EUGENE BLOUNT RESIGNS.

Gives up Cashier's Place at Commercial Bank to Take Much Needed Rest—Frank Sharp Succeeds to The Position.

Eugene H. Blount, who last week tendered his resignation as cashier of the Commercial National Bank, announces that he will spend a year in rest and recreation. Eugene, as he is familiarly known to his many friends and associates, has successfully conducted the affairs of the cashier's department at the bank during the Wettermark failure, then through the disastrous fire and still later through the panic of 1907, helping to earn for the institution the name of "Old Reliable." At a meeting of the Directors, Frank Sharp was elected to succeed Mr. Blount as cashier. The gentleman is well known to the people of this city and county and has been a familiar person at the bank for some time, in the capacity of private secretary to the president, E. A. Blount. He is a young man of sterling worth and ability, energetic and active and the promotion comes as a deserved recognition. Eugene Blount still retains his stock in the bank and will continue as a member of the board of directors.

If you need a pill take DeWitt's Little Early Risers. Insist on them; gentle, easy, pleasant, little liver pills. Sold by Mast Bros & Smith.

Extending Sewer System.

Two car loads of sewer pipe were received yesterday by the city from Texarkana, the pipe to be used in extending the sewer system. Four hundred feet of the pipe is eighteen inches and three hundred feet are fifteen inches. Work is to begin at once on the extension.

Some Eggs.

G. H. King shipped 450 dozen, or 5,400 eggs, to Houston market today. This represents a weeks accumulation bought from the farmers and is about the largest shipment from this point in some time.

This Book Free.

An interesting book which gives a brief sketch of the lives of many prominent Americans together with an excellent likeness of each has just been issued by Booth's Hyomei's Co.

Any reader of The Sentinel who desires a copy of this book can obtain it free by writing Booth's Hyomei Co., Buffalo, N. Y. A postal card will do. Just ask for Booth's Sketches of Famous People.

For Sale.

J. O. Duck,

R. 1, Cushing, Texas.

d1t-w1t

For Sale or Trade.

Good second hand buggy, just overhauled and put in first class condition.

R. C. Gramling.

E. C. BRANCH TO RETIRE.

Gives up Management of His Business to Seek Better Health—What Nacogdoches Needs.

E. C. Branch has sold, to O. E. Hubbard and W. S. Beeson, interest in the electric light plant and the long distance telephone business. These two gentlemen will in the future have entire management of these two institutions. Both are well known to the people of this city, are good business men, and no doubt will strive hard to give the patrons the very best service possible—as has been done in the past. When asked if he had any business plans for the future that would be of interest to the town, Mr. Branch stated that he had not, that could at present be given. With fifteen years at law practice and ten years in business, he has had a pretty strenuous time of it, and acting on the advice of his physician, he has decided to cut loose from all business for a year. After then, should he get in shape physically, he may again take up active business. The electric light and long distance telephone business in this city were practically founded and built by Mr. Branch, though in the beginning other gentlemen were interested to some extent. Both institutions have, like most all big ones, grown from very small ones, and to the personality and business ability of the gentleman at their heads, is due no unstinted praise for their great success. "Two things are badly needed for this city," said Mr. Branch; "one a building and loan company, the other a cotton factory," and while no further statement was made, it is safe to say that should this gentleman see fit to take up either, both, or any other proposition, such would be a success, taking as criterions the light and long distance systems which have been built up to the best in Texas. The people of this city hope Mr. Branch a speedy recovery of health and return to active business affiliations here.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His methods deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It goes to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me. "but Electric Bitters cured me entirely." Only 50c at Stripling, Haselwood & Co.

Born, to Mr. and Mrs. Frost Thorn yesterday, a girl.

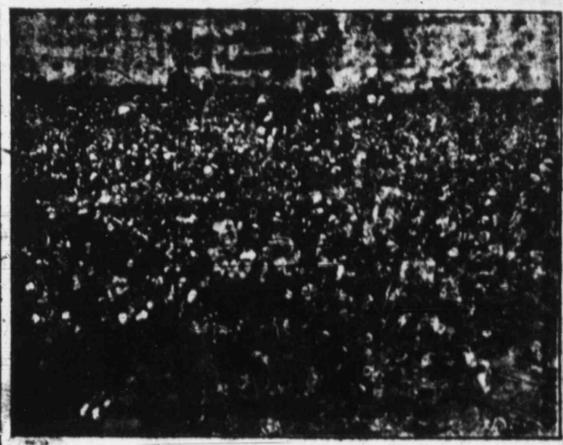

SITE HAS BEEN ACCEPTED.

Treasury Department at Washington Notifies Mayor Perkins and Post Master Cooper That City Square is all Right for Federal Building.

The plat of ground known as the city square has been accepted by the government as the site for the proposed Federal Building. This information came yesterday to Mayor W. U. Perkins and Post Master H. H. Cooper, from the Treasury Department at Washington. It will be remembered that the several sites offered were rejected by the inspector and at his request the city council then offered the square for the erection of the structure. This latter proposition has only been made a few weeks and the notice of acceptance shows the promptness with which matters are dealt. The price asked by the city for the plat was \$4,500. The site will be oblong, leaving Main and Pillar streets 80 feet in width and Pecan and Fredonia streets, 70 feet in width. The proposition accepted by the government is, of course, that an abstract title of the property be furnished, and that Main and Pillar streets be paved and the other two streets also, if funds are available. Mayor Perkins was instructed to communicate with Federal District Attorney J. W. Owenby at Paris, Texas, at once in reference to making the title to the site. There is but little doubt, however, about this feature and it is understood too that the four streets surrounding the site will be paved as stipulated when the building is erected. The news of the acceptance of the square was received here with a deal of pleasure and carries with it the belief that every citizen of Nacogdoches will be heartily in favor of the arrangement. Just when an appropriation can or will be made for the structure itself is a matter of speculation, as a certain amount of red tape is usually measured off by congress in matters of this nature. It is not impossible though, that the appropriation will be forthcoming this year, the purchasing of the site bearing the inference that a post office will be built here and that as soon as it is practicable, from the government standpoint. The city is given 60 days in which to perfect title to the site, work to that end having already commenced.

Washington's Anniversary.

Yesterday, the 177th anniversary of George Washington's birth was observed as a holiday by the banks and post office, the latter opening only "Sunday hours."

An exact picture of a field of Cotton grown on poor land with the use of VIRGINIA-CAROLINA FERTILIZERS.

You can do as well. We can supply you with Fertilizer suitable for Cotton, Corn, Tobacco, or any other kind of vegetables.

Above all else you want the best Fertilizer.

Our customers say Virginia-Carolina is the best. Many customers who last year and previous thereto, bought a sack or two "to try" are this year buying from one to three tons. This says more for the quality than anything else can.

Avery's Pet Fertilizer Distributor is known all over the South as a first-class article. Easy on the horse. Easy on the man. Low in price—satisfactory in service.

Have the best brand Distributor made. Special price for this season.

John Deere Planters plant cotton, corn, sorghum or peas perfectly. They last for years. Pay for themselves every year. Nearly 900 sold and every one satisfactory.

We have the best stock of Farm Implements in 100 miles of Nacogdoches. We buy in car load lots, for spot cash. Sell nothing but reliable goods and will meet any reliable firm's prices, quality and terms considered.

We want your trade and ask you to make 1909 the best year of our lives. You have helped us make a good start—January's business shows a 50 per cent increase. Stay with us. It will do us both good.

Yours truly,

Cason, Monk & Co

The Hardware and Implement Folks

Tobacco Growers to Meet.

Saturday, March 5th, is the date for the regular meeting of the Nacogdoches Tobacco Growers' Association. All members, and others interested, are urged to come as there are several matters of an important nature to be attended to. Saturday, March 5th, at 2 o'clock at the city hall in Nacogdoches. J. Thomas Hall, Pres. Geo. T. McNess, Sec.

There is not any better Salve than DeWitt's Carbonized Witch Hazel Salve. We hereby warn the public that we are not responsible for any injurious effects caused from worthless or poisonous imitation of our DeWitt's Carbonized Witch Hazel Salve, the original. It is good for anything when a salve is needed, but is especially good for piles. Be sure you get DeWitt's. Sold by Mast Bros & Smith.

State Bank at Cushing

Eugene H. Blount went to Cushing today to assist in converting the private bank into a state bank. The institution will be known as the Cushing State Bank and its capital stock is \$10,000. The officers are: E. A. Blount of this city, president; J. W. Carriker of Cushing, vice president; Miss Robbie Carriker of Cushing, cashier.

For That Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by Stripling, Haselwood & Co. w Miss Beulah Britton of Garrison was in the city today on her way home from Dallas where she has been attending school.

Things in Season

Garden Seed—We have all kinds and would be glad if you would come and inspect the lot and get ready for the spring gardening.

They are as fine lot of seed as ever you did see.

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

There is so much needs be done and so little effort to do. Nacogdoches wants to grow—help her.

The business interests of Nacogdoches are losing a square deal by not getting together—banding together—and pulling together.

Forty-four divorce suits filed already! Land of the setting sun, what will people do next? Only one represents white people—but the record is a cause for shame anyway.

A four year old boy thinks his father knows it all; when he is 12 he thinks his father knows it in partnership with him; and at 18 he thinks his father doesn't know a darn thing.

Senator H. Bascom Thomas is "up against it" in the language of slang, and if he doesn't make good his talk, the solons at Austin and the people at home will want to know "why he ever made such charges."

Nacogdoches has been having some diversified weather along with other things the past week. In fact the changes have been so frequent that the safest way seems to don summer clothes and carry a couple of overcoats and an umbrella with you.

Vol. 1 No. 1 of the Southern Inventor published at Houston has been received. Jack Schley of that city is editor and Prof. E. B. Criddle of Waxahachie, associate editor. The journal, as its name implies, is for the inventor of the South and it seems that there is a splendid field for just such a publication.

Fell off the wagon? Well get on again! Not the water wagon but the "boost" wagon. Don't stop the moving van to do it but swing on the side or back; catch on, and then climb to the front. There's room enough for all. Ride with progress and do a big share of boosting while at it. Nacogdoches is in line for growth—help her move onward.

The tobacco industry of East Texas is not lagging as some people might surmise, but is steadily on the increase. The farmer who plants a few acres of the crop will be much better off in more ways than one, and this fact is fast dawning—thus the interest. The acreage this year is to be much larger than heretofore, yet not as great as was hoped. Tobacco is surely a money crop and just as staple as cotton.

The need of a new court house is so evident that even many of the people heretofore opposed to such, are now on the right side. A visit to the present cob webbed, crack ventilated, unsightly and antiquated edifice is enough to change the heart of most any one who has harbored the opinion of "good enough." What protection is there now for the valuable records and papers?

WILLIAM J. BRYAN has written an article for the March number of Munsey's magazine, in which the prediction is made that the House of Representatives in 1910 will be Democratic. It sounds awfully good to the Southern ear,—but! How well the Democratic hosts of these United States would like to see just such a spectacle—though the confidence that it will be is like an image in a broken mirror;—here's hoping Col. Bryan is correct.

It may be a painful subject to some, no doubt it is,—but the extreme need of sidewalks is too plain to allow the matter to go dead. As long though as each party depends on some other party to start the ball rolling just so long will we be without these conveniences. To get sidewalks it is up to some man to begin work—to actually build—and others will fall in line. There are so many reasons why they should be built and none why they should not.

A NEWSPAPER is in no sense a child of charity. It earns twice over every dollar it receives, and it is second to no enterprise in contributing to the upbuilding of a community. Its patrons reap far more benefits from its pages than its publishers, and in calling for the support of the community in which it is published, it asks for no more than in all fairness belongs to it, though generally it receives less. Patronize and help your paper as you would any other enterprise—because it helps you, and not as an act of charity.—Times-Clarion.

GERONIMO, the famous old Apache Indian chief, will not be at Fort Worth during the stock show, as announced a few days ago. Instead he has gone to the "happy hunting ground" the unknown land of bliss for the Indian braves. Geronimo was 80 years of age, and until he was stricken with pneumonia one week ago, seemed to be in good health. He was one of the most unique of all Indian characters and though a prisoner of the United States for more than 20 years, until the very last he looked upon the pale face with hatred.

Mrs. W. J. LEMP, Jr., wife of the millionaire brewer of St. Louis, has been granted a divorce and also awarded \$500 alimony, per month. Thus ends another sensational family airing, a nauseating spectacle indeed and one that carries with it the vile stench unfit for decent people. But it's just one. The court records bear evidence of just such stuff on every hand and in every land of our own nation—a thing to be deplored,—despised,—sickening to the very heart strings. Where and will scandal stop and reason again be enthroned!

An exchange is authority for the following: "In China women are employed as gossips and are paid to go from house to house beating a drum to announce their arrival and retailing the latest news and choicest scandal. They receive a fee not only from the

lady of the house, but from merchants also, who do their advertising through these gossips, giving them an extra fee to sound the praises of their particular wares." This same work is vigorously carried on in this country, but for want of an "eye to business" our gossips receive no compensation, being willing, perhaps, to do the work on the charity plan.

The day has come and some time ago, the farmer must study his land as does the merchant his stock of goods, as does the manufacturer his machinery. Our land is rich and fertile, but it must be carefully looked after or shortly our farmers will abandon it as "killed out," when the fact will be that it is only tired of poor tilling. When our farmers look after their land, carefully studying its adaptation, weigh carefully their stock and feed and get the best possible results from the combination, then will land pay a high rate of interest on a value of \$150 or even more per acre.—American.

IT FITS NACOGDOCHES.

That saw mills, planers and other industries tend to build up a town and country is undisputed, but at the same time we must have a class of people to till the soil and produce the necessaries of life to feed the vast army of laborers it requires to run such institutions. The amount of good tillable land that has been lying out in Rusk county the past three or four years proves to our mind that we are sadly in need of immigration in this line. There are hundreds of people arriving in the state every week over the different railroads seeking locations and if we expect to entice any of these people into our midst we must throw out some inducements to them, in fact, we must go after them. There is no doubt were it but known that homes could be obtained here so easily and cheap, there would be but little land lying idle and growing up in pine bushes in a few years. An effort of some kind should be made, and that very soon, or

roads in shape, builds no bridges, paves no streets in country towns and contributes nothing to the maintenance of their institutions. On the other hand, he bleeds every community which he invades and injures the business of every city in the land. Farmers who order his cheap truck can, as a rule, buy the same quality from the local merchant at the same price. They should be told that in injuring local business they depreciate their own lands, because farms adjacent to live towns are much more valuable than those in the vicinity of dead ones. Besides it is not morally right to ask credit from the local merchant and send your cash to the mail order house."

It is said that the editor of Collier's Weekly wired the Jackson, Miss., News a query as to what plans the city of Jackson was making to celebrate the Lincoln centennial anniversary. The Mississippi editor's reply was laconic and to the point. He wired back: "Jackson, Miss., Jan. 22, 1909. Richard Lloyd Jones, Editor of Collier's Weekly, New York—None whatever. Neither have we arranged to celebrate the burning of Jackson, the fall of Vicksburg or the surrender at Appomattox. Please advise us what plans are being made in New York City for the next celebration of the birthday of Jefferson Davis." "Daily News."

There is possibly no bigger or more painful thorn in the flesh of civilization than the divorce evil. There is possibly no ranker menace to a government—from the fire-side to national—than the divorce evil. And its growing, increasing and the proportions of such are alarming to say the least. The court records are almost swamped with petitions from husbands and wives—praying for separation; alleging every charge from an insignificant to the greatest crime, as a cause. The whole thing is extremely nauseating and putrid. It is strictly contrary to Gods law, a stumbling block to society and a disgrace pure and simple. The divorce evil is threatening the very foundation of all that's right, and proper and good. The situation has just about reached the stage when legislation must take a hand in an effort to stay the tendency of a "divorced nation."

A FRIEND OF OURS writes to know what a mollycoddle is. A true mollycoddle is the fellow who predicts the failure of every enterprise started by his town; sees nothing but motives of selfishness in his fellowman;—walls his eyes in holy horror over these awful degenerate times, and sighs for the good old days that are past and gone when there were those who would lend their ears to his tale of woe, but who now on the account of the lack of time pass him up for a weak-eyed torpid delivered bore. The only way to keep from being bored by a genuine mollycoddle is to draw your watch on him and give him just seventeen seconds to unbosom himself, and

when the seventeen seconds have expired call out in a shrill sharp voice "time's up" and walk off from him.—Belton Democrat.

That Lamar County Hog.

Dear Sentinel,
I write you about the long ailed hog. You are an enthusiast on the emigration question but you ought not publish such things as this item, copied from the Honey Grove Signal and published in your Friday's issue. I don't think you ought to offer such inducement to immigrants. Here is the item:

Over in Lamar county a farmer has been feeding a hog on buttermilk, and now has a champion porker of the following dimensions: Three feet and ten inches tall, seven inches from snout to hams; measuring from end of snout to end of tail he is ten feet long. This hog weighs over a thousand pounds and is a living example of what butter milk will do.—Honey Grove Signal.

So do you suppose any one that lives in this county is going to believe that hog weighed 1000 pounds was 3 feet and 10 inches high and only 7 inches long? That that hog weighed 1000 pounds was 3 feet 10 inches high and 7 inches long and had a tail 9 feet and 3 inches long! I am willing to admit that street crossings in muddy weather are good things, that sidewalks may improve the looks of the surrounding scenery, that filling up the county with immigrants is at least a debatable question and that buttermilk is a mighty power in the land, but I am not going to believe that "hog" yarn.

Respectfully,
Geo. F. Ingraham.

We acknowledge the "corn," and admit shortening that hog from seven feet to seven inches. We've tried hard to vindicate the over sight, have waded through manuscripts to the eyebrows read every thing from Dr. Hicks almanac to the government statistics and a treatise on "hogology," including that Honey Grove article; its been digested forward, backward, sideways and catawampus across, but no record of any other such swine can be found—therefore the hog that is all tail is evidently wrong. He is a fine porker no doubt though, and we feel sure if the adjacent property (tail) of it is actually nine feet long, there is a ball of mud as big as an Anheiser-Busch beer keg hanging to it—if the hog's in question is a native piney woods citizen, familiarly known as "the razor back." But we appreciate the humor of the whole affair and here frankly admit our lack of hog knowledge, passing the mitt to you Judge, hoping we may see more fine porkers raised in this county—also immigration, sidewalks, crossings court house, push and progress. Here's to you with apologies,—what will you have? Well, take aquapura!

Your Hardware Wants

may be great or they may be small,—but it matters not,—as they can be easily supplied here.

Heating Stoves

All kinds Cast, Sheet Iron and Coal Heaters at prices way down.

Buggies, Surries and Wagons

A full line of the best made. We are advised that there will be a 10 per cent increase of price after May 1st. Buy now and save money.

Buggy Harness

Also a complete stock of Buggy Harness that we are going to close out cheap.

Come and see—get our prices—it will pay you.

H. T. BURK

The Implement Man

LIVES of poor men oft remind us, honest toil don't stand a chance; the more we work we leave behind us bigger patches on our pants. On our pants once new and glossy now are patches of different hue; all because subscribers linger and won't pay up what is due. Then let all be up and doing; send in your mite be'er so small, or when the blasts of March shall strike us we shall have no pants at all.—Exchange

The Elks Band is all right. It is a creature of our own city, composed of members who live here. The progress made since its organization less than a year ago is wonderful and in the short time the list of music learned is strikingly long. The boys play well and are improving every practice. There is not a citizen of Nacogdoches but what is, and should be,—proud of the organization. The Elks Band is a top notcher and here's hoping its members will be the recipients of many joys,—including a trip to Los Angeles this summer.

we are going to have still more idle land and fewer farm hands than at the present time.—Rusk Press-Journal.

BRANN'S Iconolast throws out some suggestions that are good enough to be passed along every day in the year. Of a Chicago mail order house this paper says: "Unlike most Chicago business men, he looks for his profits outside the city and cares less than nothing for local sentiment. His business is a positive injury to Chicago and a curse to every retail merchant in the country. He sails a sort of pirate craft which preys upon the surrounding country but stores his winnings in Chicago. Every dollar which finds its way into his coffers impoverishes some community, and lessens the volume of business in the neighborhood of his customer. What community does he support? His attitude on the Museum proposition shows his contempt for Chicago. He supports no schools in agricultural communities, pays no taxes to keep country

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

A RECORD BREAKER CROWD.

"Debutantes," by Local Talent, Draws Capacity House and Pleases to Fullest Extent—Entertainment The Best Ever.

From Saturday's Daily:

Easily the largest crowd that ever graced the Nacogdoches opera house was present last evening to witness the "Debutantes," a local talent musical entertainment. Not a ticket remained unsold even as early as seven o'clock and to accommodate the attendants, the rear and isles of the house were filled with chairs. That the immense audience expected something good, was prominent from the beginning and that it got some thing good—indeed an exceptional treat—is the unanimous verdict. The entire performance proved a flattering success, each participant and every feature representing the very best party in the very best place, a fact strongly evidenced by the real enjoyment and repeated encores of the hundreds of listeners. To detail the occasion's rare and extremely gratifying numbers would be a Herculean task and when completed

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach causes indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and excite the glands of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet. Regular size 50 cents, holding 24 times the usual size, which sells for 50 cents. Prepared by E. O. DeWitt & Co., Chicago, Ill. Sold by Mast Bros & Smith

would include then, every part of the pretty program from the tiny tots in their picture of innocent slumber to the choicest musicles of the entire cast. Without question the entertainment was the best that has been seen here this season and the claim that Nacogdoches has unusual tallant cannot be laid to the door of empty assertions. The cast was strictly an "all star" and many could even put old timers to fright, so well did they acquit themselves in "The Debutantes." The orchestra is truly a bunch of sweet music makers and charm where ever heard, and to it's renditions is due much for the success last night. The hard work expended in arranging and putting on "The Debutantes" has been forgotten in the big success of the entertainment and the participants have today been the recipients of many expressions of appreciation from those who were there. Many have already requested that it be repeated at some near future date, and it is possible too that the entertainment will visit some other nearby towns.

Casey Fouts returned from a two weeks stay in New York where he has been buying spring and summer goods for Tucker Hayter & Co.

F. H. Ingraham has moved his office from Blount Building to the G. H. Davidson estate building, over Julius Eichel's store.

The following visitors from San Augustine came in at noon: R. H. Hall, Frank Blount, Rev. G. L. Crockett, A. Prince, J. W. Armstrong and J. C. Anderson.

A TEXAS ARBOR DAY.

Excellent Program Arranged For Thursday Afternoon, February 22—Addresses By Many Noted Men.

The feature of the program for the tree planting at the capitol and State university grounds, by the organization which plans to set out a tree of every variety that Texas produces, with appropriate exercises, on the afternoon of Feb. 22, will be a short address by former President Eliot of Harvard, who will be in Austin on that day. It is planned to have President Eliot plant, with his own hands, a tree on the capitol grounds, in the presence of the assembly that will attend the ceremony. After this has been accomplished the crowd will gather in the rooms of the Railroad Commission, on the second floor of the capitol building, where brief addresses will be delivered.

A large number of the most prominent nurserymen in every section of the State have agreed to co-operate with the association and to donate the trees that are found in their section, thus insuring a large variety of plants. The work is under the supervision of the committee on public parks and shade trees of which C. A. Kinne of El Paso is chairman and Mrs. Ida Dardon of Fort Worth is secretary. The hour for the program has been set at 3 o'clock Thursday afternoon, Feb. 25. Following is the program that has been outlined.

Music—University Quartette.

History of Arbor Day—Prof. H. Ness, A. & M. College.

Trees in the Capitol Grounds—Supt. W. C. Day.

A Call to Business Men—Judge E. R. Kone.

Ornaments Native to Texas—F. T. Ramsey, Austin.

Preservation of the Forests of Texas—Prof. H. H. Harrington of Fort Worth.

Why Texas Should Have An Arbor Day—Goodrich Jones of Temple.

Some Texas Flowers—Prof. F. D. Heald, State University.

Address—Former President Eliot of Harvard.

Music—University Quartette.

All addresses will be limited to ten minutes.

Captain Ed B. Willis of Denton spent Sunday here the guest of his daughters, Mrs. W. W. Perry and Mrs. Robt. Lindsey. He went to Center this morning to visit a few days, after which he will return here before returning home.

Mt. Enterprise Echoes.

Ben Birdwell made a business trip to Nacogdoches Friday.

C. J. Murphey went to Nacogdoches Thursday, returning Sunday by way of Garrison.

Mrs. C. J. Strong went to Nacogdoches Tuesday to visit her son, Hon. Beeman Strong.

Two Million Bottles of Perry Davis' Painkiller sold every year. This wonderful household remedy stops the pain of sprains, burns or bruises. It relieves rheumatism or neuralgia. It cures colds, cramps, colic, diarrhoea. There ought to be a bottle on your shelves just now, ready for the first sign of trouble. The new size bottle is 30 cts. and there is also the 50c. size.

Letter to D. H. Barnett, Nacogdoches, Texas.

Dear Sir: "It costs as much to put on poor paint as good—a common saying and true—it costs much more to put on poor paint; more gallons.

Poor paint is paint and barytes or paint and sand or paint and lime or paint and chalk or paint and benzine or paint and water; these are the usual cheats; there are others.

It takes more gallons of paint and a cheat than of honest paint; and the cost of the labor of painting is so much a gallon—one gallon costs as much as another, for labor.

This is the way to reckon your costs for this year, but how about next year?

Paint Devco, and next year costs nothing; year after next the same; the same for several years.

Paint anything else, and your costs recur according to what you paint with. Some of the mixtures wear one year; some two; some three.

It costs twice, three times, four times, five times, as much to paint with a cheat as to paint with Devco.

Yours truly, W. Devco & Co.

P. S. Mast Bros. & Smith sell our paint.

PEOPLE WE KNOW.

They Are Nacogdoches People, and What They Say is Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press; are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterance regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

D. H. Barnett, Cor. Hospital & Church streets, Nacogdoches, Texas, says:

"Brief use of Doan's Kidney Pills sufficed to prove to me their merit and effectiveness. Last year I was prompted to try this remedy for a soreness in my back which had bothered me for some time. Much to my satisfaction, Doan's Kidney Pills afforded me prompt relief and I take pleasure in recommending them to other sufferers. I procured the remedy at Mast Bros. & Smith's drug store, and believe it good policy to keep such an excellent preparation on hand at all times. Doan's Kidney Pills have my fullest confidence as they always act as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mrs. Henry Schmidt has returned from a visit to relatives in Ledbetter.

CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children should use the new box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up Colds, Cure Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. THESE POWDERS NEVER FAIL. Sold by all Drug stores, etc. Don't accept any substitute. A trial package will be sent FREE to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

THE T. & N. O. TERMINAL.

Beaumont To Be Scene of Round House, Shops and Main Yards at Expenditure of \$200,000—Work Begins March 1st.

Beaumont Journal.

The Texas & New Orleans has at last arranged for the building of a large terminal plant in this city, the central feature of which will be a large round house and machine shop. The plant is to be located in the vicinity of the Frisco crossing west of the city but whether it will be to the west of the crossing or this side of it has yet to be determined.

Several miles of yards will be put in, a large sixteen stall round house and a good sized repair and machine shop building erected in close proximity to the round house. In other words the railway company is preparing to increase the capacity of its terminals here and at the same time largely increase its working force. The main machine shops for the work of Sabine & East Texas will be located here and they will furnish employment to many more men than the company ever employed in Beaumont.

A large part of the work that has heretofore been done in the car repair department at Echo will undoubtedly be done here while the increased business along the Sabine & East Texas will also add materially to the work of the new plant. The company has recently added several locomotives to the power service of the line and considerable other equipment.

In all the company will undoubtedly spend in the neighborhood of \$200,000 rebuilding its terminals in this city. The large yard to the west will be used for the handling exclusively of through and transfer freight all being handled through the yards inside the city. This with the handling of freight intended for points on the Sabine & East Texas will keep the local yards busy at all times.

The round house will be a substantial one and built of brick. It will replace the one destroyed by fire several months ago and which was located a short distance east of the Santa Fe crossing. It is also expected that a large yard office will form a feature of the new work. This office may be built in connection with the repair shops.

The company had arranged to rebuild the round house on the old site some time ago. This work was to start on January 15 but after a conference with local people action was postponed. The company owns a large track of land to the east of the Frisco crossing and is in a position to acquire more. Work on the new terminals is expected to start on or about March 1.

It is expected that an official announcement of the above will be made out of Houston in a few days as well as the announcement of what land has been secured for the purpose of building the new terminal upon. When finished the Texas &

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must be careful of what they take. It is a liquid, laxative tonic and admirably the greatest stomach, liver and bowel remedy before the American people. The price is only 10 cents or 25 a bottle, as it comes in both sizes, and all drug stores sell it. The pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn, and such like digestive complaints. Its use for a short time will remove the trouble and thereby so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the evidence of many thousands of families. Like Mrs. E. J. Johnson, of Dallas, Tex., Mrs. K. L. Stout, of Louisiana, and many others, in fact, you can find it in every drug store. Write for a free trial bottle to Dr. W. H. Caldwell, 312 Caldwell Bldg., Monticello, Ill.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. H. Caldwell, 312 Caldwell Bldg., Monticello, Ill.

New Orleans will have one of the largest as well as one of the best terminal plants in the state. It will take care not only of the heavy business of the Sabine & East Texas but a large part of the heavy work now going to Houston from the main line between the city and Echo.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow packages. Mast Bros & Smith.

G. W. Nettles of Linn Flat was here today and paid the Sentinel office a visit, ordering the paper sent him this year.

Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text-books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Mast Bros. & Smith.

Jessie A. Murphey, who has been here some time under treatment, returned yesterday to his home in Mt. Enterprise.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not gripe or nauseate. Why take anything else? Mast Bros. & Smith.

R. W. and A. O. Davis of Ironosa, San Augustine county, were here yesterday.

ORINO Laxative Fruit Syrup

Pleasant to take

The new laxative. Does not gripe or nauseate. Cures stomach and liver troubles and chronic constipation by restoring the natural action of the stomach, liver and bowels. Refuse substitutes. Price 50c. For sale by Mast Bros. & Smith

Weekly Sentinel

Office of Publication—Church and Main Streets
Opposite Opera House.

PUBLISHED EVERY THURSDAY.

RATES OF SUBSCRIPTION:
Daily, per year, \$4.00; Weekly, per year \$1.00
Daily, per month, .33; Weekly, six mo. \$2.00

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!

"MAN wants but little here below" but that little would be hard to list.

HAVING just aroused from the deluge of Lincoln stories, we must prepare to hear the "hatchet" series now.

A FASHION note says that women's hats will be much smaller this season, but they will come "higher." Truly the sun do move.

TIMESON Commercial club has announced that a paid secretary will be elected—and that organization will seek to be of real benefit. Thus, one by one they fall in the progressive march.

MORE building contemplated in old Nacogdoches! It's well and there is nothing more soothing to the ears of a progressive people than the sounds of the hammer and the saw.

TYLER is doing some big bragging these days about her fine court house now in course of construction. But then she has a right to brag and more is the pity that Nacogdoches can't do some boasting for the same cause.

E. H. HARRIMAN, the railroad magnate who is spending a time at San Antonio, for health's sake, says he would enjoy a trip to Africa, but instead of going with Roosevelt, would prefer to choose his own company. Awful Teddy!

RADICALISM is as bad a hindrance as being too conservative. The setbacks caused by rampant, unchecked and unguarded doings, the reactions from such, are as unfruitful and as harmful as the extreme opposite. To run along smoothly, onward progressward, yet balanced and evenly, is the only proper way and the result getting method.

GALVESTON cotton receipts for this year have passed the 3,000,000 mark, the high record—a fact all Texas feels a pride in. The Galveston cotton for export means nearly the whole of this state's crop.

THE man who advertises only occasionally,—spasmodically,—feeds his business on the same plan as the man who eats irregularly feeds his face.

THE Southern Farmer, published at Houston, R. R. Claridge as editor, is getting to be an awfully good publication. Claridge is a forceful writer and never fails to say some mighty good things through his pages.

If all the plans, now in the business incubator, hatch, Nacogdoches will see at east \$100,000 expended in erecting new buildings this year; not to mention the \$50,000 post office building and the new \$100,000 court house.

A PAPERS POLICY.

Sometimes the Sentinel is commended for its position and frankness in regard to matters, and lots of times it is criticized for the same reason. The first is greatly appreciated, and the latter too. Without offering any apologies or excuses for the attitude at any time or on any subject, it is not amiss to say that the Sentinel is for Nacogdoches, first last and between times. It believes in a progressive Nacogdoches, a hustling, bustling, busy, forward going city, devoid of apathy and listlessness. The kind of town that believes in its self, reaches out and grasps opportunities; the kind of a town that is ever awake and alert; pulsating, throbbing and pushing. The Sentinel believes in material as well as other brands of advancements, for instance: new court house, Federal building, city hall, paving, sidewalks, crossings, sanitation system, good streets, and a live Commercial Club. It believes in and takes occasion to boost the conveniences and city making improvements and just as fervently sticks pins in lethargy,—and enjoys it too. There is no cause to charge such to, but for Nacogdoches,—and it's all in good faith. The Sentinel deeply appreciates the things said, for and against, and for many reasons. The first because it sounds good and is pleasing; the latter because it gently reminds where we are "at" and emphasizes the fact that there are two sides and two ends to every proposition, including the arguing end of a stick pin. But the Sentinel is for Nacogdoches, wants this old city to grow and expects to continue to do the utmost for it asen enthusiastically as is possible.

PROGRESS is the watchword and is evident on every hand and on all occasions. Despite the cry of "quietness" periodically enimating from the cavities of a few stuffed clothes, the upbuilding is so plainly a truth as to overbalance all else. The very atmosphere bears testimony to the assertions and any and all skeptically inclined need but throw off the veil of such belief to see the onward trend. The distorted wail of dead and dying carries no charms for the men or women who wants to do and who are bearing out their thoughts by deeds. The most wonderful opportunities stare Nacogdoches city and county squarely and the naked truth is realized and is being manned by some. The city's present is excellent—it's future bright indeed and those who stand idly by now will sigh in the years to come and gape in astonishment at the swathe the march of progress has cut around them.

EIGHT days longer and it will be President "Bill 'Possum" Taft,—"Teddy, Big Stick," Roosevelt, the "once was."

"To make two blades of grass grow where only one grew before," is laudable; but to raise three hogs where none were raised before is great indeed.

OLD SOL is sending forth his rays of wholesome, glad-some sunshine in the day time; the man in the "green cheese" is scattering the soft and soothing moonshine in the night time; the new grasses and flowers are peeping their brightness above the surface of old mother earth both times; the sweet perfume of newly budded trees and pretty blossoms now ladens the purest atmosphere between times,—in old Nacogdoches—but not a bloomin' boundin' side walk has been built in a long time.

FORGET not, neglect not, the little things as you go along through life. It is not the immense deals, big propositions that show you up every time; it's the smaller ones that count the most. Now that a site for the Federal building has been chosen, it's up to our congressman to get an appropriation. In the meantime it would be wisdom to get a little hustle stirred up and build sufficient sidewalks and crossings to have city mail delivery. Nacogdoches is entitled to the service and could easily get it by doing what she ought to.

CURES INDIGESTION. AN Distress From Stomach and Indigestion Vanishes in Five Minutes.

Take your sour stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50 cent of Pape's Diapepsin and let you eat one 22-grain triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, billiousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

For Sale. One pair good farm horses. Cash or good note. d4-w2 W. H. Wood.

Words of Wisdom. Caddo, Texas, Feb. 23. To The Sentinel:

Enclose you will find \$2 00 kindly credit my account with the Sentinel; cannot do without your paper.

Your series on government demonstration work are instructive and should be read with interest by every farmer. It seems that the world at large is trying to help "the man with the hoe" in every way possible. The government has a commission at work investigating rural life.

The object is to reform our farmers in a social way; it thinks farmer citizenship not as good as the city citizens. Such may be right, but I don't think it is altogether the fault of the country people, as the organizations and institutions that have built up our people in a social way, have done more for the towns and thickly populated districts than they have done for the country. These I refer to are the churches, schools and fraternal organization. However, all these helps have been a great deal of help also to farm life, but it is up to the individual farmer if he gets any benefit from them. Too many of our farmers drift along in the old rut, apparently waiting for something. What we ought to do is "get busy" and "keep busy;" grow more crops and better crops. We should be the most independent people on earth, especially the farmers of the south. We control the greatest money crop in the world, cotton—and when we tell of the magnitude of this crop, well the half can't be told. As our soils and climate is adapted to a greater variety of crops than any other country, we should make cotton our surplus crop. Raise everything. We need on the farm as far as we possibly can, and in planting we should plant both early and late crops. There are many kinds of feed stuff that will make a good crop in the fall, such as Mexican June corn millet and kaffir corn. What would you think of the merchant or any other business man, if he closed up his business for two or three months through the summer and sat around the country store? This is the way many farmers conduct their business.

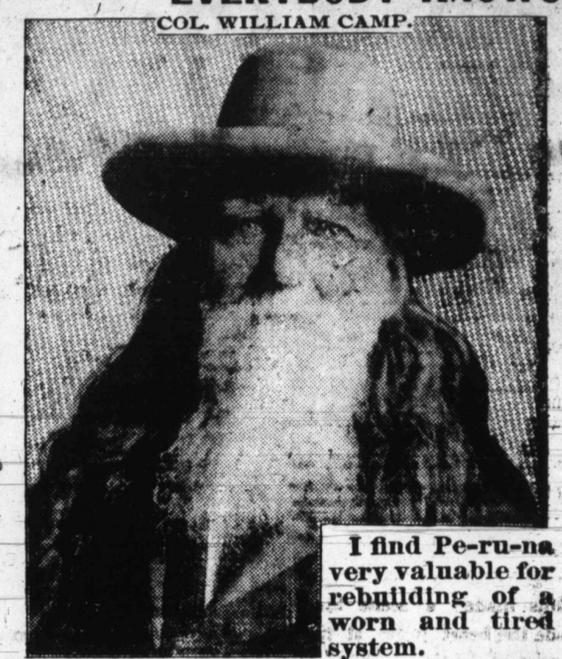

This writer planted a small field of oats in February last year, harvested a good crop in June; planted the same land in cotton the 10th of June and gathered 1000 lbs of seed cotton per acre. In this way the farmer can give his hands work the year round as these late crops can be cultivated after the early planting is laid by. It is very dry here; wheat and other small grain is needing rain. Stock of all kinds, is wintering fairly well; cattle are selling higher than they have for years. One year olds \$15.00; two year olds \$25.00 and some aged steers as high as \$38.00. So we may expect to pay high for our steaks.

Wishing your valuable paper and its readers a prosperous year I will close.

Yours, W. R. Richardson.

SOME of the back alleys of Nacogdoches are sadly in need of a cleaning-up; not only the alleys around and adjacent to residences but those in the business districts.

IN WASHINGTON, D. C., EVERYBODY KNOWS

CHIVALROUS, high-minded, impulsive, generous, courteous, courageous, loyal, a believer in good fellowship, a lover of home, magnanimous to enemies, true to friends; is a reputation that any man may well envy. No man better exemplifies this description than Col. William Camp, whose testimonial is given below. His unique figure and charming personality is well known in the streets of the capital city of the United States. His word is as good as his bond. His frankness and truthfulness no one has ever questioned that knew him.

Read what he says concerning Peruna. "I write to say that I have used Peruna and find it a very valuable remedy for coughs or colds and rebuilding of a worn and tired system, dissipating and eradicating that old tired feeling."—Col. William Camp, 1740 L St., N. W., Washington, D. C.

MR. CHAS. BROWN, Rogersville, Tenn., writes: "I feel it my duty to write you a few words in praise of your Peruna. I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder. "A friend advised me to take Peruna for indigestion, and it cured me in a short time; I was very weak and nervous, could sleep but little at night, but Peruna cured that tired, all-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. It will give new life and energy. "I cannot speak too highly of Peruna, and will not forget to recommend it." Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

Tin cans, glass, old papers, hay, and other trash are familiar sights in many places, but not pleasing ones to say the most. Surely something should be done—some action taken that would cause a "sanitation movement." The present condition of many of the alleys is not only unsightly but unhealthy.

To the man who plants potatoes and corn and peanuts; who raises hay and cane and garden truck; who keeps some chickens and hogs and cattle; whose larder is full, pantry supplied and smoke house the picture of plenty; whose horses are sleek and fat, improvements in good repair and lands well tilled—we doff our hats. To him progress, peace and prosperity are not strangers; gubernatorial candidates cause no worry—and the prospective price of cotton next fall brings no cares. He is the backbone of a country—a real farmer.

The Sentinel says the cotton receipts of Nacogdoches this season are far in excess of those of 1906-1907. All of which means that Nacogdoches is enjoying a season of prosperity. But, considering the trend of the cotton market, would it not be better for Nacogdoches to produce less cotton and more hogs, corn, cabbage, onions, fruits and berries? Could not the Nacogdoches farmers then live better, have more farm products for sale and at the same time receive even more money for fewer bales of cotton? Texas will this year produce much more cotton than she did last year, but her farmers will fall short in ready cash because the crop will sell for less.—Beaumont Journal.

I find Pe-ru-na very valuable for rebuilding of a worn and tired system.

A St. Louis physician advised a society lady that to regain her health it would be necessary to have a change. She immediately began to arrange her wardrobe et cetera for an extended trip to other climes,—but the advisor stopped her plans. "Yes, you need a change," he said, "Not a change of localities, nor climates, nor surroundings, but a change of mind. Forget the gaities and butterfly receptions and dress parades; live the simple life, get close to nature, do as you ought—that's the change you need."

An editor who knows all about it says: "One way to make your wife's biscuits taste like mother's did is to buy a buck-saw and saw wood an hour before supper." Hunger is the best sauce. Half the complaint against the cooking by young wives comes from critics who haven't done enough work in years to start an honest appetite, remarks the Dallas News.

THE outdoor season is all most at hand again, the time of year when all people want to live in and enjoy the open air. The time of year when pretty parks, trees, grasses, flowers and all other of nature's works have charms that pleases. But where can we go? Where is such a place? Lots of them right round us if—. There is the beautifully located school campus; the city park, (in name); but both are really neglected spots, almost wholly uncared for. What a splendid thing it would be if a civic league or some band of ladies would take the matter in hand.

SATURDAY NIGHT'S BANQUET.

Masons Enjoy Spread in Honor of Knights Templars — Good Speakers and Pretty Speeches.

Saturday night there was a banquet at the Hardeman building given by the newly organized Commandery of Knights Templars to all Masons and their families.

The banquet was unique, in that it was the first time the beautiful regalia of this rank had ever been worn publicly in Nacogdoches.

The gleaming scabbards, the beautiful helmets with plume, the broadcloth coats, decorated with emblem or motto, all these against the background of ferns and palms made a scene that made the heart jump at the recollection of Crusaders—the origin of this rank.

After all had shown their appreciation of the delightful menu, the two hundred and fifty guests were called to order by the toast master, Eminent Commander W. G. Barron and Knight F. Rouse of Beaumont responded to a call for Eminent Grand Commander J. E. Kidd who had been called home.

Mr. Rouse in his pleasing English accent also delighted his hearers with a history of Templarism which was impressive as well as instructive. Knight B. F. Frymier, Grand Treasurer of Texas, was then called upon and his words coming, as they did, from so high up in Masonry, were dwelt upon and enjoyed by all. Sir Knight W. H. Bortholemew of Beaumont was a prominent visiting brother. Our neighboring city of San Augustine furnished several visitors among whom were the veterans J. C. Anderson, T. B. Saunders and one whom Nacogdoches has a claim on, Geo. L. Crockett.

Speakers among local prominent brothers were W. B. Pearson June C. Harris, J. H. Summers, V. E. Middlebrook. All Past Masters and High Priests.

Then Captain H. H. Cooper Post Master, Past Master in the art of getting up banquets, and P. High Priest of the chapter, entertained the guests with a delightful talk. The Captain has admitted (privately) that he gets more of his enthusiasm, and all of his ideas of Masonic spreads from his wife and all local Masons who remember some affairs she got up can vouch for the truth of it.

Mrs. T. B. Saunders of San Augustine was called upon for the visiting ladies and responded with characteristic ease and appropriateness.

But while everything seemed so smooth to those who merely attended Saturday night, let us not forget that some master hands must have seen to it that nothing was amiss. To Mrs. Wilcox, Worthy Matron of the Eastern Star and all of the order, too numerous to mention, Nacogdoches Masonry owes a debt of gratitude that will be hard to ever repay. — E. B.

"HOW GOOD LUCK" IS BOUGHT

That the qualities of freshness, purity, wholesomeness, cleanliness and strength are found in the highest degree in "GOOD LUCK" Baking Powder has been proven by thorough investigation. These characteristics have made "GOOD LUCK" the favorite baking powder throughout the land. Popular beyond a degree ever reached by any other brand, "Good Luck" is bought as it is made, in mammoth quantities.

From towns and cities in every direction from Richmond, the Southern Manufacturing Company of that city is receiving order after order, each day for carloads of "GOOD LUCK." The powder that serves the needs of the people best is likewise the favorite with the largest, most progressive wholesalers and retailers. It sells with but little effort and sells fast.

As an instance of the large scale on which "GOOD LUCK" is sold and shipped from the factory, the carload of 16 tons just bought and received by the Nacogdoches Grocery Company of this city. This concern is ever looking out for that particular brand of any article that pleases their customers best. Of course, their foresight and enterprise soon induced them to sell "GOOD LUCK."

This famous Baking Powder is made of the purest and most wholesome ingredients and is guaranteed under the Food and Drug Act, June 30, 1906, Serial No. 13026.

The factory is kept bright, airy and sanitary, and every necessary precaution for absolute purity, wholesomeness and cleanliness is taken.

Protected by the Patented, Moisture-proof, Tin-foil, News Board Can, which is made exclusively for "GOOD

LUCK" this powder reaches your home in the same clean, dry and in every way perfect condition as when it leaves the factory.

The bread seems lighter, whiter and more wholesome when "GOOD LUCK" is used by the cook. It retails 5c for the 6 ounce and 10c for the 16 ounce can.

The Nacogdoches Grocery Company have a tremendous and thriving business in their territory and are progressive in every respect. Their officers are:

- John Schmidt, Pres.
 - Oscar Matthews, V. Pres.
 - J. F. Schmidt, Sec.-Treas.
- The traveling representatives of the Nacogdoches Grocery Co. who have been especially successful in selling "GOOD LUCK" are as follows:
- R. L. Hardeman,
 - H. C. Fulgham,
 - H. A. Pearson,
 - O. P. Hall,
 - J. T. Stovall, Jr.

SOME BACK TALK.

MAKES TOBACCO GROW.
Don't ever complain at the weather—it never does any good.—Timpson Times.

Queer philosophy; don't it make the tobacco grow in Nacogdoches?—Lufkin Daily News.

Sure it makes tobacco grow in Nacogdoches. It makes it the finest in the world and is a feature of real pleasure too. Come in, the water is fine!

RUNNING A RACE

Nacogdoches and San Augustine are running races in tobacco production and neighbors in the redlands are waking up. This promises to be a big tobacco year for East Texas.—Beaumont Enterprise.

This promises to be greatest year of them all for the tobacco industry in East Texas, and both Nacogdoches and San Augustine counties are going to be well off by it. It pays to grow tobacco.

THIS COUNTY IS O. K.

Cherokee and Nacogdoches counties are running neck and neck in the number of poll tax collections, each having about \$200. Angelina county shows up with 2566, according to the Lufkin Tribune.—Rusk Press Journal.

Nacogdoches did not do quite as well this year as last year but this is an "off one." However the people of this county did their duties pretty well and the percentage of disfranchises is much smaller than in many other Texas localities.

THE SITE IS SETTLED.

An official of the postoffice building department who was sent to Nacogdoches Saturday for the purpose of inspecting a sight for the proposed federal building, has declined to recommend the erection of a structure by the government on account of the unsatisfactory offerings made by the

citizens of the town. Nacogdoches is entitled to a post-office building and it is a matter of regret that her property owners did not provide the government with a suitable lot.—Beaumont Journal.

In like manner men are kept away from a growing town when they desire to locate just because people get their prices on lots and rents out of sight. In this respect Sherman is conservative and reasonable.—Sherman Democrat.

Yes, lots of folks are kept away from thriving, prosperous, progressive cities on account of exorbitant prices, soaring real estate values and high rents. This is not the case every time though. And about the Federal building site, the Nacogdoches citizens immediately got busy and, well just keep your ear to the ground.

A TRUE VERSION.

Logansport people are so well pleased over the success of their trades day, which was celebrated last Saturday, they have determined to have another. Not a single merchant in the town but contributed both time and money. That's why it was a success.—Nacogdoches Sentinel.

Every town that has tried the experiment of having these trades days, where all the merchants work together to make a success, have found it to be the very best plan imaginable for bringing people to town and for working up a big trade. Orange merchants should take note of this fact and begin to get busy right away working up a trades day for the early spring.—Orange Leader.

Wanted.

A good reliable woman to assist my wife in house keeping. Apply to H. T. Petty, Appleby, Texas.

MR. PERRY IS SICK.

Famous Pianist Forced to Cancel His Engagement Here Tonight—Will Come Later.

Edward Baxter Perry, the world known musician and pianist will not appear at the Nacogdoches opera house tonight. This information came in the form of a telegram from the gentlemen who is in Indiana and sick. This news will undoubtedly cause much disappointment here, and especially among the lovers of good music who were looking forward to Mr. Perry's visit with pleasure. It is stated that he will appear in Nacogdoches later, when he has recovered from his attack of sickness.

For Sale Cheap.

95 acres one mile south of Appleby, 45 acres in cultivation. Six rooms, two wells of water, good barn and other out houses. Half cash payment, two years for balance. Address Mrs. Frankie Hill.

Misses Addie and Lila Holbrook are visiting friends in Cushing this week.

You Can Afford It

\$45 pays for life scholarship in Telegraphy, the famous Byrne Simplified Shorthand or Practical Bookkeeping, in Tyler Commercial College, of Tyler, Texas, America's largest commercial school. 1500 students annually. 20 teachers. Positions secured. Average time for completing Bookkeeping 4 months, Telegraphy 5 months, Shorthand 3 months. Board \$2.50 to \$5.00 per week. Fill in name and address and receive free catalogue.

Name _____ Address _____

Mrs. Susan Y. Gunning (nee Matthews) was born in Melrose, Nacogdoches county Texas, Feb. 22, 1839, was converted at the age of 16, joined the Missionary-Baptist church. Bro. Joe Lambert officiating at the baptism, was married to Mr. J. E. Gunning March 17, 1858. To this union 14 children were born, 10 of whom—5 boys and 4 girls—are living and deeply mourn their loss. She was left a widow June 11, 1893; and died at her home in Chireno, Nov. 27, 1908.

Not being a member of the church with which sister Gunning was identified, I will be exempt, no doubt, from accusation of partiality or excess when I bear unequivocal testimony of the power and grace of her beautiful christian life.

Born of His love, filled with his spirit, she pressed her way daily "toward the mark for the prize of the high calling of God in Christ Jesus."

Invincible as the Caesars she surmounted all difficulties transmuting them, by grace divine, with stepping stones to higher planes of usefulness. She had faith in God, not a different faith common to all even the least of saints, but a higher degree of the same faith. No wavering, no halting, she took God at his word. To her mind change of outward conditions did not necessitate a change of relation. She saw the same loving Father in adversity as in prosperity, working all things together for good to them that love him.

Her great faith begot great zeal. 'Twas her meat and drink to do her Master's will. With bright face and loving words, she improved every opportunity to press claims of the gospel upon the unsaved and to encourage the children of God to walk continuously in the path of the just that shineth more and more unto the perfect day.

Her love for her church was touchingly beautiful. Nothing about it was meaningless to her. The song of the bell was to her the call of her Master to his delightful service, and consequently, whether in season or out of season, she answered promptly and gladly to every call.

I see her now as she comes across yon hill pressing her way through our little town to the church of her choice, the church, the prayers, the sermon and the songs all tell the same old, old story of Jesus and his love. True to God as the stars to their appointed courses, she has passed through the gates into the city, leaving behind her an influence for good that shall abide.

So farewell thou faithful servant of God, but not forever. We will meet you in the morning.

Fraternally,

L. F. Smith.

Lost.

One saddle, between Nacogdoches and Woden, with large flat horn. Finder please notify B. C. Castleberry, Woden, Tex.

ASKS US TO PRINT.

Tells How to Prepare a Simple Mixture to Cure Me Disease.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.

MI-O-NA.

Relieves Stomach Misery Almost Immediately.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion and must act quickly.

Of course there are many other symptoms of indigestion such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected. Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly.

But Mi-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach.

A large box of Mi-o-na tablets costs but 50 cents at Mast Bros. & Smith and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of new when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

HYOMEI
(PRONOUNCED HIGH-O-ME)

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by Stripling, Hazelwood & Co.

Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

If is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."

SCOTT & BOWNE, 409 Pearl St., New York

Storm at San Augustine.

Rev. George L. Crockett informed the Sentinel today that the San Augustine section was visited by a storm yesterday afternoon during the rain. He learned by telephone that considerable damage was done the Cass Lumber Co., which is located five miles from San Augustine, several houses and a shed being blown down. A Mr. Fuzzle had his leg broken in several places also.

Baby Hands

Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved while the wound will heal quickly and nicely. A sure cure for sprains, Rheumatism and all pains. Price 25c, 50c and \$1.00 a bottle. Sold by Mast Bros. & Smith.

T. K. Raynor, mayor, postmaster, banker, merchant prince and general pilot for the city of Decoy, was a visitor to Nacogdoches yesterday. He is as hale and hearty and jolly as ever and seems to be enjoying life and prospering.

Arrested

A cough that has been hanging on for over two months by taking Ballard's Horehound Syrup. If you have a cough, don't wait—stop it at once with this wonderful remedy. Splendid for coughs, cold on chest, influenza, bronchitis and pulmonary troubles. Price 25c, 50c and \$1.00. Mast Bros. & Smith.

Zeno Cox, Jr. and A. P. Loden have recently made a trade by which Mr. Cox takes over the tailoring business of Mr. Loden, and Mr. Loden retires to the laundry business exclusively.

Returns from Dallas.

Will Reed returned yesterday from Dallas where he attended the annual meeting of the Texas Bottlers Association. On account of business matters he did not spend much time with his contemporaries as intended but reports some excellent sessions, much good work accomplished and a very large attendance,—to say nothing of the pleasant social features. "Dallas is a busy place," said Mr. Reed, "and despite the oil season, everything and everybody was on the go, business lively and as usual, accommodations for the traveling public were scarce. That section of the big state seems prosperous and of course progressive. Farmers are hard at it as well as the people in all other lines and the amount of turned land between Nacogdoches and Dallas looks to be more than ever before. In fact I have never seen as much turned at this season as is this year." While on the trip Mr. Reed also visited Fort Worth. Luther Swift, who went with him, remained over yesterday in Dallas to look after the shipment of some horses which he purchased.

A Shaking Up.

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine, Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by Mast Bros. & Smith.

Court, Monday, March 15th.

*Everything is in readiness for the convening of District court Monday, March 15th. The jurors have been drawn and the work of summoning is going on. We are informed by a party that among other things, something like 40 divorce suits have been filed, and while the majority of the cases are negroes—all are not. The docket is rather a heavy one.

Did You Ever Notice?

When you have Rheumatism your friends will recommend various remedies, many of which you have already tried without success. Next time you have it get a bottle of Rheumazone and you will not need the other remedies. Rheumazone is just as sure a cure for Rheumatism as White's Head-Ease is for Headache and Neuralgia. Sold by Stripling, Haselwood & Co., at 50 cents and \$1.00 per bottle.

Horace Lowler of Garrison was down taking in the sights yesterday.

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.

A New Arrangement.

S. Kaplan and force of general salesmen have rearranged the interior of their store, taking advantage of the recent rainy days to do the moving. A long notion case has been placed in the center on each side of which is a row of show cases. The reserve stock of notions and nick-nack articles are to occupy that department, in order to have sufficient room for the immense new stock purchased by Mr. Kaplan while in the Eastern markets. The new arrangement adds much to the looks of the interior as well as making the entire store more convenient.

"It Knocks the Itch."

It may not cure all your ills but it does cure one of the worst. It cures any form of itch ever known—no matter what it's called, where the sensation is "itch," it knocks it. Eczema, ringworms, are cured by one box. Its guaranteed, and its name is Hunt's Cure.

Here From Shelby County.

J. O. Powdrill of near Watterman, Shelby county, was in the city yesterday on a purchasing tour. Mr. Powdrill is one of those good substantial farmers, who lives at home, is thrifty enterprising and prosperous. Up to a few years ago he, and many others from his section, did their selling and buying in Nacogdoches. Since the railroad went close to him the trade was diverted but the error of the way has dawned and again they expect to come to our city. This is a worthy move and the merchants will appreciate it.

Worn Out

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros. & Smith.

News Notes of Interest.

Timpon, Feb. 16, 1909.—We have moved into a new house which will be called home, pleasantly situated on one of the main streets leading out into the country. Something else besides the house makes home-loved ones come in and out but there must be some endearments, time alone can make. This is a dreary evening and I find myself completely enveloped in sadness and with a longing heart for my old home

and old friends in Nacogdoches county.

The train brought us in yesterday morning from Gary where we spent an enjoyable day and night with Rev. James Wilson and family in a comfortable home with pine knot fires and those only who have used them know the comfort of such a fire in sleety weather, they are surrounded with kind people who appreciate them and cheerfully supply their needs.

Rev. Dan Leak, one of our childhood friends will be pastor of the Christian church here this year.

The much needed rain has come in abundance.

The school is progressing finely under the management of Prof. Ramsey but education is not confined to books alone the world with its thousands of interests and occupations is a great school.

The farmers are quite busy. Some are striving hard to get the premiums on Irish potatoes.

Mrs. Vincent is getting along nicely after the great operation performed by the Galveston specialist and trained nurse. Respectfully, L. W.

Don't Be Irritable.

"An irritated skin makes an irritable person, and an irritable person gather as much trouble unto himself or herself, as the case may be. Moral: Use Hunt's Cure, one box of which is absolute and unqualified guaranteed to cure any form of skin trouble. Any kind of itching known is relieved at once and one box cures."

An Eloping Couple.

Cass Johnson and Miss Mattie Harris, the former from Panola county, the latter from Huntington, were married here Saturday afternoon, J. F. Perritte officiating. From all accounts the couple was a runaway, the groom appearing to be no older than twenty and his bride five or six years younger. They left Saturday night for Panola county.

Rest and Sleep.

Few escape those miseries of winter—a bad cold, a distressing cough. Many remedies are recommended, but the one quickest and best of all is Simmons Cough Syrup. Soothing and healing to the lungs and bronchial passages, it stops the cough at once and gives you welcome rest and peaceful sleep.

Cutting Alfray Saturday.

Al Carter, lineman for the local telephone company, and Emmet Hatchel engaged in a difficulty Saturday night, in which the former was cut about the face and neck. The wounds are said to be painful but are not considered serious.

Lumber Haulers Wanted.

Ten or twelve teams wanted on good haul at good price. Apply to T. F. Lambert, contractor, Appleby, Texas. d3tw3t

I have a few farms to rent, John Windsor, Nacogdoches, Tex. 4w m. s

S.S.S. HEALS OLD SORES

No old sore exists merely because the flesh is diseased at that particular spot; if this were true simple cleanliness and local applications would heal them. Whenever a sore or ulcer refuses to heal readily, the blood is at fault; this vital fluid is filled with impurities and poisons which are being constantly discharged into the place, feeding it with noxious matter and irritating and inflaming the nerves and tissues so the sore cannot heal. These impurities in the blood may be the remains of some constitutional trouble, the effect of a debilitating spell of sickness, leaving disease germs in the system, or the absorption by the blood of the fermented refuse matter which the bodily channels of waste have failed to remove. Again the cause may be hereditary, the diseased blood of ancestry being handed down to posterity; but whatever the cause, the fact that the sore will not heal shows the necessity for the very best constitutional treatment. There is nothing that causes more worry and anxiety than an old sore which resists treatment.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel, and having on a blue woollen stocking the place was badly poisoned from the dye. A great sore formed and for years no one knew what I suffered with the place. I tried, it seemed to me, everything I had ever heard of, but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore. JNO. ELLIS. 250 Navy Street, Brooklyn, N. Y.

Every symptom suggests pollution and disease—the discharge, the red, angry looking flesh, the pain and inflammation, and the discoloration of surrounding parts, all show that deep down in the blood there are morbid and dangerous forces at work, constantly creating poisons which may in the end lead to Cancer. Local applications are valuable only for their cleansing and antiseptic effects; they do not reach the blood, where the real cause is located, and can therefore have no real curative worth. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the poison-producing germs and morbid matters which are keeping the ulcer open. It removes every particle of impurity from the circulation and makes this life-stream pure, fresh and health-sustaining. Then as new, rich blood is carried to the place the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is well. S. S. S. is the greatest of all blood purifiers and finest of tonics, just what is needed in the treatment, and in addition to curing the sore will build up and strengthen every part of the system. Special book on Sores and Ulcers and any medical advice desired furnished free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA

A Household Necessity

I would almost as soon think of running my farm without implements as without Hunt's Lightning Oil. Of all the liniments I have ever used, both for man and beast, it is the quickest in action and richest in results. For burns and fresh cuts it is absolutely wonderful I regard it as a household necessity. Yours truly, S. Harrison, Kosciusko, Miss.

I have for sale two good log wagons at a bargain. E. A. Blount.

Wanted Boarders.

By the week, \$4.25; by the month \$17.00. Newly furnished, clean and comfortable. Taylor Boarding House, Pillar Street. Mrs. Mamie C. Taylor, Proprietress.

C. Kluger, the jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Mast Bros. & Smith.

Fritz Swift is greatly improving his home on East Main street by leveling and terracing the lawn in front.

each package. We handle Seed Corn, Sorghum Seed, Milo Maze, Kaffir Corn and all other field seeds.

SPRADLEY BROS.

Mrs. Perry Entertains.

Mrs. W. W. Perry was the charming hostess for a musical afternoon Saturday, when she entertained in honor of talented guests, Mrs. Thomas B. Saunders and Miss Davis of San Augustine, Texas.

This was an informal affair but was thoroughly enjoyed by each one present, as are all of Mrs. Perry's entertainments, her home being the synonym for hospitality and good cheer.

The program rendered was of unusual merit, and the numbers selected were from the best masters of art. During a short intermission refreshing punch was served by Mesdames M. J. Dooley and K. P. Branch.

Those who contributed to the afternoon's entertainment were Mesdames Charles Perkins, Robert Lindsey, Arthur Marshall, M. J. Dooley, Misses Margaret Harris, Wadlington, Louise Dotson and the gracious hostess, Mrs. Saunders and Miss Davis gave special delight by their technique and execution of several classical gems, which closed an afternoon that will be long remembered.

The Cum Concilio Club met with Mrs. John Perkins Thursday afternoon with large attendance of members present and Mrs. Gerrard of Dallas as a guest.

The roll call was answered with items about a German Sculptor. After the reading of the minutes of previous meeting several letters were read from State officials and numerous items of business discussed and disposed of. The program was an unusually interesting one.

Mrs. Bay gave a most entertaining talk on "the Art Treasurers of Germany." She told of the masterpiece of painting, Sculpture and Architecture. The wonderful palace built by Lidwig, the "Mad King." She dwelt especially on the magnificent "mirror room" and the famous bed room, the furnishings of which cost a million dollars. Her talk was supplemented by an informal one by Mrs. Thomason, who had visited this wonderful palace in the heart of Bavaria. She gave a description of the curtains in the room before mentioned which are literally covered with jewels and a graphic description of other

most interesting things, bearing on the subject.

Mrs. J. R. McKinney gave a well-rendered reading on "German Sculpture" which gave a further understanding of that art in Germany.

Mrs. Gerard (nee Miss Waite Evans) favored the club with several beautiful piano selections which was a fitting close to an enjoyable program. The lessons are intensely interesting especially if one takes up fuller outside reading. The principal author in this lesson was Heine. The hostess served most delicate refreshments after which the club adjourned to meet the following week with Mrs. McKinney.

Cor. Sec.

Mrs. Henry Schmidt has returned from a pleasant month's visit with relatives in Ledbetter, Texas.

Miss Bettie Parker left Friday for her home in Tyler, after spending a couple of weeks with her aunt, Mrs. Beeson.

Mr. and Mrs. Coke Murphey of Lutkin spent Sunday with Captain and Mrs. J. S. Doughtie.

Mrs. Oscar McLain left this afternoon for Jackson, Tenn., where she has been called on account of the illness of her sister.

Mrs. Garrison who has been the guest of her daughter, Mrs. J. H. Barham, returned to her home in Garrison the latter part of the week.

Revolts At Cold Steel.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, lies in an operation, "then I used Dr. King's New Life Pills," she writes, "till wholly cured. They prevent appendicitis, cure constipation, and headache, 25c at Stripling, Haselwood & Co. w

"Old Politician," the sage of the science of "pie counter seeking," versatile editor of the Dallas Time-Herald and prognosticator of political earth quakes and other eruptions, wields the pen with might—and oft times right. At present he is engaged in the strenuous labor of keeping Frank Putnam in check; a hard proposition. "Old Politician" has been all along the line though and is eminently qualified, with Editor Robertson's permission, to "keep the record straight."

M. C. Parrish, the genial cashier of the Alto State Bank, has purchased four acres of ground near Quality Hill from Dr. McClure and will begin the erection of a modern house on it as soon as the material can be put on the ground.—Alto Herald.

Chamberlain's Cough Remedy th Most Popular Because it is the Best

"I have sold Chamberlain's Cough Remedy for the past eight years and find it to be one of the best selling medicines on the market. For babies and young children there is nothing better in the line of cough syrups," says Paul Allen, Plain Dealings, La. This remedy not only cures the coughs, colds and but is pleasant and safe for them to take. For sale by Stripling, Haselwood & Co. w

Dr. John M. Sparks is quite sick at his old home near North church. He is one of the real pioneers of Texas and is feeble from great age.

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, eat reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at our drug store. Samples free Stripling, Haselwood & Co. w

Mrs. Nancy Partin, the aged widow is quite sick up on South hill at Smith's.

A Common Cold.

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by Stripling, Haselwood & Co. w

Commissioners in Session.

The Commissioners court met yesterday in special session for the purpose of passing on convict bonds. The court adjourned today.

If You Want Insurance

that is insurance, and to be certain of a square deal when you have a loss, get the Texas National Fire Insurance. They have no technicalities and have never had a lawsuit. Also the old line Hartford Life and North American Health and Accident or Time Insurance. Nothing better and few as good.
