#### ASSAULTS A LITTLE GIRL.

Negro Attempts a Crime Near Davisville, And is Being Hunted—By Posse—Later News Says he is Located.

Word was received here last night that a negro had assaulted a little girl at Davisville, Angelina county, and that he had escaped and was headed this way. Sheriff Spradley immediately put a watch on the road but so far no trace or track has been found in or around this city. The message came from the deputy sheriff at Davisville and who stated that the assault had been made in the forenoon, but was not generally known until later in the day, thus giving the negro several hours start. No further particulars were learned, other than that a complete description of the alleged assailant is known, and that a posse of citizens was formed about six o'clock to search. The officers of Angelina county are also hunting, as well as those of the surrounding places. The negro formerly worked at Red Field.

#### NEGRO IS LOCATED.

Just before noon today the father of the little girl assaulted, called Sheriff Spradley up and asked him to go to Lingo as the assailant had been located. Mr. Spradley learned from the man too, that the negro had just gone out to Lingo Front on a log train. On account of the train having gone, Mr. Spradley could

not get away, but advised the man to get him several men and capture the negro. The father stated that he had a gun and would endeavor to get together a crowd of people there to go after the alleged criminal. Up to going to press this afternoon, no further has been heard, but it is supposed the negro has been, or will be, captured, as the man was sure the fellow is the one charged with the assault.

The negro alleged to have attempted an assault on the party at Davisville a few days ago, was captured yesterday afternoon at Lingo Front. He was carried to Lufkin and jailed.

#### Biliousness and Constipation.

For years I was troubled, with biliousness and constipation, which made life miserable for me. My appetite failed me, I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlains Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Stripling, Haselwood & Co. w

Miss Pearl Hawkins came in yesterday afternoon from Dallas, to visit her mother, Mrs. W. T. Hawkins, and will likely spend several months here.

#### POST OFFICE BURGLARIZED.

Maytown Visited by Prowlers Who Secure Small Sum of Money and Some Stamps—No Clue as Yet.

Sheriff A. J. Spradley was advised early this morning that the post office at Mayo had been burglarized last night, and that the perpetrators had gotten away with about twelve dollars in money and some stamps. The burglary was committed some time previous to the arrival of the West bound passenger train there, and word was brought by the conductor to this place. The door of the building in which the office is located, was found open, and on investigation the office was found to have been ransacked. The cash drawer was discovered some distance from the building, empty of its cash, but containing some of the papers. How many stamps were taken by the prowlers is not known, but the post master is checking up this morning to learn the exact loss. Maytown is not a money order office.

I have just received a car load of fine pea green alfalfa hay. The best of the season. d w G. H. King.

#### OFFICERS AND DIRECTORS.

Stockholders of the Nacogdoches Wholesale Grocery Company Have Annual Meeting—Well Pleased in Every Way.

The stockholders of the Nacogdoches Wholesale Grocery Company held their annual meeting yesterday afternoon at two o'clock, in the offices of the concern, and elected directors and officers for the ensuing year. The following compose the directorate: E. A. Blount, B. F. Hardeman, J. F. Schmidt, R. L. Hardeman, Oscar Matthews, C. W. Butt and John Schmidt. Officers elected are: John Schmidt, president; Oscar Matthews, vice president and general manager; J. F. Schmidt, secretary and treasurer. This event marked the fifth reelection of the same Board of Directors and officers. The following employes were named: Traveling salesman; Nacogdoches territory, R. L. Hardeman, Harry Pearson and H. C. Fulgham; Timpson territory, Oscar Hall, also manager of that house; Lufkin territory, Tom Stovall and W. H. Johnson, the latter manager of the house. Shipping clerks: Nacogdoches,

#### Counting on the Division.

John Floyd and Joe Wilroy of Huntington were in the city this morning on business. They reported everything lovely in their town, crops surrounding doing very well, but in need of warmer weather. The railroad fluster is more quiet than once, but the belief is yet entertained that a T. & N. O. Division will be located there. Mr. Wilroy stated that the water question is no question at Huntington, and that a supply for the road is easily accessible.

#### Delegates to Memphis.

The following have been named as delegates from the local camp, U. C. V. to the annual convention which convenes in Memphis, Tenn.: John S. Doughtie, J. C. Fall, W. C. McBee, and J. F. Bell. Mr. Fall is visiting in Millard, Ark., and will go from there to Memphis.

Louis Muller, chief, and Herbert Schmidt, assistant; Timpson, Marion Hall; Lufkin, Louis Council. The general business condition was discussed at some length by the stockholders, and is said to be very satisfactory, an increase being shown the past year over any previous year. A vote of thanks was tendered the management for the splendid services. The outlook in the business world is most gratifying too, and a still larger increase is expected for the year 1909.

#### Commissioners Court in Session.

The guardians for the county of Nacogdoches are in session today, regular May term of court. A deal of business is to be transacted at this term, but the first few days will be given to bills and accounts. A number of petitions, for various matters, will be before the body.

## You Make a Great Mistake

In trying to farm successfully without the use of

### Virginia-Carolina Fertilizer

It is not too late yet to use some on your late cotton. In fact every acre of cotton yet to be planted should be fertilized, thus making a largely increased yield and causing crop to mature early.

Hundreds of good farmers will tell you that it pays to use Virginia-Carolina Fertilizer. They have tried it and know.

Your corn crop yield can be doubled by use of fertilizer just as the stalk bunches for tassel. This is when the stalk needs support to form a good heavy ear.

Try a few acres this way and be convinced. We know that it is for your good.

#### Sam Hightower Caught.

This morning the sheriff's office was advised to look out for one negro, Sam Hightower by name, wanted in Jacksonville on some charge. Deputy Mart Andis immediately started out in search of Sam, believing he had the negro located. Such proved an error however, it being another Sam. At noon when the train came through going West, Sheriff Spradley was at the depot and saw the deputy sheriff from Mayo, who had two negro prisoners carrying them to Lufkin. Mr. Spradley asked what they were wanted for, and was informed that one was wanted for jumping a fine, and the other was accused of assaulting a little girl at Davisville. This latter negro became frightened at once, and plead his innocence. He declared that he had not been in Angelina county for some time, and

that his name was Sam Hightower. He had no sooner said the last words than Mr. Spradley took charge of him, as the negro wanted in Jacksonville. Constable McQuire who had the negroes in custody, was informed that the alleged assailant of the little girl had been located at Lingo front, and Mr. Spradley carried Sam to the lock-up where he is now a guest of the county hotel until the Cherokee county officers come after him.

An officer from Jacksonville came in this afternoon after Sam Hightower, the negro wanted there for "fine jumping," and caught here yesterday by officers.

A move is on foot by some of the enterprising colored citizens of the town to build a natatorium and pleasure resort for colored people out beyond Aqua Vitae park. Tom Hunter at the Opera Barber shop is instigator of the proposition.

# Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

THE city of Nacogdoches, 1915.—15,000. Don't forget.

THE metropolis of East Texas,—the leader of them all,—Nacogdoches.

THE Legislature is about to come to close. The people of Texas pay the freight. Thanks to the Legislature.

EVEN people in the far East are clamoring for Nacogdoches cigars. Delightful smokers they are indeed.

THERE are so many imaginary wrongs and troubles in this world, that some folks never have time to notice the real ones.

THE best way to conquer a contest, is to stay with it till you do win. A "rolling stone gathers no moss", neither does a flip-flop attain any success.

HAS the fellow come along who wants to know, "is it hot enough for you?" Talk sidewalks to him when he shows up. The dust!

THE yards and gardens are mighty attractive these days. Nacogdoches has the prettiest bloomin' yards and most temptin' gardens in the world, any how.

IF communication is established between this world and Mars, the first thing those inhabitants will want to know is something about East Texas.

THE potatoe acreage may be some less than last year but there will be some big potatoes in this old county. Get your bushel measure,—and name the date.

THE man with a garden these days is king in peerless East Texas. New potatoes, with side dishes of radishes, lettuce, et al, etc., go powerful fine. Name the date.

BONHAM claims to be the best Sunday school town in Texas, and from the reports of attendance, the claim goes undisputed. Bonham is a pretty good town anyway.

PATTEN, the wheat man, says he is sorry that the rise in wheat made the price of flour go up. He has a unanimous following in his deep grief, but two and two make four.

WILLS POINT folks have already secured space for an exhibit at the Dallas Fair. A great many other cities and sections have done likewise. It will pay them. Name the date.

THE second shipment of Texas tobacco is being gotten in readiness and will go to New York in about ten days. Thus the splendid industry gradually goes on and on, and up and up. Grow tobacco and boost for Nacogdoches.

IT is squarely up to the people of Nacogdoches to secure the next meeting of the Post Masters Association,—and to entertain them royally when they come. It will mean a great deal,—and will help Nacogdoches grow.

With the finest, most modern and best equipped Sanitarium in East Texas, Nacogdoches but has one more institution that gives prominence and publicity. The Nacogdoches Sanitarium is one of the greatest things for this city, and her loyal citizenship appreciates it.

YES, let's see;—there is the fair proposition—new court house and jail affair,—city mail delivery,—post masters convention,—and just lots of other things that ought to be looked after. Certainly we need a commercial organization! Name the date, push hard, and boost for Nacogdoches!!

JUNE, July, and August are three powerfully good months in which to build sidewalks, and get things in readiness for city mail delivery. This should not be neglected longer,—and at the latest the new year coming should see Uncle Sam delivering the mail to your doors.

REPORTS from the farms is most gratifying. Crops are looking well, growing and promise much. Farmers and their families are pleased and happy. They are enjoying life as never before and are appreciating the greatest country in the world. Come to Nacogdoches county and be contented!

THE Houston Post Staff writer at Austin is trying to pan off on the people that Tom Campbell wants a third term as Governor. And while no mention was made it is quite likely that the estimable Post would like to have the privilege of naming the next executive. Too bad, Bre'r Johnsing, but it can't be did!

THE Bartlett Tribune says that when a thing becomes a junk pile in that city, it is hauled to the dumping ground immediately. Lots of towns and cities can't say quite as much, but according to the Mayor and Marshal, there's going to be something doing soon. Clean up, cut the weeds,—and talk for the best place in the world.

THE prospects on the farms are fine. Corn is doing well, cotton growing, potatoes promise bountifully, gardens giving up lots of splendid edibles, old Pide is doing a valiant service, the chickens are putting in extra time laying the biggest eggs you ever saw, and things of other natures are just the best ever. Come to Nacogdoches and live among the best people in the land.

SAN ANTONIO, jealous hearted Santone, the home of the strongest politician in Texas,—Onion,—and also the staying place of the awful Mose Harris, must keep in the lime-light and to do so has gone Liberty county one better. The tamale city shipped six hundred and forty-two pounds of rattlesnakes to New York this week, and promises more of the commodity later. Snakes by the pound, may be all right but they are not near worth the price of Nacogdoches tobacco going to the same center,—\$1.10 per.

HUNDREDS of carloads of onions have been shipped out of Southwest Texas to New York, and the season is not near over. Those Gothamites will enjoy for awhile what that section of grand old Texas suffers all the time, and no one should begrudge the folks that fact. Name the date.

THE meadowlark will warble, and the apple tree will bloom, the frog will woo his true love with his melancholy boom, the barefoot boy will issue his spring challenge to the tack, the lamb will frisk and gambol like a jack-knife in the back, the playful wind will frolic in the fields of waving green, and the terrible mosquito, press his face against the screen.—Ganderbone.

"THE best country in the whole world, and with opportunities that only this section can lay claim to, make Nacogdoches and East Texas the choicest of the choice," said a prominent citizen last night in discussing matters relative

With the most wonderful advantages in the wide world, opportunities that cannot be found anywhere else, a citizenship as loyal as loyalty becomes, Nacogdoches and this section bids fair to rival the much larger commercial centers of the Southwest. A little pulling together, extra individual efforts, and a big supply of boost does the work. Name the date!

RECENTLY a farmer living west from Fort Worth, shipped a car load of hogs to that city and received for them \$7.15 per hundred pounds. The hogs averaged 250 pounds, making almost \$18.00 per hog. This man has only been in the hog raising business two years, and is doing so on a small scale, farming in many ways in addition. This circumstance however, is but another evidence that there is money in hogs, and the man,—farmer especially,—who fails to raise a surplus is making a grave mistake. There are lots of markets

whale; of the lions in their den, and of Daniel, good and wise; now they preach this creed to men: "Boil the germs and swat the flies!" When my dying eyelids close, and the world is growing dim while I'm turning up my toes I may ask to hear a hymn; and the people by my bed, they will sing with streaming eyes, while each humbly bows his head: "Boil the germs and swat the flies!"—Walt Mason in Emporia Gazette.

### Talking For a Creamery.

Matt S. Muckleroy was in the city Saturday from his farm, meeting the folks and talking creamery to them. Mr. Muckleroy has been converted to the idea of a cream-

ery and canning factory for some time, and especially the former. He stated that the farmers in his community are anxious for such an institution and promise support as well as taking some stock. He has written to several creameries in reference to matters and knows pretty well just what such means to a section. A number of farmers in other portions also want a creamery and will lend all the support possible. The city and county needs one and not a great amount of capital is said to be necessary. The talk is becoming rather intense along the line, and it is quite probable that some definite action will be taken in the very near future.

to his home town. Right he is and the people really do not realize the real situation. Make Nacogdoches grow, and building sidewalks is one way to do it.

# ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 82, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Mr. McBee, the tobacco man, was in the city today on business. He stated that crops were looking pretty well but the cool nights were holding stuff down considerably. Tobacco plants have been injured some, mostly through by bugs. Plants are scarce and some folks will not have enough to plant all the ground prepared.

HIGH-O-ME.

That's the Way to Pronounce Hyomei, the Money-Back Catarrh Cure.

As doubt exists in the minds of many readers of the Sentinel let us say that the above is the proper pronunciation of America's most wonderful catarrh cure. Stripling Haselwood & Co. is the agent for Hyomei in Nacogdoches, and he will sell you an inhaler, a bottle of Hyomei, and full instructions for use, for only \$1.90.

And if it fails to cure acute or chronic catarrh, asthma, bronchitis, croup, hay fever or coughs and colds, he will give you your money back. The person who suffers from catarrh after such an offer as that, must like to shuffle, spit and wheeze, and be generally disgusting.

Read what Mr. G. F. Lower says:

"I have used Hyomei for a case of nasal catarrh which had bothered me for a long time. I can say that Hyomei killed the germs of the disease and gave me the much sought and needed relief. From this experience I know Hyomei to be a reliable remedy, and I give it the praise and recommendation that it deserves."—G. F. Lowe, R. F. D. No. 7, Allegan, Mich., September 19, 1908.

## MI-ONA

Cures indigestion. It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

### TOBACCO BUSINESS MUDDLE.

Both Federal and State Departments Make Effort to Shift the Appropriation Matter—McNess Wants Things Righted.

Despite all efforts to have the appropriation recently made by the Legislature for the work in the tobacco business, gotten in shape so that something definite might be done, the affair is yet in a muddle and the growers, who are expecting some results from the money, are still hammering along as they did before, and no relief in sight.

This is the situation but the belief is that it will not be the situation much longer. George T. McNess, secretary and treasurer of Nacogdoches Tobacco Growers Association, wrote a few letters Saturday, that are calculated to bring some of the departments to a realization of what an error is being made, and how much valuable time is being lost.

The bill appropriating the \$2,000 for use in this county designated that the money should be in the hands of the A. and M. College. The head of that school has put it up to the Federal Government to make the first move. Mr. Galloway of Washington, in the attitude of "after you Alphonso" puts it back to the Texas. So the matter has been in a muddle from the beginning and is still that way, as far as doing anything is concerned. The correspondence did not seem to get the affair in proper shape, nor clear things so any definite move could be made. Saturday Mr. McNess received another "you Alphonso" letter, and without hesitation answered it, and penned several others that will give the heads of the two departments a hint that time is passing very rapidly, and something must be done. The people of this county will not get the benefits now, they should have gotten on account of these delays, though the local organization has expended every effort to have the proposition put in some tangible form. Mr. McNess expects replies to his letters the latter part of the week, and the hope is that the mixture will be unmixed.

Josh Henson is preparing to have erected a neat five room cottage on his lot, located on pillar street, next to E. B. Williams. The cottage will be modern in every respect, electric lighted, sanitary additions, hot and cold baths. The lot on which it will be built is a pretty one, well located, and the improvement will be a splendid addition to that section of the city.

Jno. T. Lucas and son, Luke, are in the city from Cushing.

### MAYO SUFFERS A DEFEAT.

Nacogdoches Boys Give Visitors a Drubbing, Despite a Few Innings of "Up-in-the-Air"—Game Lacked Interest.

Lots "more brilliant" horsehide contests have been witnessed on the local diamond, than was pulled off Saturday, but many days have passed since larger scores were made. The Mayo boys put up just a fair article of ball playing, the same about the home team, yet the affair was not so awful bad, in lieu of the fact that no better was on hand. The Nacogdoches boys put up a splendid game till about the fifth inning, when they took a short trip in the air, allowing the Mayo bunch to annex several scores, five in a few innings. The support of both teams might have been better, but it wasn't. The score could have been much less, but it wasn't. The crowd ought to have been some larger, but it wasn't. Errors were plentiful on both sides, and especially did the visitors play mumblepeg at critical times. The several hundred people on hand, seemed to enjoy the proposition pretty well however, and the Mayo rooters did their leather lung stunts when the occasions demanded. Smith, for Mayo, did not twirl as was expected, but non-support is a reasonable charge for that. Cooley caught well for the visitors and did stick work most excellently. Griffith for Nacogdoches pitched fine when necessary, and his arm seemed better this season than last. Rusche, of course, handled the receiving end par excellence. The score after two hours hard work with both teams, was nine for the home folks and five for the Mayo city; the locals having a half coming when the game ended.

### Letter to A. J. Romback.

Nacogdoches, Texas: Dear Sir: A gallon saved is \$4 or \$5 earned. Devoe saves 2 or 3 gallons in 10. How much is it worth a gallon?

A gallon saved saves the painting too; and both together cost \$4 or \$5—\$4 where labor is cheap; \$5 where labor is dear.

Our agents in Bridgeport, Conn. Hubbell & Wade Co. tell us: "There are a great many workingmen's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons. Devoe lead-and-zinc, and have had, in every instance, two gallons returned." The proportion is often higher than that; we have known it five in ten; but that is exceptional.

This is the explanation: Devoe is ground by machinery, and is ground fine; lead-and-oil is mixed by hand, and isn't ground at all. Yours truly, F. W. Devoe & Co., P. S. Mast Bros. & Smith sell our paint. 30

Randolph Cox has moved his stock of goods from Sacul and will combine with Jno. H. Cox on West Main street.

## Where is Your Hair?

In your comb? Why so? Is not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Does not change the color of the hair. Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

Ayer's Indeed, the one great leading feature of our new Hair Vigor may well be said to be this—it stops falling hair. Then it goes one step further—it aids nature in restoring the hair and scalp to a healthy condition. Ask for "the new kind."

Made by the J. C. Ayer Co., Lowell, Mass.

Two Insanity Trials. Two parties, a man and a woman, have been tried by Judge Marshall for insanity this week. Neither parties are harmful in the least, it is stated, and the trial of the woman was merely to allow a guardianship for some property.

### ONLY ONE.

The Record in Nacogdoches is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Nacogdoches citizens testify to this. Here is a case of it:

A. Hatchel, living four miles from Nacogdoches, Texas, says: "About six months ago my wife suffered a great deal from bearing down pain across her hips, extending into her limbs. At times she was in a miserable condition and really thought she would have to give up entirely. The kidney secretions were very irregular in action, scanty and attended by a scalding pain in passage. I had heard so much about Doan's Kidney Pills that I finally procured a box at Mast Bros. & Smith's drug store. Within twenty-four hours after she began their use she noticed relief and after one-half the contents of the box had been used the pains had entirely disappeared. Mrs. Hatchel has never had any return of kidney trouble since that time. Seeing the great benefit she obtained through the use of Doan's Kidney Pills I began taking them myself, and obtained just as satisfactory results. I only hope that this statement will be the means of bringing relief to some other person afflicted with kidney trouble.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### SOME PARK ADDITIONS.

Contract Closed For Scenic Railway, and Work Will Begin Soon on Eight Modern Cottages, Bowling Alley and Auditorium—Third Well a Good One.

There is something doing at the Aquia Vitae Park, and there is going to be still more doing in the very near future, according to the plans of the management. A contract was closed with a party Tuesday, which assures that a scenic, miniature railway will be in operation within sixty or ninety days. The road will circle the grove, going along the bank of the creek from the island to the southern portion, and returning on the east toward the entrance, but will not come about the wells. There is to be a small engine and seven cars, the contract specifying that every thing must be new and modern and kept in fine condition. A contract will possibly be let within the next week, for the erection of eight four room cottages, to be located on the east side of the driveway. These will all be latest in design, well built, nicely painted and comfortably furnished. A bowling alley will also be erected right away, and an auditorium, for skating, dancing or entertainments. These improvements are not conjectures, but have already been decided on, and are to be added as soon as can be. A row of bath houses will be built on the west side of the wells, these to be finished within the next few weeks. Well No. 3 was brought in yesterday at noon, and it is a good one. Equally as plentiful as either of the other two, is not more so, and promises still better. The water has not been analyzed, but is believed to be similar to Well No. 2. Well No. 4 is to go down next week and will be located between No. 2 and the grove. After all are finished, curbed etc. pavillions will be erected over all, and a six foot cement sidewalk will replace the board walk from the entrance gate to the grove, going to each of the four wells. Sand and dirt is being hauled, the high places lowered, low places raised and the front will be sodded with bermuda. The driveway is to be graveled and sanded and additional shrubbery is to be put out. Two rustic bridges are to connect the park with the island, the latter to be leveled and set with bermuda. It is proposed, too, to build a fresh water lake in the old creek course, after all is completed, and which will be fed by the spring. The demand for the mineral water is great, both locally and out of town. Never a day passes but what large shipments are made, while the local people increase the use daily. It is proving all it is recommended for, and more. The physicians are loud in their praise, and folks who have tried it faithfully pronounce it all right. The opportunity for Nacogdoches to become a noted health and pleasure place is great, and that she will take advantage of it, is evidenced by the interest being shown. Referring again to the improvements, it

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is absolutely important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

### Meeting of U. C. V.

There was a formal meeting of Camp Henry W. Raquet, No. 620, held at the court house last Saturday, the 8th inst, and new officers were elected viz: T. J. Hill, commander; John Hartman, adjutant. Steps were taken toward paying up dues, which are twenty cents for each name. Also delegates were arranged for the Memphis reunion to be held June 8, 9, 10. It is understood that the railroads will make low rates and that hotels and citizens will also cut down prices and spread out for accommodations.

Forty one people, thirty seven whites and four negroes, are taking the examinations for teachers certificates. The Board of Examiners do not expect to report before Saturday, on account of the number of papers to be looked over and the big report to be made.

Sheriff A. J. Spradley returned today at noon from Alexandria, La., having in custody, Tom Stow.

## Free Laxative—Cured Legions

Realizing how difficult it is to convince the average person that one remedy is different from another, even though recommended for the same purpose, and that where one fails the other may still succeed, the dispensers of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, have for several years sent free trial bottles of the remedy to any person who would send name and address.

Through this offer many hundred thousand samples have been distributed. Dr. Caldwell's Syrup Pepsin has never been recommended for anything but such conditions as constipation, liver trouble, indigestion, sour stomach, headache, flatulency, dyspepsia, sick headache, heartburn and similar symptoms of stomach, liver and bowel disease. That it will cure such troubles is attested by the experience of Mrs. Lydia Dixon of Mingo, Tex. Mrs. N. Cunningham of Talbot, Ga., R. H. Becker of Hattiesburg, Miss, and a host of others. They originally sent for the free trial bottle, and then, being convinced that the remedy was helping them, they bought the regular 50-cent or \$1 size bottle of their druggist, and in a short while were cured.

While Dr. Caldwell's Syrup Pepsin is sold by druggists with the guarantee that it will do as claimed or money will be refunded, yet any reader suffering from a stomach, liver or bowel complaint is invited to write to Dr. Caldwell at the address below for a Free trial bottle, which will be cheerfully sent. We doubt if there is a family in America that has not many families using it in the home as Dr. Caldwell's Syrup Pepsin. Owing to its special ingredients it has proved a great life-saver of children, women and old folks. It is pleasant to take and never gripes.

If there is anything about your ailment that you do not understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 512 Caldwell Block, Monticello, Ill.

## FREE LUMBER AND PROTECTION

Lumber placed on the free list is synonymous with lumber protected. That is why we hope that in the end not only logs, but the sawed product from the Canadian forests will be admitted free. And along with free lumber should come tree pulp.

"A stronger advocate of the principle of protection than the Inquirer cannot be found in the land. We believe most thoroughly in duties that will meet the difference in the cost of labor here and abroad and permit of a reasonable profit. That is sound republican doctrine. In the matter of the hosiery industry, for instance, we would take the duty of the Payne bill, which is an increase over the Dingley rate, rather than that of the Aldrich bill which restores it to the Dingley standard. And we would do this because the hosiery industry would grow rapidly from its present proportions if it could have the adequate protection. At present the cheap labor of Germany is flooding this country with stockings to the detriment and to the loss in wages of our own workers."

The above from the Philadelphia Inquirer, a leading republican paper, aptly illustrates the principle upon which selfish and sectional interests would adjust the tariff. Pennsylvania has ceased to manufacture lumber and therefore would place that article of commerce on the free list. But Pennsylvania is a leading manufacturer of hosiery, and insists that those engaged in the labor of manufacturing lumber should pay a higher price for foot wear for the purpose of making the hosiery industry more profitable in the state of Pennsylvania. It is the same old selfish demand for free trade on that we buy and high tariff on that we sell. Between these extremes of selfishness lies the democratic doctrine of tariff for revenue, so distributed and equalized, both in the matter of burdens and benefits, that it will rest equally upon the products and consumers of all sections of the country.—Beaumont Enterprise.

The Athens Daily Review has been revived, the first issue of Volume No. 6 coming off the press Monday. The Review was kept going for five years, but closed down some months ago, on account of non-support of the merchants. Editor Yantis gets out a good little daily, the paper can prove of much value to that city, and the people of Athens should give it their hearty support. Here's hoping Colonel Yantis and the Daily Review a bunch of success.

## SOME BACK TALK

**IT'S A BIG MISTAKE.**  
The knocker killer committee at Nacogdoches will have to resort to the use of three-barrel guns in order to effect any good.—Teneha Messenger.

**BUGTUSSEL.—U. S. A.**  
The Nacogdoches Sentinel adds to our enjoyment by furnishing the name of what must evidently be an undiscovered metropolis. You wouldn't believe it, but there is really a place in Texas called Bugtussel.—Port Arthur News.

**HIS BEST ENDEAVOR.**  
"If you can't accomplish all you want to, just do the very best you can. That's all an elephant can accomplish—all he can."—Nacogdoches Sentinel.

That's mighty good doctrine, but let him be sure he has put forth his best endeavor.—Center News.

**KNOCKING THE KNOCKERS.**  
Nacogdoches has appointed a committee of citizens to kill all the knockers in the town. Bully for Nacogdoches.—Center News.

Has Center tried this experiment?—San Augustine Tribune.

Nope. They all left before the necessity for such a committee arose.—Center News.

**JUST NATURAL CURIOSITY.**  
An exchange says an Illinois man is being sued for a divorce. He set a rat trap in his trouser's pocket when he went to bed, hung the pantaloons on the bed post, and caught his wife before midnight.—Nacogdoches Weekly Sentinel.

What bait did he use? Or, did he rely simply upon her natural curiosity or proverbial perversity?—Texas Republic.

**SHE'S BUSY AT THE SENTINEL.**  
With wheat still soaring, potatoes too costly to put in the ground, bacon being shipped from Kansas and the Texas Legislature still in session, the life of the average Texan is coming to an all-fired strenuous point. Have you raked your yards?—Nacogdoches Sentinel.

"Strenuous" don't express it, but now that the Waters-Pierce find is paid, we feel easier, and may get time to do a little raking—if we can get Maud Muller to help us.—Velasco Courier.

**WINDS IN "ORFUL" ORANGE.**  
Everything looks mighty pretty, don't you think? Trees and shrubbery are green and fresh looking; flowers are budding and blooming and the grasses have made a carpet for the whole earth. Spring time in old East Texas is fine!—Nacogdoches Sentinel.

You bet, everything looks mighty pretty. The way the wind blows is a caution.—Orange Leader.

**IT ALL HELPS LOTS.**  
Citizens in some sections of the town are already busy on the sidewalk matter and are determined to have these improvements. They are to be

**NO SIR-EE, —NO SIR!**  
The opening of the Aqua Vitae Park at Nacogdoches Wednesday was witnessed by several thousand people. The "Stone Fort City" has lost its prestige to a great extent. "Aqua Vitae" has done the work.—Teneha Messenger.

**MISSED A FINE DAY.**  
Times was in receipt of an invitation to be present at the dedication of the Aqua Vitae Mineral Springs of Nacogdoches, but as one trip a month is about all we can stand, we were compelled to forego the pleasure.—Timpson Times.

**LOTS OF WET WATER.**  
The opening of the Nacogdoches Park, known as the Aqua Vitae, so named in honor of the water of life of that city, was a success from all reports. In any event the visitors from Lufkin found things wet.—Lufkin Tribune.

**MISSED A GREAT TIME.**  
The opening of the Aqua Vitae park at Nacogdoches last week brought thousands of visitors to that historic little city and they were royally entertained. We acknowledge receipt of an invitation and regret very much not being able to attend.—Hemp-hill Leader.

**THE FAMOUS "AQUA VITAE"**  
Nacogdoches has a mineral spring and has recently opened a big hotel as an accompaniment. Nowhere in the country is there offered such a combination of mineral spring and pleasure beach as at High Island and some one will come along and capitalize it some day.—Beaumont Enterprise.

**FORGETTING TO GROW OLD.**  
April 27 was a large day over at Nacogdoches, when the new mineral wells and pleasure park was opened and introduced that pretty little city to the world as a health resort. From all reports Nacogdoches has one of the prettiest parks in the state, and the mineral water is said to be of high value in helping people to forget to grow old.—Palestine Herald.

## EAST TEXAS TOBACCO

**WHEN "OURS" ARE GONE.**  
When will the time come that Beaumont smokers are smoking Beaumont made cigars?—Beaumont Enterprise.

**ACREAGE IS INCREASED.**  
The fact that but little has been heard from the Texas tobacco crop should not be taken to mean that interest is lost, or that the production has fallen below the usual amount. The San Augustine Tribune says:  
Some tobacco barns are being built this week to house this season's crop. We will need a warehouse next year in San Augustine.—Galveston News.

**A SPLENDID IMPETUS**  
The growing industry of tobacco raising in the Nacogdoches, Texas, tobacco section received a notable impetus in an appropriation by the Texas Legislature of \$1,000 per year for a period of two years, to enable the directors of the Texas A. & M. college "to assist the national government in maintaining an experimental tobacco culture and carrying on researches and experiments in tobacco growing under the direction of the national government's expert."—Farm and Ranch.

**THE TOBACCO SHIPMENTS.**  
Two thousand dollars a year is not much to foster the tobacco industry of Nacogdoches, considering the greatness of the industry. Still it will help a lot.—Redland Herald (Nacogdoches.)  
Two thousand dollars is not a very great amount for so thriving and promising an industry as the tobacco industry of the Nacogdoches country, but, as the Herald suggests, the appropriation will help some. Shipments of Texas tobacco of a very superior quality will begin this week, which will add even more than an appropriation to the general benefits which are sure to follow.—Galveston News.

**THOSE DELIGHTFUL SMOKERS.**  
There were hundreds of visitors here Tuesday who had never been to Nacogdoches before, but are coming again. The thing to do is to invite them and their friends to come back and keep on inviting. Advertising does pay.—Nacogdoches Sentinel.

If you could perfect some arrangement whereby every visitor to Nacogdoches could be presented with a box of Nacogdoches-grown cigars, it would almost inevitably result in attracting throngs of strangers into your midst. The kind of cigars that are usually given away are calculated to repel rather than draw friendship, but not so with the Nacogdoches weed. It is an enticer par excellence.—Dallas News.

First thing you know the mercury will be trying to break out at the top of the little glass tube,—hotness will be a habit—and if you don't hurry, the weeds won't be cut down. Do it now.

## THE BIG SEATTLE EXPOSITION.

**Latest News From the Far Northwest, Regards the Exhibition to Open September 1st— Everything in Readiness.**

Sheds and paddocks covering a vast area on the ground of the Alaska-Yukon-Pacific Exposition are in the course of construction for the live stock show, which is to be the largest ever held west of the Mississippi river.

F. A. Fletcher, who has the show in charge, is assured of many fine exhibits of live stock from every part of the country. The Southern cattle show alone will be one of the greatest ever held in the United States.

John W. Groves, secretary of the American Southern Breeders Association of Chicago, has notified the exposition live stock department that the executive committee appropriated \$2,500 in cash for special premiums to be competed for by exhibitors of shorthorn cattle.

Cups, cash and medals to the value of \$10,000 have been furnished by the several breeders' associations in the United States representing every breed of live stock, to encourage exhibitors at the exposition this year. This is in addition to the classifications offered by the fair and taken altogether makes a very attractive list of prizes.

Island Jersey cattle from Great Britain are to be exhibited at Seattle. G. G. Council of Vandalia, Ill., recently imported a large shipment and will be one of the largest exhibitors at the exposition. Mr. Council is also a breeder of Berkshire swine. He is a very successful live stock judge having been employed at the Lewis and Clarke exposition, and by several eastern fairs.

The Canadian government has appropriated \$1,500 to defray transportation charges on several carloads of horses, cattle, sheep and swine to be exhibited by the Cattle Breeders' Association of Manitoba. The exhibitors are all in the Manitoba district. Other cattle raising provinces in the dominion will also be well represented. Canada, as is known, is a great cattle raising country and will send many fine exhibits of live stock to Seattle.

The milk test talked of for the exhibition has been abandoned since it was held at the St. Louis fair and would prove of local interest only. Only such features will be introduced at Seattle as have never been given at previous live stock shows. It is intended that Seattle shall set the pace for future live stock exhibitions.

While the live stock show will not open until September 27th, the buildings and grounds will be ready several months in advance in keeping with the plan of the exposition management to have the fair ready before the opening date.

Seattle is now inspecting a completed exposition so far as the buildings and grounds are concerned. All that remains to be done is to arrange the exhibits in place, sweep the

streets and walls, start the music and the big exhibition will be in full swing. Every building planned for the fair at the outset is either complete or nearly so and by May 15 all exhibits will be installed. This includes the displays made by the United States government, Japan, China, Alaska, Hawaii, the Philippines, Oriental and European countries the states and the various religious special fraternal and special buildings.

The spirit of progress has been manifested since the first spadeful of earth was turned over on the exposition site argues well for the success of the Live Stock show. The same spirit is being displayed by the men having this undertaking in hand and as business men of Seattle they have promised to outdo previous exhibitions of the same character.

**Largent-Sutphen Nuptials.**  
Merkel, Texas.—At the home the bride's mother Mrs. J. P. Sutphen, Mr. Tom Largent was wedded April 25th to Miss Velma Sutphen, Rev. Pern of Hamlin performing the ceremony. The participants of this happy event are two of our most popular young people. The bride is a charming young lady with graces which have won for her a host of admirers and friends and the groom is the son of C. M. Largent, one of the most extensive and wealthiest stock-raisers in the Merkel country. The newlyweds will make their home on the ranch of the groom's father, north of Merkel.

The Woodmen unveiling is to take place the fourth Sunday in this month, instead of the third, as previously announced. Sunday, June 6th, is decoration day. The programs for these two events will be arranged at the meeting of the Woodmen next Tuesday night.

Mrs. Maurice Wright and Maurice Wright Jr. are the guests of Mrs. Wright's parents, Mr. and Mrs. W. T. Wilson on Mound street.

## THE MOTHER'S PROBLEM

**Of Raising Strong, Healthy Girls.**  
A serious problem which presents itself to every mother with girls to raise, in these days. The exigencies of school life, the hurry and routine of every-day duties, the artificial environment of modern civilization, make it more difficult to raise strong, healthy girls than ever in the history of the world.

Boys raise themselves. Give them room, give them liberty, and they will grow up healthy at least, without much worrying. But the girls present a serious problem.

How many mothers there are who are worrying about their daughters. Nervous, puny girls, with poor, capricious appetites, bloodless, listless, a constant anxiety to the mother. How shall she solve her problem? To whom shall she turn for help? Each case is, more or less a study by itself, and cannot be solved by any general rule.

This is the way one mother solved the problem. Mrs. Schopfer, 5920 Prescott Ave., St. Louis, Mo., in a letter to Dr. Hartman, says: "My daughter Alice, four years of age, was a puny, sickly, ailing child since she was born. I was always doctoring her. When we commenced to use Peruna she grew strong and well."

Another mother, Mrs. Martha Moss, R. F. D. 5, Chippewa Falls, Wisconsin, says: "Our little eight-year-old girl had a bad cough, and was in a general run-down condition." She had several doctors, who could give the child no relief, and the mother no encouragement.

Finally, she got a bottle of Peruna and commenced giving it to the child, and it proved to be just what she needed. When she commenced taking Peruna the child had to be carried.

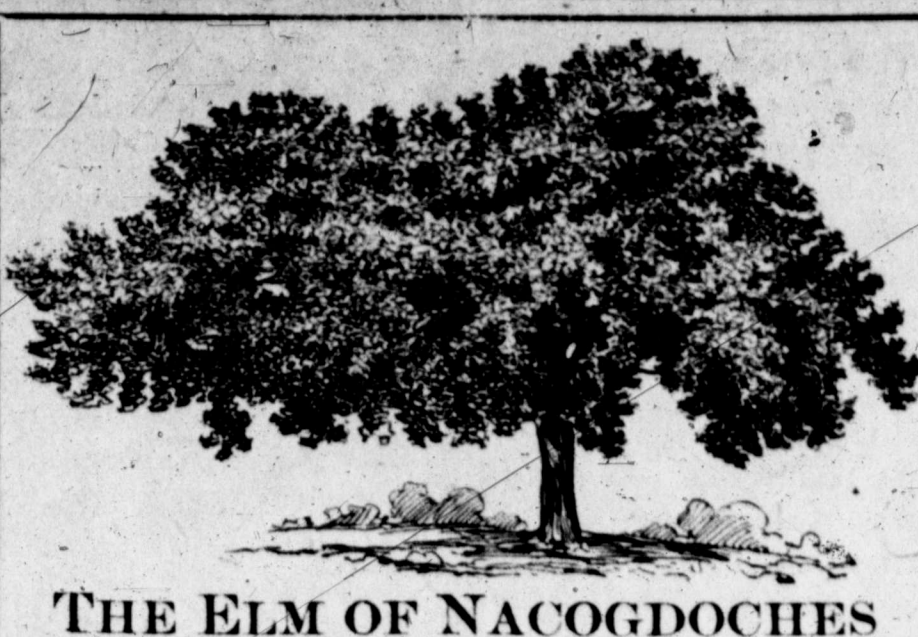

Now the mother says she is playing around all the time.

Her closing words were: "You have done a great deal for her. She is the only girl we have, and it meant lots to us to have her cured."

These are samples of many letters which Dr. Hartman is receiving, coming straight from the hearts of loving mothers. While the different schools of medicine are bickering and differing as to theories and remedies, Peruna goes right steadily on giving permanent relief. After all, it is cures that the people want. Theories are of little account.

It is stated that parties are here for the purpose of putting up name plates on all the streets and numbering the houses. The city council has signified its willingness that such be done, and as soon as some preliminaries are arranged, the work will be started. Named streets and numbered houses will prove very convenient to every one.

The Commissioners Court is still working in the bills and accounts department, and will likely not finish that feature before this afternoon. The court expects to complete all business and adjourn Friday.

THE ELM OF NACOGDOCHES

Marie Bennett Urwitz in Southern Orchards and Homes

CHARLES DICKENS in Bacon, as the morning after the big event he bade the ple- stories, tells of his ple of the town good-bye and visit to the battlefield of rode off—following the trail Sedan, and how powerfully toward San Antonio. He re- his mind was impressed by fused to listen to the warn- ings of danger to which he looking down upon him "like might be exposed, and as he silent giant sentinels." was never heard of again it is supposed he was killed by Indians.

In America, the "charter oak" and the elm under which Washington stood when he gave his farewell address to the army, were long cherished by the people as a precious heritage, but time did its work, and now of the elm nothing remains, and of the oak, but a section cut from its fallen trunk, which is kept in the rooms of the Connecticut Historical Society.

In Texas there stood for many years, at Columbia, and guarding, as it were, the house in which the first congress of the republic met, three fine and most perfect live oaks; but these, with the frail old frame building, went down under the swoop of the awful storm of 1900.

"The elm of Nacogdoches" is perhaps the only tree, exception a few oaks on the battlefield of San Jacinto, which marks with authentic historic interest, any event of the era of the republic—and of this elm pages both of sentiment and tradition might be written. Suffice it to say here, however, that the town of Nacogdoches was the meeting place of the rough and ready patriots, who were soon to help Texas gain her freedom. The elm was a favorite resting place for the citizens, the "council chamber," so to speak, where the grave questions for the common good were discussed. Here Sam Houston and Rusk often sat in earnest converse, and here they met Fannin, Crockett and Travis, so soon to wear the crown of martyrdom in the cause of freedom.

Under this elm, as is authentically known, was preached the first Protestant sermon ever heard in what is now Texas, in the fall of 1833, by a young Presbyterian minister, Sumner Bacon, who came alone on horseback through the wilderness from Natchitoches, La. He received a warm welcome from the daring Americans who had made their homes here, and the news that he was to preach on the following Sunday caused a large crowd to gather under the spreading branches of the elm; and it is said a powerful sermon was preached, making a great stir among the ecclesiastical authorities who held sway at this time over Mexico; of which Texas was a part. So far as known, this was the last sermon ever preached by Mr.

Bacon, as the morning after the big event he bade the ple- stories, tells of his ple of the town good-bye and visit to the battlefield of rode off—following the trail Sedan, and how powerfully toward San Antonio. He re- his mind was impressed by fused to listen to the warn- ings of danger to which he looking down upon him "like might be exposed, and as he silent giant sentinels." was never heard of again it is supposed he was killed by Indians.

This tree was figured in an event of more recent historic interest, in that R. E. Lee camped under its shade when on his way to Mexico, in 1847, to participate in the war between Mexico and the United States. (For these facts the writer is indebted to an article which appeared in the San Antonio Express some weeks since.) But to Mrs. Rosine Ryan, who is ever so alert in matters pertaining to our history, do we owe the very existence of this rare old patriarch tree today. It seems that Mrs. Ryan learned that the engineer of the Southern Pacific had decided that the big elm stood in the line of the track to be laid and had given orders that it be cut down, appealed to Colonel Morse, stating to him what the tree meant to Texas, and he took up the matter with Colonel Huntington, insisting that the tree be spared.

The result was a very patriotic letter from Mr. Morse, in which he said: "It was a pleasure for me to even indicate a means by which the tree could be saved. The 'march of progress is not entitled to complete supremacy, and the world is not devoid of sentiment. Indeed it would be a most undesirable world if it were so, and Mr. Huntington felt this when he gave the order to spare the Elm of Nacogdoches."

The following lines are from a little poem written on the incident:  
"Then Progress stopped abrupt; her way was barred—  
Barred by a broad old elm's majestic height,  
Whose arms outstretched cast shadows on the sward,  
Which weaving to and fro in zephyrs light—  
Became instinct with life of other days.  
Ah! there were men in those old days ago!  
And Progress paused in her selected way  
And stood in thought within the old tree's zone."

Colonel Morse went further and had a substantial railing placed around the tree, and it bids fair to stand for many decades yet, mute witness of an heroic past.

On the battlefield of San Jacinto some of the older trees, especially those near the monument, are known to be the identical ones standing at the time of the conflict; but very largely a new growth has supplanted the old. It is certain that the oak—it was not a "big cy-

press"—under which General Houston lay wounded, and where he received the disguised and disheveled "Napoleon of the West," a captive, is gone, long years ago. Only the remnant of a stump of the original tree remains, but the spot was marked beyond dispute by San Jacinto Chapter some years since, when a few of the veterans came down and identified the location.

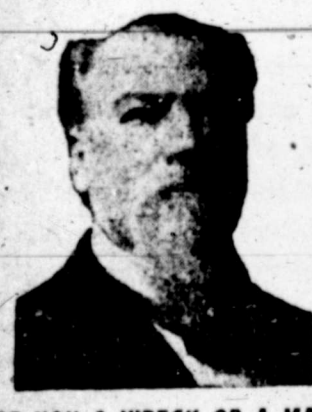

It has been suggested by a strong friend of the battlefield that an excursion be given the school children of Houston this spring, that committees be chosen from each school, to go down and participate in the planting of an oak on the site of the original tree under which the general lay, and that this be made an occasion which those present will never forget. Additional interest would be given this "arbor day at San Jacinto," if Colonel Steele, the survivor, and the only one of the battle, were invited to join the children.

It is a sad fact and but one more evidence of the shameful neglect of this field, that the waters of the bayou are surely encroaching upon the spot where the general lay, it being now many feet nearer the water's edge than at the time of the battle. A few willows planted there, for a stone thrown in, would stop the erosion of the stream, but there should be no delay, for in this is eminently true the old adage, "Time and tide wait for no man."

Two letters have been received by the Sentinel today, both in reference to this city and section, and both asking for information. Oh, how Nacogdoches does need a business mens organization.

The Vaudeville has booked a singer for all next week, and said to be one of the best on the circuits. It is also stated that singing will probably be a feature at the Vaudeville the next week.

**Bad Symptoms.**  
The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling of stomach, faint spells, dragging-down feeling in lower abdomen or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglect or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not resolve fatally.  
No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a long professional endorsement of each of its several ingredients worth more than a number of ordinary prescriptions combined. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the pelvic organs. When these are deranged in function, they are affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. The much-misunderstood and misapplied "Favorite Prescription" will not perform miracles; it will cure tumors—no medicine will. It will prevent them. It taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter. All correspondence is held in a strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.  
Dr. Pierce's Medical Adviser (7000 pages) is sent free on receipt of 21 one-cent stamps for paper covered, or 31 stamps for cloth-bound copy. Address as above.

**Indigestion Causes Catarrh of the Stomach.**

For many years it has been supposed that Catarrh of the Stomach causes indigestion and dyspepsia; but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and excite the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

**Kodol Dyspepsia Cure** relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

**Two Contented Spinners.**  
Captain John S. Doughtie, after several weeks roaming over the peerless East Texas, looking after some land matters and other things, is at home for a few days, though it is probable he will go again soon. The Captain enjoyed himself immensely while out, as well as doing some excellent work, and never tires of telling the virtues of the glorious piney woods country, always climaxing with a good dinner story. One place at which his party was guests, especially appealed to him, and emphasizes the fact that no better country exists than East Texas, and that every one can live well, if they will.

Two spinsters, ages 63 and 66, living in Anderson county, have an ideal country home, though old-fashioned and showing the weather marks of more than a century. These two ladies, well educated and refined, live the life of recluses, but are seemingly happy and contented. They till their own small farm, cut their own wood, attend to the livestock, raise lots of chickens and other poultry, garden, fruit, and without any assistance whatever. The nearest neighbor is more than two miles away and they seldom visit or go to market. The furniture is old-fashioned, handed down for decades, but the house and entire premises are as clean and well kept as can be. The party stopped there for dinner, and while a surprise to the ladies, they served the visitors so well that it is possible other trips will have to be made to that county. The ladies, Captain Doughtie says, are apparently as happy as possible, and are living off the fat of the land,—at home and absolutely dependent.

**Beyond Expression.**  
G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest nor sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression." Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 50c. w

**Crops Are Good.**  
J. B. Rushing, Route No. 2 out of Nacogdoches, was in the city today and called at the Sentinel office for a chat and to renew his allegiance to the paper. Mr. Rushing says the Sentinel is too good to be without, and as it pays him a visit once each week, he must come to see it at least once a year. Speaking of crops, he stated that the corn is doing well and growing, cotton looking fairly well and gardens fine. Lots of folks are preparing to give the corn a farewell plowing before laying by. Potatoes are much better than last year, and prospects in general, promise better than they did last season. A light rain would not be amiss, however.

**More Tobacco For Shipment.**  
George T. McNess is packing this week, six thousand pounds of wrapper and filler tobacco for shipment to New York. This product is "native Nacogdoches" and has just gone through the curing process in the packing house here. The tobacco will be ready for shipment sometime the coming week, and will go direct to New York, by way of Galveston. Up to yesterday afternoon nearly four thousand pounds had been baled, from 180 to 200 pounds in a bale. This will be the second shipment of Texas tobacco to New York this season.

**Making Scholastic Census.**  
Superintendent R. W. Tillery is in receipt of a letter from State Superintendent R. B. Cousins, advising to make out the scholastic rolls so that any changes may be made without making new rolls. The amendments to be voted on in August, if adopted, will cause a few shiftings—though not enough to discomode if the instructions are carried out. The amendments, one of which is to validate independent lines, are receiving a lot of encouragement at the hands of the Board of Education, and it is believed they will easily carry.

**Fined For Fighting.**  
Deputy Sheriff Mart Andis went out in the country yesterday, returning late in the afternoon with a woman of the darker hue, alleged to have engaged in a mix-up, otherwise known as a plain fight. The offender of the law promptly acknowledged the goods and just as promptly paid the required deposit. **INDIGESTION ENDS.**

Misery From Your Disordered Stomach Goes in Five Minutes.

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapepsin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Billiousness, Heartburn, Waterbrash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each trangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a 50-cent-case of Pape's Diapepsin from your druggist and start taking today and by tomorrow you will actually brag about your health, strong Stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

**The Great American Hen.**  
Even the tows of Nacogdoches are putting forth extra efforts these days, and in the mad rush for additional supremacy, this lovely city must not forget her honor,—the hen. An egg was brought to the Sentinel office yesterday afternoon, the product of a plain, every day American hen, but with the advantages of East Texas raising, that so far eclipses any thing of its kind. In size it resembles a turkey egg, or some other fowl's—much larger—measured eight inches around the lengthways and six inches another. The big article of commerce weighed four ounces. The hen that produced the unusual fruit is the property of I. W. McLain.

**No Others.**

# EVERYONE NEEDS S.S.S. IN THE SPRING

This is just a short talk which we hope will be of interest and help to you in selecting the tonic and blood purifier that will be of the greatest value to you this Spring.

That this is the most trying of all seasons on the health is a fact well known to us all. It is the time of year when our constitutions are required to stand the greatest strain, and unless properly cared for the foundation is often laid for physical disorders or disease later on. The great majority of persons are fast coming to realize the importance of preventing disease. Health is our most valued possession, and its preservation is a matter which vitally concerns every one.

Most persons, even those who are ordinarily strong and robust, feel the necessity of a tonic and blood purifier at this season. Some have no particular ailment, but are weak, debilitated and run-down. The Winter life, with its decreased amount of outdoor exercise, and the fact that the cold weather has kept the pores of the skin closed, prevented the usual necessary amount of refuse and waste matter from being carried out of the system. These impurities entering the circulation have weakened and thinned the blood, and this vital fluid is therefore lacking in the nourishing properties necessary to sustain and preserve systemic health, when warm, active Spring life begins.

The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., show how weak and anaemic the blood has become. Frequently skin diseases, pimples, eruptions, boils, etc., break out on the skin, and this is evidence of the impurity of the circulation.

S. S. S. is the medicine needed to correct this condition, and is the only one on which you can rely to supply the system with the best tonic effects, and at the same time thoroughly purify the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer.

Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of fever, malaria, or some other trouble. S. S. S. is Nature's ideal tonic and blood purifier, made entirely of the pure extracts of healing, strengthening, health-giving roots and herbs. It tones up the stomach and digestion, rids one of that tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the strengthening and building up of the entire system. S. S. S. is recognized everywhere as the greatest of all blood purifiers, and this combined with its unequalled tonic properties, make it a medicine needed by every one in the Spring. S. S. S. is for sale at all drug stores.

## Concord Locals.

Health of the community is good.

The farmers are busy with their crops.

Rev. Floyd failed to fill his appointment at Concord Sunday.

John B. Hall of Nacogdoches was visiting one of our girls Sunday.

The young folks enjoyed a singing at Mr. Tom Mills Sunday night. All report a nice time.

Mr. Evemont Fulmer, Miss Addie and Betty Stoker and Miss Eva Herrington attended singing at Millers mill Sunday evening.

Pate and Swaney Haltom of Midway attended church at Concord Sunday.

Mr. T. D. Fulmer of Swift attended singing at Mr. Mills' Sunday night.

There will be singing all day and dinner on the ground at Mt. Moriah the third Sunday. I guess there will be plenty of chicken pie as some are already gathering up chickens.

Mr. Effie Fulmer and wife will return home from South-west Texas in a few days.

Will Tynes and family of Stoker visited Tom Crawford Saturday and Sunday. Mrs. Terrell of Concord have been visiting L. T. Haltom of Melrose.

Mr. and Mrs. J. F. Chandler of Swift visited Mrs. S. E. Lambert Sunday.

Mr. Ben Melton has been making frequent visits to Mr. John Stokers.

Come again Sleepy Boy,

wake up and lets hear from you, if the waste basket don't catch this I will come again soon. Little Sunshine.

## WE KEEP UP WITH OUR DOCTORS.

We wish to say that it is a part of our business to know at all times where the doctors officing with us are. It is also our business to get them for their customers as quickly as possible. It is then our prescriptions are properly filled, with live drugs. Doctors Smith, Nelson and Tucker office with us, and we will promptly deliver to either of them your call. Come, send or telephone to us for a doctor, and you will be sure to get him promptly. Stripling, Haselwood & Co. d21wit

## Letter From Timpson.

This is a bright, lovely Sabbath morning set apart as a day of rest, reverence, worship and service to the good, allwise God.

The Sabbath school convention has been in session here since Thursday held by Rev. Oxley and we believe that his holy and wise instruction will be of great benefit to the enlightened good people of Timpson.

The work on the new Methodist church is going on rapidly. The laying of the corner stone will take place on Saturday evening, the 8th and a sermon on Sunday at 11 and at night will be preached by Dr. Rankin of Dallas; be preparations are being made for the occasion. We trust all honor will be given to God and not to man.

Our household goods are packed and tomorrow we will board the train for dear old Nacogdoches which will be our future home. We leave Timpson with our hearts full of love and appreciation for these dear good people who have treated us so kindly and came at once last fall with outstretched arms to help us in the greatest sorrow of our lives, the death of our precious daughter, Eva, who is now basking in the sunlight of heaven. L. W.

## Mt. Moriah Greetings.

Some people may think Sleepy boy is lazy or is asleep all the time but if the other writers had as hard a time keeping their good angels on earth and keeping them from soaring away to some other part of the world, they would not be asking what had become of him.

The saw mill had a fire Friday which resulted in the shop and contents and about 75 gallons of oil being destroyed. This is the second small fire they have had.

Miss Kate Melton is on the sick list this week.

Quite a number of young people attended a party at the home of Mr. and Mrs. Henry Bowden Friday night.

Miss Alice Chandler of Center is visiting relatives here this week.

Ben Ford and Ernest Skeleton of Mayo have taken up the saw and ax and are cutting logs. We fancy we can hear timber falling all the time.

B. F. Adams visited Waterman Suddav.

Mrs. J. C. Judd is reported quite sick.

The Shady Grove Society met Friday night and after rendering a good program challenged the Swift Society again. Look out Swift, better begin to prepare, for this will be the final contest between the two societies.

Lightening struck M. D. Stoker's shop a few days ago setting it on fire, but was discovered before it was damaged much.

## Sleepy Boy.

The many friends of John B. Reagan will be glad to learn that he is improving rapidly. He is now able to drive out some, and expects to be entirely recovered in a few more weeks.

## Proposed Amendment to the State Constitution Authorizing Cities and Towns with a Population in Excess of 5,000 to be Incorporated by Special Act.

### SENATE JOINT RESOLUTION No. 6.

Joint Resolution to amend Article 11, Sections 4 and 5, of the Constitution of the State, authorizing cities and towns within the State of Texas to be incorporated by special act where the population exceeds five thousand inhabitants.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 11, Sections 4 and 5, be amended so that the same shall hereafter read and be as follows:

Sec. 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect an annual tax to defray the current expenses of their local government, but such tax shall never exceed for any one year one-fourth of one per cent, and shall be collectible only in current money, and all licenses and occupation taxes levied and all fines, forfeitures, penalties and other dues accruing to cities and towns shall be collectible only in current money.

Sec. 5. Cities having more than five thousand inhabitants may have their charters granted or amended by special act of the Legislature and may levy, assess and collect such taxes as may be authorized by law, but no tax for any purposes shall ever be lawful for any one year which shall exceed two and one-half per cent of the taxable property of such city; and no debt shall ever be created by any city or town unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and create a sinking fund of at least two per cent thereon.

Sec. 2. That the above and foregoing proposed amendment shall [be] duly published once a week for four weeks commencing at least three months before a special election to be held for the purpose of voting upon such proposed amendment on the first Tuesday in August, 1909, in one weekly newspaper of each county in the State of Texas in which such a newspaper may be published, and the Governor be, and he is hereby directed to issue the necessary proclamation for the submission of this proposed amendment to the qualified electors of the State of Texas.

At such election all persons favoring such amendment shall have written or printed on their ballots the words "For the amendment to Article 11, Sections 4 and 5, of the Constitution," and those opposed thereto shall have written or printed on their ballots the words "Against the amendment to Article 11, Sections 4 and 5 of the Constitution."

## Proposed Amendment to the State Constitution Validating School Districts and Their Bonded Indebtedness and Authorizing Levy and Collection of Taxes to Pay Such Indebtedness.

### HOUSE JOINT RESOLUTION No. 5.

House Joint Resolution to amend Article 7 of the Constitution of the State of Texas by adding thereto Section 3a, validating school districts and the bonded indebtedness of such districts and authorizing the levy and collection of taxes to pay such indebtedness.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto a new section, to be known as Section 3a, which shall read and be as follows:

Sec. 3a. Every school district heretofore formed, whether formed under the general law or by special act, and whether the territory embraced within its boundaries lies wholly within a single county or partly in two or more counties, is hereby declared to be, and from its formation to have been, a valid and lawful district.

All bonds heretofore issued by any such districts which have been approved by the Attorney General and registered by the

Comptroller are hereby declared to be, and at the time of their issuance to have been, issued in conformity with the Constitution and laws of this State; and any and all such bonds are hereby in all things validated and declared to be valid and binding obligations upon the district or districts issuing the same.

Each such district is hereby authorized to, and shall, annually levy and collect an ad valorem tax sufficient to pay the interest on all such bonds and to provide a sinking fund sufficient to redeem the same at maturity, not to exceed such a rate as may be provided by law under other provisions of this Constitution. And all trustees heretofore elected in districts made up from more than one county are hereby declared to have been duly elected, and shall be and are hereby named as trustees of their respective districts, with power to levy the taxes herein authorized until their successor shall be duly elected and qualified as is or may be provided by law.

Sec. 2. That the above and foregoing proposed amendment shall be duly published once a week for four weeks commencing at least three months before a special election to be held for the purpose of voting upon such proposed amendment on the first Tuesday in August, 1909, in one weekly newspaper of each county in the State of Texas in which such a newspaper may be published, and the Governor be, and he is hereby directed to issue the necessary proclamation for the submission of this proposed amendment to the qualified electors for members of the Legislature. At such election all persons favoring such amendment shall have written or printed on their ballots the words "For the amendment to Article 7 of the Constitution validating school districts and school district bonds," and those opposed thereto shall have written or printed on their ballots the words "Against the amendment to Article 7 of the Constitution validating school districts and school district bonds."

Sec. 3. That \$5000, or as much thereof as may be necessary, be and the same is hereby appropriated out of any money in the Treasury not otherwise appropriated, to defray the expenses of advertising and holding the election provided for above. W. B. Townsend, Secretary of State.

## Proposed Amendment to the State Constitution in Regard to Formation and Taxing Power of School Districts.

### HOUSE JOINT RESOLUTION No. 6.

House Joint Resolution to amend Section 3 of Article 7 of the Constitution of the State of Texas, in regard to the formation and taxing power of school districts.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article 7 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of \$1 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free school, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount, not to exceed 20 cents on the \$100 valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year, and the Legislature may also provide for the formation of school districts by general or special law, without the local notice required in other cases of special legislation, and all such school districts, whether created by special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts, heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings

therein, provided that a majority of the qualified property taxing voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year 50 cents on the \$100 valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Sec. 2. That the above and foregoing proposed amendment shall be duly published once a week for four weeks commencing at least three (3) months before a special election to be held for the purpose of voting upon such proposed amendment on the first Tuesday in August, 1909, in one weekly newspaper of each county in the State of Texas in which such newspaper may be published. And the Governor shall and he is hereby directed to issue the necessary proclamation for the submission of this proposed amendment to the qualified electors for members of the Legislature. At such election all persons favoring such amendment shall have written or printed on their ballots the words "For the amendment to Section 3 of Article 7 of the Constitution in regard to the formation and taxing power of school districts," and those opposed thereto shall have written or printed on their ballots the words "Against the amendment to Section 3 of Article 7 of the Constitution in regard to the formation and taxing power of school districts."

Sec. 3. That \$5000 or as much thereof as may be necessary, be and the same is hereby appropriated out of any money in the Treasury not otherwise appropriated, to defray the expenses of advertising and holding the election provided for above.

W. B. Townsend,

Secretary of State.

## Prescriptions Carefully Compounded

You can't place too much stress on the properly filling of prescriptions. A number of things must be considered.

The prescription man *must know how*. He must be equipped with *active drugs*. He must be *careful*. He must have a *heart* in him and care for the *result* to be accomplished. He ought to be a *Christian gentleman*.

We have all the above equipment, and ask the opportunity of filling your prescriptions.

**Won't Slight a Good Friend.**  
"If ever I need a cough medicine again I know what to get," declared Mrs. A. L. Alley of Beals, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for coughs, colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For bronchitis, asthma, hemorrhage, croup, lagrippe, sore throat, pain in chest or lungs its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by Stripling, Haselwood & Co. w

Press dispatches bring the news that Dr. Brown, son of E. M. Brown who is visiting here, was hurt Sunday in an automobile accident near Abilene. The injuries are not considered serious.

**Whooping Cough.**  
This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKeig of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by Stripling, Haselwood & Co. w

Mrs. Oscar Hall and Miss Jamie McKane went to Nacogdoches this morning.—Timpson Times.

**Lived 152 Years.**  
Wm. Parr—Englands oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Waight, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly, rundown or old people. Try them. 50c at Stripling, Haselwood & Co. w

**Company Organized.**  
The Sentinel learns that plans are well under way for the organization of a stock company to take over the Show Case Factory and put it in operation again. It is further stated that the men are outside parties, and are financially well fixed. The factory is one of the best institutions in this section and will prove a good investment.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heals the injured parts. For sale by Stripling, Haselwood & Co. w

A protracted meeting is announced to begin tonight at the Free Will Methodist church on South Fredonia street, and will continue one week. Rev. J. H. Thorn will conduct the services.

Elbert Summers left Monday for an extended trip through the Pandangle and New Mexico. He will probably be gone a month.

wants one more good finisher.

We want, also, a bright young man or young lady who would like to serve an apprenticeship to learn **cutting**.

**Chamberlain's Liniment.**  
This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by Stripling, Haselwood & Co. w

A. V. Simpson of Timpson is in the city today.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. Sold by all Druggists. 75c. Take Hall's Family Pills for constipation.

**zen**—Arthur A. Seale.  
All speeches are limited to fifteen minutes, while the affirmative rejoinder in the debate is limited to five minutes. It is believed this will be one of the most enthusiastic meetings of the union since its organization. All are requested to be prepared.  
Lee G. Carter, chairman.  
J. B. Power,  
James Brown,  
Program committee.

**Do It Now.**  
Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by Stripling, Haselwood & Co. w

Mrs. Julia Curl and Miss Laura Hughes, who have been the guests of Mrs. E. H. Blount, will return home to Dallas tomorrow afternoon, after a delightful visit of two weeks duration. They will be accompanied by Miss Mintie Blount, who will spend a few days in Dallas, after which she will go to Marlin to attend a house party with Miss Norma Chatham as hostess.

**Birthday Party.**  
Miss Bernice Trawick celebrated her thirteenth birthday with a delightful party Tuesday afternoon at her home. About thirty of her young friends assisting her in making this a joyous day, and remembering her beautifully with a number of handsome gifts. Delicious cake and cream was served the young guests by the young hostess.

**Kills to Stop the Fieud.**  
The worst foe for 12 years of John Deye, of Gladwin, Mich., was running ulcer. He paid doctors over \$4000.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures fever-sores, boils, felons, Eczema, salt rheum. Intallible for piles, burns, scalds, cuts, corns. 25c at Stripling, Haselwood & Co. w
