THE "CITY" OF LUFKIN.

From Tuesday's Daily:

While in Lufkin yesterday, the writer called at the office of the Daily News and made inquiry as to the whereabouts of the "city" that we might observe it with our eyes while in the vicinity—not that we doubted any statement to this effect from our worthy contemporary, but wished to behold the beauties and grandeur thereof in person to the end that we might offer corroborative evidence should occasion ever require such an effort in the ethics of our profession.

We were "shown," not so much in houses, industries, etc., that go to make up the material side, but in the genuine hospitality for which true East Texas newspaper people are so gifted and noted.

The News is equipped with a printing plant that is a credit to the town and country, and we rejoice to know that it is enjoying the prosperity it so richly deserves.

HONOR PAID WALTHALL.

Austin, March 27.—Out of respect to the memory of former Attorney General James D. Walthall, the flag at the capitol was flying at half mast today. The Attorney General's department was closed.

Walthall lost his life in the San Antonio Country Club disaster.

TOM PENCE IS DEAD AT HOME IN WASHINGTON

Washington, March 27.—Thomas J. Pence, secretary of the Democratic national committee, who had been ill for several months as a result of pneumonia, died at his home here today.

Pence was one of the "original Wilson men" and after the election was offered several prominent posts but declined them all. He was a friend of President Wilson and was the daily companion of his secretary, J. P. Tumulty.

For many years he was Washington correspondent of the Raleigh (N. C.) News and Observer, which is owned by Secretary Daniels.

President Wilson was shocked when told of his death and expressed deep regret.

Try a sack of our Mebane Cotton Seed.

NOT DOING WELL THE AUTO VICTIMS

Longview Times-Clarion.

At Henderson yesterday an X-Ray examination was made of the skull of Mr. Young, who was recently injured in an automobile accident here, and it was discovered that the base of the skull was fractured. He was at once taken to Galveston, where an operation will be probably performed at the John Sealy Hospital. However, his condition is said to be such that the outcome is very doubtful, and little hope is entertained for his recovery.

Dr. Futch, another of the victims, it was found would have to undergo another operation and have his broken bones reset, it being found that the first operation was not successful.

Mr. Spahrler, also, is reported as not doing well, and his condition is causing uneasiness and grave apprehension.

We will sell you a pair of specs for less.

2t Stripling, Hazelwood & Co.

ANNOUNCEMENT.

We desire to announce to the public that we have purchased the interest of the Scotch Woolen Mills in Nacogdoches and that hereafter the firm will be conducted under the name of the Reavis Clothing Co.

We will continue to handle and feature the popular Scotch Woolen Mills all Wool Suits for Men and Young Men and in addition two other well known made to your measure lines. These are the famous Ed. V. Price and the J. L. Taylor brands, which will enable us in the future to supply our customers with the best merchandise on the market. Mr. Reavis has been the manager of this thriving concern since they opened their branch here, and will continue in the same position with the new firm and wants you to call and let him show you the largest variety that has ever been on display for the coming season.

REAVIS CLOTHING CO.

Our new store is full of misfit Tailor-made suits and furnishing goods for men. All new goods. No old, carried-over stuff.

ZENO COX, Jr.

Come to see us, we have something to show you.

2t Stripling, Hazelwood & Co.

THE BANDIT HUNT IS GETTING INTERESTING

Villa and His Pals Are Fleeing Into the Jungles With Uncle Sam In Close Pursuit.

El Paso, Texas, March 28.—Dispatches from the front interpreted in connection with news brought by Americans returning from different points in the interior of Chihuahua caused a belief here tonight that Francisco Villa was headed for San Andres, about 25 miles southwest of Chihuahua City, a favorite retreat of the bandit. He is thought to be already not less than 50 miles ahead of his pursuers and possibly leading the chase at a much greater distance.

There are several Americans in El Paso who are not only thoroughly familiar with the country through which Villa is fleeing but who were also well acquainted with the bandit chief in former days. They are agreed that Villa's objective is the district around Parral and south from there to Torreon in which territory numerous Villista bandits under the leadership of Canuto Reyes are operating with considerable success.

It Villa is able to effect a junction with Reyes the problem of his extermination will have become a very serious one as he will then be able to control several thousand soldiers, who split into guerrilla bands might be able to keep up a desultory mountain warfare for an unlimited period.

The one hope at present is that the American cavalrymen may be able to catch up with Villa before he gets much further south. It is admitted here that the hope is a very slender one and that it will be much more extended if the American troops are not given the use of the Mexican railroads for the bringing of supplies. The supplies question overshadows everything else now. Army officers here say that upon the solution depends every chance of a successful termination to the pursuit of the bandit.

As far as the border is concerned conditions seem to have settled down to a condition of absolute stagnation. Considerable excitement was caused early today by a report that Mexicans had crossed the Rio Grande at a point 32 miles east of here and attempted a raid on the ranch of C. D. Kelly, former mayor of El Paso. Troops were rushed to the scene but after many hours of fruitless search they returned with the report that no trace of any raiders had been found and that they believed the whole story was due to the overwrought nerves of a woman.

The excitement over the incident quickly died down and the day passed with complete absence of wild rumors.

We will mail you prepaid one pound of Sudan Grass for 25c.

2t Stripling, Hazelwood & Co.

Judge Perritte furnished the road gang with several new recruits this morning, in the collection of which were a couple of negro women.

Our line of base ball and tennis balls is complete.

2t Stripling, Hazelwood & Co.

EVERY'S SHAWNEE, JR.

EVERY planters are guaranteed to give satisfaction. Use a EVERY 6 days then bring it back and get your money if you had rather have it than the planter.

A big, safe proposition for you—no chance for you to lose—but it's just as safe for us. We know from experience that you will keep the planter for it will give you satisfaction just like it does for hundreds of other EVERY PLANTER users.

Look at the illustration above. Built entirely of steel (no cast iron) which makes it very strong yet light and easy to handle. See these lugs on the rim of the driving wheel and those two pitmans (one on each side) that make the planter "Plant" when you want it to plant. With this positive "Locomotive Drive" construction there can be no "skid or jumps" and besides it is so simple that nothing can get out of order.

Plates for planting anything can be had with the EVERY planter and the "Sure-enough" Peanut Planting Attachment should be of special interest to anyone wanting to buy a planter. You can't expect too much of an EVERY and we can't say too much for them. Nothing is perfect but then EVERY planters are next to it. Come get an EVERY and try it.

Cason, Monk & Co.

We have a cultivator for you. Come and see it.

DRILLING FOR OIL.

Messrs. Adlai Mast and Tom Buchanan motored over to Chireno yesterday afternoon, and report a most enjoyable outing.

Mr. Mast says that considerable interest is being aroused in an oil well that is being drilled by a man named Converse a mile and half south of Chireno. The driller seems very hopeful, and has become so interested that he has shut down the well for a day or two until he can close up some leases on nearby property.

Mr. Mast also says that he found the farmers along the way in fine shape with their work, and the crops are looking fine, much corn having already been "worked out," and much being worked. The Chireno country, as well as the farms intervening between that place and Nacogdoches, compose a very fine section of East Texas, settled up with a very thrifty people, and it is always interesting to visit them on any occasion.

RESOLUTION OF RESPECT.

Whereas, the great and supreme ruler of the universe has in his infinite wisdom seen fit to remove from us our worthy and esteemed fellow-laborer, Edgar Mangham;

And whereas, the long and intimate relation held with him in the faithful discharge of his duties in our camp, makes it eminently fitting that we record our appreciation of him.

Resolved that the wisdom and ability which he has exercised in the aid of the Woodmen of the World, by service, contribution and counsel, will be held in grateful remembrance.

Resolved that the removal of

such a life from our midst leaves a vacancy, and a shadow that will be deeply realized by all the members and friends of this camp and will prove a serious loss to the community, and the public.

Be it resolved that with deep sympathy with the bereaved family and relatives of the deceased, we express our hope that even so great a loss to us all may be over-ruled for good by Him who doeth all things well.

Be it further resolved that a copy of these resolutions be spread upon the records of our camp, a copy printed in the Nacogdoches Sentinel and a copy be forwarded to the bereaved family.

COMMITTEE.

FOUR NEW OIL WELLS.

During the past three days four good producing wells were brought in at the Humble field, according to information received by Beaumont oil men who have interests in that field.

Dowser & McDonald brought in a well Saturday in the deep territory. Monday the Queen Oil company got a nice producer on the old Breeding lease. A 1000-barrel well was brought in Monday by the Produces Oil company on the Koehler tract, and the Turnbow Oil company brought in a small producer Monday on the W. L. Holmes lease.

The Sun company is drilling on the river lease and the Victoria-Humble Petroleum company has just erected a derrick on block 12 of the Donlin subdivision near the Deep Sand Oil company's No. 2 well, which came in Sunday producing 500 barrels a day.—Beaumont Journal.

MARRIAGE LICENSES.

Licenses to wed have been issued to the following parties by County Clerk Orton during the past week:

- Amos Bradley to Neacy Bagley. (col.)
- West Stegall to Louise Whitaker. (col.)
- Marian Neil to Miss Myrtle Parker.
- Eugene McClendon to Miss Ethel Yates.
- Felix Simons to Eudora Williams. (col.)
- A. R. Blackshear to Miss Angie McGee.

FERGUSON SELECTS MANAGERS FOR HOME

Austin, March 28.—Governor Ferguson has appointed the board of managers for the proposed state colony for the feeble minded, to be established near Austin.

Following is the personnel of the board as appointed: Mrs. William Bacon of Greenville; Churchill Bartlett of Marlin and Dr. Joe Gilbert of Austin; these with W. F. Doughty, state superintendent of public instruction, and Dr. A. Caswell Ellis of the State University, constitute the board.

BUSINESS NOTICE.

Bring me your chickens and eggs. I will pay the top market price. Also I have a new fresh line of groceries, pea green hay and all kinds of feedstuffs. I sell for a small profit and cash only.

W. H. JOHNSON, Phone 405.

Full line of Hasting's Water Melon Seed. Phone us to send you 50 cents worth.

BALTIMORE & GIBBS, Proprietors
G. M. HALTOM, Manager
O. M. GIBBS, Editor

The negro population over in Nacogdoches county is on the wane. Two gentlemen of color in that locality had their lives snuffed out in the last few days. There is nothing like progress along any line.—Lufkin Daily News.

The wrestling bout between Pat Brown and Billy Schober at Houston a few nights ago was refereed by the police when Schober lost his temper and resorted to a fistie encounter.

Mr. Calvin Mantooth made a trip to Nacogdoches yesterday afternoon, overland. He is back on the job today, with the Lufkin National Bank. If you have money to deposit, or want to get a "loan," go around and see him.—Lufkin Daily News, Wednesday.

The papers arriving today report big fires in Paris, Texas, Augusta, Ga., Nashville, Tenn., Copper Hill, Tenn., Tulsa, Okla., Utica, Kan., and Palestine, Texas, altogether entailing a loss of upward of twenty million dollars. Such reports should inspire every one to be very careful about fire while everything is so dry.

Deliver us from the fellow who hops up every day and calls attention to the mistakes that have been made. All great success is achieved through overcoming the difficulties growing out of the mistakes that have been made. When you see a man who is not making mistakes you see a man who is not stamping out new trails.—Temple Telegram.

A dispatch from El Paso announces that Villa is again "surrounded" but the question is, will he remain thus? He has been "surrounded" before, and killed many times in his checkered career, but like the evil genius he is, he has a way of coming back that makes news of his restraint in any manner read like fiction.

"The Dallas Battery," a part of the State Militia, was ordered to entrain for the Texas border Tuesday, and it is estimated that other companies will be called out in the very near future. As the soldiers of the regular army are occupied with service in Mexico the state militia will be utilized to do guard duty on the border and it is possible that the entire strength will in this way be pressed into service.

Cotton seed brought such a fancy price last year that many farmers were heard to remark that they wished they could find a variety of cotton which would all be seed. On the same theory we may begin to wish for a variety of cattle that would be all hides since the price of leather is being inflated to such an enormous figure by the increased demand as a result of the wars. Then, too, we could use sheep

The fire losses in this country amounted to over \$20,000,000 as given in today's papers. While this is a heavy tax on the resources of the insurance companies, such companies as the Royal, Phoenix, Continental, Home Aetna and others of the Sublett Insurance Agency will easily care for their losses. Would you feel comfortable to have a loss at this time if insured in one of the smaller companies? The rate is the same in the larger companies as in the smaller and untried ones, which are often put out of business by such disasters.

INCREASE PROFITS 1,000 PERCENT.

Dr. Seaman A. Knapp, was not far from right when he estimated that we might increase by 800 per cent the actual profits—not the total earnings but the actual net profits—of the average Southern farm worker. He divided the 800 per cent increase as follows:

300 per cent by using more and better work stock, tools and machinery;

200 per cent by raising more and better cattle, hogs, horses, poultry, etc.;

150 per cent by better drainage;

50 per cent by using and growing better seed;

50 per cent by growing more legumes and feed crops.

There is no doubt, we repeat, but that Dr. Knapp was about right as to its being possible to increase actual profits on the average Southern farm 800 per cent as indicated; but the golden opportunity does not end there. If Dr. Knapp were alive today, with his ever-broadening vision we have no doubt but that he would say that it is possible to increase profits ten-fold a full 1,000 per cent by adding an extra 200 per cent as follows:—

100 per cent by wiser marketing of crops;

100 per cent by "better business," including avoidance of time prices.

Now much of this program can be carried out, it is true, by the individual farmer himself, but for maximum results in nearly everything he should co-operate with his neighbors:

1. For profitable marketing—packing, grading, warehousing, selling, shipping—there must of course be co-operation.

2. There should be co-operation in credit unions, savings and loan associations (as we pointed out last week) to enable all to avoid "time prices."

3. There should be co-operation in buying and using up-to-date farm tools, farm power, and machinery.

4. Neighbors should join together in buying pure-bred sires for improving stock, and in having all neighbors raise the same breeds.

5. Co-operation in doing farm work helps all concerned.

6. Effective drainage work also usually calls for co-operation.—The Progressive Farmer.

TEXANS IDEAL SOLDIERS.

Were it not extremely amusing it might be looked upon as reprehensible, that opinion of Texans and particularly those who compose the Texas Rangers and Texas National Guard, expressed by a newspaper no farther away than Tennessee.

The Nashville Banner, commenting on the possibility of calling on the militia during the little trouble with Mexico, finds that Texas' State troops would be wholly unsuitable, with the probable exception of service in guarding the border, giving as its reason, the following:

The invasion of Mexico in pursuit of the offending bandits is not to be construed to be war, and in that light the Texas militia might be allowed to become a part of the expeditionary force into Mexico, but if war is forced they could only be employed for defense alone.

Possibly it will be well enough to keep the Texans out of Mexico at this juncture. The soldiers who go there must be kept under close control, and their action must be circumspect. That would be more difficult with Texas militia than with regulars, but the talk of employing the militia suggests the constitutional impediments in the way of making

State troops a National reserve.

As stated, the above would be reprehensible were it possible to look upon it with anything but amusement. If there is one organization that is ideal, as defenders of their State, it is the Texas Rangers. That organization has won a world-wide reputation as fighters of the first rank and that has been their history since their first service. They have never been charged with misconduct in the slightest degree.

The Texas contingent of the National Guard, at many encampments and maneuvers, with the militia of other States and with the regular troops, even in the Manner's own State, have ever so conducted themselves as to win the highest praise and never one improper act has been done by the militia as a body, or through its personnel.

There is no State in the Union where the fires of patriotism burn so brightly as they do in Texas and to say that Texans are naturally fighters is but giving them their just dues. Loyal to their State, they are just as loyal to the Union and when invasion is made on this country's rights, State or National, there is none more ready to resist it than are Texans. Their State is ripe in the romance of history and the struggles of their ancestors for that liberty which is theirs today and their first instinct is to preserve it.

Let any company of the Texas National Guard, any detachment of the Rangers, one or many, or the entire organization, be called today and sent to join the expedition in the interior of Mexico and it will be found that they are excelled by none in discipline, gentlemanly behavior, courage or fighting ability, by any troops in the entire country.

To say that the Texans are not to be kept under control and that their action would not on all occasions be circumspect, is to cast reflection on the finest body of troops to be found in the entire National Guard. The Banner owes Texas and its soldiers an apology.—Austin American.

If there is no ordinance to this effect, one should be made at once and rigidly enforced, requiring people to clear the road with the approach of the fire department when it is making a run to a fire, both for the safety of the firemen and the importance of admitting the wagons to get to the scene of the blaze as quickly as possible. Yesterday morning when the department was making a run up North street the street was lined with automobiles, buggies and people, and when the motor truck attempted to run by it was forced to cut out of the road into a rut which came near turning the car over, throwing one of the firemen out and forcing the car to stop and lose considerable time. In the cities all vehicles are required to pull to the side of the street and stop, people must get to the sidewalk and everything is cleared for the fire department. A similar regulation for Nacogdoches is needed.

Politeness and courtesy upon the part of others is often abused by a lot of jerk-water specimens who think that the success of any undertaking lies in their maneuvering of the proposition.—Timpson Times.

This "course" is sometimes adopted to "split the plan" and save putting up. Some people are very "patriotic" until the show down comes you know. Funny old world.

A friend of the editor inquires why we don't catch Villa and quit working so hard. We love our job.

THE CHIEF FACTS ABOUT PARIS FIRE

Description of burned area: Main Street—Both sides from Washington through Pine Bluff on North Main, fourteen blocks. South Wall Street—Both sides from Washington to the Collins-Dulaney building, one block south of square; eight blocks.

North Wall—North to Price street, one block. Church Street—Both sides from Texas & Pacific tracks to Brame street, four blocks.

Washington Avenue—Both sides from Mill to Main streets with the exception J. U. McAlister and Robert Miller homes, three blocks.

Pine Bluff Street—Both sides for one mile at the extreme eastern end.

Clarksville Street—Both sides for five blocks east of the square.

Lamar Avenue—Both sides to High street, a distance of five blocks.

Price Street—Both sides to Birmingham street, seven blocks.

Short street—Both sides from south end to Peterson theater, two blocks.

Public Square—Property valuation \$20,000,000, every building burned.

Number of blocks burned—One hundred and three; distance of the burned area, three miles in length, from one block to four wide in width.

Number of Residences burned—(Estimated), 2,000.

Property loss—(Estimated), \$13,000,000.

SHOE WEARERS MUST "PAY THE PRICE"

A side-effect of the far-away war that interests every man, woman and child is the announcement of the fact that shoes must this season advance in price.

The generally reported scarcity of leather and increased cost of tanning since the war, combined with an enormously increased demand for leather, all account for the advanced cost of footwear.

Millions of pairs of shoes for the European armies have been and are still being made by American shoe manufacturers. On the average these army shoes consume one-half as much leather as the average American man's shoe.

Knapsack's, saddles and harnesses and other material for the armies at war and a general increase in equipment of the American army and state militia, account for a still further demand on the none too large supply of leather.

Munitions plants have called for thousands of feet of leather belting and the general picking up of business has started thousands of factories' wheels and greatly augmented the call for belting.

Autos have also made great and increasing inroads into the available leather supply for upholstery.

Leather is a by-product. The supply cannot be increased at will as crops and metal are, but is dependent upon the hide supply; and cattle are not killed primarily, for their hides.

The census reports show that the cattle population has decreased 20 per cent in the last ten years, and the population has increased the same percentage.

Shoes, therefore, are to be more expensive. It is said that the increase for the present will be about 20 per cent, but will likely be more by next fall.

Dallas is on the first page of the big papers again with another mysterious murder in which a trained nurse is the victim.

The LIGHT OF THE HOME

For father—a cosy armchair, his favorite paper and A RESTFUL LIGHT.

For mother—the easiest chair, her sewing basket and AN EASY LIGHT.

For the children—at-home-lessons or books, A CLEAR LIGHT easy on youthful eyes.

These are the comforts you get when you burn

FAMILYLITE

It is an illuminating oil made specially for home use. It burns with a soft, brilliant glow—and burns evenly down to the last drop.

Familylite is a clean oil, it gives off no smell or smoke. It requires less trimming of the wick—and less refilling of the lamp.

Try Familylite. It is one of the numerous Texaco Products made for home use. Have the nearest Texaco dealer show you them all.

The Texas Company
General Offices: Houston, Texas

RECOMPENSE

Straight through my heart this fact today
By truth's own hand is driven—
God never takes one thing away
But something else is given.
I did not know in earlier years
This law of love and kindness;
I only mourned through bitter tears
My loss in sorrow's blindness.
But, ever following each regret
O'er some departed treasure,
My sad, resigning heart was met
With unexpected pleasure.
I thought it only happened so;
But time this truth has taught me—
No least thing from my life can go
But something else is brought me.
It is the law, complete, sublime;
And now, with faith unshaken,
In patience I but wait my time
When any joy is taken.
No matter if the crushing blow
May for a moment down me,
Still, back of it waits love, I know
With something else to crown me.
—Ella Wheeler Wilcox

DO YOU KNOW THAT

There is no Federal institution in the continental United States for the reception and care of lepers?

Plague is a disease of rodents? Malaria is spread by a special mosquito?

House screening is a good disease preventative? Fingers, flies and food spread typhoid fever?

Pellagra may be prevented or cured by proper diet? The United States Public Health Service believes that the common towel spreads trachoma, a disease of the eyes?

Children from sanitary homes advance more rapidly than those from dirty premises?

The Nacogdoches Sentinel wants to know what has become of all the oil wells that were attracting so much attention in East Texas a few days back. Just rest easy, Brother Gibbs, we still have hopes here, and are digging to beat the band. It is reported that an oil well near here has already been dug down through Japan, and is half way through China and when it passes through there—well, use your own judgment as to what it is likely to hit next.—Houston County Herald.

Then there is a Nacogdoches lawyer who charges unfairness because the Cotton-Eyed Joe symposium was closed before he got his version in. He hints at an injunction, or a suit to try title to this column. The longer State Press lives in a world beset with sorrows the more respect he has for those old-fashioned quitters who used to flee to the mountains of Hepsidam.—"State Press" in Dallas News.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

FOR WOMEN ALSO

Women who complain of sick headaches, nervousness, constipation or the irregularities peculiar to the sex, revive wonderfully under the cleansing and stimulating properties of

PRICKLY ASH BITTERS

IT IS A POWERFUL SYSTEM REGULATOR

It extends its purifying and restorative influence to every part of the system. Women who are pale, sallow, weak and nervous soon pick up and become bright and cheerful under its excellent purifying properties. It clears the complexion, restores color to pale cheeks, sweetens the breath, brightens the eye and promotes regularity in the bowel movements.

Sold by Druggists and Dealers in Medicine.

Price \$1.00 per Bottle

Prickly Ash Bitters Co., Proprietors, St. Louis, Mo.

Stripling, Haselwood & Co., Special Agents.

SECOND GAME.

Special to The Sentinel.

The Appleby Baseball Club defeated Mayo here today in the second of the series. Game was fast and furious throughout.

The score: Appleby, 5, Mayo, 3. Batteries for Appleby, Melton and Rusche. Batteries for Mayo, Hunt and Cassady. Time, one hour and twenty minutes.

For Your Child's Cough

If your child has a cold, nose runs or coughs much get a small bottle of Dr. Bell's Pine-Tar-Honey syrup, just what children like and just the medicine to soothe the cough and check the cold. After taking children stop fretting, sleep good and are soon entirely well. Insist on Dr. Bell's Pine-Tar-Honey. 25c at your Druggist.

Miss McAllister, of Woodville, who is teaching school at Doucette, was in the city Saturday shopping, and was joined here in a visit by her sister, Miss Viola McAllister, who is teaching in the Linn Flat school.

When to Take Chamberlain's Tablets.

When you feel dull and stupid after eating.

When constipated or bilious. When you have sick headache. When you have a sour stomach. When you belch after eating. When you have indigestion. When nervous or despondent. When you have no relish for your meals.

When your liver is torpid. Obtainable everywhere. dw

DEATH AT HARMONY.

Mrs. J. M. Collins, the beloved wife of Josh Collins, died at her home in the Harmony community Wednesday night, and her remains were laid to rest in the cemetery in that community yesterday.

The lady is survived by her husband and several children. She was a good christian woman, and had a large circle of friends who deeply sympathize with the bereaved family left behind.

HOWS THIS

We offer One Hundred Dollars Reward for anyone of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

NATIONAL BANK OF COMMERCE, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system. Cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for Constipation.

MILL IS DESTROYED DOWN AT MANNING

Loss Is Estimated to Be About \$100,000—To Be Built Back at Once.

Lufkin News.

At 1:15 o'clock yesterday afternoon the saw mill at Manning was discovered to be on fire. Just how it started The News was unable to learn, but only the mill proper was destroyed, the planer and other sections of the plant remaining intact. Even the engine and boiler rooms were not disturbed. The news of the fire was telephoned to this city at the time it started, and quite a number of Lufkin citizens hurried to the scene in automobiles. Mr. G. A. Kelly, one of the principal owners, who resides in this city, made the trip to Manning in a motor car. Some of the cars made record breaking time, according to reports, and dead dogs were scattered along the way, as well as chickens and all other living, breathing things. The distance from Lufkin to Manning is about twenty miles, but some of the cars covered the distance in the space of one hour, which is going some, considering the class of road which has to be traveled.

The News has it upon authority that the burned portion of the mill will be rebuilt at once, in order that the company may go ahead with the cutting of its acreage of pine timber. The saw mill at Manning is one of the largest industries of the county, and everybody will be glad to learn that the property destroyed is soon to be restored.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful!

BEAUMONT-SHERIFF MURDERED.

Muskogee, March 23—Jake Giles, sheriff of Jefferson county, Texas, was shot and killed on a train near Checotah early this morning. Several posses were started from here and other towns in pursuit of the alleged slayer, a man accompanied by a woman who fled into the woods after forcing the conductor to stop the train.

The man, according to reports received here, was a prisoner in custody of the sheriff enroute to Beaumont, Texas for trial on charges pending against him there. The woman was said to be his wife. No details have been received here of the shooting, but it is said that the sheriff died within a few minutes after the shooting.

ODD FELLOWS END ANNUAL CONVENTION

Mineral Wells, Texas, March 22.—The Grand Lodge of the I. O. O. F. adjourned at 1:30 p. m. today. Routine business, committee reports and mileage and per diem distribution occupied the time today.

The rebekah assembly installed officers this afternoon and adjourned two hours later than the grand lodge.

The degree staff of Bangs Lodge No. 220, Bangs, Texas, won the banner in the degree team contest last night. The Stephenville Rebekah degree teams won a medal in the contest

LAY CORNERSTONE MASONIC TEMPLE

From Tuesday's Daily:

Yesterday was a big day with the Masonic fraternity of Lufkin at which time the cornerstone was laid to the magnificent new three-story building they are erecting.

The members of the local lodge turned out en masse, and this crowd was supplemented with many visitors from neighboring lodges, altogether making a large crowd.

After performing the beautiful ritualistic ceremonies of the order, District Attorney O'Quinn made a most elegant speech in which he reviewed the growth of the Masonic fraternity in Lufkin from the day when they had a very small membership and met around in an old building that had to be guarded, up to the present day. Mr. O'Quinn was followed by Judge Middlebrook of this city who made a most eloquent speech on the beauties of fraternalism with specific reference to the cause of Masonry, and made the pretty point that while everything else with which we have to do in life, including even the church, had suffered plits and divisions, free Masonry has come down the stream of time the same today, yesterday and forever, being perpetuated in its purity and usefulness through every condition.

The following Masons from this place attended the exercises: H. F. Wilson, W. M., Judge Middlebrook, Rev. M. C. Johnson, Rev. C. A. Westbrook, W. G. Barron, C. C. Watson, W. A. Wade, Lake Orton, Geo. T. McNess, Gil Childress, John Jenkins and O. M. Gibbs, engaging the cars of J. L. Needham and W. G. Davis, leaving here about one o'clock, and returning at 6 o'clock.

BOB JORDAN, JR.

WINS DISTINCTION

Bob Jordan, Jr., of this city has won a National distinction he did not expect or hope for so soon.

Recently the Universal Film Manufacturing Company offered prizes for the most handsome man which includes a trip to Universal City, etc. Bob and others of the city quietly submitted their photographs, and you imagine the young man's surprise and delight when he found that a whole page of the Moving picture Weekly had been taken up in reproducing his picture and a biographical sketch.

Out of over forty thousand pictures submitted, Bob and one other have been the only ones to receive this much space and notice, and it is an indication that he is going to receive a share of the prize and some handsome offers from the moving picture world which is constantly on the alert for new subjects.

Eugene Vondersmith, who has been holding a position in this office the past five years, went to Jacksonville Saturday afternoon to accept a position with the Daily Progress. The reason for his making the change was that he would have opportunity to do work on the linotype machine at the latter place, for which he has recently made preparation by taking a course a course at New Orleans. Eugene has been a faithful employee of this office, and he carries with him the friendship and good wishes of the entire force.

BUSINESS NOTICE.

Bring me your chickens and eggs. I will pay the top market price. Also I have a new fresh line of groceries, pea green hay and all kinds of feedstuffs. I sell for a small profit and cash only.

W. H. JOHNSON, Phone 405.

FOSTERS PREDICTIONS MONTH OF APRIL

Washington, D. C. April 1.

Last bulletin gave the forecasts of disturbance to cross the continent April 1 to 5, warm wave March 31 to April 4, cool wave April 3 to 7. This will be the most severe storm of April and heavy rains are expected from it. The cold wave will reach meridian 90 about April 6 and frosts will go much further south than usual. The storm center is expected to pass through the southern states and up to the Atlantic coast. It will be the most severe storm of the month and during its transit colder weather and more rain than usual are expected.

Temperatures of April will average higher than usual but the first half of the month will be colder than usual. Most rain is expected during the first half of the month; not much rain last half of the month. From about March 30 to April 12 a great fall in temperatures is expected and during the week centering April 11 killing frosts are expected to go further south than usual. Great high temperature waves will prevail during last half of April, one of them crossing meridian 90 near April 20 and another near 27. Frosts will again go far southward about first of May.

April will be a good crop weather month. Immediately following April 14 will be one of the finest crop growing periods of the spring months and farmers should have their grain in the ground ready for that favorable season. Probably the most important growth of the crops will occur from April 14 to 30. Of course the latitude must be considered.

Next disturbance will reach Pacific coast about April 6, cross Pacific slope by close of 7, central valleys 8 to 10, eastern sections 11. Warm wave will cross Pacific slope about April 6, central valleys 8, eastern sections 10. Cool wave will cross Pacific slope about April 9, central valleys 11, eastern section 13.

This will be a great storm on the Pacific slope and will decrease in force as it nears the Atlantic coast. Heavy rains are expected along the south of latitude 40, particularly in south-eastern states. Most rains on Pacific slope will be south of San Francisco. Severe storms are expected west of meridian 90.

Indications are that the cold wave of this storm will cause snows in the northern Rockies; that following that cold wave a great rise of temperatures will melt much of the deep snows in the Rockies and cause floods. To some extent, similar conditions will prevail in the northern Alleghanies and it may be well to expect floods.

Last half of April will be rather quiet and favorable to farmers work. A great boom in crop growth is expected during those two weeks.

TAKEN UP—A sorrel mare mule, weighing about 900 lbs, about nine years old. Owner can recover same by paying expenses. R. W. Sullivan, Nacogdoches, Rt. 2. 27-2td-1w

JUDGE S. W. BLOUNT HAS RETURNED

Judge S. W. Blount has returned from a visit to the old state of Georgia. He went to Atlanta on a business mission, and while so near to the boyhood home of his illustrious old father journeyed on down to Waynesboro, from which place Col. S. W. Blount, Sr., emigrated to Texas seventy-five years ago and settled in the historic old town of San Augustine and made his home there the remainder of his life.

The elder Blount was one of

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol. Scott & Bowne, Bloomfield, N. J.

the prominent citizens of the Nation in his day. His father, as did his grand-father, bear the initial of "S. W.," and the family name, from the early settlement of the nation down to the present day, has always been prominent in the affairs of the country.

This is the first time Judge Blount has been to Waynesboro in about forty years, and he says that he found much improvement in the sleepy old town that existed then, the place now being one of the live, progressive little cities of the state. He has many relatives still living in that vicinity and greatly enjoyed the visit to them, finding it hard to break away, and only being able to do with the press of business that called him away. Among the interesting features of the trip he motored over to Augusta, Ga., and viewed the remains of the big fire that visited that city a few days ago.

DISTRICT COURT.

From Friday's Daily:

The grand jury returned five bills of indictment against Will Scott yesterday, and the court got a quick action on them by calling them to trial. The defendant plead guilty to two charges, burglary and unlawfully selling whiskey, and was given two years in the penitentiary in each case. The remaining cases were dismissed.

Frank White charged with killing a negro at Douglass, plead guilty to negligent homicide and was fined \$1000.

The jury in the case of Cotton Rivers, which had been hung up several days, reached a verdict this morning, finding the defendant guilty and assessing his punishment at a fine of \$200. The grand jury returned eleven bills of indictment yesterday, eight of which are for felonies and three misdemeanors.

From Saturday's Daily:

The jury in the case of Fred Self, who was charged with seduction, brought in a verdict of guilty, assessing his punishment at five years in the penitentiary. The grand jury adjourned for the term yesterday, and the report of the jurors will be found elsewhere in today's paper.

From Monday's Daily:

The jury in the case of Felix Chriswell, charged with killing Ernest Sapp at Mayo some two weeks ago, brought in a verdict of not guilty Saturday afternoon.

There being no other business available for several days, court adjourned until Thursday of this week, and Judge Quinn and District Attorney O'Quinn returned to their respective homes for a few days rest.

This has been a good term of court, in which much business has been disposed of, and the officers richly merit the little rest they will get before getting into another court.

COMPANY B IS

READY TO GO

Capt. R. R. Morrison of Company B., T. N. G., has informed the Adjutant General that his company is ready for service at any time. This information was given to the Texas National Guard headquarters some time last week, and Capt. Morrison says he believes every member of the company would be glad of the opportunity to help run Villa down.—Timpson Times.

The Sentinel

HALTOM & GIBBS.....Proprietors
G. M. HALTOM.....Manager
O. M. GIBBS.....Editor

The dispatches in today's papers announce that Villas flying south rather than fight, and that only an accident will encounter an early engagement with the big bandit. A wise old fox is that Villa person.

A good citizen invests his capital at home, in home enterprises, employs home people, and tries to maintain a high standard of character and service.—Gilmer Mirror.

According to this there are more and more good citizens as the days go by, for the people of Texas are beginning to patronize home industries better than ever before.—Austin American.

Elsewhere in today's paper will be found a communication from the San Augustine Bar announcing Judge A. E. Davis as a candidate for associate justice of the court of civil appeals at Beaumont. Judge Davis has been serving his district as district judge the past several years in which capacity he has made a brilliant record as a jurist, and many other good things can be said of him which are fully covered in the communication to which we call your attention.

The News is just now learning that the Lufkin High School baseball team which went to Nacogdoches to play the High School team at that place, met with defeat, the score being six to seven in favor of Nacogdoches. The News editor does not know how this came about—but it did. Play ball if you can.—Lufkin News.

Your admonition in the concluding sentence, "play ball, if you can," explains how it "came about." The Lufkin boys are good sports, and play a pretty good game, but they went up against Nacogdoches in this contest, you know.

This is a beautiful item, taken from the Orange Leader: "Tragedies like that which took the life of Sheriff Jake Giles and robbed his home city and community of a useful, inspiring life, are not easily fathomable to the ordinary intellect. That the slip of a woman planned and executed it is a mental defective, and has a mind warped beyond and around the ordinary moral view and perspective, is quite evident. What her plea and the plea of her paramour, guided by skillful legal minds, will be, one can only conjecture, and, while conjecturing, hope that the two will get all that's coming to them in the way of punishment. Nothing can atone for the life so wantonly taken; nothing but time relieve the sorrow of bereaved relatives and friends. Jake Giles is dead, but his spirit will ever live in the memory of his friends."

Some day we may pay doctors to give us a semi-annual overhauling to see that our machinery, is in good working order just as we do our automobiles. We'll pay the doctor as a physical guide, not as a camp follower, to patch up the cripples that drop from life's swift race. We'll pay him to clear the highway the influences that cripple. When that day arrives he will include in his services sanitary surveys of our homes, preside over our individual food and water supply, our heating and ventilating systems. He will direct the practice of personal hygiene for us—keep our carbureters properly adjusted that we may not miss fire, run hot, and finally wind up a premature wreck

in life's junkshop. We will pay him to keep us well, not to treat us to some long lingering, self-limited disease which we cannot cure, though he could have prevented it.—Beaumont Enterprise.

BAR EXAMINATION.

Seven men are taking bar examination before the board of legal examiners for the Ninth supreme judicial district in the chamber of the court of civil appeals. The board of legal examiners is composed of C. A. Lord, Beaumont, chairman; J. B. Forse of Newton and W. I. Davis of Center. Those who arrived yesterday to take the examinations follow: C. L. Woods, Newton; Thurman I. Rosses, Belton; E. T. Anderson, San Augustine; J. I. Hines, Center; I. E. King, Hemphill; T. M. Jordon, Kountz, and P. C. Del Barto, Orange.—Beaumont Enterprise.

HON. R. L. HENRY COMING.

Hon. R. L. Henry, candidate for the United States Senate, writes friends in the city that he will address the voters in Nacogdoches April 13, at 2 p. m., and will speak at Garrison at night on the same day.

Mr. Henry is a talented speaker and will interest those who hear him.

PARIS POSTOFFICE BILL IS INTRODUCED

Washing, March 25.—Bills were introduced by representative Black and Senator Sheppard for a postoffice building at Paris, Texas, to cost \$200,000, replacing the one destroyed by the fire this week, the amount having been fixed by the supervising architect of the Treasury Department. Members of the House committee have promised to expedite the bill as an emergency matter.

An officer of the War Department today reported to Washington that \$60,000 was needed to furnish food and shelter to the people of Paris rendered homeless by the fire.

The appearance of the express office has been greatly improved with the addition of plate glass front in lieu of the large windows that formerly occupied the space. Agent Nichols is a man of much civic pride, and hopes some day to be favored with the installation of modern fixtures with which he could make his place more attractive. But in the meantime he and his helpers keep everything as clean and sanitary as any business house in town, notwithstanding they handle much stuff that would cause litter in the work of the service.

A LUNCHEON.

Mrs. Kline Branch and Miss Lois Smith entertained at luncheon in honor of Miss Moss of Llano and Miss Aarah Brooks and Miss Tassie Polk of Beaumont.

St. Patrick finished the motif and color for this beautiful party, and his benign countenance was suspended from chandelier and held in his hand twelve St. Patrick ribbons that ran to twelve place cards which designated their owners by original rhymes. A pretty little kewpie held full sway in the center of the table, perched upon a mirror plaque which lay in a bed of soft green fern and a kewpie at each plate with a white and green carnation were the favors. Four courses of delicious viands were served this merry crowd while music enhanced the hour.

A picture show party was the fitting grand finale for this happy crowd.

BIRTHDAY PARTY.

Little Miss Francis Adams entertained her young friends last Saturday afternoon, March 26, in honor of her sixth birthday. She received many beautiful gifts.

The little ones were amused by many interesting games. The afternoon closed with a lovely supper, consisting of hot chocolate, pineapple, angel-food and birthday cakes and fruits, nuts and candies.

In cutting the birthday cake, Pauline Thrash got the ring, and Jack Chadwick the dime.

The dining room was made dark and lit up by six bright colored candles, representing her sixth birthday.

After the happy evening was over the all departed for their over they all departed for their more such happy birthdays.

COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 14c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tf

When in Need of a Monument

Visit the Nacogdoches cemetery and ask the sexton to tell you who does the beautiful work you will see

"GOULD"

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head stone and larger work.

CITY OF PARIS

HAS BIG FIRE.

Paris, Texas, March 22.—Two persons are known to be dead, and one missing and is believed to have perished, in the fire which destroyed all the business district and a greater part of the residential district of Paris last night. A statement issued by Mayor McCuiston placed the loss at between \$8,000,000 and \$10,000,000. It is estimated that 8,000 people are homeless.

The dead: JOHN STRAUB, burned in his home.

MRS. W. J. BAILEY, aged about fifty, died from excitement.

The missing: Mrs. A. G. Poul, an aged woman, whose home was burned, and who has not been seen since before the fire.

Although the city is without food there was apparently little suffering, and a good-natured, though dazed, view was taken of the disaster by a majority of the citizens.

A statement issued by Mayor McCuiston today placed the damage in last night's fire at between \$8,000,000 and \$10,000,000.

"No survey of sufficient accuracy has been completed to enable me to announce definitely the number of homeless," the statement read. "The known deaths are three."

The disposition of the ambitious candidate is never improved by a season in political cold storage.—New York American.

With some people charity begins at home, but it never gets as far as first.—Columbia State.

Some people are always in trouble because they cannot restrain themselves from speaking right out whatever comes into their heads.—New York World.

JUDGE A. E. DAVIS.

San Augustine, Texas, March, 6th, A. D. 1916.
To the voters of the 9th Supreme Judicial District of Texas:
At a meeting of the bar of San Augustine County, Texas, held in the town of San Augustine, Texas, on the 6th day of March, A. D. 1916, the candidacy of Judge A. E. Davis for the office of Associate Justice of the Court of Civil Appeals of the 9th Supreme Judicial District of Texas, was considered and the following resolution unanimously adopted:

Whereas, we, the members of the Bar of San Augustine County, believing in the honor, integrity and fitness of Judge A. E. Davis, desire to show our appreciation of him by announcing his candidacy for the office of Associate Justice of the Court of Civil Appeals of the 9th Supreme Judicial District of Texas for place No. 1, therefore, be it resolved, that in presenting Judge A. E. Davis as a candidate for Associate Justice of the Court of Civil Appeals for the 9th Supreme Judicial District, we, the members of his home Bar, feel that we should do more than merely announce his candidacy. It is not our purpose to indulge in maudling praise. The good words that we shall speak for him are not intended as "mouth honor." What is said is meant.

Judge Davis has not been a seeker after office. He was never a candidate for an office until he ran for the office he now holds, that of District Judge. His whole life has been given to the pursuits that tend to fit a man for the high office to which he aspires. First, as a teacher, then as practicing lawyer. All the while a devoted student.

That one seeking Judicial office should have to go to the people for election is, by some, thought to be a fault in our form of Government. A man who has led a studious life is not usually a popular idol. It is, therefore, a rare opportunity that the people of this District have to vote for a man, who, while not a hand-shaking politician, is yet a man who can feel the pulse of the times and has the every interest of the people at heart.

The voters in a large portion of the District already know and admire Judge Davis, but they do not know him as we do. For this reason, it becomes us to be more personal. He is a sober, and sterling man, fit to be trusted. He has lived his life on a high plane. He is an example to the young and worthy to be emulated by the old. His neighbors love him. What more can any man, as man, ask in the way praise?

By sheer force of ability and application he has raised himself to the top of his profession. He is a profound and serious minded lawyer, and added to this, he has a continuing desire to do right. After all, this last is the great essential to a great judge. The Judge can seldom go far wrong who has an eye centered on justice and right, because the law is founded on the immutable principles of justice.

Judge Davis is in the very prime of life and mental vigor. He was born in Huntsville, Texas, on April 9th, 1867; taught school in Texas for twelve years, and was admitted to the Bar in 1895; since then he has lived the right kind of life to fit him both mentally and physically for the arduous and honorable duties of the office he is asking for.

He is a candidate, subject to the action of the Democratic Primaries, for Associate Justice of the Court of Civil Appeals for the 9th Supreme Judicial district of Texas, place No. One. No mistake will be made if he is elected, and we, the members of the Bar of San Augustine, bespeak the support of the people in his behalf. He will make a public servant of whom you will be proud.

K. W. STEPHENSON, Secretary.
JNO. F. McLAURIN, Chairman,
(Political advertisement.)

RED TOP CANE SEED.

DESTRUCTIVE FIRE IN SAN ANTONIO

Several People Were Consumed, Including Former Attorney General of the State.

From Monday's Daily:
The following dispatch reporting a destructive fire in San Antonio is taken from yesterday's issue of the Houston Chronicle, and the man by the name of Walthall mentioned in it is supposed to be the former attorney general of the state who is a brother of R. B. Walthall of Garrison:

San Antonio, Texas, March 26.—The San Antonio Country Club located at Washington Heights, just outside the city limits, was destroyed by fire this morning, shortly after 3 o'clock. Six persons, presumed to be burned to death, are missing. They are:
Mrs. Maco Stewart of Galveston.
Mr. and Mrs. James D. Walthall.
Pudge J. E. Webb.
Homer Jones.
Ellen Cockrell, maid to Mrs. Walthall.

Mrs. Stewart's Heroism.

Mrs. Stewart, who, among other guests, rushed from the burning building when the alarm of fire was given by Al Hilroyce, steward, remembered that her son, Maco Stewart, Jr., was still in the building. She turned and ran into the club house again, although it was ablaze in all its rooms. Unknown to her, the son had managed to escape. Friends saw Mrs. Stewart enter the building and she has not been accounted for since the fire.

Extinguisher Insufficient.

Only the late ending of a Saturday evening party given by J. Talbot La Puelle saved the lives of many who were guests in the club. The party had gone to their rooms, when Hilroyce, who had gone downstairs to the grill room, discovered flames. He ran upstairs to get an extinguisher, which proved insufficient, and he then went to the third floor and gave the alarm.

Mr. and Mrs. Earl Gafford, guests at the club, narrowly escaped by jumping from a porch. Mrs. Gafford received slight injuries.

Homer Jones is supposed to have perished in his room.

The building was almost destroyed before the firemen reached it. The loss is placed at \$60,000.

By the Light of the Flames.

Many of those in the building escaped by the light of the flames as the electric lights failed quickly from burned wires.

Judge Webb was at the club Saturday afternoon playing golf, and was there early in the evening. He could not be found after the fire and his automobile was in the club garage. All efforts of friends to locate him after the fire appeared to justify placing his name among the missing.

The fire started under a stairway in the pantry.

The flames were fanned by a high wind, there was delay in getting telephone connection with the fire department, and the run out to the club house is a long one.

There was but little the fire department could do on arrival.

With less than one hour the handsome club building was in ashes.

It was erected about five years ago.

The club house stood on a high hill, just off River Avenue, about three miles out from the main portion of the city.

The unofficial theory is that the fire started by spontaneous combustion from paint and other materials stored beneath the stairway.

AT AN END—the "female complaints" and weaknesses that make woman's life a misery. They're cured by Dr. Pierce's Favorite Prescription. For all the derangements, disorders, and diseases peculiar to the sex, this is the only remedy certain to benefit.

It's a legitimate medicine for woman, carefully adapted to her delicate organization, and never conflicting with any of her conditions. It regulates and promotes all the proper functions, builds up and invigorates the entire system, and restores health and strength. Are you weak, nervous and ailing, or "run-down" and overworked? Then it will bring you special help. It's the mother's friend. It lessens pain and insures life of both mother and child. Dr. Pierce's Favorite Prescription has a record of years of cures. It is the most potent invigorating tonic and strengthening nerve known to medical science. It is made of the givestic extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful drugs. Sold in Tablet or Liquid form by dealers.

PARIS CLEARS DEBRIS AWAY

Paris Texas, March 22.—With well-organized relief committees taking care of the eight thousand persons rendered homeless by the conflagration of Tuesday night, which burned the entire business section and two-thirds of the residence section of the city, the work of clearing the streets of fallen brick walls and other debris was pressed rapidly today.

Temporary headquarters were established by bank officials and county officers, Sheriff Lain and his force directed their work from the Methodist church edifice, one of the few buildings of any size that was not swept away in the path of the flames.

The bodies of Capt. Straub, Robert Huddle and Mrs. W. J. Bailey, victims of the fire were buried today.

The eight thousand homeless spent last night in the homes of friends and relatives, on lawns and in such public buildings as remained. Railroad waiting rooms were turned into dormitories for the women and children.

The greatest task that faced the organized workers today was clearing the business district of the debris, which consisted principally of fallen brick walls. Of the five banks in Paris, three of their structures were totally destroyed, one badly damaged and the other untouched. Officers of the three banks expected to make attempts at opening their vaults today, and believed they would find the contents unharmed.

The death list remained at three, with one person missing. It is feared that Mrs. A. C. Poul, the missing woman, has perished, although search had thus far failed to reveal her remains.

A survey of the burned district, which covers more than two-thirds of the city limits, showed today, according to best estimates, that the loss would reach at least \$15,000,000. These figures were arrived at by comparison with the assessment rolls in the possession of the city and county tax collectors.

Rain and cold weather added to the suffering of the distressed residents today. As fast as temporary structures could be built, they were occupied by business houses and places made for the sick and needy.

Tents are needed more than any other commodity. Of Paris there is literally nothing left. Practically every habitable house has been destroyed while the remainder are crowded beyond capacity with homeless and those persons whose physical condition prevents their being exposed in the rain and wet.

About \$20,000 has been raised locally as a relief fund, and it is said that a good portion of that would be used for tents.

EUCALINE

You will not have the best if you fail to get EUCALINE for Malaria, Chills and Fever. It acts on the liver and bowels and relieves the system of the cause, pleasant to take.

FIFTY CENTS at YOUR DRUGGIST. Strippling, Haselwood & Co.

FIRE IN HOUSTON YESTERDAY AFTERNOON

Cotton Sheds, Warehouses, a Number of Residences and Property Destroyed.

From Monday's Daily:
The following report of a big fire in Houston yesterday afternoon is taken from the Houston Chronicle:

A fire loss, estimated at little short of half a million dollars, was sustained in Houston Sunday afternoon.

Buildings destroyed:
Missouri, Kansas and Texas cotton sheds.

F. W. Heitmann & Co. warehouse.

One large rooming house.
Marble yard office.
Forty freight cars, loaded with cotton.

Buildings damaged:
Rear of Sulzberger & Sons' depot.

One end of Missouri, Kansas and Texas freight sheds, only slightly.

Nearly a dozen residences on east side of Montgomery Avenue.

Starts in Cotton Sheds.

The fire started at 1:30 in the Missouri, Kansas and Texas cotton sheds. The strong wind from the west proved a great disadvantage to the firemen who fought hopelessly to save the building. A general alarm was sounded and almost every piece of fire-fighting apparatus in the city was brought into action.

The cotton sheds were approximately 200 feet long. They contained a large amount of cotton, the number of bales being estimated all the way from 2000 to 5000 bales. Superintendent Edwards Schulz was on the scene early. He was unable to state how much cotton was in the sheds.

In addition to the cotton stored in the sheds, more than twenty cars were on the tracks to be unloaded, and others were in the yards. All of these were destroyed.

Flames Spread to Heitman Warehouse.

In half an hour it became apparent that the cotton sheds were doomed. Fanned by the strong wind, the flames licked up a large rooming house on the east side of Montgomery Avenue, and then spread to the Heitman warehouse, just north of the cotton sheds.

Mr. F. A. Heitman, president of the company, made an early estimate that the company's loss would be at least \$200,000, fully covered by insurance.

The Heitman company has been in business 51 years and is the oldest firm in Texas doing business in its particular line. Rush orders were sent by wire Sunday evening to replace the ruined stock and the company expects to be able to fill all orders with its customary promptness.

Private Residences Damaged.

Having lost in their heroic efforts to save the building on the west side of Montgomery Avenue, the firemen were driven to the other side, where a dozen or more private residences were attacked.

The firemen were almost suffocated at times with the smoke, but they fought bravely. They knew what it meant if the flames got beyond their control on that side of the street. Near by stood the large building of the American Warehouse Company, and beyond it a residence section that would have been an easy prey for the flames.

Thousands See the Blaze.

No less than 25,000 persons were attracted from all parts of the city to witness the blaze. They came in automobiles and on

foot. Street car traffic was blocked until after 4 o'clock.

While there was a general scramble among the occupants on the east side of Montgomery Avenue to get out of their houses and save as many of their valuables as possible, no injuries were reported.

A FIRE ALARM YESTERDAY MORNING

The Fire Department made a run to the home of Giles Parmley yesterday morning where a small blaze had broken out in the roof, but fortunately the flame did not gain much headway before being discovered, and was easily extinguished.

The roof in this building is very old, as a result of which a spark ignites in it, and several close calls have been had lately, but to prevent another Mr. Parmley has a force of workmen busy today recovering remodeling the house and chimneys to remove the cause that has given them so much alarm lately.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of BALLARDS SNOW LINIMENT. It relaxes the contracted muscles and permits ordinary motion without suffering or inconvenience. Price 25c, 50c, and \$1.00 per bottle. Sold by all druggists. eodw

MARRIED AT COURT HOUSE.

A. R. Blackshear of Saron, Texas, and Miss Angie Maghee were married at the court house in this city last Saturday afternoon at 5:30 o'clock, Rev. C. A. Westbrook, pastor of the Baptist church officiating.

A good treatment for a cold settled in the lungs is a HER-RICK'S RED PEPPER POROUS PLASTER applied to the chest to draw out inflammation and BALLARD'S HOREHOUND SYRUP to relax tightness. You get the two remedies for the price of Horehound syrup; there is a por-one by buying the dollar size ous plaster free with each bottle. Sold by all druggists. eodw

TEXAS GUARD MAY BE CALLED AT ONCE

Austin, March 23.—There is some possibility that the Texas National Guard may be called out soon. The adjutant general and officers were in conference behind closed doors today. A telegram today is alleged to be the reason for the conference.

During the past few days a number of Texas National Guard officers have been in the department. Guard companies are all recruiting to full strength and supplies are being gathered. Camp Mabry is also being put into condition.

Take HERBINE for indigestion. It relieves the pain in a few minutes and forces the fermented matter which causes the misery in the bowels where it is expelled. Price 50c. Sold by all druggists. eodw

NACOGDOCHES WON.

The Lufkin High School Baseball boys came up Saturday afternoon as per previous arrangement, and played the boys of Nacogdoches High School.

A very spirited and most interesting game was played which resulted in a score of six to seven in favor of Nacogdoches.

Several citizens of Lufkin came up with the boys, and a fairly good turnout was made by home people.

HERBINE cures constipation and re-establishes regular bowel movements. Price 50c Sold by all druggists. eodw

Why those Pains?

Here is a testimonial unsolicited

"If I had my will it would be advertised on every street corner. The man or woman that has rheumatism and fails to keep and use Sloan's Liniment is like a drowning man refusing a rope."—A. J. Van Dyke, Lakewood, N. J.

HAVE RECEIVED TENT.

Revs. W. L. Delamar and Otto Zimmerman have received their gospel tent and are now in readiness for engagements to conduct protracted meetings.

Any community desiring their services is requested to communicate with them at Nacogdoches.

Colds Quickly Relieved

Many people cough and cough—from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery to-day. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jessemann, Franconia, N. H. Money back if not satisfied. dw

Mrs. Lucy Jenkins and daughter, Mrs. Charley Mora, of Beaumont, arrived in the city yesterday afternoon for a little visit with friends. They will go on to Shelby county for a visit with relatives and friends before returning home.

Dangers of Draft.

Drafts feel best when we are hot and perspiring, just when they are the most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The agonizing pain gives way to a tingling of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c. at your Druggist. dw

Embarking on the sea of matrimony is often easier if one has a raft of money.—New York World.

How to Prevent Croup.

When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overloaded stomach may bring on an attack, also watch for the first symptom—hoarseness, and give Chamberlain's Cough Remedy as soon as the child becomes hoarse. Obtainable everywhere.

TOBACCO HABIT CONQUERED IN 3 DAYS

I offer a genuine guaranteed remedy for tobacco or opium habit. It is mild, pleasant and has no dangerous side effects. For other uses, Overman's is the best. It is made by the process of distillation and contains no harmful elements. It is sold in several forms, each adapted to its own purpose. It is a powerful purgative and relieves the system of the habit. It is sold by all druggists. Price 50c. Sold by all druggists. eodw

We will run thrasher at Appleby each Saturday until planting time for the purpose of threshing seed peanuts.

Appleby Threshing Co.

EDWARD J. WOOD, 265 W. State St. New York, N. Y.

MRS. BEAN MET THE CRISIS

Tried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Shelbyville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and I got home I did not need the doctor. The Pinkham remedies until the tumor was gone, the doctor said, and I did not feel it since. I tell every one I was cured. If this letter will help others you are welcome to use it."—E. H. BEAN, 525 Joseph Avenue, Shelbyville, Tenn.

MARKET NEWS SERVICE.

Washington, D. C., March 27.—The men of the office of Market and Rural Organization have Washington to inaugurate the Department of Agriculture's Market News Service for perishable crops this year. Branches have been established in New York, Boston, Philadelphia, St. Louis, Pittsburgh, Chicago, St. Paul, Minneapolis and Kansas City to collect and distribute information in regard to market conditions. Other men are working in the producing sections in Florida, Louisiana and Texas, where onions, tomatoes, strawberries are already being shipped in carload lots to the markets.

Collecting in this way information concerning conditions producing districts and marketing centers, the Market News Service is designed to aid both producers and dealers in perishable crops. The information collected is sent out free by telegraph to all those who are sufficiently interested to pay the telegraph charges and by mail to those who do not care to incur the expense, but have a good idea of wishing the reports.

One of the field men in the market and producing centers is a distributor of this information, and, in addition it is sent direct from Washington. The first reports for this season are to be sent out on Monday, March 27. These will deal with shipments, receipts and conditions for the onion, potato, and strawberry crops. Reports will follow as the advances, the service is designed to include a total of 100 specialists in this work, was begun last year, has demonstrated its value in preventing the glutting of the market, in securing more profitable distribution for perishable crops and avoiding delay and through unnecessary delay of carload shipments en route.

DRUGS FOR LIVER AND BOWELS

Look! Headache, Constipation, Indigestion, Sour Stomach, Bad Breath—Candy Cathartic.

It is not only your liver, stomach, bowels, but your head, too, miserable you are from indigestion, dizziness, nervousness, and you always get sick. Candy Cathartic, they immediately regulate the stomach, bowels, and the entire life. It is the only safe, pleasant, and effective way to carry off the waste matter and poison, and it is the only safe and effective way to carry off the waste matter and poison, and it is the only safe and effective way to carry off the waste matter and poison.

PROF. R. F. DAVIS WAS RE-ELECTED.

The Board of Trustees Has Contracted With Him for Two More Years Service.

The Board of Trustees has elected Prof. R. F. Davis as superintendent of Nacogdoches Independent School District for two more years, and he has given his acceptance, which will be joyful news to the patrons and children of the district.

Prof. Davis is a native of Shelby county where he grew to manhood and took up the profession of teaching for a livelihood. From his very first school he has exhibited talent in his chosen calling, and with his talent he has been a close student, suitably preparing himself for his work, and keeping abreast the times with all the new ideas and new methods until he now takes rank with one of the leading school men of the state.

Prof. Davis came to Nacogdoches from Henderson fifteen years ago. He built a good reputation for himself at Henderson, and he has fully sustained it in Nacogdoches, the school having gradually and substantially grown under his management until it now ranks with the leading educational institutions of the state, both in equipment and service, and is an institution of which the town can well feel proud. With its units of credit we have the proof of the service rendered, and with this recognition our school enjoys affiliation with all the leading schools and colleges of the country. The man who has built thus wisely and well, has a foundation upon which to continue to build, and with the facilities that will be afforded with the new buildings another year, Nacogdoches High School will take the lead of everything outside the large cities, and will afford the same good service that can be enjoyed by any high school, anywhere.

GETTING BUSY FOR THE DRY KILN

The gentlemen who recently made a trip up the country to inspect the sweet potato dry kilns, with others, met in Frank Sharp's office yesterday afternoon in an effort to get together in some concerted action to promote a dry kiln here.

Considerable discussion of the matter was had, all favorable and with an eye single to working out a plan for the enterprise. To get the matter in a more tangible shape a committee was appointed to work out the details preliminary to the organization of a company or some arrangement to insure a kiln with suitable warehouse facilities and report back to the meeting.

This committee will report within the next day or two, and The Sentinel will be able to announce to the country just what plans have been adopted, and the facilities that will be employed to handle the crop in this section.

In the meantime the farmers who wish to engage extensively in potato raising may be assured that Nacogdoches will have the kiln and warehouse, because men have pledged themselves to it who mean business, and who are financially responsible to carry out their good intentions.

The above is all right, but stop where you are.—Lufkin News.

The Telephone Road to Every Market

Are you up on current dairy prices during the scarce season? The farmer with a Bell Telephone is "wise" and he sells at the market's height. Why not share your telephone-connected neighbors advantages.

Apply to our nearest manager for information, or write THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO. DALLAS, TEXAS.

AMERICANS EXPECTING TROUBLE AT TAMPICO

Galveston, March 22.—While quiet prevails at Tampico, there is an undertone of uneasiness among the American residents, according to reports brought to Galveston by nine refugees who arrived Wednesday on board the oil tank steamer Topila. They report that there were several hundred Americans who were anxious to leave Tampico. The yachts Wild Duck and nes operating in the Panuco field, are in readiness to bring out a number of refugees in case actual trouble should develop.

Captain Wetmore of the Topila reports that he passed the United States battleship Kentucky at midnight last night. The warship was proceeding southward, but did not give her destination. Captain Wetmore says there has been no trouble recently, but that there is some tension between Americans and Mexicans.

Mrs. Jessie Barbour, one of the arrivals, says that at a banquet the other night, a number of Mexicans proposed "Death to all the gringos," but that the proceeding was stopped by the Carranza officials.

The party arriving today included three men, five women, wives of oil field operatives, and one girl.

CADDO PARISH VOTED DRY.

Shreveport, March 21.—The Caddo parish of which Shreveport is the parish seat, voted for the third time in favor of prohibition. The majority was 363, the largest "dry" majority yet cast in the parish. The city of Shreveport voted "wet" by a small majority but this was overcome by the vote in the country precincts. Caddo parish joined the prohibition column for the first time in 1908. If the election today had carried licenses would have been issued on January 1, 1918.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

GRAND JURY REPORT

Hon. Lee D. Guinn, Judge:

We, the Grand Jury for this term of the District Court beg to report, That we began our labors on the first day of said court and were in session for five days and returning sixteen bills of indictment, we adjourned on the 18th day of February to convene again on Tuesday of the Sixth week, at which time we came together and have worked four days returning 31 bills of indictment; the total number of bills being 47, of which 21 were felonies and 26 misdemeanors.

We visited the Camp of the County Convicts which were engaged in working the roads under the efficient superintendent, Mr. W. E. McMillan. We are glad to say that the Camp seemed to be in good sanitary condition. We have also visited the Jail which we found to be in very good condition. The only thing that we could complain of was the dirty, worn out bedding in some of the cells. We surely think that these should be replaced with clean ones and that they should be kept clean.

As to the violation of the law we have to say, that there seems to be quite an improvement in many respects, but there is not yet the respect for the law that there should be, especially among the negroes, who compose the majority of violators. There seems to be an unusual activity along the line of the violations of the local option laws by "bootleggers" and the disposition upon the part of those who patronize them to shield them to the point of falsely swearing. We wish to say with all the force that it can be said, that the "bootlegger" is one of our most undesirable citizens, and probably next to him is the man who patronizes him and then will false swear in order to keep from divulging what he knows.

We believe that the citizenship of Nacogdoches County having by an overwhelming majority voted whiskey out wants the laws enforced and that the citizen (and it does not make any difference who he is) who in any way contributes to the bringing of whiskey into the community in such a way as to ruin our young men and unfit them for the duties of the best citizenship is altogether an undesirable citizen, and we trust that the laws will be so amended at our next Legislature that it will be so hard for them to get whiskey into dry territory that the use of it will be practically stopped.

We wish to commend our young County Attorney for his efforts to catch and punish the violators of these particular laws he having succeeded in bringing quite a number to justice.

One of the things that will help to keep down violations of the law will be for the individual citizen to realize that he is responsible for good government and when taken on the jury to discharge his duty in the fear of God.

Respectfully submitted, R. C. MONK, Foreman. W. L. BURNAMAN, B. S. SHIRLEY, R. C. WHITE, G. A. STUBBLEFIELD, R. F. JOHNSON, J. M. ADAMS, F. B. SUBLETT, OSCAR LYLES.

GREAT LOYALTY OF FIRE DEPARTMENT.

Realizing the great danger of an outbreak of fire while everything is so dry, and the great work it would take to effectively control a blaze should it break out at this time, the worthy fire chief, Capt. I. L. Sturdevant and Mayor Matthews summoned the

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

A THOUGHT FOR THE WEEK.

Young men, life is before you. Two voices are calling you—one coming from the swamps of selfishness and force, where success means death, and the other from the hilltops of justice and progress, where even failure brings glory. Two lights are seen in your horizon—one the fast fading marsh light of power, and the other the slowly rising sun of human brotherhood. Two ways lie open before you—one leading to an even lower and lower plain, where are heard the cries of despair and the curses of the poor, where manhood shrivels and possession rots down the possessor; and the other leading off to the highlands of the morning, where are heard the glad shouts of humanity and where honest effort is rewarded with immortality—John T. Altgeld.

Such loyalty is beautiful, and for it the town owes the "boys" a debt of gratitude they can never repay. There are not many people who would put themselves to so much inconvenience for their own property, and a far greater number who would not do so much for the public good. The beautiful lesson exhibited with the firemen should inspire people in other walks of life to other undertakings. There is much civic work that could be done with profit to the city. Others can employ some profitable work in drawing the people closer together in the matter of giving each other first consideration in home patronage of every thing that is produced at home, and still others can do a great work in letting the world know what a great old town we have—all working to one purpose in collective sub-divisions.

Bully for the Nacogdoches Fire Department, the most patriotic and one of the most efficient in the State! And bully for Nacogdoches!

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

This brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knabben's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

If there are sermons in stones, no wonder the average sermon is too hard to digest.—New York Times.

"Buffalo Bill, when you get saddle for your Round Riders?"

"From Waco, Texas, made by Tom Padgett—forty-eight years in business—they don't hurt your horse."

Padgett's ad has been carried by the Haines papers 40 years.

Stripling, Haselwood & Co.

IN SOCIAL CIRCLES.

Mrs. J. D. Ellington and Mrs. Frank Sublett entertained a fishing party at Fern Lake yesterday in honor of their sister, Mrs. J. H. Ellington, of Patroon, who is their guest for the week. Mrs. Ellington and Mrs. J. B. Stripling will entertain with a forty-two party this evening in honor of the same lady.

TEACHER IS READY.

The young gentlemen of this city who are agitating the idea of organizing an orchestra, as in receipt of a letter from Prof. Lake Cannon, the instructor they would employ in the event the organization is perfected, stating that he can come at once, and would take great pleasure in helping work out and prepare a good musical organization for this city.

Those who have the matter in charge will endeavor to perfect the organization as soon as possible, and work out the details incidental to engaging the instructor.

RAILROAD OFFICIALS PASSED TROUGH.

Mr. E. B. Cushing, the new assistant general manager, Mr. R. T. Walker, superintendent, and Mr. W. F. Hutson, assistant superintendent, passed through the city today, and stopped off here for some thirty minutes. While here Mr. Cushing inquired about a dozen or more of his old friends.

The gentlemen are making a trip of inspection over the line.

TO ORGANIZE ORCHESTRA.

The Sentinel is informed that Messrs. Clyde Stegall, Tom Barrett, the Muller brothers, George Slaughter and others are conferring in the matter of organizing an orchestra in Nacogdoches, and are already in correspondence with an instructor in the matter.

This organization would in no way permit itself to get in the way of the proposed band by the Boy Scouts, but rather entertain an inclination to help them.

Both organizations would be good institutions for the city and deserve encouragement.

Mrs. Ford Clevenger and Miss Henson have returned from a visit to relatives and friends at Timpson, and were accompanied home by their nephew, Josh Riley Henson, who will spend several days here.

Stomach Trouble Solved

Most stomach troubles are not diseases. The stomach is simply weak. Tired out. The right kind of a tonic is what is needed. A few meals, well digested, will furnish natural strength. That is what a tonic will do for you. It will start the stomach going right. Then the stomach will take care of itself.

PE-RU-NA Good the Year 'Round

Always Ready-to-Take There is no use of writing a new prescription every time a remedy is needed for a weak stomach. No use whatever. The old, well-tried remedies, put up on purpose for such cases, are a great deal better than an off-hand prescription. Peruna is the remedy that people have relied upon for a great many years. It is ready to take, composed of pure drugs, of uniform strength and composition. Not an experiment. Peruna is a substantial, household remedy, with forty years of splendid history behind it. In buying Peruna, you take no risk. You know what you are getting.

ENJOYABLE PARTY.

One of the most enjoyable events of the season is reported to have been given at the home of Mrs. Jno. B. Stripling last week when Mrs. Stripling and Mrs. J. D. Ellington entertained in honor of Mrs. J. H. Ellington of Patroon and Mrs. Ida Stalling recently of Garrison. Forty-two was the diversion, and with six tables going a most interesting party was had. At the conclusion of the games a course of refreshments in the way of strawberry icecream, devils cake and angel cake was served, making a happy finale to the most enjoyable occasion.

Plant some of our early corn that makes before the Summer drouth.

2t Stripling, Haselwood & Co.

Dr. J. M. Crawford, Mrs. Musick and Hiram King were called to Nacogdoches Sunday to be with Mrs. King who has recently undergone an operation at that place and was ill Sunday but much improved and getting along nicely.—Alto Herald.

Carload of Sorghum Cane Seed and our price is better.

2t Stripling, Haselwood & Co.

LOST—One setter pup about one year old, white, with black and tan markings; also one setter bitch, white with tan markings. If found kindly phone 375 and be rewarded for trouble. 30-d3t-wlt.

Why go blind when we have an expert optician?

2t Stripling, Haselwood & Co.

J. H. Muckleroy and granddaughter, Miss Ada Muckleroy, of Martinsville, and Miss Creola Acrey, another grand-daughter, of Cushing, were pleasant callers at this office this afternoon, coming in to see the linotype machine work. Mr. Muckleroy was returning from a visit to his daughter and family at Cushing.

ADJUDGED INSANE.

A. D. White, the noted colored detective of whom The Sentinel made mention a few days ago was tried for insanity in Judge Perritte's court yesterday, and adjudged insane.

The negro evidently lost his reason in the study of his "murder" detective course; it is certain that he is very crazy on this subject, and is a dangerous character whose restraint is very timely.

Receiving daily new Tailor made suits and other new garments for men. Come in to see us.

ZENO COX, Jr.

There is a rainy day a coming so buy your field and garden seeds and have them ready.

2t Stripling, Haselwood & Co.

JUNIOR AID.

The Junior Aid Society met last Saturday afternoon at the home of Miss Gladys Usry. The devotional service was led by Miss Lorine Gibbs. Ice tea and sandwiches were served by Mrs. Usry, and enjoyed by all.

The next meeting will be with Miss Hilda Hodges Sunday, April 1.

Our advice is buy more and raise more feed and not be needy.

2t Stripling, Haselwood & Co.

Mr. J. L. Needham and family came in from Mineral Wells yesterday, and will spend several days with his friends in the city. They made the trip in Mr. Needham's big Buick car, and saved the inconvenience of bad roads, some sections, had a very pleasant trip without accident or trouble of any kind.

Miss Bess Mason, the colored domestic science demonstrator was prevented from having a demonstration with Appleby last Saturday by illness.

MILLINERY

We have one of the most up-to-date and complete lines of Millinery that can be found. We have the very latest Spring designs ready for your inspection at any time. We are always pleased to have you look over our Millinery department whether you buy or not.

It is not wise for you to pay \$5.00 or \$10.00 for a hat when you can buy the same hat from us for \$2.50 and \$3.50.

Our prices on ladies' hats range from \$1.00 to \$4.00.

Come in and let us show you through.

S. MINTZ
