Want More Light.

There is considerable complaint on the part of the patrons of the electric light company because the lights are turned off too early each morning. Especially is this true during cloudy weather. A great many people in Nacogdoches go to work at 7 o'clock, but they are forced to suspend work often on account of the darkness. It would be a great convenience if the lights were permitted to burn till 8 o'clock a. m. during the winter months, especially when the weather is cloudy, and it is possible that an agreement of this kind can be arranged if properly taken up by the patrons with the company.

J. H. Loller, "Bachelor Button," The Sentinel's correspondent at Mahl, paid this office an appreciative visit today. He reports that the people were given a fine time at the home of Mrs. Mattie Huchinson last Wednesday night.

Summer Normal Teachers.

The committee of teachers met in the office of Prof. R. W. Tillery, county superintendent of public instruction, Saturday and selected additional teachers for the normal which will be held in Nacogdoches in June.

The faculty selected is as follows: J. B. Ramsey of Timpson, conductor; Prof. Riall of Lufkin, R. F. Davis of Nacogdoches, B. S. Shirley of Cushing, S. S. Harris of Oak Grove, J. B. Stripling, of Melrose, and Miss Mary Clark of Nacogdoches, teachers.

The normal will be held in the first series in June.

Notice.

While the schools are in session, my office days will be Mondays and Saturdays. Those having business in the office will note this.

WILL LEAVE TONIGHT.

Farewell Address From Rev. S. F. Baucom.

Editor Sentinel.

As I am to leave for my new field tonight, allow me to say good bye to all my friends, and to return my thanks to my brethren in their interest shown for me in the work I have been engaged in. Trusting it will not be considered egotistical to make this report of my work since I have been Missionary Evangelist, there has been more than \$3,000 raised for our denominational interest and more than one hundred added to our church. For this success allow me to thank the noble pastors of East Texas and the brethren at large, none of whom have been more helpful than our Brother Miller of Nacogdoches. I feel his coming to Nacogdoches was a God send to us. I would be glad to name a number of brethren, both preachers and laymen, but space forbids. But especially do I want to thank the Trinity Church for the nice suit of clothes presented to me a few days ago. My future work will be from Corpus Christi to Brownsville, and from the coast to Kennedy. Mail addressed to Beeville will reach me for the present.

To the good people of Nacogdoches, do your best for the Baptist College, as this is the last chance for it. Don't put any strings on your contribution; remember this, that the general convention of Texas has given for education alone more than a half million dollars in the last seven years and they expect to make this school go. May success come to the blessed old town and county is my heartfelt desire.

Yours truly,
S. F. Baucom.

A Painful Accident.

Constable G. W. Stone had the misfortune to get his right arm badly crushed Saturday night, and it is thought the bones at the elbow joint are fractured. He was riding on the Ferris wheel at the Brownie Carnival when he placed his arm over the back of the seat, and as the wheel revolved his arm was caught between the seat and an iron rod. The wheel made one entire revolution with his arm in that condition before it could be extricated, and Mr. Stone suffered excruciating pain.

The fractured arm was dressed by a physician and Mr. Stone is now carrying it in a sling.

T. K. Kaynor, the postmaster and merchant prince of Decoy, was in the city today. Mr. Raynor recently returned from a visit to his old home at Toledo, Ohio, and he says this weather is like the good old summer time in comparison to the weather in Toledo.

TYLER WANTS IT.

Committee Appointed to Work For the College.

Nacogdoches is not the only town that is working to secure the Baptist college. Palestine and Tyler are hard at work, and Lufkin and Jacksonville are itching to get into the contest.

The Tyler Evening Times of Monday says:

Last night, just before the sermon, Dr. H. C. Risner, pastor of the first Baptist church in this city, announced from the pulpit that he wished to appoint a committee to confer with the Tyler Commercial Club relative to the securing of the proposed college which is to be located and built in some suitable town or city in East Texas by the Baptist Convention.

The committee appointed and announced is composed of Messrs. R. H. Brown, P. K. Birdwell and T. N. Jones. A most splendid committee.

This matter of building a school in East Texas by this denomination has been planned and arrangements for locating and building the school has been in progress for a year or more.

The matter has been given a great deal of attention by the members of the Tyler and Smith county Baptist churches and they have been very active in watching every opportunity to have the college built in Tyler.

As we understand it now the plans have all been perfected and the school is going to be located. It will be located at the place offering the best site and the largest amount of money to help erect the building. It is a business proposition. The school will be similar to the Belton, Brownwood and other colleges we might mention, which were located and with the assistance of the towns, built and endowed and looked after by this great organization which is doing a great educational work all over this country.

As a business proposition, the securing of this college should be viewed from an undenominational standpoint, and should have the undivided support of every person in Tyler and Smith county. The absolute benefits to be derived from such a college are too numerous and too well known for us to attempt to mention.

We have a full demonstration of what it is worth to us from a business standpoint, and a college where the student finishes in six to nine months, the required time, for finishing in the proposed college being four years.

The Truck Growers association held a meeting last Saturday at the court house. They are looking after business.

For 15 Years

We have sold each year we have sold more Sures, Buggies, Hacks and Harness than any firm within a hundred miles of Nacogdoches. The real reasons are that we have bought for SPOT CASH in large quantities from the very best factories, have given a reasonable means—something to guarantee, and have lived up to every statement made. It has never been our policy and never will be to make extravagant or wild cat "guarantees" that really are not guarantees at all. What we promise to do, we do; and we are not going to leave the county in a few weeks where you can't find us, but expect to live and die here. We can and positively will meet anybody's prices on same quality of goods. We only ask you to call and inspect our large and well assorted stock.

When will you call? We are here all the time. Always glad to see you. The same man who sells you your buggy will deliver it to you, and if you can't pay all cash, will give you terms on part.

An Important Lesson.

Judge Rateliff set a precedent in the county court this morning that is calculated to teach county convicts an important lesson.

Geo. Mitchell, a young white man, was convicted at a previous term of court of having committed an assault, but he gave a convict bond and was released. He afterwards ran off from his surety, and a few days ago was recaptured.

Today he was arraigned before County Judge Rateliff on the charge of making his escape and the court sentenced him to six months confinement in the county jail.

Judge George F. Fuller of Martinsville is in the city. He reports that the farmers in his section will plant less cotton and more corn this year. He also says they are talking of planting some tobacco.

Foot Cut Off.

Clinton Murphey, son of Mr. and Mrs. Jesse Murphey of Sacul, had the misfortune to get one of his feet cut off at the instep by a freight car at Trawick last Sunday afternoon.

Young Murphey was a brakeman on the T. & N. O. road, and while doing some switching at Trawick he got his foot hung between the rails at the switch. Before he could extricate himself the wheels of the car passed over his foot and mashed it to a pulp.

He was carried to the hospital at Dallas, where, it is said, the foot was amputated above the ankle.

The injured man is a nephew of Capt. A. J. Murphey and District Clerk R. W. Murphey of this city.

THE farmers of Nacogdoches county have already begun to make a noise like another crop.

NACOGDOCHES county has hundreds of acres of prime tobacco land that has never been cleared. Get to work.

JUST one question—why is the Nacogdoches county road law not complied with? The roads and the people are suffering.

SOME of the newspapers and politicians of Texas seem to attach more importance to the Waters Pierce cipher code than to the code of criminal procedure.

NO DOUBT there are men in Texas today who will agree with Jefferson that "but few men bring out of high office the reputation that carried them into it."

UPON the completion of the new Hotel Redland, Nacogdoches will be the best hotel town in East Texas. This is already the best town in numerous other respects.

ONE unusual feature of the Thirtieth Legislature is the failure of the members to compliment their home papers with a copy each day of the official Journal. At least this is true as to The Sentinel.

LONG experience has strengthened my disposition to not believe too easily, and has begotten all incredulity which leaves no one's character in danger from any hasty conclusion.—Thomas Jefferson.

IN the death of Frank Grice, owner of the San Antonio Express, Texas journalism loses one of its oldest and most valued members. Mr. Grice had been connected with the Express since 1871, and for more than thirty years had been its owner and manager.

THE Shreveport Times makes proclamation that it has just moved into its new home, a building recently erected especially for that paper. The Sentinel congratulates its contemporary upon its good fortune, and gladly welcomes it into the class of home owners. The Sentinel has occupied its own home for the past two years, and has just donned a brand new dress, which fits most admirably.

THE court of criminal appeals has come across with a brand new decision. It has decided that the form of indictment that is used by most prosecuting attorneys in Texas in cases for violating the local option law is fatally defective, because it recites that the result of the election was declared and published by the commissioners' court, when it is the duty of the county judge to do those things. Quite a number of cases have been dismissed in the county court this week on account of this defect in the indictments.

An Absurd Proposition.

Governor Jelks of Alabama, in his retiring message, suggests that better results can be obtained by employing white men to teach the negro schools. This is one of the most startling propositions that ever came from a Southern executive, but its truth cannot be doubted, however improbable it may be that such a departure in negro education can ever be made. Before the war thousands of slaves were taught by their white owners. Stonewall Jackson gave Biblical instructions to a class of negroes every Sunday.—Houston Post.

Outside of the odium cast upon white teachers by the carpet bag gang who rushed down from the north during reconstruction days, many of whom intermarried with the race, there would seem to be no more reason against teaching the blacks than against preaching to them or treating them when they are sick.

It is a fact that the influence of some of the negro preachers is a serious handicap, and if it could be possible to provide them with white teachers the results would be vastly better.

However, so long as the Foraker brand of yankee politician is in the saddle it is not probable that anything can be done in the way of solving the race problem.—Abilene Reporter.

IN casting about for some one to vote for United States senator, it is amazing that no one of the legislators thought of or voted for Col. Bill Sterrett, the Henry Watterson of Texas journalism. One member was considerate and generous enough to compliment Col. Hamp Cooke, the veteran Houston correspondent of the Galveston-Dallas News, with his vote, but not a vote was cast for State Press. Senator Sterrett would sound good, if for no other reason but the alliteration of it.

SOME of our people do not seem to realize what they have in this fertile Nacogdoches county land, or they would be more prompt in paying their taxes on it.

land in any country (that will produce more and better tobacco to the acre, nor lands that are adapted to growing all kinds of fruit, vegetables, corn, and cotton, than the land in Nacogdoches county, and that any owner of this land should not appreciate it sufficiently to promptly pay his taxes on it, is indeed remarkable.

Salaries Increased.

On Wednesday the United States senate passed the house amendment to the legislative appropriation bill, increasing the salaries of vice president, speaker, senator and members. The bill increases the salaries of senators and members to \$7500 and of other officers mentioned to \$12,000. A number of speeches for and against the measure were made, the principal ones being delivered by Senator Berry of Arkansas, who opposed it, and Senator Tillman who favored its passage.

SENATOR KELLIE'S RESOLUTION

Asks Congressmen to Support Anti Liquor Law

Senator E. I. Kellie of this district has secured the adoption of a resolution by the State Senate memorializing congressmen and senators to support any measure in the national legislature that will protect those sections of any state that have adopted local option from the shipping of C. O. D. liquor packages from points outside the state. But Senator Kellie's resolution will explain itself. It is as follows:

Whereas, Under the operation of local option laws, traffic in vinous, spiritous and intoxicating liquors is prohibited in a large part of the State; and,

Whereas, The sale and shipment of such liquors into the State from points outside is recognized as a great evil, where the delivery is made in territory in which under the local option law the sale of intoxicating liquors is prohibited; and,

Whereas, The business of such sales and shipment into territory where traffic in such liquors is prohibited by the laws of the State in subject to much evasion and abuse; and,

Whereas, Prohibiting such shipment and sales and prevention of such evil and abuse is under the Constitution of the United States, as a matter of Federal legislation; be it

Resolved, That Senators and Representatives in Congress from the State of Texas be and are hereby respectfully requested to urge and support the adoption of any measures that may be presented looking to the protecting of the people of Texas as against the operation of existing Federal laws, which in a large measure render nugatory the laws of the State in respect to the liquor traffic.

To The Local Unions.

Every local Union of the Farmers Educational and Co-Operative Union of America in Nacogdoches county is urgently requested to hold a special meeting on the first Saturday in February and take action on the matters

that have been referred to the secretaries in a special circular. This is important and means much to the Union. Let every member be sure and attend and also come to the county meeting on the second Saturday in February.

J. A. Ennis, President.
T. J. Thrash, Secretary.

A Deserved Promotion.

One of the most commendable acts of Gen. John A. Hulien, before retiring from the office of adjutant general, was the appointment of Capt. Steve M. King, formerly captain of the Stone Fort Rifles, as captain of infantry.

This promotion is, rightly deserved by Captain King, and his many friends here at home are very grateful to Gen. Hulien for his having thus shown his appreciation of Captain King's splendid military accomplishments.

Don't be mousy. Give all you can afford to the Baptist college bonus.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country fire-cured tobacco, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

A Scientific Farmer.

Mr. Jas. D. Greer, of Nacogdoches county, who is sojourning in the city for a few days, has with him some samples of corn that is worthy the serious consideration of all farmers.

These corns he originated by crossing different varieties adapted to the soils of this country with happy results. The variety he designates as "Greer's Famous," the ears grow to the extreme length of fourteen inches and weigh all the way up to two pounds, after being shucked and thoroughly dried, and he says he has grown as much as seventy-five bushels to the acre with it. He has also experimented successfully with other crops, and is very enthusiastic in the belief that with the standard of farming, along scientific methods, can be raised double and thrice the present yields along all lines.

Mr. Greer is very unselfish in his disposition and discoveries, and rather than enjoy

the rich discoveries he has made alone, he is anxious to organize an association of farmers who are ambitious to forge to the front, offering to share alike with all the benefit of his experiments.

With advanced prices of land, the time is rapidly approaching when farmers must get along with less land, and the sooner they learn to make two blades of grass grow where one formerly existed, the more profitable will agricultural pursuits become, and the better off the country will be. Agricultural and horticultural knowledge and interests should advance with the other material interests of the country, and until it learns to do so it must necessarily stay in the background. There is no excuse for this condition, for nothing is so interesting and so remunerative as scientific farming. Experiments have proven that this East Texas land can be made to yield from \$50 to \$200 per acre, while the average farmer

realizes but from \$10 to \$25, hence it is time these interests were given more attention.—Center Daily News.

Moving to Houston.

Hon. T. B. Lewis left last night for Houston, where he will make his future home. His household goods are being loaded into a car today, and his family will join him in Houston tomorrow.

Mr. Lewis has been making frequent visits to Houston the past six months, and having associated himself with one of the leading law firms of that city has already an extensive law practice in the courts of the South Texas metropolis. Mr. Lewis is an attorney of more than average ability, and his many friends here, while regretting to have him leave this city, congratulate him upon having cast his lot in a more lucrative field. All wish for him unbounded success.

To Build New Church.

Rev. J. W. Mills, pastor of the First M. E. church deviated somewhat from the usual

Sunday morning service yesterday, and gave his congregation an opportunity to express themselves in regard to building a new house of worship.

Enthusiastic addresses were made by the pastor, Judge Ingraham, R. F. Davis, Dr. W. I. M. Smith, Geo. S. King and Jno. T. Garrison, after which the members voted unanimously for the erection of a handsome and commodious church edifice to cost not less than \$15,000.

The new building is to be built of brick and will occupy the lot where the present church now stands. Our Methodist brethren are to be congratulated upon the action taken, and they will have the hearty support and substantial encouragement of the entire citizenship of the city.

NAILS IN THE PORKERS.

A Remarkable Phenomenon Discovered by a Farmer.

Deputy Constable Joe Tutt related a remarkable incident to The Sentinel man today.

Some time ago, he said, Mr. Robert Moore, a well known and perfectly reliable citizen and farmer, residing seven miles west of Nacogdoches, killed three hogs from the entrails of which he took 420 nails ranging in size from six penny to twenty penny in length. The nails were found in the entrails of the hogs, and Mr. Moore was unable to account for the phenomena, except that the hogs during last summer were kept in a lot where an old house had been burned, and it is supposed that the porkers in rooting in the ashes discovered that the old nails had a palatable taste and they swallowed them.

the most prompt nails, and that he told him that he got from the entrails of the

Ratcliff, Weeks

Married, Wednesday, January 23, 1907, at five o'clock p. m., at the residence of the bride's parents, Mr. Wilton Ratcliff and Miss Maud Weeks both of this city, Rev. Ellis Smith of Jacksonville performing the ceremony.

The wedding, which was of unusual interest owing to the social prominence of the families to which the young people belong, took place at the pretty home of Mr. and Mrs. J. M. Weeks on North street.

The parlors and library were beautifully decorated for the occasion with Southern smilax and roses, the many lovely gifts being on display in the library.

When the hour had arrived the guests assembled in the wedding room, and after Miss Marion Eason sang softly and sweetly "All for You," the wedding march of Mendelssohn played by Miss Lizzie Smith, announced the coming of the wedding party.

Ellis Smith entered first, followed by Mrs. Oscar Crain matron of honor, gowned in pink and carrying pink La France roses, then came the bride elect leaning on the arm of the groom, and pausing before the minister, the solemn words were spoken that made them one for life.

The bride was dressed in white over taffeta with a large white picture hat and carried a shower bouquet of white, Lady Mary roses, "as fair a bride as e'er the sun shone on."

Miss Weeks was one of the most beautiful girls in Nacogdoches; her reign as a belle in the social set has been short for she left the school room only a few months before her wedding day, but she is a supreme favorite in society as much for her lovely disposition as for her beauty.

Mr. Wilton Ratcliff is the son of Judge W. G. Ratcliff, one of the best known and most highly esteemed legal lights in Nacogdoches. He is one of the coming business men of this city, has a host of friends won by his own sterling worth, and is already a factor in the business world where he bears an enviable reputation for honor and integrity.

After congratulations had been showered on the young couple, rose and white cake and cream were served, after which Mr. and Mrs. Ratcliff went at once to their charmingly furnished cottage on Mound street where they will be at home to their legion of friends.

The Old Town Has Woke Up.

Rev. J. M. Wright and J. A. Talley were in Nacogdoches Tuesday to be present at the reception of the committee selected to recommend a place for a Baptist college in East Texas. They report the reception as a very enthusiastic one, attended by probably 500 people who are lending their energies and influence for the location of the school.

The old town has woke up and unless Lufkin now gets a move on her our chances are slim. The committee deferred visiting Lufkin until February 6th, and in the meantime a few energetic, determined citizens are doing all they can to work up an interest in the proposition. It is time for Lufkin people to wake up and do something. —Lufkin Tribune.

DOCTORS AND LOCAL OPTION.

Senator Looney's Bill Will Knock Out Prescription Booze.

Houston Chronicle.

As surely as the cure for a parched tongue is represented in the drink prescription just so surely does the bill offered by Senator Looney and favorably reported by the senate committee to which it was referred provide a method to cut off the prescription business. Without such a measure, so the author says, the local option law is without force and the prohibition restriction without restraint.

Given a drug store and a few physicians, it is explained, and the thirsty may satisfy almost any sort of a thirst in some of the local option counties. The procedure is easy.

The clans assemble about the soda fountain and a doctor appears. Dry tongues hang from parched mouths for inspection as if the applicants were a pack of overheated hounds fresh from the chase.

Down the line passes the doctor.

"A long toddy for you," he exclaims after an examination, "and a highball for you."

The prescriptions are borne in triumph and anticipation to the counter behind, where ice clinks and tall glasses look refreshing.

Cured and happy the applicants for immediate medical attention retire after contributing the prescribed amount—25 cents.

Sometimes it is stated the line of sufferers is long. Perhaps a score at a time are in anticipation of relief and the supply of doctors willing to serve on a salary is not equal to meet the demands of the trade. Then more physicians are summoned. It is first aid to the thirsty that is offered.

Now to relieve this condition it is so provided in a bill introduced that upon the complaint of any citizen a search warrant may be issued and intoxicating liquor may be seized. Then an immediate trial may be held to ascertain as to whether or not its sale was legal and not represented in an evasion of the prohibition law.

The injunction feature is incorporated in the measure so as to provide that suspicion may serve as a ground for injunction to provide against the use of premises for such an infraction of the statutes.

NATURE PROVIDES FOR SICK WOMEN

LYDIA E. PINKHAM

A more potent remedy in the roots and herbs of the field than was ever produced from drugs. In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman. When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound. No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Mr. King Spoke.

During the debate in the legislature on the resolutions providing for an investigation of Senator Bailey, Hon. S. M. King of Nacogdoches made a speech in favor of the Kennedy substitute for the Duncan resolution. In editorial mention of the speakers who defended the substitute, the Austin Statesman said: "Young Representative King from Nacogdoches county is said to have acquitted himself nobly, too. His plea for the party was brilliant, and forceful as well."

Married at Hillsboro.

Mr. Charles McKnight, son of W. B. McKnight of this county, was married in Hillsboro last Thursday night to Miss Mamie Thompson. The groom is one of the most popular and deserving young men in Nacogdoches county, and his many friends congratulate him upon his good fortune in having won the heart and hand of such an excellent young lady for a wife and companion.

WHY IT SUCCEEDS.

Nothing can be done for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They cure sick kidneys.

They cure backache, every kidney ill.

W. C. Lund, stock clerk, at the Lutkin Foundry Co., Lutkin, Texas, says: "I had been troubled off and on with a slight trouble with my kidneys and a bladder disturbance. I read of Doan's Kidney Pills and decided to give them a trial. The first box helped me considerably and second box completely cured me. I have no reluctance in endorsing Doan's Kidney Pills. I feel confident that anyone suffering with backache or kidney trouble will be greatly helped if not entirely cured by their use."

It takes money to build houses, but Nacogdoches people must have them.

THE spirit of investigation goes on. The legislature is now going to investigate the newspaper men at Austin. Look out for the preachers next.

It is meet and proper that Evangelists Brown and Currie should start a revival meeting in the city of Austin at this time. If reports be true, there is plenty of material in the capital city for the men of God to work on just now.

THIS town will be the Mecca of the laborer and the mechanic during the year 1907. A block of business houses, a Baptist college, a \$15,000 Methodist church and a system of water works are all to be built in Nacogdoches during this year.

THE following from the Garrison Gleaner is as true as gospel, and to it we add our hearty amen: "For health, congeniality, pleasant climate the year round, fertile lands, upright citizenship, come to Nacogdoches county." And, we will add, especially Nacogdoches.

CARDS have been issued announcing the approaching marriage of Hon. Jasper Collins, late editor of the Panola Watchman, to Miss Gertrude James of Memphis, Tenn. The wedding is scheduled to take place in Memphis February 6. The Sentinel teeders congratulations in advance.

THE West Times, whose editor—Hon. H. B. Terrell—is a member of the legislature, and who received a flattering vote for speaker, contributes this compliment to Hon. Steve M. King, representative from Nacogdoches county: "Among the young Statesmen who have made their appearance in this legislature, none are more able in debate than the young man from Nacogdoches county, Hon. S. M. King. He is logical and conclusive in debate and is recognized as one of the strong young men of the House."

MANY people wonder why it is that the tobacco industry has gained such a hold upon the farmers of Nacogdoches county in recent years, after they had devoted all the former years of their lives to the raising of cotton. That is plain. The farmers of Nacogdoches county are progressive, and they have been experimenting. It was Thomas Jefferson who said: "To find out all the articles of culture for which nature has fitted our country will require abundance of unsuccessful experiment. But if in the multitude we find one successful acquisition it repays our trouble." This truth has been demonstrated to the satisfaction of the Nacogdoches county farmers, and hence they are successfully growing tobacco.

SOUR GRAPES.

The court of criminal appeals has come across with a brand new decision.—Nacogdoches Sentinel.

That has come to be quite common of late years. Most of the court's decisions are brand new. Peculiarly so are its theories of the law. Moreover, the ideas reflected in the opinions of that court have none of the lore of the sages in them; but, to the contrary, they are as fresh as the morning's dew, and often not much longer lived. Of course they are brand new. Tradition, precedent, adjudication—if that court knows these things it cares not for them. In all its bounding and limitless vocabulary the term "res judicata" seems not to be. What it does today it will with fatuous unconcern undo tomorrow. Yes, that court is a peach, but its decisions taste as the fruit of the gourd.—Austin Statesman.

Editor Imboden seems to have a grievance against the court of criminal appeals. We fear that his case is one of sour grapes rather than too much sugar in the gourd.

A MAINE newspaper says the way to make a cat stay at home is to grease its feet, and a "woman's page" editor cruelly suggests that wives ought to try that treatment on their husbands.—Galveston Tribune.

There is another old superstition that if you want to make a dog stay at home, cut off the tip end of his tail and put it under the door step. If the grease the feet remedy should fail to work, the wives might—

Tom Campbell in a Spike Tail.

Gov. Thomas M. Campbell appeared at the inaugural ball Tuesday wrapped in costume de reguerre, alias a spike tail coat! Think of it, my countrymen! When plain Tom Campbell appeared in Honey Grove last summer looking for votes how different the habiliments that wrapped his democratic frame. Well do we remember the dollar and a half slouch hat that canopied his dome of thought. And the cheap alpaca coat with a ripped pocket, covering a shirt front not immaculate and showing a pair of suspenders not new. A plain leather belt assisted in keeping his trousers at the right place, and this was the same material as the belly band of wagon harness. He chewed a world of Tinsely tobacco and could expectorate as big a streak of yellow fluid as ever aimed at a crack in the floor. Think of it, my countrymen; this great commoner from the sand hills of East Texas decked out in a coat without a front tail and a vest that touched only the contour of his bread basket! As we read the item our mind went back to that dark and eventful night of last July when we rode with plain Tom to a cross-country appointment. He talked learnedly of crops and yearlings and consumed all the chewing tobacco in the crowd. After a time the clouds lowered and Jupiter Pluvius did his worst. Plain

Tom, like the rest of us, was wet to the center, and a pretty picture he was when the alpaca coat tail began to hunt the arm holes. To make matters worse the surrey took on a hot-box and the wheels refused to budge on the axle, but gave forth a screech like unto a populist yell. A farmer was aroused at midnight's holy hour and sent after axle grease, that plain Tom might be pulled into town to catch his train and secure a fresh supply of chewing tobacco. We are still here, wearing the same clothes; others of the party are doing their accustomed stunts, but "Plain Tom" is in Austin with a diamond lighting up his many breast and a swallow-tail coat bringing up the rear! Surely this is the limit!—Honey Grove Signal.

A Delighted Subscriber.

To The Sentinel.
Greenville, Texas, January 26.—Dear Editor—Find enclosed money order for \$1.00 for which please give me credit for one year's subscription to The Weekly Sentinel. You can change my address from Greenville to Stamford, Tex., until further notified.

I receive and read each copy of The Sentinel with increased delight. It is true Nacogdoches is not my home, I spent only two and one half years in your famous and historic little city; but I point with pride to that short and limited time. Especially do I feel an interest in the Nacogdoches schools, the faculty of which cannot be surpassed by any public school in Texas.

I handed the copy of your paper containing the write up of Nacogdoches to several of my friends in this part of the state, who seemed surprised that Nacogdoches was any more than a village noted only for its place in Texas history.

In conclusion I wish to congratulate The Sentinel upon the bold and honest stand it has taken against the trust.

G. C. Smith.

The Faulkner Brothers.

There are six of the older Faulkner boys living and the youngest is 40 years old. Five of them were in Garrison the past week on a visit to friends and relatives. Geo. Faulkner of Appleby, Alec and Clint Faulkner of Rosebud, Texas, Morgan, of West Texas, and Larkin of Rusk county. They all lived at one time in Rusk county, but after reaching their majority they began drifting away from the old home and are now living at the different places mentioned above.—Garrison Gleaner.

Nacogdoches and Southeastern

The bridge on LaNana creek has been completed and the Nacogdoches and Southeastern is now laying steel in the Hoya pasture. It is now expected to have the road completed to a connection with the Houston, East and West Texas near the depot within a few weeks.

The grade is also completed on the southeastern end of the line to within two miles of the oil springs, and Contractor Peterson has a large force at work on that end of the line.

TALKING ABOUT THE COLLEGE—The Town That Gets It Will Have to Hustle.

Does Palestine want the new Baptist college that is to be located in Eastern Texas? If it does, how much does it want it? Two other towns are candidates for the site of the new school, and both towns are already busy trying to get it. Tyler and Nacogdoches are our rivals for this school, and both of them are hustlers. If Palestine wants the school the people here had as well make up their mind they will have to work for it and make up their mind to get busy. Nacogdoches has already made a proposition, has located suitable sites to be offered the committee having the authority to locate the school, and Tyler is equally as busy. Tyler has already a big business college and knows the value of another big school, and is very eager to get this college.

Palestine is a better town in many respects than any of the other towns, our people are just as liberal and just as progressive, and if they make up their mind that they really want the school they will do the handsome thing by it. The value of such a school can be appreciated when you stop to think what the big Baptist colleges are in other parts of the State. What would another Baylor University be worth to the city? From a financial standpoint alone the school is of great value to the community getting it. Palestine needs such a school, and the Herald believes our people are going to get this one. It will take work and money to land it, but we can all work, and we have people who can put up the money. The question is, do we want the school?—Palestine Herald.

Palestine, Tyler and Nacogdoches are all good towns, and can offer good advantages and inducements. Schools and colleges not only improve the standard of good citizenship, but they add to property values. With advantages about equal, the best offer will be most likely to get the college, and now is the time to hustle for it.—Galveston News.

There is no disputing the fact that Nacogdoches has many natural advantages over the competing towns above mentioned, but natural advantages alone will not get the college. It is going to take money and hustling for even Nacogdoches to get the school.

Takes Money to Make Roads.

County roads can not be built in a way that they are worth anything unless the improvement of them is permanent and substantial. And that kind of improvement can not be made without large sums of money and deliberate action. The members of the commissioners court of Liberty county are now, and for the last decade of years have been, aware of the great necessity, to say nothing of the benefits to be derived from good roads, but they are only supplied with sufficient means to fill

up a hole here and there and occasionally build a bridge. An authority on good road building says: "Let the roads alone if only a small amount of money is to be expended on them. The roads will be no better for such expenditure and the money will be lost."—Liberty Vindicator.

Nacogdoches Debaters Union.

The Nacogdoches County Debaters Union meets at Appleby, Texas, Saturday, Feb. 23, 1907, at 7:30 p. m.

PROGRAMME.

Welcome Address.—H. T. Perritte.

Response.—J. O. Cox.

Debate.—Resolved, That Cuba should be annexed to the United States.

Affirmative—John Hunt, Frank Lewis, Mark Stoker.

Negative—Ollie Falkner, Boone Justice, Whit Martin. Programme Committee.

The Mandates Here.

The mandates from the court of criminal appeals in the Joe Bug Roquemore and Charley Slay cases were received by District Clerk R. W. Murphey this morning, and he phoned the sheriff at Rusk to release the boys.

The opinion of the court shows that the cases were reversed on four counts, one of which was an error in the court's charge.

Apparatus Arriving.

The new apparatus for the telephone exchange has begun to arrive and Manager Bryant hopes to have all connections made and the service in operation within fifteen days, or by February 15 at the outside.

The storage batteries and new dynamos are here and Mr. Bryant is expecting the new drop board any day.

All the apparatus was shipped from Chicago Dec. 31, and the delay can be charged up to the railroads.

Senator Spoke Too Soon.

Capt. E. I. Kellie, in a recent letter from Austin to the Jasper News-Boy, says that he has not gotten on to the ropes of how to make money as a legislator, and if some one don't show him pretty soon he will have to draw on some of the fellows who sent him to Austin for expense money. The trouble with the Captain is, he ought to have waited a while before expressing an opinion. It is invariably the new game that they go after things with silver and gold bullets in legislative affairs.—Hemphill Leader.

A Strong Speech.

Those who heard District Attorney Strong's speech this morning no longer doubt his ability as a prosecutor, and the law-breakers can "set up and take notice" that they will have to give account of their wrong-doing. Clean, logical and forceful, he goes into the work with all the vim at his command, and we predict that he will make a brilliant record in the position he is now holding.—Center Daily News.

The new mill of the Attocac Lumber Company at Mayo has been completed and will be in operation in a few days.

Trawick Topics.

Trawick, Texas, Jan. 29.—Our town is still on a boom—two new houses going up and contracts for five others to be built at once.

Mr. T. J. Plunkett is to begin building his planer soon as he can get material on the ground.

Mr. Tom Elliott is making preparations to move here from Cushing.

Mr. Jno. M. Brewer is here from Cushing this week.

Mrs. W. J. Chancellor has been right sick with lagrippe and tonsilitus, but is reported much better.

Mr. H. M. Crawford went back to Sacul yesterday expecting to go to work for Mr. J. T. Lucas of that place.

On last Sunday night Sunday school was organized to begin anew. The Sunday school had froze out here the past year, but everything seems to start with renewed energy.

Sunday night while the local freight train was switching one of the brakemen let his foot slip and fell from a car and cut one foot off. P.E.D.

Baptist College.

In a conversation with I. M. Shepherd the Gleaner learned that Nacogdoches stands a splendid chance of getting the Baptist college so much spoken of in the press lately. Nacogdoches has some very interprising citizens and when they go after a thing they generally get it. The college would indeed be an acquisition any town should well be proud of and Nacogdoches being our "ma," we would be glad to see her get this educational institute. She has her competitors. Tyler, Palestine and Lufkin, bested in location and other advantages. And if she lets the proposition slip it will be a drawing card gone from her to win many other good things that should be hers.—Garrison Gleaner.

Two Men and the Desert.

From time immemorial men have followed the sea for pleasure, for adventure, but most of all for a livelihood; and familiarity has bred a sort of indifference to its terrors. But men have pretty much let the desert alone. It was the surprise, the mystery and the power of the sea; and it is formidable as the sea is not because of its very strangeness to human experience. In "Two Men and the Desert," in the February McClure's, Frederick Wheeler has written a powerful story, telling of a flight from justice, a dramatic meeting in the sand wastes of the Mojave, and the temporary league which arises between fugitive and his pursuer as they battle with the evil forces of the desert. This is a tale full of heat and vigor of life in the far West.

Putting in Steam Heat.

Fred Perkins of Dallas is here superintending the work of installing the steam heating apparatus at the Hotel Redland. The work is being done by W. G. Barron of this city and J. E. Bonneville of Dallas.

MRS. EMMA FLEISSNER
Suffered Over Two Years—Health Was
In a Precarious Condition—Caused
By Pelvic Catarrh.

**HEALTH AND STRENGTH
RESTORED BY
PE-RU-NA.**

Mrs. Emma Fleissner, 1412 Sixth
Ave., Seattle, Wash., Worthy Treas-
urer Sons of Temperance, writes:
"I suffered over two years with ir-
regular and painful periods. My health
was in a very precarious condition and
I was anxious to find something to re-
store my health and strength."
"I was very glad to try Peruna and
delighted to find that it was doing me
good. I continued to use it a little over
three months and found my troubles re-
moved."
"I consider it a splendid medicine
and shall never be without it, taking a
dose occasionally when I feel run-
down and tired."
Our files contain thousands of testi-
monials which Dr. Hartman has re-
ceived from grateful, happy women
who have been restored to health by
his remedy, Peruna.

Reception.

The reception held for Mrs.
Whitley of Tyler and Mrs.
Rossland of Ft. Smith, Ark.,
by Mrs. Robt. Lindsey, their
hostess, was a decided social
success, as are all of Mrs. Lind-
sey's entertainments.

The beautiful residence
shone out as a sign of roya
welcome from its beautiful
location on Harris Heights,
and no guest was disappoint-
ed, for the evening's enter-
tainment included all variety
of tastes to be entertained.

The several musical gen-
is were generous with their
accomplishments and the
numbers were greatly enjoy-
ed by the guests.

There were a number of
visiting guests present.

Garrison Gleanings.

Garrison, Jan. 28.—This
fine cold spell is all right for
hog killing.

Mrs. Ida Stalling has been
quite sick for the past week.

Mrs. Benton Wilson, wife
and children from Nacogdo-
ches spent Sunday and Mon-
day in our little berg, visiting
parents, sisters and brothers.

The Home Mission Society
of Garrison is a band of work-
ers. Besides lots of other
good work, they have ordered
a nice suit of furniture for
the new preacher and wife.

We are glad to live in
hearing of the Sabbath school
bell every Sunday morning.
That sound had died away at
our old home where we came
from.

Mrs. Berdellie Wright is on
the sick list this week.

Two of the teachers, Miss
York and Miss Tysinger, car-
ried their pupils for an hour's
walk in the woods for the in-
struction and recreation of the
children a few days ago.

A passenger train just rolled
by our gate with the black
flags flying denoting the
death of somebody's loved one.

Trust in your self and you
are doomed to sorrow; trust
in your friends and they will
die and leave you; trust in
money and you may have it
taken from you; trust in repu-
tation and some slanderer
may blast it, but trust in God
and you are never to be
confounded in time and
eternity. L. W.

Miss Norma Swift Married.

The many friends of Miss
Norma Swift in this city were
somewhat surprised to learn
of her marriage, which oc-
curred at Shreveport last Wed-
nesday, to Mr. Warren Wag-
ner of New Mexico.

Miss Norma was reared in
Nacogdoches county, and
counted her friends by the
score. She was teaching in
the public school at Logans-
port, La., from which place
she and Mr. Wagner went to
Shreveport to have the cere-
mony performed.

They have gone to visit the
groom's parents in West Vir-
ginia for a short time, and will
go from there to the groom's
home in New Mexico, where
he has extensive contracts to
drill artesian wells.

The happy couple have the
best wishes of their many
friends in Nacogdoches county,
chief among whom is The
Sentinel.

Justice C. C. Watson of
Melrose came up today to try
a case in justice court in which
Justice Huston was disquali-
fied by reason of his being re-
lated to the defendant. The
case was one in which Arthur
Stevens was charged with dis-
turbance of the peace. He was
fined 50 cents.

**Dangers of a Cold and How to Avoid
Them.**

More fatalities have their
origin in or result from a cold
than from any other cause.
This fact alone should make
people more careful as there
is no danger whatever from
a cold when it is properly treat-
ed in the beginning. For
many years Chamberlain's
Cough Remedy has been re-
cognized as the most prompt
and effectual medicine in use
for this disease. It acts on
nature's plan, loosens the
cough, relieves the lungs,
opens the secretions and aids
nature in restoring the system
to a healthy condition. Sold

At the Presbyterian Church.

The Presbyterian church
was crowded again Sunday
night with an appreciative
congregation assembled to
hear the third illustrated
lecture on Pilgrim's Progress
by the pastor, Rev. J. M.
Robinson. Sunday night's
lecture closed the series on
this very interesting subject,
and next Sunday night Broth-
er Robinson will begin a se-
ries of lectures on the old
Testament, which will be il-
lustrated by stereopticon.

These lectures are not
only interesting, but they are
highly instructive and inspir-
ing, and will result in much
good to the community.

A Veritable Bee Hive.

The cigar factory is as busy
as a bee hive. There are ten
cigar makers hard at work,
and five or six subs or assist-
ants on the third floor. They
are all a nice, orderly class of
people, ladies, gentlemen and
boys. There are five ladies
preparing the tobacco leaves,
several of them young ladies,
all having a nice, easy time.
The factory needs several
more of the same kind, good

nice people. A good place

The Carnival.

The rain this afternoon is
somewhat interfering with
the attendance at the Cole
Younger and Nichol's Carni-
val, but the shows are open
and going just the same.

An immense crowd was out
last night, and no one express-
ed dissatisfaction with a single
attraction. This afternoon
was the time set by Col. Cole
Younger to tender to his
comrades of the confederacy
free access to all the shows,
but the inclemency of the
weather is keeping many of
the old vets at home.

Notwithstanding this fact
about 75 of the gray and aged
heroes accepted the invitation
of Col. Younger and are now
making the rounds of the at-
tractions. To say the old
confeds are delighted expresses
it mildly.

The balloon ascension had
to be abandoned yesterday
afternoon because of the fail-
ure to secure a lot upon which
to inflate the balloon, and the
rain is going to prevent
this attraction again this
evening. The high dive had
to be abandoned for the same
reason, and unless the rain
ceases this feature will not be
given tonight.

Let The Entire South Rejoice.

The entire South should
feel proud of the fact that it
is the possessor of America's
greatest commercial school.
The January enrollment of
the Tyler Commercial Col-
lege of Tyler, Texas, surpass-
ed in numbers that of any
other American College.
More than 300 enrollments of
new students were recorded
during the month, which is
more than the number en-
rolled by any other commer-
cial school in the U. S., and
more than double the number
enrolled by any other South-
ern commercial school.

This now famous institu-
tion opened its doors to the
public just seven years ago.
It has had a rapid and con-
tinual growth each year. Its
wonderful success is due main-
ly to its use of the famous
Byrne Simplified Shorthand
and Practical Bookkeeping
and Business Training, its em-
ploying none but the very
best and most progressive
teaching talent, its progres-
sive, honest business methods,
its deep interest in its stu-
dents, not only while in school
but in placing them in posi-
tions and helping them to
succeed after graduating.

This institution can now
point with pride to its gradu-
ates in the highest positions
in every walk of commercial
life. Its courses of Bookkeep-
ing, Business Training, Short-
hand, Typewriting, Tele-
graphy and Station work are
the most thorough and com-
plete. Let the entire South
now rejoice that it can boast
of not only one of the largest
commercial schools in Ameri-
ca, but one of the most thor-
ough and practical, one that
is enabling young men and
women to more than triple
their earning capacity, and
one that holds that all true
education is based on charac-
ter and honesty, a school that
strives hard to strengthen
each and every student morally
as well as in the technical
and practical knowledge of
Bookkeeping, Business Train-
ing, Shorthand, Typewriting
and Telegraphy.

**Common Colds are the Cause of Many

Physicians who have gained
a national reputation as an-
alysts of the cause of various
diseases, claim that if catching
cold could be avoided a long
list of dangerous ailments
would never be heard of.
Every one knows that pneu-

catarrh, bronchitis, and all
throat and lung trouble are

or take chances when you
have a cold. Chamberlain's
Cough Remedy will cure it
before these diseases develop.

Thoroughly Reliable.

If ever there was a reliable
and safe remedy it is that old
and famous porous plaster—
Allcock's. It has been in use
for sixty years, and is as popu-
lar today as ever, and we
doubt if there is a civilized
community on the face of the
globe where this wonderful
pain reliever cannot be found.
In the selection of the ingre-
dients and in their manufact-
ure the greatest care is taken
to keep each plaster up to the
highest standard of excellence,
and so pure and simple are
the ingredients that even a
child can use them.

Allcock's are the original
and genuine porous plasters
and are sold by Druggists in
every part of the civilized
world.

Euclere.

Tuesday afternoon was
spent in pleasant games of
Euclere with Miss McCord of
Cameron and Miss Evelyn
Hail of Lufkin at Mrs. D. H.
Barnett's sweet little home
on corner Church and Hospital
streets.

Nine interesting games con-
sumed all but enough time to
serve a delicious salad course
and give the many favored
guests an opportunity to reach
home by dusk.

The three prizes—first, foun-
dation and booby, were won by
Miss McCord who cut with
Miss Leach Zeve, Mrs. Bay
who cut with Miss Ted Fraz-
zier and Mrs. Morrison respec-
tively. A dainty pair of
manicure scissors, a large
bunch of beautiful violets
and a set of cards were the
prizes.

The home which in itself
void of any decorations, is
daintily with a clever feminine
touch was made more charm-
ing with the addition of ferns
and exquisite roses in the pa-
rlor and nicely colored John-
quills and ivy in the dining
room.

Huntsville Taking Steps to Purchase Water Works.

The following appeared in the Houston Post of Tuesday:

Huntsville, Texas, January 22.—At a mass meeting of leading citizens of Huntsville, R. S. Rather presiding and A. T. Ranhold secretary, it was announced that the city should own and operate the water works, and a committee, composed of J. L. Pritchett, H. G. Eastham and H. Y. Robinson, was appointed to solicit subscriptions, the sum of about \$3000 being easily secured.

Another meeting was held last night and a committee was appointed to make recommendations for the kind of well to be dug. No bids were taken. Another meeting will be held in a few days, when final action will be taken.

"It Knocks the Itch."

It may not cure all your ills, but it does cure one of the worst. It cures any form of itch ever known—no matter what it is called, where the sensation is "itch," it knocks it. Eczema, Ringworm and all the rest are relieved at once and cured by one box. It's guaranteed, and its name is Hunt's Cure. w

Mr. A. Caraway, the well known saw mill man, was kicked in the face by a horse at his mill, six miles north east of the city yesterday afternoon, and was pretty badly injured.

Not "Just as Good"—It is the Best

One box of Hunt's Cure is untailingly, unqualifiedly, and absolutely guaranteed to cure any form of Skin Disease. It is particularly active in promptly relieving and permanently curing all forms of itching known.

Eczema, Tetter, Ringworm and all similar troubles are relieved by one application, cured by one box. w

Lost One Eye.

Mr. I. L. Sturdevant returned from Houston today, where he went in company with Frank McGee, who was kicked in the face by his horse at Davisville yesterday.

Mr. McGee stood the trip to Houston splendidly, and last night he underwent an operation, from which he soon recovered and regained consciousness. His condition was so much improved when Mr. Sturdevant left him at 6 o'clock this morning that the physicians were confident of his recovery.

The young man's left eye was so badly injured by the kick that the eyeball had to be removed, and the nasal bone was badly crushed.

Death of Eli Russell.

Mr. Eli Russell, an old and highly respected citizen of Nacogdoches county, died at his home near Nat Friday afternoon at 2 o'clock, aged 67 years.

Mr. Russell had been in bad health for a long while, and his death was not unexpected. He leaves a widow and six children, (four sons and two daughters), a number of other relatives and hosts of friends. He was a brother of Mr. J. S. Russell of this city and an uncle of County Attorney Angus Russell, both of whom have gone to his funeral today.

Deceased will be buried at Nat this afternoon.

Mr. and Mrs. Oscar Baxter and baby left yesterday for Shreveport to reside permanently.

AFTER BAPTIST COLLEGE.

Committee Appointed to Raise Subscriptions at Once.

An enthusiastic meeting of the Business League was held in the League rooms this morning when definite action was taken toward soliciting subscriptions for the Baptist college.

President Miller, in calling the League to order, stated that it is the custom of great military officers, before going into battle, to meet together and decide on a definite plan of action. We are in this college contest to win, and we have a faithful army eager to follow any reasonable plans their leaders may adopt to secure the East Texas Baptist college.

Several very interesting and pointed talks were made by S. W. Blount, June C. Harris, Dr. F. R. Tucker, Rev. S. F. Baucom, J. H. Summers, E. M. Dotson, W. U. Perkins, E. A. Blount and others, and the theme of each talk was Nacogdoches must have the school.

The result of the meeting was the adoption of a motion that Nacogdoches proceed at once to raise \$20,000 as a bonus to the college, and President Miller appointed a committee consisting of June C. Harris, S. W. Blount, Charles Perkins and J. H. Summers to wait upon the citizens and receive their subscriptions.

Mr. E. A. Blount announced that he would start the subscription with one twentieth of the amount—\$1000.

Bill by Congressman Brooks.

Congressman M. L. Brooks has introduced a bill in congress intended to correct an obnoxious situation resulting from the receivership of the Kirby properties in Texas. Because they are in the control of the Federal court, those involved in litigation affecting titles to lands in several counties in East Texas have been under the necessity of going to Houston. This bill of Mr. Brooks provides that all suits and proceedings, including ancillary proceedings, which in any manner involve the title to the lands or any rights connected therewith shall be brought only within the Circuit or District Court of the United States in the division in which the land is located.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the **BLOOD CANNOT BE CUT AWAY.** The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.

PROPERTY DESTROYED AT CUSHING

Property Valued at \$40,000 Destroyed Sunday Morning.

The prosperous and progressive little town of Cushing was visited by the fire demon early Sunday morning, and property valued at \$40,000 was destroyed.

The fire was discovered about 3 o'clock in Childers & Gladden's barber shop, and before the flames could be checked eleven buildings had been burned.

The losses are as follows:
J. M. Fussell & Son, general merchandise; loss about \$15,000, insurance \$7,300.
J. M. Williamson, general merchandise; loss \$6,000, insurance \$1,500.
John Irwin, general merchandise; loss \$5,000, insurance \$2,000.
Belk & McCrary, general merchandise; loss \$4,000, insurance \$1,000.

R. L. Ransome, drugs; loss \$2,500, no insurance.
Post-office building total loss, all of contents saved.
Rice's Pharmacy, total loss; no insurance.
E. Vauter, saddlery and harness; most of stock saved, no insurance.
Childress & Gladden's barber shop total loss; no insurance.

Gage's restaurant total loss; no insurance.
Dr. F. W. Cariker's office burned, but all books and instruments saved.
All the papers and docket of B. F. Creel, justice of the peace, were burned, and also all records of the Woodmen camp.
The origin of the fire is unknown, but is supposed to have caught from a defective flue.
All buildings burned were frame, and were located on the north side of the railroad. Most of them will be rebuilt.

BEWARE OF "DIGESTIVE"

The Only Way to Cure Stomach Disorders is by Strengthening the Digestive Organs

The ordinary pepsin tablet has ruined more stomachs than all other causes combined. While it gives temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increased frequency.

The only way to permanent cure stomach troubles is by strengthening the digestive organs with a Mi-o-na stomach tablet taken before meal. In this way the remedy prepares the stomach for the food and excites the secretion of gastric juices so that, when the food is eaten, the stomach is prepared to digest it.

If Mi-o-na was a mere digestive, it would be taken after eating, so as to mix with the food, but then permanent relief would not be gained.

Mi-o-na stomach tablets are sold only in a neat metal box, convenient for the purse or vest pocket, and costs but 50c. Stripling, Hazelwood & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction. You run no risk in using Mi-o-na, for you are sure to be cured at trifling expense, or else your money will be returned.

The Nacogdoches County Tobacco Growers Association held its regular monthly meeting at the city hall last Saturday at 2 p. m. There was but little business before the meeting. Everything is favorable to the move for tobacco culture. The orders for sprayers were placed with Cason, Monk & Co. who invite other orders.

A Bold Burglary.

Deputy Sheriff Horace Wilson gave The Sentinel man the particulars of a peculiar case of burglary which occurred in the Northwestern portion of this county a few nights ago.

Mr. Wilson states that some one went to the commissary at a saw mill during the night, crawled under the house, and bored a hole through the floor and into a sack of coffee. The coffee ran out through the hole thus made, and the burglar carried it away.

The officers have a clue, and Constable A. A. Biggs of Caro is working on the case.

How to Cure Chills.
"To enjoy freedom from chills," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at Stripling, Hazelwood & Co. dw

Home Wedding.

Miss Bessie Pugh, of Grimesland, and Mr. J. B. Holt were happily married at the home of Rev. Dr. Mercer, on West Second street, last Tuesday afternoon.

Immediately after the marriage Mr. and Mrs. Holt left amid congratulations for Grimesland.

The groom is one of the engineers on the Raleigh and Pamlico Sound Railroad.

The bride is one of the popular young ladies of that community.

The Messenger joins their many friends in extending them congratulations and best wishes for a long and happy life.—Washington, N. C. Daily Messenger.

Mr. Holt is well known in Nacogdoches, being the son of Rev. A. J. Holt, for several years pastor of the Baptist church in this city.

One To Six.
Bottles of Browns' Iron Bitters will cure certain diseases of the human system, not all of them. Ordinary indigestion yields to three bottles of Bitters, six cures aggravated dyspepsia. Neuralgia is relieved by a dose or two; nervous exhaustion, shattered constitutions, general debility cured by the use of this wonderful medicine. For sale by Stripling, Hazelwood & Co. dw

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by Kleas & Mast. dw

Sunday School Organized

A Sunday school was organized at Hayward Mill church last Sunday afternoon with 44 pupils and seven officers and teachers.

Mrs. Francis M. Wilcox was elected superintendent, and Mr. W. M. Frisby secretary and treasurer.

Owing to the inclemency of the weather the meeting was not as large as it would have been under more favorable circumstances. It is expected that the enrollment will reach 100 in a short time.

The Sunday school will be held at 3 p. m. each Sunday.

When the cold winds dry and crack the skin, a box of salve can save much discomfort. In buying salve look for the name on the box to avoid any imitations, and be sure you get the original DeWitt's Witch Hazel Salve. Sold by Stripling, Haselwood & Co. dw

Mr. Joe Wolsiefer of Evansville, Ind., is here on a visit to his son, Joe Wolsiefer. Mr. Wolsiefer is very favorably impressed with Nacogdoches, and will remain here several months for the benefit of his health.

Clear up the complexion, cleanse the liver and tone the system. You can best do this by a dose or two of DeWitt's Little Early Risers, Safe, reliable little pills with a reputation. The pills that everyone knows. Recommended by Stripling, Haselwood & Co. dw

Boy Burned.

Harrison Hall got his face badly burned this morning at G. H. King's store while attempting to kindle a fire with kerosene. He poured the oil in the stove but there was not enough fire to make it blaze, it only smoked, making a heavy gas which, when touched off, with a match blazed into his face.

The little fellow is the son of Deputy Sheriff Hall.

Nearly every one who is subject to attacks from the stomach suffers from a morbid dread of a dietetic treatment for relief, that is three fourths starvation, and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol For Indigestion after your meals. It digests what you eat. Sold by Stripling, Haselwood & Co. dw

Off to Federal Court.

Quite a number of Nacogdoches county citizens left here Sunday for Tyler to attend Federal court, which convened there this morning. Deputy Marshal, A. J. Spradley has been busy for several days past serving processes

on witnesses and jurors. He intimated that there is likely to be something doing will interest Nacogdoches people at this term of court.

The following have been summoned to serve as grand jurors: J. O. Ray, John Baugh of Alazan, and Jim Upshaw, colored.

Food don't digest? Because the stomach lacks some one of the essential digestants or the digestive juices are not properly balanced. Then, too, it is this undigested food that causes sourness and painful indigestion. Kodol For Indigestion should be used for relief. Kodol is a solution of vegetable acids. It digests what you eat, and corrects the deficiencies of the digestion. Kodol conforms to the National Pure Food and Drug Law. Sold here by Stripling, Haselwood & Co. dw
