### A RIGHTEOUS ACT.

Judge Mims Takes Charge of Dependent Children.

County Judge Mims performed an official act this morning that will not only receive the plaudit of the people, but demonstrates the fact that he is a man of courageous bearing and a magnanimous disposition. For some days there has been reports that a certain man and his wife were neglecting their children, and the fact that the parents have been loafing around the court house a great deal of late with the little children, the attention of Judge Mims was called to it.

This morning Judge Mims took charge of the little fellows—two boys and a girl—and turned them over to Superintendent Will McMillin of the county farm to be cared for by him until homes can be secured for them. The action of Judge Mims was quite a surprise to the parents, but it was his official duty, and he dared to do it.

### Brought to Court.

William Hughes, a white man, was brought from Timpson this morning by Deputy Constable Tom Muckleroy on a charge of disturbing the peace at the depot here a few nights ago. He pleaded guilty before Justice Huston and was fined \$2.50, in default of which he was sent to the county farm. Cleveland Hawkins, a young negro who was convicted in Justice H. V. Fall's court at Chireno a few days ago, for simple assault and disturbing the peace, was brought in today and carried to the county farm.

### Strayed.

Two 2 year old heifers. One of them is red colored with crimple horns, the other one is brindle colored with crimple horns. Neither of them is marked or branded. Left the range about 2 miles south of Appleby about a year ago. Notify T. J. Williams, Appleby, Tex.

### TOBACCO PROSPECTS.

Government Experts Looking Over the Fields and Crops.

Mr. W. M. Hinson, the government superintendent of the tobacco experimental crops, is here today looking over the fields with his assistant, Mr. Otto Olson. They report the outlook quite satisfactory, but the cold weather has retarded the growth of the young plants and some of the seed beds fell short by neglect. Weeds, grass and insects destroyed the little plants in the beds.

Tom Meroney, the leader in tobacco growing, is proud of his prospects. He has two acres of shade completed and everything fairly under way for a fine crop. His neighbors are taking the greatest interest in his work. They expect to see a fine crop of money this fall and are for acquiring the art. Tom is following the instructions of the government experts, and his land is expected to be 250 acres, contracted at 40c, aggregating a cool thousand dollars.

Mr. Meroney's farm is at his home, three miles east of town, in the famous red lands that count for most. Mr. Hinson, government expert, visited him today and gives a favorable report as to prospects. Mr. Otto Olson, assistant expert, has directed this as well as other experimental crops. The tobacco growers here are all absorbed in their work, and are eliciting the greatest interest. Tobacco bids fair to become the leading agricultural interest of East Texas, as well as of Nacogdoches county.

### District Court.

The case of J. W. Carriker and others against J. P. Clevenger and others, for damages, was concluded late Monday afternoon, and this morning the jury returned a verdict for Carriker to the amount of \$2,280. The suit was based on the allegation that Clevenger had wrongfully sued out an injunction. A new trial will be asked for, and if refused the case will be appealed.

Minnie Vercher was granted a divorce from her husband, A. P. Vercher, today by Judge Perkins. She was also awarded custody of their children and possession of all property.

Nacogdoches, Tex., April 17, 07. \$125.00

Received of J. O. Pinckard & Son, agents of the Texas Mutual Live Stock Insurance Association, one hundred and twenty-five dollars, being claim in full for my dead buggy horse.

Giles M. Haltom. Our Missouri Diamond Patent flour is getting into a great many families, and in every case when they buy the second time they buy the Diamond Patent.

E. M. Dotson.

### GRAND JURY REPORT.

The Old Court House and Jail a Crying Shame.

The grand jury completed its labors today and before finally adjourning submitted the following report:

To Hon. Jas. I. Perkins, Judge Second Judicial District:

We convened on the 18th day of March, 1907, and remained in session six days. We were reconvened on the 3rd day of April, 1907, and remained in session two days, adjourning to meet on the 22d day of April, 1907.

After laboring three days, and having no further business, we are ready to adjourn finally. In all we have heard 11 days, 20 felonies, 2 misdemeanors, a total of 102 bills found.

To our satisfaction we find that there has been a great decrease in the number of killings in this county within the last year, having had as we understand only three murders, while in the year last preceding we had 19. We think there is about the average in misdemeanors.

We desire to express our appreciation for courtesies extended by your honor.

Respectfully Submitted,

Allan Seale,

Foreman Grand Jury.

The grand jury also submitted the following additional report to the County Commissioners Court, which was filed with the county judge:

To Honorable Commissioners Court.

We, your grand jury for the March term of District Court, 1907, beg leave to say to the Honorable Commissioners Court that upon visiting our county jail and examining the condition of the county court house and vaults for protecting our records, we find such a crying need for both a modern jail and court house in keeping with the needs of our county, and so handsome as to be in keeping with the prosperity and wealth of this the Eden of Texas. The court house is needed from the fact that it is not large and commodious enough for our needs, and we find our valuable deeds and other records—the most valuable in the state of Texas—have no protection whatever from fire.

We think and believe it a crying shame and disgrace to this, a civilized and christian county, to place a criminal, no matter how heinous the crime, in such a miserable dungeon, given the misnomer of a jail by our people. We respectfully ask your honorable body to agitate the matter before the people of our county, and bring about an election for a bond issue of suitable amount to build a new court house and jail.

## Buggies and Surries

Never before have we shown so many attractive styles in BUGGIES and SURRIES as now, and our prices are more attractive than the styles. We have led in Buggy sales in East Texas for 15 years, and if good work and low prices will keep us in the lead we will remain there.

Call and inspect our stock even if you don't buy.

### Aged Citizen Dead.

The sad news of the death of another respected and aged citizen was brought in from Alazan this morning.

S. S. Carnegay died at that place yesterday at the age of 60 odd years, with a host of friends and loving relatives hovering around his bed side to witness the last great work of his Master's hand for him on earth.

He is well known over the county as a man well deserving all confidences placed in him, and his absence will be felt by all his acquaintances.

The Sentinel extends sympathy to the bereaved ones.

I will buy all the hand shelled peanuts that Lean get. M. W. King. wtf

LISTEN! Nacogdoches is making a noise like a city.

NACOGDOCHES is perhaps the only city in East Texas that is not short on hotel facilities. With three first class hotels with nine foot sheets, Nacogdoches is prepared to take care of the weary traveler in comfort.

A GERMAN proverb says: "A good conscience is Heaven; a bad one hell." That may be true logic in Germany, but it is not likely to become popular in a country where so many people have no conscience.

AN Indianapolis woman raised a row on a train while going to a D. A. R. convention.—Galveston Tribune.

That woman should have been as lady like as the members of the Daughters of the Republic of Texas, and waited until she reached the convention to raise her row.

ONE of the most common habits among men and women is that of exaggeration. How easy it is to make an assertion which, if we were required to prove literally true, would place us in an embarrassing predicament. — Nacogdoches Sentinel.

If exaggeration was a penal offense there would not be enough of us outside of the prison walls to make a petit jury. It seems a second nature of a great majority to always make the large larger, and the small smaller.—Abilene Reporter.

And the above paragraph would convict the Reporter man without further testimony.

In copying the amendment to the election law, passed in the closing days of the regular session of the legislature, the amendments providing for the nomination of United States senators by a direct vote of the people got lost in the shuffle, and was not embodied in the law. Of course, no one knows how it happened, but it happened, just the same.—Palestine Herald.

The portion of the election law which this amendment proposed to change was that fatal Section 120. It might be a good idea if the special called session would blot out Section 120 altogether and enact it anew.

MAYOR BAKER, of Waco, made an anti-prohibition speech the other day and to clinch the usual argument of the liquorites that "prohibition won't prohibit," the mayor said he had gone to Hillsboro and bought beer—good, cold beer. When the justice of the peace at Hillsboro saw that statement he subpoenaed Mayor Baker, and had that gentleman before him Friday. He declared that he bought the beer, but he didn't know just where he got it nor whom he got it from.—Bonham News.

Mayor Baker should remember the fate of a former mayor of Waco, who was impeached because of his too active interest in anti-prohibition.

THE people must unite in an effort to keep out of the Legislature young men who are laboring under the impression that nothing has ever been done right up to their day and generation.—Dallas News.

It is not safe to send that sort of man to the legislature, be he young or old. That is one of the strongest objections to the "elder statesman" craze.

UNDER the statutes of California, whenever the grand jury is in possession of evidence which warrants a finding of an indictment, but which evidence might be susceptible of an explanation which would change the aspect of the affair, the jury may, if it desires, call the suspected person as a witness, giving him an opportunity to explain his connections with the case under investigation. This is a commendable provision of the law, and should be in the statutes of every state. Many times indictments are returned by the grand jury that the testimony does not sustain on trial of the case, thus delaying the progress of the courts and incurring unnecessary expense, to say nothing of the unjust humiliation and harassment of the accused.

AS A RESULT of a recent fire destroying property valued at more than \$200,000, Nacogdoches has voted \$50,000 in bonds, the money to be used in building a waterworks system. The amount is not sufficient to put in a waterworks plant adequate to supply a city the size of Nacogdoches, but it is a starter, and as it is to be owned by the municipality, there will be little difficulty in voting additional bonds if the initiatory plan is efficiently and economically managed from the start.—Beaumont Journal.

The Journal is very generous to express an opinion in the case after it has been definitely decided by the people of Nacogdoches. The question as to the amount of the bonds necessary to put in an adequate system of waterworks was an issue in the campaign, and it was the opinion of experts that \$50,000 was amply sufficient. In any event a \$50,000 plant will be better than no waterworks at all. Some contend that \$50,000 is too much.

### A Queer Damage Suit.

The Current Issue, a weekly newspaper published in Austin, records this remarkable incident:

"A man was beating his way on the T. & N. O. railroad in violation of a State law. A deputy sheriff arrested the man on complaint, as was his duty under the law as a peace officer. In the performance of this duty, the deputy sheriff handled his hip arsenal in such a careless way as to shoot the prisoner in the leg. The T. & N. O. railroad didn't have hold of the deputy sheriff's gun and couldn't help its going off by accident. The wound in the prisoner's leg was badly treated or neglected in jail, and as a result had to be sawed off. The T. & N. O. railroad didn't have charge of the county jail and had no part in the neglect or wrong treatment of the man's wounds."

### THE KIRBYVILLE TRAGEDY.

Tesseir Attempted to Kill His Wife for Insurance.

T. T. Tesseir, the Kirbyville carpenter who attempted to assassinate his wife while out fishing last Saturday, is in jail at Orange, where he was carried to prevent his being lynched. The Orange Tribune gives the following statement of the affair:

T. T. Tesseir, the accused man, is about 35 years of age and of very small build, being probably five feet, five inches, and weighing 135 pounds, and has a desperate looking pair of eyes. He stated to the reporter this morning that he was standing and his wife lying on the ground and he was handling the revolver, which was a small derringer, when it went off accidentally, and he, thinking he had killed her, began to yell for help, and then thinking he would be severely dealt with by her people, concocted the story about the negro and which he told at first. He also stated that he had heard that he had killed the first wife in Louisiana and asked Tesseir if she was still alive and was told that she had married a fellow by the name of George Graham, who was now living at Pollock, La. Tesseir and the wounded wife have been married about four years, the past eighteen months of which has been in the vicinity of Kirbyville, they coming there from Lake End, La. Tesseir is a carpenter by trade, and it is alleged that about three weeks ago he and his wife had had trouble, also that each had insured their lives in favor of each other in the sum of \$1,000, and the opinion is general around Kirbyville that he tried to kill her, as he is reported to have said when taken before his wife, while she was unconscious, and while he thought she was dead, to curse his luck, evidently sorry his attempt was a failure.

Word reached Newton that Mr. Tesseir was improving and would get well, but it would be some time before she would recover entirely as the bullet lodged in her neck, it having entered by the ear. She is attempting to shield the prisoner throughout, though she has not said that the shooting was accidental, but she is perfectly devoted to him. Mrs. Tesseir is said to be a very pretty little woman about 25 years of age.

### Profits of Cotton Mill.

Sulphur Springs has raised \$70,000 for a cotton mill. As to the success of cotton mills the business manager of the Bonham mill cites the following facts:

"The Bonham mill was chartered about seven years ago with a capital of \$130,000. The stockholders have dividends averaging 6 per cent. per annum, and yet the capital has been increased with the earnings until the mill is now worth \$276,000.

The \$130,000 mill worked six bales of cotton into yarn every day. The six bales of

## Do You Always Know What You Are Getting When You Buy Cigars?

When you get acquainted with a good cigar by smoking it, you are likely to remember the brand name.

But when you get a poor cigar how do you know whom you are to hold responsible for it?

Do you know that hundreds of thousands of smokers are every day paying twice as much as they ought to for the cigars they smoke—plainly "held up" by manufacturers unknown to them?

You have a right to know who makes the cigars you smoke—someone must be held responsible for the value.

And on the same basis an honest manufacturer deserves due credit for the good cigars you get.

**KNOW what you're getting before you give up your money**

No need to guess quality—no need to run chances—no need to depend on anyone's recommendations.

This "Triangle A" mark identifies the product of the American Cigar Company's modern, scientific methods systematically applied to cigar manufacture. The "Triangle A" is the surest, plainest kind of a guarantee.

It's easy to get a good one—and the "Triangle A" stands for quality for which the

the brand name is to distinguish by late Ten Year Old. Hang on to Nacogdoches for quality for which the

**The CREMO**  
5 cents

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red, keeping the contents in clean, fresh and perfect smoking condition until the box is opened.

**AMERICAN CIGAR COMPANY, Manufacturer**

cotton at 10c per pound cost the mill \$300 and when it was spun into yarn, it was worth \$600, and at the end of each day \$300 of wealth was created. It cost \$738 to operate the mill a week, thus leaving a net profit of \$1,062 weekly or, \$55,224 a year."

The mill runs full time and has orders for all it can turn out in the next twelve months.

### State Railroad Extension.

A member of the board of managers of the State penitentiaries was in Palestine recently, and he said surveyors would begin next week, or within the next few days at least, running surveys for the extension of the State road to connections with the T. & N. O. and the I. & G. N. railroads.

Two surveys will be run for the I. & G. N. connection, so this official said. One will be run to Palestine and the other will go to Crockett.

In explanation he said those Crockett people want the extension, and are offering a handsome bonus to get it. In some respects he thinks the extension to Crockett would be an advantage over the extension to Palestine. It would shorten the distance between the two State prisons, would lessen the cost of transporting freight and prisoners from one prison to the other, which is often necessary, and eventually would result in building the road straight through to Huntsville.—Palestine Herald.

### Kills Catarrh Germs.

Stomach dosing cannot kill these germs; a direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei. Breathed through the neat pocket inhaler that comes with every outfit—Hyomei reaches the most remote air cells in the nose, throat and lungs, giving immediate relief and effecting a permanent cure in the worst cases of catarrh.

A complete Hyomei outfit costs but \$1.00, and Stripling, Haselwood & Co. give a guarantee with every outfit that the treatment will cost nothing unless it cures.

### Exceeding His Authority.

The News has from the pen of one of the ablest judges in the State an opinion to the effect that Capt. McDonald has no lawful authority to order Tax Assessors to do this or that, as he has been doing. His Honor added that if any Assessor were to call McDonald and ask him to show his papers or his authority for sending out the notices that he has sent out, the latter would have to throw up his hands; that he has no authority to make such a demand and no means of enforcing it.—Dallas News.

Mrs. J. E. Countryman and baby, of Trawick were in the city today.

## HARNESSES

We have on hand a full line of single and double buggy harness, wagon harness, road wagon and logging harness.

We also have collars, bridles, collar pads, etc.

Call and see us when in need of anything in our line

**M. L. Stroud**

A New Orleans woman was thin. Because she did not extract sufficient nourishment from her food. She took **Scott's Emulsion**. Result: She gained a pound a day in weight.

ALL DRUGGISTS: 50c. AND \$1.00

**Board of Equalization.**

Messrs. Hollis Mast, Sam Stripling and Charles Perkins have been appointed by Mayor Shindler, with the advice and consent of the city council, as a board of equalization for the city. As soon as the city tax rolls have been completed by the assessor, the board will meet and equalize the assessments. Due notice will be given of the meeting of the board.

**Catarrh and Catarrhal Headaches**

are quickly relieved by Nosenia. It soothes the congested membrane allays inflammations and thoughtfully heals and cleanses. It keeps moist all the passages whose tendency is to thicken and become dry. Cures colds, throat troubles, hoarseness, hay fever, "stopped-up" nose, breathing

**We Guarantee Satisfaction.**

J. A. Brogdon, of the Sign Co., Dayton, Ohio, writes under date of Oct. 12, 1906: "Nosenia is the only preparation I have ever used that relieves my affection so speedily and pleasantly. I am getting the first real pleasure out of breathing that I have experienced since I contracted catarrh six years ago. Money would not buy my tube of Nosenia if I could not get another."

Buy Nosenia from all druggists get your money back if not satisfied. Sample tube and booklet by mail 10 cts.

Brown Manufacturing Co. St. Louis, Mo. and Greenville, Tenn.

W. B. Pearson, a leading citizen of Shady Grove community, was in the city today, and reported that the cold weather is injuring cotton that has been planted.

**Good Judgement**

is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgement when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many indeed are the sensible mothers, who write expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Kleas & Mast

Capt. M. Mast of Melrose is in the city today meeting and greeting old friends. He is still feeble, but is gradually regaining his health.

Frank Posey was a visiting trader here from Chireno today.

**A Cutting Scrape.**

A cutting scrape occurred in Nacogdoches yesterday. John H. Cox, a well known citizen of Nacogdoches, cut prices on all lines of goods. If you don't believe it, call and see for yourself, in the Ingraham building, first door east of the court house. dw3

**Letter to Rev. B. Harrell.**

Nacogdoches, Texas.

Dear Sir: Three churches in Baldwinville, N. Y., have had their lesson in Devoe.

Messrs. Osterhout & Lockwood painted the Presbyterian parsonage; estimated 30 gallons; took 22.

Messrs. Slingerland & Shutter painted the Episcopal church; estimated 40 gallons; took 28.

Same painters painted the Catholic church; estimated 50 gallons; took 30.

Of course, they estimated from what they had been using. The saving in paint and work is \$4 or \$5 a gallon. Total saving on three jobs \$125 to \$150—the painting costs two or three times as much as the paint, you know.

Yours truly,

F. W. Devoe & Co.

P.S.—Kleas & Mast sell our paint.

**Debating Society Dates.**

To the Public.

We, the undersigned members of the Alazan Debating Society, desire to say that our meetings are on Saturday night, except the Saturday night before the second Sunday in each month, then it is on Friday night.

Those making appointments hereafter, we hope, will observe this.

L. P. Fulmer, Pres. B. C. Castleberry, Sec.

April 20, 1907.

Dr. John Brown of Cushing was in the city today on business.

**VERDICT FOR MANSLAUGHTER.**

Jury Gave Doc Watson Four Years in Penitentiary.

After having been deliberating on the case five days, the jury returned a verdict against Doc Watson at 1:30 o'clock this afternoon, finding him guilty of manslaughter, and assessing his punishment at confinement in the penitentiary for a term of four years.

It will be remembered that Doc Watson shot C. C. Chandler in this city on the night of March 5, 1906, and that Chandler died from the wounds a few days afterwards. Watson was indicted for murder by the grand jury within a few days after Chandler died, and on being tried was convicted of murder in the second degree and his punishment assessed at eight years in the penitentiary.

The case was appealed to the court of criminal appeals, and was reversed by that court, and remanded for another trial.

The case again went to the court of criminal appeals, and was reversed by that court, and remanded for another trial.

**SOME NEW LAWS.**

A Number of Important Bills Signed by the Governor.

The following important bills have been approved by Governor Campbell since the adjournment of the regular session of the legislature:

An act to prevent the delivery or sale of intoxicating liquors to minors.

An act allowing \$1 a day for special veniremen while they are in session and whether they actually serve on a jury or not.

An act allowing fees to justices of the peace and constables in misdemeanor cases and examining trials.

An act authorizing cities and towns through their councils, to fix the rates to be charged for water, power, light and sewer.

An act granting authority to the railroad commission power to make emergency rates.

An act providing that confessions shall not be used in the trial of the defendant in felony cases.

An act prohibiting betting on baseball and football games.

An act providing for the punishment of persons contributing to the cause or neglect or dependency of children.

An act making it a felony punishable by from two ten years in the penitentiary to use explosives to commit burglary.

An act authorizing the attorney general's department to require county judges to inquire into evidence in anti-trust suits in the district court in which they are located.

An act requiring the appointment of county superintendents in counties of over 3,000 scholastic population, and known as the county super-version bill.

An act placing an occupation tax of \$2000 on dealers in local option districts, and placing an occupation tax of \$1000 on cold storage companies handling such non-intoxicating malt liquors.

An act permitting appeals to be taken in certain injunction cases by district judges.

An act making more stringent the school board law, and known as the "intelligent" trustees, the purpose being to eliminate negro trustees.

An act making it mandatory upon county commissioners to advertise for bids for depositing the county funds.

**THE CHANGE OF LIFE**

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE

MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden.

At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: Dear Mrs. Pinkham—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. That no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound. My bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: Dear Mrs. Pinkham—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

**Saw Mill Burned.**

E. C. Smith's saw mill, located in the Henrietta community, burned last night. The origin of the fire is unknown, but is supposed to have caught from the furnace or burning slab pit.

The loss is estimated at \$1500 or \$2000. Only a light shed was over the building and it is thought much of the machinery can be repaired, hence the seemingly light loss. No insurance was carried and no night watchman employed, hence the fire was permitted to run its course.—Center News.

**J. E. Bonneville has returned.**

ed from an extended trip to Houston and Galveston, where he was interested in an important lawsuit, involving several thousand dollars. Mr. Bonneville won his suit.

**EX-MAYOR CRUMBO RECOMMENDS PE-RU-NA.**

"My Endorsement of Pe-ru-na is Based on Its Merits."  
—Ed. Crumbo.

ED. CRUMBO, Ex-Mayor of New Albany, Ind., writes from 511 E. Oak street:

"My endorsement of Peruna is based on its merits.

"If a man is sick he looks anxiously for something which will cure him, and Peruna will do the work.

"I know that it will cure catarrh of the head or stomach, indigestion, headache and any weary or sick feeling.

"It is bound to help anyone, if used according to directions.

"I also know dozens of men who speak in the highest terms of Peruna and have yet to hear of anyone being disappointed in it."

Mr. Crumbo, in a later letter, dated Aug. 25, 1904, says:

"My health is good, at present, but if I should have to take any more medicine I will fall back on Peruna."

WILL T. HAWKINS, Editor.

**NEW SALOON LAW.**

The new liquor tax law, designated as the Baskin-McGregor liquor bill, passed at the regular session of the legislature and recently approved by the governor, is by far the most drastic and far reaching of any law that has ever been placed on the statute books of Texas relating to or regulating the sale of liquors. The law does not become effective until ninety days after adjournment of the regular session, or July 13, but even now it is causing many saloon men in the state to arrange their affairs to go out of the liquor business before that time. Without stating its provisions in detail, it is conceded that the new law is destined to revolutionize the saloon business in Texas. For instance:

Under the new law, if the man operating under a beer license sells whisky he must go to jail for not less than three months.

Under the new law, if the saloon man sells liquor to a boy his license is forfeited, with no renewal for two years, and he can not go to some other county and start in business, for he must live in a county for two years and must be a qualified citizen under the law.

Under the new law the owner of the saloon is responsible for the acts of his agents, forfeiture of license following the violation of the law.

Under the new law there can be no saloon in the residence district of a city without first getting a majority of those residing in the block to sign a petition to the county judge for the issuance of a permit to conduct such

business. This petition must be on file for ten days, and its truthfulness can be contested by any citizen or by the county attorney.

Under the new law the man holding a saloon license is absolutely in the custody of the county judge, and he must at all times "make good" or have his license revoked, with no possible chance for its renewal under two years.

Under the new law no game of any sort—dominoes, billiards and such like things—can be played in a saloon.

Under the new law the saloon man is forbidden to sell intoxicants at any other place than the one designated in his license.

Under the new law the saloon man can not hire in his place of business or around his place of business any girl, woman or boy, unless it is some member of his own family.

While Editor and Mayor J. D. Ford of the Timpson Times is attending the Knights of Pythias grand lodge at Dallas, the Madam editor has resumed her "Random Thoughts," much to the gratification of Times readers.

The first called session of the legislature is getting along swimmingly. Only one third of the allotted time has expired, and yet the bills providing for the payment of the salaries of the members and the contingent expenses of the session have already been passed.

First the Connecticut peach crop was killed, then the Texas crop; now part of the Georgia crop is reported eliminated and the same may be true over most of the central western states. Michigan is said to have lost out last fall. Those sections having good prospects remaining should speak up.—Kansas City Packer.

This would indicate that canned peaches will be a scarce commodity before the expiration of this year. Every peach raised in Texas this season should be canned by the producers, and held for the big price that is bound to come. Those fruit growers who have not already procured a home canning apparatus should secure one and can every peach, pear or plum their orchards produce.

ONE of The Sentinel's esteemed cotemporary's gives this method of how to perform a difficult surgical operation on yourself: "If you want to cure yourself of soreness it is better to have an operation performed. You can do it yourself. Cut out all the mean things you would say about people, or, to be sure to get all the germs, cut out also all the bad thoughts you have about people and things. Cut out also the crumbings of various kinds about things. The operation is painful, though not dangerous, and when you are convalescent use as a salve a nice mixture of good thoughts about people and kind words and good deeds. But don't say you will go on a man's bond until he asks you, because you might make a serious mistake."

**FINANCE COMMITTEE.**

**Interesting Report of the County's Financial Condition.**

The finance committee, appointed by Judge Perkins at the present term of district court to examine into the finances of Nacogdoches county, filed its report with the court Tuesday. The committee was composed of T. E. Baker, E. H. Blount and I. L. Sturdevant, and their report is not only an exhaustive exposition of the county's official and financial affairs, but is a creditable one in every respect.

The books and official reports of each county and precinct officer for the past eighteen months have been carefully examined by the committee, and with the exception of technical errors in a few instances, these accounts and reports were found to be correct.

To quote the report of the committee verbatim, the committee says: "With one or two exceptions, we find the accounts more or less correct, and in better shape than those of other counties in the state."

The committee further reports: "We find no report from the district or County Attorneys, as required of them in Articles 843 and 844."

Under the head of the county judge's reports, the committee says: "We find that W. G. Ratcliff has made all reports required of him, and that he has turned over to the county all money collected by him. Owing to the fact that Judge Ratcliff died after making his report to the commissioners court, and to the further fact that he had collected some money since said commissioners court, we have gone over his account thoroughly and checked his books up to date of his death, and find that he turned over to the treasurer every item of money collected for the county. We find further that he left his books and records in splendid condition."

In conclusion, the report says: "We note with some satisfaction general improvement in official circles; that the officers are making their reports with more regularity, and in a more intelligible manner than heretofore. The last finance committee reported the necessity of having the records of the county more fully protected from fire, and also that certain deed records should be rebound. We find that this condition still exists, and while it probably does not come within our duties, yet the necessity is so apparent that we can't help but feel that your attention should be called to this fact, and that some sure steps should be taken to properly protect the records of the county from fire."

I have again opened for business in a tent on Pilar street next to Hoya's land office, and am prepared to make as good pictures as ever before. All my work is guaranteed.

C. H. Casley.

**COMPLETING THE ROSTER.**

**Additional List of Participants in Battle of Mansfield.**

Editor Sentinel.

Noticing an interesting account of the Battle of Mansfield and Pleasant Hill by Brother Joe E. Mayfield, in a late issue of The Sentinel, in which he gave a few names of those who occurred readily to his mind, that participated in those "Skirmishes"—as called by old Virginey soldiers—one or two of us were prompted to try to recall all those, now surviving, who were there or would have been had circumstances permitted.

This recalling feature, without a roster, is a difficult roll to play, and we no doubt have forgotten some few, perhaps, but as we need a list for future reference that embraces all, we have been as careful as we could be.

The names remembered in addition are: Lieut. Marion Rainbolt, John M. Martin, Abner Acrey, Leonard Tindall, Mitch. Weatherly, Wite Weatherly, Holloway Powers.

Mike Baugh, George, M. Allen Tucker, Sam Wea, West Skeeters, Ben Sec, Joe Rodgers, Mat White, Sam Sutphin, Oscar Bro, Jim McChristian, Tom Tair, dall, Frank McChristian, Ed Collins, Rufe Casey, William Slay, Jim Strode, Sam Reed, Dock Burrows, John W. Berry, Will Parrish, George Weaver, Ed and Dick Whitaker, Capt. Felix McKnight, Bill Burrows, Capt. Milton Mast, Vail Fall, Cal Fall, Jim Curl and Sam Briley.

All the above, now living, or believed to be, and all originally from this county. The last ten, or ten last mentioned, did not belong to Company H of the Green Brigade, but were of other companies. This is a gentle hint for some other old soldier to give additional names of any company yet surviving that participated in those Skirmishes, as those names are now needed in the business of two other old Soldiers. Pink Piler.

The charter of the Star Publishing company, with \$25,000 capital stock, has been filed with the secretary of state at Austin. The purpose of the company is to publish a morning newspaper at Waco, and A. M. Kennedy and H. B. Terrell, two of McLeman county's representatives in the legislature, are two of the incorporators.

**At Home Again.**

We have been the recipient of numerous inquiries in regard to the condition of Claude M. Barrett since he was shot at Athens a couple of weeks ago and we take this method of answering them all at one time:

Claude was taken from Athens one day last week to Nacogdoches, on a cot, where he remained until Tuesday of this week when he was able to continue his journey to Garrison. Now it is only a question of a short time until he will fully recover.—Garrison Gleaner.

**Grocery Bargains**

The New Store

**ACCIDENTLY KILLED**

Ten Year Old Negro Boy Hanging in Window.

They went before Judge Mims on a charge of adultery. The 10 year old son of a colored man, was found dead hanging in a window near the show case factory about 11:30 o'clock this morning.

The mother of the boy is dead, and his father had been away from home for two or three days, leaving his little children at home alone. This morning the little boy attempted to climb through a window, when the sash fell across his neck and held him till he died.

It was not known how long the boy had been hanging in the window, as he was cold and stiff when found by two little colored children who notified a neighbor.

The father of the boy left here for Logansport a few days ago, but no one knows for certain where he is.

Justice Huston held an inquest over the remains, and on examination by Dr. A. A. Nelson, county physician it was found that the boy's neck was broken. Justice Huston rendered a verdict in accordance with the above facts.

**Insure Your Live Stock** in the best Company in America—\$1,350. already paid for dead animals in our agency here. J. O. Pinckard & Son, Hazle Building, Nacogdoches Texas.

On the matter of sidewalks we are much like the Arkansawyer concerning the building of a roof over his home.—Ablene Reporter.

You mean some of us are. At least this does not apply to all the people of Nacogdoches. Several of the enterprising citizens of this city are actually building good, substantial concrete sidewalks. And still there's more to follow.

**That Beautiful Gloss**

comes from the varnish in Devoc's Varnish Floor Paint; costs 5 cents more a quart though. Sold by Kleas & Mast.

Mr. and Mrs. F. B. Sublett, have a fine little girl. The little miss arrived yesterday.

**Obituary.**

The death angel visited the home of Mrs. Nettie Barnhart

months ago their precious little Nettie. Nettie was born August 31, 1905, and died April 11, 1907. She was one year, six months and 11 days old. Nettie left a father and mother, one brother and two sisters to mourn her loss. Her death was a great shock to the whole community. She being ill only a short time, it was hard for us to realize she was dead. Death was the result of paralysis. All that medical skill and loving hands could do was done to alleviate her suffering. Nettie was an obedient child, a kind and loving sister. God knew best to take her from her loved ones; weep not, dear ones for she is not dead but only sleeping in the arms of Jesus and some sweet day we will meet her in that beautiful home where sad parting comes no more. After bringing light and joy to her home for this short time she has gone on before to wait and watch for loved ones.

At her bedside we surrounded, Listening to her struggling breath; Softer, softer each breath sounded, Till her eyes were closed in death. A precious one from us has gone, A voice we loved is stilled; A vacant chair is in that home, Which no one else can fill.

Her friend,  
Mattie Parmely.

Be sure and read and think over the food in E. M. Dotson's ads.

Mr. Claude Barrett has accepted a position with P. B. Ligon, the Furniture Dealer, where he will be pleased to meet his many friends. Mr. Barrett was formerly a resident of Nacogdoches, but more recently of Garrison where he occupied a position with the Garrison Drug Co. Mr. Barrett is a young man of sterling qualities and high social standing and we congratulate Mr. P. B. Ligon on securing the services of so valuable a man.

**MORE NEW LAWS.**

**The One Board Medical Bill Now in Effect.**

The governor has affixed his signature to the one board medical bill, and as the measure carries the emergency clause and passed in both branches of the legislature by the required two-thirds vote, it went into immediate effect.

The bill, as is generally known, provides for the creation of one central medical board composed of eleven members, who shall be learned in the practice of medicine and who shall have practiced in this state for a period of at least three years. It also provides for the registration of the physicians in the various counties in the state.

The Christian Scientists within the provisions of the act and will in future have to stand a medical examination in order to practice their cult or science for pay. The Christian Scientists over the state strongly opposed the passage of this measure.

The governor also signed the following bills and resolutions:

Joint resolution providing for a proposed amendment to the constitution authorizing counties or subdivisions of counties to issue bonds for road purposes.

Joint resolution looking on to an amendment to the constitution providing for the establishment of a state printing establishment to be located at Austin.

An act providing for actions

in county court and to determine and declare who are the heirs and only heirs of decedents, and their respective shares in the estate of decedent, fixing the venue, etc.

An act providing that telegraph, telephone and railroad telegraph operators shall not work over eight hours a day. This is one of the labor measures.

Kodol for Dyspepsia clears the stomach and makes the breath as sweet as a rose. Kodol is sold by druggists on a guarantee relief plan. It conforms strictly to the National Pure Food and Drugs Law. Sold by Stripling, Haselwood & Co.

**New Planing Mill.**

Mr. John M. Green, a popular young business man of this city, is erecting a new planing mill west of the H. E. & W. T. and T. & N. O. railroad tracks, and just north of the box and crate factory, in this city.

Mr. Green has his building almost completed, and has already received one car load of his machinery. He has received the invoice and bill of lading of another car of machinery, which is now in transit.

Mr. Green is a young man of excellent business tact, is experienced in the lumber business, and The Sentinel, in common with his hosts of other friends, wishes for him every success that can come to him in his undertaking.

Dress Goods of all descriptions, going low at E. M. Dotson's.

**Wanted—A Home.**

Judge C. D. Mims is anxious to secure homes for the three little children whom he took from their parents, mention of which was made in The Sentinel yesterday. There are two boys, aged 7 and 9 years respectively, and one little girl 5 years of age. Judge Mims has authority of law to bind them out to one or more good persons, or to apprentice the boys to some reliable man who desires a boy to learn a trade.

The children are now being kept and tenderly cared for at the county farm, but as the county has no use for them, Judge Mims would be glad to secure a good home for them. Any one desiring to adopt a child should see Judge Mims at once.

**Trawick Topics.**

April 22.—Trawick has increased in population with quite respectable citizens till now we have a real good community.

Saw mills are still the order of the day; several mills shipping out their lumber here now.

The E. W. Dunn Lumber Company has bought the planer from Long & Plunkett, and the machinery will be overhauled before starting up.

We have a very good Sunday school, but interest is somewhat limited at present. C. W. Salmon of Cushing spent Sunday here with friends.

The literary school began today under the management

**of Miss Wood of Nacogdoches.**

Some of the boys from other diggings got tanked up on o-be-joyful, and some of the citizens had to show their feathers to get them quiet.

Mrs. Vannie Crawford has been in Nacogdoches the past few days with her mother, Mrs. Lettie Huff, who is very sick.

A few cases of whooping cough are reported, otherwise the community is enjoying good health.

The weather is very disagreeable for the time.

When you need a pill, take a pill, and be sure it's an Early Riser—DeWitt's Little Early Risers are safe, sure, satisfactory pills. The pills with a reputation. They do not gripe or sicken. They are sold here by Stripling, Haselwood & Co.

Marrig at Hayward.

Mr. R. F. Malone and Miss Fannie Williams were married in the Methodist church at Hayward mill last night. Rev. Walter W. Armstrong officiating.

Mr. Malone is one of the trusted employes of the Hayward Lumber company, and his bride is a young lady of many graces of mind and person and will prove to be truly a helpmate and companion to the husband she has chosen to honor with her hand.

Bennett, B. Perkins, a prominent young attorney of Rusk and son of Judge Jas. I. Perkins, is attending district court.

**FIFTY YEARS AGO.**

**An Old Texan Recalls Disasters of 1857.**

The following letter, which appeared in a recent issue of the Houston Post, will be read with interest by The Sentinel readers:

Fifty years ago, on the 11th of this month, we had a snow which stayed on the ground till 10 o'clock a. m., and on the morning of the 13th we had a killing frost. My corn was knee high. I was living in Austin and had 160 acres in corn in the Colorado valley two miles below town. I planted over and did not gather twenty bushels on the 160 acres. Lost it down for fodder—1857 was a very dry year, a very windy spring.

The first good rain after the frost was on the 29th of September. Then came the Kansas grasshopper in the fall. They laid their eggs in the sand and in the spring, 1858, came up the first planting of corn and cotton causing us to plant over. We made a moderate crop in the valley that year. I hope we may escape that frost this year, but the signs seem to indicate another dry year, and instead of grasshoppers we have the boll weevil, numerous and active. Ora probis and we will keep the plows running.

M. W. Sims.

Remember we have some thing in store for the people that will be of great benefit to all who take advantage of it.

E. M. Dotson.

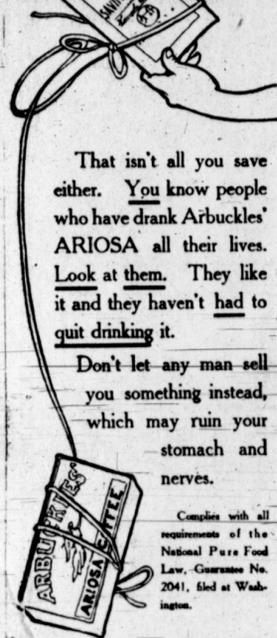

## Plow Shoes

Instead of plow implements, are part of our line of **General Merchandise.** They are made strong with two rows of stitching and brads. Will last like iron bands for heavy work of any kind. Come in and let us sell you a fine pair of Sunday shoes and a pair like cut for every day.

We also carry a complete and up-to-date stock of General Merchandise.

## B. M. HALL & SON

# YOU SAVE MONEY WHEN YOU BUY ARBUCKLES

That isn't all you save either. You know people who have drank Arbuckles' ARIOSOSA all their lives. Look at them. They like it and they haven't had to quit drinking it.

Don't let any man sell you something instead, which may ruin your stomach and nerves.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

## Transplanting Tobacco.

Mr. Otto Olson, government tobacco expert, reports that the work of transplanting the plants to the fields is progressing as rapidly as weather conditions will permit. Thirty-five acres have been planted out, and the plants are doing reasonably well, notwithstanding the cool weather and frequent rains.

Mr. Gill, manager of Redfield farm, has five acres in shade tobacco set out and growing nicely, and he has five acres more ready to set out.

The Nacogdoches Tobacco Growers Company has ten acres of shade in preparation to be set out, and Mr. John Reid has his ground and plants in excellent condition. Upon the whole, the tobacco prospects are as favorable as could be asked under existing condition.

## A Poor Organ.

Dam(s) the bile. That's what your liver does it's torpid. Then the bile overflows into the blood—poisons your system, causing sick-headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—does not force. Entire treatment 25c.—All druggists.

Mr. John Windsor was exhibiting a fine young colt on the streets today. The colt was only about six weeks old, but he looked to be more than three months old.

## Heart Fluttering.

Undigested food and gas in the stomach, located just below the heart, presses against it and causes heart palpitation. When your heart troubles you in that way take Herbine for a few days. You will soon be all right. 50c a bottle. Kleas & Mast.

Mrs. Austin Doolittle of Tenaha is here shopping. She is the guest of her sister, Mrs. W. E. Thomason.

## Prevent Headache.

Force them? No—aid them. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and digestive organs so that they do their own work and fortifies your constitution against future trouble. Entire treatment 25c.—All druggists.

## NACOGDOCHES TOBACCO.

Interesting Interview With Mayor R. T. Shindler.

On his return from a recent trip to Austin, Mayor R. T. Shindler stopped off in Houston, and while there is quoted by a Chronicle reporter to have said:

"We are raising more tobacco there this year than ever before, and there is no question about the fact that the tobacco raising industry has gone beyond the experimental stage and is now an assured thing. This year there are about 185 acres of land under cultivation for tobacco, as against 15 acres last year. This is quite an increase, you see. We have a government expert, Otto Olson, on the ground, and he looks after the tobacco, going from one farm to another, giving advice and help wherever needed. It is his opinion and the tests made of the samples of tobacco raised around our city last year show that the grade of tobacco produced is as good as the best Havana leaf. Of course some of it is just as good as any imported leaf on the American market today.

"One good feature of our district down there is the fact that the percentage of inferior or medium grade tobacco is so very small as to be of no great account in the whole crop, while the high grade leaf is all that could be desired, and, as I say, in the greater percentage.

"That there is much more money in the tobacco farming than other crops at about the same expense of producing as corn or cotton, is shown by the fact that the open growth or filler tobacco is worth in ordinary crop at least \$115 per acre while the shaded leaf, which is used for wrappers, is worth about \$600 per acre. Last year the shaded leaf ran in the neighborhood of 1400 pounds to the acre, and it will go a hundred over that this year.

"We are planting much more tobacco every year, and it is only going to be a matter of a short time until that portion of the state is going to make itself felt in the tobacco markets of this country, and as soon as it is sent out into the markets, it will come into active competition with the very highest grades of imported leaf.

"We have a factory at Nacogdoches at the present time which employs twenty men and turns out several thousand cigars a day, cigars which sell all the way from 5 to 20 cents each on the market. The products of this factory are in demand, and they are at the present time fully 30 days behind with orders."

## Why

have a torpid liver when Herbine, the only liver regulator will help you? There is no reason why you should suffer from Dyspepsia, Constipation, Chills and Fever or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Kleas & Mast.

# Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

This is the first question your doctor would ask: "Are your bowels regular?" He knows that daily action of the bowels is absolutely essential to recovery. Keep your liver active and your bowels regular by taking laxative doses of Ayer's Pills.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of HAIR VIGOR, AGUE CURE, CHERRY PECTORAL. We have no secrets! We publish the formulas of all our medicines.

## Fined for Adultery.

A. P. Vercher, a prominent farmer residing near Swift, was tried in the county court Saturday afternoon on a charge of adultery. A jury was waived and the case was tried before County Judge Mims, who declared the defendant guilty of the offense, and assessed his fine at \$500.

## Notice of appeal was given.

and more people with Nacogdoches people. Sir Kleas & Mast's drug store.

When you have rheumatism your friends will recommend various remedies. Just get a bottle of Rheumazone first and you will not need the others. Rheumazone is manufactured by O. P. White, Rusk, Texas, and is just as sure a cure for rheumatism as White's Head-Ease is for headache. Sent by prepaid express to any address on receipt of price, \$1.50 per bottle. For sale by all wholesale and retail druggists.

## Swinny not Guilty.

George Swinny, a young man arrested a few days ago on a charge of carrying a pistol, was tried before a jury in the county court this afternoon.

After hearing the evidence County Judge Mims instructed the jury to return a verdict of not guilty. This was done, and Swinny left on the T. & N. O. train for Dallas.

## We Reiterate

That for more than fifteen years Hunt's Cure has been working on the afflicted. Its mission is to cure skin troubles, particularly those of an itching character. Its success is not on account of advertising, but because it surely does the work. One box is guaranteed to cure any case.

H. C. Parker of Tenaha was in the city yesterday and gave Cason, Monk & Co. an order for a complete saw mill outfit, including engines, boilers and all other necessary machinery that goes to complete a first class saw mill. The machinery is being shipped out today, and Mr. Parker expects to have his mill up and in operation within a few weeks.

## The Entire Family.

Grand-Pop used it for Rheumatism. Dad for Cuts, Sprains and Bruises. Many for Burns, Scalds and Aches. Sis for Catarrh and Chills. I use it for everything, and it never disappoints any of us. It surely yanks all old pain out by the roots.

Hunt's Lightning Oil is what I am telling you about.

## BLOCKADED.

Every Household in Nacogdoches Should Know How to Resist it.

The back aches because the kidneys are blockaded.

Help the kidneys with their work.

The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

Fred Muller, brick mason, of Lufkin, Texas, says: "I had been troubled with pains across the small of my back at times, so bad that it was difficult for me to do the bending or stooping necessary in my work. I decided that my kidneys were not in good condition, and hearing of Doan's Kidney Pills I procured a box. The results were extraordinary for it was only a short time after beginning their use according to directions that the pains left my kidneys and I was able to work as well as ever. When I find a medicine which does what is claimed for it as Doan's Kidney Pills have done for me I take pleasure in recommending it to others."

Plenty more proof like this from Nacogdoches people.

can at Kleas & Mast's drug store and ask what customer Judge Mims report.

For sale by all dealers. Price 50 cents. Foster-McBurn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's,—and take no other.

Mrs. Bettie Skeeters and little daughter, Thyria Macie, of Appleby are visiting her parents, Mr. and Mrs. P. L. Tucker.

## Don't Delay.

Save a possible serious spell of fever later on by cleansing your system now of its accumulation of impurities. Simmon's Sarsaparilla will do it. It makes fine blood, fine appetite, great strength and grand ambition.

Mrs. W. R. Reeves of Farmersville, La., is here visiting her sister, Mrs. B. F. Feazell, and her nephew, F. I. Feazell. Mrs. Reeves will likely spend several weeks visiting in Nacogdoches county before returning to her home.

## Actual Facts.

For upwards of fifteen years Hunt's Cure has been sold under a strict guarantee to cure any form of itching skin troubles known. No matter the name—less than one per cent of the purchasers have requested their money back. Why? It simply does the work.

Messrs. T. J. and J. L. Williams shipped out a complete saw mill outfit today, to be used in their new mill at Lelavale, Hardin county.

Cures Tetter, Eczema, Itch (all kinds) Dew Poison, Pimples, Ring-worm, Skin Eruptions, Chapped Faces and Hands, Sores, Sweaty, Swollen, Blistered Feet, Cotton Pickers, Pick-1/2 More Cotton, by Using it.

SOLD AND GUARANTEED BY KLEAS & MAST

# BAD BLOOD

## THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

### FONDERN'S FAREWELL.

Leaves Nacogdoches County to go to other fields.

Nacogdoches, Texas, April 22.—We had a good day at old Mt. Moriah yesterday where I preached my last sermon as pastor of those noble-hearted people. It is always painful to sever ties of friendship and associations, and yet under the providences of God it often becomes necessary to do so.

I take hold of my work at Deweyville, Newton county, the first of May, though my family will remain in Nacogdoches until the first of June or July, when I will return for them. Some may be curious to know why I leave the old historic town of Nacogdoches, and to this I have to say, that as I grow older the more ambition I have to devote my entire time and energies to the cause of Jesus Christ, and there is a field in that section of country and apparently "An open door," hence I enter in trusting and believing, that the Lord's hand is in it.

In going out from the good people of old Nacogdoches county I carry no grievances with me nor leave any behind me, but will ever cherish in memory the many kindnesses shown me by the good people of the town and community.

During my stay in Nacogdoches many know of our affairs, and though it all we are much indebted, and will always remember with grateful hearts any and all favors shown us.

The church work I resign, has been a pleasant service and the Lord bless them and send them a worthy man to lead them in the good work.

Respectfully,  
J. C. Fondren.

#### Sick, Not Lazy.

That's probably what ails you if you're drowsy in the day time. If you yawn, stretch and feel too weak to work, and broken up generally, some people may call it "Spring Fever," but you are sick. Brown's Iron Bitters, that famous old tonic, will make you well and strong. It does not constipate or stain the teeth, and is recommended by physicians. Sold by Stripling, Haselwood & Co. dw

#### Bitten By a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heads every sore, 25c at Stripling, Haselwood & Co. druggists. dw

### GROWING THE PEANUT.

John H. Barnes Tells How to Plant and Cultivate Them.

From The Dallas News.

Since I began to make public lectures on peanut culture in North Texas, I have been requested by people living in different parts of the State and also in Oklahoma to write an article for publication. I will write this article in divisions: First, soil; second, soil preparation; third, seed; fourth, planting; fifth, cultivation; sixth, harvesting; seventh, thrashing; eighth, sale; ninth, some of the few things that peanuts are used for.

Soil—Any kind of sandy or loamy land will grow Spanish peanuts; in fact, peanuts will grow on black lands, but peanuts are better adapted to sandy land. Now I have been asked how much fertilizer to use per acre. I never use any. I have been growing peanuts seven years in Lamar county, and have been usually planting the poorest land I had in peanuts, and have been making more

out of peanut crop, acre for acre, than any other crop I have planted during the said seven years, and have not had a single failure.

Soil preparation—This section is the foundation of the peanut crop. I break my land with a ten or twelve-inch plow, flat and early as I can, about six inches deep, and then when I get ready to plant I put a double team to a No. 2 Georgia stock, a twenty inch sweep, and with one furrow I make a flat bed. Some use their cultivators in making their beds. I make my rows three feet wide.

Seed—This is also an important item. Now there are several kinds of peanuts in the Spanish family. The commercial peanut is an early peanut, with a pink colored kernel. There is a white kernel Spanish peanut, which is late maturing. There is the Georgia Jumbo, California Red, Virginia Red. The latter three varieties are a large peanut that are almost entirely used in the confectionary trade. Examine your seed carefully, and see that they have not been heated. Also see if the kernels have not been broken or mashed in thrashing. Some buy their seed hulled to plant, which is a very good plan, but I plant mine just like they grow.

Planting—On the night before I begin to plant my peanuts I fill a large barrel half full with luke warm water, and put enough peanuts in the barrel to plant the next day. In the morning before I take them out I pour in one gallon of coal oil, and then in taking them out each nut gets the scent on it. If your land is in a moist condition they come right up, and besides, it will not require the necessity of the boy that drops the nuts to whistle all the time; he won't eat many with oil on them. Besides, the moles and birds won't eat them as long as that oil scent is on them, and this will assist you in obtaining a good stand. Now there are planters on the market that will

plant the hulled peanuts just as we plant corn and cotton. My plan is to open this flat bed before mentioned with a small, four-inch plow. Drop one peanut that has two kernels about eighteen to twenty inches apart; on rich land, two feet. I cover with a V top harrow or lightly with cultivator. The best crop I ever made in Spanish peanuts I planted them checked 2x3 feet. I made eighty bushels per acre, hand-picked and measured.

Cultivation—Now this section is where circumstances may vary you from my plan, as you, well know that if all things, lands, soil, weather, etc., were the same, I could tell you just how to cultivate your peanuts to obtain best results. But in wet season and rough land the cultivation to vary from my plan, which is as follows: When the peanuts are up to a stand, I rig up my cultivator with four to twelve inch buzzard-winged sweep and plow them just as close as I can, without covering them up; but in the event you do cover some up, they will come out again. My next work is to go over them with hoe and cut out the grass and weeds, and at the same time replant the missing places, should there be any. To make a good crop it requires a good stand, and the peanut is the only thing that I have ever replant in Texas that paid me for my trouble. My next move is to plow them again with the same plow, and continue as often as necessary to keep them clean and the land loose, getting further away from the peanuts as they grow larger, being careful not to come near enough to plow up those little spikes that penetrate the ground on the end of which grow the nut. My last plowing is usually done with single stock, with a large sweep as will not injure the plants, and if the plants are then standing erect I would advise you to take you a foot board and saw off a piece one foot square, put a handle in

the middle and follow this last plowing and press them down, so all those little spikes will take hold and make nuts. Powderly, Texas.

#### To Enjoy a Good Dinner.

There is no need of any self-denying diet list, no call for nasty disagreeable medicine, no list of hard exercises; simply a Mi-o-na—stomach tablet before each meal, and one before going to bed, and it will so strengthen the stomach that a good dinner will give you pleasure and comfort without the least fear of distress.

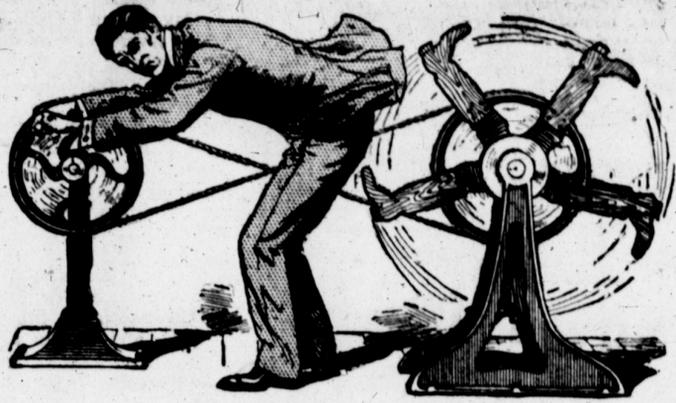

The best proof of the value of our advice is the fact that Stripling, Haselwood & Co. give a positive guarantee (applying to two 50c boxes of Mi-o-na) that your money will be refunded unless the remedy cures. A guarantee like this must give you confidence in Mi-o-na stomach tablets.

Mr. Louis P. DeMouche has returned from a profitable trip over the Santa Fe between Center and Beaumont, in the interest of the Nacogdoches Cigar factory.

#### Victims of Malaria

Are everywhere. The deadly poison in the system changes the whole being. No disease works its dread results as surely and yet so insidiously as Malaria. Take heed in time!

If you have symptoms of Malaria, or live in a Malaria section, and your blood is out of order and your general health failing, take the greatest, the best Malaria Medicine in the world—Brown's Iron Bitters. Sold by Stripling, Haselwood & Co. dw

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. There are chewers who buy cheaper tobaccos for the pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 and 15 cent plugs. Be genuine.

#### Notice.

To all persons interested in the estate of W. G. Ratcliff deceased.

We have been appointed executors of the estate of W. G. Ratcliff, deceased, by the county court of Nacogdoches county, and all persons having and holding claims against said estate are hereby notified and required to present the said claims properly authenticated within the time required by law. Letters testamentary were granted us in said matters on April 15th, 1907. The residence and post office address of us is Nacogdoches, Texas. Chas. Hoya, 4w1 Geo. F. Ingraham, April 15th, 1907.

#### Food—But no Appetite

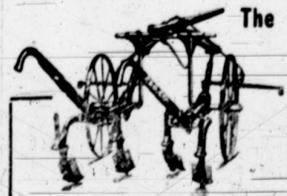

Is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't, your stomach needs looking after. Take a tablespoonful of Brown's Iron Bitters in a little water three times a day for a week, and you'll be surprised how hungry you'll be.

The medicine for all ages; children like it, and old persons nearly always need it. Sold by Stripling, Haselwood & Co. dw

### NOTICE.

My thoroughbred Tennessee Jack will stand this season at my barn, one half mile southeast of Nacogdoches, on the Spanish Bluff road. The reasonable charge of \$10 for a season will be made. This is one of the finest young jacks in East Texas, and farmers who desire to raise good mules cannot do better than to try my jack.

A. B. Meador.

### The Volunteer Cultivator

We originated this type of Walking Cultivator. It appeared on the practical farmer, creating such an enormous demand that nearly every manufacturer of farming implements in the United States attempted to duplicate it. It is the original exclusive feature, and is made by us in a far superior to any of its kind. You will therefore get best results by buying the Original Volunteer. The Volunteer Cultivator is also a world beater. If you desire to know more, write to us for a circular. We are headquarters for everything that is best in implements—wagons and mules. It is a standard implement of the world. Write us. PARLIN & ORENDORFF IMPLEMENT CO., DALLAS, TEXAS

**FEEL BETTER NOW

Marion Layton of Attoyac was here today.

Miss Lucile Davis and Miss Paula Garrison returned yesterday from a transplant- to friends in Texas.

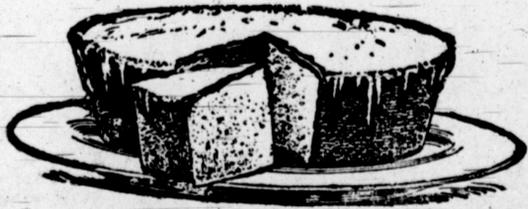

Mrs. W. D. White and little daughter, Bessie and Tige, returned yesterday afternoon from a two week's visit to her mother at Cortigan.

Mr. and Mrs. A. H. Rushing of Joaquin were guests of Mr. and Mrs. Will Bridwell Sunday. They were on their way to Dallas.

Mr. A. E. Chamberlain, manager of the Western Union telegraph office, returned yesterday afternoon from a trip to Dallas.

Mrs. S. L. Miller left today for Arkansas to visit her mother. She received news a few days ago her mother was quite ill but has been unable to leave before today.

Louis P. DeMouche was here Tuesday in the interest of the Nacogdoches Cigar Co. Mr. DeMouche says tobacco is being raised on a large scale in Nacogdoches county and that in the course of a few years San Augustine county would be under the cultivation of tobacco.—San Augustine Vidette.

**ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.**

Housekeepers are sometimes importuned to buy other powders because they are "cheap."

Housekeepers should stop and think. If such powders are lower priced, are they inferior? Is it economy to spoil your digestion?

The "Royal Baker and Pastry Cook"—containing over 800—most practical and valuable cooking receipts—free to every patron. Send postal card with your full address.

**DAUGHTERS OF CONFEDERACY.**

Memorial Service to be held on Sunday.

The following is the program for the memorial services to be held by Stone Fort Chapter of the United Daughters of the Confederacy at the cemetery in this city next Sunday, April 28, at 4 p. m.:

1. Song—"America"—by assembly.
2. Invocation—Rev. J. W. Mills.
3. Music—Band.
4. Address—Mr. E. H. Blount.
5. Song—(Lee's favorite) "How Firm a Foundation"—Assembly.
6. Benediction—Rev. Geo. Crockett.
7. Music—Band.
8. Decorating graves.
9. Taps—by Mr. Louis Muller.
10. March—Band.

It is the desire of the U. D. C's. that the Veterans shall meet with them and join in these services. All the boys and girls from six to twelve years are cordially invited to participate. The girls will please dress in white. Each girl and boy is expected to wear a bouquet, and meet at the residence of Mr. S. W. Blount at 3:30 p. m.

All ladies having flowers will please send them to Mr. S. W. Blount's by 3 p. m.

**Grip Quietly Knocked Out.**  
"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach Tablets, and by its liberal use soon completely knocked out the grip." Sold by Kleas & Mast.

Mr. and Mrs. Sam Weatherly of Linn Flat came down yesterday afternoon on a shopping and pleasure trip, spending last night with Mr. and Mrs. R. W. Murphey.

**Caught Cold While Hunting a Burglar.**  
Mr. Wm. Thos. Lanorgan, provincial Constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Heard Chamberlain's Cough Remedy, and after using it more than a week, I was completely cured. I was suffering from a severe cold and a headache, and I was unable to do my work. I was told that Chamberlain's Cough Remedy would cure me, and I was glad to try it. It did not take long to relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known." For sale by Kleas & Mast.

**Reward offered for information as to the whereabouts of one William O Cannon and his wife, Dora J. Cannon, who resided in Nacogdoches county about the year of 1885. Address this office.**

"Good for everything a salve is sued for and especially recommended for Pills." That is what we say about DeWitt's Carbolyzed Witch Hazel Salve. That is what twenty years' usage has proven. Get the original. Sold by Stripling, Haselwood & Co.

**Garrison Letter.**  
Garrison, April 22.—We are enjoying ourselves around a comfortable fire this, the last of April. Surely the time is at hand when we can scarcely know the season of the year, only by the budding of the trees.

Mrs. Emma Simpson, Miss Kate Quillion and Miss Willie Garrison have gone to San Antonio. Mrs. Simpson will continue her trip to El Paso to visit her daughter, and the young ladies will return home soon.

We have just returned from Huntington, where we were in attendance at the District Conference in session at that place. The town has lots of nice good people who know how to entertain strangers. We were met at the depot by Mr. J. M. Cochran, the principal of that school, who received the delegates and preachers and assigned them to homes. Our home was with Mr. and Mrs. Yates. Their cordial hospitality, was much appreciated by us. How happy the thought that some day we will all meet and Jesus will assign us our homes.

The Garrison school closed Friday. The teachers will repair to their respective homes, the boys to their fishing tackle and the girls to help mamma.

**From Mt. Moriah.**  
April 22.—In spite of the rain, and threatening weather Sunday, there was singing, preaching and dinner at the church which was enjoyed by all.

The oil men will start their drill again this week.

The farmers never were in better condition, and with good prospects for a bountiful crop, should rejoice.

Rev. J. C. Fondren has resigned as pastor of our church and will move to Newton county. While we have to part with him we heartily recommend him to our brotherhood.

M. W. Stoker and Miss Ellen Mills of Paris are visiting relatives here this week.

It will always be a short while till our county will be the leading county in East Texas. With an oil field, fruit land and tobacco as fine as ever grew, and our county seat with good fire protection, schools and churches, and our county dotted here and there with literary societies composed of ambitious young men.

With all these surroundings we ask all home seekers to pay us a visit before locating.

Rest is the great restorer. We tire our muscles by exertion, and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. Kodol is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. Kodol is sold here by Stripling, Haselwood & Co.

The north bound T. & N. O. passenger train struck a fine young jersey cow and seriously crippled her at the Fredonia street crossing yesterday afternoon. The cow was being driven from the pasture at the time, and had a young calf following her. She was so badly injured that she had to be killed.

What is it that tastes as pleasant as maple sugar and quickly relieves coughs and colds? Mothers who have used it will quickly answer "Kennedy's Laxative Cough Syrup." The pleasant cold remedy that expels the cold through its laxative action on the bowels. Conforms strictly to the Pure Food and Drugs Law. Contains no opiates. Sold by Stripling, Haselwood & Co.

Geo. W. Cavin, a prominent lumberman of Kirbyville, is in the city on business.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and is not permanent. The inflammation can be removed and this sense restored to its normal condition. Hearing will be destroyed forever unless you catch it before it is too late. It is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. Do not fail to get the "Hearer's Guide" for any case of Deafness caused by Catarrh that cannot be cured by other means. Send for it today. E. J. Cheney & Co., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

**"After all, there is nothing like  
DR. PRICE'S  
CREAM  
BAKING POWDER**

I have used it with satisfaction for nearly 40 years. No alum for me."

G. B. Wilson has returned to Timpson to resume his position on the mail route on the Windy. He still has interest in the Plaindealer, but his partner Mr. Harris, will attend to business affairs.

**Suffered for Five Years With Kidney and Liver Trouble.**

"I have suffered for five years with kidney and liver trouble, which caused severe pains across the back and a blinding headache. I had dyspepsia and was so constipated that I could not move my bowels without a cathartic. I was cured by Chamberlain's Stomach and Liver Tablets and have been well now for six months," says Mr. Arthur S. Strickland, of Chattanooga, Tenn. For sale by Kleas & Mast.

W. L. Rawlinson, a former citizen of Nacogdoches, but now residing at Uvalde, is visiting friends and relatives in the city.

Capt. Jim Truitt of is in the city today meeting and greeting old friends and admirers.

**Rheumatism Makes Life Miserable.**

The happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring a permanent cure. For sale by Kleas & Mast.

Mr. and Mrs. John Parrish have moved in the new Strickland building on Oak street.

Use Kennedy's Laxative Cough Syrup. Children like its pleasant taste, and mothers give it hearty endorsement. Contains no opiates, but drives out the cold through the bowels. Made in strict conformity to Pure Food and Drugs Law. Recommended and sold by Stripling, Haselwood & Co.

**Ladies' Hats**

Having bought a complete line of Drummers Samples of Ladies' Hats and Shapes and other things in the Millinery line at about half their value we are now putting these goods on the market at same greatly reduced prices, and we would respectfully invite those wishing to take advantage of these prices to come at once. Our line of Millinery goods is certainly nobby and cheap, as is our Dress Goods. We have something great in store for the people, just watch and see, it will pay you. Yours to please,

**E. M. DOTSON**
