From the Nacogdoches Sentinel we learn that Rev. T. F. Weaver, a former Timpson citizen, has accepted the pastorate of the Christian church at Nacogdoches. He has already entered upon his new duties. Mr. Weaver has many friends in Timpson and Shelby county who are glad to learn that he has again become a citizen of East Texas. —Timpson Times.

## NORMAL BUILDING TO BE POSTPONED

Hon. Eugene H. Blount, who has been in Austin several days in the interest of the normal school the legislature elected to establish in Nacogdoches, writes back that Governor Hobby is going to sign the bill postponing the erection of the building.

This will be very discouraging news to the people of this city who had taken fresh hope from a statement in which Governor Hobby was quoted with saying that he would veto the measure offered for postponement, which would have put the matter back where it was and allowed the building to proceed.

This last course on the part of both the legislature and the governor is a great injustice to Nacogdoches, and sets a precedent in which the great state of Texas has failed to live up to its contract with its own people. Nacogdoches has complied with every condition, which necessitated the people and the city government to contract for the expenditure of some \$80,000, much of which goes to waste by the state failing to do its part.

The town will not give up in

### DISTRICT COURT

The jury in the case of Jim Castleberry, which was on trial when The Sentinel gathered its report yesterday, brought in a verdict of guilty, assessing his punishment at four years in the penitentiary. Mr. Castleberry made a motion for a new trial, which was overruled, after which he took appeal to the higher courts and was released on bond.

There has been no business available for trial today, and the court has been in recess.

### COMING AGAIN.

No doubt our many friends, patrons and the general public will be glad to learn that Dr. Shelfer, who comes to my drug store regularly and makes a specialty of refraction, fitting spectacles and eye glasses will be with me again Oct. 26th and 27th. Be not deceived by peddlers who claim to be "eye specialist" connected with Dr. Shelfer, as he has no agents at all and does business through responsible druggists only. Remember the dates, come to see us and have your eyes examined before it is too late.

Lee Bradshaw, a good citizen living out on Route No. 4, called at the office Monday afternoon and joined The Sentinel's family of readers in his section of the county.

### AFTER TUBBY AGAIN.

The Tyler Courier-Times of yesterday has the following report of further developments in the charge against a citizen of this county:

"United States Deputy Marshal, Lyons, has received instruction from United States Attorney General Gregory to rearrest August Tubby, of Nacogdoches county, on a charge of being an alien enemy and for violating section twelve of President Wilson's proclamation regarding war."

"Tubby" was arrested last week and brought to Tyler. On

appearing before Commissioner Blades, bond was fixed at \$1000.

"It is stated that his bond was placed entirely too small.

"Tubby is quite an old man and has lived in Nacogdoches for over fifty years. He had no difficulty in making bond last week."

Lieutenant Chas. H. Tindall, of Appleby, who recently gave up his practice and went to Fort Sam Houston to volunteer his services to his country, with the medical corps, writes that he has been transferred to Douglas, Arizona.

Mexico seems to be after a place on the first page again.

In the meantime let's not forget about that sidewalk—or the need of one—to the cemetery.

With the better crops and better conditions that prevail in East Texas, the people may look out for the grafters and schemers who are headed this way.

A man is on trial in Houston for killing his wife, and a woman was locked up for killing her husband in the same city yesterday. It would seem that the Bayou City is racing with Dallas for a quick settlement of domestic troubles.

Old Nacogdoches county must not fall down in the matter of subscription to the Liberty Loan and the Red Cross. The people have never before known such prosperity as they are now enjoying, and if they act stingy and selfish with it, they may expect some curse to overtake them. Loosen up!

The Tyler papers give glowing reports of the big fair that has been in progress in that city this week. The progressive people of Tyler take a live interest in their annual fair, and it is a most creditable enterprise which is worth much to the agricultural and industrial resources of East Texas in an advertising way.

The war news is growing more encouraging daily. With the allies pressing the Germans on every side, many Germans surrendering and news coming that the lives and resources of the enemy are weakening while the forces of the allies are growing stronger we have every reason to be optimistic with the progress that is being made.

In the course of his career an editor gets into many close places, and up against many difficult propositions from which he usually extricates himself, but when he gets laid up a home sick, with a physician prescribing and friend wife administering he meets his Waterloo. None of "Jiggs" schemes will work.

One good citizen who owns several choice lots and other good property in the town says he will sell it for what it is actually worth to the homeseeker who wants to improve it. That is the right spirit, and we commend the gentleman for his spirit of patriotism in which he would not let the opportunity to make a few dollars retard the progress of his town.

Carthage, our progressive neighbor up the Santa Fe, is entertaining the Panola County Peanut and Pig Festival this week, an enterprise that has attracted many people to the town and is arousing much interest in the purpose for which it was promoted. The "festival" has been in the nature of a county fair, with many agricultural and horticultural features.

Both the Hemphill papers, The Hemphill Reporter and the Sabine County Citizen, announce the purchase of linotype machines, and promise their readers greatly improved service in the near future. "The linotype way is the only way," and we congratulate the brethren who have struggled faithfully to reach the point where they could make this most needed improvement in their facilities.

As we journey down the stream of time, let us remember the philosophy: "There are as good horses drawing carts as coaches, and as good men are engaged in humble employment as in the highest." It is the internal and not the external qualifications that count.

Like the engineer who had much trouble in keeping his train on the track, and found the necessity for conservation of time in making his report to headquarters, reducing his messages to read, "Off again, on again, gone again, Finnegan." The Sentinel editor is pleased to report that he is "On again, and gone again," but not in the direction of Lufkin this time.

Pity the poor editor. An evil genius pursues him into the deep mire of trouble no matter whether his wrath is warming or his spirits are gay. An Iowa editor, who, on account of the high price of paper, was forced to mail bills for subscriptions to his patrons added a jocular note, lest he wound the feelings of a subscriber. The footnote read like this: "This is not a dun; I just wanted to tell you how much I love you." One of the bills went to a grass widow, and now she is suing the editor for breach of promise.—Honey Grove Signal.

The Sentinel had occasion to say some nice things about Lufkin and Angelina county, a few days ago, and we do not wish to detract anything from that observation because it was founded on fact, but the rose always has its thorn. The "thorn" of Angelina county leading up to the doors of Lufkin, is its share of the Nacogdoches road. It is an abomination and a disgrace to civilization. In the river bottom there are holes in the middle of the road that would bury P. T. Barnum's elephant and leave room for the balance of the elephant family. The right-of-way of the road is so narrow and crooked that it is unsafe for any except a graduate civil engineer with compass in hand to attempt to drive through the forest, manifestly so virgin. If a highway commission were to investigate the route they would doubtless recommend an airship with which to get over the particular stretch of the pioneer trail. Wake up neighbors and let's have a better thoroughfare over which to visit each other!

In Oak Grove Cemetery, of this city, the mortal remains of many illustrious characters, with whose memory is entwined much historical interest. Here tombstones mark the graves of people who lived and died in the 1700's, on down to the present day. In many instances several generations of our people represented from the great grandfathers of yore to the tiny infants of today. It is not only an interesting sacred place with people of Nacogdoches, but visitors to the city often wend their way to it to view some of the old monuments—and they have to make their way over a sidewalk as ancient as some of the tombstones. The greatest lack of civic improvement manifest in the entire city is to be found in the walks leading to this sacred place, while as a matter of civic pride they should be the best. It is a place in which the entire community is interested, and for our own convenience, as well as response to civic pride, a good, wide concrete walk on each side of the street should be maintained. It will cost some money, but a community as large and rich as Nacogdoches would not feel it. A little band of faithful women are making a much greater sacrifice to keep the place clean.

## THE KINGS ARE GOING.

"Princes and kings may flourish or may fade," wrote Mr. Oliver Goldsmith a long time ago. They have flourished in days gone by, but they are fading rapidly now. The Czar of all Russia is in prison, and his only exercise is hoeing potatoes. The kings of Serbia, Roumania and Belgium are in exile, while the king of Holland is in jail. The king of Spain sits upon the throne but it is such a snaky throne, that he would prefer sitting elsewhere. The emperor of Germany yet flourishes a bloody sceptre, but is beginning to see the awful truth of his downfall. The king of China tried to come back, after being kicked out, and he did, but after a reign of one short week he was kicked out again—kicked so hard and so far that he can't get back.

Napoleon looked into the future and saw kingless world one hundred years hence. Lord Byron wrote in his diary that the kings were fast finishing and would see the end. These men were seers. The kings are passing rapidly. Democracy is soon to girdle the earth.—Honey Grove Signal.

## MAYOR MATTHEWS IN INTERVIEW

The following is taken from yesterday's issue of the Houston Chronicle concerning a visit of Mayor Geo. H. Matthews of this city to Houston Wednesday:

"Nacogdoches is enjoying quite an era of prosperity in all business lines. It is receiving nearly 200 bales of cotton daily, for which good prices are obtained, putting more money in the hands of the producer than they have had for many years," said Mayor George H. Matthews of Nacogdoches Wednesday while in the city on business.

"Large peanut and potato crops are being harvested, which in a few weeks will again add considerably to the coffers of the farmer, and create more business for the merchant.

"City improvements now under way are quite extensive and progressing rapidly. The new postoffice building is nearing completion, and will be ready for occupancy in 60 days. It is a beautiful building of pressed brick and stone, thoroughly modern in every particular, and is situated in the center of the public square. The lot around it is being laid out in walks, small grass plats and flower beds all of which will add greatly to the appearance of our splendid business district.

"The large three-story brick garage and Ford car home on the south side of the square has progressed to the third story, and will be completed and occupied before the end of the year.

"Work has already begun on the \$40,000 sanitary sewer system for the city. Considerable improvements on business building fronts are under way and many new residences are in course of construction in various parts of the city. Many prospectors for future homes and business are daily on the street and in the country.

"The people are elated over the new Stephen F. Austin Normal, work on which it is believed will commence at once, and rapid strides are being made in every direction toward a larger and greater Nacogdoches."

## HOOVER TO USE SECRET SERVICE

Washington, Oct. 3.—Food price manipulators and profiteers will have the trained men and resources of the secret service to cope with. Herbert Hoover, the food administrator, has asked President Wilson for the service of the corps and it has been granted.

## THE LIBERTY LOAN.

Dallas, Texas, Oct. 5, 1917. The Sentinel, Nacogdoches, Texas.

The following letter has been sent to your Liberty Loan Association, county organizers today. We trust you will print it, as we believe that the large quota assigned to your county should be announced widely, we regard the closing sentences of the letter as containing facts, the realization of which are vital to our country's existence: "The Seventy-five million dollar subscription allotted to the eleventh federal reserve district, as its contribution to the liberty loan, has been apportioned carefully to each county on the basis of its total banking resources, as reported by the banks of the county. That we shall not raise easily the huge sum demanded of us, as some people will say 'I cannot spare the money,' 'I subscribed to the last loan, and can do no more.' We ask you to put the people upon their honor to fulfill their moral obligations and meet the just demands of the government. Speaking broadly, the first loan was supplied from the surplus wealth of the country. Our people generally do not realize that sacrifice and self denial are needed. It is not their fault, it is rather the result of a providence which has blessed us with resources beyond other nations, and which by its enlightened laws, has led us on from success to success, until we have lost that perspective of life which reveals hardship and self denial in their true proportions. War, the disturber is here, and will revolutionize our outlook on life.

The amount of \$471,812 shown against the name of Nacogdoches county is the very lowest subscription figure which the government demands—it hopes for 50 per cent more. The wording of the foregoing sentence should not be misunderstood; the word "demands" should not be objected to, but regarded very seriously. The demand is a moral one, and the obligation therefore binding. The country which has educated us, protected us by its just laws, and now is fighting a life and death struggle to protect our homes and our trade, has a right to ask for the loan of our money. In putting the matter thus plainly before you, we desire you to understand that we are speaking through you to the public. Of your personal patriotism and willingness to do your duty there can be no question. Your action in serving your country as county organizer or helper places you beyond the realm of criticism. You will find, however, gentlemen who have undertaken to educate the people by your speeches and your actions, rather than leave them to find out the facts by sad experience. We cannot wage war and act as though we were at peace. We must save or perish; waste and extravagance must go. Self denial must become a factor in our lives, and love of country be translated into that spirit which causes men to hold lightly home, wealth, even life itself. It requires this spirit to be engendered to but a mild degree to secure the loan of money to conduct the war. This spirit of true patriotism is not lacking in our people, but it is not yet fully developed. You can develop it, and we look to you with confidence to do it."

J. W. HOOVER, Deputy Governor, Federal Reserve Bank, Dallas, Texas.

Col. George Bailey of the Houston Post very timely observes that none of the offices of the future will be filled with the slackers of today.

## Which costs most—painting or waiting?

### POSTAGE INCREASE EFFECTIVE NOV. 2

Washington, Oct. 5.—Detailed instructions to postmasters on the increased letter mail rates which become effective November 2, under the war tax bill, were issued Friday by Postmaster General Burleson. They do not apply to rates to most foreign countries, which are fixed by international treaties, but they do apply to all domestic mail and under that classification is included mail to Canada, Mexico, Cuba, Panama, the United States postal agency at Shanghai and all persons in the military service of the United States in Europe.

The postoffice department issued these instructions: Postmaster shall, on and after November 2, see that postage is paid at the rate of three cents an ounce or fraction thereof on letters and other first class matter, except drop letters. All drop letters, that is, letters mailed for delivery from the office at which posted, including those for delivery by city, rural or any carrier of such office are required to have postage paid on them at the rate of two cents an ounce or fraction thereof. Postal cards are required to be prepaid two cents, and therefore, the one-cent postal cards must have a one-cent postage stamp affixed to them in addition to one-cent stamp impressed on such cards. Post cards (private mailing cards), bearing written messages, must have two cents postage prepaid on them.

### ABOUT THE MAIL TO THE SOLDIER BOYS

The following letter has been received from H. M. Timmons, Lieutenant Chaplain, 5th Texas Infantry, concerning mail addressed to the soldier boys: Camp Bowie, Texas. October 4, 1917.

Gentlemen: As Regimental Postmaster of the Fifth Texas Infantry, I find that we have a great deal of trouble in delivering letters and packages addressed to the men of this regiment. This trouble is caused by the people failing to properly address their mail.

Will you say in your paper to the people of your city or community that it is extremely important that mail for soldiers have both the regimental and company destination. For instance: The Fifth Texas Infantry is not sufficient. There are practically twenty-two hundred men in this regiment, and no one

man is acquainted with all of them.

I feel that these men are entitled to their mail promptly and that the fault lies largely with the people at home.

You will be doing a great service, and will contribute greatly to the morale of the soldiers if you will give due publicity to this request.

HERSCHEL M. TIMMONS, Lt. Chaplain, 5th Tex. Inf.

### D. K. CASON SUBSCRIBES ONE THOUSAND DOLLARS

A telegram received by the Stone Fort National Bank of this city, from Mr. D. K. Cason, who is now residing in San Angelo for his health, enters his subscription for a thousand dollars of Liberty Loan bonds.

Mr. Cason is the first Nacogdoches citizen to subscribe for any of the second liberty loan bonds, although many are contemplating doing so, and the campaign has not opened in full blast yet. The telegram follows:

San Angelo, Tex., Oct. 3-17. The Stone Fort National Bank, Nacogdoches, Texas.

Please enter my subscription thousand dollars Liberty Bonds. My physical condition alone prevents my personal visit to every community in Nacogdoches county, urging liberal subscription to this issue, and their yet much more zealous moral and financial support of American Red Cross. To my mind two precious privileges and inescapable duties of every American citizen, rich or poor, white or black.

D. K. CASON.

Capt. Jno. S. Doughtie is in receipt of a letter from Mrs. Doughtie, who is spending some time with her son at Monroe, La., in which she reports, among other things, that the mayor of Monroe had just been tried by the federal court for embezzlement and given five years in the penitentiary.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### ESCAPED CONVICTS AGAIN IN THE JAIL

Last night Walter Butler, who escaped from jail, with Layton Strickland a few days ago, report of which was made in this paper at the time, phoned Sheriff Prince from Alazan Switch that he was ready to give up and come back, and the sheriff went out immediately and brought him to jail.

Strickland was caught about a week ago, and thus both are now back in the custody of the sheriff, securely confined in the county jail. Mr. Prince says that he will take no more chances on their escape, but will keep them locked up in a cell at night.

It is reported that the prisoners had improvised a couple of keys, one of which was made of wood, and another made from a spoon.

Sheriff Prince had offered a hundred dollars reward for the capture of the prisoners, and had notified the officers at every point to be on the alert for them, and Butler says that he lost hope of making his escape after this.

### Makes Good in the North.

A cough remedy must be good to give satisfaction in a northern state's variable weather. Bertram Bros., Green Bay, Wis., writes: "We have used Foley's Honey and Tar and recommend it to anyone who needs a good, reliable cough and cold remedy." Relieves croup, opens air passages, eases strangling fight for breath. Stripling, Haselwood & Co. dwl

### MARRIAGE LICENSES.

The following licenses to wed have been issued by the county clerk this week:

Amos Crain and Beckie Stearn, (col).

Mr. Thomas Hancock and Miss Ophelia Whitton.

Mr. L. H. Crossland and Miss Edna McCuistian.

John Brown and Pearley Colston, (col).

Walter Haney and Miss Estha Christa.

### The Whole Neighborhood Knows

Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., writes: "Foley's Honey and Tar cured my daughter of a bad cold. My neighbor, Mrs. Benson, cured herself and family with Foley's Honey and Tar, and in fact most everyone in our neighborhood speaks highly of it as a good remedy for coughs and colds." Stripling, Haselwood & Co. dwl

Rev. J. H. Helpinstil of Cushing was in the city today returning from a visit to points in Sabine and Shelby counties. Friends of Mr. Helpinstil over county will be pleased to learn that he is now enjoying good health, and is highly pleased with his new home at Cushing where his boys are prospering in the noble avocation of farming, and all members of the family are enjoying good health.

### Cut This Out—It is Worth Money.

**DON'T MISS THIS.** Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dwl

The Dallas Democrat makes the observation that "Fort Worth is once more back in her proper pioneer-day class—a whooping, spectacular, frontier military post, where the parther laid down."

### TO THE PEANUT GROWERS.

Editor and Friends:

I notice in the last week's Sentinel Mr. Perkins' letter to the peanut growers, and it seems as if our peanuts will not be profitable in our market. I understand that they are worth two dollars and ten cents (\$2.10) at Timpson and worth more at other places.

Friends, do not be too hasty in selling your peanuts; if they are not worth much to our town friends, we will not burden them with them. We can ship car loads to other markets and get better prices. I realize we need a fair price for them. We can get it, and do not worry.

You know that a few potatoes and watermelons gorges our Nacogdoches market. They insist on we farmers to raise peanuts and when we get them produced they claim they are not worth much.

I say to all peanut growers not to take less than two dollars (\$2.00) per bushel. We expected that when we planted. Many of us paid two dollars and fifty cents (\$2.50) per bushel when we planted. Do not be in a hurry to sell—keep your eyes open.

Best wishes to all.

J. W. HUTSON.

### Prompt Action Averts Trouble.

A constipated condition not only poisons the blood stream, but quickly affects the liver and other organs, causing biliousness, sick headache, sour stomach, bloating, etc. Foley Cathartic Tablets are mild in action, yet cleanse thoroughly, with no nausea nor costive after effects. Keep bowels regular, stomach sweet, liver active. Stripling Haselwood & Co. dwl

Dr. Tindall, who joined a medical corps of the army, and who is stationed at San Antonio, was in the city yesterday, returning to camp from a visit home at Appleby, on a furlough.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINIMENT. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

C. A. Faulkner, who will be remembered as a former citizen of this city, but who is now residing at Manning, in Angelina county, was in the city yesterday and today. Mr. Faulkner says that he is moving back to Nacogdoches, and he like this old town better.

### Croup.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords. dw

Dr. E. S. Adams of Garrison has been in the city today. Friends of Dr. Adams in the city will be pleased to learn that his health is improving gradually.

### CATARHAL DEAFNESS CAN NOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be restored to its normal condition, hearing will be destroyed forever. Many cases of an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c.

### MORE SOLDIER BOYS LEAVE FOR CAMPS

Monday's Daily

Another increment of Nacogdoches' quota of the selective draft for Uncle Sam's great army goes forward today, and as before, it is drawing another body of fine young men from our midst who will be missed, but whose memory will be revered.

This call was for forty-nine men, but the board could not get the full list from the certified rolls, and is not sending quite half the number. The quota, however, is oversubscribed with the colored members which have been certified, and will likely be filled out with them in the next call.

Following is a list of those going forward today:

Jesse C. Banks, Albert R. Parrott, Jas. O. Grimes, Will Williams, Chas. A. Jolly, G. E. Dean, Tony R. Gonzales, Thos. Collins, Guy V. Lavon, Morg. Stripling, John Y. Barbo, Dallas Rawlison, Wm. B. McKnight, Clarence Matthews, Hollis Cureton, Oscar A. Dorman, Guy E. Stripling, Walter Hutchinson, J. C. Parmley.

The young men were given dinner before their departure, and provided with transportation and meal tickets for the trip. Many of their relatives and friends came in to bid them adieu, and as with the departure of others gone before, the parting was very sad with many, but the boys bore up under it well, and go forward with the spirit of true men and brave soldiers who can be depended upon to do valiant service wherever their lines may be cast, and will return with the honor of having discharged every duty incumbent upon them.

The board received a telegram from the adjutant general after the boys had boarded the train releasing Fancher E. Jordan, Alonzo H. Meador and J. C. Hand, and thus these boys now know how it feels to start to war even if they did not have to go. Gus Spears, who was also due to go with the crowd, was unable to make the trip, and a physician's certificate was sent in lieu.

### Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well. dw

### ADVANCE IN PRICE OF SOFT DRINKS

After Oct. 15th, price of soft drinks at soda fountains will be: Plain cream, 10c straight. Cream with fruit or nuts 15c Malted Milk, plain, 15c. Egg Malted Milk, 20c. Cream Soda, all kinds, 10c. Milk chocolate, 12oz size, 10c. On account of advance in price the dealers are forced to do this, but they most probably will give extra good service. 2-d-1w

### Chamberlain's Cough Remedy the Most Reliable.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

### REVIEW OF THE WAR IS ENCOURAGING

Washington, Oct. 7.—"Without precedent in the history of democracies" is the official view of America's transition during the first six months of the war. The government's committee on public information, which issued last night a summary of this country's war progress, also declared: "The United States is now mobilized for the supreme task ahead."

The resume, covering 16 long typewritten sheets, barely outlined the government's activities since war was declared on April 6. It listed each department's achievements, including those created by the war food administration, fuel administration, council of national defense and exports administrative boards.

Of the congress just adjourned the summary says: "The extraordinary session has enacted more legislation of importance than any preceding session of our history."

### 80,000 Army Officers.

The army's growth illustrated by the increase in officers from 20,000 at the beginning of the war to 80,000 today. Pershing's force in Europe like the entire force of 1,000,000 men training in this country, is being modernized and outfitted along new lines, it was stated. In connection with the 20,000 airplanes program, it was pointed out that an international general staff in aviation is at work in Washington and that many American aviators are now receiving intensive training behind the battle fronts.

The army's medical department has grown tenfold, now having over 69,000 men in it. Gas defense is a special branch.

"The navy now has in service more than three times as many men and nearly three times as many vessels as when the war was declared," said the resume. "The largest ship construction program in history is being carried out by the navy, comprising hundreds of vessels of various types, from super-dreadnoughts to submarine chasers. New speed records are being made."

### Tasks Are Extensive.

That the shipping board was authorized by congress to spend nearly \$2,000,000,000 and has under construction and contemplation a total tonnage of nearly 11,000,000 near deadweight capacity, was shown by the statement.

War steps summarized in the food administration's program were food conservation, prevention of hoarding or price manipulation, control of wheat and flour, licensing of elevator operators and millers of wheat and rye, formation of the \$50,000,000 grain corporation, licensing sugar dealers and formation of an international sugar committee as well as reducing sugar prices to consumers.

Every government branch was shown to be engaged in war activities. Liberty Loans in the treasury, war crops in the agricultural department, munitions workers mobilized by the labor department, clearing mails of seditious and treasonable matter by the postoffice department, and draft and espionage laws enforced by the justice department.

Tickling in the throat, hoarseness, loss of voice, indicate the need of BALLARD'S HOREHOUND SYRUP. It eases the lungs, quiets the cough and restores health in the bronchial tubes. Prices 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

### U. S. WANTS 10,500 MEN TO BUILD ROADS

Washington, Oct. 7.—The engineer corps is looking for 10,500 men with road construction experience to serve in an engineer brigade, which is soon to go to France to do road building work with General Pershing's expeditionary forces. The regiment will be made up entirely of volunteers. No men actually called for military service are eligible.

Rapid advancement is promised men with special qualifications, and a few college men, preferably with military experience, are wanted as non-commissioned officers.

Does your stomach feel bloated after eating? Do you have sour risings, heartburn, spells of dizziness, and constipated bowels? If so, Prickly Ash Bitters is the medicine for you. It is exactly suited for disorders. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

### THE NEW PASTOR MAKES GOOD START

Monday's Daily  
Rev. T. F. Weaver, the new pastor of the Christian church of this city, made a good start with his new work yesterday, having four additions to the church at the two services.

Good crowds were present at all services, and much inspiration was manifest with all who are planning for a great year's work.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, had a bad breath, fickle appetite, pale complexion, and dark rings under the eyes, it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Price 25c per bottle. Sold by Stripling, Haselwood & Co. eodw

### MEXICO TO BUY SUPPLY OF CORN

Mexico, City, Oct. 4.—The Mexican cabinet at a meeting today decided that the government should buy one million pesos worth of corn in the United States and sell it to Mexicans at cost in order to relieve the shortage in cereals.

The government will buy 100 tractor engines in order to assist agricultural production in the various parts of the country where crops have been damaged by frost.

### Sour Stomach.

Eat slowly, masticate your food thoroughly, abstain from meat a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out. dw

Luther Weatherly, who has been working at the postoffice several months, went to Fort Sam Houston today.

Bad breath is a symptom of a disordered stomach, and weak digestion. The remedy for it is Prickly Ash Bitters. It purges the stomach and bowels of fermented food and impurities, sweetens the breath, clears the complexion and makes you feel fine. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Will Hall left today for San Antonio, to join the army.

### A WORD FOR MOTHERS

It is wrong for mothers to neglect their aches and pains and suffer in silence—this leads to chronic sickness and often shortens life. If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build up your strength. Scott & Bowne, New York, N. Y.

### McADOO TO VISIT

#### HOUSTON LATER

Washington, D. C., Oct. 7.—Secretary McAdoo will visit Houston on his third Liberty Loan trip, he telegraphed Senator Sheppard yesterday from Bradley, S. D.

Senator Sheppard, at the request of Houstonians, wired Secretary McAdoo, asking that he visit Houston this month. He replied that it was impossible because of previous engagements.

Keep your stomach, liver and bowels in good condition if you would have health. Prickly Ash Bitters cleanses and strengthens these organs and helps the system to resist disease and germs. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

### LUFKIN NATIONAL BANK

#### PLANS \$100,000 DRIVE

Lufkin, Texas, Oct. 4.—G. R. Thompson, cashier of the Lufkin National Bank, is planning a Liberty Loan campaign and sets \$100,000 as the goal. This in addition to a loan of \$50,000 the Lufkin National made the government on Monday last. This bank also declared a dividend of 16 per cent the past year. Thompson is a wideawake business man, and the Lufkin National is right on the job.

When the chest feels on fire and the throat burns, you have indigestion, and you need HERBINE to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach, and purifies the bowels. Price 50c. Sold by Stripling, Haselwood & Co. eodw

### WILSON SIGNS

#### SHEPPARD BILL

Washington, D. C., Oct. 6.—Senator Sheppard's bill, authorizing the appointment of Jewish chaplains in the army, is now the law. It was signed by President Wilson during the closing hours of congress this afternoon.

Senator Sheppard witnessed the signature and was given the pen as a souvenir.

### BOMB FOR BOMB

#### IS PROMISED FOE

London, Oct. 3.—A crowd of poor people in the southwest district of London yesterday appealed to Premier Lloyd George, says the Daily Mail, for reprisals against Germany for the air raids on London.

The premier shouted to the crowd:

"We will give that all back to them and we will give it to them soon. We shall bomb Germany with compound interest."

The crowd cheered the promise of the premier wildly. The premier had just completed a tour of the area damaged in the raids—with Viscount French, commander of the home forces.

Harvey Strahan, a prominent planter from the Shady Grove community, is in the city today.

# The Sentinel

MALTON & GIBBS, Proprietors  
M. HALTOM, Manager  
M. GIBBS, Editor

The state legislature and the governor have not lived up to their contract with Nacogdoches—and it is a mighty bad precedent. If we should fail to live up to our contract with the state in any essential requirement, the attorney general would be on us like a hen on a june bug. It is a poor rule that will not work both ways.

The philosopher, Holmes, tells us that "a moment's insight is sometimes worth a life's experience." Many could avoid a supreme failure in life if they would let reason dethrone the emotionalism that governs them, and investigate the career of some other person who has failed with the experiment with which they are whetting away their lives. "All power of fancy over reason is a degree of insanity."

Lufkin will be represented at the Jasper good roads meeting Thursday by the liveliest bunch of good roads boosters that it is possible to get lined up from any town in East Texas, and when they reach the Jasper County capital the inhabitants thereof will know that somebody has come to town.—Lufkin News.

It would be well for a delegation of Nacogdoches boosters to also attend this meeting. The people of that section are working for a highway down the line of the Santa Fe to Port Arthur, in which we would have no individual interest, but it is well to keep in touch with all the live-wires while the public highways are being laid out, failure in which we might wake up when it is too late.

Elsewhere in today's paper will be found a communication from the pen of Mr. J. W. Hutson assailing Mr. Perkins for a recent communication published in this paper, and taking a broadside at the town generally. The Sentinel thinks Mr. Hutson is too hasty in his conclusions. Mr. Perkins sought to warn the farmers against harvesting their peanuts in a way that would damage them, and in an educational way reviewed the actual value of the product. If he were not inclined to do so, he would have to meet competition in the price of the product so far as he could find it profitable, and he is a man of too much intelligence to presume that he would think otherwise. As to the town is general the insinuation is very unjust, for no town in East Texas has done as much to assist her farmers as have the business men of this city.

With the departure, today, of another lot of our fine young men to the training camps where they will prepare themselves for any service in which their country may need them, we have another stern reminder that "the war is on." Like other sections of the country, Nacogdoches county is giving up her best blood in defense of country and an effort to restore world-wide peace, and she does so as willingly and as cheerfully as it would be possible to pass through such an ordeal. Still others will be called to the colors from time to time until all men of the county physically available for the service have been drawn, and it is to be hoped that those who are called to go in the future will respond as loyally as it has been with those who have answered the summons in the past. Those remaining at home, and who are

not eligible to service, must also come to a greater realization of the responsibility that rests upon them. The affairs of the county must be adjusted to the new condition which is taking so many producers from us, we must cut out all waste of every kind, and we must work harder to keep up the production as far as possible, remembering that those who go to the front to fight must be fed as well as we, and that the supply must go to them from this country.

Judge Guinn very timely calls attention to the fact that people who have lands on which there is delinquent tax pending should settle the claim this fall while they have plenty money. The legislature passed a measure delaying foreclosure on tax suits for the benefit of West Texas which is suffering such a severe drought, but this action does not settle the claim, and the amount will have to be paid in the end with additional interest and cost by reason of the delay. Then, too, it makes a serious shadow in the title of your land.

The dispatches in the state papers announce that Germany is preparing another peace proposal which will have as its basis no territorial aggrandizement, the surrender of Belgium and French territory, the renunciation of positive territorial acquisitions for payments in money and no indemnity on either side. This is quite a concession over former proposals and indicates that the German rulers now realize that they are pursuing a hopeless fight, and with this much openly and voluntarily offered it is reasonable to suppose that she will make still further concessions if given a chance.

## HOW TO SECURE A LIBERTY BOND

You are satisfied that it is your duty to yourself and your country to buy a Liberty Bond. Now you want to know just how to secure one.

Go to any bank sign the application form for the bond of the value desired. The bonds are of the following values:

\$50, \$100, \$500, \$1000, \$5000, and \$10,000.

Your banker will take your cheque for 2% of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

18 per cent on November 15th, 1917.

40 per cent on December 15th, 1917.

40 per cent on January 15th, 1918.

You can pay in full at the time of application for any bond up to the value of \$100, if you wish.

If you care to pay for your bond in full at the time of application, you can have your bond by October 10th. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State, or Local taxes. In case of wealthy people who pay income taxes, and hold bonds of over \$5000, there is a small tax, but as far as the average man is concerned they are tax free.

Any banker will handle your application and charge you nothing for the trouble.

The interest on the bonds is 4% payable to you on May 15th and November 15th of each year.

The bonds will be redeemed in full by the government on and after November 15th, 1927. In the meantime the bonds may pass from one person to another just as a dollar bill does. There is very little difference between giving your cheque for a \$500 bill and giving it for a Liberty Bond.

## "ON GUARD" OVER HERE, TOO.

Shreveport Times. "Over there," the soldiers of our allies have to be constantly on guard lest the enemy slip up on them. With them eternal vigilance is not only the price of liberty, but it is the price of life and limb. After awhile, when our own American boys go into the trenches in France and in Flanders, they, too, will have to be constantly on the alert.

But there are other places besides "over there" where Americans will do well to be on their guard. We might all of us try it "over here." The German enemy is ever busy. His agents, his spies, his accelerators of public opinion, his poisoned newspapers and magazines are constantly trying to paralyze the hitting arm of Uncle Sam and to befool American public opinion.

When you hear a man denouncing the selective service act, be on your guard. When you hear one saying our soldiers abroad without their consent, be watchful. When you hear one spreading the lie about the tremendous mortality among the soldiers in this war and assuring all and sundry that when they kiss their boys good-bye they kiss them good-bye forever, be very sure that you are in the presence of one who probably has German gold in his pockets.

There are a thousand ways of poisoning public opinion and of arousing public opinion and of arousing undue public fears, and the Germans are very certain to try each of the thousand. They cold-bloodedly figure that if they can frighten the American people, if they can make them unduly uneasy about the fate of our boys, if they can make them weary of the war before we are really in it at the firing front, they will have prepared a soil fertile for the spread of German peace propaganda.

And that is precisely what the kaiser and his Prussian war-makers want. They want an America that will listen to peace talk without being too critical, too skeptical, too suspicious. They want an America that they can lure into their peace spider-trap. They realize that they have lost the objects for which they went to war. They have not crushed France. They have not defeated England. They have not taken Paris nor Calais. They have not starved the allies into submission. They have not swept allied ships off the seas with their murderous submarines.

In the meantime Germany is getting hungrier and hungrier, her finances are becoming ever more precarious, her losses in men are mounting ever higher, her industry is going ever more to the dogs, her people are beginning to wonder whether, after all, the kaiser is quite a heaven-sent leader.

Time fights against Wilhelm Hohenzollern and he knows it. He dreads it. He seeks to avoid its consequences. Hence all this peace talk. He wants peace and he wants it now.

And that is where we must be on guard. We must stand steadily back of the administration in its wise determination to fight this war through to the bitter end, so that this agony may not have to be endured again by the civilized world. We must stand unflinchingly with the president, so that American armies can take their place by the side of the French and the English and give the finishing and final blow to the German military machine, to the criminal hopes of the Hohenzollern and the Hapsburg gang, to the menace to our independence.

Only when Germany's Prussian overlords and their armies

# Conservation in Telephone Use is the One Alternative if Necessary Telephone Service is to be Maintained

Additional telephone equipment is very difficult to procure. The raw material from which it is manufactured has been going into arms, ammunition and material of war. Deliveries cannot be promised.

At the same time, due to great military preparation and business activity in related lines, the use of the telephone has very largely increased.

Meanwhile, as a patriotic obligation, the government has been given the right of way over the wires. After the needs of the nation are met, those of individuals are to be considered.

Therefore, if your own important service is to be protected, conservation in the use of the telephone is the one alternative. Your co-operation to this end should be appreciated by every other telephone user.

have been really crushed, only when the German people themselves are allowed to rule their country, will it be safe for us even to begin to think of talking peace, of making peace.

## THIRSTY SOLDIERS FOUND DAMP SPOT

Under the above caption yesterday's issue of the Longview Times-Clarion makes the following report of an unusual event that occurred in that city:

"The next time a certain Northern-brewery ships a car of beer into Texas, and the next time Uncle Sam ships a train load of soldiers to France, it's a cinch the train dispatchers will not let them meet at Longview Junction. The dispatchers pulled off just such a "bone head" yesterday, with the result that the brewery is out a considerable amount of merchandise and either the railway company or Uncle Sam will have a booze bill to pay, also a number of the jolly German exterminators will be called up before the court martial, otherwise everything is all right.

"Yesterday morning about eleven o'clock a train of soldiers from the west stopped here about thirty minutes to change crews.

"Simultaneously, a freight train from the north stopped in the yards here for the same purpose. The soldier boys thought the train looked suspicious and started an investigation, with the result that they found one of the cars to be loaded with what-made-Milwaukee-famous. This being strictly a German product, the American soldiers felt it their duty to confiscate it; which they did.

"The brave boys did not wait for instructions from their superior officers, but waded into the car with the same vigor they will display in wading into the German trenches, and removed eight or nine cases of liquid ammunition.

"The officers in charge of the boys did not approve of this unauthorized raid, aided by Station Agent T. E. Huffman and Yardmaster W. T. Callahan, compelled the boys to return their loot. However, when the

goods were checked up it was found that about thirty eight quarts of refreshments were missing.

"One of the officers in charge intimated that there would be 'something doing' as soon as the boys reached Fort Oglethorpe."

## WILL ORGANIZE A COLORED DIVISION

A dispatch from Washington, D. C., gives the news that a colored division of colored soldiers will be organized. The following excerpts from an interview with General Bliss reports the arrangement in full.

"The force of 500,000 men will be organized into 16 white divisions and one colored division. One white division will be organized at each of the 16 national army cantonments and the units of the colored division will be organized at the various cantonments where the number of colored troops is sufficient to organize a divisional unit. Instead of concentrating all of the colored men in the few cantonments of the colored states the policy of war department will be to distribute them more or less evenly throughout all of the 16 national army cantonments.

"In the Southern states whose quotas go to the cantonments at Columbia, S. C., Atlanta, Ga., and Little Rock, Ark., (Camps Jackson, Gordon and Pike), the number of white men required to fill up the national guard divisions furnished by those same states, in spite of the fact that the greatest proportion of colored to white in the population of those states is so great that it has been physically impossible to organize three national guard and three national army divisions at full strength from the white quotas of these states, and therefore the war department has decided to take all of the white men from the states, both national guard and national army, and mobilize them into full strength divisions (national guard and national army). The national army division will be organized at Camp Jackson, Gordon and Pike after the three national guard divisions (Thirtieth,

Thirty-first and Thirty-ninth) have been filled up to strength.

"At Camp Gordon after its white quota has been transferred to the national guard and to Camp Jackson there will be organized a national army division made up of surplus white men drawn from camps of the South, at Camp Upton, Camp Camp Dix, Camp Meade, Camp Lee and at Camp Pike after its white quota has been transferred to the national guard and Camp Jackson there will be formed a national army division made up of surplus white men drawn from Camps Sherman, Custer, Grant, Taylor, Dodge, Funston and Travis."

Thirteen of the soldier boys who went with the Coast Artillery Co., to Galveston, and who failed to pass in the medical examination, arrived home last night. Upon their arrival they scattered out to their respective homes, and it has been impossible for The Sentinel to get a full list of the names for today's paper, but we will gather it for tomorrow, together with a suitable writeup of the noble boys who did all they could, offering themselves for whatever fate was in store. Among those returning home of which we have list are Eugene Sanders, Guy Parrish, Fayette Belle, Cleveland Hines.

## COTTON SEED OIL SPECULATION STOPPED

New York, Oct. 9.—Speculation in cottonseed oil, both by trade and outside interests on the New York produce exchange was forbidden today by the board of managers of the exchange at the instance of the food administration at Washington.

This action by the food administration followed upon sharply advancing prices for cotton oil, culminating yesterday in a jump of 175 points to 19 1/2¢ a pound, a record never before reached. So-called hedge selling under certain conditions is to be permitted.

Speculative trading in cottonseed oil for any delivery, either by trade or outside interests, is prohibited.

# SPECIAL NOTICE OF J. W. KENNEDY

I take pleasure in announcing to my friends, patrons and the general public that I have arranged with **DR. G. WARD SHELFER**

who comes to my drug store regularly and makes a specialty of refraction, fitting spectacles and eye glasses, to be with me again Friday and Saturday, Oct. 26th and 27th. Many people are badly in need of special ground glasses and do not know it. Many are wearing cheap glasses bought from some incompetent, unworthy peddler at extortionate prices, that are ruining their eyes. Many pay so little attention to their eyes they actually go blind before they realize the seriousness of their negligence.

Many good, influential people of Nacogdoches and East Texas are using glasses fitted by Dr. Shelfer for years with best results.

Don't miss this opportunity and put off having your eyes examined or wear your old glasses too long

## GOOD CORN SHOW AT COMMERCIAL BANK

At 11:00 o'clock this morning (Tuesday) a most interesting corn show was held at the Commercial Guaranty State Bank of this city. In fact, it was an exhibit that would do credit to the State Fair, both in quality and quantity, and much good will come of the enterprise.

For this exhibit over one hundred farmers brought in ten ears each, of the Yellow Dent variety, and the exhibit was arranged by Mr. Frank Clarke, expert from the seed department of the Federal Agricultural Service, and Mr. Jas. D. Greer, local agricultural agent, yesterday. Mr. Clarke could not remain over the show today, but expressed great delight with the exhibit made, and complimented the farmers of this county with the statement that it was the best response in returns furnished by any county coming under his observation.

At this point it will be necessary to go back to the beginning of the enterprise to properly report the event of today. Last winter the Commercial Bank purchased two hundred ears of the Early Dent variety of corn, the selection of which was supervised by Mr. Clarke. This corn was distributed among farmers of the county for a try-out, each farmer being given ten ears for seed with the request that he plant and cultivate it and return ten ears from the crop this fall. These exhibits come in response to this arrangement, and the corn thus brought in will be given to other farmers for seed on similar terms, an arrangement that will soon supply the county with seed of this variety. In addition to the gift of the corn, the bank offered twenty-five dollars in prizes, ten dollars for the first prize, and three five-dollar prizes. The prizes were paid in gold, and were awarded as follows: First, Mr. C. J. Shofner, \$10.00; second third and fourth, \$5.00 each, Messrs. P. E. Corley, R. W. King, and W. H. Grigsby.

The best individual ear was brought in by Mr. R. E. Mettauer of Chireno, and weighed seventeen ounces.

The farmers report that the yield of the corn has ranged from twenty-five to fifty bushels per acre. Owing to the drouth, suffered at a time when corn needed rain the most, it has been an unfavorable year for the test, but the farmers who have tried it are charmed with it, and will doubtless adopt it altogether.

The enterprise in getting so much of this good seed distributed directly to the farmers is most commendable in the Commercial Bank, and the most substantial evidence that this institution is in thorough sympathy and appreciates the importance of the agricultural development of the county.

stantial evidence that this institution is in thorough sympathy and appreciates the importance of the agricultural development of the county.

## SWIFT LOCALS.

Swift, Texas, Oct. 8.—Health of the community is good.

It is getting so dry that a good rain would be a welcome visitor.

Mr. White was in our community with his peanut thrasher last Thursday and Friday. Most all the peanuts were threshed, and were found to be of a tolerable good quality.

Mr. Tilman Corburn and family left Saturday for a new location somewhere in Northern Arkansas. They intend to spend a few days with relatives in Van Zandt county en route.

Rev. Acery preached at the Baptist church Sunday.

Mrs. Nellie Donahue of Houston is in our community visiting old-time friends. This was Mrs. Donahue's home in girlhood days.

School opened last Monday with a fair attendance.

Some are having syrup made. We all have a very good supply of farm produce for which we are thankful in these strenuous times.

## MEXICAN REBELS CLOSELY PURSUED

Brownsville, Texas, Oct. 8.—Revolutionary bands of General Porfirio Gonzales today were reported to be headed for Mendez, a small interior town in Tamaulipas, closely pursued by government troops. Reports indicated there are only 70 men in the Gonzales party.

Reports received here from isolated points near the border say a detachment of Gonzales' troops under command of a man named Rodriguez, sacked the town of Trevino in an effort to obtain a large amount of money possessed by three citizens but failed, the men escaping with the money.

Citizens of Mier, Mexico, learning of a prospective attack, prepared to resist it, but government troops arrived in time to thwart this attack, reports said.

Nacogdoches had some distinguished visitors Saturday afternoon with the arrival of Col. Louis J. Wortham, editor of the Fort Worth Star-Telegram, his son, W. B. Wortham, and Hon. L. D. Smith of Ft. Worth. Col. Wortham was over on a visit to the "boys" and they accompanied him down to town for a little outing. Col. Wortham is prominent in Texas politics, and his name has frequently been mentioned in connection with the office of governor.

## HOBBY WILL ACT ON BILLS PASSED

Austin, Texas, Oct. 8.—Governor Hobby returned last night from Tyler, where he delivered a speech Saturday afternoon in connection with the closing of the East Texas Fair. Governor Hobby was given quite an ovation by the people of East Texas.

Governor Hobby is expected to finally dispose of the various measures passed by the last called session of the Thirty-Fifth legislature during the week. Most of the important measures passed during this recent session are yet to be acted upon by the chief executive, including the bills repealing the West Texas A. and M. College act, the East Texas Junior A. and M. College act, and M. College act, the measure carrying an appropriation of \$35,000 to be expended in prosecuting the investigation of the state departments by the legislative investigating committee of 30 and the measures suspending the appropriation for the construction of the new normals. The governor has 20 days from date of adjournment of the legislature to pass on these measures.

While there has been some protest against the approval of the bill repealing the laws creating the West Texas A. and M. College and the Northeast Texas Junior A. and M., it is generally believed that Governor Hobby will approve the bill.

Announcement of certain additional appointments by the new governor are also expected to be made during the present week, although it appears to have been the policy of Governor Hobby to proceed slowly in making appointments under the new administration.

## 13 NEGROES ARE GIVEN FREEDOM

Fort Bliss, Texas, Oct. 8.—Thirteen of the 156 negro soldiers held in the stockade here in connection with the mutiny in Houston, August 23, were ordered released yesterday, and have returned to Columbus, N. M., to rejoin their regiment.

Their release was ordered upon recommendation of the board of inquiry, which found they had no part in the rioting.

Over 7,000,000 women are now employed in business and professions in England.

## U. S. DESTROYERS TO SWARM SEAS

Washington, Oct. 8.—Secretary Daniels had before him today contracts for the big destroyer program already arranged tentatively with the builders. The bill appropriating \$350,000,000 for their construction and for financing plant additions was

put through in the last hours of the session of congress.

The navy had decided to publish the number of additional destroyers contemplated, but it has been stated officially, however, that the flotilla either in commission or construction will be more than doubled, and when the program has been completed the United States will have a far greater number of destroyers than any other power, including Great Britain.

## BRITAIN'S FLYERS TO U. S. ARMY SERVICE

Camp Borden, Ontario, Oct. 4.—Major O. D. Filley, commanding the Royal Flying Corps, stationed at Camp Borden, and Major G. H. Bonnell have been transferred to the American army aviation service, the former with the rank of lieutenant colonel. Both officers are American by birth and have seen distinguished service at the front with the Royal Flying Corps.

The transfer of the Camp Borden Flying Corps to Texas for winter training will begin about the middle of this month. Mr. M. E. Blackburn, living out on Route No. 2, called at the office this afternoon and joined the family of daily readers.

## MOTOR APPROPRIATION UP TO THE SENATE

Washington, Oct. 4.—The house bill providing for tests of a mysterious machine for utilizing free energy devised by Garabed T. K. Giragosian, an Armenian inventor from Boston, went to the senate today and congressmen enthusiastic over the war possibilities of the machine, planned a drive for immediate action.

Giragosian so impressed five members of the house patents committee at a secret demonstration that they recommended passage of the bill to provide for a demonstration before a board of five scientists and the secretary of the interior as a preliminary to the government buying the rights to use the device.

Former Speaker Cannon, who, in the face of ridicule years ago, forced through the resolution for testing Professor Langley's flying machine, supported the resolution yesterday.

## CANCER A BLOOD DISEASE.

Dr. O. A. Johnson, who has been nursing scientific cancer research for a number of years was among the first to treat cancer as a blood disease. The doctor has published a new illustration which he explains the cause of cancer and describes symptoms in various locations and stages of development. Also many reports of cases treated during the past 17 years are given in evidence of the success of his method of treatment, which is entirely non-surgical. This valuable book ought to be in the hands of every cancer sufferer. For a free copy address Dr. O. A. Johnson, Suite 560, 1320 Main St., Kansas City, Mo.

## COMMITTEES APPOINTED—LIBERTY LOAN WORK

Nacogdoches, Texas, Oct. 9, 1917. I have appointed the following committee, whose services I most earnestly invite for the purpose of soliciting subscriptions to our Liberty Bonds.

It is needless for me to emphasize the importance of this work. We are in the midst of the world war and the world is looking to the great American government of these United States to win it.

Our American boys have been called into service. They are in France; they are on the seas; they are in every department of the service and the nations must supply the funds to carry on this great struggle to a successful end.

An interest bearing investment is better than taxation. Every American citizen should have a part in this great undertaking.

It is expected that the members of this committee will work earnestly and zealously. We are expected to subscribe \$172,000.00 for Nacogdoches county. Let us do it promptly:

On account of the fact that District Court being in session, most of the attorneys were engaged, and the enormous amount of business being done in the towns of the county last Saturday occupying the time of the business men the Liberty Loan Campaign was postponed until Tuesday morning.

Beginning Wednesday morning, every member of every committee appointed by the chairman is expected to go to work and to continue until our quota has been subscribed.

JUNE C. HARRIS, Chairman.

## \$5 A BALE JUMP MADE BY COTTON

New York, Oct. 8.—Predicted frosts in the South caused an excited advance of more than \$5 a bale in the cotton market this forenoon. January contracts touched 26.45, or 7 cents per pound above the low level of last month.

Both foreign and domestic trade interests were heavy buyers. It was feared that frosts might be followed by a sharp scaling down of crop estimates.

## APPRECIATE HIS VISIT

The following letter has been received from the boys at Fort Crockett, expressing their appreciation of the visit of Judge Middlebrook to their camp:

Editor Sentinel, Nacogdoches, Texas.

Judge V. E. Middlebrook visited the boys of 7th Co. yesterday and left a supply of cigars and cigarettes for the boys, which were very highly appreciated, and shows that the Judge is still young and knows just how to reach the boys heart.

More than 4,000,000 women are registered at the different employment insurance companies in Germany.

## ANNOUNCEMENT

Dr. P'Pool will be in his office in Nacogdoches the 1st to 25th inclusive each month. In his branch offices at Henderson and Hemphill, between these dates. Practice limited to diseases of the Eye, Ear, Nose and Throat. REFRACTION and fitting of GLASSES

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Ohio, writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

## TAKE CARDUI

### The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."

"If this now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer from pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

### U. S. TO SPEND 21 BILLIONS IN THE COMING YEAR

Washington, Oct. 5.—Chairman Martin of the senate appropriations committee, in a review of the achievements of this session of congress and of appropriations and contract authorizations for the fiscal year 1918, issued today, says the session breaks all records.

"Total appropriations," the statement continues, "aggregate \$16,901,966,815, which, with the total appropriations for the second year of the Sixty-first Congress and the total contract authorizations for the present fiscal year, makes a grand total of \$21,390,730,940 in appropriations and contract authorizations for the present fiscal year."

### GIRLS, LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white make a whole quart pint of the most remarkable lemon skin beautifier at about the cost one one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

### COMMITTEE MET IN INTEREST LIBERTY LOAN

Mr. June C. Harris has been appointed manager of the Liberty Loan campaign in this county, and a meeting was held in his office at 9 o'clock yesterday morning to map out plans for the campaign and appoint the committees necessary for a successful campaign in this county.

Committees were appointed for each precinct, who are to solicit subscriptions to the loan, arrange a crowd and speaker for each precinct tomorrow afternoon. A committee of four or five from Nacogdoches will visit each precinct tomorrow. Following are the committees appointed at the meeting yesterday morning:

### Women Have Their Troubles.

Not only middle-aged women, but younger ones, too, suffer from backache, pains in side, swollen ankles, sore muscles, rheumatic pains and kindred ailments without knowing that these are most often the result of deranged or overworked kidneys. Foley Kidney Pills are good medicine for kidney trouble. Stripling, Haselwood & Co. dw1

### 10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### Never Put a Croupy Child to Bed Without Giving a Dose of

### Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse, metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough."

### WEEKLY CROP SUMMARY.

Washington, Oct. 3, 1917.

The rainfall of the week has been light to moderate in Oklahoma and Northern Texas and heavy or excessive in Eastern Mississippi and eastward. The temperatures was considerably below normal in most of the cotton districts. Weather conditions were favorable for the picking of cotton in the western part of the area, and this was progressed rapidly. In the central and eastern states rainy weather delayed picking, and low temperatures, insufficient sunshine and heavy rains produced an unfavorable development of the crop. Damage to cotton by high wind in the tropical storm was not great. However, the storm caused considerable damage to oranges, sugar cane and teak crops on the middle gulf coast. Rain delayed picking but improved pasture, soil for plowing, and truck crops.

### LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts off without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death by trimming the corns with a razor is told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any drug store, but will positively rid one's feet of every kind of soft corn or hardened callus. If your druggist hasn't any freezone he can get it from any wholesale drug house for you. 60

### PERSHING AND BLISS TO BE MADE GENERALS

Washington, Oct. 4.—Two generals and a number of lieutenant generals for the army are authorized in an administration measure added to the soldiers' and sailors' insurance bill Thursday just before it passed the senate. There was virtually no opposition and the house is expected to accept the measure without change.

Major General Pershing, with the expeditionary forces in France, and Major General Bliss, chief of staff, will be made generals, and the lieutenant generalships will go to army corps commanders and to high staff officers. The titles are for the positions in the war army and will no mean permanent advancement in grade for the officers holding them.

Secretary Baker sent the bill to the senate Thursday with an urgent request that it be passed before adjournment of congress.

### NOTICE REGARDING PRICE.

To our Customers:

Since the beginning of the European war three years ago there has been an ever-increasing scarcity of foreign drugs and chemicals. Some of the imported drugs we use in the manufacture of Prickly Ash Bitters. As a result of this great scarcity prices have advanced enormously. We have paid these high prices up to this time without making any change in the price of our remedy and we had hoped to continue to do so until the situation improved; but, advance has followed upon advance so rapidly in the last few months, and prices have now reached such a high point that at our present selling price, we are confronted with a loss on every bottle we sell.

We don't like to ask more from our customers; that is why we have been putting it off, neither do we like to lose money and we could not consider for an instant reducing the fine quality of our remedy by substituting cheaper materials. We feel sure the people who know Prickly Ash Bitters would rather pay a little more for the genuine article than the old price for something not as good. In these circumstances we are constrained to ask the users of Prickly Ash Bitters to share this extra cost with us and we take this means of notifying our friends and customers that the price of Prickly Ash Bitters from now on will be

\$1.25 per Bottle.

We regret exceedingly the conditions which make it necessary to do this and trust to your fairness that we may continue to be favored with your patronage.

d1-2w. Yours truly,  
PRICKLY ASH BITTERS CO.

### REMODELING BUILDING

Mr. N. D. Naman, who recently purchased the Matt Spradley building near the Stone Fort Bakery, is repairing and remodeling it, putting in glass front and making all necessary improvements to make it conform to modern architecture in its arrangements and appointments.

Mr. Naman is a man of great civic pride as proven by the splendid improvements made on property owned by him in the past, and this improvement, for which he is to be commended, and in which he manifests good business acumen, for the house or premises of good appearance always attract the best tenant.

## DELCO-LIGHT

### The Complete Electric Light and Power Plant.

San Augustine, Texas, July 20, 1917

Mr. J. R. Dickerson, Delco Light Dealer, San Augustine, Texas.

Dear Sir:— You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes a fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, I. E. ROBERTS, Tax Assessor.

# A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

### Mrs. Kieso Cured After Seven-Month's Illness.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my house work, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is."—Mrs. KARL A. KIESO, 596 North Ave., Aurora, Ill.

### Could Hardly Get Off Her Bed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOSIE COOPER, 1608 Harrison Ave., Fairmount, Cincinnati, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### SELECT MORE SEED CORN.

Washington, D. C. October 5.—Five reasons for selecting and saving double the usual amount of seed corn in the localities where the corn crop is maturing in good condition, are put forth by the United States Department of Agriculture for the consideration of farmers in a statement issued today. The Department believes that much more than the usual acreage of corn will be planted next spring and that now is the best surest, and easiest time to get the necessary seed. The five reasons for increasing the seed corn supply are:

1. First-class seed corn is scarce almost every spring.
2. Extended plantings and replanting practically exhausted the hold-over supply last June.
3. In some sections this year's crop has been destroyed by drought or early frosts. Farmers of these sections should now arrange to secure seed from localities possessing climatic conditions similar to their own.
4. In the localities favored with a crop this year, next year's crop may be destroyed, and there should now be selected a supply of locally adapted seed for 1918 and a hold-over supply for the 1919 planting.
5. Hail storms, floods, and droughts yearly destroy millions of acres of young corn, making second and third plantings necessary. Seed corn dealers who provide ample supplies of seed of early maturing varieties render valuable service by prompt deliveries for these emergency plantings.

### WAR DEPENDENTS GOOD ALLOWANCE

A recent dispatch from Washington makes the following report of the congressional proceedings with reference to the provision made for the families of those doing service in the war: Allowances to dependents of men at the front range from \$15 a month for a wife to \$22.50 for a wife and two children, and \$5.00 more for each additional child. One-half of each man's pay is to be retained by the government for dependents or if there are none, to be paid to the man with interest on his discharge or to his heirs in the event of his death.

### JUSTICE OF PEACE FEES RESTRICTED

Austin, Texas, Oct. 5.—It was held today by the attorney general's department that justices of the peace are not entitled to inquest fees over bodies of persons the cause of whose death is commonly known, nor over bodies of persons who have perished in any public calamity. Justices of the peace are, however, entitled to fees for holding inquests over each body of persons the cause of whose death is not generally known.

### THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots—amalgam, loosen and die; then the hair falls out and you are getting a 25-cent bottle of Danderine. Danderine from any drug store, and just try it.

### FIGHTING TONNAGE RAPIDLY INCREASING

Washington, Oct. 3.—Such remarkable progress has been made in the quick building of the immense flotilla of American destroyers to cope with the submarine campaign that the navy department now is assured of much quicker delivery of the ships than was contemplated at the last estimate, which is itself ahead of the original time. Progress on the ships now building and arrangements for others to follow, it was said today at the navy department are such that the American navy will lead the world with its destroyers within 18 months.

It is now certain that all destroyers now building will be delivered ready for duty in European waters early next year. Many of them had not been expected until the winter of 1918. Approximately 10 months has been saved.

The full success of this project, however, depends on the extraordinary powers granted to the president in the bill now pending. The administration measure was altered in the house. The senate restored the provisions naval officers considered vital to success and it is now in conference.

All new destroyers are of a new design worked out by the navy department and showing radical changes from any of these craft now afloat. The great majority of them will be 35 knot vessels of improved sea keeping qualities, adding to their effectiveness as submarine hunters. The first of the new type has been tried out with results that amazed the officers who made trial trips.

The rate of warship production in the United States has been increased to such a point that a greater amount of fighting tonnage is being produced in a given time than has ever been achieved before by any power.

### BOY ACCIDENTALLY KILLED AT ETOILE

The four-year-old son of Gu Treadaway, whose name we did not learn, was seriously wounded, by having both arms cut off, at his father's gin in the Etoile community yesterday, and died this morning.

The little boy was playing in the gin, and was near the machinery, throwing seed into it, escaping the attention of the father, when both arms were caught in the machinery and cut off. The best of medical attention was given the little one, but life passed away this morning.

Thus, in the course of human events, was the life snuffed from another little innocent, not yet entering the joyful days of boyhood, nor given a chance to prove his worth in the battle of life. The Sentinel extends sincere sympathy to the fond parents in this, their hour of great bereavement.

### CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting: You are hereby commanded to summon West Maxey, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 2nd Monday in February, A. D. 1918, then and there to answer a petition filed in said Court on the 22nd day of September, A. D. 1917, in a suit, numbered on the docket of said court No. 480, wherein Mary Maxey is Plaintiff, and West Maxey is Defendant, and said petition alleging that Plaintiff and Defendant were lawfully married on or about the 18th day of May, A. D. 1909, and continued to live together as husband and wife until on or about the 10th day of September, 1909, at which time Defendant abandoned Plaintiff without cause or provocation since which time they have not lived together as husband and wife.

That Defendant has remained away from Plaintiff for more than three years and she therefore pleads the statute of three years' abandonment.

WHEREFORE Plaintiff prays that the Defendant be cited to appear and answer herein; that upon a final hearing hereof that she have judgment dissolving said marital contract now existing between them for cost of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Nacogdoches this 2nd day of September, A. D. 1917.

### NEW REVOLUTION IS FORMING IN MEXICO

Brownsville, Texas, Oct. 5.—A revolt against the Mexican government has been started by General Porfirio Gonzales, former Carranza commander, who has mobilized 800 followers at Aldamas, near the Nuevo Leon-Tamaulipas line, 150 miles south of Roma, Texas.

All trains out of Matamoros, advised received here say, have been cancelled. Mexican officials, however, say this is because of high water in the Rio Grande and the San Juan. A report received here late this afternoon said that military trains are beginning to move.

Few troops are stationed in Matamoros, but some are scattered along the frontier on the Mexican Railway.

The Mexican consulate here said there is no confirmation of the reports of the revolt of General Gonzales.

### TEACHERS' EXAMINATION.

Austin, Texas, Oct. 3, 1917. To the County Superintendent:

Permit me to advise that a county examination for teacher's certificates is authorized to be held in all counties in the state Friday and Saturday, October 19 and 20.

Questions will be submitted in this examination for all first and second grade subjects, but questions will not be submitted for permanent subjects. Please give notice of this examination in your county papers.

W. F. DOUGHTY, State Superintendent.

### SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

### PERSHING SEES TRENCHES TAKEN IN MIMIC FIGHT

American Training Quarters in France, Wednesday, Oct. 3.—Major General Pershing today watched a battalion of Major General Sibert's command as it stormed and took three supposed enemy trenches which had been named Wilson, Taft and Roosevelt for the occasion.

The exercise was part of a program of battalion problems which is being carried out daily and will be developed gradually into regimental, brigade and divisional attacks.

Several French officers witnessed today's maneuvers, after which they were criticized by American and French observers and by the general himself. He said that in taking the three trenches, the soldiers, he noticed, did not use their rifles. This, he thought, was a mistake.

"You must not forget that the rifle is distinctly an American weapon," said the general. "I want to see it employed. There surely will be plenty of opportunity for its use, and if you are unfamiliar with the weapon you will lose those opportunities. Bayonets and bombs are all right and very valuable, but rifle fire still has a place in modern warfare."

The general said he had heard of soldiers in this war who had been chasing Germans 100 yards or more for an opportunity to bomb or bayonet them. If they had thought they might have stopped and shot them easily with the rifle.

Rev. M. C. Johnson, who has been indisposed for several days, was unable to fill his appointment at the picture show, and an engagement will be made for him later. His subject was one of the most interesting numbers on the program, and is too good to be eliminated. Hear Judge Marshall tonight.

### MAKES IMPROVEMENT.

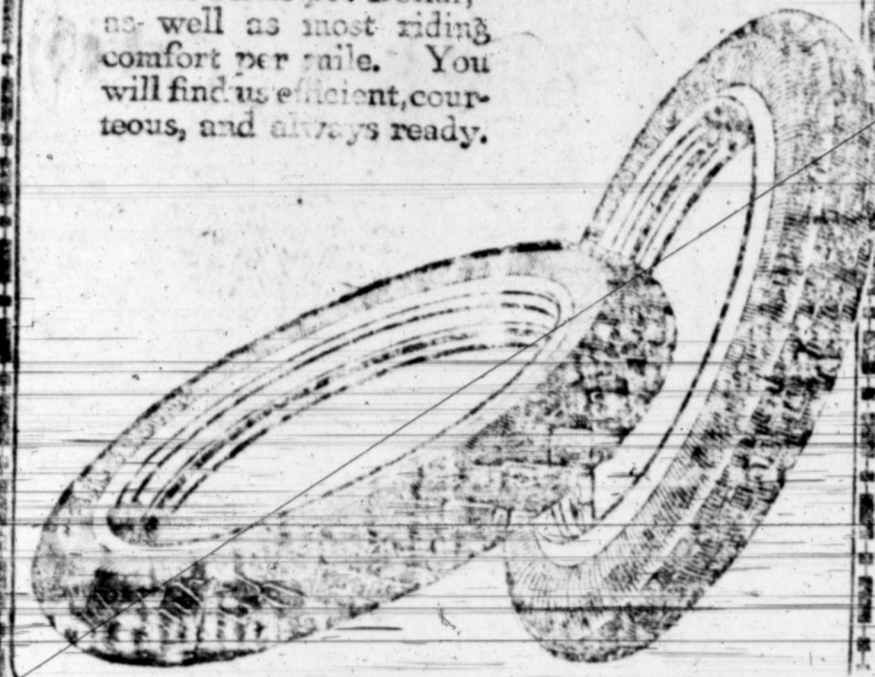

The Redland Hotel has let a contract to W. M. Scarbrough of Luik to paint and repaper the hotel.

This is a nice improvement for this progressive hotel, and will add greatly to the improvement of it.

### SOLDIER BOYS SUBSCRIBE FOR LIBERTY BONDS

Mr. Chas. Perkins informs The Sentinel that the soldier boys of the Coast Artillery Co., who are now stationed at Galveston, are subscribing for \$2,000 worth of liberty bonds.

This is a magnanimous spirit of patriotism on the part of our worthy sons who have given their time and volunteer to help do the fighting and go a step further by helping the government finance the war, and should be a good lesson to the people at home to rally with a more generous response to the government's call for help in its time of need.

### JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Nacogdoches woman says:

Mrs. John H. Cox, N. Fredonia St., says: "The grip left my kidneys in a bad fix. My back ached until I was almost exhausted. Someone told me about Doan's Kidney Pills and I used them but a short time before I got fine results. I steadily grew better and haven't had to use a kidney medicine since then." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### DO YOUR DUTY.

You would be a very unnatural parent if you did not wish to give your boy or girl the best educational advantages that are in your power, a very thoughtful parent if you sent him to the first school that mailed you a catalogue, and an unpardonable parent if you entered him in a school without first investigating its location, sanitation, equipment, character of student body, faculty, system of discipline, and above all the moral surroundings. Yours is the duty of investigation, comparison, and ultimate decision.

Your boy or girl is the hope of your life. In him or her is centered your most cherished ambitions. His or her worth to you cannot be measured by dollars and cents, but his or her value must be measured by the training which he received in home and in school. If the local school were an ideal place for your boy or girl, you would not think about sending him away from home. Under present conditions, they doubtless need more self reliance, because they lack the power of initiative, are wanting in breadth the scope of vision, haven't learned how to study, can't make for themselves, and are ignorant of the fine art of a business career. If so, their education should be continued in a business training school where discipline really means something, where personal supervision by the faculty is constant, where our service is rendered above everything else, and where manly and womanly character and conduct are held paramount to all other considerations.

Our school offers many advantages that no other commercial school can afford. Its location, excellency of environments, its student body is made up from the best homes of the country, the faculty is second to none, its discipline is the outgrowth of long experience, tempered to conserve individual needs, just sane and firm. One or two hundred dollars spent on your boy or girl now may mean an unbounded success for their future life. There is a time in every young person's life for them to consider an education, and if that time goes by, unheeded by the parents, and they fail in the future, you are, in a measure, responsible for that failure. On the other hand, if you encourage the seed thought of an education when your son or daughter is interested it may mean the turning point in their lives, and will cause you much joy and happiness in the future. One or two hundred dollars spent on them is one of the best business investments you ever made. It will pay greater dividends in their future than anything else you could bestow upon them.

Our 228 page catalogue will tell you as to the financial standing of our institution. It will tell you of the endorsements by the best business men, ministers, lawyers, and bankers, it will give you the experience of young people who came to us with limited means, and in a short time in our school, what their success and future has meant to them. We know you are bound to be interested, so ask us to furnish you the proof. Our large, beautifully illustrated catalogue is free. If you will fill out this coupon and mail to us.

### MRS. VIOLA IVES HAS GAINED 40 POUNDS BY TAKING TANLAC

Was Almost Helpless for Three Years and Was in Hospital Five Months—Now Well and Happy Again.

"I have actually gained forty pounds in weight and of all the people who have been benefited by Tanlac I believe I have the most cause to be thankful," said Mrs. Viola Ives, living at 315 Cross street, Little Rock, Ark., recently.

"In May of 1913," continued Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterward I was carried to the hospital but was never told the cause of my trouble. I could not retain the medicine I was given and nothing that was done for me did me any good. I became perfectly helpless—couldn't move any part of my body, and I just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about. I finally got so I could walk a little by holding onto the furniture, I had to learn how to walk again—but still I didn't get well, I was in this condition and almost helpless for three years.

"I read about so many getting relief from Tanlac and my husband got me a bottle in June of this year, and after taking three bottles I began to feel better. I have taken seven bottles of Tanlac now and I can walk anywhere and sleep like a child at night. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac, and I am very grateful for what it has done for me. I'm feeling perfectly well now, better than in five years, and my family and everybody else who knows me is talking about the wonderful change Tanlac has made in me."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros. and in Sacul by Arkan Cranford.

I will be at the following places on the dates mentioned for the purpose of collecting taxes for the year 1917:
