Naco, Ariz., September 28.—General Benjamin Hill, commander of the Carranzista troops in Sonora, declared today that a detachment of Governor Maytorena's forces mutinied and a factional fight followed, in which most of the mutineers were killed. He declares 500 Villaistas under Colonel Acosta mutinied and left Maytorena's command during the recent fight at Santa Barbara and were later engaged by rebels under Urbalejo. Hand to hand fighting of the most desperate character resulted. The losses on both sides were large.

Hill says Maytorena's command lies 40 miles west of Naco, Sonora.

## "Buy a Bale of Cotton" and Help the South

**GIMBEL BROTHERS**  
Will place on sale today  
10,000 Bales of Cotton  
at 10 cents a pound

and we invite you our customers to aid in this splendid cause by buying a bale of cotton, of about 500 lbs, at the approximate cost of **Fifty Dollars a Bale**

Europe uses under normal conditions 9,000,000 bales—60 per cent—of our cotton crop yearly.

Today, because of the war, the consumption of cotton abroad has increased enormously—yet the foreign mills are idle.

Meanwhile the cotton that should have gone to Europe—the lifeblood of the South—is gathering idly in the warehouses.

The South's prosperity depends upon the marketing of her cotton; our prosperity is inseparably linked with hers.

We ask for your co-operation on the score of brotherly interest in the South—not as a speculation for profit—to join in a movement which is rapidly becoming nationwide.

Receipts for individual bales are fully covered by insurance for a year; storage at the rate of 25c to 30c a month will be added when the cotton is sold or withdrawn. The cotton is sold and guaranteed on the basis of "middling" at 10c a pound.

Buy a bale today and help the South!

Certificates will be sold on the main floor, rear balcony.

The above clipping from a Northern paper and forwarded to us by our New York representatives, Jas. T. Leonard & Co., which clearly shows that our Northern brothers are not turning a deaf ear to our appeals for aid.

### A Venerable Pair of Pioneers.

Mr. and Mrs. G. H. King are doing themselves proud today in entertaining Mr. and Mrs. Sam W. Reid. These old people got to Texas long before railroads were even talked about. Mrs. Reid is a sister of Mr. King. Sam W. Reid was a mere child when his father moved the family to Texas in 1886, and had a dwelling at one time on the hill near the Tom Hill place. Sam went to school in 1887 in the house now occupied by Miss Joe Weaver on East Main street, and at that time his father was building the house now known as Mrs. R. R. Wilson's boarding house. Sam W. Reid has lived in this county all of his life, and is the only survivor of his father's large family. He served as a Confederate soldier, and has always been an upright worthy citizen. He came here from Georgia where the Rusks lived. One of his sisters was the wife of Capt. David Rusk a distinguished San Jacinto veteran.

The champion peanut grower was in town today. His name is James Rice, he lives at Casa.

### Farmers Meeting.

Nacogdoches, Tex. Sept. 26. To the Hon. H. M. Carter, Maytown, Texas.

Dear Sir:

We the undersigned respectfully ask you to call a general meeting of farmers of Nacogdoches county to be held at the courthouse on Saturday Oct. 3rd at 2 p. m. for the purpose of discussing crops to be raised for the year 1915 and discuss the advisability of raising wheat, Spanish peanuts, sorghum, corn, sudan grass and etc. and reduce the cotton acreage for 1915. All interested are asked to attend said meeting and are respectfully asked to give us their advice of council and if anyone has any valuable information to submit will kindly be at the meeting.

Respectfully submitted:

And others.

Nacogdoches, Tex. Sept. 28.

—Referring to the above petition I hereby call such meeting to be held at the Nacogdoches county court

house at 2 p. m. on Saturday, Oct. 3rd, 1914.

Respectfully,

H. M. Carter.

Lane to Appeal.

Comptroller W. P. Lane and his attorney, Judge W. F. Ramsey, returned to Houston Monday to prepare Mr. Lane's appeal in his contest suit for the nomination for congressman at large over Jeff McLemore. The case will be rushed through the court of civil appeals. Judge Ramsey has declared the fight will be carried no further than that court. If Mr. Lane loses there, McLemore's nomination will be conceded.

Judge Kittrell's decision Saturday was that Mr. McLemore had been nominated by a majority of 145.—Houston Telegram.

## Our County Court House.

The Sentinel has been asked to call public attention to the defects of the court house in several particulars, in order that the people attending court may inspect and have a say-so about it. It is the people's house and for their use and benefit. The county commissioners are the people's representatives and agents, and of course want to do them good service, in their public buildings as well as in all other utilities.

Particulars are not here attempted, but as instances, the acoustics of the district court room are notorious, and the location of the room with reference to the western sun being disagreeable and the noises of trains also. And the arrangement of the different sections of the room, for general use is questioned, as well as the inconvenient approaches and entrances. Other features are said to be objectionable, and probably it would require a careful, deliberate painstaking investigation to discover proper remedies. It is a very common thing for people to build houses just to suit, and afterward discover by trial and use, that the houses do not suit and must be changed. And even then mistakes are made, and the plans must be reversed.

This town has had four regularly built court houses. Neither one proved satisfactory in location, style or conveniences. The first was a two story frame building located in the public square. The second a colonial style brick on south side of square. The third in same place, different in style. The fourth is now in use, and its style and location away off from its predecessors. It is doubtless the superior of any of them and yet might be greatly improved. The Sentinel does not pretend to pass judgment on it, but merely to show what is said and thought by interested parties, and to draw out inquiry and opinion.

From H. C. Fuller.  
Houston, Texas, Sept. 12, 1914.

Dr. J. E. Mayfield:  
Nacogdoches, Texas.

Dear Friend: From the various papers as well as from the general tone of the Sentinel, which we get once a-week, I note with interest and pleasure that you are at the editorial helm, and I sincerely trust you will decide to remain there many years. It was a pleasure of mine to write the first editorial on the Sentinel or rather for the Sentinel when it was printed on a small job press upstairs on the west side of Main street, and when it went by the name of the Phone. I remember distinctly that the editorial called attention to the fact that the area of land in the Lanna bottom, not far from where Prince McLean lived on the Houston East & West Texas Railway, south of Nacogdoches—just two miles, if I mistake not, was an ideal place for a public park and should be acquired and improved for that purpose.

Many changes have taken place since then, and when I glance at the headlines of the Sentinel and note that it is in its 15th volume, I wonder if I too, am growing old. I read every issue of the Sentinel with pleasure and note with interest many changes that are taking place from time to time in that historic section. I see the names of those whom I used to know and who used to know me in the years that are gone, and occasionally I note with pain, that one of these dear old time friends has gone home in the gloaming, never to return again. I wish I had the time to sit down and write each and all a long letter, telling them that I often think of them and wonder how they are getting along, and whether the snow that never melts is piling high on their devoted heads. Old Rom Wisener, Sid Wisener, Bill Denman, Whig Rogers, Ben Lawson, Mich Weatherly, John Orton, Holloway Power, Dave Smelley, Jim Haltom, Bill Meeks, Bob Elliott, John Rusk, Jose Nauchaca, Joe Clevenger, Ike Lewis, Ed Ashley, John Lewis, Anthony Muckleroy, Bill King, El King, Bob Weaver, George Weaver, Jim Smelley, Dave Slay, John Richardson, Bradley K. King, Jim McClure, Vail Fall, Jack Perrette, Pink Burt, Joe Burt, Whit Matthews, John Stoker, Ben Cooper, Cal Eddids and many others quite too numerous to mention and whom I knew and remember well.

I have before me now a copy of the Sentinel of recent date and I note with pain that Jack Teutsch is dead. I knew Jake well, also Charlie, Lee and Gus and Miss Jennie when they were all together at the old home on the hill between Melrose and Cove Spring. Jake was a splendid man in every sense of the word and in memory I still recall him when he came back from the far west on a trip to Melrose, long ago.

I believe this is all today, but I could write on and on and live over again the days

of old in good Nacogdoches county, when Major T. J. Carraway, Will Haltom, and he undersigned mixed and mingled in the political excitement that was rampant in the county. I note that our mutual friend Ben Calhoun is now a member elect of the legislature from Angelina and San Augustine counties. Ben is a good fellow all right and in the palmy days of populism, now happily gone forever, he used to make we democrats sit up and take notice. If you see Hon. W. A. Skillern, please tell him that I often think of him and still regard him as being one of the best men whom it was ever my privilege to know. Regards to Giles Haltom, June Harris and George Weaver.

Sincerely,  
H. C. Fuller.

## Where Is The Need For A State Bank.

What is the emergency on which Governor Colquitt bases his recommendation for a state bank, and in what way could such an institution relieve it?

What necessity is there for the state of Texas entering the banking business, and how would the public funds be safeguarded if she did?

Suppose this great bank, capitalized with the school fund securities, should be organized, and suppose it should be conducted with the same recklessness and lack of foresight which have characterized the management of the prison system—who would repair the loss?

If it is more money that is needed, isn't the federal government able to supply it faster than local institutions can take it up and would a state bank increase the circulation of legal tender?

If it is centralized reserve institutions that we want will not the regional bank at Dallas be organized and in operation before plans for a state bank could possibly be formulated?

If it is storage of cotton as collateral that is demanded, has not that already been provided for by the warehouse bill and the new federal currency system?

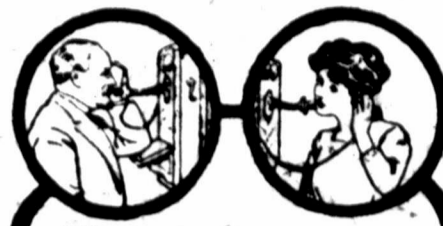

If it is sale of cotton that is desired, could that be furthered by a financial institution that would not be permitted to buy?

Would a state bank increase the demand for cotton? Would a state bank loan on cotton more liberally than other banks? Would a state bank buy cotton? Would a state bank curtail the supply? In short, would or could a state bank do any more, or do it any differently, than the present national and state institutions?

If it did, wouldn't it be jeopardizing the school funds? If it didn't, would it be helping the situation?—Houston Chronicle.

One more question is are there not some boosters behind the move who are expected to receive seats at the pie counter?

## Sleep.

I go to roost tired out and sore, and sigh, while yet awake. "There's no use living any more, life's such a grievous task. It's nothing but a round of toil and tears and things like those; my heart is sorer than a boiler, I have so many woes." While grumbling thus I start to snore until the bedsprings rock, and then, for seven hours or more, I sleep around a block. Ah, far and wide my snores are flung, till wakened neighbors yell; I learned to sleep when I was young my tutors taught me well. For seven hours, or maybe nine, I sleep with ardent zeal; then, in this withered heart of mine, new energy I feel. I murmur, as I don my rags, "How foolish his despair! I don't indorse those dismal wags who say that life's a snare, I'm glad that I have work to do, and wish I had some more; I'll gayly toil the long day through, enjoying every chore. I feel as fresh and free from aches as Adam, ere his fall; bring on your wildcats and your snakes, and I shall whip them all!" Oh, sleep! It is the only dope that's never known to fail, that brings new courage, faith and hope, when man is tired and stale.—Walt Mason.

The European war has stuffed millions of dollars into the pockets of the Louisiana sugar interests. Every family in the country is paying its share of this tribute. In many places in the country the retail price of sugar has already advanced to 10 cents a pound.

Yet Mr. Roosevelt went to Louisiana yesterday and wept hot, scalding tears of compassion over these planters, whom he mournfully pictured as victims of Democratic tariff revision. It is to laugh.

Mr. Roosevelt is welcome to the issue, and he is welcome to all the other issues that he raised in his New Orleans speech. No other man ever talked so much twaddle as he, and yet all the other twaddle he ever talked seems like sense in comparison with the silly speech that he made yesterday.—New York World.

## Peanuts For Nacogdoches County.

The Spanish Peanut is a crop that should receive more attention at the hand of the farmers of Nacogdoches county not only on account of the nuts, but also for its forage, and from the fact that being a legume it does not deplete the soil upon which it is grown of nitrogen.

There is no forage and feed crop that will respond to slight cultivation like the peanut, and it can be grown on any of the types of soil to be found in the county. It is well adapted to the sandy soils to be found in the southern portion, and should be one of the main crops on the sandy sections of the county. The peanut will finish a hog better and cheaper for the market than corn will, and the forage makes fine roughage for all stock. Even as a market crop it is a good investment and will bring in a much larger return per acre than will cotton.

Peanuts have been grown on the Experiment Station for three years, and the conclusions drawn from the experiments are that it is one of the best forage crops for Nacogdoches Co.

These experiments show that a slight increase in yield can be obtained by planting in 18 inch rows as compared to planting in 36 inch rows, a gain of 230 pounds per acre of forage and nuts was obtained this year in favor of the close planting. When you figure the yield of nuts alone the close planting yielded 1090 pounds (36.3 bushels) while the wide rows yielded 1080 pounds per acre, (36.0 bushels).

In comparing these results with what it would have been if cotton had been planted on the acre of land we would have had the following. In the first place 12 bushels of oats were gathered which at 60c per bushel would be 7.20 36 bushels of Peanuts at \$1.00 per bushel \$36.00. 1 ton hay \$15.00 giving a total of \$58.20 gross receipts for the acre. If planted in cotton such land would have produced 1-8 of a bale which at 10c per pound would be \$20.00 leaving a balance of \$38.20 in favor of the oats and peanuts. This is not all, the growing of the oats and peanuts would maintain and increase the fertility of the soil upon which they were grown, while the cotton would have depleted the fertility of the soil upon which it was grown.

If our business men and farmers would get together and discuss and encourage the growing of such crops as Sudan Grass, Cowpeas and the Peanut instead of fighting over cotton, every man in the county whether business man or Farmer would be better off.

Geo. T. Mc Ness,  
Supt. Station No. 11

Big propositions, or in other word's big problems, are in the public mind today in Texas. Congress is wrestling with the money question which means banking and tariff. Our legislature is in a third extra session, considering similar questions, especially the cotton question and its bearings. The big war comes in for a big share of thought. And more than all Roosevelt is strenuously objecting.

# WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Luckawanna, N. Y. "After my first child was born I felt very miserable and

could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I have never known Mrs. A. F. STEARNS, 123 North Main Street, Lowell, Mass., U.S.A.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Farmers Like the Henry Bill.

Washington, D. C. Sept. 23—The Legislative Committee of the National Farmers' Union, composed of President C. S. Barrett of Georgia, Peter Radford of Texas, H. S. Mobley of Arkansas, E. W. Dabbs of South Carolina and T. J. Douglass of Missouri, today announced that the importance of passing the Henry Bill will be urged upon every member of Congress by Farmers Union leaders throughout the entire country.

This announcement came after a lengthy conference between the farmers committee and members of Congress who are behind the measure.

The bill referred to was introduced by R. L. Henry of Texas on August 6th and is now in the hands of the Committee on banking and currency. This bill was drafted with the assistance of prominent members of the National Farmers' Union and is understood to meet with the full approval of President Barrett.

The farmers meeting held at the court house last Saturday appointed a committee of leading farmers, who formally invited advice and counsel at the meeting Saturday, Oct. 3, on the subject of cutting down the acreage of cotton for the 1915 crop, and planting foodstuff instead.

## Important to all women

Readers of this Paper.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and the dollar size bottles at all drug stores.

**Favor Competitive Tests For Cadets.**

A movement started by many United States senators may result in all appointments to West Point and to Annapolis being filled by competitive examinations, instead of by appointments by senators regardless of the qualifications of the appointees, according to information received at Fort Sam Houston. Some time ago senators adopted the idea of holding competitive examinations in filling vacancies in the military and naval academies.

It has been proposed by Col. Clarence P. Townsley, superintendent of West Point, that a law be enacted making imperative competitive examinations to fill all vacancies. He suggests the examinations be open to all youths eligible to compete. In this way, the boy who passes the best mental examination and who is physically and morally qualified would obtain the appointment.

**Union Service**

On next Sunday evening at 7:30 o'clock there will be a union service in the Methodist church in the interest of International Peace, answering to the call of President Wilson. There will be an appropriate program with special music, and the sermon will be preached by Rev. M. C. Johnson of this city. All the pastors and congregations of the city are to participate in the service.

There will be a tree-planting offering taken for the American Red Cross Society. It may be that some of the lodges or societies or individuals of the city desires to make some donation to this cause. If so any amount left with Mr. L. L. Sturdevant at the Stone Fort Bank will be placed to their credit for this fund.

**Charged With Double Crime.**

Homer, La., Sept. 26.—Marvin Moss, aged 28 years, of Lutkin Tex., is held in Claiborne Parish jail charged with the killing of his aged stepfather and stepmother, Mr. and Mrs. Z. T. Moss. A 3-year-old half-sister has accused Moss of the murder.—Investor News.

Mr. Moss is quite well known here. He has friends who have known him 85 years.

Marvin Moss is the youngest son and Mrs. Moss is his step mother. They were residents of San Augustine for sometime and a brother lives in Chireno of this county.

Young Moss was arrested and is in jail in Shreveport.

**Interscholastic League.**

Professor E. D. Shurter, State Chairman of the University of Texas Interscholastic League, estimates that the membership in the League will in all probability reach a thousand this year. Last year there 503 schools of the state enrolled in the League. Among the new features that have been added to the League for the present session are several that will appeal especially to the rural schools. Among these are contests for girls, both in declamation and in athletic contests; then in addition to the debating, declamation and athletic contests will be added a spelling contest open to boys and girls alike. This contest is expected to revive the old time interest in the spelling bee and to increase the number of good spellers. Many people have complained that the absence of the old fashioned blue back Webster's speller in our school system is the cause of defective spelling. The decline of the spelling bee is probably an additional cause.

Contests in debate, declamation, spelling and athletics will be held first in local schools, then in counties, then in sixteen different districts, and finally the winners in the districts will meet in a grand contest to be held next May at the University of Texas. Professor Shurter has announced the directors of the sixteen districts in the state.

In the eleventh district of which Jacksonville is headquarters the following are the counties that compose it and the officers in same:

Superintendent B. J. Albritton, Jacksonville, Director General; Superintendent S. W. Dirickson, Lutkin, Director of Debate and Declamation; Principal Earl Huffor, Nacogdoches, Director of Athletics. Counties: Henderson, Smith, Anderson, Cherokee, Nacogdoches, Leon, Houston, Trinity, Angelina.—Jacksonville Daily Progress.

**Rebel Martin Released Upon \$10,000 Bond.**

Beaumont, Texas, Sept. 26.—Rebel Martin, former Wells Fargo & Co. Express messenger arrested Friday at Nacogdoches charged with embezzlement, was released late today on bond in the sum of \$10,000.

The bond was signed by 19 prominent business men of Southeast Texas. Martin left tonight for Nacogdoches, where his wife is critically ill.

Martin was indicted by the grand jury several days ago in connection with the disappearance from a Wells Fargo express car on a Santa Fe train on March 18 of \$14,800 cash, which was being sent to Kirby Lumber Company mills to meet payrolls.

W. A. Partin of Needmore came to town Saturday with a load of baled peanut hay. Mr. Partin has 10 acres in this hay and has made 9 tons, which is worth \$20.09 a ton. This is a good crop of fine feed and comprehensive of what can be done in the peanut line.

**Going to Grow Pecans.**

Dr. Campbell dropped in to see the branch of walnuts that we received from Uncle Lige Evans the other day and said he intended to plant at least four acres in pecans on the place he recently purchased from Jim Singleton in the western part of town. Doc went up to Logansport this summer, and saw the 60 acres in pecans at that place that will bear this year, and came back carried away and enthused with the idea of pecan raising. The gentlemen owning the pecan orchard had been offered \$500.00 per acre for his holdings, but would not consider it at all which goes to show what this piney woods land can produce and what it can be made worth if planted in something else other than cotton. These trees were planted ten years ago at very little cost, the ground between them being cultivated every year since, and now at the expiration of that time the farmer with a little forethought for the future has an independent fortune and an assured income for years to come. Get busy, Mr. Farmer, and make arrangements to plant a few pecan trees this fall. The out-lay of expense is small, and it will not interfere with your cultivation of other crops. We expect to partake of Dr. Campbell's hospitality in the way of eating pecans of his own raising in about ten years from now, provided the good Lord is willing and sees fit to let us live that long, and we earnestly hope He will.—Lutkin News.

**Maderos Will Try To Effect Peace.**

San Antonio, Texas, Sept. 25.—To try to heal the breach between Carranza and Villa, and probably to join the revolution of the latter if their efforts for peace should prove futile, two members of the Madero family, Altonso and Salvador, brothers of the late president of Mexico, passed through San Antonio this morning en route to Mexico, accompanied by their families. They came from New York in a private car. Emilio Madero stopped over in San Antonio.

The Maderos discussed the new situation in Mexico reluctantly and guardedly. They had started back to Mexico, they said, before the break between Carranza and Villa was announced. They said that they would do all in their power to reconcile the two leaders.

As Villa was a close friend of Francisco Madero, local constitutionalists express the belief that the surviving brothers will aid the rebel chieftain in the event of actual warfare.

Paris, Sept. 28.—A Havas agency dispatch from Petrograd says that the Army Journal publishes the following list of Russian captures in Galicia from Aug. 10 to Sept. 14:

Seven flags, 687 guns, of which 38 more the initials of Emperor William, 44 machine guns, 85 cases of ammunition; one general, 485 officers and 68,681 soldiers.

**McLemore Is Winning Candidate**

Houston, Tex., Sept. 26.—Judge Kittrell this morning rendered a decision which declared Jeff McLemore the Democratic nominee for Congress at large from Texas over Walter P. Lane, by 145 votes. Judge Kittrell found Lane had received 99,282 votes and McLemore 99,487.

Judge Kittrell held that neither the El Paso convention nor the state committee had the right to ignore the vote of a county and returns from all were required to be figured in the result. He also held that failure to include a pledge on the primary ballot did not vitiate it.

During the trial of the contest, which had been brought by Lane, counsel for each had a good idea what the vote of each county should be under certain contingencies and after the court announced his holdings all that remained to determine the winner was to make the count as directed.

That was done and shortly before noon McLemore was declared the winner by the figures given above.

It is announced that Lane will appeal, basing such upon the action of the court in counting ballots from counties where the pledge was omitted.

**Buy A Bale of Cotton**

Mr. J. Thos. Hall of the Sublett Insurance Agency has hoped to enlist their 25 Insurance Companies in the Buy-A-Bale of cotton move, but the following letter from the president of the United States Fidelity Co. of Maryland.

Baltimore, Md.

Sept. 22, 1914.

Sublett Insurance Agency, Nacogdoches, Texas.

Dear Sir:—

For your information we beg to advise you that the Executive Committee authorized the President to encourage the movement inaugurated in the South to buy a bale of cotton, and to this end he was about to advise the leading agents of the Southern States each to purchase for the account of the United States Fidelity and Guaranty Company one or more bales of cotton; but owing to the very recent action of the Insurance Commissioners assembled in Convention at Asheville, N. C. under date of September 18, 1914, action by the President in this direction will be prevented.

The Resolution as passed by the Convention is as follows:

"Resolved, that while the individual members of this Convention are in full sympathy with the spirit of the Buy-a-Bale-of-Cotton movement and with the spirit of any similar movement which has been or may be hereafter started, it is not within the power of this Convention or of its individual Commissioners to approve of any specific act or any investment by our Insurance Companies unless such act or investment be authorized by law."

Very truly yours,  
John R. Bland,  
President.

**Camp Fire Girls**

Born of the flickering flame of a camp fire and fostered by the purity of spirit that is innate to its precincts—Huwicooos No. 1, Camp Fire Girls of Galveston.

Four Galveston girls organized the Huwicooos Aug. 22, 1912. The purposes of the organization are centered about social uplift in community life.

The self elected duties of the young ladies, whose numbers have now grown to twelve, as enumerated by them, are to perpetuate ideals of home—show the housewife the beauty of her work, to aid in forming health-making habits, to create a disposition for out-door life, to devise a manner by which the standards of a woman's work may be measured, to create more interest in the home and to restore closer relationship between mother and daughter.

Whimsical ideals of the club are to teach girls how to "keep step" and petty things which added make life's road just a little easier. Pettishness, if possible, is to be banished by these young women.

And for their efforts and the grades of work they do there are classes in the club. The first class is the wood gatherers; second, fire makers, and third, torch bearers. Honors may be won in seven crafts. These honors are signified by varicolored beads. They are: Health, red; home, orange; nature, blue; camp, brown; hand, green; business, yellow, and patriotism, red, white and blue.

About the formation of the club and its work are wrapped the pretty bits of Indian lore. The symbol of membership is the standing pine. It means simplicity and strength. The camp fire is the symbol of organization, meaning establishment of home. For it was about a camp fire that the Indian home was built, the top of the tepee being the smokestack, its center the fire place.

The watchword of the organization is "Wohelo," formed from the first two letters of the words work, health and love.

The name of the organization was selected from the first letters in the surnames of the organizers, Hughes, Wilson, Corrington and Oser.

Brownwood, Tex. Sept. 23.

**Late War News.**

London, Sept. 25.—A Reuter dispatch from Amsterdam says the thirty-first German casualty list, carrying a total of about 1,000 men killed, wounded and missing, has been given out. It includes the names of 23 officers of one regiment who were killed in five days' fighting.

London, Sept. 25.—A Central News dispatch from Rome says the Austrian seaport of Lissa, in Dalmatia, was bombarded by a French fleet Sept. 19. Later troops landed from the French warships and went into garrison. British and French flags were hoisted over the semaphore station at Lissa.

Paris, Sept. 25.—A correspondent telegraphs from Trieste that two Austrian torpedo boats and one torpedo boat destroyer were sunk by floating mines last Friday on the coast of Dalmatia, according to a Havas dispatch from Rome.

London, Sept. 25.—Emperor William is suffering from a severe cold, according to the Geneva correspondent of the Chronicle. He caught it in the trenches before Verdun where he was drenched by the rain when recently viewing his soldiers.

Rome, Via London, Sept. 25.—The Giornale d'Italia publishes a report from Basel that Switzerland has refused a request from the Germans for permission to send three army corps across Swiss territory.

Bordeaux, Sept. 25]—It was announced officially in Bordeaux this afternoon that the Germans last night recommenced bombarding the Rheims cathedral.

London, Sept. 23.—The Grimsby trawler Kilmarnock was sunk by a mine in the North sea yesterday. Only three members of her crew were saved. The trawler was blown in two and went down instantly.

**Fire Prevention.**

Greater love hath no man than to lay down his life for a friend, and the greatest love, it seems to me, ought to be that which saves a friend the fruits of his labors.

Every man is responsible to his fellowman. The fire fiend is no respecter of persons; he walks like a pestilence at times.

You owe it to yourself that property is kept in condition, wholly unattractive to fire damage, or its master, the fire fiend. But in greater degree, you owe protection to your neighbor through protection of yourself.

Fires are easy to prevent. Seventy-five per cent of them have no cause to occur.

A little foresight, constant care and steady vigilance will reduce both your fire insurance rates and liability of fire loss.

Mr. A. J. Jones and Miss Dena Posey were united in marriage at 10 o'clock this morning in the Methodist parsonage. Rev. S. S. McKenney officiating.

## West Branch Of Woden High School

Our school opened Monday Sept. 21, 1914, with an interesting program.

Miss Maggie Brandon of Appleby is our teacher. She is a fine teacher and deals with us in the kindest way possible, and we all love her.

We are few in number, but are looking forward for a bright and successful term of work.

On Monday Sept. 28, 1914, Rev. A. T. Garrard was present at the morning exercise and conducted it with prayer and delivered an interesting talk, which we all enjoyed very much, and we as pupils can join our teacher in extending to him and others that are interested in our work a hearty welcome to visit us.

Our rule in school is "do right", and our motto is "be loyal and true," to our fellow pupils as well as teacher.

## Letters From Europe

The Sentinel is under obligations to John Schmidt for letters from the fatherland forwarded to him from Tyler by his nephew, Otto Schmidt, who writes that he is much worried about his brothers and relatives in the German army. The letter follows:

Sobemhein Yder Nahe  
Rhein Provinz, Germany,  
August 31, 1914.

Dear Son Otto:

Your dear letter of August 11, just received and I can assure you that your mother and sisters and brothers as well as myself are all well and we are all happy and contented. Your letter you speak of having written us two weeks previously has not been received yet and has evidently been lost in transit as mail has been very irregular of late.

Your two brothers Henry and August are now in the enemy's country, France, and your brother in law Herrmann Funke is in Belgium. Your brother Carl has been relieved of his Military duty, and is professor of Latin and German History at the University of Cleve. Henry wrote us daily at first, but for the last six days we have not heard from him directly as the postal service from the front has been very irregular lately. Henry is with the 21st army corps, he is field telephone and telegraph operator, and has very strenuous service day and night. Your brother August is with the Artillery, at first in the fortress of Mayence, but now in France and has to battle strenuously for his fatherland. Your school chum Carl Hoehuen, one of our Editors of the Sobemheins Intelligence, was with our August on last Thursday a week ago near the battle field of Dianze in France but poor Carl Hoehuen was wounded the same day, he received a bullet through his right arm and he is at home now with his parents since yesterday. Carl Hoehuen's oldest brother George died in France on the battlefield from a sun stroke. Your brother August was corporal but has been advanced to second Lieutenant and is now with the general staff of his brigade, as Battery Inspector, that is cavalry artillery. August is a fine looking and excellent soldier, the pride of his regiment and his parents for God and fatherland.

Herrmann wrote to Anna his wife, from near Sedan in France, he is with the Infantry and is a fine and strict soldier, he was a sergeant but is now advanced second Lieutenant.

We pray and hope that God will let my children return home safe and well after this terrible war is ended.

Nearly all the news and war dispatches your American Newspapers published daily was not the real truth, for the German army has been victorious so far both on land and water and I hope that the English, French, Belgians and Serbs be defeated by our German Armies to such an extent, that they will not bother us again for 100 years. I hope your American news

papers will from now on write the truth, but I don't blame them so much, as the German cable service has been destroyed and the English colored their war reports, and as everybody knows the English control the cable service now to America and naturally send out only favorable stories for their side about the battles and etc. I have no other news to write you today, except we are all well and hope you enjoy the best of health. Please write us soon again dear son, also write to your dear sisters. Mama wants to aid a few lines to this letter. Hoping to hear from you again soon. I remain with love and a kiss,

Your loving Father.

My dear son Otto:

Your father has written you all the important news but I intend writing you a long letter next week and hope to the Almighty God, that I will be able to write you good news then. Take good care of yourself my dear son and keep in good health. With a mother's love and kisses, your eternal loving Mother.

Love and kisses from your sisters Elizabeth and Freda.

## In Memoriam, Sam W. Hunt.

Red Ranch Stock Farm, Jones County, Texas, Sept. 26, 1914.

Dr. J. E. Mayfield, Editor Sentinel:

I left your town on the 17th, landed here on the 18th. My birthday was 19th, and I learn from the papers that one of the very best men in the great state of Texas died on the 21st, at his old and only home in Appleby, which is where my own parental home was in my boyhood. I refer to Sam W. Hunt, who was then my nearest and dearest playmate and school mate, and who was my comrade and messmate in the confederate army, in Col. O. Young's Regt. 8th Texas Infantry, in Co. G. Capt. Wm Clark of Nacogdoches. And when he was married in Dec. 1866 to Miss Stena Richardson, who was our playmate and also the schoolmate of my own lamented wife, I was his chosen best man. And no truer couple ever trod the paths of life together.

He was a few months older than I, but he has gone to a better home ahead of me, where we all hope for a great reunion.

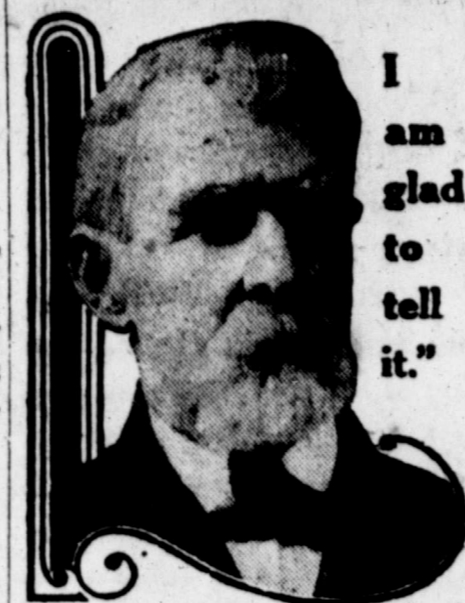

Never have I known a dearer, truer friend. Never have I known a man of higher aims than Sam Hunt. Every body loved him. The world is loser by his departure.

John P. Davidson.

## Hog Sense.

"If your hogs become sick of any disease write the Veterinary Department of the A. & M. College. With hogs at their present price no farmer can afford to take chances on losing his herd. Advice from the College costs nothing and it may save you money." Those are the words of Dr. R. P. Marsteller, associates professor of veterinary science at the A. & M. College and who is in charge of the production of hog cholera serum, manufactured extensively at the college.

## "Peruna Cured Me"

I am glad to tell it." Mr. Robert Fowler, Okarche, Oklahoma, writes: "I am a sufferer of catarrh of the stomach. I am glad to tell my friends or sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy without any results. "Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured. "I am now seventy years old, and am in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency. "You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

## The Methodist Church.

"Daybreak on a Dark Soul" will be the subject of the morning sermon by the pastor, S S McKenney at 11 o'clock. Sunday Oct. 4th.

At 7:30 p. m. there will be a union service in the interest of International Peace, with special program and special music, the sermon of the occasion to be preached by Rev. M. C. Johnson of this city. This service is in answer to the call of the President for similar services throughout the Nation. There will be a tree-will offering taken the proceeds of which will be forwarded to the American Red Cross Society to be used by them in their worthy work. All the congregations of the city will be united at this hour, and the public is most cordially invited.

Sunday School at 9:45 a.m. The largest attendance of the season is desired. Come!

## NOT AN ISOLATED CASE.

Many Similar Cases in Nacogdoches and Vicinity.

This Nacogdoches man's story given here is no an isolated case by any means; week after week, year after year, our neighbors are telling similar good news. C. Heitman, shoemaker 111 N. North St., Nacogdoches says: "I was bothered by kidney weakness and a steady ache in the small of my back. I was tired all the time, especially in the morning. I got a box of Doan's Kidney Pills at Swift Bros. & Smith's Drug Store and they cured me."

DON PHILIPPINI. One of the most admired of American Band Masters, who will direct his famous band of 60 soloists at State Fair of Texas, Dallas, October 17 to November 1, 1914.

## STATE FAIR OF TEXAS

This Year Will Be the Best of the Many Held.

The State Fair of Texas for 1914, which opens at Dallas, Saturday, October 17, and continues for sixteen days to November 1, is most promising for the greatest success ever attained by a fair in the United States, while the largest attendance in its history is predicted.

The State Fair of Texas, with its wonderful exhibits of agriculture, its products of industry, with its marvelous displays of what man in his highest state of intelligence can produce and accomplish in the various fields of human effort, can be seen and studied in the many departments of the great State Fair of Texas, which also furnishes every opportunity for the observance of the prosperity of a great state and its wonderful resources.

A great livestock display is assured. The poultry show will be a record breaker in this division. The dairy products and contests will be interesting and educational. Rich prizes are offered in the Angora goat display. The state fish hatcheries will be in operation on a larger scale this year than before. Horses and racing features will be more attractive this year, as entries are larger than ever before. The state institutions of Texas will be more largely represented at the coming fair and will show many interesting exhibits. Many educational features will be on the program. Several big gridiron events will be pulled off in Dallas during the big State Fair. Displays of unusual interest will be made in the big machinery hall. Miniature factories will be seen in operation and other industrial plants will be represented. The automobile show will be bigger than ever.

W. H. Stratton, secretary, says: "The demand for increased exhibit space this year is unprecedented and enlargement in some spaces are necessary to accommodate larger exhibits."

Don't forget the dates, October 17 to November 1, 1914.

## MAMMOTH AUTO SHOW.

Great Display of 1915 Models at Coming State Fair.

Dallas: Already the automobile manufacturers and dealers are perfecting arrangements for a mammoth exhibit at the big automobile show in their own building at the State Fair of Texas, October 17 to November 1. The big building will be handsomely decorated and illuminated. The exhibits will include the latest 1915 models of the newest types of automobiles, motor trucks and accessories. Texas dealers in automobiles are putting forth their united effort to make the big auto show this year one of unusual interest to those who wish to see and inspect the latest types of cars and equipment and the fair management can assure visitors that the auto show for 1914 will be a big event.

## Almost an Accident.

There was a peculiar occurrence, almost a dangerous accident, last night at the two mile point on the H. E. & W. T. railway towards Lufkin. There is a pasture on the east side of the track in which about 60 head of mules are kept, and the gate locked. Last night about dark some one broke the lock for some unknown purpose, and left the gate open. The mules of course walked out, all of them and proceeded to wander along the track, just in proper shape to wreck a train. A man passing saw the situation and at once notified the owner of the pasture, who quickly phoned the owners of the mules, all of whom got busy quick. The Agent at depot, was at once notified and assistance rendered and precautions taken to prevent any train from plowing through this herd of mules and creating general havoc possibly including a train wreck. Several of the mules were found fastened down in cattle guards. One mule had a leg broken and had to be killed. After several hours hard work, the mules were removed from the track.

## A Word From a Wanderer.

Austin, Tex. Sept. 27.—Earnest O. Thompson, a student of the University, writes from Munich, Barvaria under date July 15th, as follows: "Yesterday the old mediaeval town of Nuremberg was the scene of a small University of Texas gathering. The natives were astounded to hear our yells for Texas. There were five of us: Harwood Stacy, William Masterson, Charles I. Francis, Bedford Shelmire and I."

## REMADE MEN.

If you happen to be one of the thousands of men and women who suffer ever so slightly from an inactive liver, you will be surprised at the immediate effect of Grigsby's Liv-Ver-Lax. That headache or lack of energy or constipated condition, is sure to be the result of imperfect liver conditions.

Help nature to do the work by one or two doses of Grigsby's Liv-Ver-Lax each week and you will be a new being.

Sold in 50c and \$1.00 bottles under a sound refund guarantee by Stripling, Haselwood & Co. Genuine bottles always bear the likeness of L. K. Grigsby.

The war news is as indelible as ever. The fighting gets more furious and the carnage is greater. The destruction of property and the general misery and suffering produced seem to increase. It looks like a travesty upon civilization, not to say upon christianity.

Georgia Home Insurance Company announce that they will buy 100 bales of cotton at 10 per pound. They have just sent their representatives, Sublett Insurance Agency a marked copy of The Columbus Inquirer-Sun giving this information.

Saturday, October 31—Grand parade (2 p. m.) of all prize winners, horses, jacks, jennets, mules and cattle in the arena.

**SPECIAL TRAINS TO STATE FAIR.**

To Bring Delegations From Other Places Will Be Quite a Feature During Progress of Big Fair.

Dallas: "It may be of interest to know," said W. H. Stratton, secretary of the State Fair of Texas, "that various commercial and educational organizations from other towns and cities are preparing to run special trains to Dallas during the State Fair, and these with the special days that are being booked for various organizations and societies assures a larger attendance than ever before."

The Itasca, Texas, Board of Trade has notified Secretary Stratton that it has arranged to send 200 Itasca citizens, wearing uniforms made of Itasca Valley cotton by Itasca mills, who will come to the State Fair on a special train.

The Tyler Commercial Club and Tyler Business College have made arrangements for a special train to bring a large delegation of its citizens to the State Fair. Another special train will come from Paducah, under the auspices of the Paducah Commercial Club, who will proclaim the agricultural advantages of Cottle county, and Victoria will be represented by its usual number of boosters who are planning to come to Dallas in a special train of Pullmans. Report is received from Denton of another special train bringing a large delegation from the College of Industrial Arts.

A special train will come from College Station bringing 1000 A. and M. cadets, and special trains are contemplated from Sherman, Denison and other near-by points to the State Fair from October 17 to November 1.

**"BETTER BABIES" AT STATE FAIR.**

500 Babies Certain When Entries Are Closed for Big Baby Show and Scientific Test.

Most all states of the United States have held "Better Babies" shows and contests and more than a hundred thousand babies have been reached through scientific inspection and scored according to the standard score card. This year a state contest will be held at the State Fair of Texas, which is planned to promote better care of children throughout the state. Careful medical and physical examinations will be made of all children entered in the contest which is open to all babies between the ages of six months and three years.

The contest will be held in the University of Texas exhibit in the Coliseum building at the State Fair. It will begin at 10 o'clock Tuesday morning, October 20, and continue through Wednesday, October 28. On this day there will be a "Better Babies" rally, a specially attractive program has been arranged for this date and \$250 in prizes contributed by the Fair management will be awarded.

Miss Rich of the Home Welfare division of the University of Texas, is in charge of the exhibit and contest.

Every make of automobile sold in Texas and every new 1915 model in automobiles and motor trucks will be seen at the big auto show at the State Fair, October 17 to November 1.

**A Lie Does Injury.**

When you hear any one accuse another of a wrong doing, without a positive knowledge of the same, it is a positive fact that they would be guilty of the same thing, should time and opportunity present the proper medium, the same old bunch is at work again with their defiled minds and tongues, and I guess they are in every town, city or country, but people I think it is time for good people to help stamp out the debauchery of character, by not repeating every thing you hear, and enlarging upon it. At the same time, if you are a christian you will not do it, and if you are a lady or gentlemen and will stop and listen to better judgement, you will not.

Now good and bad people stop and think of the wrong that you may do some innocent party when you start a joke, and think that some dirty minded one is ready to accept it as facts and tell it as such. Now, to be plain, I am hitting at the report that some one was shot in the hip at some certain place or house in the city of Nacogdoches. As to whom that was I have no idea or whether any one was, I do not know, but people watch your tongue that you don't lie with it, and that you do not do some one an unpardonable wrong that you can not retract or will not be strong enough in character to try. Before telling any thing be sure you know what you are talking about, and if

you are a christian the subject will gauge your tongue to a few words, and that will be that "I don't know," when you are not in possession of the facts.  
C. C. Pierce.

**Bicyclists.**

The practice of making a speedway of the side walks of the city of Nacogdoches for bicyclists should be looked after by the city authorities and stopped. If there is not room enough in the street for them give the citizen the use of the streets and let them take a chance of being run over by a wagon or automobile for death would be almost instantaneous and they would not have to undergo the expense of laying up in a hospital for six weeks or so. It is almost impossible to dodge a bicycle on the narrow sidewalks that we have in some portions of the city and death would be preferable to being maimed for life. Let the proper authorities look after this matter and pass a law of some kind giving the bicyclists the absolute right of the sidewalks and not leave the citizens thinking that they have a right on them, for under the present conditions, they have not.

**The Woman's Missionary Social.**

The regular Monthly Social of the Woman's Missionary Society of the Methodist church met on last Monday at the home Mrs. Dr. C. C. Pierce, who was in charge of the entertainment by Mesdames E. H. Hughes and W. C. Fouts. Devotional service was led by Mrs. I. L. Sturdevant. The Lesson study was conducted by Mrs. J. N. Thomas, who was assisted by Mesdames Luther Swift and A. V. Simpson. During the social hour lovely ice cream and cake were served, and a most delightful occasion was enjoyed by all.

Next Monday an important business session will be held at 3 o'clock, this being the hour of meeting during the winter months. Every member is urged to be present and on time.

There was a fresh youngster applied to join the non-shaving club this morning. He had a bright, rosy smooth face, but no beard. When K. P. sized him up as being too young to grow whiskers, he said he could keep from shaving longer than an old man, and he that expected to show a big beard long before the war ended. Mr. Branch looked away off and put his hand across his own chin, slowly rubbing his beard backwards and forwards as if he was thinking of something.

# COTTON SEED

## Exchanged for Meal and Hulls

The Feed That's All Feed  
No Dirt. No Dust. No Trash.  
The Best General Purpose Feed on Earth

Good for Horses. Good for Mules,  
Good for Milk Cows. Good for Cattle of all kinds.  
Good for Hogs. Good for Dogs. Good for Sheep.  
Good for Goats. Good for all Kinds of Poultry.

For one ton of seed we give fourteen sacks meal or four thousand pounds hulls. Eight sacks meal equal one ton of seed as a fertilizer. Will it not pay you to bring us a ton of seed and take back fourteen sacks of meal to fertilize your crops with next Spring.

We will also take cotton seed on your note or account.  
We want seed more than we want money.

### Farmers' Institutes.

Austin, Tex., September 25, —Under the direction of the State Department of Agriculture, Farmers' Institutes will be held at the following places:

Nacogdoches, Oct. 5, 1:30 p. m. Lutkin, Oct. 6, 1:30 p. m. Rusk, Oct. 7, 1:30 p. m.

The place of meeting will be announced by the local committee at each point.

These institutes will be conducted by Mr. Joe E. Edmondson, who will discuss Diversification; Rotation; Seed Selection and better cultural methods.

Officers of institutes already organized will please assist in getting the farmers out to hear these important questions discussed.

The State Department of Agriculture publishes, from time to time, valuable reports upon topics of vital interest to the farmers of the State. All institutes will receive copies of all bulletins issued by the Department free of cost, and will be placed on the regular mailing list for future bulletins and reports.

These institutes are farmers' meetings devoted to the upbuilding of the best interests of the farmer. It is urged, therefore, that farmers bring their families and devote, at least, one day to a careful study and discussion of the agricultural questions which lie nearest their hearts.

### Spur Farm Lands

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drought, or weed plagues, or other enemies to successful farming. The end of each year finds time and energy practically wasted no progress made. Spur Farm Lands offer relief from these conditions.

The tenant on the high priced lands further east can make a payment and be master of his own acres here. Any good farmer can pay for them from the products thereof. The Spur Farm Lands offer productive, virgin lands easily cultivated, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2000 to 2600 feet.

Considering the reliable production of these lands—prices are lowest in Texas; new country, settling fast; splendid climate, no malaria, chills or fever; good churches and schools. We offer the homeseeker a wide range for selection and are selling direct—no commission to anyone; the purchaser receives full value in his lands in dealing direct with the owner as opposed to paying a middleman several dollars per acre.

### STOCK FARMS AND SMALL RANCH TRACTS.

We also offer fine grazing tracts, perfectly adapted to this purpose—one section to fifty, at prices from \$5.00 per acre up. Free illustrated booklet, giving all particulars on application to—

### REST ROOMS FOR WOMEN.

Several of Them Provided at Louisiana State Fair Grounds for Visitors.

For women and children visiting the Louisiana State Fair, particular accommodations, especially in the form of rest rooms, have been provided. There are four of these rooms, or buildings, located at convenient parts of the Fair Grounds, and leading to them there are comfortable walks.

The main rest room is situated under the grandstand. It has ample accommodations for the women and children. These accommodations include beds and cots, hot and cold baths and other facilities, so as to provide real rest and comfort, in order to make the visit to the Fair Grounds as pleasurable as possible.

Another is the Model Home rest room. In this structure the first baby show of the Louisiana Fair was held. It was substantially built and is still in splendid condition. There are facilities for accommodating scores of women and children, especially babies.

The old Schuyler homeplace, in which the annual Better Babies contest is held, is also used as a rest room. It is especially conveniently located, facing the Greenwood road, on which electric cars operate, and leading to them there are comfortable walks.

The fourth rest room is near the main exposition building, along one of the principal walks. It has several sections adequately furnished.

In all of these buildings competent nurses and attendants will be on duty during the Fair. Members of Shreveport Women's Clubs will also be on hand, to see that proper service is furnished, all free of cost.

In addition to the above, a number of comfort stations have been placed on the grounds. Appropriate signs will designate the locations.

The fair dates are: November 4 to 11, inclusive.

Catalog and premium list mailed free upon request. Louis N. Brueggerhoff, Secretary, Shreveport, La.

### BETTER BABIES SHOW.

This Will Feature Louisiana State Fair.

Nothing at the Louisiana State Fair last year was a bigger success than the Better Babies contest, and nothing this year promises to be more popular than the 1914 Better Babies show. It will be in progress throughout the week of the Fair, November 4 to 11.

The main object of this feature of the Fair is for the babies to receive the benefit of expert medical examination, so that the defects and abnormal conditions, if there are any existing, may be pointed out to the parents. This is for the purpose of having the conditions improved and the babies properly developed.

Besides this inducement for babies to be placed in the show, there are some splendid prizes offered. These include cash prizes aggregating \$200 in gold, silver and bronze medals, offered by the Woman's Home Companion, which is encouraging the Better Babies movement throughout the country, and is giving Shreveport the credit for holding the initial contest of this sort.

In the contest last year 225 babies were entered. There were different classes, the boys and girls being judged in different classes, and the competition was intensely interesting. Many mothers and fathers received information from judges that have no doubt already resulted in defects in their children being cured.

Mrs. C. L. Wheeler of Shreveport will have charge of the show and Dr. J. M. Bodenheimer, also of Shreveport, will be the medical director. Mrs. Wheeler will have a number of club ladies assisting, some for each day, and Dr. Bodenheimer will be assisted by about sixty physicians. There will also be about thirty trained nurses to help in the judging of the children.

Score cards will be used for recordation of any abnormal conditions, so the parents may be advised.

Remember the date of the Fair: November 4 to 11. Write Secretary Louis N. Brueggerhoff, Shreveport, La., for catalog and premium lists.

### FARM DEMONSTRATION EXHIBITS.

Will Be Shown at Louisiana Fair—Results of Co-operation in State.

Under direction of Mason Snowden, state agent in charge of the Louisiana branch of this work, the agents of the Co-operative Farm Demonstration Bureau are preparing for the biggest exhibit they have ever shown at the State Fair at Shreveport. Almost every parish in the state will be represented.

The demonstration movement has spread over the greater portion of Louisiana, and the agents in every parish in which it has taken root are complying with Mr. Snowden's request to collect various agricultural specimens for the Bureau's big booth in the general agricultural building at the Fair.

These exhibits will be evidence of what is being accomplished in Louisiana by the Co-operative Farm Demonstration department. The results are wonderful, as will be demonstrated by the numerous fine specimens of corn, cotton, hay, oats and other diversified products. One of the special lessons to be taught the visitors to this booth is the fact that the demonstration agents endeavor to save the farmers labor and expense and at the same time increase their advantages and profits.

This is done by the adoption and steady use of the scientific and practical methods laid down by the demonstration experts.

The farmers who take part in the Demonstration Bureau's exhibit, will also be entitled to participate in general agricultural premiums. Their products will be judged the same as all other products entered in the premium competition. And, in addition to lending encouragement to the co-operative demonstration work they may receive prizes for best specimens displayed at the Fair.

The State Fair Association, appreciating the benefits derived from the demonstrative bureau, will pay for shipping and other expenses connected with the shipment of the exhibits to Shreveport.

Remember the date of the Fair: November 4 to 11, and if you want catalog and premium list, apply to Secretary L. N. Brueggerhoff.

### Whenever You Need a General Tonic

Take Grove's  
The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

### A New Enterprise for Nacogdoches.

Application has been made to the Secretary of state for a charter, incorporating a combined grain elevator, mill and warehouse company, under the name of Nacogdoches Elevators Company, with a capital stock of \$20,000 fully paid up. A. C. Schmidt will be president of the company, John Schmidt vice president, and C. H. Johnson, secretary, treasurer and general manager.

The company will erect a warehouse of a hundred cars capacity, and an elevator of 85,000 bushels capacity, and will do a general grain and feed business, handling every thing in those lines, including all kinds of hay, milo maize, kafir corn, terdita and like commodities.

Also a mill will be connected, with a capacity of ten cars per day to manufacture chops, mixed feeds and kindred stuffs.

Being personally, on the ground, the management will be in a position to supply instantaneous service and satisfactory products.

This will furthermore create an outlet for any surplus feed stuffs that may be raised in this section, whereby the producer will have the benefit of a ready market for any thing he has for sale. Buyers may also be accommodated.

This company will encourage agriculture, looking to the interests of producers, especially as to the growing of Spanish peanuts, peas and beans, and will always pay the top market price for every pound delivered.

Our Eastern Texas soil is wonderfully adapted to the growing of Spanish peanuts, and their cultivation will mean much to the farmers in this favored country. An acre of peanuts will yield more net revenue than will an acre of cotton or corn.

### No More Homes in Alleys

Washington, Sept. 25.—Mrs. Woodrow Wilson's dying wish, that the worst slums in Washington be abolished, was finally realized today when the president signed the bill clearing alleys of dwelling places. On her death bed, Mrs. Wilson expressed the hope that the bill would be passed, and both houses of congress took favorable action. Although it differed in some particulars from the measure as Mrs. Wilson originally championed it, the president decided it accomplished the principal purposes sought.

### Mexico.

Washington, Sept. 24.—It was officially stated at the White House today that the latest troubles between General Carranza and General Villa would not alter the plans of the United States as to withdrawing troops from Vera Cruz or the status of the embargo on arms. No date had been fixed for moving the troops.

President Wilson is understood to take the position that Carranza and Villa must settle their differences without interference from the United States and that the presence of American troops at Vera Cruz would not solve the difficulty.

According to official information here, Villa is willing to have Carranza become provisional president or resign now and run for the presidency later.

As outlined in official circles today President Wilson will continue to pursue a watchful waiting policy and allow the Mexicans to work out their destiny, providing that rights of foreigners are not transgressed.

After a talk with President Wilson, Secretary Daniels said that the trouble between Carranza and Villa would not change the plans for the fleet in Mexican waters. He added that it has been the intention to keep ships at Vera Cruz until after the withdrawal of the troops and that this course would be followed.

The Sentinel desires to publish matters that will mostly interest most of its readers. It is often requested to publish great spaces of other matters that interest the writers alone. Some writers have their own axes to grind, for their own pleasure, and they get offended when they land in the waste basket, as do the windy, lengthy, flowery effusions that flood the office. Readers are the ones to be considered.

### Big Increase in Drug Prices.

New York, Sept. 22.—The people of the United States are already paying a heavy war tax in the higher prices for drugs and medicines. Since the beginning of the European conflict the prices of some of the popular remedies have advanced as much as 300 per cent.

South Belgium, Germany and France grow many plants possessing medicinal virtues, and Germany, with her established research laboratories, has led in obtaining the derivatives and utilizing by-products.

Derivatives from belladonna leaves are cited as among the drugs that have been soaring in price. One article, formerly selling at \$45 an ounce, now commands \$180, and another has advanced from \$20 to \$120. Crude opium has gone up 33 per cent and 100 per cent has been added to the cost of gum camphor from Formosa.

Glycerine, produced in the manufacture of soap and used in explosives, is 40 per cent higher as a result of the war. Ichthylol, a dried fish product, is off the market entirely. Salvarsan, an arsenical preparation selling at \$3.50 before the war, is now quoted at \$10.

A patented preparation selling in Canada at 25 cents, under a label "Not for exportation to the United States," commands \$1 here, a mineral oil, from Russia, is up 300 per cent.

All bristle goods are higher. England, France and Germany produce 50 per cent of all the brushes, and of the remainder, 50 per cent comes from Japan. Caustic potash, for soap making, is quoted at 23 cents a pound, against 37.8 wholesale while Europe was at peace. France has led in developing perfumes and toilet articles, as Germany has led in developing perfumes and toilet articles, as Germany has in chemicals, and the dainty extracts, such as still are available, are bringing fabulous prices.—Palestine Herald.

### Oil Mills and Seed

The papers are full of arguments and comments about the oil mills, and the price of cotton seed. Writers of all sorts and from every where are in it, some on one side, some on the other, and each one claiming knock out logic, and then in turn getting knock-out responses.

The Sentinel is not posted on the various issues, in fact does not try to solve the problems, further than to present leading credible discussions in a condensed form, from the floods of letters, circulars, arguments etc. that are unloaded on the press, much of it by mail, and much by personal friends.

The Sentinel has been induced to publish articles on one side that made the other sice hot; then vice versa. The grumblers are on all sides, and they call it all rot

A valuable new industry is about to be completed in our neighboring city, Garrison. A brick plant of the latest improved machinery. It is said the great dryer is the only one of its kind in the United States. Col. L. J. Garrison has six hundred acres of dirt that will make the finest fire proof brick and is also adapted to a wider field, of tiling, terracotta, and the pottery industry, all of which proportions the present plant is sure to grow. This plant has tried to exist for many years and did to some extent but with the present manager and new equipment the people feel assured of it.

## Obituary.

On the 13th day of Sept. the remains of Bro. A. F. Tipton were laid to rest in old North Church cemetery. The hundreds of sympathizing friends who were present was an evidence of the high esteem in which he was held. Bro. Tipton came to Texas from Alabama about twenty years ago from which time until his death he has resided in this county. He was of a disposition to make many friends. When a fifteen year old boy he professed faith in Christ and united with the Baptist church. At his death he had been an honored member of North church for seven years.

He was just in the prime of life when he was claimed by the grim reaper, being only fifty four years of age. He leaves a wife and four children Mrs. Jas. Partin, F. W. and I. A. Tipton of Nacogdoches and Miss Bessie Tipton of Dallas. He also leaves a half brother and other relatives. He has entered into that blessed estate of those who die in the Lord. A. T. Garrard.

## Medical Meeting.

The 36th semi annual meeting of the South Texas District Medical Association will convene in Galveston Oct. 8-9. It will have quite a list of interesting features.

## The Magic Washing Stick.

"The Magic Washing Stick is the finest thing in the world. Cleans the clothes without rubbing—makes the whitest clothes I ever saw, I cannot do without it any more. All you say is true, it does all you say it will. I would give it for nothing I have ever used. Hope every lady will try it," writes Mrs. W. F. Gammill Ashdown, Ark. This peculiar article is sold by grocers and druggists, three, 10c sticks for 25c or by mail from A. B. Richards Medicine Co., Sherman, Texas. w

Added to the list of those moving this month are Mr. and Mrs. Henry Schmidt, who move tomorrow into the place they bought from Mrs. Thompson. Mr. Tiltford and his family moved to the place from which Mr. Schmidt is moving.

## Why Not Publish It.

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind. was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by all dealers. dw

Mr. and Mrs. E. A. Blount and family are spending a few days at their country place on Guy's farm. They have recently completed a modern cottage with every convenience. They have gone hoping Mr. Blount might be benefited. Yesterday he rested fairly well his rheumatism seeming less painful.

## What Would you Do.

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers. dw

Carloads of wheat are often carried down the H. E. & W. T. road through this city. It goes to Galveston. Some cotton is also passing.

## It Always Does The Work.

"I like Chamberlain's Cough Remedy better than any other," writes R. E. Roberts, Homer City, Pa. "I have taken it off and on for years and it has never failed to give the desired results." For sale by all dealers. dw

## Notice.

Mrs. J. H. Turner of Henderson is the guest of her daughter Mrs. Jno. H. Perkins.

## More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Tablets and you will soon be all right again. For sale by all dealers. dw

K. P. Branch is organizing a Whiskers club. The members are pledged to not shave until the war ends. He has listed Dick Cason, Joe Clevenger, Jim Christian and several others who were heretofore rough looking, and now want to be tough looking. They may not look pretty but they will have more cents. If Villa meets them he will greet them cordially as brother villains.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle Sold by all druggists. tts

Reports from the colored faith healer over the creek on Midway are to the effect that his rush of business keeps up. On yesterday his white patients exceeded 100, at one time seen waiting on the outside for their turn, in the order of registration, at one dollar per.

## The Magic Washing Stick.

"I cannot speak highly enough in praise of the Magic Washing Stick. It saves half the labor in washing. Makes the clothes sweet, clean and white as snow without the use of rubboard," writes Mrs. R. M. Cardwell, Forney, Texas. Sold by grocers and druggists three 10c sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas. w

August Rusche, of Houston came up last night. He has sold his home here to Harry Wilson, and will buy a home in Houston. He reports dull times in business circles. For instance, there are a number of new school houses to be built, and bonds have been issued, but cannot find buyers. So there's the rub.

## The Magic Washing Stick

"All glory to the Magic Washing Stick—my clothes were as white as snow," writes Mrs. Sallie Cummings, Marquez, Texas, Not a soap nor a washing powder but a peculiar article which makes dirty clothes clean and beautiful without a bit of rubbing. Sold by grocers and druggists, three 10c sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas. w
