Mexico Situation.

Gen. Villa has entered the City of Mexico with 25,000 troops. He is set in the outskirts of the city to await the coming of a provisional president. He has declared that he has no intention of starting a civil war, and that he is subordinate to the provisional president. He is also announcing the army will be the only one of its kind in the government.

Zapata's army was the first of Villa's troops and was preserving order. These two generals seem to be working in harmony and promise protection to property and persons.

Meantime Gen. Carranza is over about Vera Cruz. He seems to have had to hide out, or vacate the gun. He is still blowing around and it appears like he may blow away.

District Clerk C. C. Watson says that there are more cases on the docket now, civil, criminal, city and non-jury, than there have been at any time since he has been in office. This will cause a busy term of the district court next February.

From John C. Walker.

Galveston, Texas, Nov. 30, 1914.

Jesse Walker colored.

Nacogdoches, Texas.

I am sincerely grieved at the news of your mother's death—poor old Enza. She was a faithful and devoted woman and I regret her loss as much as if not more than that of many white persons.

I enclose her with my check for \$10.00 towards paying the funeral expenses. \$5.00 from me and \$5.00 from my brother Clark.

There are few persons, white or black, who held my regard like your mother. You ought to get a copy of the "Daily Sentinel" of date Nov. 27, 1914. It contains a death notice of Enza which ought to be treasured by all her children.

Mr. Spradley will assist you in getting the money on the check which I enclose.

Yours, &c., John C. Walker.

Invasions and Invaders.

Whatever the military importance of the invasion of German soil may be, its indirect effect, unless the invaders can be driven out, will be great. "The heart stops beating," wrote a German soldier surveying the suffering of Belgium, "at the thought, what if these things should befall the dear fatherland." Just so; every land is a dear fatherland to some people, and that thought ought to be a restraining influence in war. The theory of the scientific militarists, that war should be made as terrible as possible in order to break the spirit of an invaded country, is subject to some check when there is another frontier upon which reprisals may be made. The very possibility that Eastern Germany might be overrun by the dreaded Cossacks should have been reason enough for the German army to strive for a new record of magnanimity in Belgium, in order to put its behavior in strong contrast with the gross *Unkultur* of the East.—Springfield Republican.

Peace in China

The war goes on, the soldiers labor twelve hours a day, at slaying foes; and men are wielding sword and sabre who should be plying spades and hoes. There is no sign of early quitting, since neither side can overwhelm; and grand old China does her knitting, and peace abides within her realm. The rage grows hot, instead of colder, among most nations not at war; each has a gun upon its shoulder, and wonders what it's waiting for. They tear the struggle over before they have a chance to whoop; but China bales her hay and clover, and puts up cans of birds-nest soup. In her calm blood there is no fever, she hopes not for the field's alarms; she does not wish to swing a cleaver, or snickersnee, or other arms. She lists not to the martial clackers, she entertains no frenzied hates, but wisely builds her cannon crackers, and ships them proudly to the states. From Sacramento to Salina we jeer the lowly Mongol's name, and glibly talk of "Heathen China," and laugh to scorn her quiet game. But now the world is battle crazy, old China 'tis that puts up ice; inscrutable, her methods mazy, she calmly stews her rats and rice.—Walt Mason.

Nacogdoches Co. Beat This.

Brownwood, Tex., Nov. 25.—What is considered to be a new record in sweet potato production in this part of the State has been established by C. B. Heard, a farmer residing near here. Mr. Heard's potato patch yielded 200 bushels of yams per acre, which is considered to be exceedingly fine on unirrigated land. The product is selling for \$1.00 per bushel.

New Revenue Tax December 1.

There will be a mighty knocking of stamps between now and December 1st all over this country, in places where cosmetics, perfumery, hair oils, extracts, toilet waters, tooth washes and similar articles are made or sold, else someone is going to be liable for a fine of \$500, or imprisonment, or perhaps both—for the new "War Tax" law goes into full effect next Tuesday, and it provides for a stamp tax of from one-eighth of one cent up on each box, bottle or package of such commodities, depending upon the value of the article. The special revenue adhesive stamp must be affixed to each article before it goes over the counter to the customer.

Special taxes are imposed on business enterprises of various kinds. Bankers pay \$1 for each \$1000 of capital used or employed; brokers, pawnbrokers, proprietors of theatres and other amusement places, circus owners, bowling alleys and billiard halls, commission merchants, all are assessed annual taxes of graded amounts, from \$10 per annum to \$100, effective November 1st 1914 (instead of December 1st 1914).

The bill also imposes a tax of 1 cent on each telephone or telegraph message costing more than 15 cent, and in this case specifically states that the telephone or telegraph company shall collect the tax from the person paying for the message, and in addition to the regular charge for the message.

Persons addicted to the gum chewing habit will contribute about four cents on each \$1.00 of chewing gum after December 1st, as this is the tax effective on that commodity.

The special revenue stamps used for meeting the stamp tax are furnished by the internal revenue collectors in this State. It is probable however, that many of the banks will carry a stock of these stamps on hand for the convenience of their customers. One effect which this tax will probably have in the Southwest will be that it will popularize the one cent piece for pennies will be much more in demand to buy revenue stamps.

Teachers Convention At San Antonio.

Several of our county teachers expected to attend the Teachers State Convention, which met yesterday in San Antonio, to hold three days, but the rainy weather prevented. San Antonio has made great preparations for the meeting, preparing halls, entertainments and receptions, expecting 4000 teachers. Several notables from distant points are to be there. The State University and the A. & M. college and several other big institutes are taking special interest in the Convention.

The big convention of the teachers of the state at San Antonio was not as great in attendance as was expected, but it was large in many ways. The next place of meeting is Corpus Christi. Waco was a losing candidate for this honor.

The Knocker's Prayer

Lord, please don't let this town grow. I've been here thirty years and during that time I've fought every public improvement. I've knocked everything and everybody; no firm or individual has established a business here without my doing all I could to put them out of business. I have done all I could to keep the town from growing and never have spoken a good word for it. I've knocked hard and often, I've put rubbish on the children's playground and made the marshal stop the boys from playing ball on my vacant property. Whenever I saw anyone prospering or enjoying themselves, I've started a reform to kill the business or spoil the fun. I don't want young people to stay in this town and I do all I can to discourage every kind of amusement.

It grieves me, O Lord, to see that in spite of my knocking the town improves. Some day I fear I will be called on to put down side walks in front of my property and who knows but that I may be called on to help keep up the streets that run past my premises. This Lord, would be more than I could bear. It would cost me money, and though all I have was made in this town, I cannot bear to part with a cent of it for the public good. Then, too, more people would come here; which, I fear would cause me to lose some of my pull. I pray thee, therefore to keep this town at a standstill, so that I can continue to be boss.—Exchange.

Why Not Nacogdoches.

Beaumont, Tex., Nov. 25.—A large tract of land, consisting of 14,315 acres, and which is located near Voth in this county, has been sold by the owner, J. Frank Keith, to a St. Louis firm, for a consideration of \$171,870. The land was purchased for the express purpose of being cut up into small farms and colonized. The buyers will make several improvements before the property is settled upon. People from Missouri and other points North will locate on the land.

Suit Against Commercial Club.

In discussing the subject, Capt. Paddock said: "The suit, in effect, questions the integrity of the business interests of Texas, denies them the right to unite in an effort to develop the state's resources and challenges their privilege to discuss economic subjects. Not only does this suit seek to destroy the influence and restrain the activities of business men, but it aims at the destruction of every commercial club in the State. The suit will be fought to the end and the Texas Business Men's Association will continue to do the splendid work in the future it has done in the past."

Farewell and Hail.

He sleeps! The barnyard's tatted pride.
A gobbler, grave and gentle;
Nobly he lived, ignobly he died;
His death was accidental.—

Red Cross Seal, Anti-Tuberculosis.

As an expression of his interest in the anti-tuberculosis campaign, President Wilson writes to Dr. Charles J. Hatfield, Executive Secretary of The National Association for the Study and Prevention of Tuberculosis:

"May I not take this occasion to express to you my deep interest in the work of the National Anti-Tuberculosis Association and my hope that its work is growing in efficiency and extent from year to year? May I not particularly express my interest in the Red Cross Christmas Seal whose sale has been the means of raising funds for the work? It seems to me that this is a particularly interesting and sensible way of enabling the people of the country to give this great work their support."

Over 115,000,000 Red Cross Seals are on sale today in the Union, except Nevada, and even in Hawaii, the Canal Zone, and Vera Cruz.

Ship Hogs Under Co-operative Plan.

Belton, Tex., Nov. 25.—A carload of hogs were recently shipped from here under the co-operative plan by farmers in this section. The plan is for each farmer that is a member of the organization and who has a few hogs for sale, to assemble the porkers at a point, holding them until a carload is secured and then the shipment is made. The plan is a frugal one and has proved to be very profitable to the farmers in this territory. County Agricultural Agent, Thomas Youngblood acts as sales agent without charge.

"If we have invested a lot of money in highway improvement, now is the time to secure that investment by the use of the drag. If the roads have not been dragged the use of the drag will make them 100 per cent better. During hard times we can prepare for good times sure to follow, by dragging roads, draining them properly, and repairing culverts and bridges.

County Commissioner, Beat No. 2, M. L. Rawlinson.

Constable of Precinct No. 1, J. L. Burrows.

The old court is in session today to approve bonds, but will adjourn sine die this evening. County Attorney, W. A. Wade was the first new officer qualified.

Sounds Good.

San Benito, Tex., Nov. 25.—Cabbage, beans, egg plant, peppers, tomatoes and other vegetables are being shipped from here daily in large quantities. The first carload shipment of cabbage left recently and it brought the growers a good price. The season opened a little earlier than usual this year and prospects for a profitable one are bright.

Plan is Favored.

Austin, Tex., Nov. 25.—At the regular meeting of the Council of Presidents of the Mothers' Clubs, plans were discussed for a 10 cent contribution from each mother of a girl for the proposed \$25,000 home for delinquent girls, and it met with favor.

Should this plan prove a success it may be carried out in other Texas cities and the amount needed may be quickly raised.

The wet weather knocked out the big Beaumont fair, or at least, the three last days of the fair. This was a sore disappointment. The city had spread herself and got the fair going in splendid style, and all seemed glorious, when, presto, change, the rains came, the floods fell and beat upon the grounds, and great was the water thereon. And the fair tried vainly to stem the floods. It was all off.

Don't buy a headache with the plunk for which you paid today; a headache is the poorest junk on which to waste your pay! You drift into the booze bazar, when leisure hours have come, and lean against the shining bar, and call for beer or rum; for ruined nerves your coin you waste, for bleared and blood-shot eye, for headache and for dark brown taste—these things are what you buy, A headache, when you get it free, is looked on as a curse; but when you buy it—hully gee! I know of nothing worse. A man who's feeling well and hale and husky as a horse goes forth and blows his hard-earned kale for headaches and remorse; he spends his money, earned in sweat, for misery and pain, for suffering and sorrow, yet he thinks that he is sane! If you must waste your weekly wage, oh, rash, impudent man, then buy a roorback in a cage, or moonshine in a can. Oh, buy a monkey made of brass, that climbs a concrete tree, but don't buy headaches in a glass, for you can get them free!—Walt Mason.

A WARNING TO MANY Some Interesting Facts About Kidney Troubles

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength. When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which really is an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy. If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post. Swamp-Root is sold by every druggist in bottles of 50c, \$1.00, and \$1.50.

Aunt Liza Aker Dead.

From Friday's Daily.

Last evening at 7:30 a notable death occurred in this city. It was only an old colored woman, but she will be missed as much as perhaps the best average white lady in town. Aunt Liza Walker is the name that brings a kindly feeling into the heart of every person who knew her. She was ninety-five years old, and she had lived nearly half a century on the old Walker homestead, in a house provided for her special use, and so died to her, by the Walker heirs, Judge John C. Walker, of Galveston, and Dr. A. Clark Walker, of Fort Worth. She was the trusted and faithful servant of Judge R. S. Walker from the first and to the last, the "Black Mammy" of the Walker children, the kind "Aunt Liza" to all white children, the obliging friend of everybody in her reach.

Her white friends stood by her to the end, giving her all necessary aid and sympathy. Her two Walker friends watched after her all her life, as tenderly as ever did her only two sons and her one weeping daughter.

The memory of Aunt Liza Walker will long be cherished by the people of this town, and by others who knew. Peace be unto her.

From Saturday's Daily.

The funeral of "Aunt Liza" Walker took place yesterday at 4 p. m. from the home where she had lived so long. The wet weather did not prevent a large attendance of both colored people and whites. About one third of the attendants were whites, and quite a number of these were ladies. Rev. Sweeny, colored, was the minister who officiated. Burial was in Oak Grove Cemetery not far from the Gen. Rusk monument. The general interest and sympathy of the attendants was quite notable.

Blossom City vs. Melrose

Blossom City met Melrose on the Melrose "saw dust" ring last Friday for a nifty game of basket ball. They slugged each other in the final round and Blossom City run away with the candy 22 to 0. The Blossom City boys uncorked the ginger battle at the court and danced through the whole performance for the snappiest work of the season. From the time the ball was first started till it was stopped the game was fast and snappy. The Melrose boys were most too slow for Blossom City for they certainly sallied fourth after no long interval, looking like a piece of cheese. It was a bitter pill indeed and Melrose had no appetite for such. Every time Blossom city got a hand on the pigskin two scores tickled the score board, even the referee expected to see the Blossom Cities go down like chaff before the wind, and victory settled on the banners of Melrose, but instead Melrose went up when the ether was passed to her tired and discouraged men. Gaston, Sisco and W. Sisco were stars, and another feature was the splendid playing done by Powers and Thompson.

The Blossom City girls also in their "red, white and blue," bravely met the Melrose girl and defeated them 17 to 5, in favor of Blossom City.

The Melrose girls are pretty. The Melrose girls are nice. But when it comes to playing basket ball,

The Blossom Cities break the ice

It was up and down and all around. In the air and on the ground, I never saw such playing done before and did not learn their names. But they got there just the same.

Wheezing in the lungs indicates that phlegm is obstructing the air passages. Ballard's Horehound Syrup loosens the phlegm so that it can be coughed up and ejected. Price 25c, 50c and \$1.00 per bottle. Sold by all dealers.

Where Stamps Obtained.

The stamps required to be affixed to the above instruments may be obtained from the collector at Austin or from the stamp deputy collectors at El Paso and at Dallas. Postmasters, upon giving a bond with good and sufficient sureties, and national banks that have been designated United States depositories, will be furnished with a supply of documentary stamps upon application. It is expected that these stamps will be ready for distribution and sale about Nov. 20. Stamps will be furnished in the following denominations: 1-2c, 1c, 2c, 3c, 4c, 5c, 16c, 25c, 40c, 80c, \$1, \$2, \$3, \$5, \$10, \$30, \$50, \$100, \$500, \$1,000.

Remittances should be made by Austin or New York exchange or postal money order payable to A. S. Walker collector. Particular attention is called to the fact that personal or firm checks will not be accepted in payment of these taxes, nor will cashiers' checks from other than banking centers be accepted. Discount: The collector is authorized to allow a discount of 1 per cent on all sales of stamps of \$100 or more.

The penalty for failure to affix documentary stamps to the instruments required to be stamped is a fine not exceeding \$50, or imprisonment not exceeding six months, or both, in the discretion of the court. It is also made unlawful to record or register any instrument, paper or document required to be stamped unless a stamp of the proper amount has been duly affixed and canceled.

The stamp shall be canceled by the persons using or affixing the same, who should write or stamp on its face his initials and the date the stamp is affixed (thus—CMP-12-10-14), so that it may not be used again.

Mrs. McClain's Experience With Croup.

"When my boy, Ray, was small he was subject to croup, and I was always alarmed at such times. Chamberlain's Cough Remedy proved far better than any other for this trouble. It always relieved him quickly. I am never without it in the house for I know it is a positive cure for croup." writes Mrs. W. R. McClain, Blairsville, Pa. For sale by all dealers.

W. B. Grubbs of Mounds, Okla. is in the city visiting his son, S. V. Grubbs and other relatives. Mr. Grubbs is an old resident of this county. He spent the summer in Denver, Colo. and Shreveport, La. with his other children. He will spend the winter here.

Two years ago I was greatly benefited through using two or three bottles of Chamberlain's Tablets," writes Mrs. S. A. Keller, Elidw, Ohio. "Before taking them I was sick for two years with indigestion." Sold by all dealers.

If you wish to annoy a man ask him to be identified. If you wish thoroughly to exasperate him write a piece about him and get the initials wrong.

FOR COUGHS AND COLDS. Contains No Opium. Is Safe For Children.

The continued rainy weather makes us sit up and take notice. It seems to extend all over east Texas, and far beyond. It broke up the Beaumont fair, which was a hummer. Duck hunters are about the only fellows pleased. They generally enjoy bad weather. The big forest fires in southern Arkansas were not entirely checked. They kept spreading and raging.

Deep-seated coughs that resist ordinary remedies require both external and internal treatment. If you buy a dollar bottle of Ballard's Horehound Syrup you get the two remedies you need for the price of one. There is a Herick's Red Pepper Porous Plaster for the chest, free with each bottle. Sold by all dealers.

Mr. and Mrs. Jno Anderson of Douglass visited in the city a short time today. Mrs. R. F. Paine returned home with them after a weeks visit with her daughter Mrs. Ed Fezell.

Diversification.

One cannot look at an agricultural paper, or read the speeches of men interested in the advancement of the farmers of the South without coming across the word "Diversification".

To the farmers of Nacogdoches Co. this word means the changing or turning aside of their old methods of farming, not only the kind of crops they have grown for the last fifty years, but also their methods of cultivation and preparation of the soil. The day of the cotton farmer has gone with that of free grass, of shallow plowing, and shiftless cultivation and those who persist in staying in the old rut are doomed to disappointment and failure. The question before us today is what crops shall we raise in order to make our lands return us a just profit upon the investment of capital and labor and how best to handle our soils to bring about these results. This can only be brought about by a close co-operation of the farmers and business men of the county with the Experiment Station, and it is our duty to work together for the common good.

There must, and will always be a certain acreage devoted to cotton, but instead of a farmer planting the largest part of his farm to this crop he should reduce it and grow such crops that will increase the fertility of the soil as well as provide feed for his family and his stock.

When our farmers diversify they will find there will be no need to place in cultivation such a large acreage of land in order to make a living and that by practicing crop rotation a good living can be made from cultivating 50 acres of land. With our soil and climatic conditions there is no reason why our soil should not be producing something the year round. We have a wide range of crops adapted to our conditions and a market for anything we grow if we will only grow it in large enough quantity and under some organized system. We have an example of this in the Truck Growers Association of Jacksonville and in the small branch of that association in Nacogdoches county. What has been done with tomatoes can be done with other crops, if the farmers will only work together for the good of the county instead of pulling in opposite directions as is too often the case. We have a creamery in Nacogdoches and the complaint is that not enough cream is brought in by the farmer, yet some farmers will tell you when you ask them why they do not keep more cows, is that there is no market for their milk or butter. Why make a slave of your wife churning butter for 20c a pound when you have a ready market for your cream in town. An elevator is being built for the benefit of the farmers and they should make use of it.

The Experiment Station

was established here for the benefit of the farmer and instead of taking advantage of it, they have knocked it from one end of the county to the other, and why? because the Station stands for Diversification and everything else that is opposed to a one system shiftless way of farming. There are exceptions. Some farmers have taken advantage of the Creamery and also the Experiment Station, and those are the men who are making good on their farms, and it remains with these the pioneers of modern farming to make Nacogdoches county the garden spot of Texas.

Supt. Texas Experiment Station No. 11.

Resolutions of Respect

Whereas it has pleased the supreme and Divine Ruler of the Universe to remove from our midst our beloved Sovereign Sarah L. Bell who died Nov. 3 1914. Though her body was frail her strength in God was firm. She knew in whom she trusted and believed that he was able to keep her until the coming of the Lord of Hosts. Our hearts are sad. Every impulse of our soul is that of love and sympathy for those who loved our sovereign best. And in her death the Grove has lost a true and worthy member. The children a true and devoted mother. A dear one from their home is gone. A voice they loved is stilled. A place is vacant in their home. That never can be filled.

We the officers and members of Florence Grove 169, Woodman Circle extend to the bereaved family our most sincere sympathy in this hour of trial. May the God of love and comfort ever abide in their saddened home. Be it resolved that a copy of these resolutions be spread upon the minutes of our grove, a copy be sent the sorrowing family, copies be sent the Hunting Herald, Nacogdoches Sentinel for publication.

Fraternally,
Mrs. Nettie B. Herring, Guardian,
Mrs. Zula Blakeney, Clerk.
Sovereign Bell's home is in Nacogdoches, but she was a member of Florence Grove, 169, Huntington, Texas.

Claude King, the new deputy sheriff, came into the Sentinel office Tuesday, like a veteran, and presented a citation for publication, which will appear in the Weekly Sentinel. And it had the name of the new County Clerk W. T. Orton, who issued the writ, signed in regulation official style.

Galveston is in bad fate in grain elevator fires. Three weeks after the burning of the big Southern Pacific elevator with its big lot of grain, another elevator has burned with a large lot of wheat. This fire was caused by lightning striking the elevator and setting it afire. These are calamities to the general public as well as to the owners.

The Cotton Problem

Editor of the Southland:
Your assistance is needed. There is just a few of the things that may be done at the coming National Convention of Ginners Jan. 13 and 2nd 1915 in Memphis, Tenn. Unless prices advance on lint and seed, to consider the advisability of nailing each gin up in 1915 as soon as it has ginned one half of the number of bales ginned in 1914. By such steps in all the south lint and seed will advance.

To start a movement to use nothing but cotton bagging. This will consume \$8,000,000.00 of cotton at home.

To extend the present system of the Ginners Association in buying bagging direct from the factory and which has saved the ginners who have co-operated with us thousands of dollars.

We are asking you to invite every ginner in your county to this convention and come your self. Reduced rates can be had Dec. 31st, with final return Jan. 6th, National Delegates have been elected from all the states and the convention will be the largest ever held. Please publish the above and use our name for all that is good. We are looking to you to help. We need your loyal assistance.

Yours for the advance,
Ginners Association,
Veigh Cockrum, President,
Memphis Tenn.

Has Interesting Book.

A book of greatest interest to students of the history of Texas and the Southwest recently has been received at the Carnegie library under the title of "Athanas de Mezieres and the Louisiana and Texas Frontier." The two volumes are composed of documents published for the first time. The original Spanish and French manuscripts, chiefly in the archives of Mexico and Spain, have been translated into English, edited and annotated by Herbert Eugene Bolton, Ph. D. professor of American History of the University of California. Dr. Bolton is well known in this section of the country through his recent professorship at the University of Texas. The manuscripts copied in the book date from 1768 to 1780. In addition there are interesting maps of Texas and Louisiana of that time.—San Antonio Light.

In reference to revenue stamps, there is great inconvenience everywhere, because of ignorance of the law and difficulty of information. Also as to how to get stamps and other rules. These details are too lengthy for our space. We have heretofore extracted and published some of the practical features, and shall try to add more as soon as practicable. No stamps have been received here yet. Other towns are no better off.

Mrs. Burn Pack was taken quite ill suddenly Wednesday morning. Mr. Pack was wired to in Dallas and will arrive this afternoon.

Tobacco As A Crop

Mr. Henry Weinberg, our well known tobacco man, informs the Sentinel editor that he has recently been talking tobacco growing to many farmers, and that the interest in tobacco as a crop is increasing all the time. He says that all who have tried tobacco growing are keeping it up.

The general opinion is that it is more profitable than cotton. It is marketed in the summer before cotton picking.

Mr. Weinberg has made tobacco growing a life study. He worked at it himself. He says the red sandy soil here is best for it. He will gladly give information to any one who wants to get into the work.

Why They Recommend Foley's Honey and Tar.

P. A. Efrid, Conejo, Calif.—because "it produces the best results, always cures severe colds, sore chest and lungs and does not contain opiates or harmful drugs."
"Dr. Joan W. Taylor, Luthersville, Ga.—because "I believe it to be an honest medicine and it satisfies my patrons."
W. L. Cook, Neihart, Mont. because "it gives the best results for coughs and colds of anything I sell." Every user is a friend Swift Bros. Smith.

Quiet Home Wedding.

Miss Clyde Williams and Mr. E. E. Dickard were quietly married Wednesday evening at the home of the brides parents who live about four miles north of the city by Rev. C. N. Willis of the Methodist church. Mr. Dickard is from Teneha a most promising young man and the bride is one of Nacogdoches county's sweetest girls. Heartiest congratulations are extended Mr. and Mrs. Dickard.

The Magic Washing Sack.

"The Magic Washing Stick is the finest thing in the world. Cleans the clothes without rubbing—makes the whitest clothes I ever saw, I cannot do without it anymore. All you say is true, it does all you say it will. I would give it for nothing I have ever used. Hope every lady will try it," writes Mrs. W. F. Gammill, Ashdown, Ark. This peculiar article is sold by druggists, three 10c sticks for 25c or by mail from A. B. Richards Medicine Co., Sherman, Texas.

Akrel Byrd was taken, suddenly quite sick with appendicitis last night and was unable to go home. He went to the Redland Hotel for the night and was taken to Tucker's Sanitarium this morning to be operated on.

Checks Croup Instantly.

You know croup is dangerous. And you ought to know too, the sense of security that comes from having Foley's Honey and Tar Compound in the house. It cuts the thick mucus and clears away the phlegm, stops the strangling cough and gives easy breathing and quiet sleep. Every user is a friend, Swift Bros. & Smith.

Attention Truck Growers.

Jefferson Baker, Chairman of the Truckers Association has called a meeting of the Truck Growers and all others interested, to be held at the court house next Saturday, the 5th inst at 2 p. m.

There are many important questions to consider, that are to the interest of all farmers, truckers and really affecting everybody. Some of these questions are what to plant, how to get seeds and plants, how to cultivate, fertilize, harvest and market, the last named being the most difficult. Organization, co-operation, and harmony count for much. Everybody come. Everybody pass the word.

A phenomenal rain fell in Houston Tuesday night. There were 7.41 inches in thirteen hours. There was a 16 foot rise in the ship channel in a few hours. The streets became raging torrents, sewers and all drainage was overflowed. Street cars had to stop. The floods were amazing and the thunder terrible. Lightning killed a man and terribly shocked and scorched a young lady who was walking by his side on a sidewalk. A sick lady was deluged in her bed, was rescued and then died. Her mother who was with her may die. The destruction of property was great. Damages to street and general distress prevailed.

This—And Five Cents!

Don't miss this Cut out this slip, enclose five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a free trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. For sale in your town by Swift Bros. & Smith.

The Experiment Station located two and a half miles north of town on North street, operated by George T. McNess, is for the benefit of the public. Every farmer should go see it, and get points. Mr. McNess will gladly tell any one that wants to know, all about his experiments. He writes for the Sentinel, and what he says is well worth reading.

Pains in Back and Hips.

Scout Barbecue Postponed.

The Boy Scouts anniversary barbecue that they planned to have next Saturday has been postponed on account of the weather and the absence of Scout Commissioner Johnson. Announcement of the new date for this event will be made later.

It is said that ex-President W. H. Tatt stated in a letter to a paper called the "Parcel Post News" that the rail roads are not properly paid for carrying the parcel post. The parcel post was started during president Tatt's term.

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 129 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Peruna. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Peruna. It surely is the best medicine for colds, stomach trouble and catarrh that I ever heard of."

The Rev. Percy C. Webber, D. D. whose headquarters are in Boston, Mass. arrives here today from Tyler, to begin a week's series of Evangelistic services at Christ Church, tonight at 7:30.

Sermons will be delivered daily at 10 a. m. 4 p. m. and 7:30 p. m. with a celebration of the Holy Communion each day at 7 a. m. The 10 a. m. service will be held in the Crown theatre and will last about 40 minutes only.

The ladies are giving a reception this afternoon at the Redland to which they have invited all the ladies of the town to meet Mr. Webber.

Tonight the men will meet Mr. Webber at a luncheon at the Redland at 6:15, after which they will go in a body to the first service.

An interesting feature of the mission services will be a lecture on the Passion Play which will probably be given Wednesday afternoon.

There will be a service for men Sunday afternoon at 4 o'clock and Tuesday afternoon at the same hour will speak especially to the women of the town.

The congregation of Christ Church are anxious that the services may be as helpful as possible to all people and they are therefore extending a hearty invitation to every one to attend the services.

Prompt Action Will Stop Your Cough.

When you first catch a cold (often indicated by a sneeze or cough), break up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my Cough" is one of many honest testimonials. 50c. at your Druggist.

Mrs. Jack Matthews of Dallas arrived yesterday afternoon to see her sister, Mrs. J. A. Pirtle who has undergone an operation at Nacogdoches Surgical Hospital this week. Mrs. Pirtle is doing nicely. Mrs. Matthews is stopping with Mrs. Ella Swift.

REAPING BENEFIT

From The Experience of Nacogdoches People

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterance of Nacogdoches residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

Mrs. H. M. Reid, 412 S. North St., Nacogdoches, says: "I suffered from severe pains in the small of my back. At times I was unable to sleep. I got no relief until I used Doan's Kidney Pills procured at Swift Bros. & Smith's Drug Store. They made a permanent cure."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reid had. Foster-Milburn Co., Buffalo, N. Y.

A man doesn't want to hear both sides of the question. All he really desires is a statement or an opinion which confirms his own views.—Tospeka Capital.

Mrs. McClains Experience With Croup.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine
A soluble Antiseptic Powder to be dissolved in water as needed.
As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists, 50c. large box, or by mail, The Paxton Toilet Co., Boston, Mass.

Electric Bitters
Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified.
FOR KIDNEY, LIVER AND STOMACH TROUBLE
It is the best medicine ever sold over a druggist's counter.

Physical Rest Urged.
New York, Nov. 30.—A physical rest is urged by Dr. William H. McCastline, Columbia university medical officer, as a prerequisite for admission to the colleges throughout the country. In his annual report made public today Dr. McCastline says:

"I believe men will be found in a better state of health at graduation and in better shape physically, as well as mentally, to take up their life work if proper stress be laid upon health and physical habits during the formative years of the best training in the upper elementary and high schools."

War Tax Stamps.

The new revenue law requires the shipper to affix and cancel stamps upon all freight sent by railroad, and does not require the railroads to stamp parcels or packages or keep stamps. Bills of lading must be stamped by shippers. The agents of the railroad cannot receive such freight for shipment unless so stamped, and cannot keep stamps for such purposes. The stamps are to be applied for at Austin.

Don't forget to use a little Prickly Ash Bitters whenever the stomach or bowels are disordered. It quickly corrects such troubles and makes you feel bright and cheerful. Stripling, Haselwood & Co., Special Agents.

Evangelistic Services Christ Church.

The Rev. Mr. Swann, returned Saturday from Tyler where he went to have a personal interview with the Rev. Percy C. Webber who begins a series of evangelistic services in Christ Church here next Thursday night. Dr. Webber is giving a series of meetings in Tyler and will come directly from there here after closing the services there Wednesday night.

The congregation of Christ church is looking forward to a spiritual feast and are making every effort to attend Dr. Webber's coming, and as many as possible may hear this noted preacher.

Rev. Mr. Swann had the good fortune to hear Dr. Webber three times while in Tyler, and says he ranks as a preacher along in a class with Phillips Brooks or any other of the noted preachers of the country. There is nothing of tree lance evangelist style about him; he depends upon a powerful gospel powerfully preached to move men to action.

The following letter received by the Rev. Mr. Swann shows how Dr. Webber's services have been received in other places.

Richmond, Texas.

Nov. 22, 1914.

My dear Mr. Swann:

Will you tell me where Dr. Webber is this coming week? I see he is to be with you Dec. 3rd to 10th. The whole town here wants him to come and preach another mission.

I know you will have a glorious time and I hope for good services.

Very sincerely yours,

Samuel G. Porter.

Mr. Porter is rector of the Episcopal church in Richmond where Dr. Webber formerly gave a series of sermons.

However, the children all keep in touch with their parents, and return now and then on visits. One son, Ralph has been dead about ten years.

Austin Gets Next Convention.

Austin, Tex., Nov. 27.—Rev. W. A. Hamlett, pastor of the First Baptist Church of this city, has returned from Abilene, where he attended the Baptist general convention. Through the efforts of Dr. Hamlett the next state convention of that denomination is to be held here next year. He declared that between 4000 and 5000 Baptists from all over the state are expected to be here for this occasion.

William Howard Taft May Be Offered Head of Texas University.

Houston, Tex., Nov. 28.—William Howard Taft will be offered the presidency of the University of Texas, a committee of three selected by the board of regents to choose a successor to President Mezes should heed the advice and recommendation of Governor Colquitt.

It is highly probable that this advice will be heeded and there is a strong possibility that the former chief executive of the nation will become a Texan.

Somebody's Dog

Last night a bird dog played havoc in the chicken yard of J. F. Summers on North street scattering the chickens from their roosts. Mr. Summers heard the noise and got out in time to run the dog away before any damage occurred to his fowls. But this morning B. M. Isaacs missed a fine \$1.50 turkey gobbler from a wire coop that had been torn open. He first thought it had been stolen but later found the turkey dead and about half eaten, investigation disclosed dog tracks around the coop that held the turkey.

It is dangerous for a dog with a bad habit like that to be loose and it would be a good idea for the owner to keep him up, for some time he might have to be killed in self defence for other property such as fine chickens, turkeys etc.

Our New Methodist Pastor.

The Longview Times Clarion has this to say of Rev. H. C. Willis, who is to serve as Methodist pastor here under the new assignment and who will fill our pulpit tomorrow at the usual hours.

The retiring pastor, Bro. H. C. Willis, will be stationed at Nacogdoches. The Bishop could not find as good a town as Longview to which Bro. Willis could be sent, but he selected the next best. And Nacogdoches will always be thankful for it because Mr. Willis is a useful citizen and a great preacher. Longview held him the full four years and then gave him up reluctantly.

Shooting Scrape at Mayo

In a difficulty at Mayo yesterday Bob Anderson was shot through the side. The wound seems to be a serious one but not likely to prove fatal. The physician in charge could not determine the extent of internal injuries at the time of first examination. Amos Johnson has been arrested on charge of the shooting and was brought down last night by Deputy Carter. Both parties are colored.

Athletic Club Desired.

The party mentioned in the clip quoted below is in our city for business, and the Sentinel may have more to say about it later on. Mr. Ninich can produce references.

W. M. Ninich, a heavy middleweight wrestler who hails from Chicago, blew into this burg last night and promptly issued a challenge to all wrestlers here and elsewhere. He spent three days in Taylor where an effort was made to match a bout with Pet Brown, but Pet told the Chicagoan to go prove his mettle by putting a few others on the mat, then make application again. "That's fair enough," said Ninich the Serbian although he thinks that he has abundantly proved his "class" in various contests in various parts of the country.

During the six weeks that he has been in the South this time he has met a number of good men in finish matches and vanquished all of them. Among them were Ralph King, weight 170, whom he threw twice in forty-eight minutes at Galveston; Denny Digger of Chicago, weight 155, at Houston; Jack Rantsuer, 185, formerly a trainer of Pet Brown at Thorndale, and V. L. Kopesky, the Bohemian, at Granger pride was Saturday night. Hopesky weighs 155 and was thrown the first time in twenty-one minutes, the second time in three minutes. "Young Americus" of New Orleans was also beaten at that place six weeks ago. This wrestler was in a match with Pet Brown at Houston on Labor Day a year ago and suffered a dislocated shoulder.

Ninich says he is especially anxious for a match with Harry Swoboda of Smithville, who is touted as a fast man.

How To Give Quinine To Children.
FERRELIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Ferrelin original package. The name FERRELIN is blown in bottle. 25 cents.

One Thousand Belgians to Come to Panhandle.

Clarendon, Tex., Nov. 25.—Texas has been supplying the warring nations with necessities of life ever since the inception of the European conflict, and it is now about to furnish homes for a thousand or more unfortunate people from desolated Belgium. Arrangements have already been made by Mrs. Adair, owner of the "J Al" ranch, situated in this county, to bring 1,000 Belgian women and children to the Panhandle and establish them on farms. Mrs. Adair part of her time in Europe each year and while there some few months ago arranged through agents to bring the Belgians to Texas. A ship to transport the people to Galveston has been chartered, according to a report given out here and it is thought it will not be long before the "New people" will be in a new country to them.

Birthday Party.

Mrs. Tom Summers is entertaining the eleven year olds today to honor her little daughters eleventh birthday, Minnie and Lucile, Nov. 26th. The little lady was a Thanksgiving baby and this is the third time in her eleven years the 26th has been on Thanksgiving so it is an especial anniversary.

A contest will be the form of entertainment and these school children will enjoy the work of having to "find out something" and vil with each other in the results. A feature most pleasing to the little guests was the birthday cake so cheerfully illuminated with eleven little tapers each seeming to burn the cheeriest for its year and predicting at happy day on each succeeding birthday.

Beaumont Nov. 28.—When J. E. Pew recently bought 154 acres of land on the outskirts of this city and fronting the Neches River, it meant that Beaumont would soon receive one of the biggest industries ever located in Texas. The property will be utilized by an English syndicate for a big oil refinery site. Oklahoma oil will be piped to the refinery and with the completion of this work and the construction of the plant here a total of about \$15,000,000 will have been expended. The plant alone will have been expended. The plant alone will cost \$3,000,000 and will afford employment to at least 1,500 men, adding about 5,000 people to the population of the city.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and out

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me. Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Mr. and Mrs. J. F. Vonder-smith are moving to their new home on North street, purchased from Mrs. R. D. Whitaker several months ago. This was Mrs. Whitaker's home place.

Mr. and Mrs. A. V. Simpson moved Saturday to their place on East Hospital street, recently purchased from H. T. Mast.

Mr. and Mrs. Elbert Summers moved last week to their newly completed home on Park street.

These homes are all practically new, modern in architecture and furnished with all modern conveniences, and the purchasers heretofore had residence in commercial property which speaks in a broad sense for the improvement of the city.

Ribbon Shower

The Primary Department of the Baptist Sunday School had a ribbon shower for Buckner's Orphans Home Saturday Nov. 21st 3:30 p. m.

The teachers of the department had things in charge and a most attractive program of music and reading was arranged. The old-fashioned way of matching candy pieces for partners was found to be the means of a happy hour.

The teachers were highly pleased with the generous response to this appeal. Ninety six handsome pieces of ribbon were donated to the cause.

Delicious punch was served during the afternoon.

Citation
The State of Texas,
To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Ed Standard and J. T. Dickinson by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the County Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 3rd Monday in January A. D. 1915, the same being the 18th day of January A. D. 1915, then and there to answer a petition filed in said Court on the 1st day of December A. D. 1914, in a suit numbered on the docket of said Court No. 1117, wherein S. M. King is Plaintiff and Ed Standard and J. T. Dickinson are Defendants, and said petition alleging that on the 6th day of October, 1913, defendants executed a written contract to cultivate a certain farm, consisting of about 132 acres, in Nacogdoches County, Texas, on the Fenio Rameriz grant, and to plant at least 75 acres in cotton and the balance in ribbon cane and grain, which defendants agreed to pay one fourth cotton and one third of cane and grain; that defendants forfeited said contract and refused to comply with same; that the plaintiff was unable to have about 20 acres of said land worked, of the rental value of \$10.00 per acre; that about 50 additional acres he was unable to have cultivated properly and lost one half of said rental value, in the sum of \$200.00; that defendants killed about fifteen head of hogs belonging to plaintiff, average weight 100 pounds each, and made same into meat, of the value of \$75.00. Plaintiff sues for all of said damages, to-wit, the sum of \$475.00, which he alleges he was damaged by virtue of the defendants' failure to comply with their contract, as aforesaid.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Nacogdoches this 1st day of December A. D. 1914.

CRITICAL MOMENTS.
What the War Teaches

Every life has its critical moments. There are times when a man's health is staked upon the care he gives to it within a few hours. His system may be run down, blood laden with bilious poison and lungs of skin affected.

Twenty-four hours after you start to take Dr. Pierce's Golden Medical Discovery, poisonous matter and blood impurities begin to leave your body through the Liver, Bowels, Kidneys and Skin.

So powerfully penetrating is this purely vegetable remedy that through the circulation of the blood it reaches every fibre, muscle and joint, dissolves the poisonous secretions and drives them out of the body.

It brings new activity to the liver, stomach and bowels in a short time, thus causing sallowness, indigestion and constipation to disappear.

It enters the tiny blood vessels of the skin, bringing with it fresh vitalized blood, and abiding faith in its wonderful cleansing power has come to thousands, when pimples, boils, carbuncles, rash, eczema, acne and other skin troubles dry up and disappear.

Good blood means good health; good health means strong men and women, full of vigor and ambition, with minds alert and muscles ever willing. Any medicine dealer will supply you with Dr. Pierce's Golden Medical Discovery in either liquid or tablet form. Remember it is purely vegetable, and free from alcohol or narcotics and is not a secret remedy for all its ingredients are published on wrapper.

Who Made That Suit?

Whenever you hear that question asked—it is a pretty safe bet that the garment in question was tailored to that man's individual measure by

The Edosco Tailoring System
Edward E. Strauss & Co.
The Big Merchant Tailors
CHICAGO

simply because there is a distinction in design—a difference to the lines of the garment—an unusual richness of the weave and coloring that really cannot or has not been duplicated by other tailoring houses or ready made clothiers.

The values are invariably "just a little more for the money." You make your own price decision!

Suit or Overcoat Made to Your Measure

\$15.00 to \$45.00

You just ought to see for yourself the excellence of the five hundred woollens, the nobbiness of the fashions—to-day would be an excellent day to come in and give these values "The once over" whether you intend to buy right now or not.
