Nacogdoches Public School's Open

The most promising session of the Nacogdoches Public Schools opened Monday, September 14th. All of the schools of the district opened except the North End School which was delayed until Monday, September 21.

For the protection of the people of the city as well as every child that attends our schools, the Board of Trustees passed an order requiring all students who attend any of the schools on Nacogdoches Independent District, whether white or colored, to be vaccinated before they are enrolled in the schools. This order has cut down the attendance somewhat at the beginning.

The enrollment is the following: High schools 147, Central Grammar School 378, West End Grammar School 60, Negro Schools 150. One can see at a glance that this enrollment is far below what it ought to be and especially is this true in the West End School and the Colored Schools. But even though the enrollment is light we feel that it is better that it be so than to have to close our schools some time during the

???????

Do you need a Stove?
Do you need a Wagon?
Do you need a Cane Mill?
Do you need a Buggy or Surrey?
Do you need an Evaporator or Furnace?
Do you need **any thing** in the Hardware, Implement, or Vehicle line?

We have it.

We want to sell it.

The Price?—come and see the stuff and then we'll talk about the price—but you'll find it LOW, so low in fact, that you can't afford not to buy.

You are interested in making your DOLLARS go as far as they positively can.

We are interested in SELLING our goods. We have the GOODS and if you have the DOLLARS we KNOW we can make a deal.

Just come in and see.

Cason, Monk & Co.
Hardware, Implements, Machinery Supplies

From Houston Post.

Nacogdoches, Texas, September 13 — Ten thousand pounds of leaf tobacco was shipped from this point yesterday to an eastern market. This is the first of the season's crop raised in this community.

A mass meeting of farmers was held at the court house

yesterday in the afternoon to settle the cotton question as far as this county is concerned. They agreed to cut the cotton crop half, and plant wheat sugar cane, potatoes and everything in line for food for man and beast.

Mrs. L. T. Barrett of Melrose is visiting her children in the city.

We Invite You to See Our New Fall Styles and New Fall Merchandise

Children's Dresses
For School Wear

The new Fall styles just received. We are showing in our Ready-to-Wear department an immense variety of Children's Dresses for school wear. Materials are Zephyr Gingham, Percales and Kiddy Cloth, in solid colors, checks, stripes and plaids.

Children's Dresses for ages 2 to 6. 59c, 75c, \$1.00 and \$1.95.
Children's Dresses, ages 6 to 14. \$1.00, \$1.25, \$1.45, \$1.75, and \$1.95.

50 Women's Wool Suits in all popular colors. Skirts that are all good summer styles and fabrics. Closing out all \$6.95, \$8.50 and \$10.00 values Special... \$3.98

MAYER & SCHMIDT, INC.

session because of smallpox. This had to be done in more than one school in Nacogdoches County during the past year. Why should anyone have this filthy disease and endanger the lives of his neighbors or associates to say nothing of his own when it can be so easily prevented by vaccination?

The enrollment in the High School is especially gratifying and in almost every instance you can see determination "to make good" during this school year written in the face of the student. The prospects for a successful year were never brighter for the Nacogdoches High School. A goodly number of patrons and visitors were present at the opening Monday morning and they as well as the teachers are well pleased that we have been able to organize and get down to steady work so soon.

Next week we hope to be able to give a list of students from outside of the District that are in attendance in our schools. They come from all parts of this county and from surrounding counties.

Mrs. F. R. Rightmer died at home near Douglass, last Sunday and was buried Monday at North Church. Her maiden name was Pool, the name of a pioneer family who resided many years in the Stone's Mill vicinity, and was well known by many old timers. She is survived by her husband and a son Tom R. Rightmer.

The Big War

The right and center of the German army of invasion in France is gradually withdrawn and the left wing stoutly resisting the advance of the allies according to the best obtainable information today. The German crown prince appears to be holding his own in the vicinity of Verdun.

The capture by the Germans of a fortified position southwest of Verdun and a battle between Paris and the River Marne, described in a report from German headquarters, have been noted earlier in press dispatchs.

The British statement reviews the operations of the British in France from Sept. 10, but reveals nothing new.

An official communication at Paris at 8 o'clock this afternoon (Paris time) declares that the Germans "are retreating everywhere." They are, it is added, abandoning all the positions which they established to cover a possible retreat.

Reports concerning the fighting in Russian Poland and Galicia are conflicting. It appears that the Austrians have met serious reverses, but continued struggles establish that they have not been completely overwhelmed by the Russians.

Still less is definitely known of the operations in east Prussia. According to advices from Petrograd, a Russian army is before Konigsberg. But Russian official advices two days ago stated that Russian forces were bom-

barding Konigsberg.

According to German reports the initial success of Gen. Hindenburg in east Prussia, which has been admitted in Petrograd, was followed by further German triumphs to the south of Konigsberg.

The Belgian army operating from Antwerp is reported as harassing the Germans in that district to prevent the two German army corps there moving south to the aid of the German main line. Belgian official reports admit their forces were obliged to retire after a counter attack by the Germans.

The Servians claim continued successes against the Austrians, the greater part of whose armies are engaged with the Russians to the north.

The Methodist Church.

The Pastor, S. S. McKenney will preach two special sermons to the Church on next Sunday, his theme for the morning hour being "The Duties of a Loyal Methodist" and that of the evening hour "The Dangers of a Loyal Methodist." The hours of service are 11 a. m. and 8 p. m. The pastor is anxious that every member shall hear these practical messages to the Church.

The largest attendance at the Sunday School for the season is expected at 9:45 a. m. Every officer, teacher, and scholar is asked to be in place and on time. The public is invited to all the services of the day.

Call For County Mass Meeting

By request of the Cotton Congress of the State of Georgia, I here by call a Mass meeting of the farmers and business men of Nacogdoches County to be held in the County Court room at 2:30 p. m. on the 19th, of September 1914, to discuss and adopt some plan that will reduce the size of the cotton crop of next year.

The suggestions offered by the cotton Congress and published below, will be considered.

E. B. Lewis,
County Judge Nacogdoches County Texas.

Resolutions to be passed and Signed:

Whereas, The world can only use, by the most liberal estimate, about eight million bales of American cotton in 1914-15, leaving several million bales surplus to be carried over; and

Whereas, This surplus must be cared for by reducing future crops, otherwise it will depress the 1914-15 market to the starving point; and

Whereas, In order to get even a fair price for 1914 crop it is necessary to give the cotton world a dependable guarantee that next year's crop will be reduced sufficiently to take in this year's surplus and still leave a short crop; and

Whereas Alliance agreements and other pledges among the cotton farmers to reduce cotton crops heretofore have proven ineffective;

Be It Resolved, That we, the undersigned cotton farmers of the South, hereby petition the Governors of our representative States to call in special session immediately the legislatures of North Carolina, South Carolina, Georgia, Tennessee, Florida, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas, to enact such legislation as will put the machinery of the law behind this guarantee of cotton reduction for 1915.

Resolved That we submit the accompanying license plan and instruct our officers and committees to send these resolutions and proposed license plan to the County Judge of each of the 850 cotton growing counties of the Southern States, requesting said County Judge to get their county papers to publish these resolutions and proposed law, calling a mass meeting of the farmers for Saturday, September 19th. the purpose of endorsing these plans and requesting of their Governors and legislatures to enact the proposed or a similar law, according to the Constitutions of the several states named.

Resolved, That we, the effect of such legislation on the prices of the present crop of cotton will be immediate and absolute, and will not only provide a living price at the present, but will care for our future emergencies in the cotton section.

Resolved, That, the pur-

pose of these resolutions and license plan is to affect curtailment, which principle we endorse, urging the use of the taxing power in any legitimate way to effect such curtailment.

The proposed Law to be Adapted:

The following suggestion is offered as a basis for a law which it can be adapted and enacted by the several cotton growing states, will afford immediate relief. Copy of this has been sent to the County Judge of each the cotton countries in the Southern states, asking the County Judge to call mass meetings for September 19th, to endorse cotton reduction and the plan to tax in order to accomplish this reduction. Governor Slaton has called a Governor's conference in Atlanta September 10th, to consider this proposition and other plans which have been suggested. The bill follows:

Be it enacted by the General Assembly of the State of Georgia, and it is hereby enacted by authority of the same, That from and after the passage of this act, and during the year of 1915, it shall be unlawful for anyone to grow cotton in this state unless he first obtain from the county judge of the county of which he is a resident, a license to grow cotton. The county judge shall receive a fee of ten cents for each license issued, to be paid by the applicant. The license shall certify the number of live stock he will use in plowing said cotton, and his license shall permit him to grow three 500-lb. bales per head of live stock actually used in cultivating said cotton. He shall upon harvesting his cotton make oath before his ginner, who shall qualify as a notary, as to how many 500-lb. bales per plow he actually produced, and for each 500-lb. bale in excess of 3 to the plow he shall pay a special license of 5 cents per pound. He must exhibit his license to his ginner upon having any cotton ginned. The ginner shall record on the back of said license the date and number of bales ginned.

Each ginner shall obtain from the county judge of his county a license for 1915 to gin cotton. He shall provide himself with a standard form book to be furnished to the county judge by the State Agricultural Department, in which to keep accurate record of cotton ginned. His license shall cost him \$1.00, and the form book shall cost him \$1.00.

Be it further enacted, That the ginner shall collect this license tax of 5 cents per pound, receiving for his service 1-4 cent per pound, remitting the balance to the county judge of his county, who shall receive 1-4 cent per pound as his compensation and remit the remainder to his county treasurer for the use of that county on its schools and roads.

Be it further enacted, That anyone planting cotton in this State before obtaining license and making report afterward to ginner as above provided

shall upon conviction be punished as for a misdemeanor.

Be it further enacted, That the Attorney General and Secretary of Agriculture of this State shall prepare the necessary forms and oaths to make this law effective.

Be it further enacted, That this law shall not become effective until a similar law shall have been enacted by South Carolina, North Carolina, Florida, Alabama, Mississippi, Tennessee, Louisiana, Oklahoma and Texas.

Resolution Adopted in Atlanta:

Resolved, That we urge the Hon. John M. Slaton, Governor of Georgia, to call a conference of the Governors, with the Attorneys General, of the within-named states, at the most advisable time and convenient location, to by some sure plan consider curtailment. We believe the sentiment of the people is overwhelming in favor of curtailment, and any law by which it can be accomplished will prove popular, and a solution of the present problem.

Passed by Convention. Atlanta, Sept 3, 1914.

John D. Walker,
Chairman.

W. T. Anderson,
Secretary.

Macon, Ga., Sept. 4, 1914.

Nacogdoches Falls In Line on The Buy a Bale of Cotton Movement

On yesterday a large number of the citizens of the town and county met in mass meeting at the Court House and organized a Buy a Bale of Cotton Club by electing Robert Lindsey Chairman, W. T. Wilson Vice-Chairman and R. W. Secretary. The universal plan of buying from the farmer cotton at ten cents and holding until August 1st, 1915, or until the market should reach a price of ten cents was adopted.

The chairman, vice-chairman and secretary were made a committee on information of the farmers.

It was suggested by P. H. Spradley, a farmer of Nacogdoches county, that in connection with the Buy a Bale movement to pledge the farmers of the state to hold every fourth bale of cotton of his 1914 crop until such time as he could obtain at least ten cents per pound for same. If this suggestion is carried out it will very largely assist in handling the present critical situation and will withhold from the market several thousand bales of cotton.

The club has called a mass meeting of the entire citizenship of Nacogdoches County to be held at the county court house on Saturday, the 19th day of September, 1914, at two-thirty o'clock p. m. This meeting will be held in conjunction with a meeting called by the county judge.

Below is given the names of parties who will buy a bale of cotton at ten cents: Let every citizen able to do so join this club at once and buy a bale of cotton. Hand in or phone your name to the secretary.

- Cason, Monk & Co. One bale
- D. K. Cason One bale
- Robert Cason One bale
- Dick Cason, Jr. One bale

- J. Ogden Armour One bale
- (Armour & Co.)

The Armour Co. Joins The Buy a Bale Club

There was a message wired by the Armour Co. at Fort Worth yesterday to the Company office here to join the Buy a Bale Club. This added the last name on the list published yesterday. The message says "Similar instructions have been issued to every southern house, thus expressing Mr. J. Ogden Armour's faith in the South and its ability to handle this issue successfully." This counts for about 1000 bales of cotton amounting to \$50,000 that his Company puts up.

Bought First Bale.

Adlai Mast bought the first bale of cotton under the Buy-a-Bale plan at 10 cents per pound and it is now in front of his place of business. The bale was ginned at Appleby, Texas, and was brought to Nacogdoches Friday afternoon about five o'clock and weighed by Windham Bros. & Mullins later in the afternoon. The bale weighed 496 pounds and was graded as strict middling. The bale was raised by Josh Grimes who lives about 8 miles north of town.

There are many more good people who were just as ready and anxious to join the club. The list of names published yesterday in the Sentinel, who joined the Buy-a-Bale Club at once, does not show Mr. Mast's name, which was entitled to be first, as he spoke first. There are many others ready and anxious to join and be listed. Send names to R. W. Murphey.

The Buy-a Bale Club.

The move seems, to spread at a wonderful rate. It is caught up every where. It will surely count big and give results. And the plan to cut the acreage half is right along with it. If the 1914 crop be cut down half, by this hold up, and the 1915 crop cut down half in acreage and yield, how can the price stay down? Everybody should pull for the success of the move. And no opposition should be found.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGSON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgson, Me.
2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—Mrs. ROSA SIMS, 16 Winona St., Charlotte, N. C.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ANA WILT, 196 Stock St., Hanover, Pa.
4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.
5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 7305 Madison Av., Cleveland, O.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

To Raise Wheat.

The Wheat Raising Meeting, called at the court house yesterday at 5:30 p. m. adopted the report of the committee, viz:

To the Citizens Meeting:

We, your committee appointed by your chairman, W. U. Perkins, at meeting of the 3rd inst. to investigate the practicability of raising wheat in Nacogdoches, county, beg to report as follows:

1. We find that our land will produce 12 bushels of wheat per acre, which is the average for the United States.
2. That the time for planting wheat is from Oct. 1. to Nov. 15.
3. That the early planting produces excellent pasture, not being subject to "winter kill", until Feb. 14.
4. That the red land, black hammock or rich sandy soil of this county are best adapted to growing wheat.
5. We find that at this date seed wheat can be bought for \$1.50 per bushel.
6. That T. J. Maroney has a good thrasher with a capacity of—bushels per day.
7. That a pan sifter can be installed with any good grist mill for \$1500.00 and will serve the needs of the community admirably, and will produce a high grade of flour. We also find that a cheap bolting outfit can be made by a good carpenter in a day with material not exceeding in cost \$25.00.

A. Seale,
W. T. Wilson,
J. Thomas Hall,
Committee
Dated: Sept. 9, 1914.

A resolution was adopted "that farmers be advised to plant two acres of wheat or more to the hand."

Discussion was had, and

the sentiment prevailed that wheat should be raised for home use as well as for market, and also to fill out the crop where cotton is left off.

Death Toll of Europe's War.

London, Sept. 6.—The staggering losses suffered by the German army as it has hammered its way through France, is indicated today in a dispatch received from Antwerp. This dispatch states that a sack containing 62,000 identification plates of dead soldiers has reached Brussels from France. It is to be forwarded to Berlin, where the war office will then permit each locality to learn of its casualty list.

With 62,000 dead the number of German wounded must be enormous. The identification plates, such as have reached Brussels, are worn by all German soldiers. A small metal disc suspended from the neck serves for this purpose.

London, Sept. 7.—In ten days of fighting, the British expeditionary forces on the continent have suffered losses of 15,151 officers and men. The figures included killed wounded and missing. The figures were given out by the war press bureau. I was pointed out that many of the officers and men included among the missing have been merely lost from their commands and rejoined others.

How To Give Quinine To Children. FERRILINE is the trade-mark name given to an improved Quinine. It is Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not cause the nervousness or ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Ferriline original package. The name FERRILINE is blown in bottle. 25 cents.

Tribute Of Respect

To the officers of Nacogdoches Lodge No. 118 Independent order of Odd Fellow.

We your committee appointed to draft resolutions, expressing our sympathies and condolence on the death of our brother W. C. Chadwick, beg leave to report;

That in the death of Brother Chadwick our order has lost a true and worthy member his wife and family a devoted husband and father, our county a trustworthy and honorable citizen.

Be it resolved that our order express its tender care and sympathies to his wife and family and commend them to the care of our heavenly Father, who at all time has, behind a frowning cloud a smiling face for all who trust Him.

Be it further resolved that a copy of these resolutions be furnished the family, a copy be retained by the Lodge and the same published in the daily paper.

Respectfully submitted,

J. N. Gilbert
J. F. Perritte
L. I. Muller
Committee

Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers. dw

Out on the road to Appleby, about seven miles north of here, the county convict camp is located for the present, engaged in road work, and it shows up well. It is in a way making a new road in the place of the old one. There is one important oversight in a general way that should be attended to, namely, Neeping up the new roads after they are built. Bumps and ridges, holes and gullies should have more attention and repairs. A stitch in time saves nine.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers. dw

The grand jury has adjourned till the first Monday October. Eleven bills of indictment were returned, all or felonies.

Dependency.

Is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers. dw

In Memory

On July twenty-eighth the sun rose high in the heavens and looked down just as he always did upon the earth, but with a sadder tone that filled the air with melancholy for at M. L. Sowell's and around the dying bed of Uncle Lee Sowell stood friends and relatives ever ready to lend a helping hand. But with him the work and comfort of man was finished for at 4 a. m. the great God which sits on his high throne and who ruleth heavens and earth saw fit to call into his kingdom one precious soul. With all his mighty power the death angel delivered the message and in the presence of friends and relatives the poor man told his arms turning his eyes to heaven and his soul returned to God who gave it, Uncle Lee was loved by all who knew him, but now he is gone. His happy soul is enjoying that Heavenly bliss.

Uncle Lee leaves a wife, five children, one brother and sister and a host of friends to mourn his loss. But weep not, for we know that he is in that happy kingdom home returned to the arms of his maker into the one who is true, and this morning beyond a doubt, we know he is one of those stars which are shining in our Savior's crown. Therefore weep not at the work of God, for happier is he who is in that peaceful Heaven than he who is on this mollened earth.

We know it is hard to give them up but who would grumble at the work of God. We know he is in heaven. Did not Christ say that the kingdom of Heaven was composed of such?

Weep not for him, but prepare to meet him for the day will come when we all will hope to pay our debt and remember.

God moves in a mysterious way His wonders to perform. He plants His foot steps in the sea and rides upon the storm.

Written by his niece,
Aluettie

Caught A Bad Cold.

"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Danean, of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely." For sale by all dealers. dw

In the big war in Europe the Allies seem to be getting the best of Germany and Austria. By force of numbers and other advantages the Allies, lead by Russia, and Great Britain, may overpower and overcome all opposition.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for literature free. F. J. CLEMENS & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

Appleby Home Burned.

The home of Jodie Runnels was burned at Appleby Wednesday night. He saved his household goods but had no insurance on his home.

Mr. Runnels (J. M.) was a candidate for tax assessor in the July primaries.

The home of J. A. Seay the banker, next door neighbor came near burning but by faithful work of friends was saved except for being scorched.

Best Treat for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequal for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all dealers. dw

Dr. Outlaw Was Appointed

Austin, Texas, Sept. 8.—Dr. E. M. Outlaw of Palestine today was appointed field director of the hookworm commission to succeed Dr. O. H. Judkins, who resigned to take charge of the health demonstration train of the State board of health. Dr. Outlaw will extend the campaign in Nacogdoches county an additional week, closing it about October 1.

Good for Biliousness

"I took two of Chamberlain's Tablets last night, and I feel fifty per cent better than I have for weeks, says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all dealers. dw

Pool Hall Voted Out of Palestine

In the election in this precinct Wednesday to determine whether or not pool halls should continue to operate in this city and precinct the vote resulted as follows: Total vote against, 445; total for, 282. Majority for prohibition of pool hall, 208

Stop That First Fall Cough.

Check your fall cough or cold at once—don't wait—it may lead to serious lung trouble, weaken your vitality and develop a chronic lung ailment. Get a bottle of Dr. Bell's Pine-Tar-Honey today; it is pure and harmless—use it freely for that fall cough or cold. If Baby or Children are sick give it to them, it will relieve quickly and permanently. It soothes the irritated throat, lungs and air passages. Lossens Phlegm, is antiseptic and fortifies the system against colds. It surely prevents cold germs from getting a hold. Guaranteed. Only 25c. at your Druggist.

If you have cotton and are willing to put some of it in storage for the same time, this will be just the same as buying it. It is not a speculating scheme but rather the object is to get the cotton off the market while the price is low. Both answer the same purpose. Every grower should be willing to put at least one bale in storage and the amount depends altogether upon the number of bales that he will raise or hold.

Why Confederate Pensions Are Delayed

Austin, Texas.

September, 10, 1914.

Mr. A. Y. Donegan, Postmaster, Nacogdoches, Texas.

Dear Sir:

In reply to your favor of the 8th inst., I wish to state that there are on file in this office about 75 affidavits of confederate pensioners of Nacogdoches County, 52 of which bear your local post office address upon which warrants have not yet been issued for the past quarter for the simple reason that these affidavits were not mailed at the proper time and hence are from a few days to forty days late. I notice one batch in particular dated from July 15 to July 25 by the county clerk of that county and which was not mailed until after August 1.

Some of the affidavits were taken as late as the 26th of August, and inasmuch as the warrants are written in the order in which they are received, it may be several days yet before these warrants are mailed out. Kindly suggest to the veterans that they see that their affidavits are mailed at the time stated in the heading of same, if they expect prompt service.

Yours truly,
W. P. Lane,
Comptroller.

Mrs. Bostick Died.

Mrs. E. W. Bostick died at the Methodist district parsonage, where the family resides at 11:30 today, after an illness of not more than a few days. The remains will be conveyed to Nacogdoches via the T. & N. N. tonight and interment will be made in the Shady Grove cemetery, near that city tomorrow. The Bostick family has resided here about a year coming from Garrison. Mrs. Bostick was a woman whom to know was to admire and love. Besides Mr. Bostick, three children survive, two boys and one little girl, who, though perhaps they do not realize it in all its force, have lost the most loyal friend they will ever have. Mrs. J. W. Fulmer of this city, Mrs. D. S. Strahan of Nacogdoches, and Mrs. R. L. Heflin of Garrison, sisters of the deceased, G. W. Dennis, of Nacogdoches, the father, and Mrs. J. C. McDuffie, a friend, of Garrison, together with the immediate members of the family, will accompany the body to its last resting place.—Jacksonville Progress.

Rheumatism Pains Stopped.

The first application of Sloan's Liniment goes right to the painful part—it stops the Rheumatic Pains around the joints and gives relief and comfort. Don't suffer! Get a bottle to-day! It is a family medicine for all pains, hurts, bruises, cuts, sore throat, neuralgia and chest pains. Prevents infection. Mr. Chas. H. Wentworth, California, writes:—"It did wonders for my Rheumatism, pain is gone as soon as I apply it. I recommended it to my friends as the best Liniment I ever used." Guaranteed. 25c. at your Druggist. dw

1060 lbs. Pig Raised Here.

R. S. Jordan shipped and sold to Fort Worth dealers last week a hog that weighed there, after deducting shrinkage, 1060 lbs. The hog was of the stock known as pure bred Duroc Jerseys. He was raised by Mr. Jordan and was three and a half years old. Mr. Jordan shipped at the same time 56 other hogs, and sold at the price of 875 round. This makes eighteen or nineteen car loads of hogs Mr. Jordan has shipped since April, 1913, about 17 months.

And before the fair here three years ago such business had no attention here. Mr. Jordan says the fair led to the business and also to other live stock industry. He says he sold to one man four cows for one thousand dollars cash. Yes, we can raise high priced livestock here as well as anywhere. Do it now.

Po-Do-Lax Banishes Pimples.

Bad Blood, Pimples, Headaches, Biliousness, Torpid Liver, Constipation, etc., come from Indigestion. Take Po-Do-Lax, the pleasant and absolutely sure Laxative, and you won't suffer from a deranged Stomach or other troubles. It will tone up the Liver and purify the blood. Use it regularly and you will stay well, have clear complexion and steady nerves. Get a 50c. bottle to-day. Money back if not satisfied. All Druggists. dw

Geo. T. McNess, the live wire of the experimental farm took out an evaporation tank this morning to be installed for the purpose of testing the percent of evaporation, to so much area in 12 hours.

With this test tank you can know exactly when to irrigate and how much.

Dizzy? Bilious? Constipated?

Dr. King's New Life Pills will cure you, cause a healthy flow of Bile and rid your Stomach and Bowels of waste and fermenting body poisons. They are a Tonic to your Stomach and Liver and tone the general system. First dose will cure you of that depressed, dizzy, bilious and constipated condition. 25c. all Druggists. dw

G. T. Avery Died at Jacksonville.

The Jacksonville Progress of the 10th contains a full account of the sudden death of G. T. Avery a half brother of our Mr. R. C. Monk. He was running the engine of the Avery-Lattimer gin, and fell dead from heart failure. He was sixty one years old, and he had formerly lived at Alto. He leaves a widow and two daughters, Mrs. Emery Watters and Miss Beruice Avery, both at Alto. Many relatives and hosts of friends attended the funeral at Jacksonville, and great sorrow and consternation prevailed wherever this worthy man was known.

The war news is bewildering. All sides claim victories. The truth is they are losing and will all be vanquished in the end, by the evil results of war, but benefitted by the lessons thereby taught.

Chas. Watkins of Douglass was one of the county visitors Friday.

HOW CHILDREN GROW

Children grow by nourishment—not overloaded stomachs or rich foods but qualities that are readily converted into life-sustaining blood; too often their digestive powers cannot procure these qualities from ordinary foods which results in weakness, dullness and sickness. If your children are under-size, under-weight, catch cold easily, are languid, backward, pale or frail, give them Scott's Emulsion which is pure medicinal nourishment. It sharpens the appetite, builds healthy flesh, firm muscles and active brains. Scott's is growing-food for children. Refuse alcoholic substitutes.

Mexico.

Washington, Sept. 12.—Rafael Zubaran, of the Constitutional agency here, tonight announced receipt of a message from General Venustiano Carranza, first chief of the Constitutionalist forces, discussing conditions in Mexico, which Carranza declared to be virtually normal. Carranza also says the port of Vera Cruz is not closed.

"The alarming reports you have brought to my attention as circulating in the United States as Mexican news, are without foundation," says Carranza. The message was similar to the statement from Carranza carried yesterday in press dispatches from Mexico City. It reviews the Mexican situation as that did.

Part of the statement not made public in the Mexican capital is as follows:

"The stability of the new government is fully guaranteed by the support of an army of 120,000 men, splendidly equipped and animated with an unselfish spirit of patriotism."

A trade boom in Monterey was reported at the State Department today by the consul general, as due to the reopening of railroads. Good order prevails and the confidence of the merchants is completely restored, the report states.

Buy a bale of cotton and hold it. Then buy more, if you can, and also hold it. Hold it as long as you can. If you raised it and can't hold it put it in a ware house and borrow on it. The bank can hold it. No matter how or what is done if the bulk can be cut down. And also the acreage. Don't doubt this. Join the hold over gang and be one of those to be called blessed. And then be one of those who will make a deep cut in next years acreage. Cut the present crop and the next. It will work wonders. And plant feed stuff and raise bread and meat to sell as well as to eat at home. Then you will be richer, wiser and better.

Confederate Dead.

J. H. Varner one of the country's honored citizens and farmers died at his family home, about three miles from town about 11 o'clock last night.

Mr. Varner was a Confederate soldier in Company K. of the 31st, Louisiana Regiment Infantry.

The funeral took place at Fairview this afternoon.

Miss Mattie Sanders went to Cushing Friday. She went up to take charge of her music class for the 1914-15 term. Miss Mattie is a good teacher and a sweet bright girl and the Cushing people are fortunate to have her with them.

Piles Cured in 6 to 14 Days

Your druggist will refund money if FAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

KALTON & HALTOM, PROPRIETORS.
GILES M. HALTOM, MANAGER.

A Rich Letter

Chihuahua, septiembre 7 de 1914.

Senor Robert Lindsey,
Presidente de "Nacogdoches County Fair of East Texas,"
Nacogdoches, Texas.

Muy señores nuestros:

Contesto su apreciable del 25 de agosto proximo anterior, para manifestarles que aunque agradezco con toda sinceridad la atenta invitacion que se sirven hacerme para el certamen a que aluden, me veo en el caso de declinar tan bondadosa invitacion por impedirmelo los muchos trabajos que tengo actualmente.

Desearoles feliz exito quedo de Uds. atno. atto. y S. S.

Francisco Villa.

TRANSLATION.

Private Correspondence of
General Francisco Villa,
Chihuahua, Sept. 7, 1914.

Mr. Robert Lindsey,
President of Nacogdoches County Fair of East Texas,
Nacogdoches, Texas.

Dear Sirs:

Responding to your appreciated favor of the 25th of August preceding, and in order to show a great appreciation in all sincerity for the honor done me, by the invitation mentioned, I am compelled to decline this kindly invitation, being prevented by many obligations that I am already engaged in.

Wishing you all success, I beg to be sincerely and truly yours obediently.

Francisco Villa.

To explain the foregoing letter, Mr. Lindsey sent Gen. Villa a very polite and urgent invitation to attend our fair, and proposing to have him as a guest of honor, offering all kinds of inducements.

The translation is not given as being altogether correct, but to show the purpose of the letter, which is in the usual stilted style of that country, abounding in gushing courteous formalities. It is type written and scholarly and on select letter head paper.

Back To The Soil.

Real estate men from different sections of the country report heavy sales in farm lands during the past month, indicating that the "back to the soil" movement has not diminished on account of the present unsettled condition of affairs in the financial world.

There is an instinctive longing in the heart of every man to be a producer—a longing to take from the soil an equivalent for that which he consumes. It is this desire which forms the basis for the "back to the soil" movements which are sweeping the county today. Mother Earth is always safe and available. She has never repudiated a debt, never denied an obligation, nor sought a moratorium. She conserves the principle and compounds the interest.

Texas has more counties than any state in the Union.

What Shall We Grow On Our Farms

What crops shall I grow this coming year? is not only being asked by the farmers of Nacogdoches county but the business men of Nacogdoches are as equally interested in this question as the farmers themselves.

This general interest has been brought about by a great European war, the results of which are the temporary loss of the market for the cotton crop of the country. These conditions may work a temporary hardship, but in the end I believe they will be a benefit to those engaged in tilling the soil, for it will bring about a new and better method of farming, it will kill the old method of one crop system of farming and bring about diversification and the growing of such crops that can be used as food for both man and beast. A farmer can never hope to make a success of his business until he conducts his farm along business lines, and so arranges his work that his stock and his land are occupied the year round in producing something that he can either use or sell, instead of remaining idle for six months as is the case on 75 per cent of the farms in Nacogdoches county.

The Texas Experiment Station believes that not only is diversification of crops necessary for the success of the farmer, but that crop rotation of the proper nature combined with the keeping of stock are the other factors that enter into successful farming.

The climatic and soil conditions of Nacogdoches county are adapted to a wide range of forage crops and there is no excuse whatever for our farmers to buy their forage from town when they can grow it at home. Nor only can they grow these crops for feed, but the legumes such as the varieties of cowpeas, soy beans, vetches, crimson and burr clover are soil improvers. It is a well known truth that a crop of cowpeas on an acre of land plowed under while still green will add as much nitrogen to that acre as an application of 800 pounds of cotton seed meal. In fact it is better than cotton seed meal, due to the fact that when you plow under the vines you not only add nitrogen but you add organic matter which is absolutely necessary to make a soil productive. The present system of cotton farming has depleted our soils of plant food and the farmers have made no attempt to replace it. In fact they have made matters worse by burning off all grass and stalks instead of plowing them under. If they will change this method, which I believe they will be forced to do under the present conditions, and grow such crops that will furnish feed and at the same time maintain and increase the fertility of the soil, then we will see a marked increase in the productiveness of the soils of the county. With this system of farming stock can be kept upon the farms and the forage and grain crops grown feed for the stock, and this finished pro-

duct sold, either in the form of butter fat to the local creamery or as beef on the Fort Worth market. By selling the crops raised on the farm in this manner you return to the soil 75 per cent of the plant food contained in your feed in the form of manure, the remaining 25 per cent going to make animal tissue. If you sell your hay you sell this 75 per cent of plant food and thereby do not make a maximum return for your labor.

The Tenant farmer has not been altogether to blame for the present agricultural conditions in the country, for the reason, his landlord required him to grow so much cotton that he did not have time to grow other crops. Crops which would in the long run, paid both the landlord and renter better than cotton. Then the merchant is also to blame, for unless the farmer produced so much cotton he could not get advances on which to grow his crop. In fact the whole system has been wrong and every class is to blame, and although it has taken a war to make us see the mistakes we have made in the past, in our present system of farming, the time is not too late for Nacogdoches county to go ahead and produce upon its farms the crops that are necessary to feed the world as well as to clothe it.

Geo. T. McNess.

Superintendent Texas Experiment Station No. 11.

The Bank Bill.

Austin, Texas, Sept. 12.—That the governor's plan to organize a \$20,000,000 state central reserve bank out of the school funds of Texas for the relief of the farmers, will be seriously opposed when it reaches the legislature next week, is evident from the expressions of a number of lawmakers. Most of those seen doubt the constitutionality of the plan, and besides most all agree that it will be impossible to consider and pass a measure of such magnitude during the ten remaining days of the present session. Besides the legislature now has half a dozen other measures in course of enactment which will occupy the remaining days of the session. Later. The bill has been remodeled to meet objections and will come up today.

J. M. Mayo of Houston, head of the Development Department of the Southern Pacific Railway, in company with J. J. Greve, local agent for the company here, were pleasant visitors to the Sentinel office Monday afternoon. Mr. Mayo stated that he was merely taking a trip over the lines to take a look at crop conditions and stated that he had found the crops of East Texas in as good a condition as will be found anywhere. While here he called on all the local business men and met as many farmers as he could. He left last night on the H. E. & W. T. for points on the north end.

Nacogdoches county ginned, prior to Sept 1, 1914, 71 bales of cotton. Last year, 1913, same date, 917 bales.

Kone Says Don't Sell Cotton Seed

Austin, Texas, September 14.—Commissioner of Agriculture Kone today issued an appeal to cotton growers to use cotton seed as a fertilizer rather than sell it at \$14 a ton to cotton seed oil men. He accuses the oil mills of having forced down the price of cotton seed from \$28 to \$14 a ton, when the emergency created by war conditions should enhance rather than depreciate the price of cotton seed.

The Sentinel does not claim to be an expert, but while it agrees that it may be best for growers to hold seed, it goes further and thinks it may also be best to hold over some surplus cash in the bank, for a rainy day. But how can a poor man do these stunts. And again, how can Mr. Kone blame the oil mills for the low prices on seed, any more than the spinners for the low price of cotton? Do not these causes go together as a result of the war in Europe? Who is to blame? The seed market and the cotton market go hand in hand. The oil mills are simply buying like cotton buyers, and are governed by market prices in the same way. The Nacogdoches Oil Mill Co. will pay in seed products the very same price that they paid last year. They are not benefitted by the low price of seed. They would as soon pay double price for it as half price, and they must only look to the mercantile market for a margin. Mr. Kone is evidently incorrect.

Visited Old Battleground

Governor Colquitt returned yesterday from Goliad, where he, accompanied by A. B. Conley, Superintendent of Public Buildings and Grounds, inspected the Fannin battle ground with the view of making improvements in accordance with an act of the thirty-third Legislature which carried an appropriation of \$10,000. The ground comprises about ten acres and was deeded to the State by H. B. Hanley.

It is planned to make the battle ground into a public park around which will be constructed a concrete wall, and also to erect an appropriate monument to commemorate the historical event.

Billions of Nickles Spent.

Washington, D. C. Sept. 14.—Talk of a prospective tax against motion picture show tickets develops that the average annual attendance upon all shows ranging in price of admission from 5c to 25c is 1,000,000,000. There is pused over the ticket counters every, year estimate is, about \$350,000,000. This represents 7,000,000,000 admissions at 5c, and the tax figured upon would amount to nearly \$9,000,000.

Go out and see what is doing at the Experiment farm. Mr. Geo. T. McNess will take pleasure in showing you. Ask him all about growing stock feed, which is best and which can be best grown here. The Sentinel would welcome a letter from him every three or four days.

Thanks Galveston News.

The Nacogdoches Sentinel pays this tribute to Galveston:

She is now the beautiful Island City, with a seawall worth seeing, a beach worth a visit and a climate and pleasures to enjoy.

Not only is Galveston becoming the great pleasure resort for Texas and the trans-Mississippi country, but she is also the great port for the great and rapidly developing southwest, for which she furnishes the gateway to the sea. To those who come for business or pleasure from the interior, her great wharves and the ocean going vessels discharging and receiving her immense cargoes are numbered among her many places of business and pleasure which appeal with deep interest to the attention of the visitor. The kind words of the Sentinel are highly gratifying to Galvestonians and friends of the city who appreciate her value as a port, and as a place of pleasure where "the finest surf bathing in the world" is found.

The Vacationists.

The ones who toil, the summer through, at home, in dreary occupations, are always bored by that weird crew returning from their long vacations. There's naught more irksome to the gent, who can't forsake his tiresome labors, than stories told, with full intent, of joys abroad, by gurgling neighbors. I toil like blitzen in my den, while others go to sea, or mountain, and then, when they come back again, each mouth becomes a bubbling fountain, that pours forth yarns of wild delights, of heavenly sails on lake or lovey maids and moonlit nights—and I stayed home and dined on liver! If ever I should go away, to dodge the summer's beastly weather, when I come back I'll sigh and say, "It was a nuisance, altogether! I don't enjoy the ocean's foam, nor woodlands dark, nor mountains sunny; hereafter I shall stay at home, and do my stunt, and draw my money." Then all my friends who couldn't go, will gather round me and embrace me, they'll wipe their tears of woe, and to the soda fountain chase me.—Walt Mason.

Texas Has

More cotton land than any country on the face of the earth.

The largest State Agricultural Fair in the world.

Largest cotton seaport in the world.

Largest inland port market in the world.

Largest farmer's organization in the world.

The first state-wide advertising bureau ever established in the world.

The largest cattle feeding plant in the world.

Longest reinforced concrete viaduct in the world.

The largest cotton seed oil mills in the world.

There are 253 counties in Texas.

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 139 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Peruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Peruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

Probably the most talked of subject in Texas today and yesterday and tomorrow is vaccination. This is because so many children are starting to school and so many parents and guardians are interested and affected. Opponents say it is unlawful to require it of public school children. Also that it is dangerous and painful, yet does not protect. These objections have been thoroughly discussed every year in every city and every community. The lawyer would say it is "res adjudicata" that is it has heretofore been settled by law. Vaccination is favored by all credible physicians. They use it in their own families and upon themselves. They don't fear small pox, never have it. Public enterprises, in many instances, and U. S. armies, require vaccination. It is best for self protection and for public benefit.

The opportunity for the poor man and the man of moderate means is in the great "Cut Over" belt of East Texas and West Louisiana. The term "Cut Over" means only that a great fertile region has been divested of its merchantable pine and is no longer the forest primeval. Nothing now cumberes the wonderful area but a scattering growth of hard wood timber, fit for the industries, for fire wood and for cross ties. The large trees are gone and forever.

The Jacksonville Progress publishes the names of the faculty of the Alexander College Institute at that place for the present scholastic year. Among them the Sentinel notes the name of R. G. Boger, A. B., A. M. Supt. Boys Dormitory and teaches Ancient and Modern Languages. Nacogdoches congratulates this young man who was born and reared here.

Have you thought much about growing tomatoes for market next year. Tomatoes are a leading hope. They bring the cash early in the spring when most needed. And they are out of the way early, so that other truck can be grown on the same land. Try two acres or more per capita.

Important Facts

The Reason for Such Remarkable Low Prices

On account of the low price of cotton there has been a decline in the price of cotton piece goods. We are the first to give you the advantage of same.

Below note the following prices:

8 oz Georgia Duck, 12 1/2c value, per yard... 9 1/2c
 Heavy Shirting Cheviots, 10c value, per yd... 8c
 Best grade Cotton Checks, 10c value, per yd... 7c
 36 inch LL Domestic, good grade, per yard... 6 1/2c
 All our Prints going at per yard... 5c
 Best grade Mattress Ticking, 10c value, per yd... 8c
 Best grade Dress Ginghams, 10c value, per yd... 8 1/2c
 Best grade 36 inch Bleached Domestic, per yd... 8 1/2c

We are receiving many new FALL GOODS every day, and will be glad for you to pay us a visit when in town

Our motto has always been to have one price and that the lowest.

Thomas & Richardson

A Farmers Letter.

Editor Sentinel:

I have been for the last few days studying the situation of the Southern farmer and the crisis that confronts him, and I absolutely find no justification for the low prices of cotton, however some of us are about to lose our heads and become alarmed and panic-stricken, by the extreme statements of a 15,000,000 bale crop, and the great quantities of cotton to be carried over. We have already listened too long to escaping hot air, which is worthless unless we could case it up and make it turn the giant wheels of some great industry. The New York cotton gamblers have shouted wolt, wolt, and the cotton farmers have become scared, and are trying to give away their cotton to any body who will take it. Now then there is no reason for this great bugaboo, in my opinion the 1914 crop will not exceed 13,000,000 and the staple is far ahead of last years crop and should bring a sane and decent figure. We are told that the mills have a surplus of 5,000,000 bales on hand.

This surplus is the low and inferior grades of last years crop which will only be used very slowly in making rough materials, and will not have much bearing on the demand for this year's crop.

The English operations are very few, liable to military draft, and shipping facilities are fast improving. The cry of having to carry over 6,000,000 bales is without foundation only about 10 per cent of the world's spindles are in Germany and Austria and only 15 per cent in these countries and France and even it all these spindles should stop, the loss would be materially made good by the increased consumption of American mills. They must run on double time for the world must have clothes.

The statistics shows the number of spindles in the leading cotton manufacturing countries to be as follows: Great Britain, 57,000,000; United States, 30,500,000; Germany, 10,925,000; Russia, 8,950,000; France, 7,400,000; British India, 6,465,000.

The world's total is 143,730,000. From these figures I see no reason why cotton should not bring a legitimate price.

The buy-a-bale movement is a good one and will play a good part in raising cotton up to living prices, while this move is a good one it being criticised by the cotton gamblers and called Socialism when it is nothing more or less than good sense, and true patriotism.

The farmer needs, and is entitled to all the assistance he can get for he is the backbone of the nation. He is to the world, what the bottom is to the tub, if the bottom is crushed out it won't hold water and if the farmer is crushed out of existence the nation's prosperity will leak out. It behooves every body that can conveniently do so to buy a bale of cotton and encourage the farmer to cut his 1915 cotton crop half into

COTTON SEED

Exchanged for Meal and Hulls

The Feed That's All Feed
 No Dirt. No Dust. No Trash.
 The Best General Purpose Feed on Earth
 Good for Horses. Good for Mules,
 Good for Milk Cows Good for Cattle of all kinds.
 Good for Hogs. Good for Dogs. Good for Sheep.
 Good for Goats. Good for all Kinds of Poultry.

For one ton of seed we give fourteen sacks meal or four thousand pounds hulls. Eight sacks meal equal one ton of seed as a fertilizer. Will it not pay you to bring us a ton of seed and take back fourteen sacks of meal to fertilize your crops with next Spring.

We will also take cotton seed on your note or account. We want seed more than we want money.

Upon finishing this work, the dredge will be sent to Arkansas Pass for work in that harbor.

Galveston, Sept. 15—The largest wheat exportation handled through here in a number of years was recorded during August, when 5,113,455 bushels of this grain left Galveston destined to foreign ports. A value of more than \$1 00 per bushel was placed on the product.

Garrison cotton men have united to build and operate a ware house.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.
 Dr. Kilmer & Co., Binghamton, N. Y., who prepare Dr. Kilmer's Swamp-Root, the well known kidney, liver and bladder remedy, claim that judging from evidence received from druggists every where, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonials letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused by kidney and bladder trouble. Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They have on file many sworn statements of recoveries in the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healing influence is soon noticed in most cases.

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co. advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c and \$1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Nacogdoches Weekly Sentinel.

An Addition To A. & M. Faculty

College Station, Texas, Sept. 9.—Appointment of a successor to Prof. S. J. Fountain, professor of architecture at the A & M. College, who died August 15, was announced today by Dean D. W. Spelce of the school of engineering. The new architectural head is Roland Adelsperger of South Bend, Ind., who for more than six years was dean of the college of architecture at the University of Notre Dame.

Prof. Adelsperger is a graduate of the University of Notre Dame and Chicago School of Architecture. During the Spanish-American War he served in a regiment of engineers in Cuba, rising to the rank of second lieutenant. It was during this service that he designed for Major Gorgas of Canal Zone fame, the general hospital near Mariano. Later he served as architect in the water and sewer department in the office of the chief engineer in Havana. Returning to the United States he accepted the position of dean of the college of architecture at Notre Dame. He will report here Sept. 15.

Tyler, Sept. 15.—Warehouses with a combined capacity of 10,000 bales have been arranged for here, and work on the structures will be under way shortly. This action grew out of the recent meeting of a number of business men and farmers. It was also urged at this meeting that no farmer dispose of any cotton at a price lower than 10 cents per pound.

To Buy 1000 Bales Cotton
 Fort Worth, Texas Sept 14.—The International Shoe Company of St. Louis has telegraphed to Tom D. Collins of Fort Worth, its Texas salesman, and one of the promoters of the buy-a-bale movement, stating it has agreed to purchase 1000 bales at 10c a pound.

and to raise his living a home, and some to spare. By so doing you will receive a reward in the way of a cheaper living next year for your kindness.

C. S. Means,
 Appleby, Texas.

Grandma Simpson of Garrison is visiting in the home of A. V. Simpson and other relatives.

Every child in East Texas should see the High School Athletic Contest at the East Texas Fair, Oct. 3rd. This will be the best thing of its kind ever pulled off in this section of the state.

W. G. Reid returned from Dallas yesterday in his brand new seven passenger Lozier car, which he has just bought. He drove through in it.

For Sale.

One hundred acres of land six miles east, two miles south of Nacogdoches, two houses, two good wells of water, fifty acres in pasture, everlasting branch in pasture, forty-five acres in cultivation all under fence, good improvements, four acre hog patch, good orchard. O. D. Mitchell.

To Those Who Owe the Oil Mill

The amount of your indebtedness to us will be due on the 1st of October as per agreement.

We realize that on account of the peculiar conditions confronting our customers, that they are placed at a considerable disadvantage.

These same conditions place us also at a disadvantage, and feeling that this is a time when every one should deal liberally, we make our customers who owe us this proposition:

To those who will bring to us between this date and October 15th, clean, sound Cotton Seed, that we will take same in payment of your account or note, allowing you a DISCOUNT of TEN PER CENT from your note or account, taking your seed at the FULL MARKET PRICE prevailing at the time of delivery.

For example:

If you owe us \$50.00, we will allow you a 10 percent discount, which is \$5.00. You thus pay us \$45.00 in seed in full payment of your \$50.00 account. This same discount of 10 percent will be allowed whether your account or note be large or small.

This is a liberal proposition, and we trust that all of our customers who owe us will avail themselves of same between this and October 15th.

To those who do not owe us, we ask that you also bring us your Seed. We are giving the full market price and paying spot cash; or we will give you new Meal and Hulls from this season's seed in exchange for your Seed upon a liberal basis for you.

See us.

Yours truly,

Nacogdoches Oil Mill,

W. U. Perkins, Manager.

WHEN THE BOWELS DON'T MOVE

At the regular morning hour you're uncomfortable and the longer this condition exists the worse you feel. A dose of

PRICKLY ASH BITTERS

IS THE REMEDY YOU NEED

It quickly sets things moving. You feel better at once, and after a copious bowel movement, you experience that thrill and joy of living, that exhilaration of spirits and activity of body and brain that only those can feel whose internal organs are in a state of functional activity and cleanliness. It helps digestion, sweetens the breath and restores vigor of body and brain. Try it. Sold by all dealers in medicine.

Price \$1.00 per Bottle
Prickly Ash Bitters Co., Proprietors, St. Louis, Mo.

Stripling, Haselwood & Co., Special Agents

Improved Machinery.

There has recently been patented a cleaning and thrashing device, known as the Maury Cleaner and Thrasher of the latest improved model which is proposed to take the dirt and trash out of the cotton before it passes into the gins, there by raising the grade of the cotton in value of from \$2.00 to \$12.00 per bale. I have installed one of these machines in connection with my gin and will give it a thorough test this season. The ginning fee will be the same as heretofore, 60 cents per hundred pounds lint.

Joe P. Clevenger.

dms w4t

MANY RUINED LIVES.

Hundreds can point to the use of calomel as the cause of physical decay. Its strenuous effects upon liver, kidneys and even the heart are known to every practicing physician.

Medical science has found a vegetable compound that eliminates the poisons from the liver and accumulations from the bowels in a safer and saner way than does calomel and leaves no ill after-effects.

This remedy in the form of GRIGSBY'S LIVER-LAX is a proven success. It is for sale in 50c and \$1.00 bottles by Stripling, Haselwood & Co., who guarantees to refund purchase price if you want it. It is always protected by the likeness of L. K. Grigsby.

Miss Pauline Shirley of Cushing was in the city this week. She will leave in a few days for Waco where she will be a student in Baylor University and will also be an assistant coach in Latin.

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. Herbine is a powerful liver correctant. It purifies the system, stimulates the vital organs and puts the body in vigorous condition. Price 50c. Sold by all druggists. tts

Miss Hattie Owens of Appleby, who has been visiting Mrs. Era Petty here for the past few days, left Friday morning for East Bernard in Wharton County to take up her duties as teacher in the high school there.

Skin Disease Cured.

Your druggist guarantees to return money if Hunt's Cure fails to cure skin disease, —Itch, Eczema, Tetter, Ringworm, and other forms of skin trouble. Also fine for piles, old sores. Costs nothing if it fails to cure. Give it a trial. Stripling, Haselwood & Co.

Birds and Birds.

"The quail or bobwhite feeds freely upon chinch bugs, boll weevils and weed seeds. He has been known to eat 5000 chinch bugs for supper. He probably would have eaten more had he not feared a restless night. The bank swallows, cliff swallows, killdeers, flickers, blackbirds, night hawks, and other migrating and resident birds are each enemies of the boll weevil. These birds deserve the best protection that can be afforded them.

"We do not attempt to make a plea for the English sparrow. It is a pest wherever it is found and deserves to be killed. But we do appeal to the better judgement of our men, women, and boys, girls, and ask them to give to the birds that protection that they so richly deserve."

We take this method of thanking our many friends and patrons for the large number of letters we have received telling us of the truly wonderful results gained by the use of Hunt's Lightening Oil in the treatment of Rheumatism, Neuralgia, Headache and other character of pain. We appreciate this spontaneous outburst of approval. A. B. Richards Medicine Co., Sherman, Texas. Sold by Stripling, Haselwood & Co.

The use of silos in the Midland country has brought about an entire change in the cattle raising of our territory. Men who have always controlled large herds of cattle are learning that the smaller herd well fed on silage will make him more profit than the average range cow. Many men in the Midland country in the past year have demonstrated the true worth of the silo.

The Magic Washing Stick.

The Magic Washing Stick is not a soap, nor is it a washing powder, but a very peculiar article which makes dirty clothes clean and snowy white without a bit of rubbing, thus doing away with the hard work on washday. Washes colored clothes without fading woollens without shrinking or hardening, and for lace and lace curtains it is simply fine. Guaranteed perfectly harmless and can be used with perfect safety on the most delicate fabric. Price 10c per Magic Stick or three for 25c. If dealer can't supply send stamps or money order to A. B. Richards Co., Sherman, Texas. Stripling, Haselwood & Co.

Miss Myrtle Allison had a pleasant party last evening at her rural home about three miles south of town. Quite a number from town went out and they all report a nice time.

A. W. Tipton Dead

A. W. Tipton of Trawick died Sunday morning at 2 o'clock a. m. at the residence of Mrs. T. J. Stack.

Mr. Tipton had been ill there several days, having come down for treatment. Mrs. Tipton was with him here, and a daughter Miss Bessie came from Dallas yesterday.

Funeral services were held at North Church where his remains were buried yesterday afternoon. Mrs. Tipton was 54 years old.

A wife and several children survive him.

When you have an aching, tretchey feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. Herbine offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by all druggists. tts

W. R. Mast of Melrose was an important visitor to the merchants today. He carried home with him about three wagon loads of new gin machinery. When this is installed he will have practically a new and up to date gin plant.

Best for Constipation

Mild and pleasant to take Simmons' Liver Purifier is recognized as the best liver medicine now in use. It causes no unpleasant feeling, but gives new life and vigor to the liver. Sold in 25c yellow tin cans only. Sold by Stripling Haselwood & Co.

Hundreds of American nurses and surgeons have volunteered for service in Europe, said Red Cross officials who are completing the personnel for the relief expedition soon to be sent abroad. It was said there probably had been one hundred offers for service for each selection made.

Thirty surgeons and 120 enrolled Red Cross nurses are to be included in the expedition.

Cast Kept Down Quality Kept Up.

No better medicine could be made for coughs, colds, croup, hoarseness, tickling throat, bronchitis, etc., than Foley's Honey and Tar Compound. That's why they can't improve the quality, and war or no war, the price remains the same. No opiates. Don't take substitutes, for Foley's Honey and Tar is the best. Swift Bros. & Smith.

Hon. Geo. B. Terrel, of Cherokee County, was in our city last Saturday, representing the agricultural interests of the state under commissioner Kone. He was dated for a speech to the farmers, but gave way to the meeting on cotton ware houses, which was held at the court house.

A Lame-Kidney Trouble Causes it

And it will give you even worse if not checked. Mrs. H. T. Straynge, Gainesville, Ga., was fairly down on her back with kidney trouble and inflamed bladder. She says: "I took Foley Kidney Pills and now my back is stronger than in years, and both kidney and bladder troubles are entirely gone." Swift Bros. & Smith

Notice.

The public school of Cambridge Common School District, No. 9, will open, Oct. 5th, 1914, under the management of Miss Lois Simpson.

The trustees earnestly urge the patrons to try and get their business so arranged so as to get a full attendance and we desire your co-operation so as to try and have the best school we have ever had.

Yours Respectfully,
The Board of Trustees.

Citrolax

Users say it is the ideal, perfect laxative drink. M. J. Perkins, Green Bay, Wis., says "I have used pills, oils, salts, etc. but were all disagreeable and unsatisfactory. In Citrolax I have found the ideal laxative drink." For sick headache, sour stomach, lazy liver, congested bowels. Citrolax ideal.

There is to be an unveiling ceremony at Harmony, 7 miles out on the Spanish Bluff road, by the W. O. W. at the grave of C. C. Coats Jr. on the 4th. Sunday in Sept.

Don't be Bothered With Coughing

Stop it with Foley's Honey and Tar Compound. It spreads a soothing healing coating as it glides down the throat, and tickling hoarseness, and nervous hacking are quickly healed. Children love it—tastes good and no opiates. A man in Texas walked 15 miles to a drug store to get a bottle. Best you can buy for croup and bronchial coughs. Try it. Swift Bros. & Smith

Mr. S. V. Perritte and Miss Gladys Tindall were united in marriage at the Methodist parsonage yesterday afternoon at 1:15 Rev. S. S. McKenney officiating. They left immediately for Cushing where the groom is teaching.

Dizzy Head, Fluttering Heart, Floating Specks.

These are signs of kidney and bladder trouble. You'll have headaches too, backaches and be tired all over. Don't wait longer, but take Foley Kidney Pills at once. Your miserable sick feeling will be gone. You will sleep well, eat well and grow strong and active again. Try them. Swift Bros. & Smith. eod

We have a noticeable number of county visitors today which indicates business is not altogether bad. T. J. Blacksher, W. L. Ellington and Bud Hill from Appleby. Rev. R. B. Jones of Melrose and H. M. Carter of Mayo.

Keeps Your Liver Healthily Active.

A man in Kentucky just told a friend that Foley Cathartic Tablets were the most wonderful medicine that had ever entered his system. Said he would not be without them. Neither would you, if you had ever tried them. A thoroughly cleansing cathartic for chronic constipation or for an occasional purge. Swift Bros. & Smith. eod

Mrs. Beulah Gaston Sanders and her little daughter went to Cushing yesterday. Mrs. Sander will teach there this year.

Check a cough or cold in the lungs before it develops a serious case. Ballard's Horehound Syrup is an effective remedy for all soreness or congestion in the lungs or air passages. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. stt

Guard Against Typhoid Fever.

If you wish to escape typhoid fever protect your water supply and your food. See that your well, or water supply, is located as far from all privies as possible and that no surface water finds its way into it. Screen your house and "SWAT THE FLY." Do not permit a single fly to live in your kitchen or dining room. Screening the house will prevent this and incidentally protect you from mosquitos and consequently from malaria. One case of typhoid will cost you much more than the screens for the house. In addition to this be careful of what you eat and drink while away from home. In case of doubt about a drinking water or some food, take the safe course—go thirsty or hungry until you reach home, and then be careful about the danger there also.

Attention to these simple details may save the lives of those near and dear to you.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying Ballard's Snow Liniment. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

Citation.

The State of Texas. To the sheriff or constable of Nacogdoches county, greeting.

You are hereby commanded to summon P. L. Green, to be and to appear before me at a regular term of Justice court of Precinct No. 1 in Nacogdoches County, to be held in my office in the town of Nacogdoches and in said county on the 28th day of September, 1914, to answer the suit of Geo. W. Blackburn and H. T. Mast plaintiff's against P. L. Green, defendant, being Number 1372 on the docket of said court. Plaintiff's demand being suit upon the defendant's note date July 17th, 1914, for \$175.00, with 10 per cent interest from date and 10 per cent attorney fees secured upon mortgage upon one brown horse mule about five years old, and one black horse mule about six years old, fully described in said mortgage and to which reference is made and which lien is asked to be foreclosed by the publication of this citation in some newspaper in said county once a week for four consecutive weeks.

Herein fail not and due returns make of this writ at the next regular term of said court on the 28 day of September, 1914.

J. F. Perritte,
Justice of Peace, Precinct No. 1 Nacogdoches County, Texas. fd w8

Governor elect Jas. E. Ferguson is billed to open the fair at Timpson on Sept. 30th.

Notice.

Having sold my interest in the firm of Fall & Moss to Mr. L. A. Moss he will receive all accounts due said firm and assure all obligations. H. V. Fall, Jr. Aug. 8th 1914. w4

Spur Farm Lands.

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drought, or weed plagues, or other enemies to successful farming. The end of each year finds time and energy practically wasted no progress made. Spur Farm Lands offer relief from these conditions.

The tenant on the high priced lands further east can make a payment and be master of his own acres here. Any good farmer can pay for them from the products thereof. The Spur Farm Lands offer productive, virgin lands easily cultivated, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever know here. Altitude 2000 to 2600 feet.

Considering the reliable production of these lands—prices are lowest in Texas; new country, settling fast; splendid climate, no malaria, chills or fever; good churches and schools. We offer the homeseeker a wide range for selection and are selling direct—no commission to anyone; the purchaser receives full value in his lands in dealing direct with the owner as opposed to paying a middleman several dollars per acre.

STOCK FARMS AND SMALL RANCH TRACTS.

We also offer fine grazing tracts, perfectly adapted to this purpose—one section to fifty, at prices from \$5.00 per acre up. Free illustrated booklet, giving all particulars on application to—

Chas. A. Jones,
Manager for S. M. Swenson & Sons, Spur, Dickens County, Texas. w

Cow Hides Wanted

The hide market is opening with a good demand and strong prices. Until further notice we will pay 12c per pound for green salted hides shipped to us by express. Be sure to write your name clearly on tag inside of sack and one outside to avoid mistakes. A. Golenternek & Co. Tyler, Texas.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

**Farm Telephone
Saved Child's Life**

One of the Children fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

Telephone Co.**

GOVERNOR HALL AT FAIR.

Chief Executive Will Formally Open Big Annual Show November 4.

The Louisiana State Fair will be formally opened November 4 by Governor L. E. Hall. The visit of the chief executive, stamping official approval on the big institution, will be among the most important and interesting events during the fair.

According to the plans mapped out, there will be a street parade, led by the governor, and participated also by his staff, the Shreveport city officials, state officials, representatives of the Fair Association and others of importance and distinction. Many automobiles are expected to join in the procession, which will lead from the business section of the city to the Fair Grounds.

An address by the governor will be among the day's features. An official inspection of exhibits will be another big event.

If there are any persons in the state who have not had the privilege of seeing the governor, this will be a splendid opportunity. It will also be a fine chance for his friends to acquire the admirers and those from curiosity, to shake hands.

Don't forget the date of the fair, November 4 to November 11. Also, apply to L. N. Brueggerhoff, secretary of Shreveport, for catalog and premium list.

RATES TO THE FAIR.

They Are Made Unusually Low by the Railroads for November 4-11.

If you don't take advantage of the opportunity of visiting the Louisiana State Fair this year, it won't be the fault of the railway companies or the State Fair management. They came to an agreement early in the summer whereby reduced passenger rates would be authorized on all railroads operating to Shreveport. The rates will be as low as they were last year, and they were unusually reasonable then.

In addition to the general reduced rates, applying throughout the week of the fair, there will be special, one-day rates, when excursions will be run over the different roads. These rates will be so arranged that the round trip may be made within a day and night.

The railways are interested in the fair. They realize that it means general development in the country, and that means better business later on for the railroads. They are showing their interest by giving such low rates that almost everybody will be enabled to make the trip.

The rates this year apply within a radius embracing East Texas, South Arkansas and Louisiana. Immense crowds are expected.

Cak Ridge Items.

Weather fine and harvest ing and ginning progressing all right. But farmers are depressed over the market prospects.

The school house is finished, all but seating the auditorium. We feel rather proud of our building and school facilities. And we can well boast of one of the best communities in the county, socially and otherwise.

Prof. Ernest Matthews, principal of the school, assisted by his sister, Miss Mary Matthews and Miss Ruth Weaver, will begin teaching here some time in October.

Mr. Eli Morgan is building an addition to his store, with a view of enlarging his business.

Mrs. Mary Blackwell of Chreno, has been spending several weeks with her son, Robert Blackwell.

Miss Lois Smith has returned to Chreno, after a pleasant week's visit at her Aunt's, Mrs. V. E. Simpson.

Mrs. Lee Axley is attending the Institute.

The young folks are making preparation to wing their flight to vari ous places, some to study and some to work.

Mrs. Beulah Sanders with her children and her mother-in-law, Mrs. Mary Sanders, will move to Cushing this week.

One of our most enjoyable Saturday night's social affairs was at Mr. Joe Gastons, given in honor of Miss Mattie Burgess, who had been their guest, for several days. The array of young people, assembled on the lawn, was a lovely and inspiring sight. Pleasant conversation, music, and games were indulged in till the midnight hour warned them to disperse. Misses Emma and Edna Gaston received and entertained most beautifully and all were in harmony with the occasion.

Jacob Teutsch Dead.

Funeral services were held at Pendleton yesterday for Jacob Teutsch, brother of Lee and W. A. Teutsch of Portland.

Mr. Teutsch, who had been ill for more than a year, died at Pendleton Wednesday. For the past four years he had lived at Nyssa, Or. Previous to that time he made his home at Tacoma and Seattle.

He was a native of Melrose, Texas, and 58 years old. Surviving are a daughter, Mrs. R. G. White of St. Johns, and three sons, Henry, William L. and Jack, all of Nyssa. He also leaves three brothers, Lee and W. A. Teutsch of Portland, and C. D. Teutsch of Waxahachie, Texas, and two sisters, Mrs. F. B. Scott, of Salt Lake City, and Mrs. Ella Swift, of Nacogdoches, Texas. — Portland Oregon News.

The Sentinel had a pleasant call yesterday from B. Y. Lloyd who resides in the northern part of the county in the Mayo vicinity.

Whenever You Need a General Tonic Take Grove's The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

The Ware House Bill.

Austin, Texas, Sept.—The administration bonded warehouse bill, which has been up for consideration since the special session of the legislature convened, today finally reached the free conference committee, the house having refused to concur in the senate amendments. The committee is composed of the following members:

On the part of the house: Calvin Hill, Wortham, Rowell and Tillotson. On the part of the senate: Warren, Willacy, Hudspeth, Collins, Cater.

This committee is friendly to the administration bill.

The senate has set this afternoon at 3 o'clock as the time for taking action on the vaction, appointees of the governor.

The Fuller substitute was defeated by a vote of 74 to 31. Then the Dove motion that the house do not concur in senate amendments was adopted by a viva voce vote.

The Darwin senate warehouse bill was reputed and without further action the house adjourned until 10 o'clock tomorrow morning.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c. 50c. \$1.00

Deep Water At Houston.

The William C. May, the first steamer of commercial dimension that will come up the completed Ship Channel, is due and is expected at Clinton any day. She is bearing a cargo of iron pipe consigned from a Philadelphia firm to J. H. Carroll of Houston; forwarding agent who will send it to the San Antonio Waterworks Company. The Southern Pacific Company is prepared to unload the boat as soon as it arrives.

A barge and crane will be used for unloading the cargo. Tracks have already been constructed to the water's edge, and the boat will approach within a few yards of the bank at Clinton. A barge will then be moved up and anchored between the bank and the William C. May. A crane on the barge will lift the pipe from the waiting cars, where it will be placed. When the shipment is unloaded it will be forwarded to San Antonio.

R. W. Tillery of Appleby was seen on the streets Friday. He forgot call at the Sentinel and tell us what he was here for.

Our National Hymn

It was Sept. 14, one hundred years ago, that Francis Scott Key, a gentleman and a patriot, under circumstances as thrilling as any that ever inspired a poem, wrote "The Star-Spangled Banner." It was on the morning following the unsuccessful British attack on Fort McHenry, which defended Baltimore, that Key saw the starry flag still flying from the ramparts of the fort; and it will, therefore, be in Baltimore that elaborate centennial exercises will be held during the week beginning Sept. 6. But it is expected that the event will be celebrated with more or less formality all over the country and in our foreign possessions.

Not only did "The Star-Spangled Banner" come straight from the heart of a patriot, but the circumstances that inspired it were thrilling—as dramatic indeed as would be the climax of a great drama of national significance.

That shortly before the attack on Baltimore a British force under Ross had been landed from Admiral Cockburn's fleet, had taken Washington and burned the public buildings, is history. The Americans had been defeated at Bladensburg, where some of the regiment, as they arrived before the fight, were assigned to their positions by a handsome aide-de-camp, Francis Scott Key, who although a lawyer, had volunteered for military service.

On their march to Washington, the British had been quartered in Upper Marlborough, where Key had a friend, Dr. William Beanes, but for whom, as will transpire, "The Star-Spangled Banner" probably never would have been written.

Several officers put up at his house, and though, they were unwelcome guests and enemies, Beanes entertained them.—Gustav Kobbe in Woman's World for September.

Pope to Stop the War.

Rome, Sept. 10.—As a prelude to a definite program which the Vatican is about to begin in the interests of peace between the allies and Austria and Germany, Pope Benedict today dispatched notes to the Ambassadors of all warring Nations to ascertain the sentiments of their respective Governments relative to a plan for a papal appeal for peace.

It is confidently believed here that Austria's reply will be favorable to Pope Benedict's program.

Only One "BROMO QUININE" To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day. Stops cough and headache, and works off cold. 25c.

In Mexico things are not yet in satisfactory shape. Villa and Carranza are not agreed in purposes and methods. The old grudges against Madero are now pointing at Carranza and his supporters. Zapata is not satisfied. The various factions are still at outs, and the entire population is all split up. Villa appears to have the most power. Mexico is a wreck and seems to be irreparable.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Excursions to the East Texas Fair on all railroads.

EAST TEXAS FAIR

Timpsion, Sept. 30 to October 3rd.

This is the sixth annual East Texas Fair that has been held at Timpsion. This is more than an average county fair. Indeed it is a real East Texas Fair. It is now attracting exhibits and patronage from many surrounding counties. The exhibits of this fair are something wonderful in every line—agriculture, live stock, poultry, canned fruit, art a textile departments.

There one can see just as good exhibits, racing and amusements as are to be seen at the state fairs.

Some special features of the approaching fair Sept. 30 to Oct. 3rd are an address by the Governor Elect, James E. Ferguson. Sham Battle by the Timpsion Military Company, Old Fiddlers Contest, High School athletic contest, splendid racing programs, and two free acts daily. The railroads offering surprisingly low rates from all directions.

The East Texas people deserve a good fair and they are having it. Every East Texan ought to take a day or two off and attend this fair, forgetting for a while the troubles of life and have an all round good time.

Strayed From our Lot.

One brown mare mule, weighing about 900 lbs., little old and has some grey hairs hind legs crooked. Take her up and notify Banita Lumber Co., Nacogdoches, Texas, and get reward.
Frank Sharp.

All Confederate Soldiers and their wives admitted free at the first day of the East Texas Fair, Timpsion, Sept. 30.

Notice

The patrons of Eden community are urged to have their children in school the first day, which is October 5th, for each day means so much to the child.

Respectfully

Lela Smith
Teacher

Hear Jim Ferguson at the East Texas Fair, Timpsion, Sept. 30th.

Colored Teachers Institute.

The colored teacher of Nacogdoches county held a very interesting and profitable session at the Colored School Building, September 7 to 11. The meetings of the institute were presided over by P. E. Walton as president and Mrs. Emeline F. Carpenter, secretary.

All teachers acquitted themselves nicely on the program and all visitors expressed themselves as being well pleased with the work of the institute.

Rev. S. S. McKenny addressed the Institute very ably on the subject: The Wealth of Knowledge.

Dr. Judkins of the Hookworm Commission addressed the Institute on Thursday September 10 his subject was sanitation. Rev. M. C. Johnson, Prof. J. B. Stripling and others addressed the institute. The session of the Institute was held under the supervision of County Superintendent Prof. W. B. Hargis.

A committee was appointed to draft suitable resolutions for the Institute.

Whereas a cruel and warring war is devastating Europe and retarding the progress of the world: Be it resolved that we deplore this fact and earnestly hope that peace may soon be declared.

Resolutions on attendance: Be it resolved that we heartily commend all teachers and officers of the Institute for their loyalty to the work of the Institute punctuality and earnest preparation of their portion of the program.

Resolutions to retiring, County Superintendent, Prof. B. W. Hargis. Whereas Prof. W. B. Hargis will soon retire from office. We regret this fact for in his departure our county loses a worthy officer and our Institute a strong helper. Where ever he may go he carries with him our best wishes for his success and our sincere thanks for the interest he ever manifested in ever welfare.

Respectfully submitted,
E. J. Campbell
H. C. Carpenter
Mrs. Josie B Watts
Mrs. Ella Lewis
A. J. Criner.
Committee.

A gold headed cane was presented to Prof. Hargis as a token of the esteem in which he is held by the Institute.

Irregular bowel movements breed disease in the body. You should purify and regulate the bowels by using Prickly Ash Bitters. It is mildly cathartic and strengthens the stomach, liver and kidneys. Stripling, Haselwood & Co., Special Agents

From Appleby.

I have a sunflower growing in my yard that is 15 feet high it is 14 feet a cross from right to left has 54 main limbs on the body, and has more than 1500 flowers or heads, a reward for the one that can beat it.

C. S. Means.

Martel Hall, who will be a student in Rice Institute has gone to Houston to join Coach Arbuckle, who has a crowd of his boys at Seabrook for an "Athletic Outing. They will remain there until school opens.

From Melrose.

While we are in the presence of pleasure we are in the midst of death as it was when the Angel of Mercy and death entered the home of Mrs. A. J. Price taking from them their adopted little girl Mattie Joy Mims who was indeed the pet and joy of that christian home. Her mother died when she was only one year old. And Mrs. Price with her great loving motherly heart (assisted by her faithful children) too little joy and Jessie for her own dear little girls. Blessed are the hearts and hands that labor and care for precious orphan children, for they are laying up treasures in heaven God spared little Joys life to be 13 year old and by her affectionate disposition she had entwined her self about their hearts until she fell asleep with Jesus, the 25th of August. She was reared in the lap of christianity and we feel assured that in her pure innocence she is safe, telling them a few weeks before death came that she wanted to join the Baptist church and go to heaven with Aunt Amanda.

Dear friends one more Angel is waiting for you, Asleep in Jesus blessed sleep Where none ever wakes to weep A calm and undisturbed repose. Unbroken by the last of foes. A friend,
L. W.

Put your stomach, liver and blood in healthy condition and you can defy disease. Prickly Ash Bitters is a successful system regulator. Stripling, Haselwood & Co., Special Agents.

Fairview Items

We are needing rain in this section of the country.

Mrs. Dean has been on the sick list the past week.

Misses Vallie Smith, Lula and Charlie Rector entered school at Nacogdoches Monday.

Rev. R. B. Jones preached at Fairview Saturday night and Sunday.

Genie Rector has accepted a position with W. T. Wilson Grain Co.

Miss Ada Stripling left Saturday night for Denton where she will be a student in the North Texas State Normal this school year. We wish her great success in the work that she undertakes to do.

Again our community has been made sad by the death of Mr. J. H. Varner which occurred last Saturday morning. We repeat what the poet said long ago by saying: "A precious one from us has gone

A voice we loved is still,
A place is vacant in his home Which never can be filled."

Grieve not loved ones, but only live such a life that you may be able to meet again in Paradise never to say goodbye.

X. Y. Z.

If your food does not digest well, a few doses of Prickly Ash Bitters will set matters right. It sweetens the breath, strengthens the stomach and digestion, creates appetite and cheerfulness. Stripling, Haselwood & Co., Special Agents.

HAPPY WOMEN

Plenty of Them in Nacogdoches, and Good Reason for it.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest.

The distress of urinary troubles, When she finds freedom. Many readers will profit by the following.

Mrs. J. J. Coker, 303 S. North St., Nacogdoches, Tex., says: "Doan's Kidney Pills have been used in my home, being procured at Mast Bros. & Smith's Drug Store. (now Switt Bros. & Smith's Drug Store). They were taken for a dull, heavy ache across the small of the back, lameness and soreness through the loins and irregular action of the kidneys. This remedy has proven to be just as represented.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The "Two Minute" Grocery.

Ulric Wilson has bought out his partner Charlie Barrett and is now sole owner of the former grocery firm of Wilson & Barrett. Ulric says he will keep a complete line of groceries and give a "two minute" service that will be "one minute" ahead of the Post Office Drug Store.

Mrs. W. E. Oxsher of Houston is a guest of Mrs. Z. T. Mast. Mrs. Oxsher moved from here to Tyler a year or so ago but recently moved to Houston. She came here from Ballinger where she visited her folks.
