MISSIONARY COMING.

On next Sunday morning, Rev. John W. Lowe, for over 15 years one of the leading missionaries of our Foreign Missions force in China, having labored at both Lai-Chow-Fu and Chee-Foo with great success, will preach for us at the regular 11:00 o'clock service.

Brother Lowe is a great spirit, and a great preacher. We are hopeful that he may have a large hearing. The pastor has known Brother Lowe for some 20 years and he was at one time pastor at Norborne Mo. While there he led to Christ and baptized Miss Willie Cunningham, who afterward became Mrs. C. A. Westbrook. We cordially invite the general public to worship with us and enjoy Brother Low's message.

19-4td C. A. WESTBROOK

MAY BE CALLED

TO SERVE AGAIN

Dr. A. A. Nelson recently received notice from the war department that in the event it became necessary to recruit to full strength he would be recalled to service.

Dr. Nelson served twenty years with the National Guard, being discharged with the rank of Major. Previous to this notice he received a letter from the department making inquiry about his health, age, etc., which he answered favorably, and which led up to the notice of possible demand for his service.

Dr. Nelson is a patriotic gentleman, and if his services were needed by his country would respond to the call without any reluctance whatever.

A TRUE FISH STORY.

From Tuesday's Daily:

If one were to tell or write a true fish story which contained reports of success the people would not believe it—so what's the use?

The editor and the business manager of this paper have been "a-fishing," and we got the fish, alright, but how many we shall not attempt to report, being content with the recollection of the enjoyment attending the sport and the feast that followed.

Yesterday afternoon Mr. J. Thomas Hall, a well known insurance man of the city, took us in his car to a beautiful stream of water where we enjoyed all the success heart could crave in the limited time, and we shall ever remember him kindly for the courtesy and his thoughtfulness of the busy newspaper man who has not the time to hie away to great lakes and rivers that abound with big fish.

MARRIAGE LICENSES

Licenses to wed have been issued to the following parties this week:

Henry Whitaker to Miss Annie Johnson.

N. J. Youngblood to Miss Ora Jopling.

MORE SIDEWALK.

Mr. B. R. Wagley, the concrete worker, informs The Sentinel that he has contracted with Guy Blount for 156 feet of sidewalk at his home, and with Sam Stripling for 490 square feet of approach walks at his home.

Let the good work go on. Nothing contributes so much to the civic attractiveness of a home and the general appearance of the city as sidewalks.

POSTOFFICE MATTER COMING TO LIFE.

Work on the Plans is Now Under Way and Mayor Matthews Makes Suggestions

The postmaster of this city has received a letter from the department announcing that plans are now being made for the new building for Nacogdoches.

The letter indicates that there will be only one entrance to the building, to which the mayor righteously protests, insisting that there should be four to avoid discrimination against the other sections of the town, and has written the department to this effect. It might be well to get up a petition to this effect and forward to our congressman, asking that he take the matter up with the department and ask them to make this change.

Following we reproduce both letters:

Washington, April 14, 1916.

The Postmaster, Nacogdoches, Texas.

Sir:

In connection with the proposed new post office building to be erected at Nacogdoches, Texas, you are advised that the sketch plans for this building have now been approved, and the working drawing will be taken up in the near future.

Upon the basis of the data sheet submitted by the Postmaster of Nacogdoches November 20th, 1914, it has been decided that the main front of the building shall face toward Main Street and the only entrance to the building for the use of the public will be on that street. You are requested to state whether you know of any reason for departing from the original recommendation upon which the decision of this department has been based.

In this connection, you are at liberty to discuss with the Mayor or other prominent citizens the question as to which street the main front of the building shall face; but it is requested that you forward a reply within one week of the receipt of this communication, otherwise this Department will proceed with the preparation of the drawings, and will not at a later date give any consideration whatever to a change in frontage.

Respectfully,

B. R. NEWTON,
Assistant Secretary.

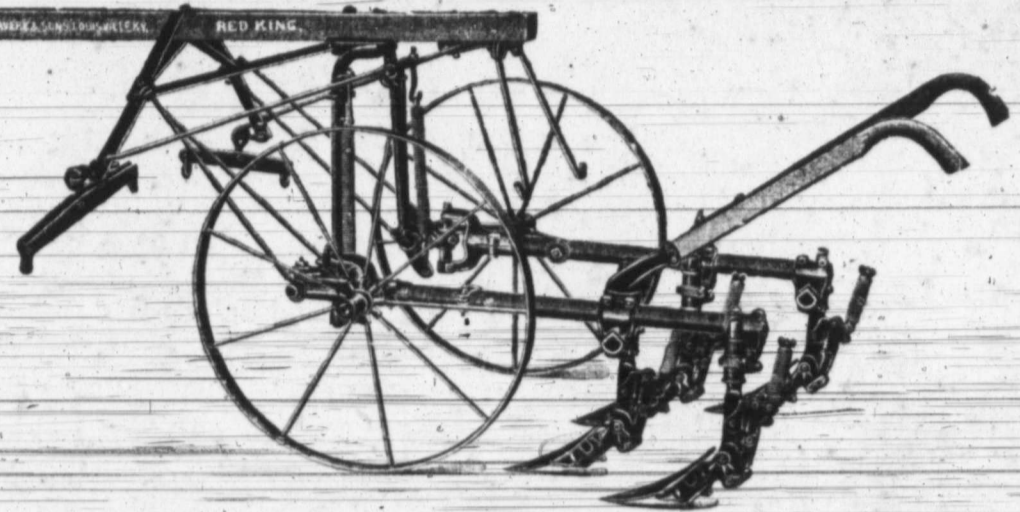

Nacogdoches, Tex. April 19, 1916
Treasury Department.

Mr. B. R. Newton, Assistant Secretary,

Dear Sir:

Your letter of 14th inst., to post master enre the public building at Nacogdoches has just been read by me.

I am somewhat surprised and

Avery's Red King Balance Frame Cultivator

Will you use this cultivator for us SIX DAYS? We don't want you to keep it though—unless you are satisfied with it and unless you had rather have it than to have your money. Don't wait but come in at once and get just what you want while our stock is complete.

We have other things that you need too.

Gee Whiz Harrows Section Harrows Disc Harrows Riding Planters Walking Planters

and everything else in Hardware and Farm supplies. Come to see us when you are in town—we want to see you and you are welcome at our store whether you buy or not.

Cason, Monk & Co.

disappointed at your statement that the sketch plans of the building show but one main entrance for the public, which will be on Main street. This, of course, is all right if there is to be but one entrance, but I feel that as the building is to be in the public square of the City, with business property fronting it on all sides, that it would be but just to the property owners that there should be four entrances; one fronting Main street, one fronting Fredonia street, one fronting Pillar street, and one fronting Pecan street, which are the four streets that surround the square.

I believe this would be the sentiment, if expressed, by the entire citizenship of the City. I am sure you have a photograph of the lot, and buildings on the square from which you can see the justness, at least, of my contention, which I hope will not delay the construction of the building.

I would be very much obliged if you would mail me a copy of the sketch plans of the building.

GEO. H. MATTHEWS,

Mayor.

POTATO DRY KILN TO BE DISCUSSED

All people who are interested in the matter are reminded that Dr. Harkey of the Extension Department of the A. & M. College will be here Friday, April 21, and will deliver an address at 2:00 p. m., on the subject of sweet potato growing and sweet potato dry kilns.

Every business man of this community, and every farmer who can possibly get here, should hear this address. The government method has proven a great success, both in growing and caring for sweet potatoes, and both are necessary to the success of the industry.

As has been thrashed out previously in this paper, our lands are especially adapted to this valuable crop, and the success of the industry depends upon the co-operation of the farmers and business men. Come to the meeting and let's get organized.

Dr. E. A. Blount of Dallas is in the city visiting with his mother, Mrs. E. A. Blount, Sr., for a few days.

TO ORGANIZE LEAGUE.

An effort is being made to organize an East Texas Baseball League, and a meeting will be held Jacksonville Friday night of this week, at 8:00 o'clock to work out the final details of the organization, at which it is urged a representative from Nacogdoches should be present.

The cities of Palestine, Crockett, Rusk, Tyler, Jacksonville and Nacogdoches are in the lineup, and Longview and Marshall are reported to be seeking admittance in the league. At a previous meeting, held in Palestine, it was agreed that the salary limit for each club would be \$600 per month, not to exceed twelve on each club.

Henderson is reported to be seeking Nacogdoches' place in the organization, and it is very important that Nacogdoches be well represented at the Jacksonville meeting if the town wishes to hold its place.

Prof. G. B. Layton is able to be out again after being laid up some days with a carbuncle on his forehead.

They Are Here

We have just received the newest styles, colors and shapes in HATS, COLLARS, TIES, SHIRTS, UNDERWEAR, BELTS, HOSIERY and CLOTHING for men and young men.

Visit our store where you get new goods.

And more coming for Easter. The very latest out in Tailor-Made Suits for men and young men. Be sure you see our assortment before buying. If not you will be disappointed.

ZENO COX, JR.

Between City Bakery and Kennedy's Drug Store

The Sentinel

HALTOM & GIBBS, Proprietors
E. M. HALTOM, Manager
O. M. GIBBS, Editor

The information is gleaned from the Daily News of that city that a negro woman has been arrested in Lufkin on a charge of bootlegging. This reminds us that when a white woman was under arrest in another town some months ago it was the verdict of the press that when a female was involved thus it should be referred to "bootlimbing."

The Cushing Enterprise announces that beginning with May 1st Judge W. H. Dial, a well known lawyer of this county, who has been making his home in California for some time, will assume editorial charge of the paper. Judge Dial is a talented writer, thoroughly familiar with conditions in East Texas, and the people will look forward to his editorial career at Cushing with much interest.

Longview is about to catch a good idea from Nacogdoches, or else it is a case of "great minds running in the same channel." Says the Longview Times-Clarion: "Here's an idea. Why not call a mass meeting of automobile drivers and have them adopt rules regarding speeding. Let them govern themselves. It seems to us that would be a more effective way than trying to catch them."

We gather the information from the different newspapers and news reports that the tomato crop has been damaged from twenty-five to seventy-five per cent over the tomato growing district. This should insure much better prices for the coming season, and the growers who have any left should care for them very diligently and get all they can ready for market at the earliest possible moment.

The Tyler Signal says: "Under the conscript law the poor man who is, by his toil, supporting a wife and five children, can be sent to the battlefield, where he may be shot to death. All wars benefit the rich man and impoverish the poor man. Hence the saying, 'the rich man's war and the poor man's fight.'" If we had a law to conscript the rich man's gold when war is planned, there would be no more wars. In wars we take the poor man's life and why not make the rich man pay the war debt?"

Upon enquiry, The Sentinel learns that the business of Nacogdoches postoffice entitles this city to free mail delivery, the only thing being in the way is the condition of the sidewalks. This would be a great convenience to the people of the city, would add prestige to the town, and since this is the only thing in the way, we should by all means have the service. There has lately been much improvement in this line; let the good work continue and Nacogdoches come into its own.

The Sentinel has it from pretty good authority that at least five drills will be in operation in Oil City within the next few weeks. Arrangements have already been perfected with some companies, while others are working out details as rapidly as possible. Some of these ventures will be made by prominent oil companies, insuring that a thorough test of the field will be made and suitable development follow. Excitement is running high, and is justified, because a great oil field would revolutionize the business and industrial affairs of this whole section of country.

SOME "SUCKER"

This from the Nacogdoches Sentinel: "A promoter is working East Texas, organizing the towns into development companies and collecting a fee with which it is proposed to advertise the particular section in certain bureaus and in motion picture slides in the east. Such advertising profits only the promoter, and the town that invests in it throws its money away. A list of prospective buyers can be obtained from the railroads at any time, to which individual advertising, which would be far more effective, can be sent direct, or space can be contracted for advertising in groups of papers, wherever desired, at a very low rate." The money that has been thrown away on worthless advertising and other schemes by the people of Texas would have built a railroad from the Red river to the Gulf. Supposedly good business men who could not in any circumstances be induced to invest a dollar in local industrial enterprises seem to have a mania for handing money to every smooth tongued itinerant "promoter" who approached them, no matter how transparently "fakey" his scheme may be. It seems impossible for the people to realize that the best way to advertise a town is with products turned out by local factories, and that the most profitable use they could make their loose change would be to drop it into a fund to be used in helping along struggling local industries, or contributed it with a view of making up capital for new ones.—Beaumont Enterprise.

This bunch hit our city, and lifted \$75 cash and the promise of \$25 later etc., et cetera. One of the gentlemen who went into this shell game seemed to think we were wrong because we could not use their glasses in the matter, and he is a fine fellow whom we like.

Every season at our own cost we have printed from 1,200 to 2,500 advertising copies to take to the Dallas and Beaumont fairs and our town has never raised over \$11.00 to help us defray the expenses of the trip.

All the suckers don't live on farms in the country.—Huntington Herald.

W. F. Hays, editor of the Mt. Enterprise Herald, was in the city this morning returning from San Augustine where he closed a deal yesterday for the San Augustine Tribune of which he will take charge on the first of May. Mr. Hays is one of the best newspaper men in East Texas, and San Augustine is to be congratulated on securing his services in this capacity. Mr. Hays moved to Mt. Enterprise six years ago and started a paper with a very small outfit, publishing it with a primitive Washington hand press. He has gradually built up his office until he has one of the best equipped small printing offices in the country, with a home of his own, and also provided himself with a residence of his own. A man who can do so much in a small town can be depended upon to do greater things in a larger field, and with him San Augustine will have a newspaper man who will take his place with the substantial business men of the community, and be a great factor in the upbuilding of that section of this glorious red land of ours.

G. C. Fewell of Nacogdoches, who formerly resided in Lufkin and has many friends here, has either bought an automobile, or is in the market for one, and local agents should look him up. He is advertising in the Sentinel of that city a horse and buggy for sale. That is all the evidence needed to bear out the above.—Lufkin Daily News.

LEARNING THE AUTO.

While so many new automobiles are being sold and "broke in" in this section, the following characteristic rhyme from Uncle Walt Mason will make an interesting reading matter with many people:

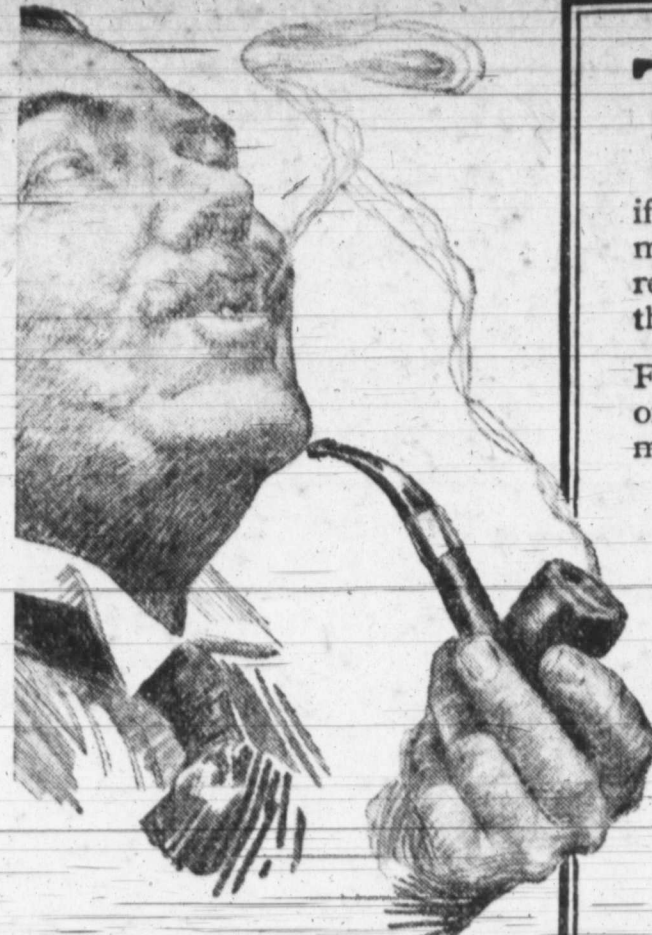

"I'm learning the automobile; as, trembling, I sit at the wheel, and steer her along, through the hurrying throng, how nervous and awkward I feel! I jolt people out of their lids, I run over chickens and kids; a spurt she will throw when I want to go slow, she scampers, skeedaddles and skides. I sweat, and I'm weak in the knees, when swift corners she flees, she whimpers and whirrs and she gurgles and purrs, and runs into fences and trees. My courage she constantly damps by running down bow-woxes and tramps; she collided today with a big heavy dray, and busted her fenders and lamp. I drive her around for an hour this engine of terrible power; whenever I stray, on my death-dealing way, of feathers and fur there's a shower. At night when I go to bed, fierce nightmares abide in my head; I dream my new truck is just running amuck, and leaving a window of dead. I run over chickens and shoots; and off in my dream, do I rancously scream, "My auto is feeling her oats!"

The Nacogdoches Sentinel says there is much excitement at Oil City in that county, and that representatives of large oil concerns are taking leases as fast as they can. Many of our people are acquainted with the proposition, and as the Sentinel says, it has long been a proven as the Humble field was at one time. The matter of taking of leases is still going on around Lufkin, and it is quite certain that the drill will be started at no far distant date. There are experts who claim this section to be an oil field and even undertake to describe the territory where the oil may be found. The News trusts that none of these News trusts that none of these predictions are ill-founded, and that all of our dreams along this line will soon come true.—Lufkin News.

TWO SCHOLARSHIPS TO BE AWARDED.

Austin, Texas, April 14.—Two scholarships for girls in the University of Texas, viz., the Shirley R. Green scholarship and the William Lambdin Prather scholarship, will soon be awarded by the committee which is composed of W. J. Battle, President of the University, John A. Lomax, Secretary of the Faculty, and Helen M. Kirby, Dean of Women. The Shirley Green scholarship pays the holder \$250 in the form of a loan, for which the holder gives her note at four percent interest for five years without security. The William L. Prather scholarship is also for \$250 and is a gift without any obligation on the part of the holder to return the money.

These scholarships are awarded only to girls who without them would not be able to attend the University. It is the hope of the committee that through these scholarships young women of high intellectual and moral attainments, no matter how poor, may receive college training. While the scholarships are assigned for only one year, very frequently in the past girls have found other means to enable them to complete their course and to graduate from the University. The committee desires as complete and circumstantial an account of applicants as it is possible for them to give. Letters of application should be addressed to John A. Lomax, University Station, Austin, Tex.

On the reverse side of this tiny red tin you will read: "Process Patented July 30th, 1907," which has made three million smoke pipes where one smoked before!

Try it yourself—

if you want personal and positive information as to how delightful Prince Albert really is, smoked in a jimmy pipe or rolled into the best makin's cigarette you ever set-fire-to!

For, Prince Albert has a wonderful message of pipe-peace and makin's peace for every man. It will revolutionize your smoke ideas and ideals. The patented process fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

is so friendly to your tongue and taste that it is mighty easy to get acquainted with. You'll like every pipeful or cigarette better than the last because it is so cool and fragrant and long-burning. You'll just sit back and ponder why you have kept away from such joy'us smokings for so long a time!

Men, we tell you Prince Albert is all we claim for it. You'll understand just how different our patented process makes Prince Albert quick as you smoke it!

Buy Prince Albert everywhere tobacco is sold: in tins, red bags, 5c.; tins, red tins, 10c.; handsome pound and half pound tin humidors and in pound crystal-glass humidors with sponge-moistener tops that keep the tobacco in such prime condition.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

THEY "LIVE AT HOME" NOW

One of the best evidences that the diversified crop plan is being profitably pushed by the farmers of the country is found in a story which comes from Texas. The Hillsboro (Texas) Mirror says: "A prominent groceryman yesterday told the writer that diversification was being felt by the grocerymen. And this same statement was made some months ago by another of the foremost merchants. That is the best testimony that the campaign is becoming effective.

"Best of all, the grocerymen are broad enough not to want to profit temporarily at the country's expense. Two years ago," said the gentleman yesterday, "I could sell a car of bran and feed-stuff in two days, and now that much will last nearly a month."

Then he referred to the molasses made at home this year and other produce saved. That tells the story, and it amplifies another argument in favor of diversified farming: it will not be long before the home merchants will be filling orders outside for supplies purchased in plenty from the home farmers, thus keeping at home the capital that has been going away.

So, in the end, the diversified method works for the good of farmer and merchant and becomes a factor in the industrial growth and general prosperity of country and town.—Atlanta Constitution.

Supt. O. J. Rushing spent Monday in Nacogdoches for the purpose of consulting with the citizens there for arrangements for the coming session of the Summer Normal to be held in that city this summer. Mr. Rushing states that the business men got together and pledged their support of the Normal in a financial way. They raised funds for advertising purposes and will see that all who go there to attend will be well cared for. They will arrange, at the expense of the business men, to have a lecturer visit the school each week and deliver an educational lecture. Mr. Rushing was elated over the cordial reception given him in behalf of the school.—Center Champion.

A BIG HAIL.

The following report of a big hail which has defied the sunshine ten days, is taken from a recent issue of a San Antonio paper:

Hailstones in drifts three feet deep, wide as the street and a block long, still are to be seen out on the North Loop from the storm a week ago last Saturday night, according to Albin Seidel of Austin Street, who visited his farm on the loop yesterday. Mr. Seidel brought a sack of hailstones to town. Some of them were as large as small hen eggs.

"I just wanted to give some of my friends visible proof of a story I told them about the hail drifts," Mr. Seidel said. "The drifts were formed by the Flag Spring Creek, which runs into the Calado. The hail, during the storm, fell in immense quantities along with the rain, and the creek washed the ice down stream and piled it along the banks. As the creek was far out of banks the hailstones were deposited out of reach of the water in places.

"The drifts at first were six feet deep, and though they have been exposed to the sun directly a great deal since, only about half their bulk has melted. They still lie about forty feet wide, and the one from which I brought a 'sample' to town is close to 300 feet long."

Mr. Seidel said his farm neighbor, Charles Maitsberger, estimated that forty tons of ice remained in the largest drift after the ten days of sunshine that have passed.

"If there are any doubters," Mr. Seidel said, "I shall be glad to tell them or show them where these drifts can be seen."

During the storm that brought such a deluge of ice globes over ten inches of rain fell in three hours, Mr. Seidel declared.

There is no age limit on Texans when Cupid is referee. A Wills Point youth of 66 years went to Shreveport and eloped with a coy bride of 81. Some middle-aged children of the pair objected, so the elopement was planned and successfully carried out.—Austin American.

ANOTHER SCHOLARSHIP

Austin, Texas, April 15.—The Clubs offers a scholarship in the University of Texas next year worth \$140 to the Texas girl who seems best to meet the requirements laid down by the committee. In the first place, of course, the girl must be equipped to enter the University without financial assistance. Preference will be given, so the chairman, Prof. Mary E. Gearing, states to girls who have not already attended the institution, although previous attendance, does not disqualify an applicant. The committee is composed of Mrs. Fred Fleming, President of the University, and Mary E. Gearing, professor of domestic economy. In awarding the scholarship the committee desires as full an account as possible of the applicant's situation, her previous training, her ambitions, etc. All communications should be addressed to Mary E. Gearing, University, Austin.

Tyler has already shipped two car loads of strawberries this season, which were sold at \$1.50 per crate, which is equal to about \$3.00 per crate for former years, as the pint sizes are used this year, and quarts have been used in the past. We have wanted the Jacksonville section to go in to the berry business large enough to ship in car lots, but only a few acres are grown in this country.—Jacksonville Progress.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

**CITIZENS MEETING
SATURDAY NIGHT**
**Number Gathered at School
House to Devise Means For
Continuation of School.**

Notwithstanding the big protracted meeting which engaged the attention of many people, while many were attracted to the different shows and lodge meetings, a goodly number of citizens met in the auditorium of the High School building Saturday night for the purpose of discussing the matter and providing ways and means for continuing school for the ninth month.

The meeting was called to order by Hon. C. A. Hodges who stated that the School District was in financial trouble, and in turn introduced Superintendent R. F. Davis who explained the object of the meeting and conditions which made this meeting necessary. In the course of his talk Prof. Davis explained that the shortage was due to the cutting down of the appropriation by the state in which we have only six dollars per scholar this year whereas we had eight for recent previous years, thus taking off two dollars per scholar which would be sufficient carry the school on.

Prof. Davis was followed in an interesting discussion in which interesting talks were made by Judge S. W. Blount, Hon. Eugene H. Blount, Judge Ingraham, Hal Tucker, Rev. Westbrook, Hon. Beeman Strong, Hon. S. M. King, D. K. Cason, Hollis Mast, Capt. I. L. Sturdevant and others and it was the idea of all that school should go on.

After considerable discussion, the plan was finally agreed upon that the superintendent and teachers of the school should make a canvass of the patrons of the school this week and compile a list of all the students who will remain of their own accord and report back to another mass meeting to be held at the same place next Saturday night, at which time arrangements will be made for the financial support lacking to carry the school on. It was elected also that the old rates of tuition of from \$1.50 to \$4.00 should prevail.

Thus the generosity and patriotism of Nacogdoches has again asserted itself, and the prestige of Nacogdoches High School will be maintained.

Safe Medicine For Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual relieving coughs, colds, and croup. Obtainable everywhere. dw

HON. JNO. DAVIS.

From Tuesday's Daily:
Hon. Jno. Davis of Dallas, candidate for United States Senator, addressed about 20 men in county court room yesterday afternoon at 3:30, in the interest of his candidacy. His address was brief, outlining in a general way his platform. Among some of the principles advocated by him, as outlined in his speech are:

An amendment to the United States Constitution, prohibiting the manufacture and sale of intoxicating liquors; a law prohibiting the appropriation of money out of the United States treasury for improving inland waterways, stating that such appropriations are only for the purpose of reducing freight rates to such points located on said waterways are re-

quired to pay an additional freight rate to reimburse the railroad companies in their loss on such reduction as it granted the people residing at points touching same. He believes in building a large navy, equal to any other nation, but is opposed to a large standing army, believing that it is both dangerous and burdensome. He also advocates increasing the income tax and the enactment of an inheritance tax law in order to reduce, as much as possible, the immense fortunes, and providing a equitable distribution of the wealth and resources of the country. Mr. Davis complimented Congressman Henry on his rural credit system, and says that if elected he would work for a similar measure.

Pills Best For Liver.

Because they contain the best liver medicines, no matter how bitter or nauseating for the sweet coating hides the taste. Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely. No gripe, no nausea, aid digestion. Just try a bottle of Dr. King's New Life Pills and notice how much better you feel. 25c at druggists. dw

CAPTURED THE WHISKEY.

Nacogdoches is doubtless not so "wet" today as it would have been but for the activity of County Attorney Wade and Night Watchman Biggs, these gentlemen having taken over twelve full quarts of "Old Forester" last night, which Mr. Wade has locked up in his office.

From the county attorney we get the information that Joe Brantley, a one-armed negro of this city, went to Timpon yesterday afternoon and returned last night with a heavy suitcase. The suit case was turned over to Dick Skillern who in turn conveyed it to Henry Banks, and at this juncture the officers appeared and took over the "goods."

Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. dw

BOOTLEGGER TRIED.

Frank Whittamore, who was recently arrested and placed in jail charged with unlawfully selling whiskey, was tried in the county court yesterday and fined fifty dollars and twenty days in jail.

Insomnia.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere. dw

Spring.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said by the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. dw

**VILLA'S BODY IS
BEING BROUGHT IN**
He Died of Blood Poisoning Following Recent Wound and Was Buried and Taken up.

El Paso, Texas, April 16.—Francisco Villa is dead and his body disinterred some days after its burial, is in possession of the Caranza troops, according to a series of telegrams received in Jaurez today by Mexican officials.

For more than a week reports that Villa had died from wounds have been current both here and in Jaurez. Today's accounts were the most circumstantial and apparently reliable, yet received. They were accepted with reserve by officials, including General George Bell Jr., but the Mexican officials expressed confidence in their reliability. The messages in the order in which they were received were as follows:

The dispatcher of the Mexican Northwestern Railroad at Jaurez reported to General Gabriel Gaviira, Carranza commander at Jaurez that he had heard a conversation over the telegraph wires to the effect that Villa's body was in the hands of Carranza troops.

General Gaviira notified Consul Garcia here who rushed messages to the telegraph operators at Madera and Cusi asking for confirmation. The Madero and Cusi operators answered confirming the report and stating that the body was being taken to Chihuahua.

The telegraph operator at San Antonio, 50 miles west of Chihuahua, telegraphed Consul Garcia that Villa's body was in possession of Colonel Carlos Carranza, nephew of General Carranza, who is taking it in a special train to Chihuahua.

**AMERICAN TROOPS
ATTACKED AT PARRAL**

Washington, April 13.—The American troops in Mexico have had their first clash with persons other than bandits.

The scene of the fight was Parral, a city of 15,000 people near the southern border of Chihuahua and about 400 miles south of the American line.

The fight occurred when a detachment of the Thirteenth cavalry numbering about 150 men under command of Major William Tompkins attempted to pass through the city.

There is yet much doubt here as to just who the attacking parties were. An official dispatch from General Carranza's headquarters at Mexico City declared a civilian became excited when the Americans rode into the city and fired at them. This shot, according to the report, precipitated a bloody contest in which "many deaths occurred on both sides."

The same report declared officials of the Parral garrison met the Americans at the outskirts of Parral and urged them not to proceed through the town and that while this discussion was going on the civilian lost control of himself.

The Mexico City dispatches deny that the de facto troops took any part in the affray except to aid Americans to quiet the populace but semi-official statement coming through El Paso assert the troops joined with civilians against the Americans.

**CARRANZA'S ABILITY
THE CHIEF ISSUE**

Washington, April 14.—The United States is prepared to treat with General Carranza as proposed in his note of yesterday for the withdrawal of American troops from Mexico. Pending the outcome of the diplomatic negotiations the status of the expedition will remain unchanged

and the pursuit of Villa will continue.

This was the situation as officially stated today after the president and his cabinet has considered the new phases of the Mexican problem raised by General Carranza's communication. Secretary Lansing said he was prepared to take up the matter with the de facto government, but would not indicate when a reply might be sent to General Funston and that none were under contemplation.

Both secretaries said there had been no change in the policy of the administration which prompted the pursuit of Villa. Secretary Lansing would not say whether he was prepared to negotiate with the de facto government with a view to the possible fixing of a date for the withdrawal of American troops. He indicated that the time limit of any agreement would be based on what developed in the pursuit of the bandit.

C. R. Brown and family, from the northern part of the county, left yesterday for San Antonio where they go to make their future home, making the move for the benefit of Mrs. Brown's health. In the removal of these people, Nacogdoches county has lost a mighty good family, and the good wishes of a host of friends will follow them to their new home.

Purify the blood and put the system in order for summer work by using at this time a short course in Prickly Ash Bitters; it is the greatest blood purifier on earth.—Stripling, Haselwood & Co., Special Agents.

Miss Mattie James, accompanied by her brother Osborn, returned to her home in Paris, Texas, after a short visit with relatives here. Mr. James will take a much needed vacation before returning to his duties at the Sanitary Cafe.

Indigestion is the direct cause of disease that kills thousands of persons annually. Stop the trouble at the start with a little Prickly Ash Bitters; it strengthens the stomach and aids digestion. Stripling, Haselwood & Co., Special Agents.

The dispatches in today's papers announce that General Funston is no longer giving credence to the rumor that Villa is dead, being unable to get any confirmation of the rumor from any American source.

DAYS OF DIZZINESS.

Come to Hundreds of Nacogdoches People.

There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills.

Endorsed in Nacogdoches by grateful friends and neighbors. Mrs. J. B. Eaves, Nacogdoches, says: "I was having an awful time with my back and kidneys. A dull ache settled right over my hips and the pains bore down on me like a great weight and wore me out. Sharp, darting pains ran into the back of my neck, causing headache and spells of dizziness. The kidney secretions were unnatural. I used Doan's Kidney Pills procured at Stripling, Haselwood & Co.'s Drug Store, and they gave excellent results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Eaves had. Foster-Milburn Co., Props., Buffalo, N. Y.

Don't overlook your porch furniture

Get out the rockers and the settee and see if they don't need freshening up a bit. It won't cost much and a change in color might be agreeable.

**DEVOE
THE GUARANTEED
GLOSS CARRIAGE PAINT**

offers you an easy way of getting a high gloss that will hold its lustre under weather exposure.

We recommend Devoe Gloss Carriage Paint for porch and lawn furniture—yes, and for baby carriages, too. It will not crack or chip. It gives a hard durable finish which does not mar easily. Then, you know, it can be washed with soap and water.

Stop in and get a card showing the many pleasing colors. Ask us for information about this and other Devoe products. Remember, we guarantee satisfaction.

Nacogdoches Texas

MARRIED SUNDAY AFTER-NOON.

From Monday's Daily:
Jno. P. Slay, a well known and highly respected business man of this city, and Miss Stella Holbrook, one of the city's charming young ladies, drove to the Methodist parsonage yesterday afternoon and were married.

Immediately following the ceremony, Mr. and Mrs. Slay started for a little visit to relatives at Appleby, in an automobile, and were followed by several other cars well supplied with rice who kept up the shower all the way. When Mr. Slay came to his store this morning he found Mr. J. O. Ray installed as receiver, but Mr. Ray finally relinquished control upon promise of better conduct and better attention to his business in the future.

The fair bride is a most estimable young lady, possessing all the sweet graces and traits of character that go to make up the most gracious type of womanhood, and is loved and admired by those who know her. Mr. Slay is a prominent young business man of the city, who is equally popular with those who know him, and The Sentinel joins the many friends of the worthy young couple in congratulations and good wishes.

The many friends of Uncle Cal Fall, county treasurer, over the county will be pleased to learn that he is able to be at his office again after several weeks illness. Uncle Cal was stricken down with grippe several weeks, which was followed with the revival of an old spinal trouble, and altogether caused him much misery before finally releasing its grip, but he hopes to now soon be fully restored to his former health.

Many so-called "bitters" are not medicines, but simply liquids disguised, so as to evade the law. Prickly Ash Bitters is not one of this class. It is strictly a medicine, acting primarily on the kidneys, liver and bowels, and for the dangerous diseases that attack these organs it is a remedy of the first grade. There is nothing objectionable in its taste, it has an agreeable flavor and is acceptable to the most delicate stomach.—Stripling, Haselwood & Co., Special Agents.

Master Ford Harrell, little son of Mr. and Mrs. Doyle F. Harrell, departed today on the noon train for Nacogdoches to spend a few days with his grandmother.—Lufkin News.

MAN AND WOMAN ARRESTED.

A man giving his name as C. H. Tolbert and a woman giving her name as Ollie Brown were placed in jail this morning. Parties at Keltys phoned to this city that they had spent the night in the woods near there, and Constable Seale made the arrest.

From what The News could learn they claim Dallas as their home, and were here last week during the time of a carnival company's visit. It is said that they came directly here from Nacogdoches, went from here possibly to Keltys and then to Diboll and finally back to Keltys, where they were picked up this morning.—Lufkin News.

Good For Colds.

Honey, Pine-tar and Glycerine are recognized cold remedies. In Dr. Bell's Pine-Tar-Honey these are combined with other cough medicine in a pleasant syrup. Dr. Bell's Pine-Tar-Honey quickly stops your cough, checks your cold, soothes irritation of the throat. Excellent for young, adult and aged. Its one of the best cough syrups made. Formula on every bottle. You know just what you are taking and your doctor knows its good for coughs and colds. Insist on Dr. Bell's Pine-Tar-Honey. Only 25c. at Druggists. dw

At Longview yesterday six prisoners confined in the jail seized upon the sheriff when he went in to care for them, disarmed him and made a get-away, later being recaptured by deputies and friends of the officer. This is another reason why Longview needs the munitions plant for which the Times-Clarion has been clamoring.

The Aches of House Cleaning.

The pain and soreness caused by bruises, over-exertion and straining during house cleaning time are soothed away by Sloan's Liniment. No need to suffer this agony. Just apply Sloan's Liniment to the sore spots, rub only a little. In a short time the pain leaves, you rest comfortably and enjoy a refreshing sleep. One grateful user writes: "Sloan's Liniment is worth its weight in gold." Keep a bottle on hand, use it against all Soreness, Neuralgia and Bruises. Kills pain. 25c. at your Druggist. dw

Mr. E. C. King, a prominent planter and mill man of Rusk county, was a visitor to the city today, coming down on a little business mission.

O. M. GIBBS, Editor

FOR FREE MAIL DELIVERY

Since people of Nacogdoches seem considerably aroused over the matter of securing free mail delivery at this time, The Sentinel has gathered the necessary information for their guidance in making the effort, which, boiled down in brief, is as follows:

Any office handling as much as \$10,000 business annually, Nacogdoches registers upward of \$15,000, which meets this requirement with good measure and some to spare.

Houses shall be numbered consecutively. This requirement can be met by making a few corrections, a majority of the houses already having numbers, and we are sure the people would take pleasure in conforming to this rule, which should be done under the supervision of the city council.

Good continuous sidewalks over the routes covered. By this it is not meant that the routes shall be filled with concrete walks only, though such a condition would be better. Where concrete walks cannot be provided, a good graded walk, made up with cheaper material, and properly drained, would doubtless suffice. It would be necessary to have walks that the carriers could pass over dry shod, and with the large amount of sidewalk we have already, it would not take much more to connect up with the continuous line.

With these conditions worked out, we could make application for inspection, and upon a satisfactory report from the inspector an order giving us the service would be made.

We should go after this service at once, and not let up until we get it, both for the convenience it would afford and the prestige it would give to the town. Property owners covered by the routes would be increased in value to a much greater sum than would have to be expended in getting the walks, and any person who would hinder the progress by failing to do his duty is an undesirable citizen, unworthy the respect and esteem of his neighbors and his fellow-men. None can allege financial inability, because such a one can get him a spade and do the work that will pass muster until he can do better, grading up and draining his walk so that it can be passed over with convenience and comfort. He owes this to himself and his neighbors who have other links in the same chain, and if he continues to refuse he will force the necessity for legislation that will make his property liable for the improvement.

The Sentinel has an abiding faith in the progressiveness and integrity of the great majority of the people of Nacogdoches to do their duty when they see it, and with this explanation, together with the letter from the mayor yesterday and the endorsement of many other leading people of the city, we invite and plead for a campaign of immediate sidewalk building in Nacogdoches.

WILSON WILL NOT WITHDRAW TROOPS

Washington, April 13.—Despite the fact that the American government has been asked by Carranza to withdraw its forces from Mexican territory, it was stated authoritatively tonight that the troops would remain where they are for the time being at least.

General Carranza's note was delivered this afternoon to Secretary Lansing. Briefly it set

forth that the American troops had entered Mexico without permission from the de facto government, that no such permission had not since been asked or extended and that the purpose for which the troops had been sent in had been accomplished inasmuch as the Villista and other bandit bands along the American border has been effectually scattered.

In a diplomatic but none the less plain manner the note charged Secretary Lansing and Counsellor Poll of the State Department with having authorized the American entry with full knowledge that such entry was at the time illegal; asserted the Carranza government had never entertained any proposal for reciprocal pursuit rights except in the event of a repetition of the Columbus massacre; and bluntly advised the American government that pending negotiations for a new protocol covering border questions were terminated.

INTEREST AROUSED FREE MAIL DELIVERY

Yesterday The Sentinel editorially called attention to the fact that it was within the possibility of Nacogdoches to get a free mail delivery, the only thing being lacking is a better system of sidewalks in some sections.

The suggestion seems to have met with a responsive chord, as many have become deeply interested in the matter, and many are already at work on the proposition. Capt. W. T. Wilson of the Wilson Grain & Grocery Co., says that only a little common sense will be necessary to carry this proposition through and secure this great convenience—and he is correct. Common sense should teach every man the value of good sidewalks, and their reason should inspire them to make this effort both for the convenience to themselves, their neighbors and the advantage that would accrue to them with free mail delivery.

Our faithful and progressive mayor is also much interested in the matter, as he is in everything that contributes to the upbuilding of the city over which he presides, and addresses the following communication to the people of the city through The Sentinel.

From the Mayor.
The only thing in the way of securing free mail delivery for the city is the improvement of our sidewalks, which would mean the employment of several of our young men at a good salary, and a great convenience to the people of the city. The only thing necessary is for the property owners to put sidewalks in front of their property.

We have a good sidewalk man with us who is begging for work, and will do it at a most reasonable price, so that every owner of property in the corporation can afford it. Now, think of this, get busy and have your walks put in which will secure free mail delivery, add much to the civic pride of the city, and at the same time be a great convenience to you as property owners.

This communication is prompted by the editorial of The Sentinel of yesterday, which has always given its best efforts to the upbuilding of our city and should be commended by all.

Respectfully,
GEO. H. MATTHEWS, Mayor.

It is a great pleasure to work for and with a people as responsive as are the good people of Nacogdoches—and a town settled up with such a citizenship can't stay in its "swatting clothes" long. The present editor of The Sentinel has not advocated a single worthy improvement that has not met with responsive attention and consideration, and some of the good things he has brought to attention will soon be

living realities. The school never makes a call that does not get the needed help, and the same may be said of the city council, that august body of men who are chosen by the people to manage the affairs of the city, a statement that both the mayor and the superintendent of the school will bear out. With such harmony, backed up with such sterling patriotism, Nacogdoches is bound to grow and take its place with the progressive little cities of the state.

\$50.00 REWARD.

There is a burglar operating in Nacogdoches, and has been for a long time, burglarizing private residences in the absence of the owners. Money, watches, jewelry and recently men's clothing taken. Last night Capt. I. L. Sturdevant's house was entered while the family was at church and a lady's gold watch and a heavy case silver watch taken and numerous small articles of jewelry taken, a large barlow knife was used to pry open a dresser drawer and left in the house. Now I call on every good citizen of Nacogdoches to aid in capturing this midnight marauder, regardless of who he is. As an inducement to disinterested parties to aid in this matter, I will give \$50.00 to the party furnishing proof as to who this mysterious prowler is. Don't look too much for a negro.
A. J. Spradley, Sheriff.

INTERESTING DEMONSTRATION.

A most interesting demonstration was begun at the big hardware store of Cason, Monk & Co., yesterday, in which a representative from the factory of the Majestic Range Co. is taking pleasure in showing the ladies and all interested the many advantages of this great stove—a stove that cooks uniformly without constant attention, last longer by reason of special advantages it affords, save fuel, etc.

Another attractive feature of his demonstration is that \$8.00 worth of granite and copper ware is given free with each purchase while the demonstrator is in charge.

Making the occasion of a visit to the store during this demonstration a cup of good coffee with hot biscuit and butter is served free.

Every lady interested should attend the exhibit.

BAPTIST SUNDAY SCHOOL GRATEFUL

Feeling deeply a sense of appreciation, the Baptist Sunday School in session assembled, wish to thank each and every one who assisted in making our picnic a glorious success.

Especially do we wish to thank the chairman of the lunch committee and her faithful helpers, and the efficient chairman of the transportation committee and all of those out side of our church and Sunday School who so kindly helped him by lending their cars and their own services in getting the children to and from the grounds.

We also wish to thank the owners for the use of the beautiful grounds where the picnic was held, and the Sentinel and Redland Herald for the notices given us to arrangements.

We are proud of the fine boys and girls we have in our Sunday School who also did much to make the day, all sunshine, notwithstanding the rain.

Baptist Sunday School.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

The Big Store

The Leading House

Easter Apparel

Your attention is called to the wonderful collection of ladies' and misses' suits, silk, sheer dresses, waists and millinery at prices which are very attractive. Pay this department a visit.

NEW WASH SKIRTS
Made of Gaberdines and Piques. All new styles; at \$1.25, \$1.45 and \$1.75.

SPECIAL CORSETS
100 Women's American Lady Corsets; sizes 19 to 30. We offer the \$2.00, \$2.50, \$3.50 sellers; special \$1.50

CHILDREN'S WASH SUITS
The newest styles of Wash Suits for ages 2 to 8, have just arrived. They are the prettiest we ever have shown; at 50c, 75c, \$1.00, \$1.25 and \$1.50

We are showing for men, new spring style in the celebrated brand of Knox and Walk-over. Our prices remain just the same old reasonable way.

Matting Special
25 rolls of Jap Matting, extra good quality at 35c. Priced as a special 19c roll price per yard

At Half Price—Closing Out
10 all wool Union Art Squares, regular sellers \$7.50, size 9x12 3.75 Extra special

MAYER & SCHMIDT, INC.

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor leader, a poor sort of a parent.

The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feeling.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Peruna Tablets to the fluid Peruna.

THE U-BOAT ATTACKS MUST BE ABANDONED

President Wilson Puts Matter Up to Congress and Sends Germany an Ultimatum.

Washington, April 18.—"I have deemed it my duty, therefore," the president told congress today, that he had informed the imperial German government "that if it is still its purpose to prosecute relentless and indiscriminate warfare the government of the United States is at least forced to the conclusion that there is but one course to pursue; and that is unless the imperial German government should now immediately declare and effect an abandonment of its present methods of warfare against passenger and freight-carrying vessels, this government can have no choice but to sever diplomatic relations altogether."

Despite the solemn protest of this government, the president added: "The commanders of German undersea vessels have attacked merchant ships wherever they could encounter them in a way that has grown more and more ruthless, more and more indiscriminate . . . less and less observant of restraints of any kind."

Wilson's Ultimatum.

Washington, April 19.—President Wilson told congress, assembled in joint session shortly after 1 o'clock this afternoon he had given Germany irrevocable notification that the United States will break off diplomatic relations if her illegal submarine campaign is continued.

A note—America's last word, practically an ultimatum and demanding an immediate reply—presumably was in the Berlin foreign office as the president was speaking. It was dispatched last night in accordance with the president's plan to have it before the German government at the same moment he was addressing the American congress.

The president asked no action whatever of congress. He simply informed it of the accumulation of facts tending to support the American contention that Germany's assurances to the United States are being violated; that the submarine campaign, despite the earnest protests of the United States is being conducted with renewed vigor in contravention of all the laws of nations and humanity, and that he meant to sever relations unless it brought within the law. Diplomatic history of the world shows that such a course is almost certain to be followed by war.

The president's not and his address to congress are final. They mark the end of diplomatic negotiations. A continuance of the longstanding friendly relations, the president made clear, depends alone upon Germany's conducts.

W. G. Davis is able to be up again after a few days stubborn illness.

BUSINESS MEN ARE BURDEN-BEARERS

OVERHEAD EXPENSES OF COMMUNITY REST UPON HIS SHOULDERS

(Editor's Note.—The following is the fifth of a series of articles by J. S. Cullinan, Chairman of the Texas Economic League, on the Administration of Justice, to which subject the League is now addressing itself.)

By J. S. Cullinan.

Only a very small part of the Administration of Justice is under the jurisdiction of the courts, and office-holders are not the only ones who tyrannize business. The lawyers jockey most all the righteousness out of legal justice; the uncertainty of the law terrorizes, and the laws delay tantalizes those who seek justice in our courts; but most of the important differences of the people are adjudicated outside the court room, despite the activities of walking delegates of the legal profession. Every man who manages a business is a Chancellor in the Supreme Court of Civilization, and there is not a day that his dockets are not filled with important cases. He must deal justly with capital and with labor—the two greatest economic problems in this world, and on which the prosperity of the country and happiness of the people of every nation depend. He must deal justly with his customers, with the public and pass judgment upon the elements of society which are dependent upon his generosity for subsistence. He must coordinate the legislative, judicial and executive branches of Justice under one head, and frequently try cases instantly without witnesses or jury, and he must stand personally responsible for his decisions; for he is always questioned and sometimes boycotted for his rulings on contributions as well as on business matters. He has no sheriff to enforce his decrees, and his only authority is reason.

The business man who buys and sells has many tribulations as well as responsibilities. It is he who must bear the overhead expenses of the community and upon his shoulders rest the burdens of society. He is the most deserving, less appreciated, and less rewarded of all the factors that make up the business life of the country. After he has given able consideration to the economic problems that enter into providing the public with commodities or services, as the case may be, and correctly balanced supply and demand, and contracted his obligations involving the fixed charges, his troubles, instead of being solved, have only begun. Economists who study these questions tell us that 90 per cent of our tradesmen fail at some time in life. This class of industry has upon it perhaps the most severe strain placed upon any business, and much of this load could and should be removed.

Our merchants stand at the cross roads of prosperity and adversity. They are the first to feel the latter, and the last to get the benefit of the former. Calamities in the form of droughts, fires, tornadoes and floods call for an extension of credit to his customers. He soon learns that such accommodations pave the way for an increased business of the mail-order houses who get the cash, while the tradesman carries the account; but the merchants' creditors are not quite so accommodating. The visits from the representatives of commercial agencies become more frequent. The profit and loss account grows as homestead laws are invoked by his customers, and lawyers lurk in the shadows of his business awaiting an opportunity to pounce upon him. These are only a part of his troubles. While the business battles are fiercely raging and every ounce of his strength is struggling for the mastery of his problems, he is solicited by a committee of organized graft to take advertising space in a program.

Then comes the "uplifters" of either sex whom we will designate as "Lizzie"; perhaps she has just graduated from a finishing school where she contracted humanitarian chills and fever, and the only antidote is saving the world by spending other people's money in near-sighted uplift ventures. It matters not to her whether the merchant's account is overdrawn, and his banker is preparing to charge him storage, rather than interest on his overdue notes; that the tradesman's wife is forced to drop her church and social duties through lack of raiment, and his children must leave school and seek employment before reaching the eighth grade, or that her victim has long since forgotten the name of a tailor in his home town. He must contribute or meet the odium of being classed as a tightwad, see his trade diminish, or turn over the keys to the sheriff.

It is one of the purposes of the League through publicity and solid thinking to lift unnecessary burdens off the backs of the business men of this State and nation, and to deal justly with all the forces of society, "with malice toward none and charity for all."

THE UNCERTAINTY OF JUSTICE

ADEQUATE BARRATRY LAW NEEDED.

Appointment of Judges Should Be Taken Out of Politics.

By Ben B. Cain.

The increasing criticism of our Courts ought to alarm and distress every patriotic citizen. There is something wrong with the Administration of Justice. What is it? A leading lawyer asserts the trouble to be our jury system. I think the miscarriage of Justice through ignorant or corrupt juries has done much to bring our judicial system into disrepute. But that is not the sole cause—juries are merely part of the judicial machinery. The bench and bar perform an equally important part. We should inspect the entire machinery to determine the trouble.

It is a common saying heard about the court house, "nobody can tell what a jury will do." Jury trials are regarded with distrust. Men freely predict the result without regard to the facts. It is notorious that lawyers call for juries when they have cases without merit and strive to select men whom they believe have some bias in their favor or prejudice against the other side. In such instances the effort is not to attain justice, but the contrary. After a jury is thus selected the real contest begins. Both sides seek by every means to distort or destroy any proposition that tends to sustain the adverse contention. If truth is thus uncovered it is an accident. It must be remembered that the judge is not permitted to assist the jury in passing upon the case. He is positively prohibited from doing so. Under our system, the jury is exclusive judge of the weight of the evidence and credibility of the witness. The Court must be careful not to invade this province of the jury. He must not comment on the evidence nor intimate his opinion. If the jury returns a verdict contrary to the preponderance of evidence, he has the power to set the verdict aside, but generally our trial judges "side-step" this responsibility. It goes to the higher courts and these courts decline to review the action of the jury, but will review the ruling of the judge on questions of law.

To an outsider it would look as though the system is so arranged as that the act of the unlearned and incompetent functionary is beyond review, while the act of the learned may be reviewed. Such a procedure is not far short of barbarism, and ought to be abolished. Jury trials ought to be confined to criminal cases. Rights of property should be decided by men-learned in the law.

In addition to this, the selection of judges ought to be removed from the domain of politics. Our judges should either be appointed, or else elected for a long term of years—subject in either case to recall by the voters. Lastly, the practice of law should be so regulated by statute as to make it impracticable, if not impossible, for attorneys to stir up litigation. The contingent fee and the lack of an adequate barratry law are responsible for much of the discredit brought in the courts, and much of the passion and prejudice so often manifest in the verdicts of juries. Lawyers should not be prohibited from taking contingent fees, but in certain litigation, notably personal injury cases, should be prohibited from fixing such fees. Whenever such a case is taken on contingent fee, the power to fix compensation should be left with the courts. In fixing such fees the court should be required to consider the character and amount of service performed, together with the amount recovered.

We should have an effective law selling and punishing barratry. The act of employing a person to solicit claims for unliquidated damages, or agreeing to pay the expenses or costs of collecting or enforcing such claims, by attorneys or others in their behalf, ought to be specifically prohibited. Our present law is a mere sham. Any person can investigate, maintain or encourage litigation in which he has no interest, provided it is done without the willful intent of distressing or harassing the defendant. The question of intent is one so difficult to establish before the ordinary jury, hence the law is practically of no effect.

There should be an effective law prohibiting the solicitation of personal injury claims by or for attorneys, and prohibiting agreements by which attorneys may directly or indirectly pay any part of the costs or expense of litigation except expenses actually incurred in the preparation or trial of a case. The growing discontent with the Administration of Justice admonishes that his most important part of governmental machinery is in a bad way. A country whose courts are not respected is on the road to anarchy. Let us eliminate from these institutions everything that makes unjust judgments a possibility, or would submit them to public reproach. An honored judiciary stands at the summit of enlightened society. It is the refuge of the weak, and guide to the strong. It is the fountain of Justice of which it has been said, "Truth is its handmaid, freedom its child; peace is its companion, safety walks in its steps, victory follows in its train; it is the brightest emanation from the gospel; it is the attribute of God."

What Are You Doing About Planting Those Peanuts?

Don't you need a real Planter? One that will plant any and everything, from a mustard seed to a peanut.

Now, if you are interested in this kind of a Planter, it will pay you to see us. We can show you better than we can tell you the merits of this Planter.

This Planter plants peanuts, either in the hull or the shelled nut. If you will only see one run you will be convinced that it is what you are looking for.

Ask those that have used it and seen it used. They will tell you.

We will have another shipment in this week. We invite you to see them, whether you are interested in a Planter this year or not.

Tucker-Sitton Hardware Co

OUR PUBLIC FORUM

Dr. L. M. Keasbey
ON MARKETING.

All civilized governments extend their credit facilities beyond the point of private profit, but some extend such facilities further than others in the direction of public service. Take the United States and England as opposite examples. Under our national banking system the Federal government directs its cash reserves into commercially selected channels, and extends its credit facilities along commercially established lines. With all, except for the sake of water conservation, the United States government has not as yet seen fit to extend its credit facilities outside the industrial domain. Whereas England, under her recently inaugurated "State aid to land purchase" policy, is extending her credit facilities even to the agricultural area, with the result that the impoverished Irish tenant is now in a position to borrow money directly from the powerful British government, in order to become a freeholder in his own right. This, I take it, is a typical example of governmental co-operation. Heretofore, under the formerly prevailing private profit system, the flow of purchasing power has been economically inward, from the agricultural area of Ireland to London, which is the financial and also the fiscal center of exchange, henceforth, under the recently inaugurated public service principle, a politically promoted outflow in the opposite direction is to be observed, from London, which is the fiscal and financial center of exchange, to the agricultural area of Ireland. And in the end, after an equilibrium is arranged, the peasantry beyond the pale will no longer be penalized by reason of their unfavorable position around the Irish agricultural rim.

But enough of the disabilities of place; pass over now to the vicissitudes of time and consider first the farmer's requirements for long-time agricultural loans. In so doing I will ask you to think of American farmers pyramidally arranged. Across the broad base of our agricultural pyramid are the tenant farmers of the United States. Already there are over two and a half million of them, and their number is increasing at an alarming rate (of tenant farmers over five farmers at the ratio of two to one) in the South especially, since the abolition of slavery, and the Southwest also, because of peonage in Mexico, and yet Texas has the largest percentage of white tenants of any of the United States. But eliminate the large number of negroes, if you like, and exclude the small number of Mexicans, if you choose, there still remains considerably over a million and a half tenant farmers in this country that can claim Caucasian descent. Under our Democratic doctrine, and according to our declared principles, each and every one of these should be a home-seeker and become a home-owner. Small chance of either under our profit-seeking system, with agricultural land selling exclusively at speculative prices and agricultural loans offered only at prohibitive rates. One way of solving the tenant problem is to reduce the price of agricultural land to its actual value, through the so-called single tax or some such device. But this of itself is not enough in order to purchase such agricultural land; even at its actual value, tenants have to be provided credit facilities in the way of long-time agricultural loans, including amortization privileges at equitable rates.

CLAY CARTER'S FUNERAL.

The following report of the funeral over the remains of Clay Carter, the young man who died in this city and was carried to Jacksonville for interment, is taken from yesterday's issue of the Jacksonville Daily Progress. "Accompanying the body of Clay Carter from Nacogdoches yesterday afternoon, were his father, G. W. Carter and brother Ed. Carter of Cushing; Mr. and Mrs. Pat Jenkins and John Jenkins of Nacogdoches and Mrs. J.

G. Swink, Lee G., and Miss Mary Carter of this city. The arrival of the train bearing the remains found a large concourse of friends at the station, with a sufficient number of cars to convey the relatives to the cemetery and form a long procession. The floral offering was large and attested the kindly thoughts of yesterday afternoon, were his father, G. W. Carter and brother Ed. Carter of Cushing; Mr. and Mrs. Pat Jenkins and John Jenkins of Nacogdoches and Mrs. J.

MONEY TO LOAN.

On good land improved or unimproved anywhere in Texas. We have buyers for bargains in East Texas land.

PENN LAND COMPANY,
Offices: Houston and Wichita Falls, Texas. 220-221 Binz Building, Houston. 20-4tw

Miss Pearl Cheshire returned to her home in the city yesterday afternoon from Nacogdoches, where she spent several days very pleasantly as the guest of Miss Gladys Evans.—Lufkin News.

Miss Jennie Harris of Nacogdoches is the guest of Mr. and Mrs. M. C. Parrish.—Jacksonville Progress, Wednesday.

WHEN IT LOOKS DARK to any weak or ailing woman, Dr. Pierce's Favorite Prescription comes to her help.

For "female complaints," pains, internal inflammation or irritation, bearing-down sensations, and all chronic weaknesses and derangements, this is the proven remedy. It's the only one so sure that it can be guaranteed. "Favorite Prescription" will benefit or cure, in the case of every tired and afflicted woman.

Mrs. Jessie Ford, 100 South Washington Ave., Dallas, Texas, says:

"It has been some ten years since I used Dr. Pierce's Favorite Prescription but I can't say too much in favor of what it did for me and have spoken highly of it many times as I am a nurse and have used it in many cases myself. Hope this may be a help to some one who needs relief."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

NACOGDOCHES MEDICOS HAD BIG BANQUET.

Last night (Wednesday) the regular monthly meeting of the Nacogdoches County Medical Society was held at the court house. There were seventeen M. D.'s and two dentists present.

An appointed paper was read by Dr. W. I. M. Smith, and was elaborately discussed by several members.

A committee on subject for the next meeting was appointed.

At the conclusion of this meeting the entire body of attendants repaired to the Banita Hotel where a formal magnificent banquet was served to nineteen guests, who were fully equal to the occasion. It was set up by the Nacogdoches physicians and dentists in the county, and consisted of the following appetizing menu: Fruit cup; tomato bisque soup, olives; toasted bread strips, celery hearts; broiled trout; sliced tomatoes, sauce hollandaise; fried chicken, taffy biscuit; royal gravy, currant jelly; baked potato fluff, creamed peas and mushrooms in ramekins; pineapple cubes; cream dressing, head lettuce; cheese balls in nut meats, angel farfait; salted walnuts, surprise cake; salted nuts, coffee.

At 11:30 p. m., the happy guests ended this hilarious function and dispersed.

Among those from out of town were Dr. G. E. Samuels, Dr. C. H. Tindall, Appleby; Dr. T. A. Mast, Dr. W. R. Blacksher, Chireno; Dr. Geo. P. Campbell, Douglass; Dr. Y. P. Barton, Cushing.

The responses to the toasts were of a highly intellectual type, and warmly fraternal and fascinating.

FAIR DATES SET.

The information is gleaned from the Timpson Times that the directors of the East Texas Fair, at Timpson, recently met and set the dates for the next meet at September 19th to 23rd, inclusive, making five days.

The same authority also gives assurance that the next fair will eclipse all previous attempts, which insures that it will be a great fair, and a credit to all East Texas.

SIX CHARGED WITH CATTLE STEALING

Sheriff E. W. Cupitt of San Augustine came up yesterday after Jesse Dupre who has been held here, charged with cattle theft committed in San Augustine county.

The Sentinel gets the information from the sheriff of this county that Dupre made a confession, implicating six in the deal.

Deputy Sheriff Jackson Cornely brought in and jailed Vick Y'Barbo yesterday who, Dupre says, brought three stolen yearlings from San Augustine county to this county, and carried two back to San Augustine.

Burrows Emmons is able to be out again after several weeks' stubborn illness.

NACOGDOCHES RESPONDS LIBERALLY TO FUND

Gives More than Was Asked for the Good Cause, Insuring Success for Normal

At the mass meeting of the citizens held in this city a few days ago, called for the purpose of offering financial assistance to the forthcoming summer normal, those in charge of the matter made the statement that they could make out with about two hundred dollars with which to defray advertising and incidental expenses, but in the course of the discussion it was brought out that more could be used to good advantage in the way of a more extensive advertising campaign, sending representatives to the other counties to take the matter up in person with interested parties.

With characteristic generosity and patriotism, Nacogdoches has almost doubled the amount, contributing \$377.50. The gentlemen who served on the committee in soliciting this amount say that they never met with a more generous response in any matter, and that they could have raised more had they set their aim higher.

Following is a list of the names and amounts subscribed:

A valuable dressing for flesh wounds, burns, scalds, old sores, rash chafed skin, BALLARD'S SNOW LINIMENT. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by all Druggists.

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite, and makes work a burden. To restore that strength and stamina that is so essential, nothing has ever equaled or compared with Scott's Emulsion, because its strength-sustaining nourishment invigorates the blood to distribute energy throughout the body while its tonic value sharpens the appetite and restores health in a natural, permanent way.

If you are run down, tired, nervous, overworked or lack strength, get Scott's Emulsion to-day. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

Constable Burrows requests Sentinel to say that he has instructions from the county attorney to arrest every automobile driver who gets out with a car not properly numbered, and gives this warning in advance of activity. The law requires that every automobile shall have a number, properly registered with the county clerk, and there is a penalty attached to the violation of this provision.

CLAY CARTER IS WITH THE DEAD

From Monday's Daily: Clay Carter, who had been so seriously ill with typhoid fever for some days, died at the home of his sister, Mrs. Pat Jenkins, Jr., last night at 12:00 o'clock. His remains will be carried to Jacksonville over the T. & N. O. this afternoon for interment.

The young man was about nineteen years of age, and has been making his home with his sister, Mrs. Pat Jenkins, Jr., the past six months. He was a son of G. W. Carter, the former editor of the Cushing Enterprise, who is now making his home in Trinity county. He was an honorable, upright young man, full of life and energy, and was well liked by all who knew him.

Attending him during his last illness were his father, brothers, sisters and other relatives who will accompany the remains to their last resting place this afternoon.

Watch Child's Cough.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

Dr. Rulfs and family of Banister were arrivals to the city Saturday afternoon, the doctor coming to bring a patient to the city for treatment and his family coming with him for a little visit with homefolks.

Deafness Cannot Be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A GREAT HIGHWAY IS BEING PLANNED

Will Run from Galveston to St. Louis, Mo., and Will Pass Through this City.

Lufkin News. It was some months ago that The News made mention of a plan on foot for a great highway between the city of Galveston and St. Louis, which would touch at Lufkin. Since that time nothing has been heard of the project here until there appeared an extended mention of the matter in Sunday's Galveston News, it being explained that definite steps are soon to be taken in this State and in Arkansas for the building of the road. The route calls for the following towns and cities in Texas: Galveston, Houston, Dayton, Liberty, Livingston, Lufkin, Nacogdoches, Timpson, Zuber, Carthage, Beckville, Marshall, Jefferson, Atlanta and Texarkana.

This movement was first started in the Lufkin-Livingston-Houston Highway Association, of which Mr. C. U. McDowell is president, and he is exerting considerable energy for the success of the project and expresses the opinion that the highway will be constructed in the near future. This will mean much to East Texas in the way of development, and will prove a wonderful blessing to Lufkin and Angelina county, for it will furnish a route of travel for thousands of tourists each year, many of whom may become attracted to this locality and decide to make their home here. Angelina County is a good county, and Lufkin is a splendid little city, but without good roads we are seriously handicapped. The News, in common with all the people along the route, will be glad to hear of this great work being started and pushed to an early completion.

To have a fine healthy complexion—the liver must be active, the bowels regular and the blood pure. All this is brought about by using HERBINE. It thoroughly scours the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion so much desired by ladies. Price 50c. Sold by all druggists.

The Sentinel is informed that Constable J. T. Perritte of Chireno was the man who brought Ocie Stokes to jail here, and had a prominent part in helping ferret out and run down people charged with cattle stealing in that section, of which recent report has been made in this paper.

A prudent mother is always on the lookout for symptoms of worms in her children. Pale-ness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Price 25c per bottle. Sold by all Druggists.

A COUNTRY HOME WAS BURGLARIZED

From Friday's Daily: A report has reached town that the home of Arch Cooper, living in the Dorsey community some seven miles from this city, was burglarized yesterday afternoon, and some flour, cooking oil, shot gun, shells and other articles taken.

Officers went out to the scene yesterday afternoon and are still working to get some clue as to the identity of the intruder.

Later—we learned that Deputy Myers has arrested and lodged in jail, a young white man named Frank Dorsett, charging him with the offense.

To buy Cheaper is to pay more.

Don't forget that a coffee cheaper than Luzianne in the end actually costs more, for you are guaranteed that there are twice the usual number of cups in a pound of Luzianne. It is guaranteed to please you, too. Buy a can today, use it all according to directions, then if you are not satisfied, if you are not dead certain it has gone twice as far, your grocer will return your money without question. Write for our premium catalogue.

NOTICE.

As we haven't time to spare from our professional duties to look after business matters, we have employed Mr. K. N. Matthews as our financial agent. He will from this time on have charge of our books and accounts. You will find it much more convenient to arrange settlement with him.

Your truly,
F. R. TUCKER,
R. P. LOCKEY,
GEO. S. BARHAM.

Money lost by shooting in the dark. Are your kodak pictures satisfactory? Do you know how to take them? Do you know how much time to give them at any part of day or any part of year? If not, see G. G. Machann at New Studio for free information.

NEW CHAIRMAN.

The Democratic Executive Committee met in this city Saturday, and after being called to order, received and accepted the resignation of Hon. Eugene H. Blount as county chairman and appointed Hon. Audley Harris son of Hon. June C. Harris and a prominent young attorney of the city to fill the vacancy. Mr. Blount has made the county a faithful and most proficient county chairman, sparing neither pains or expense to keep up with the affairs and interests of the party in the county but so many business affairs have accumulated to his hands that he could not longer spare the time necessary to keep up with the work satisfactory to himself.

Mr. Harris will also make a good chairman. He is an ambitious, energetic young man who looks carefully to everything entrusted to his care, and is competent to fill the position in a highly acceptable manner. A meeting of the committee will be called at an early date, at which time some other vacancies will be supplied and organization perfected for this year's service.

COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 14c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tf

STRAYED—A red bull yearling, two years old. No marks or brands. Finder will please notify J. L. Hodges, Nacogdoches, Texas. 6-3tw

LOST—Between Alto and Nacogdoches on April 3rd, possibly near where the road crew was camped at that time, my watch. Was gold-filled Hunting case with W. O. W. emblem on back and G. G. C. engraved on front of case. Will pay \$2.50 reward for return to The Sentinel office. dw

Kodak albums free. Take care of your kodak pictures by using one of the kodak albums given free at the New Studio 1dw

W. Tom Parish, a progressive farmer of the Woden community, brought a large drove of goats to Guy Blount's big pasture this week, which he had sold to Mr. Blount. In the collection were a lot of kids too small to drive and were hauled in wagons. Mr. Parrish finds good profits in raising goats, as will Mr. Blount with the facilities of his big pasture.

BAD TASTE IN THE MOUTH

Coated tongue, foul breath, dizziness, and a tired, lazy feeling indicates a torpid condition of the liver and impaired digestion. To get rid of this misery, take

Price \$1.00 per Bottle

Prickly Ash Bitters Co., Proprietors, St. Louis, Mo.

Stripling, Haselwood & Co., Special Agents.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marionette, Wis. "I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BELNAP, Marionette, Wis.

Detroit, Mich. "When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa. "I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TICK TREATMENT. INSTALLED X-RAY MACHINE

Jas. D. Greer, agricultural agent for Nacogdoches county, has received, from the department of agriculture, all the information necessary for building dipping vats and treating cattle for ticks, and will be pleased to advise any one interested how to proceed.

His supply of literature is too limited to send out, but if any one desires to read what he has they may do so by calling at the Agricultural Station.

A meeting will be held in this city at two o'clock in the afternoon of April 29th, at which time an expert on the subject will be present, and every one who has cattle or deal in them should hear the lecture. Texas people have never realized the full market value for their cattle on account of the ticks, and it is time the people were learning to adopt measures to avoid this discrimination.

GIVES MIDNIGHT ALARM

Farmer Stout was awakened from a sound sleep by the ringing of his telephone bell. The barn of his neighbor, three miles down the turnpike, had been broken into and a driving horse stolen.

The horse-thieves were headed toward the Stout farm. Calling his hands he armed his forces, lined them upon the turnpike, captured the thieves and held them until the arrival of the Sheriff.

THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO. DALLAS, TEXAS

Dr. Oliver Brush of Austin, Texas, an expert in X-ray machine, has been here several days and has just finished installing one of the latest models of an Interrupterless Transformer X-ray machine in the office of Dr. A. A. Nelson, one of the prominent physicians of this city.

This machine contains the latest style operating table, X-ray tubes, dark room outfit, etc., with which to do all kinds of X-ray work, and will give the professional of this city and county advantages in this line that have not hitherto been enjoyed, the nearest of this kind being located at Shreveport.

This machine is said to have many advantages over the old models, enabling the physician to get an exact photograph of any desired part, which will be of incalculable value in diagnosis and treatment. Proof of this was illustrated to the writer when he was invited to place his foot upon the table where a photograph of it was taken which shows the outlines of the shoe, the bones of the foot, flesh, etc., making the interior of the member almost as visible as the exterior is to the naked eye.

The medical profession of this section is to be congratulated for this enterprise in installing this wonderful machine which will be of such incalculable service to them in their practice, and the town is to be congratulated upon having this additional facility for X-ray work. The machine is intended for the benefit of all physicians and surgeons.

Dr. A. O. Hanszen of the University of Texas spent yesterday afternoon and this forenoon inspecting Nacogdoches High School, and so far as he gave expression was charmed with conditions as he found them over here. Was especially delighted with the new building and the arrangement for domestic science, manual training, etc., and will make a flattering report on Nacogdoches.

NACOGDOCHES ADDED CIVIL SERVICE LIST

W. M. Pearson, secretary Board of United States Civil Service Examiners, has received a communication from the department which says: "You are advised that your city has been added to the list of cities at which especially announced examinations will be held in the future."

Information regarding same can be obtained at the postoffice in this city. Applications will be mailed, free of cost, upon request.

The following is a list of examinations with respective dates:

May 2—Blacksmith and horse-shoer (male); Mechanical superintendent (male); Associate engineer physicist (male).

May 3—Laboratorian, qualified in electrical science, (male).

May 3-4—Laboratory aid in chemistry and physics; Grazing assistant, (male).

May 9—Valuation analyst, (male); Interstate commerce commission.

May 16—Assistant petroleum chemist (male); Assistant pathologist in citrus fruit investigation (male); Cartographer (male); Expert in scientific and practical agriculture (male).

May 17—Clerk to commercial attache (male); Assistant in office of information (male); Department agriculture instruction in pattern making and foundry work (male); Market station assistant; Head nurse, operating (female); Oil guager (male); Shop apprentice (male).

May 17—Etomolecal inspection (male); Clerk qualified in modern language (male).

May 17-18—Assistant alloy chemist (male); Heating and ventilating engineer and draftsman (male).

OBITUARY

J. V. Birdwell was born in Rusk county, Texas, March 20th, 1848, and died in Nacogdoches county, April 11th, 1916.

He was married to Mary Martin of Martinsville in 1874, since which time he has resided in the Martinsville community. He leaves four children, three sons and one daughter. He was a member of the Baptist church for the past thirty years, being a member of the Hopewell Baptist church of Swift Texas, at the time of his death. He has held several prominent offices in the county and has hosts of friends all over the county who will mourn his loss.

Friends: How feeble are words to carry consolation to hearts of a beloved father! No one can fill his place in the vacant chair; no one will take his place in your hearts, and you would not have the void filled if you could. It will be a sacred thought in the years to come that he shed radiance in the home as long as he did. It will be a blessed recollection that he grew up to love and be loved by those who will ever so tenderly cherish his memory.

We bow in sorrow at the taking of our father and our friend; but in nature fruits fall and so do blossoms and buds, and it is likewise with us, but in the ways of kind nature this is perhaps best, and in the taking from our home our father we will try to accept the cross and bear it, believing that we will meet him again in the angel land whither the spirit of this pure man has flown.

GRADY FULLER.

Nacogdoches people are not anxious for the metropolitan airs of having a burglary recorded every few days, and the Sheriff's office is offering a reward of fifty dollars for proof that will lead to the capture and conviction of the intruder who has entered several homes here recently.

CONGRESSMAN HENRY ADDRESSED VOTERS

From Friday's Daily: Congressman Robt. L. Henry, candidate for United States Senator, addressed a crowd of voters in the district court room in this city yesterday afternoon, and made a very strong talk which won for him some new friends in this community.

The speaker was introduced by Senator S. M. King in a few well chosen remarks.

Taking the stand, Mr. Henry gave assurance of his appreciation of the courtesy extended him by Senator King, and led out with an eloquent tribute to the illustrious characters, some of whom have been summoned by the Death-Angel while others survive, who had their nativity in East Texas, and claimed the distinction of being an East Texan himself, having been reared in Cass county.

Getting into the meat of his address, the speaker gave an account, in a general way, of his twenty years' service in the halls of congress, pressing the claim that he was entitled to the promotion. He claims credit for first agitation and is entitled to a large measure of it, in inducing the secretary of the treasury to place money in Southern banks with which to handle the cotton crop. He began this agitation in 1914, and insists that if it had been granted that year the South would have been saved from the bankruptcy that followed, in which the farmers are estimated to have lost \$400,000,000. The next year finding the same condition staring the South in the face, he states that he made a trip to Washington at his own expense, and again pressed the issue which was finally granted in part by the treasury department placing \$30,000,000 with the South for this purpose.

Mr. Henry also advocates a system of rural credits with Federal control and support which would enable farmers to borrow money at a low rate of interest, on long time, with which to purchase homes, and his arguments in this line are very beautiful and seemingly tangible to the lay mind.

In conclusion the speaker reviewed the claims of the other candidates for the position, making the allegation that Cluberson was physically unable, Campbell lost in the woods, Brooks making the race on the single issue of prohibition, while Colquitt belongs to the ranks of the republican party. The other candidates, he says, will be discussed by him when they get their noses to the wire in the running.

With an eloquent eulogy of President Wilson and his administration, the speaker concluded his remarks.

The address was well received by those present, and it was the verdict of all who heard him that he is a strong man who is entitled to serious consideration in the race.

From Nacogdoches Congressman Henry went to Appleby and Garrison, speaking at the latter place last night. He returned to the city and went out to Chireno today. He was accompanied on the trip up the line by Senator King, Hon. Beeman Strong and Hon. Geo. F. Rainbolt.

Sheriff Spradley says he is as mad as a wet hen over the discovery that some one has burglarized the crazy cell in the jail, and stole therefrom six quarts from a package of eleven quarts of whiskey that was taken from a bootlegger who is now paying his fine by work with the county road gang.

Rev. Dan McNeil of Nacogdoches has moved to Lufkin, and will make this his future home.

—Lufkin Daily News.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

GARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

ANOTHER HOME WAS BURGLARIZED

From Saturday's Daily: Last evening, while the family were away at church, the home of Capt. I. L. Sturdevant, up North street, was burglarized, and the sneak thief made away with a couple of watches and some small change.

When the family left they locked at the rear and side doors, leaving the front door unlocked, and the burglar made his entrance through the door that was left unlocked. The only thing molested, so far as has been noticed, was a dresser in which one drawer was locked, and the burglar pried this door open with a knife.

Officers were summoned, and have been making an investigation, but no arrests have been made up to this time.

This is the second burglary committed in homes in this city within the past few days, and in an effort to break it up and apprehend the guilty parties, Sheriff Spradley is offering a reward of fifty dollars for proof that will warrant the arrest and conviction of the guilty party or parties.

Truth crushed to earth will sometimes make a lot of noise getting up.—New York American.

BLACK LEE 5465.

Male, color black, light points, foaled May 20, 1910, sire Watkins Jumbo, 20430 by Huckaby's Sam; sire's Dam Black Missouri, Dam, Miss Scott 5453, by Longfellow Jr., 20088, by Hancock Jr., out of Miss Longfellow. 2d dam Hight Head 20193, by Jenkins Prince; 3rd dam Hilda, bred by Tennessee Jack Farm.

NACOGDOCHES TRADITIONS

Mexicans in East Texas are very different in a moral and intellectual sense from the ordinary Mexico Axtecs and also quite different from the average Mexican of West Texas. Of course there are various types of this race in various localities.

The Nacogdoches Mexicans are good peaceful and useful citizens. Their race name might well be Texicans. They are Texicanized. They are Texans. They are as far from being of a disloyal or revolutionary character as the other good citizens are. They were here first and are here to stay. They have never been elsewhere, and will never leave here, and moreover they too are welcome here and wanted.

There have been many Mexicans here in the past whose very names are honored, and whose memory is held sacred. Gil Ybarbo and his little band of followers were the first permanent settlers of this town in 1776 or 1778. Some of them came from Louisiana, but were Spanish and later Mexicans by nationality and lingo if not by race. This name Ybarbo is perpetuated here by honest descendants who live here now, and by the name of a large grant of land in the southeastern part of the county.

The same can be said of the name Flores, which was associated with the name and career of Ybarbo, in honor as well as history.

The names Montes, Gonzales, Chirino, Pena, Cruz, Lazarin, Cordova, Ramos and many others, belong in this list, as upon the roll of honor. They have shouldered arms and fought side by side with Texans, where blood was shed in the cause of the land of liberty.

Mexican hospitality in this section is proverbial, and their generosity is limited only by their ability. Their intelligence is far above mediocre. Their religious devotion is divine. Catholicism needn't be ashamed of Mexican membership in good old East Texas. Americans might learn of them, and protestants might well ponder their merits. Old Nacogdoches is Mexicanized from birth. Our streets, our streams and our villages, as well as our population, bear the Spanish names of Mexicans. They are not only worthy, but they are pleasing in their lipid linguals. What is more musical than Lanana, Banita, Carrizo, Pontesuelos, Durazos, Loco, La Vega or Angelina and other such names.

Let us not class our own Mexican citizens with the Villista class. They are different. They are higher up. Esta mas arriba. (J. E. M.)

ANNOUNCEMENTS

All announcements fees must be accompanied with the order.

The Sentinel is authorized to announce the following candidates, subject to the action of the Democratic primaries:

For Associate Justice, Court Civil Appeals, 9th District, Place No. 1:
A. E. Davis.
Of San Augustine County.

SOLD BY

Reavis Clothing Co.

Next door to Cason, Monk & Co.

B. Y. Gibson, a prominent citizen of Tenaha, was a visitor to the city today.

Mrs. B. K. King, Robert King and Claude King of Douglass motored to the city today.

Mrs. Edgar Satterwhite and Miss Nina Satterwhite of Groveton were registered in the city yesterday afternoon.

Mrs. E. M. Roberts, who has been very ill for several days, is reported to be resting better today.

Capt. Doughtie of Nacogdoches spent Saturday with his daughter, Mrs. Coke Murphey, in the city.—Lufkin News.

Prof. O. J. Rushing of Center, conductor of the forthcoming teacher's normal to be held in this city, spent Sunday in the city with Prof. R. F. Davis.

Jesse Rushing, a worthy old time farmer, who lives two and a half miles this side of Douglass, on the old San Antonio road, was here today, Tuesday.

**Just received another car of Red Top Cane Seed, German Millet, Sudan Grass and Dwarf Early June Corn. See us before you buy.
20-3tw Branch & Goldsberry.**

Mr. Elbert E. Peck, a capitalist of Los Angeles, California, has been in the city today on a business mission. Mr. Peck has recently purchased a large tract of land containing five thousand acres in Angelina county.

Lamar Blount of San Augustine has been in the city a day or two visiting with his parents, Judge and Mrs. S. W. Blount, and other relatives and friends.

Judge H. Vail Fall, chief Justice and a grand old gentleman of Chireno, is in the city today. It will be remembered that Judge Fall suffered a serious illness some months ago, and at one time his friends despaired of his recovery, but he seems to be recovering his former vigor.

Mr. J. B. Sawtell of Waco, state commander of the Knights of Maccabees, is in the city today on a business mission connected with the order at this place. Mr. Sawtell is also grand junior warden of the Grand Commandery Knights Templar of Texas and a distinguished member of the Masonic fraternity.

DREW FIVE YEARS.

Yesterday the two "dago" boys, one about 13 and the other about 16 years of age, charged with the murder of their father near Chancey's Switch some time ago, were placed on trial in the District Court. The public is familiar with the story of the killing as it appeared in The News at the time, the boys shooting their father at night and burying his body in the woods, after which they left the country. It was not known what had become of the father until a part of his body was found uncovered in the sand.

The state was represented in the prosecution by District Attorney W. B. O'Quinn and County Attorney Sam R. Sayers and the defendants were represented by Attorney Sam H. Townsend. The jury returned a verdict assessing the punishment of the older boy at five years in the penitentiary and the younger brother was acquitted.—Lufkin News.

Hon. S. B. Cooper, Jr., of Beaumont, is a business visitor to the city today.

Mr. Sam Hayter, a prominent business man of Nacogdoches, was in the city yesterday afternoon. He says that this country should get busy with the building of a good road to the river; that a large force of men and teams are now employed on the Nacogdoches side placing the road in good shape. He made the trip in a car.—Lufkin News.

Mr. N. G. Roberts, a well known traveling man of the city, has a picture of Paris, the beautiful North Texas City before the fire and another taken just after the great conflagration, and the contrast makes a most interesting, yet sad, exhibit.

Lonnie Stone, who has been so critically ill with typhoid fever for some days, is still very low, but the affliction in his arm seems to be giving away, which gives hope that he will yet rally and survive the ravages of the malady with which he has been suffering.

Mr. Chas. Perkins and son spent Saturday in Dallas where Mr. Perkins purchased for himself a fine Stearns-Knight automobile. He also secured the agency for these cars in this section. Mr. Perkins had intended returning in his new car, but the rain prevented and he had it

BASEBALL FRIDAY.

The baseball boys of Rusk Academy will come to Nacogdoches and play the boys of Nacogdoches High School Friday afternoon, and a most interesting game is expected.

Your family have been pleading with you for years—why not make that appointment today? Sitting for a portrait is a matter of minutes only—the same efficient methods you demand in your business are observed in ours.

"Your friends can buy anything you can give them—except your photograph."

THE NEW STUDIO.

EASTER EGG HUNT.

The Main Street Presbyterian Church invites every child in the Sunday School, in fact every child of Presbyterian family, to be present at the Church Saturday afternoon at 4 o'clock to enjoy the Easter egg hunt. We have plenty of eggs—30 dozen. Come.

**F. A. BEALL, Supt.
M. C. JOHNSON, Pastor.**

BERNARD AND MITCHELL WRESTLE TO A DRAW

During all the history of Texas there has always been some one individual citizen of the state, who, for his long residence, for his distinguished service, for his ripened and seasoned wisdom, for his broad and liberal views, his unswerving loyalty to the principles of right and truth, who is known and designated by the people as the "Grand Old Man."

Those who witnessed the Texas is not without such a citizen today and we feel sure that when these lines are read, but one name will suggest itself to the mind of the reader, that of Colonel Robert T. Milner of Henderson. We have no greater man than he, none more honorable to solve the problems of state and prescribe the remedy, an honest remedy, for existing evils.

Texas needs the services of Colonel Milner. His experience is too great, his wisdom too broad for it to be denied the people of the state.

The Eagle does not know whether or not Col. Milner would accept any office within the gift of the people, but we do know that Texas needs him.

While he would grace any position within the gift of the people, the Eagle would be glad to see him elected as congressman at large. He would add dignity to the Texas delegation, would save the state from the ridicule it has undergone during the present session, bring Texas to the forefront in the great sisterhood of states and at the same time it would be a fitting climax to the public career of this "Grand Old Man."—Bryan Eagle.

INTERSCHOLASTIC MEET.

The district contest of the Interscholastic League, under the auspices of the University of Texas, will meet at Timpson Saturday, April 22, with a most interesting program of intellectual and athletic features, and will doubtless be attended by a very large crowd of people from the different schools of the district.

The exercises will be begun at 9:30 in the morning.

A number of prizes and trophies will be given to the winners which includes a silver cup in tennis from Nacogdoches.

Mrs. J. D. Ellington is spending the week with her parents at Patroon.

For Men Only

WE have just received our Spring line of Men's Clothing, consisting of the newest Spring patterns in suits, and the very best line of Pants to be bought. Come in and see them.

Remember our Grand Spring Opening is Still On and Lasts Until Easter.

We have reduced prices in every department of our store. Come and see
