Germany Has Driven Opponents To Adopt Retaliatory Policies

Washington, March 1.—France and Great Britain served notice on the United States today that they would hold themselves at liberty to stop all shipping hereafter to and from Germany.

A communication, outlining measures of reprisal on the part of the allies for the submarine warfare on merchant ships conducted by Germany was delivered to Secretary Bryan by the French and British ambassadors here, who called at the state department together for that purpose.

Secretary Bryan apprised President Wilson of the new move, but declined to make any statement. What the nature of the step is was not disclosed by the ambassadors, who intimated that the state department would make all announcements on the subject.

Mrs. Mattie Faulkner received a telegram yesterday, Monday from her sister, who was known here as Mrs. Kate Power Samuels, saying that her husband, Mr. J. E. Burdick, died at their home in San Antonio at 2 p. m. No other particulars. He was a good man.

Cone Johnson Steadily Improves.

Washington, D. C., March 1.—Cone Johnson of Tyler, Texas, solicitor for the state department, who suffered an internal hemorrhage several weeks ago, has been gaining health, and will soon be able to leave for Texas, where he will rest for a month or more.

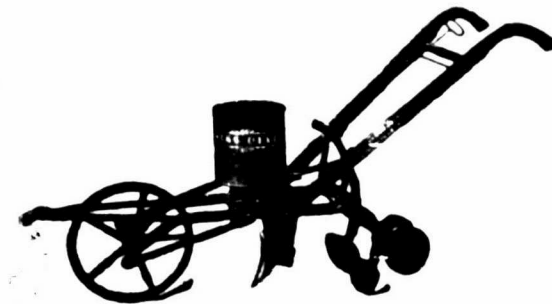

Grimes Case Affirmed

Beeman Strong is in receipt of a telegram from the clerk of the court of criminal appeals at Austin stating that the case of the state vs W. D. Grimes was affirmed today by that court. Mr. Grimes was convicted at the fall term of district court here and his punishment assessed at 4 years in the penitentiary.

A PLANTER

To be good must be simple, strong and sturdy,—yet light—, and must above all things have a "Positive Non-Skip Drive"

THE MISS DIXIE

Is the simplest and strongest light weight planter made. Has all steel wrought channel construction making it very strong and sturdy,—yet it is light. There is NO CAST IRON TO BREAK. The removable hopper may be thrown out of gear by a "touch of the foot." The drive is the double pitman "LOCOMOTIVE" style on outside of frame—on both sides,—no "side-pulls." See the lugs in the wheel? It can't slip. NO SLIPS NOR SKIPS WITH A POSITIVE DRIVE MISS DIXIE. Ask your neighbor he has a Miss Dixie.

Mayer & Schmidt, Inc.

Desperate Efforts to Recapture Banden-viller.

Berlin, March 1.—The French are making desperate effort to recapture Bandenviller in the Vosges and to drive back the right wing of the Crown Prince's army north of Verdun, the war office announced today.

During the last 48 hours the enemy has attempted several infantry attacks, all of which have been repulsed with heavy losses. The French have renewed their attacks near Perthes in the Champagne region where they suffered heavy losses last week.

In the east the heaviest fighting is northwest of the Russian fortress, of Ostralenk. A large force of Russians is violently assailing the German lines but have been beaten off.

Tobacco Growing to Be Continued Here

There is an arrangement made to continue the growing of tobacco in this county, fine grade tobacco for cigars.

Mr. Henry Weinberg, who has been encouraging the growing of tobacco in this section, and at the same time representing Tausig & Co. leaf tobacco dealers, has been sent to Quincy, Fla., and Mr. George T. McNess, who is superintendent of the State Experiment Farm near town, has agreed to look after tobacco growing. He is not to receive any salary nor make any charge for this service. He will visit farms, give instructions free, and render

any reasonable assistance to tobacco growers as a public service.

Federal Drug Act Provides Heavy Fines.

Washington, March 1.—The act of congress, prohibiting all persons from selling or giving away habit-forming drugs without a physician's prescription or under direct instruction of a physician was in effect today.

Violators of the law are subject to a fine of not more than \$2,000 or imprisonment for five years, or both. A tax of \$1 a year is fixed for all who sell such drugs. Enforcement of the law is vested in the commissioner of internal revenue.

Champions of the measure contend it will be of great benefit, while others predict it will work unlimited harm to drug habitues

In Europe.

The great war grows greater. Rumania is now drawn into it, and other nations may follow. Even the United States may be dragged into the war. God forbid it. How fortunate we are to have rulers and leaders that are for peace. There are many battles and combats in which blood flows freely. At one point is a victory, at another a defeat of the same army. At times the Germans seem to be most successful, but again they appear to fail. The allies of Britain and France are more boastful now, as if more hopeful and determined.

DON'T WAIT

Take Advantage of a Nacogdoches Citizen's Experience.

When the back begins to ache,

Don't wait until backache becomes chronic;

"Till kidney troubles develop;

"Till urinary troubles destroy night's rest.

Profit by a Nacogdoches citizen's experience.

W. H. Wood, Nacogdoches, says: "I was troubled by a dull ache across the small of my back and the kidney secretions were scanty. I got a box of Doan's Kidney Pills at Swift Bros. & Smith's Drug Store and they brought lasting benefit."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wood had Foster-Milburn Co., Props., Buffalo, N. Y.

Last

Between Appleby and Nacogdoches one Bandless Filing Envelop full of papers, in which was contained two notes payable to W. J. Shepherd at Appleby. Please return to me at Appleby, Tex., or the Sheriff at Nacogdoches, and get reward.

Garden at all Seasons

A well-managed garden should furnish food at all seasons of the year. No statement would fit all sections; but a few general suggestions will help to guide the beginner. In the climate of Austin, as early as January, one may plant the hardy vegetables that a light frost will not kill such as turnips, radishes, lettuce, spinach, mustard, cabbage, onions, carrots, beets, garden peas. Occasionally a very cold spell will kill some of these, and they will have to be replanted. In case they escape there will be radishes and greens in February, and a plentiful supply of vegetables in March and April. All of these may be planted again in February when Irish potatoes are planted. Tomato, sweet-pepper, and egg plant seeds should now be planted in boxes in the house or in hot beds. In March the same vegetables that are planted in February, and corn may be

planted again, except the turnips, carrots, spinach and lettuce, which are not usually profitable after the warm weather sets in. The early varieties of cabbage may be set out now, or even earlier, but these usually do better when grown in fall or winter. Okra, beans, and field peas also may well be planted in March. In April, okra beans, field peas, butter beans, squash, pumpkins, late corn, watermelons, cantaloupes and cucumbers should be planted. The tomato, pepper, egg-plant and sweet potato slips should now be set out. An early and late variety of each of the above vegetables should be planted, and string beans and corn should be planted about every three weeks to give succession of crops. The above should give an abundance of vegetables from March to August. Tomatoes, okra, potatoes and pumpkins should run on until frost. If tomatoes are packed late in the season when full sized, but still green, they may be wrapped in paper and stored in a dark cellar, kept until frost, brought out, and ripened when wanted. Tomatoes, butter beans, peas, beans, okra, pumpkins and corn should be canned and kept for use at all seasons. Butter beans, peas and okra should be dried. Tomatoes, pumpkins and Irish and sweet potatoes should be stored.

From A. & M. College.

Severe Earthquake Near Lassen Peak.

Redding, Calif., Feb. 24.—News was brought here today of a severe earthquake Sunday night in Twin Valley, 30 miles east of here and 20 miles north of Lassen Peak. The ground has been cracked in all directions and the home of Ivan Sampey has been tilted five feet out of plumb by the sinking of the earth.

An acre of ground sank sixty feet. The snapping and roaring of the earth's crust has been likened by residents of the district to the roar of a heavy wind.

It is not known here

Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander of New Haven, Me., writes: "Many years ago my back and hips brought on rheumatism in the winter months. One night when sitting in my chair, that I had to jump on the floor to get up. I took Sloan's Liniment to the affected part and in five to ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

SLOAN'S LINIMENT
Kills Pain

whether the mountain is now in eruption as the leak is obscured by heavy rain clouds.

Eleven Steamers Sunk

London, Feb. 25.—Eleven steamers are known to have suffered disaster in British waters since the German blockades went into effect just a week ago today. At least three others are missing and possibly are victims of the German submarines or mines.

Berlin still claims a transport was sunk in the English channel, despite repeated denials here.

Two of the steamers sunk were neutral Norwegian ships. The others were one French merchantman and eight British merchantmen.

Four vessels were sunk yesterday, according to reports received here today. They were the British steamer West Coast, the Narpalion, the Rio Painana and the Deptford.

The commanders of German submarines gave no warning to merchantmen they attacked, is the statement of survivors of yesterday's disasters. It is declared the Germans struck without a word of warning and left the crews to the mercy of the waves.

Pantallettes New

The Galveston Tribune devotes nearly an entire column to an essay upon, or rather concerning pantallettes now being in style, and the how, why, and sense or sensation of it. The heading of the essay is in these words: "Galvie Stone" to wear Pantallettes, Fashion decrees that they are to be the acme of style." Then they are described, and written out to a finish, with a rich and racy flow of fun and wonderment.

The commission for relief of Belgium sends out lengthy circulars and is doing a most praiseworthy work, a prodigious and greatly needed work. The literature is too lengthy for the limited space in the Sentinel.

Fruit Raising

To the Sentinel:

I have been asked the question often why there is not more fruit grown in this country.

I am told that the trees will not grow. Some say they bear fruit a year or two, then die, fruit dies on the tree, falls off, rot, and various reasons. Many tell me they become discouraged and disgusted and cut their trees down. That is not the reason, it is simply horticultural ignorance. The soil in Nacogdoches County will produce as fine fruit as any county in Texas.

The climatic condition, altitude, soil, drainage, location and shipping facilities are as good as can be found in any of the East Texas counties. Peaches, pears, plums, grapes, blackberries, dewberries, and strawberries, will all do well here. In the first place your soil is diseased, hence you must treat your soil. Purchase your trees from some responsible nurseryman, trees grown in this state. Never buy a foreign grown tree, select the best varieties.

For instance, in selecting peaches, buy such varieties as mature in the month of May, June, July, August and September. I prefer June buds, one year old and thorough cultivation. Prune and spray at the proper time, in order that you may prevent disease. I have found in some orchards San Jose scale, oyster scale, white fly, root rot, blight, in fact various diseases and insects. It would be out of place, or rather unprofessional for me to suggest any treatment, as your county commissioners and the state agent for the agricultural department of the U. S. has employed the service of a Scientific Horticulturist for that purpose. A party asked me if I thought boring a hole in a pear tree and filling the hole with calomel would stop the blight. You just as well bore a hole in a horse's head for the small pox. Another party suggested to spray a tree with lime for scale etc. and you might as well sprinkle a birds tail with salt to catch him. In growing fruit the following are the vital points to look to:

1. Soil and soil preparation.
 2. Soil Drainage.
 3. Sub-soiling, fertilizers.
 4. Selecting and handling trees.
 5. Planting the trees.
 6. When to plant.
 7. Cultivation.
 8. Pruning the trees at the proper season of the year.
 9. Knowing how to do it.
- Plant pecan trees for shades. The growing of pecans is the coming industry of Eastern Texas. Why? Because it is the home of the nut family.
C. A. Hotchkiss.

As to Mexico, there is something doing over there, but it is not crystalized sufficiently to relate. Jack Johnson is about the most conspicuous object, in that direction but he has dodged out of sight. He doesn't want to be arrested and extradited to the United States for trial. In Havanna the hotels all shut him out. The son of Ham had no where to lay his head.

The Telephone Road to Every Market

Heavyweight Contest May Be Staged in Havana Cuba

El Paso, Texas, Feb. 24.—Jack Curley, promoter of the Johnson-Willard bout at Juarez, announced tonight that he would leave tomorrow for Havana, where Johnson remained today. He said that his trip to Cuba of necessity did not mean the transfer of the fight to Havana.

However, he ventured no prediction as to the outcome of the already complicated situation. Curley's announcement followed his receipt of a cablegram from Johnson, the contents of which were not given out.

It was announced that Jess Willard, the "white hope," who expected to meet the big negro, would reduce materially his training until something definite was received regarding Johnson's belated arrival for the fight originally set for March 6.

Big Battle Developing.

Petrograd, Feb. 25.—A great battle is developing southeast of Stanislaw between a strong Austro-German force which is attempting to recapture Lemberg and a Russian army north of Dneister. It is admitted the Russians have been forced back to Halitz which is 70 miles from Lemberg.

This battle overshadows in importance the other developments in the eastern theater of war.

Both in the Carpathians and in Poland it is claimed the Russian offensive is successful.

Thirty-two legislatures are considering the passage of laws for the prevention of tuberculosis. The medical profession is behind this move, and others for public health.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleaned little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

In Favor of Intervention.

Cincinnati, Feb. 22.—Congressman James L. Slayden of Texas, speaking before the American School Peace league, suggested a joint intervention of the American governments to settle the Mexican trouble. He said in part:

"I thoroughly agree with a large part of President Wilson's Indianapolis speech in which he touched on the strife in Mexico.

"However, there is a danger very great and imminent that forces may be loosed if the Mexican trouble continue much longer which no man can control.

"I feel quite confident that more serious trouble can be prevented, but it can not be done by ignoring the just demands of Americans in Mexico.

"It may be reasonably assumed that all the peaceful and orderly governments on this continent would like to see the Mexican nuisance abated. I suggest a joint intervention which really need not go beyond a representation by all or nearly all the American governments. It will accomplish what we pacifists want and would probably do it without war."

Our Orchards

It is with interest that I have read Mr. Hotchkiss' article in yesterday's Sentinel on fruit growing and am free to confess that "horticultural ignorance" caused us to lose our orchards. They were not profitable when good crops were made, it is true, but we produced too few of these to attract the attention of the market. We endeavored to raise fruit by simply putting out the trees and "trusting to luck." It would have paid us and still would pay this country to employ a man of experience, education and equipment such as Mr. Hotchkiss. He is not only a member of the State Horticultural Society, but was awarded the highest medal for fruit and truck at the St. Louis World's Fair in 1914, as well as a member and chairman of the Executive Committee East Texas Association and equipped with the highest credentials. When a man of this fitness speaks it is worth the attention of those of us more vitally interested in the resource of this country. Nacogdoches could not in my humble opinion invest in a more paying proposition than to expend \$2000 or \$3000 in securing the services of such a man to direct the Fruit and Truck growers of the surrounding section in treating our soil, in planting, cultivating and marketing these products. We will not have this opportunity thrust upon us but will have to be up and doing to get anything worth the having.

J. Thos. Hall.

John Smith, the man we always read about was in town today, selling home made sausage, the kind we always dream about. Don't inquire where he lives. Every body ought to know that John Smith lives everywhere. If you want proof ask Bill.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

Germany Weakened Says French Premier

Premier Rene Viviani today pictured Germany to be a hopelessly weakened nation in the first interview he has ever granted any newspaper man.

"The German torrent is checked," he said decisively, "Germany is militarily stricken. An implacable blockade is drawing tighter and tighter about her. Despite all the precautions Germany has taken to conceal the truth, I can assure you her financial and economical rout is complete.

"We will fight to the bitter end. We will restore Belgium's independence. We will recapture Alsace and Lorraine. For our children we wish to end, once for all, the peril of war engendered by militarism which in Germany has swept all classes before it."

While at the postoffice awaiting the distribution of the mail if a letter happens to be placed into your box, just open it right at the box and peruse its contents without moving from your tracks. You will not be in the way of over a dozen patrons of lock boxes and if they do not care to remind you of your unthoughtfulness, they can wait. —Ex.

Come to Jacksonville; we already have a lot of people who do just what you suggest, and you won't have to train them in the way they should go —Banner.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try It!

FOR WOMEN ALSO

Women who complain of sick headaches, nervousness, constipation or the irregularities peculiar to the sex, revive wonderfully under the cleansing and stimulating properties of

PRICKLY ASH BITTERS

IT IS A POWERFUL SYSTEM REGULATOR

It extends its purifying and restorative influence to every part of the system. Women who are pale, sallow, weak and nervous soon pick up and become bright and cheerful under its excellent correcting properties. It clears the complexion, restores color to pale cheeks, sweetens the breath, brightens the eye and promotes regularity in the bowel movements.

Sold by Druggists and Dealers in Medicine.

Price \$1.00 per Bottle

Stripling, Haselwood & Co., Special Agents

M. M. Massey of Cushing, Okla. arrived Friday to visit relatives.

County Clerk Orton is limping today on account of a lame foot.

R. M. Olds a good farmer living near Appleby was in town Thursday.

Mrs. J. C. Bruce is spending the week end at Prairie Grove visiting Mrs. William Hall.

Miss Zehna Bell is the guest of her sister's Mrs. F. B. Sulebt; and Mrs. J. D. Ellington.

Mrs. R. W. Haltom left Sunday afternoon for Jacksonsville to visit at the home of Mr. and Mrs. A. W. Grimes.

Edward York of Aldridge, is visiting in the city, and is a pleasant guest at the home of R. H. Foxworth.

Mrs. Will Pack and little daughter Josephine, returned to Chireno with Mrs. Leonard Pack.

T. J. Smith is here from Groveton. This means Tom Smith who lived here so long and is well know here.

Miss Christie Bell Patton of Melrose passed thru today going to Jacksonville on a visit to friend for a few days.

E. C. Branch is here from San Antonio where he resides, and from Bryan where he operates an extensive telephone business.

D. G. Messec, who lived in this county so many years but who has lived at Sour Lake nearly three years, is in town today, looking as jolly as ever.

Miss Kate Birdwell returned this morning from Houston where she visited for pleasure and business the past three weeks the guest of Miss Mae Stuckey.

T. L. Flick of Galveston, Secretary and Treasurer of Insurance interests in Galveston is in the city the guest of Mr. and Mrs. R. H. Foxworth.

Tony Rulfs and his little daughter, Helen D are here from Dallas, and they called on the Sentinel Friday. They are visiting his parents, Mr. and Mrs. D. Rulfs.

The jitneys were to show up today. "The Cricket" is out, with Claude Barham at the wheel. Just what the schedule is has not been given.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores.

Card of Thanks.

To our many very dear friends:

We wish, sincerely, to express to each and every one of you our greatest appreciation for your many kindnesses shown us in this, our sad bereavement, the loss of wife and mother.

H. W. Rusche and children.

The Lufkin Young Ladies.

Mr. and Mrs. Frank Snow are entertaining a house party of four charming young ladies this week-end. Their sister Miss Rosalie Snow of Ft. Worth, Miss Mollie Mantooh and Misses Ruth and Eva Glen of Lufkin.

To the gayeties of this party are added many of the Nacogdoches young people.

Not having received a copy of the Nacogdoches Daily Sentinel for several days we suppose that it has suspended publication. We will wait a few days before having it removed from our exchange list, hoping that if it has gone dead that it may revive.—Jacksonville Progress.

The Sentinel is sent from its office regularly on time, and welcomes the progress, as a real favorite.

If a ship be rash enough to sail into waters where she knows the dangerous traps are set who is to blame when the ship is lost thereby? The right to set traps in certain waters might properly be questioned. But would it pay to go to war about it?

A private letter from Mrs. Jack Roberts at Dallas, reports that her husband is still improving, and is about able to resume business. He has been quite sick since they removed from here to Dallas last fall.

Mr. and Mrs. W. F. Summers have bought the corner lot on Star and Mound street, where Taylor Nichols lived, and are now occupying it as their home.

Mr. and Mrs. T. J. Roquemore are moving their place of residence from the corner of residence from the corner of Hospital and Fredonia streets to the John Jenkins homestead.

Mr. and Mrs. H. M. Carter, Mrs. G. F. Dalton and Mrs. Young of Mayo motored down this morning to attend the funeral of the father, of their friend Miss Mary Stewart.

The farmer cannot be helped until he organizes, and the Government can best help the farmer through organization.

National Peace Meeting Held At Chicago

Chicago, Feb. 27.— A national peace conference was opened here today for the purpose of adopting a plan by which the sympathy, influence, and aid of the American people may be tendered nations involved in the European war and the cause of early peace promoted.

The conference, which was attended by peace advocates from all parts of the nation, was held under the auspices of the emergency federation of peace forces. Miss Jane Addams of Chicago, was the chairman. The conference will close tomorrow night.

Edwin D. Mead, of Boston, in an address, said that in the present European crisis the neutral nations had been silent too long.

"The representatives should meet in conference upon the common welfare and our own government should take the lead," Mr. Mead said. "We should take a strong part in the creation of a league of peace. Our people must give definite and persistent thought to their opportunity and duty."

The absence of women from the councils of state partially, if not largely, is responsible for the continuance of the plague of war on earth," said Dr. Stephen S. Wise, rabbi of the Free Synagogue of New York. "Is war cureless?" was the question he discussed.

The belief that man was born a fighting animal and must forever remain one, he called "the most immoral of all moral heresies," and he viewed diplomacy's hidden ways as one of the ultimate causes, not only of the present war, but virtually of all wars.

"A substitute for war must be found and can be found," Dr. Wise said. "There must be some outlet for the passions of men to serve and strive together, some opportunity, for the play of social instinct which burns within men, and is ready to merge the interest of the citizens in the interest of the country."

Only Official Etiquette.

Only Gov. Colquitt gave a little "outgoing" party to some of his friends at the Driskill Hotel in Austin on Jan. 1, and had the bill charged to the state. Some of the legislators have set up an awful howl about it, but of course they will have it to pay. Here are some of the items charged: "Fifteen gallons of chicken salad, \$90; five gallons olives, \$7.50; two cans saratoga flakes, \$2; ten pounds almonds, \$7.50; fourteen pounds of mints, \$8.40; lettuce, \$5; five waiters, \$12; cooks and helpers, \$13." The Herald grants that the governor went a little strong on chicken salad, but everybody knows that was too many olives, the most abominable proposition that was ever bottled up and palmed off on an unsuspecting public. From now on the chief executive will be in luck to get his bill O.K'd for a can of pork and beans.—Canton Herald.

Co-operation between practical farmers and proficient business men will eliminate ignorance and prejudice.

The William Cramp Sons, Ship & Engine Building Co.
Office of the Chief Engineer
Philadelphia, U. S. A.

August 6th, 1912.

The Texas Company,
Philadelphia, Pa.

Gentlemen—Texaco Ursa Oil was used for turbine lubrication on the recent trials of the destroyer "Beale" and battleship "Wyoming," proving very satisfactory. Both vessels successfully completed their official contract trials at sea without having had any preliminary trials of machinery beyond dock trials at low power. Consequently, the journals had very little previous wearing in to take off the high spots, and the fact that we had no bearing trouble of any importance during the sea trials, reflects great credit upon the lubricant used. Yours very truly,

F. J. METTEN,
Chief Engineer.

No comment is needed on this letter. It tell more about Texaco Quality than volumes.

Texaco Quality and Service are available for you. Consult our agent about the "made in Texas" products you require.

The Texas Company
General Offices, Houston, Texas

Alford—Pleasant.

Married at 6:30 p. m. Feb. 28, 1915, at the residence of Mr. and Mrs. R. A. Hall, the home of the bride in Nacogdoches, Texas, by Rev. H. C. Willis, pastor of the M. E. church, Mr. C. A. Alford to Miss Willie May Pleasant.

The wedding was quite an all round surprise, and was hastened by the unexpected arrival of the bride's sister, Mrs. E. E. Leak, of San Augustine, on a visit to another sister Mrs. R. A. Hall. It was designedly quiet, and after the marriage the parties all attended evening services at the M. E. church and from there the bridal couple went to the Wilson house where they will be boarders.

The groom, Mr. Alford, has only been here a few months. He came from Montgomery, Texas, where he resided many years. He is a most worthy gentleman and is a life insurance agent.

Miss Willie May Pleasant, the bride, is a member of one of the most prominent and highly respected pioneer families of the county. She is a most attractive and popular lady of a lovable type and is highly esteemed for her charms and her character as a lady.

The congratulations of numerous relatives and friends are lavished upon this happy couple.

The war news from Europe is similar to the swing of a pendulum. It goes and comes—it comes and goes. The German armies claim victories and 100,000 prisoners with officers and outfits. The Russians come next and claim 47,640 prisoners with spoils etc. Victories and defeats are frequent, but not to finish.

Progress of the Library.

The public library has proven the most popular feature in the city, its success is past the experimental stage, it is a permanent fixture and a most valuable one. The Executive committee, deserve much credit for their work, and co-operation towards this "Public servant." There will be an annual open meeting on March 11th and the opportunity will be given, every interested citizen to help support the library. There are many ways to do this; first financially then with good suggestions to aid in the management, with contributions of choice literature and lastly but vastly by your devotion to its volumes which are now 1996 in number. Since Jan. 27th, 785 books have been taken out for reading. This is a creditable evidence of the interest taken and the Executive Committee is very grateful.

A Swiss scientist has invented an aluminum pencil that will write on glass and porcelain, producing a mark that may be etched with hydrochloric acid or burnished to resemble inlaid silver.

Be Sure You Get This Old Reliable Cough Medicine

Imitations always follow the trail of success. Hundreds of imitations have come and gone since FOLEY'S HONEY AND TAR COMPOUND began, 40 years ago, to loosen the grip of coughs and colds.

Be sure you get the genuine FOLEY'S HONEY AND TAR COMPOUND and avoid the names that sound like it. Here are three easy ways to tell the genuine. 1st—The name of "Foley's," 2nd—The yellow package, 3rd—The Beehive on the yellow package. You cannot get a substitute to do for you what FOLEY'S HONEY AND TAR COMPOUND will do—

—for coughs, colds, croup, bronchial and lagrippe coughs, throat and lung trouble. Buy it of your druggist and be safe. *** EVERY USER IS A FRIEND. Sold by Swift, Bros. & Smith

Nacogdoches In U. of T.

Registration for this session in the University of Texas reveals Nacogdoches county represented by the following students:

Homer Blackburn; Jessie Watson Bates; Wm. B. Bates; Fred Hancock Cariker; Thaddeus Alvin Fears; Fred Grady Westfall; Ruth Elizabeth Barham; Horace Newton Cunningham; Daniel Ferguson; Geneva Harris; Alma Ethel Houston; Ida Monk; Philip A. Sanders; Eugene Thompson.

According to the records this is an increase of 1 compared with the last session. The severity of the matriculation requirements of the University of Texas has been steadily increased from year to year until at the present time the acceptance of a student into freshman standing means that the preparatory school from which he hails has done its work well.

It is interesting to note that 652 students of last session's matriculation were sons and daughters of farmers or stockmen.

Above 1000 students are wholly or in part self-supporting, or nearly 50 per cent of the entire student body is not only, in a measure, self-supporting, but self-educating.

Now Go Fishing

The chief fisherman is happy. He reports that the boys may get ready—that the gum trees are budding and the maples are blooming, and that fish will be biting—that all signs are right, and the day is here. He also says gardens are safe, because the gum trees know when to put out, and they never get caught by frost.

ALTON & HALTOM, Proprietors.
GILLES M. HALTOM, Manager.

Sudan Grass For Hay

There is a lot written and said about Sudan being the very best thing to raise for stock feed. This grass seems to be a great promise for East Texas, and a Godsend to all Texas. One competent writer says from his own experiments that it will do well wherever any sorghum does well, that it is a hot climate grass, and stands drouth or rain well, and on any kind of soil. It looks like Johnson Grass, but it grows only from the seed, and dies out every year, after frost. It grows more erect, and the blades are broader and more abundant than Johnson grass. Prepare the land well by deep plowing. Plant in shallow furrows while moist and cover lightly, one seed every six inches, rows 80 inches' 2 lbs to the acre. Cultivate shallow. Keep weeds and other grass out. Cut the hay just as it begins to bunch for bloom. In 40 days cut again, and repeat. Horses or hogs may be pastured on it, and it will come again. Don't leave it to seed because the hay is better than the seed, and will pay for more seed, and because it is not easy to save seed.

Skill is required in curing and saving the hay, but it is easy.

It yields a ton or more to the acre at a cutting, and four or more cuttings a year. All kinds of live stock eat it with relish, and as food it is very near the equal of alfalfa.

King Asks Attitude of Looney on Katy Probe.

Austin, Texas, Feb. 27.—Senate committee on rules having as yet failed to consider and take action of his resolution calling an investigation of the compromises entered into in the suit of the state of Texas against the Missouri, Kansas & Texas railroad for forfeiture of charter, Senator S. M. King Saturday wrote and mailed the following letter to B. F. Looney attorney general:

"On February 23 I introduced a simple resolution in the senate of Texas, asking that judiciary committee No. 2 be instructed and empowered to investigate the facts and circumstances surrounding the settlement of cause No. 29784, the state of Texas vs. the Missouri, Kansas & Texas railroad Company of Texas et al., and said resolution was referred to the committee on rules of the senate. Said committee has not reported back to the senate its recommendations, either favorable or unfavorable.

"I desire to ask whether or not you object to this compromise agreement being investigated by said committee, and if so, what objections you have. Further, do you object to making public 'supplemental exhibit A,' which I understand is a secret agreement entered into between the attorney general's department and the Katy railroad in the settlement of this suit, which, I am informed, is on file in your office."

WHAT NEXT?

To Teachers and Those Contemplating Teaching.

Public schools will soon close. Teachers have had an average of about six months on the pay roll at perhaps an average salary of \$60 per month, netting them \$360 for the year, or an equivalent of \$30 per month for the year. In other words the educated teacher's salary for the year is less than that of the uneducated day laborer. 6000 teachers quit the profession in Texas annually. Can you blame them, when you compare their annual earning capacity with that of any other class of educated men and women. The bookkeeper, stenographer, private secretary or operator gets, as a beginner, from \$50 to \$75 per month twelve months in the year, and soon receives an advance in salary, and it isn't long, if they are made of the right kind of stuff, before they are promoted to assistant managers or managers of large business concerns where they draw salaries that soon enables them to lay up a comfortable living for old age.

The teaching profession is a noble charitable one, but are you content to work in the charity department of your state when they allow you no pension or protection in old age, or will you go into the great broad field of business where you can lay up something for a rainy day and provide your own protection for old age.

Make a comparison of the teacher who, after graduated from the high school, spent two to three years in a state normal, and hundreds of dollars preparing himself, and has been teaching five years in the public schools, with the bookkeeper, stenographer or operator who has only spent from three to six months in obtaining his education after graduating in the high school and from \$100 to \$200 and has had five years experience in the business world, and you will find that the one who has spent only a few months in obtaining his education, and a couple of hundred dollars, is drawing twice the salary of the teacher who spent some three or four years preparing for his profession at a cost of from \$500 to \$1000.

More evidence on this subject can be had by writing the Tyler Commercial College of Tyler, Texas, for their large illustrated catalog, giving full particulars regarding America's largest commercial training school, with more than 2000 enrollments annually, and read what teachers say who have attended this institution, of the advantages it offers to those entering the business world where they can greatly increase their earning capacity, enabling them to own homes of their own, and enjoy the comforts that should rightly be theirs.

By co-operating with his neighbor the farmer can learn new methods of culture and the interchange of ideas will benefit both.

Women in Russia.

Petrograd, Feb. 4th: As the war continues the women on the border suffer the horrors of war and the mothers and orphans left at home are the ones who suffer most. In America are many mothers and daughters, who were left penniless by the war of the Rebellion, but their suffering are as nothing to the women and children left as widows and orphans of the soldiers who have fought and bled for their country in Europe.

Many a mother and daughter have reason to be thankful to Dr. Pierce for relief from suffering and the cure of those weaknesses of their sex, because of his "Favorite Prescription." This tonic, which is strictly a temperance medicine, has cured thousands of those weaknesses, headaches, nervousness, backaches, which are the outward manifestations of disease in women. Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surley and without loss of time.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

The American Legion.

Telegrams have gone out from New York that a plan is on foot to organize a reserve army of experienced ex-military men, who may be ready for an emergency and for certain purposes that raw men are not suited to. It is calculated that 250,000 men, or more can be found of this kind, General Leonard Wood is in favor of it, and so are many military men of prominence, including Colonel Roosevelt and other noted leaders.

Use of potatoes instead of bread is quite a hobby in newspapers and some other publications of late. Any port in a storm beats none. It would amaze many people to be informed of how little food is necessary for men. Most people eat too much, and could flourish on diet that they would not depend upon. A loaf of bread and a quart of good milk every day would be better than what many folks habitually eat.

At the End.

We do our little stunt on earth, and when it's time to die, 'The ice we cut has little worth—we wasted time,' we sigh. When one has snow above his ears, and age has chilled his veins, he looks back on the vanished years, his spirit raked with pains. However well he may have done, it all seems trifling then; alas, if he could only run his little course again. He would not then so greatly prize the sordid silver plunk; for when a man grows old and wise, he knows that coin is junk. One kindly action of the past, if such you can recall, will soothe you greatly at the last when memory is all. If you have helped some pilgrim climb from darkness and despair, that action in your twilight time, will ease your weight and care. The triumphs of your business day by stealth, or sharpness gained, will seem, when you are tired and gray, to leave your record stained. And comrade, in the dusk of life, when you have ceased your grind, when all your strategy and strife are left for aye behind, when you await the curtain's fall, the setting of the sun, how you will struggle to recall the good that you have done.—Walt Mason.

Production of Gasoline From Cheaper Oils

New York, March 1.—Dr. Walter F. Ritton, whose discovery of a new process for deriving gasoline, bonzol and toluol from petroleum was announced at Washington last night, lives in this city. Dr. Rittman said today: "I do not claim to have cheapened the process of producing benzol or toluol, nor do I claim to have lessened the cost of deriving gasoline from petroleum. My process makes it possible, though, to get gasoline from cheaper oils—for example, the California oils—and in this way the cost is lessened."

"Dr. Rittman is 32 years old and got his Ph. D. from Columbia last year. He has been busy in his work on petroleum products since last summer.

New Election Bill Passed.

Austin, Tex., Feb. 27.—By a vote of 111 to two the House passed the joint resolution giving traveling men and railroad employes the privilege to vote for state and district officials when out of their home counties. This measure, if adopted as an amendment to the state constitution, provides that a citizen may vote in any county where by necessity he is forced to be away from home.

The House also passed finally the Butler House joint resolution revision that any precinct or sub-division of a county may vote a special road tax not to exceed 50 cents on the \$100.

The Lane bill placing telephone and telegraph companies under jurisdiction of the commission was allowed by the House to be printed after the bill had come out of the committee on a minority report.

Ban on Cigarettes in Camp of "Naps"

San Antonio, Tex., March 2.—With temperature only two degrees above the St. Louis Cardinals and Cleveland Indians began their spring practice here today. The Cardinals were out early this morning and put in two long sessions on the diamond at the hot wells, where their training quarters are located.

The Cleveland ball players are practicing at the ball park inside the city. The Cleveland players in uniform got to work early and were put through a three hours' drill by Trainer Hitte.

Manager Birmingham today put a ban on cigarettes, announcing he would impose a fine on any man caught smoking during the training season.

Musical

The whole, music loving Nacogdoches responded to every chord of the musical program rendered at the home of Mrs. Tom Summers on Friday afternoon who in unison with Mrs. W. E. Oxsher gave this delightful entertainment for the pleasure of their friends.

The program given below speaks for the musical talent, that assisted the success of this delightful affair:

- Program.
- Air de Ballet—Moskowsky, Mrs. Louis Zeve.
 - Autumn Song—Salter, Miss Eason.
 - Ebb and Flow—Oliver King, Mesdames Sturdevant, Stegall and Miss Fannie Middlebrook Accompanied by Mrs. Strong.
 - Air Varie—Bancla, Miss Matthews Accompanied by Mr. Holland Smith.
 - Schertzo—Chopin, Mrs. Harry Kiley.
 - Spring is coming—Cadman, Mrs. Chas. Perkins, Accompanied by Mr. Holland Smith.
 - Reading—Selected, Mr. Tiltford.
 - Caprice Elegandt—Lack, Miss Sallie T. Summers.
 - Vocal Solo—Selected, Mr. Ulric Wilson Accompanied by Mr. Holland Smith.
 - (a) To a Wild Rose—Mr. Dowell, (b) Intermezzo (Cavalleira Rusticana), Mascagni, Mr. Jim Summers Accompanied by Miss Sallie T. Summers.
 - (a) Mountain Scene—Denee, (b) Ftude—Chopin, Mrs. Robert Lindsey.

The reception note lended a most beautiful dignity to the occasion, making it one of the very most elaborate social functions of the mid-winter seasons.

In handsome costume and with pretty graces the hostesses, with the little daughter of the house, Minnie Lucile, whose duty was to distribute the handsomely printed programs, gave the guests a most cordial welcome and were directed to the rear hall by Mesdames Leland Mast and Elbert Summers, where in the beautiful fernery the punch bowl was placed, from which Mrs. K. P. Branch and Mrs. Henry Mast served sparkling bunch. The guests passed then to the music hall, ushered by Mrs. A. E. Brehm and Miss Pauline Powell, and were seated to await the opening of the program.

The rich harmony of the

Catarrh of the Head

"Peruna Cured me In Six Weeks." 5,000,000 People In This Country Have Catarrh.

Mr. Tom F. Daddy, No. 3 Manhattan St., Rochester, N. Y., writes: "I was troubled with catarrh of the head for many years before I paid much attention to it, but a few months ago I was so annoyed by headaches and difficulty in breathing through my nose, and my eyes smarted and looked so inflamed that I felt I must do something to relieve this state of affairs. "I noticed one of your ads. in the paper, and then and there decided to try Peruna. I am pleased to say that it came up to all my expectations, for in six weeks it had driven the catarrh out of my system and I have not been troubled since."

"Mrs. A. J. Giesman, 112 Wyoming St., San Antonio, Texas, writes: "I suffered over nine years with catarrh of the head, nose and ears. Five bottles of Peruna have restored me my health."

brown tones of the reception rooms were cheerfully brightened by the golden profusion of the delicately fragrant jonquil. This dainty flower was used in decorative effect on the refreshment plate which held delicious pressed turkey, sandwiches stuffed dates and coffee. The house party assisted in serving.

160 Men Entombed By Mine Explosion.

At a big coal mine in West Virginia, three miles from Thurmond, an explosion occurred yesterday at 8:30 a. m. by which 160 unfortunate miners were entombed, and probably instantly killed. Great consternation and distress resulted among the families, relatives and friends of the lost men. Words fail to convey adequate conception of such calamities.

In Mexico the general bad condition of the country grows worse. No conclusive results occur. Fighting is going on now at the City of Mexico Carranza and Villa are not at the scene of combat, but they are directing it. They are neither one able to subdue or displace the other, and there is no way to decide as to an end.

A Wonderful Healing Influence In Kidney Troubles.

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle I commenced to pass Gravel in urine until I had passed in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yo is very truly,
H. W. SPINKS,
Camp Hill, Ala.
Personally appeared before me this 16th day of August, 1908, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.
A. B. LEE,
Ex. of Justice of Peace.

LETTERS TO DR. KILMER & CO., BINGHAMTON, N.Y.
Prove What Swamp-Root Will Do For You
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Nacogdoches Weekly Sentinel. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Bring us Your Produce

The Hero of the Gridiron.

The talent of the 1915 Senior Class of the Nacogdoches High School, presented the play "The Hero of the Gridiron" to a very creditable audience on Friday evening, considering the rain. What the crowd lacked in size, was made up in appreciation and understanding of the excellent talent, which produced the play, bringing out the point in the plot most forcibly.

Each character deserves special mention, but in brief the girls were all true in their delineation and the boys were the loyal college foot ball squad of their hopes and ambitions and the natural youthfulness of the entire cast was best evidence of the good talent.

Best Treatment for Constipation.

"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly," writes Paul B. Babin, Brushy La. For sale by all dealers. dw

By some financiers cheap money is said to be a desirable proposition. What is cheap money? During the latter part of our past civil war, Confederate money became cheap money. An ordinary pocket knife would buy a \$10.00 bill. An ordinary meal would buy a five dollar bill. A big roll of this cheap money could be bought for a song. And it would require a big roll of it to buy any thing of value. Cheap money is not good money. Why then should we prefer it if it will not buy to advantage.

Welcome Information

Most middle aged men and women are glad to learn that Foley Kidney Pills give relief from languidness, stiff and sore muscles and joints, puffiness under eyes, backache, bladder weakness and rheumatism. They get results. Contain no harmful drugs. Sold by Swift Bros. & Smith. eod.

San Diego Exposition

Among the most elaborate of the outdoor exercises which have been held since the opening of the Exposition Beautiful on New Year's Eve was a gorgeous costume ball given by the Exposition authorities on the Plaza de Panama on Washington's Birthday. Beneath the twinkling stars and bright moon, hundreds of couples swung about the plaza to the music of the Exposition's Spanish Band; and thousands more lined the arcades to watch the beautiful spectacle.

Austin, Tex., Feb. 27.—By a vote of 94 to 11 the House passed the compulsory attendance bill last evening just after 6 o'clock. Several attempts were made to amend the measure, but the bill went through practically as introduced, and is said to be thoroughly satisfactory to educational leaders at Austin, who have been working for such a measure for a year. Superintendent Doughty said he was delighted tonight.

W. T. Azbell, ex-postmaster of Edwardsport, Ind., writes: "I suffered from severe trouble with my kidneys and back. First bottle of Foley Kidney Pills gave me relief." Thousands testify that backache, rheumatism, sore muscles, aching joints and bladder weakness vanished when Foley Kidney Pills were taken. Swift Bros. & Smith. eod

A New Insecticide

Washington, D. C., March 1.—"Para-dichlorobenzene" is the formidable name of a chemical compound which has only recently been used as an insecticide but which, in being non-inflammable and comparatively inexpensive, possesses advantage over other fumigants. The U. S. Department of Agriculture's new bulletin (No. 167) is entitled, "Para-dichlorobenzene as an Insect Fumigant," and points out that the compound although deadly to insects is harmless to human beings under ordinary conditions and does not have an odor which clings to fabrics as do many insecticides.

The Beaumont Enterprise says this: "Thus far, the evidence seems to indicate that women divide on political lines about as men divide, and probably neither of the great parties will gain or lose by equal suffrage. On so-called moral issues, there is little or no reason, as far as the record shows, for believing that the ratio will be disturbed by equal suffrage."

This—and Five Cents!

Don't miss this. Cut out this slip, enclose five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Sold by Swift Bros. & Smith. eod

Jas. Love Gets Leg Cut off by Train.

Jas. Love, the sixteen-year-old son of Mr. and Mrs. Wesley Love, had his right leg mangled some time last night by the wheels of a freight train to such an extent that it was found necessary by attending physicians to amputate just below the knee. The boy was perhaps riding home on the car and attempting to get off was in some way thrown under the car, with the above mentioned results. The accident happened near the suburban home of Mr. and Mrs. Love hence it is conceded that the boy caught the train to ride out home.

The poor boy, after being hurt, must have lain helpless for an hour but his screams were at last heard by Sam Tood at the Jacksonville Transfer Co., who in company with Holt Lewis, the night clerk at the Pearl and Hugh Devers, went to his assistance. These young men went up to the Love residence and getting a cot, returned to the scene and took the injured boy to his home where medical aid was summoned.

They Know It's Safe.

Parents who know from experience insist upon Foley's Honey and Tar Compound when buying a medicine for coughs, colds, croup and la grippe. C. T. Luncford, Washington, Ga., writes: "I have used it for six years and it never has failed. I think it is the best remedy made for coughs and colds." Swift Bros. & Smith. eod

Mrs. McKenney Complimented.

On Wednesday Mrs. S. S. McKenney of Jacksonville was complimented with a pend-the-day and afternoon party by Mrs. Henry Millard. Seven of Mrs. McKenney's former, closest friends were served to an elaborately appointed luncheon.

In the afternoon additional guests joined the party to the number of six tables, for 42. A delicious salad collation was served. This the guests "Came to the end of a perfect day."

The United States is up against a most difficult, delicate and hazardous problem, which is the blockade attempted by the warring nations of Europe. Neutral nations claim certain rights on the high seas, and this interrupted by the blockades. Certain marine merchandise is considered contraband by the belligerents and ships are captured or destroyed for guilt, which is denied by the ship owners. Disputes of many types arise in many ways. It seems like there is danger of new nations becoming involved in the war.

Almost every day the newspapers recite day light bank robberies. At an hour of weak watching the robbers enter, usually at noon, hold up the one or two bankmen there found, lock them in the vault, or shoot them, grab all the cash that they can reach, get into an automobile and hike, never to be seen or heard of again.

Boy Scouts' Chief Scout Retires.
New York, Feb. 22.—Ernest Thompson Seton, artist and author of books dealing with life in the woods, has retired as chief scout of the Boy Scouts of America. His official connection with the boy scouts, it was announced today, was severed February 11 at the last annual meeting in Washington.

Jack Johnson, the negro world's champion pugilist, has found it difficult, if not impossible, to pass through Mexico or the United States, to be at Juarez, on March 6th, to fight Jess Willard as dated. The world may have to retain and endure the negro as its champion.

This—and Five Cents!
Don't miss this. Cut out this slip, enclose five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Sold by Swift Bros. & Smith.

Blooms on peach trees and plum trees are now prominent and pleasing. Spring poetry is in order, or disorder, which? Well that depends.

Quick Action Wanted.
When one is coughing and spitting—with tickling throat tightness in chest, soreness in throat and lungs—when head is aching and the whole body racked with a cough that won't permit sleep—he wants immediate relief. Thousands say Foley's Honey and Tar Compound is the surest and quickest acting medicine for coughs, colds, croup and la grippe. Swift Bros. & Smith.

There was a big debate yesterday in the house of representatives at Austin upon a preliminary point in the equal suffrage line. A vote upon engrossing the bill was in favor of the women, but the opposition claim that it forebodes their defeat.

To the Housewife.
Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

Another suspended sentence was adjudged in the district court yesterday. Fritz Dewits is defendant, and two years is the penalty.

They Know It's Safe.
Parents who know from experience insist upon Foley's Honey and Tar Compound when buying a medicine for coughs, colds, croup and la grippe. C. T. Luncetford, Washington, Ga., writes: "I have used it for six years and it never has failed. I think it is the best remedy made for coughs and colds." Swift Bros. & Smith.

When two individuals get gay and fuss and fight, they are promptly and properly arrested and hauled for disturbing the peace. Why not so in the case of two nations? If a mob arises so they are read the riot act, but if nations do so that's different.

For Stomach and Liver.
I. N. Stuart, West Webster N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by all dealers.

Missouri Senate Reports Suffrage.
Jefferson City, Mo., Feb. 25.—A favorable report on the proposed equal suffrage amendment to the Missouri constitution was submitted today by the Senate committee on constitutional amendments. It is the first time a Senate committee ever reported such an amendment favorably.

Health Promotes Happiness
Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Lite Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROWER'S TASTELESS CHILI TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c

Pope Advocates Peace.
All praise is due the Pope of Rome for his efforts to secure peace between the belligerent nations of Europe. He addressed himself first to these nations direct. Then he turned to the neutral nations to join in efforts for peace.

The entire world is clamoring for peace, both from a religious and a humanitarian stand point. The warring nations themselves would welcome it, even more than the others.

Why can't they agree to quit and go home, or in other words, call it even, shake hands and make friends, as has been done in personal disputes?

They are disturbing the peace of neutral and innocent nations, whose rights should be recognized beyond mere property rights, and be respected, as to morality, humanity, civilization and common decency.

Far Diseases of the Skin.
Nearly all diseases of the skin, such as eczema, tetter, salt rheum and barber's itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all dealers.

The biggest feature of the European war is the entrance of the great fleet of warships of the allies into the Dardanelles, or Turkish waters, demolishing the forts and sailing on towards Constantinople. The Sultan and other inhabitants of that city are ready to flee.

W. T. Azbell, ex-postmaster of Edwardsport, Ind., writes: "I suffered from severe trouble with my kidneys and back. First bottle of Foley Kidney Pills gave me relief." Thousands testify that backache, rheumatism, sore muscles, aching joints and bladder weakness vanished when Foley Kidney Pills were taken. Swift Bros. & Smith.

There was an old time log rolling at Mr. Dick Clevenger's, four miles out on the Alazan road, yesterday and an old fashioned "square dance" last night. Quite a crowd from town went, in spite of the bad roads. They report lots of fun and a good time.

A Pleasant Physic.
When you want a pleasant physic give Chamberlain's Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. For sale by all dealers.

J. C. Bruce of Caro visited relatives in the city Saturday and Sunday.

Best Treatment for Constipation.
"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly." writes Paul B. Babin, Brushy La. For sale by all dealers. dw

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Live up your sluggish liver! Feel fine and cheerful! make your work a pleasure, be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or dealer will sell you a 50-cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Los Angeles Times Dynamiters 'Home,'
Los Angeles, Calif., Feb. 27.—The last two men charged with complicity in the dynamiting of the Los Angeles Times, in which 21 persons were killed, have now been returned to this city for a trial.

A few hours after David Caplan was brought from Seattle today, Matthew Schmidt, arrested recently in New York, arrived from the East. There was no demonstration upon the appearance of either of the dynamiters. Both were immediately lodged in jail.

Welcome Information
Most middle aged men and women are glad to learn that Foley Kidney Pills give relief from languidness, stiff and sore muscles and joints, puffiness under eyes, backache, bladder weakness and rheumatism. They get results. Contain no harmful drugs. Sold by Swift Bros. & Smith.

The Texas legislature is to take final action today on the womens suffrage proposition, so far it is now before the law makers.

When the breath is foul and the appetite disordered, Prickly Ash Bitters is the remedy needed. It purifies the stomach, liver and bowels, sweetens the breath, promotes vigor and cheerfulness. Stripling, Haselwood & Co., Special Agents.

The belled buzzard has not been reported again. Who has heard the tinkling? What has become of the bird?

The family that keeps on hand and uses occasionally the celebrated Prickly Ash Bitters is always a well regulated family. Stripling Haselwood & Co. Special Agents.

Optimism often depends upon the point of view. The man who is prospering has good business and is optimistic. He can see prosperity ahead. But the other fellow can't see it. He pays the freight. He is oppressed. He is distressed. He can't see it in the present nor in the future. He is not optimistic. He is a pessimist, and justly so, and correctly too, for he is largely in the majority, that is to say, there are more who are needy than not.

Beware of Ointments for Catarrh That Contain Mercury.
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all druggists, 75c. Take Hall's Family Pills for Constipation.

I USE "TIZ" FOR SORE, TIRED FEET

"TIZ" for puffed-up, aching, smarting, calloused feet and corns.

Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

A New Club in Town

An enthusiastic meeting of the "North Street Crochet Club" was held at the spacious and beautiful home of Mr. and Mrs. A. W. Hunt, Wednesday afternoon Mrs. Giles Haltom being elected president. This club has lately been organized for the close study of the intricacies of the crochet needle and its members, twenty in number, will devote themselves exclusively to the ins and outs of same. Two tables enjoys the intense excitement of "forty two" for several games, the president making highest score. The hostess served a lovely course of refreshments, and the crowd left wishing it were always Mrs. Hunts time to entertain.

Musical.

A lively piano seller blew into the Sentinel office one recent bright morning for data to guide him in his rounds. He inquired about the various organizations that use pianos and such like. For instance who heads the Elks club, the Symphony club and several other clubs of a music loving type. After finishing it up he vanished. Then the office force discussed his visit. One typo said, "He failed to ask about the gossip club." Another replied "Oh, he is onto his job. He knew that the gossip club doesn't wait to use a piano. It goes high on chin music".

Wm. H. Stewart Dead.
From Thursday's Daily:
It was indeed a sad and sudden surprise when the word went out this morning that "Uncle Bill Stewart" died at 5:30 a. m. He was only sick two days. He came to town from his home, which is out on the Procella road, four miles south of town, on last Tuesday, and was not able to return. So he went to the home of D. Rulfs, and there he died. Mrs. Rulfs is his sister.

He was born at Oldenberg, Germany in Dec. 1841. He lived in this county nearly forty years. He leaves a widow and four children, all living here.

Wm. H. Stewart had an eventful life. His German name was Boeshen. When he was a boy he ran away from the family home, and went to England, where he lived with a family named Stewart until he was grown, and he was fond of them, and took their name. When grown he came to America and at once enlisted in the U. S. Navy. He was enrolled under the name "Boshen," and it was mistaken for Boston, and so used during the Confederate war. When he applied for a pension he had to go all the way to Michigan and also to Philadelphia to find two comrades who could identify him on actual sight.

When he first came to Texas, he landed in Walker county, and he was sheriff of that county for a short time.

The funeral will be held here tomorrow at 10 a. m. Interment will be in Oak Grove cemetery.

The Sentinel extends sympathy to the mourning relatives and friends.

Stewart Funeral.

The remains of Wm. H. Stewart were laid to rest at 10 a. m. today in Oak Grove cemetery, in the presence of a large assemblage of prominent ladies gentlemen, and the sorrowing family and relatives. The solemn services were lead most impressively by Rev. S. S. McKenney, of Jacksonville, former Methodist pastor here, who came for that special purpose.

Six honorary pall bearers of aged well known citizens headed the funeral procession. Their names are Charles Hoya, John Schmidt, J. O. Ray, John G. Orton, John B. Nelson and J. E. Mayfield. The other pall bearers were leading citizens of the town, viz: W. H. Rulfs, C. E. Richardson, G. A. Blount, G. W. Blackburn, C. D. Stegall and C. B. Brewer.

There was a notable display of floral tributes in great profusion and beauty. The music too was of most impressive type by the Symphony Club.

These were deserved honors to a worthy man's memory. Peace to him and his household.

Born to Mr. and Mrs. Richard Johnson Frida, Feb. 26 a girl.

How To Give Quinine To Children.
FEBRILIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months—they work while you sleep.

Brought to Lufkin

Wren Rogers, the young man accused of the robbery of several stores in Lufkin a few weeks past, was brought from Nacogdoches the first of the week, and placed behind the bars of the county jail to await trial at the next term of the district court. He was tried in the district court of Nacogdoches on the charge of burglary found guilty and sentenced to two years in the penitentiary, but before being sent away was turned over to the officials of this county to be tried on the seven cases pending against him on this docket. The News understands that he has made a confession to burglarizing the stores at this point, and when captured at Nacogdoches was carrying a pistol, which weapon was later identified by the firm of Longino & Price as being one missing from their store the morning after their place was entered and several articles taken.—Lufkin News.

Cures Old Sores, Other Remedies Won't Cure.

The worst cases, no matter of how long standing are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

- W. H. Rulfs, Worthy Guardsman.
- J. F. Jinkins, Worthy Banker.

School Girls Beg The Rulers To Cease War

Washington, Feb. 23.—To lay before Secretary Bryan a peace petition bearing the names of hundreds of thousands of American school children and pleading for an immediate cessation of the European war was the object of a visit today to the state department of six little Washington school girls. The petition is addressed to the rulers of the warring nations, and is to be forwarded to them through the state department.

The document was brought to Washington in a large trunk by Miss Kate Devereau. Blake of New York, chairman of the children's peace petition committee.

Mrs. Henry Rusche Died.

From Friday's Daily:
Nacogdoches loses one of her best women in the death of Mrs. Henry Rusche which occurred at a local hospital in the city about one thirty this, Friday, morning.

Her husband and only daughter Mrs. S. Monzingo, her sons and sister Mrs. August Rusche of Houston, were with her when the end came.

Mrs. Rusche suffered many weeks before her death with what was thought cancerous trouble but other complications set in to cause her death.

During her many years of residence here there has been made many acquaintances, all of whom count themselves a friend of this woman, who had a charitable loving heart and was a true christine character. She was a devoted member of the Catholic church, and the funeral services will be conducted there Saturday morning at 10 o'clock. Interment will take place in Oak Grove cemetery.

Mrs. Rusche was Miss Mattie Robinson. She has lived here the past 28 years and was 48 years old the 26th day of January.

At Rest

From Saturday's Daily:
The funeral of Mrs. Henry Rusche took place this morning according to previous notice.

At 9:30 a. m. numerous friends of the family gathered at the old family dwelling on Hospital street where lay the remains of this much loved lady. From there they followed the hearse with its solemn removal to Sacred Heart Catholic church where Rev. Father Casserly held the regular formal funeral services which were listened to by an overflowed house in sad silence.

Thence the funeral concourse proceeded to Oak Grove cemetery, where the conclusion of the solemn rites was witnessed by a large gathering of sympathizing people.

The pall bearers were of the most prominent citizens of the town. The floral tributes contributed by loving lady friends were lavish, beautiful, artistic and dazzling.

More evidences of tender love and sorrowful appreciation could not have been manifested, in any way. Indeed this good woman was a favorite in the hearts of her every friend, and this fact was appropriately displayed at the grave, where the final tributes were bestowed. Requiescat in pacem.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleed, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 5c.

Law Board Proposed.

Austin, Tex. Feb. 25.—Senator King is preparing a bill which will be introduced within the next few days creating a board to be known as "the law enforcement board." The object of this board is to prevent the dismissal of suits brought by the attorney general's department unless concurred in by a majority of the board, which is to be composed of the attorney general, the chairman of the railroad commission and the governor. It is under-

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Get a Bottle Today!

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

stood that this bill is aimed at the attorney general for the compromise with the Missouri. Kansas & Texas railway, reached some time ago.

The legislature is up against a live issue called compulsory education. How to shape it is hard to decide.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

For sale by Stripling Haselwood & Co. w1

This Is No Joke
And in those days it came to pass that a certain town went dry, and thereafter there was a drouth of strong drink in sight. And there was a son of Ham in that town whose name is Esau, but his colored name was Boot Legger. And the pious people of this dry town sought the arrest of this colored man, with proof of his guilt, and therefore they employed a detective from another town. This detective arrived on a train, and the suspected negro was at the station to catch booze suckers. The detective soon located him and slyly said unto him, "Say, Esau, I am dying for a bottle of booze. Can you put me next?" Esau replied, "Well, Boss, I don't hardly know, but I might look around." Detective: "Well, here's a dollar and a half. See what you can do." Esau: "Well, Boss, will you please take this package and hold it a few minutes." The detective was obliging, and the negro rushed off around the depot. The conductor called all aboard, and the train pulled out. The detective did not observe that the negro had boarded the train. But a spy assistant did so and said to the detective, "Why did you let him escape?" Detective replied, "He left me this package, he will be back." Spy: "No, he left on the train." Detective: "Well, that's a trick. Let me see into this package. Seems to be a pair of new shoes, in a box. No, it's a bottle of booze. Well the laugh is on me. Let's take something."

A pain in the side or back that catches you when you straighten up calls for a rubbing application of Ballard's Snow Liniment. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. tts

Which One Won.
March 1st, was collecting day. A young lady walked up the street and a gentleman walked down the street on the other side. The street was very muddy. As they were about to pass he raised his hat and spoke. She bowed, smiled held out a paper and said: "Mr. Blank, I have your telephone account. He replied as he significantly looked at the muddy street, "Well, I have my bank check book, and am ready for you." She said, "Well, how can we get together." pointing to the muddy street between them. He answered, "I propose this; If you are a suffragette you can come across. If you are not a suffragette I will do the stunt as a gentleman should." She laughed and said, "I am not a suffragette." He responded, "you win, I come across."

Miss Anna Henderson was hostess of the Saturday Bridge Club on Saturday afternoon. The number was fewer than usual, owing to lenten season, only two tables playing. Miss Fannie Burt Nelson made highest score and was awarded the dainty handkerchief.

From Woden
The health of this community is very good at present. We are having some rain now which prevents the farmers from their work. School is progressing nicely. Mr. James Martin of Attoyac who happened to the misfortune of a tree falling on him a few months ago, is visiting his wife Mrs. I a Martin who is one of Woden's teachers.

Little Miss Glendon Fuller of Attoyac is visiting her auntie Mrs. Ida Martin. She will return to her home Monday.

Mrs. Martin's little folks enjoyed a candy drawing last Friday afternoon.

Little Oradell Wagstaff is on the sick list this week.

Since Miss Maggie Brantley's school has closed some of her pupils have entered Woden High School.

The flowers are all budding and blooming for spring, but I am afraid the fruit all will be frost bitten.

Rev. Campbell filled his appointment Sunday.

Success to the Sentinel.
V. L. R.

In the monthly total for attendance in the Methodist Sunday schools of East Texas, viz: Jacksonville, Center, Timpson, Lufkin it shows a respective majority of 892, 433, 253 and 419 over Nacogdoches and in the weekly total Nacogdoches falls behind each contestant on every Sunday. Nacogdoches leads these towns in nearly every improvement and it is a regrettable fact that the Sunday school attendance is short. We go to our business don't matter what the weather, also the children go to school, why not also Sunday school.

A good treatment for a cold settled in the lungs is a Herrick's Red Pepper Porous Plaster applied to the chest to draw out inflammation, and Ballard's Horehound Syrup to relax tightness. You get the two remedies for the price of one by buying the dollar size Horehound Syrup; there is a porous plaster free with each bottle. Sold by all druggists. tts

The February weather report, by George T. McNess, Supt. Station No. 11, shows highest temperature, Feb. 21, 72. Lowest temperature Feb. 7, 28. Rainfall 3.87 inches. Killing frosts Feb. 7 and 8.

We have sold and delivered more than 50 tailor made suits in the past thirty days—Why? Because our workmanship, styles, patters and prices were right.

Big Baptist Convention in Houston, May 12.

On May the 12th, this year, the Southern Baptist Convention will convene in Houston.

This convention constitutes one of the largest representative religious gatherings on earth.

The Baptists of the city of Houston, together with the business men and entire citizenship are extending and will extend a most cordial and hearty welcome to every member of this mighty host.

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top place tire. They look for a superior tire in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Isn't best average service, as proved by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%.

Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean for you tire content. They mean most for your money, because of our matchless output. For your own sake, try them. The following Goodyear Service Stations will supply you:

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

Apply a cotton cloth wet with Ballard's Snow Liniment to all wounds, cuts, burns, sores or blisters, and note its wonderful healing power. It is prompt and very effective. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. tts

The little daughter, Margaret Nell, of Mr. and Mrs. Ezell, who is ill in Palestine with pneumonia, is very much improved and will be well in a short time. They expect to return home in a week or ten days.

I. J. Rogers, better known as Whig Rogers, a good solid old time democrat, who lives in the Hinkley Ferry neighborhood, four miles below Douglass, was in town yesterday.

Before buying your spring suit, drop in and see our \$25, \$30, and \$35, tailor made suits. Your choice for \$15.

March 10th Clean Up Day.

Governor Ferguson has issued a proclamation setting aside March 10th as clean-up day in the whole state. This has no reference to the political situation, but is a challenge to the people of the state, in villages, towns and cities, to clean up their premises, and get things in order for the approaching summer season. It is to be hoped the plan will be organized and carried out in Palestine. Every nook and corner of the city should be raked and swept and cleaned on this and succeeding days. In fact, we should undertake to keep the town clean the year round. There is much pleasure in living in a clean and sanitary community, and Palestine can easily be that kind of a community.—Palestine Herald.

Let Nacogdoches do the same. Cleanliness is next to Godliness.

Take Herbine for indigestion. It relieves the pain in a few minutes and forces the fermented matter which causes the misery into the bowels where it is expelled. Price 5c. Sold by all druggists. tts
