The Place Where You get What You Want

Letter from Dr. Mayfield.

Crystal City, Texas, June 6, 1914.

Editor Sentinel:

Strange to say, I am now located here, away out on the Rio Grande. When you were at Carrizo Springs, which is about twelve miles south of Crystal City, did you come up to this hub of the great Cross S. Ranch? Any way, you understand the lay of the land, and you know what a fine land it is, bordering the land of God and Liberty, where Villa fights the other villians; and by the way every body here is in sympathy with him, and with the U. S. administration policies.

It will probably interest you to know that this city had a mushroom experience, resulted in a bursted boom. It now has begun to revive. It is a pretty town in a pleasant productive land, but its population is only about 1000, while its capacity in buildings is double that.

Truck growing, farming and diversified agriculture are the chief propositions. Onions lead, but strawberries, cultivated dewberries, garden truck and field crops are abundant and early crops. Rains have been excessive, especially for onions. My next door neighbor, who is not a large onion grower, has shipped twelve car loads and lost besides about two carloads, worth about \$800 each. Such tates ever abound; another was the destruction of a big irrigation dam which was under construction on the Nueces river near here.

The Sentinel reaches me every day when the trains are not delayed, and is as welcome as an angel. It makes me want to return and vote for my old time friends who are candidates.

I enjoy reading J. S. Dough-tie's description of his reunion trip, also previously Jefferson Bakers article on Washington, Ark. I was there on several war time occasions, never to be forgotten. Jim Thomas

and Fritz Hoya were there when I was.

The death of Mrs. Eugenia Seal was sad news to me. I knew her and all her folks well in the long ago.

Your friend,

J. E. Mayfield

For Better Roads.

Garrison, Texas, June 8, 1914.

Mr. Hollis Mast.

Nacogdoches, Texas.

Dear Sir:

I note with much interest your article in last week's Sentinel as regards the organization of an Automobile Club.

Noting carefully all you say I am sure that such an organization could be of much benefit not only to the motorist but the public generally, and I shall be only too glad to co-operate with and assist you in anyway I can.

Would be glad to know the date of the first meeting.

Yours for better roads and sater travel.

W. E. McMillin.

What Inventors Are Doing

Spellman & Murray, Patent Attorneys of Dallas, Texas, announce the issuance by the United States Patent Office at Washington, D. C. the following patents to residents of Texas, for the week ending June 6, 1914:

Edgar F. Fruenbeak, Marfa, Engine Starter.

Chas. D. Lovelace, San Angelo, Trap-gun.

Ingomar F. Orton, Galveston, Weed-killing Car.

Sitwell Prescott, Fort Worth, Feeding Mechanism for Printing Presses.

Carl T. Reisner, Waco, Shade and Curtain Bracket.

James A. Smith, Dundee, Spring-caster.

Leo. I. Moore, Legget, Telegraph-transmitter.

Geo. W. Cavin is interested in oil developments in San Augustine county. He has several thousand acres all of which expert Drummet says has decided oil indications.

El Paso Selected For Democratic State Convention

Waco, Texas June 8.—The State Democratic Executive Committee today selected El Paso as the place for the next convention.

The subcommittee recommended that El Paso be recommended as the place for holding the State Democratic convention in August.

The El Paso delegation presented a certified check for \$4,500 for expenses of committee.

Waco offered \$4,000 Dallas \$2,500.

Huerta Cancels Order To Blockade Port Of Tampico.

Mexico City, Mex., June 8.—The Huerta Government today decided to countermand the order for a blockade at Tampico.

This action by Huerta is believed to have followed receipt of word from Niagara Falls to the effect that the United States would not permit the blockade.

The Mexican Cabinet, of course, realized the utter futility of opposing the American naval force.

Union Labor Vote Goes To Ferguson.

El Paso, June 8.—The Texas Federation of Labor was opened this morning by President Redman of the El Paso Trades Council. The convention, the largest in the history of the federation, was attended by 200 delegates and many visitors, and a poll of the delegates evinced an overwhelming Ferguson sentiment.

A number of interested members of the delegations took a poll as to the choice for governor. El Paso and San Antonio stand 100 per cent for Ferguson. Never in the history of the state federation has there been such unanimous sentiment in favor of a candidate. Delegates from prohibition sections are as unanimous as in South Texas.

First Ocean Liner Goes Through Locks Of Canal.

Panama, June 8.—The first passage through the Gatun locks by an ocean liner was successfully carried out today by the Panama Railroad steamship Alliance, a vessel of 4000 tons.

The trip was made a test of the working of the electric towing locomotives in handling large vessels. The operation required about one hour and a half each way. A large crowd witnessed it.

Fern Lake Fishing Club had the annual meeting of stock holders Tuesday morning. The following officers were elected: Directors—C A Hodges, S M Adams, E M Roberts, Greer Orton, E A Blount, Josh Hinson, W W Hall, President E M Roberts, Vice President W W Hall, Secretary and Treasurer F E Sublett.

Extract From Salutatory Address.

The following is an extract from the salutatory address delivered by Miss Jessie Burgess at the commencement exercises of Nacogdoches High School our limited space prevents the publication of all of it:

Your circumstances may be incongenial, but they shall not long remain so if you but perceive an ideal and strive to reach it. Do not be discouraged if your vision and ideal exist now only in dreams. The greatest achievement was at first and for a time a dream. The oak sleeps in the acorn; the bird waits in the egg; and in the highest vision of the soul a waking angel stirs—"For dreams are the dealings of realities." "He who cherishes a beautiful vision, a lofty ideal in his heart shall one day realize it."

The dreamers are the saviours of the world. As the visible world is sustained by the invisible, so men through their trials and sins and sordid vocations are nourished by beautiful visions of their solitary dreams. Humanity can not forget its dreamers; it can not let their ideals fade and die; it lives in them; it knows them as the realities which it shall one day see and know. "Dream lofty dreams and as you dream so shall you become." "Your vision is the promise of what you shall one day be; your ideal the prophecy of what you shall at last unveil." "You will become as small as

your controlling desire; as

great as your dominant aspiration." Unless you cherish in your heart a vision of the goal for which you are striving, and harbor in your soul a true and noble purpose, your life will at last end a wreck on the sand bars of time. "You are the master of your fate; you are the Captain of your soul." You have as a precedent the lives of those who have gone before you, and who have successfully battled against the obstacles that confronted them—who have found a way to cross the pathless Alps, and who have left to humanity the realities of their ideals. You can follow these brave pioneers across the Alps into the beautiful land of your "Italy" if you desire it. Your greatest wish can become a reality if you but strive to make it so, for:

"The lives of great men all remind us
We can make our lives
sublime,
And departing leave behind
us,
Footprints in the sands of
time."

John Lloyd of Nat was a pleasant caller at the Sentinel office Wednesday. He reports crop conditions much improved during the last few days of 'sunshine. Nat has recently erected a fine high school building and is offering land near the school at low prices to those who desire to build.

Mid-Summer Night Sermons.

For more than a year I have had in mind the preparation and delivery of a series of sermons to young men, basing them upon Our Lord's dramatic story of "The Prodigal Son." I have now planned to enter upon this series beginning next Sunday night. All the sermons will be elaborately illustrated from and practically applied to modern social conditions as they especially bear upon the lives of young men. The subjects as outlined from the beginning and as at present contemplated will be as follows:

- I. The Young Man Leaving Home.
- II. The Young Man In The Far Country.
- III. The Young Man Coming To Himself.
- IV. The Young Man Going To His Father.
- V. The Young Man Restored To His Home.
- VI. The Elder Brother.

There will be special music suited to these varying themes. The public will be cordially invited to attend each service especially those who do not belong to other congregations.

A man will make a hundred mistakes a day and get mad if the children are not perfect.

Dave Dinks says he saw in a paper if a feller is in the dark it is just as nice to kiss an ugly girl as a pretty one.

Dave Dinks says his idea of an easy job is being the third vice-president of a literary society in a small town like Lutkin.

It is interesting to note at this juncture that the three sons of Governor Hogg—Will, Tom and Mike—are strong for Ferguson and his platform.

It may require much time to settle the Mexico affair, but no one can see why the Government in so slow to begin the erection of our post-office building.

Heavy rains break drouth in Kansas, Georgia and other states, while in Texas sunshine bathes the land which has been thoroughly water soaked for many days.

The Rockettellers, Goulds, and other multimillionaire railroad owners, through their Texas managers, are all for Ball, but the men whose work keeps the roads going are for Ferguson.

The Houston Club, of which Col. Ball is a member paid out last year for subscriptions to magazines, periodicals, etc., \$112.60 and for playing cards and poker chips \$861.45.

Chief Sam in his ship Liberia is expected to arrive at Galveston about June 10, where nearly five hundred negroes are dreaming of the land "flowing with milk and honey."

President Wilson's suggestion yesterday to the graduates of Annapolis Naval Academy was: "America is using you as instruments of civilization, not as instruments of aggression."

President Wilson, in conformity with plank in the Baltimore platform, is planning to give freedom to the Filipinos, who have already cost this government hundreds of millions of dollars.

Dr. Frank Crane says: "And the truest of all A. B. C. matters is that arms and violence do not count in the long run, but that justice alone is the basis of any permanent settlement of human affairs."

Not a dissenting opinion was expressed as to the feasibility and advantages of building a Government oil pipe line from Oklahoma to the Gulf of Mexico, at the hearing conducted in Houston Wednesday.

The condition of Texas cotton on May 25 was 65, the lowest of any state in the Union, while the average condition on same date for the past ten years was 81. But a few days of sunshine will work wonders.

Our Candidate for State Senator.

It prohibition is made a part of our organic law in the July primaries, the next legislature will vitalize it by proper enactments; if prohibition is defeated our splendid local option laws will remain and no legislation will be necessary. As to this issue it makes but little difference who will occupy the governor's chair. The Sentinel is more interested in worthy home men running for office than in any distant man with whom it necessarily has but slight acquaintance. S. M. King, candidate for state senator, is able and brilliant. If he has a superior in Texas, we know not who it is. When he announced it was our opinion his home people would be for him almost to a man, and this opinion is still with us.

A monster rally of the Ferguson followers will be held in Dallas June 18th, and the prospects are that it will be the greatest gathering in the political history of Texas since the days of Jim Hogg.

In order to meet the German growth of armaments, Russia's minister of finance has informed the budget committee that within the next five years \$3,760,000,000 must be spent for the army and navy. God save the people!

It is suggested that if the business men of the city will co-operate with the Truck Growers Association, which meets at the court house tomorrow afternoon, Nacogdoches as a shipping point will likely be the beneficiary of this year's crop.

Leopold Morris, the Huntington Herald, the socialist platform and the Nacogdoches Sentinel favor the abolition of the senate—the useless relic of ancient oligarchies—and the establishment of a commission form of government for the state.

The managing editor of Leslie's Weekly, whose name is Splitstone, suggest that the situation has reached such a stage that it is an absolute necessity that the United States send troops into Mexico to restore peace. The best way to quench a flame is to pour kerosene on it.

The annual sales of liquor by the Houston Club of which Col. Ball is a member aggregates more than ten thousand dollars. Posted in a conspicuous place is the placard: "No Gambling Allowed Among Members," but the expense last year for playing cards and poker chips was \$860.

The same bunch of politicians are hanging together. Their greatest difficulty is to find a reason why the laboring people should support a twenty-thousand-dollar corporation lawyer for governor. They try to make music on a fiddle whose strings stretch from the Sabine to the Rio Grande and expect the people to dance. At the attempt of constructive statesmen to help the tenant farmer they howl socialism. The under dog whose interests they oppose they are trying to lead by the nose.

Texas imported last year over \$24,000,000 worth of pork products from other states. Is there much honor in our boast of raising a third of America's cotton supply when we have to trade it off to the other states for pork, especially as cotton is ruining the farms of the South and hog raising is making "corn belt" farms richer?

Nacogdoches Sentinel perpetrates the outrage that as Martin Jones and Martin Dies are candidates for Congress in its district, on July 25 one Martin lives and one Martin dies. "If this be an atrocity," it defies, "make the most of it!" Wish we could. But the Constitution bars cruel and unusual punishments, such as would fit the crime.—San Antonio Express.

There is no desire on the part of The Tribune to plunge into untried fields of government ownership without the most careful investigation. But the New Haven scandal, the Frisco scandal, the Katy scandal, certain operations of the H. & T. C. and the Santa Fe which ought to be scandals, point to the absurdity of denouncing government management as inefficient and wasteful.—Austin Tribune.

The Nacogdoches Sentinel notes that Cato Sells, Indian commissioner, is in Texas investigating the feasibility of constructing a government oil pipe line from Oklahoma to the gulf, and remarks: "There was a time when Texas contained public men regarded as statesmen who would try to defeat this project by calling it socialistic." Cato's proposal is respectfully referred to those able statesmen who insist that it is undemocratic to propose to protect farm tenants from extortion in the matter of rents, for attention.—Houston Telegram.

Today the German people own the railroads. Now, Bismark might have taken his cue from us and raised an enormous crop of Morgans, Vanderbilts, Goulds, Harrisons, and Rockefeller, to absorb the profits of the roads, but he preferred to benefit the people. Would it not be a good thing to make one gigantic holding company in our country, every dollar of the stock of which be preferred and the dividends limited to 5 per cent and the interest on the bonds to 5 per cent, let this concern acquire all the steam roads and operate them on the Bismark plan? In fifty years, if the thing was operated honestly, efficiently and economically, the roads would pretty nearly belong to the people, as they do in Germany.—Savoyard.

It is an old story, old as the race and new as our latest upheaval. It is the desire of man to control his fellows. In both Mexico and Colorado the problem is at the bottom essentially an industrial struggle.—Galveston Tribune.

Farm Telephone Saved Child's Life

One of the Children fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

Ferguson Strong in Bell.

San Antonio, June 4.—Will W. Wood of Rockport, spent yesterday in the city. He says all doubt of the decisive nomination of James E. Ferguson for Governor has gone and that he will be triumphantly named on July 25 by 65,000 to 75,000 majority.

"There have been many statements in the newspapers about Mr. Ferguson's standing with the folks at home," said Mr. Wood at the Gunter. "I am just back from a stay in Bell County, where I made particular efforts to discover the exact situation. I talked with just as many pros and I did antis and am convinced 50 per cent of the pros will support the man with whom they have lived and whom they admire and respect. Jim Ferguson's majority in Bell County will not be less than 4,000."

"I have recently been in many parts of the State. Political conditions are alike everywhere. Ferguson is gaining, Ball is losing. I was never surer of anything in my life than that Ferguson will distance Ball to the tune of 65,000 or 75,000 majority at the primary election next month."

Predicts Ferguson Victory

Austin, Texas, June 3.—Governor Colquitt said today.

"There is an immense upheaval rolling over Texas in favor of Jim Ferguson for governor and if the election should occur tomorrow he would be elected by 100,000 majority. I have predicted 50,000 for him, and if nothing occurs between now and the primaries it will easily be 100,000."

Continuing, he said: "The opposition to Ferguson is cognizant of this upheaval and is becoming desperate. They feel it rolling in from every part of the state, and I look for them to endeavor to stem the tide and avert certain defeat by trying to dig up something as to Mr. Ferguson's personal record, so as to besmirch him, if possible but I do not think it can be done."

El Paso Strong For Ferguson.

State Senator Hudspeth states that Ferguson will carry his senatorial district by 3 to 1, and that the bankers, farmers and cattlemen of the El Paso country are for him to a man.

Following are some extracts from his letter:
El Paso, Texas, May 30, 1914.
Hon. Jno. G. McKay,
Temple, Texas.
Dear Sir:
I have just been down through San Angelo district and everything seems to be going wild for Ferguson. I believe he will carry my senatorial district by a vote of at least three to one. I know we will give him at least 8 000 votes in El Paso and the Thomas Highballs 500.

I will have my coat off and my hat in the ring and I think the Ball people, what few there are in my district, will hear a sweet song that they will remember the rest of their lives.

Write me occasionally how the situation presents itself to you, and tell Jim that the bankers of El Paso and elsewhere and the "longhorn" people are for him to a man.
Very truly your friend,
C. B. Hudspeth.

Summing up Mr. Wilson.

Stating what in his opinion the Wilson administration in the United States has actually accomplished so far, Ray Stannard Baker sums it up in the American Magazine as follows:

First—Some of the power and some of the privilege of vast wealth are being curtailed. The tariff law, the currency law, and the trust laws have each tended in this direction.

Second—The principle of government control of industry and commerce has been established as never before. Commissions provided for in the currency and the trust legislation have this end plainly in view.

Third—A short step in the direction of actual government ownership of the instruments of commerce has been made in the provision for the governmental development of Alaska railroads, the control of radium lands and the like.

Fourth—And in some ways the most important of all, a new ideal, a new standard is being set up in our relations with our neighboring nations—as in the Mexican affair.

Submission Issue

Dallas, Tex., June 6.—Considerably more than enough signatures have been received at pro headquarters required by law to place submission on the ballot. These petitions will be presented to the State Democratic committee at the committee meeting to be held in Waco Monday.

The work of checking and tabulation has been completed; the filing with the State committee being the only formality yet to be complied with.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIEL LAWSON, 125 Lippitt St., Providence, R. I.

Danger Signals to Women

are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement of an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

Killed by H. F. Marr

Corsicana, Texas, June 3.—George Costillow, a barber, was shot and killed here today. Shortly afterward Hugh F. Marr, a printer, surrendered in connection with the case.

The shooting followed a personal difficulty last night. Marr and Costillow met this morning near a downtown hotel. Marr fired three shots two of which took effect. Costillow did not shoot. Marr is well known as an anti-prohibition speaker and in labor circles, and has a large family. Costillow, who lived here from youth, also has a large family.

Caranza Cruz of Situation.

Washington, June 4.—Caranza loomed today as the crux in the mediation situation. Upon his message to the South American envoys hung the immediate scope of diplomatic endeavor to bring order out of war's chaos in the Southern republic. The note was expected definitely to determine whether mediation were to be confined to the dispute between Huerta and the United States or to include the entire problem of Mexico's pacification, with the constitutionalists represented at the Niagara conference.

\$93,000 for Neches, \$48,500

Washington, June, 4.—The sundry civil bill reported to the house today carries an appropriation for the Sabine-Neches canal. For the section from Port Arthur to the mouth of the Neches and from there to Beaumont 93,000 and from the mouth of the Neches to the mouth of the Sabine and up the latter to Orange \$48,000.

The bill carries \$900,000 for the Galveston harbor and \$200,000 for two dredges for the Houston channel.

"If you were a man and about to propose, Now how would you do it, asked he?" "With a blush on her cheek quite as red as a rose, I'd do it quite promptly, said she."

NEW WORK FOR AGRICULTURAL DEPARTMENT

Farmers' Union Would Have Commissioner of Agriculture Organize Co-operative Association of Farmers.

A Practical Farmer Demanded to Head Agricultural Department—No Lawyers Wanted.

Fort Worth, Texas.—The Commissioner of Agriculture has greater opportunities for service than any other official in State government. In addition to the important duties which have already been assigned that department by the Legislature, it is generally conceded that the Legislature will devote itself almost exclusively to agricultural problems and the proposed system of new and untried laws must be adjusted to working conditions by the next Commissioner of Agriculture in co-operation with the farmers.

The next administration will be confronted with the enactment and application of agricultural legislation and the Commissioner of Agriculture must be a practical farmer. The law requires, and public necessity demands, that he be a man who has first-hand knowledge of farming conditions.

We Stand for Law Enforcement.
We quote in part from the law on this subject: "The Commissioner of Agriculture shall have a knowledge of agriculture, manufacturing and general industry; shall be an experienced and practical farmer, etc."

We are going to put up a "posted" sign on the Agricultural Department against lawyers. There is no more reason why a lawyer should run for Commissioner of Agriculture than why a farmer should be a candidate for Attorney General. We know of no lawyers who contemplate entering the race, but we want to notify them not to hunt on our preserves in this campaign. We stand for law enforcement and call on all good citizens to see that the constitution is upheld and that no lawyer is permitted in the Department of Agriculture.

The Farmers' Union takes science by the hand and welcomes progress. We have been the pioneers in the movement for improved cultural methods but increasing production is not sufficient. The farmers have many important problems that cannot be solved by free garden seed, skillfully written bulletins and eloquent lecturers. We will mention a few of them:

Organization and Co-operation Needed.

The farmer has the best security on earth, yet he pays an average of from 10 to 30 per cent interest on his money, against four to eight per cent paid by other lines of industry on less stable securities. Is it education the farmer needs to reduce his rate of interest? We think not. He might raise the largest pumpkin; the biggest bushel of corn and enough vegetables per acre to fill a silo, but his rate of interest would remain the same.

The farm laborer works an average of 12 hours per day the year round at 11 cents per hour and boards himself. The brick mason in Texas receives 87 cents per hour, the highest of any State in the Union, and farm labor ranks thirty-fifth. The laborers in all other trades work approximately an average of 9 hours for 25 cents per hour. Is it education the farm laborers need to bring their earning power up to that of their city cousins? We think not. He might read farm bulletins every night until the chickens crowed for day and he would not increase his wages one penny.

The average farm yields a net

Mr. Harry Bowers, who has been employed in the wholesale house at this place of the Nacogdoches Grocery Company for quite a while, has taken to the road for this same institution.

If he makes as good a traveling salesman as he did an inside man, the company will have nothing to fear.—Lutkin News.

income on the investment of 4 or 5 per cent and the average business 10 to 30 per cent. Will any one contend that this difference is due to ignorance on the part of the farmer? We think not. He might listen to agricultural lectures until he became gorged with knowledge and he would have no more to say in fixing the price of his products than he has today.

The world is one great corporation of which the farmers are the largest shareholders, but when we call at the counter of industry for our dividends we are handed a package of education and the other fellow gets the gold. We are glad to get the suggestions, printed and otherwise, but we want in on the dividends and a voice in fixing the price of our products.

The Remedy.

We must further improve our cultural methods and move forward more rapidly in all branches of practical science of production, but the remedy for the present difficulties must come through organization and co-operation, and it is this new field of activity that the agricultural department must enter. Legislative permission to form rural credit associations; to build warehouses; to form co-operative cotton gin companies, to organize market associations, etc., is necessary, but it is not sufficient. To get the full benefit of these laws the farmers must be encouraged and directed in the organization of the respective associations needed in his community and this work properly belongs to the Department of Agriculture. It is as important a function of government to demonstrate the advantages of organization for the transaction of the business of farming as to demonstrate the advantages of cultural methods, and far more profitable. The formation of co-operative associations that will introduce economies in farm operations, reduce rates of interest, and afford facilities for the more profitable marketing of the crops, are what the Texas farmer needs today and needs badly.

The farmer has so often become the victim of designing promoters who operate under the guise of agricultural philanthropists that he very properly hesitates to enter into any voluntary organization that binds him financially. We have a very recent instance in which the farmers of this State were fleeced out of a few hundred thousand dollars by promoters, which illustrates the willingness of the farmers to cooperate in an effort to better their condition and demonstrates the disadvantage of no authoritative plan of action. He is entitled to the sanction of State and the endorsement of its authorized representative to co-operative contracts, in which his property and that of his neighbors are involved, and his faith in government will encourage him to enter into these new forms of business transactions when its seal of approval is placed upon them.

The appropriation should be made with a view to extending the work into rural credits and marketing, which is the most needed and most neglected factor in agriculture at this time. The farmers pay more into and get less out of government than any other class of citizens and have less to do with its management.

The next Commissioner of Agriculture should not only be a capable producer but a successful organizer as well. He should be a man who understands the business side of farming and of proven ability in co-operative work, and one who enjoys an extensive acquaintance and possesses the confidence of the farmers of Texas.

It is as important that we select the right man for Commissioner of Agriculture as that we enact constructive legislation on the subject, for laws that are not properly used are worse than no laws at all.

W. D. Lewis, President.
Peter Radford, Ex-President.
Texas Farmers' Educational and Co-operative Union.

Mr. and Mrs. Jim Floyd, who have been residing in this city for some time, moved this week to Nacogdoches, where they will reside in the future. They have many friends here who regret very much to lose them, but wish for them happiness and content in their new location.—Lutkin News.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

S. P. Railway Company Sued For \$15,000,000

New York, June 3.—Failure of the Southern Pacific Railroad Company to lend the Development Company of America \$500,000 in compliance with an alleged contract to meet interest on certain bonds caused a loss to the latter company of \$15,000,000, it claims, and suit to recover that amount of damages was begun yesterday by the development company in the supreme court.

Electrical Supply House.

Mr. Kirk Perry of Tyler has arrived and is today opening the Perry Electrical company in the new building on East Main St. Mr. Perry has purchased the electrical supplies of the City Light and Power Co., and will add a nice and well selected stock of merchandise in this line. He has lived in Tyler for the past 25 or 30 years, was manager of the Tyler Light and Power Co., for 20 years and comes to Nacogdoches with the highest of recommendations and best wishes of the good people of Tyler.

This new line of business will afford the people of Nacogdoches a great convenience in the electrical furnishings of their houses as his stock will be complete in every sense and selections can be made from stock instead of catalogues.

Good appetite and cheerfulness follow the use of Prickly Ash Bitters. It purifies the blood, liver and bowels and makes life worth living. Stripling, Haselwood & Co., Special Agents.

W. H. Harris, editor and proprietor of the Hemphill Reporter came all the way from Sabine county to be at his good old home again. He is threatening to remain here a month. In fact it will take about that much time for him to get around and see all of his friends.

No man can work well with a torpid liver or constipated bowels. A few doses of Prickly Ash Bitters will quickly remove this condition and make work a pleasure. Stripling, Haselwood & Co., Special Agents.

Shot at Uncle, Kills Wife

Mexia, Texas, June 4.—Mrs. S. P. Gammons was shot and instantly killed about 4 o'clock this afternoon at her home in the southern part of town. Her husband came out of the house a few moments later with a shotgun and was arrested. He admits the shooting, but claims that he was attempting to shoot his uncle, a blind man that lived with them, and that his wife got in the way and received the charge. The man has just been discharged from an insane asylum.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all dealers. dw

Wood Alcohol Barred For Toilet Purposes.

Austin, Tex.—Food and Drug Commissioner C. O. Yates today gave notice to dealers in hair tonics and face preparations that he will, after June 1 next, take legal action against any dealer, barber, hair dresser or any one else, selling or using in their trade, hair tonics or face preparations containing wood alcohol.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. For sale by all dealers.

Knights of Pythias Elect Officers.

At the semi annual election of officers for Lanana Lodge No. 106, Knights of Pythias the following officers were elected Friday night. W. J. Teamer, C. C. H. C. Hatchel, V. C. Ellis, Ga. ton, Prelete. F. A. Beall, M. of W. John Green M. of A. Joe Crain I. G. F. D. Huston, O. G. L. I. Muller as K. of R. and S. was elected in December, therefore will hold over till next election.

Indigestion and Constipation.

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.

Audry Coleman who has been with the Post Office Drug Store has resigned his position and took the examination for a teacher's certificate.

Only One Entirely Satisfactory.

"I have tried various colic and diarrhoea remedies, but the only one that has given me entire satisfaction and cured me when I was afflicted is Chamberlain's Colic, Cholera and Diarrhoea Remedy. I recommend it to my friends at all times," writes S. N. Galloway, Stewart, S. C. For sale by all dealers. dw

Facts On Temperance

Our prohibition friends are fond of saying that the world would be far better off if the "curse of drink" were wiped out of existence.

We agree with them. But the "curse of drink" means intemperance—drunkenness.

Beer is not conducive to drunkenness, although the association of ideas is so close in the minds of some people that they make no discrimination whatever and, either ignorantly or thoughtlessly, they hold beer fully as responsible for drunkenness as anything else. The fallacy and injustice of this assumption are at once apparent to any fair minded person who considers these facts: Beer is essentially a drink of temperate people and is the best friend of true temperance. It contains so small a percentage of alcohol as to render it absolutely harmless if taken in moderation.

Many eminent divines who have made a close investigation of saloon conditions and the liquor question in general, declare that the moderate use of beer and light wines should be encouraged rather than discouraged, because they recognize the great truth that moderate indulgence is the only way by which true temperance can be promoted and lastingly maintained.

Rev. Dr. Parkhurst of New York, says:

"I am decidedly of the opinion that the more wine and beer there is produced in this country and the more freely it is transported from state to state, the less whiskey will be used and the smaller the amount of drunkenness."

Can, then, any right thinking person suppose that a light beer—a truly, healthful, mild and harmless beverage—is an enemy to mankind—that it can in any way be construed as the "curse of drink"? Yet the prohibitionists assert that it is and they would, therefore, abolish it. But in so doing they would but magnify the evil, drunkenness, they are trying to suppress. —Paid Advertisement.

For An Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Tablets. Mr. J. H. Seitz of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." For sale by all dealers. dw

Rev. Bascom Anthony, a presiding elder of the Methodist church in Southern Georgia, tells a story of a negro pastor down his way who failed to give satisfaction to his flock. A committee from the congregation waited on him to request his resignation.

"Look here!" demanded the preacher. "Whut's de trouble wid mah preachin'? Don't I arguty?" "You sho' does, eldah," agreed the spokesman.

"Don't I 'sputify concernin' de Scriptures?" "You suttinly does," admitted the other.

"Den whut's wrong?" "Well, eldah," stated the head of the committee, "hit's dis way: You argufies and you 'sputifies, but you don't show wherein!" —Saturday Evening Post.

Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You can do it if you apply Chamberlain's Liniment. W. A. Lockhart, Homer City, N. Y., writes, "Last spring I suffered from rheumatism with terrible pains in my arms and shoulders. I got a bottle of Chamberlain's Liniment and the first application relieved me. By using one bottle of it I was entirely cured." For sale by all dealers. dw

Pretty Flowers
The Cemetery Association went to the trouble and expense of putting in water connection and planting a pretty flower garden at the entrance of the Cemetery, so that this sacred place might be more attractive.

Sunday afternoon some little children, either mischievous or innocent of property rights, went in and pulled nearly all the flowers, turned on the water and otherwise damaged this property.

The ladies of this Association deserve much credit for their efforts to make the cemetery a place of beauty and they request that we as interested citizens protect the property.

Rev. John Adams is Dead.

Tyler, Texas, June 3.—Rev. John Adams, aged 91, one of the oldest superannuated Methodist ministers in Texas, died here last night. Bishop Mouzon of San Antonio will deliver the funeral sermon.

The Frenchman likes his native wines;

The German likes his beer;

The Irishman likes his whiskey straight

Because it gives him cheer;

The Englishman like his o'alf and 'alf,

Because it brings him dizziness;

The American has no choice at all,

It may be that El Paso was selected as the best place to hold the Democratic state convention because the extreme western country is overwhelmingly in favor of the democratic principle of local self government. The untrammelled west is for Ferguson more than three to one.

We must strike out on new paths."—Woodrow Wilson.

The Dallas Journal credits the Nacogdoches Sentinel with the following:

"Is it sufficiently caloric to coincide with your estimate of appropriate meteorological conditions?"

This nice little squib was clipped by the Sentinel from the Houston Chronicle, hence the paragrapher of that excellent paper deserves all the credit for the Bostonese interogatory.

Former State Senator Kellie endorses the idea of a commission form of government for the state, stating that he is in favor of doing away with both branches of the legislature and employing ten or twelve good men to look after the people's affairs at a fair compensation to themselves, the salaries being sufficient to induce only the very best men to serve. Not a bad idea, is it?—Lutkin News.

YOU CAN'T EAT APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.

Lunch has lost all of its charms, although they try to eat something. Dinner about the same.

There is something positively wrong, of course, but no disease that can be named. Just out of sorts. That is all.

It is in this kind of a condition that Peruna acts very beneficially.

After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.

Thousands of people can testify to this. Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not as an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.

Those who object to liquid medicines can now obtain Peruna Tablets.

THE KIDNEY REMEDY A GREAT HEALER

For a number of years I was troubled with my kidneys, condition so serious that part of the time I was unable to work. Tried several remedies, also different physicians without relief. A sample of Dr. Kilmer's Swamp-Root was left at my house. I commenced to take it and continued it until I had taken several bottles and am now cured. Am sixty-two years of age and able to work every day. I attribute my cure to the use of your Swamp-Root.

My wife also was cured by Dr. Kilmer's Swamp-Root. Symptoms were very serious, including hemorrhages, great pain and distress. I commenced giving her Swamp-Root and it was just as healing in her case. We can heartily recommend your Swamp-Root to all kidney sufferers.

Very truly yours,

Nacogdoches, Texas.

My dear Sirs and Friends:

If you can for the time being take up a collection of \$100 for me and remit me as a loan, bank draft, on receipt of this you will be casting bread on the waters and play the Good Samaritan.

In the middle of March last I was arrested by 3 Mexican soldiers and thrown into the improvised barracks at El Hule, Oax. by order of the supreme government because I was an American. I lay 17 days and nights on the ground without covering and with little to eat, and finally was released more dead than alive. During my captivity they stole all my cattle (breeders) 480, and fine Hereford bulls and drove them off—God knows where.

Then they went down to my nursery on the railway where I live, stole \$303 in silver, all my clothes, watch, chain, shoes, etc. I had only

To Re-Organize Local Charities.

For some time the re-organization of the Local United Charities has been in contemplation by certain of our citizens who have had this matter upon their hearts, and certain steps have already been taken looking toward this end. Moreover, there are almost daily demonstrations of the need of such an organization in our midst as there are many who are dependent upon public charity and apply to the several pastors for needed help. But as such an organization should be wider in its scope than any or even all of the Christian denominations, we are hereby calling for a mass meeting of the citizenship of the town to be held in the First Methodist Church on next Sunday afternoon at 3 o'clock, to effect and perfect the desired organization. The public is urged to a full representation. Meantime, it as one desires to make a contribution to this cause let same be deposited with the Commercial State Bank in the name of "The Local United Charities."

A-Spend The Day Party

Mrs. W. W. Perry's first visit "back home" has been the inspiration for innumerable social functions of every description except Bridge, her friends "whose name is legion" (also Brown, Smith Robinson, etc.) vieing with each other to do her honor, each clamoring for a portion of her time.

Among these functions, big and little, the informal spend-the-day party with which Mrs. D. H. Barnett complimented Mrs. Perry last Saturday, was perhaps one of the most thoroughly enjoyable. Mrs. Barnett's large-hearted generosity needs no comment; as a hostess she is in a class by herself.

The delectable luncheon, perfectly appointed, perfectly prepared, satisfied every sense. If the table did not "groan" under its burden of things good to eat, some of the guests did before the last of the manycourses were served.

Delightful too was the aftermath of "song and story" that followed this beautiful and generous luncheon. Mrs. Perry responded graciously and generously to demands for "just one more song." Her lovely voice has been sadly missed in Nacogdoches the past year.

Those invited to meet Mrs. Perry were Mesdames Robert Lindsey, F. C. Ford, J. R. McKinney, R. P. Lock-

ev, A. E. Sweatland, Giles Haltom, Arthur Marshall, A. L. Cash, Miss Leah Zeve.

Mesdames R. L. Kleas of Cuero and Edgar Wade of Abilene were out of town guests. These charming ladies too "once upon a time" graced the social circle of Nacogdoches.

Ex-Confederate Passes Away

J. D. Fairris of Press community died Friday June 5th. Mr. Fairris was another of the ex confederate soldiers who have passed from our midst. He suffered from an old wound about the eye, caused by a part of an old shell that was never removed. About eight years ago he bruised the wound which caused blindness. He was 69 years old and leaves a wife, four sons and two daughters who have the sincere sympathy of the Sentinel and all other friends in their sad loss.

Mrs. Eugenia Seale Dead.

Mrs. Eugenia Seale, wife of John W. Seale, deceased, died Wednesday evening at her home on North street at 8:40 o'clock. Death came as the result of a long and continued siege of illness which she bore with patience and fortitude. She was a native of Alabama but has spent the greater part of her life in Nacogdoches county, having lived until recent years near Melrose. She was 67 years old having survived her husband 17 years. She is survived by her only child, Arthur A. Seale who has been the bright star of her existence. The greatest desire of her life was to live until he had attained noble manhood. The allwise Creator, in his wisdom, granted her this privilege and though her frail body was racked by the ravages of disease, her last days were her happiest ones. She was the stepmother of Allen Seale and Mrs. J. C. Harris of this city, Dr. John Tom Seale of Neches, J. M. Seale of Jacksonville Fla., and Mrs. Dr. Link of Palestine, Texas. She was laid to rest at Melrose at 4 o'clock by loving hands with the funeral exercises conducted by Rev. T. C. Mahan of this city.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rattling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. The disease out of the ear are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists. ple of Texas into his confidence and explain to them whether they have reform or how much did it take to get them to become his paid hirelings in this campaign.

Tom Ball says he will get such men as Ramsey and Judge Gill to run the penitentiary farms in the hands of farmers, as would be well, it will be the same old story. Just think of a supreme judge making a crop. It would be about as sensible as to elect Tom Ball governor.

Again, he says he will create five big new jobs. A law reform commission, composed of five men at big pay. Every time a politician gets in office the first thing he wants to create is a new job for some political cratfer at the expense of the people.

I want to tell you that I can appeal to the really big judges and big lawyers of Texas, and with their help and advice, which will be given freely without purchase and without price, we can bring about judicial reform in Texas without creating any big fat jobs at big salaries for anybody.

My friends, this is the people's fight. For thirty years in Texas we lived under the rule of one-man power. So frequently was the voice of the people put aside and their wishes trampled under foot that the people rose up in their might and said that we will banish from Texas the political boss and the political cratfer and we will maintain the supremacy of the people on the throne of power. So complete was the victory of the people in passing a law whereby every man might go to the ballot box and cast his vote with the assurance that it would be counted equally with that of every other citizen in the state, whether he be high or low, rich or poor, that we had prided ourselves that we were really making strides in the development of a government to be ruled by the people.

When the present democratic constitution was passed, providing for everybody to have a voice in the selection of men and policies of legislation, no man would have dreamed that there would arise in this country a man or set of men who would ever want to go back to the black days of packed conventions and political chicanery. But it seems as if we are to be disappointed. And again we find the politician has not yet been exterminated nor has the packed convention been banished. Everybody knows that not exceeding twenty politicians planned and engineered the nomination of Tom Ball at Fort Worth and the actual figures show that not five per cent of the people of Texas had anything to do with the nomination. And not being satisfied with that flagrant usurpation of the people's will they further insult the public by permitting four men to meet and decide who shall be the comptroller of Texas. And not being

satisfied with that they are further attempting to wrest from the people of Texas the right to run for all the other offices in Texas. I ask you, my friends, whether you are prohibitionist or anti-prohibitionist, is this right, and are we drifting as a people, in the right direction? You people who are raising boys, the pride and ambition of your lives, what can you expect for them? Either you must raise them to be professional politicians, or the door of public honor will be closed to them. I say, whether are we drifting and what will be the result if this continues?

Again, I say it is time for the people to wake up, and let us appreciate the responsibility resting upon us to perpetuate the control of the people of their democratic institutions.

The material interests of our great state demand that political strife be stopped in Texas, and the man no longer dethroned. Let us banish from Texas the agitator. Let us whip these political crooks into a submission to the people's will, and then let us turn our attention to the up-building of our great state.

Our dear Texas can and should be made the grandest country on earth which the sun shines by day or the stars by night.

From the golden strand of California to the orange groves and flowery fields of Florida, from the frozen climes of the icy north to the bracing breezes of the Southern Gulf, there is no soil dyed with the blood of nobler heroes than our dear state. A country rich in nature's stores which needs but the magic hand of a united people to smite the rock of her resources and behold! will spring forth peace and plenty.

Let a united citizenship forgive and forget the bickerings of the past. From strife let us turn to development. From internal dissension let us turn to outside advertisement. Let us welcome the foreign investor and let us assure him that Texas needs him and that he needs Texas. Let us educate the masses into a knowledge of the responsibilities of citizenship. Let us build more schools and better schools. Let us build more churches and railroads. Let us protect the weak against the strong. Let us give every man an open field and a square deal.

Thus united and thus resolved, let us raise the flag of the Single Star high above this vast industrial army of Texas and with but one feeling, and that of love, and with but one purpose, and that of success, and with but one ambition, and that of our glory, and with but one thought, and that of our state, let us march to victory and reward.

WHAT FERGUSON'S ELECTION MEANS

(BY FRANK PUTMAN.)

Ferguson refused to run either as a prohibitionist or as an anti-prohibitionist. When the old anti-pro-bos tried to drag him into an "elimination convention," he refused to come in. When they saw they could not eliminate him, and tried to endorse him, he refused to have their endorsement—or the endorsement of any other gang or clique of professional politicians. He wasn't relying on the politicians to elect him, but on the people. Regarding prohibition, he says he will veto any liquor bill the legislature may put up to him, whether it comes from the anti- or from the pro. That means he will give Texas four years relief from agitation of the liquor question by professional politicians trying to ride into office on it. Four years in which the state government can have a free mind to attend to the state's real business: to build up schools and state homes and asylums; get the prison system out of debt and out of the wasteful management of professional politicians and back onto a self-supporting basis; and pass a law that will give immediate, practical help to tenant farmers by fixing a fair maximum land rental.

Ferguson's election means that every law now on the statute books, prohibiting or regulating the liquor business in counties and state, will stay during the next four years, undisturbed. It means that a lot of professional political agitators, some of them ministers of the Gospel, will have to find a new occupation or go hungry; because there won't be anybody to employ them to stir up the liquor issue, with a governor's veto waiting for all liquor bills.

It means the state won't have to take up any such half-baked socialist scheme as Tom Ball proposes (for the profit of oil and lumber trust capitalists), to get a square deal for the tenant farmers.

And it means the railroads won't have the help of the governor's office in putting over their amendments crippling the Hog stock and bond law, or their scheme for refunding watered bonds at par, or their demand for an arbitrary increase in rates.

There in brief is the contrast between the things the two candidates stand for.

THE CALL, AND THE MEN WHO SIGNED IT:

We, the undersigned qualified voters of Texas, having at heart the best interests of this state, and believing that the election of Jas. E. Ferguson for Governor will promote every field of industry in Texas, will bring about a cessation of the political turmoil and strife from which she has suffered for the past ten years, and will direct attention to the business of the state, the building up of her institutions, the rehabilitation of her penitentiary affairs, the enlarging of her educational facilities, the bettering of the conditions of her citizenship in every walk of life, publish this call to the people who agree with the

In this matter, and desire that they meet with us in Dallas on June 13, to counsel together and discuss the coming election and pending problems with Mr. Ferguson.

We believe that the election of Mr. Ferguson will bring about better results for the people than have been promised by any election in this state for years. We believe that his defeat can only be encompassed by the organized communism of corporate greed, domineering bossism and political spoliations, the very participation of either of which is essentially evil to free government. The election of Mr. Ferguson means equality under the law and equal opportunity before the

BRYAN'S WARNING AGAINST RAILROAD CANDIDATES

William Jennings Bryan, in the Commoner.

"As the time approaches for the selection of candidates, the voters should beware of the Special Interests. Special Privilege is still contesting every inch of ground. Governors are to be chosen in many commonwealths. * * * There are four Special Interests that need watching. First, the railroads, for they have a pecuniary interest in opposing effective regulation, whether it is attempted through the enactment of new legislation or through the enforcement of laws which now exist.

"THE VOTERS SHOULD SEE THAT MEN SELECTED ARE NOT UNDER OBLIGATIONS TO THE RAILROADS, for every official who deals with Special Interests is in the attitude of a judge or juror. He cannot be impartial if, either by general bias or because of some particular relation, he is connected with those in charge of the railroads."

A STATEMENT FROM FERGUSON'S TENANTS AND FARM EMPLOYEES TO WHOM IT MAY CONCERN:

Having been advised that Jim Ferguson's sincerity as a friend of the people is being questioned in some localities in Texas, we, the undersigned tenants, employees and managers for his farms and ranches in Bell and Bosque counties take pleasure in subscribing our names as his supporters. Those of us renting land either pay the third and fourth of what we produce, or one-half of what we produce when he furnishes teams, tools, feed and other supplies incident to producing a crop.

We have never paid Mr. Ferguson a bonus, and we cheerfully testify that he has never charged a bonus. He furnishes us good comfortable homes, wood and water, and cows to milk if wanted. Those of us who work for wages receive, aside from a house, wood, water and cows, from \$32.50 per month to \$100.00 per month straight time.

We make the above statement, first, because it is true, and second, because some of those who oppose Mr. Ferguson's candidacy are undertaking to mislead the people of this state as to his treatment of his tenants and employees.

CALL FOR FERGUSON RALLY

At Dallas, Texas, Saturday June the 13th

Signed by More Than Five Hundred Citizens, Representing All Walks of Life, From More Than a Hundred Counties.

Special Round-Trip Rate of One and One-Tenth Fare Over All Railroads and Interurban Lines Entering Dallas.

Those who believe the government of this state should be controlled by and for the people, should attend this Ferguson rally at Dallas June the 13th.

The meeting will NOT be behind closed doors—neither will it be dictated to or dominated by any faction.

Jim Ferguson is one of the plain people. He believes in a system of government which would mean the greatest good to the greatest number—and this meeting, called by his friends throughout the state, is for the purpose of not only promoting his candidacy, but for placing the stamp of disapproval upon Boss Rule, and the Politicians' Dictation of the affairs of the State of Texas.

The presiding officer of this meeting will be a man in whom all Texans have the greatest confidence. There will be speeches by the most able speakers of Texas—loyal and honest men whose hearts have ever beat in sympathy with the great masses of this commonwealth.

Jim Ferguson, the Farmer-Banker of Bell county—the man who understands and appreciates the positions and needs of the laborer, the farmer, the small business man—the people, constituting the rank and file of Texas citizenship—Jim Ferguson, the people's candidate for Governor, will himself make a speech to the people.

A great crowd should be present on this occasion, because there will be many revelations made, and many issues of general interest to the whole people will be discussed and explained—so the people may know."

Citation
The State of Texas, the Sheriff or any Constable of Naogdoches County, Greeting: You are hereby commanded to summon Quincy Maddox by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Naogdoches county, on the 1st Monday in September, A. D. 1914, the name being the 7th day of September, A. D. 1914, then and there answer a petition filed in said court on the 30th day of September, A. D. 1914, in a suit, numbered on the docket said court No. 260, wherein Ollie Maddox is plaintiff, and Quincy Maddox is defendant, and said petition alleging in substance: That the plaintiff and defendant were lawfully married to each other on or about the 1st day of November, 1911, and lived together as husband and wife on or about the 1st day of November, 1912, at which time plaintiff was compelled to abandon defendant because of his harsh, cruel, unkind and tyrannical treatment. Defendants did not provide raiment, nor the necessities which she could have had. That he often left her by herself, telling her when he was in that he had been out with the other. After they had lived together plaintiff became envious and that her father sent money with which to go to her father's home and that defendant took of the money except railroad fare of 50 cents. Plaintiff says that during their marriage relations there was born to them a child, named George, she asks that she be given the custody of said boy, and that her maiden name be restored to her Ollie McLemore. Plaintiff says that defendant's actions are such that it renders their living together insupportable. Wherefore, plaintiff prays that citation issue and that hearing hereof she have judgment for divorce, cost of suit and such other and further relief which she may be entitled to, both in law and equity. Herein fall not, but have before said court, at its aforesaid next regular term, in writ, with your return thereon, showing how you have executed the same. Witness, C. C. Watson, clerk of the district court of Naogdoches county. Given under my hand and the seal of said court, at office in Naogdoches on the 30th day of May A. D. 1914. C. C. Watson Clerk District court, Naogdoches county.

Step Nearer the Gallows.
Atlanta, Ga., June 6.—Judge Ben H. Hill of the Fulton County Superior Court today sustained the State's demurrer to the motion to set aside the verdict by which Leo M. Frank was pronounced guilty of the murder of Mary Phagan, a factory girl. The motion was based on the claim that Frank's constitutional rights were violated when the verdict was returned during the condemned man's absence. In sustaining the demurrer Judge Hill refused to hear the motion on its merits, holding instead that it was filed too late to merit consideration. It was regarded in court circles as highly probable that Frank's attorneys would immediately appeal to the State Supreme Court asking that Judge Hill's action be reversed.

Huerta Ready to Resign
Niagara Falls, Ontario, June 3.—The main issue in the Mexican situation again rested with Washington today. The Mexican delegates to the mediation conferences have formally declared that Gen. Huerta is ready to retire, but neatly placed in their statement are two words setting forth the conditions under which the dictator will abdicate, which put the issue squarely up to President Wilson and Secretary Bryan. Huerta is prepared to withdraw when Mexico is "politically pacified."

Girl Burned Indian School
McAlester, Ok., June 3.—Louisa McGuire, a full-blood Choctaw Indian girl, pleaded guilty in the United States Court to a charge of arson. She set fire to and burned the Bloomfield Indian School at Bloomfield last fall. She will be sent to a reform school in Illinois.

Pistol and Knife Duel.
Poplarville, Miss., June 6.—In a desperate duel fought at close range here today, John Lee and Boyd Ladner, prominent farmers, were killed. Ladner shot Lee five times, three bullets penetrating the heart. Lee cut Ladner's throat with a knife. The tragedy was said to have been caused by the renewal of a family feud. Friends of the dead men are said to have made threats and further trouble is feared.

Does Your Soul Weigh Anything?
Milwaukee, Wis., June 3.—Dr. Wilhelm Becker of this city does not agree with Dr. Duncan McDougall of Haverhill, Mass., who says that the soul of a man weighs three-fourth of an ounce. "Soul is simply energy," said Dr. Becker. It can't be weighed.

Statement of Reports Received Issued By A. W. Walker.
(Houston Post Special)
Dallas, Texas, June 2.—Following telegram received: Belton, Texas, June 2.—A. W. Walker, Southland hotel, Dallas: "Poll of Bell county grand jury shows every man against Jim Ferguson—eleven for Ball. Will Douthitt at Holland polled 32 men who happened to be in postoffice; 30 for Ball. Old political prophets say Ball will carry this county by 1500 majority. On with the battle. Sam D. Ware."

A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair is really a matter of care and attention. Parisian Sage, when rubbed into the scalp and applied to the hair, will work wonders—you will be surprised and delighted with the first application—not only will the hair appear abundant, soft fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application and cleanses the hair of all dirt and excessive oil. It is an inexpensive, scientific tonic, and contains nothing to injure the hair or scalp. It can be secured from Stripling, Haselwood & Co., or at any drug store.

Negro Lynched at Navasota.
Navasota, Texas, June 6.—The negro, Will Robertson, who was charged with having killed Jeff Johnson, a farmer of this county, was taken from the officers and lynched about 1:30 o'clock this morning. The negro was in jail at Anderson. The officers, fearing he was in danger of mob violence, took him out and were bringing him to Navasota to get off on the train for Houston.

When about two and half miles east of town the officers were met by a mob, who seized the prisoner and hanged him on the public road. His body was riddled with bullets. Little excitement prevails.

The Murderer of The Chandlers
Five negroes were arrested for the murder of the Chandlers of Winn parish, La., and later Frank Fanning, son in law of the Chandlers, was arrested and held without bail.

Ten days afterward A. J. Spradley and a Pinkerton detective from New Orleans appeared on the scene, the Pinkerton man in the employ of the district attorney and Spradley working independent. Suspicion pointed to Fanning. Posing as a lawyer from Monroe Spradley went to the family and among the friends of Fanning and learned all they knew. He was hand cuffed and carried to jail as an escaped criminal and there learned important facts, and afterward returned to the log camp, near the place of the murder, and secured complete evidence.

Returning to Winfield, he made the secret known to Sheriff Payne. Fanning was released from jail and the Pinkerton man discharged. Then began the hunt for Seth Jefferson, the negro murderer. A description of Seth Jefferson, alias Boots, with his picture, was printed in circular form and distributed over four states, and \$100 reward offered for his capture. This notice and photo were printed in the Shreveport Times over the signature of A. J. Spradley. Two citizens of Taylor, Ark., who happened to know Jefferson arrested him and turned him over to the officers.

The negro has made and signed a complete confession of the crime. There is a large reward offered for the arrest and conviction of the murderer which will be paid after final trial of the case. The Winfield Comrade says that it is a fact that the murderer of Sam Chandler and wife at Calvin on April 9 is in custody and a complete outline of the case is in hand, and for this splendid work the sheriff's office and the district attorney's office are due the thanks and congratulations of the people of Winn parish: also all officials who took part in running down the guilty parties deserve the praise of the people of Louisiana who are not slow to recognize the splendid work.

Seven Killed by Cyclone.
Sioux City, Iowa, June 6.—The tornado which swept across Northwestern Iowa last night killed seven persons and injured a dozen, some seriously, according to reports received in Sioux City today. Near Archer the storm tore the arch of John Bisland from its father's arms and dashed it to death against the side of the farm house.

Wireless telephony is now possible for a radius of 225 miles.

You Need a Tonic
There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking **GARDUI** The Woman's Tonic
Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers. **Has Helped Thousands.**

Break in Rio Grande Levee
San Antonio, Texas, June 6.—A break in the levee on the Rio Grande north of San Benito this morning resulted in flood waters spreading over an area of many miles. It is estimated the damage to crops alone will aggregate \$300,000.

Five miles of interurban railway track has been washed away and the flood is inundating valuable property four miles from the river.

Missionary Work.

To the Baptists of Nacogdoches county:

As corresponding secretary of our association I call attention to our county missionary, Rev. A. L. Duncan of Nacogdoches.

He is a strong man, with his heart in the work, has had much experience and can be of great help to any and all of our churches.

I am writing this note to ask you to use him freely in any way you may have a need. From now until the association he should be kept busy in revival work. Let any of our churches who desire his help communicate with him at once, so the work can be arranged to the best advantage. Remember he is our missionary.

Let us use him and keep him busy.

The sooner you arrange your meetings the more apt you will be able to secure his assistance.

Write him at Nacogdoches.
T. C. Mahan.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength, othine; it is this that is sold on the money-back guarantee.

Tennis Game.

Harry Bowers and Mr. Hamilton two of Lufkin's best tennis players were in the city Saturday and challenged our townsmen, Arthur Marshall and Earnest Rusche for one of the swiftest games of tennis of this season. They were a well matched four with able subs.

The games were played on Mr. Marshall's court near the ice factory, the finest tennis court in the city and the best that can be found anywhere.

The most fastidious of players pronounce this court flawless.

The score favored Lutkin by only a small margin.
