Six States Swept by Storm.

Report of the damage done by the storms Sunday in the Mississippi-Missouri valley continue to come in, as the wires are repaired or runners reach the centers. The estimated list of deaths reach 500 and those injured is placed at 2000.

Dispatches from Lincoln and Omaha, Neb., Council Bluffs, Ia., and Terre Haute, Ind., show that it was the most disastrous and far reaching storm ever known in that section of the country.

Following are some of the stricken towns and cities, with a list of the estimated dead and injured:

Omaha, Neb. dead 200, injured 700; Terre Haute, Ind., dead 50, injured 300; Yutan Neb., dead 15, injured 50; Still Valley, Neb., dead 10, injured 25; Ralston Neb., dead 10, injured 20; Council Bluffs, Iowa, dead 9, injured 20; Mead, Neb., dead 3, injured 10; Flag Spring, Missouri, dead 3; Chicago, dead 1.

The following villages were wiped out or practically razed by the terrific winds; Benson Dundee, Florence and Berlin, Neb., Ashland, Shallowtown, Woodbine and Carroll, Iowa, and Abilene, Kansas.

The Greatest Walking Planter

that any manufacturer in this world has ever produced: the AVERY "Shawnee Jr" Don't take our word for it. Use one for a few days at OUR expense. Ask your neighbor who has one.

Good seed cost you good money. It don't take long for a "SHAWNEE JR." Planter to pay for itself in seed saved.

Cason, Monk & Co.

Main Street Presbyterian Church.
The Annual Congregation Meeting of the Main Street Presbyterian church will be held next Sunday at 11 o'clock. Reports will be made of the work in all departments. The year has been one of substantial growth. We desire the presence of every family and friend of the church.
M. C. Johnson, Pastor.

Weatherford—The growth of the recently organized Peerless Creamery Company of this city has been nothing less than phenomenal. The concern commenced business last November with only seventeen customers, and now boasts of one hundred and ten, and is still growing. More than a thousand pounds of butter is manufactured daily, which is being shipped throughout the State.

Mayer & Schmidt, Inc.

RUPTURE EXPERT HERE
Seeley, Who Fitted Czar of Russia Called to Nacogdoches.

F. J. H. Seeley of Chicago and Philadelphia, the noted truss expert, will be at the Banita hotel and will remain in Nacogdoches Thursday only April 3d. Mr. Seeley says: "The Spermatic Shield Truss as now used and approved by the United States Government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, harmful injections, treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call he will be glad to show the truss without charge or fit them if desired. Any one ruptured should remember the date and take advantage of this opportunity. w1d2

Sacred Harp Convention.
The Nacogdoches County Sacred Harp singing convention will meet with Hening, two miles and a half east of Garrison, Friday night before the first Sunday in April. All singers and lovers of music are cordially invited to attend.
T. M. Spurgeon, Sec'y.

Will Establish Dairy Farm.
H. R. Gillette formerly of Dolen, Texas, who recently purchased the Allen Seale place east of the city, has moved into his new home and is now busy fixing up things after his idea of what a first class country home should be. Mr. Gillette brought with him his herd of dairy cattle, and we understand that he will establish a first class dairy farm and will run a trucking garden in connection.
Mr. and Mrs. Allan Seale have secured apartments at

the residence of Mrs. S. A. Richardson, on Church street, where they will make their home for a while at least.

Married Saturday.
Last Saturday afternoon in the ladies waiting room of the court house Judge J. F. Perrite performed the ceremony uniting in marriage Rube Edwards and Miss Ida Richards. The young people live in the Decoy community and have a host of friends who will extend congratulations.
R. E. Mills of Libby, was here Monday on business.

MALTON & HALTON, INCORPORATED
GILES M. HALTON, MANAGER

Do not allow the livestock to run on the stiff or heavy lands during the spring when they are wet. The livestock are not benefited and the lands are much injured. Early in the winter or on sandy lands, tramping may do no damage, but in the late winter and spring the stiff lands should not be grazed when wet.—The Progressive Farmer.

The split log drag has pleased all who have tried it. It yields more return for the money than any other similar investment. Good roads are a splendid asset to any community and good roads can be obtained and maintained by means of the split log drag. If you want a first class road running in front of your place, have a split log drag made, and use it after each rain.

Dr. Friedmann, the German scientist who is in this country to demonstrate his tuberculosis cure, is so handicapped by the law in New York that he is not allowed to give his treatment absolutely free to the sufferers who are pleading to him for relief, but is compelled to treat only such cases as are selected by the physicians in the hospitals, and a very limited number is being treated.

What a great heritage God has given to man in the rich, virgin soil of our East Texas country! As a general rule farmers do not appreciate the value of their soil, or they would take care of it better and instead of robbing it from year to year by careless cropping they would add to its fertility and make it better. You have heard of people "wearing out" their land. To do such a thing is a downright shame. In some of the older countries of the world, people would regard a man, who, by careless methods would impoverish the soil and deplete it of its fertility as next to the man who would deliberately destroy property by burning it up.—Troupe Banner.

Whether true or not, as it has been said, that women dress to attract the attention of the man, they have succeeded in Ohio to the extent that the legislature has before it a proposed law to regulate the apparel of women to be worn on the street or in public. According to Representative Chappelle, who is championing the law, women's dress is one of the causes for the great wave of immorality that is sweeping over the county. So far as we are concerned we are perfectly willing to let the ladies dress as they please—for they are going to do so anyway, and the more the men rave about it the better they are pleased and the more determined they will be. The law of fashion is stronger than any law a legislature can pass.

"Go to the ant, thou sluggard," may be good advice, but the modern sluggard is more likely to go to his uncle."

NEVER THANK THE LOCAL PRESS

The local newspaper fights the battles for progress and for public improvements, but the colonels, the majors, the generals who would not be known three miles from home but for the advertising they get from the press, get the credit for the progress and improvements that are made. The Major speaks for an hour to a few dozen people, and the next day the local paper publishes a report of his speech to thousands of readers. They read it and many of them congratulate him the first opportunity, but they do not think to thank the newspaper which incurred the expense of giving his remarks publicity; and he never thinks of doing so.

If the newspaper should charge for this character of advertising we could count the prominent politicians in the community on the fingers of one hand, and they would be prominent only inside their restricted personal acquaintance. The Courier-Times has very many times devoted large space in discussing, approving or commending organizations, individuals and enterprises for which it never received the slightest nod of approval or the faintest recognition. It is true of the local press, in some measure, in many towns and cities, but apparently more so in Tyler than elsewhere. Every scheme hatched in the mind of one or more persons and which they assume is good in a social, moral, and religious or business way for the community, the local paper is instructed to whoop for it free. The scheme would not get further than the door steps if the paper should call for a biscuit or a piece of meat to feed the printer while the work of boosting is going on. Why? Because these people want the biscuit or the piece of meat for themselves. It costs more

for a newspaper to get an audience and the proprietors pay in sweat and money for it. And when it gets that audience after years of privation it is the capital of the paper. It is an investment; the merchant so understands it and is willing to pay a fair price to get before it with his goods and prices. He is unlike the committee who walk into the newspaper office and report that a distinguished "Somebody" will lecture at Popular Hall Tuesday night on how to train children or some subject "the discussion of which will be grand and great for the whole town," and we (the committee) want a lengthy write-up of the occasion, the time and the place; and we want the paper to urge everybody to come; and please put the write-up on the first page where all will see it; and out the committee goes. Of course the big boost comes and in the paper which is the first anybody had heard about the lecture, the speech, the sheme. The paper does not get a pleasant word for pay afterwards. By devoting space to the affair it imposes on many of its subscribers who prefer the space occupied with something they would appreciate; they are helping pay for that space and they are intelligent enough to know it.

In the great cities the press is strictly business institutions. When Mulberry Sellers or any of his folks want an audience they pay the newspaper just as the merchant does who wants customers, and this business rule ought to govern down to the little town with its local paper.—Tyler Courier Times.

Next to the local paper, the genial drummer is in a position to make or mar a town. Always extend the glad hand to the "Knights of the Grip."

Wireless The Invention of A School-boy.

Guglielmo, Marconi was only fifteen years old when he studied at the universities of Bologna and Padua and began his electrical researches. In the course of the next few years he began the study of the so-called Hertzian wave, or electrical impulses which travel through the air without the use of a wire. In 1895 when he was only twenty years old, his advanced knowledge on this obscure subject inspired him with the theory that these waves could be sent out and received at will, and in that year he had constructed the first wireless apparatus, the efficiency of which astonished the world.

The Smiler and the Knocker.

Smile and the world smiles with you,
"Knock," and you knock alone;
For the cheerful grin
Will let you in
Where the kicker is never known.
Growl, and the way looks dreary.
Laugh and the path is bright.
For a welcome smile
Brings sunshine, while
A frown shuts out the light.
Sing and the world's harmonious.
Grumble, and things go wrong,
And all the time
You are out of rhyme
With the busy bustling throng.
Kick, and there's trouble brewing.
Whistle, and life is gay;
And the world's in tune
Like a day in June
And the clouds all melt away.
—Selected.

The largest hydro-electric power house in the world will be at Keokuk, Iowa, where the Mississippi will be harnessed to give 300,000 horse power. Thirty mammoth vertical generators are now being made by the General Electric Company,

Houston To Have Largest Cotton Warehouse In The World.

Houston, Texas, March 25 —The largest cotton terminal and warehouse in the world is proposed for Houston by the Chamber of Commerce which is undertaking the sale of a million dollars stock for the establishment of adequate facilities to maintain Houston prestige as the largest inland cotton market in the world. Options have been secured on a 240-acre track, fronting a half mile on the Houston Ship Channel, on which it is proposed to erect the warehouse and compresses. Nearly every cotton plant now in Houston, with the exception

of the Weld-Newville Company, will be absorbed, and the compresses from these plants will be used in constructing the first unit of the greater plant. The stock is being sold by citizens' committees and it is proposed to place the entire million by April 1.

President Wilson's cabinet includes two members of foreign birth, who naturally would be debarred from the presidential succession. They are Secretary of the Interior Lane, who is a native of Prince Edwards Island, and Wm. D. Wilson, head of the new Department of Labor, who first saw the light of day at Blantyre, Scotland.—Ex.

We know—we wish you knew

It is our business to judge clothing values—our everyday work teaches us how. Unless you have had clothing experience you must judge clothes by their mere appearance. We unhesitatingly say to you that

Styleplus \$17 Clothes

"The same price the world over"

are the greatest clothes value we have ever seen. They are not merely good-looking clothes—they are good clothes inside and out.

They are all-wool, of course. The patterns are distinctive because they are scientifically selected for this special suit. The lining is high-grade alpaca. The haircloth and canvas are soaked in water, then dried in the open air to prevent any possible shrinkage and pulling the clothes out of shape. The buttonholes are hand-made, the collar and coat front are hand-tailored.

You cannot get values like these even for \$20 to \$25 at other stores

STYLEPLUS CLOTHES are the great achievement of the oldest and largest clothing makers. Because of their unequalled buying power and greater manufacturing facilities you are able to get a real suit of clothes for \$17—a price \$3 to \$8 lower than old-fashioned methods permit.

• Come in and see how well you look in a STYLEPLUS suit. You will like the clothes as well as the price—take our word for it, we know. Perfect service guaranteed.

Thomas & Richardson

Studebaker

"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-reach gear, graceful lines, solid corner, plugless body, double-ironed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.

Killed by Katy Limited.

A message was received in the city today stating that on last Wednesday at Tatt, Okla-Curl Bosen was killed by the Katy limited train. Curl was the time he was struck trying to run a colt off the track to keep the train from killing it, when he was struck.

Curl was an old negro and was well and favorably known to nearly all the older citizens of Nacogdoches. He for a number of years lived between Melrose and Chireno, and was one of the best negro citizens of the county.

NO LOOKING BACK IN NACOGDOCHES.

New Evidence Constantly Being Published.

Since the long succession of Nacogdoches reports were first published in the local press there has been no looking back. Nacogdoches evidence continues to pour in, and—better still—those whose reports were first published many years ago, verify all they said in a most hearty and unmistakable way. Read the experience of Mr. W. H. Wood, farmer.

Says Mr. Wood: "It was about six years ago that I was first troubled by a dull ache across the small of my back. I never thought for a moment that my kidneys were out of order until a short time ago when the kidney secretions became scanty in passage. I tried many remedies without finding relief. Hearing about Doan's Kidney Pills and the benefit they had brought others, I decided to try them and procured a box at Mast Bros. & Smith's Drug Store (now Swift Bros. & Smith's Drug Store). They did me a world of good. I am still recommending Doan's Kidney Pills at every opportunity. The benefit they brought me has been lasting."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other

Capt. L. T. Barret Dead.

Capt. L. T. Barrett died Sunday morning at 2:45, March 28, at his home near Melrose, and was buried in the Melrose cemetery at 4 o'clock Sunday afternoon, Rev. Jno. N. Wilson holding the funeral services at the house and also conducting the services at the grave. A large concourse of sorrowing friends attending the funeral to pay their last respects. Quite a number going out from Nacogdoches.

Capt Barrett was born near Appomatox, Va., Nov. 7, 1882, and at his death was 80 years 4 months and 16 days old. He moved to Tennessee with his father when he was 4 years of age, and from there the family came to San Augustine county, when he was only 12 years of age, and to Nacogdoches when he was only 16.

In Nacogdoches he engaged in business and was a member of the firm of Chevallier & Barrett until he was 23 years old. At the death of Mr. Chevallier he assumed the management of the business until it was closed out. From Nacogdoches he moved to Melrose and established a business there, with branches at Etoile, Browns Ferry and Venice. In 1880 he retired from active business on account of ill health and had been living on the farm since.

He was Captain of the quarter masters service of the East Texas division and served during the four years of the civil war. He was a charter member of the Masonic lodge of Melrose, and when that lodge ceased to exist he transferred his membership to the Martinsville lodge, in 1892. He was also a Royal Arch Mason, taking the degree at Galveston. He was a member of the Christian church, having accepted religion and was baptised into the church by Rev. D. R. Leak in 1892.

Capt Barret had been in feeble health for several years, but was taken seriously ill and confined to his bed only since Monday, March 17th.

Capt Barrett leaves an aged widow, five sons and one daughter to mourn his loss besides a host of warm friends.

Prickly Ash Bitters cures disease of the kidneys, cleanses and strengthens the liver, stomach and bowels. Stripling, Haselwood & Co.

W. P. Young, Agricultural Agent for the Sunset Central Lines, came in yesterday from the south and spent the night in the city. He is enroute to Timpson where he goes to attend a farmers meeting there Saturday. Mr. Young is on the go all the time and is visiting the farmer individually, or attending farmers meeting, talking to them and doing everything in his power to assist them by imparting information with reference to the best modes of cultivation, fertilization, and when he can find a market for the products of the farm. Mr. Young is very much pleased with the East Texas country and especially this county, and says that if his family and his wife's family did not live in North Texas, he would

INDIGESTION

A Disorder that Breeds Disease in the Body, and an Easy Way to Cure It.

Take care of the stomach and you will have little need for the doctor.

When the stomach begins to show signs of disorder; when the food digests slowly and with discomfort; when you have heartburn; feel bloated and uneasy, you are in a condition that needs attention.

Prickly Ash Bitters corrects the disordered stomach by strengthening and toning up the digestive organs, driving the badly digested food into the bowels and thence out of the system.

Constipation is nearly always present when the stomach becomes sour or disordered. Prickly Ash Bitters contains the medicinal qualities which act as a restorative and regulator for the stomach and bowels. It strengthens the digestive organs, cures constipation and prevents the return of bilious conditions.

Thousands of people who have received lasting benefit from this great remedy willingly testify to its power in curing indigestion, constipation and kidney trouble.

"I suffered from constipation for years, and tried many remedies, but Prickly Ash Bitters is the only medicine that has ever done me any good. Through its use I am now in good health and entirely free from all traces of my former trouble."—B. P. STIGALL, Winnsboro, Louisiana

The Old Time Negro.

Occasionally you see one of these old time negroes, but they are gradually passing out and in a very few years their places will be filled with the younger generation, but it is doubtful if the younger generation, will make as good citizens as these old fellows have; not many of them are contented to remain on the farm and lead a quiet industrious life, they want to come to town and earn a livelihood by doing odd jobs, or work at public works, and not a few want to get a living, but not earn it. It is a pleasure to see the old ante-bellum negro and to talk with him a few minutes.

Old Uncle Henry Thomas, who is now living near Mahl, was in town one day this week, and came around to the office to get some old papers to be used at home as wall paper. This old man is now 67 years old and was born near Douglass, and has lived in the county all his life. He was the property of Jim Briley, but was sold to Eli Willingham when he was 9 years old. He claims to have bought the first marriage license ever sold in this county to a negro after the war. Lawrence Taylor was county clerk at the time and since August 1865 this old darkey has been living with his first wife. They have raised 9 children. The old man says that he was never in trouble in his life, was never arrested, served as a witness or had a fine to pay.

"Bring Home a Bottle of FOLEY'S HONEY and TAR for Willie's Cold" FOR COUGHS AND COLDS Sold by Swift Bros. & Smith

Uncle Billy King Dead.

Monday morning at 9:30 o'clock W. A. King passed away after an illness extending over eighteen months, and will be buried Tuesday morning at 10 o'clock in the Maroney grave yard.

"Uncle Billy" as he was familiarly known was hurt in a runaway accident about eighteen months ago and from the effects of injuries received he has been paralyzed ever since. He, however, bore his suffering with remarkable fortitude and was always cheerful and patient. His aged wife preceeded him to the great beyond only a few months, she also being the victim of an accident; the old lady had gone to visit her daughter and was alighting from the buggy when the horse became frightened and backed the buggy, knocking her down and stepping on her, she lingered several months and finally passed away.

No two old people in the county were more highly respected or who were more sincerely loved by a host of warm friends than were these two, and all during their illness friends called often and their visits were very much enjoyed by them.

Uncle Billy was quite an old man, being possibly seventy-five years old. He was a good man, a splendid citizen, and his loss will be much regretted by everyone.

In response to a wire to Rev. S. F. Baucom of Greenville, Rev. Baucom states that he will be in Nacogdoches tomorrow morning and will conduct the funeral service for "Uncle Billy" King, which will be held at Maroney graveyard in the morning at 10 o'clock.

Nervous weakness or palpitation of the heart indicates disorder in the stomach and indigestion. Prickly Ash Bitters is a wonderful remedy in such cases. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. Stripling, Haselwood & Co. special agents.

Fruit Crop Not Hurt.

From reports we have received from several sources, it is the general opinion that the fruit crop of East Texas is not hurt by the recent cold spell to any considerable degree. It is reported that in several places the peach trees are casting a number of their blossoms, but only enough, it is thought to make the balance of the crop larger and better. Mr. W. P. Young agricultural agent of the Sunset Central Lines, says that he does not think the fruit is hurt at all. In fact he says that he does not remember of ever hearing of the fruit crop of this section being hurt by a freeze in March. It is either in February or April when the damage is done.

Jim Hill was right when he said "Land without population is a wilderness, and population without land in a mob."

Thousands of Women

Have Been Restored to Health By Lydia E. Pinkham's Vegetable Compound.

There is no doubt about this fact. Why! during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. Surely you can believe these women.

Mrs. L. S. BRENNER, Hudson, Mich., says:—

"Sometime ago I was taken with a terrible pain in my right side, such sharp pains just like a knife sticking me. I tried hot applications but that did no good. I went to our family doctor (we were living in Fayette, Ohio, at that time) and he said it was organic inflammation. I doctored with him a while but kept getting worse. The pain was so terrible I could hardly stand on my feet. I would have that sharp pain in my right side, and a dull heavy pain the whole length of my limb. I realized that something had to be done quickly, so I looked up all of your advertisements I could find, and saw several that described my case. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it helped me from the first dose, and when I had taken two bottles my trouble was gone. Your medicine has done so much for me that I am willing you should publish this letter for the sake of other suffering women."—Mrs. L. S. BRENNER, Hudson, Michigan.

Mrs. L. E. BOWERS, Girard, Pa., says:—

"I take pleasure in informing you of what Lydia E. Pinkham's Vegetable Compound has done for me. I had a sick spell last February, and for some months after that I was not regular and had many bad feelings. I was tired all the time, had dull headaches, not much appetite, and also what the doctor called organic inflammation. Your Vegetable Compound has entirely cured me and I feel that too much cannot be said in its praise as I am now able to do my own work. You are perfectly welcome to use my testimonial for the benefit of others."—Mrs. L. E. BOWERS, R.F.D. No. 1, Girard, Pa.

Mrs. ELIZABETH GENTILCORE, Buffalo, N.Y., says:—

"I feel that I must write to you about your wonderful remedies. About ten years ago I was troubled with female weakness and was all run down. I was tired all the time and could hardly walk without feeling dizzy. I heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sanative Wash. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help others as they have me. I tried most everything I heard of, and yours are the best medicines for women's ailments."—Mrs. ELIZABETH GENTILCORE, 26 Glor Street, Buffalo, New York.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Nacogdoches Representatives Well Pleased.

The Nacogdoches representatives who attended the Debaters and Declaimers contest at Palestine last Saturday are very well pleased with the outcome of the contest, for while they did not win all the honors they came off with halt and a splendid showing for the other half.

In the debaters contest the Nacogdoches team was eliminated from the contest at night when the tryout was given during the day; still our boys received one vote in three for the place and that vote was cast by Dr. Shurter of the University of Texas, who was the originator of the contest. Palestine and Crockett debated at night for the first place and Crockett won.

In the declaimers contest the Nacogdoches representative won in a contest with seven entries, and also took the \$10.00 in gold prize offered the winner. Master Alton Thomason was the Nacogdoches representative.

Garrison Beats Shreveport.

Special to the Sentinel.

Garrison, Tex., March 22.—The Garrison High School Basket Ball Team defeated the Shreveport Athletic Association's team on the local court today by the score of 27 to 19. The game was well played and the fastest exhibition of the kind ever witnessed on the local court.

County Medical Society Meets.

The Nacogdoches County Medical Society met at the court house Wednesday night, and it is reported that a very interesting and enjoyable meeting was held. Quite a number of physicians from other points in the county were present.

The program of the meeting consisted of the reading of a number of papers by the doctors and the discussion of subjects relative to the profession.

We tried to get a full report of the meeting for yesterday's issue, but the secretary of the society was out of the city and we could not get a report.

Workmen are busy putting in the new cells for the lower story of the county jail, and it is believed the work will be completed by tomorrow night. It will be remembered that at the time the cells were bought for the upper story of the jail it was believed that the cells from the old jail would answer, but when they were removed from the old building it was soon seen that they were too badly rusted to be of any service in the new building, so new cells were ordered.

Col. A. A. King of Woden was a business visitor in the city today.

A spinster never gets too old to lose interest in a love letter—no matter whose it is.

All Skin Remedies Fail?

Have you tried all the advertised skin remedies without success? Have you sought medical treatment in vain? And you still suffer from that irritating itch, that horrible, unsightly skin disease?

Do not despair. Come to our store and we will GUARANTEE YOU INSTANT RELIEF. We will let you have a full size bottle of the D.D.D. Prescription for Eczema, a simple, antiseptic wash, on our positive guarantee that unless it stops the itch AT ONCE it will cost you not a cent. You owe it to yourself to take advantage of this offer. We are confident it will succeed or we could not afford to make the offer.

D.D.D. is a penetrating liquid that kills and washes away disease germs, leaving the skin smooth and healthy. A 50c bottle is enough to start the cure of the most obstinate cases of Eczema, Psoriasis and allied diseases. D.D.D. soap is a valuable aid. Ask us about it.

Stripling, Haselwood & Co.

HALTON & HALTON, Proprietors
GILES M. HALTON, Manager

Bailey of the Houston Post seems to take a great delight in hating W. J. Bryan. He seldom lets an opportunity pass to hand him a package. All the Post will ever get out of the job is its own satisfaction.

WHETHER the common stable fly is responsible for infantile paralysis, as has been claimed by some scientists, or not, it is a known fact that the fly is a carrier of all kinds of disease germs, and to swat the fly is the bounden duty of every citizen.

It is quite evident there are no Texas girls attending school at Vassar College, Poughkeepsie, N. Y., for in the list of the twenty-four prettiest girls selected to carry the historical daisy chain on commencement day, not a name appears from Texas. Proof positive.

THIS is the finest weather in the world to run the split log drag. It rains just enough every day to make the drag work beautifully. A long hot spell would make the roads too hard for the drag to make much of a showing. Do it now and then when the dry weather gets here the roads will be in fine shape.

WAR news from the City of Mexico report that the rebels were repulsed with heavy loss and were being chased by the government forces. Still the revolution goes merrily on. It is hard to believe these official reports from government headquarters. The late president was reported from headquarters as being killed by a mob, but it seems now that it was inside the palace. The war news may be equally as accurate.

Members of the Fern Lake Fishing club are going to have the Fern Lake road worked by private subscription, or at least there is a movement on foot looking to that end. This road was put in fine shape once, but was neglected and the good work done on it was washed away by the bad rains in the spring, and now the road is in pretty bad condition at several places.

The enormity of the damage done by the Sunday night cyclone in the northwestern states is gradually being shown as reports come in from the stricken section. In Omaha the city was swept by the wind and then by fire, the path of the tornado being six blocks wide, and the estimated damage to this city alone is placed at \$12,000,000, to say nothing of the loss of lives.

We are not sure whether the Lufkin News is amenable to the anti-trust law of the state or not, but would suggest that an investigation be made. In the columns of the News we notice that Editor McCelvey has purchased the plant, equipment, etc. of the Lufkin Chronicle. The item also mentions the fact that a large shipment of new type has been ordered.

An Unique Sentence.

About fifty years ago a judge in Waco is said to have concluded his remarks, in passing sentence of death upon a prisoner, as follows: "The fact is Jones, that the court did not intend to order you to be executed before next spring, but the weather is very cold; our jail, unfortunately, is in very bad condition; much of the glass in the window is broken; the chimneys are in such a dilapidated state that no fire can be made to render your apartments comfortable; besides, owing to the great number of prisoners not more than one blanket can be allowed to each; to sleep sound and comfortable, therefore, is out of the question. In consideration of these circumstances, and wishing to lessen your sufferings as much as possible, the Court, in the exercise of its human compassion, hereby orders you to be executed tomorrow morning, as soon after breakfast as may be convenient to the sheriff and agreeable to you."—Hamilton Record.

An exchange tells the story of a boy who was sent to market with a sack full of rabbits, lingering around town all day and coming back without selling them. When asked by his mother why he had not sold the rabbits, he said no one asked him what was in the sack. How many of our merchants are like this little boy? They have plenty of goods for sale but fail to tell the people what is in the sack. If you expect to sell goods in this day and age, you must open your sack and keep shouting the merits of your stock in trade.—Exchange.

How would you like to have your picture sought after by those in every station of life from morning until night, how would you like to have them clamoring for it, fighting over it and worshipping it. That's how the public feels about the portrait of Miss Ellen Evelyn James, of San Antonio, Texas. It is not so much on account of her beauty, either, although she is a beautiful girl, nor on account of her talents, although she is a talented one, but all because her face has been selected to adorn all of the new bills to be turned out of the government mint by Uncle Sam in the future. Is it any wonder, then, that her picture will be the most sought after of any in all the land? The plowman down in the river bottom will be anxious for it, the drayman in town and the banker in his counting room. Even an editor occasionally would like to take up the study of art, and begin with the subject of Miss James.—Lufkin News.

Storms in the northwest have devastated many towns, caused an immense amount of loss in property and in lives. Texas seems favored by the elements as well as in other ways.

Killeen—The Santa Fe Railroad Company is erecting a new passenger and freight station here at a cost of \$7,000.

To the Ant for Wisdom

A cook, being annoyed by the depredations of ants, put a pie on the pantry shelf, surrounded it with a thick circle of molasses and awaited developments.

They came in the shape of fully 500 red ants, led by an ant larger than any other.

When he came to the molasses he halted and held a consultation with a small detachment from the main army.

Each one selected a place where the stream of molasses was narrowest, the leader made a tour of inspection and then the ants made their way to a hole in the wall where the plastering was loose.

Each ant took a tiny piece of plaster, and to and fro they went from the nail hole to the molasses for two hours until they had thrown a bridge across. Then they formed in line.—Lufkin News.

A dispatch states that after sweeping aside all opposition, legal and otherwise, Mrs. Marsellina Elisalda, 105 years old, and Pleasanton Leon, 86, said to be lovers for half a century, were recently married at the home of the aged bride. The singular fact regarding her age is that she positively asserts that she is only 85, one year younger than her aged husband, and that she is opposed to women marrying their juniors. Her daughters, granddaughters and great granddaughters positively assert that the record in the old family Bible shows the bride to be 105 years of age. Friends of the bride claim for her the distinction of being the oldest woman who has ever entered wedlock in this country. She is at least old enough to have known better.—Huntington Herald.

"There is no question about it gentlemen, we could have the best town in all this country if we would just get up and do something," thus spoke one of our citizens to a gathering of people on a street corner Saturday.—Timpson Times.

We second the motion. Now what will we do first? It's the easiest thing in the world to say "Let's do something" but what is the best thing to do is the question, we are all agreed that some thing should be done.

There are some things that must be done in a hurry or not at all. Catching a flea is one of the best examples proper of this. But as a rule, it is safe to say, the man or woman who works deliberately accomplishes the most. The deliberate worker is the thoughtful worker, with whom the habit of system has become a second nature. Any one may cultivate it who will take the trouble to try; and the most unsystematic, spasmodic worker will realize with amazement how easy it is to get through with an allotted task in half the time it formerly required, by planning it all out before entering the office, workshop, or kitchen.—Rusk Press Journal.

The whole world never agrees with the thoughtless chap who tries to swallow it whole.

Funeral of A. P. Moran.

The funeral of A. P. Moran, aged 40 years, and formerly editor of the Las Vegas Democrat, was held Saturday afternoon at 4 o'clock from the residence of Mrs. H. Bushe, his sister, 2312 Washington Avenue. The funeral was private and interment was in the Glenwood Cemetery. Father Banfield of the Catholic Church officiated.

The body arrived in Houston at 9:30 o'clock Friday night, accompanied by Mrs. Moran, who was with her husband at the time of his death. Besides his widow, Mr. Moran is survived by H. C. Moran of Houston, a brother; E. J. Moran of Utah, a brother; Mrs. C. J. Ibeck of Houston, a sister; Mrs. H. Bushe of Houston, a sister; Alfred Cassidy of Galveston, a nephew; Jack Cassidy of Houston, a nephew; Mrs. J. Thomas Hall, Nacogdoches, a sister-in-law; Mrs. J. C. Rudd of Temple, a sister-in-law.

Mr. Moran was born in Louisiana, but spent the greater part of his life in Houston. He was formerly connected with the Post, the Chronicle and the Kansas City Journal, and was well known throughout Texas newspaper circles as a brilliant writer and a thoroughly grounded editor.—Houston Post Sunday.

There has lived at Columbia, Pennsylvania, for many years a poet, Lloyd Mifflin, who in England, particularly, has gained a great reputation as a sonneteer. In his youth he studied art and he has devoted all his life to poetry or painting. In the April Scribner there is a striking poem from him entitled, "The Shadowy City Looms" for which the frontpiece of the number has been made in color by Hoffbauer.

The parent who believes every word the son or daughter tell them in regard to the conduct of the teacher, is very likely to think ill of the teacher and without just reason. It is natural for youth to be prejudiced and to resent punishment even if it is just. Many a good school is spoiled by the parents upholding pupils when the proper treatment would be to up-end them and use the coal shovel.—Times Clarion.

Weather Sharps See More Storms.

Washington, March 25.—Storm areas still cover the greater portion of the country. There is precipitation in nearly all districts with snow falling in the Northwest and rain in other sections. Heavy rains in the Middle states are threatening floods along several rivers, especially the Illinois River and the Sandusky River in Ohio.

While abnormally high temperature prevail in the South and in the East, cold weather continues over the entire Northwest. Though gales have diminished, high winds in the interior portion of the country threaten further damage to property. Low temperatures are predicted for Wednesday in the middle and north Atlantic states and the Ohio valley.

What Inventors Are Doing

Messrs. Spellman, Murry & Carr, Patent Attorneys, 1717 Commerce Street, Dallas, Texas, announce the issuance by the United States Patent Office at Washington, D. C., of the following patents to residents of Texas, for week ending March 18.

John C. Bertsch, assignor to Standard General Service Company, Fort Worth, Tex., combination stock and freight car.

Oscar J. Charles, San Antonio, Texas, Incinerator.

Jesse C. Chisholm, Dallas, Texas, refining crude cotton seed oil.

Charles W. Drake, Wellington, Texas, grapple.

Samuel L. Riley, Palestine, Texas, assignor of one-fourth to S. A. Griggs and one-fourth to M. Bryant, wire stretcher.

James L. Scroggins, assignor of one-half to A. S. Waldrop, Sherman, Texas, compound tool.

Frank Thatcher, El Paso, Texas, apparatus for extracting wax from plants.

John W. Williams, San Antonio, Texas, oven.

Thomas C. Bradford, Lamarque, Texas, life saving device.

Henry D. Pate, Abbot, Texas, guano-distributor.

John Steinocher, West Texas, Automatic gun firing mechanism.

James R. Mitchell and G. Mitchell, Halsel, Texas, draft device.

The following from State Topics expresses in a few words the feeling of Americans in regard to intervention in Mexico: "Huerta's excuse for the killing of Madero is not believed by any citizen of the Christian world. Vengeance is not to be taken by this country, but in the dispensation of all things the murder of Francisco Madero will be righted and the heel of the despot will be removed from the neck of the peon and pallado. It is a duty which this country will shirk as long as it can be deferred, but some day, and that soon, the world will call upon the United States to make good on the Monroe Doctrine. And then Mexico will pass away as an independent nation."

Big Lumber Barge on Sabine River.

Specifications of a barge that is to be added to the Sabine river and canal fleet received by a prospective bidder for the contract of towing the vessel to and from Sabine Pass, shows that the vessel surpasses anything of the kind yet brought into the Sabine and Neches waters. The vessel in question is 178 feet long, 36 foot beam and 14-foot depth of hold. The handling of this large barge will necessitate an experienced boatman's care, a man especially acquainted with Sabine river and the channel. The next vessel in line with the newcomer at Orange is the barge Sabine, owned and operated by the Lutch & Moor Lumber Company.

The cynical world would be far more likely to sit up and take notice if most of the reformers would begin on themselves.

Suit Over Polk County Timber Land.

In the United States court at Beaumont, the Sabine Hardwood Company Limited, of Sabine parish, Louisiana, filed a suit against the West Lumber Company of Houston, Texas, in trespass to try title for the John D. Nash survey of land lying in Polk county, Texas. Plaintiffs allege that they are the owners in fee simple of the said land, but that the defendants are claiming the same and holding adverse possession under a pretended conveyance from William Carlisle & Company. The plaintiffs pray for judgment for the sum of \$8000 for cutting and removing timber from the lands.

Great Permanent Show For Tulsa.

Tulsa, Okla., March 25.—A permanent annual crop exposition for Tulsa is assured on a national scale. The business men of this city today organized the Southwestern Soil Products Exposition company, with a capital stock of \$50,000. Fifty men went out in committees of five, under the direction of the Commercial Club, and canvassed the business district for seven hours. At the end of that time the sale of every dollar of the proposed stock issue was certain.

The new company will buy 120 acres of land adjoining the fair grounds. All exposition buildings now planned to house the International Dry-Farming Congress and its crop exhibits in October will be built in permanent form. The special buildings to be erected by the state of Oklahoma and the federal government for the International Congress will be bought and preserved for the permanent Tulsa show. The money raised today will be used for the great crop-products Exposition this year, and the gate receipts in October will be devoted to the permanent work of the company.

The Building Era.

There are eras of development in every section of the country. For the Southwest the present may well be termed the building era. In every city of this section massive structures are being erected that are costing a great deal more than the establishment of large factories. There is nothing cheap about most of the building. In every one efforts are being made to have it surpass all other buildings in some particular feature, some improvement, but then that is only the heart and fiber of architecture. There is scarcely any one that is not proud of this building era, proud of the tall structures that are looming up gracefully above their surroundings. It shows a spirit of doing whatever is undertaken in an effective and pleasing manner. Soon the era of manufacturing enterprises will break forth, and with this same spirit predominating, is it any wonder that we prophesy of the greatest manufacturing center on the globe?—Industrial Record.

Copperas Cove—During the last couple of months a broom and a mattress factory have been added to the industries of the town.

Walt Mason.

I do not like to hear the preachers insist that we're vile, worthless, creatures and all that sort of bunk; you'd think, to hear some pastors talking, that everything we do is shocking, and that the race is junk. They say we're so depraved, ungodly, our souls are all deformed so oddly, we ought to eat the dust, and sackcloth wear, and sprinkle ashes upon our whiskers and mustaches and grovel till we bust. I can't imagine God admiring such groaning crawling and prespiring; it must offend his sight; for men were fashioned in his image, and in this passing worldly scrimmage the ought to stand upright. Now God must weary of our whining when we should stand faces shining and banners to the breeze; there'll be objections six or seven if we go crawling into heaven upon our hands and keens. God shies at

worms as much as you do, and all our hopes we merely hoo-koo when we ourselves abase; so I have quit this thing of cringin'; I tell the Lord I'm a good Injun, and look him in the face.

Fifteen Cent Cotton.

Contrary to any previous opinion you may have formed, that cotton cannot be put on a legitimate basis of profit, the fact remains that it is being done. The plans of the Southern States Cotton Corporation has already afforded relief to thousands of farmers throughout the South, and is in operation in more than 250 cotton-growing counties. This plan is growing by leaps and bounds, and a mighty convention will be held in Dallas April 28 to May 1, and the principle will be prominently before the world. Arrange to attend—and see Texas. Low rates on railroads.

USE OF CALOMEL

PRACTICALLY STOPPED.

For Bilious Attacks, Constipation and all Liver Troubles. Dangerous Calomel Gives Way to Dodson's Liver Tone.

Every druggist in the state has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is often dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," says Stripling Haselwood & Co.

Dodson's Liver Tone is personally guaranteed by Stripling, Haselwood & Co. who sell it. A large bottle costs 50 cents, and it it fails to give easy relief in every case of sluggishness, you have only to ask for your money back. It will be promptly returned.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy—harmless to both children and adults. A bottle in the house may save you a day's work or keep your children from missing school. Keep your liver working and your liver will not keep you from working.

Judge Bledsoe Still Missing

Abilene, Texas, March 24.—Up to noon today former County Judge T. A. Bledsoe of Taylor County, who escaped from Sheriff Wein at Gordon on Wednesday morning, has not been apprehended. The sheriff's department has ascertained that Bledsoe arrived in Mineral Wells in an automobile driven by a boy about dark Wednesday evening and that he departed in another a few hours later for a point not known. Diligent and determined efforts are being made to capture him. Bledsoe is wanted here to answer a warrant charging forgery.

Pleased with A. and M.

College Station, Texas, March 24.—The citizens of Bryan, the faculty and students of the Agricultural & Mechanical College were host to the members of the State Legislature Saturday March 22. More than 250 persons were in the party, including the wives of the legislature. They thoroughly inspected the college, and expressed themselves as being surprised at the work being accomplished by the students. The expense of the trip was borne by the Bryan Commercial Club.

Procrastination.

A gentleman who had been in Chicago only three days, but who had been paying attention to a prominent Chicago belle, wanted to propose, but was afraid he would be thought too hasty. He delicately broached the subject as follows:

"If I were to speak to you of marriage, after having only made your acquaintance three days ago, what would you say to it?"

"Well I should say never put off until tomorrow that which you should have done the day before yesterday."—Life.

A Theological Point.

A revival was being held at a small colored Baptist Church in Southern Georgia. At one of the meetings the evangelist, after an earnest but fruitless exhortation, requested all of the congregation who wanted their souls washed white as snow to stand up. One old darkey remained sitting.

"Don' yo' want y' soul washed w'ite as snow, Brudder Jones?"

"Mah soul done been washed w'ite as snow, pahson."

"Whah wuz yo' soul washed white as snow, Brudder Jones?"

"Over yonder to the Methodist' Chu'ch acrost de railroad."

"Brudder Jones, yo' soul wa'n't washed; hit were dry-cleaned."

Texas Asphalt to Germany.

Berlin, Germany, March 23.—It is expected that this country will become one of the leading consumers of Texas asphalt, asphalt oil and petroleum asphalt as the Government, after special tests has exempted these products from duty. Several large orders have already been placed as a result of the action of the German Customs Union and shipments are expected to be made from Port Arthur, Texas, to German points at a near date.

John Galsworthy and His New Story.

John Galsworthy's latest work of fiction to run clearly through the year. "The Dark Flower" (The Love-Life of a Man), Spring, Summer, Autumn, begins in the April Scribner. It is a story of sentiment, of ideals, written in a poetic vein and with an intimate appeal to all mankind, to all who have ever loved or known the influence of love. Readers will recall his play, "The Little Dream," that appeared in the same magazine. "The search of the soul for the ideal was its theme; the scene, a peasant cottage among the Dolomites. A young peasant girl, Seelchen (Little Soul), longing for the world beyond the mountains, falls asleep, and learns from the visions and voices of her dream the true values of life." Recently a little story, "Quality," that showed the author's keen sympathy with and understanding of an old shoemaker who would not sacrifice his work in the competition with machinery and hurry, attracted wide attention.

Mr. Galsworthy made his first wide impression in America by his very dramatic play of "Strife"—the strife between capitol and labor—which showed him keenly alive to the problems of the day.

My friend help the editor in his wild-eyed search for news. When your friends come to see you, if you are not ashamed of it, tell him; when your wife gives a tea party, if you have recovered from the effects of the gossip, drop in with the news; when a new baby arrives, fill your pockets with cigars and call; if you go to a party, steal some of the good things and leave them at our sanctum.—Ex.

5,000 DEAD IN DAYTON

Thirty Thousand Homeless in City. Water 13 to 20 Feet Deep in Streets.

Dayton, Ohio, March 25.—Dayton, except for its remotest suburbs, tonight is covered from six to twenty feet with a seething flood of water. Any attempt to estimate the loss of life is hopeless. Estimates run from 2,000 to 5,000. The property loss will total millions of dollars.

The flooded district comprises a practical circle with a radius of a mile and a half and in no place is the water less than six feet deep.

In Main Street, in the downtown section, the water is twenty feet deep.

The horror of the flooded district is heightened by more than a dozen fires, which can be seen in the flooded district, but which are out of reach of fire fighters. Most business houses, and nearly all of the residences, have occupants. Down town the office buildings are occupied by those unable to get home. Some are on roofs of residences, including helpless women and children. Hundreds of houses, substantial buildings in the residence districts, many of them with helpless occupants, have been washed away.

St. Elizabeth's Hospital, with six hundred patients, was reported to have been washed away. The building was known to be in many feet of water and indications are that the report may prove to be true.

The electric light plants were put out of business early in the day and total darkness, coupled with torrential down-pour, added to the horrors of the night. Famine also became an immediate possibility. All of the supply and grocery houses are in the submerged district and at midnight, it was said, there was not enough bread to last the survivors another day.

Storm Near Tyler.

Quite a severe wind storm visited Smith county last night, doing considerable damage to property. From reports the little town of Winona suffered the most, as many houses were blown down. Between Lutkin and Tyler, at the little place of Goodson, Engineer Luker of the train this morning counted nineteen telephone poles down in one stretch, and off to one side a house was seen demolished. It was not learned whether any lives had been lost, neither was it learned the extent of damage at other places, which will be found out later.

The wind was rather brisk in Lutkin, but nothing of a cyclonic nature, neither was the rain very heavy.—Lutkin News.

Capital from the north came south, cut our pine forests into lumber and pocketed the profits. Most of the capital and practically all the profits have gone back north. This is the way northern capital builds up the South.—Tyler Courier Times.

Rev. W. H. Hargraves will preach at New Hope church, 3 miles east of the city next Sunday morning. Everybody is invited to attend.

Railroad Officials Here.

W. B. Scott, general manager of the H. E. & W. T., and his chief clerk, Mr. Lane, R. T. Walker, superintendent; J. C. McVey, resident engineer, and J. A. Cottingham, engineer of maintenance and way, came in from Houston yesterday on a motor car and remained in the city last night in Mr. Scott's private car which preceded the motor car. The party, except Mr. Lane, continued on their trip to Shreveport in the motor car this morning; Mr. Scott's private car will follow on the regular train to Shreveport.

These officials are making a trip of inspection over the road and are using the motor-car to facilitate matters, as they can stop at will and examine any matter that attracts attention.

General Manager Scott says that the business on the Houston-Shreveport lines has been exceptionally satisfactory the past year, and things are looking mighty good. The company expects to make a number of improvements along the line, improve the track, and fix up stations, etc., with a view of better handling the splendid freight business the line is receiving.

War Correspondents Return from Mexico on Their Way North

A party of newspaper correspondents of several of the big news agencies in the United States, who have been covering the revolution in the republic of Mexico, for some time, reached Houston Monday night on their way north.

In the party were Damon Runyon, representing the New York American, a Hearst property; John T. Meehan, in charge of the Associated Press at New Orleans, and E. L. De Camp, a resident of Mexico City and a prominent newspaper man.

The party returned to Texas by way of Tampico and will remain in Houston for two or three days. They state that the trouble in Mexico is not over by any means, in their judgement, and that it is the general consensus of opinion that Huerta, while endeavoring to look out for the interests of the people of Mexico, will not long remain in power.

Runyon of New York is the sporting writer for the New York American. He came South with the Giants to Marlin some weeks ago, and when the Mexican trouble started up he was ordered to that republic. He will probably remain in Houston until the Giants reach this city on Saturday, when he will again join them.—Houston Chronicle.

R. R. Commission Hearing Begun.

Austin, Texas, March 21.—A large number of railroad men and representative truck growers were present this morning at the special hearing of the railroad commission on the proposed amendments to charges in the commodity tariff affecting fruits, vegetables and melons and the refrigerator tariff on perishable fruit. Less than half the propositions under consideration were discussed in the morning session.

Rheumatism Affects Lungs

Pneumonia, Bronchitis, Phthisis, Asthma and Anemia Often Directly the Result of Rheumatic Blood.

If you have a persistent, nagging bronchial cough beware of cough remedies. They are merely local in action, and if they do relieve it is the narcotics that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their reflexes attack all weakened, susceptible spots and thus create local symptoms. The very best remedy known is Swift's Sure Specific. You will find it on sale in any drug store at \$1.00 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully increases the red corpuscles, cures all the local fever spots and irritations, increases appetite, you take on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pains in the chest, sore throat and constant expectoration of thick mucous have experienced the most wonderful change after using S. S. S. All doubt and apprehension is gone, those peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. These are rheumatic conditions, and you will quickly realize it after using S. S. S. for a few days. Get a bottle of S. S. S. to-day at the drug store and then say good-by to all those pains that have worried you.

Write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., for medical advice and wonderful facts concerning the greatest blood remedy ever known.

Eggs! Eggs! Eggs!

Rose Comb Rhode Island Reds, Barred Plymouth Rocks and American Standard fawn white Indian Runner ducks, white egg strain. Bred to lay and win. Hen eggs \$1.50 per 15. Duck eggs \$2.00 per 13. Satisfaction guaranteed. Place your orders early and avoid the rush. J. W. Hill, wtf Sacul, Texas.

How Foolish.

To suffer from Skin Diseases (Itch, Eczema, Ringworm, etc. when one 50c box of "Hunt's Cure" is positively guaranteed to cure or your money promptly refunded. Every retail druggist in the State stands behind this guarantee with each box. You don't risk anything in giving it a trial. w

J. D. Angus, a member of quite a large family from Canton, Ill., who have recently come to this county and are contemplating settling near Cushing, was in the city today looking around and getting acquainted with the county seat town. He was a pleasant caller at the Sentinel office.

Calomel is Bad.

But Simmon's Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields; billiousness goes. A trial will convince you. [In Yellow Tin Boxes Only.] Tried once used always. w

Baxter Mast, cattle man from Melrose, was a business visitor in the city yesterday, returning home today.

Hunt's Cure rapidly destroys Itch, Ringworms, Itching Piles, Eczema, Tetter and like troubles. Under its influence the diseased cuticle scales off leaving a smooth white, healthy skin in its place. A wonderful remedy and only 50 cents a box. w

Log Team Wanted.

Five or six logging teams wanted at Hoya's Switch. Easy haul. See us now if you want a contract. 2tw Hoya Lumbr Co.

COMMISSION NAMED

Burleson Creates Body to Learn Conditions of The Postoffice Department.

Washington, Mar. 19.—A special commission to inquire into the "actual financial, physical and working conditions" throughout the postal service was created today by Postmaster General Burleson. It was announced that there have been many conflicting reports as to the general conditions of the departments, and that Mr. Burleson decided to have a special investigation to get the facts.

The commission is composed of Daniel C. Roper, Joseph Stewart, A. M. Dockery and James I. Blankensless, first, second, third, and fourth assistant postmaster generals respectively, and Merritt O. Chance, chief clerk of the department. They conferred with the postmaster general today regarding the various features of the service to be investigated.

Home Made Fertilizers.

We use only high grade Cotton Seed Meal and 16 per cent Acid Phosphate and such other ingredients as are needed to make our Fertilizers come up to our guarantee. wtf Oil Mill.

A Message to Railroad Men.

E. S. Bacon, 11 Bast St., Bath, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all played out. From the day I began taking Foley Kidney Pills I began to regain my strength, and I am better now than I have [been for] twenty years." Try them. Swift Bros. & Smith. eod

Federal and City Census Differ.

Gainesville, Texas, March 18.—According to the new city directory which is just off the press, Gainesville's population now numbers 10,550 souls. The government census report showed a little over 7,000.

An Epidemic of Coughing.

Is sweeping over the town and young and old are alike affected. Foley's Honey & Tar Compound is a quite safe reliable family medicine for coughs and colds. A. S. Jones of Lee Pharmacy, Chico, Calif. says: "Foley's Honey and Tar Compound has no equal and I recommend it as containing no narcotics of other harmful properties." Swift Bros. & Smith. eod

Married at the Court House.

In the office of the county clerk Judge J. F. Perritte yesterday afternoon united in marriage W. H. Jacobs and Mrs. Robina Peoples. The contracting parties live in the south eastern part of the county near Chireno.

A Cold, Lagrippe, Then Pneumonia

Is too often the fatal sequence. Lagrippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. J., says: "I was troubled with a severe La Grippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be beat." Swift Bros. & Smith. eod

We are Exposed to Tubercular Germs

every day. Post-mortem examinations often show that tuberculosis had been arrested by strengthening the lungs before the germs gained mastery.

You can strengthen your resistance-power by taking Scott's Emulsion. It contains available energy in concentrated form, which quickly nourishes all the organs of the body. It repairs waste—makes rich, active blood and supplies energy to the starving cells. It's timely use enables the body to resist tuberculosis.

For stubborn colds and bronchitis nothing compares with Scott's Emulsion.

Refuse substitutes—insist on SCOTT'S.

Scott & Bowne, Bloomfield, N. J. 12-47

New Nickles Counterfeited.

The new nickles bearing the American bison on one side and an Indian on the other, have only been in circulation a short time, but now a number of cities are flooded with a counterfeit that is hard to detect. The counterfeit seems to have been molded from a real nickel. When you get one of the new nickles in your change better examine it: if it seems greasy and a little blurred about the Indian head and will not ring when you throw it on the show case, better salt it for a souvenir, it is of no use except to work off on a slot machine.

Many a Suffering Woman

Drags herself painfully through her daily tasks suffering from headache, headache, nervousness, and loss of sleep, not knowing her ills are due to kidney and bladder troubles. Foley Kidney Pills give quick relief from pain and misery, a prompt return to health and strength. No woman who suffers can afford to overlook Foley Kidney Pills. Swift Bros. & Smith.

Araknsas Pass—What is said to be the largest single catch of trout on record in this section, was made here recently, when Sam Murchason brought in a total of one thousand and fifty pounds. The fish were caught in gill nets, and sold readily at a good price on the local fish market.

Foley's Kidney Pills will reach your individual case if you have any form of kidney or bladder trouble, any backache, rheumatism, uric acid poisoning or irregular and painful kidney action. They are strengthening, tonic and curative, and contain no habit forming drugs. Swift Bros. & Smith. eod

The cotton mills of North Carolina are rapidly adopting motor drive. Instead of large power plant and shaft drive small motors are being coupled to individual machines. This gives greater speed in operation, better service, ease of control and economy of power.

Pneumonia Follows a Cold

But never follows the use of Foley's Honey and Tar Compound. It stops the cough, heals the sore and inflamed air passages, and strengthens the lungs. The genuine is in a yellow package with beehive on carton. Refuse substitutes. Swift Bros. & Smith. eod

HEAVY RAIN AT MARSHALL.

Many Bridges in Vicinity Put Out of Commission.

Marshall, Texas, March 20.—One of the hardest rains that has ever fallen in Marshall and this section tell here this afternoon about 2:30 o'clock. The streets and gutters were overflowed and and there were many roofs leaking. There was five feet of water in the new subway of the Texas & Pacific railway station.

Many bridges were damaged in and around the city. Marcus and Kariel, who were affected by the recent explosion here, when the Merzbacher-Kelly explosion occurred, were damaged again today through a leaky roof, and many others suffered lesser loss. Several bridges on the Marshall and East Texas road were out of place but so far traffic has not been interrupted very much on that line.

Surest Way to End Catarrh.

Go to Stripling Haselwood & Co. and say: "I want A Hyomei outfit." Take it home—pour a few drops of Hyomei from the bottle into the little hard rubber inhaler—breathe it for five minutes and note the refreshing relief—breath it four or five times a day for a few days and Catarrh and all its symptoms will gradually disappear.

Booth's HYOMEI is balsamic air; it contains no opium cocaine or other harmful drug and is sold on money back plan for Catarrh, Croup, Colds and Coughs. Complete outfit (includes inhaler) \$1.00—extra bottles if later needed, 50 cents at Stripling Haselwood & Co. and druggists everywhere. Simple instructions for use in every package—you can't fail. Just breathe it—no stomach dosing.

James D. Greer was in town last night and was looking for someone to go with him to the school entertainment at Cedar Bluff school house, about two and a half miles east of Mayo. Mr. Greer says that the people of that community are making an effort to improve their school house and the entertainment is given to help toward that fund. An agricultural meeting was to be held in connection with the school entertainment, and this is where Jim Greer comes in.

Not Paint.

The worst mistake in painting is not putting-off. That costs about 10 per cent; you keep your money a year and pay 10 percent for it. Paint would have to come down 25 percent to make 10 percent on the job, for wages do not go-down.

The worst mistake is "cheap" paint. It costs from 50 percent to 100, first cost, and another in wear.

What a liar "cheap" is! "Put-off" is bad-enough; "cheap" is ten times worse.

DEVOE.

Swift Bros. & Smith sell it.

I want a family that can run two plows or more as renters on the shares.

W. A. Skillern, Decoy, Tex. d1wt

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

CITY BUYS ELECTRIC LIGHT PLANT.

At a Special Called Meeting the Council Agrees to the Proposition Submitted by Numerously Signed Petition.

At a special called meeting of the City Council last night, the Council agreed to the proposition to purchase the plant and equipment of the Nacogdoches Light & Power Co., the price of \$25,000. According to the terms of the deal the city will pay \$15,000 cash the balance in four notes of \$2,500 each, due respectively one, two, three and four years from date and bearing 8 per cent interest. The city to take over the property on the first of any month, to be determined at a later meeting.

This brings to a close a prolonged fight between the city and the light company which promised to create two factions in the city—those in favor of the city, and those in sympathy with the light people, and it is hoped that the factional feeling will be a thing of the past.

The story of the controversy is one that is well known to every citizen, as it has been discussed through the columns of the paper and at public meetings almost since the proposition to vote bonds for a city light plant was first agitated, so there is no occasion to rehearse it here. To the efforts of the Young Men's Commercial Club is largely, if not entirely, due the credit for the adjustment of the difference. Realizing that two factions were being created in the city which would last for an indefinite time, and which it was thought would retard progress along almost any line that might be started in the city, the Commercial Club through its executive committee devised the plan to have the proposition submitted to the people in an election as to whether the city should or should not pay \$25,000 for the light plant. When the proposition was submitted to the parties at interest it was agreed to; but when the city wanted the light company to dismiss their suit on the calling of the election they refused to agree and the city would not call the election. A petition was then circulated requesting the city to purchase the light plant for \$25,000. This petition was signed by 233 citizens, voters in the city. This petition was submitted to the City Council last night, with the result that the city purchased the light plant, or agreed to purchase it, the details and transfer to be worked out later, and the completion of the purchase and transfer of the plant by agreement will terminate the injunction suit at the expense of the Light Co.

Palestine and Crockett Debaters.

Tonight at 7:30 the Palestine and Crockett teams of debaters will contest for the honor of representing this the eleventh district at the state debating contest at Austin.

The debating teams here are: Palestine, Alto, Crockett Tyler and Nacogdoches.

The teams met at the high school building this morning at 9:30 and drew lots for places. Alto and Palestine

Dumplings

For Soups, Stews and Fricasseeed Chicken

Left overs of roast lamb, veal or beef, the cheaper cuts of fresh meats, and fowls too old for roasting, make delicious and nourishing stews. K C Dumplings make them doubly attractive and the whole dish is most economical—an object to most families while meats are so high and must be made to go as far as possible.

K C Dumplings

By Mrs. Nevada Briggs, the well known baking expert.

2 cups flour; 3 level teaspoonfuls K C Baking Powder; 1/2 teaspoonful salt; 1/2 cup shortening; milk or cream.

Sift together three times, the flour, baking powder and salt; into this mix the shortening and use cream or milk to make a dough less stiff than for biscuits.

Allow the stew to boil down so that the liquid does not cover the meat or chicken. Add half a cup of cold water to stop its boiling and drop the dough in large spoonfuls on top of the meat or chicken. Cover and let boil again for 15 minutes.

Made with K C Baking Powder and steamed in this way, dumplings are as light as biscuits and are delicious with thickened gravy.

This recipe is adapted from one for Chicken Pot Pie in “The Cook's Book” by Janet McKenzie Hill, editor of the Boston Cooking School Magazine. The book contains 90 excellent recipes for things that are good to eat and that help reduce the cost of living.

“The Cook's Book” sent free for the colored certificate packed in every 25-cent can of K C Baking Powder. Send to Jaques Mfg. Co., Chicago.

were matched for one contest Tyler and Crockett for another, and as there was an odd number of teams Nacogdoches was left out of the first contest to contend with one of the winning teams of the first contests for a place in the final contest. This resulted in leaving Palestine and Nacogdoches to contest, and Palestine won the decision over Nacogdoches. Therefore Palestine and Crockett will try it out tonight for the first place, and the honor of going to Austin falls to the victorious team tonight.

The Alto team is composed of Almer Burnett and Oscar White; the Palestine team, Elmo Welborn, and Robert Ware; the Tyler team, Galloway Claburn and Nat Gentry; the Crockett team, John Cood and Roy Baker; the Nacogdoches team, Eugene Thompson and Henry Davis.

The judges in the preliminary contest between Palestine and Crockett were Dr. Shurter of the State University, Supt. Bink of Oakwood, and Supt. Crane of Franklin. Judges in contest between Tyler and Crockett were Supt. Hargis of Nacogdoches, Supt. Albritton of Jacksonville, and Prof. O. W. Peters of Palestine.

The declaimers who are to contest for the championship this afternoon are Carroll Golson of Tyler, Elwood Emery of Jacksonville, Nacy Halporn of Palestine, Leon Bromberg of Crockett, Alton Thomason of Nacogdoches, Lehman Newton of Crockett, and George Brooks of Montalba. — Palestine Advocate Saturday.

TRY SOLACE AT OUR EXPENSE

Money Back for any case of Rheumatism, Neuralgia or Headache that Solace Fails to Remove

Mrs. J. P. Mattauer Dead.

From Wednesday's Daily

Mrs. J. P. Mattauer died last night at 2:30 o'clock at the residence of her daughter, Mrs. J. H. Brantley, after an illness extending over many months and will be buried tomorrow morning at Rockland, her home, at 10:00 o'clock. The remains will be shipped from here on the afternoon T. & N. O., and will be accompanied by Mr. and Mrs. J. H. Brantley and family and Mrs. T. E. Thrash who is also a daughter of deceased.

Mrs. Mattauer was quite an old lady, being past 64 years of age, and has been living at Rockland for a number of years, her husband being engaged in the timber business there. She was a life long member of the Methodist church and a very sweet, Christian character. She leaves besides an aged husband, six children to mourn her loss.

The bereaved family have the sympathy of the entire community.

Changes at Wells Fargo.

Taylor Nichols arrived in the city yesterday, and will today be checked in as the city agent for the Wells Fargo Express company. Mr. Bob Candlish who has been holding the job down for the past several months, will be transferred to another point.

The many friends of Taylor Nichols are very glad to have him again a resident of this city.

Mr. and Mrs. Candlish have made a host of very warm friends since they have been in this city who will regret exceedingly to lose them, but who will wish them every success wherever they go.

Big Levee at Columbus Goes.

Columbus, Ohio, March 25. —With a roar the levee at the foot of Broad street here let go shortly before 11 o'clock today, sending a deluge of water that swelled the Scioto River, covering a great area. Several small buildings collapsed. The police at 10:40 o'clock ordered all persons in the lowlands to flee for the highlands.

All the fire and police apparatus assisted in the work. The residents were told not to stop for clothing or valuables. No loss of life has yet been reported.

To Visit Specialist
L. L. Moore of Chireno, was in the city this morning to consult a physician with reference to the eye of his little son who suffered an injury to that member about two weeks ago, and being advised to take the little fellow to an eye specialist at Houston, left on the noon train to take him to Dr. Hall at Houston.

About two weeks ago the young man and a friend were playing in a house at Chireno, and one of the boys was swinging from a piece of bailing wire swung from the joist of the building when the wire broke, the broken end of the wire striking Mr. Moor's son in the eye, cutting a gash in the ball just above the pupil. It was not thought the injury was serious or deep but inflammation set up and the eye it is now thought is out. An effort will be made to save the other eye by arresting the inflammation. Mr. Moor is the blacksmith of Chireno.

Mistrial in Box Case.

The jury in the Edgar Box case was discharged this morning by the court after having been out a day and night on the case and a mistrial entered.

This case was called for trial Monday morning and occupied the attention of the court until Tuesday afternoon when it was given to the jury. Box was charged with the killing of Byron Wood near Libby in this county in November last year. This is the case where in a dispute over some traps in the bottom near Libby, Byron Wood was shot and killed, a charge from a shot gun entering the side of deceased.

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by all dealers. dw

County Supt. W. B. Hargis has been quite busy the past week perfecting the metes and bounds of several of the school districts of the county by land lines and varas, so that they will meet the requirements of the law, so that in the event that any election is held in any of the districts said elections will be valid. Blue prints and maps of these districts have been made and will be presented to the commissioners court at its next regular meeting for ratification.

The Cause of Rheumatism.

Stomach trouble, lazy liver and deranged kidneys are the cause of rheumatism. Get your stomach, liver, kidneys and bowels in healthy condition by taking Electric Bitters and you will not be troubled with the pains of rheumatism. Charles B. Allen, a school principal of Sylvania, Ga., who suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys, writes: "All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Maybe your rheumatic pains come from stomach, liver or kidney troubles. Electric Bitters will give you prompt relief. 50c and \$1.00. Recommended by Stripling Haselwood & Co. dw

Fort Worth—According to official figures kept by the packing house in this city, 30,000 people visited the Armour and Switt plants during the Fat Stock Show.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

Mr. and Mrs. W. E. Eddings and little son Murval, of Mahl spent Sunday in the city the guest of Mr Eddings father Mr. A. W. Eddings.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at drug stores for a free sample. dw

L. L. Munsell has just completed a map and blue print of the northeastern part of Houston County, showing holding of the Southern Pine Lumber Co. The map is about 54x48 inches.

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers. dw

A. A. Meador J. W. Birt and Jim Birt of Libby, were in the city Monday on business.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

ROYAL BAKING POWDER

Absolutely Pure
The only Baking Powder made from Royal Grape Cream of Tartar
NO ALUM, NO LINE PHOSPHATE

The Methodist Church.
The pulpit of the First Methodist Church will be occupied next Sunday at 11 a. m. and 7:45 p. m. by Rev. B. R. Bolton of Jacksonville, Texas, in the absence of the pastor who will be at a Fifth Sunday meeting on Garrison circuit. (The public is invited to the services.)

The Sunday School meets at 9:45 a. m. Last Sunday the attendance was larger than at any time in the history of the school. It is growing weekly in attendance and in interest. It is hoped that next Sunday will be the best to date. To this end all members are urged to be present, and those who do not attend elsewhere are also invited.

Waco—A census completed by the Young Men's Business League indicates that the building permits issued during 1918 will exceed \$2,500,000. This amount includes a \$250,000 hotel and a six story office building.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all dealer dw

Lampasas—Stocks Brothers are erecting a new \$40,000 building, which will be completed in 15 days. The building will contain 18,000 square feet of floor space.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers. dw

Small Fire on Hill

The fire alarm which was turned in yesterday was caused by a blaze in the western part of the city, on Irion Hill, and was the residence of Claud C. Watson, district clerk. Mrs. Watson had just finished preparing dinner, when the fire was noticed, and seemed to have caught from the kitchen flue.

The roof and ceiling of the kitchen was burned off, but little other damage was done. The fire company could do no good as the fire was out of their district, being further out than the water mains go; but neighbors with buckets came to the assistance of Mr. Watson and helped to put the fire out. Mr. Watson says that his individual loss in furniture broken and mused up will not amount to more than \$10. The damage to the house is not great, possibly not more than \$25.

Best Known Cough Remedy.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three millions bottles were used last year. Isn't this proof it will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used" For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at Stripling Haselwood & Co. dw

Belton—Ten to fifteen tons of rock per day are being quarried about three miles west of here, the majority of which is used by the Santa Fe in its grading work near Temple.

Best for Skin Diseases.

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve, and nothing is better for burns or bruises. Soothes and heals, John Deye, of Gladwin Mich., says after suffering twenty years with skin ailment and spending \$400 in doctors' bills, Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by Stripling Haselwood & Co. dw
