Mt. Moriah Greetings.

After an absence of two weeks and everything has become quite over the election. Sleepy Boy comes with a few points from "God's own country."

Now farmers, merchants and mill men you had just as well prepare for the largest business history has ever recorded, for think for one moment! "Taft" is elected president, money will grow on trees, the springs will turn to milk and honey. We will all just have a fine time for the next four years. Some of our people would not begin their works until after the election.

Rev. A. L. Charleston preached here Saturday and Sunday and was called as pastor of the church but there will be no more services on the second Sunday as the days of meeting will be the third Sundays.

P. Lambert of Hubbard City, Texas, is visiting relatives here.

One of the finest things of the season was the pond supper and party at the hospitable home of Mr. and Mrs. B. F. Adams and all who attended had the time of their lives and all are looking forward with delight when they can enjoy such again.

Miss Jacobs of Woden is visiting her aunt, Mrs. T. M. Pleasant.

Mrs. Berta Fulmer of Uvalda is visiting her parents at Appleby.

Ed Wheeler and wife of Stripling, Haselwood & Co. w

Shelby county are visiting relatives here.

R. L. Chandler of Humble made us a flying visit Sunday.

Mr. Allen McCartney was called to the bed side of his wife in Windfield, La.

T. D. Fulmer is teaching a singing school at Filmore.

Ben Melton Esq. attended church here Sunday night.

T. F. Lambert has the contract of hauling lumber from the mill to Appleby.

Good night,  
Sleepy Boy.

### New Dentist.

Dr. R. R. Henderson is a graduate of a dental college recognized by the National Dental Association and he holds certificates of qualification (as a dentist) awarded him by both the Louisiana and the Texas State Board of Dental Examiners, and solicits your patronage. Thanking you for the liberal patronage given him during his short stay and asking for the continuance of same he expresses his appreciation and guarantees satisfaction. Yours permanently located with office in the Perkins Building.

Dr. R. R. Henderson.

### Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica salve; and it has never failed to cure any sore boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy of East Wilton, Maine. 25c at our drug store.

### THE SIDEWALK MOVEMENT.

H. R. Fox of Palestine Speaks Day in Nacogdoches Feeling the Public Pulse—Several Contracts.

From the "lay of things" it is quite possible that Nacogdoches is going to enter upon an era of sidewalk building, and it won't be very long until beginning. Just how much has been contracted for is not known, but a number of citizens have signified their intention of having nice walks built and before winter's rains come. H. R. Fox, of Palestine, spent Monday in the city in reference to such and called on a number of citizens to talk "sidewalks." He was well pleased with the interest manifested and believes it will be no hard matter to get enough contracts to justify at least a car load of material. He proposed to use only the best material, Austin sand, getting his underlay stuff from Rusk. Mr. Fox himself, is an engineer, having served in that capacity for the city of Minneapolis, Minn., for 19 years, previous to coming to Texas. He has built sidewalks and put down paving too for Palestine, put in the concrete work at the Dallas Fair grounds and now has a contract to do some tile work at Orange. He stated yesterday, before leaving for his home, that if he could get contracts for 5,000 square feet, about 1,100 lineal feet, he would do some work here, as that would justify getting his material by the car. He stated too, that all sidewalks would be in conformity with the city engineer's grades. J. S. Doughtie, who is one that agreed to put in a walk, consented to take the matter up and endeavor to get the remainder of the 5,000 feet. He assures the public that he has no interest in the matter other than wanting to see some walks built and consented to aid in it only to that extent. Mr. Doughtie said yesterday that he felt sure the required amount, and more, could and would be easily gotten.

### Two Men Shot.

A shooting scrape took place at Lingo Saturday night in which J. H. Shannon and Dick Moore, Jr., two white men, were wounded. The two men were brought here to the Sanitarium. According to the story of one of the men—both live at Press—they attended a negro dance at Lingo. Some of the negroes were not pleased with their presence and proceeded to shoot. One bullet is supposed to have wounded both men.

Mrs. Lina Smith of Cushing spent yesterday and today in the city.

### WRIT OF HABEAS CORPUS.

Oklahoma Judge Deals in Some Rank "Opinions" in Reference to the Eather Allen Case.

About as rank a piece of legal doings that has ever come to light in this section, and which smelt beyond the endurance almost, of the nostrils of public opinion, is the actions of an Oklahoma District Judge, in reference to the Eather Allen affair. Allen is a negro and lived in this county until several months ago he moved to Oklahoma. There is an indictment against him here, charging him with disposing of mortgaged property. By some clever work on the part of the sheriff's department, Allen was finally located at Taft Oklahoma. Sheriff Blackburn went to that place after him, but he refused to come and resorted to the court for a defense. Sheriff Blackburn wired to officials here to prepare proper papers and forward to Governor Campbell with the request that he wire Governor Haskell to order the negro held as the papers were enroute. These things were done and when the papers were received at Muskogee, Allen was turned over to Mr. Blackburn. As he was about to board the train with his prisoner to bring him to Nacogdoches, the District Judge sent for the Texas Sheriff, allowed Allen to make a \$500 appeal bond and go free. The nauseating part comes in the petition to the Judge and on which the appeal was granted. The petition is about as rank a thing as possibly was ever perpetrated on anyone and recites things in reference to the chief executives of the two states that have a flavor anything but pleasant. Mr. Blackburn brought with him a copy of the petition and it is herewith given:

IN THE DISTRICT COURT, 3RD JUDICIAL DISTRICT OF OKLA.  
No. 532 Criminal.  
State of Oklahoma,  
County of Muskogee.

Amended Petition for Writ of Habeas Corpus, before Hon. J. H. King, District Judge.

Comes John Allen, on behalf of his brother Eather Allen, and files this amended Writ of Habeas Corpus, leave of the court to do so having been asked and obtained and for said amended writ says:

That Eather Allen, is being held in custody by one George Blackburn, who is doing so under an alleged requisition of the Governor of Texas alleged to have been honored by the Governor of Oklahoma. Said requisition recites or purports to recite that said Eather Allen is wanted in the state of Texas and county of Nacogdoches for the alleged offense of "Disposing of mortgaged property."

Petitioner states that said

5th HARDWARE FOLKS

Eather Allen is not guilty of the crime of disposing of mortgaged property or of any other crime committed in the state of Texas or anywhere else.

Petitioner states that said alleged indictment found against Eather Allen in Texas if any such was found was not found because of any crime having been committed, but because he was colored and of African descent.

Petitioner states that his brother Eather Allen cannot get fair and impartial trial in the State of Texas; that C. N. Haskell, Governor of Oklahoma, if he honored, the requisition from the Governor of Texas knew so at such time that Eather Allen could not get a fair trial in Texas; but that said C. N. Haskell, Governor of Oklahoma, was willing to send Eather Allen back to Texas because of his race and color and would have acted differently in the premises had said Eather Allen been of the white race.

Petitioner further states that said Eather Allen has been unlawfully and wrongfully discriminated against by said Governor C. N. Haskell if he honored said requisition as aforesaid merely and for no other reason than that he belongs to the colored race and is of African descent; that he was willing to go before any magistrate in Muskogee county and submit proof as to his not having committed any crime whatever in the state of Texas; this was denied him; that he has been willing at any time to go before the court in Muskogee county and give bond to appear at the next term of court for said county in Texas where he is alleged to be wanted, as provided for by law; this was denied him; that no inquiry as to his guilt or chance to prove his inno-

cence has been given him by the said C. N. Haskell or by any court of competent jurisdiction in Muskogee county or anywhere else; but because of his race or color, said Eather Allen is about to be sent to Texas, unlawfully, illegally and to be deprived of his liberty, without a fair and impartial trial, all of which is well known to said C. N. Haskell who is alleged to have honored a requisition.

Petitioner says that said requisition alleged to have been made by said Governor of Texas is faulty in many respects; that said paper purporting to be the authority by which said George Blackburn is holding said Eather Allen is custody is faulty in many respects.

Wherefore, petitioner prays for the release of said Eather Allen from the custody of said George Blackburn and all others claiming to hold him under said Blackburn and for other proper relief.

Eather Allen,  
By John Allen.

### Little Child Died.

Tennie Ethel, the little daughter of Mr. and Mrs. D. H. King who reside at Woden, died October 6th and was buried at Simpson's Camp Ground. The little girl was the only child in the family and despite every thing that was done, she passed away, suffering intensely of membranous croup. She was three years, nine months and five days old at the time of her death. Mr. and Mrs. King have resided in that section practically all of their lives and a host of friends extend sympathy.

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

WALTER Wellman, the political prognosticator for the Chicago Herald, can now go on another trip to the north pole or go the devil either one—we don't care.

A HEADLINE of an advertisement in the San Antonio Express says "20 per cent off evening gowns." Guess they will be shortened as modesty prevents any thing coming off the upper portion.

HOME capital that is looking for investment doesn't need to leave home to find it. Take for example Nacogdoches; aren't there lots of opportunities for investment that would pay the investor well?

THE boys on the farm can make lots of money by planting peanuts. It has been demonstrated in other parts of Texas—Kaufman county for example—and it can be done right here in Nacogdoches county.

AN evangelist, during a recent meeting in Beaumont, declared that hell is only a half mile from that city. Rather singular that the best country in this world and the hottest one in the other, is only about 120 miles apart.

THE Sentinel is in receipt of a catalogue of the South East Texas Fair to be held at Beaumont Nov. 23 to 28th, inclusive. The list of premiums, is a very attractive one and certainly ought to cause some splendid exhibits.—Nacogdoches ought to be represented.

TAMMANY has betrayed Democracy again. It seems queer that one man can control the politics of a city of several million souls—and yet it is told us. "Boss" Murphey gave the word—down the line it was repeated and New York changed front. Politics are peculiar.

TEXAS and Texans ought to be, and doubtless are, proud of the success of the school amendment. It means a great deal; it means a square deal for the county boys and girls who are striving for an education. It will mean a better educated people and a broader citizenship, in time.

YES sir, by all means Nacogdoches county should have an exhibit at the Southeast Texas Fair at Beaumont. Lots of home seekers will be there and a nice display of farm products from here will no doubt result in some of them coming to Nacogdoches for a home. Can't afford not to have an exhibit at Beaumont.

A KISS is a peculiar proposition, says an exchange. Of no use to one yet absolute bliss to two. The small boy gets it for nothing, the young man has to steal it, and the old man has to buy it. The babies right, the lovers privilege, the hypocrite's mask. To a maiden, faith, to a married woman, hope, and to an old maid, charity.

YES, you are perfectly correct, Mr. News Man. Nacogdoches has no patent on the growing of tobacco and there is no good reason why Angelina county shouldn't raise some few patches of the weed. Mind you, we don't expect you to grow "the finest in the world" so to keep a pleasant taste in your mouth, better smoke a genuine redlander occasionally.

NOW THAT "Bill" has had himself elected president of this United States, it behoves every citizen of this flourishing old city of Nacogdoches to turn the political end of the string loose, and pull with all strength on the other end; the one that will lift Nacogdoches out of the mud, get city free mail delivery, build a creamery and do some other things of a very substantial nature.

THERE is a chance to do better today than yesterday—there will be a chance to do even better tomorrow than we do today. It is duty's call to do our very best every day and when we fail to do our very best—we are retrograding. There is no such thing as a stand still; we either go forward or backward; we either progress or we drop lower. Do the very best possible today, the same tomorrow and every other day.

HELEN HUNT, the famous authoress, found a purse full of money while leaving the church at close of service and told her pastor about it. "Very well," he said; "you keep it, and at the evening service I will announce it, which he did by saying: "This morning there was found in this church a purse filled with money. If the owner is present he or she can go to Helen Hunt for it."

NEVER mind your neighbor's affairs and attend to your own business, if you've got any, and if you haven't, go to work. Do your own part faithfully and you will always have the satisfaction of having stood by your town and her people. Don't sit down and idle away valuable time mourning over other people's sins, or bemoaning your own short comings. Get up and get busy; get right in the middle of the road and pull for dear life. It will lead to success.

THE election returns that continue to come in, indicate a sweeping victory for Taft—in the electoral college. There is consolation, however, in the fact that "the solid South" is still Democratic, that defeat is no disgrace and that William Jennings Bryan is still the peerless leader, the unequalled champion and the brilliant statesman of Democracy. He was defeated for his ambition's goal but the campaign he made will be the cause of great good and will act as a curb against Republican bossism. Mr. Bryan has a place in the world's history and as long as he may live, Democracy will love him, and his political enemies will admire him. His works will always live.

IT is to the interest of every citizen of Nacogdoches to work for the city and county, and the whole of East Texas. Fall into line, Mr. Laboring man, Mr. Business man and Mr. Farmer. Let's make East Texas get in the front row, where she belongs. The way today that is, boost and work for our own county and city. Nacogdoches needs some things right now and needs them badly. Free city mail delivery, a creamery, more factories, more land in cultivation.

THERE are some men in every town, and Nacogdoches is no exception, who live, enjoy themselves seemingly, and prosper but who never contribute a penny to that town, for its upbuilding and progress; if there is any way to get around it. They own property, conduct a business, get all the trade possible without going to expense for it or in some wise depend on that town for a living, yet, when it comes to putting up money for an enterprise or to help—they side off to a corner and get their backs up. Seem to think that they are due something from the town and go along reaping benefits at other people's expense—and Nacogdoches is no exception.

IN reference to Democracy's defeated leader, and the pride of that great party, the Dallas Times Herald says:

Mr. Bryan has not lived in vain. Since his entry into American politics the standard of statesmanship has grown, and at this time patriotism, honesty and intelligence have sway in all parties. The man who seeks to belittle the matchless orator from the west who has thrice led his party to defeat, places a very poor estimate upon manhood. William J. Bryan is a manly man, a well rounded American, and his place in history is secure. The nation has been made better by Bryan's having lived. Let's be just as we go along.

WHEN it comes to the meaning of the word "plenty" we must doff our hats to our friends on the farm. And to them we must also give the reserved seats for high living, easy living and all the things contingent thereto. The man or woman who yesterday visited the splendid displays of garden and farm products and enjoyed the excellent exhibits of good poultry, is bound to have a rankle of envy for the family on the farm, who has plentifully laden the pantry with rich edibles so dear to the "inner man." The farmer, of all people, has the golden opportunity. With a small acreage of virgin soil, adopted to the fertile growth of most any and everything in the line of vegetation, he has the chance of being not only happy and contented but of getting well fixed with this world's goods. There are lots and lots of good lands in Texas but we don't believe that there is any in this big state that is as good for every purpose as the soils of East Texas and es-

pecially of Nacogdoches county. This is a rich man's country and a poor man's country too. All it takes here to become prosperous, is thrift. Land is wonderfully cheap when compared with other portions of the state—and the advantages one enjoys here, over those of other portions, are great. Nacogdoches county is a garden spot and the farmer is the man of the day.

AFTER all there is a good deal in talk. Let a man talk dull times and it is infectious, everybody talks dull times. Instead of rustling around to take care of what business there is, they all go sit down and mope over dull times. If a customer does happen to drop into one of these "dull times" stores he actually gets frightened out of one-half as much as he expects to buy, because things look so blue. He catches the spirit of the store and resolves to hang on to his money with a death grip, even if his business goes to pieces on account of running short of goods to fill up the empty shelves. The bug-bear of hard times should be set down upon. It is doing more to kill business than anything else. Tell a man he is sick, keep it up, and you will eventually hound him to death.—Webster (La.) Signal

"GO WEST, young man, and grow up with the country" was good advice when it was given by Greely many years ago, but it is not so this day. There are some places in the west where a man may go and where he may have some advantages over the older and more thickly populated eastern sections. But as a rule, it would prove more sensible to remain settled and instead of pining for a better land—make the best of what is at your command. There are just as good chances, just as bright a future right round you as ever existed or ever will exist in the West. That country is not a paradise and a living cannot be made there with any less labor or fewer worries than here. Instead of "go west young man"—we would say "stay in East Texas as young man and old man too." The opportunities are better really than will find them west. But you'll have to work any where to prosper. And, work in East Texas for a few years, will put you far above a pining for the west. This is best.

WHEN ambition dies in a man he is no better than a mule, and the sooner he gets down and out, the better it is for himself and all who come in contact with him. It is difficult to imagine any man in such a pitiable condition yet it seems that there are some who go through the world in just a slipshod manner—no desire beyond a full stomach and rags sufficient to put him beyond the pale of law. A man is just what he thinks—can't be above his mind—and a person who doesn't think higher need never expect to get away from the class of braying quadrupeds.

## IT TAKES HUSTLE.

NEARLY every paper in East Texas the past week gave more or less space to the Dallas Fair, telling of the success and praising it for the immense good it has done. Likewise, considerable space was given in parading the thrift; hustle, get-up-and-go of West Texas and especially the Panhandle section. And the way the Plains country did put it on East Texas is a caution—it's cause for more comment. There is no reason on top side of earth why such should have been, other than those people are the liveliest wires that exist. They do things; the work, they talk, they boost. When a West Texas man gets hold of money—he puts it in circulation; he has confidence in himself and his fellow man and his country. He believes in progress and development and proceeds to do any and everything possible to promote such. When it comes to the two sections—there is no question but what East Texas is the best; just as healthful, just as fertile and more stuff can be raised in this section than on the plains. Here can be grown fruit of every known kind; vegetables that surpass in every way; corn, cotton, cane, hay, grain and in fact every variety of farm produce. It can't all be grown as bountifully and successfully in West Texas. Land is 50 per cent cheaper in East Texas than West. Then why? You know as well as can be known—and the only reason. Those people are the life of their country; they take an interest and don't mind going to trouble and expense in "showing." That's the reason the Panhandle praises are being sung far and wide and East Texas is being condoled. The people of East Texas will have to wake up if things are changed.

HON. BONNER RIDGEWAY, state representative from Parker county, is preparing a compulsory education bill to be introduced in the next Legislature. He states in connection with this, that there are 50,000 children in Texas that did not go to school a day last term. If such is true, it is high time something was done to change matters. The idea of children growing up in the midst of good schools and colleges and yet remain in the darkest of ignorance! But it is not the sole fault of the children, if it is any wise their fault. The parents too, deserve some compulsion. Any father or mother who fails to send their children to school—free school especially—violate the sacred obligations given them and certainly merit the punishment of a people. Such practice is an outrage on civilization and if there is no other way to right the wrong—why, let it be by compulsory education.

Syrup and Potatoes.

All who desire to contribute syrup, potatoes or other stuff in that line to the Buckner's Orphans Home, can leave same at B. M. Hall's store.

## OUR TOBACCO.

Nacogdoches' tobacco exhibit captured the gold medal at the Dallas state fair, and will aid materially in developing the East tobacco industry.—Beaumont Enterprise.

The Nacogdoches tobacco exhibit proved one of the most interesting showings at the Dallas Fair. The Sentinel is urging that the same exhibit be brought to Beaumont during the Southeast Texas Fair. A better advertisement of the Nacogdoches section could not be suggested.—Beaumont Journal.

The Nacogdoches tobacco exhibit caused a big sensation at the Dallas fair. It should be sent to the Southeast Texas fair by all means.—Beaumont Enterprise.

The Nacogdoches county tobacco exhibit at the Dallas Fair was awarded the highest prize this season. The prize was a gold medal. We believe just as fine tobacco can be raised in Upshur county as is being raised in Nacogdoches county, and if people will persist in using the weed in its various manufactured forms, we see no reason why the farmers of this section should not turn their attention to the raising of tobacco instead of so much cotton. Doubtless there is more money spent for tobacco in Upshur county than for any other one article. Then why not raise it here and keep the money at home.—Upshur County Enterprise.

MAKE your home and town more beautiful and pleasant. It is an easy task. The following comes from the Farm and Ranch: "Grace and beauty live in flowers and trees and shrubs. There are humble homes more lovely in their simplicity than over-ornamented homes of many of the rich. There are cabins, where the surroundings speak of taste and refinement, and where poverty cannot dim the love for things which uplifts humanity. A honeysuckle, climbing a trellis of simplest kind, tells its story of intelligence and refinement; a rose bush speaks of the owners gentleness; a few simple flowers tell what no man-made ornament could tell. There are nature's ornaments, and there are no landscapes not benefited by them. There is degradation in destroying the trees about one's home. Sturdy oaks may not be replaced in centuries, and when they are needlessly destroyed God is mocked."

THE need of sidewalks is very evident—and for reasons more than one. Why not organize sidewalk clubs in every part of town. Clubs to take the matter up with the view of having walks built in their sections. Nacogdoches needs "a mile of sidewalks a month."

AND in the meantime, while the sun is shining brightly, business moving along briskly, enjoyment and prosperity seem to be going hand in hand—the city lake on Church street refuses absolutely to become smaller.

## FOUR GIRLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

**MISCELLANEOUS**  
Miss Lillian Rose, 530 East 94th Street, New York, writes: "Lydia E. Pinkham's Vegetable Compound overcame irregularities, periodic suffering, and nervous headaches, after everything else had failed to help me, and I feel it a duty to let others know of it."  
Katharine Craig, 2335 Lafayette St., Denver, Colo., writes: "Thanks to Lydia E. Pinkham's Vegetable Compound I am well, after suffering for months from nervous prostration."  
Miss Marie Stolzman, of Laurel, Ia., writes: "I was in a downward condition and suffered from suppression, indigestion, and poor circulation. Lydia E. Pinkham's Vegetable Compound made me well and strong."  
Miss Ellen M. Olson, of 417 N. East St., Keosauqua, Ill., says: "Lydia E. Pinkham's Vegetable Compound cured me of backache, side ache, and established my periods, after the best local doctors had failed to help me."

### FACTS FOR SICK WOMEN.

Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has provided for health. Address, Lynn, Mass.

"BILL" HATFIELD WAS HERE

Man By That Name Spent Some Time in Nacogdoches as a Horse Trader.

Another chapter has been sandwiched into the career of William Hatfield, who is now under investigation at San Jose, Cal., and who is believed by some to be William Dunham, a sextuple murderer, the crimes committed in the Western city more than twelve years ago. It is believed here that the person is the same Hatfield who spent several months in this city as a horse trader. With him was a man by the name of George Rice and a lad who claimed Hatfield was his father, the party being camped on the Banita creek, in the corporation. He is remembered by a number of citizens, among them City Marshal A. Y. Matthews, J. J. Coker, and George Souther, and who by the description, believe this Hatfield and the man in California one and the same. He claimed here that Missouri was his home to some; others, Tennessee. He was illiterate, but peaceable, and very uncommunicative. The party went from here to North or Central Texas.

Miss Willie Mae Pleasant, since her mother's death will make her home with Mrs. R. H. Hall, her sister. Miss Pleasant is well known here, having spent most of her school days in this city.

### THE PRIZES AWARDED.

#### Committees Give Premiums For Products on Exhibit Trade's Day—Pronounced Very Fine.

The second trade's day is now a matter of history but the memory of that pleasant occasion will linger long in the minds of all who attended. The verdict "fine," is a general one and relates to every department and every feature of the day's exhibition. To do justice to the Nacogdoches second trade's display, would require the entire space of the Sentinel for a week, so we must content ourselves with just saying that it was far better than the first and all who failed to attend, missed something of worth. The farmers were especially gratified at the excellent displays and are unanimous in the belief that the trade's day feature is a splendid one; of course the merchants are pleased, and all those who aided deserve praise—those who didn't, condolence.

All the afternoon the exhibit hall was crowded with spectators, while on the square hundreds of people enjoyed the fine music of the Elks Band. The various committees finished their labors late in the afternoon and gave the list of awards as follows.

- Best full blood Jersey cow, T. J. Lloyd, \$5.00.
- Best graded Jersey cow, B. A. Jones, \$2.50.
- Second best graded Jersey cow, none offered by farmers.

- Person bringing bale of cotton second longest distance, W. N. Cox, Smyrna, Shelby county, 32 miles, \$2.50.
- L. G. Fanches, a resident of Shelby county brought a bale of cotton 45 miles, the farthest of all, but he came in too late to enter, though he started from home the night before. This fact was made known, and it was with regrets that the gentlemen were barred. A number of citizens righted the matter however, making up a neat little purse of \$7.30, which fully compensated Mr. Fanches for his trip—in addition to the good price he received for his cotton. He appreciated the prize very much.
- A Fine Hunting Place.
- Neil Ingraham, who returned a few days ago from a hunting to Oklahoma, reports a most enjoyable time. He stated that lots of birds were killed, and two fox chases in addition—but no fox. He is well pleased with Oklahoma as a hunting place and proposes to go again next year, take more dogs, stay longer and get more and bigger game.

### Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has a nervous distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, without or out of pelvic catheter, is suffering from weakness and derangements that should have a physician's attention. Not all of above symptoms are likely to be present in any case at one time.

Slight or badly treated and such cases often run into malady which demands the surgeon's knife if they do not result fatally.

No medicine extant has such a long and honorable record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its ingredients, and such a long list of cures, as this. The very best ingredients known to medical science for the cure of women's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this Favorite Prescription. It will not perform miracles; it will cure tumors—no medicine will. It will often prevent them if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing are invited to consult Dr. Pierce by letter, free. All correspondence to be strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

### KNOW IT WELL.

Familiar Features Well Known to Hundreds of Nacogdoches Citizens.

A familiar burden in every home. The burden of a "bad back." A lame, a weak or an aching back. Tells you of kidney ills. Doan's Kidney pills will cure you. Here is Nacogdoches testimony to prove it:

Mrs. Fred W. Harlocher, living on Cox street, Nacogdoches, Texas, says: "Without the least hesitancy I strongly recommend Doan's Kidney Pills. For two or three years I had attacks of kidney complaint. At times I could scarcely get up or down and it was only with great difficulty that I was able to lace my shoes. I suffered so intensely at times from pains in my back that stooping meant misery. By spells I hardly dared to move as the least motion of my body would mean twinges sharp as knife thrusts through my loins. I could not rest at night and upon arising in the morning was more tired than when I went to bed the night before. I first attributed all my misery to rheumatism but later on, believed it was due to the kidneys as the secretions from these organs were too frequent in action, and otherwise unnatural. I doctored and tried remedies of various kinds but never obtained more than slight temporary relief. Finally it was my good fortune to learn of Doan's Kidney Pills, and I procured a box at Mast Bros. & Smith's drug store. Much to my gratification, this remedy removed all pain in my back and corrected the bladder, difficulty. I was given new strength and energy and at last was able to lay claim to good health. Three years have elapsed since I had this experience with Doan's Kidney Pills and after that I had no recurrence of my former trouble. Mr. Harlocher has also used Doan's Kidney Pills and recommends them just as highly as I do."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### COST OF "GOOD ROADS."

#### Judge Mims Gives Expense Account Attached to the Government Road—Cost Less Than Expected.

As the people of the county generally are interested in knowing just what the cost was in building the one and a half mile of demonstration road recently constructed under supervision of the two experts sent here by the Federal Government for that purpose, I have gathered together each item of such cost so far as the books of the county farm superintendent show, who was in charge of the work for the county, and the bills allowed and ordered paid by the Commissioners court and those filed and not yet passed on by the court show, and herewith give the same showing to whom each item was paid, viz:

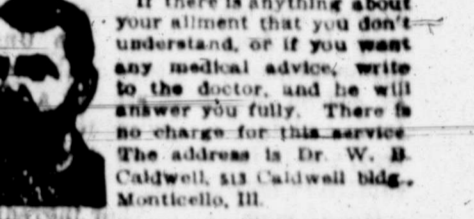

- Amount paid Babe Greer for labor and team, \$75.45.
  - Amount paid Joe Russeau for labor and team, \$130.00.
  - Amount paid Tom Burrows for labor and team, \$65.25.
  - Amount paid Joe Stripling for labor and team, \$8.30.
  - Amount paid Lewis Adams for labor and team, \$7.50.
  - Amount paid Ellis Buckman for labor and team, \$11.00.
  - Amount paid John Haltom for labor, team and lumber, \$128.24.
  - Amount paid Ora Heanburton for labor, \$3.20.
  - Amount paid T. McMinn for team, \$36.94.
  - Amount paid Henry Millard for lumber, \$31.64.
  - Amount paid for new blade for road machine, \$8.00.
  - Amount of claim of L. Williams for use of horse and buggy for road experts in going to and from road, \$15.00.
  - Amount of claim of J. W. Vondersmith for care of horse, \$3.00.
  - Amount paid to W. E. McMillin (regular salary) for 38 days, \$95.03.
  - Amount paid L. Williams as guard of convicts 18 days, \$18.00.
  - Amount paid for night guarding for 15 days, \$15.00.
  - Total, \$670.52.
- This makes the one and one-half miles of road cost us \$670.52, not including the labor of the county convicts. We were 38 days doing this work and had an average of eight convicts each day, which at 50c per day would be \$152.00 for the 38 day; there was some repair expenses the bills for which are not at hand, the hire of teams for the court to visit the work on two occasions, all of which I do not think will exceed \$50, and which sums added to the \$670.52 above shown makes a total cost, all for the entire mile and one-half of demonstration road of \$872.25 or \$581.68 per mile. When it is considered that the road was built on what is generally admitted by everyone who knew it as one of the worst pieces of road in the county, and requiring much grade work, the cost is not large. The gentlemen sent here by the Government to superintend this work has cost the county of Nacogdoches not one dollar except the insignificant sum of \$18.00 for horse and buggy used in conveying

### Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Fells, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends, others through the doctor's offer to send an sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address we will send you a trial bottle direct to your home. If it proves itself as he claims then continue the treatment by buying a 40-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for by the U. S. Government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottle bought of druggists, who will return your money if it does not satisfy you. Send at least for the free trial bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and there is no charge for this service. The address is Dr. W. B. Caldwell, 612 Caldwell Bldg., Monticello, Ill.

them to and from the work, and the care of the horse while here in town; and if the work is followed up by the construction of other similar roads in the county, the construction of this piece of demonstration road will have been of incalculable benefit to the people of the county; if not, then it will have been of small profit only.

Respectfully,  
C. D. Mims,  
County Judge.

Notice.

I am again practicing medicine in Nacogdoches and take this method in informing my friends. My office is located in the Williams building over Ed Holleman's grocery store.  
Dr. E. D. Williams.

Clevenger-Elli.

Miss Odie Clevenger and Fred Ellis, both of this city, were married Sunday afternoon at 3:30 o'clock on Orton Hill, Rev. Dan Leak officiating. The nuptials were somewhat of a surprise to the many friends of the couple. Mr. Ellis holds a position at the Hayward mill and Miss Clevenger, until recently was operator at the telephone office. The bride and groom are at Mrs. George Clevenger's, mother of the bride, for the present, but will go to house keeping in the near future.

Edgar Ratcliff left today for Indianapolis, Ind., where he will stay for some time in the interest of Hayward Lumber Co.

### Habitual Constipation

May be permanently overcome by proper personal efforts, with the assistance of the one truly beneficial laxative remedy, Syrup of Figs and Elixir of Senna, which enables one to form regular habits daily so that assistance in nature may be gradually dispensed with when no longer needed as the best of remedies, when required, are to assist nature and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects, always buy the genuine

**U. S. DISPENSATORY**

Describes the Principal Ingredients Contained in Peruna. Are we claiming too much for Peruna when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in reality such a catarrh remedy? Let us see what the United States Dispensatory says of the principal ingredients of Peruna.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, corydalis ferocosa, is classed by the United States Dispensatory as a tonic. So also is cubeba classed as a stomachic and as a tonic for the mucous membranes. Codren seeds is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. The seeds are to be found in very few drug stores. The United States Dispensatory says of the action of codren that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Oil of copaiba, another ingredient of Peruna, is classed by the United States Dispensatory as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

Send us for a free book of testimonials of what the people think of Peruna as a catarrh remedy. The best evidence is the testimony of those who have tried it.

**GET BUSY NOW.**

When things go wrong Peoples faces look long And nothing seems moving just right

No use to pine Just fall in line And go to work with all your might.

Brace up a bit There's nothing to it But imagination of the rank-est kind

Folks are not mad They are really glad It's an error crept into your mind.

Stop your old fussin' Likewise your big cussin' And bend all efforts for the best

Chances look brighter Burdens seem lighter When we are trudgin' along with the rest.

Not all is gold Though it glistens bold And no patriot every shirk-ed a call

Whether easy or hard No task is barred There is a duty place for us all.

The world is o. k. 'Tis beautiful today Happiness reigns on every hand

The things you see Cannot possibly be Our's are the best folks in the land.

Now that H. Clay Pierce has actually visited Texas and succeeded in prolonging his vacation till January—how much better off is Texas?

Just such weather as today promises to be an introduction to, is the kind calculated to inspire sidewalk building. Nacogdoches needs and must have more sidewalks and it's up to the people to get busy before the really bad weather sets in. Get Nacogdoches out of the mud!

**TRADE'S DAY ACCOUNTS.**

Itemized List of Moneys Received and Expended—Mr. Lindsey Makes up Deficit.

To the good ladies who so royally entertained the old soldiers, and others who contributed to the excellent spread; to the various committees who carried out their labors so efficiently; to the merchants and business men who donated so liberally and to all who were present on the occasion of our Second Trade's Day and in any way aided in making it the success it was, and especially to Mr. Jno. P. Davidson and Judge, Geo. F. Ingraham for the use of their buildings, I desire to thank most heartily.

Robert Lindsey, Mr. Robert Lindsey, Ch'm. Trade's Day Com.

Dear Sir:—I hand you below statement of all amounts received and disbursed by me as treasurer of the second Trade's Day:

- To cash for labor, 50c.
- To cash for prizes for farmers, \$77.75.
- To 1 1-2 doz. staples, 15c.
- To cash for envelopes, 5c.
- To cash paid Albert Walker, labor, \$4.00.
- To cash paid Eaves, hauling, \$1.00.
- To cash paid Mayer & Schmidt, material, \$2.00.

- To cash paid Elks Band, music, \$25.

By balance from October Trade's Day, \$4.51.

By cash from Zeno Cox, Jr., all subscriptions, \$142.50. Leaving deficit, or amount expended in excess of balance on hand as per former report and all amounts received since, \$11.67.

I am today in receipt of your personal check covering the above deficit for which I thank you. It will be disappointing to me if the citizens of Nacogdoches do not reimburse you in this sum.

Permit me to again express to you my pleasure at the very able manner in which you discharged the arduous duties as chairman of the Trade's Day committee. I believe that all fair-minded citizens appreciate your services.

Yours truly, D. K. Cason, Texas Trade's Day Com.

A News item says that the new machinery for the creamery at Temple, Texas, has been received and is being put in place. Belton already has a creamery—eight miles from Temple and which shows plainly that you can't have too many, that the people are pleased and that the industries are successful. Each plant requires 800 to 1000 gallons of milk per day and the farmers who are in those territories are making \$12 to \$15 per month per cow.

**THE TOBACCO GROWERS.**

Regular Meeting of Association This Afternoon—Delegates to Houston.

From Saturday's Daily:

The regular meeting of the Nacogdoches Tobacco Growers Association was held this afternoon, beginning at 1 o'clock. The attendance was very large; a number of farmers being present that heretofore have shown no interest in the industry. J. Thomas Hall made a splendid talk and an appreciated one, telling about the tobacco exhibit at the State Fair and also advising the growing of tobacco. The attention that the tobacco display created at Dallas is a revelation and has caused tobacco men from other portions of the world to sit up and take notice. The only thing is Nacogdoches county needs more acreage and this point Mr. Hall also dwelt on.

Messrs. J. T. Hall and J. B. Power were elected delegates to the state meeting to be held at Houston Nov. 10, next Tuesday, this matter too, being discussed this afternoon. Nacogdoches will make a bid for the next annual meeting—the Texas Tobacco Growers Association—and which will convene in 1909. After the tobacco meeting, James D. Greer, special agricultural agent, addressed the gathering.

**Home Mission Society.**

The Womans Home Mission Society of the Methodist church met in session with Mrs. K. P. Branch on Monday, Nov. 8 with about forty members and guests present.

The meeting was opened by the president, Mrs. J. W. Mills, who cordially welcomed the visitors and in a few well chosen words explained the object of the open meeting, that the society thought perhaps the social side of their meetings had been neglected in view of the work calling to be done, and that a meeting bringing together all members and visitors for an evening of pleasure would prove to be "the better part."

Mrs. I. L. Sturdevant was next on the program with a highly interesting talk on the schools maintained by the H. M. S. There are fifteen of these, mostly industrial and Mrs. Sturdevant showed them to be doing a work simply incalculable for good.

Mrs. D. K. Cason next told of the work of our city missions and what she related was a revelation to most of the hearers. This branch of H. M. work while not needed in as small a place as Nacogdoches, is absolutely essential where cities crowd humanity to death.

Miss Mary Hoya, chairman of the supply department explained in one of the most interesting and instructive numbers on the program the work of her department which includes the sending of boxes to needy preachers and orphan homes.

Mrs. K. P. Branch gave a charming account of her visit to the Dallas Home Mission Training school and Mrs. Geo. Barham gave an equally entertaining description of the

**WE ARE HEADQUARTERS FOR HIGH GRADE PIANOS**

**KIMBALL PIANO**

And we want to be thoroughly and favorably known throughout the state as dealers in but one quality, and that the best that money will buy, and we want everybody who is interested in the purchase of a Piano, Organ, Piano Player or Player Piano, Upright or Grand, to investigate. Call at our warerooms, West Ferguson Street, and examine our stock, and give us a chance to prove all we claim.

The conditions under which this great counting contest will be held are as follows:

**IT IS EASY—Just Count the Dots That Appear on the Outlined Kimball Piano**

The correct number of dots will be made known to the judges, who are well-known business men of Tyler, December 1st, and will be wired to the business office of the Courier and Times by the manufacturer. No one else knows it. Each answer will be numbered consecutively as soon as received and will be opened by the following committee: Messrs. L. L. Jester, of the Jester National Bank; J. L. Adams, of the Courier and Times, and T. L. Webb, president Tyler Box factory.

Anyone residing in the United States is entitled to one answer. When more than one answer is received from the same party, all but the first will be discarded.

This contest positively closes Tuesday, Dec. 1, at 6 o'clock p. m. All answers must be written plainly and the coupon filled in, giving name and address. Also state whether you have an Organ, Square or Upright Piano, giving name. No one engaged in the music business nor any one employed by this firm or any other music firm will be allowed to participate in this contest.

More than 1,000 people throughout the state of Texas ATTEST TO OUR FAIR AND HONEST DEALING who have purchased Pianos from us. We carry in stock over 100 Pianos and have the best lines in the state, and the prices on the famous lines of Pianos handled by us are well established and are marked in plain figures, and have been sold here for many years. We are factory distributors for Chickering Bros., Kimball, Davis & Sons, M. Schulz Company, Crown, Packard, Mathushek, Ludwig, Walworth, Irving, Whitney, Hinze and others of established reputation; also Kimball Piano Players, Player Pianos and Crown Combination Pianos. Rebecca Sparks, deaconess' home at Waco.

Mrs. J. H. Barham had charge of the question box in which the following interesting points were brought out:

That deaconesses of the Methodist church must take a two years course in practical training including nursing, cooking, etc., as well as Bible study. That there are two training schools already established, one at Kansas City, Mo. and one at Nashville, Tenn. That an earnest effort is being made by the Home Mission Societies all over the United States to better the conditions of women wage earners.

At the close of the program the president displayed maps showing the position of the various homes and schools over the U. S. and views of the buildings after which the hostess served a dainty lunch consisting of chicken salad and whipped cream, wafers and coffee. The entire even-

ing was delightful as well as enlightening. It is marvelous how much women banded together for good can accomplish. The society plans to have more of open meetings and it is to be hoped they will. "The kings business demands haste" and the pressing need of the work to be done often crowds out the purely social side but these meetings when all meet to just enjoy the good work done, and being done, are at once a pleasure and an inspiration.

The Tyler Courier, and Times is doing a great work for old Smith county, and her capital. Just now that paper is pushing and talking and urging the building of a creamery and we venture that Tyler will get that institution before Editor Green holds up. And the people of Tyler—the business men—appreciate the Courier and Times, and the good work being done. Advertisements are plentiful in that paper—a

feature calculated to make any paper do the very best possible.

MORE than once we have wondered, says the Abilene Reporter, what ever became of the kissing bug who several years ago, it our memory serves us right, it was before the appearance of Hobson on the public kissing stage, was doing business all over these United States. At this late date an exchange comes forward and explains the mystery of his demise: "The old maid stood on the steam-boat deck, whence all but she had fled; and calmly faced the kissing bug that circled overhead. The maiden shrieked, the matrons swooned and the men swore amen, but the game old maid like a hero staid and whispered, come again. There was a buzz, a kissing sound, the old maid, where was she? Nay, there she stood and called for more, but the kissing bug was dead."

### RHEUMATISM RECIPE.

Directions to Prepare Simple, Yet Remarkable Home Mixture.

A well known authority on Rheumatism gives the following valuable though simple and harmless prescription which anyone can easily prepare at home.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsapilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, it taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be brought separately, or the druggists here will mix the prescription for our readers if asked to.

### Again Carries off Highest Award.

Three consecutive times at the San Antonio International Fair, two consecutive times at the State Fair of Arkansas at Hot Springs, and recently at the State Fair at Dallas. The Tyler Commercial College of Tyler, Texas, is conclusively proving the superiority of their students' work, and their modern equipment over that of other schools, by carrying off the highest award in six consecutive contests. At the State Fair of Texas at Dallas the exhibit of the Tyler Commercial College occupied a greater space than that of all the other commercial school exhibits combined. Its exhibit consisted of more than four times the amount of practical office appliances of any other commercial school's exhibit.

After witnessing the excellent work of their students their modern office appliances and up to date methods of teaching, one can easily understand why this school had the largest day enrollment of bookkeeping, business training shorthand, typewriting and telegraphy during the past year, of all American business colleges.

This proposition of building sidewalks is one that should interest every man, woman and child in the city. Five miles of sidewalks would be worth dollars and health to the people of Nacogdoches. Besides there is city free mail delivery.

### In Memoriam.

Two weeks ago, on Saturday, Oct., the 24, the tender spirit of little Taylor, the four year old son of Mr. and Mrs. Lizzie Mast, was transplanted from this to a home in the beautiful beyond. In his death the parents have sustained a loss that is irparable and their home is sad and lonely since their darling left them.

Taylor was a bright and intelligent child; so affectionate and kind, with a sunny nature which appealed to the hearts of all who knew him. He is not only missed by his parents, brothers and sisters, but his near neighbors, besides a host of friends all miss his bright smiles and his visits to our homes. To the fond parents I will say, weep not for your darling, since he has gone to dwell with Him, who has said, "Suffer little children to come unto me, and forbid them not for such is the Kingdom of Heaven."

We miss our darling in our home, We miss him at his place, A shadow o'er our lives is cast, For we miss the sunshine of that dear face.

J. L. Phillips was here yesterday from Lutkin on business connected with the ice factory.

### Near Deaths Door.

"I was near death's door. The doctor said he had done all he could; that my stomach was old and worn out. I was so weak I could not walk. I took Mi-o-na tablets, and have been eating hearty ever since, and I am able to work like a tiger. I wish I could go and thank you myself. I send you my picture, and you can use my word and my picture, and I thank you again."—Mrs. Nelson Lucier, 112 Fisk St., Athol, Mass.

Mi-o-na cures dyspepsia. If any of the readers of this paper are suffering from stomach trouble of any kind, Stripling, Haselwood & Co. will sell you a box of Mi-o-na for 50 cents with an absolute guarantee of relief, or money back. In many cases one box will effect a permanent cure; in chronic conditions more is necessary. But one thing is certain, one box of Mi-o-na will make you feel so much better and brighter, so much more energetic, that you will not give it up till cured.

Miss Lillie Davidson and Zirletta Matthews returned last night from Houston, where they have been attending the carnival.

Mrs. B. F. Thompson returned last Thursday from a pleasant trip of several weeks duration to points in the east.

Injured in a Runaway.

Groveton, Texas, Nov. 7.—While driving out with two young ladies yesterday evening Gary Eaves' horse became frightened and ran away. Mr. Eaves was thrown over the dashboard and fell upon the shafts. While clambering to get back into the seat the horse kicked him, breaking his jaw and otherwise injuring him. It was with difficulty that the horse was quieted and the trip back to town accomplished, Mr. Eaves being unable to render the ladies any assistance. He is resting well and will, it is thought, be out in a short while.

Mr. Eaves is the son of J. B. Eaves of this city and lived here the greater portion of his life. The father was intending to go to Groveton yesterday but a telegram and telephone message brought him the news that his son was not serious and would be all right in a few days.

Mrs. R. T. Shandler of Duffhart is visiting friends and relatives in the city and Chireno, and is warmly greeted by her friends on this her first visit "back home."

### Celebrates 80th Birthday.

From Friday's Daily:  
D. Hammons, who lives near this city, was a visitor to the trade's display yesterday, enjoying the hospitality of the good ladies—the occasion being a double celebration. Yesterday was his birthday—80 years old—born in Louisiana Nov. 5 1828. Mr. Hammons has been a resident of Nacogdoches county 35 years.

### Trials of Winter.

Do not permit yourself to be a victim to a cold or cough. They lead to pneumonia, consumption and elsewhere. Be wise; use Simmon's Cough Syrup. It cures coughs, heats lungs and will keep you right here to enjoy the beauties of spring.

### Married Yesterday.

John T. Barker and Mrs. Bettie Kelly of Douglass, were married late yesterday afternoon at the court house by Rev. R. T. Holleman. Another marriage license was issued yesterday too; to Lee Skillern and Miss Kate Samuels.

### A Broken Back

The pain in your back caused by lumbago, stiff muscles or a strain is an easy thing to get rid of. Ballard's Snow Liniment cures rheumatism, lumbago, sore and stiff muscles, strains and sprains, cuts, burns, bruises, scalds and all aches and pains. You need a bottle in your house. Sold by Mast Bros. & Smith.

### 32 Votes at Etoile.

Two citizens of the Etoile community were here today attending trade's day and with them brought the election returns. While they could not give exact results, one of them stated that 32 votes were polled, 3 Republican, 3 Socialist, the others Democratic. The school amendment was a stand off and the others were defeated.

### NEGRO'S THROAT CUT.

Bud Wilson Stabbed to Death Saturday Night—Len Dove in Jail

As the result of a cutting affray which took place Saturday night about 1 o'clock at a negro festival in the "quarters" in the eastern part of the city, Bud Wilson is dead and Len Dove in jail, the latter charged with the killing, and papers have been issued for Will Dove, a brother of the accused negro, on a charge of being connected with the fight. From particulars given by a negro who was also at the festival and who claims to have seen the fight, it seems that a free for all row had taken place previous to the killing, inside the house, and in which the three above mentioned parties were participants. In some way the affair was transferred to the yard or street and a negro woman succeeded in getting Wilson away from the crowd to go home. Wilson, with the excuse that he would be back in a few minutes, returned to the crowd and the fatal fight took place. It is said that he was stabbed a number of times, in the neck, breast, side and arm, after which he walked twenty or thirty steps and fell dead. Len Dove came to town and surrendered to Sheriff George Blackburn and was placed in jail. It is said too, that Dove has a number of cut places. Wilson, the dead negro, has only been out of the pen a few months, having received a pardon. He was sentenced March 28th 1904, on a plea of guilty, on two charges of assault to murder, his sentence totaling 12 years.

### Consumption Statistic

Prove that a neglected cold or cough puts the lungs in so bad a condition that consumption germs find a fertile field for fastening on. Stop the cough just as soon as it appears with Ballard's Horehound Syrup. Soothes the torn and inflamed tissues and makes you well again. Sold by Mast Bros. & Smith.

W. D. Fredericks, who lives a few miles from Nacogdoches, is preparing to bid good by to East Texas. He will go to Runnels county.

### Her Heart Was Broken

Because her complexion was bad and she could find nothing to clear it up. Ladies: a bad complexion is caused by an active liver. An inactive liver will be put in perfect condition by taking Ballard's Herbine. The unequalled liver regulator. Sold by Mast Bros. & Smith.

Sheriff George W. Blackburn returned Saturday from Oklahoma.

# Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.

Made by the J. C. Ayer Co., Lowell, Mass.

### Big Deed of Trust.

One of the largest deeds of trust ever filed in this county—and the largest for many years—is now being recorded in the county court here. It is by the Waterman Lumber & Supply Co. made in favor of the Commerce Trust Co. of Kansas City, Mo., and is to secure \$250,000 of 6 per cent bonds issued Oct. 1. The deed of trust covers all of the holdings of the lumber concern, including lands, timber etc. The recording fees amount to \$26, the deed covering 52 printed pages.

### Saved Him.

"It did not kill me but I think it would if it had not been for Hunt's Cure. I was tired, miserable and well nigh used up when I commenced using it for an old and severe case of eczema. One application relieved and the box cured me. I believe Hunt's Cure will cure any form of itching known to mankind."—Clifton Lawrence, Helena, O. T.

Sam H. Dickson, editor of the semi-weekly Houston Post and who is also state inspector of orchards, was in the city yesterday afternoon, shaking hands with friends. He stated that the orchards around Nacogdoches are clean and in good shape. F. W. Malley of Garrison was also here and he and Mr. Dickson went to that city last night on business. They will probably be here again Monday.

### A Hair's Breadth Escape

Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup. Sold by Mast Bros. & Smith.

Price 25c, 50c and \$1.00 per bottle.

### Hand Cut Off.

Ade Hillen, a young man living west of town happened to an accident yesterday about noon in which he lost his right hand, being crushed off by a train. The accident occurred at Lingo, Hillen falling between the coaches of the East bound passenger train as it was pulling into the station. He was brought to the Sanitarium in this city where the member was amputated. He is reported to be getting along very well today.

### Hands us a Boquet.

Grand Saline Sup.

One thing that impressed us most among all of the great attraction at the Dallas Fair was the splendid exhibits of farm and orchard products from West Texas and the Panhandle country. In looking about in Agricultural hall we found only one East Texas county represented with an exhibit—Nacogdoches. Evidently Nacogdoches has an enterprising set of people, the only public-spirited bunch in East Texas? It appears that way to us. It is no puzzle to us why hundreds of our farmers are moving to West Texas and the Panhandle every year, when we understand that every individual in those sections is a booster. They advertise their country and show what they produce to the best advantage. No wonder at all that the disconted east Texas farmer picks up his belongings and hikes West when he sees such fine exhibits at the Dallas Fair from those sections and none from East Texas. It's no use saying that we can beat them on nearly everything grown—most people have to be shown, and we fail to do it. What's the use for a newspaper to talk for and boost its section when the people fail to back it up? Ah, well, after all, "What's the use?"

### Never Disappoints.

"Many extensively advertised remedies are failures when put to the test. Hunt's lightning Oil is an exception. Confidence in it is never misplaced, disappointment never follows its use. It is surely the greatest emergency remedy now obtainable. For cuts, burns, sprains, aches and pains. I know no equal."—Geo. E. Padilock, Doniphan, Mo.

### To Qualify Nov. 28.

The newly elected officers will qualify and enter upon their duties about Nov. 28th. Next Monday, Nov. 9th, the commissioners court will convene in regular session to complete all the unfinished business, and after that the new court will assume the reins of the county's affairs.

### For Thirty Years.

"Inclosed find money order for one dollar for which please send me its worth in Simmons Liver Purifier, put up in tin boxes. I have been using the medicine for thirty years."—Thos. H. Reilly, Jonesville, La.

No comment necessary. Price 25c per box.

### Arnold-Dunn.

The Sentinel is in receipt of a card announcing the marriage of Miss Lennie Arnold to Mr. T. W. Dunn, which took place in Houston, Tuesday evening, Nov. 3.

Miss Arnold is well known in this city having lived here a number of years, her parents Major and Mrs. Arnold were pioneers. Leaving here they moved to Shreveport and afterwards to Houston. Mr. Dunn, the groom, is a prominent young business man of Houston. The Sentinel joins the many friends of Miss Arnold in this city, in extending congratulation.

# S.S.S. CURES RHEUMATISM

Every case of Rheumatism has its origin and its development in the blood. It is not a disease which is contracted like a cold, but it is in the blood and system before a pain is felt, and the changes in the weather or any physical irregularities, such as a spell of indigestion; bowel disturbance, etc., are merely the exciting causes producing the pains and aches, which are the natural symptoms of the disease. Rheumatism is caused by an excess of uric acid and other corrosive, irritating poisons in the blood, which are carried through the circulation to every part of the system. Every muscle, nerve, membrane, tissue and joint becomes saturated with these acid, irritating impurities, or coated with fine, insoluble caustic matter, and the sharp, piercing pains or the dull, constant aches are felt with every physical movement. When the blood is filled with uric acid poison, permanent relief cannot be expected from liniments, plasters, or other external treatment. Such measures give temporary relief, but in order to conquer Rheumatism and bring about a complete cure, the uric acid and other inflammatory matter must be expelled, and this cannot be done with external treatment. S. S. S. cures Rheumatism because it is a perfect and entirely vegetable blood purifier. It goes down into the circulation, neutralizes the acids, and dissolves the irritating deposits which are pressing on the sensitive nerves and tissues and producing pain, enriches the weak, sour blood, and removes every atom of impurity from the circulation. So instead of being a weak, sour stream, distributing uric acid to the different parts of the system, the blood is strong and healthy and therefore able to supply every muscle, nerve, bone and tissue with nourishment and strength. Then the inflammation and swelling subside, the pains and aches cease, and not only is Rheumatism permanently cured, but under the fine tonic effects of S. S. S. the entire general health is benefited and built up. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe and reliable treatment. Special book on Rheumatism and any medical advice you desire will be furnished free.

Sometimes ago, I had Rheumatism and had to quit work. The pain in my back and between my shoulders was so intense I could not rest or sleep. I tried everything, but nothing did me any good till I heard of and took S. S. S. This medicine cured me sound and well. It purified my blood and made me feel like a new man.

CONRAD LOHR, 122 E. 19th St. Anderson, Ind.

I was severely troubled with Rheumatism. I had it in my knees, legs and ankles, and any one who has ever had Rheumatism knows how excruciating the pain is and how it interferes with one's work. I was truly in bad shape—having been bothered with it for ten years, off and on. A local physician advised me to use S. S. S. I did so. After taking two bottles I noticed the symptoms and pain were greatly reduced. I continued the medicine and was thoroughly cured; all pain, soreness and inflammation gone. I recommend S. S. S. to all Rheumatic sufferers.

### No Patent on Tobacco Raising.

Lufkin News.  
Now that the cigar factory in this city will again be in operation would it not be a good idea for some of our farmers, especially those having farms in the red lands of the country, to consider putting in a few acres in tobacco next year? True, our people would have it all to learn, but we have some neighbors in Nacogdoches county from whom a few pointers might be had. And while Nacogdoches county has made considerable progress in the way of raising tobacco, it must be remembered that they have no patent on the business, and that our red lands will produce as fine tobacco as theirs at the same cost of production. There is always a ready market for good, well cured tobacco. There is absolutely no danger of over-production. It is a safe crop, is not subject to more danger than cotton and is harvested much earlier. The News trusts that some of the enterprising red-landers will seriously consider putting in at least a small acreage in tobacco next year.

**THE SECOND TRADE'S DAY.**

Exhibits Far Susspass Those of First in Quantity and Variety—Everybody Well Pleased.

From Thursday's Daily:

The most sanguine expectations have been over reached and the people who today visited the exhibit hall, the live stock department and other features of the Nacogdoches Second Trade's Display, pronounce it the best collection ever seen in this section. The farm products are the best and will compare beyond those of any section we believe.

There are more kinds of garden products ever gathered together before; of the prettiest preserves, wines, vinegars, the finest canned tomatoes, peaches, pears; the biggest potatoes; the most attractive poultry, including chickens, turkeys, geese and ducks; the oldest and most historical souvenirs that has been our good fortune to witness.

**THE HALL DECORATED**

The Davidson building next to the court house presented a busy scene as early as yesterday afternoon, and soon this morning people were there arranging and displaying the hundreds of articles that were coming in. The building itself is attractive, large, well lighted, well ventilated and after being festooned with gay colored bunting and receiving the exhibits, it was a pretty sight indeed and was the subject of much expression of praise by the sightseers. Three rows of tables, reaching the entire length of the building, are weighted with the hundreds of displays, beginning with the can goods and garden products and winding up with the poultry exhibit. To mention each and every display is impossible, yet each and every one deserves special mention.

**GARDEN PRODUCTS**

The most noticeable feature of the department is the exhibit of T. E. Burgess, and which contains 24 varieties of vegetables, all green, and tempting even in the raw state. His exhibit but impresses strongly the fact that any and everything that can be grown—can be grown in Nacogdoches county and at all seasons of the year. Without question the biggest sweet potatoes raised in this section are gracing the exhibit hall too, and are not confined to a single kind, but are of the "pumpkin yam" yellow yam and "Spanish" varieties. Cabbage heads, collard stalks, watermelons, pumpkins, peas, beans and the other things of a nature calculated to appeal to the inner man.

**THE CAN GOODS**

R. L. Bentley, who lives northeast from town a few miles and R. E. Burke of Sacul have exhibits of can goods that are very creditable and either would stand first prize chance at much bigger fairs than this one. Mr. Bentley has peaches, pears, tomatoes, grapes, catsup, pickles, kroust, jellies, jams etc. Mr. Burke has only peaches and tomatoes, the latter his pride and to which he expects to give most of his attention in the future. This year he

had in only four acres, which yielded him 7000 2-pound cans and 1000 3-pound cans; and from which he figures returns of \$150 an acre. Next year he proposes to contract several times that many acres and will also increase his canning capacity to put out from 25,000 to 30,000 cans. He says that the industry is a good one and he proposes to help develop it in this section.

**"STUFF" OFF THE FARM**

Down on the farm is a mighty good place to live especially in Nacogdoches county where so many good things are grown. There is ribbon cane—and its product; pumpkins; peanuts, oats, fodder, peahay, peanut hay; corn, turnips, cotton, from the crowing stalk to the big boll with the fleecy staple clinging to the sides to keep from crowding; there are dozens and dozens of things that cause one to open wide their eyes in surprise and things lots of people have no idea that grow and flourish in this county. They are here today and in abundance. They are conclusive evidence—proof of the pudding that we are in the midst of plenty—yet in want.

**THE OLD RELICS**

It is wonderful just how many curios and relics can be gotten together; the other trade's day brought out lots of them but nothing barely—when compared with that booth today. One entire row of tables was given up to relics and includes everything imaginable from the "lovers link" whittled from a piece of pine to the most beautiful handwork of woman, years ago. There is a baby shoe 75 years old, worn by a child of Gen. T. J. Quisk while a citizen of this city. A shoe rule, hand made, 550 years old, brought from old Ireland and handed down for generations. It's the property of Mrs. Elizabeth Jackson. John T. McCall of Appleby has an exhibit, a cane, hand made, 240 years old brought from Scotland. Mrs. E. A. Ingraham, mother of Judge Ingraham, a quilt 91 years old, with chickens, birds, flowers and a tree design and quilted in. It is one of the most novel of all the curio features. Dave Copeland, a violin, hand made, brought from the old world and made in 1665—223 years ago. J. R. Richardson's display of old relics is an excellent one and is composed of old pistols, knives, horns, sword, pair of buffalo horns and many other things of a very peculiarly attractive nature. The old Store Fort miniature, 8x12x18—the result of J. M. Choate's artistic labors is a distinct feature and has proven a "crowd drawing" one today. It is made from the scraps of the original Stone Fort, the little blocks of wood made to resemble blocks of stone.

**THE REDLANDS ALL RIGHT.**

G. H. Muckleroy, who lives about five and one half miles east, has on exhibit a sample of his third crop tobacco for this year. The leaf is good—fine and silky. He only has in one half acre of tobacco but from it expects to realize \$100. Next year the acreage will be just 10 times as much.

This is not all. He has 20 different kinds of "put up" stuff, from vinegar to preserves and from catsup to wine. The exhibit is a splendid home industry one and a pantry laden with such good things would be absolute proof against all ills that the appetite of man is heir to. Mr. Muckleroy is a former Johnson county citizen and knows the qualities of a central Texas black land farm—but his four years residence in the redlands of Nacogdoches county has convinced him that this country is the best ever. He lives at home and believes that for the thrifty, resourceful man, this section is pre-eminent.

**SOME FINE POULTRY**

The lover of good poultry can not help but find pleasure in that department today for if there is such a thing as "best"—it's certainly here. The Barred Plymouth Rocks are the most numerous and some of them are most as large as young turkeys. One exhibit is the property of Miss Elma Greer of Appleby and to this breed she gives her entire attention. In addition to the four pens of chickens, she also has on exhibit, two coops, of mammoth Bronze turkeys which are excellent specimens of "Thanksgiving delights." There are other good pens and coops of chickens and turkeys besides these and many varieties too, from the little Bantam to the Rhode Island Reds. A coop of fine Toulouse geese—and other breeds—also attract considerable attention.

**THE LIVE STOCK**

Many excellent specimens of live stock are being shown, good horses, cows, mules, colts, etc. The prizes in this department are attracting the best and promises to incite the people to better stuff.

**MUSIC—DINNER—BABY SHOW.**

The Elks Band came out at 11:30, dressed in their best and delivering "notes" that pleased to the fullest extent. After rendering a few selections, putting the immense crowd in fine humor, the music gave way to the exhibition hall which was thrown open to the public. Captain John S. Doughtie coralled the old soldiers at 12:30 and marched to the Ingraham building where a dinner good to the eyes and still better to the palate was served by the ladies. At 3 o'clock this afternoon the baby show took place at the exhibit hall, afterwards the band making a second appearance.

You don't have to go to heaven to find angels. If you think such a thing it is a mistake. You may find angels in lots of homes, on the farms, in the cities; laboring over the wash tub, the ironing board, the cook stove, flitting here and there looking after the needs and wants of a loving, happy family or ministering to the sick or afflicted neighbor or friend. Yes, they are angels, these good women and good mothers; God bless them, the world couldn't do without them. But you'll never find any angels on this earth that put in the major part of the time in parading the streets with a bob tail "purr" for company or who places affections on a ribbon necklaced poodle dog.

**THE DEMONSTRATION WORK.**

Letter Sent Out By State Agent Procter Urges Fall Breaking and Deep Plowing.

Special Agricultural Agent James D. Greer is in receipt of a circular letter from the state agent, W. F. Procter of Tyler, and in which some excellent advice is given the farmers. Though the letter is in the form of instructions to Mr. Greer, we are given the liberty and herewith publish it, hoping too that it will prove of interest and be of worth.

At this time it is highly important that we secure our demonstrators and co-operators for next year, not letting any opportunity pass to secure each and every one either as a demonstrator or co-operator. And let me make the following suggestions relative to selecting demonstrators where possible.

- 1st. Select men who you believe are deeply interested in making improvements on the farm.
- 2nd. Men who are in a condition to carry out demonstration work that it will be an object lesson to all.
- 3rd. Locate your demonstrator where one can probably secure others.
- 4th. Insist on fall or winter breaking and planting winter cover crops.
- 5th. Insist on him breaking deeper and using the harrow in the winter.
- 7th. Insist on them securing nothing but improved seed.
- 8th. Explain why good corn can be grown in 6 feet rows on thin land where only nubbins grew in 3 1-2 feet rows. In 6 feet rows 15 to 20 lbs. worth of peas will also mature and help enrich the land, giving it humus and nitrogen and putting it in a healthy condition.
- 9th. Select men of influence if possible where other farmers will visit.
- 10th. Locate them near by school houses, churches, public roads and villages, in the most conspicuous places possible.
- 11th. Insist that each try at least one or more acres of corn using fertilizer under every hill of it.

Yours most truly,  
W. F. Procter,  
State Agent.

**SOUTHEAST TEXAS FAIR.**

Beaumont Urges Nacogdoches Folks to Send Tobacco Exhibit—Has The Lead.

For some time the Sentinel has been urging the people of Nacogdoches to send an exhibit to the Southeast Texas fair to be held at Beaumont the latter part of this month. The display carried to the state and especially have the Southeast Texas papers been liberal in their mention of the industry in this county. Below we give a letter received this morning in reference to a tobacco exhibit and we hope some of our people will take the matter up at once.

Beaumont, Tex., Nov. 5.  
Mr. Giles M. Haltom,  
Nacogdoches, Texas.  
Dear Sir:—I write to urge

upon you the desirability of your town having a tobacco exhibit at the Southeast Texas Fair, even though it be on a less elaborate scale than that shown at Dallas. Tobacco is destined to be one of the chief products of East Texas, and Nacogdoches has achieved a fine lead in the industry. Every energy should now be bent to maintaining that lead and increasing it. There will be many home seekers here during the week of the fair and an exhibit here would be of untold benefit to you.

I also believe that it would afford a good opportunity to push your city's cigar industry, as there are few Nacogdoches cigars now sold in the city.  
Yours truly,  
Geo. A. Smith, Sec.  
Editorial writer on the Enterprise.

W. C. Oaks left Sunday for Dublin to spend the winter with his son.

**Just One-Half**

The money you "blow in" foolishly, if invested in a bank account, would soon put you on "easy street." If you are spending all you earn, it is unfair to yourself and those who may be dependent on you. You have noticed the manager in which small amounts expended count up in a month. A part of such expenditures saved will allow you to have an account at this bank. Start with One Dollar. Have a bank account with

W. H. Bonner of Lufkin was here today on business.

Austin Muckleroy and Jack Gage of Lufkin were visitors in the city Sunday.

5 or 6 doses of "666" will cure any case of Chills and Feve. 25c

Miss Maudé Muckleroy of Lufkin spent Sunday in the city, the guest of Miss Dixie Meador.

Mr. and Mrs. Edgar Thomson returned last night from a visit to New Orleans and Centerville, Alabama.

Miss Willie Gramling left today for Monroe, La., to visit her brother a week or ten days.

5 or 6 doses of "666" will cure any case of Chills and Fever. 25c

Rev. T. W. Fowler has moved to the Lucas place on North street.

Mr. and Mrs. T. J. Smith came up yesterday from Lufkin to visit a few days.

### Court in Session.

The Commissioners court convened this morning in regular session. The first business taken up was allowing accounts, after that matter being finished, the court will canvass the returns of the election. The court will have a called session the latter part of the month to approve the bonds of the new officials.

Mrs. H. F. Schmidt has as her guest, her sister, Miss Pauline Schaunberg of Ledbetter, Texas.

### News Around Trinity.

Health is good in our community. People are about through gathering crops, except cane—and there will be lots of syrup made. John Muckleroy will make 3,000 gallons. Crops of all kinds have yielded better than expected. Some of the farmers are cutting stalks and will begin breaking land when it rains.

Most everyone in this community has some corn and syrup to sell.

The writer visited, a few days ago, the mineral well, five miles east of town. Saw lots of people who are using the water and who spoke very highly of its medicinal qualities. L. F.

### The Sewing Circle.

Had a delightful meeting with Mrs. H. C. Fulgham at the home of Mrs. G. H. Matthews on Wednesday afternoon, with a good attendance and with Miss Lott of El Paso and Mrs. Hailey of Abilene as most welcome guests.

The delicious refreshments of fruit and nut salad, waters, olives, followed by marguerites and coffee were thoroughly enjoyed, and the magnificent Crysanthemums that came all the way from Mississippi to grace the occasion were very much admired.

Rev. G. W. C. Self filled the pulpit at the Main Street Presbyterian church yesterday, morning and night.

### CROUP QUICKLY CURED.

Don't Let the Child Choke to Death While Waiting for a Doctor.

Hyomei, the miraculous, antiseptic, dry air treatment, will cure croup in either the first or second stages. Easily inhaled, even when the breathing is irregular, it reaches more promptly than any other remedy the terribly inflamed membrane of the windpipe. Its soothing balsams act immediately, the inflammation is allayed, and the swelling reduced.

"Not long ago our little boy, Walter, awoke in the night with a bad attack of croup. We allowed him to inhale Hyomei; he began to breathe easier, and in half an hour was fast asleep. I am glad to speak a good word for a remedy that will rob croup of its terrors."—Rev. Geo. Sisson, pastor of M. E. Church, Snuth Londonderry, Vt.

Hyomei (pronounced High-o-me) is guaranteed by Stripling, Haselwood & Co. to cure catarrh, coughs, colds, asthma, bronchitis and croup, or money back. A complete outfit, including a neat hard rubber pocket inhaler, cost only \$1.00. An extra bottle of Hyomei, if afterwards needed, costs but 50 cents. 5

Mrs. S. M. Howard and daughter, Miss Mattie, of Hendersonville, N. C. are in the city the guests of their son and brother, W. H. Howard. This is the first time Mr. Howard has seen his mother in 10 years and her visit is quite a pleasant surprise to him.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Mas Bros. & Smith. eod

### How is your Digestion?

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommended a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and troubles Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at our drug store.
