### MEXICAN BANDITS MAKE ANOTHER RAID

El Paso, Texas, July 31.—Two Americans were killed and one was wounded in a clash with Mexican bandits who had crossed the Rio Grande five miles below Fort Hancock, Texas, early this morning. There were five bandits in the party.

Private John Twoney, F troop, Eighth United States Cavalry, and Robert Woods, a United States customs inspector, were killed. Sergeant Lewis Thompson, F troop, Eighth cavalry, was seriously wounded.

More than two hundred shots were fired during the engagement, it is reported. The Mexicans, it is believed, had crossed the line in an attempt to steal horses.

Their presence was discovered by American outposts. The Mexicans were surprised and attacked by the cavalry patrol. The Mexicans, mounted on good horses, attempted to flee. They were interrupted and forced to fight. General George Bell, Jr., commanding the El Paso military district, said early today that he had learned of the engagement through unofficial sources. He had no reports from officers of the command, telephonic and telegraphic communication being difficult.

Other reports reaching here said that efforts to identify any of the Mexicans had been futile.

### WALTER STRONG RE-ELECTED.

count, it was announced that Mr. Strong had been defeated by Hon. J. P. Anderson of Center.

The news is gathered from a report in the Timpson Times that Hon. Walter Strong of Henderson, a brother of our townsman, Hon. Beeman Strong, has been re-elected district attorney of his district by a majority of sixty-one votes.

Immediately after the primary, and with the unofficial

Rev. W. F. Nash, who has been serving as county missionary of Polk county this year, came in this morning to make a little visit to his family before going to some points in Louisiana where he will begin a protracted meeting Sunday.

but that it was believed they were members of one of the Villa bands recently reported to have been operating south of the Rio Grande in that section.

Reports to General George Bell, Jr., commanding the El Paso military district, indicate all the bandits have been killed.

American patrols had reported that a small detachment of Mexicans had crossed the Rio Grande and apparently were making their way toward an isolated section about 55 miles down the river. It was believed they were either smugglers or stock thieves.

A small detachment of F troop Eighth cavalry, was sent in pursuit.

The Mexicans were surprised and it is believed that none escaped.

#### PRECINCT CHAIRMEN.

In the county convention Saturday the following precinct chairmen were chosen:

- Nacogdoches—East Box, D. K. Cason; West Box, W. U. Perkins; South Box, J. N. Gilbert.

#### HOWTH'S EXPENSE ACCOUNT.

Beaumont, Texas, August 1.—C. W. Howth, defeated candidate for congress, from this district, spent \$4,598.85 in the campaign prior to the July 22 primary, according to his sworn statement, filed yesterday. His statement is itemized and requires four full legal-size pages to show the various items. It is one of the most complete statements yet filed, and also shows the expenditure of more money than any candidate has yet filed his expense account. The items are dated from February 18 and cover the period up to July 22. Of interest is the item of \$1,500 for stamps on July 17. Auto bills and hotel bills were \$100, and newspaper advertising and various other publicity advertising entails a large share of the expense. Mr. Howth made a complete circuit of the district and probably addressed more people and visited more places than any other candidate in the district.

#### MR. OUSLEY COMING.

County Agricultural Agent Jas. D. Greer is in receipt of a letter from Hon. Clarence Ousley, director and state agent of the A. & M. College, announcing that he will attend the meeting of the Farmers Short Course in this city, and requesting Mr. Greer to secure a room for him. This is one of the few meetings Mr. Ousley will be able to attend, and Nacogdoches feels fortunate in getting one of his appointments.

Mrs. A. J. Alston and handsome little son Adlai, Jr. of Shreveport, are guests of Mrs. Alston's mother, Mrs. W. E. Baxter, in the city.

#### VILLA ESCAPES TROOPS BY MARGIN OF MINUTES

Chihuahua, City, Mexico, Aug. 1.—Villa only escaped Carranza columns pursuing him in northern Durango by minutes several times in the last few weeks, according to a report which General Jacinto Trevino announced he had received today from Ernesto Garcia in the Penolas district.

He said General Garcia, who is supporting General Ramos in the campaign, asserted his command had killed more than 80 Villistas since it left Parral, July 11, and captured a number more, all of whom were executed.

#### SINGING CONTEST AT FARMERS SHORT COURSE

County Agricultural Agent, Jas. D. Greer, informs The Sentinel that he is perfecting arrangements for a singing contest between the Sacred Harp singers and those using the New Books, with three selections by each side immediately afternoon each day during the Short Course. A prize of fifty books will be given to the winning side, and fair and competent judges will be engaged to pass on the merits of the singing. In case of a draw the premium will be equally divided.

Prominent singers from each side are being invited to attend, and it is expected that a number of them will be here. Those who come to participate are expected to bring their books with them. This promises to be one of the most interesting features of the Short Course.

O. M. GIBBS, Editor

Some writers find a similarity in character and treatment in that both are a result of "bumping."

J. H. Padon has revived the Joaquin Journal, and the paper bears no evidence of the drowsiness of a slumber. Success to you, Bro. Padon.

If you are in doubt as to whether or not to try to kiss a certain pretty girl, Carlyle advises that you give her the benefit of the doubt.

The Lufkin News complains of the inefficiency of the Lufkin Fire Department. Send an "S. O. S." to the Nacogdoches Fire Department and your fires quit burning.

The steel mills of Chicago have been forced to close down on account of the hot weather which is too severe on the workmen, the temperature ranging from 140 to 160 degrees.

An Irishman, desiring to be positive in his testimony, swore that he had known the man ever since it was a pig. No further challenge was offered.

It is unwise to get too funny. Every wit must have a butt for its sarcasm—and sometimes the "butt" is not practical in the art of good fellowship.

"Amusement is to the human mind what sunlight is to the flowers." Every life must have some amusement and some recreation if its finer qualities are developed and its efficiency conserved.

The State Democratic convention will meet at Houston August 8th, and as a number of important matters in platform building will engage the attention of the delegates, a large attendance will doubtless be present.

The voters of Polk county voted on the East Texas test editors by electing Will West tax assessor—and possibly they had this in mind when they failed to elect him with the position. There could be no doubt to his qualifications, his popularity and all the elements of character and efficiency that would fill the bill in any kind of public service.

The political passing of Cyclone Davis, who had the distinction of wearing the congressional toga for a couple of years, reminds us very much of the Irish boys' epitaph on the pig: "When he lived, he lived in clover; and when he died he died all over." The gentleman of breezy nomenclature suffered an attack of "foot and mouth disease" that proved only fatal to his political life.

That was a mean trick the business manager of The Sentinel put over the editor yesterday when he slipped in the announcement that the aforesaid editor was endeavoring to pull off a fashionable stunt by taking a little quinine. There is danger that the report of the evidence of such prosperity will cause our creditors to make a run on us, if we allow it to go unchallenged—and we hasten with the challenge.

Attention to widening and improving streets is a very important matter in any city. It is often put off too long. In San Antonio the richest business street is Commerce street, with banks and wholesale houses on it, but these buildings had to be cut back on front. Some of them are four and five stories high. One of the biggest was a bank and it was moved back, cellar and all. Shall we take warning?

A number of oil mill men met at Houston this week to discuss the matter of milling and marketing the large peanut crop. About thirty mills over the state have equipped for this service, and they estimate that they will enjoy a double run this season by reason of the new crop.

Don't waste your life in letting down empty buckets into empty wells. Begin business with the "fount of youth," and through life engage your efforts in the practical application of those things born of wisdom, by which you will have reasonable assurance of a competence for old age.

"He embraced the cause of his country as Judas Iscariot embraced our Lord and Saviour—for the purpose of betraying it." Dear reader, can't you call to mind a certain politician rising to fame through the medium of corrupt interests, who turned upon the hands that made him, became a disbander that made him, became a disbander, and now seeks higher power?

## COLQUITT AND THE ADMINISTRATION.

The Dallas News, in its issue of Friday, makes the following very timely review of the relations between ex-Governor Colquitt, now a candidate for the United States senate, and the administration:

Doubtless the National Administration would be as ready as Mr. Colquitt is to forget his scathing arraignment of it if Mr. Colquitt could give any assurance that the Republican newspapers and campaign managers would be equally complaisant. Unhappily for Mr. Colquitt—and for the administration, too—neither Republican newspapers nor campaign managers are in any such accommodating mood. The St. Louis Globe-Democrat, for example, a stalwart Republican newspaper, sees in the success of Mr. Colquitt in the first primary a sure sign of Mr. Wilson's waning popularity, even in Texas. Commenting in last Tuesday's issue on the outcome of the Texas contest, the Globe-Democrat says that one of the three things made plain is "that the Wilson administration is very unpopular among Texas Democrats." It finds proof of this in "the popularity of Colquitt in the Senatorial campaign." It thinks that this is the most significant fact in the entire situation. "Colquitt," it goes on to say, "had been an open, pronounced and at times apparently bitter opponent of Mr. Wilson's policies, not only as they have related to Mexican affairs and the handling of the British blockade, but as they have related to some domestic policies."

One sees, hence that it is not a matter of choice with the Democratic campaign managers. They must in self-defense declare their opposition to Mr. Colquitt's candidacy. They will be taking in the sword that he has offered to them. Many millions of copies of Mr. Colquitt's interview denouncing the Wilson administration as the worst failure in the history of the presidency have been circulated by the Republicans, and of course they would cite Mr. Colquitt's election to the Senate as proof that the Democrats of Texas are in accord with the sentiment and opinion therein expressed. It is doubtful if Mr. Colquitt has anything to gain at this late day in seeking to have this celebrated interview ignored. A good many would regard that as the course of weakness, and political courage has been held up as one of Mr. Colquitt's shining virtues. Furthermore, such a course is apt to cool the ardor of the Germans to whom he is under some obligation to remain as yielding in his enmity to the Wilson administration. It was in no little degree because he had decided that "the administration's foreign policy has been imbecile" that the Germans rallied to him so enthusiastically, and they would probably feel that they had been deserted if now Mr. Colquitt should show any sign of amity toward the Wilson administration. On the whole, it looks as if the better strategy for Mr. Colquitt would be to have the courage of his declared convictions.

## PIGS AND PEANUTS.

We take it that you planted some peanuts this spring. Even yet you may plant some, but they should be well along in cultivation now. Perhaps you planted a considerable acreage, to harvest and sell to the mills. If so, you will find that even with the best of handling a considerable quantity will be left in or on the ground. Have you pigs to harvest these? Otherwise it is a sheer waste of what may be easily converted into a good revenue. Perhaps you planted only a small lot. In this case you undoubtedly had in mind the pigs you want to use to harvest them. Right here let us emphasize what we said in the April number, the best way to market peanuts is to have plenty of hogs to feed them to and thus convert them into the manufactured product, about which there is always a good price.—Southland Farmer.

## TO AVOID LIGHTNING.

Do not use the telephone during thunder storms. The telephone wire may receive a heavy charge. Keep away from stoves, radiators and the like. They are large metallic masses, likely to become heavily charged. Avoid screens or other metallic bodies connecting with the exterior of the building. Out of doors the most dangerous places are under isolated trees and near wire fences in open fields. Small sheds and other shelters are dangerous if isolated from larger buildings.

Thick timber is undoubtedly the safest place to seek out of doors, since a single tree in a forest is not so likely to receive the stroke as a single person or an object in an open space of equal area.—Country Gentleman.

## SCHOOLING AND LIBERTY.

Texas newspapers are having considerable to say about compulsory education and the law which will become operative Sept. 1. We have never had a shadow of doubt in regard to the wisdom of compulsory education. The only doubt we have about the law is whether or not the law is stringent enough to accomplish for the children of Texas all that is due them.

Evidently you are not one of those tremulous foreboders who see in compulsory school attendance devaluation of personal liberty. The right of a man to raise his child in ignorance has long been held by some as a precious tenet of the democratic creed. These uneasy guardians of liberty have uniformly held that if it suited the father's convenience or preference to bring up his young one as an ignorant he should not be denied that privilege lest freedom get a wound under its wing. But gradually it has dawned upon the public conscience that the right of the parent is not superior to the right of the child, and that it is the right of all children to be given the opportunity to acquire at least a primary education. With a primary education the higher educations are attainable, but without the primary education the ignorance is hopeless. Of course it is the theory of the objectors that every father wishes his child to go to school. But a theory that is assaulted every day by common sense and overturned by the most casual observations isn't entitled to the fealty of intelligent witnesses. It is obvious to even the blind that there are in every considerable community not a few parents who not only neglect their children's schooling, but neglect their physical and moral welfare. For the law to use its strength in behalf of these unfriended little ones lest it do violence to some one's ideal of liberty would be to play the coward's part. Freedom is not the heritage of the ignorant, but of the learned. However, the compulsory school attendance law will prove a failure if those charged with its enforcement also prove failures. The hope of a democracy is in the strength of its representatives.—Galveston News.

Editor O. M. Gibbs of the Nacogdoches Sentinel is laid up with chills—the "tacky" kind, and that paper says that he has come in for that now ultra-fashionable stunt of using a little quinine at intervals. Considering the war prices of this commodity, no ordinary editor should be allowed to partake of it except in extreme cases. The paper failed to state whether they were every-day or third-day chills, hence the public will have to draw upon its imagination. At any rate, it is to be hoped that our contemporary will come off conqueror in the end.—Lufkin News.

Alas, for human hopes! Must I now hang my head in shame? After twenty-five years newspaper work in East Texas, in which I have worked faithfully to build character founded upon honesty, honor and integrity in my dealings with my fellow man, through which I could have my being and move in the good society of the country, and be recognized by the fraternity in a feeling of mutual esteem, must I now be consigned to the "slums" because I had one little chill and a jealous partner told it on me? Has my star of hope set? Is this a case of "what is to be will be" if it never happens? Could I go west with the illustrious Horace Geely and "grow up with the country," or will this great disgrace follow me wherever I go like an evil genius hovering on the flanks of a life that has been wrecked in an unguarded moment. Hast thou, too, forsaken me, Dock? But this "poor mouth" talk doesn't suit me much. There is lots of fight left in me yet, and if it takes a fight to regain my place and "social standing," notice is hereby served on the would-be aristocratic snobs that I am ready for the fray. If you are game, draw your steel and spit in the ring. By the eternal God I am not half dead and do not expect to die until my time comes. I have never been "curried" in the walks of men, and I am not going to be chased out of the field by two jealous newspaper men at this late date. Do you get me, bud? I am six feet two, six inches between the eyes, and could wade the Angelina at overflow. Say another word and I will come after you. I am desperate and my gun is loaded for any emergency from shooting a snow bird to the invasion of breastworks and trenches. Another dare or taunt and the battle begins from the "stone fort" of sacred and present memory to the end of time.

## A FIRE AT LUFKIN DESTROYS THREE HOMES.

The following report of a fire at Lufkin yesterday (Friday) is taken from the Lufkin Daily News: "Probably at 1 o'clock this morning an alarm was turned in from fire district No. 34, and when the department responded the residence occupied by Mrs. M. E. Crutchfield was discovered in flames, the fire it is presumed starting from a defective flue. The residence mentioned was in close proximity to the old Judge Clark home on the corner of Second street and Groesbeck avenue, and burned quickly, due to the inefficiency of the water supply and other things too numerous to mention. It was but a short time until the flames spread to the two adjoining homes, the Clark place and the cottage occupied by Mr. and Mrs. Louis Hicks, both of these being sacrificed, despite the heroic efforts exerted under the circumstances. Quite a lot of furniture was saved from the corner building, which was the property of Mrs. A. J. Glenn of this city, and practically everything was saved from the Hicks home, which was also owned by Mrs. Glenn, even including a watermelon and a few fresh yard eggs. The heat was terrific, and the hundreds who gathered around the conflagration maintained a safe distance from the glaring spectacle. The southbound passenger train on the Cotton Belt, due to leave at the time the fire started, was delayed something like an hour on account of the laying of a line of hose across the track, and the train crew and passengers helped to swell the "audience." There was apprehension at times concerning other dwellings in the block, but finally a water pressure was secured from the obliging Lufkin Land and Lumber Co., and other property was protected. The corner residence was occupied by Mr. and Mrs. Tony Shotwell, who had recently taken rooms there for light housekeeping, while the second building was occupied by Mrs. Crutchfield as stated above. Mrs. Glenn carried insurance on these two structures in the sum of \$2,250, which did not cover their value. The other home was owned by Mr. and Mrs. S. F. Grant, and was insured for \$1,000. The News is not prepared to say, but presumes that the homes will be replaced at an early date, as the locations are ideal for close-in residences.

## THE FARMER'S FIRST AID IN SICKNESS.

## TEXAS GOOD ROADS CONGRESS.

San Antonio is making preparations to entertain not less than 2000 Texas Good Road's enthusiasts at the meeting of the Good Roads Congress, August 17, 18 and 19. According to Secretary D. E. Colp, who is touring North Texas in interest of several good road projects unusual interest is being evidenced of several good road projects unusual interest is being evidenced in the meeting and its possibilities for the united efforts of all good roads forces in the State.

Many counties are going to make an effort to secure their pro rata part of the \$301,050 that is available the first year to Texas from the \$85,000,000 Federal road bill. Among the requirements made of states participating is that they have a State Highway Department. Texas has no recognized Highway Department, and one of the objects of the Road Congress is to attempt to immediately secure the proper organization of such a department, thereby securing to Texas its share of the Federal aid, if counties and sections appropriate an equal amount. Texas' share for the five years will be \$4,515,750.00. Aside from that feature of the meeting this program will be so arranged that the attendant can have the ben-

efit of a short-course in the "right kind of roads to build" and how to present a bond issue to the people so it will carry. Some counties have failed to carry bond issues, and the combined experiences of attendants from counties which have built systems of good roads will be of special benefit to citizens of those counties.

## GET LAND AND KEEP IT.

"Get land and keep it" is the advice of the Houston Post. Peace is coming one of these fine mornings; if not this year, then next year. Texas has millions of acres of virgin soil. Man is a land animal. He hungers for it. If he is landless he is discontented. There are opportunities boundless under Southern skies to acquire land. Those who acquire it are willing to make sacrifices to get it and hold it. This editorial is reproduced from the Post: "Nearly every fortune that has been made in the world has come from land. And the reason the people of America are so contented and are able to make a living so easily is that in this country there is so very much land that every one who really wants a home may have it.

"These conditions do not hold in any other country. A man in Europe to own a home must be rich. The purchase of even an acre or two means limping and saving for one and in many cases two generations. No wonder they come to America where homes may be secured in only a few years—peaceful and happy years at that.

"But it will not always be so. Today there are 4,000,000 acres of school land for sale by the State of Texas. It will be all gone tomorrow. Today a 10 acre farm can be bought for a thousand dollars. Tomorrow that farm will cost two or five thousand dollars.

"The man who is sensible will get land, and having gotten it, he will hold onto it as long as life lasts—and then he will lie it up so that even his children's children cannot sell it."—Honey Grove Signal.

## ARE YOU A GOOD CITIZEN.

Few people like to admit that they are not good citizens of their country, state and town. However the average citizen hasn't a definite scale by which he weighs or measures citizenship. Many say, "Yes I feel that I am a good citizen of my town. I pay my taxes, obey the law, and keep out of jail." And it very often happens that some such good citizens are really not worth much to the town so far as its general welfare is concerned. In defining good citizenship, Theodore Roosevelt once said: "The first requisite of a good citizen is that he shall be able and willing to pull his weight, that he shall not be a mere passenger but shall do his share in the work that each generation of us has ready, that in doing his work he shall show not only the capacity for sturdy self-help, but also self-respecting regard for right of others." When one stops to analyze that definition, he finds a great deal of meat in it. There are too many people in our town and communities who are not pulling their own weight. Rather, they are dead weight for someone else to pull.

Before boasting of his citizenship, one should certainly ask himself whether he is doing things to make his town and his community better—whether he is pulling his share of the load. In one way of looking at the subject the mere matter of paying taxes and keeping out of jail and obeying the law constitutes the smallest element in real good beneficial citizenship.—Merchants Trades Journal.

## INFANTILE PLAGUE MEDICAL FRAUDS WARNED AGAINST.

WASHINGTON, July 27.—Warning was issued to the public today by the department of agriculture to look with extreme suspicion upon any preparation offered for sale as being effective for the treatment of infantile paralysis.

Department officials charged with the enforcement of the food and drug act, an announcement states, "expect the outbreak of infantile paralysis will tempt unscrupulous persons to offer for sale so-called 'cures' or remedies for this dread malady. They, therefore, have issued special instructions to food and drug inspectors to be particularly alert for interstate shipment or importation of medicines, the makers of which allege that they will cure or alleviate this disease for which at the present time no medicinal cure is known."

The brother over at Nacogdoches on the Sentinel, admonishes his readers not to worry, but to let their minds dwell on what a perfectly lovely and juicy watermelon they can buy for a thin dime. Still, many of us worry because we can eat so little of so much.—Palentine Herald.

## Terrible Croup Attack Quickly Repulsed By Old Reliable Remedy

Well known Georgia store keeper has mastered croup and colds for his family of ten with Foley's Honey and Tar Compound.

The minute that hoarse, terrifying croupy cough is heard in the home of T. J. Barber, of Jefferson, Ga., out comes Foley's Honey and Tar Compound—there's always a bottle ready. Here's what he says: "Two of my children, one boy and a girl, aged eight and six years respectively, had terrible attacks of croup last winter and I completely cured them with Foley's Honey and Tar Compound. I have ten in family and for years I have used Foley's Honey and Tar Compound and it never fails. Danish worry and save doctor bills—keep Foley's Honey and Tar Compound always on hand, in your home. One bottle lasts a long time—it's reliable and safe—and the last dose is as good as the first. Get the genuine.

## NEW PARTY IN MEXICO.

Houston Chronicle. A new party is forming in Mexico, composed of scientists and clericals. It is said to be headed by Tagle. This is the old Diaz regime coming back to life, with the church forces added, and a few of the Madero faction.

It is a compound of land barons, prelates and such progressive as have come to the conclusion that nothing is to be hoped from a revolution in which peasants are the dominating factor.

If it is impregnated with arrogance, ruthlessness and an inclination to be despotic, it is blessed with most of the brains and intelligence. Under present conditions Mexico seems doomed to be steered by a few educated crooks or by many honest ignoramouses.

For our part we are undetermined which it is best to go to sea with, a trained, but dishonest captain, or a right-minded land-lubber.

This seems to be the alternative which Mexico faces, barring American intervention, and all her friends can say is "God help her," since nobody else will.

Diaz and his clique must rise again, or chaos will continue.

On the one hand looms the prospect of renewed despotism with a false and unjust prosperity. On the other there is continued revolution with decorated horse thieves, ex bartenders and old-time cattle rustlers to lead the rabble.

The half-naked, indifferent peon, who represents the great majority of Mexico, must either be dominated by a Terrazas or be led by a Villa.

Which is best for him? Which will contribute more to his elevation?

At present, and for a long time to come, autocracy is his lot; either the autocracy of the land-grabber and concessionary, or of the highwayman and bandit.

For democracy there is not the ghost of a show. Democracy is a matter of intelligence, of development, of slow realization, not of mere revolution.

## CONGRESS TO INVESTIGATE RAILROAD SITUATION.

WASHINGTON, July 27.—Investigation of the railway situation in the United States by a joint congressional committee probably will be deferred until after the November elections. (Although house members are getting the inquiry started without delay, senators want it postponed. The committee is to report at the next session of congress.—The investigation will cover a wide field. It will go into transportation facilities and railway regulation, government ownership, legislation and other questions.

## PIONEER OF SAN AUGUSTINE NUMBERED WITH THE DEAD.

SAN AUGUSTINE, Texas, July 27.—Mrs. G. M. Smith, one of the oldest citizens of this place died at the home of her son, R. B. Smith, at Shelbyville, where she was on a visit, Tuesday and was buried here Wednesday afternoon.

Mrs. Smith was the youngest child of Judge and Mrs. Alfred Polk, early settlers of this county and was born March 23, 1846, at the old Polk home, five miles west of town. She was married to G. M. Smith and moved to Shelbyville where they made their home for a number of years until the death of her husband, March 24, 1902, since which time she has made her home with her children. Her death occurred while she was on a visit to her son at her old home in Shelbyville. She is survived by eight children, Mrs. John poarcher and Mrs. John Burrows of this place; Dr. G. M. Smith and Tom Smith of this place, Byron and Charlie of Center and Robert of Shelbyville. The remains were brought to this place Wednesday afternoon from Center and interment made in the cemetery with Rev. D. A. McEac conducting the services. A large crowd was present at the funeral.

# The Sentinel

HALTOM & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

Lufkin is making a special exception with the Sentinel in its "Home Coming Week," sending the following invitation through the News: "The mere fact that you have never lived here, Bro. Gibbs, need not militate against your joining such a happy band. Come on in—the water is going to be fine." With these "naturalization papers," we suppose we will have to run down for a day.

It is the universal verdict of people who have traveled over East Texas lately that the finest crop in the history of the section is now growing, which in turn insures some great times. Let us hope that the farmers and all others who may owe debts will free themselves, and others will save up something for the proverbial "rainy day" while the good times are on, for we have no assurance that conditions will always be thus.

A number of oil mill men met at Houston this week to discuss the matter of milling and marketing the large peanut crop. About thirty mills over the state have equipped for this service and they estimate that they will enjoy a double run this season by reason of the new crop.—Nacogdoches Sentinel.

This is the first statement that we have seen with reference to the number of mills that would crush peanuts during the coming season. The business interests of the state deserve congratulation upon the opening up of this new industry.—Temple Telegram.

Swift & Co., the big meat packers, have voted to set aside \$2,000,000 as a permanent fund to which will be added \$400,000 a year, the income to be used as a pension for employees who have grown old in the service. The Wells-Fargo Express Co., and a number of other large corporations are doing likewise, thus giving back some of their vast accumulations to the people who helped them make it, for which they are to be commended. But there is one class yet neglected, who are "paying the freight" for it all, the producers, who are lost sight of in the ebulliences in many instances.

## AD VALOREM TAX RATE CUT DOWN

Austin, July 31.—The state ad valorem tax rate was today reduced from 30 to 20 cents on the \$100 property valuation at a meeting of the state automatic tax board. This means that the total taxes for 1916 is 45 instead of 55 cents, unless there is a change in the state and school tax rate. The state board of education fixes the school tax rate, the rate now being 20 cents, and the Confederate pension tax remains the same—that is, 5 cents on the \$100 property valuation.

This new 20-cent tax rate was based on a total estimated property valuation in Texas of \$2,754,313,023, and is calculated to cover all appropriations which become available on Sept. 1, in the total appropriations being \$7,299,788.

Miss Hattie Stanford, a most lovable young woman, of Lorena, Texas, who expected to spend a few weeks visiting her former room-mate at college, Miss Willie Cason, was called home Saturday on account of the death of her niece. Miss Stanford during her few days visit here made a number of friends who would welcome her return to Nacogdoches.

To Local Committees—Important.

Owing to the number on the regular program, and the limited time in which the lecturers have to present their subjects, it is most earnestly requested that you do not embarrass the leader with requests for time on the program for local or others speakers not on our regular team. Your co-operation in this matter will save the program from being thrown into confusion, and will also result in your farmers and their wives receiving the maximum amount of benefit from the school.

CLARENCE OUSLEY, Director and State Agent, A. & M. College of Texas.

## HENDERSON CASHIER DEAD

Henderson, Texas, July 30.—Albert B. Graham, son of the late Joe Graham, cashier of the Farmers and Merchants National Bank of this city, died at his home this morning at 7:30 o'clock. His death was due to typhoid fever, which developed Friday. Graham was well known throughout the State in banking circles. He was 32 years of age and had been cashier of the bank in this city for the last eight years. He is survived by his mother and two sisters, Mrs. Harry Jones of Hallsville and Mrs. Jack Horner of Oklahoma City. Funeral arrangements have not been announced.

## ENDORING ERNEST MATTHEWS.

To the Voters of Nacogdoches County:

We, the undersigned school patrons and citizens of Oak Ridge School Community heartily endorse and recommend unto you for your consideration the candidacy of Ernest W. Matthews for County School Superintendent. Mt. Matthews has been with us as principal of our school for the past three years, and we note with pride the progress of our schools under his management; growing from a school of two teachers to a High School of three teachers. We have been well pleased with his work and especially are we pleased with the energy he puts forth for the cause of education. He is an upright christian gentleman and worthy of your support and influence at the coming primary. J. F. Gaston, R. C. Gaston, J. D. Gaston, N. T. Sisco, W. M. Cisco, D. A. Brown, A. K. Aubry, E. To the Voters of Nacogdoches County:

We, the undersigned school patrons and citizens of the Melrose and Janesville school communities, take pleasure in recommending unto you for your careful consideration the candidacy of Ernest W. Matthews for County School Superintendent. He has taught in Melrose school two years and in Janesville school one year. We were all pleased with the work he did and especially in the interest he took in our welfare, together with the energy and effort he put forth for the upbuilding of our schools and communities. He is an honest, upright, christian gentleman and we feel that you will make no mistake in honoring him with your support and influence at the coming primaries: Edgar Muckleroy, John N. Wilson, A. B. ## FROM G. H. METTAUER.

To the Citizens of Nacogdoches County:

I take this method of expressing my warm appreciation to you for the many kindnesses shown me in my recent race in the primaries. To those who saw fit to support me, I am doubly grateful for your assistance and influence. To those who through personal friendship and preference voted for my opponents, I bear not the slightest enmity or ill will. You simply assisted your friends as mine did me, which was not only your privilege, but your duty. They are all good men and worthy of your support. I certainly would have appreciated the office, but you have decreed otherwise. To this I cheerfully bow. However I have gained in this race more than an office. I have extended my acquaintance through the county and enlarged my circle of friends. This is worth more than the possession of office or property. We can neither live nor die to ourselves. And by association with the good citizenship of this county for the past few months I am today a better and stronger man.

G. H. METTAUER.

## SOMNAMBULIST SHEARS HER SUITE OF HAIR

The following report of an embarrassing incident is taken from this morning's issue of the Shreveport Times: In an attack of somnambulism experienced late Monday night, Miss Bessie Basche left her room on the second floor of the family residence, 435 Western avenue, crept downstairs through the darkness to the sewing room, where she grasped a pair of shears and hacked to pieces the magnificent suite of hair which was at once her greatest pride and the object of great admiration on the part of her friends.

The robbery completed, Miss Basche was on her way to the street when Mrs. Basche awakened by some slight sound, walked out into the upstairs hall and saw the white figure of Miss Basche slipping through the front door. She called to her and woke her, but it was not until the lights were turned on that they learned what had happened.

## FROM J. P. FULGHUM.

I take this method of giving assurance of my appreciation to the good people of my precinct for the splendid vote they gave me for commissioner in the first primary, which allowed me to get through the first line in the lead. I crave a continuation of your support in the second, as well as a share of the support given to the splendid gentleman who was dropped from the list, promising you that if elected I will spare no effort to make you a faithful public servant, and will deal fairly and impartially with all sections of my precinct.

Gratefully,  
J. P. FULGHUM.

## LOUISIANA BANKER IS A SUICIDE.

Ruston, La., Aug. 1.—Harry Goodwill, cashier of the Lincoln Parish Bank here, was found this morning in a swamp, about eight miles north of this city, with a self-inflicted bullet hole through his heart. He left two notes, one addressed to his widow, and another to C. W. Perkins, president of the bank, in which he is said to have admitted a shortage in his accounts and told where it could be found. It is reported in Ruston that the shortage amounts to \$46,000, but officials deny that the note gives that amount.

The dead man left Ruston in an automobile at 3:30 Tuesday, stating that he was going to Minden, where his mother and several brothers live. He turned off from the Ruston-Homer road into an old wagon trail about eight miles north of here. After running his car over several fallen trees, he came to one too large for the car to cross and stopped. He left his car and walked on for about 100 yards and then shot himself, the bullet entering his left breast, passing through his heart and out through his back.

## ABOUT ASSESSMENTS AND TAX RATE.

To the Citizens of Nacogdoches County:

In view of the fact that the fight was made against me in the race for tax assessor of your county distinctly upon the grounds that I have raised the assessments of your county, below you will find the total valuation of your county for the last two years of Mr. Sullivan's assessments: 1913, \$9,528,490.00; 1914, \$9,618,080.00; Total valuation of Mr. Sullivan's assessments, \$19,146,570. The two years of my assessments is for the year 1915, \$9,759,520. and for the year 1916 is \$9,011,490, making a total for the two years that I was your assessor \$18,770,010. The assessment for Mr. Sullivan's two years was \$375,560 more than the two years that I was your assessor. In view of these facts, and in justice to the men who supported me in my race for second term, I feel that the people should have this information.

Now as to the tax rate, your commissioners cannot make the county rate. The state tax board make the state rate. Your County Superintendent gives me your school rate and the law requires me to put it on the rolls as it is given me by the above named parties. In justice to myself I feel that this statement should be made to the public, that they should know just what means were used to defeat me. To the people who voted against me I have no ill feeling, for I believe you were honest in your convictions, and only deceived by the false reports that were circulated against me for no other purpose than to defeat me.

Yours respectfully,  
J. F. VONDERSMITH.

## GRAVEYARD WORKING.

All who have loved ones or are interested in keeping clean the city of the dead will meet at the Geo. Christian graveyard at Decoy, Texas, Wednesday, August 16, 1916, prepared with rakes, spades, hoes etc., to do a good day's work.

Bring dinner and let's spend the day.

J. W. LEWIS.

## Lost Hog.

About ten days ago I lost a Poland China Sow, about 4 years old, weighs about 250 pounds. Will pay reward for return or information leading to recovery.

W. M. Petty, Route 4, Nacogdoches.

## SOME BOYS AND GIRLS HAVEN'T THOUGHT OF THIS

Don't spatter a pint of brains over the vast field of art, science and literature. Don't think that a smattering of Greek and Latin, Analytics and college yells make one a learned man or fits him for business, and don't hitch a business brain to a Greek lexicon. Many a man becomes nothing by trying to become all. The shot gun uses much more ammunition than the rifle, but it isn't half as effective except on little game.

If you wanted to be a dentist you wouldn't attend a law school. If you wanted to be an eye, ear, nose and throat specialist, you would not attend a theological school. If you wanted to be a lawyer you would not attend a medical university. Why not apply the same good common sense if you want to be a business man or woman and attend a college that makes a specialty of thoroughly preparing its graduates by giving them a complete course in any or all of the following subjects: Bookkeeping, Salesmanship, Shorthand, Stenotypewriting, Money and Banking, Corporation and Finance, Taxation and Public Finance, Private Secretaryship, Advertising, Business Law, Business English, Commercial Arithmetic, Real Estate and Insurance, Commercial History Higher Accounting, Economics, Parliamentary Law, Managerialship, Cotton Classing, Telegraphy and Station Work, etc.

The professions are all over overcrowded; it requires half a life time for one to succeed in them, and half a fortune to begin success. With business it is not so. The average business man earns \$27,000.00 more than the professional man in the average earning period of life. Get busy; do things; life's too short for business men to spend effort on dead languages and other things two thousand years old, when living issues and golden opportunities are calling them. The above subjects are the things that business men should know and they must be learned in a practical business office and training school like the Tyler Commercial College of Tyler, Texas. A school that has for years studied the demands of the business office and is meeting them. Young friends, there is no walk in life that you can pursue as successfully without a business training as with it. Write today for catalogue and begin thinking seriously of your preparation for life's duties.

Next week this paper will publish interesting statements from many of America's greatest statesmen and business men as to the value of a business training. Read it.

## FROM A. J. HAGAN.

To the Democratic Voters of Precinct No. 1:

With the approach of the second primary in which I will participate as one of the candidates for your constable, I take this method to give you my assurance that if elected I will discharge all duties incumbent upon me fairly and impartially to all alike, and will do everything in my power to make you a careful and painstaking officer.

All papers placed in my hands will be served promptly and returns made thereon as the law directs, and all infractions of the law coming under my jurisdiction will be looked after as faithfully and energetically as I would go at any other work or service. I will be on hand at all times, day and night, giving my personal attention and the best there is in me to the discharge of every duty.

Very truly,  
A. J. HAGAN.

# MANY TRACTORS FOR STATE FAIR

## FARM IMPLEMENTS TO FEATURE 1916 DISPLAY THIS EXHIBIT LARGEST EVER SHOWN.

When the great State Fair of Texas opens at Dallas October 14, the largest and most valuable collection of Farm Implements, Vehicles and Machinery that the South ever saw will be ready for the public.

A recent announcement from the office of Secretary W. H. Stratton, of the Fair Association, states that negotiations for space have been concluded with a large majority of the country's best manufacturers in these lines, and that the demands for representation will undoubtedly fill the available space to overflowing, notwithstanding the fact that more than ten acres of ground space have been reserved.

An interesting part of this great exhibit, particularly to the farmer who believes in progressive methods in agriculture, will be the great number of new devices shown. During the past year many improvements have been made in farm machinery and practically all of these will be included.

**Big Automobile Show.**  
Secretary Stratton also advises that present indications point to the largest and most complete show of automobiles ever seen in this part of the country. Practically all of the cars of standard makes will be shown, and the many improvements as shown in the 1917 models will no doubt interest many. A special showing of commercial cars and trucks will be of interest to many farmers. During the past three or four years many farmers in all parts of the country have found profit in a suitable car to haul their lighter produce to the market, and several factories have specialized in cars suitable for this purpose. These will all be shown.

**Many Tractors to Be Shown.**  
A topic in which the Southwestern farmer of today is vitally interested is Power Farming, as practiced with the various types of Tractors now being made and sold for use on the farms. Nearly every farmer who has given this subject deep thought has become convinced that tractors are a paying investment, particularly where the acreage is large.

Nearly all of the popular types of tractors will be seen at the 1916 State Fair of Texas—the leading manufacturers of the country having already negotiated for space.

Many of these tractors will be shown in active operation, under conditions approximately as closely as possible the conditions found upon the average farm of this section. Here, then, is an opportunity for the farmer who wants light on this interesting subject to form an intelligent comparison.

## NEW LIVE STOCK BARN AT STATE FAIR OF TEXAS

When the State Fair of Texas opens at Dallas October 14, 1916 it will be provided with better facilities for housing live stock entries than have ever heretofore been the property of any Fair Association.

During the past year, according to an announcement from W. H. Stratton, secretary of the Fair Association, a number of new barns have been constructed, and these are of the latest modern type of construction and of an architectural design which will make them harmonize with the many other beautiful permanent buildings owned by the Fair Association.

Those who have had the pleasure of a visit to Fair Park, Dallas, during the State Fair, know that in number and beauty of permanent buildings, the State Fair of Texas is surpassed by that of no other State. These new barns are thoroughly in keeping with their surroundings, and will reflect added credit to the "Fair Without an Equal." At the same time they will add greatly to the pleasure of exhibitors in showing their stock and will facilitate matters generally in the Live Stock Department.

Secretary Stratton also announces that there is every present indication to the effect that the entries in all agricultural and live stock divisions will be greatly increased this year and that there is no doubt but what the largely increased facilities provided by these new barns, will be taxed to the utmost to provide suitable quarters for all entries in these divisions.

## POULTRY SHOW AT STATE FAIR

W. H. Stratton, secretary of the Fair Association, recently announced that, in keeping with the increasing value of Southwestern poultry productions, the State Fair of Texas would materially increase the premiums offered annually for poultry exhibits, and this announcement is followed by the statement that a division has been created for pigeons and that a special building is being constructed to house the exhibits in this new class. Better facilities have likewise been provided for the exhibits of ducks, and a large duck pond is now in course of construction.

In the main section of the poultry division increased space has been allotted for the exhibits of all standard and utility breeds, and present indications are that each breed will have a large following. Numerous requests for entry blanks have been received from the premier poultry fanciers of the Southwest, and there is every reason to believe that the best and biggest poultry show ever seen in the South will be a part of the 1916 State Fair of Texas.

Entries in the poultry department will close Wednesday, October 11, and poultry fanciers who contemplate making an exhibit at the Fair should send in their entries promptly.

## ELECTION DAY.

Election day has under its control, The destiny of both the young and old; And makes us feel so very strange, Just to think of such a sudden change.

It can't at all please every candidate, But they have to do their best at any rate; To get the place to which they have aspired, Yet only one to each office is required.

It matters not whether we were pacified, So let us all be pleased and satisfied; For we must work and do our best, To make things pleasant for the rest.

All that we know about Judge Perrette, It that he was elected on his merit; And if you go to him when guilty of crime, He's that sure to make you pay a fine.

Down at Austin, you'll see Edgar Thomason, Sticking to all he has been promised; And for his people, there will he plead, To get everything in the world they need.

Now as to our County Attorney, Willie Wade, All he's had to do is sit up in the shade; For everyone in the county knew, That to get his place, they'd have to run about.

We will have to keep Lake Orton, For the young folks say he's so important; Oh, they mean the office that he holds, Or else those license he controls.

Our next Tax Assessor is Bart Shirley, And he surely will have to get up early; Then work almost day and night, To bring our taxes all in right.

For the other offices, some are still to run, And those who get defeated, are sure to miss the fun; But may they never in this world despair, For of other things they may never get their share.

Now let us think of G. B. Layton, Who for an office has been blatin'; And to get the office of County Superintendent, He feels sure, 'twould make him independent.

The next on the program, is Ernest Matthews, And not to get elected, will give him the blues; Yet he says he can see at a very slight glance, That to be County Superintendent, he still has a chance.

For County Treasurer, now comes William Hall, And not to get this office, is sure to make him bald; Yet who's to be elected, it's hard to tell, For both the men are running mighty well.

Aspiring to this office, here is J. F. Floyd, Who as our County Treasurer, wants to be employed; But knowing not conditions as they are, To make any prediction, is going still too far.

Next comes the Sheriff, and it may be Luther Prince, But still may be not, for he is on the fence; Yet he is going to fall, on this or the other side, And as to how he falls, the voters will decide.

Again as to the Sheriff, we may get Mr. Fountain, Who will give as much protection as the highest mountain; Although considering everything about this awful race, It's hard for us to say which can keep the fastest pace.

Everyone in the county knows Claude Watson, And how hard he's worked to miss the hot sun; Yet that's all any of them are trying to do, Except to make a little money to put them through.

Now the next we find is Normal Hall, Who wants to be elected before next fall; However hard the office of District Clerk, He believes that he's able to do the work.

Another to be considered, is Mr. J. E. Teutsch, And to rhyme his name, it's hard to rhyme it right; Yet for the office of Tax Collector, he is running, To accept the money, that forthwith should be coming.

The last on the list is Uncle Jimmie Melton, And the getting of an office, he has often dwelt on; But he and his opponent both, are mighty good men, So it's hard indeed, to tell which one will win.

If election day has nothing to you brought, Don't be satisfied until something you have wrought; For if you'll try, trust, work and persevere, You are sure to be rewarded in a later year.

Abram in honor of the visitors.—Lufkin News.

**A Good Thing For Children.**  
Foley's Honey and Tar is a particularly good cold, cough and croup medicine for children because it contains no opiates or habit-forming drugs. The "little colds" of summer, as well as the long standing, deep seated coughs, that hang on for months, are banished by its use. The first dose brings relief and comfort. Stripling, Haselwood & Co. dwl

County Superintendent Stripling has returned from a visit to Austin, where he went to get through the bond issues for the school districts of Melrose, Spradley and Spring Hill, and informs The Sentinel that he succeeded, with each, as a result of which immediate work will be begun on the erection of better school buildings for those communities.

**A Doctor's Remedy For Coughs.**  
As a cure for coughs and colds Dr. Bell's Pine-Tar-Honey combines these remedies in just the right proportion to do the most good for summer coughs or colds. A trial will prove the value of this splendid cough medicine. Dr. Bell's Pine-Tar-Honey soothes the irritation, stops your cough, kills the cold germs and does you a world of good. A 25c bottle will more than convince you—it will stop your cough. At druggists. dw

## THE TEMPERATURE.

The heat has been so oppressive the past few days, that many people have complained in consequence, and will be interested in knowing just how hot it has been.

At the government station yesterday the thermometer registered 95. The hottest day of the year was last Thursday when the thermometer registered 99. The showers, making a steam in the earth, have made the heat more oppressive than would otherwise have been.

## PRESIDENT OF COTTON BELT RAILROAD DIES

DALLAS, Texas, July 26.—F. H. Britton, aged 66, president of the Cotton Belt railroad, died at his home in St. Louis this morning, after an illness of stomach trouble, according to advices received here today.

He was president of the Cotton Belt railroad for 17 years.

## FROM SAN AUGUSTINE TRIBUNE

Edgar Muckleroy of Nacogdoches is here this week visiting friends and relatives.

Messrs. J. W. Martin and Henry Seale of Nacogdoches County were in the city Tuesday.

Hon. Beeman Strong of Nacogdoches, an attorney of note in East Texas, was here Tuesday attending district court.

## COUNTY COURT.

Among the cases disposed of in county court last, which The Sentinel failed to get in its report of the proceedings, was that of Mack Perry, a negro who assaulted his wife some days ago, almost beating her to death in the attack. He was fined \$1,000 and consigned to the road gang where he will work for the county one year.

This morning Dan Sims, who has been in jail on several charges of selling whiskey, plead guilty in four cases and was fined \$25 and twenty days in jail in each case.

## Tax Collector Geo. F. Rainbolt of this city, and Messrs. A. C. Irwin, Gordon Langston and Belton Latimer of Garrison left Saturday night for an overland trip to New Orleans. The party went to Shreveport and will go down the Red River road, which is said to be very fine for motoring.

## FROM J. P. MANGHAM.

To the Voters of Precinct No. 4:  
I thank you for your support you gave me on July 22nd. I will appreciate your support again on August 12th.

J. P. MANGHAM.

## BIG TYPEWRITER VALUE.

I have secured the agency for the Rex typewriter, a machine that possesses all the improvements of the \$100 machine, with some more of its own, which I can sell for \$67.50, payable \$7.50 at time of delivery and the balance in monthly installments of \$2.50 per month, like rent.

Sample machine may be seen and demonstrated at The Sentinel office for the next ten days. If interested in the purchase of a machine let me show you the Rex, which is the latest in typewriter manufacture, and guaranteed for ten years.

### LEGISLATIVE LINE-UP ON WET AND DRY ISSUE

**DALLAS, Texas, July 27.**—An analysis of the complexion of the house of representative of the Thirty-Fifth Legislature with regard to prohibition as made by the Texas election bureau reveals the fact that 57 prohibitionists, 56 anti-prohibitionists and 27 conservative or mild prohibitionists have been nominated.

In two districts the results have not been determined and in one other the attitude of the nominee is not known.

In order to submit the prohibition amendment the pros must have 89 votes. Forty-eight negative votes would defeat submission. In the senate the anti-prohibitionists have 12 antis and possibly 13. There the prohibitionists must have 21 votes and 11 negative votes would defeat the proposition.

### FARM LOAN BOARD NAMED BY WILSON

**WASHINGTON, July 27.**—Division of the country into 12 federal land bank districts and location of federal land banks in each of them under the new rural credits law will be undertaken soon by the federal farm loan board, four of whose members were nominated Thursday by President Wilson. Secretary McAdoo, who is an ex-officio member, completes the board, said Thursday night, however that he believed it would be impossible to conclude organization of the system in less than six months and that it might not be in actual operation before next spring.

The four men nominated as members of the board are Charles E. Lobbell of Kansas, George W. Norris of Pennsylvania, W. S. A. Smith of Iowa and Herbert Quick of West Virginia. The president is expected to designate either Mr. Norris or Mr. Quick, the democratic members of the board, to act as farm loan commissioner and executive head of the farm loan system.

Until the senate acts upon the nominations no date for a meeting can be set, but it was believed probable Thursday night that the members would get together within the next two weeks.

Hearings on the designation of districts and the location of banks probably will begin some time in September. The first of these is expected to be held here and most of the State capitals probably will be visited before they are concluded.

### FROM W. V. FOUNTAIN.

I take this method of expressing my appreciation for the splendid vote I received in last Saturday's primary, which was sufficient to put me in the second primary.

I will thank my friends for a continuation of their loyalty, and solicit the vote of those who voted for men who were not successful in getting through the lines into the second primary, promising in return that if elected I will give my whole time and personal attention to the discharge of the duties of the office of sheriff, and will put forth every effort possible to make you a fair and impartial officer, shirking no duty, and taking no advantage of my position to be overbearing with any.

Again thanking all for past and future support, I am

Gratefully yours,  
W. V. FOUNTAIN.

### 100 BALES OF THE 1916 COTTON CROP PURCHASED

**HARLINGEN, Texas, July 26.**—One hundred bales of 1916 cotton, the first produced in the United States, were bought yesterday by R. A. Nicholson of Ballinger, Texas, who is in Harlingen. The cotton was grown in the lower Rio Grande valley, where each year the first bale has been produced up to the present time.

### FORMER COUNTY MAN WAS GORED TO DEATH

**W. H. Long, who was once a citizen of this county, living at Garrison, later living at Pineland where he served as postmaster several years, from which place he moved to Fort Worth, was gored to death by a yearling a day or two ago.** A full account of the affair is contained in the following, which we take from the Fort Worth Telegram:

W. H. Long, 62, retired, 1236 Elmwood street, was gored to death by a yearling heifer Wednesday morning at the home of Mrs. T. J. Walker, 1207 Elmwood street. The yearling was in Mrs. Walker's flower bed near the sidewalk and Long attempted to drive it away when she attacked him. He was knocked down several times and the animal charged him repeatedly, goring him with her four-inch horns in seven places on the chest, one wound being inflicted directly over the heart. The yearling is owned by R. L. Humphreys, 105 Elmwood. None of the family was at home at the time and Mrs. Walker was the only person who witnessed the attack. Long finally managed to get to his feet and staggered toward his home, a block away.

### Woman Not Attacked.

"He said: 'I believe that calf has killed me,'" asserted Mrs. Walker, "and then I drove the animal into Humphreys' yard and shut the gate. She did not try to hurt me. When I looked for Mr. Long next he had fallen to the ground. I spoke to him but he never answered."

Mrs. Long had been advised over the telephone that her husband had been wounded by the yearling and ran to the street. Only a few yards from his home Long fell and died while his wife was with him.

Mrs. J. W. Brantley, 1216 Jefferson street, saw Long immediately after the animal had gored him, stagger along the street. She placed her baby on the floor and was starting for him, thinking him ill, when Mrs. Long reached his side.

Soon after Long had died Mrs. Humphreys returned home with her 3-year-old daughter, whom she had just brought from the hospital. The girl had been ill with typhoid fever.

### Previous Attack Made.

The Humphreys have been trying to sell the animal for a week but were unsuccessful. Last Saturday the yearling made an attack on T. S. Sheppard, 1014 Allen avenue. He fought the calf off and escaped injury although his clothing was torn.

Long had lived in Fort Worth only a year, having come from Garrison, Texas. He is survived by his wife and three children. The body will be sent by the Robertson Undertaking Company to Cold Springs, Texas, for burial, probably Thursday. Cold Springs is near Garrison. Justice Emmett Moore investigated the killing and gave a verdict that Long came to his death by being gored to death by the yearling.

The Longs, Humphreys and Walkers have been close friends and the tragedy cast a gloom over the neighborhood. Mrs. Humphreys Wednesday declared that they would either sell or have the yearling killed at once.

Long had been in the dairy business here on a small scale and was considered well-to-do.

### CAPTAIN W. E. CRADDOCK DIED THURSDAY AT GATESVILLE

**AUSTIN, Texas, July 27.**—Governor Ferguson was deeply affected by the news of the death of Captain W. E. Craddock at Gatesville Thursday, which was received in a telegram from Dr. R. D. Bailey of that city. Captain Craddock's death occurred about noon and was sudden, resulting from heart trouble, of which he had been afflicted for some time. He left Austin last Thursday for his ranch in Coryell county and voted at Gatesville in the democratic primaries Saturday.

### TWO YOUNG MEN HURT IN RUNAWAY ACCIDENT

**Arm of One, and Thigh of Another Was Broken as Team Ran Away On South Fredonia Street.**

From Friday's Daily.

Late yesterday afternoon while J. C. Brock and his younger brother, a boy of about sixteen years of age, whose name we could not learn, were returning to their home out on the Cox place, some two miles south of town, the team ran away on South Fredonia street, throwing both out, and in the fall the elder suffered a broken wrist and the boy a broken thigh.

They were picked up and brought to town where the broken bones were "set" and they were doing nicely at last report.

### BREAD DISEASE IN 10 TEXAS COUNTIES

**AUSTIN, Texas, July 27.**—Infantile paralysis has been reported to the State board of health, according to figures compiled by Dr. W. A. Davis, State registrar of vital statistics, in 10 counties of the State during the months of June and July, there being a total of 12 cases. During the month of June five cases of infantile paralysis with three deaths were reported. These reports showed the disease in Dallas, Bell, Williamson, Bexar and Galveston counties. During July five additional counties have reported the disease: Potter county one case, Grayson county, one case; Erath county, five cases; Jackson county, one case; Donley county, three cases.

Up to this time the disease can not be traced to the counties along any certain line of transportation, as was the condition in 1913 and 1914 with the epidemic of meningitis or in 1915 and 1916 with the epidemic of typhus fever, which followed clearly the line of a railroad. According to the State board of health it is all the more necessary that every individual shall look after the sanitary condition of his own home and city in order to feel any security because he is not in the line of travel.

The location of the last two counties reporting show that they are not in any way connected, and although the State board of health believes it plain that the diseases is carried by those that are exposed, the cases now in the State did not originate from a common point of infection.

### STUPENDOUS WAR COST.

**NEW YORK, July 27.**—On August 1, the second anniversary of the start of the great war, the direct money cost to all of the belligerents will have reached \$55,000,000,000.

This is the consensus of financial opinion here. Estimate six months ago were slightly lower, but the daily cost has mounted steadily and the figures given are considered conservative.

The direct cost does not include the losses by destruction of property, by the disorganization of civilian industry, by the death and crippling of workers and by enervating human sickness and misery.

### A LADY FROM CLAWSON DIED AT THE HOSPITAL

From Friday's Daily.

Mrs. Lula Bargaineer of Clawson, Texas, who was brought to the hospital in this city for treatment a day or two ago, died at 2:30 yesterday afternoon. She was so low when she was brought here it was impossible to reach her with treatment, and it was apparent from the time of arrival that she could not survive.

The remains of the lady were shipped by Cason, Monk & Co., to Clawson last night where they will be laid to rest today, accompanied by her widowed husband, her sister and brother-in-law, Mr. and Mrs. Sutzer of Clawson, and a sister, of this county, Mrs. Albritton of Chireno.

Mrs. Bargaineer is survived by her widowed husband, six sons and two daughters, and was about thirty-nine years of age at the time of her death.

### SUBMISSION CARRIES IN TEXAS BY A SAFE MARGIN

**DALLAS, Texas, July 27.**—Submission to Texas voters of a constitutional amendment for statewide prohibition, balloted upon in last Saturday's democratic primaries was leading on additional returns tonight by about 3,200 votes according to revised figures, compiled by the Dallas Morning News. While several counties are still to be heard from, these figures, according to the News, will not be materially reduced, judging from previous votes on the prohibition question, and the paper will say tomorrow, that "run of the returns indicates that submission has carried."

The figures at midnight stood: For 160,060, against 156,843.

### WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrition gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Scott & Bowne, Bloomfield, N. J.

### CAN FRUIT WITHOUT SUGAR.

**WASHINGTON, D. C. July 28.**—Fruit for use in pie or salads or as stewed fruit can be put up or canned without the use of any sugar at all, according to the canning specialists of the Department. They, therefore, advise those who, because of the high price of sugar, have been thinking of reducing the amount of fruit they put up, to can as much of their surplus as possible by the use of boiling water when the use of sugar sirup is beyond their means. Any fruit, they say, may be successfully sterilized and retained in the pack by simply adding boiling water instead of the hot sirup. The use of sugar, of course, is desirable in the canning of all kinds of fruits and makes a better and ready sweetened product. Moreover, most of the fruits when canned in water alone do not retain their natural flavor, texture and color as well as fruit put up in sirup. Fruit canned without sugar to be used for sauces or desserts must be sweetened.

### Directions.

Can the product the same day it is picked. Cut, stem, or seed, and clean the fruit by placing it in a strainer and pouring water over it until it is clean. Pack the product thoroughly in glass jars or tin cans until they are full; use the handle of a table-spoon, wooden ladle, or table knife for packing purposes. Pour over the fruit boiling water from a kettle, place rubber and caps in position, particularly seal if using glass jars, seal completely if using tin cans. Place the containers in a sterilizing vat such as a wash boiler with a false bottom, or other receptacle improvised for the purpose. If using a hot water bath outfit, process for 90 minutes; count time after the water has reached the boiling point; the water must cover the highest jar in container. After sterilizing remove packs, seal glass jars, wrap in paper to prevent bleaching and store in a dry, cool place.

If you are canning in tin cans it will improve the product to plunge the cans quickly into cold water after sterilization. When using a steam pressure canner instead of the hot water bath, sterilize for 10 minutes with five pounds of steam pressure. Never allow the pressure to go over 10 pounds.

### UNCLE SAM PROTESTS

**WASHINGTON, July 27.**—A note to Great Britain objecting to the blacklisting of American business firms as an "invasion of neutral rights" was cabled to London late last night by the state department.

The communication discusses principles involved and will not interfere with informal discussions between representatives of the two governments over the cases of individual concerns, it was said today.

Officials hold the blacklist injures American houses in violation of international law. Issues involved will be taken up also, it is expected, with Great Britain's allies, who are understood to have urged the blacklist on the ground that their own merchants profiting through failure of London to follow their lead in making war on all enemies, commercial as well as military.

Acting Secretary Polk said the note to Great Britain did not deal with any of the specific cases of American firms blacklisted, but dealt wholly with the principle and called for action on the part of Great Britain.

### WILSON GRANTS TRENT A PARDON

**WASHINGTON, July 27.**—The 18 months prison sentence of L. E. Trent, convicted of land frauds in Oklahoma, which President Wilson recently reduced to nine months, was commuted today to expire at once. The president re-examined the case on an appeal from Trent's wife and child, indorsed by several members of the senate.

### 31 CHILDREN DEAD AND 151 STRICKEN

**NEW YORK, July 27.**—Only a slight decrease in the epidemic of infantile paralysis was noted today. During the last 24 hours there were 31 deaths and 151 new cases. More than 700 children now have been killed by the plague.

### CITATION BY PUBLICATION.

**THE STATE OF TEXAS.**  
To the Sheriff or any Constable of

**Naacodoches County—Greeting:**

You are hereby commanded to summon Dude Butler, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Naacodoches county, to be held at the court house thereof in Naacodoches, on the 1st Monday in September, A. D. 1916, the same being the 4th day of September, A. D. 1916, then and there to answer a petition filed in said Court on the 24th day of July, A. D. 1916, in a suit numbered on the docket of said Court No. 410, wherein Pearl Butler, Plaintiff and Dude Butler, Defendant, said petition alleging that Plaintiff is an actual bona fide inhabitant of the State of Texas, and has resided in Naacodoches County for more than one year next preceding the filing of this suit.

That Plaintiff and Defendant were lawfully married to each other on or about the 15th day of August, A. D. 1907, and thereafter lived and cohabited together as husband and wife until on or about the day of March, 1915, when Defendant was convicted in the District Court of Naacodoches County, Texas, upon a felony charge, since which time Plaintiff and Defendant have not lived together as husband and wife.

Wherefore Plaintiff prays that Defendant be cited to appear in terms of law and that upon a final hearing hereof she have judgment dissolving bonds of matrimony, for cost of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Naacodoches this 25th day of July, A. D. 1916.

CLAUDE C. WATSON, Clerk.  
District Court, Naacodoches County.

### CITATION BY PUBLICATION.

**THE STATE OF TEXAS.**  
To the Sheriff or any Constable of

**Naacodoches County—Greeting:**

You are hereby commanded to summon Seymour March, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your County, to appear at the next regular term of the District Court of Naacodoches County, to be held at the Court House thereof, in Naacodoches, on the 1st Monday in September, A. D. 1916, the same being the 4th day of September, A. D. 1916, then and there to answer a petition filed in said Court on the 6th day of December, A. D. 1915 in a suit, numbered on the docket of said Court No. 384, wherein Hattie March, is Plaintiff and Seymour March is Defendant, and said petition alleging that she is an actual bona fide inhabitant of the State of Texas, and has resided in Naacodoches County, Texas, for more than six months next preceding the filing of this suit.

That on or about the day of January, A. D. 1896, Plaintiff and Defendant were lawfully married to each other and lived and cohabited together as man and wife until on or about the day of September 1911, when Defendant abandoned this Plaintiff without cause on her part, and with the intention of permanently abandoning her and not living with her again as his wife, and they have not so lived together as man and wife since the date of their separation.

Plaintiff alleges that she at all times made the Defendant a kind and affectionate wife; that more than three years have elapsed since the date of their separation, therefore, she pleads the statute of three years abandonment for the dissolution of said marital contract.

Premises considered Plaintiff prays the Court that the defendant Seymour March be cited to appear and answer this petition; that upon a hearing hereof she have judgment dissolving said marriage contract, for costs of suit and such other and further relief both special and general as she will ever pray.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Naacodoches, this 25th day of July, A. D. 1916.

CLAUDE C. WATSON, Clerk.  
District Court, Naacodoches County.

### CITATION BY PUBLICATION.

**THE STATE OF TEXAS**  
To the Sheriff or any Constable of

**Naacodoches County—Greeting:**  
You are hereby commanded to summon Garfield Anderson, by making

publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Naacodoches County, to be held at the Court Houses hereof, in Naacodoches, on the 1st Monday in September, A. D. 1916, the same being the 4th day of September, A. D. 1916, then and there to answer a petition filed in said Court on the 10th day of July, A. D. 1916, in a suit numbered on the docket of the said Court as No. 409, wherein Lellie Anderson is Plaintiff, and said petition alleging that on or about the day of—A. D. 1915 Plaintiff and Defendant were lawfully married to each other in Naacodoches County, Texas, and thereafter lived together as husband and wife until on or about the 15th day of February A. D. 1916, when Plaintiff was compelled to abandon Defendant with the intention of remaining away from him.

That during the time they so lived together as husband and wife Plaintiff made Defendant a kind and dutiful wife, but Defendant unmindful of his marital vows persisted in cruel, outrageous treatment towards Plaintiff, and would strike Plaintiff without cause or provocation, thereby rendering their living together insupportable.

That as a result of said marriage there were born to them three children, Chester Anderson, a boy 11 years old, B. B. Anderson, a boy 8 years old, and Genevieve Anderson, a girl now 6 years old; that all of said children are now with this Plaintiff, who is caring for and supporting them. That Defendant refuses to contribute anything to the support of said children, and is not a proper person to raise and educate them.

Wherefore Plaintiff prays the Court that Defendant be cited to appear and answer this petition and that upon a final hearing hereof she have judgment annulling said bonds of matrimony now existing between Plaintiff and Defendant for the custody of children above named, for costs of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Naacodoches, this 25th day of July, A. D. 1916.

CLAUDE C. WATSON, Clerk.  
District Court, Naacodoches County.

### COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 16c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request.

### HON. C. W. HOWTH IN ACCIDENT.

Hon. C. W. Howth had quite a close call for his life Thursday night, as reported by the Beaumont papers. He was en route to Orange from Beaumont in an automobile and it rained the entire route. When near Orange the car skidded into a ditch of water and Mr. Howth and the driver of the car were caught underneath. They were uninjured, though the accident was indeed a close call—Center Champion.

### CONCEDES DEFEAT OF RICKS.

The reporter called on Mr. Frank Sharp, manager of the Ricks campaign in this county, and after a lengthy conversation over the phone with Mr. Melvin Glenn, campaign manager for Angelina County, Mr. Sharp conceded defeat. He says he is of the opinion that Mr. Ricks "Negro Colonization" and "Genuine Democratic Local Option" planks defeated him.

# TAKES THE PLACE OF DANGEROUS CALOMEL

**New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!**

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes in contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

## PARLEYS WITH MEXICO STILL AT STANDSTILL

WASHINGTON, July 26.—Developments in the diplomatic discussions with the de facto government of Mexico have been at a standstill five days awaiting a reply from General Carranza to suggestions transmitted through his ambassador-designate, Eliseo Arredondo. This was stated officially at the state department today in reply to reports from Mexico City that the members of the proposed commission to seek a solution of border difficulties had been selected.

Preliminary conferences between Acting Secretary Polk and Mr. Arredondo have so far failed to produce any definite result. No decision to submit disputes to a commission, as proposed in General Carranza's note of July 11, has been reached and no reply has been made as yet to that note. It is understood the Washington government desires that the powers of the commission be far greater than General Carranza has proposed. An informal suggestion to the effect was forwarded by Arredondo some days ago, but so far as known he has received no reply.

## MORRIS WILL BE CANDIDATE IN 1918

DALLAS, Texas, July 26.—Charles H. Morris of Willsboro will be a candidate for governor in 1918. The announcement was made here yesterday following a conference between the candidate and his campaign manager, Sterling P. Strong.

Morris' defeat in the campaign just closed was attributed to his inability to cover the state thoroughly. For the success of his candidacy it was essential that the people be acquainted with facts, said Morris, and he predicted that with two more years for the effort of his present campaign to spread and with another campaign in 1918, he would win easily.

## EARLY FIX-UP OF MEXICAN AFFAIR NOW HELD LIKELY

WASHINGTON, July 27.—Prospects of an early agreement between the American and Mexican governments to a joint commission were described as brighter today, after Acting Secretary Polk again conferred with Eliseo Arredondo, General Carranza's ambassador.

The conferees found themselves closer to agreement on the several points which have delayed formal announcement that General Carranza's suggestion that it discuss withdrawal of American troops; measures to protect American border interests from bandits, and the origin of raids. It was assumed that Mr. Arredondo was able to assure Mr. Polk today that his government was willing that the commissioners should investigate economic and financial relations between the two countries with the hope of finding means to aid Mexico in the restoration of peace and order.

## FORT WORTH IS PULLING FOR ONE OF LAND BANKS

FOR WORTH Texas, July 28, 1916.—Interest in the location of the 11th District Farm Loan Bank has been quickened by the announcement that Herbert Myrick, recognized as one of the leading authorities on rural credits in the United States, will address a mass convention in Fort Worth Aug-

ust 7th on the subject of the bank's location in this district.

Myrick's services in accomplishing the first rural credits act the Congress of the United States ever passed were recognized by President Wilson by the presentation to Myrick of the gold pen with which the President had signed the rural credits bill, thus officially making it law.

Myrick is president of the Orange Judd Company, publishers of the Orange Judd Farm Weeklies, which have a combined circulation of nearly half a million. The influence of all these weeklies will be thrown to the support of three cities for the location of the Farm Loan Banks in the South Districts. For the district comprising the states of Texas, Oklahoma and New Mexico, Myrick will recommend that the bank be located at Fort Worth. For the Southeastern district he favors Birmingham as the logical center, and for the district that will embrace the states of Kentucky, Tennessee and Arkansas, and probably Louisiana, he will recommend Memphis.

So interested is Myrick in locating the Eleventh District bank in Fort Worth, which he sees is the logical place for it, that he volunteered to address a mass convention here, and the Fort Worth Chamber of Commerce hastened to make arrangements for the convention and to send invitations broadcast throughout the States of Texas, Oklahoma and New Mexico.

Bankers, farmers and business men of Texas and neighboring states are expected to come to Fort Worth for this convention to acquaint themselves with the importance and details of the new rural credits law, that they may take advantage of its benefits.

The Orange Judd Weeklies are: Northwest Farmstead, Minneapolis; Orange Judd Farmer, Chicago; Southern Farming, Atlanta; American Agriculturist, New York; and New England Homestead; Springfield, Mass. The Atlanta publication is taking the lead in the publicity campaign for the three cities considered most logical for the location of the Southern District Land Banks, and every one of the Orange Judd Weeklies will battle as hard for these cities as it did for the passage of the rural credits bill.

## BANKERS OFFER LOANS.

AUSTIN, July 26.—Manager F. C. Welner of the warehouse and marketing department, as chairman of the banking committee, has received a letter from D. E. Waggoner, president of the Security National bank of Dallas, in which he says his bank will be prepared to loan \$5,000,000 at six per cent, and this includes a chain of associate banks at interior points.

All the national banks at Waco have agreed to advance six per cent money for holding cotton, as have a number of other banks at interior points.

The farmers of the state will have an opportunity to hold their cotton and market it gradually at a cheap rate of interest, and the activity now being displayed in organizing bonded warehouses under the warehouse and marketing law is evidence that many warehouses will be erected before the coming cotton season opens.

Constable Burrows returned yesterday from Terrell where he went to deliver the two lunatics, Arthur Barrington, who had been confined in jail some two or three months, and Jesse Reynolds, who had been paroled from the asylum and become violent again. His home is near Cushing.

## GERMAN MERCHANT SHIP CLEARED FOR HOME DASH

BALTIMORE, Md., July 26.—Arrangements to clear the German merchant submarine Deutschland were made late Wednesday by Captain Paul Koenig, commander of the vessel.

The customs officials said the Deutschland cleared for Bremen or any other port in Germany, and was loaded with a cargo of general merchandise.

"The time of my departure is indefinite," said Captain Koenig, in reply to a question asked by customs officials for the benefit of the pilot association.

Collector Ryan, with the approval of the treasury department, granted the submarine's manifest be withheld from publication for a "reasonable time."

The Deutschland was given another submerging test at her dock. When she arose to the surface 10 minutes later her commander, Captain Koenig, and constructor William Prusse, expressed their satisfaction with the results.

It was learned that the submergence of the craft is necessary to trim her cargo properly.

## WAS MURDERED BY NEGRO.

DALLAS, Texas, July 27.—A negro arrested in McKinney, whose name officers refuse to divulge, has confessed to the murder of Miss Zoala May Cramer, a trained nurse, found dead on the campus of the Oakcliff High School, near here, on March 26, according to Assistant County Attorney Adams today.

No reason was made public by the authorities for withholding the negro's name. Adams said the negro made the full confession to him, saying he intended to rob Miss Cramer, but did not mean to kill her. She was strangled to death.

In the negro's possession, Adams said, he found two rings which he claimed were once the property of the trained nurse.

Miss Cramer was killed while going from a depot to her home in Oakcliff, after returning from North Texas where she had been on professional duties. Mystery surrounding the death has been deep since the time, and although several suspects were arrested all were subsequently released.

## FROM J. F. VONDERSMITH.

To the Voters and Citizens of Nacogdoches County:

I shall ever be grateful to those who so faithfully supported me in my race for tax assessor for second term. I will entertain no ill feeling against those who supported my opponent.

With kindest feeling to each and every one of you,

Your friend,  
J. F. VONDERSMITH.

## COUNTY COURT.

The following cases have been disposed of in the county court this week up to noon today:

State vs. Ellis Hasley, charged with petty theft, fined \$5 and twenty-four hours in jail.

State vs. Mat. Wade, gaming, not guilty.

State vs. Clifford Watkins, assault, fined \$35.

Will Frisby, misdemeanor, not guilty.

J. F. Birdwell, assault, not guilty.

John Waggoner, bootlegging, on trial.

## MANY GUARDEMEN ALLOWED TO GO

SAN ANTONIO, July 26.—Applications for the release from service of guardsmen with persons dependent on them are now pouring into army headquarters at Fort Sam Houston at the rate of 1,500 a week, it was announced today. Several hundred already have been released.

The vast majority of the applications do not come from the guardsmen themselves, but from wives, mothers and sisters and from senators and congressmen interested in their cases.

In each case an investigation must be made, with the result that headquarters has an immense amount of additional clerical work to perform.

Twenty-five releases were signed this morning.

Military authorities say that because of the release of guardsmen with dependents, and the prospect that many other guardsmen will be freed from service so that they may return to college, the military situation in one respect soon will be greatly changed. When the movement of the national guardsmen began, they say, there were many men without equipment, whereas the future will see much equipment without men to utilize it.

## TROOPS ON BORDER TO GET MORE PAY

WASHINGTON, July 26.—An amendment to the army appropriation bill by Senator Reed to provide that national guardsmen and regulars serving on the Mexican border should receive the additional foreign-duty pay, although on duty entirely on American soil was adopted today by the senate. Men on foreign duty are entitled to 20 per cent additional pay and officers to 10 per cent.

Charges by Senator Works of California that the national guard was kept on the border for political purposes were contradicted by Senator Reed, who declared the presence of the guard had served to awaken Mexico to the need of a conciliatory attitude toward the United States. He said withdrawal of the men now might open the way to a renewal of marauding by bandits.

Passage of the army bill carrying more than \$100,000,000 in increase over the house measure, was looked for in the senate today. Most of the senate committee's provisions had been acted on when the bill was in prospect before adjournment.

The senate yesterday provided in the bill for a council of national defense, to compromise the secretaries of war, navy and interior, the army chief of staff, a navy officer and not more than six industrial experts.

## SOUTH'S PORTION TOTALS \$850,833

WASHINGTON, July 26.—Southern states have been allotted \$850,833 of the \$5,000,000 federal road fund available for this fiscal year under the new federal aid road act, the department of agriculture announced today.

Texas was given \$291,927, the largest sum that went to any state. Oklahoma received \$115,139, Arkansas \$82,689 and Louisiana \$67,474. Besides these states, Georgia received \$134,329, North Carolina \$114,381, Tennessee \$115,153, Alabama \$104,148, Virginia \$99,660, Kentucky \$7,471, South Carolina \$71,807, Mississippi \$88,905, and Florida \$55,976.

The apportionment was made by states as required by the law, one-third in the ratio of population, and one-third in the ratio of mileage of rural delivery routes and star routes.

The total fund contains \$75,060,000, and in future years will be divided as follows: 1918, \$10,000,000; 1919, \$15,000,000. The act requires that the apportionment for each year shall be made in the same manner.

J. M. Drewry, an honored son of Nacogdoches, has received his certificate to practice dentistry in Texas, and may now wear the title of "Dr." at the front end of his name, as well as practice this most useful profession. He is a graduate of the dental department of the State Medical College, located at Dallas. He went before the board June 19th in an examination, and this week received his certificate. Dr. Drewry is a son of the well known Dr. J. A. Drewry of this city, and will be associated with his father in practice for the present. All honor and success to the young man who is climbing in the world and endeavoring to do something.

A new street is about to be opened up or established over in South side. It ought to be called Wilson street, because it runs through W. T. Wilson's land and because Woodrow Wilson makes the name famous. It connects on the east side with Fredonia Hill, and on the west it passes by Crystal Lake and connects with Virginia avenue, thus forming a loop at the lake.

# HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

## WHEN EARTH'S LAST PICTURE IS PAINTED

When earth's last picture is painted, and the tubes are twisted and dried, when the oldest colors have faded, and the youngest critic has died, we shall rest, and faith, we shall need it—lie down far an aeon or two. 'Till the Master of all good workmen shall set us to work anew!

And those that are good shall be happy; they shall sit in a golden chair; they shall splash at a ten-league canvas with brushes of comet's hair; they shall find real saints to draw from—Magdalen, Peter and Paul; they shall work for an age at a sitting and never be tired at all!

And only the Master shall praise us, and only the Master shall blame; and no one shall work for money, and no one will work for fame; but each for the job of working, and each, in his separate star, shall draw the things as he sees it for the God of things as they are.

## VILLA BANDITS ATTACK MEXICAN RANCH HOUSE

CHIHUAHUA City, Mexico, July 27.—Villista bandits attacked the ranch house on the property of Rosalia Hernandez, a former Villa general, near Encinillas, about sixty miles north of here, last Friday night, according to reports received by Gen. Jacinto Trevino today. The reports continued that the bandits, who numbered sixty-five, under the command of Placido Villanueva, were driven off after killing Jesus Hernandez, and fled in the direction of Ojinaga. It is believed that it is this band that is reported to be in Sierra Blanca. Spies have brought reports to Gen. Matias Ramos, commanding the government forces in Durango that Villa, surrounded by thirty men in El Camino de las Huertas, is preparing to make a desperate effort to break through the cordon of Carranza troops to reach the cache of ammunition. General Ramos is in Escobedo preparing for a movement which, it is believed, will result in Villa's capture. Hillario Rodriguez reported from Torreon that he has sent messages to the various bandit leaders in Durango and Zacatecas asking them to confer with him on proposals of amnesty, and is meeting with favorable responses.

General Trevino ordered General Levina to execute the bandit prisoners captured. General Levina said he had sent out a column to receive the surrender of the band under the Villista Colonel Herrera at Hacienda Escondida.

Armored trains are patrolling the lines of the Mexican National railway south of Jiminez.

Prof. Ed. Day was among the teachers attending the summer course of the State University who has returned home. Prof. Day is superintendent of the schools at Hemphill, in Sabine county.

Prof. and Mrs. O. J. Rushing, who have been in the city the past eight weeks while Prof. Rushing was connected with the Normal, are leaving for Center this afternoon. These worthy young people made many friends during their sojourn with us who will remember them most kindly in future.

Parties returning from Austin where they went to take a special course in the University say that State Superintendent Doughty has put Prof. Davis to work, and that he will not be able to get home before the middle of August.

R. E. Booth of Akin and Robert Balch of Martinsville were visitors to the city today. Mr. Booth is entertaining the idea of moving to this community if he can find a place to suit him, and would make us a good citizen.

The Sentinel has failed to note sooner the departure of Mrs. C. A. Westbrook and children and her mother, Mrs. Cunningham, who have gone to Norborne, Mo., to visit with relatives and friends. They left last Wednesday.

Mr. L. T. Murphey, a good friend of The Sentinel living out a few miles from town, brought a bucket of fine sweet potatoes, this year's crop, to the office a day or two ago for which we make this acknowledgment of appreciation.

Langston King, court stenographer, came home from Rusk and spent Sunday with his family, returning to his work this morning. Mrs. L. D. Guinn and daughter, Miss Gynelle, will return in his car and spend several days with Mrs. King in this city.

G. W. Crawford, a good citizen of the Linn Flat country was in the city Wednesday afternoon, en route to Appleby where he goes to visit his old neighbor and dear friend, B. Y. Lloyd, who was reported to be quite sick with a congestive chill.

W. B. Turner of the Swift community was in the city today, and while here joined The Sentinel's large family of readers in his community. The editor knew and enjoyed his friendship in Shelby county, and if he is making as good a citizen over here as he did in that county we will vouch for him.

Rev. Simon Shaw, member of the Northwest Texas Conference of the Methodist Church, and now representing the Anti-Saloon League of Texas, with headquarters in Houston, was a visitor to our city this morning. He is a leading man in his denomination, and will make a fine leader in the prohibition war against the saloon.

A. T. Murphey of Dallas came in yesterday to spend a few days visiting with his many relatives and friends in Nacogdoches and vicinity, and has been kept pretty busy receiving the glad-hand of greeting from old friends. Mr. Murphey formerly made his home here, and this is the first visit to his old home in eight years.

In reporting the departure of Moore Harrington to Washington, D. C. yesterday, where he goes to take a position in the department of mines and minerals as skilled mechanic, The Sentinel got his name slightly mixed, reporting "Ford Harrington." We thank a friend for calling out attention to the mistake and hasten with the correction.

Messrs. B. M. and B. H. Fuller, a couple of young gentlemen of good appearance and manly bearing, took the train here today for their home in Houston after a visit with relatives and friends in the Melrose community. These young men are sons of H. C. Fuller, a native who is well known and highly respected by all the older settlers of the county.

Messrs. B. C. Castleberry and W. P. Burrows, two of the rural mail carriers of this city, attended the State Letter Carriers Association which met in College Station last week, and Mr. Castleberry had the honor to get elected a delegate at large to the National Letter Carriers Association which meets at Chicago August 8-11. The delegates will be allowed his rail-while on the trip, and Mr. Castleberry will take advantage of it, leaving Saturday.

Mrs. Clara Short Ramsey of Joaquin was an arrival to the city yesterday, stopping off for a visit with friends upon her return from some point we did not learn, and going on to her home this afternoon. Mrs. Ramsey is a member of the Short family of Shelby county and the wife of D. W. A. Ramsey. She is quite a talented, brilliant lady, and does considerable literary work of merit.

**No. 666**  
This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Colomel and does not gripe or sicken. 25c

### Mysterious Pains and aches.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use Doan's Kidney Pills. Read a Nacogdoches case:

Mrs. H. M. Read, 412 S. North St., Nacogdoches, says: "Back-ache hindered me at my work and sometimes was so intense to keep me awake at night. My kidneys were irregular in action. Doan's Kidney Pills gave me relief."

50c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo N. Y.

Mr. Joe Stripling, one of The Sentinel's good friends from the Fairview community, brought a sack of peaches to the office today, for which he has our thanks.

### Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Io. and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." dw

### A CORRECTION.

Maytown, Texas, July 30, 1916  
It has been reported over the community that I voted against Mr. H. M. Carter in the recent primary. I want to correct this statement and say that I voted for Mr. Carter and would do so again for any office that he may ask for. I know him to be a good and honest man worthy of anyone's support.

T. L. KENT.

### He Could Hardly Walk.

Deranged kidneys cause rheumatism, aches, pains, soreness, stiffness. Ambrose Gary, Sulphur, Okla., writes: "I was bothered with kidney trouble ten years and at times could hardly walk. I began taking Foley's Kidney Pills. I got relief from the first but continued till I had taken three bottles. I feel like a new man." Stripling, Haselwood & Co. dw1

### When Visiting Strange Places.

It is well to be prepared with a reliable cathartic. Salts and castor oil cannot be taken by many. Foley Cathartic Tablets are wholesome and cleansing and act surely, but gently, without griping, pain or nausea. Relieve sick headache, biliousness, bloating, sour stomach, bad breath. Fine for a torpid liver. Stripling, Haselwood & Co. dw1

### Deafness Cannot Be Cured.

By local applications, they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
