PARSONS TO BE TRIED IN SHELBY COUNTY

Lufkin, Texas, April 10.—Frank Parsons, indicted here for embezzlement and for dynamiting and burning the passenger and freight depot at Lufkin, March 2, 1915, has secured a change of venue to Shelby county. So far, Parsons has failed to make bond.

The celebrated Frank Parsons case has been transferred from Angelina County to Shelby county, and will come up for a trial in the District Court of that county at the next regular term. The defendant is now in the Angelina County jail on a charge implicating him in the blowing up of the depot in this city a few years ago. The public is greatly interested in this particular trial, and the outcome will be anxiously awaited. The News understands an effort is being made for bail for the defendant, and unless this is done, he will perhaps be transferred to the Shelby County jail.—Lufkin News.

Anybody can afford to buy a MAJESTIC range, but very few people can afford to buy any other. The man from the factory will explain why, if you will visit our SPECIAL MAJESTIC DEMONSTRATION—one week, commencing April 17th. 1w-5d Cason, Monk & Co.

DEATH AT HARMONY.

Jno. L. Sykes, a good citizen of the Harmony community, died yesterday afternoon, and his remains will be laid to rest in the cemetery at Harmony this afternoon.

Mr. Sykes was about forty-eight years of age, and is survived by his widow and four children. He was a good man and a good citizen, and had many friends who deeply sympathize with the surviving members of the family in their great loss.

OIL EXCITEMENT AT OIL CITY

Nacogdoches citizens who visited Oil City yesterday say that much excitement is in evidence in that community in the matter of taking leases. Representatives of a number of large oil concerns are in the community taking leases, and some of them propose to begin immediate operations if they can get sufficient holdings, which in turn causes local excitement, and the talk is all oil.

Oil City has long been a proven oil field, the history of which is familiar to all readers of this paper. Some shallow wells produce as much as ten barrels of oil a day, and enough of these kind would prove a profitably industry. But it is believed by those experienced in such matters that if a well were put down to a depth of some two thousand feet, or more if necessary, a great field would be brought in, and the people who are familiar with the field will never be satisfied until a test of this kind is made.

It will be remembered that the Humble field was at once abandoned as an unprofitable, shallow field, but in the second attempt rewarded those who were brave enough to go down into the bowels of the earth to a sufficient depth to penetrate the great pool that was underneath. The indications are that a similar pool is located somewhere in this section, and if so, brave men will some day be richly rewarded.

The Sentinel could write many columns about the advantages a good oil field properly developed, would be to this section, but for want of space we will have to take it on the installment plan. In the meantime let's get the drills to going down after the blessings Nature has in store for the adventurous spirits who are not afraid to explore.

TRINITY LOCALS.

As I haven't seen any news from this good part of the world I will drop a few thoughts.

Everybody is busy planting their crops. Some corn is up and looking nicely.

The health is right good at present. There is some few cases of measles around close, although the patients are doing nicely.

Miss Thelma Muckleroy has been visiting Miss Etta Mays

Mr J. E. Reese has returned from Hot Springs, Arkansas, and is greatly improved in health. Thinks he will soon be alright.

Mrs. B. F. McBee is reported to be getting along very nicely.

We have a fine Sunday school and B. Y. P. U. and prayer meeting at Trinity. We are getting along nicely with it. We all think it is the best we were ever in.

There will be a play at Trinity school house next Saturday night April 15th—"Civil Service." It is a good play and everybody is invited to come. Admission 10 and 15 cents.

Miss Lucille Reese and mother, and little Marguerite Smith, visited Mr. and Mrs. Eugene Reese Saturday and Sunday.

Mrs. A. A. Ansley is reported on the sick list. Hope she will soon recover.

Miss Mary Lizzie Reese has been out of school a few days on accounts of chills, but is able to be back in school now.

Good luck to The Sentinel.

CATTLE THIEVES WERE ARRESTED

For some time past, numerous complaints have been made about missing cattle from the Martinsville community, and across the Attoyac river in San Augustine county. Five yearlings have been recently missed from San Augustine county and traced across the river into this county. The sheriff's department from San Augustine, acting with the sheriff's department of this county got together and made a diligent search and found the stolen cattle from San Augustine county, near Martinsville, where they had been sold by Porter Stokes. After two days' hunt Porter and Osa Stokes were arrested. Porter was taken to San Augustine county, but Osa will be held here as there is two cases of burglary pending against him in this county.

There has been a great deal of complaint of cattle stealing of recent years, west of Nacogdoches and in the Eastern part of the county, but with the clues the officers now have, and the activity they are putting forth, it is hoped that it will be broken up.

One week only—April 17th to 22nd—is Special Demonstration Week of MAJESTIC RANGES at our store. COME. 1w-5d Cason, Monk & Co.

MELROSE LOCALS

Out in our country home, away from the restless world, spring has come with the buds and flowers, singing birds and leafy bowers.

We are thankful for plenty of rain.

Miss Annie Gillespie, with son, Isaac, made us a pleasant visit from Jacksonville. Also Mrs. Lena Fall from Chireno.

Miss Willie Eva Simpson returned to her home in Nacogdoches after a week's social time with us.

Little Sue Dora Seals is on the sick list.

How anxious we wait for news from the dear soldiers in Mexico. Time, oh time, what are you bring us! Bloodshed, war, weeping widows, orphan children. Yet men claim that war is grand, heroic, noble and loyal. In one sense it is, but what shall the end be, or the coming tomorrow. If ever there was a time when christianity should come forth robed in loveliness, purity and strength, it is now. So many every-day duties is out before us, are we uninformed for the battle? Responsibilities of the home life, suffering humanity around us and on the battlefields women have ever been ready to relieve the needy, and I am sure they will hasten to our wounded American soldiers should there be any. (For want of space we are forced to crowd out the remainder of the well written comment on this subject—Editor.)

COMING BOX SUPER.

The Sentinel is requested to give notice that a box supper will be given at Fairview Friday night, April 14th, and all the girls are invited to prepare a box and bring to the supper.

The general public is invited, and a special invitation is extended to the candidates.

Hon. Chas. A. Hodges and Hon. Beeman Strong will deliver addresses at the meeting.

MR. JOEL BIRDWELL WITH THE DEAD

Mr. Joe Birdwell, a prominent and highly respected citizen of Martinsville, died yesterday afternoon following a long and tedious illness, and his remains will be laid to rest this afternoon.

From the best information the Sentinel can get from old settlers, Mr. Birdwell came to this county from Mt. Enterprise some thirty years ago, and settled at Martinsville where he has continued to make his home since. He married a daughter of Dr. J. D. Martin, the founder of the town of Martinsville and a pioneer citizen of the county.

During his long residence with us, Mr. Birdwell has lived an upright life, and has made the county a mighty good citizen. Proof of the esteem in which he was held by his neighbors is the fact that he was elected as county commissioner for his precinct several times, and was also elected justice of the peace. Being a man of honest convictions and good judgment in all matters, his advice was often sought by his neighbors and friends, and he was loved and esteemed by all who knew him. In the list of his friends he had a number of close personal friends in the city, some of whom have been visiting him during his illness, and he had friends other places where he was known.

DEMONSTRATION SATURDAY.

The demonstration will be given Saturday with the Girls Club at Trinity, in charge. The demonstration will be given on strawberry short cake, from 2 until 3 o'clock p. m. in the Demonstration room in the court house.

The Walker County Star is a new candidate for public favor in the newspaper field. It is a neat, well printed and well edited paper published at Huntsville by J. E. Pate & Son.

Somebody has gone to burglarizing residences in the city of Nacogdoches. That is only twenty miles away; look out for such a disturbance in the city of Lufkin most any time. Nacogdoches must not lead us in any particular.—Lufkin News.

Over at Nacogdoches this week officers arrested two bootleggers and one forger. Other towns will have to look well to their laurels.—Lufkin News.

Don't be alarmed. Our officers will observe the rule of "county rights" and not invade the territory of its neighbors.

A neighbor of Rev. C. H. Gipson, a well known Baptist minister of Timpson inquires of him how the bank robber got in to the Baptist church without being voted on, and the answer the minister makes to the inquiry, through the columns of the Timpson Times, is a literary gem.

Mr. W. U. Perkins of the oil mill in conversation with the writer a few days ago said that it takes lots of peanut to feed an oil mill, and that his mill would be in the market for all the peanuts it can get, from every quarter, this. Other mills are making the same announcement, which insures that there will be sharp competition for the commodity this fall and the wise farmer will not overlook to plant a good acreage in this crop.

The people of Nacogdoches and surrounding country have been wonderfully blessed the past year, and they should, and doubtless will, exhibit their appreciation by exhibiting a good support of the protracted meeting we will now have with us for the next few weeks, the first now being in progress at the Methodist church. The good Lord sends rain to the just and the unjust alike, but let us not forget that "He takes care of his own."

At the meeting of the School Board yesterday a call for a mass meeting of the citizens and patrons of the school was made for Saturday night, April 15th, for the purpose of discussing means for continuing the school for one month, for which there as now no funds. As is known, the appropriation of the state falls short of previous years, therefore the shortage, and if the school is continued the full nine months, some arrangement must be made. This is a matter which should engage the very serious attention of every patron of the school, and enlist his presence and co-operation at this meeting.

The Democratic Executive Committee, in session at Hillsboro last week, made formal call for the senatorial primary as the new law directs, as the best way out of the dilemma, leaving up to other hands to raise the revenue with which to defray the expense. It will be remembered that this run-off primary was included in the new law for the purpose of electing United States senators by majority vote, but no appropriation was made with which to defray the expense. The governor and others went before the committee and insisted that it be held, and the committee has discharged its duty, leaving the embarrassment that will follow the attempt to carry it out to other hands.

CALL IS ISSUED FOR PRIMARY ELECTION

Mr. Paul Waples, chairman of the State democratic executive committee, has issued a call for precinct, county and State presidential primaries, which reads as follows:

"Under and by virtue of the authority vested in me as chairman of the democratic state executive committee of the State of Texas, and in accordance with resolutions adopted by the democratic State executive committee at a meeting of said committee in the city of Dallas on this date, a State democratic convention is hereby called, to meet in the city of San Antonio, in Bexar County, Texas, on the fourth Tuesday in May, same being May 23, for the purpose of electing delegates to represent the democratic party of the State of Texas at the democratic national convention to be held in the city of St. Louis, Mo., on June 14, 1916, and to elect a member of the national democratic executive committee from Texas and to nominate electors at large and from districts and to transact such other business as may be properly and lawfully come before said convention.

"The democrats of the State will hold their primary conventions in the precincts of the various counties at the time, places and in the manner required by law, to send delegates to their respective county conventions. Such county conventions will be held in the manner and at the times and places required by law to send delegates to the State conventions hereby called to meet in the city of San Antonio, and the respective executive committees of the various counties of the State are hereby requested to take such action as may be necessary to conform to the State law and to insure by proper safeguards the fair, full and complete expression of the democrats of their respective counties and by appropriate and legal methods see that none but democrats participate in their respective primaries. Respectfully submitted,

"Paul Waples, Chairman State Democratic Executive Committee.

"Chas. J. Kirby, Secretary."

ABOUT THE NORMAL.

The following notice about the Summer Normal to be held in this city is taken from this week's Center Champion:

"O. J. Rushing has received information from the State Superintendent that arrangements have been completed for the tri-county Summer Normal for Shelby, Angelina and Nacogdoches to be held this summer at the latter place. Mr. Rushing will be conductor and L. B. Tindall of Tenaha will be one of the teachers. Mrs. F. P. Marshall, formerly of Center, but now teaching in the Nacogdoches school, will teach the Primary Methods and English. The Normal will begin on the 5th of June. No doubt many of the Shelby county teachers will attend this Normal."

DR. HARKEY COMING.

Mr. W. U. Perkins is in receipt of a letter from Dr. R. M. Harkey, who is connected with the extension department of agriculture, stating that he will visit Nacogdoches, at 2:00 p. m., April 21, for the purpose of discussing before the farmers and business men the curing and marketing of sweet potatoes in Texas.

Every farmer and business man in the community should hear this address which will be handled by a man who is thoroughly familiar with every branch of the service.

NOT FOR SCHOOL BOYS OR GIRLS TO READ?

"A rose with all its sweetest leaves yet unfolded." Young Friend! With your future and health you have the power within you to possess the blessings of practical knowledge, the joy of achievement, the content of success, but only through intelligent effort. If you have within you the love of higher things and better days; if you have ambition, energy and determination; if you are free from bad habits that dwarf your intellect and unfit you for consideration by business men, we can train you in business methods—Bookkeeping, Shorthand, Stenotypewriting, Cotton Cladding Business Administration and Finance, Telegraphy, etc., and secure for you a good position. You have no time to lose. The Spring and Summer months should be used in securing a practical knowledge that you may accept a good paying position when the busy fall season begins. In our years of experience as teachers we have watched our students unfold and blossom into superior manhood, and womanhood, awoken to the responsibilities of business life, and crown their labor with success. What we have done for others we can do for you. The business world is seeking everywhere for young men and women who are able to do the work the business office demands. Let us impress upon you in the language of Narado, a Hindoo sage, "Study to know; know to comprehend, and comprehend to judge." Young friends, use your youth in the pursuit of knowledge. We could give you no better advice than to join our industrious band of students; are here from many different states, and are going out daily as their courses are finished into splendid positions secured through our employment department.

Our large catalogue containing the statements how young people who have traveled the road we are advising you to travel would be interesting reading to you, and our low tuition rates and credit plans, together with the short time taken to complete the course would be a pleasant surprise to you. Fill in your name and address, clip and mail today for a catalogue.

PRaises THE MOVE.

The Lufkin News pays the automobile owners of this city a beautiful compliment for getting together in rules and regulations of "safety first," and in the same article commends a similar movement to the car owners of that city in the following well written article on the subject:

"The mayor of Nacogdoches called a meeting for last night of every car owner in that city and every driver of a car, for the purpose of arriving at some plan which would assure the safety of the public. The main thing considered was the adoption of rules and regulations in regard to the operation of automobiles on the streets of that city. It was a friendly meeting of citizens, and they are to be commended for their step in this direction. Lufkin could hope to hold a meeting of no more importance than one of this character, and The News would be glad to announce the date at the earliest possible moment. In the meantime—watch your step. The danger of death is increasing by the hour.

"A visitor in this city a few evenings ago, standing upon one of the principal corners while the 'procession' was going by, made the remark that he never saw anything like it in his life, not even in the larger cities. He was referring to the reckless speeding that was going on. The writer does not pose as a prophet hence cannot say just who the first victim will be; but somebody is going to be hauled off to the graveyard in this town before a very great while, and an automobile will be the cause of the accident. Watch for it and be prepared for the occasion. If you have flowers growing in your yard, save some of them for the service around the grave."

S. W. Day, a good citizen of the Appleby country, was a pleasant caller at The Sentinel office Saturday afternoon. Mr. Day has been a regular subscriber of The Sentinel many years until a few months ago when he decided that he would try another paper awhile and let his copy of The Sentinel go to a relative. He says he enjoys the other paper alright, but that he is lost without his old paper, and while in subscribed for another copy to be sent to his own address. The Sentinel greatly appreciates its old friends who have stayed with the paper year in and year out so many years, and it is our ambition to make it a source of pleasure and comfort to them.

A NEW COMMISSIONER.

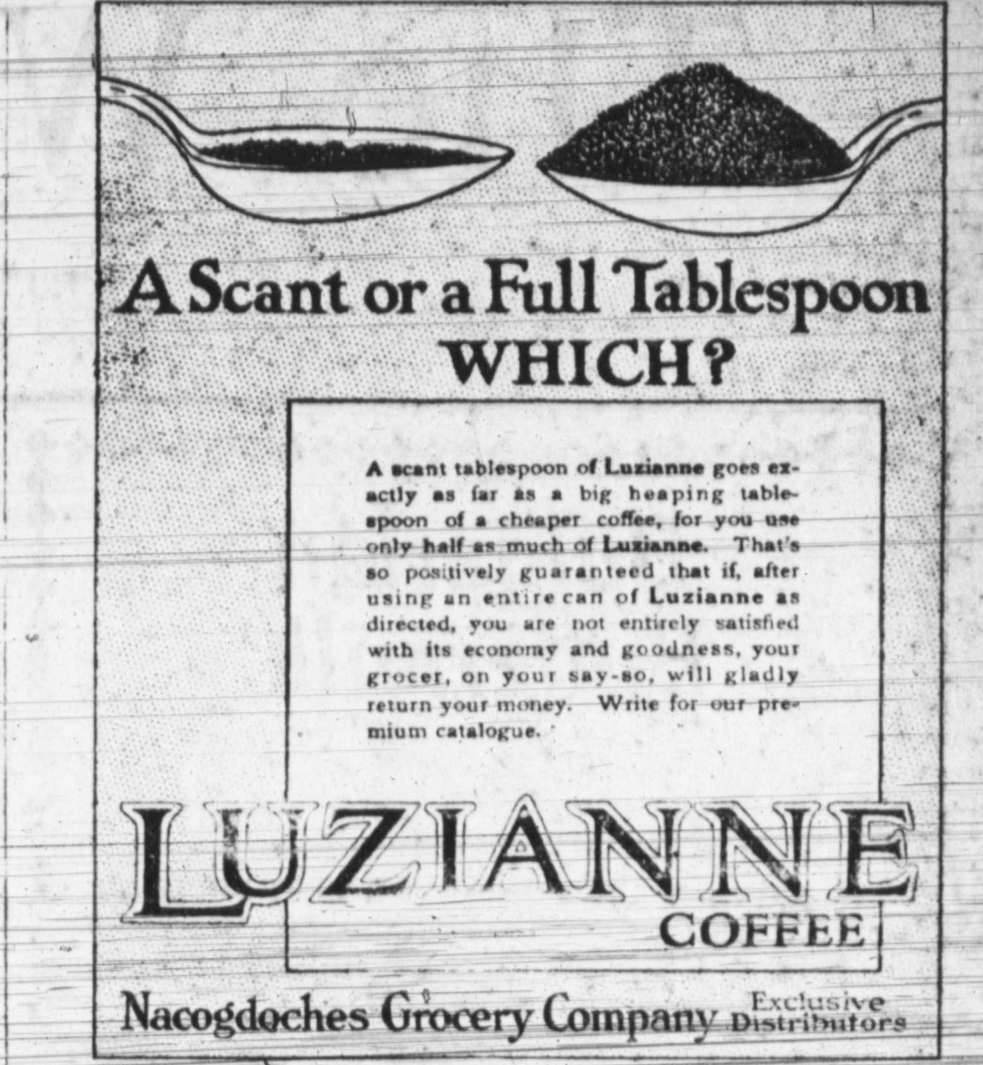

From Monday's Daily:

In the Commissioners' Court of Nacogdoches county, in session today, C. R. Brown is tendering his resignation as commissioner of Beat No. 3, and R. L. Williamson will be appointed to fill the vacancy.

Mr. Brown is arranging to move to San Antonio for the benefit of his wife's health, and in his removal the county is losing a mighty good family, as well as the court one of its best commissioners.

Mr. Williamson, the new appointee, has had experience in this office, having once been commissioner, and he, too, is a mighty good man who will make the county a worthy public servant in the capacity in which he is being chosen.

As a token of their appreciation and esteem, Judge Perritte and the commissioners presented Mr. Brown with a beautiful gold watch and fob which he very highly appreciates, and which he will wear with honor to the donors.

HON. CHAS. H. MORRIS WAS HERE TODAY

Hon. Chas. H. Morris, candidate for governor, was a visitor to the city today, circulating among the voters, and while here gave the Sentinel the following interview.

"I am visiting as many places as I can reach at this time," said Mr. Morris, "and meeting the voters personally. I will make this campaign a vigorous one. I am on the side of the people, and honest government, and the people are on my side, so I have every reason to justify a vigorous campaign.

"I expect to deliver my opening address at Sulphur Springs, at a time to be announced later. The campaign, however, is not delayed on that account, as I have already formally declared myself in this race to win, and my candidacy is being actively pushed.

"Among the matters which are of most vital interest to the people of Texas, at this time, are the following:

"The enormously high tax rate, the unusual number of useless offices, intolerable extravagances in our state government, and the general inefficiency in many of our state departments.

"In my campaign before the people, I am saying that I will reduce the tax rate, or I will resign. I will abolish the useless offices; I will end this system of

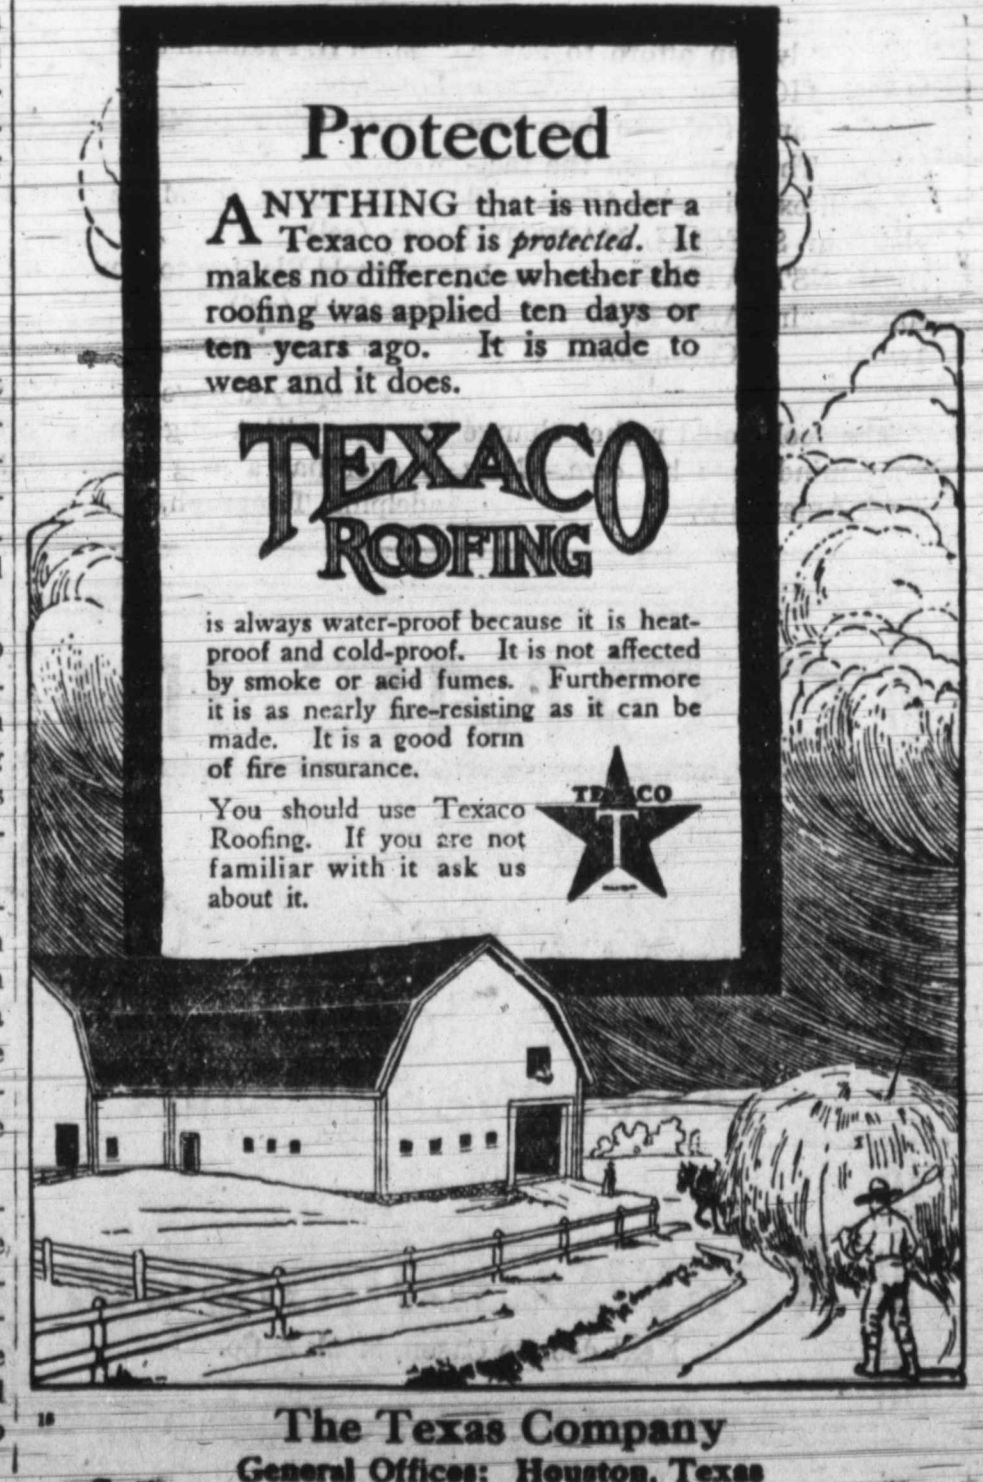

extravagancies, and I will put the state departments upon an efficient business-like basis.

"There are many other things which I strongly advocate, and shall urge in behalf of the people, all of which I have set out in my platform, which is now being given wide distribution, both through the columns of the press, and by mail from my campaign headquarters at Dallas.

"I would like to have you add, however," continued Mr. Morris, "for fear that my position may not be understood, that I favor the retention of the Robertson Insurance Law, as it now stands; that I favor the amendments to the so-called Warehouse Law which are now costing the farmers, the ginners, and the country merchants enormous sums annually, and not giving in return one cent of benefit."

There is considerable complaint from some parts of the city about horses, mules, cattle, and hogs being allowed to get out and depredate upon the premises of people's yards. There is an ordinance against any kind of stock running at large and people should be more particular in allowing their stock to get out, failure in which they should be made to pay the penalty.

**A BIG MEETING OF
AUTOMOBILE OWNERS**

Pursuant to the call of Mayor Matthews, about seventy-five people gathered at the City Hall last night to attend the meeting of automobile owners, called in the interest of public safety.

The mayor called the meeting to order, after which Senator S. M. King was elected chairman, and T. E. Baker secretary.

The object of the meeting was stated by the mayor and the chairman, after which interesting talks were made by Dr. W. W. Hall, G. A. Blount, D. K. Cason, R. L. Lindsey, and others.

By motion of D. K. Cason and second by Dr. Hall, a committee was appointed, consisting of S. M. King, G. A. Blount, A. A. Nelson, T. E. Baker and H. T. Mast, to formulate rules, regulations, etc. governing car driving, and report back to the next meeting.

It was elected that an Association be organized, and the following names were filed with the secretary for membership: S. M. King, J. Thos. Hall, C. C. Rhein, R. L. Lindsey, M. L. Stroud, Dr. Sweatland, Dr. Nelson, J. E. Ray, T. J. Kinsey, W. U. Perkins, Carroll Holt, Jake Summers, M. C. Smith, R. W. Haselwood, Vinson Davidson, Snider Monzingo, G. A. Blount, Arthur Marshall, G. C. Fewell, Fred Fezell, W. G. Reid, W. W. Hall, E. B. Williams, D. K. Cason, T. E. Baker, Langston Nelson, I. L. Sturdevant, G. M. Halton, W. I. Smith.

The list is still open and every car owner in the county is invited to join. The general public will also find a welcome to attend the meetings of the association.

The purpose of the Association is purely in the interest of public safety, and will be educational in its nature.

Spring.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said by the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. dw.

LADIES ARE GRATEFUL.

The ladies of the First Presbyterian Church request The Sentinel to give expression to their appreciation to the good people of other churches of the city for the help and co-operation rendered them in helping entertain the visitors and make the Presbyterian meeting the good success that it was.

The visitors seemed charmed with the entertainment and their sojourn in our little city, and we were charmed with the opportunity of entertaining them in this most inspiring and useful meeting.

Watch Child's Cough.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste-poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

Mrs. Roquemore, who continued to keep house for some months after the death of her dear husband, has moved to the home of her daughter, Mrs. Fouts, where she will not be so lonely.

**LADY STAMPS MOUSE—
WATER RUNS UP HILL**

Webster defines news as "A report of recent occurrences; information of something that has lately taken place, or of something before unknown; fresh tidings; recent intelligence, something strange or newly happened," while the newspaper is "a bearer of news, a courier."

As a "bearer of news" The Sentinel is ever on the alert for anything coming under the definition above, happening within the territory it covers, and its energy has been rewarded with a good scoop today, from a perfectly reliable source, that ladies of this community are no longer afraid of mice, and water runs up hill.

While on his rounds this morning, hunting news and something with which to entertain the readers of the paper today, the reporter strolled into the Cruz barber shop where he found Jack Poland, one of the tonsorial artists of that shop, relating a story to the effect that as he was coming to town last night he overtook a couple of ladies, escorted by a couple of gentlemen, who were busily engaged in an assault upon a mouse, and that one of the ladies jumped upon and stamped to death the little "animal." He offered to produce other eye-witnesses to the transaction, but we would not embarrass him with this trouble and seeming doubt of his truth and veracity.

The next customer proved to be Dr. Holt, a well known veterinary surgeon of the city, who related a story equally as interesting by reason of its resistance of what is understood to be an infallible law of nature. During a heavy rain storm a few days ago the doctor made a professional visit to Woden, making the trip in a buggy, and upon his return was forced to cross a swollen stream where, he vows, the water was running up hill, having completely reversed its course, but investigation proved that the roads were still leading in the same direction, and by following closely in the path which he went down a few hours previous he finally arrived home safe and sound.

These reports will sound very peculiar to the reader in the first reflection, but each man vouches for the authenticity of his statement, and we have carefully given the name and place of each incident to save our own reputation.

Mrs. L. E. Massangale was a visitor to Nacogdoches this afternoon, where she will attend a meeting of the Presbytery, going from this place as a delegate. Another Lufkin visitor to this assembly was Mrs. F. L. Ross. Lufkin News.

Insomnia.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere. dw

Prof. O. J. Rushing, superintendent of Center High School, and who has been elected as conductor of the summer normal to be held in this city this summer, has been spending today in the city. Prof. Rushing is a very capable school man, as well as a polished christian gentleman and is very highly esteemed among those who know him.

**ANOTHER TRAGEDY
IN ANGELINA COUNTY**

Lufkin News, Thursday. It has been said many times, until it has come to be a slogan that whenever District Court is convened in this county, it is the signal for some one to commit murder in the county. The News does not claim to have any data at hand bearing out this statement, but the District Court is in session and the murder has happened.

Yesterday Mr. Ed. Downs and Mr. Mug Brewer met at the Caraway mill at Durant, and as a result of that meeting Mr. Mug Brewer lies cold in death today. The facts in the case have been hard to obtain, but a News reporter has been advised that both of the parties were single men, and that Brewer approached Downs with a knife. Downs finally struck Brewer on the head with a pine club, and this ended the battle so far as all were concerned. The injured man resided at Clawson, and started in that direction after the skirmish was over, and those who were present had no thought but that there was no harm done.

This morning his body was found along the roadside a quarter of a mile away, and it is not known just when he expired. Officers from Lufkin were called to the scene of the tragedy this morning. The News does not know enough of the facts to dwell upon the tragedy further. It is a sad thing, to say the least of it, and the friends of all parties concerned deplore the incident.

Good For Colds.

Honey, Pine-tar and Glycerine are recognized cold remedies. In Dr. Bell's Pine-Tar-Honey these are combined with other cough medicine in a pleasant syrup. Dr. Bell's Pine-Tar-Honey quickly stops your cough, checks your cold, soothes irritation of the throat. Excellent for young, adult and aged. Its one of the best cough syrups made. Formula on every bottle. You know just what you are taking and your doctor knows its good for coughs and colds. Insist on Dr. Bell's Pine-Tar-Honey. Only 25c. at Druggists. dw

All children are invited to be at our store on Tuesday between 3 and 5 in the afternoon. We have a pleasant surprise for them. Watch our advertisement in this paper. Cason, Monk & Co.

Mrs. E. H. Ridley (nee Miss Zoe Huston) of Beaumont came up yesterday to attend the funeral of her niece, Mrs. Walker, and will remain several days visiting with relatives and friends. This is Mrs. Ridley's first visit to the city in fourteen years.

News from the bedside of Mr. Jas. B. Birdwell, an honored old citizen of the Martinsville country, is to the effect that he is dying. He has been very low state of health for some time, but has borne his afflictions with great patience.

The Summer Normal will bring several hundred teachers to us for a two months' sojourn. And a more distinguished body of people could not be assembled upon any occasion.

For one week, commencing April 17th you can secure eight dollars' worth of fine aluminum cooking utensils, absolutely free. The MAJESTIC man who will be at our store that week will tell you how. Cason, Monk & Co.

Why Constipation injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. dw

Hon. S. B. Cooper, Jr., of Beaumont, was a visitor to the city today, coming up on a business mission. Mr. Cooper is a son of former congressman, S. B. Cooper, Sr., and like his illustrious parent, has many elements of statesmanship which is now employing in representing his district in the state legislature.

THE PROTRACTED MEETING

Good interest is already manifested in the protracted meeting now in progress at the Methodist Church.

A large crowd turned out to hear Dr. Fort last evening, and they were not disappointed, as the minister delivered a powerful sermon which deeply moved those present.

Dr. Fort is blessed with a clear, strong voice; he is eloquent, logical reasoner, full of spirituality, and is one of those kind of ministers who believes in calling things by their right names, condemning sin wherever he finds it, not for the sake of embarrassment to those affected thereby, but in a spirit of christian duty, hoping to make people think and turn away from those things which may be injurious to spiritual life and growth.

Services will be held twice each day, in the morning at 10:00 o'clock, and in the evening at 7:45. Tonight the minister will preach on the subject of "Sampson in Delilah's Lap." It will be remembered by all students of the Good Book that Sampson got sheared of his flowing locks while in this position, as a result of which he lost the great strength God had given to him. This will be an interesting subject for a man of Dr. Fort's ability and temperament, and those who fail to hear him will miss a treat.

Both the pastor and the visiting minister give assurance of their appreciation for all co-operation given to them in this meeting, and invite the christian people of all churches to line up with them in their war upon sin and unrighteousness wherever it is found.

Safe Medicine For Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual relieving coughs, colds, and croup. Obtainable everywhere. dw

MASS MEETING CALLED

Mr. Slaughter and others who are promoting the organization of an orchestra for Nacogdoches request The Sentinel to give notice that a mass meeting will be held at the City Hall tonight, to which all citizens interested in such an organization are requested to be present.

The instructor says that he can instruct the Boy Scout band at the same time, and representatives from this organization are also requested to be present.

A good orchestra and a good band would be great organizations for Nacogdoches, and we have the opportunity to get both with a little co-operation. Let every citizen interested in the matter be present at the meeting. Should you not be able to attend the meeting, see Mr. Slaughter during the day and give him assurance of your support.

Dr. G. F. Middlebrook of Caro took the civil service examination here Saturday preparatory to making application for the appointment of postmaster at Caro, and The Sentinel is informed that he made a very creditable examination.

SCHOOL NOTICE.

To The Patrons of Nacogdoches Independent School District:

Probably there is not a patron of the Nacogdoches Public Schools but that knows that the State appropriation for this year is less for each scholastic child than last year. There was eight dollars for each scholastic last year and only SIX DOLLARS for this year. As is readily seen, this is two dollars less for each scholastic than last year. There are 1681 scholastics in this district and so we see there is a shortage of \$3362 this year.

Doubtless many of you have wondered how this shortage will affect the school term. Well this is the state of affairs; our money will be gone by the end of this month. What are we to do? Can we afford to close our schools? The Nacogdoches Independent District has not had less than a nine months school term in fifteen years and that is one of the reasons its schools have grown to be recognized among the best in the land, and have risen from the point where they had no standing or recognition with colleges until today our High School graduates can enter any college or university in the South without examination and there do work that is creditable to both themselves and our school. Can we afford, now, to have less than a nine months when we quit it fifteen years ago? Can we afford to close our High School? To do so, means that we lose all our affiliation with the colleges and that our boys and girls will lose all the privileges they now enjoy in the way of college entrance. But aside from that, can the town that boasts, and justly so, too, of the best schools in East Texas, afford to have less than a nine months term? We think not. The Board of Trustees think that you think that we cannot afford to close our grammar schools when our students lack only one month of being ready for promotion. The only way we can have a nine months term the kind we have had for fifteen years, is to have a pay month. That is for the last month to require each pupil to pay tuition to defray the expense of the month.

Now one month pay school is not nearly so bad as we used to have fifteen years ago when we started on our upward climb, for then, we had to have THREE PAY MONTHS each year, but it gave us a start.

The Board of Trustees regret this unavoidable state of affairs and wish the help, advice and co-operation of every patron of the schools for which reason a mass meeting of all the patrons of the schools is called to meet next Saturday evening, April 15, at the High School auditorium. The meeting to be called to order at 7:45.

Let us insist that each and every one of you attend. It is your child that is to be affected and yours is the responsibility to help solve this problem that affects YOUR CHILD. By attending this meeting you may help us to do the best thing for our schools which means the very best thing for our community.

Respectfully,
H. T. MAST,
R. C. MONK,
R. F. DAVIS,
Committee for Trustees.

Oil City is now sixteen miles from Nacogdoches. With suitable development of the oil fields it would not be so far.

Old Villa is dead again, and has been buried this time. Let us hope that the grave will not give up its dead, and that all the lives of the notorious bandit have been exhausted. In the meantime, however, let's get more confirmation of the report before accepting it as final.

The dispatches in today's papers indicate that the United States is preparing to withdraw its "punitive" force from Mexico rather than override the wishes of Carranza, who is greatly displeased with the presence of American soldiers in his country. If this course is to be adopted the world will look upon it as a "puny" enterprise, indeed, unless the withdrawal is being made for strategic reasons for the purpose of re-organizing in a more compact, solid force with which to go up against additional opposition that is manifesting itself.

A dispatch from Austin states that a corps of scientists will soon begin a campaign to rid East Texas of the forty-seven dozen kinds of diseases. The dispatch is supposed to have come from the Texas University, based upon statistics gathered by experts. From the way these experts tell the story East Texas is as full of germs as a little boy who has just gotten into the pantry long about Christmas time. This paper is not going to agree nor disagree with these experts, but we will say something must be done regarding the situation at once. If this country is as full of germs as they say it is, a great campaign should be made to get rid of them. On the other hand if these experts are mistaken they should be called upon to withdraw their statements; they have spread the idea broadcast—and to all sections of the world—that East Texas is full of Hookworms, malaria, typhoid fever and goodness knows what else. As we see the matter East Texas is just about as healthy as any other section of Texas. Our death rate is not any larger than that of Central Texas—the country where these experts live—and some of the oldest people in Texas have lived in East Texas practically all their lives. East Texas is growing rapidly, and the homeseecker has his eye on this country as never before. Therefore, we say if things are as bad in this country as these experts say, we should begin to get rid of them; but we are of the opinion that the experts are full of germs themselves and should receive the treatment first. East Texas is the best country in the world, and all other sections of the world is just as full of germs as this country.—Timpson Times.

Mr. J. H. Muckleroy of Martinsville, in company with his little grand-daughter, Miss Creola Acroy of Cushing, were visitors to this office this afternoon. The little lady was upon her return home, and her grand-fatehr accompanied her this far.

Prof. Lake Cannon, the music teacher with whom Nacogdoches musicians have been negotiating for a course of instruction, arrived in the city yesterday, coming down in response to an invitation from the committee in the matter.

DELINQUENT TAXES.

Few people are familiar with the recent tax laws passed by the Thirty-fourth Legislature.

One in particular is of vast interest to the people, and should be understood—the delinquent law.

This makes it mandatory upon the tax collector to notify the county attorney of all delinquents, and he shall bring suit.

Taxes unpaid by February first are delinquent taxes. The collector by May 1 must notify every delinquent of his condition.

Ninety days are then given for settlement of the delinquent—that is, until August first.

The County Attorney must then enter suit between August first and January first.

The law is very strict, and provides for the removal from office of those who fail to do this within the prescribed time.

No taxes have been sued on in many counties of the State for years. This leaves a large list of delinquents, all of whom must be sued by January first 1917, if they do not make settlement.—Brady Standard.

IN MEMORIAM.

"Leaves have their time to fall
 And the flowers to wither in the north
 wind's breath,
 But thou hast all time for thine, oh,
 Death!"

Death, the inexorable, has invaded the home of Dr. F. C. Ford and taken therefrom the most precious jewel, his wife, Jean Thompson Ford, who passed away peacefully and painlessly at the midnight hour April 9th, 1916.

Mrs. Ford possessed, in an unusual degree, the external attributes of physical perfection; wonderfully endowed by nature with every charm that goes to make the perfect woman, nobly planned, superlatively lovely as she was in face and form. She possessed even in a more marked degree the qualities of culture, force, intellect and personality, all crowned with an essential womanliness.

She was moreover a gracious woman, gracious not only to those in her class, but particularly so to those beneath her in the social scale. If she was worshipped by her husband and family, admired and loved by many, many friends, she was adored by her servants. Like the rose who marvels at the "fragrance of the breeze," she gave and thought she was receiving. Not to many is given so dauntless a spirit, so fine a soul. Gallantly, bravely and unflinchingly did she bear the agony of a tedious and painful malady, and gallantly, bravely, unflinchingly did she go forth to meet the shadowy future, the "Great Adventure." May peace and rest be with her and all who go before their time, following the light within them.

To those who so loved her living, and who must now face the grief of separation, the solace must be in the thought that "the tomb is not a blind alley; it is a thoroughfare. It closes on the twilight; it opens on the dawn."
 L. Z.

Deafness Cannot Be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ONE WEEK ONLY

Which Shall It Be?

DO YOU intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoils a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Step and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great MAJESTIC

Malleable and Charcoal Iron

RANGE

YOU make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a moveable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime—"unsight unseen;" you'll be sure to be disappointed. Come to our store during the demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find why the MAJESTIC is 300 percent stronger than other ranges where most ranges are weakest.

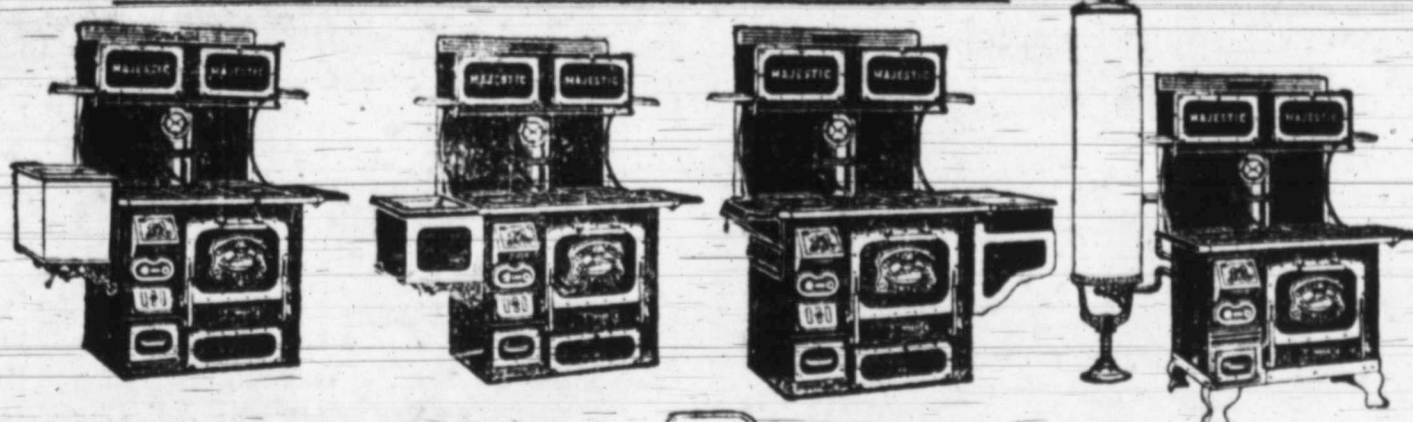

SPECIAL --- SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT THE RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come. If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON-LEGS IF DESIRED

MAJESTIC NEVER-BURN COOKER-STEAMER-CULLENDER-AND-DRAINER-HEAVY STAMPED IRON-MARBLEIZED KETTLE-18 OZ. ALL-COPPER-TEA KETTLE-14 OZ. ALL-COPPER COFFEE-POT

This set of Ware Free, Save \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same), we will give free, one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

PRESBYTERIAL HAVING INTERESTING MEETING

Many Delegates and Visitors are Here From Other Places in Attendance at Meeting.

From Thursday's Daily: The First Presbyterian church was packed with ladies and a few men last evening for the beginning of the Presbyterial, a number of those present being delegates and visitors from other places.

The exercises were opened by prayer and a few remarks by Pastor Cunningham who served as master of ceremonies for the evening.

The welcome address was delivered by Rev. M. C. Johnson of the Main Street Presbyterian Church in a few beautiful and well chosen words, and was responded to in the manner by Rev. L. W. Matthews the moderator. Following these preliminaries including some beautiful musical selections, Rev. Mr. Matthews preached the opening sermon which was well chosen and listened to with rapt attention by the large crowd present.

At the conclusion of the preaching service, the sacrament of Lord's Supper was administered to the waiting congregation concluding the exercises of the evening.

The ladies have had full charge of the exercises today and are rendering a most interesting program. They will be taken for a ride over the city this afternoon, and nothing will be spared that will contribute to their entertainment.

Thursday Morning.

Mrs. D. H. Barnet led the devotional exercises, after which the president Mrs. L. I. Davis of Beaumont, called the house to order. Mrs. Giles Haltom spoke a few words of sincere welcome and Mrs. Taupin of Orange answered in cordial appreciation.

Mrs. A. Thompson of New Willard acted secretary pro tem, our secretary being absent.

Following the devotional exercises our president gave words of encouragement and enthusiasm which seemed to permeate every heart, and in re-counting the work of the women of East Texas of the last few years, showed a good work.

Representatives of the societies reported a splendid work with vivid pictures.

Reception.

The reception given by the Presbyterian ladies to the visiting ladies of the East Texas Presbyterial Wednesday afternoon, at the home of Mr. and Mrs. W. C. Finklea, proved quite a social affair. Music by the virolo and the delightfulness of meeting so many elegant visiting ladies was within itself pleasure enough. Delicious punch was served and the afternoon a pleasant success.

MEETING CLOSED.

From Saturday's Daily: The Ninth Annual Meeting of the Woman's Presbyterial, which convened at the First Presbyterian Church in this city last Wednesday evening, was brought to a close with the sermon of Dr. A. D. Rice missionary to China, last night.

Dr. Rice preached a most interesting sermon, in which he recounted the ways of Chinese people, the work being done in the Orient, and the possibilities for the future, and was greeted with a large congregation which listened to him with rapt attention.

This meeting brought a delegation of fine ladies to the city whose sojourn was very much enjoyed by those entertaining them, and a fine meeting was had in the cause which brought them hence.

HEALTHY CHILDREN come from healthy mothers.

And mothers will certainly be healthy if they'll take Dr. Pierce's Favorite Prescription. Nothing can equal it in building up a woman's strength, regulating and assisting all her natural functions, and in putting in perfect order every part of the female system. It lessens the pains and burdens, supports and strengthens weak, nursing mothers.

It's an invigorating, restorative tonic, a soothing and bracing nerve.

Mrs. BETTIE FLEMING, of 1225 Clinton Avenue, Fort Worth, Texas, says:

"I had been in bad health and the doctor would get me up for a while. Two years ago I was in very bad health, had womanly troubles. Had tried several different things and at last I began taking Dr. Pierce's Favorite Prescription and today I weigh 125 pounds, and I feel as if I should weigh 150. I praise your medicines to every suffering woman, and all them the good it has done and does for her."

A GOOD LADY WITH THE DEAD

From Monday's Daily: Mrs. Ford, the devoted wife of Dr. F. C. Ford, died at her home a few minutes past twelve o'clock this morning.

The funeral will occur from the family residence on Mound street at four o'clock this afternoon, followed with interment in Oak Grove cemetery at 4:30.

Mrs. Ford has been in feeble health for a long time, and for the past several months had been an invalid, as result of which death comes to her as a great relief, severing the brittle chord that gives her entry into the sweet rest that is prepared for the sweet christian characters such as she was.

She was married to Dr. Ford some twenty years ago, since which time she has made her home in this city, and previous to her failing health was active in the religious and social affairs of the city, in both of which she was very popular, and was loved and admired by all who knew her. As a wife she was devoted to her husband, and as a neighbor and friend she was equally loyal, while as a christian she exhibited all the sweet traits of character and virtues that go to make up the most ideal type.

The entire community enters into profound sympathy with Dr. Ford in the loss of his companion to whom he has been so devoted, and would invoke the blessings of a divine providence upon him in his great bereavement.

GIVE ASSISTANCE TO THE NORMAL

From Tuesday's Daily: At a Mass Meeting of Citizens Last Evening Financial Support was Pledged.

That Nacogdoches people believe in schools and the promotion of everything of an educational nature has been proven in many ways. It has been proven by the erection of the first brick school building in East Texas, with which the town has kept the lead, building more from time to time as necessity required—until we now have the finest school plant in this section of the state. With this improvement the schools have been sustained, the citizenship never failing in doing their part in keeping them in the front ranks with the best talent available, as a result of which we enjoy affiliation with all the leading educational institutions of the country.

With this same spirit manifest the citizenship quickly responded yesterday when it was made known that they should give assistance to the summer normal which will be held here this summer, and in mass meeting assembled "started the ball to rolling" in a way that insures the discharge of the duty of the community with characteristic patriotism and the success of the institution.

The meeting was held in the city hall at six o'clock. The house was called to order by superintendent R. F. Davis who stated the object of the meeting, recommending that Nacogdoches should contribute some financial support to the normal in the way of defraying incidental expenses, advertising, etc., to which there was an enthusiastic and ready response by those present.

With Hon. Beeman Strong acting as secretary of the meeting, committees were appointed for the work as follows:

Committee of Finance—Beeman Strong, J. N. Thomas, S. M. King, T. E. Baker, H. P. Schmidt.

Committee on Advertising—Prof. R. F. Davis and Hon. Eugene H. Blount.

Committee to Secure Boarding Places—O. M. Gibbs, W. S. Davis and Chas. Perkins.

The subscription list was opened at the meeting and over one hundred dollars was subscribed. The committee will make a canvass of the town, and hope to raise a neat little sum. And here we digress to say that every dollar spent in this enterprise will be well invested for the reason that the more advertising employed the greater number of students will be brought to the normal.

Prof. O. J. Rushing, who has been elected as conductor of the Normal, was present, and was delighted with the spirit of progress that was manifested, which in turn inspires him with renewed hope of a great normal.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash chafed skin, BALLARD'S SNOW LINIMENT. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by all Druggists.

TIMPSON HAS A BROOM FACTORY

From Tuesday's Daily: If the theory is correct that "a new broom sweeps clean," Timpson, our neighbor up the line, ought to be a clean town now. Following report of a new broom factory in that town is taken from yesterday's issue of the Timpson Times:

Perhaps you have heard the "pop-pop" of a gasoline engine in the Hairston building on South First street lately, if not listen for it—it sounds good. In this building is located the Timpson Broom Factory, an industry that is growing by leaps and bounds. New machinery has been added to the amount of several hundred dollars, and in the very near future Timpson will have a broom manufacturing plant equal to any in the state of Texas. With the new and modern machinery the Timpson Broom Company can turn out brooms at a rapid rate and is ready to supply the whole country with the best brooms in the world.

There will be band music between acts. Admission 10 and 15 cents.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamless sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bower, Moonfield, N. J.

SUPPLY TOO LIMITED.

Since the notice in this paper to the effect that Mr. McNess has been provided with some of the fine cotton seed produced by Jas. D. Greer for distribution he has had calls and letters from all parts of East Texas, and this paper is requested to hurry up with a notice that the supply is too limited for such wide-spread distribution. Preference will be given to the Seed Breeders Association, each member of which will be given seven pounds and if there is any left they will be distributed with other farmers of this county. Farmers eligible to this distribution are also requested to bring a sack. Messrs. Greer and McNess both regret their inability to supply all who wish these improved seed, and hope that the farmers of the county will be able to supply the demand next year.

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass. — "I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it." — Miss CLARICE MOHR, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It erases into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 20 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't grip.

NACOGDOCHES TRADITIONS

Just fifty-two years ago, Saturday, April 7, 1864, there was something doing that interested old Nacogdoches far more than does the Villanous situation in Mexico, or the inhuman war in Europe. Things were happening in Louisiana, seventy five miles east of Nacogdoches, near Mansfield and Pleasant Hill, that were of vital importance to Texas, and Louisiana, as well as to the entire confederacy. The valorous blood of heroes was poured out freely, and the brave lives of devoted patriots were laid down in mortal combat for the protection of their beloved Lone Star State, for the cause of freedom, and for defense of their family fire-side. The invading hordes of a ruthless enemy, under the leadership of General N. P. Banks, of the U. S. army, were desecrating the Southland in Louisiana, and pressing onward toward Texas, which was only twenty-five miles ahead.

But the blood of "Old Rough and Ready" Zachary Taylor's true son, General Dick Taylor, was stirred to desperation, and he led his valient followers to victory. The outnumbering forces of Banks were routed and driven in disgrace from the land, with the loss of about 7500 in killed, wounded and prisoners, three times the number of lost on our side.

Following two decisive battles of Mansfield and Pleasant Hill, and other engagements previous thereto, there was a succession of daily smaller, hot battles, skirmishes, running fights, forced marches and scouting maneuvers for 46 days and nights.

General Taylor issued an address as a general order to his troops in which he said, "On the 12th day of March (1864) the enemy, with an army of 30,000 men, accompanied by a fleet of ironclads mounting 150 guns, moved forward for the conquest of Texas and Louisiana. After 40 days of continuous fighting, you stand a band of conquering heroes, on the banks of the Mississippi. Fifty pieces of cannon, 7000 stands of small arms, three gunboats, and eight transports, captured or destroyed. 60 stands of colors, and over 10,000 of the enemy killed, wounded and captured, these are the trophies that adorn your victorious banners. Along 300 miles of river you have fought his fleet, and over 300 miles of road you have driven your bare breasts against his ironclads and proved victorious in the contest. You have driven his routed columns beyond the Mississippi, although fed by reinforcements of fresh troops, while many of your valient comrades were withdrawn to other fields."

If the stern valor of our well trained infantry was illustrated on the bloody fields of Mansfield and Pleasant Hill, the long pursuit has covered the calvary of this army with undying renown. Our artillery has been the admiration of the army.

Soldiers, these are great and noble deeds, and they will live in chronicle and in song as long as the Southern race exists to honor the earth.

General Dick Taylor was a most worthy and accomplished man, a son of General Zachary Taylor, and both Louisians. He fought this campaign against the orders of his superior, Gen. E. Kirby Smith, who had taken a large part of the command away to oppose the invasion that was started into Arkansas by General Steele, who was vanquished at Jinkin's Ferry and at this very time Gen. Taylor's wife and children were fleeing to Shreveport, where they were stricken with severe illness, from which one of the children died, while its

father was in the field. Gen. Taylor was the first friend that reached Jeff Davis in prison, and he secured bond for his beloved chief, who was his brother-in-law.

Nacogdoches had many soldiers in these eventful battles. One of the companies was Capt. M. Mast's, from Melrose, in the regiment of the famous Governor O. M. Roberts, who was always a strong friend of Capt. Mast. Another was Cundiff's company, composed largely of Melrose men. Another was Noble's company, commanded by Capt. W. P. Fears. Another was Alexander's company of calvary, who often fought as infantry. Another was Capt. F. Voigts company. And these were not all. Among the participants or soldiers of these engagements now living are J. W. Curl, L. S. Taylor, Jas. H. Haltom, J. E. Mayfield, W. S. Mayfield, E. M. Weatherly, Ben Scogin, F. M. White, A. L. Tindall, J. W. Johnson, John P. Davidson, John W. Lewis, M. V. Vaughn, F. H. Hoya, Tillie Hoya, W. J. Crossland, E. B. Lewis. Others could be named. What sacred memories are these.

Imagine the feelings of the relatives back here at home when they knew that their husbands, fathers, brothers, sons and other loved ones were in deadly combat on the field or honor. What heart pains the loving women at home suffered, what fervent prayers were sent up to Heaven.

RESIDENCE BURNED.

From Thursday's Daily: Mr. G. W. Chrouch, living on the Tomak old place, out some two miles from town, had the misfortune to lose his residence and all his household effects by fire between five and six o'clock this morning.

Mr. Chrouch doesn't know definitely how the fire started, but thinks it originated from a lamp exploding. After lighting the lamp and dressing, he went out to the barn to feed his stock and when through discovered that his house was in flames, under too much headway to check. About fifty per cent insurance was carried on the house and furnishings.

Mr. Chrouch moved to this place from Temple last fall. People who have made his acquaintance have found him to be a most excellent gentleman, and the sympathy of the community will go out to him in the loss he has sustained.

W. G. BARRON, 6-2w

A DISTINGUISHED VISITOR.

Lieutenant Governor Tom C. Barret, of Shreveport, La., spent the day here yesterday. He came over on business, but he made quite a social visit, on the side, for the special reason that he was born here and spent the first six years of his life in the old town of Nacogdoches. He also has many relatives and friends here who gave him a warm welcome. His father was Capt. W. W. Barret, a brother of the late Capt. L. Barret of Melrose, whose widow still lives there.

Governor Barret was the guest of Mrs. Benton Wilson, a daughter of Capt. and Mrs. L. T. Barret.

Governor Barret was a candidate for the democratic nomination for the office of Governor, at a recent primary election, on the prohibition ticket. He was defeated by Ruffin G. Pleasant, of Shreveport. He is billed for a speech today at Mansfield, La., in support of the ticket for Pleasant. The Ruffin Pleasant who lives in this county may be a relative of the distinguished Louisiana man.

The Barret's have always been prominent pioneers of Nacogdoches. They came from good old Virginia stock. Capt. W. W. Barret was a leading business man in this town before the war, being of the big merchantile firm of Arnold, Barret & Linn. At the close of the war he moved to Shreveport. So did Major Jas. R. Arnold.

The Barret homestead was located out on North street in the cedar grove on Henry Schmidt's place. Governor Barret made a visit to the site, but he said it doesn't look anything like he remembers it. Nor did he recognize any familiar faces among his old acquaintances who gave him pleasant greetings. But all the same he was greatly elated by these old time associations. His mother was a daughter of a distinguished Texan of the early day, Leander Smith, and also related to Gen. Thos. J. Rusk's wife.

Governor Barret was surprised to learn that his father's home here was on vacant land. This was not known till many years after he left it. It was patented afterward to H. R. Hyde, for a homestead. These facts belong properly to the list of "Nacogdoches Traditions," which include many notable personalities and events.

FUNERAL PARTY ARRIVED.

From Thursday's Daily: The remains of Mrs. W. R. Walker, accompanied by Mr. Walker and their little son, together with her parents, Mr. and Mrs. J. O. Ray, and sister and brother-in-law, Mr. and Mrs. J. M. Hacker, arrived in the city on the south-bound E. & W. train from Shreveport last night and were conveyed to the Ray home pending the funeral which will be held from this place at five o'clock this afternoon.

Many friends of the family have called at the Ray home with words of consolation today, and many will attend the funeral this afternoon to pay the last tribute of respect to one they loved, and whose memory they cherished.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

FAIRVIEW LOCALS.

The farmers were all glad of the nice rain which came last Saturday. Some of the farmers are busy this week setting out their tomatoes, while the ground is suitable.

The health of our community is very good at present, with the exception of Mrs. Chas. Smith, who has been sick for the past two months. She has been carried to the hospital for treatment.

Miss Alice Alders of Woden is visiting Mr. and Mrs. Will Alders this week.

Several of the people of Fairview attended the debate at Oak Ridge last Friday night and report a nice time.

Messrs. Jewel, A. B. and Sammie Smith made a flying trip over to Wells last Friday.

The Sunday school is progressing nicely. Very good attendance and good interest. The school has planned to have a box supper Friday night, April 14th, and we cordially invite the people to come and help us.

The proceeds will go for the benefit of the church. We invite every girl to come and bring a box and the boys to come and purchase these boxes. Mr. Chas. Hodges and Mr. Beeman Strong have promised to come out and give us a talk. Come hear these men for they are able speakers. The candidates are especially invited to be present.

Brother Hepenstill will preach at Fairview this coming Friday Saturday and Sunday nights. Let everyone come that can.

Mr. and Mrs. N. H. Jarrett, Miss Gladys DeVaughn and Jewell Ceal motored down from Garrison this morning.

A capitalist who desires to secure good cheap bodies of farming land in East Texas for colonizing; preferring cut-over land, more or less cleared of timber and to buy same from the owners or agents of record authorized to sell same. Can address Capitalist, P. O. Box 267, Nacogdoches, Texas. 13-d1-w8

LOST—Dark bay pony mare, weighs about 750 pounds. Half Spanish brand on left hip, white spot in face and white saddle mark. Will pay \$2.50 for return. Tom Simms. 12-3dlw.

Miss Bess Mason, the county domestic science teacher, had the class of Oak Ridge School district with her Monday, with Misses Elsie Smith and Lena Schoffner in charge, and had a most interesting time cooking. The girls served the commissioners court which was in session at the time, with hot waffles, butter and brown sugar, hot coffee, etc., which was highly enjoyed by the gentlemen of that body. The next class meeting to be held in the science room will be held next Saturday with one of the other schools.

An automobile number reading "Garrison, No. 252," was lost between Garrison and Nacogdoches and the owner would be grateful to the finder if he will leave it at The Sentinel office.

**FOR JUSTICE OF PEACE
PRECINCT NO. 1**

To the Citizens and Voters of Precinct No. 1:

I have this day announced myself a candidate for Justice of the Peace, precinct number one, subject to the action of the people at the democratic primaries.

I have been solicited to enter the race for this office by numbers of my friends and by citizens and voters of this precinct who know me and who, I think, know that I will try and make a just and fair official if I am elected.

I have never been in politics. I was never a candidate for any office and never thought I would be a candidate until I was persuaded to make this race, so I have never been thrown in a position to mingle with the people outside of the town of Nacogdoches, and there are many of you whom I do not know personally, although I was born and raised here; being the oldest son of

Judge W. G. Ratcliff, who, in his lifetime, was a lawyer here and was County Judge of this county when he died and was known to all the older citizens who lived here during his life time.

My own life is well known to all the citizens of the town and to whom I refer you, who do not know me, for reference.

I have held several responsible positions and feel sure that any one for whom I have worked will say that I have always done my duty well and honestly.

I come before you as a plain straight man who wants this office and who will, if elected, give you service while in it to the best of my ability.

Thanking you for your kind attention to the above and soliciting your vote and support, I am, Very Respectfully,
WILTON RATCLIFF.

Mrs. H. M. Terry of Sour Lake, who has been here several days, on account of his wife being in the Tucker Hospital, left for home today, accompanied by Mr. Jno. B. Nelson, whose wife is there taking care of Mrs. Terry's children. Mrs. Terry is her daughter, and was Miss Jessie Langston. She went an operation at the sanitarium on Monday last, and is doing well. She has been very sick for several months, and has been here most of this time.

Mr. and Mrs. G. B. Engledow have moved to rooms with Mrs. C. D. Thomason, up North street, and C. E. Stephenson of DeRidder, La., who holds a position with the Childress barber shop, has moved to Mr. Engledow's place. In breaking the news to his wife that he had rented the home, Mr. Engledow cautioned her not to forget the fishing pole—and we suppose that he is still equipped to do battle with the finny tribe when opportunity presents.

LOST—Between Alto and Nacogdoches on April 3rd, gold filled hunting case watch with W. O. W. emblem on back and G. C. engraved on front of case. Probably lost near where road crew was camped at that time. \$2.50 reward for return to this office. 13-1td-1w

BANKRUPT SALE

**WESTERN UNION
TELEGRAM**

LYONS, TEX., APRIL 4, 1916

ALLAN SEALE & CO.

NACOGDOCHES, TEXAS.

HAVE BOUGHT THE LANG STOCK OF DRY GOODS NOTIONS SHOES, HATS ETC. AM LOADING IT OUT FOR NACOGDOCHES, MAKE ROOM FOR IT. ALLAN SEALE

This means that on April 4th we bought a bankrupt stock of Dry Goods, Shoes, Hats, Notions, Furnishings, Laces and Embroideries, Clothing, and everything carried in such stocks. This is an unusually clean stock of goods, most of which is high grade merchandise. Now to add to the selling feature we are going to lump this with our other stock and sell you first-class merchandise at remarkably low prices.

This is undoubtedly an opportunity seldom offered, when you consider that merchandise of the character offered in this sale has already made the most spectacular advance recorded at any time since the civil war.

One has said that "Pulling the wool over a man's eyes isn't half so clever as pulling a smile on his face." If you will come and look through, we will surely make you smile. Try it.
