Tragedy At Huntington

Henry Johnson, a man of about 80 years of age, was shot and almost instantly killed at Huntington last Friday afternoon with what was supposed to have been an unloaded gun, in the hands of Grady Jones, son of Mack Jones, a young man about 21 years of age.

The News learns that the men were the best of friends, and the tragedy is universally regretted by the entire community in which it occurred.

From the best information obtainable, it seems that some one had left a gun in one of the stores in Huntington after removing the loads from same. Jones knew the gun to be unloaded, and had been pointing it in the direction of different ones and snapping it. He left the gun for some minutes, during which time the owner returned and reloaded same. In a playful manner, Jones returned picked up the gun and playfully pointed same in the direction of Johnson, pulling the trigger. Johnson received the load through the heart and died almost instantly. He leaves a wife and four children. The News extends

Germans Say Victory.

Amsterdam, May 10.—Via London.—The Cologne Volks Zeitung says:

"The sinking of the Lusitania is a success of our submarines which must be placed beside the greatest achievement of this war. With joyful pride contemplate this latest deed of our navy, the moral significance of which is

greater than the material success. It will not be the last.

"The English wish to abandon the German people to death by starvation. We are more humane. We simply sank an English ship with passengers who, at their own risk and responsibility, entered the zone of operations."

Range Twenty Miles.

The French estimate of the distance from which the Germans dropped shells in Dunkirk is twenty-three and one-half miles. Fire at such a range has long been a topic of popular interest as possibility. It is now a fact.

Traveling swifter than a rifle ball, a shot at such range is nearly two minutes on its way. At 45 degrees elevation it rises more than two miles above the loftiest mountain, higher than man can mount in a balloon and live, before it begins to descend.

The Belled Buzzard.

Dr. Ford and L. S. Taylor both saw the belled buzzard Monday, out near the water tank in the northern suburbs of town. They had a good view of it at short range, and heard the bell very distinctly. In fact they saw the bell, and also observed that the feathers were worn from the neck of the bird, leaving the naked white skin in view. The bird appeared to be in his chosen locality, and not trying to leave.

Mother's Day.

The Mother's Day services at the Methodist Church Sunday were attended to the full capacity of the house.

The decorations were beautifully appropriate. The word Mother was outlined in pure white blossoms in an ever-green and rose back ground, this was on the wall back of the pulpit and this was made a ventable conservatory of flowers. A nice program was rendered to honor the sentiment of the hour and deserving special mention without partiality was the song "Hello Central, Give Me Heaven" sang by little four year old Charlotte Strong. In perfect tune to the piano accompaniment her sweet childish notes piped, clearly and distinctly every word, to the remotest listeners. The tribute of the deepest love and respect was accorded the honoree by the tinnest child and the gray haired old man, present.

YOUR SCHOOL.

What It Is Doing, What It Must Do.

There are times in ones life that such impressions are made, that to forget them, is an impossibility. Such was the occasion Thursday evening at 5 o'clock in the Domestic Science Rooms of our High School. When, through the courtesy and kindness of Miss Powell, our most efficient and capable teacher in that department; the trustees, both old and new, had the happy privilege of partaking of one of the nicest, most palatable and well balanced dinner that I have ever seen, and as several said in their talks, that they had dined at some of the best hotels and cates in the land, but in all their experience not one excelled the dinner prepared by Miss Powell and the bevy of beautiful young girl students who assisted her. The following is the menu that was so well served by the hands of the fair girls, who are being prepared to make true home builders.

Menu.

- Orange and Grapefruit Cocktail.
- Cream of Tomato Soup
- Crisp Crackers.
- Celery, Salted Almonds,
- Pickles, Chicken Fricassee
- Peas, Potatoes, Hot Rolls.
- Tomato and Pineapple Salad.
- Strawberry Mousse, Delicate and Golden Cake,
- Crackers, Cheese, Coffee Mints.

There was only one thing to mar the pleasure of the occasion and that was the absence of the following members who could not be present, some of whom were out of town; Messrs Schmidt, Haltom Meisenheimer and Beeson. All present with one exception made some real good talks, which were enjoyed to the fullest degree. Each speaker stressing two things viz: the highest praise of the teacher and students of the domestic science department, and the fact that we are going to have a \$50,000. New Modern High School building, provided the voters of the district will come to the rescue with the right vote when the election shall be held, I am sure that the good people of Nacogdoches Independent School District will rise in their might and heartily make it possible for the trustees to make greater progress than has been made by the board during these years that it has been my privilege to work with the faithful set of men for the upbuilding of our schools.

Lets not wait on this, for we shall not be able the coming term to take care of the students of the district, and when the compulsory education law goes into effect, we shall be completely swamped unless we provide the proper building. Lets perform the doing of it.

HOUSE JOINT RESOLUTION No. 34. A joint resolution proposing an amendment to Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, providing for the establishment and separate maintenance of the University of Texas and fixing its permanent location in Travis County; providing for the permanent location of the medical branch of the University of Texas in Galveston County; providing for the establishment and maintenance of the Agricultural and Mechanical College of Texas as an independent college, and providing for its permanent location in Brazos County; providing for the establishment and separate maintenance of the College of Industrial Arts and fixing its permanent location in Denton County; authorizing the establishment of junior agricultural college subsidiary to and under the government of the Agricultural and Mechanical College Board; establishing the Prairie View State Normal and Industrial College, and declaring it a branch of the Agricultural and Mechanical College, and fixing its permanent location at Prairie View, in Waller County; making an equitable division of the State permanent endowment fund between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; making an appropriation to defray the expenses of advertising the Governor's proclamation and submitting same to a vote of the people.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 10, 11, 12, 13, 14 and 15, Article 7, of the Constitution of Texas, be amended so as hereafter read as follows:

Section 10. The University of Texas is hereby established and permanently located in Travis County, and shall be a university of the first class. The Legislature shall provide for its organization and for its development, maintenance and permanent improvement shall make by appropriation and otherwise such provision as may be necessary for the promotion of literature, the arts and sciences, pure and applied, in a university of the first class. The affairs of the University of Texas shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The location herein made of the University of Texas shall in no way affect the location of the medical branch thereof situated in Galveston County.

Section 11. All lands and other property granted by the Republic of State of Texas to the University of Texas, or the University of Texas and its branches, except the lands transferred by Section 13 of this Article to the Agricultural and Mechanical College of Texas, and to the Prairie View State Normal and Industrial College, shall together with the proceeds of the sale of such lands, constitute the permanent university fund. All the income derived therefrom shall be the available fund, and shall be applied to the support and development of the University of Texas and to meet its obligations. The proceeds from the sale of University lands shall be invested as authorized by law for the investment of the permanent school fund. The one-tenth of the alternate sections of lands granted to railroads, reserved by the State, which was set apart and appropriated to the establishment of the University of Texas by an act of the Legislature of February 11, 1858, entitled "An Act to establish the University of Texas" shall not be included in or constitute a part of the permanent university fund.

Section 12. The Agricultural and Mechanical College of Texas is hereby established and permanently located in Brazos County and separated from the University of Texas and constituted an independent college. The Legislature shall provide for the organization, maintenance and permanent improvement, shall make by appropriation and otherwise such provision as may be necessary to accomplish the purpose of said institution, which, without excluding classical and cultural studies, shall be to teach and develop those branches of learning which relate to agriculture and the natural sciences connected therewith, the various branches of engineering, the mechanical arts and military sciences and tactics. The affairs of the Agricultural and Mechanical College shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The Prairie View State Normal and Industrial College is hereby established and its government and control shall continue under the governing board of the Agricultural and Mechanical College of Texas. Provided the Legislature may establish junior agricultural colleges subsidiary to the Agricultural and Mechanical College and under the control of the Agricultural and Mechanical College Board.

Section 13. Of the land heretofore set apart to the University and to the University and its branches by the State of Texas, and remaining unsold, there are hereby transferred to and made a part of the permanent fund of the Agricultural and Mechanical College of Texas six hundred thousand acres of land of average value; there are hereby transferred as a permanent fund to the Prairie View State Normal and Industrial College one hundred and fifty thousand acres of land of average value; and all of the remainder of the said land shall constitute a part of the permanent fund of the University of Texas. The Legislature shall provide for the division of the land as specified herein. The land herein set apart to the University, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College may be sold under such regulations, at such times and on such terms as may be prescribed by law. The Legislature shall provide for the prompt collection at maturity of all debts due on account of the sale of said lands, and in no event shall any relief be granted to any purchaser.

Section 14. All lands and other property heretofore granted or herein granted to the Agricultural and Mechanical College, together with the proceeds of the sale of such lands, shall constitute its permanent fund. All the income derived therefrom shall be the available fund and shall be applied to the support and development of the Agricultural and Mechanical College, and to meet its obligations. The proceeds from the sale of University lands shall be invested as authorized by law for the investment of the permanent school fund.

Section 15. The College of Industrial Arts for White Girls located at Denton, in Denton County, Texas, is hereby established and recognized as an independent college, and the Legislature shall provide for its organization, maintenance, development and permanent improvement and shall make, by appropriation and otherwise, such provision in addition to that heretofore made as may be necessary for the establishment and maintenance of a first class college for the education of white girls in the literary branches, the arts and sciences and the practical industries of the age. The college shall have its own governing board, which shall designate the officers of administration and instruction, and other employees, determine their salaries, establish departments, subdivisions, libraries, and laboratories and other agencies of education consistent with the objects of the college and perform such other duties as the Legislature may prescribe.

Section 2. The Governor of this State is hereby directed to issue his necessary proclamation and have same published as required by the Constitution and laws of this State. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated to defray the expenses of publishing said proclamation and the expenses of submitting this resolution to a vote of the people.

Section 3. The foregoing amendment to Article 7, Sections 10, 11, 12, 13, 14 and 15, of the Constitution of the State of Texas, shall be submitted to the qualified electors of this State for its adoption or rejection at an election to be held on the fourth Saturday in July, A. D. 1915, the same being the twenty-fourth day of said month. All the voters voting on this proposed amendment at said election who favor the adoption shall have printed or written on their ballots, "For amendment to Article 7, of the Constitution of the State of Texas, providing for the separation of the University of the State of Texas and the Agricultural and Mechanical College and an equitable division of the university lands." All voters voting on this proposed amendment at said election who oppose its adoption shall have printed or written on their ballots the following: "Against Amendment to Article 7, of the Constitution of the State of Texas, providing for the separation of the University of the State of Texas and the Agricultural and Mechanical College and an equitable division of the university lands." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county for use in said election a sufficient number of ballots for the use of voters in said county, on which shall be printed the form of ballot herein prescribed for the convenience of the voters.

Section 4. Every male person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall have resided in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector, and every male person of foreign birth, who shall have become a citizen of the United States in accordance with the Federal naturalization laws, and shall have resided in this State one year next preceding such election and the last six months in the county in which he offers to vote, shall also be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and providing further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he offers to vote at any election in this State, and holds a receipt showing his poll tax paid before the first day of February next preceding such election. Or, if said voter shall have lost or misplaced said tax receipt, he shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. If any qualified voter in this State shall have personally paid his poll tax in the county and precinct of his residence, or secured an exemption certificate showing that he is exempt from paying a poll tax, he shall be permitted to vote in the county in which he may be on election day, any proposition which may have been submitted to the voters of the entire State, and for any office to be filled by the voters of either branch of the Legislature, Congress, or judicial officials; provided, no voter shall vote for members of either branch of the Legislature, Congress, or judicial officials outside of the legislature, congressional or judicial district of such voter's residence, and no voter shall permit a voter to vote at any place other than his residence, if he be within the county of his residence on election day. Any person offering to vote in any county other than the county of his residence shall deliver to the election managers his poll tax receipt or exemption certificate, who shall retain same until the following day, and then mail same to the person depositing same to any address he may receive; and in addition to depositing the poll tax receipt or exemption certificate, such person so offering to vote shall make an affidavit:

(1) That he is absent from home, and it will be impossible for him to return to the precinct of his residence in time to vote; (2) that he has not voted at any other election precinct on that day, and will not offer to vote at any other precinct in this State; (3) that he personally paid his poll tax within the time provided by law, or personally secured the certificate of his exemption from the payment of a poll tax.

Section 5. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in July, 1915, the same being the twenty-fourth day of July, 1915, and the Governor of this State is hereby directed to issue the necessary proclamation for said election, and to have same published, by law, by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions." Those opposing the amendment shall have written or printed on their ballots the words: "Against amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions."

Section 6. No legislation shall be necessary to put into effect this article of the Constitution, but when adopted same shall be self-enacting.

Section 7. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

HOUSE JOINT RESOLUTION No. 4. A joint resolution of the Legislature of the State of Texas proposing and submitting to a vote of the people of Texas an amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the hundred dollars valuation of property in any county, subdivision or defined district thereof, when same has been authorized by a majority of the qualified electors voting at an election held for that purpose, and making an appropriation for carrying out the provisions of this resolution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 9, Article 8, of the Constitution of the State of Texas be amended so as to hereafter read as follows, to-wit:

Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the one hundred dollars valuation; and no county, city or town shall levy more than twenty-five cents for city or county purposes, and not exceeding fifteen cents for roads and bridges, and not exceeding fifteen cents to pay jurors, on the one hundred dollar valuation, except for the payment of debts incurred prior to the adoption of the amendment, September 25, 1883; and for the erection of public buildings, streets, sewers, water works and other permanent improvements, not to exceed one dollar on the one hundred dollars valuation in any one year, and except as is in this Constitution otherwise provided; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further building and maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county or any political subdivision or subdivisions of the county, or of any defined district now or hereafter to be described and defined within any county, who has been assessed a property tax and paid said tax for the next year prior to the time he offers to vote, voting at an election held for that purpose, shall vote such tax, not to exceed fifty cents on the one hundred dollars valuation of property subject to taxation in such county, political subdivision or subdivisions, or defined district. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws.

Section 2. The foregoing amendment to Section 9, Article 8, of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at an election to be held on the fourth Saturday in the month of July, 1915. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the hundred dollars valuation of property in any county, subdivision or defined district thereof, when same has been authorized by a majority of the qualified electors at an election held for that purpose." Those voting against its adoption shall have written on their ballots the following: "Against the amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the hundred dollars valuation of property in any county, subdivision or defined district thereof, when same has been authorized by a majority of the qualified electors at an election held for that purpose." The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.

HOUSE JOINT RESOLUTION No. 18. A joint resolution proposing and submitting to a vote of the people of Texas an amendment to Section 52 of Article 3 of the Constitution, authorizing the issuance of bonds for public improvements, and levying of a tax to pay the interest and sinking fund on same, and for maintenance.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 52, of Article 3, of the Constitution of the State of Texas be amended so as hereafter to read as follows, to-wit:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory; except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution; and levy and collect such taxes to pay the interest thereon and to create a sinking fund for the redemption thereof as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graded or paved roads and turnpikes, or in aid thereof.

Provided, however, that under legislative enactment any defined district now or hereafter to be described and defined within the State of Texas, which may be formed for the purpose of reclaiming and improving overflowed and swamp lands in this State, and maintaining the improvements thereof, may, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory, in addition to all other debts, issue bonds or otherwise lend its credit in any amount not to exceed fifty per cent of the assessed valuation of the real property in such district or territory.

Provided, further, that where a county, district or other political subdivision has issued bonds for improvements for the purposes named in this Section, the Legislature may authorize the levy and collection of taxes for the maintenance of such improvements, not to exceed fifty cents on the hundred dollars valuation in any one year.

Section 2. The foregoing amendment of Section 52 of Article 3, of the Constitution of Texas, shall be submitted to the qualified electors of this State for adoption or rejection, at a special election hereby ordered for the fourth Saturday in July, A. D. 1915, the same being the 24th day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment of Section 52 of Article 3, of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other public improvements, and for taxes therefor." All voters on this proposed amendment at said election who are against its adoption shall have printed or written on their ballots the following: "Against the amendment of Section 52 of Article 3 of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other improvements, and for taxes therefor."

Section 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.

SENATE JOINT RESOLUTION No. 3. A proposed amendment to the Constitution of the State of Texas, amending Article 5, Section 2 of the Constitution of said State, so as to provide that the Supreme Court of this State shall consist of a Chief Justice and four Associate Justices, describe their qualifications, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, of Article 5 of the Constitution of the State of Texas be so amended so as to hereafter read as follows:

Section 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State, and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and Judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected, and qualified, and shall each receive an annual salary of five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall, when elected, hold said office for four years and one of whom, when elected, shall hold office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not said Constitution amendments will be adopted, and have the same published, as required by the Constitution and the laws of this State. Said election shall be held on the fourth Saturday in July, 1915, and the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as necessary, is hereby appropriated from any fund in the State Treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

Section 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State, and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and Judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected, and qualified, and shall each receive an annual salary of five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall, when elected, hold said office for four years and one of whom, when elected, shall hold office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not said Constitution amendments will be adopted, and have the same published, as required by the Constitution and the laws of this State. Said election shall be held on the fourth Saturday in July, 1915, and the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as necessary, is hereby appropriated from any fund in the State Treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

HOUSE JOINT RESOLUTION No. 9. A joint resolution to amend Article 7 of the Constitution of the State of Texas, by adding thereto Section 3b, authorizing the Legislature to provide by law for the creation of a students' loan fund in each county in connection with the public schools thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as section 3b, which shall read and be as follows, to-wit:

Section 3b. The Commissioners' Court of each county in this State shall have the power, and is hereby authorized, when a majority of the qualified voters of such county shall vote to create such fund, to create a fund to be known as a "Students' Loan Fund," for the purpose of enabling students of the public free schools of said county to borrow money to be used in their education for the purpose of graduating from the county public schools and after graduation to continue their education in any higher State institution of learning, such fund to be created and administered by the Commissioners' Court of each county as may be provided by law.

Section 2. And the Legislature may authorize an additional ad valorem tax to be levied and collected within such county for the purpose of raising said students' loan fund, said tax not to exceed in any one year one cent (1c) on the one hundred dollars (\$100.00) valuation of the property subject to taxation in each county; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such tax. Provided, that if the tax is adopted, after it has been enforced for two years, an election may be held, on the order of the commissioners' court to determine whether or not said tax shall be repealed; and provided further, that it shall be the duty of the Commissioners' Court to order such election upon a petition so to do by twenty-five per cent of the qualified tax paying voters of the county.

Section 3. The Legislature shall pass the necessary laws carrying into effect this provision of the Constitution.

Section 4. That the above and foregoing proposed amendment shall be duly published once a week for four weeks, commencing at least three (3) months before a special election to be held for the purpose of voting upon such proposed amendment, on the fourth Saturday in July, 1915, in one weekly newspaper of each county in the State of Texas, in which such newspaper may be published. And the Governor shall, and he is hereby directed, to issue the necessary proclamation for the submission of this proposed amendment to the qualified electors for members of the Legislature. At such election all persons favoring such amendment shall have printed or printed on their ballots the words "For the amendment to Section 3 of Article 7 of the Constitution, adding thereto Section 3b, authorizing the Commissioners' Court to create a Students' Loan Fund," and those opposed thereto shall have written or printed on their ballots the words, "Against the Amendment to Section 3, of Article 7 of the Constitution, adding thereto Section 3b, authorizing the Commissioners' Court to create a Students' Loan Fund."

Section 5. That \$5,000.00, or so much thereof as may be necessary, be and the same is hereby appropriated out of any money in the Treasury not otherwise appropriated, to defray the expenses of advertising and holding the election provided for above.

SENATE JOINT RESOLUTION No. 3. A proposed amendment to the Constitution of the State of Texas, amending Article 5, Section 2 of the Constitution of said State, so as to provide that the Supreme Court of this State shall consist of a Chief Justice and four Associate Justices, describe their qualifications, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, of Article 5 of the Constitution of the State of Texas be so amended so as to hereafter read as follows:

Section 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State, and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and Judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected, and qualified, and shall each receive an annual salary of five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall, when elected, hold said office for four years and one of whom, when elected, shall hold office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not said Constitution amendments will be adopted, and have the same published, as required by the Constitution and the laws of this State. Said election shall be held on the fourth Saturday in July, 1915, and the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as necessary, is hereby appropriated from any fund in the State Treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

A Letter From County Attorney Wade, To The Sentinel:—

Having had numerous letters and inquiries in regard to the catching of fish with nets and seines from the public fresh waters of the State. I am taking the liberty of your paper to give the people my views in regard to the provisions of the various statutes now in effect in Nacogdoches County concerning the game and fish laws, with particular reference to the catching of fish with seines and nets, and in regard to the provisions regarding the sale of fish taken from the fresh water streams of the county.

Under the act of 1911 it was unlawful to take or catch fish from the fresh water streams of the State by any other means than the ordinary hook and line; but the Legislature at its regular session in 1913, by Senate Bill No. 448, found on page 268 of the General Laws of the State of Texas, passed by the 33rd Legislature at its Regular Session, Chapter 135, amended the game, fish and oyster law, and article 923 of said chapter 135 is as follows:

"Article 923. It shall be unlawful for any person to take or catch any fish in the public fresh waters, rivers, creeks, lakes, bayous, pools, lagoons or tanks of this State by any other means than by the ordinary hook and line or trout line, or by set or drag net, or seine the meshes of any part of which are less than three inches square, or trammel net, the meshes of any part of which are less than four inches square or by a minnow seine of no more than twenty feet in length, and it shall be unlawful for any person to place in the public fresh water river, creeks, bayous, pools, lagoons, or tanks of this State any net or other device or trap for taking or catching fish other than a set net or drag net or seine, the meshes of which are less than four inches square. Any person violating any provision of this section shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined in any sum not less than twenty-five nor more than one hundred dollars.

All fresh water streams or bayous emptying into the tidal waters of this state are, for the purpose of this Act, hereby declared fresh water streams to their mouths."

Article 907 of said Chapter 135 is as follows:

Article 907—Catching of same by poison, dynamite, etc. prohibited. "The catching, taking or killing of fish, green turtle or terrapin in any of the salt waters or fresh waters, lakes or streams in the State by poison, lime, dynamite, nitro-glycerine, giant powder or other explosives, is hereby prohibited; and any person offending against this article, shall be

Mrs. JULIA A. DOSS, of Paris, Texas, says: "I was in bad health, was suffering from weak and nervous spells, and tried several kinds of medicines but got no relief until I took 'Favorite Prescription.' I found that it did me more good than anything I ever took. It cured me."

deemed guilty of a misdemeanor, and upon conviction, shall be fined not less than twenty-five dollars nor more than two hundred dollars, and by confinement in the county jail not less than thirty nor more than ninety days."

From the two above quoted Articles it is a violation of the law to use any character of explosives, and to use any character of net or seine except that it have meshes four inches square, for the latter part of Article 923 makes it unlawful to place any other device in the waters of the State.

The said Acts of the 33rd legislature also provide that all fishermen taking or catching fish for market shall take out a license from the game, fish and oyster Commissioner, or one of his deputies, for which there is charged a fee of one dollar, and that every person selling fish under said license shall pay to the game, fish and oyster Commissioner a commission of twenty cents per hundred pounds on all fish sold. These license with all necessary information can be had from Will W. Wood, game, fish and oyster Commissioner, Austin, Texas, and I advise all who contemplate catching fish for the market to at once communicate with him and get the necessary license, which will only cost the small fee of \$1.00 and save yourself from prosecution.

Very Respectfully,
W. A. Wade,
County Attorney.

Drowned in a Bucket
From Friday's Daily:

A most shocking and distressful accident was the drowning, Wednesday evening, about 5 o'clock, of the dear and only little child of Mr. and Mrs. Carl Peterson, at their home on Fredonia hill. It was their darling daughter, Louise, aged eleven months.

The mother had occasion to go out into the garden a few moments. She guarded all dangers as she supposed, but the little tot reached a candy bucket on the floor containing a few inches depth of water, and when Mama returned she found Louise dead in this bucket, head downward. Burial was to be at Gravelly this afternoon.

Mrs. M. J. Fountain of San Augustine, who is on her way to Dallas to make her home, is visiting her son Dee Brown and family. Mrs. Fountain and their sisters, Mrs. J. A. Pirtle, Mrs. Nannie Matthews, Mrs. Bob Shaden have enjoyed a reunion for the first time in seven years.

They had much to tell each other and the meeting was a most pleasant one.

Wm. S. Patton Dead.

From Monday's Daily:

The news of the death of William S. Patton was a great shock to this community. He lived so long in this county, and was so well known that the interest is more than usual.

For about ten years past he has resided at Woodville, and had charge of a telephone business there under the E. C. Branch system, which recently sold out.

He was taken suddenly and violently ill last Saturday night about 12 o'clock, and there was no one else at the house where he was staying. So he went to a near neighbor's house for help, and died at once on the front porch. The cause of his death was heart disease.

Mr. Patton was born in this county about 62 years ago, and spent most of his life here. His parents were Moses L. Patton and Susan Buford, both being prominent pioneer people who came to Texas away back in the thirties. He has one brother, C. C. Patton, and one sister, Mrs. Forsyth, living in the original old family neighborhood, out towards Melrose, and he is survived by other relatives.

He attended the law school at the University of Virginia and returning home, he practiced law here some years, serving one term as county attorney. He was afterwards employed in the Wettermark bank, and later in the Commercial National bank, and afterwards he embarked in the telephone business with E. C. Branch, who was his devoted friend to the last.

Mr. Patton was twice married, the first time to Miss Beulah Reid, the second time to Miss Bixley. He is survived by one son, Orland Patton, who has always lived with Mr. and Mrs. E. C. Branch.

Orland and Mr. Branch came from their home in San Antonio to attend the funeral, which was held here today by the K. P. lodge, with Rev. A. J. Holt and Rev. C. A. Westbrook. His remains were brought up Sunday from Woodville, and carried to the home of K. P. Branch, from which the funeral was held. There was a large attendance of sympathizing friends, and a profusion of floral tribute.

Will Patton was noted for his sterling honesty and steadfast integrity.

The Sentinel expresses the common sentiment of general sympathy with the bereaved relatives and friends.

Charley Popp has returned from his extensive travels. That's the way they do. They come back.

Non-Stop Service

You can imagine what it means to run a natural gas plant, pumping gas to four or five towns for their light, heating, cooking, etc. Those towns absolutely depend upon the continuance of the service.

Should a breakdown occur they would be in darkness and cold, with little or no means available for relief.

Of course the machinery of such a plant is of the very best, but the operation of that machinery depends quite largely upon the lubricating oil used.

A poor lubricating oil, by allowing the cylinders of the engines to score, might cripple such a plant for days and even weeks.

TEXACO LUBRICANTS

are particularly successful under such requirements of service. They have performed in these non-stop service plants in such a way that the results are hardly to be credited.

Useless Noise.

Dallas, Texas, May 5.—Members of the Dallas Automobile Club have come to the conclusion that unnecessary noises, whether automobile, trolley or dray be the producer, must be banned in Dallas, and steps are under way to make the Texas city a quieter one, not only at night when folk are expected to desire sleep, but in the day time when downtown Dallas is trying to concentrate on its work. The same steps have been taken in many other larger cities, which first were rather proud of the noise of their thousands of vehicles, as they once were proud of the wasted carbon that poured through factory smokestacks. The realization has come that as black smoke from chimneys means waste of fuel, so unnecessary noise means wear and tear on brain material. A committee has been appointed by the club to devise a plan to eliminate the useless noises.

The San Augustine Tribune, over here in the rich red lands of East Texas says this:

John H. Collins, who is living with his son T. E. Collins about ten miles west of town, is spending a few days with old friends here this week. Mr. Collins is one of the early settlers of this

community, having voted in this place for 60 years. He is now 93 years old, yet so well preserved and spry is he that you would not read his age to be more than 60. The years have rested very lightly on him, and we hope they will continue to deal gently with him. He is very cheerful and companionable and to know him is to like him.

Texas Medical Association.

Fort Worth, Texas, May 6.—With the election of officers and the selection of the next meeting place this morning, the annual state convention of the Texas Medical Association came to a close today. The social features were concluded last night with a cabaret dinner for 1200. It was held in the coliseum. Dr. G. H. Moody of San Antonio, was selected president and Dr. J. M. Inge, of Denton, president-elect. Galveston was selected this afternoon as the 1916 meeting place of the doctors. There was no opposition.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. That Hungry Look.

A preacher, at the close of one his sermons said, "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, arose to his feet. The preacher seated them and said: "Now, every man not paying his debts, stand up." The exception, a careworn, hungry looking individual, clothed in last summer suit, slowly assumed a perpendicular position. "How is it, my friend," asked the minister, "you are only man not able to meet his obligations?" "I run a newspaper," he answered meekly, "and the brethren here who stood up, are my subscribers."

Quack Doctors.

Another crusade, practically national in its scope, has been started against quack doctors, and is to be pushed vigorously. And it should be. There is no class of human vultures in the world to compare with the fake doctor, who makes extravagant offers to men and women broken in health, and who knows that he has nothing to offer such victims. To our mind this is the lowest character of thievery.—Anderson County Herald.

The Moon.

The moon gets full, and men don't care; it isn't charged with sordid sin; there is no stella cop up there, to run the jingled moonlets in. The organ of the Milky Way has no reporter flip, to write, and in police court diction say, "The moon was full again last night." What though the moon at every chance, falls off celestial water carts? It fills the night world with romance and freshens up our jaded hearts. Beneath the moon the lovers walk, and pour their vows in happy ears; the sun will never hear such talk, though it may shine a million years. Beneath the moon the old men dream of bygone struggles, loves and cares; in all the years no solar gleam will stir up tender thoughts like theirs. The day time landmarks disappear when Luna her effulgence sends; beneath the moon one seems to hear the voices of his long dead friends. The ghostly shadows float and play like elves in an enchanted land, and worldly things seem far away, and mystic things seem close at hand. And so I love the moonlit night, when every glade has fairy rings; for I've grown weary of the fight that every garish morning brings.—Walt Mason.

Old First Capitol

Governor James E. Ferguson has suggested that the Legislature appropriate money for the purchase and improvement of the site of the first Capitol of Texas—that proper recognition may be shown for our historic past. Representative Sam Low and other good citizens of Washington County interested him in the proposition and very properly indeed has he called the attention of the Legislature to the propriety of taking action which will mean that proper consideration be shown one of the great landmarks of Texas independence.

Great are our people. Greater has been the history of our State. Those various emblems of the historic past, those battlefields and shrines of liberty. We should respect, we should provide for.

In the heart of Washington County will be found one of those places entitled to our greatest consideration—yet but for the thought of a few school children it would have been neglected. It is not too late to make amends for our omissions of the past. Let us follow the suggestion of Governor Ferguson in this matter. We will believe that our Legislature will be glad to do so.—Austin Statesman.

Corn is Good.

There is a stalk of corn in Thomas & Richardson's show window today attracting attention. It was raised by our colored farmer John Baling and is of remarkable growth it is a good representation of the average corn raised in this section.

Poor Old John

John Barleycorn, the swaggering, just now is badly staggering beneath repeated blows; for kings say "He is ruinous; doggast the stuff he's brewin' us," and biff him off the nose. The kings, alert and vigorous, are taking measures rigorous to swat old John again; "He's worse than guns and sabres are," remark the kings, "his labors are addressed to downing men. Out where our flags are shimmering the bottle must go glimmering, it makes the soldiers rude; it spoils the ardent warrior, and nothing could be sorrier than fighting men half stewed." Thus speak the Lord's anointed ones, and they are the appointed ones their people's weal to guard; they see that John, the lecherous, is vicious, mean and treacherous, and so they soak him hard. And it, in Europe's villages, old John, who slays and pillages, runs up against a frost, the war, with all its slaughtering that leaves the nations tottering, is well worth what it cost.

A Happy Family Accidentally Reunited

"Grandma" Barron, an aged and universally loved lady who lives on Shelbyville street, has been in feeble health for several days and her children, residing in different portions of this section, were apprised of her condition resulting in an accidental reunion of the entire family here last week. Grandma Barron has six children living the youngest being forty-two years of age, and it was a very happy reunion when they all met here by chance a few days ago around the parental hearthstone. The joy of the occasion was almost a shock to the aged and devoted mother, but the satisfaction thus afforded her weakened and discouraged spirits acted as a panacea on the reaction and she is now greatly revived and more hopeful.

Those present were two daughters, Mrs. Cook from Lufkin and Mrs. Martin of Shreveport, and sons, J. P. Barron of Joaquin, W. G. Barron of Nacogdoches, and E. H. Barron of this city.—Center Optimist.

Tuberculin is a vaccine. A vaccine is the portion of the microbes concerned in the origin of the malady. Noted Lecturer to Speak Here Friday.

Tom Richardson, a man of national fame as a promoter and builder; accompanied by Adolt Boldt, president of the Houston Chamber of Commerce, and Col. H. M. Mayo, Industrial Agent of the Southern Pacific Co.; will arrive in the city Friday afternoon, at 2:30 o'clock, from Beaumont. Mr. Richardson will make his first address to the school children at the High School auditorium at 3 o'clock, just after his arrival. Special invitation extended to the public. The ladies of the city should make special effort to be present. Both Mr. Richardson and Mr. Boldt will address our citizens again at 6:15 o'clock in the District Court Room. Every body invited, both ladies and gentlemen. Note the hour set, to not conflict with the Methodist meeting.

The importance of this visit can not be overestimated. It is a special honor bestowed upon our town, a favor to Nacogdoches, and the people should show full appreciation by every possible method. These gentlemen are men of active ability and great note.

Judge George F. Fuller, of Martinsville, was in town attending a meeting of the Nacogdoches County Board of Education. He is a veteran member, and this is a very important function. He told the Sentinel about it. One matter recited is that up in the section beyond Sacl and Cushing the Rusk County line runs along on the east side of the Angelina river, and takes in quite a number of scholars living in this strip, that attend schools in Nacogdoches County, but get no Rusk County school money.

A Retail Merchants Association in Lufkin is a step ahead of Nacogdoches. It is reputed to be giving great satisfaction to the town in a general way. It means co-operation, and much more. It is used in all up-to-date towns. It is used to head off fraudulent buyers and dead beats, by reporting and recording or by information to the central office. Such an organization legitimately used is a safeguard. It stands in the way of imposters, and warns them to keep straight.

Bull Calf Brings A Record Price.

What we believe to be the highest price ever paid for a two months old bull calf was handed over by Earl Morrison of Colorado to Thos. Largent of this place the 21st inst. (from Nacogdoches.)

The consideration was the neat sum of \$750.00 and the Hereford white-faced beauty then lacked one day of having attained two months growth. According to information we have been able get this price probably stands as the highest ever paid in this State for a calf, if not a top price for any such sale ever made in the United States. If there has ever been a similar transaction where the cash consideration was greater the Mail would be pleased to have it brought to our attention.—The Merkel Mail.

Good Roads Convention

County Judge W. H. Ward of Harris county is making a strong pull for a good roads convention to be held in Houston, May 26 and 27. He has addressed circular letters to many other county judges and to the press of the state, asking their influence and co-operation. The cause is meritorious and the move should meet with general approbation. Special rates for the occasion will probably be made by the railroads. Everybody ought to go.

The Texas legislature got busy with half a dozen resolutions about the Germans destroying the big English ship Lusitania, with all her precious lives and goods, including many Americans. The conservatives predominated, but the hot heads were noisy.

It would seem to any one who knows, that German had given the world warning of danger, and that the Lusitania disregarded all warnings and dared to take the chances, just as any ship takes chances on dangers at sea. Heedlessness is voluntary. The same doctrines apply to Americans who dare the dangers in Mexico. If they lose out they have to blame themselves. But would it not be humane if Germany would arrest and imprison the guilty and hold the booty as they properly do in land engagements? Why not? Contraband goods are confiscated on land and prisoners are taken. Why not on water?

Commencement

School closes this month and every student is busy with the details of the last work and pleasures which always accompany the closing days.

Under the direction and help of the teachers, the exercises promise to be more interesting and elaborate than ever.

Many new features have been planned, one of which is Carnival Day to take place May 24th, its beauty and success depending on the originality of the students. A queen will be elected today and she will appoint her king and subjects to attend on the float in parade. Other floats of unique idea will be part of the pageant which will be beautiful in the May hour.

Every citizen has an interest, and the school closing this 1915 promises to attract the largest crowd yet to respond.

The Choral club, which is a new musical organization for the city, which the Symphony club is the promoter, will have the first meeting at the home of Mrs. I. L. Sturdevant's on Tuesday afternoon.

The choruses have come and if any member desires a copy before the meeting tomorrow afternoon they can obtain them from Mrs. Tom Summers. This club will be a source of great pleasure and study for the members and the city will no doubt enjoy the result in the musical numbers. There is large membership.

Dick Doughtie and wife and little seven year old son, Dick, and three year old daughter, Elizabeth, arrived today on the 11:55 train, from Helena, Ark., their home town. R. T. Doughtie is secretary, treasurer and general manager of the New Southern Cotton Oil Co. at Helena, Ark.

Nacogdoches friends will be interested to know of a recent communication to friends here from Carl Wettermark. His address at that time was Utah and he was touring America.

Queen Elected.

Miss Eleanor Thomas was largely elected Queen of the Carnival Day for the High school. Miss Eleanor is a senior, a sweet girl graduate and this honor conferred upon her by her fellow students could not have been given to a more appreciative candidate or one who will more gracefully or with more dignity be their Queen.

The election was certainly a hotly contested one, and feeling ran high, as it will in political elections. Excitement almost the tragical point.

The returns were given every five minutes and resulted in 2841 votes for the winner, 2100 for Miss Mamie Middlebrook and 733 for Miss Minnie Lee Barham.

Judge V. E. Middlebrook, Mrs. Middlebrook and Mrs. Farmer went down to Houston Saturday on the afternoon train. Judge Middlebrook and wife will spend a day or two there. Mrs. Farmer will go on to Richmond, Texas, where she resides. She has been visiting in Oklahoma, and stopped off here on her return. She is the mother of the Mr. Farmer who married Miss Lorena Middlebrook and who lives in Richmond, Texas.

KIDNEY TROUBLE CAUSES INTENSE SUFFERING

Sixteen years ago I was taken sick with kidney trouble and suffered terribly for three months. I did not work during this time and was mostly confined to the bed. After using other remedies I finally tried a bottle of Swamp-Root. I immediately began to feel better, and after using seven fifty-cent bottles, was entirely cured and have had no kidney trouble since. I can truly say that I owe my good health to Swamp-Root. You may publish this letter for the benefit of other people afflicted as I was with the hope of bringing to their attention this most wonderful remedy.

Yours very truly,
HATTIE A. QUIMBY,

ANNOUNCEMENT.

To the farmers and truck raisers of the county:

I desire to announce that I have established a produce and brokerage business and am now prepared to handle all kinds of poultry, eggs etc. and will pay the highest market prices for the same. I will also purchase all your blackeyed peas and can assure you of a good market for the same. Will be in the market for peanuts for which I will pay the best market prices.

To those who desire to consign stuff and ship in large quantities. I desire to say that I have made a gilt-edge bond which may be examined at the Stone Fort Bank and which guarantees my responsibility to those who consign their stuff through my hands. I am making arrangements for marketing facilities for peaches and melons and expect to be able to handle both at the best prices. I am located on Main street, the first door east of A. G. Gatlin's store formerly G. H. King's store. Before entering this business I have been connected with the H. E. & W. T. Ry. Co. in the capacity of warehouse foreman the past three and a half years, and am no stranger here and I want every farmer in the county to call and see me, as I feel that it will be to both our interests.

Very truly yours,
J. M. GREEN.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Your Friend Poverty Is No Barrier You Can Succeed

The one thing absolutely necessary to success is the rugged determination that makes a fellow grit his teeth, clinch his fist, and say "I can because I will!" Your place in the world depends not upon circumstances, but upon you. Whether or not you will attain a high position in the work of your choice; whether you will give orders or only take them; whether your pay will be "wages" or "salary" all this depends upon your determination. First, last, and all the time, he wins that turns a resolute face to the grim old world, and answers its challenge with an unflinching "I can succeed." Every man that wills it can be a success.

The supply of "average" workmen is usually greater than the demand. That is why the unskilled live so often in dread of idleness, with its specters of humiliation and discouragement. The market for untrained help grows narrower with every invention of a labor saving machine, and with every "examination" safeguard adopted by states or employers. The demand of today is for trained men—men qualified to answer satisfactorily the world's unavoidable "What Can You Do?" Every busy business office demands the keeping of books, the handling of cotton, the filling in of contracts and other legal documents, shorthand, type-writing, or the operating of a telegraph key. Young man, young woman, can you do these things for which the business world offers to pay handsomely? Say to yourself, "I can succeed, I will succeed," and write for catalog today, asking for credit plan if necessary. State confidentially your financial condition, and the course you are interested in. Make the start. Do it now. Tyler Commercial College, Tyler, Texas, America's business training university.

Use the mails and phone to save time. And let your drugs, etc., come by mail. Stripling, Haselwood & Co.

Card of Thanks

While our hearts are made sad on the loss of mother, Mrs. Sallie Hatcher, we take this method of especially thanking each one that so kindly and nobly assisted us during sickness. We are sure no truer or better people could be found any where than we have met in Nacogdoches and we especially thank Dr. Ford for the kindness he has shown us. And we pray God's blessings to rest on each one of you and when we come to meet in the mystic gloom where death awaits us all may each of us be able to look up and see one bending over us like unto the Son of man. May God bless you all. Yours in the Beloved,
Mr. and Mrs. W. F. Nash and Family.

Inexcusable and Cruel.

Washington, May 10.—Speculation as to what the United States probably would do as a protest against the torpedoing of the Lusitania with the loss of more than a hundred American lives, developed among officials and diplomats today the general opinion that President Wilson would express in the policy he pursues a denunciation of the act as inexcusable under the law of nation and humanity. The extent of his action—whether it would go beyond an emphatically phrased note to an actual severance of diplomatic relations with Germany—still was undetermined.

Joe Bailey received a lot of free advertising because he announced that he would not be a candidate for the United States Senate. And, he needed it too—a large per cent of Texas people had almost forgotten about him.—Jacksonville Progress.

Junior Literary Society Picnic.

On Saturday afternoon, May 8, Mrs. Hall carried the Junior Literary Society to Rose Lake for a little picnic. Two wagons were filled brimming full of children and lunches.

Such a jolly crowd laughing singing and yelling for the J. L. S. that they have been able to hold together for the past three years.

Quite a pleasant time was spent playing games, swinging in the pavillion, making pictures and other amusements. Some of the boys carried their bathing suits and went in swimming.

At five o'clock the bacon was broiled, the lemonade made, and the supper spread. So many goodies of sandwiches, stuffed eggs, pickles pies, cakes, and other dainties you never saw.

At six the wagons were reloaded and the jolly ride home began.

In behalf of the Society we, the secretary and president, wish to thank Mr. J. Thomas Hall for the invitation to come to his lake for our picnic.

Miss Era Petty returned Wednesday from Houston and other points on the coast where she has been visiting and enjoying the gulf breeze. She is accompanied by Miss Hassie Owens who will be her guest for some weeks.

But we don't hear much from Mexico now. No news is good news. One of Villa's generals has joined Carranza and carried over a state and its forces. Gen. Huerta is wanting in again, but they don't want him.

China yielded to the demands of Japan, rather than go to war. Sensible action. Yellow jackets are dangerous foes, any where. They are good when not molested—good to themselves.

We are old and have had many troubles but most of them never happened.—Ex.

The Trotting and Saddle Stallion

Edgemont Ideal 38598

Record 2.15 1-4. Trial 2.08.

The breeding of Edgemont is the sort that delights the student of blood lines. His sire, the sensational young Stallion Beau Ideal 2.15 1-4, was a fast race horse and a grand show horse, winning everything at National horse show, New York, in 1904. Dare Devil 2.09 1-4, his grandsire, and Mambrino King, his great grandsire, both won everything before them at National horse.

Edgemont Ideal won three year old class and second in grand championship class at National show. He has also shown in six saddle rings and never been defeated. The above stallion is without doubt one of the hand-somest horses in the country and good judges pronounce him an improvement on his sire.

Edgemont Ideal is making the season of 1915 at the Fair Grounds, Nacogdoches, Tex., at the reduced rate of \$25.00 with return privilege.

May Amend Normal Bill

The bill as passed by the last Legislature provided that the committee to select the locations for these normals shall be composed of the governor, lieutenant governor, attorney general and two citizens to be appointed by the Supreme Court; the court declined to act and the Legislature was today so advised. Danger to Children

Serious illness often result from lingering coughs and colds. The hacking and coughing and disturbed sleep rack a child's body and the poisons weaken the system, so that disease cannot be thrown off. Texas School Apportionment

Austin, Tex., May 4.—A state per capita, apportionment of 50c for public schools for May was announced today by State Superintendent W. F. Doughty. This amount brings the per capita apportionment up to \$6.50 for the year. The state board of education last August fixed the per capita apportionment for the year at \$8, which apportionment exceeded that of the previous year by \$1. There is due yet and unpaid for the present scholastic year \$1.50, and on account of slow collections the state will, in all probability, not be able to make final payment before Sept. 1.

Insect Remedies

To Sentinel:

Owing to the number of inquiries coming in to the Station in regard to the damage being done to Cape Jasmynes by White Fly and also damage to Irish potatoes, tomatoes by the Colorado beetle, and to melons by the cucumber beetle, it might be advisable to publish again through the means of your paper the formula for the various sprays that will control the ravages of these pests.

For White Fly.

Kerosene Emulsion, made by taking one pound of good laundry soap, dissolve in one gallon of water and when it reaches the boiling point, take from the fire add 2 gallons of kerosene, after mixing add 10 gallons of water, and spray upon plants affected with the white fly.

Colorado Beetle

One even tablespoon of Paris Green mixed with 2 gallons of slack lime, mix well and shake over plants, repeat after rains. This is for potatoes. For tomatoes the same amount of Paris green mixed with 2 gallons of sifted wood ashes, or if a solution is preferred 1 pound of Paris green to 100 gallons of water.

Cucumber Beetle

Shake upon the Melon plants either slacked lime wood ashes, or tobacco dust. Tobacco dust is used it should be applied when the plants are damp with dew or rain.

Cut Worms

Make a mixture of Paris green, corn meal and enough syrup to make a sticky paste, and place on the ground at the bottom of the plant. Do not place this mixture on the plants.

Bordeaux Mixture

To prevent diseases and increase the yield of fruit on tomatoes and melons spray the plants or vines with this mixture. It is made by dissolving 1 pound of quick lime in 1 gallon of water. Then take another vessel and dissolve one pound of copper sulphate (blue stone) in one gallon of water. Mix the two mixtures together in a third vessel and add 12 gallons of water and apply to plants with a spray pump.

Rheumatism Yields Quickly to Sloan's.

You can't prevent an attack of Rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c. of any Druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. 2

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Attovac Lumber Company.

The item in yesterday's Daily Sentinel about the decision of the big law suit in the federal court at Tyler might be explained further thus: This Lumber Co. is an incorporation, operating a big mill plant at Maytown, 12 miles north of Nacogdoches headed by the Carters of Houston, and it had gone into the hands of a receiver. The creditors brought suit and when they met in Tyler they decided and agreed with the opposition, all hands in order to stop the litigation, to have the court decide the question of jurisdiction, and in case it was pro or con they would all take certain courses which were definitely agreed upon. The result is now that the receivership is continued and the litigation ended.

SYMPTOMS

Slight Symptoms Sometimes Provoke Serious Results.

Do you feel tired, have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so, you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very badly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV-VER-LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV-VER-LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Stripling Haselwood & Co.

AFTER SUFFERING TWO LONG YEARS

Mrs. Aselin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it we got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASELIN, 606 Fourth Avenue, Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine, why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

There was a big suit ended in the federal court at Tyler yesterday. The Armour Packing Co., the Swift Packing Co., and the Cudayhy Packing Co., brought action to place the Attoyac Lumber Co., in bankruptcy, filing suit in the federal court at Tyler. The plaintiffs lost out on jurisdiction. The suit should have been filed in Houston, and now it is too late. So the Lumber Co., is not a bankrupt.

J. C. Harris and S. W. Blount were attorneys for defendant. They will return from Tyler today.

The agreement among the business houses of town to close at 6 p. m. and let the clerks out, and to keep open Saturday night for public convenience, is a most plausible move. Nobody will be hurt by it and many will be pleased.

"TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for tender, puffed-up, burning, calloused feet and corns.

"Ah! Boys, 'TIZ' is the thing!"

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ," and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25 cent box of "TIZ" now from any druggist, department or general store. Just think! A whole year's foot comfort for only 25 cents.

How Came Melrose?

In the year 1841, Dr. T. J. Johnson came here, a small place on the old San Antonio road where a few log cabins had been built by the early settlers. His practice began at once there being so much sickness all over the new country. Horseback was his mode of travel, which extended over Nacogdoches and into Rusk, Shelby, San Augustine, Angelina counties. He was a poor young man with nothing but his horse and a big generous heart in his body, and only a few clothes to wear. His pants were made of bed ticking, his home was with Bartlett Hall, the father of B. M. Hall of Nacogdoches. At times he borrowed clothes from Mr. Hall to wear. This great big hearted man was the founder of the small place with the log cabin's, which is now known as Melrose. He gave it that name from an old Abbey in Scotland. He came in the colonizing days, getting a patent on a section of land containing 640 acres. The good Lord says, give to me and I will doubly repay you and he gave him tribute. He donated land for the Methodist and Baptist churches with a wide alley from each church to the main thoroughfare also a lot for the Methodist parsonage. At his death, a wealthy man, he willed another plot of ground to both the churches in front of them. After moving here in spring of 41 he married Miss Amanda Engledow that fall—taking his wife up behind him on his faithful horse he carried her to his cabin home with no window, and only a dirt floor, cooking, eating and sleeping in the same room, as happy as could be. After some time his wife asked him to have a window sawed out which he did, making the shutter with boards. Then he had men to split puncheons and made a floor in the cabin, as his wife said, now we have a mansion. Oh for the old time good happy women that were contented with the best their husband's could do for them.

In 1848 my father, Maj. Black Hardeman bought one of the log cabins from Dr. Johnson with his wife and two children, built a storehouse in front of his cabin, went into the mercantile business which lasted almost his life time. Mr. Short had a gunsmith shop in the building. Creed Engledow kept a family grocery near by, on the other hill, by Dr. Johnson's cabin. He kept a store in partnership with William Swift. A. P. Stevens lived on the Spanish Spring branch with a small store. In 58 Dr. Johnson died and Dr. R. Leak bought one of the cabins from Mrs. Johnson and moved here as our physician. He added a drug store which completed the business houses of Melrose. The widow Barret, mother of L. T. Barret, moved here from San Augustine and lived on the hill beyond Melrose. They were of an aristocratic family and added very much to pleasure and make up of Melrose. The log school house, that stood near my father's store house was

where our Editor Dr. Mayfield Martha Pack, Angelina Thomas, Leona Mast, Bunch, Emma and Angie Hardeman, Anderson and Emaline Khing with many others too numerous to mention, were in school at the time the cyclone in 1854 swept over Melrose carrying destruction in its path. This little burg grew until it could compete with any village in Texas.

They built nice homes new churches, enlarged the schools, society was good, the people courageous and enthused over every thing for the advancement of the country. They had big barbecues, parties, school entertainments that the people attended from every where, going home well paid for their trip ready to come again up to the time of the civil war, nothing was too hard a task for the Melrose people to undertake but the cruel war left us broken up financially our fathers and brothers came home from the war and struggled heroically to make back what they had lost years passed on, the dear ones began to leave us, one by one until now only a few remain, the homes and churches stand just the same, the paths and by ways just the same but the dear feet that have trodden them long years ago will never walk that way again. Let us meet them in the sweet beyond where no parting ever comes.

People's Trust Company. The People's Trust Company was organized at Dallas about two and a half years ago, under the direction of T. H. Neese, who lived here six or eight years ago, and promoted the Farmers and Merchants States Bank. This Trust Company has a Capital Stock of \$200,000, and a surplus of \$100,000. It had an office in Dallas, but it has recently been removed to Nacogdoches. Geo. W. Cavin is president and his daughter, Miss Lillian is Secretary etc. The office is in the Blount Building, where Mr. Cavin has had his lumber office.

This Company is chartered for general financial business without banking privileges. This is a good opening for such a business, as it occupies the vacant territory between Beaumont and Dallas. Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. Insurance Bill. Austin, May 5.—Hearings on the insurance bill will be held the rest of the week and the bill probably will be reported to the house Saturday morning. Snyder Carlton of the Great Southern Life at Houston, was heard this afternoon in opposition to the Gibson bill and when he concluded the committee recess until 8:30 when amendments were offered by McAskill relating to this character of securities in which insurance companies are to invest.

Mrs. McMillan of Prairie Grove was a shopper in the city Monday.

I. J. Roberts Buried.

The remains of I. J. Roberts, whose death has heretofore been announced in the Sentinel, arrived here Wednesday at 1 a. m. and the funeral was held from the residence of his brother, E. M. Roberts, on North street, at 3:30 p. m. The funeral was conducted by Methodist ministers, one being the pastor of Grace church at Dallas, another the presiding elder of this district, the two others, the pastors of the Jacksonville church and the Nacogdoches church.

There was an unusually large attendance, both at the house and at the cemetery, and a great profusion of the choicest flowers were placed upon the grave. There was no lack of evidences of general interest and deep sympathy. Every body that knew Jack Roberts knew him to be a truly good man.

He was born in San Augustine county fifty years ago. His wife was Miss Lillie Williams of Mississippi.

His death occurred at a hotel in Stamford. He was found dead upon the floor in his room on his face, as if he had just entered before dark. He had not been to bed nor turned on the light. It was decided that heart failure was the cause of his death, which was sudden and painless. He was not discovered till morning. He was away from his home in Dallas on one of his usual business trips.

His sorrowing widow came with his remains here, but she will return to Dallas today. They were boarding there. Their former home was here, where they still own a dwelling.

The Sentinel in its entire personality, extends condolence to the widow and to the many other sorrowing relatives, and in so doing only echoes the heartfelt sympathy of numerous friends in many localities.

The popular direction of travel this week is to Houston to attend the Big Baptist Convention. Some going today are Judge Geo. F. Fuller of Martinsville, Rev. A. T. Girard, Jno. G. Orton and Mrs. Weatherly of Appleby.

G. H. King Goes Out Of Business

One of the oldest business establishments in the city changed business heads Tuesday when A. G. Gatlin became sole owner and manager of the grocery business of G. H. King.

Mr. Gatlin needs no introduction to the people of this city or county. He has lived here the past fifteen years and has been associated with this present business continuously the past five years. His friends and acquaintances have always found him a "square deal" in every instance and his methods above reproach.

Mr. King the retiring merchant was a man of absolute character and it has built for him a precedence that caused an overwhelming success of his business career which covers a period of 28 years, next September, in Nacogdoches county, and fifteen years in this city.

He first occupied the Hazel building during which time E. A. Blount (deceased) built by contract for King, the building which the business now occupies, and has the past twelve years.

Mr. King's plans for the present are to enjoy life and recuperate his health which has been failing for several months. The Sentinel wishes both gentlemen success.

O. C. Mickey Dead.

Secretary Arthur Marshall of the Masonic order here was advised Monday by telegram of the death of O. C. Mickey former cigar maker of this city.

Mr. Mickey died in Hot Springs, Ark. When here he suffered greatly with asthma and it is thought this caused his death. He was about 50 years old and is survived by his wife.

He was well known here, and during his residence made many staunch friends who will grieve to learn of his death.

Fairview Clippings.

Farmers are very busy now in their crops. More is being said about feed stuff and less about cotton. What a great mistake we have been making here to fore by planting so much cotton and little, or some time, no feed stuff. We have come to our senses at last.

Our community is on a boom. We have two good Sunday schools. What a blessing they are. The things we learn at Sunday school helps us all through life.

Rev. Campbell preached at Fairview Sunday to a large crowd.

Miss Lela Smith visited relatives at Lutkin last week.

Grandma Yates passed through here enroute to her old home near Melrose, after spending the winter visiting relatives in Leggville community.

Miss Lula Rector visited Mrs. A. T. Stallings of Oak Ridge community last Sunday.

The New Groceryman

I wish to formally announce to the public that I am still before you in the same business (the grocery business) but in a different way. I now own the grocery business of G. H. King and it will be my future pleasure, as it was the past, to please you now as my customer. Thanking you for past favors and including future ones, I beg to remain,

Yours for future orders.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all dealers. dw

In the society column of Sunday's Chronicle appears the name of Miss Lois Smith of Chireno as a maid of honor to Miss Alma Barrett of Temple who was crowned May Queen on the Southwestern University Campus, Georgetown. On last Friday night, April 30, the Junior Literary Society of Mrs. Hall's room held their last social meeting for this term of school at the home of Lance Switt on Main Street.

Most of the members were present and all had such a pleasant time playing games on the beautiful lawn. After the games, quite a nice little program, was given by different members.

Then came the refreshments of cream and cake served by Lance Switt, Ruth Fouts and Ruth Bowden. Punch was served by Lucile Summers and Bessie Mintz.

The pleasure of the evening was added to greatly by the presence of Mr. and Mrs. Hall, Mr. and Mrs. Zimmerman and Miss Willie Gramling.

For a Torpid Liver

Scarborough Front.

Dear Mr. Editor: As I have not seen anything from this place, I will give an account of the happenings.

The Front consists of a grist mill and a shingle mill and will soon be prepared to saw lumber.

The farmers are busy at present, crops are very good considering the late spring. Some are not through planting cotton yet.

We had a light frost Friday night, but it did not damage the crops, think it will have an effect on society.

W. H. Pettey has sold his farm, and purchased a \$35 suit of clothes and is boarding with Rev. Rowlett at present and has purchased a fresh shave. It looks suspicious to us.

C. C. Dorsett's daughter Etta Mae spent the night with her friend Miss Lula Rowlett last Saturday night.

Miss Berdie, Manning also made a pleasant call at the Rowlett home Sunday.

Mrs. Minnie Oliver is visiting her mother Mrs. C. C. Dorsett this week.

Fieldon Myers made a flying trip to Cherokee county, Saturday.

Bro. Nash filled his regular appointment Sunday afternoon at Lone Star a large crowd was present.

Prof. R. O. Byrd of Redflat brought his class over and sang for us. We were glad to have him and his class, and hope they will come again soon.

G. B. Mosby has been busy killing snakes in his corn last week.

Floyd Harvin and S. S. Myers made a flying trip to Charity Sunday and report a nice time.

S. S. Myers fills his regular appointment at Bigenaugh every Saturday night he says it is impossible to keep a good man down.

Floyd Harvin has had a very good success with his new buggy as he carries the boys around with him.

The Traveler's Companion

Mr. Arthur L. Pierce, 2818 Sheridan Ave., St. Louis, Mo. "The curative value of Peruna is truly wonderful. I think it especially valuable as a specific for catarrh of the system, and for a man who has traveled for years as I have and who is certainly exposed to irregular meals and uncomfortable sleeping accommodations, Peruna is one of his best and most needed traveling companions. It throws off disease and keeps him well. I therefore heartily recommend it." Those who object to liquid medicines can now procure Peruna Tablets.
