Wilson Discussed by Bryan

Toledo, Ohio, Jan. 9.—The character of President Wilson and the new tariff and currency laws were discussed here tonight by Secretary of State Bryan, principal speaker at a Jackson Day banquet attended by many Ohio Democrats.

"The New Era," was the secretary's subject.

"My object in taking as my subject 'The New Era,' said Mr. Bryan, 'is to bring to your attention the character of the man who, as President, is leading the movement. President Wilson combines the two necessary qualities for leadership. He follows his conscience and is in sympathy with the masses. There are just two standpoints from which people look at the problem of society. One is the aristocratic and the other is the democratic. I need hardly explain that the word 'democrat' is not used in a partisan sense but in the sense that both Jefferson and Lincoln used it in speaking of a government in which the people rule."

Touring East Texas.

The annual tour of the "Better Farming Special" the institute train of the Cotton Belt, is now on in East Texas, and for thirty days farmers in that section of the state will have an opportunity of attending the "School on wheels." The efforts of the railroads to assist the farmer in improving and increasing, as well as marketing his products, are an indication of the friendly spirit now existing among industries and of the feeling of co-operation of one line of industry for another. After all, the farmer is the source of all prosperity, and in trying to assist him in improving his condition, the railroads are making a wise investment.

Blake Items.

Nacogdoches Texas Jan. 11.—As we have heard nothing of Blake community in some time will give you a few dots. The health of the community is very good. Farmers are all feeling good to see those pretty sun shiny days it makes them feel like getting ready for a 1914 crop. Mr. Marshal Elliotte is clearing up some more land and is running the rats and rabbits out of the brush heaps. He says there is nothing like having fresh meat to eat. Our school is progressing nicely. The pupils are learning fast.

Mr. King Aubrey's sister of Louisiana is here to keep house for him and his little children. Mr. Charlie Rush has moved to the Garrison community, we regret to lose Mr. Rush, but our loss is some one else's gain.

Mr. Lovard Elliotte has gone to Bronson, where he will accept a position in Mr. Fore's Drug store.

Mr. Willie Hutson is spending a few weeks with Mr. C. C. Hutson's family.

Mr. Fred Rusk and brother Willie spent Sunday in Blake community. Mr. Willie said there was no place like Shady Grove. Well I will ring off, wishing every a happy New Year.

Congress Gets to Work.

Washington, Jan. 12.—Congress settled down to its long regular session today after a recess dating from the passage of the currency reform bill just before Christmas. The administration anti-trust legislation program looms up as the big business of the winter; but with the prospect of waiting until next week for the president's message both houses turned actively to other matters.

If you have finished your fence we wish that you would return the stretchers that we loaned you. Cason, Monk & Co.

For Tax Assessor.

To the voters of Nacogdoches County:--

In this issue of the paper I am announcing for the office of Tax Assessor of Nacogdoches county. In doing so I fully realize that I am asking a responsible position at your hands, but at the same time, I am persuaded that I am qualified to meet the demands of the office.

I am a young man in years, being twenty-eight years old, but I have had quite a good deal of experience in a business way. I have been a citizen of this county nearly all my life and like a number of boys who are raised upon the farm, I have had a hard struggle to acquire an education and equip myself for life.

So for as who I am and what I can do, I ask you to investigate me thoroughly.

It is my intention to see each and every voter in the county and let them become thoroughly acquainted with me. It will be a personal pleasure to be in your homes and talk with you.

As I see it I am only doing my duty to myself and to you to ask you to delay a final decision in this matter until you have known me better, and then if you see fit to support me, there is no one who will more appreciate it than I will.

Respectfully yours,

J. M. Runnels,
Appleby, Texas.

The science of taxation is the pulling of needed feathers and causing the least amount of cackling.

Bombita, a Spanish bull-fighter, has killed 8000 bulls and made \$600,000. He must have retained the beef.—New York American.

Ever since the Civil War organized wealth has shaped the policies of the government; now the government is shaping the policies of organized wealth.

The only advice we have to give the general public at present is this: "Pay your poll tax" if it is not paid, and subscribe for the Sentinel, if you are not a subscriber.

About every one of our Texas exchanges reiterates from day to day the good advice "Pay your poll tax"—an injunction which the numerous readers of the Sentinel would do well to heed.

It is unfortunate that candidates who are connected with the present administration at Austin should have to make the race so heavily handicapped.

According to the ginning reports of the census bureau 13,333,074 bales of cotton were ginned up to Jan. 1914. Cotton prices were advanced more than a dollar a bale yesterday, and the market closed steady.

While the farmers are considering the matter of raising a few tomatoes this year—for which they are to be commended—let them also plant a few more hogs. Nothing offers better returns for the labor and money expended, and nothing offers a more stable market.—Garrison News.

Horace Chilton hasn't said yet whether or not he wants to be the next governor of Texas; why is that man keeping so still?—Lutkin News.

Nacogdoches also would like to hear whether Mr. Chilton wants it or not, as he is regarded here as the best gubernatorial timber in Texas.

Unfortunately for the people of Texas, Attorney General Looney has announced to succeed himself.—Brenham Banner Press.

It is unfortunate for the people of Texas it is likely to be as unfortunate for Mr. Looney. His greatest handicap is the widespread feeling against the present administration at Austin. It's the same little story of Old Dog Tray—the same old story in the same old way.

There is one paragraph in Geo. B. Terrell's announcement that he will not run for congress which should receive careful consideration by all progressive democrats. It is this: "This result of the last race ought to be sufficient to teach all honest, moral progressive democrats the folly of dividing their forces when progressive democracy and the virtue and good morals of the district are at stake."—East Texas Register.

Why Not Be Patient Awhile?

Governor Colquitt again has voiced his ideas in regard to Mexico. This time the Governor declares "the United States Government is neglecting its duty to the world in permitting the continuance of the butchery and uncivilized warfare that is now in in Mexico." That is a strong statement for any citizen of the United States to make; the fact that the Governor of the States nearest the trouble-zone makes the charge gives emphasis to what will be criticised, to put it mildly, as an intemperate expression of impatience.

The Governor overlooks the fact that it is not alone President Wilson who has involved this Government in the political affairs of the Rio Grande. The present Administration fell heir to the Taft procedure, and affairs had so shaped themselves that recognition of Huerta was impossible. On this point the great preponderance of sentiment in the United States is agreed. The jingo talk—of which Governor Colquitt is voicing an echo—long since died down when Congress threw its approbation to the Administration policy. Nor is there anything to lead to the belief that the great powers are not in perfect accord with that policy.

"A government founded on blood cannot stand." President Wilson has repeatedly said. It is a question how long Huerta will remain in power in the City of Mexico. Indications are that increasing financial difficulties the drawing closer of the net of internecine disputes will force a change. But one man stands in the way of recognition and clearing up of a situation that is daily growing more acute. That is the Administration's view and there is reason to believe that the prediction of the highest authority that "the Huerta government cannot last," will be borne out in coming events.

The American people have unqualifiedly gone on record as being against intervention. Despite the belief of the Governor of Texas that the United States must intervene there are few citizens of this State who will join him in the declaration that this country "will demand the exercise of the authority asserted under the Monroe Doctrine and demand that steps be taken to pacify conditions and restore order."

Intervention would mean a loss of life, of property, and a continued struggle, terrible to contemplate. Why not await the outcome of the attitude of this Government? Surely affairs are not such as to force invasion today are tomorrow. Is it not better to give the Washington program a chance, to test its wisdom, to view it in the light of the high ground making for the greater victory, and render it support than to vent impatience and quarrel with a policy the world, including our own people, is content to support until it is proven a failure—and that proof is not yet forthcoming.—San Antonio Express

Fort Worth Livestock Receipts For 1913

Fort Worth, Texas, Jan. —A report has just been compiled by the Fort Worth Stock Yards Company, showing the receipts of livestock at the local yards during the year of 1913. The report shows that 1,973,890 head of livestock was received at the Fort Worth yards during the year. This is an increase over the 1912 receipts of more than 280,000 head. The receipts for 1913 were classed and divided as follows: Cattle 966,159, Calves 219,629, Hogs 408,762, Sheep 327,527, Horses and Mules 56,813. Practically all of these classes showed a substantial increase over the 1912 receipts. The biggest gain was made in the cattle receipts, which show an increase over 1912 of more than 180,000 head, while sheep was the nearest competitor, showing a gain over the 1912 record of more than 40,000 head. Hogs also showed a substantial increase over last year's receipts. This increase is attributed principally to a statewide campaign waged by commercial organizations throughout Texas urging the farmers of this state to devote more time to the raising of hogs. A more vigorous effort will be made during 1914 to get Texas farmers to increase the hog production. The 1913 calf receipts fell short of the 1912 record by several thousand. Officials of the Fort Worth Stock Yards Company say this decrease is made possible by the majority of cattlemen holding their young stuff for maturity. An increase over the 1912 receipts of about 7,000 head of horses and mules shows very plainly that the horse is holding his own in competition with the automobile. The bulk of the livestock received here during 1913 was shipped from the Panhandle, Abilene, and San Angelo territory. There were also several car loads of stuff sent to the Fort Worth markets by out-of-state cattlemen.

Palestine Banker Dies.

Palestine, Texas, Jan. 8.—P. W. Ezell, president of the Guaranty State Bank and one of Palestine's most honored and prominent citizens, died today at the age of 84 years.

Passenger Fare on Railways.

Representative Reedy of Smith county announces that he will introduce in the next legislature a bill to reduce the passenger fare on railways to two cents a mile. The Houston Chronicle in a lengthy editorial attempts to show that the reduction is not justified by present conditions, and gives some facts tending to support this conclusion. Mr. Smith will probably adduce cogent facts in favor of his bill, so we already have one issue besides the prohibition question.

Clergy Must Pay Full Fare.

Chicago, Ill., Jan.—An important effect of the new Illinois public utilities law, as pointed out by railroad officials, is to abolish all charity transportation and clergy fares throughout Illinois. It has been the practice of railways for many years to give free transportation to parties of poor children who are taken to the county by charitable organizations in the summertime for outings. In many other charitable cases passes have been given. This practice will be stopped by the provisions of the new law. Clergymen, also, will be required to pay full fare.

Frank Sharp, of Nacogdoches purchased at Sheriff's sale at the court house in this city last Tuesday morning, the tract of land, together with all improvements, north of town, known as the Joe Reindl place, and which contains something like 314 acres of ground. The property was sold to satisfy a judgment secured in the district court of Angelina county by E. A. Blount of Nacogdoches, said judgment amounting to \$2,355.60. At one time the property in question bid fair to blossom into a most popular pleasure resort, and some extensive preparations were made looking to this end, but for some cause, the project did not prove to be a paying one from the very beginning and its future dwindled into a faded dream. The purchase price Tuesday was approximately \$1,176.00, or a little less than \$6 per acre, if the News has been correctly informed.—Lutkin News.

Candidates for Governor.

Thirteen men formally announced themselves candidates for governor in 1913, and in 1914 there may be as many as fourteen more. It was said recently that about every man in Texas is thinking of entering the race for governor. We have a large number of men in Nacogdoches any one of which would make an excellent governor and it may be that we will have at least one candidate in the race this year.

Increase in Texas.

The Electra and other fields in northern Texas continued to increase, and the decline in the Gulf region was slight. Much wild catting was in progress at many points over the State. Chief interest centered in a new development at Moran, in Shackelford County.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOVERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Food Importations.

Food importations in November showed a marked increase over the corresponding month of the preceding year and a material increase over the figures for October. This is especially apparent in fresh beef and beef cattle. Importations of fresh beef which amounted to 5 2-3 million pounds in October were practically double the quantity in November, the figures for November being 10,856,516 pounds, valued at \$900,296. Of pork the importations during November were 110 thousand pounds and of mutton, 32 thousand pounds. More than one-half of the beef imports came direct from England, 3 1-4 million pounds having been received at New York and 2 1-4 million pounds at Boston; while Canada sent 2 2-3 million pounds to Chicago, a half million to New York, and a quarter of a million pounds to Boston. At the Pacific coast ports the imports were 580 thousand pounds, chiefly from Australia.

The importations of wheat during the month of November were 127 thousand bushels, against 2 thousand bushels in November, 1912, and of flour, 10,824 barrels, against 6,190 barrels in the same month of 1912. Importations of oats in November were 5,182,808 bushels, against 4,266 bushels in November of the preceding year. The importations of potatoes during November were 754,868 bushels, against 10,668 bushels in November, 1912.

WEAK KIDNEYS OFTEN THE RESULT OF OVERWORK

On several occasions I have been unable to work and suffered severe pain in the back, due to my kidneys. I called on a doctor of Ripon, Wis. but received no relief.

I tried Dr. Kilmer's Swamp-Root which gave me instant relief. I was then able to resume work. Swamp-Root is the only relief I can get from kidney disease which I am subject to in the spring of the year. I am writing this testimonial through my own free will that sufferers of kidney and bladder disease will know of the wonderful merits of Swamp-Root. I recommend Dr. Kilmer's Swamp-Root whenever I can and always have a bottle of Swamp-Root in my home. I purchased Swamp-Root of Mr. C. J. Burnside, Druggist, of 202 Main Street, Ripon, Wis.

Very truly yours, THOMAS J. LYNCH, 525 Newbury Street, Ripon, Wis. I have read the above statement that Thomas J. Lynch bought Dr. Kilmer's Swamp-Root at my store and made oath the above statement is true in substance and fact.

Sabine-Neches Canal.

Washington, Jan. 18.—George D. Anderson, attorney for the Beaumont Navigation district, has departed for home after a successful presentation of conditions on the Sabine-Neches canal to the department of justice and war accompanied by Congressman Dies. He conferred with the attorney general and chief of the rivers and harbors board with the result that work upon the examination of titles to right-of-way along the canal has to make certain of no delay in the dredging. Representative Dies said tonight he had been assured that there would be no cessation of work on the channel and predicted its early completion.

For County Attorney.
To the Democratic Voters of Nacogdoches County:—
It has been the custom in this county for some time past for candidates to make their formal announcement about the first of the year, and in accordance with that custom I now make my announcement for County Attorney.

I made the race for the nomination for County Attorney in the primaries of 1912, and was defeated by a small majority by Mr. Adams, he being nominated for the usual second term. Having been elected for the second term it is understood that he will retire and the Democratic voters will select someone else to fill this office for the next two years. I feel that I am in line for your support in the coming primary, and assure you that if nominated and elected I will give the office my earnest and diligent attention.

Since the proper discharge of the duties of the office is of importance to the citizenship of the county I deem it proper that I say something of myself, that you may be better determine whether or not I should receive your support. I am a young man, 26 years of age, and am married with one girl baby, now 14 months old. I am a native of the county, being the youngest son of Norvell G. Wade, with whom most of the older citizens were acquainted. I have been located in Nacogdoches in the active practice of law since being admitted to the bar in 1910, being licensed in all the courts of the State as well as in the United States Court for the Eastern District of Texas.

This office has always, since I can remember, been filled by a young lawyer with an ambition to better himself in life and attain higher things in his profession, and at the same time render faithful, efficient and honest service to the people.

It is my purpose to make a thorough campaign throughout the county and shall try to meet every voter that you may the better know me, and I trust that I will receive your support. I pledge a strict and honest administration of the affairs coming within the purview of the County Attorney's office.

Very respectfully,
Willie Wade.

His Stomach Troubles Over.

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker of Battle Creek, Mich., is one of them. He says, "I was troubled with heart burn, indigestion, and liver complaint until I used Chamberlain's Tablets, then my trouble was over."

Mother Dunson Passes Away.
From Saturday's Daily:
Mrs. S. A. Dunson passed away this morning at 10:30 o'clock, at her room on Pilar street, after an illness from pneumonia of about a week, and will be buried at Oak Cemetery tomorrow afternoon at 4 o'clock.

"Mother" Dunson was in her 84th year, and had been a resident of this city for about thirty years. She was a consistent member of the Baptist church, a quiet, gentle old lady, and had a host of warm friends in this city. She is survived by only one or two grand children, who are living in San Antonio, all her children and her husband having preceded her across the river years ago.

Her remains will be interred to morrow afternoon in Oak Grove cemetery, where sleep her husband Judge H. F. Dunson, her daughter Laura Dunson and her son Frank.

Best Cough Medicine for Children

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy" writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup". Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by All Dealers.

Racing at Fair Grounds

The races at the fair grounds Saturday afternoon were attended by a small sized crowd that thoroughly enjoyed the spirited contests.

The free-for-all trot was won by Electric Bow, time 1.09

The free-for-all pace was won by Gold Film time 1.07 1/2.

The management expects to have other races along through the season, and in due time will announce each in the columns of the Sentinel.

Fever Sores.

For sores and old chronic sores should not be healed entirely, but should be kept in a leathly condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and disease of the skin. For sale by all dealers.

9,000,000 Japs Starving

Tokio, Jan. 10.—Nine million Japanese are starving because of the crop failures in northeastern districts, according to announcement by the Japanese Famine Relief Association.

Stomach Trouble Cured

If you have any trouble with your stomach you should take Chamberlain's. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Tablets more beneficial than any other remedy I ever used." For sale by all dealers.

Elizabeth Muller.
From Monday's Daily:
Elizabeth Muller, age 76, the wife of Joe Muller, died at her home Sunday, 6-15, p. m., and will be buried this afternoon in the Helpenstill graveyard, eighteen miles north of the city.

She went to sleep Saturday morning at 9 o'clock and never waked.

She leaves a husband 84 years old, several children, grand-children and great grand-children, all prominent people who have a wide circle of friends in the city and in East Texas.

A more extended obituary notice will appear in these columns.

Chronic Constipation Cured.

"Five years ago I had the worst case of chronic constipation I ever knew of, and Chamberlain's Tablets cured me," writes S. F. Fish, Brooklyn, Mich. For sale by All Dealers.

Pool Hall Law Sustained.

Austin, Tex., Jan. 7.—The act of the thirty-third legislature imposing local option law in the operation of pool halls was sustained today in a majority opinion in the court of criminal appeals. Association Judge Davison dissented and gave notice of writing an opinion if the majority does not change its position upon rehearing.

Any number of places have taken advantage of the lately enacted law within the past few months and voted out pool halls. Today's decision means that the elections stand and that the pool halls must remain closed. In addition, a number of places were waiting to hold elections until the outcome of today's case was known. Elections will now be held.

Chamberlain's Cough Remedy.

This remedy has no superior for coughs and colds. It is pleasant to take. It contains no opium or other narcotics. It always cures. For sale by All Dealers.

Corn Imports Lower Prices.

Chicago, Ill., Jan. 9.—The recent sharp decline in corn prices went a penny further today, due to the removal of the tariff duty and accentuated by a decline in the Buenos Ayres market. Argentine corn in New York is selling 4c to 5c under the price at which Chicago shipments can be sold in that market, according to James A. Patten, for many years recognized as the biggest corn dealer in the American market. Mr. Patten said that in due time he looked for the appearance of foreign corn in Western markets and predicted that in two or three years the cheaper feed would increase production of beef.

Washington, Jan. 8.—Preliminary plans for the disposal by the so-called telephone trust of its \$29,000,000 worth of Western Union stock were under consideration today by G. C. Todd, assistant to Attorney General McReynolds, in charge of prosecutions under the Sherman anti-trust act. Mr. Todd listened yesterday to tentative proposals relating to disposal of stock from N. C. Kingsbury, vice president of the American Telephone and Telegraph Company.

Mrs. John Burrows Passes Away.
From Friday's Daily:
Mrs. John Burrows died last night at her home in the Trinity community, after an illness of only a day and night from heart trouble, and will be buried tomorrow afternoon in the North Church cemetery.

Mrs. Burrows had been in poor health for some months, but her condition was not considered at all serious, until she suffered an attack of heart trouble, after which she sank rapidly.

Mrs. Burrows was a Miss Martha Richardson and came to this county with her parents when only a small child and has resided here practically all her life. When quite young she joined the North Church Baptist church, but in later years transferred her membership to Trinity.

She is survived by a sorrowing husband and six children, five boys and one girl. Her son, John Burrows, of San Augustine, came over yesterday to be with her; but Marion who is living in Farmington, N. M. could not get here. All her other children are living in this county. Mrs. Burrows was 68 years of age. One remarkable fact with reference to the family is that this is the first death in the immediate family.

Pass Christian Says Goodbye.

Pass Christian, Miss., Jan. 10.—The gulf coast bade farewell to President Wilson today. More than 2000 persons bent upon maintaining the tradition of Southern hospitality and of doing honor to the chief magistrate of the land, shook hands with the president in the 45 minutes he allotted them to say "good-bye."

The visitors came from near and far, white and colored alike. The most picturesque figure in the lot was the venerable ex-slave, "Aunt Lucy," who says solemnly that she is 95 years old. She insisted in presenting the president with a picture of herself, taken in her younger days.

"I want you to take this as a keepsake of your visit, Mr. President," she said.

General S. B. Buckner Dead.

Lexington, Ky., January 8.—General Simon Bolivar Buckner, former Governor of Kentucky and candidate for Vice President on the gold Democratic National ticket in 1896, died at his home in Hart County tonight.

General Buckner had been in ill health due to his advanced age, for about a year, but his condition was not considered alarming until Tuesday when he became unconscious. He died at 9 o'clock tonight at his home "Glen Lily," near Munfordville.

General Buckner's body will be buried in the State Cemetery at Frankfort.

General Buckner was the last surviving lieutenant general of the Confederacy.

One of the serious problems in carrying into effect the new currency law will be that of satisfying all the cities which apply for regional banks.—San Antonio Express.

HAVE YOU CATARRH? Is nasal breathing impaired? Does your throat get husky or clogged?

Modern science proves that these symptoms result from run down health. Snuffs and vapors are irritating and useless. You should build your general health with the oil-food in Scott's Emulsion—its nourishing powers will enrich and enliven the blood, aid nutrition and assimilation and assist nature to check the inflammation and heal the sensitive membranes which are affected. Scott's Emulsion will raise your standard of health to correct catarrh. Shun alcoholic mixtures and insist on SCOTT'S.

Ojinaga Taken by Villa

Presidio, Texas, Jan. 10.—Mexican rebels under General Francisco Villa captured the city of Ojinaga tonight.

The federal army of 4000, under Generals Mercada, Salazar and Orozco, evacuated the city, leaving the road open for the constitutionalists to enter without resistance.

The evacuation was forecast shortly before it occurred, when a major in the federal army told an American customs officer that the federal commanders had decided to abandon Ojinaga as soon as the rebel attack became hot.

This was decided upon, he said, because the federals were running out of ammunition. The federal army, after abandoning its fortification, crossed the Rio Grande and surrendered to Major McNamee of the United States army, commanding the patrols on the American side.

Villa's whirlwind assault under cover of the heavy bombardment of his big guns, planted in arroyos within easy range of the supposedly impregnable federal fortress, wrought havoc in the ranks of the defenders, and it soon became evident further resistance was useless.

A Navigation Victory.

Logansport, La., Jan. 10.—Later and more complete advices from Washington relative to the proposition to improve the Sabine River from Logansport to the Gulf, which proposition received the indorsement of the board of engineers a few days since, brings still better news and fully establishes the fact that the victory won by the friends of navigation was even greater than was first reported here Thursday, the board of engineers having recommended in their report that funds to defray the expense of cleaning out the steam be appropriated by the present session of Congress, which means that the actual work of removing the logs and dredging out the bed of the stream will be started without further delay.

Bonds Approved.

Austin, Texas, Jan. 8.—The attorney general's department has approved an issue of \$1000 Nacogdoches County common school district bonds of district No. 2, bearing 5 per cent and maturing in 20 years, with an option of five years.

Weekly Sentinel

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

VALEDICTORY.

With the end of this week closes our connection with the editorial and news departments of the Sentinel, and beginning Monday morning, January 12th, we will take over the plant of the Bowie Blade, at Bowie, Texas, having purchased the paper from Edgar Edmiston its former owner.

For the past three years we have been in the employ of the Sentinel, during which time we have given our best efforts toward giving its readers a good, live local paper. Our connection with the Sentinel has been exceptionally pleasant, for it has never been our fortune to be associated with a more genial employer, nor have we ever worked in an office where a better feeling existed among all the employes.

Nacogdoches is a good town, her citizens are among the best to be found in the entire state, and we regret exceedingly to leave this section, yet we feel that in the purchase of the Bowie Blade we are getting a bargain and that the move will be to our best interest financially. We have a number of friends here whom we will miss, and the recollection of our stay in this good old city will be always pleasant. We will not have the opportunity to say good bye to each individually, and hence are taking this opportunity to say to all, Good Bye, and may you all live long and prosper.

Yours very truly,

F. M. Littlepage.

Our New Editor.

Emmett W. Smith, who takes charge of the editorial department of the Sentinel today, is well known to newspaper readers of East Texas. Years ago he was associated as editor with T. J. Caraway and with R. W. Haltom, besides being a liberal contributor to local papers when not connected with them and to papers of the larger cities. During the stormy times of populism his pen was much in evidence to the discomfiture of its proponents. He admits now that what he thought then has become the foundation and superstructure of progressive democracy, many of the planks of its platform having become popular laws in many of the states and in the nation.

While in Oklahoma Mr. Smith was first associate editor and then editor of the official organ of the State Farmers' Union of Oklahoma and his writings were unanimously indorsed by the State Union in session at Shawnee.

Early in life Mr. Smith finished the law course in the University of Texas, and for several years was a practitioner in this city. He is no longer in the active practice because of lameness resulting from an injury, but he is vigorous, forceful and well fitted for any kind of office work. J. K. Armstrong of Oklahoma City

who is regarded as one of the ablest editors in the country writes this in a testimonial: "I regard Mr. Smith as one of the ablest, most finished and resourceful writers in the Southwest."

With the above remarks of introduction I do not deem it necessary to say more in Mr. Smith's behalf but I shall personally appreciate every courtesy and favor shown him the discharge of his duties.

The accumulation of colossal fortunes in the hands of the few drains the country of its substance and makes the acquisition of wealth by legitimate means more difficult.

The commission form of government for cities has proved to be economical and effective. There is no reason why the state should not adopt it and abolish its ponderous legislative machinery.

The Panama Canal will be in condition to pass steamships all the way across the isthmus within sixty days, unless unexpected obstacles are encountered. This is the judgment of an official high in Canal Circles.

Of the many exchanges that come to this office, not one advocates the policy of intervention in Mexico. Since Gov. Colquitts "war" speech at Cuero, he is so lonesome in Texas he would agree to go to the United State senate if he were prevailed upon in the proper spirit.

Upon the reduction of the size of the Legislature hang all other reforms. Experienced men sitting from year to year and devoting their time exclusively to legislative matters would be a vast improvement over the present system of sending untried men a mouth or two who return home before they have time to think or to act wisely.

From Walnut Grove.

As the folks of our community have been silent for quite a while, thought we school boys would say a few words.

The health of our community is fine except a few cases of lagrippe.

Our school is progressing nicely, Miss Mae Hall is our teacher.

She has enrolled 37 pupils and has 35 in regular attendance and from 15 to 20 of us on honor roll weekly.

The good patrons of our school have hauled four loads of pine and wood to the school house this week.

Mr. Parker, Photographer of Garrison came out to our school Friday and made a picture of our school.

The young folks enjoyed candy drawing and play party at Mr. Hilliards Saturday night, all reported a nice time spent.

Rev. F. M. Richards filled his regular appointment here first Sunday, a splendid crowd was present for a rainy day.

We organized Sunday school last Sunday with officers and teachers as the following: Superintendent, Mr. B. Morris, Secretary Mr. Obie Dodds, teacher of bible class Mr. Charlie Carroll: Teacher of The Intermediate class Miss Mae Hall: Teacher of card class Mrs. Charlie Carroll.

We feel that our Sunday school has been needed for a long time and believe it will be successful for we have a new organ at our church to draw the attention of the young folks there to singing.

We enjoyed the singing last Sunday for we had Mr. Groves Williams, our singing school teacher with us.

We are glad to have so many new neighbors in our midst as they are of great help in our Sunday school, also literary school.

7th Grade.

One of our exchanges hits the nail squarely on the head with a heavy hatchet when it says of the Texas situation this year: "I do not know what the issues will be, but believe the main one should be for a tried business man to be elected for Governor." As Nacogdoches has such a man in one who has been prominently identified with the business world for many years and regarded as having no superior in business matters, it is entirely the best thing to do to come to the next oldest town in the state to enter the honor.

400 Federal Jobs.

Washington, Jan. 13.—Four hundred deputies of internal revenue, agents and inspectors, to administer the new income tax law are about to be appointed. Some disputes between congressmen concerning a distribution of patronage—for all the new appointees will be without the civil service—have delayed naming the new officers so far, but the immediate necessity of taking up the administration of the law makes appointment at once imperative. Secretary McAdoo and Commissioner Osborne are conferring actively with congressmen over the appointments and with the return of the president announcements are expected soon.

Our New Telephone System.

The Southwestern Telegraph and Telephone Company has begun in earnest the reconstruction of the Nacogdoches telephone exchange. All poles, cables and wires now in use are to be torn down and replaced with new ones. The old switchboards and all subscribers' telephones will be torn out and replaced with standard equipment. New office quarters have been leased and the work of installing the new switchboards will begin shortly by a crew of expert telephone men from the Western Electric Company's big plants in Hawthorne, Ill.

In all probability the inside work will be done by two shifts of men, one crew working in day time and the other at night. For some time the preliminary work of the outside construction has been under way by a small crew of men, but Monday the real work was started by a large crew and will be rushed to completion.

Several cars of material have arrived and have been distributed to various parts of the city. More material is arriving every day and being stored in warehouses. Several thousand dollars is being invested in this work, and when it is complete Nacogdoches can boast of a local and long distance telephone service second to none.

Three great big carloads of the latest improved implements and farming Utensils are in—and others on the road. This means that we are in position to serve you in the way you to be served. Oliver and Avery goods in an assortment of sizes and patterns to please your taste. How about an "Avery Cyclone" Stalk Cutter—or an Oliver or Avery breaking plow. You need one—we want to sell you.

New Gusher Near Vivian.

Vivian, La., 9.—Another big oil gusher was drilled Wednesday night two miles South of Vivian near the old Tin Top well on the Lewis tract. The lease was given up by the Standard Oil Company as dry territory. The Gulf Refining Company drilled in the well, and it is making 1,000 barrels of high gravity oil with no salt water. The new well is practically in abandoned territory and has created quite a flurry in oil circles around Vivian, as the new development has pressed closer to town on three sides in the past few months. There is every indication for another oil boom in the Spring.

Yes it will do the work right—and turn any land that can be turned—in a way that will suit you. We are talking about the famous Oliver Breaking Plow—the tried and true. Maybe you've tried one. If so you know this is true. If not, ask your neighbor—or better still—come in and get one. If it don't do the work it's not your Plow.

Are You One Of Those Who Habitually Catch Cold?

Investigation Shows That Certain Occupations and Professions Are Constantly Prolific Causes For Frequent Colds. What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, we need light and facts how to prevent disease more than talk that entertains.

Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions that conduce to colds?

Mental fatigue, worry, heavy strain, nervousness resulting from desk or store work are the easiest means for the development of colds. The average life of a clergyman is less than that of a farmer—cause, sedentary work.

Sedentary life, especially where it means the obstruction of brain tissue, often leads to over-eating; there is no more common cause of colds than over-eating.

When the digestive organs are weighed down with an excess of food, the liver and kidneys and other important vital organs are overworked, vitality is lower and there is less resistance; slight exposure, which under ordinary conditions causes no harm, results in a bad cold.

To relieve a cold, a good expectorant or cough remedy such as PERUNA should be conveniently at hand to be taken at the very first attack of the cold. But what can be done to stop the frequency of colds to such people that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, retire early and sleep in a room full of fresh air.

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Those who wish to begin the cold water towel bath should have a copy of the Ills of Life. Sent free by the Peruna Co., Columbus, Ohio.

Make Thousands of Dollars By Picking Scraps of Time From The Waste Basket.

Abraham Lincoln would split rails all day in the forest and then after his day's work was finished, would walk five miles to borrow a book to study and improve himself. It is said of George Washington that in answer to a question of his mother as to why he studied so late at night, replied that he was working out the destiny of his country.

There are hundreds of young people today who are desirous of gaining a practical education, but for one reason or another they cannot leave home to secure it, so they drag along from one year to the next in the same old rut. There are hundreds of others that are availing themselves of the opportunity offered by the correspondence department of our college, saving their leisure moments and investing them in an education that will mean thousands of dollars to them in the coming years.

You may say that you are not able to take a course, but the person who can least afford it is the one who needs it most and should have it by all means at any sacrifice; it don't cost much.

Young friend why not take advantage of this opportunity and gain a business education by using your moments that would otherwise be wasted? Why not spend an hour of the long winter evenings after nightfall qualifying yourself with a knowledge of the famous Byrne Simplified Short hand, Practical Bookkeeping, Typewriting, Arithmetic, Grammar, Writing, and Telegraphy, for which the business world will pay you cash? Miss A. F. Rhodes.

Miss A. F. Rhodes, better known by those who loved her as "Auntie", sister of Mrs. G. B. Crain, died yesterday afternoon at the Crain home on North Street.

She was born in Mt Pinson, Tenn. August, 19 1846. She came to Texas in 1854 and was dearly loved by all whose good fortune it was to know her.

The funeral services were held at three o'clock this afternoon, conducted by Rev. S. S. McKenney assisted by Rev. T. C. Mahan.

Don't call for a Stalk Cutter—call for an Avery "Cyclone" stalk cutter. Heavy—built right—grease cups—renewable axle stubs—all the improvements that you want. Six and seven knife patterns. Not the cheapest first cost perhaps, but the cheapest in the long run; and besides—there's real satisfaction in using an Avery "Cyclone"

Let us try Justice awhile and see how that will work. That is to say, we have tried Mammon for a hundred years and it has botched the job. As long as Mammon is set to it he will continue to make a mess of it, and so let us bring in Justice, in whose presence Avarice can not exist. That is the Woodrow Wilson interpretation of what the Monroe doctrine ought to be. —Savoyard.

Cheaper Dress Goods.

New York, Jan. 13.—Material reductions in the wholesale price of staple serges, unfinished worsteds, clays, chevots and other woolen goods for the fall of 1914 were announced in the trade today. The cut is understood to be the direct result of the new tariff schedules and anticipated competition from abroad.

THAT BURSTING HEAD.

Pain is the Result of an Inactive Liver.

Too frequently one forgets this liver and then he must pay the penalty in the form of headaches, indigestion, constipation and other symptoms. When this happens, you must go back and help nature eliminate the accumulated poisons, cleanse the system of bile and the results will quickly disappear.

GRIGSBY'S LIV-VER-LAX is rapidly displacing the use of calomel in this section, not only because it does the work more effectively than calomel, but because it is easy to take and has no disagreeable after effects.

Get a 50c or \$1.00 bottle of this wonder remedy from your druggist to-day. It is sold only under guarantee. Every bottle bears the likeness of L. K. Grigsby, who guarantees it through Stripling, Haselwood & Co.

Constable Tom Lambert of Appleby today brought in two white men, who are charged with vagrancy. They give the names of Stanley Wells and Sam Sayers, and it is charged that they were tramping through the country, begging as they went.

Acute Sore Throat.

There is nothing better for sore throat than Hunt's Lightning Oil. Put it on at night, and the next morning the soreness is usually gone. Rubbed on chest is fine for sore lungs, often preventing pneumonia. Hunt's Lightning Oil is sold by all reputable druggists in 25c and 50c bottles.

The bondsmen an Emma Hightower's bond reported to the sheriff's department this morning that they did not care to remain sureties for her and the sheriff took her in charge and locked her in the county jail. Emma was under conviction for illegally selling liquor and was given a four years term in the penitentiary. Her case was appealed and affirmed by the higher court.

Rheumatic Pains.

Every last one of them leaves. The hurting is gone almost the instant Hunt's Lightning Oil is used. The aching stops so quickly it is surprising. Hunt's Lightning Oil is especially compounded to relieve pain. For neuralgia and headaches it is a boon to humanity. For cuts, burns and bruises it acts as a healing oil, soothing the hurting parts and preventing soreness. Nothing better for chilblains. All druggists in 25c and 50c bottles.

Mack Moody a colored boy who has been staying at Emma Hightower's place, was today arrested on a charge of vagrancy and lodged in the county jail.

For Cold on Lungs.

Rub the chest well with Hunt's Lightning Oil. You will be really surprised how soon the soreness leaves. Cold on lungs is dangerous, often developing pneumonia. The use of Hunt's Lightning Oil in time is important. Sold by all reputable druggists everywhere in 25c and 50c bottles.

Poultry Notes

Fowls will not do well unless they are comfortably housed—uncomfortable fowls never lay well.

Fowls that are shedding their feathers and putting on their new plumage need plenty of good nourishing food.

Build a separate shed for the turkeys where they will not be obliged to associate too closely with the hens, or the ducks, or the geese.

If the roosts are in the back of the hen house away from the drafts, the windows in the south side may be kept open until the temperature goes down nearly to zero.

The wonder is that with prices eggs and chickens so generally high more farmers wives do not make it a point to have a few to sell all along. It is no disgrace to sell chickens and eggs, not even if you "peddle" them from house to house.

For Skin Diseases.

Hunt's Cure is sold under a positive guarantee that your money will be refunded without question if it fails to cure Itch, Eczema, Ringworm, etc. You therefore run no risk whatever in purchasing a 50c box from your druggist.

Well at Rose Lake.

J. Thomas Hall dropped into the Sentinel office yesterday and asseverated that the well at Rose Lake is down about 1550 feet with good prospects of striking something of great value on each revolution of the wheel. The log of the well shows strata after strata of gumbo separated by shale of various thickness, which corresponds, experts declare, to the log of the great producing oil wells of the Southwest.

Sneffels, Col. A. J. Walsh was badly done up with rheumatism and sent for Foley Kidney Pills which was the only thing that would cure him. Geo. Potter of Pontiac, Mo. was down on his back with kidney and bladder trouble and Foley Kidney Pills made him well and able to work. It is a splendid medicine and always helps. Just try it. Swift Bros. & Smith.

Several days ago cards were out announcing the nuptials of R. O. Ferguson, who lives near this city and Miss Affie Wilson of Arp, Texas, to be celebrated Wednesday Jan. 14.

Colds to Be Taken Seriously.

Intelligent people realize that common colds should be treated promptly. If there is sneezing and chilliness with hoarseness, tickling throat and coughing, begin promptly the use of Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, and stops the cough which causes loss of sleep and lowers the vital resistance. Swift Bros. & Smith.

Before you buy a "telephone battery" test it. It might be "dead" for lots of them are. We have just received a fresh shipment of "Live Ones" and will be glad to test each one to show that they are the "Long Life and High Test Kind."

REAPING BENEFIT

From the Experience of Nacogdoches People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Nacogdoches residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

Mrs. H. Morris, 221 Taylor Ave., Nacogdoches, Texas, says: "I was bothered greatly by pains across the small of my back. My back ached at night and in the morning, I was stiff and lame. I tired easily and felt languid. Doan's Kidney Pills were so highly recommended that I got a box at Mast Bros. & Smith's Drug Store, (now Swift Bros. & Smith's Drug Store). They cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Cards of Thanks.

We desire to thank with all our hearts and to express our sincere appreciation of the physicians three in number, and the neighbors and friends who so kindly assisted us in the last illness of our dear wife and mother.

John Burrows and children. The "Mischief Quartette" and it's Work.

Each year the month of January numbers its list of victims from influenza, la-grippe, bronchitis and pneumonia. The prompt use of Foley's Honey and Tar Compound will check the onset of a cold and stop a cough, preventing the development to more serious conditions. Keep it on hand. Swift Bros. & Smith.

Giles Tindall, a well known barber of this city, and family are packing up to leave to-night for their new home in Palestine. Mr. Tindall has bought the finely equipped shop of Coleman & Conway, where he will continue the business for which he is well fitted.

A Difference in Working Hours.

A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours work. Weak, sore, inactive kidneys can not do it. They must be sound and healthy active all the time. Foley Kidney Pills will make them so. You cannot take them into your system without good results following. Swift Bros. & Smith.

The W. O. W. Memorial service was held at Woodman Hall Sunday afternoon. There was a very much appreciated address made by Prof. Eastman Principal of the High school.

Do you begin to cough at night, just when you hope to sleep? Do you have a tickling throat that keeps you awake? Just take Foley's Honey and Tar Compound. It will check the cough and stop the tickling sensation at once. Does not upset the stomach, is best for children and grown persons. Swift Bros. & Smith.

Charged With Murder

Tink Christopher, a young man of good family and good standing, who lives near the city, is in jail charged with the murder of Randolph Smith, a colored barber, whose body was found a few days ago on the H. E. & W. T. Ry track near the water tank a few hundred yards north of the depot.

There is a mass of facts connected with the murder and those who are in the position to sift them thoroughly are of the opinion that the charge originated from persons whose contradictory statements indicate a concocted scheme but for what purpose it is not known.

Annie Love, a mulatto girl sixteen years old made the charge, and Rita somebody, her companion, who has made contradictory statements is in jail and now refuses to talk.

Women and Wet Feet.

Cold and wet feet are a dangerous combination especially to women, and congested kidneys often result. Back ache, urinary irregularities and rheumatic fevers are not unusual results. Foley Kidney Pills restore the regular and normal action of kidneys and bladder and remove the cause of the trouble. Contain no habit forming drugs. Swift Bros. & Smith.

Suspicious circumstances connected with the big fire at Chireno led to the belief that it was of incendiary origin and the state fire marshal was called upon to investigate the matter.

Worms The Cause of Your Child's Pain.

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Tackle Catarrh Now Be Free All Winter

Avoid Colds, Stalk Pneumonia, Keep Your Nose Clear and Your Throat Free.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

You will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But let someone work off that old trick "Just as good."

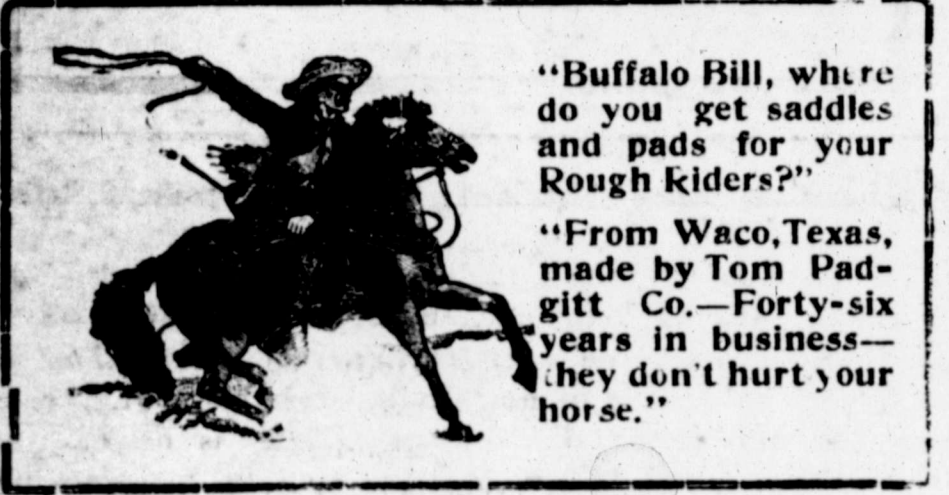

taken into the blood just as the most nourishing food. It influences over every organ in the body, cleanses the blood, and drives through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal elements of S. S. S. are essential to well-balanced health as the nutritive properties of the grains, meats, sugars, and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write to The Swift Specific Co., 222 Swift Bldg., Atlanta, Ga.

Gone to Rest.

Mrs. S. N. Berry, beloved wife of Mr. S. N. Berry of Frost Johnson Front, departed this life at 6 a. m. Jan. 3, 1914. Mrs. Berry, nee Miss E. E. Lynch, was born July, 4, 1878, in Rusk county, Texas, where she spent her girlhood days. She was married to S. N. Berry Dec. 24, 1889. Their union was blessed with eight children, five girls and three boys, S. E., C. B. and R. N. Berry and Misses Donnie L., Era L., Ann, M. L., and Beatrice, the latter dying in infancy. The seven still with the husband and father survive the wife and mother to grieve for her loss, yet with this grief they have a hope beyond the grave.

Mrs. Berry at an early age of 15 years was converted and united with the M. E. Church, South, at Good Springs Rusk county, Texas, where she still held her membership. Hers was one of these sweet consistent lives that shows itself in its manifold good deeds. She was dearly beloved by all who knew her and best beloved by those who knew her best.

Just a short time before she departed she expressed herself to her husband as being perfectly ready and satisfied to go when her beloved Master called; that she had a hope in Christ that nothing could dim. And in her sweet and loving way she thanked her life's partner, the husband who is left to mourn her death, for his ever loving care and devotion to her though all the time they had journeyed down this span of life together. To know Mrs. Berry was to love her and she numbered her friends by the hundred. She had one of those sweet retiring disposition that is so dear to some and was extremely devoted to her husband and children. There was never a sacrifice so great that she would not have willingly made it for her husband or children, and of her it may truly be said, "Blessed are the meek and lowly in spirit, for they shall inherit the Kingdom of God."

May she rest in peace on that beautiful shore where there is no more parting.

Old-Time Negro in Court.

Charlie Green, an old negro, who speaks with a dialect tinged with memories of the old South, was being tried in the county court at law yesterday for carrying a pistol. He was arrested sometime ago while driving a wagon full of goods thought to be stolen from box cars. With him was an Italian.

In his statement Green said that he had been employed by the Italian to haul goods for him. As to the pistol, he stated that the Italian had commanded him to place it in his pocket to keep it dry. The pistol was a small automatic one.

"I didn't know it was a pistol," he said indignantly to the court. "I've never seen a mule-headed gun like that before since I was born on this earth. Judge, I don't even know how to shoot that thing."

"Judge, I been in Houston since 1870, and fore God I ain't never been arrested before in my life except when me and my young marster were taken by the Yankees at Vicksburg."

Charlie was released. He went away chuckling to himself in such rare good humor that the whole court room reverberated with unchecked laughter.—Houston Chronicle.

Our Telephones

The sale of "Long Distance" to the Independent Telephone Co., of which a short notice was made a few days ago, takes from among the business firms of Nacogdoches a company of home people, who for sixteen years have made every effort to give the public good and efficient service. Begun in 1898 by Mr. W. T. Pittman, shortly bought by Messrs. E. C. Branch and I. L. Sturdevant, it has successfully operated toll lines over all of East Texas. Originally the local and long distant phones were combined but the exchange was sold to an Independent Co. which afterward went into the hands of Southwestern.

From the installation of the first switch board, to the present date, the children of Mrs. A. V. Muller, not excepting one, have worked in the office, and were always ready and willing to respond to all calls, even though at home and off duty. For fourteen years, without a years break, Miss Maggie Muller has been with the company. The toll system has long been known as "Branch's lines," for he took an active part in the management until his health demanded a rest, since which time Mr. W. S. Beeson has had charge.

A slight change was made when Mr. Sturdevant sold his interests, so that for several years, and at the time of selling out, the stock holders were, Messrs. E. C. Branch, W. S. Beeson, O. E. Hubbard, and Misses Maggie and Mary Muller.

Mr. Howard will take Mr. Beeson's place, and be manager for the Independent Co.

The Misses Muller will leave the office as soon as new operators can be put in their places.

Miss Gay Biggers will succeed Miss Mary Muller, as chief operator, and a check clerk will be put in to take Miss Maggie's place.

The city extends to Mr. Howard a cordial welcome.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Resolutions of Respect.

Nacogdoches, Texas, January 9th 1914.

To the Officers and Members of Lanana Lodge No. 106, K. of P.:

We, your committee, appointed at a meeting held January 2nd, 1914, to draft resolutions offering our sincere condolence to Mrs. Martha Peterson on the death of her son, W. K. Peterson, respectfully submit the following:

Whereas, death has entered the home of Mrs. Martha Peterson and has taken from her home and our midst our worthy brother, W. K. Peterson.

Therefore, be it resolved that each member of Lanana Lodge No. 106 K. of P. do hereby tender to the mother of our brother our heartfelt and deepest sympathies.

Be it further resolved that a copy of these resolutions be furnished to the family of Bro. Peterson, a copy to the newspaper for publication and the same be spread upon the minutes of this Lodge.

Respectfully submitted,

F. A. Beall,
L. I. Muller,
H. C. Hatchel,
Committee.

There was an annual meeting for the purpose of electing officers of the Fire Company last night. The following officers were elected:

I. L. Sturdevant chief, Josh Henson, Assistant chief, Will Reid, foreman, Ben Tucker 1st assistant foreman and W. L. Curl as 2nd Assistant foreman.

Mr. Holt electrician, and Edgar Moorer were elected as additional members to the company. Mr. Holt advises that he is working on a system whereby the city will be divided into wards so that certain signals will indicate the fire originates.

Messrs I. L. Sturdevant and J. R. McKenney were appointed as a committee to meet with the city council with a view to exchanging the present fire wagon for a lighter one or purchasing a lighter one or procuring more horse power.

If the money were not spent on armies and navies, the people would be better supplied with necessities and luxuries.

For Commissioner Prec. 4.

Editor Sentinel:

Please announce my name as a candidate for reelection to the office of commissioner Beat No. 4 Nacogdoches county subject to the Democratic primaries.

My promise to the people is, to do as I have done, the very best I can.

I realize that I am better fitted for the position now than I was at the beginning and can render better service.

Very Truly,
J. V. Birdwell.

County Council for the Boy, Scouts of America Organized.

Last afternoon, in response to notices previously sent to a number of representative gentlemen throughout the county who were interested in the Boy Scout movement, quite a number of business men met at the Main St. Presbyterian Church to organize a County Council for the Boy Scouts of America.

Hon. W. S. Beeson was chosen as temporary chairman. Scout Master, M. C. Johnson in outlining the object of the meeting stated that the revised rules and regulations which govern the scout movements, require that a County Council of a membership of not less than twenty-members from various parts of the county, be organized, and that this council shall have control and oversight of all troops and patrols of Boy Scouts in the county as well as all officers for some.

Rev. Johnson states that the Boy Scouts of America was organized for a noble purpose; this is, the making of noble men of our boys and fitting them for a better citizenship.

He stated that the movement was absolutely non-sectarian and hoped that every good citizen would co-operate in this great work, after which permanent organization was entered into by the elections of the following officers for the ensuing year:

R. C. Monk, President.
I. L. Sturdevant 1st Vice-president.
W. T. Whitman, 2nd Vice-president.
Prof. George Adams, 3rd Vice-President.

W. E. Thomanson, Secretary.
H. F. Tucker, Treasurer.
Rev. M. C. Johnson, Scout Commissioner.

Ben T. Wilson, Scout Master Troop no. 1.
W. E. Thomanson, Scout Master Troop no. 2.
Arthur Marshall, Scout Master Troop no. 3.
C. P. Bowen (Caro) Scout Master Troop no. 4.

The following permanent committees were appointed.

Executive Committee,—R. C. Monk, Rev. M. C. Johnson, W. E. Thomanson, W. S. Beeson, W. B. Hargis, B. F. Moore (Sacul) and Fulton Fuller.

Finance Committee—W. T. Whitman (Caro), H. T. Mast and Roland Jones.

Court of Honor—Rev. M. C. Johnson, Dr. A. A. Nelson, Geo. T. McNess, Robert Lindsey, J. A. Hunt (Cushing) Dr. R. P. Lockey, R. F. Davis, F. A. Beall and George Adams (Chireno.)

The Council was closed by a prayer by President R. C. Monk who invoked God's blessings upon the boys of Nacogdoches county.

W. E. Thomason, Sec'y.

Missouri Strahan.

Whereas our sister, Sovereign Missouri Strahan has been called from this life and from our Forest across the river of death, and as Holly Grove No. 981, Woodman Circle is desirous of manifesting its respects for our deceased Sovereign and the loss of her undying interest in our order of Woodcraft. There fore be it, resolved,

1st. That this Grove loses one of its most worthy and useful members who has given faithful service as a member, she being one of our charter members; a true Sovereign whose benevolent disposition will always be missed by this Grove.

2nd. That we deeply regret the necessity of her being taken from her worldly cares and association here; and friendship ties are broken that cannot be replaced here on earth, yet a warning to others that will follow her to the tomb.

3rd. That in parting a kind friend and Sovereign, a loving mother and affectionate wife is gone, and our kindest thoughts will ever attend her.

4th. That a copy of these resolutions be furnished the family, a copy be furnished the Sentinel for publication and a copy be furnished the clerk of our Grove to be spread upon the minutes of the order.

Respectfully,

Julia D. Tillery,
Ella Fulmer,
Mary Dennis,
