It was decided to advertise for two teams wagons and drivers, for street sprinkling.

Also decided to hold council meetings on first Tuesdays in each month, 7:30 p. m. sharp.

The question of inspecting and auditing of the financial accounts of the city was decided to be left to the finance committee.

"Fifty Years from Appomattox"

Richmond, Va., April 13, 1915 (Special)—Fifty years after the destruction of the Confederate capital and the end of the bitter War between the States, the gray-clad veterans of the Southern armies are to gather in the old stronghold of the Confederate States for the 1915 Reunion of the United Confederate Veterans, June 1st-3rd.

Ceremonies the most solemn

and unique are to be staged in Richmond during reunion week, and from every part of the South comes word of the thousands of visitors who are to attend. Arrangements for the comfort of 10,000 veterans have been made by the general committee, headed by Captain John Lamb. The granting of a flat railway rate of one cent a mile to Richmond for the big affair is expected to draw to the city 100,000 loyal Southern people.

Seige of Matamoros Mexico.

Brownsville, Texas, April 13.—The long expected bombardment of Matamoros by Villa artillery began today. The comparative accuracy of the marksmanship was a distinct relief from tears for the safety of Brownsville.

One three-inch field piece opened the bombardment and later a second gun joined in. About two dozen shells were fired up to noon. The cannon were hidden in the bushes about a mile and a half from the trenches west of Matamoros. The first shells went too high, some passing completely over Matamoros before exploding, while four of them detonated close to Matamoros roof without, however, damaging the city. One shell exploded near the American consulate.

Mrs E. A. Blount, two daughters, Misses Mamie and Laura and their house guest, Mrs Rambeud went to Lake Alazan, today; where they will enjoy a months recreation at Mrs Blount's country home

Mexican Horror.

Laredo, Texas, April 13.—According to information given out by General Herrera, commander of the Carranza garrison at Nuevo Laredo, and leader of the victorious forces in the battle with Villistas at Hiusachito yesterday, all Villa prisoners and wounded men taken by the Carrancistas were executed yesterday evening.

The captured prisoners were stood up against walls and shot down, while the wounded were shot as they lay on the ground.

At least 200 Villistas were executed in this manner. Eighteen prisoners captured and brought back to Nuevo were former Carrancistas.

College Station, Texas.

April 12.—Many demands are being made for local short courses to be conducted in different sections of the State this summer by the Extension Service of the A. & M. College. About forty-eight courses will be conducted and many applications have already been made. The courses will be given in July and August, during the months when the farmers will have the most spare time and will be conducted by the agricultural leaders from the College. Counties wishing to hold short courses this summer should write Director Clarence Ousley, College Station.

Mrs. C. D. Thomason returned Tuesday from Dallas.

The United States-Mexico Problem
The Galveston Tribune says:

The American policy toward Mexico does not comprehend protection for the lives, right and interests of Americans in Mexico, nor will the United States allow a foreign power to compel the Mexicans to have a decent respect for the persons and property of its nationals. From watchful waiting Washington has passed gradually into non-interference. The Mexican situation has gradually drifted from bad to worse with no hopes of improvement in sight. Washington has been constrained to issue repeated warnings for Americans to get out of Mexico, and those who feel that Americans should be at home have approved. But the plea of those foreigners whom duty compels to run the risk of residence in Mexico, forsaken by their country, will strike a responsive chord in the breast of those who take a broader view of American responsibilities.

Will The War Be A Draw?

There are many who predict that the present great European war will be a draw. In that case we could be almost partially reconciled to it, provided the outcome is so distinctly a draw that all of the nations will realize that, with modern scientific methods of slaughter it is impossible for any one nation to hope to accomplish the permanent defeat and overthrow of any other.

If this war and its results will effectually prove to the world that war is not only profitless but that it can never again be conclusive a great purpose will have been served with all this fearful holocaust, bloodshed, ruin and destruction.—Beaumont Journal.

Court House Burned

The Polk County Enterprise tells about the burning of the courthouse at Cold Springs in San Jacinto county. It says:

"The court house was located near the county jail and to save the lives of the prisoners they were allowed to go at liberty. There was no sheriff or deputy in town and the party who liberated the prisoners allowed them to go on their honor. Tom White was in jail under a death sentence and when he was liberated he joined the fire squad and assisted materially in checking the fire. After the fire had been placed under control all prisoners voluntarily returned to jail.

J. W. Crossland was exhibiting a fine new walking cane on the streets Wednesday. It was sent to him from El Paso by his son. It was made in Mexico and is a beauty. Uncle Bill kept himself busy walking with this Mexican walking stick. Mrs. Crossland also received a beautiful hand made rug.

Farm Telephone Saved Child's Life

One of the Children fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

Saying And Doing.

"Oh, if I had a million dollars," all longingly the poor man hollers, how I would help poor hungry mortals, and fill their lives with smiles and chortles! I'd spend my time unearthing cases where want had ground the poor men's faces; from widow's eyes I'd wipe the briny, and make all orphans' days seem shiny. And it in after life he gathers a million guilders of his fathers, to help the poor he isn't ready to spend a single maravedi. "I don't believe in giving money to make the poor ones' lives more sunny," he mutters, with a stern defiance; it spoils their sense of self-reliance. The more you give your hungry neighbor, the less he'll buckle down to labor. He'll think the gods are watching over to see that he abides in clover. We pauperize the workers willing by handing them the unearned shilling. And then we pay enormous taxes—my tax forever greater waxes—and out of that the town or county should show the poor some kind of bounty." And other platitudes he mumbles, as to the bank he slowly stumbles, all loaded down with clanking troubles, which will relieve no poor man's troubles.—Walt Mason

San Antonio Election

There's a hot time in the old town tonight, in San Antonio. The Mayor, Clinton G. Brown, is a candidate for reelection. There is an organized opposition favoring Judge Phil Shook, and there is, also an independent candidate, named Voorhies P. Brown—two Browns for the office of Mayor. In this quaint old town of queer customs.

F. Hopkinson Smith who is familiarly known as a writer in delightful vein died in New York April 7th. Many who knew of him as an author will be surprised to know he was an engineer in the building of such important structures as seawalls in New York Harbor, light house near New London, Conn., and the foundation for the Statue of Liberty in New York harbor.

New Ball Park

Nacogdoches now prides itself in one of the most up-to-date ball parks in the State. Under the supervision of its hero pitcher and Captain, Murph Drewry, the Elks Base Ball Association has made repairs and improvements that should and will, provoke much favorable comment from local and visiting fans.

The bleachers have been fenced off and wired in so that no one but the players will have access to the field, thus putting an everlasting quietus on "squabbling" and personal encounters between spectators and the players.

The playing field has been fenced all around, the grand stand repaired and reinforced, and a players entrance built through the North end of the grand stand.

In appointment the park is on a par with the league parks, and the diamond is receiving every necessary attention to make it one of the fastest in East Texas.

Manager Hacker is endeavoring to open the season with the strongest team he can locate in East Texas. The preliminary workout of those trying for the team has proven beyond question that the Nacogdoches team bids fair to strengthen its already enviable reputation, and it is confidently predicted that the general public will support the team by being present at the games, thus encouraging the boys to greater effort.

Manager Hacker wishes to assure the patrons that there will be no "rough stuff" permitted, and that some of the cleanest and hardest fought battles ever witnessed here will be staged on the local diamond this season.

Henry Carraway, a Nacogdoches raised boy, has been appointed post-master in his home city, Caddo, Oklahoma. The place carries a salary of about \$2200. There were several applicants for the position and the fact that it was given Henry without his being an applicant and wholly without solicitation upon his part, speaks well for his political standing in the state of his adoption. There are several Nacogdoches raised boys in the New State and they are all doing well, but that seems to be a characteristic of the Nacogdoches product, wherever they go and whatever their line of endeavor, they invariably make good.

Henry Carraway has been connected with the Caddo Herald several years.

Four County Clerks in Less Than Eight Months.

Athens, Texas, April 7.—Four County Clerks in less than eight months is the record of Henderson County.

Joe Johnson was appointed to fill out the term of the late J. D. Derden. Early last fall J. J. Bradshaw died and Earl Jones was appointed to the place. At the fall term Derden was elected by a small majority over the present appointee. This is one of the best-paying offices in the county, and it is seldom that four men serve in this capacity in so short a time.

CAN'T BEAT "TIZ" WHEN FEET HURT

"TIZ" for sore, tired, puffed-up, aching, calloused feet or corns.

"Sure! I use 'TIZ' every time for any foot trouble."

You can be happy-footed just like me. Use "TIZ" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "TIZ" and only "TIZ" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "TIZ" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "TIZ" is grand. "TIZ" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet.

Get a 25 cent box of "TIZ" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

Bank Change

An agreement has been made by which the business of the First State Bank of Appleby has been transferred to the Commercial Guaranty State Bank of Nacogdoches.

By this arrangement every one who had an account with the Appleby Bank now has that account with the Commercial Guaranty State Bank which has assumed all liability to Depositors.

The trade was entirely voluntary as to the Appleby Bank. They wanted to discontinue and selected the Commercial Guaranty State Bank as the proper institution to which to transfer their business knowing that this strong and popular bank would be satisfactory to both the depositors and the Commissioner of Banking.

Aerial Insanity Now.

San Francisco, Cal., April 6.—"Art" Smith, a young Chicago aviator, yesterday gave an exhibition of what he himself calls aerial insanity at the Panama exposition. Smith appeared to lose all control of his machine and rolled and tossed about in a gale that swept in through the Golden Gate. His biplane tumbled over and over, forward and backward and dipped sideways, but was always under the control of the aviator. He looped the loop twenty-one times.

Spectators believed Smith was about to meet the fate of Lincoln Beachy, but he descended unharmed.

Bandits Lost Store.

Abilene, Texas, April 6.—Two masked men secured \$300 from a store at Hamby, eight miles northeast of here early today, \$200 of postoffice funds and \$100 belonging to W. M. G. Macheny owner of the store.

The men, with pistols, forced a son of Macheny to open the store and open the safe.

They then bound and gagged the boy and secured the money. There was no clue today to the robbers.

Richmond Reunion May Be The Last.

Richmond, Va., April 7.—Invitations were on the way today to the governors of Southern states and their staffs from Governor Stuart of Virginia, asking them to attend what he declares may be the last reunion of Confederate Veterans in the Confederate capital, to be held here beginning June 1. Features of the gathering will include the dedication of the Confederate memorial institute and the laying of the cornerstone of a monument to General Stonewall Jackson.

"In all human probability," says the invitation, "this will be the last reunion of Confederate survivors to be held at the capital of the Confederacy. It is therefore, all the more appropriate and seemly to have gathered here representative officials of all the Southern states as participants in an event, which will particularly mark the pride we feel in our heroes, living and dead."

To Organize Conference.

New York, April 7.—Mme. Rosika Schwimmer, press secretary of the International Woman Suffrage Alliance, took back to Europe with her today eight men and women to organize and attend the peace conference to be held at The Hague April 28, 29 and 30. The party were passengers on the Scandinavian-American line steamship Frederik VIII.

Mme. Schwimmer has been in this country since September urging Americans to join in a peace conference to protest against the continuance of the war. She has delivered addresses in twenty states. One purpose of her visit was to induce the United States to intercede in the war. On the eve of the departure of Mme. Schwimmer she said: "We have received word that so many women want to attend the conference that there is not a room in the peace palace large enough for them. We understand the women of Russia will not be allowed to come because they can not get passports."

Hickory Flat Happenings

School closed with a good attendance April 2nd. Each one regretted that school was out, and that they would be separated from their teachers that they had learned to love. Mr. Harvin offered two prizes in his room, one for the girl that could cut and make the nicest doll dress with their fingers. Mamy Breashears, and Joyce Bruner were the lucky ones. The boys was for a turtle race. Millard Moore won the 50c pocket knife.

50 Years Ago.

Just fifty years ago today, April 9, 1865, was the day on which Gen. U. S. Grant, commander of the U. S. army, wrote the first note to Gen. R. E. Lee, commander of the C. S. army, that lead to the surrender of the Confederates. The substance of it was will you meet me to consider stopping the shedding of blood. Lee's reply was, yes, say when and where.

Ten Weeks In Bed—Eminent Physicians Failed—Wonderful Recovery

I wish to inform you of the great benefit I have derived from the use of Swamp-Root. I had been a sufferer for more than twenty years from kidney and liver trouble and was almost constantly treated by the most eminent physicians who could only give me temporary relief. I had been in bed ten weeks when I began the use of Swamp-Root. Inside of twenty-four hours I could see that I had been greatly benefited. I continued to use Swamp-Root until I had used several bottles when I really felt that my old trouble was completely cured and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation.

I am now in the best of health, better than I have been for ten years or more. I do not know how to express myself as strongly as I desire, in favor of Dr. Kilmer's Swamp-Root, as I am sure that it saved my life and that my good health is due entirely to this great remedy. I heartily recommend it to every sufferer and am confident they can be benefited as I have been. It is a pleasure for me, gentlemen, to hand you this recommendation. MRS. H. J. PRICE, 1416 Center St., Portsmouth, Ohio. Personally appeared before me this 13th of September, 1909, Mrs. H. J. Price, who subscribed the above statement and made oath that the same is true in substance and in fact. R. A. CALVART, Notary Public.

School Teachers' Salaries

Twenty years ago James Stephen Hogg pointed out that Texas was pursuing a short-sighted business policy in payingiggardly salaries to its school teachers. The great governor who was distinguished for his clearheaded common sense and for his broad and enlightened patriotism, said that we could not expect to have good schools unless we paid for them, and it was poor economy to under pay teachers.

Rheumatic Pains Relieved.

Why suffer from rheumatism when relief may be had at so small a cost? Mrs. Elmer Hatch, Peru, Ind., writes, "I have been subject to attacks of rheumatism for years. The Seed Collard

Lumber Review: Jesse Summers of Nacogdoches is one of the pioneer lumber men of that interesting section of country. Born on a farm, he learned all about country life from start to finish. He can tell the name of every tree in Nacogdoches County, and give its full history; also its uses. He stated some years ago that his dear and excellent mother, as did all other good women of the backwoods years ago, set aside every year a collard that was especially for seed purposes, and it made no difference what happened, the seed collard must not be cut. However, Mr. Summers stated when the preacher came around on a visit if it was absolutely necessary to furnish the table with the most edible dish, the seed collard was cut; and as a child he knew that when the seed collard was whacked down in the garden the occasion was one of more than ordinary importance.

Variety is said to be the spice of life, and, if it is, think just how much is lost by those of today who do not raise their own vegetable and flower seed; who have no chickens, guineas, turkeys, pet crows and coons, who have no patches or gardens to till, no vineyards to dress, who enjoy no acquaintance with the great trees of the forest, the springs in the horseshoes of the hills, and who buy even their pieced quilts and their clothing at the stores. Many of the cares of life are living interests, without which no life can be full. Their places can not be filled by costly sports, money-mad displays or the daily failures and tragedies of the life that is artificial. Jesse Summers' acquaintance with the trees reminds S. P. of many of his silent acquaintances back in the older states, still bearing aloft the canopies of God's first temples.—State Press Galveston News.

The foregoing clips touch tender spots in many breasts of the olden days, that cannot be appreciated by the present generations.

One other memory not recited above is the good old time country singing school, with its sol fa la note book, and the all absorbing country protracted meeting, and the "big camp meeting over yonder," at which good old shouting was in style.

Spring is truly come. Not an evidence is missing, of the thousands to proclaim it. The weather is balmy, the flowers are blooming, the trees budding, the folks afflicted with spring fever, are stretchy and lazy, an occasional mosquito buzzes by, the town square is filled with visitors on Saturday and, last but not least, the most unmistakable sign of spring.

Lumber Man of Old.

Cecil Galloway, at last accounts, was in the taxi cab business in the village of Dallas. How many lumbermen of today remember big old, good-hearted Cecil Galloway? For several years he operated the big mill at Lanana, Texas, on the Houston, East & West Texas railroad, eight miles south of Nacogdoches, and he made a lot of money there. He improved the mill, extended tram roads into new localities and did much to build that part of the country in a permanent way. One morning a fellow came to the commissary and asked Cecil if he had a job he could give a poor working man. Cecil told him he would give him a job, at once and told the man to go to the boarding house and get a good breakfast and report to him immediately afterward. The fellow got his breakfast, but instead of reporting, he sneaked off down the railroad. Cecil, hearing of it, got a railroad motor car, set out after the delinquent, caught him, brought him back and made him work. The fellow turned out to be a good man and remained with Galloway several years, finally getting to be foreman of the planing mill.—Southern Industrial and Lumber Review.

There are probably a good many here who remember Mr. Galloway and his family.

B. Windham who has been very sick for a long time is reported to be doing better.

At the Dentist's.

If you would see all kinds of woe, all standard brands of fear and gloom, just visit, for an hour or so, the painless dentist's waiting room. How tragic are the faces there, how poignant are the deep-ravened sighs! And you may see the heart's despair look bleakly forth from shrinking eyes. There heroes wilt and mop their brows, and mighty captains walk the floor, and frame a lot of pious vows to seek the dentist's shop no more. A Cromwell, in the dentist's lair, looks not like one who could command; he wrings the moisture from his hair with quivering and nervous hand. And there, Napoleon, too, I think, would look absurdly cheap and small; and he would in the shadow slink, and wish he hadn't come at all. The gorgeous beauty of the stage, whom men adore, the old, old way, when at the dentist's looks her age and that's the worst a man can say. Men drop their masks and cease to pose when in the waiting room so drear, and murmur, as each victim goes, "My turn is next, I sadly fear!"—Walt Mason.

Roosevelt Denounces Peace Plan.

Chicago, April 10.—Publication of the fact that Colonel Theodore Roosevelt had written a letter denouncing the woman's peace propaganda causes a sharp discussion here today among the leaders of the movement. Mrs. W. I.

Thomas, secretary of the Woman's Peace Party, who has the letter, refused to allow its publication.

"There are sentences in the letter that it would be unwise to make public," said Mrs. Thomas. "Although Colonel Roosevelt has said that he would be delighted to have the letter published, yet I think it unwise to make it public."

The missive was sent to Mrs. George Rublee of Washington. One report had it that the colonel declared that pacifists in general constituted a "menace to the future welfare of the United States."

"Of course every one knows Colonel Roosevelt's view on militarism and peace and it is not anything wonderful that he may have expressed himself strongly in opposition to peace propaganda," said Miss Addams, who is to head the Chicago delegation of 12 to the Woman's Peace conference at The Hague.

Be Sure You Get This Old Reliable Cough Medicine

Millions always follow the trail of success. Hundreds of imitations have come and gone since FOLEY'S HONEY AND TAR COMPOUND began, 40 years ago, to loosen the grip of coughs and colds.

Be sure you get the genuine FOLEY'S HONEY AND TAR COMPOUND. And avoid the names that sound like it. Here are three easy ways to tell the genuine. 1st—The name of "Foley's." 2nd—The yellow package. 3rd—The Beehive on the yellow package. You cannot get a substitute to do for you what FOLEY'S HONEY AND TAR COMPOUND will do—for coughs, colds, croup, bronchial and laryngeal coughs, throat and lung trouble. "The Kings Highway."

The following extract is taken from "The Southern Industrial and Lumber Review" published at Houston. H. C. Fuller, a well known writer who lived in Nacogdoches county during his early life is connected with the editorial staff. He is authority when it comes to early Texas history.

"So far as history is concerned, the very first road made in Possum Trot, was the road known as "The King's Highway," and extended from the old town of Natchitoches, on Red River, to the hacienda of San Juan De Bautista, on the western bank of the Rio Grande river, in Mexico, which was at that time, a province of Spain.

The opening of this road was made by a Frenchman, named Juchero De Saint Denis, and he was sent across the province of Texas, at the command of Cadillac, Governor of the French Province of Louisiana, for the purpose of seeing the Spanish authorities and getting permission from them to open a trade between the French possessions in Louisiana and the Spanish provinces in Mexico.

Saint Denis was accompanied by fourteen men armed with carbines and leading a pack mule, which bore provisions and various things necessary for the trip.

The distance between Natchitoches and San Juan De Bautista was more than one thousand miles, and the travelers through the primeval wilderness proceeded altogether by the compass. As they went they hacked or blazed trees in such ways that the hacks would remain for years, to guide those who might cross the country any time in the future. Little did this band of travelers dream perhaps that they were establishing the original public road in the Possum Trot country nor that it would, as time passed, gain more or less historical notoriety and importance. But such came to be true. The fact that this road, which is still in use across the entire state of Texas, never goes around a hill, but continues straight over the steepest places, which are the wonder and obomination of travelers, is explained from the fact, already stated, that they traveled solely by the compass.

Betch!

When two women meet on any old street,

To out talk each other they try!

They gab and they blab and they blab and they gab,

They're swapping an "I" for an "I."—Luke McLuke.

Prohibition is now a heated topic all over the land. Texas is not alone. Washington City is now head. Bryan and Wilson are called out. It may cause democratic dissention or worse. If it could only be cut out and stand alone it would be best for all.

Not Slanders.

Every legitimate newspaper ought to rise up and fight strenuously this attitude which so many public men have assumed. Legitimate newspapers do not believe in slander, nor do they indulge in it. They have a public trust within their care and they look after it to the best of their ability. Should they perchance libel anyone willfully, they feel that they should pay for their sin. If they make an honest mistake they stand ready to correct it and to tell just as many people about the error as they told the original story. The newspaper is growing at all times in the scope of its service to the world and yet there are those who would restrain it, if possible, to meet their own selfish desires—as they seem to feel the necessity for playing a safety first game.—Austin Statesman.

The reports of awful horrors in Mexico need not surprise any one. What else can be expected. President Tatt advised Americans to leave there. They risk their lives by staying.—Nacogdoches Sentinel.

We have reliable information that there has been and is a framed up scheme to get the United States to intervene in Mexico the said intervention to work for the benefit of a certain faction. Those Americans who persist in staying in Mexico and crying for the American army to come and help them, may not be party to the scheme but they might as well be for all practical purpose.—Temple Telegram.

A Power For Good.

Booker Washington is coming to Dallas to assist in founding a n institutional church among the negroes. Booker Washington has done a great work among the members of his race, and his influence for the improvement of moral and material conditions among the negroes of the land will last long after he has departed from the scenes of his labors. He ought to be induced to come to Fort Worth to deliver at least one lecture.—Fort Worth Record.

Methodist For Suffrage

New York, April 8.—The New York-East Conference of the Methodist Episcopal Church today adopted a resolution expressing the hope that at the November election the proposed amendment to the state constitution granting suffraga to women "will find the hosts of Methodism solidly lined up in its favor."

Victorians Huerta has arrived at New York. He was the usurper president by military force and the so-called general who tore up the City of Mexico and murdered President Madero in prison. Villa doesn't want him back, nor does Carranza. Who does?

A brass band is a great pleasure to a town, and it helps in many ways. Why can't Nacogdoches have a brass band once more, as she did in the good old days gone by.

A Big Day In Houston.

The Houston Post, and other papers in that growing city is boosting the great Lumbermen's convention there. Here is one spiel:

Lumbermen of Texas are welcome to anything they may fancy in the city. Houston is the great lumber city of the Southwest and the lumbermen are our guests.

Here is more from the Post: Delegates to the twenty-ninth annual convention of the Lumbermen's association of Texas poured into Houston from all parts of the state Monday night. By the time President George C. Vaughn raps for order at the initial session at the Rice Hotel at 10 o'clock Tuesday morning several hundred active members of the organization and as many more guests, are expected to have arrived and to be present for the opening exercises.

Every lumberman, millman, and dealer in the southwest territory has been invited, and the attendance promises to be the largest in the history of the association. Ample preparation has been made by officers and special committees composed of Houston members and their wives for their entertainment.

A registration booth will be opened at the Rice at 9 o'clock Tuesday morning and from that hour until 10 o'clock all delegates and visitors. Houstonians with others will be required to register. As they give their names they will be handed small pocket booklets, which is a combination official program and book of coupons for the social features. The booth is in charge of J. H. Cooke of the Southland Lumber company and A. A. Dumm of the Sabine Lumber company.

Russia May Get The Holy Lands.

Rome, Via Paris, April 11.—The presence in Rome of Gabriel Hanotaux, ex-minister of foreign affairs of France and a member of the French academy, is causing much comment here. He has had audiences with Pope Benedict and Papal Secretary of State, Gasparri, and himself was visited by a prominent prelate.

A feeling exists in Rome that negotiations, perhaps unofficial, are proceeding to bring about an understanding between France and the Holy Sea, which is considered more necessary as Russia's successes increase.

Through France the vatican, it is understood, hopes to bring influence to bear on Russia in connection with her treatment of Polish Catholics. Another question is said to be the report published in Rome that Russia, in event of victory, "would not be satisfied with Constantinople, but would claim possession of the holy land, because it is visited by 50,000 Russians yearly."

Mexico is still unsettled, and getting worse. Which ever side appears strongest draws most of the following, but may not hold it a day. Villa and Carranza are about evenly matched.

Ellen Wilson Memorial is now well Organized.

Some very attractive booklets have come from the Ellen Wilson Memorial association. The organization is now complete; each southern state having its organizer. Texas is so fortunate as to be represented by Mrs. Edward Rotan, first president of the club women, and now a state member of the board of control for the establishment of control for the establishment of the Girls' Industrial Home. The women enlisted propose to make their work a practical memorial to Mrs. Wilson, whose heart was so deeply concerned with human needs. The name under which this association will work is: "The Ellen Wilson Fund for the Christian Education of Mountain Youth." The association is incorporated under the laws of Georgia, Mrs. Wilson's native state. The home mission board of the Southern Presbyterian church is trustee since this was Mrs. Wilson's denomination, and the funds will be used in Christian education for mountain youth. This fund will be a permanent tribute to the beautiful life of Mrs. Wilson, since she herself was paying tuition for several of the mountain boys and girls.

No Peace Expected

Rome, April 13.—Information obtained from the highest German sources in this city is to the effect that there is absolutely no basis for the report that peace negotiations, under certain conditions, are being considered in Berlin. These reports, it is said, are based upon ignorance of actual conditions in the German empire. The assertion is made that both Germany and Austria, particularly the former, have within their borders supplies of everything necessary to prolong the war indefinitely.

Well informed Germans in Rome declare the determination of the central empires to carry the conflict to the end will become apparent soon when the campaign is resumed with fresh vigor on both fronts, according to plans mapped out by the general staff during the winter. The same sources of information are authority for the statement that not only can Germany provide enough food to supply her people, but that she has on hand a plentiful store of supplies for manufacturing arms and ammunition.

Knights Templar at Galveston.

The 62nd grand conclave of the R.E. Grand Commandery Knights Templar having elected new grand officers and having chosen Dallas as the place for the next meeting have closed their Galveston meeting with a big function in the way of installation of officers and a musical concert.

A boy loves a noise, especially if he learns that the noise annoys the old folks. He likes to shoot a big gun, or to drum on an empty oil can, or ring up any old racket, even up to a motor cycle in the middle of town. Every man was once such a boy.

Women's Peace Party Organizing in Texas.

The presence in Texas during the last two weeks of Mrs. Bertha Kunz Baker has stimulated interest over women's union in behalf of universal peace. As is well known, the Woman's Peace party formed several months ago with no less a philanthropic leader than Miss Jane Addams of Hull House fame, the first president. Knowing that Mrs. Baker is so widely and favorably known in this state, she was designated to spread the peace gospel through Texas. And this she has done. Mrs. Baker is heart and soul in her work. Her talent as a platform speaker does much; her gift as a reader in the "Unseen Empire," a great peace drama, also does much. The object with Mrs. Baker is to present the horrors of war, to explain for what the Peace party stands and to urge organization of a branch society. She is meeting with success. One of the largest and most enthusiastic branches was formed in Waco on Saturday.

Literature is available from national headquarters, 116 Michigan avenue, Chicago. These enumerate schools, women's clubs, missionary societies, women's organizations of every nature, as eligible for this grand international effort of woman toward peace. Principles of the Peace party are itemized, and indorsement given for women's organizations all over the country. One of the most informing steps would be for the same women in an universal peace to send for the literature, call together the women of her community and organize. In middle April, Mrs. Baker goes to a grand international peace conference at The Hague. Eight neutral countries will have delegates.

The political experts are saying that Theodore Roosevelt is willing to come back to the republican party, in spite of all his strenuous denials to the contrary, but they say he has no idea of again becoming a candidate for the presidency. When the time comes that Theodore Roosevelt is not a candidate for the presidency we shall be speaking of him in the past tense and telling how we had made up our mind to vote for him if he had lived.—Beaumont Enterprise.

Disagreeable useless noises should be silenced. The man at the steam whistle does not seem to think how his shrill screaming noise disturbs people. Some times it may be a suffering sleeping sick child or mother whose needed rest is disturbed by such nonsense.

The Jacksonville Progress reports that the Confederate Veterans Camp at that place unanimously voted against petitioning Congress to pension Confederate Veterans. The Sentinel editor belongs to the class and endorses this action opposing the move.

The question of higher railroad rates is being extensively agitated and discussed. It is before the Interstate rail road commission.

A Nervous Wreck

Had No Desire To Live — Peruna Is A Tonic and Strength Builder So Says

Mrs. Frank Stroeb, R. F. D. 1, Appleton, Wis. Her letter reads: "I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck. Could not sleep, eat or rest properly, and felt no desire to live. "Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever had been before. I had a splendid color and never weighed more in my life. "I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement." Mr. Charles Brown, R. R. 4, Box 75, Rogersville, Tenn., writes: "I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder."

Dance At Redlands

The dance at the Redlands Hotel on Friday evening was largely attended, and under the management of Mr. Walter Crouch who took the initiative for the young men who were giving the dance, it proved a most delightful social affair. The grand march was led by Miss Tannie Stinson and escort Mr. Roy Buchanan and many beautiful figures were fashioned to the notes of the splendid music.

Prominent guests of the evening were the young men of the Houston High School Base Ball Team, sixteen in number. Other guests were Mr. and Mrs. Luther Swift, Mr. and Mrs. Worth Whited, and Mr. and Mrs. Chas. Williams.

There was a colored row and a fight pulled off Sunday night among some negroes in town. One called Will Dovey got badly sliced up with a knife. The officers say that he has had cases in court heretofore.

It seems queer that gratters are prevalent in high places, like the city official in Illinois that were convicted of election frauds. And the New York detective who captured the dynamiters is now accused of a frame up, in persuading the perpetrators to do the act.

One cent a day is a small sum. That's about what a subscription to the daily Sentinel costs. And besides, the paper is working for the public, for everybody. Why not chip in this mite, and be good to yourself, as well as your family and your neighbors.

Allbig national bank up north accuses the big bank examiners of conspiring to wreck the bank for some corrupt purpose.

G. R. Wilson, father of Misses Lois and Janie Wilson who have been frequent visitors to this city since their former residence here, was married on the 7th of this month. Mr. Wilson has many friends here to whom his wedding will be interesting news.

Profit In Fertilizing Crops

Lets see where we can use the soil-building crops to advantage: First, there come the oat and wheat fields, where the crops will be harvested in May and June. The man who fails to have a crop of peas, beans or clover after his crops of small grain is simply neglecting the biggest source of profit, for the feed and soil fertility that come from such crops often mean more per acre than gain the crop.

Then not a single acre of corn should be laid by without having peas sown in the middles, or in the southern part of the Cotton Belt velvet beans may be planted about the time the corn is planted, or just after. A corn field without peas, beans or peanuts for soil building and and fall and winter feed is seldom returning more than one-half the net profit that it should.

Then this fall, from seed saved during the two months, every cotton middle should be seeded to clover or vetch.

Plant the legumes everywhere this year. If you have the seed so much the better; but if necessary, buy them, for you will find few investments more profitable. Then next fall, whether cotton be low or high in price, you will be largely independent, because you will have materially cut your fertilizer bill for the following year.—The Progressive Farmer.

Don't Hide Them With a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

EXERCISE BENEFICIAL TO WOMEN

Strength Often May be Gained by Judicious Activity on Part of the Sick

The woman suffering from the ills of her sex often loses ambition and will not exert herself in the least, her muscles become flabby, her circulation bad and nerves wrecked. Another woman suffering from the same ills will lay out for herself a system of convalescent exercises of deep breathing even before leaving her bed. If the woman will but write Dr. Pierce at the Invalids' Hotel, Buffalo, N. Y., she can get free medical advice in such cases, also a 1000-page book with advice on Hygiene. How to care for the sick. Sex problems, Diseases of women, etc. all for three-dimes or 30 cts. in stamps to pay for mailing.

Sick women—thousands of them have been cured by the use of Dr. Pierce's Favorite Prescription. It is a woman's tonic that has a singleness of purpose in curing the disease of women only. It establishes regularity, heals inflammation and banishes pain. The dull, sunken eye with its dark circles which comes of suffering is banished—so too is the sallow, sunken cheek, the shrunken form—when this "Prescription" is used. It is a temperance remedy because made without alcohol—of native roots and herbs.

Women who suffer should not wait till a breakdown causes prostration. If you are anxious to correct the derangement of the delicate feminine organs, to overcome irritability and nervousness, waste no time, but get Dr. Pierce's Favorite Prescription in liquid or tablet form this very day at any medicine dealers and tomorrow you will know that you are on the highway to health and happiness. Washington, April 10.—The Villa-Zapata agency here gave out a statement today stating that it would "in due course, address itself to the government of the United States indicating its view of the presence of General Huerta on American territory, it being the purpose of General Huerta and the científico element in the possession of the provincial government to initiate a hostile movement along the frontier in violation of the neutrality laws for the purpose of attempting to procure their restoration of power in Mexico."

Unofficially, it was stated that the Villa agency would protest against the admission of Huerta. The representations, it was said, would be made to Secretary Bryan by Enrique C. Llorente, confidential agent of the Villa Zapata forces.

About Special Session.

Austin, Texas, April 10.—"I have not changed my mind as to calling the legislature together in special session April 29," said Governor Ferguson today.

The fact that no proclamation has been issued has given rise to various and sundry rumors that the governor intended postponing the call until a later date. However, his statement today bears out the fact that his intentions have not changed.

"I have found that I only need to give twenty-four hours' advance notice," he said, "and I am going to take advantage of all the time possible."

Health Promotes Happiness

Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to Take one small D King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile rushes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

Capt. John N. Wilson, of Melrose, was in town Tuesday and Wednesday. You may call him Rev. John N. Wilson, if you prefer. But he was a Captain in the Virginia Army before he was a preacher. Cal Fall and Vail Fall went there with him in Benton's company. He was near Gen. Lee when surrendered, 50 years ago, April 10.

Nothing So Good for a Cough or Cold

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Mrs. F. R. Penman won the favor of the judges in the hat contest of the Lee Variety Store. The material cost \$1.05 and won the five dollar prize, now the question is, what is the hat worth? \$1.05 or five dollars. It must be worth five dollars because the artistic work of Mrs. Penman is worth the difference.

A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns sores nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents. For sale by all dealers.

What Education Costs.

Chicago, April 6.—Nineteen thousand dollars were required for the maintenance and education of Henry Field and Gwendolyn Field, children of the late Marshall Field Jr., during 1914, according to the annual report probated yesterday by Mrs. Albertine Field Drummond, their mother and guardian.

Five thousand of the amount was spent on Gwendolyn Field and \$14,000 on Henry Field.

A Cure for Sour Stomach. ||

STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREAU, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Auto Accident

Houston, Texas, April 8.—Capt. A. L. Towels was almost instantly killed, W. A. Harling was dangerously, if not fatally injured, and J. S. Bowers was painfully hurt about noon today when an automobile in which they were riding was struck by a train of the Southern Pacific at Richmond. The victims were all residents of Houston and Captain Towels was among the pioneer residents of this section. He had large property interests. An ambulance has gone to the scene. L. Wepps driver of the car, was unhurt.

Mrs. Spivey Dead

Mrs. W. A. Spivey of Appleby died, Thursday April 8th, at the home of her parents, Mr. and Mrs. B. C. Maroney, who live four miles east of town. A husband and four children, (two boys and two girls) and two brothers, John and Tom, beside her parents survive her.

The funeral occurred at Appleby at 2 p. m. Friday. In the death of Mrs. Spivey Appleby has lost a most estimable lady and the loss to be loved ones is incalculable.

She was a true sweet womanly character and christian. Mrs. Spivey was a young woman only 42 years old. Her parents, Mr. and Mrs. B. C. Maroney are old residents of the county and this family is held in highest esteem by its people. The scores of friends deeply sympathize with the sorrowing ones.

Big Smoke Will Catch Night Boat

Havana, April 6.—Jack Johnson, tallen heavyweight champion, suddenly changed his plans this afternoon and made preparation for a quick get-away to England, leaving by way of Jamaica tonight.

Rumors that the negro was about to be arrested at the request of the United States Government and returned to Chicago on white slave charges were circulated here at noon. They could not be confirmed. Before 1 o'clock Johnson's valet was busy packing his belongings and the negro announced that he would take a night boat. He refused to give any reason for his quick change of plans.

Receipts from yesterday's big mill fell far short of expectations. Instead of the \$100,000 gate receipts the promoters announced, the receipts, I have been reliably informed, barely reached \$50,000.

Governor Ferguson Plays Ball Again

For the first time in the history of the Texas League team in San Antonio the season will be opened Thursday afternoon with the governor of the state in there pitching the first ball to the batter. The catcher will be Mayor Clinton G. Brown and the crowd is expected to fill the grandstand and bleachers, for the day has been declared a half-holiday in city and county offices and in many of the stores and factories.—San Antonio Light.

Mexico.

The war in Mexico is not easy to size up. There is surely some important fighting going on between the Carranza and the Villa armies. Both sides claim to be victorious.

From all the dispatches thus far, it appears probable that Villa is getting the worst of it at more than one place. The fields of operation are chiefly in the northern part of the republic, towards Brownsville and Laredo. But Zapata's army on Villa's side is near the city of Mexico. It all sizes up like sparring for points.

The destruction of horses in the European war is something fierce. Horses are being bought in the United States and sent to Europe, chiefly to France. Many have gone from Texas some of them from Nacogdoches.

CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germ is only three when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists. The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it rebuilds the resistive forces of the body to avoid colds and prevent consumption. If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes.

34-47 Scott & Bowne, Bloomfield, N. J.

Houston 1-Nacogdoches 0.

Yesterday was a big day in the Athletic Extension of the Nacogdoches High School. One of the fastest games that has been staged on the local diamond since the days of the old hard nine, was pulled off between Houston and Nacogdoches High School.

Burke stepped upon the mound in his usual calm way and began one of the best games he has twirled this season. Inviting the batters back to the bench until the sixth inning when Farrington got a scratch hit, was sacrificed to second by Wise; went to third when Burke over threw second and crossed the "calceme" when Dunlavy got a nice little single over second. Burke only allowed one more hit during the game. He also pulled off a Mathison stunt by putting three balls over the plate and returning the side which was probably the first time this was ever pulled off on the local diamond.

Sprague, the Houston South paw pitched a one hit game. This hit being got by Gee in the first inning but was thrown out at second. Nacogdoches only had one chance to score which was in the fifth when Moore reached the third corner of the diamond, but Sprague tightened and retired the sides.

The features of the game was the hard fought pitchers battle. Altho Sprague allowed a hit less than Burke Burke got the greatest number of strike outs.

Thorntons long run after a foul fly was another feature of the game.

Battles for Houston Sprague and Lucare. Battles for Nacogdoches Burke and Coker. Umpire Wilson.

The attendance of the game was in proportion to the ability displayed which in all probability inspired the players to the zest, given it. Old fans agreed it was the best ever witnessed here and the results were especially gratifying to the management. The city enjoyed the visit of the Houston boys and invite their return.

W. J. Bryan has come out in favor of national prohibition as a democratic issue. He talks in lengthy verbiage, but it is the same old story, and is a dangerous plank for the democratic party. Make it non partisan or cut it out. To read the daily newspaper accounts, robberies and general deviltry, makes one think that, even without the awful wars, the world is near the proverbial demnition bow-wows.

Fifty One Years Ago

April, 7, 8, 9, 1864, and thereafter, their were hot times in the vicinity of Mansfield, La. On the 7th, there was heavy skirmishing at Robinson's Mill, 7 miles east of Mansfield and beyond that point, between the invading federal army of Gen. Banks, and the Confederates under Gen. Dick Taylor.

On the 8th, Gen. Taylor prepared for a decisive battle. It lasted all day, and resulted in the routing of Banks' army. It was indeed a hard fought battle. There were many Nacogdoches soldiers in it. Some of them were killed. Many were wounded. One of the wounded was L. S. Taylor. A minnie ball passed through both of his legs. J. W. Curl's horse was killed there, about the same time. Ed Whitaker was wounded there, and Josh Millard was shot in the breast thought to be fatal. Mose Davis of Chireno was killed.

On the 9th followed the battle of Pleasant Hill about 15 miles east of Mansfield, about 30 miles south of Shreveport. Banks had made a stubborn stand there, and held his ground well till night. But in the night his army retreated. Dr. W. P. Fears was captain of a company, and Uncle Jim Haltom fought by his side. Those were days of danger and distress for Nacogdoches.

Nacogdoches Gets a Plum.

Dr. A. E. Sweatland, of the Nacogdoches Surgical Hospital, is expected back home tonight from Victoria, Texas, where he attended the South Texas Medical Association. He intended to invite the association to hold the next meeting at Nacogdoches next October. The press dispatches today report that Nacogdoches is so chosen, and this shows his success in that mission.

Nacogdoches will make good on this occasion, and show proper appreciation. Following is the telegraphic press dispatch: Victoria, Texas, April 9.—The South Texas Medical association convention will close here tonight after one of the busiest two-days sessions in its history. Nacogdoches was chosen as the next meeting place, for October, 1915, at which time new officers of the association will be elected. A grand ball tonight will close the convention.

Word has been received that Miss Ruby Clark, the fourteen year old daughter of Mr. and Mrs. C. D. Clark, formerly of this city now of Logansport, La., died suddenly Wednesday, April, 7 with congestion. Mr. Clark left here about a year ago, and their many friends here will regret very much to hear of her death.

Jess Willard, now the world's champion heavy weight boxer, who walloped Jack Johnson, has been offered many big honors and big moneys. He has acted with more dignity and reverse than he did in fighting the negro. He is not decided as to what he will do.

The Fast Texas Normal.

The Timpson Times says: No bonus will be accepted to locate the East Texas Normal; the only thing required will be fifty acres of land—and sufficient evidence of the best place for the establishment of such a school. Timpson can furnish one of the most desirable tracts of land in the state and we believe we can convince the locating committee that this city is the place for the normal.

The Sentinel applauds the above, but arises to state that Nacogdoches has the best of it on the location of the East Texas Normal School, from every point of view.

Has Good Peach Crop

T. N. Slaton informed a Progress representative that his orchard about one mile east of the city has a fairly good crop of Arp beauties, Mountain Rose, and two other varieties, and C. D. Kennedy, who has an orchard nearby also states that his crop escaped the freezes without much damage. We learn that most of the orchards located on the high lands will produce pretty good crops unless something unforeseen happens to destroy the crop.—Jacksonville Progress.

Judge Ingraham has received the news that his son-in-law Herman Staber of New York is quite sick. Mr. Staber was here on a visit only a few weeks ago, hoping to recuperate, he having not been very well for some time. Since his return he has suffered with what was thought first, appendicitis and now it is reported he has pneumonia.

Here I come again to tell you, we are still enjoying the sunshine and pleasant spring weather. Farmers are busy with their crops.

Little Vera Smelley is on the sick list.

Mr. and Mrs. Jim Smelley and Miss Francis Smelley visited Mr. David Smelley and family at Appleby Sunday.

Mrs. Anna Campbell is on the sick list this week.

Mr. and Mrs. Mell Brock visited Bobbie Birdwell and family at Mahl Sunday.

Mrs. Anna Corley and little son Troya are visiting Mrs. C. Brock this week.

Miss Emma Hogan and little Fay Breshears visited Nacogdoches Saturday.

Mr. W. B. Hogan, from Little Rock Ark., is visiting his cousin Mr. E. Hogan Sr.

Mrs. Ed Hogan Jr. is reported to be better at this writing. Mary.

Many so-called "bitters" are not medicines, but simply liquids disguised, so as to evade the law. Prickly Ash Bitters is not one of this class. It is strictly a medicine, acting primarily on the kidneys, liver and bowels, and for the dangerous diseases that attack these organs it is a remedy of the first grade. There is nothing objectionable in its taste, it has an agreeable flavor and is acceptable to the most delicate stomach. Stripling, Haselwood & Co. Special Agents.

Mr. and Mrs. Jim Seale and little daughter, Florence Elizabeth, were the guests of Mr. and Mrs. J. C. Harris and other relatives the short time between trains today. Mr. and Mrs. Seale are moving from Pensacola, Fla., where they resided for the past several years, to Beaumont, where Mr. Seale is prominently connected with a large lumber business being manager of its system of commissaries. Their friends here, will be glad to know of their return to Texas and hope to see more of them, since their residence will be so near Nacogdoches.

Purify the blood and put the system in order for summer work by using at this time a short course of Prickly Ash Bitters; it is the greatest blood purifier on earth. Stripling, Haselwood & Co. Special Agents.

The Sentinel has a nice letter from Pleasant Grove, signed "James" but the author's name is not stated. This is another instance where lack of authority cuts out the a letter. The Sentinel does not and positively will not publish anonymous communications. The name is not required for publication but for authority.

Indigestion is the direct cause of disease that kills thousands of persons annually. Stop the trouble at the start with a little Prickly Ash Bitters; it strengthens the stomach and aids digestion. Stripling, Haselwood & Co. Special Agents

Henry Morris of Terrell was in the city Sunday.

Mrs. Giles M. Haltom and Mrs. J. N. Cunningham returned Saturday from Trinity where they attended the Woman's Presbyterial. While there Mrs. Cunningham happened to a very painful and inconvenient accident. In crossing a wooden culvert that was decayed, it gave way throwing Mrs. Cunningham and her hostess to the ground in such a manner that Mrs. Cunningham suffered a bad fracture of the ankle. After severe suffering the first night, she felt better but is on crutches and probably will be for some time.

The list of food prices in Houston after the Housewives' league had finished its campaign reads like the list of prices twenty years ago, before the cost of living had doubled.—Beaumont Enterprise.

Lamar Blount and family went to Nacogdoches Friday to participate in a birthday dinner commemorating his father S. W. Blount's 61st birthday. Mr. Blount returned Tuesday, Mrs. Blount remaining to visit a few days.

The Sentinel had a friendly call Tuesday from Mr. D. D. Smith, who is a new comer from below Houston, and now lives on a new home near Hoya Switch. He has been a newspaper man.

A marriage license was issued by the county clerk on April, 10, 1915, authorizing the matrimonial rites between Mr. Harvie Williamson and Miss Viola Corley.

Sending off for merchandise on the question of dollars and sense is a mistake. The dollars and cents is not the main point that counts in the trade. Holding up the home is the point.
