## COUNTY-WIDE ROADS CAMPAIGN LAUNCHED

MASS MEETING AT APPELBY RECOMMEND \$400,000. BOND ISSUE; ORGANIZE FOR WORK.

From Wednesday's Daily.

As per previous announcement, a goodly number of citizens of Nacogdoches county met in mass meeting at Appleby yesterday for the purpose of launching a good roads campaign for the county along such lines as would be deemed wise.

The meeting was called to order by Temporary Chairman C. R. Langston of Garrison who stated the object of the meeting, after which it was elected that permanent organization be gone into in the name of the "Nacogdoches County-wide Roads Association." C. R. Langston was elected permanent president; Harry Fall of Chireno, secretary; H. T. Mast of this city, treasurer.

Mr. Mast made a report of the findings of the county committee which has been working on the proposition the past several weeks, going into detail which included the report of the visit of the good roads expert and his recommendations in favor of a bond issue. R. W. Tillery moved that the report be received. Receiving the report carried with it the adoption or rejection of a bond issue of \$400,000.00 and precipitated considerable discussion in which Hon. Moss Adams made a strong address in favor of the fifteen cent tax while Prof. Day of Garrison spoke in favor of the bond issue. There were talks by others, and a vote was finally taken which resulted in

### WEDDING EAST OF ATTOYAC.

From Wednesday's Daily.

Mr. Hosey Y'Barbo and Miss Bennie Mora were married at the home of the bride's parents, Mr. Mora, Thursday at 9:30 o'clock, Esq. Chas. Walker officiating.

The bride is a native of the community, belonging to one of our best families, and has many friends whose good wishes go out to her in her new relationship.—Mr. Y'Barbo is also an old settler of the community of Ewitt but has been making his home at Dal-

las several years. He, too, has many friends in the community of Swift who are extending him hands of congratulation.

Mr. Mora has purchased a Buic car and will leave with his bride for a visit to Houston, Dallas Durant and other places where he will see some of the fast athletic games played. He is a graduate of the State Normal.

twenty-seven for the bond issue and twenty-one for the tax.

A motion by R. C. Monk of this city prevailed that all details of the campaign, preparation of petition, etc., be left to the committee which has been handling the matter, and that the services of the same committee be retained for this work.

Pursuant to the instructions of the mass meeting, we assume that the committee will get busy at once in the preparation of a petition asking the commissioners court to call an election to vote on the levy of a \$4000,000.00 bond issue, and that after the election has been called, will inaugurate a campaign of education in the interest of the issue.

### U. S. IS WAITING ON CARRANZA

WASHINGTON, July 11.—General Carranza has been notified that negotiations for the settlement of the border difficulties need not await the return of Secretary Lansing from his vacation.

It is expected here that Carranza will propose a formal conference rather than informal conversations between Ambassador Arredondo and the state department. American officials will accede to any plan that assures quick action.

War department officials had no reports upon, and discount rumors of a revolt in the Carranza garrison at Chihuahua City. The Mexican embassy issued a formal denial of the report.

Reports credited to American refugees that two American sailors were killed recently at Tampico when their launch was fired upon by Carranza soldiers were denied by the state and navy departments. Officials said the story was based upon an incident at Tampico June 25 or 26 when Carranza soldiers fired upon a privately-owned American tug and no one was hurt.

Acting Secretary Polk attended the cabinet meeting today and reported on the informal conversations he had with Mr. Arredondo.

### AMATEUR YEGGMEN MAKE BOLD ATTEMPT

Some party or parties attempted to crack the iron safe at the Southern Pacific depot Sunday night.

The matter has not been mentioned sooner for the reason that the offi-

cers have been pursuing an investigation.

The lever or handle with which the lock is thrown on was prized off, and some damage done to the dial, but there is no evidence that any attempt was made to use glycerine or any explosive, and it is thought to have been the work of amateurs.

### A GOOD FRIEND.

A good friend stands by you when in need. Nacogdoches people tell how Doan's Kidney Pills have stood the test. Mr. Wood endorsed Doan's over eleven years ago and again confirms the story. Could you ask for more convincing testimony?

W. H. Wood, farmer, North St., Nacogdoches, says: "I was troubled by a constant, dull ache across the small of my back. The kidney secretions were scanty and too frequent in passage. Doan's Kidney Pills certainly did me a lot of good." (Statement given April 7, 1905.)

On June 4, 1915, Mr. Wood said: "I take Doan's Kidney Pills occasionally as a preventive and I have little trouble from my kidneys."

### BOY SCOUTS HOME.

The Boy Scouts, with their masters arrived home yesterday from their annual encampment, and while they are glad to get home, they had a great trip and return much in love with the noble society to which they belong.

Save for the unfortunate accident which happened to Eugene Thomas the boys enjoyed good health, and nothing happened to mar the pleasure of the trip.

### DEATH AT RUSK.

The child of Mr. and Mrs. W. E. Fezell died at the home of its parents in Rusk yesterday, and its remains will be laid to rest in the cemetery at Alto today.

Messrs. Frank, Fred and Dallas Fezell of this city went over to Alto to attend the funeral.

Friends of the family in this city will deeply sympathize with the bereaved parents in the loss of their little treasure.

Mr. and Mrs. Josh Ivey are entertaining a fine girl, born on National Independence Day, July 4.

The Sentinel makes a motion that the Mexican "mess" be now turned over to Mutt and Jeff of the funny papers.

Longview has adopted a curfew ordinance and the "kids" have to hunt the parental roof at nine o'clock each night.

About three million punctured cotton squares were delivered in Tyler Saturday. Let Nacogdoches farmers go them one better next Saturday.

The Tyler Courier-Times reports a "colored Billy Sunday" holding a meeting in Tyler. The reverend gentleman has many imitators, both white and colored.

A number of East Texas counties are campaigning for good roads. Political campaigns cannot compete with campaigns for pikes. East Texas is coming along.—Fort Worth Telegram.

"Silk hose and few clothes" have been condemned by the National Education Association in session at New York. We hasten with the supplemental information that "more clothes and better hose" are recommended.

A headline in the Lufkin Daily News yesterday announces that progressive little city will pull off a "Picnic and Barbecue in Lufkin, July 14th." Either one would be a good drawing card, and with both at once we are impressed that our neighbor is not going to do anything by "halves." We are Lufkin bound.

When those Rusk baseball boys get back home they should be confined in the place for which that town is noted. What they did to the Nacogdoches boys was a plenty and some to spare. They are bully, congenial fellows, all right, and Nacogdoches people have learned to like them in everything except in the unmerciful way in which they walloped us on baseball.

The citizens of Nacogdoches have adopted the Tyler plan of getting rid of the boll weevils, and the merchants have raised a fund to be paid out to farmers bringing in the largest number of weevils. About five hundred dollars has been raised for that purpose. If every other county in East Texas will adopt the Tyler plan, many thousands of bales of cotton will be saved.—Tyler Courier-Times.

The people of Shelbyville are excited over the prospect of bringing in an oil well. Drilling is in progress, and many people visit the scene each day. The electric lights on the derrick, which towers above the city can be seen quite a distance. The big engine is running steadily and the people of Shelbyville are confident oil is there in abundance. The Times wish the people of that section success and trust they will bring in a big gusher.—Timpson Times.

The News has had to answer repeated inquiries as to who has been responsible for the sending up of toy balloons for the past few nights. In some instances parties have become imbued with the idea that airships were passing over en route to the Mexican border, but theory has been exploded, and the phenomenon has been attributed to the Fourth of July Patriotism. Take a seat on your front porch tonight and train your optics on the heavens.—Lufkin News.

Nacogdoches county is preparing for a bond issue for the purpose of building good roads. That splendid county already has roads that if they were in San Augustine county would be classed as model roads, but our sister county is not satisfied and we glory in her progressiveness, and believe she will have no trouble in carrying issue, as people who have tried good roads awhile are ready to vote for something still better. Let everybody make up their minds that its only a matter of time until the same progressive spirit will possess the citizens of this county.—San Augustine Tribune.

The Nacogdoches Sentinel says that "silk hose and few clothes" have been condemned by the National Board of Education in New York City. Be that as it may, factories are still turning out the silk variety of hose, and the women and young women of the country are wearing them after the manner born. The Sentinel also adds that would be the proper thing to do would be to "wear more clothes and better hose." If the Sentinel knows what it is talking about, all right; The News editor has no comment to make on such a subject. Let the women wear what they will. Who can stop them?—Lufkin News.

## CAN GET PLENTY MONEY.

At the recent meeting of the committee appointed to launch a campaign for good roads in the county, there was considerable discussion as to whether or not bonds in a sufficient amount could be voted, and the matter was put up to the attorney general, both as to the amount of bonds and the amount of tax we would be allowed to levy. In answer he says: "May issue such amount of bonds for road purposes under Articles six, ten, twenty-two, forty-two Revised Statutes as a tax of fifteen cents on the one hundred dollars valuation of property will authorize, including other debts for road and bridge purposes. If county acts under Chapter two, title eighteen, it may issue bonds to the extent of one-fourth assessed valuation of real property according to tax rolls last approved."

We have "real property" assessment of about five million dollars which would allow us to issue bonds up to about one and a quarter million dollars if we desired, and this settles the question as to the matter of being able to get four hundred thousand dollars if we see fit to elect this amount. These matters will all be threshed out at the citizens mass meeting to be held at the Weatherly Creek, near Appleby, next Tuesday afternoon and every citizen in the county who is interested in the matter should make an effort to be present.

## PROSPERITY FOLLOWS GOOD ROADS

We desire to say to our good and esteemed friend, Mr. W. M. Vise, that we still cling to the old doctrine of avoiding debts, mortgages for supplies and shipshod policy of raising cotton to the exclusion of producing home necessities. Indeed, we think individual debts for things that we can do without are dangerous, and often lead to bankruptcy. But the farmers need good roads, and the only way they can get them will be through the bond issue. We believe that good roads will lead to a better and more lucrative agriculture. Resources of wealth now unknown to us will be developed, just as they have been in other places. All around Clemson College in South Carolina good roads exist. In September, 1914, a creamery was established there by the farmers. At first they had 25 cows that furnished 509 pounds of butter fat. Cream routes were established, each one ringing in more patrons, until in August, 1915, after only one year's work 227 farmers were sending in cream from 833 cows. The total amount of butter fat delivered to the creamery that month was 14,815 pounds, for which the farmers received \$3,851.97, an average of approximately \$17 each. These facts are taken from "The Weekly News Letter," published by the United States Department of Agriculture. A few weeks ago we gave an instance of this kind which the good roads brought around Abilene. The other day a gentleman from Marshall informed us that the good roads of that town had led to the establishment of cream routes leading to that city, thus establishing a market right at the farmer's door for all the cream that he can produce. Motor trucks follow right after good roads, and daily stop at the farmer's gate, demanding not only the cream for dairies, but poultry, eggs, fruits, and such other products which the farmer can produce on his land. In California good roads have reduced the freight on railroads 50 per cent, and in all countries where good roads exist the farmers are more prosperous than they are in countries that have bad roads. Not only the farmers who own land are more prosperous, but the advantages of paying for land are far better in those countries. In the state of Iowa where land is worth from \$150 to \$200 per acre the per cent of tenants is less than it is in East Texas. Good roads penetrate every portion of that State. And automobiles of that state are owned by farmers.—Col. Milner in Rusk County News.

As some people do not seem to understand how to vote or distinguish the candidates for the positions on the Ninth Court of Civil Appeals, the Sentinel has been advised by friends to make an explanation of the matter for the benefit of those who may not understand, which we do in the following. Judges John N. Conley and L. B. Hightower are candidates for the position of chief justice, with Judge Conley as the present incumbent. Judges V. E. Middlebrook and A. E. Davis are candidates for Associate Justice, place No. 1, and a scratch of one of these names is a vote for the other. Judges A. G. Brooke and H. B. Short are candidates for place No. 2, and are therefore opponents of each other. The idea to get in mind is that there are three offices with two candidates for each place.

## COMPULSORY ATTENDANCE IN SCHOOLS.

The increasing acceptance of the idea of compulsory attendance in schools is one of the most gratifying signs of progress in the South at this time.

The South is today about the only considerable portion of the civilized earth in which it is thought fit and proper for a careless and ignorant parent to bind his children for life in the bonds of ignorance, blind them for life in the struggle for existence; and this fact is a blot upon our boasted civilization, a blot we should like to enlist every man, woman and child in our Progressive Farmer family in helping wipe out.

The argument of "personal liberty," the "rights of the parent," etc., which have been so long invoked in this matter cannot stand the light of reason. What about the "rights of the child" and his own God-given right to "liberty" of mind through the emancipating power of knowledge? And as for the parent, we may well say in the language of the great philosopher Huxley: "I have liberty to do right; I will, thank any man to take away my right to do wrong," and it should be taken away from every careless parent in the South, as it has already been taken away from such parents nearly everywhere else outside of heathendom.—The Progressive Farmer

## WOMEN'S FEAR OF TELEGRAMS.

But the old-time fear of the telegram has not been altogether overcome by the night letter. Only this month, when the nation-wide use of the night letter was suggested in connection with the celebration of Mother's Day on May 14, by which sons and daughters could send words of cheer to the "Old Folks at Home," it was suggested that the mothers would receive a fear along with the telegram which would counteract the words of cheer they would read when they opened it. It was first suggested that special envelopes be used which would bear the words "This is a Mother's Day Telegram." This was discarded because it was too expensive. Special Mother's Day Blanks were furnished, and the rest of the problem was solved by instructing all messenger boys delivering such messages to say to the recipient, "Madam, this is a Mother's Day message." Telegraph officials hope even this precaution will not be necessary in a year or two.

Telegraph officials believe that the business and social possibilities of the telegraph have only been tapped. They believe there will be more new uses and greater applications of the service. As the night letter was inaugurated in 1910 to supply a use for facilities at night, the day letter was started to use the "valleys" in the service facilities. There are "peaks" in the business at 10 o'clock in the morning, at noon, and at the closing hour of business around 4:30 o'clock. Between the "peaks" are "valleys." The day letter of fifty words is sent during the "valley" period of business that follows the regular business messages. The charge is one-and-a-half times that of the night letter.

The night message is sent ahead of the night letter and behind the regular message. It is charged at the ten-word rate, as a regular message is, only at about two-thirds of the rate of the regular message.—New York Times.

## LUFKIN IS AFTER US.

A mass meeting of citizens has been called for next Tuesday afternoon to devise ways and means to get Nacogdoches' "goat" in the forthcoming baseball meet, and Nacogdoches fans would do well to look to their laurels and do a little "preparedness" on their own account.

The following call for the meeting appeared in yesterday's issue of the Lufkin Daily News:

"The News is hereby authorized to call a meeting for next Tuesday afternoon at 5 o'clock of the citizens of Lufkin, the meeting to be designated as a 'boosters' meeting."

"The intent of the gathering will be to add further stamina to the Lufkin baseball team, which is scheduled for a series of three games with the Nacogdoches club, beginning on Thursday of next week. At this proposed meeting it is earnestly hoped that every loyal baseball fan will be present, for it is the desire of the management to further solicit and be accorded the united support of this community when these match games come about. So far, the Lufkin team is in the lead and to have Nacogdoches swoop down upon us and walk away with the spoils is more than the Lufkin bunch could possibly stand for at the present time.

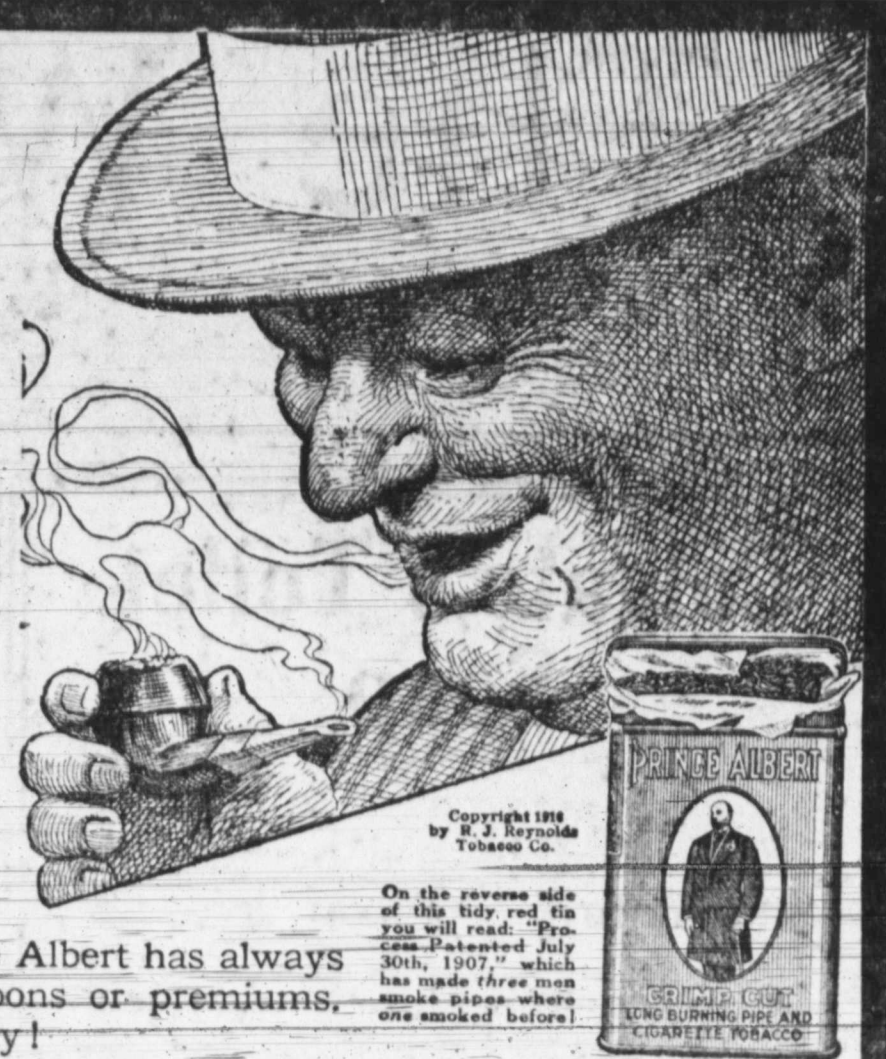

"Whatever business duties lay claim upon you, toss everything aside long enough to attend this important 'boosters' meeting on the evening of Thursday, July 13. Your presence is desired."

"The meeting will be held in the Progressive League rooms."

## Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch!—Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

# PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidior with sponge-moistener top that keeps the tobacco as such clearer trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

## TRIBUTE TO THE EVANGELISTS.

The Hamilton Record pays the following pretty tribute to the service rendered by Dr. Crayton S. Brooks and Prof. Malcolm R. Simonds, who closed a protracted meeting in that city last week and are now engaged with a campaign in this city:

"The great revival which has been in progress at the Christian tabernacle during the past five weeks closes tonight with a baptismal service at sundown, and a reception to the new members of the Central Christian church following. This service too, will give opportunity to the hundreds of friends of Evangelist Brooks and Mrs. Brooks to bid them good bye and Godspeed as they go on to Nacogdoches where Dr. Brooks will begin a revival on Saturday night.

"Dr. Crayton S. Brooks and Prof. Malcolm R. Simonds, song evangelist, are a gospel team of unusual power, and their work resulted in a great blessing to the community at large as well as in greatly strengthening the membership of the Central Christian church by bringing many souls into His kingdom and causing others to renew their covenant with the Lord.

"There has been a great religious awakening among men in Hamilton through the preaching of this powerful man of God and through his strong and virile influence for good. He is one of the preachers truly ordained of God to speed the work in bringing every knee to bow in acknowledgment of Christ the Lord. Mr. Simonds is a young gospel singer of note and it was indeed a privilege and pleasure to listen night after night to his wonderful voice as he sang always for the glory of the Master and the building up of His Kingdom.

"Up to date there have been forty additions to the church, some thirty by confession and baptism, and the others by letters and reclamation.

"Dr. and Mrs. Brooks and Prof. Simonds have made as many friends in Hamilton and have won the love and highest respect of everybody with whom they have been associated, so that it is with keenest regret that we see them go on their way. However, it is the universal hope and prayer that the evangelists may be enabled to bring the great blessings to other towns that they have brought to Hamilton."

## CONGRESSMEN REMAIN ON JOB.

Washington, July 9.—Democrats in congress are uniting their forces to compel early action on the army and navy appropriation bills, the revenue measure and the government shipping bill, which are the most important legislative measures remaining on the administration program.

The national defense appropriations are certain to meet stubborn resistance in the conference, while the shipping bill will encounter persistent republican opposition in the senate. These prospects have upset adjournment predictions and administration leaders are resigned to remain here, if necessary, until fall, despite their eagerness to participate in the national political campaigns.

The shipping bill was amended in order to satisfy revolting democrats, and notice has been served on the republicans that their challenge of a filibuster had been accepted.

The senate will begin work on the navy bill this week as soon as the agricultural appropriation bill is passed.

The administration's revenue bill designed to produce \$197,000,000 next year from an increased surtax on incomes and taxes on inheritances and on profits of war munitions plants, amended in minor details, is to be passed by the house late tomorrow.

With the advance of the national political campaign, amendments to the so-called corrupt practices law are in contemplations in both houses. The Owen bill, reported from the senate elections committee, and the Rucker bill, reported from the house elections committee, propose to restrict the aggregate expenditures of candidates for United States senator to \$5000 each and for representatives in congress to half that amount. They prescribe that a presidential and vice presidential candidate shall expend not exceeding \$50,000 and \$25,000, respectively.

Hon. C. A. Ricks of Huntington has been spending the day in the city in the interest of his race for congress. Mr. Ricks expresses himself optimistically over the outlook for his successful agricultural appropriation bill is passed.

### UNITED STATES AGREES TO MEXICAN PROPOSAL

Differences Between Two Nations Will Be Settled by Direct Negotiations, It is Announced.

Washington, July 6.—Formal acceptance of General Carranza's proposal that differences between the United States and the de facto government of Mexico be settled by direct negotiations will be dispatched soon to Mexico City. This was decided by President Wilson today at a conference with Secretary Lansing.

The Mexican note delivered yesterday said the de facto government accepted in principle Latin American offers of mediation, but was awaiting information as to whether the United States believed the desired results could be obtained by direct negotiations between the two countries.

Secretary Lansing will leave tomorrow for a month's vacation. It was not stated if he would prepare the note to Mexico before his departure, but indications are it will go forward within a day or two at most.

### Will Keep in Touch.

The secretary will be in direct touch by telegraph and telephone with the White House and state department during his absence, but informal conversations with Eliseo Arredondo, Mexican ambassador-designate, which it is hoped will develop a solution of the difficulties along the Mexican border, will be conducted by Counsellor Polk, acting as secretary.

While General Carranza's amicable rejoinder to the last two American notes has greatly eased tension, no official was willing today to predict the final outcome of the negotiations which are foreshadowed. It was made plain, however, that no change in policy was now contemplated by the Washington government and that immediate withdrawal of General Pershing's expeditionary forces from Mexico will not be an acceptable basis for whatever plan of co-operative action along the border is worked out.

### American Position.

Washington officials take the position that only the preliminary step has been taken by General Carranza toward the friendly adjustment he now appears to desire. Demonstration of his ability to carry out the promises expressed and implied in his note is still lacking. President Wilson, it is pointed out, has been ready to withdraw American forces from Mexico at any time the de facto government would express the intention and show the ability to furnish adequate military protection for the border.

The efficiency of Mexican police measures may be put soon to a severe test, according to rumors transmitted from the border today to the state department. These state that Francisco Villa had just recovered from his wounds and personally is leading a force northward from the region just south of Parral. Between the points where Villa is said to be operating and advanced camps of General Pershing's forces are considerable forces of Carranza troops.

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Colomel and does not grip or sicken. 25c everywhere. dw

### MANY PUNCTURED SQUARES BROUGHT IN SATURDAY

Much Interest Has Been Aroused in the Contest and the Farmers are Taking Hold in Earnest.

Many bales of cotton were averted to Nacogdoches county Saturday with the punctured cotton squares and boll weevils that were brought to town and destroyed. They were brought from all parts of the county in quantities ranging from a few ounces to one hundred pounds, and a prize was given to every sack brought in, with some prizes left.

Following is a list of the names and amounts brought in:

C. C. Whitaker	54,722
Nat Cisco	36,722
J. L. Hodges	16,975
Burt Pruet	8,629
A. N. Rasberry	8,238
R. S. Balch	8,801
Jeff Parrish	7,900
Luther Smith	7,982
R. H. Brown	6,814
Henry Heflin	6,243
I. D. Heflin	6,088
J. H. Hodges	6,170
W. M. Corley	5,080
J. W. Williams	4,358
J. M. Koonce	4,690
Ola Byrd	3,828
W. H. Kendrick	3,330
Bob Sullivan	3,640
Cora Byrd	2,593
M. Hill	2,398
Sam Risen	1,820
J. M. Spurgeon	1,458
G. W. Strahan	1,456
C. J. Durham	1,224
H. N. Kelley	1,220
Holly Anderson	966
W. R. Cox	606

The first prize of \$5.00, each, was awarded to Messrs. Whitaker, Cisco and Hodges; the second \$4.50 to Pruet, Resberry and Balch; third, \$4.00 to Parrish, Smith and Brown; 4th \$3.50 to Heflin, Heflin and Hodges; 5th, \$3.00 to Corley, Williams and Koonce; 6th, \$2.50, to Byrd, Kendrick and Sullivan; 7th, \$2.00 to Byrd, Hill and Risen; 8th, \$1.50 to Spurgeon, Strahan and Durham; 9th, \$1.00 to Kelley, Anderson and Cox. In the latter prizes of \$1.00 each seventeen remained in the treasury for the want of takers.

A quarter of a pound of each sack was weighed and counted and the estimate calculated for the individual sack.

All seemed highly pleased with the manner in which the contest was handled and promised to return with a much larger installment next Saturday.

The advertising matter did not get out in time to give the contestants a good show this week, some bringing in only one day's picking, while none brought more than three days' picking. There will also be many new recruits next week as the plan will be generally understood over the county in time for the farmers of all sections to participate.

In the list of those who participated there were farmers present from several sections of the county.

The squares brought in Saturday were sacked up and put away until Saturday of this week when the whole will be fed to a bon fire with appropriate funeral exercises.

### Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist; "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets. dw

Hon. S. W. Blount, a prominent attorney of Nacogdoches, was in the city Sunday and Monday visiting his son, Lamar Blount, and attending District Court. Mr. Blount resided in San Augustine for about 44 years, he informed a Tribune reporter, and is always glad to return to his native county to shake hands with his many friends—those old-time friends of boyhood days that are so sacred to us all.—San Augustine Tribune.

### STATE MEETING OF THE FARMERS UNION

Fort Worth, Texas—H. N. Pope, President of the Farmers' Educational and Co-operative Union of Texas, today issued the following call for the Fourteenth Annual Convention of that organization to convene in Houston 8-9-10.

"The Fourteenth Annual Convention of the Farmers' Educational and Co-operative Union of Texas is hereby called to convene at Houston, Texas, August 8-9-10 1916 at the Beach Auditorium at 10 a. m., and will continue its session until the business of the convention is completed. The District Unions are also invited to convene at Houston at the same time, to give official consideration to such matters as they desire to bring before the State convention, and to otherwise give their co-operation and assistance in promoting the interests of the farmers of Texas through the Union.

"Each county organization is entitled to one delegate at large and one additional delegate for every one thousand membership, or majority fraction thereof. The county organizations are also entitled to three advisory delegates. We should have at least two thousand delegates in attendance.

"A full representation from all county and district unions is urged, as there are matters of great importance under consideration, and the cooperation which the farmers are receiving from the national and state government in the solution of this problem which has received paramount attention of the union since its organization, is most gratifying. We are now nearing the consummation of the hope we have clung to during the darkest hours of agriculture, and capable and united effort on the part of the Union will go far towards the successful handling of the present cotton crop.

"The following State officers will be elected: President, Vice President, Secretary-Treasurer, General Organizer, Chaplain, Conductor, Door-keeper, and five members of the Executive Committee.

"The official deliberations of the Union are executive, but open sessions will be held in which everybody is invited to attend, and capable speakers will discuss the agricultural problems of the day."

### Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyrke, Lima, Ohio. "I could eat very little food that agreed with me and I became dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere. dw

Mr. and Mrs. D. K. Cason and daughter, Miss Emily, have returned from a very pleasant three weeks visit to relatives and friends in Missouri, Tennessee and Mississippi. At St. Louis they visited with Mr. Cason's mother and sister, and was present with the old lady while she was passing her eighty-seventh birthday. After leaving this place they visited Mr. Cason's old home at Henderson, Tennessee, where they spent two or three days very pleasantly. From Henderson they visited several other places going on to Natchez, Mississippi, where they visited with Mrs. Cason's mother and other relatives and friends for a few days. At this place they were caught in the tropical storm which came inland from the gulf a few days ago, but the damage was chiefly to the growing crops. During the course of the visit they had a happy re-union with many relatives and old friends, and return home much refreshed for the outing.

### MR. DAY ADDRESSES NORMAL

We had Prof. T. R. Day with us at the chapel exercises this morning, who gave us a splendid talk on South America, introducing the subject with a few remarks on the importance of the fundamentals of education, giving particular attention to the importance of foreign languages. Especially should the schools of Texas give more attention to Spanish language by reason of our more immediate contact with Mexico and the Spanish-American countries.

In speaking of his personal relations with Brazil, where he has been making headquarters the past two years, Mr. Day says that practically all the Geography he had ever read of the country before visiting it he found incorrect. The constitution of Brazil, he says, is almost a complete pattern of that of the United States; the republic has a president who lives at Rio, who presides over twenty-one states, over each of which there is a state president who occupies an office similar to that of our governors.

In giving a description of the country, Mr. Day says that you approach the country through the harbor of Rio, one of the finest harbors of the world. The city may be seen with a bird's eye view from the harbor, and is one of the most beautiful cities he ever saw. The country is mostly broken with hills, but the lands, particularly the valleys, are very fertile, and the country is well watered with mountain streams of pure water. The climate is balmy and very healthful. The snakes and wild animals of which we read in Geography have all disappeared except for a section up in the Amazon valley. The products consist of many kinds of valuable hardwoods, cocoa, coffee and cattle, coffee being the most and all-important produce of the republic.

Prior to 1870 slaves were owned and worked similar to the method employed in the United States, and many toppling old mansions are evidences

of the inability of the people to take hold of the situation and adjust themselves to the new conditions as did our forefathers.

Mr. Day exhibited quite a number of products and curios he brought home with him, among which were hides of cats of various kinds, cocoa pod, sack of coffee, a stuffed crocodile, various Brazilian coins, a number of kodak pictures of Brazilian scenes, copies of the Brazilian patriotic hymn, Brazilian cotton, and many other things which were very interesting.

In speaking of the future of the country, Mr. Day is very optimistic, believing that it is now awakening from the slumbers of the past and will go forward in industrial development, and offering great opportunities to intelligent Americans. He is in the employ of a big railroad company owned by an English syndicate, and is purchasing farm machinery, cotton gins, etc., while here with which to inaugurate a new system of agriculture in that country. He will return to Brazil within the next few weeks.

# Wealth and Prosperity or Poverty and Ruin

## THE BATTLE WILL BE DECIDED IN 30 DAYS

### WANTED--5000 Men, Boys and Girls to Fight the Boll Weevil

ONE HUNDRED DOLLARS in CASH PRIZES GIVEN AWAY every Saturday in Nacogdoches, beginning SATURDAY, JULY 8th, and continuing until SATURDAY, JULY 29th. THE BOLL WEEVIL BATTLE WILL BE DECIDED BY AUGUST 1st, 1916.

Wealth and prosperity or poverty and ruin hinges on the battle. Which will you take? Boll weevils can be exterminated by picking up and destroying punctured squares and continued cultivation. The business men of Nacogdoches through the Business Men's Club offers the opportunity to every man, woman, and child, white or black to secure substantial weekly cash prizes. When you get a prize, you are assured that the saving to your cotton is many times more valuable to you and your family than the prize itself.

### The Plan

Pick up the punctured squares and bring them to the Secretary of the Business Men's Club, basement of the Court House before 2 o'clock p. m. each Saturday and he will record the number, which will be open to inspection. The prizes will be awarded in front of the Court House at 3:30 o'clock p. m. on each Saturday and will be as follows:

\$5.00 will be given to each of the three persons bringing in the largest number of punctured squares.

\$4.50 will be given to each of the three persons bringing in the second largest number of punctured squares.

\$4.00 will be given to each of the three persons bringing in the third largest number of punctured squares.

\$3.50 will be given to each of the three persons bringing in the fourth largest number of punctured squares.

\$3.00 will be given to each of the three persons bringing in the fifth largest number of punctured squares.

\$2.50 will be given to each of the three persons bringing in the sixth largest number of punctured squares.

\$2.00 will be given to each of the three persons bringing in the seventh largest number of punctured squares.

\$1.50 will be given to each of the three persons bringing in the eighth largest number of punctured squares.

\$1.00 will be given to each of 22 persons bringing in the next largest number of punctured squares.

### Grand Prize, \$25

In addition to the above weekly prizes a grand prize of \$25.00 will be awarded to the person having the greatest number of punctured squares after the entire four weeks covered by above contests, and which will be awarded on July 29, the last day of the contest.

#### "POT SHOTS" EXCHANGED

Yesterday at Nacogdoches the Lufkin baseball team defeated the Nacogdoches boys by a score of 11 to 5. While this was confidently expected by all Lufkin fans, still it is possible it was not quite clear to some of our neighbors just how it all happened.

There is no occasion, however, for the Nacogdoches club to become discouraged, for the Lufkin squad is sweeping everything before it, when it comes to toying with the ball and bat.

Cheer up and do the best you can, is our advice to the hapless Nacogdoches ball team.—Lufkin News.

We "cheered up" all right, friend, and "walloped" your saucy squad yesterday afternoon. Another dose of the same will be administered this afternoon, after which we will invade the very precincts of the Lonely Lufkin town and finish the job. "He who laughs last, laughs best." The misunderstanding is not all ours, as you will see—neither do we hear all the discouragement. "The goose hangs high—pin your faith to 'Doches."

One man carried to Nacogdoches last Saturday over 54,000 punctured cotton squares. Other farmers brought in many thousand more, in competition for prizes offered by the merchants. If farmers all over the State would do this, many bales of cotton would be saved to the growers which are now being sacrificed to the boll weevils.—Lufkin News.

While denouncing usury, don't ever forget that 10 per cent ordinary usury is not to be compared with 70 per cent "time prices" usury. We should not only resolve to fight for legitimate reforms to end this system, but we should resolutely determine to wear rags one season if necessary in order to escape such legalized robbery. A good all-the-year-round garden, a big potato patch, and plenty of feed and pasture crops for hogs and cattle, constitute the best insurance against this extortion.—The Progressive Farmer.

R. E. Mims of Nacogdoches arrived in the city last week with two horses which he will begin training for the races at the East Texas fair this fall.—Timpson Times.

#### BLUE RIDGE, N. C.

Blue Ridge, North Carolina, is getting to be a sort of summer college. In the lap of the Blue Ridge, looking off north across the Swannea river to the craggy mountains, beyond which barely hidden, looms Mount Mitchell.

Robert E. Lee Hall invites each year young people of the South to high studies. In the place of economies there is a missionary survey, at home and abroad; Bible study, not mathematics. Christian service rather than law or medicine take the foreground. First came some five hundred young college women, followed by a like number of college men. Then comes the Missionary education movement and various institutes for Y. M. C. A. secretaries. A school of social service is in session throughout August.

The advantages of the estate of one thousand acres of the Blue Ridge Association will be available to the general public at reasonable expense during the "open season," beginning June 27th. Conference and institutes programs continue up until September 1st, and are open at a nominal fee to guests on the grounds. Six hundred guests can be easily accommodated at Lee Hall and in the twenty-six cottages and tents on the grounds. The entire number can be easily served in the large dining room. Every convenience of the modern hotel and exceptional recreational opportunities make this an ideal place for vacations for family and other parties. Swimming, hikes, tennis, baseball and volley ball challenge those athletically inclined, while the library, the story hour for children and "grown-ups," and the social and musical evenings offer restful diversion.

It was the conference of men students held June 16-25 that I attended and now write. All colleges south of the Ohio, from the Virginia and Carolinas west to Texas and Arkansas, were invited to participate. From this territory came five hundred students representing one hundred and ten institutions. The primary object of the conference is to fit men for religious leadership in the institutions which they attend. To this all the studies and addresses are directed. Attention is also given to the claims of various forms of human service on young men going out from college. The opportunity for christian service in the home land is not overlooked. Every evening there is a series presentation by such men as John R. Mott and Sherwood Eddy on various phases of the work.

The Blue Ridge Student Conference

entertained this year twenty foreign students representing the following countries: China, Japan, Korea, Armenia, Brazil, Cuba and Mexico. Of the charms of the Blue Ridge in summer time it is hard to speak without extravagance. Over the beautiful valley that lies beneath one's eyes at the front of the Lee Hotel plays entrancing combinations of light and shadow, of cloud and sunlight. The mountains wrap themselves in mist, crown their heads in vapor, smile in green or purple, or dissolve in downpours of rain. The wild grapevines fill the canyons with odors of paradise, and the tinkling mountain waters are like songs of the sirens.

BRYAN BURKE.

#### FROM G. W. STONE.

NACOGDOCHES, Texas, July 12, 1916.—To the voters of Justice Precinct No. 1:

For the past 110 days I have been kept by the bedside of my son, who has been a sufferer from typhoid fever and its complications, every day of this time. I have therefore been unable to solicit the support of the people in my candidacy for Constable of Precinct No. 1.

On account of my close confinement I was unable to get to town and see to having my name listed with the County Chairman until it was too late to be placed on the ticket.

I appeal to my friends and those who understand my unfortunate situation to write my name on the ticket on election day in order that I may not be deprived of the support I would have received had I been able to look after my interest.

Respectfully,  
G. W. STONE.

#### T. R.'S WAR OFFER TO BE ACCEPTED

New York, July 10.—Colonel Roosevelt has made formal application to the war department for permission to raise a division of volunteers for service in the event of war with Mexico. Secretary of War Newton D. Baker, is said to have informally approved the application and indicated that should war be declared a major general's commission will be tendered to Colonel Roosevelt.

Percy Blount has returned from a very pleasant visit to relatives at different points in Missouri. Returning he came by Hot Springs for a few days, and reports a most enjoyable outing.

#### LUFKIN WILL ENTERTAIN WITH BARBECUE JULY 14

All roads will lead to Lufkin July 14th when that enterprising little city will entertain with a "picnic and barbecue." A full report of the arrangements and date is contained in the following report which we take from yesterday's issue of the Lufkin Daily News:

"Arrangements are practically completed for the monster barbecue and picnic at Lufkin on Friday, July 14, and it is the desire of those in charge of the affair to make it an event of genuine pleasure to all who will attend as the guests of Lufkin on that day.

"As every reader of The News knows, Lufkin never does things in a small way and on this occasion it is expected to surpass all previous efforts at entertaining. It is proposed to barbecue at least three thousand pounds of meats, and in addition to this there will be the usual well filled baskets of all the good things to eat that the heart and the appetite possibly could desire, provided by the good ladies of Lufkin, who are so ever ready to lend their aid in an undertaking of this kind. An invitation is extended to the people of Angelina County to lay aside everything for that one day and come to Lufkin. People from other sections of the county are not expected or asked to contribute anything for the dinner, but they are asked to come to Lufkin and join with the good people here in a dinner that is expected to please the most fastidious.

"Prominent speakers of State-wide reputation will be invited to address the voters on that day, and a special effort will be made to secure the presence of Governor James E. Ferguson as chief speaker. The News feels that there is not a voter in the county who would not gladly come to Lufkin to hear the Governor of the great State make a speech, and if Governor Ferguson is not present it will not be the fault of the committee on speakers.

"The News would kindly ask its readers to bear in mind the date of this big undertaking, and also that the place will be in the beautiful shady grove near the compress, where the sheds of the same, as well as that of the cotton warehouse may be used to house the crowds in the event of rain.

W. G. King has been spending the day in the city, bringing down a load of passengers in his car this morning.

#### WILSON URGES FAIR DEALING

Detroit, July 10.—President Wilson aroused great enthusiasm at the World's Salesmanship congress today by urging that business men carry justice and fair dealing into the ports of the world, particularly those of Mexico, and thereby establish confidence in American principles. His efforts, he declared, will be to serve America by serving Mexico herself for her best interests without using force and not to serve the few "gentlemen" who wish to exploit Mexican possessions.

When the president asked the crowd what it desired at the end of all the world troubles it shouted "peace" in one voice and then he added that his wish was "permanent peace."

"I hear some men say," he said, "that they want to help Mexico, and the way they propose to help her is to overwhelm her with force. That is the wrong way as well as the long way.

**Would Shut Every Door.**  
"After fighting them you would have a nation full of justified suspicion. Thus you would not help them. You would shut every door against you."

"What makes Mexico suspicious is that she thinks we do not want to serve but to possess her. And she has justification for these suspicions in the way some gentlemen have sought to exploit her possessions.

"I will not serve these gentlemen, but I will serve all Americans by trying to serve Mexico herself."

"The way to establish our sovereignty is to respect hers."

The president added that he believed in the old Virginia bill of rights, which declared that a country may do as it pleases with its own government.

This information, the president said, was for those gentlemen who would "butt in."

The president declared that the merchant marine which some are "so slow in giving us will be a great help to the business interests of the United States.

**Must Adapt Goods.**  
In order to gain foreign business, however, he added, it will be necessary for American business men to adapt the goods to the demands of other countries and not try to force their own ideas on other markets. Salesmanship, he said, would go hand in hand with statesmanship after the close of the war.

No more patriotic nor enthusiastic reception has greeted the president recently than he received here. Thousands of persons lined the streets

through which he passed and when he entered the hall the entire audience rose and waved American flags.

President Wilson's party included Mrs. Wilson, Secretary Tumulty, and Congressman Doremus of Michigan. As the party was driven to the convention hall, a cannon thundered the presidential salute. Henry Ford, the manufacturer, sent the president a message expressing confidence he would keep the country out of war.

#### PRECAUTIONS URGED ON TEXAS PEOPLE

Austin, July 10.—State Health Officer Collins today issued a statement to the people of the state and especially to physicians to take every precaution to prevent the entrance of infantile paralysis into Texas. Dr. Collins urges absolute quarantine of any child afflicted with this disease and to permit no contact with those not afflicted.

"Texas had an epidemic of infantile paralysis in 1909," says Dr. Collins. "In 1915 it occurred in nearly all the states; in 1916 a very fatal epidemic is raging in the North and East. Hence the warning to remove every possible avenue of its spread should some carrier bring the disease into Texas. Health officers and physicians should report any case to the state health department at once."

#### LONGVIEW GIRL TIED AND GAGGED BY NEGRO

Longview, Texas, July 10.—Quite a great deal of excitement was caused here last night when a negro entered the house of S. L. Wilson and tied and gagged a 12-year-old daughter of Mr. Wilson and demanded of her the whereabouts of her mother's money. The negro did not attempt to harm the little girl otherwise, but threatened her if she screamed. Assistance was finally summoned, but the negro escaped and was not found though all officers and a number of citizens took part in the search last night for him. It is thought the negro is demented.

#### MORE TALK OF BUYING MEXICO.

Washington, July 10.—A joint resolution to empower the president to negotiate by commission for purchase of such portion of Northern Mexico, including Lower California as may be obtained, was introduced today by Representative Caldwell of New York. It invites Mexico to appoint a like commission. It was referred to the foreign relations committee, where similar resolutions have died.

H. L. DARWIN (State Senator) of Delta County Candidate for CONGRESSMAN-AT-LARGE Democratic Primary July 22, 1918. Your support earnestly solicited.

Public Speaking

R. B. WALTHALL AND W. E. THOMASON, CANDIDATES FOR REPRESENTATIVE, WILL MEET IN JOINT DISCUSSION AT THE FOLLOWING PLACES AND DATES:

THOUSANDS IN PATH OF STORM HOMELESS

Atlanta Ga., July 10.—With thousands of persons homeless and destitute aid with a growing death list, the federal government on Monday took official notice of the serious flood conditions that have followed the tropical hurricane in the Southern States.

The floods have extended into Eastern North Carolina and rivers, creeks and branches in six Southern States are out of their banks and flooding thousands of acres of rich farm lands as a result of unprecedented rainfall since last Wednesday.

There is a possibility that some were saved, but marine men hold out little hope for them. The others are known to have lost their lives, about half of them in the coast of Mobile and others in the interior of Mississippi, Alabama and Georgia.

The damage will total millions of dollars. At scores of places boats are being used to bring marooned sufferers from tree tops, and in Alabama conditions have assumed most serious aspects.

Quite a number of negroes entered tied and r of Mr. her the money, to harm thence assistance negro ough all ens took for him. ted.

UNDERSEA TRADE IS LATEST ACHIEVEMENT

New Method of Transportation Has Been Inaugurated by Germany Which Promises Relief.

Baltimore, Md., July 10.—Definite announcement that the great German submarine merchantman Deutschland, which reached Chesapeake Bay yesterday, is the first of a fleet of such craft that was built to ply regularly in the trans-Atlantic trade was made early today by Captain Paul Konig, master of the super-submarine.

"This is not the only one that is coming," said the captain. "Just wait. There will be more here soon and we are going back for another cargo. We are going to have a regular line."

It was put to port officials that the captain talked as his vessel was preparing to move up to dock from the lower harbor, where she dropped anchor at 11 o'clock last night at the end of her memorable voyage across the Atlantic. He spoke freely to the officers and laughed over his feat.

All during the night a considerable part of the Deutschland's crew had been astir and a small searchlight played almost constantly upon a newspaper yacht anchored nearby.

Shortly after 4 o'clock, when daylight was beginning to show faintly through heavy low lying clouds and a steadily drizzling rain, a boat with health and custom officials aboard put out from the quarantine station and went alongside the submarine.

It records her gross tonnage as 791, says she is newly built, has a cargo of dyestuffs in good condition and a wholesome supply of water from the Bremen waterworks.

One thing the boarding officers noted particularly—there were no torpedo tubes or runs of any description visible aboard the vessel. They had been told that she mounted two small caliber rifles for defense, but came ashore convinced that the vessel was wholly unarmed.

It was learned that the boat left Bremen with her load of about 750 tons of valuable dyestuffs, which her owners hope to sell to American manufacturers for a fortune. At Holgoland she waited nine days, leaving there June 23 to plough deep beneath the surface of the North Sea to escape the watchful eyes of the allied blockaders.

"We stopped there for very good reasons," the captain explained with a broad smile.

This accounted for the belief in the United States that the vessel was a week overdue, a misapprehension that caused German embassy officials to fear that she had run into allied warships or fallen victim to an Atlantic storm.

Once outside the blockading lines and into the Atlantic, according to the captain's story, he headed straight across and only deviated from his once when he saw what he took to be the enemy craft. Most of the time he sped along on the surface, making around 14 knots an hour with his powerful twin Diesel oil engines. Submerged, he could go at the rate of 7 1/2 knots.

A BIG SUIT

Houston, July 10.—Suit for \$2,000,000 on debt and \$500,000 damages was brought here today by M. L. Bates of Houston and Sam Bates of Ray, Ariz., against the Texas Company, the Producers Oil Company and J. R. Sharp and Barry Miller of Dallas.

Income from Tampico oil fields is involved, together with large oil leases in the state of Vera Cruz.

U. S. IS WARNED AGAIN

Washington, July 10.—A second warning that Villa bandits are headed for the Big Bend district of Texas was given to the state department today by Eliseo Arredondo, the Mexican ambassador-designate. He told Acting Secretary Polk his government had given him definite information that the bandits were moving northward toward Boquillas, Texas, and promised co-operation of Carranza forces.

CONTROL OF BOLL WEEVILS.

There is no doubt, but that the boll weevil and the snap beetle are doing considerable damage to the cotton crop of the county, and the efforts of the Men's Business Club to encourage the farmers to pick up the damaged squares so that the larva contained in the square can be destroyed is to be commended, providing the farmer does not neglect the cultivation of the cotton in order to collect the largest number of damaged squares and secure the money prize offered.

The boll weevil and the larva cannot withstand heat, and knowing this fact affords the farmer one of the best weapons with which to fight the pest. Cultural methods are the only way to control the damage done by this insect and frequent cultivation should be practiced. It is advisable when cultivating cotton to tie a small brush upon the single-tree so that it will hit the cotton plant and cause all the damaged squares to fall to the ground, the sweep plow will cover them up in the hot soil and it will not be long before the larva will be dead.

The adult weevil averages about one quarter of an inch in length, and has a beak about one-half the length of his body. It is grayish or reddish-brown in color. The insect exists in four stages—egg, larva, pupa and adult. All the stages except the last occur inside the cotton square or boll.

Another method of controlling the weevil is to plant a rotation of crops and also diversify. The growing of Spanish peanuts is an industry well adapted to the soil and climatic conditions of our county and if the industry is encouraged by the merchants the same as cotton has been in the past it will take the place of cotton as a money crop for the farm.

The minister addressed his remarks to the Christian people in this service, talking for his theme, "The Gospel is the Power of God Unto Salvation."

The discourse was delivered in the easy, simple manner, for which the speaker is so gifted, and was well received by all present.

Among the brilliant and enjoyable features of the service was a quartet rendered by the visiting evangelists assisted by Revs. Hotchkiss and Westbrook, and a solo by Prof. Simonds.

Another large crowd attended the protracted meeting last night and another fine service was had.

The minister preached on the subject of the "Model Church," telling his hearers about the early Jerusalem church which was filled with religion and consecration, all ready to do the Master's bidding in the Master's way, as a result of which conversions were had by thousands.

TUETONS ARE GETTING RICH OUT OF WAR

The Hague, July 8.—Via London.—According to the Sparkasse, the organ of the German savings banks, new savings accounts during the second year of the war have increased in Germany as never before during times of peace.

ALLIES WANT INVESTIGATION

Washington, July 10.—The British and French embassies today officially called the state department's attention to the arrival of the German submarine Deutschland and asked that this government assure itself of the vessel's character. This will be done, it was announced, by the assignment of naval experts to assist the treasury department.

MEETING STARTS OFF WITH MUCH INTEREST

From Monday's Daily.

The evangelists, the pastor and the members of the church are highly pleased with the start that has been made with the protracted meeting of the Christian church.

Dr. Brooks preached the initial sermon of the meeting yesterday morning which was listened to by a large crowd and highly enjoyed by all present. In this service, which lays the predicate for future services, the minister urged the importance of taking christianity into business and our daily avocations, and made many pretty illustrations of its value in every day life.

Another happy illustration was the recital of the experience of two men working at a factory. These men were of equal age and efficiency at the beginning. One lived an upright, righteous life, taking care of his substance and providing for his family, where he had a home with all the enjoyment that the word is capable of.

Dr. Brooks also makes an earnest appeal for the co-operation of all churches, announcing that he has come here to preach the gospel of salvation, and leaves the matter of church preferences to the convert.

The services will begin each evening at 8:00 o'clock, and a cordial invitation is extended to all to come and worship with the meeting.

Another great crowd was present at the protracted meeting last night, and another great service was had.

SUPT. W. F. DOUGHTY IN THE CITY TODAY

Nacogdoches has a distinguished visitor today in the person of Prof. W. F. Doughty, state superintendent of public instruction.

Prof. Doughty addressed the Normal in the opening exercises this morning. At 10:30 he addressed the trustees of county and others who gathered at the court house, and immediately after dinner he addressed the colored Normal, thus keeping him pretty busy while here.

In his address at the court house the visiting speaker was introduced by the county superintendent, Prof. J. B. Stripling in a very appropriate little address in which he reviewed the new order of things in educational affairs, after which Prof. Doughty waded into a most logical address in the course of which he made the points that Texas does not rank as high as some of the states in educational affairs, but that she is climbing and that within the next few years we will vie with our neighbors for supremacy.

Out of the million dollar fund Prof. Doughty says that it has made it possible for many of the schools to improve their conditions. One hundred and seventy-three counties have taken advantage of this fund, with 1323 schools participating.

Speaking of the work of the future, the speaker strongly recommends the amendment to the constitution which will be voted on at the next general election which will authorize the levy of a tax up to one dollar on the one hundred dollars worth of property and give to the rural schools sufficient public money to run from six to nine months in the year.

Prof. Doughty does not make any pretense at oratory, but is a good, logical reasoner, with a record of good and efficient service to the state in the capacity in which he is now serving, and all who heard him greatly enjoyed the privilege.

FROM TOM LAMBERT

Appleby Texas, July 10, 1918. To the voters of Nacogdoches County: On account of sickness of myself and family it will be impossible for me to see you all in person before the primary and to solicit your support for the office of Sheriff, and I take this method of asking your consideration.

Those of you, who do not know me, I refer you to the people of Appleby whom I have lived among for the past ten years and am serving as an officer. If you find me worthy I shall greatly appreciate your support in the coming primary, and if elected, will render you service that you will not be ashamed of.

TOM F. LAMBERT

We, the undersigned citizens and business men of the town of Appleby, have heard that it is being circulated over the county, that we do not endorse the conduct of Tom F. Lambert, as an officer, and wish to say that such report is false and without foundation.

We hereby endorse his steps as an officer and take pleasure in recommending him to the voters of Nacogdoches County, as being a man, sober, energetic and ever ready to enforce the law and do his duty without fear or favor to any man.

Prof. J. B. Power, a former citizen of this city who has been superintendent of the school at Silsbee the past several years, is establishing a newspaper at Silsbee, and W. H. Harris and Miss Ima Chadwick of this city will be associated with him in the work. Silsbee is a flourishing town on the Beaumont-Center branch of the Santa Fe, and the progressive citizenship have been clamoring for a newspaper in addition to the regular program, which were highly enjoyed by those present.

#### MARRIED AT APPLEBY.

M. J. Hatch, a former citizen of this city who has been making his home at Houston for some time, was married Monday to Miss Theo Elizabeth White, a charming young lady of Appleby, and is leaving with his bride today for Dallas where the happy couple will make their future home.

Mr. Hatch is an upright, honorable, energetic young gentleman who is well liked by those who know him, and his Nacogdoches friends rejoice with him in the fair bride he has won.

#### Her Left Side Hurt.

Mrs. Laura Beall, Plattsburg, Miss., writes: "Last April I got in bad health; my left side hurt all the time. I had symptoms of Bright's disease. I took Foley Kidney Pills and feel all right now." They quickly relieve backaches, rheumatism, aches and pains. Bladder troubles, too, are corrected by this remedy.—Stripling, Haselwood & Co. dwl

#### POSTMASTER FACES

##### SERIOUS CHARGES

John H. Thorn, postmaster of Haslam, Shelby county, was arrested Wednesday by Deputy United States Marshal Capt. J. F. McDonald on a warrant sworn out by W. H. Kemper, post office inspector, which charged Thorn with embezzling \$2840.94 from the money order fund and \$220.54 from the postal fund of the office at Haslam.

After a hearing yesterday before United States Commissioner Sonfield, Thorn was released on \$500 bond to appear before the grand jury next November.—Beaumont Enterprise.

#### Gave the Baby Rest.

Children just cannot keep covered at night and that is one way they take cold. Foley's Honey and Tar is a reliable family cough medicine that contains no opiates or harmful ingredients. Mrs. Wm. Leonard, Pottsville, Pa., writes: "My baby had a very bad cough. The first dose gave her relief."—Stripling, Haselwood & Co. dwl

#### NACOGDOCHES PARTY

##### TAKING LONG TRIP

Hon. Beeman Strong and family, Capt. L. L. Sturdevant and family, and Mr. T. E. Baker and family left this morning, in their automobiles, for an overland journey to Little Rock and other points in Arkansas. They will be gone some two weeks, and will doubtless have a most enjoyable trip.

#### For Summer Troubles.

Hay fever affects thousands and asthma sufferers endure torture. Foley's Honey and Tar give relief. It allays inflammation, clears air passages, eases rasping coughs, soothes, heals. This wholesome family remedy contains no opiates.—a bottle lasts a long time.—Stripling, Haselwood & Co. dwl

#### NAT PICNIC A SUCCESS.

The picnic given at Nat last Friday, June 30th was given up to be one of the greatest days that was ever held during the history of that place.

The day was a success from every standpoint. Plenty of dinner for everybody, and people were present from all parts of the county and adjoining counties.

Something amusing was going on all during the day, and the large crowd was in perfect harmony and seemed to enjoy themselves.

The school carnival was successful

from a financial standpoint. This carnival was given in order to enable the school to establish sanitary drinking fountain and water supplies. The proceeds of the day will aid greatly in this purpose.

The educational speeches were good. The winner in the contest was Marvin Schofner.

The baseball game was won by Nat. The opposing team was Melrose. We wish to thank the people from other communities for their hearty cooperation. The day was given for everybody and we feel that every one present had a part in making the day a success.—Cushing Enterprise.

#### Says They are Wonderful.

Hot weather is doubly dangerous when digestion is bad. Constipation, sick headache, biliousness, or other conditions caused by clogged bowels yield quickly to Foley Cathartic Tablets. Mrs. Elizabeth Stauson, So. Norwalk, Conn., writes: "I can honestly say they are wonderful."—Stripling, Haselwood & Co. dwl

#### DOES NOT REQUIRE

##### ANY MORE UNITS

Austin, Tex., July 5.—Applications continue to reach the adjutant general's department from all portions of the state from persons desiring to organize cavalry regiments, infantry regiments and field batteries as part of the Texas National Guard for service in Mexico or along the border. In this connection Adjutant General Henry Hutchings points out that there is no necessity for any additional regiments or units in the guard, as the war department has already obtained Texas' quota of state militia. What is really needed, said General Hutchings, is enlisted men to fill the present Texas brigade to war strength. In practically every city in Texas, recruiting officers have been detailed to recruit men for the service. The recruiting officers here have during the past three weeks enlisted about 40 men who have been examined by the medical officers and sent to the border to join the companies.

#### If You Want Quick Relief.

Men and women who feel their health failing because of weak, overworked or disordered kidneys will be pleased to know that Foley Kidney Pills are prompt in action and give quick results in the relief of rheumatism, sore muscles, aching joints, backache, pains in side, and sleep disturbing bladder troubles.—Stripling, Haselwood & Co. dwl

#### PICNIC AT MAHL.

Those who attended the picnic at Mahl Saturday bring back quite a glowing report of the affair.

A fine dinner was served, good order prevailed, many of the candidates spoke in the interest of their claims, and the whole combined a program of interesting features.

#### His Backache Gone.

Just how dangerous a backache, sore muscles, aching joints or rheumatic pains may be is sometimes realized only when life insurance is refused on account of kidney trouble. Joseph G. Wolf of Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that has bothered me for several months." Take Foley Kidney Pills for weak and lame back and weary, sleepless nights.—Stripling, Haselwood & Co. dwl

#### EUGENE THOMAS WAS

##### PAINFULLY INJURED

Young Man Sustained Broken Leg and Split Nose by Falling From Tree Last Saturday.

Eugene Thomas, son of Mr. and Mrs. J. N. Thomas of this city, was very painfully injured at the Boy Scout Camp at Village Mills Saturday by falling from a tree, in which he sustained a broken leg and split the flesh on his nose.

Mr. Thomas and Dr. Sweatland went to the camp Saturday afternoon and dressed his wounds, returning with him yesterday afternoon, and he is reported to be doing nicely.

No blame is attached to any one for the accident—the boy himself was not even guilty of carelessness. He had climbed a stouping tree on which the boys had been playing and in some means lost his hold and slipped off with the results noted.

The accident was greatly deplored by his companions and the scoutmasters on the hike as it is by his many friends at home, and all rejoice that his injuries are of a nature that will heal in time.

Doing hard work in a bent or a stouping position puts a strain on the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. eodw

#### TWO CHILDREN HURT

##### IN RUNAWAY ACCIDENT

Saturday afternoon while Miss Lonie Lee, about sixteen years of age, and her brother Beeman Lee, about ten years old, daughter and son of Mr. H. M. Lee, were driving down a hill the horses became frightened and ran away, throwing both occupants out of the buggy. The boy had the misfortune to fall into a barbed wire fence, in which he was pretty badly cut up and was removed to the sanitarium for treatment. The girl was knocked unconscious and bruised up pretty badly, but not seriously hurt.

Both were reported to be doing nicely this morning.

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver.—A condition which invites disease. HERBINE is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by all druggists. eodw

Judge Peyton F. Edwards of El Paso is in the city, visiting with relatives and old friends a few days before going on to Memphis, Tenn., and his many friends here are pleased with the opportunity to renew acquaintance with him. Judge Edwards has been living on the firing line of the Mexican trouble, and talks very interestingly of border conditions. He does not think that negotiations with Carranza will amount to much, and that a new man will have to come to the front to ever control the republic.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition, corrects the stomach and checks the looseness of the bowels. Price 25 and 50c per bottle. Sold by all druggists. eodw

Allan Seale has returned from a visit to Dolen, and to the Boy Scouts Camp at Village Mills, and reports the boys to be having a great time.

Mr. Seale has been all over East Texas this summer, in different trips, and in speaking of his travels this morning said that Nacogdoches county has the best roads, the best crops and the best people he had found anywhere. Continuing, he said that he was proud of the growing evidence of prosperity and intelligence in this good old county, and that he anticipated great things for the future, believing that our people are thoroughly aroused to school improvement, and better methods of agriculture, which insures that we will go forward in every good thing and take the lead with the most progressive and well developed counties of the state.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by all druggists. eodw

Miss Georgia Maroney, one of the Canning Club girls, sends in the best tomato The Sentinel has seen this season.

### From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Strayago.

"Last year, I got almost down with my back," writes Mrs. H. T. Strayago of Gainesville, Ga., R. No. 3. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

Dated at Nacogdoches, Texas, this 21st day of June, A. D. 1916.

A. J. SPRADLEY,

Sheriff, Nacogdoches Co., Texas.

#### VILLA IS AGAIN ON WARPATH IN MEXICO

El Paso, Tex., July 6.—Villistas, pursuing their victory over Carrancistas at Corral ranch July 4, have attacked Jimenez, according to reports reaching mining men here today.

Reports from Chihuahua City following the engagement at Corral said the broken Carrancista command had retired to Jimenez, which is 120 miles south of Chihuahua City and had been reinforced there by 2,000 men under Gen. Domingo Arriaga. The Villista forces are said to number 3,000.

Another report brought here today by an American who had extensive interests in Southern Chihuahua, was that Francisco Villa recently sent a communication to Canuta Reyes, his former lieutenant, who recently was given amnesty by the de facto government, asking him to reconsider his decision. This message Reyes turned over to Gen. Jacinto Trevino, Carrancista commander. Villa, at the time he sent for Reyes, was at San Juan Bautista, 30 miles south of Paral, with 1,000 men.

Other persons arriving here today

said they had heard reports that Villa was in command of the force which defeated the Carrancistas at Corral, and that moving on to Jimenez, he has captured that city.

Mr. B. R. Scoggin, one of the Sentinel's good friends from near Mahl, was a pleasant caller at the office this morning. Mr. Scoggin says his community has had plenty rain and the crops are fine. He also brings the cheering news that the boll weevils do not seem to be so bad in that section of the county.

#### CITATION BY PUBLICATION

The State of Texas,—

To the Sheriff or any Constable of Nacogdoches County—Greeting:—

You are hereby commanded to summon Della Edwards, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1916, the same being the 4th day of September, A. D. 1916, then and there to answer a petition filed in said Court on the 22nd day of June, A. D. 1916, in a suit numbered on the docket of said Court No. 405, wherein Ed Edwards, is the plaintiff, and Della Edwards, is the defendant, and said petition alleging:

That Plaintiff is an actual bona fide inhabitant of Texas and has resided in Nacogdoches County, Texas, for more than one year next preceding the filing of this petition.

That Plaintiff and Defendant were lawfully married to each other on the 3rd day of January, A. D. 1900, and thereafter lived and co-habited together as husband and wife until on or about the 15th day of December, 1913, when Plaintiff was compelled to leave the Defendant with the intention of forever remaining away from her; that prior to said separation Defendant was guilty of immoral conduct, in that she committed adultery with various and sundry male persons.

That during the time they lived together as aforesaid Plaintiff made Defendant a kind and dutiful husband, but unmindful of her marriage vows, Defendant persisted in a course of adulterous conduct with other men.

That as a result of said marriage there were born unto Plaintiff and Defendant four children, Jewel Edwards, a girl 12 years of age, Lillian Edwards a girl 10 years of age, Tommy Edwards, a boy now 7 years of age, and Edna Edwards, a girl 5 years of age; that because of the conduct of Defendant, who is now a transient woman, Plaintiff alleges that she is not a proper person to raise and educate said children, that he is able and willing to provide, care for and educate said children, and prays for their custody.

Wherefore Plaintiff prays that Defendant be cited to appear and answer this petition, and that upon a final hearing hereof, he have judgment dissolving said marriage vows now existing between them, for the custody of said children, for costs of suit and general relief.

Herein fail not, but have next said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Nacogdoches, this 23rd day of June, A. D. 1916.

CLAUDE C. WATSON,

Clerk, District Court, Nacogdoches County, Texas.

#### COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 16c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

A. Golenternek & Co., Tyler, Texas. 3-231f

#### PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATING TO LEVYING TAX FOR SCHOOL PURPOSES.

H. J. R. No. 30] HOUSE JOINT RESOLUTION.

Proposing an amendment to Section 3, Article 7, of the Constitution of the State of Texas, authorizing the levy and collection of an ad valorem county tax not to exceed fifty cents on the one hundred dollars valuation of property for the maintenance of the public schools of the county, and authorizing the levy and collection of an ad valorem district tax not to exceed one dollar on the one hundred dollars valuation of property for the maintenance of the public schools of the district.

Be it resolved by the Legislature of the State of Texas: That Section 3 or Article 7 of the Constitution of the State of Texas be amended to hereafter read as follows:

SECTION 3. School Taxes.—One-fourth of the revenue derived from the State occupation taxes, and a poll tax of \$1.00 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem tax on such an amount, not to exceed 20 cents on the \$100.00 valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year.

The Legislature may authorize the levy and collection of an annual ad valorem county tax within the counties of this State not to exceed 50 cents on the \$100.00 valuation of property situated within the county; provided a majority of the qualified property taxpayers voters of the county voting at an election to be held for that purpose shall vote such tax for the purpose of maintaining the public free schools of the county, and the Legislature may also provide for the formation of school districts by general or special law, without the local notice required in other cases of special legislation and all such school districts, whether created by general or special law, may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore or hereafter formed, for further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property taxpayers voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the \$100 valuation of the property subject to taxation in such districts, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns, constituting separate and independent school districts.

SEC. 2. The Governor of this State is hereby instructed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election to be held in November, 1916, at which election all voters favoring this amendment shall have written or printed on their ballots the words, "For the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district." And those who oppose this amendment shall have written or printed on their ballots the words, "Against the amendment to Section 3, Article 7, of the Constitution of the State of Texas relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county, and not to exceed one dollar on the \$100.00 valuation in the district for the purpose of maintaining the public schools of the county or of the district."

SEC. 3. The sum of \$5,000.00, or as much thereof as may be necessary therefor, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

[NOTE—H. J. R. No. 30 was adopted by the House March 6, year 104, days 12. Was adopted by the Senate, with amendments, March 19, year 25, days 2. House concurred in Senate amendments March 19, year 27, days 19, present and not voting 1.]

Approved April 1, 1915. (A true copy.) JOHN G. McKAY, Secretary of State.

LONGVIEW TO SHIP LARGE PEACH CROP

Longview, Texas, July 5.—The peach season is opening up here and three buyers are here to purchase the crop of this vicinity. There will be 100 cars shipped from this territory which includes shipping points of Longview, Gladewater and Beckville. A good price is assured for the crop by the competition of the buyers here. The early Elbertas are being picked and prepared for shipment.

# Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

## Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railroads, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

## Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

## A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

## C. C. McDONALD SPEAKS.

Hon. C. C. McDonald addressed a good crowd of voters at the court house last night in the interest of the candidacy of Governor Ferguson for re-election.

The speaker was introduced by Senator S. M. King in a few well chosen words, after which he entered heartily to his address with an earnestness and enthusiasm that inspired his hearers with enthusiasm.

In the course of his address Mr. McDonald gave his attention chiefly to the matter of answering the attacks that had been made upon the governor, and made an able defense, dissecting the charges he made the statement that the governor's trip to the north at the expense of the state, which he has been criticised, had cost the state several thousand

dollars, and that in every instance in which he had put the state to expense in a similar way big returns had come from it; that the governor had governed the affairs of the state in a superior, progressive way, and that it was very unfair to him to parade little expense accounts without taking into consideration the returns coming in from it. He also stressed the point that the governor had spent no money that had not been appropriated for the purpose or authorized by law.

The governor's administration was very thoroughly reviewed, with exhibits of a progressive policy of good business methods, and upon these claims the governor seeks a second term.

Mr. McDonald is a good reasoner and a good speaker, and highly entertained those who turned out to hear him.

raised a large family at his home of peace and plenty. He was married in 1867 to Miss Annie Oxasheer, and for years they lived upon the old Sutphen homestead near the present village called Mayotown. He was born Oct. 16, 1842, and he became a member of the Methodist church early in life. He was a Confederate veteran, having served in two different commands, first in Capt. Wm. Clark's infantry company and later in Alexandria's cavalry. He was true to his duty at every post in life's warfare.

Sam Sutphen had many dear relatives and friends in Nacogdoches county. Among them were Oxshers, Slays, Richardsons, Weatherly's Hunts and other prominent citizens who will be saddened by the death. May God bless them all.

## JOAQUIN FARMER WAS KILLED BY LIGHTNING

Joaquin, Texas, July 5.—On Tuesday afternoon about 6 o'clock, three miles from Joaquin, in the Fellowship district, Sandlin Williams was instantly killed by a stroke of lightning. Being afraid of the cloud, the young man together with his wife and 5-year-old child, went to the home of Ed. Brown, a neighbor living nearby. While standing on the gallery a bolt of lightning struck him. His friend, Ed. Brown, was knocked down and the little child, who had wandered to the kitchen, was badly stunned. Several blocks were torn from under the house, which rocked, lashed by the fury of wind and rain. Deceased was a nephew of Jack and Allen Williams of Joaquin, a sober, industrious young farmer, 30 years of age. He leaves in addition to his wife and child, a large number of relatives and friends. The body was laid to rest Wednesday afternoon in the family burying ground, known as Jackson cemetery.

## IN MEMORIAM.

Sam C. Sutphen has passed away. He was one of our very best citizens, a man beyond question, and exceptionally dear to me; a brother of my beloved wife whom he has gone to join in the realms of reward beyond.

He departed this life on June 23, 1916, and was buried June 24, 1916, at Caddo Cemetery in Stevens county. His home for many years had been within four miles of there, and he had

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking even bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Such warning symptoms as a sense of suffocation, hot flashes, headaches, dizziness, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness. For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

## MEXICO AND AMERICA PASSING THE CRISIS

It is Now Believed That an Amicable Adjustment can be Made of All Differences Existing.

Washington, July 5.—The crisis between the United States and Mexico virtually came to an end when a friendly conciliatory note from the de facto government was handed to Secretary Lansing and promptly communicated to President Wilson.

Formal statement of the attitude of the Washington government must await the president's action, but there is no doubt in the minds of officials that the way has been opened for an amicable adjustment of the dispute as to the border situation which brought the two governments to the verge of war.

Secretary Lansing himself would make no comment. He gave the impression, however, that General Carranza's suggestion that there is no pending question between the governments which can not be readily answered by friendly negotiations meets with quick sympathy here. Secretary Lansing is known to share President Wilson's desire that hostilities be avoided if there is any possible way to safeguard American border interests without a clash with the Carranza government. The new Mexican communication so plainly indicates a similar desire that a further interchange of views is expected to begin immediately, looking to joint efforts to curb border bandits and other irresponsible agencies that have worked to embroil the two governments.

Even before the exact contents of the note became known to administration officials today, there was evident a distinct relaxation of tension over the Mexican relations. This caused no abatement of preparations by the war department, however, to expedite the equipment of national guard troops and their transportation to the border.

## PRICE OF GASOLINE MAY COME DOWN

Washington, July 5.—Final report of the federal trade commission on its investigation into the oil situation in the United States probably will be completed within two weeks. Commissioner Harris said today. He predicted a reduction of gasoline would follow the report. The investigation is credited among governmental officials with a large saving to the United States on minor fuel. Three months ago the Standard Oil company offered oil at 31½ cents a gallon, but the bid was rejected. A contract has just been closed at 23½ cents a gallon.

## FRENCH CAPTURE TUETON TRENCHES

Paris, July 5.—The French have captured a line of German trenches east of Curlu, the war office announced today.

They have also captured Sormont farm, facing Clerly.

The French resumed the offensive during the night on both sides of the Somme. South of the Somme they made further progress toward the river, particularly at Sormont farm. This position is on the left bank opposite Clerly. All the region between the farm and Hill 63, on the road leading from Flaucourt to Barleux, now is dominated by the French.

After a heavy bombardment the Germans captured part of Villy-en-Santerre, but the French quickly expelled them, taking the entire village. The Germans still hold part of the town of Estrees, where severe fighting still is in progress. German attacks on French positions there were stopped by the French fire.

The number of prisoners taken thus far exceeds 9,000. The number of cannon captured has not been ascertained. On the Verdun front heavy fighting still is in progress. West of the Meuse the French repulsed a strong German attack in the region of Avocourt and Hill 304. East of the river there was a violent bombardment of Thiaumont redoubt and the Chenois sector.

The advance reported indicates that the French are moving eastward along the north bank of the Somme river in the combined Anglo-French offensive in Picardy. Clerly, the most advanced point mentioned, is four and a half miles northwest of Peronne.

### INGRAHAM'S RECORD AND CHARACTER

(By One Who Knows.)

To the Voters of Nacogdoches County: Reaching the more than three score years and ten of the life of Judge Geo. F. Ingraham, stainless from his youth up and full of good works, appeals to men of all ages.

For more than half a century his residence has been in Nacogdoches County, where in his youth he was engaged in manual labor, where he enlisted as a soldier in the Confederate army, serving 4 years, where he married and raised a large family, where he was licensed to practice law, continuing to this day as a star of the first magnitude.

During his service as office holder in various capacities his qualifications for faithful and efficient work were demonstrated and his official acts were behind the breath of suspicion.

Possessing full measure the three well known qualities of a good judge—ability, integrity and judicial temperament—Dives and Lazarus stand on the same footing in his presence. His legal opinions, sometimes unpopular, but seldom erroneous, are formed with painstaking care, and the pressure of public sentiment or of private interest fails to budge him "even in the estimation of a hair." With him a principle of law or of equity is the same yesterday, today and forever. If judges wore a crown, firmness would be one of the brightest jewels.

Such a man as Judge Ingraham is the most valuable asset any county can claim and such a record as his is worth more than all the wealth of Opher.

Nor has anyone a cleaner record in politics. He has always been a loyal democrat helping to select nominees and to adopt platforms and unwaveringly supporting them. Believing in democracy he has been a tireless worker for the triumph of its principles. His uniform fealty to the party, beginning with his first ballot in the stormy sixties and lasting through all the years until now, is an example of devotion worthy of unstinted recognition, especially as such fealty is coupled with extraordinary ability and unquestioned integrity.

To the casual observer he is rather austere in appearance, but to all who know him well, he is genial, accommodating and lovable. Being entirely human he might have made some mistakes. Most of us have made many. If only the men vote against him who have made no mistakes his majority will be the largest ever recorded in the good old county of Nacogdoches.

Nearing the sunset of a long and honorable career—the able and distinguished citizen and jurist, whose record is without blemish, asks for the office which all men know his ser-

vice and presence will dignify and adorn, and the county will be benefited.

Submitted for your consideration.  
Yours truly,  
C. A. HODGES,

### TO THE FARMERS OF NACOGDOCHES COUNTY

I notice that the Men's Business Club of Nacogdoches is sending out circulars to the farmers, offering premiums to induce the farmers to pick up the punctured squares as a remedy to fight the boll weevil.

I want to give you my remedy. Instead of picking up squares and losing from one to two days out of each week to carry the squares to try to get the little premiums offered by this Business Men's Club, run your cultivators and plow your cotton, not only to destroy the weevils, but for the cultivation of the same. Plow it over every eight or ten days until about the fifteenth of August, and you will make more cotton than you would if you had neglected the plowing to pick up the squares.

I have followed this plan every since the weevils have been here, and have never failed to make cotton. I got the first crop of boll weevils this season with my cultivators, and will get the next the same way. Stay at home and run your plows in place of losing so much time going to town carrying your squares, and by so doing you will find that your premium will be far greater in the end than the pitiful offerings by the Nacogdoches Business Club.

### You Can Afford It. Facts and Figures on Young People's Earning Ability.

From \$100 to \$150 pays for a complete life scholarship, including books and board, in Bookkeeping, Shorthand, Telegraphy or Business Administration and Finance in our school. When one or more of these courses is finished, we will place the graduate in a position where his first two or three months' salary will reimburse him for all necessary tuition and board paid for the course. The graduate seeing that he can now earn \$3.00 where before he could earn but \$1.00 will soon admit that if he had had to borrow every cent of the money to pay board and tuition, that it was the best investment he ever made.

Traffic is unusually heavy on northern roads, which means additional help in all departments. The Union Pacific Railroad is urging young men to learn telegraphy. They call on us for from 12 to 20 men every few months, which we are unable to fill owing to the great demand for help on the southern roads. Enroll now for a course of Telegraphy and help us supply the demand for operators and clerks next fall.

With the famous Byrne Simplified Shorthand and Practical Bookkeeping, and our practical way of teaching Telegraphy and Railroad Station Work we give the student a more thorough training, in half the time and at half the usual cost of a course in other schools teaching other systems. This is conclusively proven by the endorsements in our catalogue from those who have attended other schools and studied other systems. We conclusively prove every statement we make, and that is why we have the largest business training school in America.

Our catalogue is free for the asking, and it will give any parent or young person just the information they desire in helping them to make up their mind as to the school to patronize, the course to take, the cost, and the increased earning capacity.

## Buy a Car You Will Want to Keep

In the whole history of the Automobile Business there has never been a time when real care in selecting a car is more imperative than to day. No longer is it possible to buy any make of car, drive it 12 to 15 months, and then trade it in for a new car at one-half or two-thirds of its original cost. The market on used cars today will not permit this.

Consider then, the importance of buying a car that will give you such service and satisfaction that you will enjoy running it season after season, until you have realized every last dollar of the price you paid—BEFORE YOU EVEN THINK OF TRADING. Buy your car on this value getting basis and it will be a DORT. Westinghouse Electric Starter and Lighting.

### MARRIED THIS MORNING, A BOY WAS HURT BY AUTOMOBILE

From Saturday's Daily.

Ellis Ivey and Miss Anna Augusta Henderson were married at the home of the bride's parents, Mr. and Mrs. B. G. Henderson, at 11:00 o'clock this morning. Rev. C. D. Atwell of the Episcopal church officiating.

The bride is one of Nacogdoches' fairest and most highly accomplished young ladies. She will be remembered as having taught in the schools of this city last year, distinguishing herself with brilliant service and given up with reluctance from the faculty. She is loved and admired by all who know her for her many sweet traits of character and womanly graces, and none are more popular in the circle of acquaintance. Mr. Ivey is a bookkeeper by profession, holding a responsible position with the Nacogdoches Grocery Co., and is an ambitious young man of sterling integrity who will make a good husband for the fair bride he has won, and take his place with the useful and prominent citizenship of the country.

### MRS. PATTON DEAD.

From Monday's Daily.

Mrs. Cora Patton, wife of C. B. Patton, living out a few miles from town, died at the family residence last night about 8:00 o'clock, and her remains are being laid to rest in the family burying grounds at Melrose this afternoon.

Mrs. Patton was a daughter of the late Capt. Milton Mast, and belonged on one of the county's best families. She is survived by her husband, four daughters and three sons.

Possessing all the sweet traits of character that distinguish Southern womanhood, Mrs. Patton drew about her a great host of friends who are made sad with the news of her death, and who will unite in profound sympathy for the bereaved husband and children left behind.

### DEATH AT SACUL.

From Tuesday's Daily.

County Clerk Lake Orton received a telephone message this morning announcing that Harold Lucas, son of Jno. T. Lucas, had died very suddenly this morning at his home at Sacul. No further particulars were obtained at the time and we can't answer as to when the funeral will occur, or where.

The Lucas family are among the best people of the county, and have many friends who deeply sympathize with them in the loss of their beloved one just as he was developing into manhood.

### MAHL VICTORIOUS.

The Sentinel is in receipt of a card from a friend at Mahl giving an account of the ball game on the day of the picnic. The game was between Mahl and Appleby. Whitaker of Mahl pitched "air tight ball" and held the visitors to a score of 15 to 2 in favor of Mahl.

From Saturday's Daily.

Lum Williams, a boy about twelve years of age of the city, happened to a very painful accident yesterday afternoon in which his skull was fractured by falling into a moving automobile, driven by a lady.

The Sentinel interviewed a boy who was near at the time, picking him up after the accident, from whom we get the following particulars: The boy was riding a bicycle and was going the same direction the car was traveling. Just how the accident happened is not known as there were no witnesses to this part of it, but it is the opinion of those who have studied the case that the boy either attempted to catch the fender to pull him along, as is too commonly practiced by many boys, or lost his balance in some other way, and fell into the car. The lady states that she did not see him at all, and did not know that the accident had happened.

The boy was picked up and carried to Dr. Blackwell's office where he was treated, and carried on to the home of his father, E. L. Williams, where he was reported to be doing nicely this morning.

### VISITING PALACIOS.

A goodly number of Nacogdoches people are attending the B. Y. P. U. Encampment at Palacios this week.

W. D. Orton and daughter, Mrs. Cariker and children went Sunday night. Mrs. W. U. Perkins and son, Mr. and Mrs. Robert Lindsey, Mrs. C. D. Thomason, Jim Summers and Misses Pearl, Sallie, Lucille and Annie Lou Summers went last night. There might have been others whose names we failed to get, these being all that could be called to mind by our informant.

Palacios is a delightful place for an outing, and an encampment of this kind, and it is useless to say that all will have a great time.

### DEATH AT DOUGLAS.

From Monday's Daily.

Mr. J. L. Rushing died at his home in the Douglas country yesterday afternoon at 2:00 o'clock, and his remains are being laid to rest in the cemetery at Alazan today.

From one who knew him the Sentinel gets the information that Mr. Rushing was about seventy-one years of age, is survived by his widow and several children, and was a mighty good man, loved and esteemed by all who knew him.
