STRIPPED OF RIGHT TO HOLD OFFICE

SENATE DEBARS GOV. FERGUSON FROM FURTHER PARTICIPATION IN TEXAS POLITICS.

Austin, Texas, Sept. 25.—After a delay of 40 minutes from the original time set for a vote on the impeachment penalty to be prescribed by the senate high court against Governor Ferguson, voting began at 1:40 o'clock this afternoon on the minority report, providing for the removal of the governor from office, but not his disqualification from further service as a state official in the future.

The minority report was defeated, 17 senators voting against it and but nine for it. The majority report carrying with it both removal from office and disqualification from ever again serving as a state official, next was voted on.

The vote on adoption of the majority report was 25 to 3, with one pair and one absent.

Ferguson was formally declared removed from office as governor of Texas and barred from hereafter holding any public office "of honor, trust or profit" by the adoption of the majority report.

ARGENTINA BREAKS WITH GERMANY

Buenos Aires, Sept. 25.—The chamber of deputies today voted in favor of a rupture with Germany.

The vote was 53 to 18.

The authorities have been advised officially that strike agitators in the city of Santa Fe have been conferring with the German consul there, and that the serious strike among all classes of workmen during the last month in that city was fomented and supported by Germans.

The resolution declaring for the breaking off of relations with Germany adopted today by the chamber of deputies was passed last week by the Argentine senate.

The government desired to postpone formation of its policy until it received from Ambassador Naon at Washington translations of the 415 telegrams received or sent by the Swedish legation here. These messages were telegraphed to Dr. Naon with instructions to send translations. The government is considering imposition of a rigid censorship to prevent misuse of the cables, such as that practiced by Count von Luxberg, the dismissed German minister.

Strikers have cut the telegraph line to Valparaiso, Chile, paralyzing direct cable service to the United States.

HURRICANE HEADED FOR THE COAST

Washington, Sept. 25.—The tropical hurricane was reported this afternoon to be crossing the Gulf of Mexico headed toward the United States coast. It probably will reach the middle gulf coast by Wednesday night or Thursday morning.

THE NORMAL DELAYED

TELEGRAMS RECEIVED IN CITY SAY THAT NORMAL IS SAVED, BUT BUILDING WILL BE DELAYED.

Telegrams from Hon. Edgar Thomason, our representative in the legislature, received this morning, announce that Governor Hobby will today recommend to the legislature that the building of the new normal schools be postponed, but will not recommend repeal.

Mr. Thomason also advises that the legislature has killed the West Texas A. & M., and the North-west Texas Insane Asylum—and "has gone wild, but I am doing my best," to quote his reference.

Nacogdoches people will rejoice that our building has been saved, when they consider the present temper of the legislature, for the members only wanted an opportunity to kill anything in sight.

With the high cost of building material, and everything that enters into construction at

the present time, we will get a much better building when conditions become normal again, and the only thing left for us to do is to bide our time with patience and go forward in the development of our town, which will help us in pushing up the appropriation for the coveted institution upon which we have set our heart.

BOND ISSUE WILL BE THREE BILLION

Washington, Sept. 24.—Details of the second liberty bond issue probably will be announced by Secretary McAdoo tomorrow. Indications are that the offering will approximate \$3,000,000,000 and run approximately 25 or 30 years.

The interest rate as fixed by law may be up to 4 per cent, and it is considered likely that the issue will bear the 4 per cent rate.

The Sentinel failed to get the information at the time that Miss Nadeen Clevenger went with the young ladies from this city to Waco to attend Baylor University.

day issued the following advisory warning:

"Advisory hurricane warning 5 p. m., Apalachicola to Mobile. The tropical disturbance was central at noon near the extreme western coast on Cuba. It probably will strike the middle gulf coast by Wednesday night or Thursday morning. There are no reports from the Gulf of Mexico, hence an exact forecast of the storm-track is impossible, and all places on the coast between Mobile and New Orleans are advised to take all necessary precautions, although the storm may not reach them."

Mrs. M. J. Batson, one of The Sentinel's valued friends of the Woden community, was a pleasant caller at the office this morning, dropping in to make annual settlement for her county paper. While in the office Mrs. Batson related a sad experience that came to her lately, in which she suffered a loss she can ill-afford, and The Sentinel hopes these lines will be able to recover her loss. Last Saturday she sent her boy to town with a load of cotton seed. Returning his mules became frightened and ran away, doing some damage to the wagon and some supplies he had purchased. He finally got his wagon and team together and purchased some more supplies in place of those lost in the run-away and resumed his journey, but discovered that in the confusion he had lost his purse containing some twenty-five dollars. If this purse was found by any one, we hope it will be returned to these good people who worked hard for the money.

PRIZES OFFERED IN THE ATHLETIC CONTEST

The athletic contest will no doubt have many entries this year. Several schools from nearby towns have expressed themselves as "coming after the cup" and Secretary Walker says Center is going to make an effort to capture the prize again this year. Center always has a strong athletic team and will no doubt make it interesting for all the other contestants. Besides the beautiful and valuable loving cup, the team winning first place will receive \$50 in cash; second place \$15 and third place \$10 for purpose of aiding in library.

Nacogdoches is still suffering for more rent houses, and the county is suffering for more land to be put in a state of cultivation.

Prospectors are in this city daily from all parts of the country, and if we will build more houses in the city and open up more lands in the country, the town and county will grow in the substantial way that it is most to be desired.

Nacogdoches ought to put on another big trades day this fall. They bring the people of the town and country into closer touch with each other, and when this is done the battle is won in mutual business relation.

Everybody in San Augustine county should take a trip occasionally to our neighboring county of Nacogdoches where they have graded roads. It will make you ashamed of the roads we have at home and also cause you to pine for some of the same kind.—San Augustine Tribune.

Bootleggers are said to be thriving wonderfully right in the shadow of the Nacogdoches county court house.—Lufkin News.

And it is reported that they have their "base of supply" in the "shadow" of the Lufkin standpipe.

Nacogdoches and Tyler are close enough to be chums, and the only thing in the way is the need of a good road between the two cities.—Tyler Morning Tribune.

Shake! Let's build the road, and thus remove the remaining obstacle.—Nacogdoches Sentinel.

Well, let Jacksonville in on that and make the tie more lasting and easier upon both of you. We are constructing some of the best roads in the state right here.—Jacksonville Progress.

A building and loan association, having for its purpose the building of houses for rent and sale in Nacogdoches, would find a profitable investment and a ready demand for the product. And we have enough idle money in the city to finance such an enterprise. Let some one take the initiative in the organization of such an enterprise to the end that the old town may continue to grow and prosper as she should.

With the successive departure of so many young men to the scene of battle, stripping the country of its best producers, no further argument should be needed to impress us of the importance of food conservation, and the saving of everything that will sustain life in man and beast. The time is rapidly approaching when this condition will confront us with more earnestness and seriousness than we are now experiencing, and it is time to wake up along all lines.

There were two extra coaches attached to the H. E. & W. T. train today to accommodate the selective draft recruits from Nacogdoches, who were en route to San Antonio to join the fighting forces of Uncle Sam. During the short stop in Lufkin members of the Canteen Committee of the Lufkin Red Cross organization went through the coaches and distributed a couple of boxes of cigars among the men, which apparently surprised them some, but the remembrance was not the less appreciated.—Lufkin News.

Since the good roads have been built it isn't an uncommon thing to see one team pulling two or three wagons loaded with cotton, but in the years past such a thing was unknown. In many instances you would see two teams pulling one wagon. Good roads save time, teams and expense.—Jacksonville Progress.

An old-time plow, probably used by the early Spaniards around San Antonio, was upturned on the old fair ground by workmen of a construction company. The plow has a three-foot turning blade capable of making a three-foot furrow, and although the wooden handles have rotted away the size of the iron supports indicate that the plow must have been about twelve feet in length. It is believed the old instrument was used by the early Spaniards with several yoke of oxen.—Shreveport Times.

Secretary Lansing has made public an astounding addition to the series of disclosures covering German intrigues in America, and elsewhere. A message sent by Count von Bernstorff to his government requesting fifty thousand dollars with which to influence the congress of the United States against war, to be used through a secret organization the German government has been maintaining in this country. This money was not offered congressmen as a direct bribe, but seems to have been utilized in bringing a pressure to bear from other sources, possibly with the people at the homes of congressmen they would convert to their cause. Such astounding information of diabolical plots should cause every American to be constantly on his guard, and report every one who seeks to influence him in any manner against anything that would interrupt the policy of the government which has inside information on all matters, and which recommends war as the only honorable course to pursue.

WACO PROS WILL NAME OCTOBER 15

Waco, Texas, Sept. 3.—Next Monday morning a petition will be presented to the commissioners court asking that a county-wide local option election be held in McLennan County. The pros have selected October 15 as the date, while the antis will request the commissioners to order the election for October 20. The pros are now engaged in raising a campaign fund of \$5000. The last prohibition election for McLennan County was held in 1912, when the antis won by a majority of 859.

Harper Urby of Austin has sent telegrams to a number of local prohibitionists asking that 1000 telegrams go from Waco to Governor W. P. Hobby, and that each call on him to present a message to the legislature urging that body to enact statutory prohibition.

Elsewhere in today's paper will be found a communication from the pen of Mr. D. K. Cason, which his friends will read with interest and a feeling of sympathy. Mr. Cason has been a hard worker during the years of his activity with us, both for himself and everything of community interest, and he has suffered a breakdown in health that necessitates his transfer to a higher altitude for a season, as the safest means of recuperation. All Nacogdoches people will hope and pray for his speedy restoration to health, trusting that he may soon be able to come back to us and his extensive interests here, in the full enjoyment of his former vigor.

MR. BRYAN'S PATRIOTISM.

There was no man in this country who opposed the entrance of the United States into the world war more vigorously and more insistently than William J. Bryan. Well knowing that he would be maligned, as in fact he was, he braved the anger and contempt of an overwhelming majority of his fellow citizens and urged against a declaration of war. Until war was declared, he was a true pacifist and was proud of it.

But when the issue was settled by the president and congress in the way made and provided by the constitution, Mr. Bryan's opposition to the war to which the country had committed itself ceased. Putting behind him all thought of pacifism, he became first of all a patriot. And there is no better rule of patriotism for the guidance of all pacifists, conscientious objectors and sticklers for the rights of free speech than that laid down by Mr. Bryan in an address the other day in Chicago.

After asserting that the citizen who insists upon criticizing the war policies of the government is "a promoter of anarchy," Mr. Bryan continued: "I don't know how long the war will last, but I know that the quickest way out is straight through. Any division of discussion now would simply prolong the war and make it more costly in lives and treasure."

As the New York World observes, no man hates war more bitterly than Mr. Bryan, but the war has come in spite of everything that was done to avoid it, and Mr. Bryan's way of ending it is to beat Germany as soon as possible. That is the way of all men who see straight, says the World, and Mr. Bryan is doing a great public service in bringing the issue into the open.

YOUNGEST CADET CAPTAIN

Yesterday's issue of the Houston Chronicle carries a picture of John M. Mettenheimer and a pretty report of the young man having won the distinction of being the youngest cadet captain from Texas in a space of ten years.

Mr. Mettenheimer is a nephew of Mrs. T. Tilford and Miss Annie Mettenheimer of this city, and visited them here during his recent vacation.

Of the young man, and his career, the Chronicle says:

John Megget Mettenheimer is a native Houstonian and the son of Mr. and Mrs. J. H. Mettenheimer (nee Miss Pollie Davidson), the grandson of Mrs. Robert Kiyworth. He was born at 1615 McKinney Avenue, the home of the late Lockwood Megget, where he spent most of his childhood. He is now residing in Dallas.

"Young Mettenheimer has been designated as one of the six cadet captains at the Virginia Military Institute. At 18 years the boy takes his place at this famous school since the civil war. He is the first Texan and who has attained a captaincy in his childhood days. His paucity in ten years. He has gone through three years of his four-year course and has not a demerit against his record. In class standing he is one of the first half-dozen among more than a hundred who will be graduated in January to enter the United States military service."

LADY IS LONESOME—TENDER SENTIMENT

Today is Sunday and I am so lonely. Dinner's all over—boys all gone—and everything is so still! The silence is only broken by the cool, gentle breeze that causes the leaves to sigh, or the whistle of some train as it goes from the home nest into some strange city, or to the battle front—who knows? Now and then a friendly jay bird chirps in a nearby tree—it seems a call for those who are left behind. Yet we just stay and face each day as of old, only to know the sea of time is nearing the shores of our hearts and beating away the bulwark of courage until some day it must almost, if not quite, be submerged in sadness and grief. Yet withal, life has been very kind to us, and we must struggle on, heaping hope upon hope, love upon love, to keep the mad waters away. What if we were hungry for bread to sustain life? What if our homes like those in the far-east, were being destroyed? No place to lay our tired bodies after one of these trying days of conflict and emotions? How we should fight to keep the faith; how we should stack up love for those who are not seemingly able to combat the leak in their hearts!

Some day we shall all lay down the last bank of resistance and can we say we have fought a good fight, we have finished

our work here and slip over the river and rest in the shade of God, the giver of every earthly or spiritual blessing and protecting wings. I must not be blue—why am I? Didn't one darling boy go with a smile on his precious face to help protect me and my country? Yes, I feel proud I have an interest there. And didn't the other go into your home where love and care awaited him? Oh, why am I lonely! I will tell you, dear friend, God gave me those boys. He taught me to love them with all of my might, and caused a vine of strong texture to entwine about our hearts that bound us fast together, and twas the breaking of those vines that caused it all. The wound will heal; tear will mend, yet there will be a scar, a weak place in the line of defense, and there is where the sea of sadness creeps in. But why shouldn't I cheer up? Perhaps I never told you that long years ago my grandfather's family moved here from old Virginia when Indians were everywhere, and Mexicans, too. He was a Baptist preacher and often preached God's word with an old-time musket standing by

his side. He was one of the men shut up in the old stone fort so long. He helped dig the old well that stood inside its walls so that those imprisoned there would not famish for water. He sent out three boys to help defend our Lone Star State, and two grand-sons, to the war between the north and south, so you see we have helped all along—and so why shouldn't I do my part, too?

Your friend,
DORAH THRASH.

SECOND LIBERTY LOAN.

Washington, Sept. 20.—The second Liberty Loan campaign will last four weeks, opening October 1 and closing October 27. Wednesday, October 24, will be celebrated as Liberty Day throughout the country and arrangements will be made to hold patriotic meetings in every city, town and village. Details of the second Liberty Loan, it was officially announced Thursday night, will be made public as soon as possible after congress disposes of the \$11,000,000,000 bond bill.

CAUGHT A BOOTLEGGER.

Saturday afternoon Constable F. G. Vaughn caught Nelson White and brought him to Nacogdoches where he filed six charges of violation of the local option law against him, in each of which the negro made bond and was released.

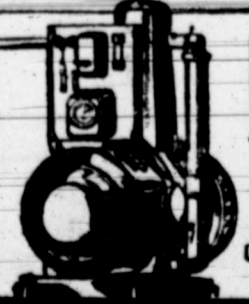

Mr. Vaughn heard of the negro and his depredations in the Libby community Saturday, and started after him on horseback. After getting to Libby he learned that White had started in the direction of Nacogdoches, and fearing that he would take the train, the officer engaged the services of an automobile and overtook him.

Mr. Vaughn has been a terror to the bootleggers in the northern part of the county, as well as people who violate other laws—and they very seldom get away from him when he gets on their trail.

Irion Simpson, who is stationed on the Battleship Pennsylvania, arrived home yesterday in response to a message announcing the death of his father. He has a ten-days furlough.

DELCO-LIGHT

The Complete Electric Light and Power Plant

San Augustine, Texas, July 20, 1917
Mr. J. R. Dickerson, Delco Light Dealer,
San Augustine, Texas.

Dear Sir:—You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, I. E. ROBERTS, Tax Assessor,

MAYO CONSTABLE CATCHES REFUGEES

Constable Isom McGuire of Mayo caught three young men at Mayo yesterday morning who were refugees from the Houston training camps, and were endeavoring to make their way back to Illinois, from which place they were transported to the Bayou City a few days ago.

Mr. McGuire brought the young men to this city and wired the Houston headquarters, who instructed that he bring them back to Houston, and he carried them back last night.

The young fellows were only about eighteen or nineteen years of age, and in discussing the matter said that they broke ranks the first night after arrival. They had exhausted their money when reaching here.

The constable did not handcuff them or place them in jail, treating them nicely, and they seemed to appreciate it very highly. The only reason they gave was that they were tired of the service, and wanted to get back home.

Difficult to Say.

Here is a tongue-twister in the form of a verse. It is rather difficult to repeat. The sound of a occurs in nearly every word:

Quixote Quicksight quizzed a queerish quidbox;

Quixote Quicksight quizzed a queerish quidbox?

If Quixote Quicksight quizzed a queerish quidbox?

Where's the queerish quidbox Quixote Quicksight quizzed.

Mrs. Day, of Center, who had been in the city on a visit to her son, Frank Day, and other relatives and friends, has returned home. Mr. and Mrs. Todd, the lady being a sister of Mrs. Frank Day, came over the latter part of the week, for a little visit to the family and returned with the elder Mrs. Day.

Timely Consideration.

Uncle Jim, after partaking heartily of crisp, fried mush that had locked within its confines a deceiving amount of heat, hurriedly grabbed his tumbler and thrust it beseechingly toward Aunt Sue, who was noted for deliberateness in speech and action.

Slowly she inquired of the suffering man, "Which do you prefer—milk or water?"

GEN. BLISS WILL

SUCCEED SCOTT

Washington, Sept. 21.—Major General Tasker H. Bliss today was named chief of staff of the army to succeed Major General Hugh L. Scott, who retires from the office tomorrow.

FROM MR. CASON.

Nacogdoches, Tex., Sept. 24th. To the Public:

After almost thirty years of business engagement in Nacogdoches, I find myself on account of my physical condition, forced to retire—at least for a time.

Dr. Edward Randall of Galveston, my personal friend for years, and whom I regard as easily one of the most justly celebrated physicians of the South, and without doubt one of the most elegant and sincere gentlemen of my acquaintance, after a careful examination unhesitatingly urges an immediate change of climate and most complete rest of my mind and body.

My local physicians, whose judgment I value highly and whose personal friendship I likewise enjoy, agree with Dr. Randall fully.

Having been unable for some weeks past to see many of my friends, all of whom I would have been delighted to have seen, I without apology, take this means, as I am being carried from the "firing line," to wave a most kindly salute to those left "at the front." I am leaving now for San Angelo where, under the supposed better climatic conditions, the care of a specialist of good reputation, the constant, never ceasing, never tiring, well directed attention and continued interest and love of the wife of my young manhood, and what I hope will be the continued, always unmerited, though heretofore more than gracious ministrations of the "Great Physician," I hope to regain my health. If thus blessed, I shall with more joy than you know, return to this good town and county, where the greater and most active part of my life has been spent, and where I have many as genuine true, loyal and devoted friends as was ever given to any man. If I do return, I shall with all the strength I may then have, undertake to show my appreciation of the confidence and esteem of the public in a more helpful and intelligent manner than heretofore. If I should not be thus permitted to return, I shall meet what the future has in store for me as bravely as I may, realizing as I have for all of these years (and have often so said) that in any event I have been blessed far beyond my deserts. From the day of my birth to this good day, there have been innumerable blessings come to me; almost continuous floods of sunshine have fallen upon my pathway with scarcely a cloud to obscure.

I shall so far as I know, or have any reason to believe, retain my stock in the firm of Cason, Monk & Co., to whose customers and friends as well as to every one with whom I have had dealings, I wish to extend the most sincere appreciation of my heart for their patronage and for their many unmistakable evidences of friendship, which latter I now and have ever valued more highly than I do the former.

The stockholders, who will in future conduct the business, as well as for the several employees of the firm, have for a long while (most of them for from twelve to twenty years) been continuously and actively engaged with me in building the business up to its present standing. I know them well. They are worthy of the confidence and support of the public and I commend them most heartily.

I have no doubt that under conditions now to govern, and under the future management, a more valuable and acceptable service will be tendered to the trade, and the public generally, than at any time heretofore since the establishment of the business. If in every sense

10 CENT "CASARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—Indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Casaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

pleasing to my friends and former customers, I will esteem it a personal favor to have them continue their valued support to the business which I helped to establish and to which I have given freely the best of my effort, and in which I have taken some pride.

While with some—even among my best friends—I have differed widely in matters of public and private concern, and have upon all occasions given expression of my views freely and fearlessly, oftentimes perhaps in terms that were by some considered abrupt. I beg to assure everyone that for any wrong that I may have committed or for any real or apparent discourtesy shown, I am heartily sorry, and now as I am being "borne from the field" I beg that you "forgive and forget" so far as in you lies, with my assurance that whatever may have been our past differences I have never at any time wished ill to befall any one. I have no malice in my heart toward any person, but wish for every one a full measure of health, happiness and real success in every worthy effort.

Where ere I go, what ere befall, I shall think most kindly of my valued friends, which is my greatest asset, and shall be pleased to have a word or letter from them as I go further toward the end of my journey.

Very sincerely,
D. K. CASON.

BILL TO PROVIDE

FOR HOUSE CALL

Austin, Sept. 20.—Acting Governor Hobby this afternoon submitted to the legislature the question of enacting a bill which would permit the legislature to remain in session indefinitely to consider impeachment proceedings, without awaiting a further call.

It would also give the speaker of the house authority, when 30 members consent, to call the house in special session, and provide that a majority of the members of the house may convene that body by petition.

OFFER LARGE REWARD.

Fort Worth, Texas, Sept. 20.—Citizens of Girard, Kent county have raised a \$10,000 fund as a reward for the capture or killing of the German commander of the Eleventh Division. It was this commander who Saturday, according to Associated Press dispatches, offered a reward of 400 marks about \$100, for the first American soldier dead or alive brought into the German lines.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold; give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

MORE OF OUR BOYS ARE LEAVING TODAY

Monday's Daily ENGINEERS DEPART FOR SAN ANTONIO.

It will be remembered that some months ago ten of our fine young men volunteered for service in the engineers reserve corps. They have held themselves in readiness for call to duty since, except Asa Moore, who was taken into the service earlier than the others and is already "somewhere in France," fighting for his country, and Herbert Shindler, who tired of waiting and went on to Leon Springs to train for service.

Last week the remaining number of the boys received notice to report at San Antonio as soon as they received their transportation, which came the latter part of the week, since which time they have all been busy getting ready for their departure.

Avery Barron went on Saturday for a visit to the Nacogdoches boys before reporting for duty, and the remainder of the number left at noon today.

After passing the examination at San Antonio—if they all pass—the boys will report for duty at the following places: Tom DeLamar, Homer Loden, Frank Smith, Mack Monk, Carter Gaston and Rho Cox, at Wrightston, N. J.

Ashby Pipkin, Annapolis, Md.

Avery Barron, Rockfort, Ill.

Mr. and Mrs. Zeno Cox gave the boys a supper at the Banita Hotel Saturday night, where a magnificent spread was enjoyed, and for which the boys were very grateful. Today many friends accompanied them to the train and bade them a fond adieu, all wishing for them a successful and interesting trip and safe return to their loved ones and friends here. In their departure they went forth like true men and brave soldiers, smiling and laughing with a spirit ready for any service.

Mr. R. W. Thacker of the telephone company arrived home yesterday afternoon from a business visit down the line. In coming through Lufkin Mr. Thacker says that he looked for the standpipe, about which he had heard so much, and that he saw it in plain view, nothing obstructing the vision to it from any direction. Mr. Thacker also says that he is going to "take up" for the big receptacle in the future, and is in thorough sympathy with it, for the good and sufficient reason that it is the only "sky-scraper" the town has.

OBREGON ARRIVES IN ARIZONA

Nogales, Ariz., Sept. 20.—Gen. Alvaro Obregon, former Mexican minister of war, arrived here Thursday to begin a trip through the United States lasting several months. Plans for his reception here included a military salute by United States troops in accordance with his rank as a former Mexican cabinet member.

General Obregon will go to Los Angeles, Cal., San Francisco, Cal., and east to New York, where he will undergo an operation on his right arm, which was partly blown off at the battle of Celaya in his campaign against Villa.

Mr. J. F. Slay was among our Appleby friends in town Saturday afternoon, and came around to see the printers of his county paper.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feeble, thinning and falling of the scalp; the hair roots become loosened and die; then the hair falls out fast. Surely get a 25-cent bottle of Keweenaw's Danderine from any drug store and just try it.

THE FUNERAL.

Monday's Daily A large crowd assembled at the Oak Grove cemetery yesterday afternoon to pay the last tribute of respect to the memory of their friend, Mr. Tille Hoya, and offered sympathy to the bereaved members of the family surviving.

The body was prepared for burial by the undertaking department of Cason, Monk & Co., and the funeral arrangement was well-appointed in all its details. The active pall-bearers for the occasion were Messrs. L. L. Sturdevant, W. U. Perkins, W. A. Nelson, H. W. Rusche, J. N. Thomas and H. T. Wilson.

The honorary pall-bearers were Messrs. D. Rulfs, J. B. Nelson, J. S. Doughtie, L. Zeve, Geo. H. Matthews, C. A. Hodges, M. G. Hazel and J. O. Ray.

Rev. G. L. Taylor, pastor of the Methodist church, conducted the religious service in a feeling manner.

Many pretty flowers were laid upon the new-made grave, attesting the feeling of friendship entertained for the good man and his family.

Mr. Hoya was about seventy-four years of age, and belonged to the well-known Hoya family of this community who are identified with the old settlers—those true-blues who have remained constantly with the community of his nativity throughout a long life, and contributed his part toward its development. During the war between the states he served the cause of the Confederacy valiantly, and in the days of his activity he was a useful citizen in every way, but in late years he has not enjoyed good health, and has remained pretty close to his home.

Mr. W. A. Griffing, a business man of Danbury, Texas, and a gentleman of pleasing personality, has been in the city today prospecting. Mr. Griffing came South with a party of nothern people several years ago, while real estate men were boasting South Texas lands and promoting excursions, but did not buy lands extensively, engaging in the mercantile business where he could move if the country did not suit him. He says that he is in reality a farmer by previous occupation and training, and now wants to get back to the soil, in some section where he can have good school facilities for his children, and that this East Texas country appeals to him.

A frivolous young English girl with no love for the Stars and Stripes, once exclaimed at a celebration where the American flag was very much in evidence: "O, what a silly-looking thing the American flag is!" It suggests nothing but checker-berry candy." "Yes," replied a bystander, "the kind of candy that has made everybody sick who ever tried to lick it."—Ex.

THE IMPEACHMENT.

The papers of Sunday carry the announcement under big headlines, to the effect that the state senate of Texas, sitting as a high court in the impeachment trial of Governor Jas. E. Ferguson, on an indictment filed by the speaker of the house, in twenty-one counts, had voted him guilty in ten of the charges.

Either charge sustained thus would have been sufficient to secure the retirement in dishonor of the chief executive.

Of the matter The Sentinel has no extended comment to make. If the governor, or any other official from constable up, is guilty of misconduct, and violates his oath of office as it is charged the governor did, there should be some court of jurisdiction or agency by which he can be arrested and discharged.

On the other hand, we remember that Governor Ferguson made us a good governor the first term and apart of the second. We must also concede that there was much truth in his fight on extravagance in some of the branches of government, but at the same time he seems to have made the mistake of violating the law along the same lines of which he complained, if we accept the verdict of the senate.

We also remember Governor Ferguson as a friend to the rural schools, of which this county has been beneficiary with a generous allowance, and a friend to us in our campaign to win the Stephen F. Austin Normal.

The whole of it is a most unfortunate affair, giving to the state a lot of advertising of the most undesirable kind; the career of a man who at one time gave much promise has been wrecked, and the interests of the state have suffered in consequence.

Now that it is all over, let us forget it save and except the lesson it will be to any who may not track the letter of the law in the administration of government in the future—but since the precedent has been set, let us hope that future legislatures will see to it that all irregularities are removed before they become a stumbling block in precedent, and that future governors come from a higher type of statesmanship than we have had for the past several years—men who would have an eye single to the discharge of the duties incumbent upon them with no great business enterprises or political aspirations to disturb.

THE LIBERTY LOAN.

As recently announced, the United States is inaugurating another liberty loan bond issue, in which the people will be asked to subscribe for three billion dollars worth of bonds with which to carry on the war.

The campaign will be conducted along the same lines that were successful in the flotation of the last issue, the county judge of each county being in charge of his county, and all reporting to the central organizations.

The Sentinel hopes that old Nacogdoches county will manifest the same spirit of loyalty that characterized the former effort. We can not all bear arms, but each can do his bit in this enterprise, and he who neglects to do so, even at a sacrifice, is neglecting a very sacred duty.

The department hopes to interest the farmers and have a better response from them in this issue. The farmers, particularly those of them in the country which has not been devastated by the drought, have enjoyed the most prosperous season of their lives. Everything they can produce is in demand at a fancy price, and in appreciation of this good privilege they should give a liberal toll to the government which is protecting them against an invasion that would bring wreck and ruin.

the individual duties provided for the governor to discharge, and the other branches of the government will find him a congenial companion with whom they will get along nicely so long as they are actuated by the same impulse of honorable service. He is a fitting man to bring order out of the chaos that has permeated the seat of government at Austin, and there will be no more storms while he is in the chair.

The bonds bear interest, and make good collateral on which the holder can borrow money at any time he may need it, making the only sacrifice the little difference that might accrue in the interest rate, and any one who would hold back on this account is lacking in patriotism. He is lacking in appreciation of what the government is trying to do for him, for his chattels could be confiscated if necessary, or a tax could be imposed which would make him pay the bill outright, and give him nothing in return.

This campaign will last but four weeks, beginning the first of October, and with the great volume of money that is in circulation in Nacogdoches county now, coming to us for the handsome price realized on the crops and other products, we should be able to make a greater subscription in less time to the issue.

Let's get ready for it, and let every man do his duty to the utmost.

GOVERNOR HOBBY.

Governor William E. Hobby comes into the office of governor of the state with a clean heart and clean hands, having taken no part further than his official duty in the ouster proceedings against Governor Ferguson, and his administration will be characterized with the same policy.

He is a brilliant young man of well known integrity, cool and deliberate in his conclusions and firm in his decisions. He suffers no financial embarrassment or entangling alliances to handicap him, and every official act of his will be the act of an honest heart and clean hands for the good of the state and her people as he sees it. He will undertake no big reforms, and neither will he compromise statutes that have already been enacted. He will be content with

DISTRICT COURT

The district court wound up its business last week with two "hung" juries, and consequently two trials had to be entered.

The jury in the Floyd Landrum case was discharged Saturday afternoon after being hung up for several days, and the jury in the Billie Pegues case was released yesterday morning.

The grand jury adjourned yesterday afternoon after making an investigation of a case from Cherokee county. A bill was returned against Marshal Brewer, a young white man from Jacksonville, for a felony offense, which was transferred to this county by the court. The defendant is in jail here, and the court will make an effort to try his case at this term of court. The grand jury will meet again on Monday of the sixth week to finish up the business of the term.

The district court has not found much work to do with the jury civil docket this week, only one case going to trial, it being the suit of Jno. M. McCuistian versus Joe P. Clevenger. This jury in this case brought in a verdict this morning in favor of the plaintiff for \$200.

Several cases were settled by agreement, and nothing else appearing available for trial. Judge Guinn excused the jury and adjourned court for the remainder of the week.

BAPTIST CONVENTION TO BE AT DALLAS

The Houston Chronicle of yesterday says: "Due to the crowded condition of the Houston hotels and boarding houses incident to the coming of the men at Camp Logan, and their families to the city, the Baptist general convention of Texas, which was due to meet here November 22-26, preceded by a two days meeting of the Pastors and Laymen, has been transferred to Dallas."

Prof. Geo. M. Hale of Woden has been in the city today shaking hands with friends and looking after some business interests.

FROM ASA MOORE

Asa Moore, who is doing service for his country "Somewhere in France," has written his parents another pretty letter, from which The Sentinel is given permission to use the following excerpts:

"I am well and getting along nicely."

"You can never imagine how much these Y. M. C. A's help the army. They furnish a splendid place to go and pass your hours of leisure when you are not on duty."

"Has Frank gone to any camp yet, or is he at home? I am of the opinion that he will never be sent over here to France, for it will take a long time to get these troops in shape to enter the war, so take my advice and do not worry about Frank and me, for we will come out of the war in perfect condition."

"All the men here are believing that we will soon be through with the task we have been sent here to do, and think we will come home real soon, but you know, no one knows when."

"Mother, I had \$25 of my salary sent to you for each month, and I know you will take care of it for me, so when I do get out I will have some few dollars to help on my schooling, which I expect to continue as soon as the school opens up at home Oct. 1, 1918. My salary now is about \$36 per month, as we get an increase of twenty per cent for foreign service."

"I expect to continue to be as good as ever and not take up any unmanly habits. I am sorry I have no church to attend each Sunday, as we had at home."

"UNCLE" CAL FALL RETURNS HOME

"Uncle" Cal Fall, who has been operating a rooming house in Houston for some weeks, arrived in the city last night, and when he showed up out on the streets this morning he was kept pretty busy receiving the greetings of his many friends.

The reporter finally reached the popular gentleman, and from him obtained much news that will be of local interest to readers of The Sentinel, reported below:

Uncle Cal has sold his rooming house to Mr. Will Campbell, also of this city, who has already taken charge of the enterprise. Mrs. Campbell will go down tonight to join him. Uncle Cal says that he has secured an option on a small tract of land out at the aviation camp on which he will establish a cold drink stand and fit up with a few beds for the accommodation of any rush. But he will visit friends in the county before returning.

Mr. J. F. Vondersmith, another well known citizen of the city, has secured a good position as clerk in a shoe store, which he is filling with his usual faithfulness and ability, but he will come back to Nacogdoches if a good opportunity ever presents itself by which he can secure a satisfactory position.

Mr. Will Monk, a former citizen of this city who has been making his home in Houston several years, was shot by highwaymen, the bullet taking effect in his shoulder, Monday night, but his wound is not serious, and he hopes to soon recover. Mr. Monk is engaged as a street car conductor, and was in the service when shot from ambush.

Uncle Cal says that Houston is now a very busy place, and that it is very interesting to watch the great forces of men at work on the different improvements being made for the training and aviation camps.

THIS WOMAN HAD TO BE LIFTED FROM TRAIN TO CARRIAGE

"I Never Saw or Heard of Anything to Equal Tanlac," says Son—Gains 15 Pounds and Can Now Walk Two Miles Without Tiring.

"When my mother, who is sixty-four years old, came to my home thirty days ago, she was so weak I had to carry her in my arms from the train to the carriage, but she can now walk two miles without getting tired and this Tanlac has been worth all of one hundred dollars a bottle to her," was the remarkable statement made by A. L. McFather, a well-known farmer, living on R. F. D. No. 4, Mount Calm, Texas, while in the Old Corner Drug Store, at Waco, a few days ago.

"For more than fourteen years," he continued "Mother suffered from stomach trouble, and during all that time she had to live on the very lightest things she could get. She couldn't even drink sweet milk or eat meat of any kind, and the flimsy things she did eat often caused her terrible suffering. She was badly constipated and was all the time taking something for that trouble. She was tired all the time, the least exercise would wear her completely out, and all during the day she had to lay down and rest. She suffered agony with pains in her sides and was so nervous and miserable she could hardly sleep at all. She took all kinds of medicines for years, but she kept losing weight and getting worse all the time.

"I was alarmed about her when I met her at the train and found her so feeble. I had read and heard so much about Tanlac. I decided for her to try it and the day she took her first dose she weighed only ninety-six pounds and was almost as weak as a kitten. Well, Tanlac has simply made a new woman of her. She now weighs one hundred and eleven pounds and has actually gained fifteen pounds in the last thirty days. Some folks may doubt it, but it's the plain truth, she can walk two miles without getting tired. I have never seen or heard of anything to equal Tanlac. Mother can eat anything she wants now, and as much as she pleases, without the least trouble afterwards and she sleeps as sound as a healthy baby every night. She is not the least bit constipated now and her nerves are as calm as a lamb. The pains have entirely left her sides and her strength and vitality is remarkable. Tanlac has restored her health in every way and I want everybody to know what it is that has relieved her of all those years of suffering and made a well woman of her."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co. and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros. and in Sacul by Arkan Cranford.

THE LEGISLATURE IS DOWN TO BUSINESS

Will Disqualify the Governor and Kill Additional A. & M. Colleges.

Austin, Texas, Sept. 24.—By a vote of 6 to 3 the senate committee on civil jurisprudence adopted the report of the subcommittee, which provides that the impeachment of the governor carries with it the disqualification against holding any office of public trust in Texas.

Austin, Texas, Sept. 24.—The house this afternoon passed finally by a vote of 83 to 13 the house bill, by Tillotson, repealing the law creating the Northeast Texas Junior A. & M. College.

Austin, Texas, Sept. 24.—It is understood Secretary of State Churchill J. Bartlett is to tender his resignation to Governor Hobby as soon as the senate, as a court of impeachment, pronounced judgment on former Governor Ferguson. This judgment is scheduled to be pronounced at noon Tuesday.

It is not known whether or not there will be any other resignations filed with the governor.

Asks Repeal of Laws.

Austin, Texas, Sept. 24.—Repeal of the laws creating the West Texas Agricultural and Mechanical College, and Northeast Texas Agricultural and Mechanical College, and the Northwest Texas Insane Asylum was recommended to the legislature today by Governor Hobby in a message sent to both branches of the legislature. These three measures carry a total appropriation of \$1,450,000.

Governor Hobby in his message points out that the reason for the submission of the repeal of these laws is because of the large amount of appropriations made for the support of the government. He shows that for the support of the government for the fiscal year it will be necessary to raise \$13,316,978, and with a tax rate of 35 cents on the \$100 property valuation, the estimated expenditures of the government will exceed by \$2,637,732 the revenue produced and under this tax rate, hence the necessity for the repeal of these laws.

"In my judgment," says Governor Hobby in his message, "the state has not yet entered into a binding contract with interested parties or communities for the establishment of these institutions, and the subject becomes a proper matter for the legislature." In the event the legislature does not repeal these laws, Governor Hobby urges that the appropriations be postponed.

In accordance with this message bills were introduced in both branches of the legislature, providing for the repeal of these laws creating these new institutions. Two were introduced in the house, on by Tillotson repealing all three proposed institutions, while Dunnam introduced a bill to repeal the act creating the West Texas Agricultural and Mechanical College.

At the request of several members of the agriculture committee, Governor Hobby also today submitted to the legislature the enactment of a law to provide for an investigation of the various departments of the state government and to authorize the appointment of a committee to carry on such investigation while the legislature is in session and after its adjournment, and also to authorize the employment of such accountants and efficiency experts as may be necessary to carry on the work. This is to give the committee a legal status.

PRETTY WEDDING.

A pretty wedding was solemnized at the home of Mr. and Mrs. W. U. Perkins at 10:30 this morning when their charming daughter, Miss Louise, was given in marriage to Rev. Jesse R. Wilson of Dallas; Dr. Geo. W. Truett of Dallas, a special friend of both families officiating. A large number of friends of both bride and groom were present, and many pretty and valuable presents were bestowed upon the happy couple, further attesting their popularity among those by whom they are known. The fair bride is one of Nacogdoches' fairest and most highly accomplished daughters, and numbers her friends by her acquaintances. She has made the best of the good opportunities her fond parents were able to bestow upon her, and is a young lady of natural beauty and grace, combining in her the most gracious type of Southern womanhood, and in her new relation she will take her place with the leading women of the state in useful service and social prominence.

The groom is a minister by choice in his life work, and is already attaining to good prominence. In his chosen work he is manifesting splendid ability which the future years will ripen into mature service of great value, and which will doubtless win for him a place in the ranks of the leading ministers of the country. He is at present engaged in the extension service of the Y. M. C. A., in which he is doing a great work in the spread of this great cause.

The Sentinel joins heartily in with the great host of friends of the happy couple in congratulations and good wishes, sharing the hope that the future years hold much in store for them, and that they may continue to develop in the useful service for which their lives give so much promise.

BUSINESS COLLEGE OPENS UP TODAY

Monday's Daily Walden's Nacogdoches Business College opened up this morning on schedule time with a fine class, and Prof. Walden is delighted with the outlook of building up a great institution of this kind here.

There were some twenty-five young ladies and young gentlemen at the opening this morning. Others will come in through the day, and another class will come in tonight, starting the school off with some thirty-five or forty young people seizing upon the opportunity to prepare themselves with a business education.

The school is being conducted upstairs in the Hall building down East Main street, where ample room and good quarters are furnished for the institution not only in its present size, but sufficiently large to admit of considerable growth before larger quarters will be needed.

With the splendid start that has been made, Prof. Walden expresses himself as now being convinced that an institution of this kind will be appreciated in this community, and is already planning for greater things with his January opening, and for all future time so long as it proves profitable to continue. And the community is fortunate in securing this splendid institution which will train boys and girls at home for business life, saving them a big expense, and keeping the money thus expended at home.

With the next opening, and the record the institution will make with the fall term, the college should have many boarding students, and contribute a good part in making Nacogdoches the educational center into which she has been rapidly developing for some years.

EXEMPTION BOARD IN SESSION AGAIN

The local military exemption board has been in session again today, conducting an examination of 162 who come under the military age, and so far as can be ascertained, is progressing nicely with the work.

Dr. Nelson is being assisted in the medical examination by Dr. Blackwell, Dr. W. H. Campbell, and Dr. George Campbell.

Both white and negro men are being examined as their names come on the list. The applicants being examined today will be held in readiness for the next call to fill the county's quota, and those passing will be certified and called into the service when the adjutant general calls for them.

NOTICE.

I shall be away from home for some time. During my absence my personal business affairs will be attended to by Bowden Cason and Benton Wilson, both of whom understand fully my business practices and policies.

In any transaction that you may wish to have with me, if you will see either of these gentlemen I shall be greatly obliged. They will exert themselves to render a satisfactory service to all with whom I have had business, as well as any who may wish to have dealings with me in the future.

Though unable to render to my friends a personal service I shall appreciate even more than heretofore an opportunity to serve them through the above-named parties.

I wish to thank my many friends for their past favors and to assure them that I shall be more than ever pleased to extend any possible courtesy or favor.

COURT HOUSE MARRIAGE.

Mr. J. R. Mitchell and Mrs. F. M. Bridges of Chireno were married at the court house this morning about 10:30, Judge J. F. Perritte officiating.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County, Greeting:

You are hereby commanded to summon West Maxey, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches on the 2nd Monday in February, A. D. 1918, then and there, to answer a petition filed in said Court on the 22nd day of September, A. D. 1917, in a suit, numbered on the docket of said Court No. 489, wherein Mary Maxey is Plaintiff, and West Maxey is Defendant, and said petition alleging that Plaintiff and Defendant were lawfully married on or about the 18th day of May, A. D. 1909, and continued to live together as husband and wife until on or about the 10th day of September, 1909, at which time Defendant abandoned Plaintiff, without cause or provocation since which time they have not lived together as husband and wife.

That Defendant has remained away from Plaintiff for more than three years and she therefore pleads the statute of three years abandonment. WHEREFORE Plaintiff prays that the Defendant be cited to appear and answer herein; that upon a final hearing hereof that she have judgment dissolving said marital contract now existing between them for cost of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of Said Court, at office in Nacogdoches this 2nd day of September, A. D. 1917.

Chas. Baker, Brownsville, Tex., writes: "For years I have used Foley's Honey and Tar and found it especially efficient for bad coughs of my children. I recommend it to my friends as a safe remedy for children as it contains no opiates. It is certain to bring quick and lasting relief." Stops coughs.

AN OLD GENTLEMAN WAS LAID TO REST

Mr. James William Vance died at the home of his son, Lee Vance, at the mill Wednesday night, following a long and tedious illness of some six or eight months.

The funeral was conducted at the family residence by Rev. C. A. Westbrook, who spoke of the beauties of the life of the righteous such as had been cut down, and offered consolation to the bereaved ones, after which the remains were tenderly borne to Oak Grove Cemetery and laid to rest.

Mr. Vance was born in Virginia July 1st, 1841, thus making him seventy-six years, two months and eighteen days of age at the time of his death. He was married to Nancy Seymour, August 24, 1894. He came to Texas from Missouri some seven years ago, and while his physical condition would not permit him stirring around much, limiting his acquaintance, those who knew him esteemed him a very highly.

During the war between the states he served the cause of the confederacy valiently, and it is all of him that he was ever a patriotic citizen, ready to do his part for his country.

Some years back Mr. Vance was an active member of the Methodist church at Whitney, Kansas, and was superintendent of the Sunday School while he held membership in that church. In recent years he has been unidentified with any church, but has been a friend of Rev. C. A. Westbrook, pastor of the North Street Baptist church, for some ten years, having formed his acquaintance in Missouri, and it was his request that Bro. Westbrook conduct the funeral.

Mr. Vance is survived by his widow, one son, Lee Vance, who is an engineer on the N. & S. E. and one daughter, who resides in Illinois, with whom many friends will enter into profound sympathy.

In this connection the surviving members of the family rearing members of the family request The Sentinel to return their thanks, and give assurance of their appreciation to their neighbors and friends who so faithfully and tenderly assisted them in nursing their father in his long illness, assisted in putting him away, and have been so generous in sympathy since. Recollection of this kindness helps them bear the grief, and will ever remain a tender spot in their memory.

Has Recovered Her Health

"So many women suffer from similar afflictions that this testimonial from Mrs. Laura Beall, Plattsburg, Miss., will be read with interest: "I got in bad health. My left side hurt all the time. I took doctor's medicine, but it did me no good. I took two bottles of Foley Kidney Pills and I feel all right now." Stripling, Haselwood & Co. dw

Mrs. J. N. Cunningham arrived home yesterday afternoon from Milford, where she accompanied her daughter, Miss Gretta, to the school. While on the trip she went by Sherman and visited her son, Shem, who is in school at that place. She reports a very enjoyable trip.

Never Bothered Since.

After suffering with terrible pains in his back for eight years, and after having tried doctors and medicines, Alvis Souers, Ade, Ind., writes: "Foley Kidney Pills were recommended to me and the first bottle removed the pain. After taking three bottles the bloating was all gone and has never bothered me since." Stripling, Haselwood & Co. dw

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

Foley's Honey and Tar has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command. Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottomtown, Tenn., writes:—"We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds." Stripling, Haselwood & Co.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! A corn, hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out the corns or calluses, but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist doesn't have Freezone have him order it for you. 62.

Judge Perritte is in receipt of a letter from Hon. W. A. Wade, who went to the officers training camp at Leon Springs a few weeks ago, in the course of which he says that he and his companions are now busily engaged in digging trenches, and doing those things that they will have to do in actual war. They are being trained in this part of the work by a French army officer, who speaks English. Mr. Wade says that the visiting officer talks very interestingly of conditions as they exist on the field of battle.

Will Be Repaid for Their Work

Women everywhere suffer from kidney trouble—backache, rheumatic pains, swollen and tender muscles, stiff joints. Mrs. C. J. Ellis, 508 8th Ave., Sioux Falls, S. D., writes: "I feel sure if anyone bothered as I was will give Foley Kidney Pills a fair trial they will be repaid for their work."

Misses Willie Green and Grace Layton and Miss Annie Nash left this afternoon for Waco where they go to attend Baylor College.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms, and hands and just see how freckles tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is a harmless, and the beautiful results will surprise you. 98

Mr. and Mrs. D. K. Cason are leaving for San Angelo, where they go for the benefit of Mr. Cason's health, hoping the better climate and the treatment of a specialist will soon revive him from a breakdown he has sustained. FARMERS' INSTITUTE...

The Sentinel is in receipt of a communication from the State Department of Agriculture announcing that Mr. T. G. Marks, assistant organizer of Farmers Institutes, will hold an Institute in Nacogdoches Sept. 29th, at 2:00 p. m., Cushing, Sept. 28, 4:00 p. m., and Garrison, Sept. 26th, 2:00 p. m., to which the farmers and business men of the respective communities are invited to attend.

Special attention will be given to the all-important question of co-operative holding movement in co-operation with the Farmers' Union, Warehouse and Marketing Department, and Retail Merchants Association.

People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and heard such good results from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. "If you are troubled with indigestion or constipation give them a trial. They will do you good."

Capt. Jno. S. Doughtie is in receipt of an invitation to attend the Ninth Annual Convention of the Commercial Congress, to be held in New York City Oct. 15-17 and says that if there is a man in the community who would like to take the trip he would be glad to give him a proxy. The delegate to the proxy will be expected to defray his own expenses.

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take. dw

NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N. J.—“I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedies to all women as I have used them with such good results.”—Mrs. MILDRED T. CUMMINGS, 322 Harmony St., Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

SHERIFF'S SALE.

The State of Texas, County of Nacogdoches:

By virtue of an Order of Sale, issued out of the Honorable District Court of Nacogdoches county, on the 11th day of September, A. D. 1917, by the Clerk thereof in the case of Henry Hoya versus Seymour March, No. 2982, and to me as Sheriff directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in October, A. D. 1917, it being the 2nd day of said month, before the Court House door of said Nacogdoches County, in the city of Nacogdoches, the following described property, to-wit:

That certain tract or parcel of land situated in Nacogdoches county, Texas, about 3½ miles S. E. of the city of Nacogdoches, the same being a part of the N. de Lacerda grant in said state and county, being a tract of seventy acres of land, more or less, and is the same land deeded by plaintiff to the defendant, on the 28th day of January, 1911, and the same land deeded to Henry Hoya by Alfred Day, and his wife Charlott Day, on the 9th day of February, 1909, which deed is recorded in vol. 63, page 184, of the deed records of Nacogdoches county, Texas, to which deeds, and the records thereof, reference is here made for a more full and complete description of the land, levied on the property of Seymour March to satisfy a judgment amounting to \$1229.99 in favor of Henry Hoya, and costs of suit.

Given under my hand, this 12th day of Sept., A. D. 1917.

J. L. PRINCE, Sheriff.
S. S. MYERS, Deputy.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

200,000 MEN WERE ASSEMBLED YESTERDAY

Washington, Sept. 19.—Three hundred thousand men of the national army today are on their way to 16 cantonments to undergo an intensive training period preparatory for service overseas. Today's increment represents approximately 45 per cent of the total quota under the first call from nearly 5000 exemption boards.

Because of obstacles encountered by the war department in procuring supplies, it is probable that some of the men will be only partially equipped on arrival. No attempt to completely outfit the units for war services will be made until just prior to the departure for France.

The whole nation will be astir with the movement of the selective forces. Already at the camps is the advance guard of 5 per cent of the total composed of the experienced men, including cooks. Out of this has been created a skeleton organization into which the second increment will begin to be absorbed today. When the last men of this increment arrive the camps will house half of the first call forces, or 343,500 men, and the other half will follow as rapidly as quarters and equipment are available.

May Need More Men.

With the mobilization of one-half of the 687,000 men of the first call under the selective service law in progress, the question arises as to whether that number of men will be sufficient to fill all units of the National Guard and national army. There are indications that a deficiency in men will be disclosed when official reports from all the 32 training camps are available.

Seventeen divisions of the National Guard have been organized, but with the exception of the New York, Pennsylvania and a few others, and the Forty-Second Division, which will soon embark for France, they are not at maximum war strength. The fighting strength of the 17 divisions under the new tables of organization would be 323,000 men, supplemented by many thousands of auxiliary troops.

Whatever deficiencies there are will be supplied promptly from the national army, as the guard will go first to the front. Since the president called the first 687,000 men of the national army, the Signal Corps, including the aviation section, has been greatly expanded. Nearly 100,000 additional men must be transferred to this service alone. The medical corps also has been greatly increased, and numerous necessary auxiliary units for immediate duty abroad, not thought of when the call was made have been organized.

MEN WANTED FOR THE UNITED STATES ARMY

Men between the ages of 18 to 40, can now enlist for the following branches of the service: Medical dept., hospital corps, cavalry, infantry, National guard, coast artillery.

This section of Texas is short its quota of volunteers. It is the duty of every man with no family or dependents to volunteer to serve his country. The army NEEDS you badly, volunteer today, don't wait until it's too late.

Remember the government pays your transportation from Nacogdoches to San Antonio, and the least pay that a soldier receives is \$30 per month. He also gets his board, clothing, medical attention FREE.

For information apply to Robt. L. Fsiher, United States Army Recruiter, Room No. 11, Baxter Hotel.

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

U. C. V. NOTICE.

Headquarters Texas Division, United Confederate Veterans, McKinney, Texas, Sept. 11, 1917.

The 26th annual meeting of the Texas Division, U. C. V., will be held at Waxahachie, Texas, October 4th and 5th, 1917.

This year finds our country, together with nearly all the world, embroiled in a war which, in history, has no parallel in wanton and cruel destruction of life and property.

This awful tragedy admonishes us of the unassessable value of a brave soldiery. Our freedom and our liberty are challenged by the most dangerous enemy of the ages.

The young American heroes, from noble sires, who are responding to the call of their country, who are obeying the commands of our great leader, are winning imperishable honor and fame which will follow them and their posterity. Protecting precious human life against the fierce wrath of fiendish monsters, is the holiest service on earth.

In this age of awful tragedy resulting from human greed and criminal aggression, we are reminded of the price, the value of liberty and of freedom.

In the organization of this great army we are reminded of the value of a brave and gallant soldiery, such as those who, during the 60's fought in defense of their country. We cannot overestimate the service of our brave soldiers.

Delegates and members of every camp in Texas are urged to join in this annual re-union, where comrades will meet and rejoice in a united country, where all are battling for a new freedom which is destined to make all nations free.

In addition to our regular chosen work of establishing truth in history; justice in administration, giving aid and comfort to the living and honor to the dead; let us re-consecrate our lives to the unstinted service of our country.

E. W. FITZPATRICK,
Commanding Texas Division

Mrs. Dr. Hurst, who was caught in an automobile accident out a few miles from this city while en route here to attend the circus, was given medical attention at the sanitarium and sent home before any sores developed from her injuries. She was badly bruised about the body and limbs, but fortunately no internal injuries were manifest, and no bones were broken. The Misses Lyles and Mr. Lyles, who were with her in the car, did not suffer any injury of consequence, but all had a very narrow escape from serious injury. The car was badly wrecked and had to be left on the side of the road, and those who have seen it marvel that any of the occupants escaped with their lives.

A card from Prof. G. E. Day, ordering the address of his paper changed, The Sentinel learns that he has located at Mertens, Texas, where he has a fine school, and is highly pleased.

Washington, D. C. Sept. 20.—There is no truth in a widely circulated statement that the government expects to take food supplies from any family. Both the Food Administration and the Department of Agriculture join in a statement to counteract what seems to be a deliberate propaganda to the effect that the government intends to take from every family all canned goods put up in ex-

cess of 100 quarts.

This is only one of the variations of the rumor, which has been widely circulated. Another statement is that the government has been urging the canning, drying and preserving of fruits and vegetables so that they will be in a convenient form for the government to handle and transport when it takes them away from the people. Further elaboration is that these goods are to be taken away from the American homes and shipped to England.

In one instance a motorist stopped at a farmhouse to fill the radiator of his automobile in the course of conversation he casually inquired whether the farmer's family was canning all the surplus fruits and vegetables in order to help conserve the food supply. He was informed that the farmer was not doing this because the government intended to take all the canned goods away except a small part of it actually needed by the family itself.

The authorities state emphatically that no such course has ever been contemplated by the government. On the contrary, both the Department of Agriculture and the Food Administration are strongly urging housewives to can and preserve, especially at this time, all surplus fruits and vegetables in order that the households themselves may have a cheap and plentiful supply of food.

MR. GUS SIMPSON

DIES LAST NIGHT

From Thursday's Daily.

Mr. A. V. Simpson, familiarly known as Mr. Gus Simpson, died at the home of Horace Wilson this morning about 2:30 o'clock.

Mr. Simpson is survived by his widow, two daughters and two sons, and numerous other relatives with whom a great host of friends will enter into profound sympathy. He was a son of the late Capt. A. I. Simpson, a prominent citizen of Garrison in the early days of the town, and in this relation belongs to one of the best known and most useful families of the county. He was about fifty-four years of age; and a native of the county where he has spent practically his whole life, and it can be said to his credit that those who knew him best speak in the greatest praise of him. In discussing his death with the Reporter this morning, Hon. June C. Harris, who has been associated with him in the mill business at different times, volunteered the statement that he was one of the best men he ever knew, and The Sentinel invites him to write a sketch of the life of the good man as he knew it.

Mr. Simpson was a member of the Methodist church and a Mason, through which he made preparation for the ordeal that has come to him, and his loved ones will be consoled with the thought that they can have re-union with him when the final summons comes to them.

MR. GUS SIMPSON

WAS LAID TO REST

From Friday's Daily.

A most impressive religious service was held over the remains of Mr. Gus Simpson at the home of Mr. Horace Wilson, where he died, yesterday afternoon, which was in charge of Rev. G. L. Taylor.

Bro. Taylor read appropriate passages of scripture, commented on the beauties of a christian life, and offered feeling consolation to the bereaved ones, after which the body was turned over to the Masonic fraternity who tenderly bore it to the cemetery, and with the beautiful ritualistic service of the order, tenderly laid the remains to rest.

A large crowd of relatives and friends followed the remains to the last resting place, and entered into profound sympathy with the bereaved family who had been robbed of their loved one.

WILL NOT SEIZE HOME FOODS.

Washington, D. C. Sept. 20.—There is no truth in a widely circulated statement that the government expects to take food supplies from any family. Both the Food Administration and the Department of Agriculture join in a statement to counteract what seems to be a deliberate propaganda to the effect that the government intends to take from every family all canned goods put up in ex-

MR. GUS SIMPSON

DIES LAST NIGHT

From Thursday's Daily.

Mr. A. V. Simpson, familiarly known as Mr. Gus Simpson, died at the home of Horace Wilson this morning about 2:30 o'clock.

Mr. Simpson is survived by his widow, two daughters and two sons, and numerous other relatives with whom a great host of friends will enter into profound sympathy. He was a son of the late Capt. A. I. Simpson, a prominent citizen of Garrison in the early days of the town, and in this relation belongs to one of the best known and most useful families of the county. He was about fifty-four years of age; and a native of the county where he has spent practically his whole life, and it can be said to his credit that those who knew him best speak in the greatest praise of him. In discussing his death with the Reporter this morning, Hon. June C. Harris, who has been associated with him in the mill business at different times, volunteered the statement that he was one of the best men he ever knew, and The Sentinel invites him to write a sketch of the life of the good man as he knew it.

Mr. Simpson was a member of the Methodist church and a Mason, through which he made preparation for the ordeal that has come to him, and his loved ones will be consoled with the thought that they can have re-union with him when the final summons comes to them.

Washington, Sept. 20.—A. E. Peaden of Houston, Texas, was appointed food administrator for Texas by the food administration Thursday.

MR. GUS SIMPSON

WAS LAID TO REST

From Friday's Daily.

A most impressive religious service was held over the remains of Mr. Gus Simpson at the home of Mr. Horace Wilson, where he died, yesterday afternoon, which was in charge of Rev. G. L. Taylor.

Bro. Taylor read appropriate passages of scripture, commented on the beauties of a christian life, and offered feeling consolation to the bereaved ones, after which the body was turned over to the Masonic fraternity who tenderly bore it to the cemetery, and with the beautiful ritualistic service of the order, tenderly laid the remains to rest.

A large crowd of relatives and friends followed the remains to the last resting place, and entered into profound sympathy with the bereaved family who had been robbed of their loved one.

When in Need of a Monument

Visit the Nacogdoches cemetery and ask the sexton to tell you who does the beautiful work you will see

"GOULD"

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head-stone and larger work.

Gould Granite and Marble Co. Jacksonville, Texas.

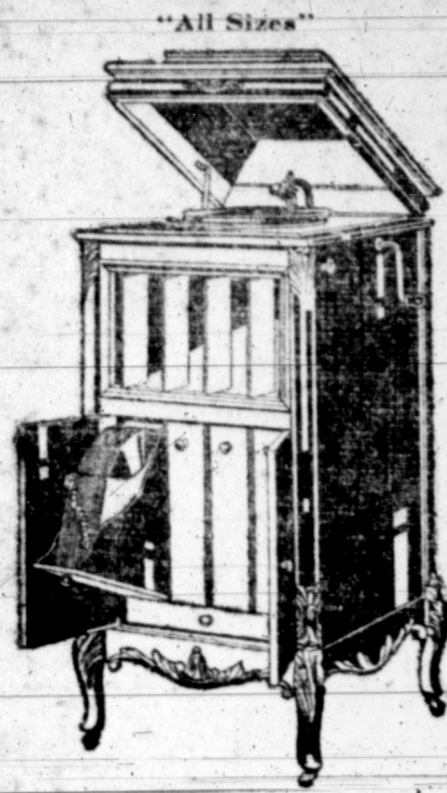

"Buffalo Bill, where do you get saddle and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-eight years in business—they don't hurt your horse."

(Padgett's ad has been carried by the Halton papers 40 years.)

Jack, the Giant Killer

"All Sizes"
"All Finishes"

Our fables tell us that "Jack" a medium-size young man, by using his brain and ingenuity, slew giants 10 times his size. The present day has his "JACK" in the NEW EDISON DIAMOND AMBEROLA. These machines are perfect in construction, tone and finish. The smallest child can play the finest music. How cheerful it will be around your fireside these cold winter nights. Your children will want to stay at home.

They are not only an enjoyment, but they are educational.

A JAIL DELIVERY HERE LAST NIGHT

When the jailer and deputies went to feed the prisoners this morning, two, Walter Butler and Layton Strickland, were missing from the jail, and they left no trace by which they might be trailed.

The doors all being locked as usual, the only theories of the escape are that the prisoners improvised a key of their own in some way, slipped out by the deputies some time in the night, or were let out by some one from the outside. They were confined in the run-around upstairs, and had to come through different doors to get out.

Sheriff Prince is wiring different officers over the county to be on the look out for these men, and says that he is going to make every possible effort to apprehend them, regardless of cost or trouble.

It will be remembered that Walter Butler came back from Oklahoma a few weeks ago and surrendered to the officers on an old indictment charging him with burglary. He insisted upon an early trial, but his case was continued, and not being able to furnish bond, he was doubtless the leading spirit in planning the break. Strickland was under sentence for hog theft, and his case was on appeal.

CHILDREN NO EXCEPTION.

In Nacogdoches—as Elsewhere Youth and Age Suffer Alike From Kidney Weakness

Is your child weak, frail and pale?

HIGHWAY COMMISSION MAKES REMITTANCE

County Treasurer W. Y. Hall has received a check from the State Highway Commission for \$826.46 as the county's part of collections for automobile licenses.

The county receives half of the money paid in for automobile

licenses, to be used on some permanent public highway.

The commission advises that this was not all that was coming to this county at this time, but in full up to Sept. 1st, when the books had to be closed, and the remainder will come with the next remittance.

The next remittance will come March 1st.

SCHEDULE CHANGE.
