The Place Where You get What You Want

Cost of Handling Cotton.

Editor Sentinel:

This is something I have never done, but understanding this as I do, I want to ask the farmers to consider this for our sakes.

We have 13,000 bales of cotton in this town, and it costs us to weigh it at the yards 50 cents, and at the compress yards 15 cents. After we pay the yards 50 cents, it costs us one eighth of a cent in price, to get the buyer to take it off of our hands after we pay all cost. I think it is time for us to get busy and get this fixed so we can get some way of reducing this cost.

These are the figures on this for yard expenses on 13,000 bales which amounts to \$6,500.

The compress expense at 15 cents a bale is \$1,950.

Sampling this at the yards on two sides will cost us one and a half or two pounds per bale. Sampling this again on two sides at the compress yards will cost us one and a half or two pounds and the whole figure will cost us three pounds per bale. This within itself will cost us thirty cents on the bale. This figures \$8,900.

The one eighth cent will figure on 13,000 bales \$8,184, which makes the total cost to us \$20,510. This should not cost us over 25 cents per bale, which would figure \$8,250. This would make a saving to us of \$12,690. This means a great deal to the farmers who patronize this town.

If you people will help me on this line we can remedy this by fair and square dealing with the merchant, the yard man and the compress man.

Hoping you will consider this and let me hear from you in regard to this matter, as I feel sure this can be remedied in a way that all parties which may become interested in cotton for the next season will accept satisfactorily.

H. C. Fuller Resigns as Editor

Brenham, Texas, June 1.—R. H. Fisher, recently with the Galveston News, assumed the position of editor of the Brenham Banner Press today, succeeding H. C. Fuller, resigned.

Mr. Fisher is an able newspaper man and has a host of friends in Brenham, made when he edited the Banner previously, who extended him the glad hand and welcomed him back to his former home.

Population Has Increased

Dallas, Texas, June 1.—The publishers of the 1914 city directory today announced that Dallas' population is 130,000, which is a forty per cent increase since 1910.

McLennan Precinct Goes Dry.

Waco, May 30.—By a majority of 83 votes Justice Precinct No. 7 composed of six towns and covering a wide area of the county voted for prohibition today. The vote was pro 259, anti 176. The antis carried only two boxes.

Chief Sam's Ship Will Sail.

Portland, Maine, June 1.—Chief Sam's steamer Liberia cleared today for Salt Pond on the gold coast of Africa, where it is planned to found a colony of American negroes. The ship will call at Galveston, Tex., where about a hundred negroes are expected to board her.

Chief Sam and many followers are members of the Holy Ghost and Us Society. The Liberia, formerly the Cuban ship Curitba, is commanded by Captain L. S. Mackenzie and is registered under the British flag.

John A. Odell who has charge of the commissary at Kelly's mill will be joined today by his family who have been living in Nacogdoches since he began work there a few months ago. We are sorry to lose this good family who have been with us for nearly two years and made many friends who are sorry to see them leave for other parts.

W. M. Smith Hurt By Train

W. M. Smith, better known as Smithy, was painfully but not seriously hurt at about 3 o'clock Tuesday afternoon by a south bound T. & N. O. passenger train near the ice factory. He was walking up the track approaching a trestle when he saw the train approaching but thought he would have plenty of time to cross before the train arrived, but was mistaken in the distance and failed to get across before the train reached him. He stepped out on the outer edge of the trestle thinking it would not strike him but he did not get far enough away and was struck by the steps of one of the coaches and knocked off. It was first thought he was seriously hurt but it was found that other than several painful bruises he was not seriously injured.

H. F. Marr Kills Man.

From a phone message this morning from Corsicana it is learned that H. F. Marr killed a man in that city at an early hour this morning. No particulars could be obtained as to who the man was or what was the trouble.

Mr. Marr was a resident of this city for a number of years and was well known throughout the state.

Two Men are Shot to Death

Giddings, Tex., June 1.—George Boown, a prosperous negro farmer, living in Precinct 5, was shot and killed yesterday evening. John Lovin then met instant death by having his head blown off with a shotgun. Both men were colored and lived in Precinct 5.

An Adventure With Snakes.

Temple, Texas, June 1.—A thrilling experience befell the express messenger on northbound Santa Fe passenger train that arrived here Sunday morning. While engaged in the performance of his duties the messenger was startled by the hiss of a snake close to his elbow, and, turning around, saw a monster rattlesnake coiled and ready to strike. Hastily drawing his pistol the messenger fired, killing the snake at the first shot, only to find that he had three other members of the rattler family to deal with. These were also killed and an investigation showed the reptiles to have escaped from a box shipped from Wharton and destined to a northern city for show purposes. Hearing fusillade of shots, passengers on train fancied a hold-up by bandits and were greatly relieved to discover later their error.

Little Joe Barham, son of Mr. and Mrs. L. H. Thrash, happened to the misfortune of falling from the front porch Monday evening and breaking his arm.

A REAL JOY RIDE

One of the best ways to get real enjoyment out of life is to get out of doors.

Take a drive in the afternoon or evenings. Your health will be better and you'll look and feel better.

This is the season—RIGHT NOW— to avail yourself of the opportunity.

And, if you are riding in a MOON BROTHERS or BANNER vehicle, your pleasure will be increased, for the reasons:

1st. They are COMFORTABLE and STYLISH.

2nd. They are made of FIRST-CLASS material by expert workmen who have specialized in this kind of work for years.

3rd. You have the satisfaction of knowing that you have the GREATEST POSSIBLE VALUE for the amount expended.

There are many, many other reasons why YOUR vehicle should be a MOON BROTHERS or a BANNER as we'll be able to show you.

Come and let us talk the matter over.

Preacher is Shot to Death.

Beaumont, Texas, June 1.—As the result of an argument over a trade, it is alleged, C. J. Tatum, pastor of the Riverside Baptist Church, and a machinist by trade, was shot twice and instantly killed here this morning in a machine shop half a block from the police station.

B. V. Cooley, another machinist, was arrested charged with the killing.

He was carrying a revolver when arrested and another pistol was found lying beside Tatum's body.

Tatum came from Georgia. He was 47 years old and leaves a widow and seven children.

Woman Killed When an Auto Hits A Buggy.

Tulsa, Ok., June 1.—Mrs. Goldie Flanagan was killed and Gus Base seriously injured by an automobile which crashed into their conveyance upon the Arkansas River bridge at a late hour last night.

The police are searching for those who occupied the automobile.

To Exempt Labor Unions

Washington, June 1.—Without a dissenting vote, the House today amended the Administration antitrust law to exempt labor unions from action under the Sherman law.

There were 207 affirmative votes on the Administration compromise committee amendment.

Radium Kills Throat Cancer.

Baltimore, Md., May 31.—It was announced that radium had effected a complete cure of cancer of the throat for which Arch Glass, a prominent railroad official of Gainesville, Fla., came here for treatment two months ago.

Mr. Glass' case was pronounced incurable. Radium was applied late in March and last night Mr. Glass was told he might return to his home secure in the belief that he was cured.

Aeronaut Killed By Long Fall

Denver, Colo., June 1.—Harry E. Bunstrom of Cleveland, Ohio, is dead as the result of a fall from a parachute at Elitch's Garden.

In the presence of several thousand people he dropped 2,000 feet after losing his hold on the bar of his parachute.

His body struck the earth with such force that it bounced twelve feet into the air. Every bone in Bunstrom's body was broken.

J. S. Doughtie returned this morning from an extensive trip through the eastern part of the county and reports that he finds the crops in much better condition than he expected to find them. He says every body is at work, from the oldest to the youngest, in all sections of the county and prophecies a fine crop this year regardless of the weather conditions.

10,000 Mine Workers Go On Strike

Charlestown, W. V., June 1.—Ten thousand miners of the Kanawha coal fields of this State went on a strike today because the operators have refused to grant them the check-off, which was the basis of their recent demands. The situation was reported quiet.

In the entire district the mines at Paint Creek alone were working. Most of these are owned by the Pains Creek Colliers Company, which granted the check-off on Saturday.

The Brier Creek Company averted a strike today by granting the check-off.

Officials of the United Mine Workers predicted the strike will be of short duration.

Rains Force Mills To Close.

Beaumont, Tex., June 1.—With less than a half dozen exceptions, all of the sawmills within a 200 mile radius of this place were forced to close down on account of flood conditions, the rains of the last two days making logging impossible.

Cotton Up Over Dollar.

New York, June 1.—Cotton advanced more than a dollar a bale today in a strong and excited market, because the Government report was considerably lower than anticipated.

Exceptionally bad conditions in Oklahoma and Texas were the cause of the jump in price.

Harris county Ferguson Club has a membership over 5000. This is much larger than the Colquitt Club of 1912. The important duty resting upon the democrats in every state this year is not only to commend the national administration in their platform utterances, but to see that no man is nominated for state office who does not openly align himself with the forces that are holding up the hands of the president, before he secures a nomination. Important as state issues often are, there are times when the party's solidarity and success are more dependant upon getting behind the national administration. There are also times when success in the state is dependant upon whether the ticket is made up of men who are really for the the president or whether they are only so for purposes of their own.—Bryan's Commenter.

Leggville News.
The progressive farmers of this section of the county are blessed at last with a few days of dry weather. Crops are looking well, considering the condition of every thing; the rains have delayed most all farmers to some extent.

The Angelina River is back in its banks for the first time this month. Farmers have lost some of their crops in the river bottom on account of the water staying over the land so long.

The mosquitoes are worse in the river bottom than they ever were known to be before. Any one wishing to go fishing had better prepare to make war with the mosquitoes for they are sure to bite.

Peace Envoys Have Agreed on Six Important Points.

Niagara Falls, May 28.—It was learned today that the American and Mexican mediators already have agreed upon six important points.

These are:

The retirement of General Huerta as president.

Huerta may become a candidate for the presidency.

General Carranza or any other constitutionalist also may become a candidate for the presidency.

The land question will be left to the new Mexican congress, which will be under a moral obligation to bring about the distribution of the big land estates among the peons.

There will be general amnesty granted to all exiled Spaniards and all Mexican factions.

The American flag will be saluted by the order of the new provisional president.

The success of the peace conferences, however, depends upon the first point, or whether or not General Huerta will agree to resign.

E. H. Blount Delivers Diplomas.
Another feature of the High School Commencement exercises Tuesday evening was the address by E. H. Blount in connecting with the presentation of diplomas to the graduating class.

After a few pretatory remarks Mr. Blount spoke in part:

"The word diploma is from the Greek verb which means to double" and adjectivally conveys the idea of being two-fold.

The Roman diploma was so called because it was originally written upon two plates of wax or metal placed one upon the other. These diplomas of the Romans were given as passports to travel by the public post, and to soldiers who had completed their military service bestowing upon them the rights of citizenship and the privilege of marriage.

The meaning of the word was broadened by the Humanists of the Renaissance so as to include all deeds or acts of sovereignty, but your diploma has for you all the significance of the early Romans. It is your passport to travel by the public post. It is your honorable discharge from service. It is an official public notice that you have served faithfully and intelligently and are now entitled to the rights and privileges of citizenship.

If you desire to drink more deeply of the Pierian spring, it is the passport which will admit you to the higher institutions of learning and will serve as a solid foundation for the erection of your future educational edifice.

You are now well equipped for any undertaking, but I want to leave one thought with you before formally delivering your diplomas. I referred a moment ago to the Pierian spring of Mythology. It may be significant that this spring sacred to the Muses was not located in a valley pleasing to the eye and easy to access, but rather on the rugged crest of Mount Pierus in Thessaly.

Neither does the journey before you lie entirely through pleasant meadows. There are also tangled wildwoods and ever and anon a deceptive, dangerous pitfall.

Armed with this diploma and fortified with courage and ambition, nothing is impossible for you. But courage you must have and ambition is the mainspring of courage.

Raleigh said "Fain would I climb but that I fear to fall" and queen Bess answered in her own vein "If thy mind fail thee, do not climb at all."

In all literature, in prose and poetry we all warned against ambition. Penn quaintly said "The tallest trees are most in the power of the wind and ambitious men of the blasts of fortune."

Shakespeare tells us "Fling away ambition; By this sin fell the angels. How can man then, the image of his Maker hope to win by it. And again "ambition's like a circle on the water which never ceases to enlarge itself till, by

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

board spreading it—disperse to naught."

These thoughts and all thoughts such as these refer to the ambitions of Alexander and Philip of Macellon; of Caesar and Timur the Tartar and of the little Corsican corporal—the first Napoleon. We have an example of that ambition now in the Republic to the south of us where inordinate love of power and despotic dictation have prompted a man to attempt to clothe himself in robes of office stained with the blood of his murdered friend—and by him murdered.

'Tis no such ambition as this that I am suggesting to you.

I wish for you "chaste, strong minds by chaste ambition nursed." The idea I would convey has been perfectly expressed in a poem which has been an inspiration to thousands of great men and women and a reproach to all those who have neglected their opportunities.

Mr. Blount here closed his remarks with Longfellow's "Ladder of St. Augustine."

\$35,000 Deficiency Authorized.

Austin, May 28.—Acting upon the the recommendation of Adjt. Gen. Henry Hutchings, the governor has authorized a deficiency of \$35,000 for the payment of the provisional regiment of state troops which was detailed to protect the Texas border. The troops were on duty about two weeks. Gen. Hutchings points out that the appropriation made for that purpose is practically exhausted. It will cost about \$50,000 for sending these troops to protect the border.

Miss Bobbie Stallings Dead.

From Thursday's Daily:

Every one in the city was dumfounded Wednesday evening when it was reported that Miss Bobbie Stallings was dead. She attended the exercises at the school auditorium Tuesday morning in apparently perfect health. She returned to Mr. A. G. Bright's where she was boarding and complained of not feeling well but her condition was not considered serious. She grew worse until Wednesday afternoon she succumbed to the grim reaper, death, which was attributed to an acute attack of indigestion, or possibly to ptomaine poison caused from eating ice cream.

Miss Bobbie has been attending the high school at this place for the past two years and has made an enviable record as a student. She was loved by all who knew her and was an especial favorite among her associates. She was just budding into pure and noble womanhood, being eighteen years of age.

Her death is a shock to the entire community and every one joins in the bereavement of those to whom she was so near and dear. Her remains were interred at Fairview this afternoon at 8 o'clock, with Rev. S. S. McKenney officiating at the funeral services.

Indigestion and Constipation.

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.

Silliman Confined in Prison 3 Weeks

Vera Cruz, May 27.—John R. Silliman, United States vice consul at Saltillo, who arrived here yesterday, stated last night that he was confined in the penitentiary at Saltillo for three weeks under orders of the federal general Maas. Mr. Silliman declined to discuss the taking of the state department code from his office by General Maas, but it is learned from other sources that the books were not returned to him when he was released.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. For sale by all dealers.

Family Poisoned by Ptomaine. All the members of Jno. W. Byrds' family, except himself and oldest son, were poisoned Thursday by ptomaine as a result from drinking butter milk. They all drank butter milk at dinner and in a short time became very sick.

A physician was summoned and pronounced it ptomaine poison.

It was traced to the milk for the reason that Mrs. Byrd churned about eleven o'clock and drank a glass of the fresh buttermilk, while the other members of the family drank it at the noon hour. She was attacked about one hour before the others were but in the same way.

Mr. Byrd and his son escaped by his not being at home and his son drinking sweet milk instead. We are glad to report they have all recovered from the affects.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all dealers.

Huge Telescope Gets its Start

Quincy, Mass., May 30.—Castings were started yesterday for a 100-inch reflecting telescope, the largest in the world, to be installed at the Mount Wilson observatory at Pasadena, Cal. The mirror was successfully cast in France after four others had been discarded because of blemishes. The tube of the telescope, with the mirror at the bottom, will be 48 feet long and with the mountings will weigh nearly 20 tons.

For An Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Tablets. Mr. J. H. Seitz of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." For sale by all dealers.

King, candidate for [the democratic nomination for state senator in the fourteenth senatorial district composed of Hardin, Jasper, Jefferson, Liberty, Nacogdoches, Newton, Orange, Sabine, San Augustine and Tyler counties, will open his campaign in San Augustine on Saturday, May 30. Mr. King's has taken a swing around the counties in the lower end of the district and is very much encouraged over his prospects, according to The idea seems to prevail that the time has come for recognizing the claims of the upper counties to a representative in the senate. Mr. King is a young man of broad mind and unquestioned ability, and the Fourteenth district will be well represented at Austin if it sends him there. He is opposing Senator V. A. Collins, who is a candidate for re-election. Houston Telegram.

Does Prohibition Foster True Temperance?

Cardinal Gibbons answers that question. He says:

"The establishment of prohibition in Chicago or other large cities would be impracticable and would put a premium on the sale of intoxicating drinks. When a law is flagrantly and habitually violated it brings legislation into contempt. It creates a spirit of deception and hypocrisy, and compels men to do insidiously and by stealth what they would otherwise do openly and above board. You cannot legislate men by civil action into the performance of good and righteous deeds."

"Similar opinions have been publicly and privately voiced by thousands of other men, high in the councils of nation, state and church—who have the good of their fellow men sincerely at heart."

"These men are clear thinkers. Their vision is unclouded by prejudice. They foresee that prohibition does more than strike at the personal liberty of the people. They recognize it as a menace to the stability of our institutions. What Cardinal Gibbons says about prohibition in large cities is equally true of smaller cities and towns and of states. But the ill effects of prohibition are more far reaching than its encouragement of law violations."

It Encourages Drunkenness!

"It drives out by law a beverage which, in many respects, is the most wholesome, beneficial, and desirable the world has ever known—the harmless drink of temperate people the world over—beer. It compels the man who will drink to ship into his community—ostensibly for his own use but quite as frequently for others as well—the concentrated stimulants which are easily hidden and can stealthily be disposed of and a small quantity of which produces drunkenness."

No, prohibition does not prohibit. It never has and never will. It cannot. And the foregoing statement of facts furnishes just one of the many reasons why prohibition does not foster true temperance. —Paid Advertisement

Rebels Threaten to Ignore.

Juanz, Mex., May 27.—It is authoritatively announced here that unless the South American negotiators drop hands off Mexico's border affairs, the Constitutionists will absolutely ignore their findings and form a provisional government, under which they will not recognize the right of outsiders to even make suggestions.

Santa Fe Has Leased Oklahoma Central.

Oklahoma City, Ok., May 27.—That the Atchison, Topeka and Santa Fe Railroad contemplates immediate extension of the road from the present terminus at Lehigh, Ok., to Hugo, Ok., and from there to various Texas points, and perhaps Shreveport, La., is indicated in a statement issued here by the Corporation Commission, which approved a lease which that road secured on the Oklahoma Central Railroad. The lease secured is for a five-year period with option of purchase any time for \$2,000,000. The Oklahoma Central serves a rich Southwestern Oklahoma coal territory. It is 148 miles long.

Ship Wreck Deaths 1,032.

Quebec, May 30.—Figures compiled and made public here today by the branch office of the Canadian Pacific Railway placed the loss of life in the Empress of Ireland disaster at 1,032.

Their detailed figures are:

First class passengers saved, 18; second and third class passengers saved, 131; crew saved, 206. Total saved, 355. The Canadian Pacific Railway now puts the total number of persons on the liner at 1,387. Of these there were 87 first-class, 153 second, 715 third, and a crew of 432.

Judge Found Dead in Road.

Liberty, Tex., May 30.—Judge P. C. Hill of Moss Bluff, Tex., was found dead on the road between Liberty and Moss Bluff yesterday. He left Liberty en route home yesterday afternoon in his buggy. His horse and buggy have not been found. The sheriff is making an investigation.

Judge Hill was a Confederate veteran, about 75 years old, much respected by the people of Liberty county.

Two prospectors met in the desert.

"What are you doing out here, Hank?" asked one of them.

"Prospecting," said the other.

"Why, I thought you had cleaned up a couple of hundred thousand and quit."

"That's right," said the other laconically.

"Well, what became of the money?"

"Oh, I took it down to San Francisco, and they kind-a introduced me out of it."

The excessive rains are very injurious to crops, and the unfortunate feature of it is that there is no prospect for clearer skies at this time.

Llano is Wet By 76 Majority

Llano, Texas, May 30.—Llano went wet by seventy-six majority in the prohibition election today.

Closing Exercises. The grammar schools departments of the district gave a very creditable entertainment last Monday evening in the High School Auditorium to one of the largest crowds of the year.

The West End School presented a play drill, which showed wonderful training. The North School gave a reading for its part, while the Central School furnished a large part of the program in drills, dialogues, songs and closing with a very interesting playlet entitled "The lost Prince."

Much credit is due the teachers of the several departments for training the children, and their efforts are appreciated by the parents.

The proceeds amounted to \$107.00 which was given the High School for various purposes.

Tuesday evening the graduating exercises were held. Owing to the rain only a small crowd was present to witness one of the best exercises of the commencement occasion.

Miss Jessie Burgess, salutatorian, and Miss Mable Bright, valedictorian, delivered excellent addresses, which showed much thought. Miss Ida Monk sang very sweetly and Miss Mary Price rendered a pleasing violin selection.

Mr. R. C. Monk addressed the audience, the speech in full having since appeared in these columns.

Supt. Davis then introduced Dr. R. S. Hyer, president Southern Methodist University, Dallas, who gave an address on "The Value of Education." The speaker, quoting from Dr. Butler of Columbia University, said that Education is fitting one for the enjoyment of one's spiritual possessions. He enlarged upon this by taking up the scientific, intellectual, aesthetic, and religious elements, and showing how each should be fully developed all through one's life. The High School students laying the foundation for such development. Space is too limited to do justice to such a magnificent address.

Mr. E. H. Blount made a very pretty talk in presenting the diplomas the following graduates:

Jessie and Mattie Burgess, Willie Blount, Etta Cottingham, Carrie Hodges, Vivian Buxton, Ida Monk, Geneva Harris, Mattie Stallings, Mintie and Mary Price, Gertrude Byrd, Mable Bright, Erna Wild, Henry Davis, Leak Patton, and Earl Buckner.

A letter was received Friday from Mr. P. H. Swearingen of San Antonio, in which he stated that, on the day before while the state convention of the Association of Texas Chiefs of Police and City Marshals was in session, a vote of the delegates to that convention was taken on the Governor's race. There were 124 delegates present and the vote stood as follows:

For Ferguson 118 For Ball 6.—Temple Telegram.

Our friend W. M. Layton of Attoyac was an appreciated caller at the Sentinel office Monday morning.

WHY WEAK LUNGS?

The toll of tuberculosis is claiming more than 350 victims every day in the United States, yet few realize their grave condition until the critical period arrives. Overwork, worry, weakness after sickness, catarrh, bronchitis, tender throats—all exert the weakening influence that invites consumption.

To guard against consumption, thousands of people take Scott's Emulsion after meals because its rich medicinal nourishment strengthens the lungs, puts vigor in the blood, and rebuilds strength to resist tuberculosis. Scott's Emulsion is nature's strength-builder. Refuse substitutes.

Zacatecas Next Point

El Paso, Tex., May 27.—Reports from the south today said that Gen. Villa's forces were making haste in preparation for an assault on Zacatecas city, capital of Zacatecas state. It was asserted that the railroad from Torreon, Villa's concentration point, had been repaired nearly to the next point of attack. Already troops in large numbers had been sent south along the repaired railroad and all possible reinforcements have been rushed into Torreon from Saltillo, recently taken by the constitutionalists. The latest to arrive was the command of Gen. Pablo Robles, numbering 3500, originally left to garrison Saltillo.

No Damage Reported.

Colon, Panama, May 28.—No damage is reported from severe earthquake which occurred last evening. Virtually the entire city is composed of wooden frame houses which rocked during the quake. The shock lasted about 35 seconds. Thousands of persons fled from their houses into the open.

Wreck Kill's 2

Smithville, Tex., May 27.—Engineer McElroy was killed and Fireman Jenkins' body was buried beneath wreckage when a Katy freight train ran into a washout and rolled down a thirty-foot embankment a few miles south of here about 7 o'clock this morning.

The dead body of Engineer McElroy was found beneath the dome of the engine. Jenkins' body had not been found, but it is supposed to be beneath one of the four freight cars which tumbled over the high dump.

Noted Inventor Dead.

London, May 27.—Sir Joseph Wilson Swan, inventor of the first incandescent electric lamp, died here today aged 86. In 1879 he succeeded in solving the problem of producing an incandescent light, thus making possible the general use of electricity for lighting purposes. He also was well known for his photographic appliances. He perfected the carbon process and the dryplate, which revolutionized photography.

Jack Tubbe from away down on the edge of the high waters of the Angelina river was in city today enjoying high land (instead of raising cotton and corn on his bottom land this spring, he has been raising cat fish in large quantities.

Misses Alma and Anita Houston returned Sunday from Austin where Miss Alma has been teaching in Kennelworth Hall for the past year and Miss Anita has been attending the University of Texas.

NERVOUS HEADACHES

Heavy Feeling, as if My Brain Was Pressing Down

Mrs. Hill says: "I cannot tell you how much I have suffered during the past twelve years. Twelve years is a long time for any one to suffer. A great multitude of women in this country know exactly what Mrs. Hill means when she says, 'Heavy feeling, as if my brain was pressing down. So nervous I could not get my rest at night. I had to have sinking spells and then a week that I could not do my work.' A great many women in the United States will recognize in this description their own experience." Mrs. Hill found a remedy. After taking four bottles of Peruna she gained in strength and flesh and wrote us that she was a well woman again. She says, "I cannot thank you enough for my recovery."

This is no ordinary incident. Twelve years suffering. Four bottles of Peruna. Restored to perfect health. If Peruna can do this for one woman why can it not for another? Is it not worth your attention? Is it not worth trying?
Those who object to liquid medicines can now obtain Peruna Tablets.

Sunset Central Lines Offer Prizes to Farmers.

The Southern Pacific, Sunset-Central, always a strong factor in the development of the territory along its several lines in Texas and Louisiana, has created a decidedly novel innovation in its relations with the farmers generally in the territory traversed by its several divisions.

As a stimulus to a higher and more productive method as applied to the cultivation of cotton and corn, the lines in question through its Industrial Department, will offer a series of prizes to the farmers making the best records in cultivation and production of the two staples and also to the boy or girl making the best record in the same crops under the rules of the cotton and corn clubs.

The prizes will be offered as follows:

"For the best general field of corn of not less than 10 acres, making the greatest production and showing the best system of cultivation: one thoroughbred short horn sire.

"For the second best field, under the same conditions: one thoroughbred mature Duroc-Jersey boar.

"For the best general field of cotton of not less than 10 acres, showing the best production and best method of cultivation: one thoroughbred Jersey. Guernsey or Holstein sire.

"For the second best general field of cotton under the same conditions: one thoroughbred mature Berkshire boar.

"For the boy or girl making the best production under the boys and girls corn and cotton club rules, a thoroughbred Jersey heifer not more than two years old.

"For the boy or girl making the best production of cotton under the same rules, one Jersey heifer not more than two years old."

It is proposed that the farmers and others desiring to compete for these prizes shall make application to the farm supervisors representing jointly the County and Federal Department of Agriculture, in each county. Proper blanks will be placed in the hands of those demonstrators and it is intended that the entire contest shall be under the direction of W. F. Proctor, State Agent of the Federal Department of Agriculture for the State of Texas, and Prof. Mason Snowdown, State Agent of the Department for the State of Louisiana, and it is the intention that the awarding of the prizes shall be under the supervision of these gentlemen or their direct representatives.

"Of course the contest will be limited to farmers and other living along the lines of, or within the territory tributary to the Sunset-Central Lines in the two States.

There has been in session here for ten days a Christian meeting which was an aid to the people of our little city and especially during these gloomy weeks. Rev. O. L. Smith from McGregor, Texas, officiated with a heart overflowing with love for his fellow man, and an eager desire to see more people of sin accept Christ as their leader and be saved.

Notwithstanding the prevalent quietude of business everywhere, Chireno is still building substantial brick houses and pushing work of all kinds in order to meet the demands of our progressive country. Even the crops in this immediate vicinity seem to possess an air of thrift for they are looking splendid for the chances.

Many visitors have been here during this week.

Mrs. El Blankinship has been visiting relatives here, also her daughter Miss Mamie has been the guest of Dr. and Mrs. W. R. Blacksher from Troupe.

Miss Lucile Weeks visited in San Augustine last week, returning with her friend Miss Bernice Garrett.

Miss Thelma Gray left for a six weeks visit in Pike City, Ark. and Shreveport La.

Mr. Carl Blacksher from Silsbee is at home for a week or two.

Prof. Geo. Adams is preparing to start to the University of Texas, for the summer course.

Miss Laura A. Love left today for Huntsville where she will finish her schooling at the State Normal.

Mr. Mack Smith has returned from Nacogdoches after having spent a few days outing.

Miss Evie Gray has gone to Chicago where she is to study special work in the Chicago University.

Miss Jennie V Tucker has just graduated from a noted music conservatory in Dallas with highest honors she winning the medal and now she has accepted a position with them as teacher.

Citation
The State of Texas To the Sheriff or any Constable of Nacogdoches County, Greeting: You are hereby commanded to summon Quincy Maddox by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches county, on the 1st Monday in September A. D. 1914, the same being the 7th day of September A. D. 1914, then and there to answer a petition filed in said court on the 30th day of September, A. D. 1913, in a suit, numbered on the docket of said court No. 290, wherein Ollie Maddox is plaintiff, and Quincy Maddox is defendant, and said petition alleging in substance: That the plaintiff and defendant were lawfully married to each other on or about the 1st day of November, 1911, and lived together as husband and wife until on or about the 1st day of November, 1912, at which time plaintiff was compelled to abandon defendant because of his harsh, cruel, unkind and tyrannical treatment. Defendant did not provide raiment, food nor the necessaries which she should have had. That he often left her at night by herself, telling her when he came in that he had been out with the boys. After they had lived together plaintiff became enucleated and that her father sent her money with which to go to her father's home and that defendant took all of the money except railroad fare and 50, etc. Plaintiff says that during their marriage relations there was born to them a boy, named George, she asks that she be given the custody of said boy, and that her maiden name be restored to her Ollie McLamore. Plaintiff says that defendant's actions are such that it renders their living together insupportable. Wherefore, plaintiff prays that citation issue and that hearing hereof she have judgment for divorce, cost of suit and such other and further relief which she may be entitled to, both in law and in equity. Herin fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Witness, C. C. Watson, clerk of the district court of Nacogdoches county. Given under my hand and the seal of said court, at office in Nacogdoches this the 30th day of May A. D. 1914. C. C. Watson Clerk District court, Nacogdoches county.

Resolutions by Appleby Camp W. O. W

Whereas it has pleased the Almighty Father in his infinite wisdom to take from our midst our friend and brother Bunyan Greer; Be it resolved that in him we found a true and faithful brother ever ready to contribute to the comfort and happiness of those about him. Be it further resolved that there is a vacant chair in the home which can never be filled, that the community has lost a much respected and honored citizen and that the lodge has lost a faithful and consecrated member.

Be it further resolved, that the Lodge in regular session extend condolence and sympathy to the bereaved mother, brothers and relatives in this their sad hour of tribulation.

Be it further resolved that a copy of the resolutions be sent to the family and also a copy be spread upon the minutes of the lodge.

I have been suffering with bilious headaches and stomach trouble so bad I could hardly keep on my feet. but I was compelled to work to support my wife and family. One of my customers advised me to take GRIGSBY'S LIV-VER-LAX and it would cure me, and to my wonderful surprise it has entirely cured me. My physician would give me calomel, but heaven knows, I would be sicker than ever, and would have to lay on. I have no more headaches and feel almost a new person and I know now my trouble was my liver. I am giving it now to my children and I see a wonderful improvement. LIV-VER-LAX helped me the first day I took it, and is certainly a working man's friend. —LIV-VER-LAX is for sale by all druggists.

When you feel "Blue," Half Sick, Out of Sorts, and everything seems to go wrong, you can blame it on the Liver, as that organ is usually at fault.

For a Torpid Liver You Need

HERBINE

The Remedy That Puts New Life in the Liver and Regulates the Bowels.

A liver that is torpid exercises a demoralizing influence all through the body. It hampers the kidneys in their work, clogs up the bowels, throws bilious impurities into the blood and interferes with digestion. A person in this condition is pale, sallow and discouraged, feels bad, looks bad and his general condition is bad. Food digests poorly, bowels mostly constipated, suffers from dizzy spells, occasional headaches and prefers to sit around and do nothing in place of his usual hustling energy and cheerfulness.

Herbine changes all this by starting the internal machinery into activity again. Its reviving effect on the Torpid Liver is prompt and thorough. The Stomach and Kidneys feel its stimulating influence. The Bowels are purged of costive conditions and regular daily operations re-established. As a result of this general scouring of the interior, functional activity is resumed, everywhere, and the purified blood goes coursing through veins, carrying new life and energy to every part.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; it is necessary to use a remedy which causes it to be done. No medicine can do this. Deafness is caused by catarrh, which is nothing but an inflammation of the mucous surface. We will give One Hundred Dollars for any case of deafness cured by our remedy. Send for our free booklet. Dr. J. C. Hooper, 321 N. 2nd St., St. Louis, Mo.

Trip To Jacksonville. May 28th, 1914.

Editor Sentinel: By request of several to give a write-up of my trip to Jacksonville, Fla., on account of the Confederate Reunion which took place the 6th, 7th, and 8th instant, I will try to do so. On the morning of the 3rd instant instant in company with Dr. C. C. Pierce and Judge V. E. Middlebrook we boarded the train here for the trip. We ran into Shreveport a little late and had to wait over until 3:15 o'clock in the afternoon for the V. S. & P. train.

We could not get a sleeper at Shreveport, and had to sit up until 10 o'clock to await the arrival of the train at Vicksburg, Miss., where a sleeper would be switched on for New York. We obtained births on this sleeper and here it was that Pierce got the joke on me about looseing my shoes, and that is the best advertised joke in existence today. He strewed it from Jacksonville, Fla., to Nacogdoches and for fifty miles along the line on each side. At Meridian, Miss., Judge Middlebrook jumped us and was not seen any more until our arrival at home.

We were routed from Birmingham, Ala., over the Central of Georgia passing through Opelika, Ala., Columbus, Ga., Americus, Albany and Way-Cross, Ga., arriving at Jacksonville on Tuesday morning about 9 o'clock. The old soldiers were treated royally by the citizenship of Jacksonville.

The tents were pitched in the different parks of Jacksonville, and were composed of every thing brand new—tents, cots, blankets, pillows and sheets. The mess hall was under a big tent with a seating capacity of 8000. I was out at the mess hall on two occasions when the soldiers were being served with meals, and found that the food was of the best variety and well served. The convention was also held under a big tent with a seating capacity of 7000 people. It was stated by the authorities at Jacksonville that the crowd was the largest in the history of the city. On Friday night I boarded the train homeward bound, at Albany, Ga., I took a side trip to Blakely, Ga., 49 miles distant, the crops along the railroad were looking fine, corn about waist high, and cotton 6 to 10 inches high, all in a high state of cultivation. The last time I was in Blakely was in 1870, and I found but one man living who lived there at that time. At Smithville Ga., I switched off on the old South Western railroad, now a part of the Central of Georgia, for Eufaula, Ala., my old home. I was met at the depot by brother and four of his sons, who by the way are all fine specimens of young manhood.

At this point I remained five days meeting my brother from Columbus, Ga., and many other relatives, comrades and old friends. On Mothers Day we all attended the Methodist church, and every one who entered the church

Is Sickness A Sin?

was met at each entrance by beautiful young ladies and white flower pinned on to the bosom of every one. The pastor, Mr. Thredgill, preached a magnificent sermon on Mother, and when he finished every individual was in silent tears. It was more impressive on me from the fact that since my removal to Texas 87 years ago, father, mother, two brothers and a sister had passed over the river, and were sleeping in the cemetery on the banks of the Chewalla creek. At Montgomery, Ala., I stopped for two days, meeting a brother and sister and their families, two sisters I have not met for 19 years, one living in New York, and the other in Kansas City. At Meridian, Miss., I stopped with Eugene, our youngest son, for two days. At Monroe, La., I stopped with Jack, our third son, who is in business at that point.

Before concluding this squib, it would be an act of base ingratitude for me on the part of Camp Henry Rague No. 620 U. C. V. not to return our heart felt thanks to Miss Lillian Davidson for her donation of \$20.00 to pay the way of one Confederate soldier to the reunion. Miss Lillian at the last moment found she could not attend the Reunion as sponsor of our camp, which was regretted very much by the delegates who visited the Reunion. Individually I want to return my grateful acknowledgments to Mr. E. A. Blount for his liberal contribution. John S. Doughtie.

\$50 Brings \$200,000 to Woman. Ridgway, Pa., May 26.—Less than eight weeks ago Mrs. John Kane of Northumberland, wife of a real estate salesman, while working for a real estate company in St. Mary's took an option on 300 acres of land in what is now the famous gas belt near this city.

Mrs. Kane risked \$50 on an option which covered 800 acres in the hope of striking oil.

Two weeks ago a well was sunk on lands adjoining her lease and a gas gusher producing in the neighborhood of 2,000,000 every twenty-four hours was struck. Mrs. Kane accepted an offer that will net her over \$200,000 for the option she still holds on the major portion of the 300 acres.

Surprise Wedding. Quite a surprise wedding took place at the Eaves house Thursday evening when E. F. Webb of Weatherford and Miss Peal Spain of Sacul were united in the holy, bonds of matrimony by Justice of the Peace, J. F. Perritte.

Burleson Will Aid Farmers Washington, May 26.—The department of labor today arranged to supply Oklahoma with from 1,200 to 1,500 harvest hands whom Labor Commissioner Charles L. Daughtery of that state says are needed.

Answering Mr. Daughtery's appeal, Secretary Wilson communicated with Postmaster General Burleson and the latter agreed to have notice posted in 10,000 first, second and third class post-offices giving Oklahoma's appeal for men to work from four to six months for from \$2 to \$2.50 a day and board.

Secretary Wilson also has instructed labor commissioners of other states to utilize the department in finding employment for laborers. The department will guard against glutting the labor market by stopping the flow to Oklahoma and other states through means of publicity when the demand is filled.

Debs From Little Rock. The crops of this community are progressing nicely only it is raining too much.

This is my first time to write to the Sentinel and as I have seen several good letters from Appleby and Mayo I thought I would write a few lines.

We had church at Little Flock the third Sunday in May, conducted by Rev. August Stephens.

I will announce the marriage of Mr. Will McNight to Miss Sallie Driggers. May God's richest blessing rest up on them in their future lives.

Miss Gay Biggers and several from town came last Sunday to Cushing in a car and all reported having a nice time, but they said the roads were rough. V. V.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

The Evidence is Supplied by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Nacogdoches, what can it be?

F. Peterson, engineer, S. Church St., Nacogdoches, Tex., says: "I suffered severely from kidney trouble and nothing seemed to do me the least bit of good. The pains in my back were terrible, and I could hardly move. The kidney secretions contained sediment and during the night my rest was disturbed by their passing too frequently. Hearing about Doan's Kidney Pills, I got some from Mast Bros. & Smith's Drug Store. (now Swait Bros. & Smith's Drug Store), and a few doses relieved me. I continued for several weeks and was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents, for the United States.

Remember the name—Doan's—and take no other.

Notice.

There will be a picnic on the 4th of July at Harmony with a school entertainment and box supper at night. Everybody is invited to be present, especially candidates. Committee.

A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair is really a matter of care and attention. Parisian Sage, when rubbed into the scalp and applied to the hair, will work wonders—you will be surprised and delighted with the first application—not only will the hair appear abundant, soft fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application and cleanses the hair of all dirt and excessive oil. It is an inexpensive, scientific tonic, and contains nothing to injure the hair or scalp. It can be secured from Stripling, Haselwood & Co., or at any drug store.

MAYER & SCHMIDT, INC.

Automobile Owners.

Let's organize an automobile club. The purposes of the better maintenance of certain selected roads by the organization, the encouragement of good roads building by influence and material aid, the education of our selves in road rights and privileges as regards each other and other users of the highway, and for the working out of any other plans that will improve conditions affecting the use of motor cars.

The increased number of cars coming into our town, nearly all of which are for the use of those who as yet have no experience, and the number of careless and reckless drivers among us now who know something of driving already, to my mind makes it a necessary precaution to take now, before we have any accident to deplore. Nacogdoches, considering

that all of us have learned to drive on the public streets of the city, has been very fortunate in that she has escaped for three years any serious accident resulting from auto driving.

Any others interested along this line will respond with any suggestions to the end that we may get together on some plan of organization that will get results that might be profitable in securing good roads and improving our manners and efficiency as drivers.

Hollis Mast.

Messrs Bonnie, Hunt, Curlee and Stephens, cable men for the S. W. T. & T. company left Monday for Houston and Beaumont after finishing their part of the work in this city. While here they gained many friends who regret their departure.

Former Nacogdoches Teachers Honored.

It will no doubt be of interest to the people of Nacogdoches to know that Miss Clara G. Cook has recently taken the degree of Doctor of Medicine; at the Medical College at Galveston and Miss Mary E. Wadlington the degree of Doctor of Philosophy at Yale University.

Both of young ladies were former teachers in the Nacogdoches schools and made enviable records.

A Quick Settlement.

J. W. Shepherd of Appleby had his mercantile establishment burned last Friday night week, and this morning Sublett Insurance Agency has drafts to settle loss—only one week and a day!

Robert Baker of Swift was among the visitors in the city Saturday.
