"OLD GLORY" UNFURLED BY THE BOY SCOUTS

Impressive Flag Raising by this Patriotic Band at Ten O'Clock This Morning.

From Wednesday's Daily.

One of the prettiest patriotic services in the history of this city was held this morning when the Boy Scouts raised a flag bearing the Stars and Stripes of Old Glory on the pole they had previously erected on the corner of Main and North streets, at the Sunbeam.

At the appointed hour the Scouts, led by the Scout Band, marched from the hall to the scene of the flag raising and took their places around the pole.

Rev. M. C. Johnson, the beloved Scout commissioner, announced the features of the program, after which an impressive invocation was offered by Rev. G. L. Taylor, pastor of the Methodist church. Alton Thomason, Nacogdoches' most gifted and eloquent son, recited the Declaration of Independence, followed with the reading of a most beautiful poem dealing with our relation in the great war, by Mr. W. W. Lee. The poem was written by Mrs. Thos. E. Baker, a gifted author of national reputation of this city, especially for this occasion. Following the recitations, etc.

CASON, MONK & CO

A HEMPHILL BOY STABBED TO DEATH

Hemphill, Texas, July 2 — Sunday afternoon about 4 o'clock Wesley Clark, a boy of about 15 years old, was stabbed in the heart by another boy named Arnold, about the same age and instantly killed. The boys had been to the swimming hole in company with some other boys about the same age, and had some kind of a disturbance while there about ducking one another. The quarrel was renewed later. The father of the boy charged with the cutting, took him in charge and brought him to the sheriff's office, and turned him over to the authorities. The oldest boy in the bunch was not over 16 years of age.

 \$45.00 Silk Suits, half price **\$22.50**

Mayer & Schmidt, Inc.

as noted above, and several choice selections of music by the Scout Band, the flag raising proper was witnessed as the next feature, and was conducted by two of the worthy Scout boys, Roland Jones, Jr., pulling the flag up, and Gus Spears, dressed as Uncle Sam, pulling the string which unfurled Old Glory to the breezes.

Rev. C. D. Atwell, rector of the Episcopal church, pronounced the benediction, and immediately in conclusion of the sacred words uttered by him a gust of wind came which caused the silken folds of the flag to flutter and Old Glory to open in all her matchless beauty and grandeur, waving the stars and stripes in splendor, as if in endorsement of the program that had been rendered.

The program was, indeed, a most beautiful and impressive one, witnessed and enjoyed by a large crowd of people who cheered the boys in the splendid manifestation of patriotism they had exhibited, and who join in a feeling of pardonable pride that we have such a body of fine, patriotic boys coming along to take ranks in the future citizenship of the country.

SOME GOOD COTTON.

Mr. Allan Seale received a couple of stalks of growing cotton from his big plantation in Liberty county, this morning, which are worthy of special mention.

The two stalks have eleven grown bolls, twelve blooms, ninety-three squares. They are thirty-four inches in height, from the top of the ground; the tap root is ten inches deep, feeder roots fifteen inches; circumference of stalk at base, two in-

ches. The cotton is of the Jim Greer long staple variety and was planted from the 3rd to the 10th of April.

Mr. Seale has 125 acres of this crop, of which the stalks noted are an average sample, and he has fifty acres planted later. He has fought the boll weevil very energetically, and says that 125 live weevils have been caught in the shirt box lids, pans, and personal picking. These being taken from the first hatching of the pest, his crop is now practically clear, and he has prospect for a great yield.

THE SAPP CASES ARE CONTINUED FOR TERM

A dispatch from Waxahachie, to which place the cases were moved for trial, announce that they have been continued to October 15th, on the plea of absent material witnesses.

A great host of people from Beaumont, Laikin and other places went to Waxahachie a few days ago as witnesses in this trial, and they have thus had this trip for nothing.

Mr. John Burrows, Sr., left today for a visit to his son, Marian, at San Felipe, N. M.

The Tyler Box Factory has had all it could do this year. It is the factory that builds cities—Tyler Morning Tribune.

Who ever heard of a city being built out of boxes?

Wonder what starts such places as Longview, Center, Tyler and Nacogdoches to thinking they are suitable locations for Normal colleges? Possibly it is the great need of education—Marshall Messenger.

Wrong again. It is because we desire the efficient teachers who would be furnished by the State for the Normal School to continue to live in an enlightened community. — Longview Times-Clarion.

As there seems to be some confusion in the matter, a statement has been issued by the war department to the effect that those wishing to volunteer in any branch of the military and marine service can continue to do so until June 30th and by so doing be exempt from the selective draft. But the counties will not get credit in the ratio of the volunteers later than June 30th. To make the matter more easily understood, a certain percent of those registered will be called for in a few days, and credit will be given against this levy up to June 30th.

By the way, Bro. Gibbs, is it not about time to begin talking about bank deposits again? In the meantime, let us assure you that the Lufkin standpipe still adorns the same old place as formerly with Old Glory floating at the top—Lufkin News.

Very timely suggestion, doubtless inspired with the dread of its approach. With the statement of the three banks of this city, published in this paper this week, individual deposits subject to check are shown to the amount of \$1,073,216.92, and this, too, following the big liberty loan subscription and the big subscription to the Red Cross fund. Old Glory floating over the majestic standpipe is a good mute evidence of patriotism, but "money talks," you know.

They are not truth tellers who say it is just as easy for a person to be good as bad. The bad that is in us thrives without tith or care, but the spark of good must be constantly fanned, and our better parts must have careful cultivation, else they will be quickly choked out. No man ever saw a patch of briars or stink weed killed by a drouth or ruined by excessive rains; these thrive in spite of unfriendly elements and lack of care, while the plant of value sickens and dies when neglected. The bad that is in us is a worthless weed that asks nothing better than to be let alone; the good is the tender plant that dies from neglect or comes to glorious flower through intelligent and constant cultivation. No; it isn't as easy to be good as bad. Nothing that's worth while is easy—J. H. Lowery in Honey Grove Signal.

Nacogdoches has developed at least one good fighting man by the name of Alton E. Ennis. He went to Dallas to enlist with the regular army, and made application to the enlisting officer with the following remark, according to a Dallas paper: "I read in the paper where President Wilson asked for 70,000 men for the regular army. If our president says the regular army needs men, I know they need them. My name is Alton E. Ennis, and I am a good American. The war is on, yet, Nacogdoches people will stand with me."

and I'll follow him to hell and back if he says so." A few more patriots like that would certainly put Nacogdoches on the map permanently.—Lufkin News.

By the logic of your own reasoning, Nacogdoches is certainly "on the map," one hundred and forty signing up in one day, followed with more than enough to fill out the company in the next day. And you can put it in your cob pipe and smoke it, old pal, that they are all of the same metal exhibited with Mr. Ennis, ready to pursue the enemy to any quarter of the globe. This same old town and county furnished the first companies to drive the Mexicans away, the Yankees of the north, and a company for the Spanish-American war. And if Lufkin ever attempts to secede, or becomes too eruptive with a revolution of any kind, old Nacogdoches will raise another company with which to put it down. Now will you be good and quit crowing so loud?

"NORMAL" DISCUSSION

The Sentinel over at Nacogdoches says: "This great school would mean too much to Nacogdoches to let it get away if there is any way in our power to save it. And it will be a day away from us if we do not like to have it. The normal school is worth at least as much to the thrage as to Nacogdoches. It will not be located in the town that would 'like to have it,' but in the town that carries the East Texas Register.

That being the case, why worry? Marshall has earned it in several ways. Besides this, Marshall is the logical place for this institution. It is not far from either Carthage or Nacogdoches for people to come.—Marshall Messenger.

Tyler is nearer to all the East Texas people than anyone of these 3 towns, and besides, it has an ideal ways. Besides this Marshall is the location for buildings and the land is all that could be wished for.—Tyler Morning Tribune.

Why all this discussion, brethren? Carthage has not all the physical facilities required; further removed than "Carthage and Nacogdoches" are in the one which reaches to the east, and the Tyler contemporary is in error in the claim of being nearer to the center, that happy condition belonging to Nacogdoches. Added to its central location, Nacogdoches is able to meet all other requirements with as good or better facilities than any competitor, and the good old town which rocked Texas Independence into life and action is after this great institution with the lineal descendants of these great old pioneers who never went down in defeat. Get ready to send your teachers, and those who wish to prepare for the profession over to the Old Stone Fort City, for its "Sociability," "Accessible" with its two through lines of railroad connecting with the country north and south, east and west; "Fit" in every practical and theoretical way—"Nacogdoches." Catch the slogan: "S-F-A-N."

Edgar Graves, son of Mr. and Mrs. W. A. Graves, went to Houston last night in a call to service for his country in the navy. Edgar served ten months in the Texas National Guards, from which he received an honorable discharge and returned home. But feeling that his country still needed him, he enlisted in the navy. This was a splendid example of patriotism and the good wishes of all Nacogdoches people will attend him.

NACOGDOCHES TRADITIONS

Nacogdoches is frequently and justly referred to as an historic old town. It naturally follows that her cemetery is of a corresponding character, and its monumental features are interesting. Names are there carved in stone that are also written on the pages of fame and honor. Among them is one that towers above its companions in every sense.

The name is Rusk. The monument looms up conspicuously in the south-western corner of the picturesque grounds called Oak Grove. It is visible from the approaching streets of the town, which is westward. Appropriately, and in accordance with the modest character of the immortal honored dead General Thomas J. Rusk, it is not loudly pretentious. It is an obelisque-shaft, rising from a pedestal of four steps or blocks, to a total height of about twenty-five feet. It is all made of native Texas granite, elegantly carved and polished.

The inscriptions carved upon the stones are as follows: On the west or front facet the Texas seal, a lone star encircled by a wreath surrounded by the words "Patriot, Soldier, Statesman, Jurist." Above all is the letter R, and at the base the name Rusk. On the east facet is the following: "Erected by the State of Texas, To the Memory of General Thomas J. Rusk Who Fought for Her Liberty at San Jacinto. Born in South Carolina December 3, 1808, Died at Nacogdoches, Texas, July 23, 1857." Above all is the letter R and below all the above is carved in large letters the name Rusk.

It was erected and formally unveiled in 1894 when the lamented W. P. Mims was mayor, and he was master of the entire proceedings. Among the distinguished visitors and orators that officiated on this great occasion was Governor R. B. Hubbard of Tyler; Hon. Jesse W. Sparks of Murfreesboro, Tenn.; Judge Peyton Edwards of El Paso, Texas. There was an immense attendance of the local people, and many from a distance.

Alongside of General Rusk's grave, on the north side of it, is the grave of his beloved wife, who preceded her great husband only a year. A plain marble slab marks her grave. It is about five feet high by three feet wide. The last act of General Rusk's life was to write an order for this stone, describing its forms and details. This order he left lying sealed upon his desk at home when he ended his life. The directions were carried out afterward.

Inscribed on Mrs. Rusk's monument are the following words: "Mary Rusk, Born August 1809, Dier April 26, 1856."

General Rusk came to Texas from Georgia, where he was probably married. Mrs. Rusk's maiden name was Cleveland. Their only living descendants are the children of their son, John C. Rusk. One of these descendants is a son of Thos. J. who lives in this county, and is a farmer in the Woden vicinity. His brother, Capt. David Rusk, was a most worthy and highly esteemed farmer, and lived and died at his country home five miles from town on the Logansport road. He left a number of descendants, one of whom, a son, John, resides upon the old family home premises.

The Rusks are all very tall, being above six feet. David Rusk was six feet and seven inches in the clear. He participated in Battle of San Jacinto and was the first sheriff of this county. In this and all other capacities, he was distinguished by his devotion to duty,

and his fine sense of patriotism, a man to be looked up to.

LUFKIN COMPANY IS MUSTERING IN

Lufkin News.

Capt. C. M. McConico announces that his company of volunteers for the Texas National Guard is now complete, with its full complement of 150 men, the examining physician having completed his work this morning. The work of examining the boys was started last Saturday, and more than 200 of them were put through the most rigid examinations imaginable. Every possible defect was noted and more than half a hundred rejected by the examining officer.

Captain McConico feels that he has a splendid company of mighty good men who will not flinch at any test that may be imposed upon them, and with such a leader the News is confident that the boys will render a splendid account of themselves.

Captain McConico authorizes The News to state that his company will be mustered into service some time tomorrow afternoon, but he is at present unable to state the hour. However, it will be sometime between one o'clock in the afternoon and eight o'clock at night, but probably late in the afternoon, the exact hour to be named in the News tomorrow. This will be a most impressive service, and the public will very likely be present in large numbers to witness it.

TRANSPORTS UNLOAD PERSHING'S FIGHTERS

A French Seaport, June 27.—The second contingent of American troops arrived and disembarked this morning.

The troops landed amid the frantic cheers of the people who had gathered for hours before in anticipation of duplicating yesterday's surprise. Enthusiasm rose to fever pitch when it was learned that the transports and convoys had successfully passed the submarine zone. The port was speedily beflagged in honor of the occasion.

All the troops now arrived were transferred to a camp not far distant from this point, where Major General William L. Silbert is installed. Thence they probably will go to a point near the front. All the troops are in excellent shape, enthusiastic over the successful trip and their reception and are eager for action.

Major General Pershing, the American commander, is expected tomorrow, when additional troops are expected.

The harbor is dotted with convoys. The streets are filled with soldiers in khaki and with blue-jackets. Great numbers of trucks are transporting immense supplies to the camp in which the soldiers are concentrating.

MINE OPERATORS LOWER PRICES

Washington, June 28.—An immediate reduction of \$1 to \$1.50 a ton in the price of coal at the mine was agreed upon here today by representatives of the coal operators.

This reduction is expected to be followed by still further decrease in price after investigation into the costs of mining coal and it is probable that the government will be given a still lower price than that to the general public. Hundreds of millions of dollars will be saved to the American people through this decision.

THE BANK STATEMENTS.

With the heavy subscriptions to liberty loan bonds, the money contributed to Red Cross work, and the season of the year when much money is usually tied up in growing crops, it was expected that the bank statements this time would show a big decrease in deposit, but not so in Nacogdoches.

With the statements of the three banks of this city published in this paper this week individual deposits subject to check are shown to the amount of \$1,073,216.92, and all the other funds and affairs of the banks represented are shown to be in fine condition.

This showing, coming at this particular season of the year, is most flattering to Nacogdoches, as well as the banks, showing the county to be in fine condition with plenty money to take care of all its business and industry.

PLANT PEANUTS.

Dallas, Texas, June 30.—Reports received from every section of the state by the Texas Industrial Congress say that the heat and drouth during June have been disastrous to early planted corn, and that good rains must come soon if we are to have any corn at all. The rains may not come, and yet the loss, while serious, is not vital. The Spanish peanut under favorable conditions matures in from ninety to one hundred and ten days. If planted immediately on oats or wheat stubble-land, or on land where corn has failed, there is time to mature a crop before frost.

The hay and nuts cured together will maintain horses and mules at heavy work, fatten hogs, and make cows give more milk, almost as well as any other feed. Texas farmers should plant now as many acres of corn, wheat and cats' stubble-land in peanuts as they can get seed for, and the remainder in kaffir, milo feterita, and Sudan. The Texas Industrial Congress at Dallas has a new bulletin on peanut growing for free distribution to all who will write for it.

TEST HIGHWAY REGISTERING LAW

Austin, Texas, June 30.—Suit for an injunction was filed today in the Fifty-Third District Court which will have the effect of testing the constitutionality of the law creating the state highway commission. The suit is styled P. S. Atkins vs. Curtis Hancock, chairman of the commission, et al. Atkins resides here, and is the owner of a car, and has refused to pay the registration fee.

The injunction is directed against the three members of the commission, the secretary and state highway engineer, and is to restrain them from collecting the registration fee. The petitioner alleges that the license or registration fee is in fact and in law a tax, and that "it is such a tax as forbidden by the constitution of this state; that being unconstitutional because expressly forbidden by the constitution," its also claimed that the law is discriminatory. The court did not grant any restraining order, but will consider the case on Monday.

District Clerk Normal B. Hall and family left this morning in their automobile, for a visit to relatives and friends in Northwest Texas, and will be gone some ten days or two weeks. Mr. R. W. Murphey is holding down the office while the district clerk is away, leaving the affairs of the office in experienced, competent hands.

CLASS IN CANNING.

On Friday morning at 8:30 o'clock, at the High School building, Miss Fincher will meet all ladies and girls interested in canning vegetables and fruits, for the purpose of organizing a class in canning work.

If the number is large enough to make a class the lessons will begin Monday morning. Five lessons will be given. The ladies will work in the cooking laboratory and will do individual work. Each lady will furnish her own containers and rubbers and the product will be hers to carry home. Members of the class will not furnish the products to can. A fee of three dollars will be charged for the five lessons.

CANADIANS ENTER SUBURB OF LENS

Canadian Army Headquarters in France, June 28.—Under a protecting concentration of artillery fire, Canadian troops early today stormed and captured the German front line before Avion, a suburb of Lens.

The Canadians, heartened by successes gained during the last few days at relatively small cost, decided this morning to attack across the ground sloping upwards to Avion and the village of Leauvette, near the Souchez River. They met with opposition of a serious character at only one point where machine gun fire and uncut wires delayed the advance.

The attack was not intended to be pressed home at this particular spot, as the ground specially favored the Germans, so that the delay did not harm.

THE EXEMPTION BOARD RECEIVED COMMISSION

Mr. Giles M. Haltom, Judge V. E. Middlebrook and Dr. A. A. Nelson received their commission as the military exemption board for Nacogdoches county Saturday afternoon.

Immediately upon receipt of the commission they "qualified" by taking the required oath, and organized for work, wiring the department that they were ready.

The Board will have a lot of preliminary work to do, in which they are now engaged, but actual conscription will not likely begin until the middle or latter part of the month.

This is quite a responsible position these gentlemen have assumed in which they must track the letter of the law in its application with home people, but it is the universal verdict that no better men could have been chosen for the place.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be..." writes Mrs. Mary E. Vest, of Madison Heights, Va. "I got down so weak, could hardly walk... just staggered around. I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

All Druggists

L. 70

Mrs. E. F. Carter, a sainted old mother of Cushing, was in the city today, visiting Mr. and Mrs. H. B. Davis. "Grandma Carter," as she is affectionately known is ninety years old, but her mind is perfectly clear on all matters, and she gets about with the ease of one much younger. She is a native of the State of Alabama, coming to Texas at the close of the civil war in 1865. Her husband was a Confederate soldier and was killed in battle in Virginia in 1864. The Sentinel hopes to have a more extended writeup of this sainted old mother at some future date.

Dr. C. O. Bryan, a prominent physician of Center, was in the city yesterday, coming over to perform an operation on one of his patients which he had previously sent to the sanitarium here. Mrs. Bryan and the wife of one of his brothers who was visiting the family, accompanied him and spent the time socially with friends in the city.

The Sentinel failed to note in Saturday's paper the visit of Hon. S. M. King to the city. Judge King came by for a little visit to his family and other relatives and friends while en route to Austin, to which place he went Sunday. While here he was pressed into service to make a patriotic speech Saturday afternoon, in which he acquitted himself with characteristic eloquence and ability, rendering a great service to the recruiting officers who were ambitious to enlist as many of the young men as possible during the day.

COMPANY ORGANIZED IN ONE DAY'S TIME

All Records Broken in Nacogdoches Organization—Pass the Word Along.

Last Friday afternoon Capt. I. Shindler and Lieutenant Orlando Patton arrived home from Houston with the permit to organize a company of coast artillery.

They opened a recruiting station late in the afternoon and began to talk the matter to the young men in this section as a result of which recruits began to sign up at a lively clip Saturday morning, continuing to do throughout the day, total enrollment of 140 being on the roster by midnight.

Recruits have continued to come in today, the list being up to 160 when this report was prepared, and others discussing the matter, insuring that 200 will be enrolled before the examining physician can get around to them.

Just three days after the permit was granted from the Houston headquarters, the same authority is sending an examining physician, and in less than a week the full company will be examined and ready for muster into service.

This doubtless breaks any record in the United States, but it is the Nacogdoches way when a matter of patriotism is at stake. We can organize two or three companies here if they are needed.

Lufkin organized a company over the county in which it is located in a week or two, for all of which she is to be congratulated, and other companies have been organized in a short space of time in other parts of the country, but if some enemy had been actually invading the community in which it was organized, this record could not have been exceeded.

The new company is composed of a fine body of young Nacogdoches county men who are not waiting for any further call to duty, but are ready to go if their country needs them. No better exhibit to patriotism could be made by any one, and all loyal, patriotic citizens are proud of them.

The Sentinel will gather a full list of the names as fast as they are examined and accepted for service. Save these lists for they will make interesting reading for succeeding generations, being the best records of who the patriots of today are.

The company will be drilled at home awhile—possibly until the first of August, when they will go to the training camp.

Captain Shindler, who is at the head of this company, served in the Spanish-American war, and by his faithful, efficient service has risen in the ranks of gradual promotion from first and second lieutenants to captain. In addition to his military training he is cool-headed, courageous, honorable gentleman in every way fitted for the responsibilities of the position he has assumed. Mr. Patton has been attending a military school where he has received military training. He also possesses the good traits of character to go with his military training to fit him for the place. Both are natives of this city who are known and esteemed by the citizenship of the county and their personality should have much to do in enlisting quick support of the enterprise which they are launching for a part in the defense of our nation.

CONTRACT IS LET FOR THE RE-BUILDING

At a meeting of the school board Tuesday night a deal was

closed with J. J. E. Gibson of Tenaha to superintend the rebuilding of the school house, and work will begin as soon as material can be placed on the ground.—Garrison News.

Are You One of Them?

There are a great many people who would be very much benefitted by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence. dw

OUR FIRST MELON.

The first watermelon to be brought to The Sentinel for this season came this morning from our good friend, Hon. J. Martin Jones, and it was a fine one, fully sustaining the reputation of this excellent gentleman as a farmer, and more closely cementing his friendship with the printers.

Doing Good.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delemny, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being exceptionally fine preparation." dw

Judge J. E. Perritte, who was carried to the Sanitarium several days ago, mention of which was made in this paper at the time, had an operation Saturday, and his friends over the county will be pleased to learn that he is doing nicely.

Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this Remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed. dw

Sheriff Luther Prince arrived home last night from Marlin, where he spent a week taking the hot baths, and feels much improved in health from the treatment. Mr. Prince says that the drouth is very serious over the country which he traveled, in many places the corn crop being a total failure.

Safety First with Cough and Cold.

"Oh, just a cough," today may become gripe or pneumonia tomorrow. Thousands die from neglected colds. Take Dr. King's Discovery before your cough becomes chronic. A few doses check the cold by killing the germs. The healing balsams soothe the throat, loosen the phlegm and clear the air passages of secretions which provoke coughing. Contains mildly laxative ingredients which remove the waste that aggravates the cold. At your druggist, 50c, \$1.00. dw

THE TRADES DAY IS A GREAT SUCCESS

People Come From All Parts of the Country and a Great Crowd in Attendance.

From Tuesday's Daily. Nacogdoches' second Trades Day is a greater success than the first—and that is making a big assertion, because the first was greatly pleasing to all.

People are here from many miles around, coming from the different counties, neighboring towns and the different communities of this county, all combining a crowd of several thousand visitors. It is hard to accurately estimate the crowd, but the sidewalks are lined and jammed, the business houses are full of customers, and the streets are full of wagons, buggies and automobiles.

When the rain began to fall at an early hour this morning, it was feared that it would seriously interfere with the crowd, but not so. The shower was so refreshing that none seemed to shun it, and if any remained at home in consequence they could not be missed.

The program is being carried out as planned, but it is impossible for The Sentinel to get a detailed statement today. The various schools seemed to be well represented, as the school campus was a veritable bee-hive of school children.

A good exhibit of canned products, chickens, pigs, etc., is on exhibition at the stand reserved for the purpose near the Farmers & Merchants State Bank. The exhibit of canned fruits and vegetables is especially creditable, and some mighty good chickens and pigs are on exhibit. Among other things in the exhibit that have attracted considerable attention of those viewing it are two large rabbits in one cage, and a couple of pet squirrels in another.

Perfect order has been maintained throughout the day, and the people have seemed to enjoy the occasion in re-union with each other, meeting with old friends and making new ones. Everybody has been in a good humor and happy, and it has in all things been a great day for all concerned.

Chase the Ache, Kill the Pain.

Get busy. Act now. Use Sloan's Liniment for your rheumatic pains, toothache, neuralgia, sore muscles, stiff joints, sprains and strains. Better than anything you ever tried to soothe hurts, reduce swelling and inflammation. Cleaner than ointments or plasters, as it does not clog the pores or stain the skin. Easy to apply, it penetrates without rubbing. Always have a bottle of Sloan's Liniment in your medicine chest. At your druggist, 25c, 50c, \$1.00. dw

Mr. and Mrs. Lake Orton with Mr. Orton's father, Mr. J. G. Orton, arrived home yesterday from an overland trip to Galveston. Mr. Orton went to Galveston to have some county records rebound, by order of the commissioners court, the documents being too important to entrust to common carriers, and Mrs. Orton and the elder Mr. Orton went along for a little pleasure trip.

Constipation Causes Serious Ills.

"Let me see your tongue," is the doctor's first question. When the tongue is coated it means sluggish bowels, and you invite not only headaches, indigestion but serious ill-health. Avoid those dangers by taking Dr. King's New Life Pills. They are sugar coated, highly efficient, yet mild and easy in action, pleasant to take by young, aged or delicate. For years at your druggist, 25c. dw

GREAT ARMY TO TRAIN IN TEXAS

Dallas, Texas, June 27.—Upwards of 125,000 men will be in training in Texas within the next few months preparatory to taking their places in the line of battle. This number is in addition to approximately 20,000 already in San Antonio, and several regiments in El Paso and along the border.

Five camps will be located in Texas. One of these at San Antonio has been designated as a national army canton. Three others, at Fort Worth, Houston, and Waco, will be National Guard training camps. The fifth at Leon Springs will be for candidates for commissions in the officers' reserve.

The San Antonio camp will care for about 40,000 men selected from those registering June 5. Each of the National Guard camps will care for 25,000 or more men. About 1,500 will be assigned to Leon Springs.

The Leon Springs school will open August 27 and it is expected that the San Antonio camp will open about September 15—possibly two weeks later. The National Guard camps start work between July 15 and August 15.

The National Guard camp will embrace a total of 11,500 acres. The Waco camp site covers 8,000 acres, Houston, 2,000 and Worth 1,500.

The Fort Worth site is on the outskirts of that city, a vast rolling prairie, touching the shores of Lake Como. One street car line already extends to the camp, and another will be built. A rifle range will be established on the shores of Lake Worth.

Recently the city banished its vice district and the mayor is said to have advised the war department that it will not be permitted to return.

The site near Houston is touched by three railroads, the Missouri, Kansas and Texas, the Galveston, Houston and San Antonio, and the Houston and Texas Central. Like other sites an ample excellent water supply is afforded, and assurance has been given that moral conditions will be all that can be desired.

The Waco site is just north of that city and is comprised of farm land extending from the Brazos river to the South Bosque river, the majority of the acreage being on high ground which abounds in cedar and other timber. The Cotton Belt, and Missouri, Kansas and Texas railroads will build spurs to the camp sites.

Cause of Despondency.

Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels. dw

Mr. L. C. Jopling, a prominent farmer from the northern end of the county, has been in the city a day or two visiting relatives and looking after some business interests.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. Cheney & Co., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period. This is shown in so many pale faces, lean bodies, frequent colds and lack of ambition.

All such children need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol. Scott & Bowne, Bloomfield, N. J.

BIG KIRBY MILL AT KIRBYVILLE BURNS

Kirbyville, Texas, June 26.—Fire of mysterious origin but thought to have been incendiary, completely destroyed the main mill, one of the dry kilns and about thirty-five carloads of lumber of the Kirby Lumber Company here tonight, entailing a loss of from \$100,000 to 150,000.

The fire started in the filing room, where there usually is no fire, and the flames spread quickly to the boiler room cutting off the power and consequently putting out of commission the pumps maintained by the company for protection against fire. The floor, walls and equipment had in the course of ordinary usage become oily and the flames spread rapidly.

Excellent work on the part of a bucket brigade saved the planer and much of the lumber stacked in the yards. Because of the absence of J. A. Herndon, manager of the mill, it was impossible tonight to obtain authentic estimates of the loss or of the amount of insurance carried. It is believed here, however, that a big percentage of the loss is covered by insurance.

The mill was erected in 1902 and was one of the largest of the Kirby system or in east Texas. Several years ago it caught fire but each time the pumps have extinguished the blaze in short order.

The fire was discovered at 8 o'clock and it was nearly 11 o'clock before it was under control.

DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Nacogdoches case.

Mrs. E. Asforia, N. Fredonia, St. Louis, Mo., says: "I had backaches and pains in my hips. My kidneys acted irregularly and caused me much annoyance. Doan's Kidney Pills had been used with such good results in my home, I took them myself. They did away with the trouble and I am pleased to tell others of my cure."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Asforia had. Foster-Milburn Co., Mfgs Buffalo, N. Y.

AUTO IN WRECK NEAR LOGANSPORT

Logansport, La., June 27.—While returning from a pleasure trip to Shreveport Sunday night at 9:30 o'clock a car full of young people from Center, Texas, ran off of a steep embankment on the model road in front of the home of Mrs. Ida Headrick. The car turned over and each member of the party was severely shaken up, but Miss Orva Rushing, daughter of Mr. and Mrs. J. J. Rushing, was so severely injured about the head that she had not fully regained consciousness when the party proceeded on their way to Center.

HALTOM & GIBBS, Proprietors
G. M. HALTOM, Manager
O. M. GIBBS, Editor

Let no citizen forget that the Normal locating board is likely to visit the town the latter part of this week. Much depends on the appearance of our town and the reception we accord to the visitors.

This from our neighbor down the line, the Lufkin News, sounds better, and bears a "flag of truce" that we recognize: "That is the way to do things, and the way to tell it. The News, and all Lufkin, is indeed glad to see Nacogdoches come to the front so nobly. That is the spirit that wins wars, and if every section of the country does as well as Nacogdoches and Lufkin, we shall have no fear for the future. Three cheers, boys, for the new company of coast artillery just organized among our neighbors and friends."

The big victory reported by the Russians is the best war news we have had lately. Russia has been so torn with revolutions and internal trouble lately, that it has been feared the government would break ranks with the allies and entertain a separate peace proposal, in which event the United States would have been forced to make up for the loss of strength suffered thereby. With the government coming to life with such surprising strength, and other nations joining the great struggle, the outlook for early suppression grows brighter with each day.

The Lufkin News man has become peeved and is saying ugly things about Nacogdoches, and the people who are disposed to pass us a compliment. So wrought us is he that he brands the editor of the Texas School Journal as a hireling of Nacogdoches because he gave the town a nice writeup in a recent issue of the Texas School Journal, commending the candidacy of this place for the location of the Stephen F. Austin Normal. He thinks our military company will never get further than the Angelina, and he warps our pretty slogan to read: "Slackers First—Action Never." We are surprised that our good neighbor should suddenly become so unprofessional, and we recommend that the Cotton Belt Railroad give him a double dose of the malaria treatment, for it is manifest that he has a bad "case." Where he is known, Mr. Musselman needs no defense from the unholy attack; neither has his argument been punctured, for it is a fact that the little saw mill roads running out from Lufkin are not taken as seriously as the Lufkin editor would believe. Stay sweet Bro. Watford, for melancholy will aggravate your "case."

Messrs. Giles M. Haltom and Chas. A. Hoya arrived home last night from Austin, and bring back a very encouraging report of the outlook for Nacogdoches to capture the location of the Stephen F. Austin Normal. They say that twenty-five towns have made application for the institution, all having strong committees on the ground to represent them, but that so far as they could ascertain Nacogdoches presented the best claims, and made the most favorable impression with the committee of any town contesting. Prof. Davis, Hon. S. M. King, and Hon. Eugene Blount joining party after they arrived, remained over. Prof. Davis to confer with some teachers and Judge King on some personal business.

PRESIDENT ANNOUNCES EXEMPTION REGULATIONS

Washington, July 2.—Regulations to govern the next step toward selecting a national war army from the millions registered for service on June 5 were issued today at the direction of President Wilson. They leave to be prescribed later the manner of determining the order of liability of the men registered, but set forth in general detail the method of arriving at exemptions and the work generally of the local and district boards to carry out the task.

Exemption regulations add little to the terms of the draft law, the question of whether a man between the ages of 21 and 30 is entitled to exemption because of dependents, the nature of his occupation or physical unfitness being for the boards to decide after proper investigation. It is made very clear, however, that there are to be no class exemptions and that each individual case must be decided upon its merits.

Local Boards to Govern.

The local boards—one for each county of less than 45,000 or city of 30,000, with additional boards where necessary for each additional 30,000 population—will pass upon claims for exemption except those based upon industrial or agricultural occupation, subject to appeal to the district boards.

All cases involving agricultural or industrial exemptions will be passed upon by the district boards—one for each federal judicial district—which also will decide appeals from decisions of the local boards.

In the near future a date will be set by Brigadier General Crowder, provost marshal general, for the meeting and organization of the boards. At the same time it is expected the selection regulations will be promulgated so that the process may be put under way without delay. The present intention is to call those selected to the colors about September 1 or as soon thereafter as the cantonments to house them can be completed.

In a statement accompanying the announcement of the regulations the president called upon the board of directors to do their work fearlessly and impartially and to remember that "our armies at the front will be strengthened and sustained if they be composed of men free from any sense of injustice in their mode of selection."

Will Publish Lists.

Upon organizing, the local boards will take over from the registration boards all registration cards, which they will number serially and list for posting to public view. Then, after having been advised of the method by which the quota to be drawn from its territory (minus credits for enlistments in the National Guard or in regular army), each board will prepare a list of persons designated for service in the order of their liability, post the list, give it to the press and within three days send to each designated person by mail.

As the men so notified appear the boards first will make a physical examination in accordance with special regulations to be provided, bearing in mind that all persons accepted will be re-examined by army surgeons.

If the physical examination is passed successfully then comes the question of exemption.

Persons Who Are Exempt.

Persons who must be exempted or discharged by the local boards include:

District of Columbia; ministers of religion, students of divinity, persons in the military or naval service of the United States, subjects of Germany, all other aliens who have not taken out first papers, county or municipal officers, customs house clerks, workmen in federal armories, arsenals and navy yards, persons in the federal service designated by the president for exemption, pilots, merchant marine sailors, those with a status with respect to dependents which renders their exclusion desirable (a married man with dependent wife or child, son of a dependent widow, son of dependent, aged or infirm parent, or brother of dependent orphan child under 16 years of age).

Those found morally deficient and any member of any well recognized religious sect existing May 18, 1917, whose creed forbids participation in war and whose religious convictions accord with the creed.

Must Swear to Exemption.

Claims for exemption because of dependents may be made by the man himself, his wife or other dependents or by a third party who has personally investigated the case. A claim made by the husband must be accompanied by supporting affidavits signed by his wife and by the head of a family residing in the same territory. A claim by the wife or a third party must be accompanied by two supporting affidavits signed by heads of families.

Similar rules govern claims on the grounds of other dependents when the dependents or third parties being authorized to file claims with supporting affidavits. In each case the board must be satisfied before it grants exemption or discharge that the dependent or dependents actually are supported mainly by the fruits of the man's mental or physical labor.

Must Expedite Decisions.

Local boards are required, subject to appeal, to pass upon claims for exemption or discharge within three days after the filing of affidavits. District boards must decide appeal cases within five days after the closing of proofs and their decisions are final. If the ruling of a local board is affirmed the person in question stands finally accepted for military service.

In passing on claims for exemption on the ground of employment in necessary industrial and agricultural occupations the district boards must be convinced that the particular enterprise affording such employment actually is necessary to the maintenance of the military establishment or national interest during the emergency.

Later the president may from time to time designate certain industries or classes of industries that are necessary, and the district boards will be so notified. It will be the duty of each board however, to ascertain the available labor supply for such industries outside the men called for military service, and to take the result into consideration in determining such things.

Certificates of exemption will not necessarily be permanent. They may be revoked with changing conditions or may be granted only for prescribed periods.

Editor Giles M. Haltom and Mr. R. F. Davis of Nacogdoches passed through the city yesterday en route to Austin for the purpose of bringing back with them the Stephen F. Austin State normal school. It is likely, however, that the locating committee will visit Lufkin before handing out the prize to our neighbor, and they MAY leave it here in Lufkin. —Lufkin News.

O'ER THE BATTLE-FIELDS OF FRANCE

They have crushed the life of nations
With their mighty Prussian waves,
And have left the weak and helpless,
Without life, and without graves,
They have left the Belgians hungry
And refused to hear their cry,
While their grim and mighty legions
Simply march and pass them by.
They have sent our ships and cargoes
To the ocean's briny deep,
They have sent our men and women
And our children there to sleep,
Without warning of their coming
As a thief in the darkest night—
Can they glory in such warfare?
If so, pity, God, their plight.
They have said that we were cowards,
That we were too proud to fight,
But before the conflict's ended
They will know that we were right,
For we'll meet them in the trenches
And they'll know us at a glance,
When they see Old Glory waving
O'er the battlefields of France.
They have said that we were selfish,
And that money was our aim,
They have said we were divided,
And our army was a shame,
But a worthy foe they'll find us,
When our soldiers get a chance,
With Old Glory proudly waving
O'er the battlefields of France.
They have forced a war upon us
We have heard our country's call
And our spirit's undaunted
As in battle line we fall
A matchless heritage to prove
We are anxious to advance
With Old Glory proudly waving
O'er the battlefields of France.
They will see our million moving
In the name of liberty
Fighting for our God and country
And to make all nations free
They will know our noble purpose
When they feel our piercing lance
And they'll leave Old Glory waving
O'er the battlefields of France.

COTTON CROP ESTIMATE.

Washington, July 2.—Plans of the cotton growers to produce this year the largest crop of that staple ever grown have been frustrated. A crop larger than those of last year, and that preceding it probably will be realized. This year's product was forecast Monday by the department of agriculture at 11,633,000—equivalent to 500-pound bales. That would be about 183,000 bales more than produced last year and 441,000 bales more than the 1915 crop, but it is 4,500,000 bales less than the record crop three years ago.
Scarcity of labor due to emigration of negroes to the industrial centers of the north, by higher wages, and to the entry of young men in the military service; high prices of food, feed and fertilizer, and the movement for the South to feed itself, are the important influences against the cotton farmer's effort to produce a record crop. Unfavorable weather also was a determining factor.

CUSHING LOCALS.

From the Enterprise.
Will Wade of Nacogdoches was a visitor to Cushing Saturday night.
J. H. Summers of Nacogdoches was a business visitor to Cushing Tuesday.
Weward Rusk of Nacogdoches visited his father, D. L. Rusk, last Saturday.
J. A. Spears of Nacogdoches was a business visitor to Cushing Monday.
Isaac Skillern returned to his home at Nacogdoches Saturday after visiting H. B. White at Libbert.
Mr. J. B. Crawford, a well known citizen of Garrison was among the visitors to the city today.

NACOGDOCHES TRADITIONS

The ancient official records of Nacogdoches county that are preserved in the present court house include papers, archives, manuscripts and books a century old, reaching back from the State of Texas in the United States through Mexico to Spain and France, if not further. And Nacogdoches county was once as big as an average state. It took in Dallas and Beaumont and was bounded on the east by Louisiana, or France, at the Sabine river; on the west by Mexico or Spain at the Trinity river; on the south by the Gulf of Mexico, possibly including Houston, and on the north by Indian Territory, or "No Man's Land." Capt. A. A. Nelson, an honored pioneer citizen, was county surveyor for many years. The distinguished sheriff of all this big county was David Rusk, six feet and seven inches high, and every inch a man.

Indeed, Nacogdoches county was the original Texas, where adventurous fortune-hunters landed, and which was headquarters for anything doing—the true busy focus of all Texas.

General Thos. J. Rusk made his home here, and helped make the Lone Star State. He was one of her leaders and a favorite son. He participated in the first term of district court here in 1837, as did also his brother, Sheriff Rusk. Minute books in the district clerk's office show the proceedings. The old book is worn and yellowed by age. It is quite an interesting object from any point of view.

At the conclusion of the first term of district court ever held here, when the grand jury came in for final presentations, the lawyers and other officials got up an oratorical ovation and made General Rusk the speaker. His speech is a jewel, and is recorded in the closing entry of these minutes. He congratulated the court and the country upon the satisfactory and glorious success of the term, and the reign of law and order, and the new rule of liberty and freedom, referring to the recent reign of tyranny, and celebrating Texas upon the change in exulting style. He also made a happy reference to the fact that the court was held in the "Old Stone Fort" or house of more than a century in the service of dictatorial rule, but now held by freemen.

Twenty years after this event there was another term of district court convened in the old wooden court house in the public square. The attorneys and officials assembled with serious faces and silent mien. The judge took his seat solemnly and ordered the sheriff (W. E. C. Mayfield) to open court. After a painful silence a leading attorney (Judge W. B. Ochiltree) arose, and looking around deliberating, announced that since the last term of this court a beloved member of the bar had passed over to another bar in the Great Beyond—General Thos. J. Rusk was dead. He therefore respectfully suggested and moved that the court adjourn for a day in respect for the memory of Rusk, and that a committee on resolutions be appointed by the court. This was followed by eloquent eulogies by attorneys. The proceedings are all shown upon the minutes of the court for the fall term, Sept. 1857.

Rusk and Reagan were very warm friends by reason of association and of their congenial, elevated, patriotic principles. Each had a great fondness for law and literature, and a wonderful library. The Reagan library was bought by the state; the Rusk library went to the

winds for lack of preservation or protection.

**TO LOAN FARMERS
MILLION A MONTH**

"I believe that within the next 60 or 90 days the federal land bank will be making loans averaging half a million dollars a month," said Judge C. A. Leddy, attorney for the bank, Monday afternoon. "Within a year we will probably be making loans totalling a million dollars a month."

Making loans is necessarily a slow process now, for there is so much preliminary work to do. The first member of a farm loan association who secures money from us is doing the pioneer work for all the other members of his association. There is a great deal of red tape necessary for each association to be able to secure loans. After that is done the only thing necessary for other members to borrow from us is for them to be in possession of abstracts which we will be able to approve.

"Then, after one member of an association has secured the money he wants others will be induced to make application for the amounts they may need. For instance, the first loan the bank made was secured some time ago by a member of the Van Alstyne association. Since then we have received individual application for loans amounting to \$49,000 from Van Alstyne. In a measure that was due to the fact that one man had secured some 5 per cent money and was using it instead of the 8 or 10 per cent money which he formerly borrowed. It served as an inducement to get his neighbors to take advantage of the lower interest rate.

"When all the associations in the State have secured their initial loan, and the come-back begins to be felt, we will be a busy organization."

**RUSSIANS CAPTURE
18,000 GERMANS**

Petrograd, July 2.—Russian troops have captured Koniuchy on the Galician front, together with 164 officers and 8400 men, the war office announced today.

The number of prisoners taken in the various sectors on Sunday is more than 10,000.

Southwest of Brzezany the Russians occupied strongly fortified positions of the enemy.

The Russian official announcement says that the Russians have advanced to the Koniuchi stream and also have captured seven heavy guns.

Teuton prisoners continue to be brought in.

Attack on 18-Mile Front.

The advance was effected in the field of attack between the upper Stripa and the Narayuvka. General Brussiloff moved here yesterday, the Austro-German lines being struck along a front of more than 18 miles after prolonged artillery preparation.

The number of prisoners taken compares not unfavorably with last year's list from General Brusiloff's great offensive along the southern part of the line in the East, considering the comparative shortage of the present line of attack.

Has Had Beneficial Results.

A man is not treating himself fairly when he neglects backache, rheumatic pains, dizziness, stiff joints, sore muscles, or other symptoms of kidney or bladder trouble. Isaac B. TRADES DAY EXHIBITS AND PRIZES

The Sentinel carried a brief report of the general features of the Trades Day in Tuesday's paper not being able to get the prizes awarded in time for the paper that day.

The prizes proved a great drawing card for the day as proven by the splendid attendance of school children who entered the contest for the best percentage of enrollment; the most excellent canned goods exhibit, livestock and chickens. The latter features, all assembled in one place, would make a most creditable little fair, and in future more attention will doubtless be given to this feature, for the reason that an exhibit of this kind is especially interesting at this time when the world is crying for feedstuff and foodstuff, and these exhibits show that old Nacogdoches county can "deliver the goods."

In this contest Miss Georgia Maroney won first; Mrs. B. B. Parmley, second; Mrs. E. Hogan third; and Miss Sadie Oliver fourth. Others exhibiting Mrs. W. J. Harris, Mrs. G. N. Brandon, Miss Lois Anders, Mrs. John Windsor, Jr., Mrs. L. L. Martin, Mrs. J. H. Openshaw, Mrs. W. R. Smith, Mrs. R. H. Ansley, Mrs. Z. R. Ross, Miss Eva Reese, Mrs. August Stevens, Mrs. August Partin, Mrs. J. R. Shirley.

The best two jars canned beans brought out many contestants. Those exhibiting were: Mrs. R. H. Burk, winner, and Mrs. J. F. Little, Mrs. C. N. Brandon, Miss Lois Anders, Mrs. C. Anders, Mrs. E. Hogan, Mrs. John Windsor, Jr., Mrs. J. H. Openshaw, Mrs. J. L. Hodges, Mrs. E. W. Weatherly, Mrs. R. Hansley, Mrs. W. C. Boozer, Miss Sadie Oliver, Mrs. John King.

Best Peck Corn—N. L. Phillips, winner, and W. J. Harris, G. W. Forsythe, Jim Mueklero, T. E. Burgess, Henry Ansley, W. R. Smith.

Best Jar and Basket Peaches—Mrs. A. L. Jones, winner and Mrs. Evie Reese, Mrs. J. R. Shirley.

Best Half Bushel Irish Potatoes—H. F. Sanders, winner and T. B. Nerrin, W. J. Harris, C. Anders, G. W. Forsythe, H. B. Ballard, J. L. Hodges, W. R. Cox, Manuel Gonzales, S. F. Price, R. H. Ansley.

Best Two Stalks Cotton—H. Simon, winner and Robert Hill, A. L. Allen.

Third Prize—Sand Ridge.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Try it. Stripling, Haselwood & Co., Special Agents.

In the livestock department nine colts were entered. Gee Bros. won first prize; C. F. Drewry, second; J. B. Shirley, third. Other good colts were entered by C. S. Burrows, J. J. Wilson, H. S. Johnson, H. A. Cooper, J. B. McCammack, G. W. Tucker, C. F. Hardy, C. A. Parmley, W. A. Linthicum, and J. B. Thrash.

Sam Sitten won first prize for registered Jersey cattle, and T. E. Burgess second and third.

A good exhibit of poultry and pigs was made by the following people: R. H. Ansley, one red pig; C. N. Brandon, coop Plymouth chickens; J. W. Hutson, two-months-old pigs; C. C. Coats, one red pig; S. L. Wilkerson, two white guineas; A. L. Allen, pair white chickens; S. E. Windham, coop red chickens; S. A. Boyett, two coops single-comb reds; Mrs. J. B. Ross, two coops chickens; Lin Martin, two-months-old pig; Lee Gaston five red pigs; J. B. Morrison, three red pigs.

For the best pig under three months old J. B. Owens won first prize; S. C. Coats, second, and J. W. Hutson, third.

For the best friers, Sam Boyd won first prize.

Great interest centered in the contest by the different schools of the county, and our great school campus was literally filled with visiting school children. Twenty-two schools entered this contest, and the following were victorious in having the greatest percentage of their enrollment present: First, Blake, with an attendance of 80 plus; Second, Mahl, 90 plus, and Sand Ridge, 73 plus.

Many of the parents of the children, the teachers and trustees of the various districts came along, helping swell the crowd.

There were many other features during the day worthy of honorable mention, which The Sentinel will review later if it can get authentic data. Among these special features our splendid Concert Band is worthy of special praise, voluntarily furnishing good music at intervals throughout the day.

The whole program of the day was a great success, well worth all the trouble and expense expended for the enterprise, and all are so pleased with the result it is needless to say that the Trades Day has come to stay.

**CUBA PREPARES
ARMY OF 25,000**

Fort Worth, Texas, July 8.—Cuba is preparing to place an army of 25,000 men on the European battlefields, according to a statement made by Captain Luis A. Beltran, an officer of the Cuban army, who is in Fort Worth buying horses for the Cuban government.

Beltran stated that Cuba has entered the war a real participant and will use her army and navy in every way possible to bring the war to a successful end. Cuba, he stated, was induced to break relations with Germany more than anything else through a feeling of gratitude for the United States as her greatest friend and will endeavor in every way possible to pay the debt she owes this country as a result of the Spanish-American war of 1898.

He stated that within six hours after the United States had entered the war against Germany, a similar declaration of war had passed both houses of the Cuban congress and had received the signature of the president of the republic.

"Cuba's entrance into this war will count for more than the Kaiser figures," Beltran continued, "for with Cuba as an ally, the United States will be in possession of the key of the Gulf of Mexico. He further pointed out that the action of the Havana government in entering the war against the central powers had opened all Cuban ports to the warships of the allied nations and guaranteed the safety of Guantanamo Bay, the great coaling station of the American nation in gulf waters, against the possible depredations of Teutonic sympathizers.

Captain Beltran stated that a selective draft law, similar in every detail to the draft law recently enacted by the American government, was being seriously considered by the Cuban congress, and expressed the opinion that conscription would soon be in effect in the island. Beltran stated that the navy of the republic was being strengthened as rapidly as possible and believed that the Cuban navy would prove helpful in dealing with the submarine menace.

Monday's Daily
Mr. A. J. Tucker, a pioneer and honored citizen of the county, died at the home of his daughter, Mrs. Mattie Teutsch, at Chireno yesterday morning about 7:00 o'clock, and his remains were laid to rest at the cemetery at that place today.

**RACE RIOT RAGING
UP IN ST. LOUIS**

East St. Louis, July 2.—The number of dead as a result of Monday's race riots shortly after 11 o'clock Monday night was variously estimated at from 15 to 75, of whom two were white men. Forty injured negroes and six injured white men were in one hospital and almost an equal number in the other.

City Attorney Thomas J. Fekete estimated the damage at \$3,000,000, which was believed by some to be too high.

Buildings were still burning at four different points in the city. At least 15 negroes were shot and killed by mobs here Monday night as they fled from their burning homes, which had been set on fire by white mobs.

How many negroes perished in the burning houses is unknown and will not be ascertained until morning, when the ruins are searched.

Estimates of the number of negroes who perished in the fire ran as high as 100, but there was nothing authentic on which to base these estimates, except that hundreds of whites stood around the edges of the burning districts and fired at the negroes as they fled from their homes.

Mr. and Mrs. Horace Avey of San Antonio are in the city visiting relatives and friends for a few days. Mrs. Avey was reared here and is related to some of our best families.

**THE RUSSIAN DRIVE
GETS MORE RESULTS**

The great offensive of the re-generated Russian army, initiated under the leadership of Minister Kerensky in person, is being successfully pushed. Advances to the Russian government declare it is developing "in an absolutely favorable manner."

The success of the initial thrust by General Brussiloff in Galicia was beyond question. Costly as it probably was to the Russian personnel, the taking of more than 10,000 prisoners by the attacking army in the comparatively narrow sector affected shows how disastrous it must have been to the enemy.

Today Russian official statement shows further heavy losses inflicted upon the Austro-German forces, including the capture of some 6000 additional prisoners and 21 guns.

There remains the question of whether the drive can keep up with sufficient force. Indications today are admittedly encouraging. Ground has been gained beyond the line of the original attack and the Russians are advancing toward Zlochoff.

The Russians captured positions to the westward of the Narayuvka River. Many guns were taken and turned against the enemy.

Additional details show the Austro-German forces to have retired across the Little Stripa, southeast of Lemberg. Here the Russians have occupied Zboroff, on the Tarnopol-Zlochoff-Krasne Railway, 12 miles southeast of Zlochoff. Two other villages in the vicinity also have been taken by the Russians.

Berlin's official report confirms Petrograd's account of the Russian progress in this region.

**MR. A. J. TUCKER
DIES AT CHIRENO**

Monday's Daily
Mr. A. J. Tucker, a pioneer and honored citizen of the county, died at the home of his daughter, Mrs. Mattie Teutsch, at Chireno yesterday morning about 7:00 o'clock, and his remains were laid to rest at the cemetery at that place today.

Mr. Tucker was about eighty-four years of age, and the weight of his great age has been bearing heavily upon him the past several years, making death come to him as a welcome entry into peaceful rest from a long and useful journey. He is survived by two daughters and one son, Mrs. J. F. Summers of this city; Mr. B. V. Tucker of Winnsboro, and Mrs. Mattie Teutsch of Chireno, making his home with the latter at the time of his death.

Mr. Tucker came to this county in 1858, and throughout his long residence he has made the county a useful citizen. In inquiring about him the writer is assured that we never had a better man, and when one's neighbors can give this kind of report of one they have known so long, it is sufficient recommendation. He was also true to his nation, serving his country faithfully in the cause of the Confederacy during the war between the states.

The Summers family, Mr. and Mrs. J. T. Kinsey and possibly others from this city went over to attend the funeral.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County: Greeting: You are hereby commanded to summon Francis Treanna by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches County, to be held at the court house thereof, in Nacogdoches County, Texas, on or about the 23rd day of August, A. D. 1917, then and there to answer a petition filed in said court No. 448, wherein Gus Treanna is Plaintiff and Francis Treanna is defendant, and said petition alleging that plaintiff and defendant were legally married in Nacogdoches county, Texas, on or about the 22nd day of August, A. D. 1908, and continued to live together as husband and wife until on or about the day of Sept. A. D. 1914, at which time defendant left the bed and board of plaintiff to live in adultery with one Paul Hernandez, since which time plaintiff and defendant have not lived nor cohabitated together as husband and wife. That the conduct and action of such a nature as to render their ever living together again as husband and wife insupportable.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and upon a final hearing be adjudged to have judgment dissolving the marital contract which still exists, for cost of suit, and for such other and further relief both general and special, in law and equity as he may be entitled to receive and will pray.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this 27th day of June, A. D. 1917.

N. B. HALL, Clerk.
District Court, Nacogdoches County.

To the Sheriff or any Constable of Nacogdoches County: Greeting: You are hereby commanded to summon Josh Malone by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches County, Texas, on or about the 23rd day of June, A. D. 1917, then and there to answer a petition filed in said court No. 446, wherein Rebecca Malone is Plaintiff and Josh Malone is Defendant, and said petition alleging that on June 12th, A. D. 1915, Plaintiff and Defendant were lawfully married to each other in Nacogdoches County, Texas, and thereafter lived and cohabitated together until on or about the 18th day of October, A. D. when defendant with out cause or provocation on the part of this plaintiff abandoned the bed and board of this plaintiff, since which time they have not lived or cohabitated together as husband and wife.

That during the time plaintiff and defendant lived together she made him a kind and dutiful wife, but notwithstanding his marital vows he abandoned her as above alleged.

That as a result of said marriage there was born unto plaintiff and defendant a boy now about three years old, and named Oscar Allen Malone.

Wherefore plaintiff prays the Court that defendant be cited to appear and answer this suit, and that upon a final hearing hereof she have judgment dissolving said bonds of matrimony now existing between plaintiff and defendant, for custody of said child, for cost of suit, and general relief.

Herein fail not, but have before

said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches this 23rd day of June, A. D. 1917.

N. B. HALL, Clerk.
District Court, Nacogdoches County.

To the Sheriff or any Constable of Nacogdoches County: Greeting: You are hereby commanded to summon Luther Warren, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches County, Texas, on or about the 3rd day of September, A. D. 1917, then and there to answer a petition filed in said Court on the 23rd day of June, A. D. 1917, in a suit, numbered on the docket of said court No. 447, wherein Alice Warren is Plaintiff, and Luther Warren is Defendant, and said petition alleging that on or about March 31st, 1907, Plaintiff and Defendant were lawfully married to each other in Nacogdoches County, Texas, and thereafter lived and cohabitated as husband and wife, until on or about day—, A. D. 1914, when Defendant without cause or provocation on the part of this plaintiff, abandoned the bed and board of this Plaintiff since which time they have not lived or cohabitated together as husband and wife. That during the time they lived and cohabitated together as husband and wife, Plaintiff made defendant a kind, dutiful and obedient wife, but defendant notwithstanding his marital vows was cruel to plaintiff, would stay out nights from she and their children, when they were without protection, and finally when plaintiff came at defendant's request to her father's on a visit, defendant refused to let her return and has since refused to provide for and support plaintiff and her children by said marriage.

That as a result of said marriage there was born unto plaintiff and defendant the following children, to-wit: Warren, a boy about nine years of age; Nora Warren, a girl about 7 years of age; and Lance Warren, a boy about 5 years of age, all of said children now living with Plaintiff. Plaintiff says Defendant refuses and has refused since he abandoned her to support said children and she has had the care and custody of them since the separation. That defendant is not a proper person to have the care and custody of said children, he being a man of violent temper, but that she is the proper person to care for and educate said children and that she is willing and able to so care for and educate said children.

Wherefore prays considered, Plaintiff prays the court that Defendant be cited to appear and answer this petition and that upon a final hearing hereof she have judgment dissolving said bonds of matrimony now existing between them, that she be given the care and custody of the said children for cost of suit, and for such other relief that she may be entitled, in law and equity as she will ever pray.

Herein fail not, but have before said Court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this 23rd day of June, A. D. 1917.

BEER AND WINE TO BE EXEMPT

Washington, D. C., June 3. Senator Sheppard, who has been one of the leaders in the senate fight to attach a sweeping prohibition provision to the new food control law, today announced that he would vote for the exemption of beer and wine from the operation of the law, leaving it applicable only to whiskey.

Senator Sheppard's decision was reached after President Wilson had let it be known that he favored the exemption of beer and wine and other prohibition senators following his leadership it now appears as if the manufacturing of these stimulants will not be disturbed.

Don't forget the name of the remedy you need when the stomach or bowels are disordered. Prickly Ash Bitters quickly corrects such troubles and makes you feel bright and cheerful. FOUR COUPLES WERE MARRIED YESTERDAY

Monday's Daily Esquire Frank Huston did not get to enjoy yesterday in rest and worship as man is supposed to, but he enjoyed the change to a very busy man tying connubial knots throughout the day, uniting four couples in matrimonial bliss before the rush was over.

The first ceremony was performed at 9:30 Sunday morning when Mr. Ellis J. Cook and Miss Lottie Christian drove up to his home armed with the proper credentials and requested the services of his honor to put the paper they bore into legal effect with his ceremony and seal. The groom resides on the farm of Mr. E. Pite, out some two miles from town, and his bride is a daughter of Mr. Bob Christian, a well known citizen of the county.

The next ceremony occurred at 11:00 o'clock at the residence of George Souther with Mr. Bonnie Spradley and Miss Lillie Mae Allen as the contracting parties. The groom is a son of Mr. Henry Spradley, and the bride a daughter of Mr. Tom Allen of the Woden country, thus connecting two good families of the county.

At 11:30, at the justice's residence, waiting for his honor upon his return from the South—er home, Mr. W. H. Bean, Jr., of Angelina county, and Miss Clara Martin of Attoyac were sent their way rejoicing as husband and wife.

This would seem enough for one day for even so expert in the matter as Judge Huston, but there was yet another coming. At 5:30 his honor was again called upon, and with the good practice he had obtained with the day's work he quickly performed the ceremony that united Mr. Charlie Oscar Baugh to Miss Cora Elizabeth Drewry. The young man is a son of Mr. John Baugh west of town, and the young lady belongs to the Drewry family of the Gravelly Ridge community, all good people.

TAKES THE PLACE OF DANGEROUS CALOMEL

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Grip, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes in contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

UNCLE SAM NEEDS YOU.

It is necessary at the present time for me to call your attention to the fact that Uncle Sam needs your assistance in the present emergency against the foreign powers which we are about to conflict with.

This part of Texas has an allotted quota of 145 men per day, we are only getting from 40 to 50 per day, which is less than 50 percent of the required number. Men must volunteer more rapidly to bring this said number up where it should be.

The American Army is at the present time the best paid army in the world, receiving a monthly pay of not less than \$30.00, and from that upward to \$106.00 per month with board, lodging, medical attendance, baths, gymnasiums, bowling allies, reading rooms, libraries, and life insurance, all free of charge. Can you beat this in the general run of life?

How much is spent yearly by pleasure seekers going to HAWAII, PHILIPPINES, ALASKA, PANAMA, and many other places? You have the opportunity here in the service of going to all these places absolutely FREE of charge and at the same time receive a good pay which enables you to see some of the sights that the many tourists are seeing yearly.

You also have an unusual opportunity for advancement owing to the recent increase in the regular army which authorizes the organization of fifty-one new regiments which will require approximately 11,000 non-commissioned officers and over twenty-five hundred commissioned officers. You can judge for yourself whether the chances for advancement are good or not, for those that are waiting for them.

One man in the service drawing \$15.00 per month saved to my knowledge in one year \$140, and enjoyed himself as well as he would have done at home according to his own statements. Another was discharged after

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Straygo. "Last year, I got almost down with my back," writes Mrs. H. T. Straygo of Gainesville, Ga. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them while my bladder action became regular and the stinging sensation disappeared, I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble." Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

SWINDLERS AT WORK AMONG FARMERS

Austin, Texas, June 28, 1917. —Two men are working a unique swindling game among the farmers of Texas, according to a statement given out today by Fred W. Davis, Commissioner of Agriculture. These men are traveling in an auto and introduce themselves as representatives of the State Department of Agriculture. They claim to be taking orders for a veterinary chart which they style as "an official chart," or obtaining a list of farmers who will receive a shipment of seeds. In either case they ask a small payment down, and give a receipt therefor in the name of the State Agricultural Department. The receipt is signed by stamping the words, "State Agricultural Department," on a piece of paper, using a rubber stamp for that purpose.

"These men are swindlers," Mr. Davis' statement says, "and I am anxious to have them apprehended. Any one on whom they attempt their swindle will do a good deed by notifying either their county attorney or sheriff immediately. The rogues should be caught by all means and I am using all the powers at my command to warn the farmers of Texas against them. Reports of their swindling have come to us lately from several counties and there is no telling where and when they may appear next."

Mr. S. P. Smith, a good farmer of the Fairview community, presented The Sentinel with a basket of twelve tomatoes which weighed six and one-half pounds this morning. They were indeed fine, and we greatly appreciate the nice treat.

RESOLUTIONS OF RESPECT.

To the officers and members of Nacogdoches Lodge No. 118, Independent Order of Odd Fellows:

We, your committee appointed to draft resolutions upon the death of brother Archelous J. Lock, beg leave to report the following:

Whereas, on the 2nd day of June, 1917, death invaded our lodge and took from our midst, our beloved brother, who was a good neighbor, a good citizen and a good Oddfellow.

Therefore, be it resolved that in the death of our brother who was born in Nacogdoches county, 48 years ago the 21st of last December, and lived his whole life in this county, that nothing could be said to extol his virtues not already known by the citizenship of the county of his birth.

We therefore tender to his wife and children our heartfelt condolence, and stand ready at any and all times to aid them if they should need assistance.

Resolved, further, that this resolution be spread upon the minutes of this lodge and that a copy be mailed to the family and a copy be furnished the Nacogdoches Sentinel for publication.

G. M. HALTOM, JOHN S. DOUGHTIE, J. F. PERRITTE.

NACOGDOCHES LAD WANTS TO FIGHT

The following reference to a young man from this city is taken from a recent issue of the Dallas Evening Journal:

"I want in the regular army because I want to fight and fight hard and just as soon as I can. I talked to the postmaster at Nacogdoches, and he wanted me to join the field artillery or infantry. I want in the regular army or nothing." That statement was made by Alton A. Ennis of Nacogdoches, who came to Dallas to enlist.

"I read in the paper where President Wilson asked for 70,000 men for the regular army," he continued. "If our President says the regular army needs men, I know they need them. He never gave an American the wrong dope yet, and I'll follow him to hell and back if he says so."

Ennis was told that the infantry and field artillery were branches of the regular army, and if he would go in either one of them he would be doing what the President desired. He enlisted without another question.

CHAPTER AND COUNCIL INSTALL OFFICERS

The members of Nacogdoches Chapter No. 13, R. A. M., and Nacogdoches Council No. 23, R. and S. M., had their joint installation of officers last night, with other features, that made it a most interesting and enjoyable meeting, and attracted a large attendance.

The new officers for the Chapter were installed by Judge F. P. Marshall, retiring H. P., as follows:

W. T. Orton, H. P.
F. D. Huston, K.
T. H. Summers, S.
E. H. Blount, Treasurer.
G. T. McNess, Secretary.
G. B. Engledow, C. of H.
W. F. Summers, P. S.
H. F. Wilson, R. A. C.
R. D. Burrows, M. of 3rd V.
J. P. Jenkins, M. of 2nd V.
F. A. Beall, M. of 1st V.
F. P. Marshall, Guard.
The new officers for the Council were as follows:
W. T. Orton, T. I. M.
F. D. Huston, R. I. D. M.
T. H. Summers, I. P. C. of W.
E. H. Blount, Treasurer.
G. T. McNess, Recorder.
G. B. Engledow, C. of G.
W. F. Summers, C. of W.
H. F. Wilson, Steward.
F. P. Marshall, Sentinel.

The Council officers were also installed by Judge Marshall, who is the retiring T. I. M.

After the installation ceremonies had all been finished, Judge Marshall, the retiring high priest, was presented with high priest jewel by Rev. M. C. Johnson, who, in a few well chosen words, assured him that it was presented as a token of the love, esteem and appreciation of the members for the untiring service he had rendered the past four years, and the prosperity, peace and happiness enjoyed with his reign at the head. In equally well chosen words Judge Marshall responded with his assurance of appreciation.

Other talks were made by different members, all in the splendid spirit of fraternal love that is characteristic of the noble order.

Among the business features of the meeting the Wives and Daughters degrees were conferred upon several applicants by Mr. J. H. Summers.

In conclusion a course of refreshments in the way of cream and cake was served and greatly enjoyed by those present, coming as the climax of a most interesting and enjoyable evening.

DESCENDANTS EXHIBIT PATRIOTIC BLOOD

The first company going to war from Nacogdoches in 1861 was raised by Major Henry Raguet, who was killed at the battle of Glorietta, N. M., his remains being brought to Nacogdoches after the war. Major Browning of Austin was in the same battle, capturing a sword from a Union officer.

The young men referred to, and the sword, in the following report taken from the Dallas Evening Journal of June 7th, are descendants of these illustrious characters:

"J. R. Irion Jr., son of Mr. and Mrs. J. R. Irion of 4224 Swiss avenue, has resigned his position in the freight department of the T & P Railroad and joined Company G, Texas National Guard. He will leave tonight for Brownsville. His brother, Dick, will join the aviation department.

Among the pleasant callers at The Sentinel office today was our good friend, Ben Heflin, who came down with the Garrison crowd to attend the Trades Day. Mr. Heflin is a stirring farmer of his section, and among other things he grew for market this year, he informs The Sentinel that he has fifteen hundred pounds of onions for market, a nice sample of which he brought along with him.

The Sentinel is in receipt of a letter from Pewel W. Hutson son of Jim Hutson, a well known citizen who lives near town, ordering the paper to his address at Corpus Christi. Jewel is a member of the Texas National Guards and says he is getting along fine, enjoying good health and liking his new work fine. He also says that other Nacogdoches boys who are there are likewise enjoying good health and liking the army life. The young man sends greetings and good wishes to all friends.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer, and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

EXCUSES CAN NOT BE HEARD NOW

The Military Exemption Board appointed by the administration to conduct the selective draft in this county have been down to work this week, and have completed all records and cards and forwarded same to the war department at Washington.

The Board has not received any instructions as to exemptions, but has been notified that such instructions would come later. This being the case, those who have enrolled should not worry the themselves or the Board about exemptions until the instructions have been received, imposing, as it does, a waste of time upon the Board that is useless.

So far as we can ascertain, no excuses can be heard until after the party has been drawn. Your name may not be drawn by the department at all, but if it is, any excuse rendered in advance will be of no avail.

WACO MAN GAINS 18 POUNDS ON TANLAC

"I feel Better Than I Have in Twenty-five Years Says William Truett.

"It's an actual fact, I have gained eighteen pounds on two bottles of Tanlac and I now feel younger and better than I have in twenty-five years." This interesting and remarkable statement was made by William O. Truett, watchman for the M. K. & T. railroad, and living at 121 North Sixth street, Waco, Texas.

"About four years ago," he continued, "I began suffering with indigestion and gas on my stomach and going down hill. After eating, I would swell up as tight as a drum and suffer for two or three hours and what I had eaten felt like lumps of lead in my stomach. I was constipated all the time and had to take something every day for this trouble. I had been shooting pains from my hips down which I was told was sciatic rheumatism. I was as nervous as a rat in a trap and it was almost impossible for me to get any sound sleep or rest. I was almost completely run-down and played out and for two years I couldn't work enough to pay my necessary expenses. I went to Marlin, Texas, and spent a hundred dollars for a month's treatment there and it didn't do me a nickle's worth of good. I then went to Missouri and to Dallas for treatment and paid out over three hundred dollars but nothing gave me any relief, and it just looked like I was doomed to be a sufferer the rest of my days.

"Then I got to taking this Tanlac I had read and heard so much about. It had been a life saver to me and would be cheap at a hundred dollars a bottle compared to what other treatment and medicine cost me and the suffering I had to endure for those four years. I'm just now buying my third bottle and I have had no pain or gas in my stomach in some time and I can just eat anything without it hurting me. I'm not a bit nervous now and just sleep like a child every night. I'm not constipated like I was and the rheumatic pains are all gone out of my hip and leg. In fact, all my miserable feelings are gone now and I just feel new life and energy in every nerve of my body. As I have said, I have gained eighteen pounds and I now weigh one hundred and sixty-eight pounds and feel younger and better than I have in twenty-five years. I wouldn't take any amount of money that could be offered for the good that Tanlac has done me and I would be ungrateful not to tell others what it is that got me out of my suffering and made a well man of me."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift, Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., and in Sacul by Arkan Cranford.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! A corn hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses, but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist doesn't have freezone have him order it for you.

BERTIE MUCKLERROY SERIOUSLY INJURED

From Saturday's Daily. Bertie Muckleroy, a well known citizen of the county happened to a very serious accident while cutting timber out seven miles from town toward Woden yesterday.

Mr. Muckleroy and some other parties were engaged in making ties. In cutting down a tree the saw hung when the tree first begun to fall, later releasing and flying into the air and falling back on the forehead of the unfortunate man, burying three teeth to sufficient depth to fracture the skull.

His brother, Norman Muckleroy, and two physicians of this city went out to attend him, and he was still unconscious at last reports.

Bertie Muckleroy, who was so painfully injured by a crosscut saw falling on him Friday, report of which was made in this paper Saturday, is reported to be doing nicely as could be expected with so serious wound, and hopes for his recovery are now entertained.

Stopped His Backache

George Lawrence, railroad fireman, Kittrell, Miss., writes: I used three bottles of Foley Kidney Pills when I was so sick I hardly could stay on the engine, and they cured me. My back ached all the time; kidneys acted sluggish; dull headache, felt sleepy all the time; nervous, had to rise many times each night." Stripling, Haselwood & Co. dw1

The pretty little home of Capt. and Mrs. Jno. S. Doughtie is being treated to a coat of paint, and other improvements are being made on the house which adds much to its appearance.
