More Feed For Stock—More Stock to Feed.

There's no getting away from this big fact; we need here in the South, first of all, more feed for our livestock to feed.

There's no getting round our urgent need of more feed crops; we need these, millions of bushels of grain and thousands of tons of hay, because no country can ever become a livestock-producing country, nor claim to be a country of even halfway good farmers, that depends upon imported food and feedstuffs. Hence we deem it of primary importance, in urging the production of more livestock on Southern farms, to couple with it the admonition to grow an abundance of feed crops.

We must never forget that feed is of more importance than breed, and that in the South far too many pure-bred animals have degenerated into worthless scrubs through lack of adequate feed and the belief that they could shift for themselves. At the same time there must be acquired the knowledge that will enable us to properly balance our feeds and feed them to best advantage.—The Progressive Farmer.

HOW MUCH DOES IT COST TO FARM?

It all depends. With "paid hired help" it costs much, but with fast working IMPROVED FARM TOOLS it is less. WHICH WAY IS YOUR WAY?

In two months you pay a hired man \$30.00. With this money you can buy a cultivator that will last a lifetime—not two months. It means money to you when you use GOOD FARMING IMPLEMENTS.

We have any plow goods that you want or need and will appreciate your trade.

Memory of Abe Lincoln.
Springfield, Ill., Feb. 12.—
Springfield today did honor to the memory of Abraham Lincoln. All state offices, banks and stores in the former president's home city were closed on this, his natal day. Tonight the annual Lincoln day banquet will be held. Governor Dunne will

act as toast master and Archbishop John P. Glennon of St. Louis will be one of the speakers.
Frank Robbins, the county jailer, says he has six guests at his hostelry besides his dog and himself. He charges them nothing, but they are not satisfied to stay, and they want to get out.

Exit The White Slave Law.

By its decision in a recent case that a woman who is being transported from one state to another may be indicted as a co-conspirator against her own innocence, the federal supreme court put what might be termed irreverently "the fixings" to the Mann white slave law.

The type of innocent and confiding man who makes it his business to test the moral fiber of women with whom he may be brought into acquaintance will now be freed from the possible evil consequences of heavy fines and confinement in federal penitentiaries. If the potential or actual victim ever gives him away, all that it will be necessary to do is to blacken her character which in a censorious world, prone to believe the worst of anybody, should not be difficult.

In a dissenting opinion, Justice Lamar seemed to sound the keynote upon which the white slave law was founded. "The woman is a victim," he said, "often a willing one, but nevertheless a victim."—Lake Charles American-Press.

Miss Lena Justice and sister Miss Era are in Martinsville having been called there on account of the illness of their mother. Miss Ida Wesels, who is to be Miss Lena's trimmer for the Spring and Summer seasons, has charge of Miss Lena's business during her absence.

From Melrose.

On last Saturday evening from 7:30 to 11:30 Miss Lois Blakey delightfully entertained a few of her many friends, with a "so called Valentine party. The sitting room being exquisitely decorated for the occasion, portrayed many of cupid's tricks. Lita Mae being chosen hostess of the occasion, the following programme was delightfully rendered.

1. Waltz, music — Theo Mangham.
2. Piano solo—Lita Mae Blakey.
3. Music, miscellaneous—Dorothy Hardeman.
4. Duet—Lois and Lita Mae Blakey.
5. Games—"Magic music" "Whose got the ring?" "Where is the pigs tail?" "Who goes and Why?"

Then the hostess served them with a two course luncheon, which was enjoyed very much.

Then last but not least all joined in playing "Pig," Lois and Dorothy being pronounced pig the greatest number of times.

The guests departed about 11:30 thanking Lois for a most delightful evening spent in her home.

NO REASON FOR IT

When Nacogdoches Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Nacogdoches citizen says:

C. Heitman, shoemaker, 111 N. North St., Nacogdoches, says: "I was bothered by kidney weakness and a steady ache in the small of my back. I was tired all the time, especially in the morning. Doan's Kidney Pills, procured at Swift Bros. & Smith's Drug Store, cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mr. Heitman had Foster-Milburn Co., Props., Buffalo, N. Y.

Lake Oil Co., Gets 1500-Barrel Well.

The Lake Oil company has just brought in another good producing well in the Sour Lake field. At the outset the well is producing 1,500 barrels a day and the drillers believe this will increase.

The well was struck on the Lake Oil company lease in the extreme southern portion of the Sour Lake proven field.

This is the second good producer brought in at Sour Lake this week and it has greatly stimulated drilling in that field.

Not Worth While.

The night of death will soon descend; a few short years and then the end; and perfect rest is ours; forgotten by the busy throng, we'll sleep, while seasons roll along, beneath the grass and flowers. Our sojourn in this world is brief, so why go hunting care and grief, why have a troubled mind? And what's the use of getting mad, and making folks around us sad, by saying words unkind? Why not abjure the base and mean, why not be sunny and serene, from spite and envy free? Why not be happy while we may, and make our little earthly stay a joyous jamboree? We're here for such a little while! And then we go and leave the pile for which we strive and strain; worn out and broken by the grind, we go, and leave our waifs behind—such efforts all in vain. We break our hearts and twist our souls acquiring large and useless rolls of coins and kindred things, and when we reach St. Peter's Town, they will not buy a sheet-iron crown, or cast-off pair of wings. Why scheme and sweat and skimp and save? The money will not buy a grave much better than the one in which the village pauper lies; in this brief life that man is wise who has his share of fun.—Walt Mason.

Sweeping Changes in Election Law.

Austin, Tex., Feb. 10.—A sweeping amendment to the state constitution is proposed in a joint resolution introduced in the senate by Senator McGregor, which, if adopted, would not only grant the women equal suffrage but would remove all restrictions and limitations on the masculine voter as well. Under this proposed amendment no poll tax will be required and no religious or literacy test or qualification is necessary. In effect, he practically knocks out the main features of the Terrell election law. The only requirement for he or she to vote is that they shall be a citizen of the United States or who may have declared his or her intention to become a citizen of the United States, and have resided in the state one year, and six months within the district or county in which the voter is to cast his ballot.

In Austin two preachers wasted a whole lot of breath debating the Seventh Day question. But the audience had fun. Nobody was changed in opinion. The Seventh Day man's name is Routt. He routed his talk very skillfully and logically. The other preacher is a Methodist named Schuler. He has been heard of before. He overwhelmed the whole house with eloquence and humor. He got the applause, but not the logic.

If Walt Mason ever wrote a better thing than that which we reprint in today's paper we never did read it. It is far beyond the ordinary. It is headed "Not Worth While."

Plans For Ending War

Washington, D. C., Feb. 8.—An international conference of representatives of neutral nations to discuss means of ending the European war, to establish neutral trade routes at sea and propose ultimate creation of an international tribunal for establishment of world peace, was proposed in a resolution today by Senator LaFollette.

The resolution would direct the president of the United States to convey to all neutral nations the desirability of a conference to bring about the cessation of European hostilities to extend offers of mediation to warring nations to consider rules for the general limitation of armaments; rules for prohibition of exportation of munitions of war; the creation of a federation of neutral nations to provide for neutrality of ocean trade routes; consideration of the rights of neutral commerce and all other matters that may tend to establish permanent world peace.

The president would be empowered to appoint commissioners, for the United States, at such conference, whether called by this country or any other nation. The resolution was received by unanimous consent and allowed to lie on the table for future consideration.

Quart Per Month Is Limit Set For Alabama Topers

Montgomery, Ala., Feb. 9.—No transportation company after June 30 can deliver more than a quart of liquor per month to any one person in Alabama. The Denson antishipping bill today automatically became a law, having remained on Governor Henderson's desk for seven days after its passage by the legislature.

Up to date a summary of prohibition legislation enacted in Alabama is as follows:

A statewide prohibition law has been passed over the governor's veto; the governor has signed a prohibition enforcement measure; an anti shipping bill has automatically become effective and an antiadvertising law has been vetoed.

Triumph of the Italian Tomato.

Washington, D. C., February 9, 1915.

The tomato was given to the world by America, but Italy is today teaching the rest of the world by example how it should be raised and how it should be reserved. Italian canned tomatoes have practically pushed the American product out of the English market, and have gained an enormous market in the United States. The Italians raise a solid meaty tomato of fine color and it is so packed in the cans that the consumer is not obliged to pay for a large percentage of water.

Congress is carrying on a heated and long continued controversy over the question of increase in the U. S. navy. President Wilson has taken a firm stand for ship purchase and the majority is with him, but the minority opposition blocks it all.

"TIZ"—A JOY TO SORE, TIRED FEET

"TIZ" for aching, burning, puffed-up feet and corns or callouses.

"How 'TIZ' does help sore feet."

Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and wear smaller shoes. Use "TIZ" and forget your foot misery. All how comfortable you feel. Get a 25 cent box of "TIZ" now at any drugist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

State May Purchase Ranch

Austin, Tex., Feb. 8.—The state of Texas may be the owner of the famous Good-night ranch situated in Armstrong county, at least overtures are being made by representatives of Charles Good-night, the aged owner of the property, to turn it over to the state for a certain consideration. The ranch includes Colonel Goodnight's fine herd of Buffalo and Catello. The ranch contains about 50,000 acres of land including the buffalo preserve and ranch ground. The owner is very anxious to have the state carry on his experiments with catello breeding, and also to preserve the herd of 510 pure-blood buffaloes. The catello is a cross between buffalo and Polled Angus cattle. The price asked for the preserve and all of the animals is \$150,000, \$50,000 cash, balance at 6 per cent interest.

Letters From Foreign Children

There are two little boys in Polk county, one living in Livingston and one in Kiam who have received letters from children in England and Scotland thanking them for their Christmas packages. One says he got a pair of overalls out of Uncle Sam's ship and the other a pair of warm stockings and also nuts. They said their fathers were fighting and would be glad to know of the things they received.

The leading state papers recite the death of Judge T. S. Reese, associate Judge of first court of civil appeals. He was a distinguished jurist and highly esteemed. He died at the home of his daughter, Mrs. Spence, at College Station, whose husband is a professor in the A. & M. College.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a 25 cent bottle of Danderine right now—also stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Schmidt Auto Sales Co. & Garage.

The Schmidt Auto Sales Company and Garage building is now practically completed and it will be only the matter of a short time until its doors will be thrown open to welcome the public.

Expressing it mildly, and at the same time not exaggerating, Nacogdoches can boast of having as fine, if not the finest, and best equipped Garages in Texas.

The building—which was designed throughout by the Company's manager Mr. H. J. Schmidt—is constructed of brick and concrete. It has a frontage on North street of ninety-five feet and extends east eighty feet.

The floor is of concrete and the roof of fireproof asbestos roofing.

The beautiful scratched out brick work, two large entrances and large plate glass show window makes it indeed one of the handsomest buildings of its kind in the country.

Three well spaced large skylights give the parking room ample light even on the darkest of days.

Upon entering the building to the left is located the office. Adjoining this room is the ladies rest room beautifully furnished and will indeed afford a great deal of comfort and pleasure to those in the city as well as out of town patrons.

Next is located the Electrical Supply, Tire and Accessory department wherein will be carried a full and most complete line of all such above mentioned merchandise.

The show floor, which is divided from the main floor by post and chains, will be an interesting feature and does add very much to the beauty of the interior.

The work shop, ninety-five by twenty feet, is the best equipped, best lighted repair shop of any to be found. The equipment consists of lathe, drill press, forge, Davis Bournonville Oxy-Welding Out fit, Portable crane, work pit three by nineteen feet, large work bench, wash rack latest attachments, Vulcanizing department, automatic air compressor enabling the public free air for their tires at all times and an exceptionally complete charging device for rectifying storage batteries. All kinds of mill work, gin work, and in fact all general machine work can be handled successfully in addition to the automobile repairing which can not be excelled.

Mr. Albert Bright who will be assisted by Mr. A. C. Miller will have this department of the business in charge. Mr. Bright who has been with the Nacogdoches Grocery Co. for the past seven years needs no introduction and his ability can not be paralleled. Mr. Miller is an expert lathe and welding man as well as an expert mechanic.

Mr. Herbert J. Schmidt will be general manager, buyer and sales manager for the concern and is a very conscientious and rising business man of Texas.

An announcement as to the opening date will be given later.

Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 88, Pine Valley, Miss.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to try Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

The Grand Jury.

The first week of the grand jury ended yesterday, and they turned in eleven true bills and adjourned till Monday, and all went home.

Of these eleven bill of indictment, the following are the charges: Murder, 3; rape, 1; burglary, 2; assault, 2; misdemeanor, 2; theft of goats, 1.

The Suffrage League met in regular session Wednesday morning at the home of Mrs. F. C. Ford. Seven new members joined the league making a total of thirty odd. Some of the dues were collected and added to the fund now in the treasury. Letters were read from two or three interested in the movement one from Miss Todd in which she wrote in her happiest veins of Nacogdoches and its people. Future work was discussed but no new definite plans were made. The league will meet again Wednesday Feb. 24th and will meet in the afternoon giving more hearers an opportunity to attend.

Effect of Great Kidney Remedy is Soon Realized.

I feel it my duty to let you know what Swamp-Root did for me. I was bothered with my back for over twenty years and at times I could hardly get out of bed. I read your advertisement and decided to try Swamp-Root. Used five bottles, and it has been five years since I used it, and I have never been bothered a day since I took the last bottle of it. I am thoroughly convinced that Dr. Kilmer's Swamp-Root cured me and would recommend it to others suffering as I did. My husband was troubled with kidney and bladder troubles and he took your Swamp-Root and it cured him. This was about five years ago.

You may publish this letter if you choose. Very truly yours, MRS. MATTIE CAMFIELD, R. F. D. No 8, Gobleville, Mich. Subscribed and sworn to before me this 13th of July, 1909. Arvin W. Myers, Notary Public, for Van Duren Co., Mich.

LETTERS TO DR. KILMER CO., BINGHAMTON, N. Y.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Nacogdoches Weekly Sentinel. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

TOO MANY CHILDREN

are under-size, under-weight

with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is so good for growing children it's a pity to keep it from them.

The Interscholastic Meet of Nacogdoches County.

All the teachers of Nacogdoches county are requested to meet in the county court room at the court house at 2 p. m. Saturday, Feb. 20th for the purpose of discussing and working out the details of the Interscholastic Meet of Nacogdoches county.

This is a very important feature of our county school work as a means of bringing us together in our efforts for the purpose of building up the schools of the county. I urge that we look well to the literary feature of this meet. Any school of the county, matters not how small it may be, can have a representative to take a part in this meet.

I especially urge that the principals of all the schools be present, and if your business is so that you can not come send a representative for your school.

Remember the time, Saturday Feb. 20th, 1915.

Yours truly,
John B. Stripling,
County Superintendent of Nacogdoches County.

Passing the hat, passing the hat! Some one forever gets busy at that! Oh, it seems useless to struggle and strain, all our endeavor is hopeless and vain; when we have gathered a small, slender roll hoping to lay in some cord wood or coal, hoping to purchase some flour and some spuds, hoping to pay for the ready made duds, hoping to purchase a bone for the cat, some one comes cheerfully passing the hat! Passing the hat that the bums may be warm, passing the hat for some noble reform, passing the hat for the fellows who fail, passing the hat to remodel the jail, passing the bonnet for this or for that, some one forever is passing the hat! Dig up your bundle and hand out your roll—if you don't give you are lacking a soul! What if the feet of your children are bare? What if your wife has no coiset to wear? What if your granny is weeping for shoes? What if the grocer's demanding his dues? Some one will laugh at such logic as that, some one who's merrily passing the hat! Passing the hat for the pink lemonade, passing the hat for a moral crusade, passing the hat to extinguish the rat—some one forever is passing the hat! Walt Mason.

Would like to communicate with some one who has a farm near the town of Nacogdoches and is interested in hog and poultry business and willing to start good, live man on shares, with small family. Address Jas. Boone, General Delivery, Beaumont, Texas. 15-d1w1

As to whether it is kissing or cursing, that depends upon how it is written as much as upon how it is spoken. Any way that same dammed mud hole is right where it was written about, and whether it be a dammed bad place in front the Sentinel office or a bad dammed hole, is a mere matter of verbiage. It is dammed and muddy enough to be dammed, and it still stand; Pat."

Truck Growers Finances

Caro, Feb. 13, 1915.

The Sentinel:

I feel after a fair view of the situation the merchants and banks of Nacogdoches have not given the truck industry the backing they should.

I realize that it is their business and do not for a minute want to try and tell them how to run any part of it. At the same time, under the conditions I think they should assist the farmers to get away from cotton to some extent.

It would not be wise for farmers to put their whole place in truck. On the other hand an acre or two in tomatoes is as safe to advance on as cotton even at a low price of 25 cents per crate they beat cotton, and it gives the farmer his money in June, which is a great help to finish his other crop.

Now last years average was 58 cents per crate, with bad seasons. Crop being late is netted something near \$100. per acre, this money was a great relief in June and July.

Now the East Texas Truck Growers Association went so far to assist the growers, realizing it was going to be a hard year, to hold the money for merchants as the crop was shipped at their Jacksonville office, same to be sent direct to the merchants, they filing order from the grower with the Secretary of the Association.

The East Texas Truck Growers Association went farther, if the merchants and growers would designate a bank, they would make all remittances to that bank then the bank could protect them selves and merchants. This is fair it not what is?

It is as good as cotton or any other crop. We realize there is chances on any crop.

Business is run on the same chances. You buy hinges, shoes, sugar, flour and other supplies taking chances on turning same over with a profit, hoping not to get over stocked there by making a loss.

Give us a chance, it helps all, the land holder merchant, bank and farmer.

Do not say diversity, when you will not assist on any crop you do not control.

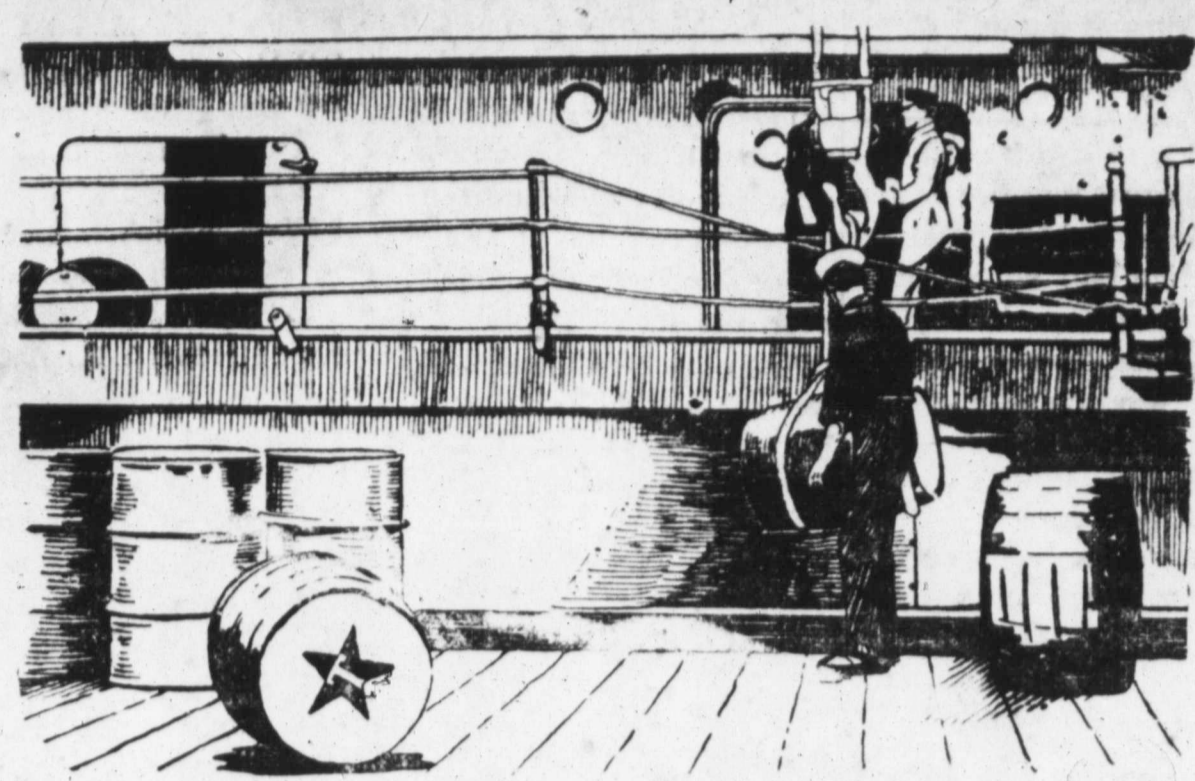

In conclusion I will say, although I hate to say it, it is the profit on the crop that holds off the assistance. If this be the trouble the Association will sell you the crop of tomatoes, you paying the market price.

Yours Respectfully,
R. H. Hamblen.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and sniffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store.

Outside Evidence

A newspaper photographer was busy at the Boston Navy Yard securing photos of the battleships getting ready for Mexican service, and the picture above is one he secured for his paper. It would have been impossible for us to get such evidence of Texaco quality and service, so we secured one of the pictures from the photographer. Naturally, active service means hard usage, difficulties and dangers. So there is keener inspection of stores and more microscopic examination of goods. It is quite natural, therefore, for the photographer to have snapped his camera just as Texaco Products were being hoisted aboard the U. S. S. "Nebraska." Texaco Quality and Service are known where the demand is for high quality and careful, prompt service. Look for the Texaco Products in your own town. You can recognize them by the Red-Star-Green-T emblem of "made in Texas" fame. They are just as valuable for you as they are for the navy. See our agent.

Is It Possible.

Thurman McGregor, a farmer boy in this county, called at our office, Wednesday and stated to us that he had discovered a substance that will insulate Magnetism. It can be used in motors, so as to eliminate the brushes. It does away with the use of electricity and the expensive generating plant. A permanent magnet furnishes the power for his motor and will run it indefinitely. The little rude model can run at an enormous rate of speed. The possibilities of the young man's discovery are revolutionary and astounding. It costs nothing to operate except for lubricating oil. In other words a big magnet furnishes the power and a permanent magnet does away with alternating current and what is termed the alternating magnetic current. In other words, he can dispense with generators and expensive power plants. He said a horse shoe magnet would constitute the power plant. The possibilities of his discovery seems to solve the problem of light, heat and power. It will knock out the fuel oil and coal industry, the steam engine, the gas engines, horses, take coal out of the ships bunker and make room for freight. The discovery was made by accidental experiment and theory.—Haskell Free Press.

Sunday Drinks Are In Demand At Naco

Naco, Arizona, Feb. 8.—One saloon opened for business, in Naco, Sonora, yesterday, within the toss of a bottle from the site of the principal barroom here, closed when Arizona went dry New Year's Day. Highways from nearby Arizona towns were heavily traveled yesterday and the Mexicans were far outnumbered in their own town by visiting Americans. A street car conductor from Bisbee was arrested while bringing liquor across the line after a free-for-all fight. Furniture was wrecked in the customs house office, where the trouble occurred.

Would they Vote

Senator Lattimore of Fort Worth has introduced a concurrent resolution providing for the calling of an election on the second Saturday in June at which only women may vote to decide whether the legislature shall submit an amendment to the constitution providing for equal suffrage. Mr. Lattimore would thus secure the sentiment of the women of Texas on this issue. We have no objection to the senators plans, but see very little good to come from it. After all the men have to decide the question and why not do it or leave the matter as it now is.—Abilene Reporter.

Home Economics.

Austin, Texas, Feb. 13.—In common with the President of the Texas Federation of Women's Clubs, the President of the Texas Congress of Mothers, and the President of the Texas Home Economics Association, Mrs. Benigna Kalb, Governor of the Texas Farm Women's Association has addressed a letter to the women of Texas endorsing the University Home Economics Week to be held at Austin, to the members of her Association. Through these various clubs and Associations, women in the home and in the schools, in the city and on the farm, are being reached and interested in this week of training instituted especially for them. J. M. McClure, of West Woden, nine miles out on the N. & S. E. rail road, is in town serving on the grand jury. He says he has been on this duty once a year for twenty five years. He was born and raised in the vicinity of where he now lives and he has raised a large family there.

The war in Europe continues with great sacrifice of life and property. No decision termination can be expected from results on the battlefield. Peace conferences is the only way to end it.

There are 202 road precincts in this county. Each precinct has an overseer, appointed by the County Commissioners. This was done at the term of commissioners court held last week. Quite a work.

It becomes the sacred duty of the Sentinel to remind its readers that spring is near, and that therefore all parties interested should get ready to plant truck and such like. And that spring poetry will be on top.

Angelina county has a locality named Raw Egg Prairie. Nacogdoches has a stream near town called Egg Nog Branch. Put this and that together and it reduces prohibition to a dry subject. Take it from me.

The first month of the big fair at San Diego, Calif., has succeeded beyond the biggest hopes. It has had a larger attendance than any others have ever had except Chicago, and it has paid expenses. A trip to this fair is not easily excelled as to sight seeing, enroute, or inside. Even the location is a most picturesque landscape view.

No Cotton.

"Why should we worry?" said one of the South's leading thinkers to us a few days ago. "I used to think we couldn't grow corn in the South, but I know better now. With as good fertilization and cultivation we can usually make fifty bushels of corn on an acre that will make a bale of cotton. If the war lasts till August, as I believe it will, corn next fall will be about \$2 a bushel and cotton seven cents a pound. Why worry about getting only \$35 an acre from the cotton if we can get \$75 or \$100 an acre from corn?" The Progressive Farmer does not intend to vouch for this gentleman's prophecies, but we may cut his estimate of \$2 corn in half and then find it a consoling reflection. It's results that count, and \$50 worth of corn per acre is as good as \$50 worth of cotton.—The Progressive Farmer.

Our Oil Fields	
Mr W. O. Duffie, of the California, Texas, Oil Co who are bailing out the old wells at Oil Springs in town yesterday and he states he has one of the wells worked up to about four barrels per day. There are quite a number of these wells on the property known here as the Houston Oil Co. and it is the intention of this company to rework all of the old wells and try to put them back on a paying basis.	
The Williams-Hodge Co. who expect so sink several wells in the same neighborhood, brought in a well Monday but it is impossible at this time to state what they have.	
Jitneys May Stand	
The Beaumont Enterprise is sensible when it says, "In the final analysis only the interests of the public should be considered. If it pays the whole people better to have street cars than jitneys, the street cars will survive and the jitneys will drop out. If the jitneys can permanently give to the public better transportation, more reliable transportation, quicker, cheaper and more dependable transportation, the street cars will have to retire to the discard and give the jitneys the right of way until airships displace them.	
Its entirely a question of the survival of the fittest, the fittest being the one that can serve the public best.

Great Flood Threatens Rome

Rome, Feb. 15.—The worst flood in the memory of all living man threaten Rome today.

The Tiber is fifty feet out of its banks and rising two inches an hour.

The famous bridge which Horatius defended is submerged and may be destroyed.

The rising waters are approaching the Vatican, but it is not expected that they will cause any damage there.

The flood is nearly five feet deep in the streets around St. Peter's Cathedral. Several walls have collapsed.

To Catch Johnson.

Chicago, Feb. 16.—Jack Johnson, the negro puglist who fled to Europe after being sentenced to a year in the federal penitentiary for violation of the Mann act, will be extradited and returned to Chicago on a charge of conspiracy, according to a statement today by Charles F. Clynne, United States district attorney.

The War in Mexico is a scattered affair. It has become disorganized and confined. A small engagement now and then, here and there, is the feature. No knockout is expected.

Lake Alazan.

The above name is not so well known as the Alazan creek and post office located in this county, six or eight miles west of Nacogdoches, but it is more notable in many respects. The name Alazan is Spanish and signifies sorrel color. The post office is on the lower Douglass road near the head of the Alazan creek, and Lake Alazan is at the mouth of the creek where it runs into the Moral on the west side, six or eight miles below and south east of this.

Lake Alazan was named by the late lamented E. A. Blount, and was, in the main, planned by him. It is now owned and managed by his son Guy A. Blount. Out west it would be called a ranch.

There are about 500 acres of land in cultivation, of a very fertile quality. Some of it cultivated by renters and some by tenants or laborers on the shares.

The lake is itself quite an important preserve. It covers an area of about 100 acres. It is about 20 feet deep in a large part of its area. It is well supplied with fine fish, and with boats and pleasure outfits.

There are about a dozen comfortable dwellings on the place. Will Hall of Melrose is general manager. Jim Thrash and family live there and cultivate lands some of it by irrigation for which they are prepared. He also is the house builder and carpenter.

J. J. Bowden operates a mill, and there is a commissary operated.

Crops are now being planted. Grass is showing green, trees are budding out, and spring is near. Dogwood blooms, wild verbena and redbuds will soon brighten the woods, and yellow jessamine perfumes be abundant. Birds are warbling their sweet songs in great variety, while beautiful butterflies ornament the sunny scenery and honey bees seek the flowers. And the wild turkey is heard at early dawn, oh, hush!

R. B. Elmore of the Texas Industrial Congress arrived here today prepared to campaign the city and county schools for prize contestants in corn, peanut, forage, beef and home garden clubs. He closed his work in the Jacksonville trade territory yesterday securing nearly 2000 youths of both sexes who will work towards helping Cherokee County feed itself during 1915.

Not less than 3000 enrollments from Nacogdoches County is Mr. Elmore's aim, and arrangements will be made to the end of securing merchants to accompany him on school house visitation so that the younger ones may note the encouragement they will receive.

There is an unusual number of county visitors in the hub city for the mid week. W. A. Hill of Appleby, J. C. Head, Robert Parrish of Woden, B. F. Moore of Chireno, Fred Kendrick of Melrose. They report things very quiet in their respective neighborhoods.

Women in Vienna

Vienna, Feb. 18th: Everybody does their duty for the endangered fatherland. The poor woman on her way to factory contributes her mite to the collection boxes. The rich women open their parlors bedrooms and kitchens to the wounded officers and soldiers. Not only do the women of Austria, France, England, Germany suffer from war's depredations but the women in America are everyday suffering from the many ills that women are heir to.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration, and cures womenly weakness.

Every woman who has reason to believe that backache, headache, unnatural pains, low spirits, sleepless nights, irregularities or a catarrhal condition is caused by a derangement of the womanly functions, owes, it to herself and dear ones to speedily overcome the trouble before a general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a temperance remedy that any ailing woman can safely take because it is prepared from roots and herbs with glycerine containing tonic properties and is not a secret remedy because its ingredients are printed on wrapper.

Get Dr. Pierce's Favorite Prescription today, either in liquid or tablet form, at any dealer in medicines, if you want to better your physical condition surely and speedily. Every ingredient in "Favorite Prescription" is printed along with the directions. If you want a specialist in women's diseases to diagnose your case, consult Dr. Pierce by letter, correspondence private and confidential, address Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

A Request From The Library.

Will the users of the library please be especially considerate in the matter of observing the library hours? The library is fortunate in being able to keep open from 10 in the morning until 5 in the afternoon, instead of only one hour a day, as heretofore; and this arrangement is made possible only by the fact that the present librarian is a public stenographer, and carries on her own work in connection with her attendance at the library. We feel sure that when this fact is understood, all those who wish to borrow books or to use the reading room will make it convenient to go to the library between the hours of 10 and 12 in the morning, and 1 and 5 in the afternoon. Dinner Party

On Thursday evening a few of the old time friends of Mr. and Mrs. C. W. Butt were entertained at their lovely suburban home, with a six o'clock dinner party. The cordial greeting that is always the keynote of hospitality in this typical Southern home, was emphasized by the cheerful glow of the spacious hall fire-place radiating its warmth to meet, and welcome us, at the very threshold of our host.

After a pleasant little prelude, the guests were ushered into the attractive dining room where covers were laid for this jolly little party of eight. The table was artistic in all its appointments, the centerpiece a creation of holly with its radiant berries and fern. The color scheme, "red and green," gave an added touch of warmth to the all-perading cheer.

Place cards, suggestive of St. Valentine, brought back to memory that we, too, were younger once upon a time, and the pretty little quotations, symbolic of friendship, were read with much pleasure and merriment.

This reminder of those happy days when we didn't have to read our little "Valentines" with spectacles, furnished amusing diversions.

An eight course menu was enjoyed in a way that made us realize how well that turkey was "stuffed" and "so were we." In fact, we did agree that the turnpike road to people's hearts—you'll find. Lies through their mouths or we mistake mankind."

hour reminded us that the old folks must not stay out till morning. "Good-bye Sweet Day" was said—with resolutions that after this happy reunion of old friends, our wrinkles should only indicate where smiles have been, and one and all agreed that our genial host and hostess count themselves in nothing else so happy as in souls remembering their good friends—and echoed the sentiment that we might meet again on a similar occasion, before the silver threads have whitened and our steps grown slow.

The personnel of the party besides Mr. and Mrs. Butt, were: Mayor and Mrs. Geo. H. Matthews, Mr. and Mrs. I. L. Sturdevant and Mr. and Mrs. Roland Jones.

A Guest.

The library has received the childrens' books, that were purchased by the fund made at the entertainment given just before Christmas by the pupils of Miss Jennie Harris. These little folks are very much interested in the fact that their efforts helped purchased them and they feel they have an interest in the library, which is true and when they call for one of their books and find it out, its keen dissapointment to them. This habit formed now at their tender age will take root with the oncoming years and will prove invaluable to them as individuals and to the communities at large. There is nothing a parent could better busy themselves in than reading of good literature and encourage the children in. It is flattering to note the wide interest taken in the library, by every class of readers.

Mr. and Mrs. Marcus Smith gave a most enjoyable neighborhood party Tuesday evening, complimenting Mrs. H. R. Link of Palestine who is the guest of relatives here. Mrs. Link formerly lived here and every one is her friend and these little social affairs most pleasant.

PROPOSE MEMORIAL TO DR. GEO. C. RANKIN

PLAN MEN'S HALL ON THE CAMPUS OF METHODIST UNIVERSITY.

Prominent Churchmen Launch Movement in Dallas to Honor Former Religious Editor.

A tall cedar has fallen on the slopes of Lebanon! A mighty Prince in Israel has passed! In the death of Dr. George C. Rankin, editor of the Texas Christian Advocate, Texas has lost one of her most honored citizens, the cause of Prohibition one of its most fearless champions, and the Methodist Episcopal Church, South, one of her most efficient leaders. No man in Texas was more distin-

Dr. George C. Rankin.

guished or had rendered more conspicuous services to the cause of Christianity and civic righteousness.

This great man has been an inspiration to every young person who knows anything of his life. At an early age he was left an orphan with a widowed mother to support. He was without funds and yet had a yearning ambition for a college education; he endured all manner of privations while working his way through college. His career as a successful pastor, fearless preacher, noted editor, and illustrious citizen should be kept before the young men of this State in an enduring way.

In order to do this, it is proposed to build a suitable monument to commemorate his life and deeds. Since Dallas has been his home and the chief field of his labors for the last eighteen years, and since he was one of the leading ministers of the Methodist Episcopal Church, South, and since Southern Methodist University is to become the center of Methodist influence this side of the Mississippi River, where many young men and young women will be gathered annually, it has been decided that a great memorial building to be named "RANKIN HALL" should be erected on the campus of Southern Methodist University at the earliest possible date, and a life-size bronze statue of George C. Rankin put in a conspicuous place on the campus. Room rent in this building will be given at the lowest cost to young men who are struggling to secure a college education and make the most of life.

Cost of Building.
The building should cost in the neighborhood of \$50,000.00, and the money should be raised in CASH. The immediate family of Dr. Rankin and the University authorities have consented that the work should be undertaken, and we therefore send out this urgent appeal that every friend or admirer of Dr. Rankin send in one (\$1.00) dollar in cash, and if possible this same amount for each member of his family or any amount he desires to go into this memorial building. Let no one who has been benefited by or who appreciates the life and influence of this great man fail to send in a suitable amount, at least one dollar or more. Doubtless some will desire to send a larger sum. It should not be confined to Methodists, for his life reached beyond his own church and was a blessing to the cause of righteousness at large.

Hon. L. L. Jester, President of the Merchants National Bank at Dallas, has agreed to serve as Treasurer.

Rev. J. D. Young, pastor at Ennis, Texas, the originator of this memorial plan, has been asked to serve as Secretary and General Manager of the campaign. Let money be sent to him, also any correspondence.

A correct list of all contributions will be carefully kept and a copy deposited in the corner stone of the building, and another kept in a suitable book in the archives of the University. This list will be published from time to time in the daily press and in the Texas Christian Advocate and the Home and State while the campaign is in progress.

Do not wait until tomorrow! Send your check or postoffice money order today to Rev. J. D. Young, Ennis, Texas. The campaign must be brief.

Signed:

Be More, Do More, and Have More.

Continue what you are and where you are and you are what and where you will always be. The world of wage-earners is a world of hoppers, wishers, and hesitators, held down by foolish doubts and empty fears. Endless thousands of bright, fine fellows whose wishbone is where their back bone ought to be, are excusably afraid, halting, timid, clinging with the drowning man, grasp to their slender salaries, because they think business is a mystery and they can never learn to transact it.

You must be more, have more and do more in this life or you will always be seeing other men that are better dressed getting more out of life more of this world's enjoyments and comforts than you. We can point you to hundreds of young men and women no smarter than you that are now successfully and happily engaged in a business of their own, because they attended our institution took a course of bookkeeping and shorthand or business administration and finance, and prepared themselves to go into the business office and work along with trained men and become masters of the art of doing business.

Business is not a happy-go-lucky; haphazard sort of a thing. If you understand it thoroughly, you are sure to succeed. If you have never been trained, it is all left to luck and guess work.

Write for our catalog today and read the unsolicited testimonials from many of our former students who are today demonstrating their success and the value of our training. Opportunity never comes to him who waits. It comes to him who goes after it with all there is in him, with a deep, burning, intense iron resolve of his inmost being. Read our catalogue carefully. Why not you be one of the 2000 that go out of our institution this year into a good business office. Procrastination is a thief of time. Fill in the following blank and send in by return mail. It may be the turningpoint in your life.

London, Feb. 16 — 4:46 p. m.—The prohibition against foodstuffs destined for Germany will be formally proclaimed by Great Britain either tonight or tomorrow, according to present expectations, and the government's retaliatory measures against threatened German submarine "blockade" will go into immediate effect.

Berlin, Feb. 16.—By Wireless to London.—This official statement was issued in Berlin today:

"Insomuch as it is to the interest of Great Britain that conflicts, arise between Germany and neutral powers, it is thought in German shipping circles that English submarines, in order to bring about this end, may purposely sink one or more neutral ships. It is known also in the shipping circles that Great Britain has laid a large number of mines against German submarines."

The executive committee of the Public Library or rather the ladies of this committee are setting an example of civic improvement and beauty that would behoove any to follow. They are enriching some beds in front of the library for the purpose of planting flowers. This will greatly add to the attractiveness of property and there will be thousands of eyes to enjoy them.

There is not much doing in district court this week. The dockets have been sounded and all cases set.

FOR KIDNEY AILMENTS

Pains in the Back or disturbances in the Urinary Organs, there is no remedy more powerful and effective than

PRICKLY ASH BITTERS

It is an exceptionally fine restorative for ailing kidneys. Inflammation of the kidneys, Bright's Disease in the early stage, Diabetes, and all irregularities in the urinary organs yield to its great tonic and renovating influence. Weak, nervous people who suffer from pains in the back, too frequent calls to pass urine, torpid liver or constipated bowels, need this admirable cleansing stimulant because it contains the necessary medicinal properties for correcting these debilitating diseases.

Colds Are Often Most Serious Stop Possible Complications.

The disregard of a Cold has often brought many a regret. The fact of Sneezing, Coughing, or a Fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50c. at your Druggist. Buy a bottle to-day.

It Really Does Relieve Rheumatism

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle to-day.

Impure Milk Kills Four Near Anson.

Abilene, Tex., Feb. 12.—Four members of the J. T. Garrison family, near Anson, Texas, are dead, and four others seriously ill from poisoning by bread made from milk out of a rusty tin vessel.

The dead are Frank, Henry and Joe Garrison, sons of Mr. and Mrs. J. F. Garrison, and a man named Murray, aged 60. The sons' ages are 18, 19 and 20. Two young daughters and the father and mother are reported dangerously ill, according to last reports reaching here. The family, with Murray, ate supper Wednesday evening, all eating a portion of the bread and some drinking of the milk which had been in the rusty pan. All afterwards became sick. A physician was called from Anson early in the night. The sons died before aid could be given. One of the daughters was thought to be near death this morning.

The milk had been placed near a stove and had been soured in this manner. Physicians report no symptoms of drug poisoning.

Recognized Advantages.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine: entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3145 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Birth Day Dinner.

Thursday evening marked an important hour in the existence of our townsmen H. T. Mast and D. Brown. It was their birthday, but they won't tell how old they are. To celebrate the occasion Mrs. Mast assisted by Mrs. Z. T. Mast and Miss Willie Grambling entertained twelve gentlemen friends at one of the good old-fashioned turkey and plum pudding dinners where everything good to eat is put before you at once and you can just eat to your hearts content.

Mrs. Mast who is but a few weeks a bride proved herself past mistress in culinary and entertaining arts and the departing hour had arrived long before, the guests were ready to leave.

How To Give Quinine To Children. FEBRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The name FEBRILINE is blown in bottle. 25 cents.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Court House Notes.

The court house appears somewhat dull today. Judge Guinn and a few attorneys were in their places. All cases before the court have been set or placed for future action. A few motions and interlocutory orders are to be considered today and tomorrow.

The grand jury is at work in its room. The Fore case is probably among the first to be acted upon. Fore gave an appearance bond yesterday and was released to await the action of the grand jury, which will, in the usual course of such cases, return a "true bill" of indictment for murder. Thereupon the defendant will be rearrested, and probably be allowed bail, and make a new bond.

The county commissioners are holding a regular term of court. Some matters of the schools are before them. Also some accounts and divers road and bridge questions. Matters of gravity will also come up for attention.

Frank Robbins county jailer appeared to be busy looking after the hostelry. He did not report the number of guests, but the presumption is that he always has a good patronage.

The fact is that Sheriff Spradley is a rustler and he helps Frank Robbins procure lodgers. He was seen carrying a stranger in that direction, and the sheriff and the stranger both appeared suspicious. The stranger had a peculiar air and demeanor, and the sheriff had a significant smile, as if "something doing."

Another point of order is that Will McMillan, who handles county convicts on the roads is expected back from Alexandria, La., accompanied by a distinguished man, who goes under the notable name of "Don Caesar." This man was recently a prominent citizen here, and he became noted by a conviction as a leading bootlegger. McMillan thereupon placed him on the public road gangway. Don Caesar had other business elsewhere, and so he departed very hastily, one bad day. Sheriff Spradley and others, pulled the wires. And now Don Caesar is expected to resume his place with McMillan, and finish his work.

Mrs. Martha C. Dorsey Dies Suddenly.

Mrs. Martha C. Dorsey died suddenly yesterday evening at 8 o'clock at the home of her son Sam Dorsey with whom she made her home.

Mrs. Dorsey had been feeling poorly all day but was not considered serious.

The words flew over our town as on wings of wind. Wherever it touched it left sorrow, and the expressions of sympathy for the bereaved ones were many and from the heart. In the presence of such a sorrow how cold and impotent are words and how deep would be the grief over the grave did not the rainbow of Christian hope span the dark gulf between time and eternity, and such pure, bright lives inspire the belief that there is a better world beyond where freed from the corroding cares of earth, the good and true are re-united "after life's fittful fever."

Services were conducted at the Methodist church at 3:30 this afternoon, Rev. Taylor officiating. Songs were touchingly rendered by the choir. The remains were laid to rest in the city cemetery at 4 o'clock.

SCHOOLS TO CO OPERATE.

Woden to be the Center for High School Facilities for Large Territory.

The Commissioners Court has been petitioned by quite a large number of people living in the Woden community to allow them to consolidate the Independent School Districts of Woden, Dorr Creek, Persimmon Grove and Pine Knot into a Common School District for the purpose of having High School Facilities. The request was granted and the patrons of these schools are busy now on the plans for having one of the best equipped high schools in Nacogdoches county. The establishment of this high school will in no way affect the schools they have already there in the different districts, but will give the children the advantages of a higher education than they now enjoy. Prof. Geo. M. Hale, the principal of the Woden school, has been at work on this proposition for quite awhile, and is elated at the successful culmination of his plans.

It is proposed to issue bonds in the near future for \$15,000 or \$20,000 and erect one of the most modern brick school buildings in the county. A plat of ground of not less than ten acres will be secured at Woden, which is the most central point in the district, and the high school erected there. The other schools in the district will be improved also. This district will contain at least 60 or 75 square miles.

A superintendent of the high school will be in charge of all the primary or intermediate schools in the district, and will make regular visits to them to aid them in their work. A free transportation service will be established for the benefit of those living at a distance to attend the high schools. Another feature of the high school will be the establishment of an agricultural department, not only for the students, but the farmers living in the district. Domestic science and manual training will be another feature.

The people of these different districts are already improving the roads leading to Woden, which, when completed will be the best in that part of the county.

Prof. J. B. Stripling, county superintendent, has also taken quite an active part in the consolidation of these different districts.

Fall Flower Show.

The Ladies Aid Society of the First Presbyterian church are working for a flower show the initial exhibit to be given in the coming fall. And in order to do this successfully flowers must be planted at once. There is a committee in charge of this work with Mrs. J. N. Cunningham chairman and any one interested, child, boy, girl or older person may get any information necessary from her.

This exhibit will be a beautiful and interesting affair and the pleasure begins now with the selecting and planting of plants. The flower chiefly desired is the crowning fall bloom of the chrysanthemum but any the contestant chooses will be cheerfully accepted, be they pot plants, roses, ferns or any of the dear old fashioned variety.

There will be a premium list published in a short time and this will encourage contestants to enter. It is a happy work, growing things, and so much to be gained in the work even though you do not win a premium and every out door loving child be they old or young would derive no end of benefit for themselves and also help in the pleasures of others.

The ladies have a club list to offer on most any plant wished Phone 439.

It is earnestly hoped a large number will respond to this new interest.

For City Marshal

To The Voters of Nacogdoches:

In making this announcement for the office of city marshal of the city of Nacogdoches, I feel that I am too well known to the citizens of this city to go into details.

I have had more than twenty years experience as a peace officer, having served many years as deputy United States marshal, deputy sheriff and night marshal, besides serving for several years on the police force of Paris, Texas.

I believe the people know my ability and qualifications as a peace officer since I have been in Nacogdoches.

This is an important position, and a man should be elected who is fearless in the discharge of every duty and obligation incumbent upon him as such officer. I will appreciate the people of this city giving me the opportunity by electing me to this position to show that I will fill this office with credit.

With gratitude to all who express their confidence by casting their vote for me in this race, I beg to remain,
Respectfully,
H. M. James.

From Walnut Grove.

The health of our community is fine at present.

Mr. Louis who has been sick for several months was able to visit our school last Wednesday.

Rev. F. M. Richards filled his regular appointment Sunday. A large crowd was present and enjoyed the special sermon delivered.

Ben Strickland from Pine Hill was in our community Sunday.

Misses Alice and Emmie Dean Brown are visiting Arlam this week.

Joe Strickland made a trip to Nacogdoches Wednesday on business.

Three girls from Garrison were the guests of Miss Ida Hilliard Sunday.

Bill McBride and Jim Brown moved into our community last week.

A large crowd was present and interesting talks were made at prayer meeting Wednesday night at Mr. Lee Frederick's, also Sunday evening at the school house.

We regret losing some of our large pupils who have quit school to go to work.

Mr. and Mrs. D. C. Hilliard spent Sunday with Mr. and Mrs. Joe Parrott.

Mr. and Mrs. H. C. Chaney visited at the home of Mr. and Mrs. Lee Wallace Sunday.

Mat Parrott and family visited D. R. Boatman Sunday.

Our teacher, Miss Mae Hall left Friday for Melrose, where she visited her folks until Sunday.

Dinner Party.

Quite a congenial table of guests enjoyed dinner with Mr. and Mrs. C. D. Stegall Thursday evening in compliment to Mrs. Bob Hale of Oklahoma.

Mrs. Hale was at one time one of the force of Mayer & Schmidt and the guests were chosen from friends who were co-workers.

The appointments of the pretty home gave a perfect setting for such an occasion and a meeting of old friends at a feast of the appetite is the merriest place where one's good humor prevails.

Sweet modest violets in their rich purple hues and delicate perfume formed the table center piece on a handsome piece of elney. Covers for eleven guests were cared for by this hospitable host and hostess.

The Shakespeare class met Friday afternoon with Mrs. C. A. Hodges.

Birthday Luncheon.

Miss Ida Hillenkamp was the honored guest of an elaborate luncheon, Sunday, set for fourteen guests, all kinsmen. The entertainment was planned and given by her loved friend and kinsmen Miss Sweeny and Miss Ida Wessels at the home residence. A double note was evidenced in the celebration, it being St. Valentine's day as well as a birthday and 'twas a pretty thought to mingle the sentiments. The glowing tapers surrounded a beautiful white angel food cake amid the delicate fragrance of white hyacinths and in this purity vested a warm red heart, so truthfully symbolic of the honoree as well as to remind the guests of those younger days, when their hearts went "pit-a-pat" with the expectancy of a Valentine. With all these beauties of life present in one enjoyment (the birthday, the hostesses pleasures, St. Valentine's) the carefully planned lunch was crowningly, the delight above all.

Happy Birthday Celebration.

One of the most brilliant social events of the season was enjoyed at Hotel Wiley last Saturday evening, given in honor of the birthday of Mr. Rains, who with his accomplished wife, has been making his home at this popular hostelry the past year.

Among the features of the occasion was a swell supper, supervised by Mrs. Wiley and Mrs. Rains in which the tables groaned under the weight of the many tempting condiments viands especially prepared for this event, and enjoyed to the fullest extent by the fortunate guests. Following the supper the remainder of the evening was spent in playing bridge and other games, and social conversation, and it is reported to have been an occasion that will long be remembered by those present and participating.

Among the out-of-town guests were Mr. and Mrs. W. F. Price, G. C. Fewell, wife and daughter, Mr. and Mrs. Zeno Cox, Mr. and Mrs. E. H. Blount, Mr. and Mrs. Oscar Matthews, Mr. and Mrs. E. B. Williams, Dr. and Mrs. R. P. Locke, Mr. and Mrs. McKirny, and possibly others whose names we did not get.

Since coming to our town Mr. and Mrs. Rains have made many friends who trust they will remain permanently with us, and may live to enjoy many more events similar to the happy occasion which marked another milestone noted in this report.—Garrison News.

Mrs. Bob Hale returned to her home in Sapulpa, Okla. last Saturday, prior to her leaving Mrs. S. M. Adams entertained with a lovely luncheon the day of her departure. The violet in its exquisite daintiness was the decorative motif and surrounded with numerous delicacies of good things to eat the guests found the last hours with Mrs. Hale most pleasant and too quickly gone.

Mrs. J. D. Ellington entertained the sewing circle on Friday afternoon at the pretty home of her sister Mrs. F. B. Sublett.

OWE MY HEALTH

to Peruna

I was Gradually Breaking Down From Confinement to Store.

Mr. C. N. Petersen, dealer in fine boots, shoes and cigars, No. 132 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peruna has done me. Constant confinement in my store began to tell on my health and I felt that I was gradually breaking down."

"I tried several remedies prescribed by my physician, but obtained no permanent relief until I took Peruna. I felt better immediately, and five bottles restored me to complete health. I have been in the best of spirits since, and feel that I owe my health to it."

Catch Cold Easily.

Mr. Arthur G. Peterson, R. F. D. 21, Box 21, Omro, Wisconsin. He was in the habit of catching cold easily.

He says: "It has been seven months now since I have taken any Peruna and I haven't felt the least touch of cold since, and I am positive that I am now rid of the tendency to catch cold. Peruna is a wonderful remedy."

Those who object to liquid medicines can now procure Peruna Tablets.

St. Valentine Party.

The valentine age were royally entertained by Misses Sarah Mintz and Merle Miller at the home of Mr. and Mrs. S. L. Miller Saturday evening. The object of entertainment with its sentiments gave broad scope for a most merry party, the home decorations, the program and refreshments suggesting the approaching Saint. In the contests, which always afford the younger set much interest and amusement. Miss Mary Williams won first prize and Gus Whiteman was consoled with a pretty red striped stick of peppermint while the first prize was the more dignified and dainty box of fine chocolates. There was no envy on the part of either for it had only been a short time back when the striped stick was Gus' favorite candy and it was his pleasure to give all the girls a bite.

Nacogdoches will regret to hear that our people Mr. and Mrs. Henry Weinberg are planning to leave in a short time for Florida, which they expect to make as their future home. Mr. Weinberg has been associated here commercially and socially the past ten or twelve years and it has been the pleasure of the people to look upon him as an invaluable citizen and while Mrs. Weinberg has only come to us within the past few months there are many friends here all of whom will regret their leaving. Mr. Weinberg will be engaged in the same interests on a larger scale as here the increasing and valuable tobacco growing industry.

The Nacogdoches High School Glee Club composed the choir for the service at the First Presbyterian church last evening. This company of twenty or thirty voices culled from the best talent in the high school, of which there is some real good, is under the direction of Priscilla Huffor and the music they gave Sunday evening showed splendid training. This club is practicing now to help with some future entertaining.
