Correct Time All the Time

### From Melrose.

One of the prettiest weddings of the season, occurred in Melrose, on Sunday evening June 6, in the Baptist church, when Miss Mary Matthews and Mr. Joe Risinger were united in marriage.

The church was prettily decorated with jessamines, ferns and other flowers in profusion.

At the appointed hour, Mrs. J. D. Matthews at the organ, the strains of Mendelssohn's wedding march pealed forth, and the maid of honor, Miss Ruth Weaver, gowned in pink, marched in, taking her position to the left of a beautiful floral arch. Then came the flower girls, Marguerite Smith and Rosine Barret, in dainty lingerie dresses carrying baskets of pink and white flowers. Next came the ribbon girls, Ruth Matthews and Hazel Dickinson, followed by the bride and groom, who took their places under the arch, where they were made man and wife, by Rev. A. T. Gizzard, pastor of the Baptist church in a most impressive ceremony.

Immediately after the ceremony the wedding party repaired to the home of the bride's brother, Mr. J. D. Matthews, and there the bride and groom received the congratulations of their many friends and relatives. A dainty iced course was served during the evening.

Mr. Risinger is the son of Mr. and Mrs. Jno. P. Risinger of Appleby, where he has numerous relatives and friends. Miss Mary is the second daughter of Mr. and Mrs. G. W. Matthews, was born and reared here, where her friends are legion.

Many handsome presents were received, testifying to the love and esteem, in which the couple are held.

A Guest.

Reports from the wheat region of northwest Texas are to the effect that the recent rains were very damaging. Small grain was laid flat and thus lost. This loss is almost incalculable in extent.

### A Students' Loan Fund.

One of the proposed constitutional amendments to be voted on July 24 recommends the adoption by the people of the house joint resolution offered by Representative Charles B. Metcalfe of San Angelo, allowing counties the local option right to hold elections to determine whether a students' loan fund shall be established. The effect of this amendment would be, according to a circular sent out by its author:

1. To allow the citizens of any county the local self-governing privilege to establish a perpetual public students' loan fund. It is purely a local option measure, the citizens of each county will decide for themselves at a county election as to whether or not the fund shall be established in that county.

2. Deserving students who need financial assistance to acquire an education will borrow and repay the funds; thus using and making permanent this public benefaction for those most in need.

3. Thousands of young people now without means to become educated men and women will fill the schools with paying students, whom knowledge will bless and develop into valuable citizens.

4. This benefaction will go to the needy ones who deserve assistance but are so constantly neglected and forgotten.

### Big Time Coming at Galveston.

On July 22 to August 1 there is to be a big Health convention in Galveston. Representatives from all Texas towns will be invited. Public health will be the leading question.

Also at the same time and place the annual Cotton Carnival will be in session. These functions will last an entire week, and draw a large attendance.

No trouble, fuss nor worry. Just follow directions and the "Modern Tree Killer" will do the work. Cason, Monk & Co.

### The School Superintendents Convention

The convention of the School Superintendents began here yesterday. The attendance and general interest is quite satisfactory.

One number on the program was an address at the High School Auditorium last night, Tuesday, by State Superintendent Doughty. His theme was late legislation on education.

The speaker handled his subject in a most masterly manner, and held the attention of his large audience for more than an hour.

It is not necessary for present purposes that the Sentinel should recite the substance of his address. He lauded the 34th legislature for its great educational work, saying that it could well be called the educational legislature.

Mr. Doughty emphasized the benefits and merits of the rural school law, and the compulsory education law, giving an outline of their purposes.

A notable feature of the nights meeting was vocal music by the Nacogdoches Choral Club, a musical society of young ladies. Several melodies were rendered, to the delight of the audience.

### Mrs. R. T. Weaver Dead.

Mrs. Lizzie Weaver, wife of Robert T. Weaver, died yesterday after a long spell of sickness, lasting over a year, and during which she was much of the time wholly helpless. She was born and raised in this county, the daughter of Capt. and Mrs. F. L. McKnight, who lived so long at Douglass, but moved here many years ago.

She was 53 years old.

Mrs. Weaver leaves a husband and ten children, Mrs. A. M. Inglet of this city, Mrs. Henry Horn of Dennison, William Weaver of Post, Texas, R. T. Weaver of Cedar Hill, Texas, Felix, John R., Katie, Annie, Sanders and Peyton of this city, to mourn her loss. She was a devoted wife and mother, and a lovable pure hearted woman.

Her mother survives her and she leaves five brothers and two sisters.

She lived at Dodge the past few years, but when her health failed she was brought back here for medical treatment.

She is to be buried at Decoy this afternoon.

The Sentinel extends sincere condolence to the family and relatives.

### Notice of Kennedy's Drug Store.

We take pleasure in announcing to our patrons and the general public that Dr. G. Ward Shelter is again with us for a few days only. Come to see us and have your eyes examined.

Kennedy's Drug Store. 9-w1 d tf Phone No. 20

## How's Your Pasture?

Is your pasture large enough? At the high cost of FEED you can't afford to be without a good live pasture. Turn your stock on the grass and it will save you Big Dollars. Will it pay to enlarge your pasture?

We have a big stock of wire fencing many styles and heights---and can furnish just the kind you need at a price you can easily pay.

Wire fencing is permanent improvement and it will pay you to get our prices before you buy any other kind. We hope that you will call on us. We will serve you in a satisfactory way.

## Cason, Monk & Co.

Peanut Pickers, Haying Outfits and Farm Supplies of All Kinds

### The Stone Fort Title.

At a meeting of the Cum Concilio Club held on June 3, 1915 the following resolutions were adopted by unanimous vote; Whereas the Board of Trustees of the Nacogdoches Independent School District has asked that the Club convey and give to them the lot and property situated in the north east corner of Washington Square which property is known as the Old stone Fort was built by former, and some of the present members of the Cum Concilio Club who have property rights;

And whereas citizens of Texas from all portion of the State contributed to the fund used in its construction upon the representation that it would be preserved to the memory of the valiant men and noble women of early Texas History and as an enduring monument to the courage, with which they faced the trials of turbulent pioneer days; and whereas we do not think that the building is in any way suited to the proposed use, domestic science, and fear that its use might cause many voters to fail to support the proposed bond issue, which movement has our hearty approval.

Therefore, be it resolved that the request be courteous and respectfully declined.

Resolved further that, owing to the fact that the request made of us has been given publicity, our reasons for declining be given to the public in order that the pa-

triotic citizenship might understand our position in the matter.

Mrs. W. F. Price,  
President Cum Concilio Club.  
Mrs. E. B. Williams,  
Secretary Cum Concilio Club.

To see perfectly, see Dr Shelter at Kennedy's Drug Store. Remember he comes regularly and a long list of good influential people of Nacogdoches, Crockett, Palestine, Center, Henderson, Longview, Jacksonville and many other places are using his glasses with best results.

Don't forget the name, place and dates. Dr. G. Ward Shelter at Kennedy's Drug Store. Phone No. 20. 9-w1 dtt

### Graveyard Working.

On Friday June 18 there will be a graveyard working at Fairview. Everybody come and bring tools to work with.

W. H. Alders  
A. A. Price  
S. P. Smith  
Committee.

Dr. G. Ward Shelter is again with us for three days only, June 10, 11 and 12. Come to see us and have your eyes examined. Remember he has the testimonials here in Nacogdoches and comes regularly. Don't miss this opportunity to get exactly what you need in a pair of glasses. Kennedy's Drug Store. Dates 10, 11 and 12. Phone No. 20. 9-w1-dtt

### New Potato.

One of the crops being grown by this group of farmers is the Dasheen, a new edible root which has been introduced by the United States department of agriculture in past two years. This plant is akin to the taro of the Pacific Islands, a principal food of Hawaiians, Samoans and other denizens of the Pacific. Varieties found in Japan, and have been raised in this section for a number of years by Japanese rice farmers for their own consumption. The variety described the department is known as the Trinidad, coming from the West Indian island of that name, but was probably carried there from the far east, as its Spanish name D'Chine, indicates. It is a palatable vegetable, tasting something like the Irish potato with a rather nutty flavor. It is eaten baked or candied as a vegetable, is riced and used like tapioca for puddings and pies, and the young and tender shoots are cooked like asparagus and are greatly relished. There are a number of acres around Hamshire, proving and adaptability of these farmers who are doing things in Jefferson county.—Beaumont Enterprise.

Capt. John S. Doughtie has grown this plant in his garden this year.

Come to my studio, Saturday June the 12th and get post cards at 70cts per dozen. Hiefner, Nacogdoches' Up-To-Date Photographer. 1tw

# Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILLES M. HALTOM, Manager.

From Henry C Fuller  
Dr. J. E. Mayfield  
Editor Sentinel.

Dear Friend: This is a tardy acknowledgement of the many kind remembrances you have recently shown me in the shape of the Daily Sentinel, containing write-ups of historic interest. The Indian story was especially interesting. Where did you get it? The story of Melrose and Douglass were both very good. Tom Jordan of Martinsville could furnish good material for a history of old Martinsville, and Vail Fall could handle Chireno. I think it is an excellent feature and hope every locality in Nacogdoches county will be thus written up.

Nacogdoches is rich in material of an historic character, and I often wish I had the time to go back there, collect notes and write it for posterity. It is my intention to visit my parents near Melrose about June 16. You are getting out a splendid paper, better than it has been in many a long day. In this connection I beg leave to suggest that you get a correspondent at every post-office in the county, and also at the leading "neighborhoods" such as Eden where old Whig Rogers lives, Smyrna, in the forks of the rivers, Angelina and Attoyac, Millers Mill, Nat, old Looneyville, Harmony, where Frank Johnson lives, Walnut Grove, the home of old Jim Wiggins, now asleep in the dreamless dust, the Bogg settlement, where Young Lloyd and Jim Russell live and where our mutual outlaw friend, Bud Hogan, used to raise so much sand, Union Spring, three miles north of Linn Flat, in the Helpinstell neighborhood, old Bonita on the Big Loco, where Bill Ramos and Dank Poske are the leading spirits. Do you know that nothing would please me better than to come back to Nacogdoches and just drive around visiting all those dear old places and meeting the friends I used to know? And I may do it some day.  
Sincerely,  
Henry C. Fuller.

Senator McNealus is a very original Irishman. He now proposes to solve the redistricting proposition by abolishing all the congressional districts and having eighteen instead of two congressmen at large from Texas. That would be a deserved punishment for those members of the legislature who have blocked a fair redistricting bill in the hope of profiting thereby themselves, but it would be very hard on the state.

As to Mexico, President Wilson is using caution, but he has told those trouble makers that they must change up. His language is plain and positive. They not only hurt themselves and their own country, but their doings hurt others outside of Mexico, and without a semblance of law.

## The Boy Wonder

'Twas in a little Kansas town Jess Willard grew to man's estate; there was no booze to hold him down, so he attained a mighty weight. There was no joints to lead astray the youth of stalwart frame; his eyes beheld no great White Way, his fingers learned no foolish game. While other youths in other lands were plying corkscrews night and day, Jess held a pitchfork in his hands, and tinkered with the luscious hay. He worked till his suspenders burst, the hone sweat bedewed his brow, and when he entertained a thirst he went and milked the nearest cow. He trained with no high-rolling bunch, he panted for no morning horn, and when his stomach craved a lunch, he calmly gnawed an ear of corn. The sane and simple life was his, and now he is the nation's joy; though hostile fits around him whiz, they cannot dent the Kansas boy. It in the future his desire is still to dodge all boozy tricks, the man who whips him will require an ax, a gun and a pile of bricks.  
—Walt Mason.

## 300 Idle Men Driven From Oklahoma Town.

Enid, Okla., May 31.—Three hundred idle men were deported from Enid by the city and militia authorities following threats and signs of rioting, which caused Governor Williams to call out Company K, of the Oklahoma National Guard.

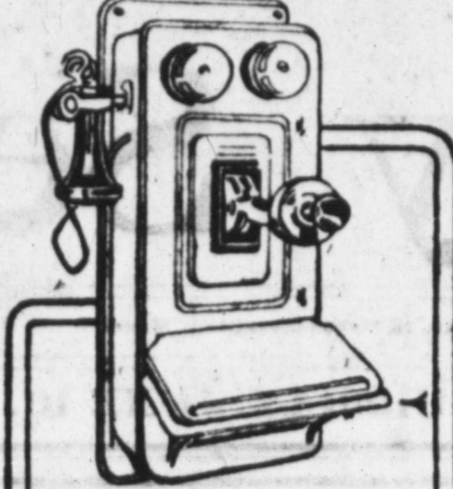

Enid today closed its free soup house, which has been maintained for several days, at which 500 men who had gathered here for the grain harvest were being fed. This action was caused by the appearance of organizers for the Industrial Workers of the World and efforts on their part to organize the men to demand \$3 a day. When the soup house was closed the labor agitators organized mobs, who demanded food. A delegation also called on Mayor Clover and notified him that if the city declined to feed the 500 men they would get food any way. Sheriff Hume and his deputies were unable to cope with the situation and appealed to the Governor for the militia.

Two hundred idle men remain in the city, but they are orderly.

## The German Question.

Washington, June 1.—President Wilson determined today that the United States must ascertain definitely and very promptly from Germany whether the imperial government intends in the future to be guided by the accepted principles of international law and the rights of neutral or to follow its own rules of maritime warfare.

The President listened to a varied expression of opinion at a meeting of his cabinet, taking little part in the discussion himself. Later he began the preparation of a note to be dispatched before the end of this week, embodying his own ideas and what seemed to him the consensus of his official family.

## THE JOY OF HOME

The entire household revolves around the Telephone. Neighbors, friends, market, doctor, and store can be reached in an instant by the home having Telephone service.

THE RURAL TELEPHONE Provides this home necessity and pleasure at very low cost to people who live in the country.

Apply to our nearest Manager or write to:

THE Southwestern Telephone and Telephone Co. DALLAS - TEXAS

## The Helpless.

The man who's always waiting for help to do his task, down to the dump goes skating, where dread whang-doodles bask. "I've asked my neighbor, Perkins," says helpless Wilyum Weed, "to help me plant my gherkins, and sow my nutmeg seed, and when he comes, you betcher, we'll make things hum around; and then I'll ask Bill Bletcher to come and roll the ground." He waits and keeps on waiting, nor tries to make things hum, but spends his time berating the friends who do not come. He sits and scolds and whistles, and waits, and never stirs, while fields grow up to thistles, and juicy cockleburbs. He'll wait, and keep on waiting the friend who never comes, he'll sit, all effort hating, a-twiddling of his thumbs, until, to end the circus, a cart comes to the gate, to take him to the work-us, where other paupers wait. The delegate who's wending his way to wealth and fame, is on himself depending, throughout this mortal game.

## San Marino Neutral?

Rome via Paris, June 1.—The little republic of San Marino, 22 square miles in area, although entirely surrounded by Italian territory, forms an absolutely independent State. A serious discussion is now going on in this republic as to whether it shall remain neutral.

The question is more important than appears at first sight. San Marino, standing on a high mountain a few miles from Rimini, dominates the Adriatic. If it continues neutral, Austrian aeroplanes could in time of need, take refuge there, repairing, take on new supplies and return home. This would not be possible if San Marino joined with Italy in the war.

## Dernberg Disappears.

New York, May 29.—Dr. Bernard Dernberg, unofficial spokesman for the kaiser in the United States, has disappeared. He has left his quarters at the Ritz-Carlton for parts unknown. No one could be found who could shed any light on the present whereabouts of the doctor.

## For a Big Noise.

As far as we are concerned, we are in favor of a genuine Fourth of July celebration this year. We feel that we owe this tribute to the good old country that is demonstrating to the rest of the world what a blessed privilege it is to enjoy peace.—Palestine Herald.

That is the way we feel about it. We also want to put on a big patriotic show to prove to certain aliens that we love our government though it be far inferior to the one that they have left on the other side of the drink. We are for our country, right or wrong—preferably wrong, just to show how mean we are about it. And we want to make a noise on the Fourth of July that will have a menace in its tone.—Temple Telegram.

You are likely to get all the noise you want on the forthcoming Fourth when all jingoes and would-be warriors will relieve their system of war bugs which have been eating them for a year.—Austin American.

Over in this neck of the woods, we simply shut up the shop, whoop up the boys, and all hands get their guns, and fishing outfits, and make a noisy run that means fun, out in the wild woods and down the clear creek and river.

## Mount Sterling.

The above is the name of a proposed town in this county that has never materialized, though it was laid off long ago. It was located fifteen miles west of the town of Nacogdoches on the east side of the Angelina river at the Durst old crossing, now known as Hinkley's bridge. The original John Durst, or Juan Durst had a fine home on the bluff of the river, and, in 1834, he laid off the town of Mount Sterling, on a high level plateau in front of his dwelling. This was three years before the present town of Douglass was started, six miles north of there.

The first lot sold, as the records show, was deeded to Samuel Brimberry in 1834. In 1838 Durst conveyed several lots as gifts to the wives of prominent men in the county. One of these was E. Rosine Sterne, mother of Mrs. Rosine Ryan, now living in Houston. Another was Auna Raguet, afterwards Irion, and one to Minerva Douglass, wife of Kelsey H. Douglass. There is no record, nor tradition as to buildings or business in Mt. Sterling. Andy Legg has a store near it now, but it has no connection with that old town, except that it is located in the town site neighborhood.

The writer is a descendent of an early pioneer, and would be glad to have further facts from any source.

R. W.

## The Next Congress

The next House of Representatives at Washington will be made up of 229 Democrats, 191 Republicans, eight Progressive, one Socialist and Cyclone Davis of Texas.—Brownwood News.

Invigorating to the Pale and Sickly  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

## East Texas Log Rollers Association.

To the Officers and Sovereigns of W. O. W. of Nacogdoches County Greeting:

Acting under the instructions of the meeting recently held at Longview, Texas, I am sending you this urgent appeal for your camp to come in as a member of the East Texas Log Rollers Association.

All it will cost you will be three cents for each member of your camp, as annual dues to defray expenses. This is to be sent, along with your letter accepting this invitation to become a member of this Association.

The next meeting of this Association will be held at Center, Texas, June 29th, at which time there will be present some of the most distinguished men in the United States, who will deliver addresses.

Reduced rates will be in force on all railroads for this occasion, and it is expected that not less than five thousand Woodmen of the World will participate in the great parade. It is to be a monster demonstration of fraternalism, and the spirit of Peace, Good Will to Men and Brotherly Love will dominate the occasion.

The town of Center is making elaborate preparations for the entertainment of the great crowds that will be here, and it is safe to promise that we will have possibly the most stupendous gathering of a fraternal nature, that ever assembled in the State—at any rate, we are working to that end.

We will be greatly disappointed if you do not join us. We need every Camp and Grove in East Texas in this Association.

Please advise at your earliest opportunity what your decision is.

Fraternally yours,

John McLendon,  
Secretary E. T. L. R. A.,  
Center, Texas.

Before the European war has run its course the Balkan nations, in all probability, will have drawn the sword for one side or the other. There are left only Greece, Bulgaria and Rumania, and constant pressure has been brought upon them since the beginning of the war by both the allies and the Teutons. Rumors of an entente between Bulgaria and Rumania whereby they will enter the war on the side of the allies have become more and more frequent since Italy entered the conflict. The amount of truth underlying these rumors is, of course, difficult to estimate, but as in the case of Italy, the old saying, "Where there is so much smoke there is bound to be some fire," undoubtedly applies here. So it may be assumed that Bulgaria and Rumania will enter the war on the side of the allies, provided their respective territorial claims are agreed to. It will be natural for Rumania to fight Austria for the Transylvanian provinces, and Bulgaria's ambition naturally is directed toward the Turkish possessions. What part Greece will play remains for events to disclose.—Galveston Tribune.

## "TIZ" FIXED MY SORE, TIRED FEET

Use "TIZ!" Don't have puffed-up, burning, aching feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ!" "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Think of it, no more foot misery; no more burning corns, callouses or bunions. Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's foot relief for only 25 cents. Think of it!

## The Undesirable Citizen.

Nine men get up at break of dawn, and toil with splendid zest, to trim the whiskers from the lawn, and keep the weeds suppressed. They pull up thistles by the roots, and wat all noxious weeds, and softly say, "We'll bet our boots these things won't scatter seeds." They to their lives, they strive to keep things neat; they know the lawn, where blue grass thrives for beauty can't be beat. The tenth man doesn't care a whoop how shabby things appear; the weeds are growing round his coop in regiments each year. The grass is smothered by the weeds which swipe each inch of soil, and every zephyr blows the seeds, to queer the good men's toil. There is no law to make him eat his weeds, or mow them down, although his place will queer the street, and handicap the town. Why doesn't congress up and knock this Jonah on the pate? For nearly every village block has got this sort of skate.  
Walt Mason.

## Beaumont Girls At U. C. V. Reunion.

Richmond, Va., June 1.—Gen. George P. Harrison, acting commander-in-chief of the United Confederate Veterans, announced from the platform at the opening session of the reunion this morning that anxiety was felt for Miss Russie Ligon and Miss Etta Ellis, sponsor and maid of honor for A. S. Johnston Camp No. 75 of Beaumont, Texas, because they had not been seen by any of their delegation since early last night.

Inquiry at all the hotels in the city resulted in the two young women being finally located at the Hotel Guerant where some of their friends from Texas were registered. They expressed surprise that any uneasiness should have been felt for them.

To Drive Out Malaria  
And Build Up The System  
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

**A WOMAN'S BURDENS**  
are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years. In all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is guaranteed to benefit or cure.  
Dr. Pierce's Pellets cure biliousness.

**The County Jail Has Two Boarders Now.**

Emory Dennis was placed in jail last night, Wednesday, by Sheriff Spradley, who arrested him in Cherokee county. The charge against Dennis is that he stole a cow from John McNight, justice of the peace at Douglass, and took the cow to Rusk last Friday and sold her for \$20. Dennis is a young white man, and was raised in this county. McNight will recover the cow.

Esmus Loftin, a colored man, is in jail on a new charge. He is under bond for burglarizing the ice factory office, some time ago, and now he is charged with forging the name of Maria Thorn, colored. He first tried to pass a forged check at the banks. Then he tried to pass it on S. L. Miller, and at this stage of the game Sheriff Spradley got into the deal.

**Public Health School.**

The University of Texas has kindly consented to establish a Summer School for the benefit of the County and City Health Officers of the State as well as all other physicians and teachers of the State who will attend. The term will be three weeks, beginning June 14, 1915.

The Texas State Board of Health in compliance with the law, respectfully calls a meeting of the City and County Health Officers of the state to convene in Austin on June 14th, this being the date of the opening of this Summer Health School. We are particularly anxious to have a full attendance of all physicians and public health workers in this school. The good to be derived from this is beyond estimation.

All ministers, teachers, club officers, both male and female of this state, are respectfully asked to make this announcement and give it as much publicity as possible as the time is short for giving notice of this Summer School. It is very necessary that each unit of society take a personal interest in this matter.

Hoping to meet you all on this occasion and that we may all be benefited beyond expectation, we are

Respectfully yours for the betterment of health conditions in Texas.  
Texas State Board of Health.

**WHAT CATARRH IS**

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.  
Scott & Bowne, Bloomfield, N. J.

**SOUTH EAST TEXAS.**

**Rousing Meet in Houston.**

Houston, Texas, June 4.—John T. Scott, a Houston banker, was today selected to head the South and East Texas Development league, which has for its purpose the general advancement of the whole lower half of the state. The meeting in Houston today on the roof of the Rice hotel was one of the most enthusiastic gatherings ever held here in many months. The league is now a reality, talk gave way to action and the organization perfected.

The meeting was formally opened at 10 today by Lieutenant Governor Will P. Hobby of Beaumont, who made a brief speech in which he said Beaumont and Houston were both his homes; that his mother lived in one and his wife in the other. He said the organization of the South and East Texas Development league was a field day in the history of Texas. He brought out the history leading up to the present commercial supremacy of the lower half of Texas. Frequent applause accompanied his remarks.

Mr. Hobby then introduced Tom Richardson, who at once plunged into the heart of his subject outlining the work of the meeting. Mr. Richardson made an impressive talk.

The business of the meeting proceeded at once after the close of Mr. Richardson's speech. Judge J. J. Mansfield of Columbus nominated John T. Scott of Houston for president of the league. The nomination was seconded by S. F. Carter, president of the Lumberman's bank. From all over the house delegates arose clamoring for the election of Mr. Scott. The election was made by a rousing vote. Mr. Hobby appointed Senator Bailey and Judge Mansfield a committee to escort Mr. Scott to the chair, which was done amid great applause.

The question of electing vice presidents for the league then came up for consideration. It was proposed that eight vice presidents be elected from the district and this brought up a series of discussions from all sections of the house. After much good natured oratory and divergence of opinion, Col. R. M. Johnston offered a solution of the problem which was accepted by the meeting. He suggested and offered as a motion that a vice president be elected from each county and with an executive committee of eight members to be elected from different towns in the belt to conduct the affairs of the league with the proviso that the president of the Houston Chamber of Commerce be ex-officio the Houston member of the executive committee. The motion was carried by a large majority.

S. F. Carter of Houston, C. T. Heisig of Beaumont and C. S. E. Holland of Victoria were appointed a committee to name the towns from which the members of the executive committee should be chosen. Each town being

given the right to name its member of the executive committee. This committee retired for consultation to report in the afternoon session.

A recess of ten minutes was taken for the delegates present to elect vice presidents for the counties they represented.

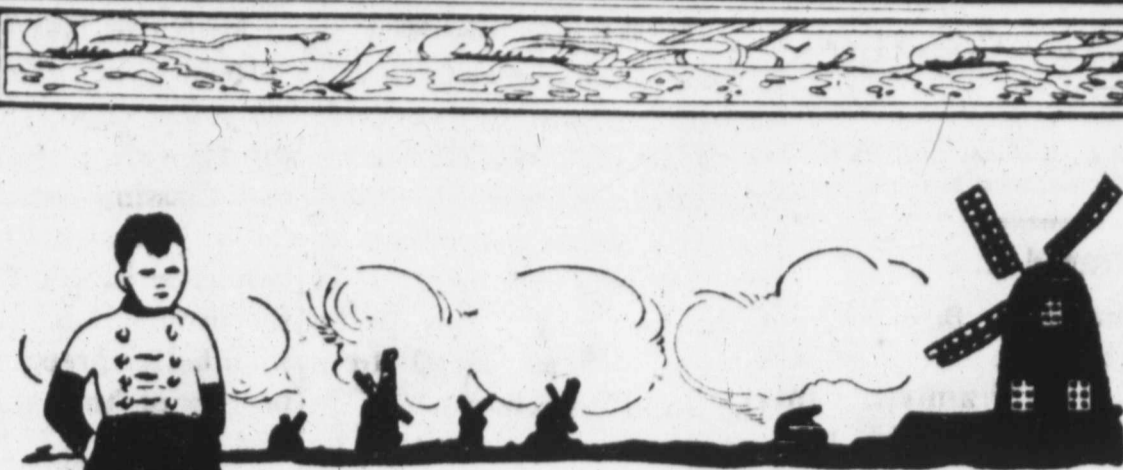

The following report on vice presidents were made and adopted by the meeting: Liberty county, C. N. Smith; Harris county, H. C. Schumacher; Brazoria county, J. W. Munson; Matagorda county, Oscar Barber; Wharton county, H. A. Cline; Colorado county, E. L. Moonhey; Angelina county, W. M. Glenn; Nacogdoches county, John Schmidt; Polk county, W. L. West; Jackson county, F. G. Moffet; Trinity county, H. H. Thompson; Walker county, L. C. Eastham; Brazos county, E. J. Fountain; Grimes county, L. J. Goree; Houston county, J. W. Young; Smith county, Charles W. Boone; Fort Bend county, M. J. Hickey; Leon county, R. H. Evans.

The following counties announced that their vice presidents would be named later: Waller, Montgomery, Tyler, Cherokee, Anderson, Orange, Galveston, San Jacinto, Victoria and Calhoun.

**Houston Daily Post Editorial**

Editor G. M. Haltom of the Nacogdoches Sentinel, who is a visitor to the city, says the farmers of that county have taken up the diversification idea with vigor and more food crops will be raised this year than ever before, from the present outlook for yields. As an evidence of the hold diversification has taken on the people, he states that the county has more than 3000 acres planted to peanuts and that the crop is thriving—in fact is a matter of common knowledge that peanuts are a sure crop in soil suited to their growth, and there is none better adapted than the red soil of Nacogdoches county. Like the Texas hen, the peanut is a mortgage litter, and under intelligent cultivation and wise disposition of the crop a never-failing source of profit. The three p's — peanuts, peas and potatoes—can be made financial burden lifters for all the of East Texas under a proper co-operative marketing system.—Houston Post.

The Sentinel publishes the above in order to add that the crop outlook is truly gratifying, not only in this county, but also in East Texas generally. Farmers have changed up and gone into diversification, and they have reduced the acreage of cotton, in individual farms. New lands have been cleared and put in, some of this in cotton. There greater interest in feed stuffs and live stock. They do not stop at the three p's peas, peanuts and potatoes. They are after truck growing, melons, tomatoes, cabbages, and vegetables of every known variety, and stock feed, especially hay and grain. Sudan grass is a new experiment, but quite promising. No hay has been raised here for market, but it can be successfully done.

**The Boy Who Saved Holland**

You remember the story of the little Dutch boy whose courage and foresight saved his country. He spied a trickle of water on the side of the dike, where the sea had found an entrance. He knew that the hole would spread, the dike weaken, collapse, and bury the country under many feet of water.

Thrusting his hand and arm into the hole, he stopped the leak, staying at his post until found in the morning.

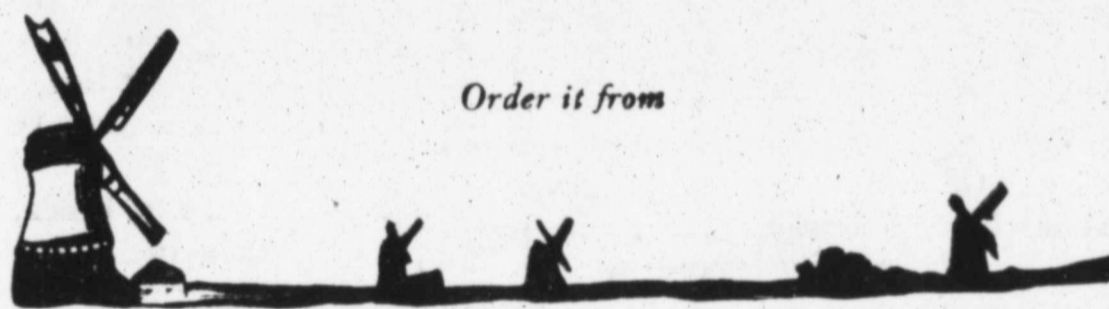

It was only a small leak, but it would have worked great havoc.

Just the stopping of a trickle of water saved the people of a country. Of course, all trifles are not so important as this, but they are always fraught with possibilities.

Poor lubricating doesn't mean that the plant will be lost, but it may mean the stoppage of the unit at the most inconvenient time.

See that your plant is lubricated with Texaco lubricants. You can depend on Texaco. It lubricates all the time, saves bearing wear, saves work, saves power.

Our claim for your business is based on the quality of our goods. Made in Texas quality, sold under the Red-Star-Green-T emblem in your town.

The Texas Company  
General Offices, Houston, Texas

**Bernard Dernberg.**

Bernard Dernberg, whose name has been so much to the fore of late years in the press of the United States, is a very remarkable man. A Jewish banker, he became in the very prime of life controller of the colonial destinies of the German Empire. He was one of the group of brilliant men with whom the Kaiser surrounded himself, among the others being such men as Herr Ballin, the head of the Hamburg American Line; Herr Gwinner, the famous banker, and Herr Thyssen, the iron king. When matters were not going very well with the German colonial possessions Herr Dernberg was recommended to the Kaiser. He was known as a man whose control of the famous Darmstadter Bank had made a reputation for himself by saving failing industries and converting them into success. He gave up a great income and an assured position in the commercial world to struggle with a host of civil functionaries without his ability or determination, and in the course of his labors left Germany to travel through the imperial domains in East and West Africa and in Kameruns. It is difficult though for an individual, however capable, to inspire a whole service. Herr Dernberg failed to impart his rest-

**less energy to his subordinates.**

In due time he gave up the task. He possessed, however, the talents which it was believed could carry through the scheme of the German Government for consolidating public opinion in the United States, and so, as an unofficial ambassador, he came back to the great city where he had once worked as a banker's clerk in Wall Street.—Christian Science Monitor.

**Confederate Veterans.**

Richmond, Va., June 3.—Confederate veterans paraded today, giving the rebel yell for old time's sake and cheering the stars and stripes in a demonstration of loyalty to the United States.

Nearly six thousand wearers of the gray flanked by the militia of Virginia and thousands of men and women representing southern civic societies marched to the martial strains of rebel music, bared their heads to the statue of Jeff Davis and sounded the rebel yell as they passed the monument of Gen. Robert E. Lee.

At the final business session of the Veterans yesterday, General Bennett H. Young of Louisville, Ky., was re-elected commander in chief and Birmingham, Ala., was chosen for the next meeting place in 1916.

**Relief Committee Pleads for Corn for Starving Mexicans.**

Washington, June 3.—An appeal to the Red Cross from the International Relief committee in Mexico City, sent through the Brazilian minister there, was made public here today. It follows:

"We appeal for starving Mexico. Government supplies nearly exhausted, no prospect relief. Conditions of disorder, lack of seed, men and animals, and security of harvest prevent planting. Situation this city desperate account shortage food and medical supplies. Regular railway service between city and border. Aguas Calientes, and the coast, suspended since February. Imperial need everywhere is corn. Also urgently require beans, flour and medicine. Only hope is from United States. We are doing all possible, but resources entirely inadequate."

**New Roasting Fars.**

Moscow Lee was selling green corn on our streets this morning, real sure enough "roas'n years," with green shucks on 'em, and the grains were soft on the cob. Lee said they were ripe, though quite ahead of the game. They may not be exactly mature, nor yet premature as to schedule time. They are early corn, but good fair size.

GILLES M. HALTOM, Manager.

### Przemysl Retaken.

London, June 3.—After a siege of three weeks the fortress of Przemysl, in Galicia, has fallen to the Austrians. The Russians were in possession a little over 70 days.

This news was received in London with a certain degree of surprise. While it had been well known that the Russian position at Przemysl was serious, and that the artillery fire of the Germanic allies was daily becoming more terrific, the announcement from Vienna of an Austrian victory was not expected so quickly, particularly in view of the official statement from Petrograd of last Monday saying the Austro-German grip before Przemysl had been broken, and that the offensive in the great Galician struggle had passed to the Russians.

The great Austro-Hungarian fortress of Przemysl, situated between Lemberg and Cracow in the province of Galicia, was captured by the Russians on March 22 last, after one of the longest sieges of modern warfare. In the ten weeks which have elapsed since that time, however, the Austrians and Germans have made every effort to retake the fortress, large forces being diverted for this purpose from the other great fortress to the west, Cracow.

Recent dispatches from the Galician front said that the Austro-German troops had been successful in their operations to the north and the southeast of the fortress and that the forts girdling the position had been taken.

When Przemysl fell into the hands of the Russians it had undergone a siege lasting 201 days. The Austrian garrison originally consisted of 170,000 men, of whom 40,000 were killed. About 120,000 Austrians surrendered when the fortress capitulated. These included 2602 officers and 117,000 men.

### Brief Talks By Visitors.

G. M. Haltom, editor of the Sentinel at Nacogdoches, is at the Rice for a few days. While the county in which he lives is chiefly a cotton producing county, diversification, he says, is being taken up with vigor and more corn, peanuts and potatoes will be raised this year than at any time within his memory. Prospects for the crops have never been better, he said. More than 3000 acres of peanuts are thriving. The county is well drained, naturally, and stands out uniquely in the road building movement as having never issued a bond, although it probably has more sand clay improved highways than any other county in the state.—Houston Post.

The Sentinel wants a correspondent at every postoffice in the county, especially at such points as Etoile, Black Jack, Sacul and distant corners. School girls are often the best correspondents.

### Patronize Home Merchants

One of the questions that is consuming columns and columns of space in all the newspapers of the state is the practice of a large percentage of the citizens sending out of town for articles that can be bought just as cheap from the local merchants, and in many instances cheaper. The practice is bad if you can get the article at home. The local merchant pays out large amounts each year for clerks, rent, lights, water, taxes, etc. and deserve the patronage of the consuming public. The outside mail order houses do not spend one nickel in the community from which they draw trade. The home merchant spends almost everything he receives with the people of the county in which he lives. Another thing that is never thought of by people who use the mail order goods is that the local merchant never fails to respond to any movement that tends to the upbuilding of the community in which he lives. The next order you make ask the mail order man how much he will donate towards the upkeeping of your schools, churches, libraries, public improvements of all kinds, and see what kind of an answer you will receive. Almost any one can guess what the answer would be. Patronize the home merchant and the money received by him will be spent in local channels.

Another thing: Some of the merchants advertise in the local papers and spend their money for all the job printing they have done with the local printers. Some do not. Printing can be done just as cheap by the local man as it can be done elsewhere. Give the local man at least a chance to look at some of the work that is going out of town and get his figures. Above all, patronize the man who advertises. He is the man that is supporting one of the industries located at home.

### Earth Shocks are Felt.

San Francisco June 7.—Two slight, but distinct earth shocks separated by a fraction of a second, were felt generally throughout the city at 9:51 o'clock Sunday morning. No damage was reported.

To the University of California, Professor A. G. Law of the mineralogy and geology department, who supervises the seismograph records, said the tremor was comparatively insignificant.

Observations at Lassen Peak reported the volcano somnolent and no earthquake had been felt in that region.

See Cason, Monk & Co., for Modern Tree Killer. It does the work.

As to Mexico, all is in a state of expectancy. The Carranza armies claim a big victory, and the Villa forces claim to be getting the best of the other. Both sides are considering the proposition made by President Wilson, and the chances are that they will accept it, and thus end the war. But the dissatisfied populace will be hard to quiet. They are opposed to being ruled by ordinary laws.

### Advice From Those Who Know.

Read what those who know say of the young man's opportunity with Cotton Grading and Classing properly mastered. The wealth and independence in the South is in its cotton. Let every young man better prepare to get the benefit of this independence and wealth.

Tyler, Tex., May 6, 1915.  
Tyler Commercial College.  
Cotton Classing Dep't.  
Tyler, Texas.  
Gentlemen:

I had the pleasure of visiting your cotton classing class and observed the work you were doing. Having had several years of experience in the cotton business, both as buyer and seller, I believe I am somewhat a judge, and in my opinion you have a complete department. You have every facility to intelligently instruct in the work, and no young man can find a more opportune time and a more practical place than in your institution.

Expressing my opinion further, I believe this department is more practical and far-reaching in its effect than any other department of your great school, and every young man owes it to himself to take advantage of the opportunity to thoroughly equip himself along this line.

Yours very truly,  
Robt. Allen.

Mr. S. Bruck, manager of the large Mayer & Schmidt department store remarked to the president of the Tyler Commercial College:

"In putting in your cotton grading and classing department you are doing one of the greatest things for this country that could have been done."

Tyler, Texas, May 6, 1915.

During the year of 1913 I studied the classing of cotton at the A. & M. College of Texas, finishing the work in the early part of 1914. I liked the work so well that I decided after returning to my home to take a review in the Tyler Commercial College, Cotton Department, which I did, and it gives me pleasure to say I find their teaching more efficient and satisfactory in every way. Their course of instruction is much more complete, and in my opinion, covers all the ground thoroughly.

B. F. Bell, Jr.

Tyler Commercial College,  
Tyler, Texas.  
Gentlemen:

We wish to congratulate your school upon installing as a part of the different lines of business taught by you, the subject of Cotton Grading and the keeping of correct cotton records.

A young man entering any class of business in the South is bound to come in contact, directly or indirectly with the problem of handling cotton, and if he is familiar with the handling of the staple, keeping proper records and is able to correctly grade this product it will certainly make him more efficient and make his service more valuable to his employer.

As a distinct line of business in which to engage, it is the writer's judgement that

there is no more promising field of activity open to the young man of today. There is probably a greater scarcity of well equipped competent cotton graders than in most any other line of business in the south. The losses sustained by the cotton farmer and by the merchants who handle cotton in the course of their business transactions, from incorrect grading is almost inestimable; but these losses in the course of time can be practically eliminated and this enormous amount saved by such schools as yours, establishing thorough courses in "grading" and equip the young business men of the South with this knowledge.

We predict much success for this department in your College, and unhesitatingly advise every young man entering your school to avail himself of its advantages.

Yours truly,  
Brown, McFarland, Smith & Marsh Bros.

### The Buckner Home

Dallas, June 5.—The following has been given out by R. C. Buckner of Buckner Orphans Home.

The work of Buckner Orphans Home in accepting and caring for orphan children is not restricted within the confines of any city, county or state, nor by any Christian denomination, or religious tenets of any character. Dependent orphans are not responsible for the place where they live or where they were born, nor for the religious beliefs or unbeliefs of their parents.

This being true in its character, and in its practice for all the years of its existence, it is natural and reasonable that it should receive support from everywhere and from everybody willing to help.

Its family now numbers 685, all eating three meals each day and receiving its care and benefits on all lines. It accepts children for the purpose of protecting them, educating them and training in various industries, to the end that they may become intelligent, good and useful citizens.

It is the plan of this institution to keep brothers and sisters together, instead of separations and distributing them among private families.

There are almost daily applications for room for additional children. With sufficient room and means the family could be easily doubled.

Contributions have fallen off, and expenses increased till the problem of room and support has become quite a difficult one.

How can the expense fund be kept up during the dull summer season? Let everybody, whether Baptist, Christian or any demoniation or unbeliever, take this great board work of non-sectarian charity, to heart and send contributions by money order or bank check.

# PELLAGRA AND HOOK WORM PERMANENTLY CURED

For eight years Dr. W. J. McCrary, a graduate practicing physician, has had the most remarkable success in curing Pellagra and Hook Worm diseases in his practicing territory in Northern Alabama, and now these wonderful Remedies are being offered to sufferers over the entire South. Cures have been effected in the very worst cases of Pellagra and Hook Worm by Dr. McCrary's Remedies, and the cure is permanent—not a temporary relief. Patients bed-ridden and out of mind treated seven and eight years ago for Pellagra were cured in a few weeks, and are in fine health today. Hundreds of testimonials are gladly given by these patients of Dr. McCrary. TREATMENT FREE OF CHARGE IF WE DO NOT CURE YOU. WE ALSO DIAGNOSE YOUR CASE AND ADVISE YOU FREE. WRITE FOR BOOK AND FULL PARTICULARS TODAY. Dr. W. J. McCrary Pellagra and Hook Worm Remedies, Incorporated.

BOX 131 CARBON HILL, ALA.

### Roosevelts on a Trip.

Pass Christian, Miss., June 7.—Colonel Theodore and Mrs. Roosevelt arrived here today for a brief visit with John M. Parkee. Tomorrow the colonel and a party of men will board Louisiana Conservation Commission's yacht "Daisy," for a trip along the federal and state game preserves on the coast which comprise 30,000 acres. It is said that it was at Colonel Roosevelt's suggestion that the first federal preserve was established in Louisiana, but it has never seen it.

Kill your Grass and Trees with Modern Tree Killer. Cason, Monk & Co.

The weather went wild up on the Plains and in the Texas Panhandle last Sunday. Destructive rains fell in torrents, and the temperature fell to 50. Small grain and railroads are seriously damaged. Rivers were out of banks and trains delayed.

Got any trees to kill? Use "Modern Tree Killer". We have it. Cason Monk & Co.

King Constantine, of Greece, is in a dangerous condition of health. He may die any day. His queen is a sister of the German Kaiser.

### KIDNEY TROUBLE CAUSES INTENSE SUFFERING

Sixteen years ago I was taken sick with Kidney trouble and suffered terribly for three months. I did not work during this time and was mostly confined to the bed. After using other remedies I finally tried a bottle of Swamp-Root. I immediately began to feel better, and after using seven fifty-cent bottles, was entirely cured and have had no Kidney trouble since. I can truly say that I owe my good health to Swamp-Root. You may publish this letter for the benefit of other people afflicted as I was with the hope of bringing to their attention this most wonderful remedy.

Yours very truly,  
HATTIE A. QUIMBY,  
36 Spruce St. Waterville, Maine.  
State of Maine  
Kennebec County  
Personally appeared the above named Hattie A. Quimby, who subscribed above statement and made oath that the same is true in substance and in fact.  
Anna M. Drummond.  
Authorized to administer oaths, etc.

### LETTERS TO DR. KILMER & CO., BINGHAMTON, N.Y.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Nacogdoches Weekly Sentinel. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

### Cow Hides Wanted.

Hides are in good demand and are bringing good prices, and it is worth while to handle them right. In skinning try not to cut or score the hide. Spread it out, flesh side up, and give it a heavy shower of salt. This is absolutely necessary at this time of the year. Fold it up and put it in a sack. Write your full name and address on two tags. Put one inside of the sack, and one outside. Ship by express to A. Golenternek & Co., Tyler, Texas.

Until further notice we will pay 13 cents per pound for hides handled according to the above instructions. We remit the same day that we receive the shipment and we also furnish shipping tags. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We also handle wool.

A. Golenternek & Co.,  
Tyler, Texas.

La Porte had a very destructive fire Sunday. The town is about twenty miles below Houston.

## Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### Grave Yard Working.

Everybody that is interested in the Shady Grove cemetery is asked to come June 25, and bring something to work with. Come early and come to work.

Sam S. Arthur.

FLORIDA—140 acres land, 60 cleared. 100 large bearing orange trees. 80 bearing peach trees. Good house and out-buildings \$2500. Terms, J. Hammontree, North 4th St. Palatka, Florida.

### Methodist Missionary Date.

The Missionary Societies of Timpson District will hold the Annual District Meeting, June 14, and 15, at the M. E. Church in Nacogdoches.

The purpose of the meeting is to take stock—discuss auxiliary problems, instruct and train delegates that the membership may become better informed, more enthusiastic, give better service to the Master and for spiritual development.

We will have good speakers, an interesting and helpful program.

Every body is invited to attend the services.

The Woman's Missionary Society of Nacogdoches met Monday at 4 p. m. The bible lesson consisted of our study in the "Gospel of John" under the leadership of Mrs. W. F. Price. These lessons are made practical, applicable and very helpful to the individual. Those members who are missing the lessons are depriving themselves of a rare privilege and their souls of food that is free.

The President took the chair and business, consisting principally of plans for entertaining delegates and attending the meeting.

The following committee was appointed to meet delegates and carry them to their homes, Mesdames H. T. Mast, Steve King and T. J. Kinsey. Mrs. Branch reported that homes had been secured for delegates.

A social hour will be spent Monday evening at the

church, after a short program, that all may meet the visitors and help to welcome them to our town.

We hope the ladies of other churches will be with us during the meeting.

Further notice will be given with program, watch the papers and help to make this a great meeting.

Pub. Supt.

### Baptist Church.

Sunday School 9:45 each Sunday morning. W. U. Perkins, Superintendent.

Graded school, classes for every one.

Organized classes for young men and women.

On Sunday morning June 6th, the pastor began to preach a series of sermons on The Ten Commandments, as found in 20th Ex. Next Sunday morning's sermon, Subject: "The Second Commandment."

B. Y. P. U. at 7:15 o'clock, Audley Harris, President. All young people invited to attend.

Evening preaching service 8:15 o'clock, Subject: "Christ's Property."

The general public is invited to attend all our services. C. A. Westbrook, Pastor.

Mexico seems to take president Wilson's suggestions kindly, as he desired that it should do. Villa and Zapata and Caranza have been trying to meet it on the half way ground. "Tis a consumation devoutly to be wished."

### Substance of The Compulsory School Law.

Age, 8 to 14 years. Terms, 60 consecutive days, or three months, 1916 and 1917 school years, 80 days, or 4 months next two years, 100 days, or five months, every year thereafter. Begin at opening of school, unless trustees change. Children exempt, if in attendance on private school; or definite certificate from reputable physician, mental or bodily conditions; blind, deaf, dumb or feeble minded, living more than two and a half miles distant, twelve years old completed fourth grade, and services needed to support parents, on exemption certificate from county superintendent.

Satisfactory proof that parents are not able to buy books, trustees to certify same, to superintendent, who shall give order for books, paid from general fund of county.

Sick absence excused, and other unavoidable causes, per superintendent, in writing.

Any person inducing child to remain out of school to be fined \$10.00 each day.

Officers to investigate and file complaints in J. P. court.

Teachers shall report all absences to superintendent.

Parent violating this law fined first \$5, second \$10, and third \$25 to be paid into school fund.

No child 8 to 14 can be expelled. Indicted in juvenile court. Judge may parol to re-enter school, parent to make bond for attendance. If again incorrigible, to be in-

dicted and bond forfeited to school fund. May be paroled again, but third time sent to training school.

Dr. Castleberry of Sacul brought another patient to the Tucker Hospital yesterday to be operated upon for appendicitis, Joe Perry, of Sacul, 15 years old. He was promptly operated upon, but the operation had been put off too long. The boy died last night. He was a son of Mr. and Mrs. T. J. Perry, of Sacul. His brother Sidney came

down with him. The remains were taken to Sacul for interment today. The family have the sympathy of many friends.

Governor Ferguson intends going to California about the end of June. Of course he will see the big shows at Frisco and San Diego, and he may intend to review some of his early day camps.

**WATERBURY'S CHILLS & FEVER**  
Prescription No. 666 is prepared especially for MALARIA OF CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not sicken or sicken. 25c

The Trotting and Saddle Stallion  
**Edgemont Ideal 38598**  
Record 2.15 1-4. Trial 2.08.

The breeding of Edgemont is the sort that delights the student of blood lines. His sire, the sensational young Stallion Beau Ideal 2.15 1-4, was a fast race horse and a grand show horse, winning everything at National horse show, New York, in 1904. Dare Devil 2.09 1-4, his grandsire, and Mambrino King, his great grandsire, both won everything before them at National horse.

Edgemont Ideal won three year old class and second in grand championship class at National show. He has also shown in six saddle rings and never been defeated. The above stallion is without doubt one of the handsomest horses in the country and good judges pronounce him an improvement on his sire.

Edgemont Ideal is making the season of 1915 at the Fair Grounds, Nacogdoches, Tex., at the reduced rate of \$25.00 with return privilege.

**The City Water.**

The water commissioners, Reid and Holt, had the stand pipes and water mains cleaned out Saturday. The mains were flushed as well as could be done, and the standpipe was washed out clean. The hydrant water is now almost clear.

The proposed pump to be used in the artesian well will be tried out in a day or two. There is some doubt about it being adequate to supply the needed amount of water for consumption. This can only be determined by practical test. There are many difficulties in the proposition, and all cities have to overcome such obstacles expenses, are often large in such cases.

**A Good Household Salve**

Ordinary ailments and injuries are not of themselves serious, but infection or low vitality may make them dangerous. Don't neglect a cut, sore, bruise or hurt because its small. Blood Poison has resulted from a pin-prick or scratch. For all such ailments Bucklen's Arnica Salve is excellent. It protects and heals the hurt; is antiseptic, kills infection and prevents dangerous complications. Good for all Skin Blemishes, Pimples, Salt Rheum, Eczema. Get an original 2-ounce 25c. box from your Druggist.

Mrs. I. M. Mayfield died at the family home at Redfield, six miles north of town, yesterday afternoon. She was 55 years old and was born in the neighborhood of Redfield. She was a Parmelly, and leaves a husband and several children and has many friends and relatives who mourn her loss. The Sentinel extends sincere condolence to the sorrowing family. She will be buried at North Church this afternoon.

**Tired, Aching Muscles Relieved**

Hard work, over-exertion, mean stiff, sore muscles. Sloan's Liniment lightly applied, a little quiet, and your soreness disappears like magic. "Nothing ever helped like your Sloan's Liniment. I can never thank you enough," writes one grateful user. Stops suffering, aches and pains. An excellent, counter-irritant, better and cleaner than mustard. All Druggists, 25c. Get a bottle today. Penetrates without rubbing.

**Difficulty at Garrison.**

Last Saturday there was a disturbance at Garrison, in which deputy sheriff Garrett Vaught was badly wounded. He was trying to keep the peace and had arrested a man when he was struck on the

head with a spade, and knocked senseless. For hours he was thought to be fatally injured. Today he is still alive and is conscious, and he can speak and hear. His injury is quite serious and severe, but will probably not be fatal. Sheriff Spradley went up there see after these matters, and has returned.

**A Cough Remedy That Relieves**

It's prepared from the healing Pine Balsam, Tar and Honey—all mixed in a pleasant, soothing Cough Syrup called Dr. Bell's Pine-Tar-Honey. Thousands have benefited by its use—no need of your enduring that annoying Cough or risking a dangerous Cold. Go to your dealer, ask for a 25c. original bottle Dr. Bell's Pine-Tar-Honey, start using at once and get rid of your Cough and Cold.

Reports come in from all parts of the county that crops are good. There is an evident turn towards diversification, and especially less cotton and more feed stuffs. Make it at home is the motto.

**An Easy, Pleasant Laxative**

One or two Dr. King's New Life Pills with a tumbler of water at night. No bad, nauseating taste; no belching gas. Go right to bed. Wake up in the morning, enjoy a free, easy bowel movement, and feel fine all day. Dr. King's New Life Pills are sold by all Druggists, 36 in an original package, for 25c. Get a bottle today—enjoy this easy, pleasant laxative.

Carlos F. Berna, a down and out Mexican politician at El Paso, made a sensational speech against the United States offering aid or advice to Mexico. Practically he says they don't want any meddling, by our president.

**A NACOGDOCHES MAN'S EXPERIENCE**

**Results Tell The Tale**

Can you doubt the evidence of this Nacogdoches citizen? You can verify Nacogdoches endorsement.

Read this: Dr. J. A. Drewry, a well-known dentist of S. Fredonia St., Nacogdoches, says: "Doan's Kidney Pills brought me relief from symptoms which gave evidence of an inflamed condition of the bladder. One of my children has also had marked benefit from Doan's Kidney Pills, procured at Switt Bros. & Smith's Drug Store."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Drewry had. Foster-Milburn Co., Props., Buffalo, N. Y.

**How Far is it From London to Berlin?**

Arguments as to distances between the various cities in the European war zone are daily heard and the figures vary to a considerable extent. Attached will be found a table showing the distances, principally from Berlin, in miles:

Berlin to Paris	674
"    to London	746
"    to Petrograd	1091
"    to Luxemburg	350
"    to Metz	425
"    to Russian border	175
"    to French border	375
"    to Warsaw	398
"    to Austrian border	285
"    to Vienna	421
"    to Belgrade	600
"    to Hamburg	178
"    to Posen	180
"    to Antwerp	487
"    to Brussels	550
London to Paris	287
Hamburg to St. Petersburg	1269
Dover to Kiel	650
Dover to Cuxhaven	550

—Ex.

Don't neglect a summer cold. A bronchial cough causes broken sleep and lowers your vitality. Foley's Honey and Tar Compound soothes and heals raw, inflamed membranes, stop tickling in throat and clears stuffy, wheezy breathing. Contains no opiates; children like it; good for all colds, coughs, croup and bronchial affections. Switt Bros. & Smith.

**Carranza Says Wilson Note Is Very Friendly.**

Vera Cruz, June 5.—After careful consideration General Carranza has come to the conclusion that President Wilson's Mexican note is "appreciative, friendly and serene" and his answer will imply as much. The reply will be handed to John R. Silliman personal representative of the President in Mexico, for transmission to Washington in a few days.

**To Preserve Your Health**

The kidneys are the great health preservers. Rheumatism, backache, headache, sore muscles, stiff joints come when the kidneys are out of order and fail to properly filter the blood. Foley Kidney Pills fone up tired and diseased kidneys, banish backache and stop sleep disturbing bladder troubles. Switt Bros. & Smith.

The greatest sensation of the European war is the retaking of Przemyśl by the Austrians and Germans from the Russians. The sacrifice of life was beyond all precedents. The Russians had held it 70 days.

**A Mistake Made by Many**

When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys sound, healthy condition and keep them active and strong. Switt Bros. & Smith.

Misses Skeeters, Thomas and Strode returned to their homes in Appleby Sunday after several days in the city.

**Should Survey King's Highway.**

Texas has been asked to provide by legislative enactment \$5000 to survey and establish "the King's highway" from the Louisiana boundary line to the Rio Grande. As an inspiration to counties traversed by this historical roadway to bring material effort to the lagging cause of good road building the appropriation is alone worth while. Stated in a business way, the appropriation would be money well spent, Texas has been miserably lax in this sort of patriotic work. Texas can no longer plead the license of "a young state" as due cause for permitting its historical assets to be lost, strayed or stolen. There is a fine state pride in the movement to chart the old King's highway. And Texas, through its Legislature, should lend a hand. —Fort Worth Star-Telegram.

**Only a Few Can Go.**

Those who do not have to consider expense are going to health resorts to get rid of impurities in the system that cause rheumatism, backache, aching joints and painful muscles. If you cannot go, yet feel you need relief from pain and misery, get Foley Kidney Pills. They restore the kidneys to activity and make you feel well and strong. Switt Bros. & Smith.

It has been said that the great increase in the number of automobiles has been responsible for extravagant living, but it has also been responsible for agriculture improvement through better roads and better drainage. Ex

**CITROLAX CITROLAX CITROLAX**

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain no nausea. Keeps your system cleansed, sweet and whole some. Ask for Citrolax. Switt Bros. & Smith.

Louis Zeve closed his doors of business Wednesday general merchandise going into voluntary bankruptcy. Liabilities about \$6900.00, assets about \$2200.00.

**To Sleep Well in Summer**

Slight inflammation of the bronchial tubes causes a distressing cough and makes sleep impossible. Foley's Honey and Tar Compound stops that annoying tickling and relieves the racking, tiring cough. Good for all coughs, colds, croup and bronchial affections. Switt Bros. & Smith.

Miss Ada Harris, daughter of Joe Harris, of Melrose, returned yesterday from Baylor University, after spending a session there, and was met here by her father.

**\$100 Reward, \$100.**  
The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

**CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE**

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

**City Council Meet.**

The regular monthly meeting of the City Council was held in the city hall last night, Friday, having been postponed from Tuesday night.

Mayor George H. Mathews presided. Alderman Marshall was absent, and also city attorney Hodges.

Street sprinkling was among the first matters called up, but it needed only short discussion.

Then came a lengthy list of accounts, both official and private. Each one was read out item by item by city clerk McKinney, and the mayor asked for objections. No objection was made.

The advisability of auditing the books was then informally discussed at considerable length. City Clerk McKinney and Mayor Mathews stated that the books and records of the office showed every detail of the moneys received and disbursed, and all contracts made, or all business done, and that these records are open to any and all who wish to see them. Moreover, he could not see what changes could be made by an auditor, how it could benefit the city to pay an auditor, \$15.00 a day go over this for two years back, which would require 30 or 60 days. It was said that one expert had proposed to audit the records etc for \$150.00. To this it was replied that an auditor would merely arrive at the same conclusive figures and balances now shown.

The question was asked what good would that do the city, and a reply was made that outside complaints would thus be answered. The matter was finally placed in the hands of the finance committee.

A committee of business men appeared and suggested that fine insurance rates could be reduced by certain additions to the water works. After a lengthy discussion no action was taken except that a committee of investigation was appointed.

A petition was presented from the residents of Fredonia hill asking that the water works be extended to that vicinity. The council wanted information as to how many of them would take water and become subscribers.

The Sentinel has received Vol. 1 No. 1 of the Cleveland Chronicle, successor to the recently burnt out Herald. It makes quite a plausible bow, and it will no doubt be heard from in a plausible vein supporting its end of the line of duty.

**Farm for Sale.**

160 acres of fine red and bottom land. Situated about nine miles east of Nacogdoches and about two miles of Melrose. Has two sets of four room houses. Ninety-five acres in cultivation, balance in pasture. As fine piece of red land property as there is in the county. Made seven hundred gallons of ribbon cane syrup, twenty five bales of cotton and six hundred bushels of corn last year. Bottom does not overflow. Who wants it? See J. J. Halton or call at the Sentinel office. 7-d8-wtt

**For Sale.**

**For Sale**

Three log wagons, three yoke of cattle, four mules and four horses now located near Chireno, Texas. See me at Frost-Johnson Mill. W. V. Green, Nacogdoches, Texas.

Leo Mintz has gone to Dallas where he will make arrangements to enter the new University, to be opened this fall in the law department. Leo is a 1915 High School graduate, a deserving and capable young man and his venture in the study of law will prove successful without a question.

Miss Edna McCuiston of Mahl will go to Jacksonville this week to enter the normal, which is in session there.

**THAT TIRED FEELING**

Do You Continually Feel Sluggish, Disinterested?

If you do, it is probably caused by your liver. When the liver fails to perform its functions properly, the system becomes clogged with poisonous matter, that weighs you down mentally and physically.

The liver gets out of order very easily, and if neglected chronic trouble usually results. Don't delay if you feel badly. You knowingly lay yourself open to life long pain, when you allow yourself to continue in a run down condition. Cure yourself quickly and harmlessly with the natural vegetable remedy, Liv-Ver-Lax. It has all the effectiveness, but not the effect, of calomel.

Genuine Liv-Ver-Lax bears the likeness and signature of L. K. Grigsby, and is guaranteed to give satisfaction or money refunded. Insist on it. For sale by Stripling, Haselwood & Co.

## WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISLER, 1625 Dounton St., Nicetown, Pa.

**Another Woman's Case.**  
Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

**Danger Signals to Women**  
are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

### Preparedness

The San Antonio Light has a lengthy editorial on the necessity of factories to make ammunition in great quantities for war emergencies, taking it for granted that other precautions in the way of war are a matter of course. This may be all right, that is to be ready to fight quick and hard and this might bluff the enemy, but it does seem very much like carrying a gun for fear the other fellow be armed and hold you up. The average desperado goes armed, but he has more fights than does the unarmed man, and he also gets panned oftener. The Light says:

It will be mighty poor business for this nation to go to war unless it is prepared at least to shoot as long as the other fellow. The man or the nation that has the last bullet has an excellent chance of getting a favorable decision.

**Piles Cured in 6 to 14 Days**  
Your druggist will refund money if PAGO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

### Champ Clark Talks

Oklahoma City, Okla., June 1.—Speaker Champ Clark, in a talk today at a luncheon given in his honor by the Young Men's Democratic league of the city, said in connection with Germany's reply to the president's note: "President Wilson has right now the biggest load to carry of any president since Lincoln. He should not be hampered by anybody going about the country giving out interviews about what should and should not be done. This is a matter on which the president has all to do. This is his business."

"If I could reach out and grab by the neck every jingo in the country and put him into the trench in Europe, I would be glad to do it."

In closing he cautioned young democrats to remember that Wilson was a minority candidate for president and not to rest with the idea that they were in power to stay forever.

Billy Sunday and Henry Watterson.

Billy Sunday is a bully preacher, and Henry Watterson is a noted editor. They don't admire each other a bit, but they have adopted similar war talk. Preacher Billy says, "To hell with the Kaiser." Editor Watterson says, "To hell with the Hapsburgs and the Hohenzollerns." Both mean about the same. Such language is allowable to such men only, and not then be profanity.

Mr. Watterson blames the emperors of Germany and Austria for the war. Mr. Sunday blames the Kaiser. The Beaumont Enterprise concludes an editorial along these lines, in this way:

It is quite the fashion of this country to damn the kaiser and "Prussian militarism," at the same time declaring that the Teutonic people deserve the sympathy of the whole world.

As a matter of fact, there is nothing more certain about this war than the fact that the people of Germany are behind their emperor to the last man. They do not hate the kaiser nor the things for which he stands. He is the living personification of the German people and of their ideals. Their passionate loyalty to and admiration and love for the kaiser are as unquestioned as the love of the German for the Fatherland. He is the greatest of all Germans, living or dead, for no other German, from Herman to Bismarck, ever personified the spirit of the German people as this last Hohenzollern has personified it. He is Germany. He made no idle boast when he spoke of himself as the German war lord. That is exactly what he is. He is a militarist, but so are the German people militarists. He did not make them militarists. They made him one.

When an intelligent man says "To hell with the Hohenzollerns and the Hapsburgs," and "To hell with the kaiser," he means "To hell with the German people," for the kaiser stands for the German people and the German people are with him heart and soul, as nations have seldom in the history of the world been with their leaders.

### Will Make Good Mule Feed

The Germans have taken over the properties of the British-American Tobacco Company situated within the empire. The concern is a branch of the old American Tobacco Company, and if it handles the same kind of smokin' in Germany as it does in America, the stuff can be fed to mules when the hay supply runs short.—Sealy News.

"Oh, say, can you see by the dawn's early light" that "The Star Spangled Banner" is to be sung all over the nation on July Fourth? That is a song of a good nation of good people; it is our national anthem. Let us be prepared to sing it.—Temple Telegram.

**Whenever You Need a General Tonic Take Grove's**  
The Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

FOR COUGHS AND COLDS  
Contains No Opium. Is Safe for Children.  
Sold by Swift Bros. & Smith

### Officials Ought To Work on Their Salaries

Columbus, Ohio, June 5.—Demand that Sherman McPherson United States district attorney, and his assistant, Harley E. Burns, return fees of \$20,000 awarded them by United States District Judge John E. Sater for their services as counsel for the receiver in the suit of the government against the old Capital City Dairy company, was made here in a motion filed in the federal court. The motion also asks that former Congressman E. L. Taylor be required to return \$20,000 awarded him for his services as receiver.

The motion, filed by special counsel R. W. Childs of the department of justice for Attorney General Gregory, asserts that the payment of the fees to the district attorney and his assistant "was peculiarly improper" in that it was their official duty to prosecute criminal cases pending against officials of the company who are charged with conspiracy. The dairy company through some of its officials, recently paid to the government about \$600,000, in settlement of charges against it of having evaded the payment of taxes on oleomargarine.

### Rancher Orders A Dirigible

J. Stanley Smith, fashion setter for Montana modes of travel, is on his way east to place an order for a dirigible. It used to be a bucking broncho that carried the owner of the "Groveland 71" sheep ranch over his holdings. Then, in 1906, a motor car was added to the plant—the first buzz wagon, it is said, that saw service in Montana. And now, well—Smith says that 1915 will see him floating over the Absorak forest reserve and "Crazy" mountains in a sky machine. The "71" ranch consists of 75,000 acres—45,000 acres personal and 30,000 acres leased property.

### Anti-German Riots Resumed In London

London, June 1.—The Zepelin raid on the Metropolitan Area last night has brought recrudescence of the anti-German demonstrations of the mob.

The feeling against Germans is acute. Crowds have attacked shops, and special constables have had to be called out to deal with the people.

Nobody has announced for the United States Senate in the past ten days, nor has a new president assumed authority in Mexico. We can't figure out this strange phenomena.—Cherokee Sun.

### Can Baby Live on \$20,000 A Year? Not on Your Life.

New York, June 5.—John Jacob Astor, now in his third year, posthumous child of Col. John Jacob Astor, who perished when the Titanic went down, has been living at the rate of approximately \$30,000 a year, according to the accounting field today with the surrogate by his mother, Mrs. Madeline Force Astor, who is his guardian.

The court allowed Mrs. Astor \$60,000 for the maintenance of the little boy for three years, or \$20,000 a year. In the accounting filed today, Mrs. Astor asserts she has spent in addition \$23,639 of her own money for his maintenance. Chief items in the accounting are one-third of the taxes of the Astor Fifth avenue home (the taxes being approximately \$30,000 a year) \$8000 for professional service of physicians, lawyers and others and \$5000 for clothing, supplies and toys.

Mrs. Astor asserted she was informed that the income on the trust fund left by Colonel Astor for the child was approximately \$140,000 and upon this assumption contends that it was Colonel Astor's wish that his son be amply provided for. Of this income, she pointed out, she has been allowed only \$60,000 for three years. The money she has spent from her own funds, in addition to the \$20,000, was expended from the date of the child's birth to December 31, 1914.

**Cures Old Sores, Other Remedies Won't Cure.**  
The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

The county jail is empty. It has not had a prisoner for days and days. This is the first time in years that the jail has had no prisoner. Sheriff Spradley says there is but little chance or prospect of an arrest. The criminal dockets are nearly clear. There are just a few cases on them. So in a general way our big county is good, and may remain good.—Nacogdoches Sentinel.

That is a good report, indicating a nice, quiet community. We wish that we could say as much for our county but there is so much doing here that we have to put a good many of the population in jail for one reason or another.—Temple Telegram.

### Warehouse Law is Opposed by Texas Ginners

Dallas, Texas, June 3.—Opposition to the recently enacted permanent warehouse law, as "directly opposed to the best interests of the ginner," was expressed at the opening session here today of the Texas State Ginners' convention. It was indicated the convention would attack the constitutionality of the law. A resolution voicing the ginners' opposition to the law was expected to be introduced before the convention this afternoon.

### Forestalling the Gossips

Now that the editor's wife has returned home, if you know anything bad we did while she was away it would not be wise to tell her—besides it would not be telling her anything.—Grapeland Message.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me. Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"  
"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

### In Favor Of New Nation of Nations.

Philadelphia, June 1.—A declaration of inter-dependence which would pave the way for a new "nation of nations," was proposed today by Mayor Blankenburg of Philadelphia, speaking in Independence hall to the delegates to the recent Pan-American financial conference, guests of the city for the day. The mayor proposed also the use of an international flag to protect commerce on the high seas.

"I believe," he said, "that the need is so great for such a flag that the peoples will unitedly respond to a call for the nations to get together to decide on its purposes."

### Germany Calls Out Last Reserve Force

Amsterdam, May 31 (Via London).—An order calling to the colors all first class members of the landstrum, or the final reserve forces, has been published in the Reichs Anseiger of Berlin.

Bavaria is excepted in the order. Germans in Germany are called to report between June 8 and June 10 and Germans outside of Germany as soon as possible.

**Stripling, Haselwood & Co.**

Agents For Nunnally's Fine Candies

#### From Fairview.

Farmers are all busy plowing their corn for the last time. Crops all look very good since the rain.

Health of our community is very good, except Mrs. Emma Muckleroy has been very sick for the past two weeks.

Rev. Campbell will fill his regular appointment next Sunday, June 13, and hopes he will have a large crowd. For Bro. Campbell is an able preacher. Mr. Charley Baker will sing in the afternoon. All are invited to come and take a part. Mr. Baker is a good singer and we are glad to have him with us.

Mrs. Tom Estell is home again from an extended visit to friends and relatives in Beaumont. We all welcome her back.

Miss Lela Baucom is visiting near Trawick.

The young people enjoyed an ice cream party last Saturday night at the home of Mr. and Mrs. Jewel Smith.

The many friends of Mrs. Mattie White will be glad to know she was able to go visiting last Sunday. She spent the day at the home of Mr. and Mrs. Robert Parrish.

Grandma White is 72 years old and has been confined to her home so long on account of rheumatism.

Misses Lela Smith, and Ada Stripling left for Denton last week to attend the Summer Normal. Lela and Ada are two of our young ladies, who are trying to make themselves worth something in life. We surely wish them good luck.

Miss Edna Gaston passed through enroute to Jacksonville to enter the Summer Normal.

Mrs. Tom Lees' brother, Mr. Pett Pruitt, visited her last week from Brownfield.

Our Sunday School at this place is doing some good work, at present. We have close on to 100 enrolled, good attendance, and all seem to take a great interest, and that is what makes a good Sunday School. We have had several good talks of late. One was by Richard White last Sunday afternoon on "Friendship," and he surely

#### Sudan Grass and Groit Cowpeas.

'Sudan grass that was planted in the spring should at this time of the year be ready for the first cutting. The right stage for cutting this valuable hay grass is just as the seed head is beginning to appear, for at this stage of its growth it contains more food value than if cut earlier or after the heads are out. In order to assure a quick growth of the second crop the mower blade should be set high, so as to miss the young shoots at the bottom of the plant. If this is done a second cutting can be secured in about forty days and so on until frost. It is advisable right after cutting to cultivate the stubble as this will help to retain the moisture in the soil as well as kill out the weeds and other grass that may have grown with the first crop. In curing Sudan grass handle it the same as you would Johnston grass. Sudan grass can be planted upon oat stubble any time during this month, and will produce one good cutting of about two tons to the acre. There is no better crop than Sudan to plant on oat stubble. In order to obtain the best results the oat stubble should be plowed under with a turn plow, the land then harrowed and laid off with a straight shovel plow every two feet and the seed drilled in by means of a corn planter, using a four hole sorghum plase. The prospective grower need not wait for rain to plant this grass as it will come up and grow under the present climatic conditions. Two tons to the acre was obtained on the Station last year planted on oat stubble in June and the farmer will use his oat land for this crop there will be no excuse for shortage of hay upon his farm this coming year.

Another valuable crop demonstrated by the Station is the Groit Cowpea, which can also be planted upon oat stubble. This is a new pea to this section, and was planted for the first time last year on the Station with success. This pea produces a very heavy crop of peas of slate color and good size, and in spite of its color is a good table pea on account of its size and flavor, and for these qualities should displace the old speckled pea in this county. For those who wish to obtain this pea, will state that Mr. J. M. Green of Nacogdoches is handling them for the station, and those who wish a good quality of Sudan grass can obtain the seed from Dr. Mayfield at the Sentinel Office. These seed are Lubbock grown and Government inspected and are free from Johnson grass and other foreign seeds.

The Station recommends the farmers of the county to plant these crops upon their stubble land this month, as they will give more and better forage than either millet or sorghum. Both of these crops will mature in time for fall planting of grain, and on account of the vegetable matter that will be plowed under from the Sudan stubble and the nitrogen stored up in the roots of the pea will both retain and increase the fertility

of the soil, and thus assure you a better crop of grain this coming winter.

It is up to the Texas farmer to keep his land busy and producing, the year round. The population during the last census decade has increased 21 per cent while the production of food grains only 2 per cent, and unless our farmers practice better farming and keep their land producing the year round, the country will either have to buy from other countries or starve. Therefore it is up to the farmer to take advantage of these conditions. There is no excuse for the present condition of a number of our farmers except their indifference. The Station is for their benefit, in order to show them how they can improve their farms and themselves by using up to date farm methods, the county Demonstration Agent is here to give them instructions, and the citizens of Nacogdoches have made arrangements with the A & M College of Texas to hold a three days school of agriculture in Nacogdoches this coming August, which will be free to every farmer in the county, at which he can learn, if he has the mind to, some phase of agriculture applicable to his farm, either about his soil, the use of fertilizers, or the feeding of dairy and farm animals. The farmers of the county, and every one interested in crops and stock, should take advantage of this school, and let us have a large attendance so that the school will become an annual event in our county.

Geo. T. McNess,  
Texas Experimental Station, No. 11.

A destitute mother with five starving children, the youngest one a little fair haired boy two years old, thin and pale for lack of food. The heartless father giving no aid, abandoned his family, sold their only means for food, one milk cow, and to cap the climax, he filed a sworn complaint against his helpless, hungry, destitute wife. Ask Sheriff Spradley. He had the little boy in his arms on the streets soliciting aid and sympathy today. If the half told be true it is too bad to tell. And it happened in this county, only a few miles from town. The case almost forbids comment. It is overwhelming in its wicked, distressful character. Such an inhuman monster of a father, such an innocent suffering mother and babes, would rend the heart of a stone.

#### Walnut Grove.

There will be an all day singing at Walnut Grove, Friday, July 16. A full Program will be arranged. Everybody come and bring your dinner.

In the interest of the grave yard.

Remember the date. Friday July 16, 1915.

Committee.

#### RUB-MY-TISM

Will cure your Rheumatism Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts and Burns, Old Sores, Stings of Insects Etc. Antiseptic Anodyne, used internally and externally. Price 25c.

#### Notice of Bond Election.

Notice is hereby given that an election will be held at the City Hall in the town of Nacogdoches within the Nacogdoches Independent School District, on the 10th day of July, 1915, to determine whether the bonds of said district shall be issued to the amount of \$60,000.00 payable forty years from their date and bearing interest at the rate of five per cent per annum for the purpose of constructing and equipping public free school buildings of brick or concrete material, and purchasing sites therefor; and for the purpose of constructing permanent repairs of brick and constructing additions of brick material to the Nacogdoches brick public free school buildings, and whether there shall be annually levied, assessed and collected on all the taxable property in said district, for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

Beeman Strong has been appointed manager of said election, which shall be held as nearly as may be possible in conformity with the general election laws of the State.

No person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a tax payer in said Nacogdoches Independent School District.

Those in favor of the issuance of the bonds and the levying of the tax shall write or print on their ballots "For The Bonds and the Tax," and those against the issuance of the bonds and the levying of the tax shall write or print on their ballots "Against the Bonds and the Tax."

Said election was ordered by the board of trustees of said Nacogdoches Independent School District by order passed on the 7th day of June, 1915, and this notice is issued pursuant to said order.

Dated this 7th day of June, 1915.

F. H. Tucker,  
President.  
C. A. Hodges,  
Secretary.

#### Election Order

Whereas, a petition has been presented to the board of trustees, signed by the requisite number of the qualified property tax paying voters of the district, praying that an election be ordered within said district for the purposes hereinafter stated therefor.

Be it ordered by the board of trustees of Nacogdoches Independent

School District that an election be held at the City Hall, in the town of Nacogdoches in said Nacogdoches Independent School District, on the 10th day of July, A. D. 1915, to determine whether the board of trustees of said district shall have power to annually levy and collect a tax upon all taxable property in said district, for the support and maintenance of public free schools in said Nacogdoches Independent School District, of and at the rate of not exceeding 50 cents on the \$100.00 valuation of taxable property in the district inclusive of the taxes necessary to provide interest and sinking fund for school building bonds of said district; such tax, if voted, to be levied and collected for the year 1915, and annually thereafter, unless it be discontinued as provided by law.

Beeman Strong is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same.

None but property tax payers who are qualified voters in said Nacogdoches Independent School District shall vote at said election.

A copy of this order signed by the president and attested the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law. This June 7th, 1915.

F. H. Tucker,  
President.  
C. A. Hodges,  
Secretary.

Dr. W. P. Fears was in our city last Saturday. He is a stranger to at least half of the citizens of the town, and many do not know that he was at one time the leading physician of the town and of the county. He is the oldest practitioner of medicine in the county. He graduated in New Orleans in 1870, forty five years ago. The editor was a member of the same class and the two have been life long friends and fraternal companions. Dr. Fears has made his home at Appleby for many years but at this time he has no fixed place of abode. He was the captain of a company from here in the Confederate army.

The Sentinel is in receipt of a lengthy lot of literature from R. T. Milner, advocating the separation of the two big State schools, the A. & M. and the State University, requesting publication. No use to fill our paper up with it. Every body here favors the separation.
