the Morrill Orchard Co., will take place at Jacksonville, Texas, November 30, 1905.

Owing to the fact that so much of our land has been set to Peach Orchards, thereby depriving us of the necessary land for pasturage and raising feed, we have decided to sell all of our well bred trotting stock at Public Auction at Jacksonville, Texas, on November 30, 1905. We will sell a grand collection of Stallions, Brood Mares, Drivers, Colts and Fillies.

The great Stallion Silverline, will be sold at the price the public places on him-no better Stallion exists in Texas today. He is by King Nutwood a son of Nutwood, the greatest of all trotting sires, measured by every standard known to horsemen. His dam was by Sweepstakes, one of the very best sons of Rysdick's Hambletonian, the founder of the family that bears his name and the most prominent progenitor of the Trotting Horse Family

Silverline traces to this great horse through four of his greatest Abdallah 15, Dictator, the sire of the immortal Dexter, Sweepstakes and George Wilkes.

Also the Beautiful Chestnut Four-Year old Stallion, Justrite. well bred son of Electric, the most justly celebrated sire of trotters in Texas. Justrite's sire was by the celebrated Electioneer and his dam was by Hamlin's Almont, sire of a great many celebreties, among them was Nightingale, holder of the three-mile record of the world.

These Stallions and a number of their get, out of well bred brood mares, together with the brood mares by such horses as Silverline. C. F. Clay, Farris' Hambletonian, by McCurdy's Hambletonian, he by Harold,

and others backed up by lots of stout thoroughbred blood, will be sold. These horses were collected by Col. T. L. Fairris, and are the result of years of experience in breeding the trotting horse, and they are the best he ever owned, and by far the best lot of horses ever in this portion of the state.

All of them will be sold for the High Dollar without reservation, and all lovers of good horses are kindly requested to come to Jacksonville on November 30, 1905, and help to make the prices. Now is the time to get a good Stallion, brood mare with foal by a good horse, a good driver, olt or filley.

The horses of East Texas need improving, and these horses that we will sell on that day, if scattered throughout the country, will help in a large measure to do so.

We are aware that such a sale is an unusual thing in this country, but believing that progressive men and lovers of the horse, the noblest of all animals, will appreciate such an opportunity to purchase good stock, and will bid them in at something near their true value, we have decided to sell that way.

The sale will take place promptly at 1 o'clock at Jacksonville, Texas, on November 30, 1905. Terms cash or 50 per cent. cash, balance secured by good paper.

For further information, and for catalogue of sale giving a minute description and breeding of each animal that will be offered, write to GEO. S. FAIRRIS, ALTO, TEXAS. (Mention this paper.)

Roberts was born March 19th, 1885; professed religion when she was 15 years old and to the end of her life which came the 15th day of this month, she lived a consistent Christian life. In disposition there was no better than she, good and kind to every one and everything. Her sunny and happy disposition was not marred by the darkest clouds of disappointment or sadness. She was always cheerful and saw the sunny side of life. How sad to think that one just in the bloom of young womanhood is called hence, especially when she must leave a sweet little babe only a tew days old, but to Him who doeth all things well we must bow in humble submission.

THE CHANGE OF LIFE

INTELLIGENTWOMEN PREPARE

gers and Pain of This Critical Period voided by the Use of Lydis E. Pink-m's Vegetable Compound.

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life burden.

At this time, also, cancers and tumors are more liable to begin their destruc-tive work. Such warning symptoms as a sense of suffocation, hot flashes, disa sense of suffocation, hot flashes, dis-ziness, headache, dread of impending evil, sounds in the ears, timidity, pal-pitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inqui-stude are promptly heeded by intelli-gent women who are approaching the period of life when woman's great change may be expected. Lydis E. Pinkham's Vegetable Com-pound is the world's greatest remedy

pound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all dis-tressing symptoms and earry them safely through to a healthy and happy

old age. Lydia E. Pinkham's Vegetable Com-pound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other

medicine can. Mrs. A. E. G. Hyland, of Chester-town, Md., in a letter to Mrs. Pinkham, says :

Dear Mrs. Pinkham:--"I had been suffering with falling of the womb for years and was passing through the change of life. My womb was hadly swollen. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Com-pound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this im portant period women are invited to write to Mrs. Pinkham for advice. It is free and always helpful
