal chutes, fuel oil tank and ten or twelve freight cars and a passenger engine and tender in the Frisco-Santa Fe yards were destroyed.

Shot and Killed

Austin, Texas, June, 20.—Walter Biles, a young farmer, was shot to death yesterday by Sid Lawson, his brother-in-law. Lawson came in and surrendered to the sheriff and was taken to San Marcos.

Eight-Hour Day

Dallas, Texas, June, 19.—A large meeting of delegates representing the typographical unions of Texas assembled today to consider the eight-hour day movement and other matters.

Fourth District Convention.

The Houstonian went down into Nacogdoches to sing for Houston, and when said Houstonian dieth, let it be inscribed thereon, "She done her best." But let it be remembered, also, that the best was necessary at Nacogdoches. That little town so picturesque in its setting of beautiful trees and sandy hills, is a place to find much pleasure, peace and culture. The musical reputation it bears is all true, and more. There are finished pianists and singers of unusual ability, and those of the club women who had not been there before, were continually finding surprises. The Fourth District Federation meeting was as satisfactory as it could possibly have been. Whatever of the disagreeable usually attributed to such occasions was entirely eliminated. There was discussion without discord, criticism without malice, election without politics and rivalry. Mrs. M. L. Bixler, of Orange, was made president; Mrs. Florence Long, of Beaumont, vice-president; Mrs. Sholars, secretary and treasurer, and Mrs. W. S. Banks, of Temple (retiring president), was selected as Biennial delegate.

The reports, papers and talks were such as would enlighten the eyes of a multitude as to club aims and advantages. Men—many of them—have queer notions as to women's clubs. We defy any man to carry such ideas after attending a Federation meeting and hearing the remarkable reports submitted by the chairmen of a year's systematic work in the various lines set out by department heads. Stereotyped, perhaps, but our conviction is in harmony with the thousands, that women's clubs are to work the salvation of so many problems of home and state that now seem hopeless.

The reports from the Kindergarten work of Texas alone were worth the tiresome journey to Nacogdoches. We give in this issue a paper, read by Mrs. Charles Henry Moore, of Galveston, and next week we shall give the report of the chairman of Kindergarten for Fourth District, Miss Mitchell, of Houston. Also, one of the quaintest, most interesting bits of history, heretofore unpublished, will find its way into several papers (among them this one), as to Gen. Sam Houston's early life. This came out in a sketch given by Mrs. Emma B. Shindler.

Aside from the Federation, the social courtesies extended to the visitors were the very essence of joyous hospitality. Those people seemed really delighted to have us, and made us feel that way, even though some of us arrived at 2 p. m. one morning, and departed at 3:45 same time of morning next day, thereby keeping the household astir at heathenish hours.

It would take more time than the waiting press could lose to finish all that inclination directs us to say, but the writer is going down to Nacogdoches a-fishing soon, and then have much to say, but that will be a fish story.—The Houstonian.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years and if I had taken it at the start I would have been saved years of suffering. REPORT OF THE AUDITOR.

E. G. Senter Files Findings in the
Case of State of Texas vs. W.
M. C. Hill.

A report of the examinations conducted by E. G. Senter, special auditor in the case of the State of Texas vs. W. M. C. Hill, was filed in the Forty-Fourth District Court yesterday. This suit was brought by the State of Texas to recover from the bondsmen of W. M. C. Hill certain sums of money alleged by the State to be due to it from Mr. Hill when he was Financial Agent of the State penitentiary system, and which funds the former Assistant Financial Agent A. S. Busby is charged with misapplying.

Auditor Senter reports that he finds that \$881.62 is due the State by the plaintiff in the settlement of the administration of the affairs of the first term of office of Mr. Hill, and that for the second term the sum of \$5,399.81 is due, making a total of \$6,281.43. In regard to the first matter the auditor finds that J. C. O'Connor, Alex Sanger, L. H. Hughes, Ben E. Cabell and John W. Roach, sureties upon the bond of W. M. C. Hill, "are liable for the sum of \$6,281.43, by said Hill due to the State of Texas as aforesaid, which said A. S. Busby collected of moneys belonging to the plaintiff and failed to report as aforesaid prior to the 9th day of February, 1901, and which said Hill did not account for to the plaintiff." In the case of the \$5,399.81 the auditor finds that these sureties are liable: J. C. O'Connor, E. O. Tenison, Philip Sanger, L. H. Hughes and John W. Roach. All of the defendants pleas in reconvention were allowed by the auditor.

E. G. Senter was appointed auditor in this case in April, 1904, and the hearings since then have been almost continuous. He has heard much testimony and investigated many books of account.

The report is filed for action by the court.—Rusk Journal.

Liver and Kidney Troubles

Are more important than many imagine. Lame back, pain in the side, short breath, ringing in the ears, sunken eyes, general ill health accompanied by dispondency and gloomy feeling are among the many symptoms. Take warning—Brown's Iron Bitters will cure thousands—they will make you well. Sold by Stripling, Haselwood & Co.

TO UTILIZE HARDWOOD.

Big Factory is to be Built at Nacogdoches.

The Nacogdoches Show Case and Manufacturing company, has been incorporated with office and planer at Nacogdoches, Texas. The capital stock is \$20,000 all paid in. The plant will manufacture show cases, counters, office furniture, fancy mantles, and products of that character. Mr. T. J. Williams, formerly of Beaumont, is one of the largest stockholders. This plant succeeds that of Cook Bros., which was destroyed by fire at Lufkin several weeks ago. Cook Bros., are heavily interested in this plan and will manage it when put in operation.

As this plant will manufacture hardwood, Mr. T. J. Williams and his associates will at once put in a large hardwood mill at Nacogdoches to furnish the raw material. Nacogdoches county has thousands of acres of white oak, post oak, hickory and walnut, which it is the purpose of these two enterprises to work up into the finer grades of furniture. Up to the present time no other use has been made of the native whiteoak than to make staves for the European trade. Owners of this timber have realized but a fraction of its value when sold for staves.

The show case and manufacturing company will employ about twenty-five skilled mechanics, besides the unskilled labor. This plant does not absorb the Banita Manufacturing plant as was originally intended. The Banita Manufacturing plant owned by Ireson Bros., and manufacturers a similar line of products, but uses foreign timber. It was recently incorporated and capital increased.—Beaumont Journal.

Feeling Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases give comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Sold by Perkins, Kleas & Mast.

CAPTURED THE JAPANESE.

Country Around Nacogdoches Was to Their Liking.

Yesterday R. Onishi, a representative of The Jiji-Shimpo the leading paper of Tokyo, S. Shimiza, banker and mine operator, and H. Shimooka, a real estate man of Tokyo, Japan, were in the city with the purpose in view of seeing what was being done here in the way of tobacco and fruit culture. The party were driven out to Red Field and were shown the crop being grown under shade, and were also shown tobacco growing in the open field.

R. Onishi paid The Sentinel a pleasant visit yesterday and when asked the question "Do your friends like the looks of this country?" he replied in good English "they certainly do." "This is a great country, and the topography of Nacogdoches county greatly resembles our native country—many hills and running streams of pure water. Our people grow tobacco extensively and through the Southern Pacific Co. we have heard of the great tobacco lands in this vicinity. The tobacco we saw growing in the fields near Nacogdoches has a growth far superior to that grown in Japan, in fact the crops shown us were the finest I ever saw and had I not seen it with my own eyes I would not have believed the story. Yes, my people have been captured by your fine soils and if we can make the right kind of a purchase a colony of Japanese tobacco growers is a possibility for Nacogdoches. Land like you have around your beautiful city adapted to the culture of tobacco is worth from \$500 to 1500 per acre in Japan. I can say this much that you have the lands here for growing tobacco and the time is not far distant when you will see Nacogdoches the center of a great tobacco industry."

This party left this afternoon for Houston where they will spend several days before returning to their country. R. Onishi will remain in Texas indefinitely and will furnish his paper with a letter from the various towns visited.

To Take the Drudgery out of Occupation.

Do it cheerfully, even if it is not congenial.

Endeavor to do it better than it has been done before.

Keep yourself in condition to do it as well as it can be done.

Choose, if possible, the vocation for which nature has fitted you.

See how much you can put into it instead of how much you can take out.

Train the eye, the ear, the hand, the mind—all the faculties in the faithful doing of it.

Remember that work well done is the highest testimonial of character you receive.

Remember that every vocation has some advantage and disadvantages not found in any other.

Write it indelibly in your heart that it is better to be a successful cobbler than a botch physician or a brainless barrister.

Educate yourself on other directions than the line of your work, so that you will be a broader, more liberal, more intelligent worker.

Ten Times Easier.

It is ten times easier to cure coughs, croup, whooping-cough, and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Gently moves the bowels and expels all cold from the system. Best for coughs, colds, croup, whooping cough, etc. Remember the name, "Kennedy's" and see that the red clover blossom and the honey bee is on the bottle. Sold by Perkins, Kleas & Mast.

The Sentinel has been requested to make a big fuss about improving the town by widening, straightening and extending the streets. Everybody knows the need of it, but who knows the how? Just think of the way we have to go to the Hayward mill. It would kill a coon. Narrow, crooked, rough, and tough are putting it mild. This ought to be attended to right now and not stop at one stroke or one time, but kept up forever.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Stripling Hazlewood & Co. drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Where Water is Bad.

It should not be drunk unless proper precautions are taken. Many diseases arise from drinking impure water, yet in face of warning, people continue to absorb the dangerous fluid. If you are traveling, or move into a new locality take no risks but put a teaspoonful of Brown's Iron Bitters into a glass of water and make it healthy and palatable. Sold by Stripling, Haselwood & Co.

A MATTER OF IMPORTANCE.

Nacogdoches is now face to face with a question that is of much importance to the town, and especially to the development of the oil field, and if there is a remedy the Business League should get busy right away. The situation is this: The Texas Railroad commission has not recognized the Nacogdoches & Southeastern railroad and in refusing to do so may work an irreparable loss to this town. After the extension of the Nacogdoches & Southeastern reaches the field and the road is not recognized the operators in the oil field will not be benefitted, nor will Nacogdoches. The shippers of oil would have to pay local freight from the field to Nacogdoches; thence freight again to point of destination; machinery and other supplies shipped from Northern points intended for the oil field would have to be billed to Nacogdoches and re-billed to the oil field, paying extra freight, wherein if the commission would recognize the road shippers from and to the oil field would have the benefit of a through rate. It no relief can be had from the railroad commission, and that real soon, operators in the field will build a pipe line to Poe, a station on the Texas & New Orleans; a town established there and freight consigned to the field will be billed to that point and hauled thence by wagon to the field. This is a thing Nacogdoches does not want done. This city should be made the base of supplies and also be made headquarters for the oil industry in this section. Think it over seriously, take the matter up before the Business League and let the League present a memorial to the Railroad Commission of Texas and lay the facts before that body. What is to be done, must be done now. A little while later and it may be too late.

JUDGE TERRELL is making an effort to get enough members of the legislature to assemble in extra session to make a correction in the Terrell election law—a blunder made by the enrolling clerk. Judge Terrell wants the boys to assemble at their own expense. Without giving the subject a careful thought one would naturally be of the opinion that the members of the late twenty-ninth legislature would be doing the proper thing to assemble and make the correction at their own expense. But from a business view of the situation it is unjust and unbusinesslike to ask the members to make the correction at their own expense. If the law is so materially defective it was the duty of Governor Lanham to veto the bill; the State had an election law while a little

bungle would have kept the ship of state in safe waters until a bill could have been passed that would have been perfect as a law. As the chief executive is the one who made the blunder by permitting the measure to become a law, it is the duty of the State, if it is necessary to have the legislature meet in extra session to correct the law, to pay the members for their time and also all expenses. The governor is responsible for the freak becoming a law and the state should have to pay the bill, or just let it stand as it is until it can be corrected by a regular session.

THE tobacco crop in Nacogdoches county this year is better than the farmers' expected and next year it is safe to say that instead of a few acres being planted, that the acreage will run into the hundreds.

IN connection with the cotton bureau scandal, the Houston Labor Journal winds up a paragraph with the remark that "the farmer is entitled to all he can get for his cotton." Even the speculators concede this point.

AN attempt is to be made, under direction of the president, to eliminate the red tape proceedings in governmental affairs. This will shorten the route to the pension fund.

OFFICERS of the Farmers Union have done some estimating on the cotton acreage themselves and they find that the cotton acreage has been decreased 30 per cent.

CORN FOR SALE.

I have 1,000 bushels of good corn for sale. Clear of weevils. W. H. Gray, Chireno, Texas.

It is refreshing to peruse the columns of The Nacogdoches Sentinel and a hundred other local papers we could mention, and read accounts of the important industrial enterprises that are being reached for and pulled in by the wide-awake people of the town in which those papers are published. For near half a century Nacogdoches dragged along in the even tenor of her way, her main feature of attraction being "the old fort," with its halo of patriotic prestige outside, and lots of "good hot stuff" on the inside. The "Old Fort" has been carefully razed, to be reproduced and transferred to the better keeping of those who will guard the sacred edifice from profanity in the future. Now, the old town is bubbling and boiling over with enthusiasm and enterprises of great pith and moment have been successfully planned and perfected that have given new life to the historic old place, and its newspapers now claim it as the liveliest town in East Texas, and that it will have fifteen thousand inhabitants in ten years. We congratulate Nacogdoches on her phenomenal luck and growth, and a glimmer of hope springs up in our vision that luck will travel our way some sweet day, and that our people will see to it that she halts and abides with us for a little while. Alto ought to grow and prosper at three times the ratio that she does. We have strong hope for Alto yet. A remark of The Sentinel, that "in the building of a city it requires the united efforts of every citizen of that place to accomplish anything like results," disenfranchises us a little, but in the face of it, we still have hopes.—Alto Herald.

Eleven years ago we knew two remarkably intelligent young men—brothers near the same age. One was a dry goods clerk and the other a drug clerk. The dry goods clerk was 'one of the boys.' He drank some and gambled some and spent his money as fast as he made it. He is still clerking. The drug clerk was temperate and saved his money. He is now a physician with a happy family and enjoying a large practice, and last week he was elected president of a new national bank.—Petty Enterprise.

A COSSACK detachment charged upon a Japanese Red Cross field hospital and killed a number of non-combatants. The press reports states further that some of the Cossacks dismounted and charged with bayonets. That's worse than a man giving a ten year old boy a flogging because the boy's father happened to give the man a thrashing the previous week. The Russians realize they can't whip a Jap when he's loaded for bear, and as they would like to report having won one victory, charged upon a Red Cross hospital and killed as many Japanese as they could and then destroyed all medicines and stores. That's vengeance with a very little "v."

It is better to suffer injuries, than to do one.

"JAPAN is expected to be lenient" is the way they put it in St. Petersburg. May be so. But if the shoe was on the other foot, wouldn't they talk differently!

THE Nacogdoches 30 cent spring chicken is so measly small that they have to be kept in coops made of window screen wire; they could crawl through the bars of a canary bird cage.

ACCORDING to the population of Nacogdoches county there are more farmers in this county who have good homes, good stock, and ride to town in surries, than any other county in the state.

FOR a young organization the Farmers Union has gained a strong foothold in Texas. Just so it doesn't let the politician lead it to ruin as the Alliance and kindred farmers organization did.

THE farmers of the county are rapidly getting upon the "pay as you go basis." They are raising "something to sell every day" and are cutting off the long credit mortgage system.

ONE of the principal reasons why Nacogdoches county farmers are in such good circumstances is that they try to live at home and sell the other fellow some of the surplus good things on the farm

Nacogdoches having fully recovered from the tobacco boom of the Taylor-Webb company is now making goo-goo eyes at the oil industry.—Beaumont Enterprise.

Nacogdoches is subject to periodical attacks of that kind. Newspaper reporters and real estate dealers have endeavored to work up an oil boom at intervals since the first gusher shot the greasy fluid above the top of the derrick at Spindletop and their failures in the past have only caused them to come again with renewed energy. Such persistent efforts are sure to be rewarded. Mark the prediction.—Lutkin Tribune.

A mouse got away with a portion of a \$5 bill in a Nacogdoches store the other day. The Sentinel told about it, but failed to give the value of the mouse. Perhaps it will use the portion for a nest egg.—Houston Chronicle.

Farmers Union Notes.

Monday night Hardy Dial, the district organizer and lecturer, went to Stubblefield a few miles east of Appleby, and addressed a meeting of the union at that place. A good crowd was present and much good accomplished by the meeting. Hardy is getting up quite a reputation as a tutor and has to keep his fingers now in a book to keep with his engagements.

A district Union organized at Etowah. Preparations are being made for a big time.

The people in the forks know how to entertain their guests and if the day is fair a big crowd will turn out.

On Tuesday night a public meeting will be held at Rusk school house a few miles east of town and Hardy Dial will deliver a lecture. The general public, union and non-union farmers, are extended a cordial invitation to attend the meeting on that night, and hear the aims and objects of the Farmers union intelligently discussed by a man who has given the subject a careful study.

All members of the Union are reminded of the fact that Vice-President Calvin of the Union will be in the city of Nacogdoches on Saturday, July 1, and will deliver an address here on that date. He is said to be a splendid speaker and no doubt a large number of the Union members will be present to hear what he has to say. An invitation is extended to the public to be present and hear the address to be delivered by Mr. Calvin.

A Tough Old Job.

It is no small job to compare the community scholastic census to the roll as furnished the county superintendent of public instruction by the tax assessor. A committee is comparing the returns from the community census takers and the county rolls. From some of the reports sent in it looks like the whole business was a piece of guess work on the part of some of the enumerators, while others were made up in a careful and painstaking manner. There are 148 schools in the county and the list from each school must be verified. So the reader can see that the committee having this matter in charge have everything but smooth and easy sailing.

In the Markets.

Springfield, Ohio, June 16.—Conditions in the fruit and truck markets are not changing fast. Tomatoes and potatoes are gradually declining; they are now worth f. o. b. Texas points about 50 cents per crate and 15 to 20 cents per bushel respectively.

Chances are that peaches will bring a fair price, but it is important that the packing should be good and of uniform ripeness.

A crowd of young people visited Red Field Sunday afternoon to view the handsome tobacco crop that is being grown under the supervision of Mr. S. Freidman. They report the crop looking fine and say it is the prettiest thing in the way of a field product they ever saw growing.

Messrs. J. H. Poulter, T. J. Williams and son, Brown, of Nacogdoches, spent Sunday and Monday in our city on business. They visited the Williams orchards on Cushing Heights Monday morning.

Among the Preachers.

For several weeks it has been a question with the Preachers Union of this city how to make their congregations more comfortable during the hot weather of the summer months. At this season the nights are short; the church buildings on Sunday nights are usually very uncomfortable. The result has been that the night congregations at all the churches have been small.

We believe, however, that a solution of the problem has been found. It is simple—exceedingly simple. It is not only simple, but we are fully persuaded it will meet the approval of the people of the city. It is this:

Permission has been secured from the Board of Trustees to use the beautiful and delightful grounds just east of the new Central school building, and south of the old dormitory. It is the purpose of the ministers to hold union services at this cool, quiet, secluded spot every Sunday afternoon from 6:30 to 7:30. Arrangements will be made for seats, for music and for short gospel sermons. And those who desire to engage in worship will find here an ideal place, and abundant opportunity to hold fellowship not only with members of their own church but with brethren of all the churches. It is hoped that in this way the followers of a common Lord may be more closely drawn to each other and to Him.

It is the plan to have these outdoor meetings as informal as possible, and no one need put on his "meetin' clothes" to come. Just come in any way that you care to, to be comfortable. Just drive up in your buggy with your family and stop in a shade, and there listen to the sermon. It matters not how you come, but come. We ask and expect the hearty support of all.

Obituary.

Little Clara Jewel Arnold, infant daughter of H. C. and Alice Wood Arnold took her flight from this world, at 8 o'clock a. m. Sunday June, 18. She was only ten months and twenty-eight days old, but was a treasure in her home that never can be forgotten; her memory will inspire her loved ones to live to meet her in heaven. Loved ones, God in his infinite wisdom has called her to live and bloom in fairer climes.

Weep not for her, but look to him who said "Suffer little children to come unto me and forbid them not for of such is the kingdom of heaven." One who loved her.

It is rather amusing to hear a "blarsted yankee" talk about Texas weather being so "bloody bloomin' hot," when in his own section of the country, New York city, "children slept naked in the streets and people stayed up all night in the parks" Sunday night on account of the humidity of the temperature.

East Texas Odd Fellows.

Big preparations are being made by the Lufkin I. O. O. F. lodge for the entertainment of the East Texas I. O. O. F. Association in the city of Lufkin: July 20th and 21st. Sec. Chas. E. Davis informs The Sentinel that the meeting will be the best in the history of the association, that is judging from the replies received by him from lodges throughout the district, making inquiry about the meeting. He requests The Sentinel to state that all lodges in East Texas are extended a cordial invitation to join the association and the secretaries of the various lodges are invited to correspond with him about the meeting, and also procure a copy of the proceeding of the last convention. All who are interested will please address "Chas. E. Davis, secretary, Nacogdoches, Texas."

Low rates over the various railroads entering Lufkin will be secured, and as Lufkin never does things by halves it is safe to predict that the three linkers will have a royal good time.

Jury List.

FIRST WEEK.

List of petit jurors for first week of July term of the county court of Nacogdoches county:

W M Corley, W P Burrows, Jas. M Brown, J M Bates, J F Bingham, L C Jopling, C L Butten, O P Hall, J M Blacksher, J J Brimer, A W Grimes, T J Barret, Jas. C Jacobs, R W Baker, J R Hobbs, Jr., T E Burgess.

SECOND WEEK.

O F Baxter, Frank Goldsberry, S F Cook, D K Cason, Wm. Cox, D W Bruce, J D Blakey, J S B Hancock, Z T Baker, F G Briley, W T Dale, Z H Cox, W B Bates, B A Calhoun, C A Corley, M B Corley.

The Woodmen, Red men and Odd Fellows have quite a good looking lodge room. Joe Reindl has had the room arranged for the convenience of the orders. Charley Pressler had the contract and has put up an elegant job. The only thing now lacking is a new carpet and this will no doubt be purchased as soon as the lodges have their next regular meeting.

Prof. J. A. Spear, county superintendent of public instruction, is doing over time these hot days trying to get school matters straightened out, so that when the fall term opens in this county he will have everything in apple pie order.

Linen Shower.

Mrs. J. E. Mayfield and Mrs. Edgar Wade gave a linen shower Saturday morning to Miss Mary Doughtie, whose wedding to Mr. Coke Murphey occurs Wednesday. Only the girl friends of Miss Mary and the members of the Chautauqua Circle of which she is a member, being invited.

The Mayfield home which is one of the loveliest in the city, was made lovelier still by potted plants and cut flowers. No color scheme was carried out, but in the reception hall where sat the white draped chair for the fair honoree, white roses and white crepe myrtle were used in profusion.

Soon after the arrival of the guests, dainty little programme cards, with a photographed head of Miss Doughtie thereon, were given each with the request to draw a picture of her as a bride, using her head as the head in the picture. Some clever little sketches were the result. Some not only drawing a bride, but adding bride's maids, flower girls, etc. It being hard to determine which picture was the best, the prize was cut for and was won by Mrs. Luther Wade, a lovely framed picture from a famous painting, "His dream of his bride."

While Miss Minnie Wettermark at the piano played Mendelssohn's "Here Comes the Bride," Miss Doughtie was escorted in and to the honoree seat in the folding doors between the hall and library. As she took her seat Miss Fannie Wade, who is to be her maid of honor, pulled the ribbons attached to the white parasol suspended over her head and the many lovely pieces of linen brought by her friends fell like so many good wishes for her future happiness, for they each expressed the love and esteem of the giver.

A buffet luncheon was then served in the dining room which needed no decoration further than the shining cut glass and silver and the dining table's center piece of great juicy peaches resting on their own leaves on a beautiful hand painted platter.

Royal Arch Masons.

Nacogdoches Chapter No. 13, R. A. M. met last night in regular convocation and elected the following officers:

W. B. Pearson, high priest. F. D. Huston, king. T. J. Hill, scribe. D. K. Cason, treasurer. R. C. Monk, secretary.

The installation ceremony will be held some time after June 24.

The Sentinel has received a letter from Mr. R. E. Martindale in which a pressing invitation is extended to visit Cushing on the night of the 24th to take in a big blow out by the Cushing Brass Band. Bob is the "wheel hoss" in the band and takes especial pride in trying to make it a success and the pride of Nacogdoches county. The Sentinel will try and make it convenient to send a hand to take part in the proceedings.

Handkerchief Shower.

Another pretty compliment paid Miss Mary Doughtie was the handkerchief shower given Monday morning by Miss Mattie Thomas and Mrs. M. J. Dooley, at the latter's charming little home.

The smiling face of Mr. Coke Murphey, the hero of next Wednesday's affair greeted the guests from the programme cards given each and burned in one corner of the card were the letters "D and M." The hostess asked that each guest write an original toast to the bride and groom, and some of the toasts that were read, were real poetic gems, expressing in a beautiful way the most ardent wishes for the young couple who are so soon to join hands on life's journey, nor were the others less ardent in their wish for a happy future, though expressed in a lighter vein and provoking much mirth.

The arrival of Mr. Murphey himself was a signal for the counterfeits to be put away, and as Miss Mary stood under the grill between the parlor and dining room, Mrs. Dooley and Miss Thomas pulled the ribbons and down fluttered the many dainty handkerchiefs that had been concealed above.

The guests then gathered in the dining room where punch and the most delicious angel food cake were served. Before leaving the guests were charmed by the glorious voice of Mrs. Dooley singing that sweetest of songs, "You," a fitting finale to a morning given to this sweet girl of whom it can truly be said: "So sweet you are, and winning and loving and true. The greatest compliment paid you is. You are you."

Article 144 of the revised "Ordinances of the city of Nacogdoches" reads as follows: "It shall be the duty of all persons within the City to keep all weeds, for a distance of ten feet, growing directly in front of premises occupied by them, cut down; any person failing to comply with this ordinance, shall be fined not less than one nor more than five dollars."

TO REMOVE

Freckles and Pimples In 10 Days, Use SATINOLA

The Complexion Beautifier.

Satinola is a new discovery, guaranteed, and money refunded if it fails to remove the worst case of Freckles, Pimples, Tan, Liver spots, Sallowness, Black heads, or any other skin eruption in 20 days—leaves the skin clear, soft, healthy and restores the beauty of youth. Thousands testify to the merits of Satinola.

Miss Bessie Miller writes, Levy's, S. C., Aug. 9, 1904, "I am delighted with the results of Satinola. Of the many preparations I have used, Satinola is the only one I have found to positively remove freckles and clear the complexion. One of my friends has used it and is very enthusiastic." And the Bird Came Back.

Last winter a Topeka, Kansas, society woman wanted to get rid of an old parrot which she owned, says the Kansas City Journal. It had only one tail-feather, but possessed an extensive vocabulary of choice cuss words. A bright idea struck her. She was hostess for her card club one day and she gave the parrot as the booby prize. The woman who won it took it home and bided her time. It soon came her time to entertain the club and furnish prizes. So she gave the parrot as the booby prize too. From that time on the parrot became the booby prize and made the rounds of most of the homes of the women. Finally the woman who originated the idea won the booby prize the other day and carried home the old bird. The parrot recognized his former home. He craned his neck, blinked his eyes several times and then with disgust said: "Oh, hell; kitchen's dirty as ever."

THE STATE OF TEXAS.

County of Nacogdoches. In the Justice Court, Precinct No. 1, Dallas County.

Waters & Vardell,

vs.

L. M. Jones.

By virtue of a certain Writ of Alias Execution issued by W. M. Edwards, a Justice of the Peace in and for Precinct No. 1, of Dallas County, Texas, on a judgment rendered in said court wherein Will M. Waters and T. W. Vardell are plaintiffs and L. M. Jones is defendant, No. 4245, wherein the said Will M. Waters and T. W. Vardell recovered a judgment for the sum of \$77.49 and all cost of court, I did on the 22nd day of May, A. D. 1905, at 4 o'clock p. m., levy upon the following described tract and parcel of land, namely:

All that certain tract of land containing 100 acres of land situated about 16 miles west of the town of Nacogdoches, Texas, on the John Durst grant of land and is bounded as follows: Beginning on the east line of 300 acres known as the L. B. Dikes land and 414 S. of its N-E cor. from which a R. O. 14-in brs. S. N. 6, E. 8 vrs and a R. O. 14-in brs. S. 58 E, 6 1-2 vrs; thence N. 80 E. 54 vrs to a corner from which a hickory 14-in brs. S. 27 E 65 vrs and a hickory 6-in brs. S. 2 1-2 W. 1-2 vrs; thence W. with the north boundary line of said block 546 vrs to a corner on the east line of said 300 acres from which a P. O. 6-in brs. S. 66 W. 7 vrs and a white oak 4-in brs. N. 3 E. 7 vrs; thence N. 1035 vrs to the beginning; it being the same land conveyed by J. J. Hayter to J. P. Epton by deed dated Oct. 23rd, A. D. 1897.

And on the first Tuesday in July, A. D. 1905, it being the 4th day of said month between the hours of 10 o'clock a. m. and 4 o'clock p. m. at the Court House door of Nacogdoches County, in the city of Nacogdoches, I will proceed to sell for cash to the highest bidder, all the right, title and interest of the said L. M. Jones in and to the said tract and parcel of land levied upon as the property of said L. M. Jones. The proceeds of said sale to be applied to the satisfaction of said judgment for \$77.49 in favor of Will M. Waters and T. W. Vardell, and against L. M. Jones.

Witness my hand this the 22nd day of May, A. D. 1905. W. E. McMILLAN, Constable Precinct No. 1, Nacogdoches Co., Texas. First insertion June 8, expires June 29,

THE OIL SITUATION.

The Nacogdoches Field Held to Be the Best.

The true value of the Nacogdoches oil field will not be known until the Nacogdoches & Southeastern railroad extends its branch into the oil springs territory. It is an undisputed fact that oil of a very high grade as a lubricant has been found in sufficient quantities to thoroughly convince the most skeptical that the field is a valuable proposition for the capitalist seeking an investment that will prove to be a permanent one. The wells so far brought in, save with possibly one exception, are shallow wells but sufficient depth to be good pumping propositions, and when railroad facilities shall have been provided, adequate pumping and storage tanks will be put in the field at once and the shipment of Nacogdoches oil to the outside markets will begin. It is to this period that the local oil men, as well as the capitalist from the outside, are looking forward to and it is upon the question of facilities that the immediate future of the field depends. The Nacogdoches field has already attracted the attention of men of means who are investing their money with the purpose in view of thoroughly developing their holdings, but they do not want to see a big field brought in at the present time and are using their efforts to retard the development of the field at this place until some time after the summer season. The Sentinel has been shown several letters from men who understand the oil situation in Texas, and they say that the price of the Humble oil is too low and that if the Nacogdoches field is brought in that it would have a tendency to lower the market, and thus be a drawback rather than a gain. Several have stated that they were of the opinion that as soon as they work the fields at other places that it is their intention to move their headquarters to Nacogdoches. An article in Wednesday's Sentinel contained a letter from a gentleman who is conversant with

DROPPED DEAD!

You pick up a paper nearly every day and read that some man or woman in apparently perfect health has died suddenly at a banquet, on the street, at the theater, of "heart failure." 80 per cent of such cases follow heavy eating. The digestive organs are not in condition, the food ferments in the stomach, forming gases which distend the walls of the stomach—which presses against the heart—crowds—suffocates—"Heart failure" results. Take a spoonful of

Dr. Caldwell's Syrup Pepsin

after eating. It relieves that "full feeling," stops fermentation, aids digestion and prevents biliousness and constipation.

PEPSIN SYRUP CO., Monticello, Ill.

all matters pertaining to oil and oil lands, and that letter is worthy a careful perusal by all Nacogdoches people who are inclined to be of a doubting disposition. Nacogdoches had better prepare for the inevitable, for it is near at hand and may come just a little bit sooner than anticipated. The business men should get control of the situation here and make this city the base of supplies and the headquarters for the Nacogdoches oil field before it is everlastingly too late.

Lloyd-King.

From Thursday's Daily:

Last night at the home of the bride's parents, Mr. and Mrs. T. J. Lloyd, Miss Maggie Lloyd and Mr. Steve M. King were united in the holy bonds of wedlock, Rev. J. T. McClure performing the ceremony that made them man and wife.

Mr. Dumas Simpson of this city and Miss May Vinson of Lufkin were the attendants.

The bride was attired in white and wore a white hat, while the groom wore conventional black.

The bride is a Nacogdoches girl having been raised in this city and is a charming young woman possessing all the characteristics and attributes of a true Christian woman and is admired and loved by all who know her.

Mr. King is the junior member of the law firm of King & King and has been quite successful in his profession. Steve has many friends in Nacogdoches county and they join The Sentinel in wishing Mr. and Mrs. King a long and happy life, and that their every effort be crowned with success.

The wedding presents from friends and well wishers of the bride and groom were numerous and costly.

Mr. and Mrs. King left on the morning train for a trip to San Antonio, Galveston and Houston and will be absent from the city several weeks, when they will return and make Nacogdoches their home.

Bailey for President

Fort Worth, Texas, June 13—Hon. Sam Cook, former secretary of state of Missouri, is here booming Senator Joe ailey as the democratic nominee for president in 1908. He says he is the man to bring the party together and secure the vote of the Bryan wing of democracy. He compares Bailey in temperament, character and intellect to Roosevelt. Cook, also says Governor Folk of Missouri may be a candidate on the reform platform.

Married At Garrison.

Promptly at the hour of 9:30 in the city of Garrison on the evening of June 14, 1905, one of the prettiest home weddings of the season was solemnized at the home of Mr. B. L. Jopling.

As Miss Rosalind Livermore of Keatchi, Louisiana, played the beautiful and much loved Mendelssohn wedding march, Miss Maud Jopling, daughter of Mr. B. L. Jopling, and Mr. Augustus C. Irwin took their place under an arch of evergreens and white roses from which was suspended a horse shoe also made of evergreens and pink roses, and their marriage contract was acknowledged before Rev. Anderson of the Methodist church of Garrison.

Miss Maud is one of those dear sweet girls whom to know is to love, and the groom who is a most estimable young merchant of Garrison is to be congratulated on having won her. In fact both are to be congratulated. Both bride and groom are well known in this county and have many friends in Nacogdoches.

The many presents received were both valuable and useful. Over a hundred guests were present to witness the ceremony.

During the evening in a room decorated with pink roses the guests were served with delicious punch, presided over by Miss Willie Garrison and Miss Bettie Nall.

After the ceremony the young folks engaged in cutting the wedding cake which added spice to the occasion. After the cutting was finished it was found that Miss Bettie Nall had won the dime, Miss Winnie Thomas the ring, and Miss Lucy Irwin the thimble.

Cream and cake were served to the guests grateful for so pleasant an evening. They departed for their respective homes each feeling as though it had been their own wedding. GUEST.

Ready to Ship Oil.

T. J. Williams of the Williams Bros. Oil Co., says that just as soon as the Nacogdoches & Southeastern railroad reaches the field that his company will be ready to ship from five to ten cars of oil daily from their wells. If shipping facilities are not provided soon a pipe line will be put in at some point on the Texas & New Orleans railroad by the Williams Bros.

To Peach Shippers.

Nacogdoches, Texas, June 15.—Notice to peach growers: I think I can assist in handling your peaches in three or four days. When you get ready to load a car let me know and I will see about it. Be sure and have enough for a full car. It takes between 900 and a thousand crates for a car and each variety to itself and plainly marked.

Respectfully,
J. A. Pirtle.

It's Oil Right.

NEW COMPANY CHARTERED.

Waco Capitalists Organize a Company to Develop Oil Lands.

The latest addition to the record of oil companies chartered is the Bonnie Oil and Pipe Line Co. composed of capitalists of Waco. The purpose of the company is the establishment and maintenance of an oil and pipe line company in the Nacogdoches oil field.

Incorporators: P. W. Lake, J. C. Fields and Langdon Harris.

The company proposes to start a well on their property some time during the month of July and will push the work and bring in their well by the time the Nacogdoches & Southeastern railroad reaches the field.

The management of the Nacogdoches & Southeastern expect to get the road extended to the oil field within the next sixty days.

NATURE'S WARNING.

Nacogdoches People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously, but nature warns you through the urine. Notice the kidney secretions. See if the color is unhealthy—It there are settlings and sediment, passages too frequent, scanty, painful. Its time then to use Doan's Kidney Pills, to ward off Bright's disease or diabetes. Doan's have done great work in Nacogdoches.

Ben Heflin, farmer living seven and a half miles north-east of Nacogdoches, Texas, says "Doan's Kidney Pills acted effectively in my case. I have been a constant sufferer from kidney trouble for six years. During that time I tried my different remedies and doctored until I was tired, but still the dull grinding ache in the small of my back was always present. If I stooped or lifted it seemed as though my back would cave in. The secretions from the kidneys at times were as red as blood and accompanied with a burning sensation. I procured Doan's Kidney Pills at Perkins, Kleas & Mast's drug store and they did me more good in less time than any other preparation I had tried, in fact, after using one box I felt like a different man."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Miss Bessie Garrison of Austin and Jno. Perkins and Miss Louise Perkins of Nacogdoches were the guests of the family of W. P. Devereux Tuesday.—Jacksonville Reformer.

John N. Wilson, of Melrose, was in the city yesterday on a business trip.

Elwood Seale, of Melrose, was here yesterday on a business trip.

Frank Summers writes encouraging lumber news and says Western Texas is in a prosperous condition. Grass and cattle fine.

A. C. Ireson happened to quite an accident yesterday. He was riding across the railroad when his horse stumbled and fell. Mr. Ireson was caught under the horse and had his hip and foot badly bruised.

Some white boys and negro boys had a little clash at a "wash hole" on the creek yesterday. One of the little white boys was struck near the eye with a rock.

J. E. Ray has purchased the restaurant of Hartman & Co. and will continue the business at the same stand. Emory is a good business man and The Sentinel trusts that his new venture will prove to be a profitable one.

B. F. Robinson who has been engaged in the mercantile business at San Augustine for several years, in fact since he was burned out here, has sold his business in the Red Land City and is in the city looking for a location.

Telephone your order to the Nacogdoches Mercantile Co. for your fresh vegetables and fruit fresh from the stem.

Mr. R. C. Shindler returned from a trip in Southeast Texas and was accompanied home by Mr. R. Onishi, Mr. S. Shimicu, and Mr. H. Shimooka, who are in Eastern Texas looking for a suitable place to locate a colony of Japanese farmers. These gentlemen are prominent capitalists of the Flowery Kingdom and will remain here several days. They are registered at the Bannita.

The Nacogdoches Steam laundry received a handsome new delivery wagon a few days ago, and this morning it was considerably smashed up in a run-away accident. The laundry team became frightened and made a dash down the street when the laundry wagon was thrown against a lumber wagon and as a result the laundry wagon will have to stay in the blacksmith shop several days for repair.

A Sentinel reporter accompanied Dr. Ford to the field of tobacco that was grown this spring on a plot of ground near the cemetery, and it presents a "picture no artist can paint." The tobacco is about as high as the average man's head and is said to be a perfect crop. The seed for this field was planted in the bed on March 1, 1905, and today hands are cutting the crop, that is that part of the field that was first set out. Just three months from the time the seed was planted the crop is ready to harvest. There is money in quick crops and the farmers of Nacogdoches are sleeping on their rights by not making an effort to improve their condition. If a party of men can pay rent on five acres of land, hire all the work done buy tools and implements, and make a profit on their investment in raising tobacco, how much greater will the profit be to the farmer who owns the land, has the necessary tools to begin with and does not have to hire extra labor? There is much food for thought along this line of diversification that every farmer in Nacogdoches county and Eastern Texas should look into.

FRIDAY'S LOCALS.

D. K. Cason left this afternoon on a business trip to Colmesneil.

Mrs. Emma Fears of Appleby is in the city both on business and pleasure.

W. A. King, of Center, was in the city yesterday on a business trip.

Mr. and Mrs. Jake Westfall of Mt. Enterprise, are visiting in the city, and are the guest of Mr. and Mrs. Chas. Bruton.

Parties who have been out to Red Field say that the tobacco crop of the Florida, Havana & Sumatra Co. is looking exceptionally fine. All this crop is shade grown.

Wade McLain who has been quite sick for the past ten days is able to set up and if he continues to improve he will be able to return to his work next week.

Mr. and Mrs. R. C. Shindler received a telephone message this morning from San Augustine stating that the little baby of Mr. and Mrs. Frank Sharp was dangerously sick. Mr. and Mrs. Shindler accompanied by Dr. F. C. Ford left overland this morning for San Augustine in response to the message. The Sentinel trusts that the little baby's condition is not as serious as reported.

Mayor A. B. Martindale of Cushing, was in the city this morning. Mayor Martindale is one of the progressive men of the county and always has the interest of Cushing and the county at heart. If he ever thinks of moving from Cushing The Sentinel would be glad to extend the right hand of fellowship to him and locate him in Nacogdoches.

J. J. Fulmer returned this morning from Houston and was accompanied by his daughter who has been in that city having her eyes treated. Miss Fulmer was taken sick and sent for her father. They left today for their home in Swift.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I here certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Perkins, Kleas & Mast.

John Lewis one of Nacogdoches county's substantial citizens, and farmer, was in the city today from Appleby. He was on his way to Etoile to look after his farms in that section of the county. He has been confined to his room with a spell of sickness and this is the first time he has been able to get to town in four months.

Some maiden's fancies doubtless turn to thoughts of love, but the majority of them, as well as humanity in general, have a want to lay down and stay down feeling. Simmon's Sarsaparilla is the litter. It not only takes hold, it lifts up. That way back, weary feeling vanishes like a dream.

Change in Schedule.

There is a very important change in the schedule of the mixed trains on the Houston East & West Texas railroad. These trains until further notice will meet at Nacogdoches at 2:30 a. m. This will give passengers to Houston an opportunity to reach that city several hours earlier than the old schedule.

Beyond Expression.

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and although a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed cure for all itching diseases of the skin. Price 50c. dw

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells Edw. Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Mrs. Mary Dimmick

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter: "I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the sexual organs. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter: "Dear Mrs. Pinkham: You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 69th and East Capitol Streets, Washington, D. C.

Married

Yesterday evening at 7:30 o'clock Mrs. Jodie Gilcrease and Mr. J. M. Call were happily married at the home of the bride, Rev. J. L. Watson performing the ceremony. They have many friends in their neighborhood who wish for them a long and happy married life.

Just What Every One Should Do.

Mr. J. F. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by Perkins, Kleas & Mast. dw

Suit Filed.

Yesterday a suit was filed in justice court wherein Mrs. D. D. Crossland is plaintiffs and the Texas & New Orleans Railway company is defendant. The petition sets forth the fact that plaintiff "household and kitchen furniture, bric-a-brac, etc., was badly damaged by rain while in possession of defendant at their railway station at Clevenger. Mrs. Crossland prays for seventy-five dollars as the sum for such damages.

Citation in the case was served on the railway company yesterday.

THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

The creation of a durable, practical, extra flat.

"Verithin Watch"

There is the thick watch for every day use; then there is the new full-dress watch, made very thin. Why should a gentleman use as bulky a thing as a thick watch in his pocket, looking like an unsightly growth bulging out upon his side where the watch is carried. A neat

"Verithin Watch"

will avoid this. This is not a fad, but a positive, practical advantage. A strong Verithin watch that can be used for all kinds of wear, because we can give the same positive guarantee as go with the thicker watches. Come and let us show you the advantages in the Verithin Watch.
