## "THE NE'RE-DO-WELL" COMING.

Rex Beach's greatest story, "The Ne're-Do-Well," filmed by the Selig Polyscope Company, will be presented at the Ideal Theatre to all lovers of high class film drama on Thursday and Friday.

This wonderful film play is in ten acts and made in the Panama Canal Zone, where a company of Selig players repaired in order to secure realistic atmosphere.

An all-star cast, including Kathlyn Williams, Wheeler Oakman Eugenie Besserer and other stars appear in this wonderful screen play. Beautiful tropical scenery abounds together with unusual sights along the Panama Canal. There is not a dull moment in this extra-ordinary production which is a worthy successor of "The Spoilers."

There will be two complete performances each day. The afternoon performance will begin promptly at 2:30, and the night performance promptly at 7:30. Be on time.

Hon. F. M. Rainbolt of the Concord community, came down yesterday for a visit with his son, Geo. F. Rainbolt, and family. He will return home today or tomorrow. "Uncle Marian," as he is familiarly known and tenderly addressed by those who know him, is one of the grandest old gentlemen the writer ever knew—a man of the old South who is noted for his chivalry, patriotism and good citizenship, and when called upon to use his name in any capacity it is always with the greatest reverence. Uncle Marian is a survivor of the Confederacy, and a survivor of the day when it took real men to preserve order and make a way for future citizenship in the South. He is growing very old now, being up in the eighties, but he is still active, mentally and physically, and seems to enjoy life with characteristic vigor.

## ISAAC MINTZ TO WED.

The following announcement is taken from a Corsicana paper and will be of interest to the young gentleman's many friends in this city:

"Mr. and Mrs. Jake Goldman announce the engagement of their daughter, Leona, to Mr. Isaac Mintz of Dallas, the wedding to take place in November."

Mr. Mintz is a son of Mr. and Mrs. S. Mintz of this city, and prior to his removal to Dallas, where he is now engaged in the drug business, made his home here where he has a great host of friends who will waft congratulations and good wishes.

## WOODMEN DAY POSTPONED.

Hon. Arthur A. Seale authorizes The Sentinel to say that the big Woodmen Day for Nacogdoches county, advertised to be held in Nacogdoches Oct. 31, has been postponed to Nov. 14, and all parties interested will take notice accordingly.

The meeting was postponed for the reason of conflict with some of the members of the team and others not being able to spare the day so close to the first.

Dr. Geo. H. Turner, one of the leading physicians of Garrison, is in the city this afternoon.

## MANY MARRIAGES.

Yesterday was a big day for the county clerk and the county judge in the matrimonial line, the genial judge tying six knots good and tight. Among the number was a double-wedding with the contracting parties coming from Cherokee county, over about the Lone Star community. Their names were John William Crawford to Miss Ethel Underwood and Bennie Underwood and Miss Aldora Durrett. The happy couples were young people of fine appearance, and belong to good families of the neighbor county.

The many friends of the Crain family in the city will be pleased to learn that Hulin Crain, Jr., who recently suffered a severe injury in an automobile accident at his home in San Antonio, is recovering. Capt. I. L. Sturdevant of this city had a letter from the young man's father yesterday in the course of which he stated that the physician had advised that his son was now out of danger if no unforeseen complications arose, and would soon be able to get out. The young man had a very close call for his life, and much apprehension was felt about his condition for a time.

J. H. Hodges of Appleby was among the pleasant callers at the office today. Mr. Hodges says that stock running at large in his community are suffering for water as a result of the drought.

## DEPUTY S. S. MYERS CAUGHT A BURGLAR

### Man, With Woman and Child, Traveling in an Automobile Was Caught at Alto

Yesterday morning deputy sheriff S. S. Myers received a message from the officers of San Augustine, requesting him to watch out for a man, woman and child traveling in an automobile, giving him a description of the parties and stating that they were wanted for stealing \$75.00 worth of crochet from a drummer's room at the hotel.

Up in the day parties filling the description boldly motored into this city and Mr. Myers immediately seized them and thoroughly searched the car. Failing to find any of the stolen property, and not feeling justified in holding them unless he had better evidence of their guilt, he turned them loose, and they motored on in the direction of Alto.

After turning the parties loose and letting them go their way, Mr. Myers received another message from the San Augustine officials stating that the man had mailed the crochet by parcel post, presumably to some confederate. Mr. Myers immediately took up the trail to Alto in a car, and overtook his man about sundown, bringing him back and landing him in jail here pending the arrival of the San Augustine officers who will come for him today. The woman and child were carried to a hotel.

The man refused to give his name or any definite place of residence, but the woman says his name is A. T. Wilson, and that they came from Utah.

If the charges are sustained, the man is in trouble that will cost him very dearly. Burglarizing a room is a penitentiary offense, and Uncle Sam may have a grievance for using the mails in transporting stolen goods, and in the course of an investigation may find other offenses to charge up to him.

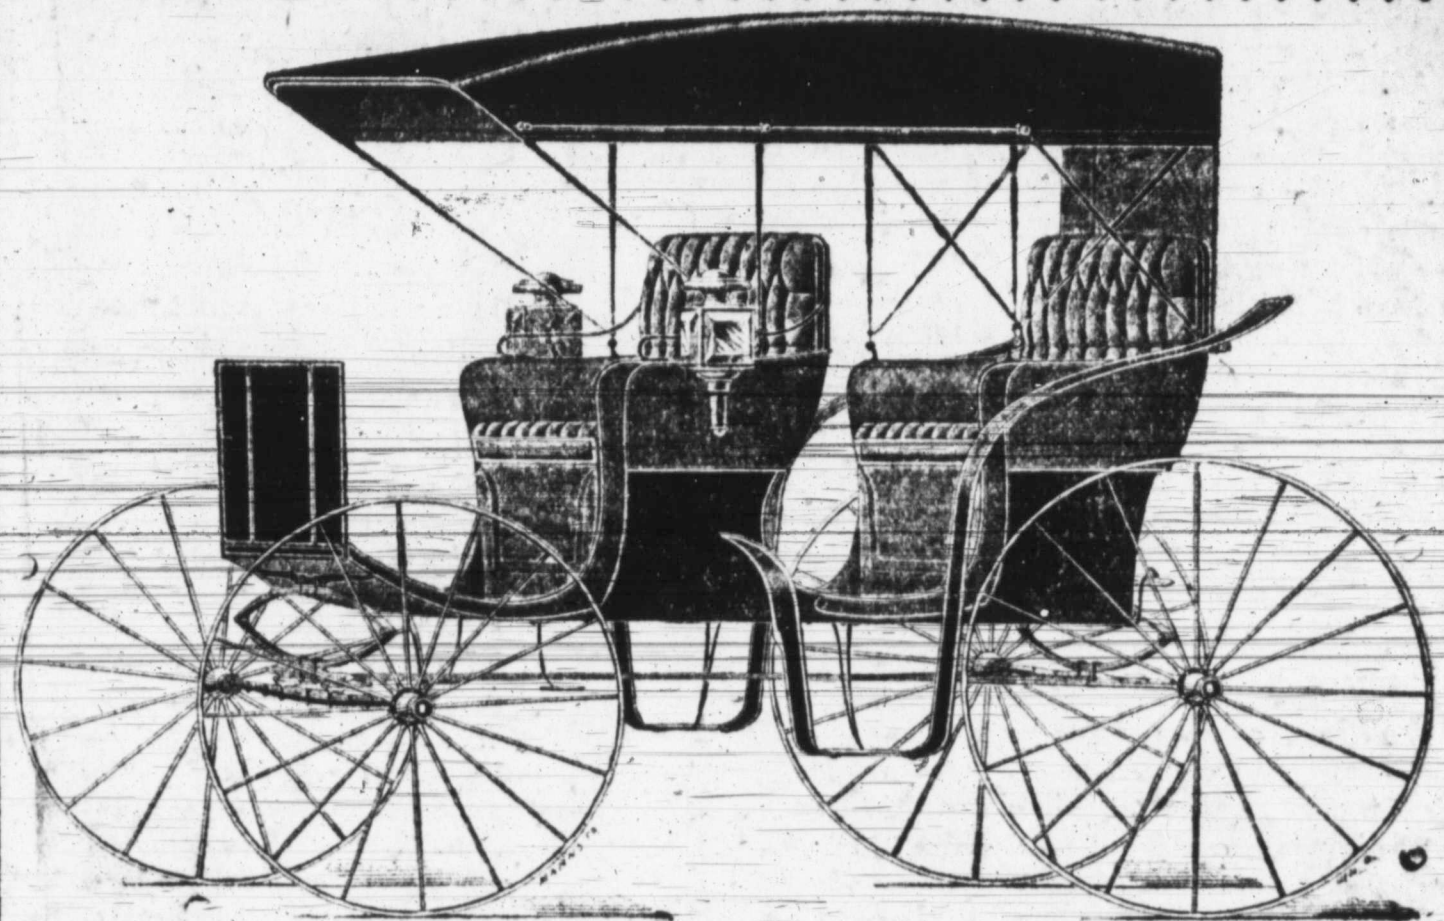

## LOST AN ARM IN RAILROAD ACCIDENT

The following report of a man losing an arm in a railroad accident is taken from yesterday's issue of the Timpson Times:

Santa Fe train No. 271, while switching, run over W. H. Lee, mangle his right arm, almost to the shoulder. It cannot be determined as yet whether there are internal injuries or not. The following statement is given in account of the accident, by Mr. E. S. Shipp, clerk of the Santa Fe station, this place:

"Lee was lying on depot platform about 9:30 in a state of drunkenness. I ordered him away from depot premises and nothing more was thought about it until No. 271 arrived. In doing their work it became necessary for engine crew to do some switching on transfer track. The engine had shoved all cars, including water car, down track about four feet when brakeman Hawkins discovered that Lee had been lying under water car. His cries attracted attention of other members of train crew. After he had managed to get away from car his right arm was found very badly mangled and a small scratch on left ear."

## PHOTOPLAY MASTERPIECE.

The Selig ten-act screen version of Rex Beach's "The Ne're-Do-Well" is considered to be the greatest moving picture production since "The Birth of a Nation."

"The Ne-re-Do-Well," with all its depth of love and soft, sweet producing beauty, and fiendish jealousy, and black intrigue—with the naked passions of men and women bared before you as only Rex Beach can bare them. With its hero football player from New York ensnared alike by the dazzling Southern beauty Chiquita and the seductive Edith Cortlandt, wife of the other man.

The production will be shown at the Ideal Theatre Thursday and Friday. Two complete performances each day. Afternoon performance promptly at 2:30. Night performance at 7:30. Please be on time. Admission 25c and 35c.

Proceeding on the theory that "where ignorance is bliss 'tis folly to be wise," the Lufkin News makes the following report of the football game played here Saturday afternoon: "The writer learns that the Lufkin football team was so badly defeated in Nacogdoches Saturday that no effort has so far been made to learn what the exact score was." Cheer up, Doc; that Lufkin bunch is composed of a fine lot of young fellows, who will learn, and the reverse will stimulate them to greater activity in the future.

## RAILROAD-VICTIM DIED YESTERDAY

The information is gleaned from the Timpson Times that W. H. Lee, the man who had the misfortune to get an arm severed by a Santa Fe train at Timpson, died yesterday from the effects of his injury.

Hon. T. O. Davis, county attorney of Shelby county the past four years and the democratic nominee to succeed himself, has resigned his position account of failing health and will spend several weeks in a higher climate. He hopes to be able to return in time to again take up the work on his next term. Hon. J. P. Anderson has been appointed to fill the vacancy. Mr. Davis is a brother of our townsman, Prof. R. F. Davis, and has made a bright record as an attorney.

## COUNTY GINNERS' REPORT.

The government ginner report for this county shows that there were 5701 bales of cotton ginned in Nacogdoches county from the crop of 1916 prior to Sept. 25 as compared with 4653 bales to Sept. 25, last year.

## SAN ANGELO, TEXAS.

The management of the San Angelo Fair are sparing no expense to make this year's Fair one of the greatest in the history of the city. Elaborate preparations are made to entertain the visitors. Thrilling aeroplane flights, loop-the-loop, etc., by the "Florida Fool," goat roping, broncho busting, fancy shooting; five free acts daily in front of grand stand. Grand parades and pageants. Wortham Shows on the streets. Fast horse and motorcycle races, poultry, kennel and all lines of livestock and agricultural exhibits will be on display.

The Fair will be held Oct. 31st, Nov. 1, 2, 3, and 4. Railroads offer exceptional low rates on tickets sold on Oct. 30, with return limit Nov. 5th.

The Secretary will furnish any information desired upon request.

The flourishing town of Kirbyville, down the Santa Fe, is arranging to pull off a big fair Nov. 1-4, to which The Sentinel has a season ticket through the courtesy of the progressive management of the enterprise.

A headline says that Roosevelt and Taft failed to smile as they shook hands with each other. Neither will they have a smile coming when the service for which they have formed an alliance is finished.

Through our old friend, Dr. P. G. Swearingen, formerly of Center, who is now enjoying a lucrative practice in the city of Houston, The Sentinel editor is in receipt of a membership card in the Chamber of Commerce of Magnolia Park, a growing addition to the Bayou City.

The Garrison News greets its readers with an eight-page paper this week. Mr. Walthall is developing into a mighty good newspaper man, and is supported by a loyal town which will do all it can for its newspaper, insuring that the News will grow and develop as fast as conditions will allow.

An Indian writing in the Atlanta Constitution gives the following remedy for rattlesnake bites: "I am a full-blooded Creek Indian. I want to give you a remedy for rattlesnake bites. In the first place an Indian never dies from the bite of a rattler and an Indian never dies from the bite of a mad dog. You will see the greatest curiosity on earth if you see an Indian with rabies. They have a remedy for both. This is the remedy. Let the snake go along about his business. Run to the house and get an onion about two inches in diameter, and about three cents' worth of strong tobacco. Then get two tablespoonfuls of table salt, cut the onion and tobacco up pretty fine with a knife; mix in the salt till it is well mixed. It makes a poultice; place this on the wound. Make a new poultice every six or twelve hours, and it will never swell. Apply as soon as possible."

History goes on repeating itself. Something over one hundred years ago nearly all of Europe was engaged in a terrible war. Napoleon Bonaparte was the dreaded military despot of all nations. Many of the Americans at that time speculated on the chance of him coming here and founding a military colony. It was even thought that after the mighty conqueror had been shorn of his power at Waterloo that he might flee to this country and give trouble. The same difficulty existed then as to neutrality. Our government was charging all the nations involved in war of partiality. England said we favored France and France said we favored England. Napoleon was forced to part with all of his possession here in order to get money to enable him in prosecuting the war, and England, always arbitrary, got herself in trouble with the United States, and was gloriously whipped.—Col. Milner in Rusk Co. News.

## JURY COMMISSION

Mr. T. E. Baker of this city, Prof. A. E. Day of Garrison, and Mr. Steve Satterwhite of Cushing were qualified as a jury commission for the district court this morning, and entered immediately upon their duties in the work of securing jurors for the next term of court.

## TRINITY RIVER GETS UNFAVORABLE REPORT

It has been the dream of Dallas people for a long time that the Trinity river would be made navigable some day, and that Dallas would thereby get a deep water freight rate; but the following report of an investigation of the matter dissipates the vision:

Dallas, Texas, October 3.—Reports that it would take \$13,500,000 and 15 years to make an inland canal of the Trinity river put the local Trinity-river navigation committee off the map Tuesday, and their only hope for a revival is the organization of private enterprise to carry on the work.

The government of the United States, through its engineering report, furnished the new data which puts a "K. O." on the dream of Dallas for a water route to the gulf. In the words of popular novelists, the report of Colonel F. V. Abbott "was cruel in its frankness." He said that the whole affair was impracticable and at best there would not be more than six feet of water for the channel. The government has already spent about \$2,000,000 on the Trinity river locks and dams.

## A VETERAN'S EXPERIENCE.

Mr. and Mrs. J. B. Rushing of Appleby came down to attend the re-union last week and for a visit with their children, Messrs. A. O. and A. E. Rushing. Mr. Rushing called at the Tribune office and we were glad to talk with him, for he is an interesting talker. He related an incident that happened just after the war, when he was a young man. He returned from the war and found the country financially wrecked, and being of a proud disposition he applied to Col. Blount, who, fortunately had sufficient funds after the war to open a general store in San Augustine, for credit for a few things until he could make a crop. The Colonel looked him over and instead of requiring a recommendation and mortgage as many would no doubt do in the case of a stranger today, he trusted him on his word of honor and instructed his clerk to "wait on the gentleman," and when fall came he brought in his cotton and Colonel Blount paid him 15c for it, and after taking up his account he had left a considerable sum of money, which was all in gold, and he said that his money looked better to him than any he has since possessed. He retained always a kindly feeling in his heart for Colonel Blount. Mr. and Mrs. Rushing enjoyed the re-union and the visit with their children very much.—San Augustine Tribune.

In commenting on an editorial from this paper, the Temple Telegram says: "East Texas is a fine section of the state and deserves a greater development than has heretofore been noted, but did you ever hear of one going to East Texas for the benefit of his health?"—Well, why shouldn't people come here for their health? We can supply them with a diet of the most luscious vegetables fresh from the stalks and vines, with milk and butter from fat, sleek Jersey cows, and pure free-stone water which gushes from the hills and winds its way into babbling brooks hither and thither to the uttermost parts. Were it not for the resources of good old East Texas many other sections of the state would not be so "healthy."

A bunch of keys were picked up this side of Appleby by Mr. Bob Olds this morning, and left at this office where the owner may recover same by paying for this ad.

## ALMOST EQUALS THE BOLL WEEVIL INVASION

Timpson Times.

The Timpson postoffice was flooded yesterday with sacks of mail—not letters or papers, but catalogues. These catalogues were taken out by the mail carriers on the rural routes. Hundreds of people will receive them this week. They will find many bargains—or at least they will imagine they have found a bargain. Attractive advertising will make people buy lots of things they would not buy otherwise. The Times appeals to those who receive these catalogues to throw them in the fire—they are community killers and are absolutely damaging to a community. When you think of ordering from the mail order house ask yourself who buys your farm products? Who helped you build your rural telephone line? Who helps you when you need money to build your school house and church? Was it the mail order firm or the home merchant? Now, be honest with yourself. When you send that money away for goods, don't you know that it is gone forever, and not one cent of it will ever be spent in the community from which it is sent?

Burn the catalogues. Buy from home people. Buy from those merchants who are asking for your trade through the columns of the Times. They can be depended on; they are reliable merchants. If you buy merchandise from them and it proves to be unsatisfactory you can straighten the matter out with the merchant. This you cannot do with the mail order house.

The merchants of Timpson sell just as cheap as any mail order house in the United States, and in many instances they sell cheaper than "Sewmup and Robbuck." In the long run the mail order house patronizer loses money, and if he continues the practice he will soon lose his self respect. It pays to trade at home as sure as you live.

East Texans are organizing for the extermination of the tick. There was a time when the cattle industry of East Texas supplied the ranches of West Texas. Then the tick came and caused untold losses. Now East Texas is going back to stockraising and diversification and the farmers of the older section of Texas realize that the first thing to do is to slaughter the tick.—Fort Worth Record.

The Sentinel is rejoicing in the receipt of a big shipment of news print paper in which we have a supply sufficient to run us a couple of months. For a time a panic was threatened, and one day we had to borrow from our neighbor, but the emergency has been relieved now in all things except the mammoth bill that will follow on the first.

Henry N. Pope, president of the Association of State Farmers Union presidents, has given out a statement in which he makes the prediction that the present cotton crop will fall short of the 11,367,000 bales estimate, and that in consequence the price will go to twenty cents. Other authorities have made like statements, and if they prove true it will be great for the cotton owners of the South, but in the present disturbed condition of affairs in the world in which there are many wars and rumors of war things could happen overnight that would make the price go much less, and it is well enough to remember that he who holds takes a chance.

# TAKES THE PLACE OF DANGEROUS CALOMEL

### New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Grip, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes in contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

## CLEAR LANDS.

A few days ago The Sentinel editorially urged the importance of clearing up the idle lands of Nacogdoches county. The world needs the things that could be produced on them, and there are many people who need the homes they would furnish.

As if following with the second chapter, or a chapter from the text of The Sentinel's editorial, we take the following most sensible and practical editorial from yesterday's issue of the Houston Chronicle which should be read and studied by every citizen of Nacogdoches county:

"If those people who are constantly asking why the cost of living is so high will take the time to take a trip along some railroad which runs through the timbered section of East Texas they will get at least a few suggestions to aid them in the answer to the insistent question.

"This is true because, as every man knows, there is a constant trend of population to the city and in consequence the line of consumers is lengthening and the line of producers is shortening.

"If consumption increases and production decreases, it is inevitable and unscapable that prices will go up.

"There has been, as careful compiled statistics show an increase in population far greater than there has been in the production of wheat, and consequently there has been a remarkable rise in the price of flour.

"New lands have not been opened in proportion to the increase of population, and the old lands are inadequate to supply the increased need, and under such conditions there is no reason to expect any decline in the price of food products.

"Beginning ten miles out of Houston and extending to Cleveland, and even to Shepherd, there are practically no improved farms, yet wherever the same character of land is cultivated intelligently it produces abundantly a variety of food products.

"It is substantially the same kind of land as that around Livingston and between Livingston and Lufkin and along the road between those two towns there can be seen many fields in which are growing abundant crops of corn, cotton, sweet potatoes, broom corn, and often pears, and in nearly every field is at patch, large or small, of as fine ribbon cane as grows in the Brazos Valley.

"What is true of that immediate section is true of all East Texas.

"Even in Nacogdoches County there are thousands of acres of

the famous red land as yet untouched by the plow, and there is no better land in the world. The stretch of territory known as the "Red Lands," beginning at the Sabine and extending to the Central Railroad is in some respects the most remarkable stretch of land in Texas, or anywhere else.

"As red as a standard brick, when cultivated as mellow as an ash bank and as rich and strong four feet under the ground as on the surface, the red lands produce as good crops after seventy-five years of steady cultivation as when the first furrow was plowed.

"On both sides of the red strip are light sandy soils, ideal land for peanuts and sweet potatoes, and larger areas in those valuable food plants are being put in than ever before.

"As long as millions of acres of fertile land lie idle, and people out of sheer necessity crowd the cities, it is useless to talk of reduced cost of food.

"What is more and worse to be contemplated is that the lands will lie idle until capital is invested in them, and they are made ready for the farmer, and sold to him on long time, and at a low rate of interest."

## OF COMMUNITY INTEREST.

The Sentinel has often invited and wants to urge that people of the city who have visitors, or members of their families go away, have serious sickness, or anything in which their friends would be interested to know about, that they telephone the information to the office. In the absence of this co-operation it is impossible for the paper to get a mention of all. This method is employed by all well regulated papers and communities. The larger papers make no effort to get such information, considering it an accommodation to the community to give space to personal mentions, and none of them carry as much news of this kind as does The Sentinel. You can talk to the reporter with as much security and sacredness as you can to your family physician, and if you confide in him he will never betray your confidence, or embarrass you. He wants every item of news that will be of interest to you or your friends, and the true reporter plays no favorites. If he has an enemy, personally, you can never detect it with his newspaper work, and if he fails to get a mention of the individual when he is connected with something of interest, it is only because he could not get such information. The Sentinel has no other ambition than serve the people, and with this fur-

ther explanation, we again solicit your co-operation.

The churches and societies should have each a reporter of its own who would contribute such information. If the reporter feels disqualified to write out the report in full, the regular reporter of the paper would take pleasure in giving assistance if you will give him the data. Social functions should be governed in the same way. Each entertainment should center upon some one to furnish the local paper with a report or data for a report of the event. The schools should also have a reporter who would make weekly contributions, through which the patrons and friends would gain a better idea of the progress being made. The lodges and fraternal societies could employ a similar method with profit.

If the Sentinel could get such co-operation it would develop into a newspaper that would be far more valuable to the town and all the institutions represented therein, and a greater pleasure to all its readers. Instead of "cussing" the paper for failing to get some item in which you have a personal interest, let's try the new plan. The Sentinel has a linotype machine which can set type as fast as it can be written on a typewriter, it has presses and folding machine that can take care of any rush, and we assure you that we are prepared in every particular to take care of our end of the co-operation that would prove of great community interest.

## CAMPBELL SCHOOL IN A GOOD OPENING

The Sentinel is informed that the Campbell school had a fine opening Monday morning, at which time a number of the patrons were present and made interesting talks.

As a good evidence of the life of this school and community, it was voted unanimously by the pupils and citizens present to adopt the good roads contest plan by which the community will build a half mile model road in front of the school building along the lines which were recently offered by County Superintendent Stripling. Another meeting will be had in this matter and other matters of school and community interest, at which time Superintendent Day of Garrison will be invited to come and address those present.

Miss Laura Love is the principal of this good school, in which capacity she is serving the community the third time, and the children and patrons esteem her very highly.

### AS A SUPPORT for exhausted, nervous, overworked women, nothing can do as much as Dr. Pierce's Favorite Prescription. It regulates and assists all the natural functions, never conflicts with them, and it strengthens and builds up the female system in a way of its own.

It lessens the pains and burdens, and ensures healthy, vigorous offspring.

Mrs. Lizzie Epperson, of 1220 Gould Avenue, Fort Worth, Texas, says:

"I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from female trouble or nervousness. I was very nervous and losing weight so fast I became alarmed over my condition. I could not do any housework. A friend told me about 'Favorite Prescription' and I tried it and began gaining in weight at once."

### FROM MR. McNESS.

Editor The Sentinel.

Dear Sir:

I was very much interested in your editorial of a few days ago in regard to the overloading of our mail carriers with Department Store Catalogues, also the editorial of the Timpson Times, which advocated burning the catalogues sent out, and which editorial you printed in your valuable paper.

Now Mr. Editor there are two sides to this home trading business. I believe I have the right to spend my money where I can obtain the best values, it matter not whether it be in Nacogdoches or with Sears, Roebuck & Co., at Dallas, and I have just as much right to this privilege as the merchants of Nacogdoches who do not spend their money at home, which money they make out of the home people; yet I do not see that you have called them to task for sending their money out of the county.

We have in Nacogdoches two Ice Cream factories, yet all of our drug stores send to either Dallas or Shreveport for their cream.

We have a cigar factory which produces the best goods for the money that I have ever smoked, yet you can see on our drug store windows advertisements pushing the sale of cigars made up North by sweat-shop labor. We have two printing offices in town who are equipped to do job printing, and yet most of the merchants send to Dallas, Galveston and Houston and have their commercial printing done there.

Now, Mr. Editor, is this what you call keeping your money at home; if it is, then I do not. It is a poor rule that will not work both ways. If you are going to tell the consumer that he is committing a sin by purchasing outside of his own town when he can save money by so doing, then you should bring to the notice of the merchants, that they are not practicing the gospel they preach when they send their money out of town for service or merchandise that they can secure at home.

I believe in home trade and the building up of the community, but let's be fair and square about it.

Yours truly,  
GEO. T. McNESS.

Dr. M. W. P. Pool has returned from a professional tour to towns in other counties near this one.

### Old Folks Saved From Suffering

Mrs. Mary A. Dean, Taunton, Mass. in her 87th year, says: "I thought I was beyond the reach of medicine, but Foley Kidney Pills have proven most beneficial in my case."

Mr. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from five to seven times. Now I do not have to get up at night, and consider myself in a truly normal condition, which I attribute to Foley Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney ailments for two years. I commenced taking Foley Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 18-year-old girl."

Foley Kidney Pills are tonic-strengthening and up-building, and restore normal action to the kidneys and to a disordered and painful bladder. They are quick-acting and contain no dangerous or harmful drugs.

### NACOGDOCHES TRADITIONS.

There was a large proportion of the early settlers in East Texas that came here under mysterious character. Some of these were truly good in purpose, but fled from misfortune that had befallen them "back in the states" where they lived. When here they began life over again, and often attained success. Some of them, it was said, wrote on their front doors when they left "G. T." This was intended and understood to mean "gone to Texas." It was a standing joke here to ask a new comer what his name was before he came here. It was known that such men as Sam Houston and General Rusk left troubles behind when they came here, but they preserved their honor and became famous, and so did many others.

Among the new arrivals in 1827 there was a handsome young gentleman, in good style, who gave his name as Claude Riviere, and his former residence as Baton Rouge, La. He had a princely bearing and most graceful manners. His complexion was dark, his eyes brown, hair auburn, and his features fine. He represented himself as the son of a wealthy sugar planter, seeking investments here. He went at once to the home of Col Frost Thorn, located about where the Williams property now is on East Main street. Col Thorn's hospitality at his palatial home as it was for that period of pioneer days, was famous. Lordly entertainments were customary there, and it happened that there was to be a ball at the Thorn home just at this time. This meant a big to-do. Everybody came, and pomp and splendor gleamed there. The new man, Mr. Riviere was in it. He was introduced and lionized lavishly. He could speak French and act Frenchy. The old cotillon dance and the Spanish waltz, in which the gay dancers revolved round and around the entire ball room, whirling at rapid speed, was the proper thing. It was as much in vogue as the Spanish fandango then was. But all are now back numbers.

Mr. Riviere was a leader, a popular partner for the beauties of the ball room, and he was largely in his glory. But he was not aware of the new arrival of another guest, who was on the outside, looking in at the door. At the close of a set in the dance, Riviere lead his panting partner to a seat, and was standing in front of her in gallant style flushed with admiration and enjoying fanning her gracefully, when the newly arrived gentleman entered the room in a quiet, orderly manner, and walked across the floor to Riviere and touched him on the shoulder, and then turning, walked out, followed by Riviere. Neither of them returned. The dance slowed up and the amazed guests discussed the denouement. The fact developed that the new guest was Rezin Bowie, brother of the famous James Bowie, and the man Riviere was his run-away negro slave. The two men went back to Vicksburg together. Rezin Bowie was accidentally killed in after years, in Sabine county, Texas, by the iron spindle of an overturned old-time spinning wheel, which pierced his heart as he lay on a pallet on the floor.

Those were eventful days.

There is a little fish pond in the old fair grounds which was given to John Gossett, colored, for his use and benefit until the land was claimed for some other purpose. By good management and industry, John had stocked the pond with fish, and his "crop" was flourishing and developing into a good proposition, as result of which he was very proud of his perseverance. Saturday night or yesterday some party or parties either poisoned or dynamited the pond, killing many hundred of the fish, and destroying it just as it gave promise of good returns for the labor and money expended.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

### THOUSANDS OF PEOPLE COME TO THE CIRCUS

Nacogdoches has the largest crowd of people here today that has been seen for many years. In fact, we don't suppose it has been equalled before since the fairs of a few years ago, and the present crowd is crowding those occasions for first place.

People begun to arrive in wagons, buggies, automobiles and by foot at an early hour this morning, and they continued to arrive all the forenoon. They are here in great numbers from every section of the county, and from other towns, and the majority of the farmers brought their families with them.

The explanation is that the people of Nacogdoches county are in good shape this year, and they have not had the pleasure of witnessing a big show in a long time. They want to see the great parade, the animals and all other features of the show, and they are being joined by people of the town in a like endeavor.

A little recreation and a little entertainment is good for all of us, and the people of Nacogdoches county have taken the day off for this purpose. We hope that each one will receive full measure of entertainment on this occasion, and return to his home refreshed from his visit to the show, and the day spent mingling with friends from different parts of the county.

### SUCCESSFUL EXPERIMENT IN GROWING BANANAS

Mr. B. B. Haltom, a well known citizen of the city, is entitled to the blue ribbon for the most successful experiment in growing bananas in Nacogdoches county.

Mr. Haltom brought a bunch to this office this morning in which there was a collection of fifteen well developed bananas, and many smaller ones. He says that the smaller ones would have also developed but for the fact that a child pulled the bloom before they had opportunity. The fruit was as large and fine as any ever exhibited at the stores.

Mr. Haltom says that bananas bear the second year in this country. He kept this stalk in a cellar last winter where he preserved it, and has four more stalks which he will treat likewise this winter and build a place for them next year where nothing can molest them. He is going to send this exhibit to the State Fair, and will doubtless attract much attention.

### How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons that have this bothersome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. dw

Mrs. R. B. Shearer and her daughter, Miss Mabel and Miss Addie Hodges motored to Nacogdoches yesterday afternoon, and enjoyed their outing very much.—Lufkin News.

That was a most sensible and practical article from the pen of Geo. T. McNess appearing in yesterday's Sentinel, and we hasten with unqualified endorsement. The merchant who sends away for anything that he can supply at home sets an example in an agency that is destroying him. It is a poor rule that won't work both ways. The farmer who doesn't stick to his home town is tearing down his local market; likewise the merchant who doesn't stick to the country is destroying the avenue of trade from which he gets his commercial life. The merchant in supplying his store with produce should give first consideration to the feedstuff grown at home, and encourage the farmers to raise enough to supply them for local consumption; the same treatment should be accorded to all local industries. The farmer in turn should purchase those things he needs from home merchants. There may be times when the price is a little higher on a given article, but in the long run money will be saved, and the country will be built up, which in turn enhances the value of all property, develops a spirit of friendship and sociability and makes life worth while.

### Clear Bad Skin From Within.

Pimples, muddy complexions are due to impurities in the blood. Clear up the skin by taking Dr. King's New Life Pills. Their mild laxative qualities remove poisons from the system and brighten the eye. A full, free, non-gripping bowel movement in the morning is the reward of a dose of Dr. King's New Life Pills the night before. At your druggists, 25c. dw

A horse created some excitement this morning by tearing loose from a buggy and dashing up the street. No one was hurt, and fortunately the only damage done to the buggy consisted of a broken shaft.

There seems to really be no limit in age to which Cupid reserves his dart as is best proven in the dispatch from Colorado Springs, Colorado, announcing: "General Charles A. Gordon, aged 94, has just married his fifth wife, Mrs. Margaret E. Dixon, aged 78. All his wives have been widows. His only child, a son, 73 years old, attended the wedding. The son is the father of fifteen children, all of whom are married."

### Forget Your Aches.

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise. Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your druggist, 25c. dw

Mr. O. M. Gibbs, The Sentinel's editor, is sick again and since he made such "blood curdling" threats on Lively of the Lufkin News, we don't dare tell what ails him, but he is ailing just the same. It is up to Lively to take the hint and show his metal.

### Despondency.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere. dw

The dispatches in yesterday's papers announce that the German Submarine, U-53, which paid the United States a friendly visit Saturday, had sunk six British ships just outside the three-mile limit of the United States. Of still further interest is the report that the stock and cotton markets became panicky in consequence, fearing that a new element was being introduced in warfare which will make future shipping hazardous.

### For a Muddy Complexion.

Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere. dw

The press of East Texas will deeply sympathize with Editor G. E. Watford of the Lufkin News in the death of his sainted old mother, which sad event occurred in Houston Monday. The old lady had been in declining health for more than a year, and as she was living on borrowed time, the end doubtless came to her as a great relief. She was seventy-seven years of age, and is survived by one son, G. E. Watford of Lufkin, and one daughter, Mrs. Allie O'Banon of Houston, with whom she was making her home at the time of her death.

The street parade of Cole Bros. Show at noon today was a magnificent event, and was witnessed by many hundred people.

Two brass bands and a caliope furnished good music. Large wagons were drawn by fine horses, clown wagons, animal wagons, horse-back riders of both men and women, and camels and elephants comprised the aggregation, and made a most interesting and spectacular showing. A large per cent of the crowd followed the parade to the show grounds where they will remain until after the afternoon performance.

### Bad Colds from Little Sneezes Grow.

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head, soothes the irritated membrane and makes breathing easier. At your Druggist, 50c.

The Sentinel is requested to state Woden School District No. 23 will inaugurate compulsory school attendance, beginning Oct. 30, and the patrons and children of the district will take notice accordingly.

H. M. Carter of Maytown was a visitor to the city today, coming down to attend district court in a matter in which he was interested.

### DISTRICT COURT.

District court is not finding much business it can dispose of this week, and next week does not give promise of anything better, as a result of which Judge Guinn has decided he will close out with this week. He has excused the regular jury for this week, and authorizes The Sentinel to say that the jury for the seventh week, due to report for service Monday, October 16th, has also been excused.

In the civil suit styled J. P. Clevenger vs. C. A. Crawford, judgment was given in favor of the defendant.

Among other matters engaging attention, Judge Guinn has made an order to sell the property of the Carter Lumber Co., located at Baber on the first Tuesday in December. Any objections why the property should not be sold will be heard by him at Lufkin October 23, at 2 p. m.

The case of Will Watts, who is charged with shooting a negro at Chireno, was called this morning, but on account of a lot of material witnesses not having been summoned, was continued for the term. When this report was prepared this morning an effort was being made to file pleas of guilty in several aggravated assault cases.

The suit of Aaron Thompson vs. June C. Harris, receiver, will be called Thursday. This is a jury case, and if the contesting parties will not be satisfied with a jury to be picked up it will be continued for the term.

The grand jury is still getting down to business, but will likely finish up in the next day or two.

### When You Take Cold.

With the average man a cold is a serious matter and should not be trifled with, as some of the dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere. dw

Miss Evelyn Davidson of Tenaha is spending the week in the city, the guest of Miss Hattie Johnson. Miss Davidson is a well known teacher of her home county, and enjoyed a visit to the High School while here. She will begin teaching the school at Woods, in Panola county, next Monday, and her Nacogdoches friends wish for her a pleasant and profitable session.

### COLE BROS. SHOW HAD LARGE CROWDS

If Cole Bros. shows have provided seating capacity which will make them a good profit, their fondest hope was realized yesterday. If not, it was their fault. The tent would not hold the crowd for the afternoon performance, and the entire seating capacity was exhausted at night. People were here from all parts of the county, together with many people from other counties, and the old settlers say it was one of the largest crowds that ever visited the city. The people were circus hungry, and with the prosperity they have enjoyed this year, they felt financially able to take advantage of the opportunity to attend.

Good order was maintained throughout the day, and so far as was visible, every visitor had an enjoyable time.

The show was good and clean. Many of the acts have been witnessed here before, and there was very little, if anything, new, but their program was well rendered and was enjoyed by those who attended. The animals and horses were all well trained, and their display and performances was a matter of much interest. The trapeze act was fine, and many funny clowns kept up a continuous roar of laughter.

In their dealings with the people the Cole brothers came clean in every transaction, and if they ever come this way again, they will find a cordial welcome and courteous treatment on the part of the people.

### Pine-Tar Relieves A Cold.

Dr. Bell's Pine-Tar Honey contains all the soothing elements of the pine forest. It heals the irritated membrane, and by its antiseptic properties loosens the phlegm, you breathe easier, and what promised to be a severe cold has been broken up. For that stuffed-up feeling, tight chest or sore throat take a dose of Dr. Bell's Pine Tar-Honey and prevent a wearing, hacking cough dragging through the winter. At your druggist, 25c. dw

### SEEDED RIBBON CANE.

Mr. John Lewis, a good farmer of the Decoy community, presented this office with a can of seeded ribbon cane syrup yesterday, which we have found to be a good substitute for real ribbon cane. The syrup is bright and clear, of good flavor and is better than some brands of syrup that is put on the market.

Mr. Lewis raised only a small patch of this cane, but says that he found it to be very prolific, making a large yield of juice which in turn makes a good turnout of syrup.

## The Redfield Plantation For Sale

This is your opportunity to buy one of the finest, high class plantations in Southeast Texas; in fact it would be difficult to find a more ideal ranch or farm than this one. Located only five miles north of the city of Nacogdoches, which makes it convenient to a good market, to churches, schools and other advantages. Railroad spur on premises, which gives first-class shipping facilities. The improvements are all first-class and in fine state of repair. The land is the very richest red lands, will produce most anything that will grow in this climate; the same red lands that have made Nacogdoches county famous.

The Price is Only \$40.00 Per Acre

There are 710 acres in this plantation, will be sold on reasonable terms. Get in touch with me either by phone or letter at once, as I expect to sell this property readily at the attractive price it is being offered.

JOHN BULL A LETTER**

My beloved Johnnie Bull;  
My heart o'erflows; is full,  
Of good will for all your subjects,  
and for you.  
And my sympathies are great,  
Cause you tote the ship of state,  
And like other troubles make you  
mighty blue.

Now the cause of some of this,  
Is the Deutschland, you did miss,  
When she came onto our shores,  
and went away,  
When, as silent as could be,  
She went underneath the sea,

And went safely, and serenely  
out the bay.

Now your fighting dogs of war,  
must have been gazing at stars  
When she was passing under, on  
her way;  
She did not twist their nose,  
But, did twist their feet and toes,  
Ought to been sufficient notice  
made them gay.

Eyes were not upon the deep;  
Or perhaps they were asleep,  
Or, o'er fiddles, and a dancing,  
they were loon,  
Or, with upward eye,  
They were looking at the sky,

And were sniffing, and a bark-  
ing at the moon.

But it compensation brings,  
And removes the waspy sting,  
For the German children's wants  
do loudly call,  
For their nickels have run short,  
There's curtailment of their  
sport,  
Buying chewing gum, and  
Buying chewing gum and bounc-  
ing rubber ball.

There'll return their former glee;  
Be as happy as can be,  
All the little ones, and larges sis-  
ter Ruth,  
They will scamper, romp and  
play,  
Cause they got the coin to pay,  
For their sweets, to satisfy a  
sugar tooth.

Now the Bremen's on her way,  
Or, at least that's what they say,  
If she's caught 'twill take a long  
line, and modern pole,  
Then you hook her in the snout,  
Give a jerk and fling her out,  
Do not let her waddle back into  
the hole.

If to hook her snout you fail,  
Then hook her in the tail,  
Or a foot or fin, or anywhere you  
can,  
She will pulling give you fill;  
She will tax your utmost skill,  
She will prove if you're a modern  
fisherman.

Now your modern dogs of war,  
Must not trust to lucky star,  
It will put yourself and England  
all awsep,  
Better wish for clouded skies,  
Keep wide open both their eyes,  
Not a gazing at the heavens,  
but at the d'sp.

If in all of this you fail,  
Put some salt upon her tail,

It's the way to catch a tiny, pret-  
ty bird,  
Then you grab her by the keel,  
But be sure to watch her heel,  
Never tried it, but it's what I've  
always heard.

When you catch her she'll report,  
Like a mustang she will snort,  
And you better look out for tor-  
pedo tubes,  
But you show your seamanship,  
O'er her head the noose you slip,  
Be not acting like a lubber or a  
rube.

When you get her let me know,  
For I now have got to go;  
But I think it will a snow in Aug-  
ust bring,  
We shall need our over coat,  
If you ever get her goat,  
And our people shall be wishing  
it was Spring.

**A MERCILESS JUDGE.**

**One Who Shows No Favor.**  
Merciless judge is Father  
Time. Before him the weak and  
the wanting go to the wall. On-  
ly the truth can stand. For  
years the following statement  
from a Nacogdoches resident has  
withstood the sternest of all  
tests.

F. Peterson, truck farmer, S.  
Fredonio St., Nacogdoches, says:  
"Pains in my back were terrible  
and sharp twinges in my loins  
cramped me up so that I could  
scarcely move. The kidney se-  
cretions were irregular in pas-  
sage. Doan's Kidney Pills cur-  
ed me." (Statement given Decem-  
ber 13, 1911).

On May 19, 1915, Mr. Peter-  
son said: "The cure Doan's Kid-  
ney Pills gave me has been per-  
manent."

**MASS MEETING CALLED.**

The commissioners' court has  
turned down the Domestic  
Science Educational Extension,  
and the progressive citizens of  
Nacogdoches invite all people of  
the county interested in the mat-  
ter to assemble with them in  
mass meeting in this city Satur-  
day at 2 p. m., to protest against  
this action.

**TO THE PARENTS**

of the children of the Methodist  
Sunday School:  
That the parents may under-  
stand more clearly what child-  
ren were entitled to receive dip-  
lomas and why they were entit-  
led to them, at our promotion  
services last Sunday, we will  
make some explanation. In most  
of the best Sunday schools the  
pupils are graded according to  
their ages, and not as they are  
in the public schools. We are  
now using a very fine course of

graded lessons for the beginners,  
primaries and juniors. We start  
with the cradle roll, which in-  
cludes the children under three  
years of age. At three years  
they are promoted into the begin-  
ners department and receive  
their diplomas. The beginners  
course is a two-year course.

When they finish the second  
year they are six years old or  
near six, and are promoted into  
the Primary Department, receiv-  
ing their diplomas.

The Primary course is a three-  
year course for children, six,  
seven and eight years old. They  
finish this course at nine or near  
nine years of age, and are pro-  
moted into the Junior Depart-  
ment, receiving their diplomas.  
They are called the primary  
graduating class. The junior  
course is a four year's course and  
when they finish the fourth year

junior course, they are promot-  
ed into the Intermediate Depart-  
ment receiving their diplomas  
as Junior graduates, at near  
thirteen years of age. In our  
Promotion Programs we try to  
have the four graduating classes  
furnish most of the program, us-  
ing only a few other numbers to  
complete the program. In this  
way each child has the same  
chance when his or her time for  
graduation comes. The superin-  
tendent and teachers are very  
anxious indeed to have the co-  
operation of all the parents that  
their children may advance in  
the very best way possible in  
Bible study and christian train-  
ing, and we cannot accomplish  
much without the co-operation of  
the parents. We are counting on  
you to help make this year one  
of the best. We will be very glad  
indeed to have you visit the Pri-  
mary Department as often as you  
can.

### W. H. SWIFT, JR., DEAD.

A message has been received by relatives in the city bearing the sad news that W. H. Swift, Jr., died at his home in Dallas last night, and his remains will be laid to rest in that city.

Mr. Swift was a son of W. H. Swift, Sr., of this city, and was reared here, moving out west some ten years ago. He was about thirty-five years of age. He is survived by his widow and one child.

The many friends among the older settlers of this city will enter into profound sympathy with the bereaved family.

### No More Backache For Her.

Mrs. J. M. Gashkill, Etna Green, Ind., writes: "I suffered from severe backache and sharp pains. I could not stoop over. Foley Kidney Pills gave me such relief that I cannot praise them too highly." ### NOMINATED JUDGE.

News has been received in the city that Hon. Dan Walker of Center has been nominated as the democratic nominee for district judge to fill the vacancy made by the death of Judge Buford.

Mr. Walker is an able lawyer and a prominent member of the Center bar. He has never aspired to office, but possesses the ability and all the elements of character to make his district an ideal public servant in the capacity to which he has been chosen.

### NEW CONSTABLE.

At the meeting of the County Democratic Executive Committee Saturday afternoon A. J. Hagan was chosen as the democratic nominee for constable of Precinct No. 1.

It will be remembered that Mr. Hagan made a most creditable race for the position in the recent primary, running next to the successful candidate, and presuming him to be the next choice of the people, the committee acted accordingly. The commissioners court has postponed filling the vacancy for the purpose of appointing the man adopted by the committee, and we presume that Mr. Hagan will be installed in office this week.

There were seven applicants for the positions, as follows: A. J. Hagan, S. S. Myers, Bob Anderson, I. C. Skillern, Lee Brewer, Wade Walters and W. G. Stone.

The commissioners court appointed Mr. Hagan constable this morning and he will enter upon the duties of the office at once.

### Easier to Stop Now.

It is easier to check a bronchial cough now than later. Coughs grow worse the longer they continue. Foley's Honey and Tar stops tickling in throat, allays inflammation and irritation, restores sore and discharging membranes to healthy condition, opens congested air passages, good health. Do not gripe. Stripling, Haselwood & Co. dwl

### A GERMAN WAR SUB REACHES U. S. SHORE

Newport, R. I., October 7.—Seventeen days from Wilhelmshaven the imperial German submarine U-53 dropped anchor in Newport harbor Saturday.

Almost before the officers of the American fleet of warships through which the stranger had nosed her way had recovered from their astonishment the undersea fighter had delivered a message for the German ambassador and weighing anchor, turned Brentons Reef lightship and disappeared beneath the water just inside the three mile limit.

As she came and went she flew the Black and White colors of the German navy, a gun was mounted on the forward deck and another aft, while eight torpedoes plainly visible under the forward dack gave mute evidence that the warship was ready for a fight at the drop of a hat.

Lieutenant Captain Hans Rose, who hung up a new world's record in bringing an armed submarine in battle array across the Atlantic, said that he had called at Newport simply to mail a letter to Count von Bernstorff. He required neither provisions nor fuel and would be on his way he said, long before the 24 hours during which a belligerent ship may remain within a neutral harbor had expired.

The submarine was in American waters a little more than three hours, assuming that she continued to sea after submerging. Within that time the German commander paid official visits to Rear Admiral Austin M. Knight, commandant of the second naval district, and Rear Admiral Gleaves, commander of the destroyer force of the Atlantic fleet, who was on board the flagship, the scout cruiser Birmingham. Both American officers returned the brief call promptly.

### A GERMAN SUBMARINE ATTACKS TWO VESSELS

Boston, Mass., Oct. 8.—The British steamer West Point has been fired on and is sinking. The attack was made presumably by the submarine U-53, which left Newport yesterday. It is reported that the crew of the steamer was saved by taking to the lifeboats.

Nantucket, Mass., Oct. 8.—A second British steamer, said to be the Strathdene, is reported torpedoed and sunk. Twenty of the crew were taken aboard the Nantucket lightship.

A fleet of United States torpedo boats has been ordered out to assist the West Point.

The state department at Washington has ordered all radio stations to withhold information concerning the attacks on the two ships.

New international complications may arise as a result of the attacks. It is not yet definitely known whether the attacked ships carried Americans or not, and if they did, whether warning that an attack was to be made was given. In view of the fact that the state department has ordered information to be withheld is taken to mean that the United States government realizes that a new and serious situation has arisen.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

### COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 16c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tf

# Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNORR, 1642 Fulton St., Harrisburg, Penn.

### Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YORRIS, 611 Water St., Albert Lea, Minn.

### Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUEKING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

## WOODMEN RALLY DAY TUESDAY, OCTOBER 31

All Camps of County Invited to Take Part in This Rally for Banner Day in Woodcraft.

To all members of the Woodmen of the World of Nacogdoches county, and the Woodmen Camps of Nacogdoches county: Liberty Elm Camp, No. 210, with more than 360 members, at a regular meeting held Tuesday night, October 3rd, 1916, voted to have a Woodmen Day at Nacogdoches on Tuesday, October 31, 1916.

All the camps of the county are invited to take part in this great rally day, and Liberty Elm Camp expects to make it the banner day in Woodcraft.

The following committees were appointed, and said committees will perform the duties assigned to them:

Committee on Initiation—Rho. Cox, chairman; Ellis Gaston, Dr. Herbert Shindler, chairman; R. R. Henderson, Bosen Wells, Will Pack, Geo. H. Davidson, August Hill and Earl Cole.

Committee on Arrangements—G. W. Childress, chairman; D. Brown, F. P. Marshall, L. I. Muller.

Committee on Entertainment—Tom H. Summers, H. T. Mast and W. P. Burrows.

Committee on Advertising—Arthur A. Seale, chairman; Jake F. Summers, Frank Hartt and Audley Harris.

The merchants of the city will co-operate with the camp in making this day a great success, and prices will be arranged to make the day one long to be remembered in this county.

On this day there will be held the most interesting initiation ever known or seen, and no Woodman will regret having attended this meeting. The special feature will be the contest between the Garrison and Nacogdoches Degree Teams. These teams will give exhibition drills on the streets, and a brass band will entertain the crowds.

Full particulars will be published in all newspapers of the county next week.

### GENERAL COMMITTEE

### OIL PROSPECTOR HERE.

Mr. E. S. Parsons, who represents himself to be a practical oil man, associated with a company that has plenty of means to operate independently of any help, has been in the county several days looking over the field, and is highly pleased with the prospects he has found.

Mr. Parsons says that if he can get sufficient leases he will begin immediately with the work of putting down wells and make a thorough test of the field. He is stopping at the McLain House, and has been in conference with some local citizens today who have lands and are interested in their development.

Messrs. Allen Jopling, Ed. Curry and Ben Strickland were among the good farmers from the northern end of the county who were in the city this morning answering summons for jury service.

### END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is working on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful!

### HAD GOOD TRIP.

Adlai Mast arrived home yesterday from his trip to Plattsburg, N. Y., where he went to take the course of Citizens Military Training service, and gives a most interesting account of his trip.

Enroute Mr. Mast went via St. Louis, Chicago, Detroit, Utica, Albany, and on to Plattsburg. He spent twenty days in the training camp, which he says was most interesting and profitable, and which was attended by a great host of men from all parts of the United States. Finishing his course of training, Mr. Mast visited Montreal, Canada, and gives a most interesting account of his visit to that place, where, he says, everybody is talking about the war. Here the country has been stripped of all men available for military service and the boys are being trained. A special military officer is engaged with each school who gives the boys military training, and even the Sunday Schools have a department of this character. Banners are floating and every sentiment is employed to arouse patriotism in the country's cause in the great war. From Montreal he returned to New York and spent a day or two seeing the sights in that great city, after which he sailed to Norfolk and on to Washington, D. C., where he inspected the capitol building and other things of interest, and came on home via New Orleans.

While in the north Mr. Mast says he heard Judge Hughes, candidate on the republican ticket for president, speak several times, and that the papers report the matter correctly in the statement that his speeches are devoted solely to criticism and abuse of Mr. Wilson and the democratic party. Political sentiment is running high, and many straw votes are being taken.

Mr. Mast says that it was the greatest trip of his life, and every moment of his absence was filled with interest.

Mr. W. W. Lee, who went with Mr. Mast, joined in a hike and will not arrive home until the first of next week.

### GONE TO NEW YORK.

The following item, which includes the name of a well known young man of this city, is taken from the Shreveport Times:

"Mr. Tom Buchanan of Nacogdoches, Texas, who holds a position in the Nacogdoches postoffice, and Mr. Tom Rice, a valued employe of the Shreveport postoffice, left over the K. C. S. Friday for New York City. They will be gone about eighteen days, and are making the trip especially to see the world's series of baseball games, as both are ardent fans. They expect to stop off at St. Louis for a few days to see some of the games there before the season closes, then they will go on to Philadelphia, and by that time they will know definitely who will fight it out for the world's championship. They expect to have a great time."

Tax Collector Rainbolt says that a few people have begun to pay taxes. And as the people of the rural districts are getting their crops out and winding up their year's affairs earlier than common this year, we predict that the tax collector will be kept pretty busy from now on.

B. F. McElroy and family left today for Nacogdoches, where Mr. McElroy has purchased a barber shop. Mr. McElroy had charge of the Johnson barber shop in this city several months, and upon his departure Austin Stephens has taken charge.—Timpson Times.

T. S. Crossland of Appleby was among the pleasant callers at the office today.

## Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

### GOVERNOR INSPECTING STATE PRISON FARMS

Houston, Oct. 3.—After he spends a day or two looking after personal interests at his farm in Liberty county, Governor Ferguson will make a tour of inspection of the convict farms in south Texas for the purpose of gathering data that will be of use to him in dealing with the prison system of the state in his message to the legislature next January.

Governor Ferguson arrived in Houston early Thursday morning and went immediately to Liberty, where he was to be met by Judge Stevens. It is understood that he will spend the remainder of the week in South Texas, and will make a complete investigation of conditions at all of the farms in this part of the state.

The prison system is now said to be on a self-sustaining basis although there are approximately \$1,000,000 outstanding debts against it. These debts were contracted prior to the administration of Governor Ferguson, and it is understood to be his position that the creditors will be obliged to look to the next legislature for the payment of the claims. He has pointed out that it is not for him, but for the lawmakers to determine what disposition shall be made of the accounts.

### DISTRICT COURT.

Mrs. Mattie Eaves vs. J. B. Eaves, divorce granted and a division of property made.

J. O. Martin vs. Mrs. Martin, divorce granted.

This morning was consumed in an effort to get into trial with the Castleberry case, but on account of the absence of a material witness, the case was continued for the term. With the witnesses, friends and jurors, a great crowd was drawn to the city and the district court room was filled to its entire seating capacity.

### WHOLESALE HOUSE STOLEN

People are accustomed to reading reports of the contents of houses being stolen, but it will be something new to read of a wholesale house, building and all, being carried away as noted in the following dispatch taken from yesterday's papers:

Dallas, Texas, October 3.—The sheriff of Dallas county has an unusual case on his hands Tuesday morning. S. A. Fishburn reported that his house had been stolen. He reported the house had been wrecked and the lumber hauled away. The house was located several miles west of Dallas. Up to a late hour Tuesday evening no trace of the house or the thieves had been found by the sheriff's force working on the case.

### TO DRILL FOR OIL IN SABINE COUNTY

Hemphill Reporter. Mr. J. L. Ford of Shreveport, who is to be one of the drillers, was a visitor in Hemphill Monday, and stated to the Reporter that most of the machinery was on the ground for the drilling operations for oil, which will begin in about ten days near the C. A. Vickers place.

This development has been pending for some time being delayed until the machinery could be removed from another field in Louisiana and sufficient leases secured. The outfit is of the latest and best type of oil drilling machinery, capable of putting down a well to a depth of 4000 feet or more, and the promoters claim they are going to give the field a fair test.

### From Saturday's Daily.

Mr. Bob Olds was among the Appleby visitors to the city today, and made this office a pleasant call while here.

Cal Lee and family from the northern end of the county were in the city shopping today, motoring down in Mr. Lee's car.

District Judge L. D. Guinn, Senator S. M. King, District Clerk C. C. Watson and Court Stenographer Langston King motored up to Garrison yesterday afternoon and spent a few hours with friends in that city.

B. S. Shoemaker of Harmony was among the pleasant callers at the office yesterday afternoon.

Mrs. Robert Wilson is leaving today for Timpson where she will visit with her sister, Mrs. O. E. Tully.

Mr. and Mrs. W. W. Goldsberry arrived in the city yesterday for a visit with their son, Frank Goldsberry. These two most excellent old people reside at Melrose where they have a great host of friends.

### BIG, OLD vs. SMALL YOUNG COMPANIES

We are told that all insurance companies doing business in the State are safe. That may be true, but the big old companies have attained their standing by successful management, fair dealing with the public many years and are liberal and prompt in settling claims, while the small and young ones often lack experience and funds, and may have to drive an occasional good bargain or play for time. When we have a loss we want prompt settlement—without further annoyance. For example, when the California conflagration came many of the companies raised the question as to "What losses were due to fire or earthquake." The Royal, one of the largest, said, "We will pay all and without discount." This company and other such are represented by the Sublett Insurance Agency.

John Buyus, a well known traveling man who sells shoes, has been confined with illness at the Nacogdoches Surgical Hospital since Sunday, but is reported to be doing nicely.

Mr. A. Grauer, division superintendent of plant, and Mr. P. Kraemer, district plant chief of the Southwestern Telephone and Telegraph Company, of Houston were in the city yesterday looking over the plant.

Mrs. M. J. Batson of Woden was a pleasant caller at The Sentinel office this morning, dropping in to make annual settlement for her county paper.

Rev. Ellis Smith, of Albuquerque, N. M., is here visiting relatives. Rev. Smith was the pastor of the Methodist church of this place about fifteen years ago and has scores of friends who are enjoying his genial hand shake.

### THE PEANUT MARKET.

There has been quite an interest in the prices to be paid for peanuts this season it has been impossible to get any sort of information up to this date. The prices being paid on this local market this morning will be of interest to the local buyers. They are selling 82 1/2¢ per bushel today. This is a good price and it looks as if the peanut is going to keep in line with the high price of everything else.

### PARENTS.

**Your Boy or Your Girl's Future Is on Trial! What Are You Going to Do.**

You would be a very unnatural parent if you did not wish to give your boy or girl the best educational advantages that are in your power, a very thoughtless parent if you sent him to the first school that mailed you a catalogue, and an unpardonable parent if you entered him in a school without first investigating its location, sanitation, equipment, character of student body, faculty, system of discipline, and above all, the moral surroundings. Yours is the duty of investigation, comparison and ultimate decision.

You acknowledge the hearsay that "One school is just as good as another," "it all depends upon the boy or girl." If you rest your decision on that, you may later on have bitter occasion to regret your indolent and indifferent attitude. Your boy or girl is the hope of your life. In him or her is centered your most cherished ambitions. On him or her rests your future happiness, your joy of right to live, or your sorrow or your willingness to die. His or her worth to you cannot be measured by dollars and cents, but his or her value must be measured by the training which he receives in home and in school. If the local school were an ideal place for your boy or girl, you wouldn't think about sending him away from home.

Under present conditions, they doubtless need more self reliance, because they lack the power of the initiative, are wanting in breadth the scope of vision, haven't learned how to study, can't make for themselves, and are ignorant of the fine art of a business career. If so, their education should be continued in a school where discipline really means something, where personal supervision by the faculty is constant, where our service is rendered above everything else, and where manly and womanly character and conduct are held paramount to all other considerations.

Our school offers advantages that no other commercial school can afford. Its location, excellence of environments, its student body is made up from the best homes of the country, the faculty is second to none, its discipline is the outgrowth of long experience, tempered to conserve individual needs, just, sane and firm. One or two hundred dollars spent on your boy or your girl now may mean an unbounded success for their future life.

There is a time in every young person's life for them to consider an education, and if that time goes by unheeded by the parents, and they fail in the future, you are, in a measure, responsible for that failure. One or two hundred dollars spent on them is one of the best business investments you ever made. It will pay greater dividends in their future than anything else you could bestow upon them.

Our 228 page catalogue will tell you as to the financial standing of our institution. It will tell you of the endorsements by the best business men, ministers, lawyers and bankers, it will give you the experience of young people who came to us with limited means, and in a short time in our school, what their success and future has meant to them. We know you are bound to be interested, so ask us to furnish you the proof. Our large, beautifully illustrated catalogue is free. If you will fill out this coupon and mail to us.

### MESSAGE OF THANKS.

We, a part of the girls of the Nacogdoches County Canning Club, take this method of thanking the good people of the town of Nacogdoches for the kindness shown us during our year's work.

We cannot find words to express our thanks and the appreciation we feel due the merchants for the help they have so cheerfully rendered us in the way of providing cooking utensils, dishes, etc., for our domestic science that we have used in our demonstration room. We wish to thank the good men and women who visited our demonstrations and said so many nice things about us and our work. If we knew how to begin, we would undertake to say how much we love and appreciate Miss Mason. She has done a great work under much sacrifice and disadvantage, having very little means to work with and no conveyance. She has used the greater part of her meagre salary to carry on the work and make it go. Now, we thank the commissioners for their donations, and hope they will see fit to do more for the work next year, assuring them the money thus expended will not be wasted, because we country girls expect to show the people what we can do. We thank the judges for their decisions and prizes given. We also thank them for deeming us worthy a scholarship to the State Fair, and we thank the good editors of the county papers for all the printing and nice things they have said for the work.

Sincerely,

Mossie Reese, Georgia Maroney, Vivian Kees, Trinity; Thelma Jarrell, Nat.
