APPOINTED INDUSTRIAL AGENT.

Jas. D. Greer Gets Job of Industrial Agent for Sunset Central Lines.

Agricultural Agent Jas. D. Greer of this county received yesterday an appointment from H. M. Mayo of the Sunset Central Lines in Texas, designating him as Industrial Agent of the Sunset Central Lines, to succeed W. P. Attwater, resigned. Mr. Greer has accepted the appointment and as soon as he is released from his position with the county he will enter upon his new work. Mr. Greer stated to a Sentinel reporter yesterday that he would place the matter before the commissioners court this week and if they were willing he would go to work for the railroad on the 1st of November.

The railroad company is constantly on the look out for good men in their agricultural and industrial departments, and when they find one it is pretty sure that he will be secured if possible. The selection of Mr. Greer is a good one, and he will make the railroad a valuable man. Since being in the employ of the government and the county of Nacogdoches in the capacity of Agricultural Agent, Mr. Greer has been of untold value to this county, and it will be hard to find a man who can do more in this line of work. He has been zealous and diligent at all times and has lent his every effort to the betterment of the farmers, and has been ever ready to respond to any call for instruction along his line.

While regretting to lose Mr. Greer in the capacity of agricultural agent for this county, we congratulate him of his success and wish for him a splendid career.

Bonds are Defeated.

Longview, Texas, Oct. 18.—Incomplete returns indicate that the county hospital bond issue of \$50,000 was defeated in this county by a light vote. Longview voted three to one for the bonds, but this was overcome by the county vote. This is the first bond election ever defeated in this county.

Charged With Aggravated Assault.

In the county court Monday of this week Daniel Arant was fined \$50.00 and cost on a plea of guilt for aggravated assault, the whole amount of fine and cost amounting to \$72.00. Arant was charged with striking his wife, while they were on the road between here and Fern Lake in their wagon.

Liberty Elm Camp W. O. W. of Nacogdoches will unveil the monument of Gov. Dick Moore at Decoy Sunday the 26th at 1:30 p. m. All members and camps invited to assist. Members of this camp will meet at hall at 12 o'clock.

Notice.

To the Fruit and Truck Growers of Nacogdoches:

We want to see if we can nor interest you all enough to grow fruit, truck and vegetables next year so we can sell in car load lots. We want to get up an association for the people of Nacogdoches to handle their fruit and vegetables for next year. There will be some who will have peaches, cabbage, tomatoes, sweet potatoes, and Irish potatoes. We are not asking you to leave your corn, peas and cotton off, grow some of all. We are asking for volunteers members like Mr. T. E. Burgess, Mr. T. J. Hall, Mr. Jim Hudson, and the ones that you know do grow vegetables for the market every year. We are going to grow vegetables just the same, we want you to help us so we can help you. We are wanting to sell in car load lots if we can do so. There is plenty of good room for us if we grow good vegetables. I want you to think of this carefully.

Next month we are going to call a meeting to organize a fruit and truck growers association for Nacogdoches.

Yours as ever,
R. J. Fuller.

Burns-Short Marriage.

Center, Texas Oct. 19.—One of the quietest events of Center's social life occurred Saturday when about 6 p. m. Bascom Burns of Tenaha, married Miss Lo Short, of this city. Mr. Burns is a young man with an exceedingly bright future. Mrs. Burns is the daughter of Mr. and Mrs. H. B. Short of this city.

Armour & Co. have a force of men at work now cleaning off the old brick taken from the foundation of the iron house which stood on their lots near the depot, and are having the lots cleaned off preparatory to the erection of their new cold storage plant which it is expected they will begin on in the very near future.

DR. R. C. MAYES DEAD.

He is Father of Lieutenant Governor Will H. Mayes.

Brownwood, Texas, Oct. 19.—Dr. R. C. Mays, father of Lieutenant governor Will H. Mayes, died here this morning at one o'clock after a brief illness. Acting governor Mayes, who had started to New Orleans on a lecturing tour, was recalled by wire and arrived here this morning.

Dr. Mayes was a native of Kentucky and has been in Brownwood for more than thirty years. He was seventy-four years of age and until the past few months has been hale and hearty.

Full Grown Elk in Town.

The Wells Fargo Express Company handled through here from the H. E. & W. T. to the T. & N. O. for Kountze today a full grown Elk, which was shipped from Independence, Mo., to H. A. Hooks at Kountze, Texas.

The elk was crated and together with the crate weighed 940 pounds. The animal stands about five feet high, and is a splendid specimen. Its horns had been sawn off about six inches from the head so as to get him in the crate.

Quite a number of Elks of this city went down to the depot this morning to pay their respects to the elk, and to see how a full grown elk looked.

Mr. Hooks, to whom the elk is being shipped, has quite a collection of animals at his home in Kountze, including a heard of deer, several bear and a number of other animals, and this specimen goes in to his collection.

Rev. C. N. Cunningham came in yesterday from Livingston, where he has accepted a call from the Presbyterian church there to serve them as pastor for part of his time. Rev. Cunningham will serve the church in this city also, but will make his home in Livingston, so we understand.

Seasonable Bargains

Look over the following. There may be something in the list that you need.

No. 01 Tyler Heater--a first class little air tight heater that will give good service and use but little fuel, each **\$1.75**

18" HERALD Heater--the old fashion Cast Box Pattern--heavy weight,--will take full 18 inch wood--and will last a life-time, each **\$3.25**

BROOMS--with four lines of sewing--a first class medium weight broom of good quality,--a regular 40c seller, each **25c**

These are just a few items. Many are to be found in our stock--and all real BARGAINS. If your crop is short that's all the more reason why you should get the MOST FOR YOUR MONEY.

We propose to give you the MOST for your money. Our goods are bought right. We buy in large quantities, thereby making a considerable saving in freights.

We have a FIRST CLASS hardware store in every particular. Give us your patronage. We'll both make money.

Cason, Monk & Co.

PROGRAM COMPLETED.

Fifth Annual Convention of Commercial Congress an International Event.

Washington, D. C., October 17.—Announcement was made today at The Southern Commercial Congress of the completed program of the Fifth Annual Convention of the Congress, which will be held in Mobile, Alabama, October 27-29.

The greatest array of speakers who ever attended a convention of any kind in this country are on the program. They include President Wilson, Secretary Bryan, Secretary Daniels and many other distinguished American and Pan American citizens.

The Southeastern Passenger Association has made one fare round trip rates to Mobile for the Convention. Indications are that more than ten thousand delegates and visitors will attend this convention, which will be the greatest ever held in the United States.

The State Department and the Pan American Union are co-operating with The Southern Commercial Congress to make the convention an international event.

President Wilson will speak on the first day of the convention and Senator Fletcher President of The Southern Commercial Congress, will deliver the annual address the same day. Dr. C. J. Owens, Director General of the Permanent American Commis-

sion on Agricultural Co-operation, will report the results of the European investigations of agricultural co-operation, made by the Commission during a three months European tour last summer.

Among the events of the convention will be a great trade pageant, a visit of naval vessels and ships of the light house service to Mobile, and a cruise to the Panama Canal and Central America by many of the delegates.

Judge Ramsey Retained By State.

Austin, Texas, Oct. 20.—As an assistant to the state in the suit brought against the Houston Oil Company, Judge W. F. Ramsey was today retained by the attorney general's department.

The suit involves 80,000 acres of East Texas land covered with pine timber, and damages totaling \$1,000,000. The case will be tried at the December term of the Twenty-sixth district court of Travis County.

Cut Out the Pool Halls.

The commissioners court this week issued an order putting into effect the law prohibiting the operating of pool halls at Chireno. The people of that town held an election Sept. 6th, at which time the pool halls were voted out, and it required an order of the court to put the law in to effect.

J. C. Jacobs of the firm of Jacobs & Partin at Etoile, was in the city Tuesday attending to business matters.

The Methodist Home Coming.

Next Sunday will be an epochal day in the history of Nacogdoches Methodism. A splendid program has been arranged, in which all the pastors who have served the Church for the past dozen years, or more, will take part. It is also planned to have every member of the Church, as well as all the friends to be present and enjoy the great social and religious feast. It promises to be a Jubilee occasion, and it is a time when every one should be on hand. In addition to the former pastors, arrangements have been made to have other ministers present to take part on the program. The citizenship is cordially invited to be present and swell the numbers of those who come to this great Feast of Ingathering.

Death at Huntington.

Mrs. S. D. Scarborough of this city received a message this morning from Huntington, bearing the sad information of the death of her brother, Bob McMullen, which occurred at Huntington this morning at 5 o'clock.

Mr. McMullen had been sick for about seven weeks with what was believed to be malarial fever. He is survived by a widow and two small children.

The gins in this city are as busy now as they possibly can be, and the hum of the saws is about all that can be heard when one gets in their neighborhood.

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, MANAGER.

The city seems to have won out at every turn in the suits filed against it with reference to the paving of the streets, and the paving is going right ahead just the same.

We suppose a fellow just has to kick sometimes, it's perfectly natural. Just let him kick it will do him good—serve as a safety valve, like swearing. It's either kick or bust.

We are in receipt of a season ticket to the San Angelo Fair and Carnival, which will be given Nov. 4, 5, 6, 7 and 8. We appreciate the tickets and the invitation very much and trust that the San Angelo people will have a great fair; but just now we are too busy getting ready for the big East Texas Fair to think of attending their fair.

Postmaster Donegan has placed a large portrait of President Woodrow Wilson over the general delivery window at the post office, and now every patron of this post office receives a kindly smile from the "big boy" as a number call the professor, as he looks down from the frame upon the sterling democrats of Nacogdoches.

The Marshall Messenger speaks of "Staid old puritan Massachusetts that harbors the delightful and upright city of New Haven." Evidently the editor of the Messenger when a school boy didn't attend an "old field school," where the geography lessons were sung or he would have remembered the refrain: "Connecticut, Connecticut Hartford and New Haven, Hartford and New Haven."—Carthage Register.

Henry Lane Wilson, former ambassador to Mexico for the United States gives out a statement in which he expresses himself as believing the present situation with regards the United States and Mexico, looks like intervention. But then Wilson lost his job by talking too much and it is very likely that now he is just as wise as he was on a former occasion. The Washington government will attend to this affair, and it is reasonable to suppose that they are in better position to determine the best solution of the question, than is the honorable ex-ambassador.

The new depot of the Nacogdoches Southeastern is nearing completion and is a real neat and commodious structure. The building will be 42x114 feet and will contain two waiting rooms, office, warehouse and shed. The main tracks of the road will be to the south of the depot building, while the house tract, or loading track will be on the north, the whole building and sheds will be covered with tar paper roofing, which renders it fireproof from sparks from engines or from fires in the neighborhood. The building will be supplied with all modern conveniences for the comfort of the employes and the public.

The Telephone Road to Every Market

Are you up on current dairy prices during the scarce season?

The farmer with a Bell Telephone is "wise" and he sells at the market's height. Why not share your telephone-connected neighbors advantages.

Apply to our nearest manager for information, or write

THE SOUTHWESTERN TELEGRAPH and TELEPHONE CO. DALLAS, TEXAS.

For a good, clean display of nerve the editor of the Woodsboro News has got anything beated that has so far come to our notice. He writes a letter requesting that we send him the names of some 30 or 40 progressive, ambitious farmers of this section who would possibly be interested in the paper and country. Now, what do you think of such nerve? A progressive, ambitious farmer, located in East Texas, and in Nacogdoches county, could not possibly be interested in this new country, for he knows that East Texas is the best country on earth, and he knows, too, that all the fellow who became dissatisfied with East Texas and went West to try a new country, have seen the mistake and have returned to this good old country. A progressive, ambitious farmer is not the kind of farmer who is "on the move" looking for a new place. We admire your nerve, Brother, but your judgement is a little off. Write to some other section, we are all satisfied here.

We have been asked quite frequently of late if we did not think that the East Texas Fair would not be bigger and better by reason of its having been put off until later in the season, when the farmers could the better select their exhibits and have more time in which to get their live stock in the pink of condition. Of course our answer was "Yes". For by every system of reasoning it would seem that the advantage is in favor of a bigger and better fair, more exhibits, and a bigger crowd, for the farmers will have finished harvesting their crops, and will be at leisure so as to be able to take advantage of the show.

A prisoner in an Indiana reformatory has confessed to the killing of Miss Brown in Dallas a few months ago and says he did it because he was drunk and she refused to open the safe for him, but showed fight, when he cut her throat. The "confession" isn't given much credence, but is being investigated. It is a good thing he waited until he got out of Dallas to make the statement.—Lufkin News.

ALTITUDES IN TEXAS.
Hundreds of Exact Elevations Determined By United States Geological Survey Topographers.

Engineers and surveyors who need to have accurately determined points from which to start surveys of any kind find the spirit-leveling bulletins published by the United States Geological Survey of considerable value. These bulletins contain the results of spirit leveling in all parts of the country and give the exact elevations or altitudes of a great number of points. From 1896 to 1910, inclusive, the Geological Survey established more than 1800 datum points in the State of Texas, the work being done under the direction of R. B. Marshall chief geographer; in cooperation with the State during 1902, 1903, 1909, and 1910. Bulletin 468—"Results of Spirit Leveling in Texas"—gives a list of the exact elevations above mean sea level of these points determined in connection with the topographic mapping of the Survey. While the Survey's published maps show the elevations of points within the area indicated, these elevations are merely approximate, whereas the elevations listed in the bulletin are given to the thousandth of a foot. Engineers and others who have occasion to use the benchmark elevations should have a copy of the spirit-leveling bulletin for reference. It is available for free distribution and may be had on application to the Director of the Geological Survey at Washington, D. C.

A man from another part of Texas wrote a Shelby county farmer about a piece of land the latter had for sale and wanted to know what it would grow. The reply was that it would "grow anything," and probably that enquirer thinks the owner misrepresented what he had to sell. That land had on it in its natural state dogwood and hickory, and sweet gum and elm, and grape vines as large as your leg and paw paw and buckeye and every other timber growth that indisputably testified to the richness of the underlying soil. The man told the truth but the people, even of Texas, have yet to learn what East Texas really is. Some day they will regret their slowness to grasp the opportunities that were here for them.—Center Champian.

Do you remember how two years ago Governor Colquitt and his friends were denouncing the administration of his predecessor for its prison policy? Well, much of it was deserved. But the old proverb says, "curses, like chickens, come home to roost," and the Colquitt penitentiary policy is getting what's coming to it for smothering eight prisoners by cramming them into an eight by ten box and allowing twenty other prisoners to escape at one time. It is a cinch that neither Campbell nor Colquitt can be elected United States senator on his penitentiary record.—Carthage Register.

Stop a cough before it develops something more serious.

Ballard's Horehound Syrup

In The Remedy That Does the Work.

It relieves coughing immediately, eases soreness in the lungs, loosens phlegm and clears the bronchial tubes. It is a fine family remedy, pleasant to take and good for children and adults.

Price 25c, 50c and \$1.00.

Buy the \$1.00 size. It contains five times as much as the 25c size, and you get with each bottle a Dr. Hercul's Red Pepper Porous Plaster for the chest.

James F. Ballard, Prop. St. Louis, Mo.
Stephens Eye Salve Cures Sore Eyes.

ALL DRUGGISTS

Sued Husband 13 Times Now Sued by Him.

Pittsburg, Oct. 16.—In divorce court here yesterday Charles Wagner stated he had sued his wife, Wilhelmina Wagner, for divorce because he wanted to put an end to her suing proclivities. Wagner claimed his wife had sued him on 13 different occasions since their marriage in 1910. The wife, who is contesting the proceedings, declared she had sued Wagner only eight times that she could remember.

Why is it when a poor fellow dies, somebody writes a lot of rhymeless, measureless, doggerel poetry, and publishes it in the local paper? I have read some poetical obituaries, that would undoubtedly have resurrected the dead man, had it been read in the presence of the corpse. No matter how dead he was, he would have at once crawled out of his coffin and licked the writer even if he died again the next instant. It seems to us that there is less poetry about a funeral than any other one act in which we all take a hand, yet some galoot is eternally ready to do us in verse as soon as we die. He is afraid to do it until he knows we are good dead.—K. Lamity's Harpoon.

The newspaper business of Texas is on a higher plane than at any period in its history. There are more high grade men busy with trained minds giving the craft higher standing. While elevating the newspaper as a business institution, they are advancing the commonwealth—the interests of all the people. The mission of the newspaper is not confined to localism and few of the craft are asleep at the switch.—Greenville Banner.

USE LIV-VER-LAX

For Lazy Liver and the Troubles of Constipation.

Feel right all the time. Don't lay off from work for days by taking calomel when pleasant Liv-Ver-Lax keeps you on your feet, while relieving your trouble. Safer, too, and easy to take. Don't take anything else. You can't afford it. Eliminates poisons, cleanses system and relieves constipation. A natural remedy, natural in its actions, sure in its effect and certain in results. It won't be long before Liv-Ver-Lax will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. None genuine without the likeness and signature of L. K. Griggsby. For sale by Stripling, Haselwood & Co.

BEEF AND CATTLE.
Increased Imports and Decreased Exports in the Foreign Trade of the United States 1913.

Washington, D. C., Oct. 17.—The recent transfer of the United States from the small list of beef exporting countries to the large list of beef-importing countries is sharply illustrated by the August figures of imports and exports of beef and beef cattle and a comparison thereof with the August figures of earlier years just made by the Bureau of Foreign and Domestic Commerce of the Department of Commerce. This shows that the exports of beef cattle have fallen from 44 million dollars' value in the 8 months ended with August, 1904, to practically 1 million in the corresponding months of 1913 and that the imports of cattle meantime increased from 9,357 in the 8 months of 1904 to 340,105 in the same period of 1913, and their value from \$181,145 in 1904 to \$5,081,842 in 1913. As to beef, the importations in 1904 were insufficient to justify their statement by month and the total value of beef imported for consumption in the full fiscal year 1904 was but \$14,922, while the single month of July, 1913, showed a total importation of 642,304 pounds valued at \$56,978; August, a total of 1,151,626 pounds valued at \$89,204 and September about an equal amount.

Judge Lindsey's European Trip.

The report and recommendations made by Judge Lindsey to the Executive Committee of the Farmers' Union, on his European investigation, have brought many proved plans of co-operation from nations with centuries of civilization behind them. Since the Star of Bethlehem pointed the way to the Babe in the manger, civilization has been compelled to look to the wise men of the East for information, and Judge Lindsey's report shows the sagacity of a financier, the intuition of a student and the common sense of a farmer blended harmoniously and presented in a practical manner, adapted to the needs of Texas.—Com. Sec.

Gov Sulzer Impeached.

Albany, N. Y., Oct. 16.—Governor William Sulzer today was found guilty by the court of impeachment on three of the articles preferred against him. They were articles 1, 2 and 4. He was declared innocent on the charges contained in article 3. Tomorrow he will be removed from office but not disqualified from holding office in this State in the future unless there is a substantial change in the informal vote reported to have been taken by the court on these questions in secret session today.

For the same reason it was expected that he will be found not guilty on the other four articles still remaining to be voted on when the court adjourned tonight.

Doughnuts
That will remain moist.

Every housewife who makes her own bread knows that if a little potato is added to the sponge, the bread will not dry out so quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

KC will be found to have distinct advantages over any other Baking Powder for doughnuts. KC is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

3 1/2 cups flour; 2 eggs; 1 cup sugar; 1 level teaspoonful KC Baking Powder; 1/2 teaspoonful salt; 1/2 teaspoonful mace; 1 cup cold mashed potato; 1 cup milk, or more if needed.

Sift three times, the flour, salt, spice and Baking Powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

Jupiter Pluvius Stumps the State For Good Roads.

Jupiter Pluvius is one of the most powerful elements in nature, and likewise is a most progressive citizen. During the past few weeks he has taken the stump for good roads and, brushing aside the proclamation of the Governor, has issued an emergency call to all citizens to work the roads immediately or remain mud-bound. There are few agencies that can deliver so powerful an ultimatum. The unprecedented rains have turned the highways of the entire State into a demonstration of the evils of bad roads. Empty vehicles mired up in the mud on our leading thoroughfares vividly present living charts illustrating in convincing form the advantages of goods roads, and high prices for cotton and impassable roads offer a more forceful argument in favor of improved highways than the eloquence of our most brilliant orators.

Now that the silent forces of nature are preaching good roads, we may expect many more citizens to become convinced of the advantages of improving our highways.

The father and mother and 8-year-old Willie were taking a short ocean voyage for the first time. Both parents were exceedingly seasick, but not so with Willie. He was having the time of his life. In low weak tones the mother said "Father, I think you ought to speak to Willie."

Soon Willie came romping in, and between seasick moans the father said: "How-dy do, Wil-lie."—National Monthly.

YOUR HAIR NEEDS
PARISIAN SAGE.

Unsightly—matted—color-
less—scraggy hair made fluffy—soft—abundant and radiant with life at once. Use Parisian Sage. It comes in 50c. bottles.

The first application removes dandruff, stops itching scalp, cleanses the hair, takes away the dryness and brittleness, increases the beauty of the hair, making it wavy and lustrous.

Everyone needs Parisian Sage.

Texas Industrial Congress At The Fair.

The Texas Industrial Congress, in order to meet its friends at the State Fair at Dallas, has taken a booth in the Agricultural Building and invites them to call there and register. It has installed a model to show the effects of surface washes on hillside farms. Two hillsides are represented, one upon which a cover crop is growing, the other bare, with a lake at the foot of each. On the hillside with the cover crop the run-off of water is small and the lake at the foot is clear; on the bare hillside the run-off is heavy and muddy, and the lake is also muddy, showing that in one case there is little or no loss of soil while in the other the farm is being stripped of its power to grow crops and the farmer of his chance to prosper. Thus the lesson is taught that sloping lands should not be left bare to the winter rains, but should be planted to barley, oats, wheat or other crops that will save the soil. The suggestion is also made that reservoirs can and should be constructed to impound the water for farm uses, for stock and for irrigation.

Farm Women Should Organize.

Men have organized and made their voices a unit, and their organizations have been fruitful of much good.

Woman's voice has been weak and almost unheard, but organization on her part in every community can also be productive of much good. The time is long past when woman's sphere is confined to the four walls of her home. The home is a very vital part of the community, and this being the case, everything from the construction of roads to the arrangement of the school house is of concern to every woman, and she must realize that the welfare of the community depends on her as well as on her husband.

Clubs composed of farm women of every neighborhood in Texas, organized for the purpose of studying home problems, farm life, the economic problems of everyday life, and to co-operate with the men in their efforts for the upbuilding of the State, would accomplish much and lasting good.

Let the farm women organize clubs in every community.—Mrs. E. P. Turner.

Pension Papers Are Defective.

Austin, Texas, Oct. 20.—Over 900 applications for pensions had to be returned to the applicants due to defects in the applications and the law not being complied with, according to Captain Wilson, who has charge of that phase of the pension department. He said that in most instances the notaries fail to sign their names and in some instances the county judge omits his signature to the application. None of the applications can be approved until these errors are corrected. This is what causes delay in numerous instances in the prompt issuance of the pension.—Chronicle Special.

Cotton Gets Good Boost.

New Orleans, Oct. 20.—The cold wave now sweeping through the South put the price of cotton up almost \$2 a bale soon after the market opened this morning. It was evident that many of the buying orders received by local brokers had accumulated over Sunday. On the first call there was a rush to buy and amid more excitement than the market has seen for months, prices mounted swiftly.

The opening was irregular, the trading months showing a gain of 34 to 38 points over Saturday's close. They soon went to a level 36 to 42 points up before profit taking by longs became heavy enough to cause a reaction. This wild rise brought out selling orders for both accounts and the market reacted 13 to 15 points.

The downward movement was not well maintained, as the detailed reports from the weather bureau made the situation over the belt look worse than did the weather map. Fear that great damage would result to the cotton crop in the Atlantic as the cold wave works eastward caused renewed buying and put prices up to about the highest levels again.

Good Roads Day Nov. 5 and 6.

It will be remembered by all our citizens that the governor of the State has designated November 5th and 6th as good roads days in Texas and has requested every citizen to go out on these days and work the public roads. The call was not issued solely to the county man nor to the city man, but to every citizen.

In numbers of the counties an organized effort has been started to get as many as possible to comply with the request, and it is believed that a great crowd will be on the job these two days.

What has been done in Nacogdoches county in this direction? Of course there will be some who will join heartily into the work, but there are some who are too lazy or too indifferent to the good of the county at large to feel called upon to do any work themselves, or "to send a hand."

The big dailies of the state are going to make a special feature of these two good roads days, and a report will be sent in from every point, and the counties that are most active will receive the good report, and will thereby be known to the other points of the state as the "progressive" counties, and the good counties in which to live.

Four Ships with Texas Cotton Arrive in France.

Havre, France, October 21.—With a cargo of Texas cotton valued at more than \$1,000,000 the steamship Knight Templar has just landed at this port, coming direct from Galveston, Texas. This is the fourth steamer to anchor here in the last few days loaded with the fleecy staple from the Lone Star State. The four ships brought a total of 56,000 bales of Texas cotton, which had a value of more than \$8,000,000.

Woodman Day at East Texas Fair, Friday November 21st

The Fair at Nacogdoches this fall has been changed from October 8-9-10 and 11th, to November 19, 20 21 and 22, and Woodmen Day will be Friday November 21st.

The program and prizes heretofore published will remain the same, with this additional: An "Old Fiddlers' Contest" will be held on the night of the 21st., with the following prizes offered: 1st. prize, \$15.00, cash; 2nd prize \$7.50 cash; 3rd. prize, one Stetson hat. All old fiddlers will please communicate with me at once so the program can be arranged in detail. On this same night, Cyclone Davis will deliver an address, and it is expected to be the largest gathering ever known for these two events. They will be held at the same place, and immediately after the address of Hon. "Cyclone" Davis will begin the contest.

The initiation will begin promptly at 5 o'clock p. m., and close promptly at 8 p. m. giving all an opportunity to attend the speaking and contest.

All former speakers advertised will be present and take part in the exercises of the day.

The Boy Scouts of the County will enter the parade at the rear of the Woodmen line and march with us to the Fair Grounds. All Woodmen candidates will assemble at Woodmen Headquarters which will be at the City Hall and the line of parade will be the same as heretofore published.

All candidates will assemble with the members of the Woodmen of the World, and a photograph of the candidates will be taken immediately before the parade begins.

Below is given the standing of the Woodmen Camps of the County, on a percentage basis:

Woden Camp, 2074, first; Etoile Camp, 2075, second; Black Jack Camp, 2227, third; Martinsville Camp, 2216, fourth; Harmony Camp, 2265 fifth; Garrison Camp, 369, sixth; Caro Camp, 1778, seventh; Alazan Camp, 2846, ninth; Nacogdoches Camp, 210, tenth; Trawick Camp, 1484, eleventh; Douglass Camp, 1587, twelfth; Shady Grove Camp, 2256, thirteenth; Appleby Camp, 1219, fourteenth; Millers' Mill Camp, 2153, fifteenth; Dunham Camp, 2890, sixteenth; Nat Camp, 2156, seventeenth; Cushing Camp, 1704, eighteenth.

Many candidates from Jacksonville and Lufkin, will be initiated with those from the county, and we are endeavoring to make the number this year 400. Will all the Camps assist the committee?

Special trains will be operated from everywhere, and all are assured the very best time possible.

Fraternally,

Arthur A. Seale,
Chairman Executive Committee.

Miss Rosa Craig left yesterday for Garrison, where she goes to visit relatives.

Fair Dates:

Wednesday, Thursday, Friday
and Saturday

Nov. 19, 20, 21, 22

Nacogdoches, Texas

W. O. W. DAY

Friday, November 21

All premiums and purses stand as originally advertised for fair to have been held on previous dates. Don't forget the dates.

Get up something to show and come to the Fair. It will be Bigger, Better and Grander than ever before. Plenty of Amusements of all kinds for both old and young. Don't miss it.

Don't Forget the Dates:

Nov. 19, 20, 21, 22, 1913

For any information regarding anything pertaining to the Fair in any way, write or call on

Giles M. Haltom, Pres. or W. B. Hargis, Sec'y.

East Texas Fair Association, Nacogdoches, Texas

Will Be U. S. Guests.

Washington, Oct. 17.—Fifteen girls, one from each of fifteen Southern states will visit Washington probably December 11, as a reward for their success in the Girls' Canning Club state contests, the department of agriculture announced today. Women agents of the canning clubs will assemble here at the same time.

The department estimates that 25,000 girls have been enrolled in the canning clubs in the southern states this year. Each girl is supposed to have carried out a definite project in gardening on a 10 acre lot. The girls have raised tomatoes, principally, but frequently they also cultivated string beans, cucumbers, peppers, okra and other vegetables.

Federal Regulations Protecting Migratory Birds Now In Effect.

Washington, D. C. Oct. 19.—In view of a misunderstanding as to whether or not the new Federal regulations for the protection of migratory and insectivorous birds are now in effect, the Department of Agriculture states that these regulations have been in effect since October 1, 1913, when they were signed by the President.

Texas Cotton Averages Above Thirteen Cents

Waxahachie, Texas, October 21 A bulletin just issued by the United States Department of Agriculture shows the average price per pound of cotton in Texas on October 1st, 1913, to be 13.3 cents, which is the highest average for any of the cotton states. This average has been maintained on the local market. The average price a year ago was 11.4 and the staple has averaged this price throughout the past five years. The acreage devoted to this plant in Texas this year is estimated at 11,782,000 compared with 11,338,000 acres in 1913.

Texas Crops In Good Condition

Washington, D. C. October 21.—The condition of all growing crops of Texas, on October 1st, 1913, was 98.5 per cent of the average condition of the previous ten years, according to a recent report of the Federal Crop Reporting Board. On the same date last year the condition was 95.1 per cent. The general average for the United States was 90.3 and 89.9 on October 1st, this and last year respectively.

Independence by Piecemeal.

It has been made clear by the Administration that independence for the Philippines is not to be accorded in a hurry, and Governor General Harrison upon his arrival at Manila gave out a document in behalf of President Wilson to the effect that the people of the islands should be content to be granted additional liberties by easy stages. The President proposes to give the Filipinos the majority control in both houses of the legislature, but when it comes to absolute independence as provided by the Democratic measure known as the Jones bill, it is clear that the Administration, while seeking to comply with the Baltimore platform, will proceed cautiously.

The pastors of the several churches in Marshall tried a new scheme on last Saturday in an effort to get out the people to church Sunday. They used display space in the local paper and advertised the same as does the business world. The scheme worked admirably and the churches were well attended. Judicious advertising always pays, it matters not what your line the better the line the better does advertising pay.

Each Department Adds Its Full Quota of Bargain Opportunities

A look through our store will readily convince you of the money saving prices on each and every article. We want your business. There is no purchase so small that we do not appreciate it. None so large that we can't handle. A close perusal of prices listed below will arouse your interest. A look and you will buy.

Mayer @ Schmidt, Inc.

Lake N'Lake Says.

The reason a bride promises to love, honor and obey is because she doesn't know the fellow as well as she will about a year later.

What has become of the old fashioned man who wore reversible paper collars?

The man who used to holler, "Ah, there my size!" when he was a boy, now has a son who says, "Oh, you kid!"

You can always tell when a woman is fond of dress by the scanty amount of it she wears.

A woman hasn't much use for her husband when she doesn't get any pleasure out of quarreling with him.

No married man can ever understand why a bachelor needs a vacation.

If the fool killer would stay on the job 24 hours a day, about half the lawyers would have to go out of business.

It takes the germ of suspicion to put the microbe of love on the fritz.

A man can have a fine grouch against his wife when he gets home because he didn't get a seat on a street car.

Lots of men get to the top,

Are You Bald Headed?

If you are I can grow hair on your bald spot. My wonderful FERTILINE Hair Restorer has grown hair on hundreds of bald heads.

Don't bother to write. Just tear out this advertisement, wrap a dollar bill, check or money order in it with your name and address and mail today. Free booklet entitled "SOME BALD HEAD FACTS"

Roy Lightfoot Box 357 San Antonio, Texas.

but only a few can stand the high altitude.

Lots of people who can recite the story of Cain's wife can't remember the Ten Commandments

A good deal of the patience we hear about is nothing but laziness.

If a married man doesn't know that he is a fool it isn't because his wife hasn't told him so often enough.

You can't get any medicine in a man when he gets sick. But when a woman gets sick she wants a whole drug store.

A woman knows you can't make an omelette out of a bad egg, but she will marry a man to reform him.

A SURE REMEDY FOR LAZY LIVER.

Go to Stripling, Haselwood & Co., for This Safe, Reliable Remedy and Get Your Money Back if it Fails.

There are very few remedies that gain the confidence of druggists as Dodson's Liver Tone does. Stripling Haselwood & Co. sell it and backs up the sale of every bottle with the money back guarantee that the price will be refunded if it fails to give complete satisfaction.

Dodson's Liver Tone costs 50 cents a bottle. It is the safest and best remedy for torpid liver, constipation, biliousness, etc., that has ever been sold in this city. It takes the place of calomel and does not lay you up as a dose of calomel often does. A bottle in the house is as good as fifty cents in the bank. If you or your family need a liver tonic you have the medicine ready. If it fails you get your money back.

Be sure you get Dodson's Liver Tone when you ask for it. There are imitations of it that may disappoint you.

Married at Methodist Parsonage.

Wednesday afternoon at 1:30 o'clock at the Methodist parsonage, Rev. S. S. McKenney united in marriage Mr. F. E. George and Miss Maggie Jones, both of the Alazan community. After the ceremony the young people went to Alazan where they will make their home.

These young people are popular in the Alazan community and have a host of warm friends. The groom is a young man of sterling worth

and has a bright future before him. Mrs. George is a sister of Hon. Martin Jones and is a very superior young lady.

Sentinel joins with their friends in extending congratulations.

The Grand Methodist Rally and Home Coming.

Many preachers will make brief addresses in the First Methodist Church of this city on next Sunday morning, 10:30 o'clock. Rev. J. L. Dawson, L. A. Webb, W. W. Watts, J. T. McClure, J. Tom Smith, and J. W. Mills beside the present pastor are expected to be present. There will be special music and a number of spicy talks by the visitors. Note the morning hour, 10 o'clock sharp.

At 3 p. m. Rev. W. W. Watts will preach and at 7:30 p. m. the pulpit will be occupied by Rev. J. T. McClure.

It is the present plan to protect the services into next week with various of the brethren preaching daily. Definite announcement will be made on Sunday as to further plans. The public is most cordially invited to be present on Sunday to see the largest crowds ever assembled in the new church. The house will be comfortable.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Beware of cheap imitations.

Says Laws Don't Affect Our Conduct.

A very radical contributor to the October American Magazine writes in "The Interpreter's House" in part as follows:

"I am right, I think, in affirming that you would live precisely the same life you are living now if there had never been such a thing as a statute existing any where in the world. You have no more personal relation to the statutes, they no more affect our conduct or guide your impulses than if you were living in the moon. If they were all wiped off the book to night you would go on living just as good a life without them as you did with them. Does the law ever consciously influence you or do you ever even think of it in a personal way, from one year's end to another?"

"For you the law is practically non-existent. So it is for me, and so it is for Smith, Jones, Brown, and every body we are acquainted with all over the United States."

It matters little what it is, the American people admire a person who does things, as it evidenced by the ovation extended Mrs. Pankhurst, the militant English suffragette, who has recently arrived in the United States.

Reported Storm at Galveston.

Just about noon today a report became current of the street to the effect that a storm was raging in Galveston and that the Gulf waters were running over the sea wall.

Inquiry at the Western Union Telegraph office developed the information that there was a storm there, the waves were breaking over the sea wall, but that the report that the water was "running over the wall" was not verified beyond the above fact. An effort was made to get in touch with Houston and find out about the storm but nothing further could be learned up to 2:30 o'clock.

Drummers Samples Sweaters for men, ladies, misses and children at wholesale cost at S. Mintz. wit

Renters Wanted.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

Farmer, educate your boy. You may give them money, but they may not know how to spend it in the best way. You may give them property and they may not know how to keep it. Give them an education and they will have something that cannot be taken away—something that they can give and still retain, something that will give them a place in society, equip them for life's battles, and may perhaps enroll their names on the pages of fame. And the Hemphill school is the proper place for the Sabine county farmer boy to take his preparatory course.—Hemphill Leader.

WOMEN SUBJECT TO KIDNEY TROUBLES.

I beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trouble and other complications. A friend of mine recommended Dr. Kilmer's Swamp-Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to improve until I was completely cured. I am happy to say that I am as well as any woman on earth and have been so for the past nine years, thanks to Dr. Kilmer's Swamp-Root, and I cheerfully recommend it to all who suffer from kidney troubles.

Very truly yours,
MRS. ALVA BAXTER,
407 Cypress St., Orange, Texas
Subscribed and sworn to before me this 21st day of March, 1912.
JOHN J. BALL,
Notary Public.

Prove what Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Nacogdoches Weekly Sentinel. Regular fifty-cent and one-dollar size bottle for sale at all drug stores.

Utilize Spare Moments. In idle moments, when work is slack and time hangs heavily, the whole family should devote its efforts to beautifying the yard and cleaning up the premises. Lots of times it gets too hot to work all day in the fields and the shade of the house beneath some tree affords a cool spot where spare time can be utilized in planting flowers and vines. Nothing adds to the beauty of a home as much as attractive gardens and shady walks, and these environments can be secured with little effort or expense. A creeping vine alongside the house or on the veranda will not only prove attractive, but will keep the air cool within the house as well. A gravel walk from the house to the barn and to the front gate will add both looks and value to your property.—Mrs. E. P. Turner.

Our exchanges are kindly requested to make note of the District Sunday School Convention to be held in Lufkin October 23d to 26th, at which time all the Sunday schools of several East Texas counties will be represented for the purpose of furthering Sunday school work. Great preparations are being made for one of the biggest rallies ever held in Lufkin and we ask your co-operation by kindly giving notice of same through your columns.—Lufkin Metropolis.

N.H.Nea, one of our prominent farmers from east of town, was here today on business.

"Blind," Sees X Ray Skirt.

Lima, O.—Scientific inquiry into the normal condition of the eyes of Thomas Kern, a begging "blind" man has been ordered by Mayor Shook, following the alleged development in municipal court that Kern found little optical impediment in a diaphanous gown at an interurban depot.

With a "Please Help the Blind" sign pinned across the front of his coat, darkened glasses over his eyes and a tin cup resting in his hands, Kern sat at the depot, an object of pity until as the woman passed, he dropped his cup, snatched away his glasses took a long "rubber" and then started to resume his pose, when a policeman arrested him.

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVER'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

Famous Herd of Jerseys to Be Exhibited at Stock Show.

Fort Worth, Texas, October, 18.—The management of the National Feeders and Breeders' Show, which will be conducted here from November 22nd to 29th, have received word from Ed C. Lassater, owner of the famous Jersey herd of cattle from Falturrias, that he will bring his blooded stock here during the exhibition. The prize herd has been exhibited at a number of state fairs in the east and won several prizes. This will be the first year that the management has permitted Jersey cattle to be exhibited at this show and it is expected that cattle of that breed will be shown from all over the country.

To Cure a Cold in One Day Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. H. W. GROVE'S signature on each box. 25c.

Texas Corn Crop Heaviest in Years.

McKinney, Texas, October 19.—Preliminary estimates by the Crop Reporting Board of the United States Department of Agriculture show that this year's corn crop of Texas will be approximately 155,300,000 bushels compared with 158,300,000 bushels for 1912. If the final harvest maintains this estimate the 1913 crop will be the largest yield since 1908 when Texas produced 201,848,000 bushels. As exceptionally large crop has been gathered in this vicinity and it is predicted that Collin will continue the banner corn county of Texas. The Texas price on October 1st was 82 cents per bushel, compared with 66 cents on the same date last year. The condition is 5 per cent better than at that date last year.

Accident at Alto. Last Saturday at Alto, in Cherokee county, a very peculiar accident occurred on the main street of the town, which resulted in the death of a very fine horse, the wounding of another and the bruising up of two men.

Saturday was Trades Day at Alto and the citizens there had arranged a very elaborate program for the occasion, including a trades display, in which quite a number of very pretty floats participated, horse races and other amusements. There being no regular race track, the races were run through the principal street. After one of the races had been run, the riders were coming back to the starting point, and were expected according to the rules to walk their horses, but it seems that they forgot the rules and were indulging in another race, when the riders of the next race were exercising their horses. The result was that one of the horses being exercised and one which was racing met head on. The force of the impact was so great that both horses were knocked down and their riders thrown several feet to the ground. The smaller of the two horses in the collision was killed outright and the other stunned for a while.

It is stated that the Trade Day occasion was a signal success in every way, and that the crowds in attendance were the largest seen there in quite a while, the main street being crowded from one end to the other.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c. 50c. \$1.00

Editor Molloy Married

At the Banita hotel in this city this afternoon at 1 o'clock Editor T. J. Molloy of the Timpson Times was united in marriage to Miss Marion Blair, Rev. J. T. Smith performing the ceremony. Mr. and Mrs. Molloy left on the afternoon train for Dallas and will attend the State Fair.

Mr. Molloy has been a resident of Timpson for a number of years, where he worked on the Times, later becoming editor of the paper. He is a young man of fine business ability, pluck and energy and had made his paper a power in the upbuilding of his home town. His bride is the daughter of Mr. and Mrs. R. T. Blair of Timpson, and is a charming young lady, who numbers her friends among all who know her. Mr. Blair, father of the bride is the president of the East Texas Fair of Timpson.

The Sentinel joins with the many friends of Mr. and Mrs. Molloy in extending congratulations and good wishes.

Miss Winitred Louise Taylor's articles on "The Man Behind the Bar" will do much to broaden the interest in the human side of the criminal. She has found a saving grace even in the habitual criminal and tells a number of stories of individuals in the November Scribner.

To Prevent Blood Poisoning apply at once the wonderful old reliable DR. PORTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a liniment. 25c. 50c. \$1.00

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

The Watch is the **Ingersoll-Trenton**

a timepiece that nearly everybody knows, one which has a world-wide reputation for quality and service. There are other Ingersoll-Trentons at other prices—up to \$15.00. We have other watch offerings too, and just as good as this one.

Stripling, Haselwood & Co

How can you afford to go without a watch where your work demands one?

Rens Mills, of Ironosa, was here Monday on business.

J. R. Nance of Appleby, was here Monday on business.

R. I. Driver of the Woden country, was here today trading.

Jno. J. Justice of Martinsville, was in town today with cotton.

L. J. Chisum, merchant of Woden, was here today on business.

Born—To Mr. and Mrs. John Oliver, Wednesday morning, October 22, a girl.

C. E. Coats of the Harmony country, was shopping in the city today.

C. B. Martin and family of the Woden country, were here Monday shopping.

Born—To Mr. and Mrs. Louis Zeve, Wednesday, October 22, a son.

Radford Skillern of the Oil City country, was in the city this morning enroute to Appleby for a visit to relatives.

Miss Mattie Moorer of Selma Ala. arrived in the city Saturday night to visit her brother, Edgar Moorer for several months.

Nacogdoches Loses to Jacksonville.

The Nacogdoches High School foot ball team went up to Jacksonville last Friday and Saturday played a game of ball with the Jacksonville team.

The game was closely contested and was interesting from the start, and the score went to the Jacksonville boys by the margin of one point, 6 to 7 in favor of Jacksonville.

Both the teams made a touchdown, but Nacogdoches failed to kick goal, while the Jacksonville boys did.

Dr. J. E. Mayfield of San Antonio, who is visiting in the city with old friends, went out this morning with John Orton and Giles Haltom in Mr. Haltom's car, to visit his old time friend, Holloway Power, who lives just beyond North church. They found the old gentleman quite hale and hearty despite the fact that he is nearing eighty years of age, and he says that he still works just to keep out of mischief.

J. W. Grimes of Smyrna, who was in the city Monday on school business informed us that his community were going to try and get a rural delivery route out their, and said that the indications were that they would soon have their mail delivered to them by a carrier.

Mrs. Jerome Fuller who has been visiting her brother, Carter Boozer, returned to her home in Toyah, Texas, Saturday.

HYOMEI SOOTHES, PURIFIES, HEALS CATARRH

When you have that choked and stuffed up feeling in the morning, crusts in the nose, raising of mucus, droppings in the throat and offensive breath, you are affected with catarrh. Immediate step should be taken to stop the disease or it will become chronic and serious.

By all means use Hyomei. Money refunded by Stripling, Haselwood & Co. if not satisfied. It is a medicated treatment that does not drug and derange the stomach, and is breathed in through the Hyomei inhaler that comes with every \$1.00 outfit. It effectively destroys the catarrh germs and quickly soothes and heals the irritated mucous membrane of the nose and throat.

Get a complete outfit now and be cured of catarrh.

J. W. Allen of Clevenger, was in the city yesterday and carried out with him a load of cans in which to put up ribbon cane syrup. Mr. Allen in one of the men in the county who spells Dorr creek correctly, he having lived in this county all his life and knew the party for whom the creek was named. It might be remarked also that Mr. Allen occasionally favors the county papers with a humorous article over the nom deplume of Sambo Johnson.

Rev. Elbert Stack of Waco, is visiting his parents, Mr. and Mrs. H.C. Stack of Shady Grove.

Johnson-Blount Wedding

Miss Emma F. Blount and Mr. Axel G. Johnson were quietly married yesterday afternoon at 5 o'clock in the parlors of the Maurice flats on Park avenue in the presence of a few friends. Rev. Alonzo Monk officiated.

The bride, a handsome woman of the brunette type, looked chic in a brown tailored costume, with accessories to match. She carried a farm bouquet of pink carnations.

The parlors were tastefully decorated with pink and white carnations.

Mrs. Johnson is the daughter of Thomas W. Blount, of San Augustine, Texas. Her family is one of the most prominent in the "Lone Star State."

Mr. Johnson has made his home in Hot Springs for 11 years and is connected with the Maurice bath house.

Both Mr. and Mrs. Johnson have many friends here who will be interested in their marriage and wish them all the good things of this life.—Hot Spring Era, Oct. 10th.

Strayed.

One dun looking cow with large bag. Another cow, roan looking, with whitespecks part of switch of tail cut off. Last seen about 4 miles east of town on Melrose road. Liberal reward for information. J. W. Weatherly, wlt

J. A. Simmons of Attoyac, was a business visitor in the city, Tuesday.

I TOOK PE-RU-NA

Was Able to Sleep and Eat Again

Mrs. Mueller says: "I keep Peruna in the house constantly. When I am not feeling well I take a few doses. It always restores."

Mrs. Mueller's story of her experience with Peruna fully explains why she always keeps Peruna on hand. A few years ago she was very sick. The trouble seemed to be the stomach and liver. She suffered great pain. Was unable to get anything to help her. She was growing weaker and weaker. She became tired of life.

Somebody suggested that she write to the Peruna Co. She did so. Through their advice she began to use Peruna. In a letter from her at this time she says: "Through the use of Peruna I have regained my health. I took only a bottle and a half when I was able to sleep and eat again and my nervousness disappeared." No wonder Mrs. Mueller keeps Peruna in the house. Under similar circumstances "Peruna would be in every house in the land."

Any one taking Peruna ought to have a free copy of the "His of Life." Address Peruna Co., Columbus, Ohio. People who object to liquid medicines can now obtain Peruna Tablets.

J. W. Grimes and W. B. Everett of the Smyrna school district, and trustees of that school were in the city Monday, and while here drew the plans and specifications for a new and modern school building for that district. The building is to be 24x40 feet, finished inside and out and painted, and will be equipped with the latest patent desks, and all conveniences necessary for a first class comfortable school building. They are now advertising for a builder to go to work on the job.

Mr. and Mrs. J. M. McClure of Woden, were in the city Tuesday shopping.
