SABINE CO. SHERIFF KILLED LAST NIGHT

Father and Other Relatives Reside in this City. Several Going to Hemphill Today.

From Wednesday's Daily. Last night, Mr. J. Bright, a well known citizen and grocery merchant of this city, received a message bearing the sad news that his son, Mr. B. C. Bright, sheriff of Sabine county, had been killed at Milan, a country town of that county.

Owing to the distress occasioned by the sadness of the message, full details of the tragedy were not obtained, but it is presumed that he was killed by a negro while trying to place him under arrest. The negro killed the commissary clerk earlier in evening and was later killed himself, but it was not learned who killed him, and it is only deduction, derived from the circumstances, that the negro was the one who killed Mr. Bright, and that possibly Mr. Bright killed him in the effort to place him under arrest.

Mr. and Mrs. J. Bright, parents, and Miss Mabel Bright, sister, accompanied by Albert Bright in his automobile, left early this morning for Hemphill where they will remain for the funeral.

Mr. Bright is survived by his widow and four or five children the older children being nearly

grown. He was between forty and forty-five years of age. These details are obtained from relatives residing in this city who are not certain as to the number of children, whether male or female, whether they are living or dead. He has no other relatives in Sabine county, but this is the opinion of the sheriff, and the sheriff of public records was not satisfied to his knowledge that he was the only one of his name in Sabine county.

He was born at Cason, Texas, in Sabine county, with his parents, Van Zandt, who when he was a small boy, in the western home much sad news overtook the family, his mother and five of his brothers and sisters being claimed by the Grim Reaper. From Van Zandt county the elder Mr. Bright, with the victim of this tragedy, and two daughters, moved to Sabine county where he (B. C. Bright) has resided since save one year when he was associated with his father in the grocery business at San Augustine.

About eighteen years ago Mr. Bright was married to a Miss Williams, of Sabine county, who, with the children noted above, survive him.

A later message announces that the funeral service will be held at Hemphill tomorrow afternoon at 3:00, at which time a great host of sympathizing relatives and friends will doubtless assemble to pay the last tribute of respect to the brave officer and good citizen who lost his life in an effort to enforce the law and preserve the peace and dignity of his country.

All Nacogdoches people will join in a feeling profound sympathy for their fellow-townsmen and neighbor, Mr. J. Bright, and

the other relatives in this hour of great grief in which he and they suffer another loss in their family.

A CHIRENO MAN SELLS COTTON HERE

Mr. R. E. Mettauer, a well known citizen and farmer of the Chireno country, was in the city Tuesday afternoon, concluding a deal with Mr. N. D. Naman, a well known cotton buyer of the city, in which he disposed of thirty-one bales of cotton at the rate of thirty cents a pound, and

received a check for \$4,609.80. This is only a part of Mr. Mettauer's cotton crop, he having previously sold twenty-one bales, making the total of the crop fifty-two bales. The Sentinel did not learn what price he obtained for the cotton previously sold, but since the price has been good all season, it will readily be seen that quite a neat sum of money was realized on the whole crop.

There is magic in the trio of p's which spell "Peanuts, Pigs and Prosperity."

If the freight traffic of the railroads gets much more serious we will have to return to the primitive method of vehicle transfer, but we can use the motor car instead of the ox wagon.

An exchange suggests that "there are indications that Mr. Hoover will eventually bring flour to speaking terms with the people." But the aristocratic gentleman will be adulterated twenty-five per cent in his condescension.

If we will just keep on producing our supplies—enough for home use and to supply the boys in the trenches and our allies—we will be able to finance the war indefinitely, and come out of it victorious and still be the richest nation on earth.—Rusk County News.

When the world is all wrong with you, and you are prone to look upon everyone with suspicion, try to "comprehend" your neighbor instead of "apprehending" him and your grouch will not be so severe. The great majority of the troubles anticipated, and many of those suffered by the average man, are imaginary and do not exist in reality.

As a sample of American thrift we might mention that wool is now around one dollar a pound, yet this country maintains 25,000,000 dogs, at least 20,000,000 of which are utterly worthless. These twenty million brutes are hereditary enemies of the sheep, and are alone responsible for the inexcusable scarcity of the woolsies in this country.—Exchange.

A dispatch from Dallas to the state papers brings the announcement that the Federal Reserve Bank is getting ready for the third liberty loan drive, expecting it to be launched about the middle of February. The two preceding campaigns have proved so tremendously successful, and the bank statements show so much money in the country, that the third is expected to be equally successful.

The Sentinel is glad to note that our neighbor, the Redland Herald, and the Garrison News, concur in the idea of the candidates omitting the house-to-house canvass in Nacogdoches county this year. The unanimous endorsement of the idea by the press of the county comes as a result of a conference of the editors in the matter in which we felt we could do both the candidates and the people a great service by urging and helping them do away with this foolish and unjust practice, particularly at this time when it is so necessary to conserve our resources along all lines and increase production to the limit. And in this connection it will not be out of place to observe that the press of Nacogdoches county is now a unit in every measure and matter of community interest, fulfilling the good injunction, "Behold, how good and pleasant it is for brethren to dwell together in peace and unity. We are all close personal friends, working for a common purpose, that of making an honest livelihood and being as helpful to our country as possible, and there is no petty rivalry between us."

It seems that nobody will claim the residence of those "crap shooters" who promoted a little game in "one of the leading hotels of Lufkin" a few nights ago. When pinned down, the Lufkin News moved their residence on up to Garrison, and now the Garrison News comes forth with the following disclaimer and supplemental information: "Our good friend The News, is in error, again in stating that the parties were from Garrison. One of them claims Lufkin as 'Home, Sweet Home,' two reside in Louisiana and two in Timpson. No good crap shooters live at this place."

A dispatch from Washington announces that ship losses and crop failures have brought about such a serious food situation in the allied countries that United States is planning to release 90,000,000 million bushels of wheat for export, although the country's export surplus had been shipped by mid-December. To adjust the country to this imperative necessity, the American people will be asked by the food administration to cut their consumption to make up the amount to be exported, and unless they do so, the nation is threatened with a flour shortage until the new crop is harvested in May and June. And even then the demand may draw so heavily on the new crop that we will have to continue to use the most rigid economy. Everyone should keep these facts in mind not only in conserving as far as possible, but in seeing to it that the country is more generously supplied with corn, the only substitute for bread, with the next crop.

With potatoes rotting in the ground because it would not pay the farmers to dig them, and the people in the cities unable to buy because of the high price, there would seem to be something besides potatoes "rotten in Denmark." What's the answer anyhow?—Panola Watchman.

Let the people of the cities go to the fields and help dig them, and buy direct from the farmers who have the surplus, if such a condition actually obtains—but we doubt the reliability of the report. The time has arrived when more people must get back to the soil—and for one time the soil offers the most profitable occupation in which men can engage. With the past year we have the record that many people have lived and paid for a home with a single crop. At the same time there were many people in the towns and cities who have had to "rub to meet the monthly rent bills on the houses in which they reside. Every reason would be in favor of such people getting back to the farm, and when the cities are relieved of the congestion of people who are hard pressed to live the "rotteness" in old "Denmark" will not be so pronounced.

EXONERATES NACOGDOCHES.

A few days ago The Lufkin News reported that a bunch of crap shooters from Nacogdoches had been captured by the sheriff of Angelina county in one of the leading hotels of Lufkin, and that the bank deposits of that city had been substantially increased in consequence. In comment The Sentinel inquired if there were not some Lufkin parties in the game, to which The News makes further reply: "The News was in error in stating that these parties were from Nacogdoches, when they were from Garrison, and due apologies are offered Brother Gibbs, together with the assurance that there were no 'Lufkin fellows in the bunch.' Names are withheld for religious reasons."

A BRAVE SOLDIER.

Not very long ago I happened to be on a train upon which a considerable number of soldiers were traveling to a cantonment in South Texas. They were being transferred from Georgia, and the homes which they had left are situated in Alabama, South Carolina and Georgia. Our train was delayed several hours by a wreck, and the soldiers naturally adapted themselves to the situation by engaging in merry-making, singing songs that would be censored in any church, playing craps, and taking an occasional chance at poker. It was a gay crowd of lads. They were no better nor worse than the average American. The tocsin of war had, no doubt, relaxed to some extent that restraint that otherwise would have held them to stricter adherence to the lessons of their childhood. The fact that it was the Holy Sabbath cut no figure. There was one exception. A lad from Edgefield, South Carolina, sat near the writer. He was interesting, handsome, and our conversation convinced me that he was above the average in intelligence and moral learnings. He had taken no part in the hilarity of his comrades, though he manifested no irritableness or sanctimoniousness on account of their behavior, only remarking in a low tone to me that he wished the boys would cut out swearing. After the fun had proceeded for an hour or more, when gramme seemed in order, he walked down the aisle facing the boys, and in a voice as gentle as a woman's he said: "Boys, you have had a good time telling stories, singing all sorts of songs, and entertaining yourselves as free-hearted Americans are prone to do under circumstances like this. I wish to read you an interesting chapter on love. It is the most powerful presentation of what love will do ever written. You will find it in the 13th Corinthians."

At this juncture the young soldier disclosed a small Testament, from which he read the entire chapter. And then for half an hour he told in a plain, modest, simple way what love had done for the world. The effect on his comrades was marvelous. They sat as under a spell during his talk. It was so unexpected and the manner of the man was so unostentatious, so sincere, so human-like. No minister, however eloquent and learned could have presented the story as effectively. He was one of them, wearing the same uniform, and enlisted for the same cause. They were—all of them—preparing for the awful tragedy in foreign lands.

After he finished his talk he quietly passed into another coach. For a minute there was absolute silence. Several traveling men and other passengers sat motionless. Then a Georgia boy, the leader of the "rough-necks," as he termed them, sprang to his feet: "Boys," said he, "that is the bravest fellow among us. I am here to hand it to him." (that is an expression among the boys of the very highest commendation.) "I want to stay close to that boy. And I want to say further that if any one shall speak disparagingly of that boy I will knock him—out of him. And let me tell you, fellows, if we had a million like him we could whip every German this side of h—l." And the boy from Georgia expressed the sentiments of every man present.

A CITIZENSHIP OF HOME OWNERS.

Texas is come at last to the point where its voters will listen to a governor who recommends the enactment of a constitutional amendment allowing the state to assist in placing farmers upon their own farms.

With the farm loan banking system in successful operation, the state may now proceed to the task of creating a citizenship of small farms and in this way combat the rapidly growing tendency toward a landed aristocracy.

Texas lands may now be bought at such prices that the owner may make enough clear profit from his purchase in one year to pay the entire cost of the land and the crop. Thousands of farmers have accomplished that task this year. An increased number will do so in 1918. And it will be possible for still another year or two after that for the Texas farmer to make 100 per cent profit on his investment in a single year.

But there is a limit to all things, and Texas land is not going to remain so low in price after the people of other states and of foreign countries discover the real value of our farms.

Texas land is a gift at present prices. At five times those prices it is a bargain. At ten times those prices it is a good investment. At twenty times those prices it reaches the value of English and French lands with not half its productive power.

The coming of peace will find Texas lands mounting in value. The coming of people from other states will raise the prices higher. And with the coming of Europe's hordes of homeseekers, Texas lands will approach close to their true value based upon the actual profits which may be made from them.

Governor Hobby's proposal of a land settlement board composed of three members serving without pay, to assist deserving persons to obtain homes on small Texas farms could not have been more timely. Such a proposal five years ago would not have received the attention of the people. Such a proposal delayed five years would find Texas land fully 100 per cent higher in price and beyond the reach of the very people whom it would seek to place on Texas farms as owners of the soil they till.

There is rich land in Texas sufficient for homes for 10,000,000 farming people—and then Texas would not have the population that the State is able to sustain. If Governor Hobby's plan will locate 1,000,000 of these people on farms of their own-owning he will have accomplished more for his State than any other executive in its history.—Houston Post.

STOLEN THUNDER.

A large manufacturing concern sent frequent and urgent demands to a certain delinquent dealer, and being unable to get so much as a response, sent a representative to personally wait upon him.

"Why haven't you paid your account, or at least have written us concerning the matter?" the representative asked. "My dear sir," smilingly replied the delinquent dealer, "those collection letters from your firm are the best I have ever seen. I have had copies made and am sending them out to the trade, and its wonderful to see how many old accounts I have been able to collect. I haven't paid my bill as I felt sure there was another letter in the series. I have some hard customers to deal with and need the LAST letter."

SPEAK GENTLY.

Speak gently! It is better far To rule by love than fear. Speak gently, no harsh words mar The good we might do here.

Speak gently. Love doth whisper low The vows that true hearts bind; And gently friendship's accents flow; Affection's voice is kind.

Speak gently to the little child; Its love be sure to gain; Teach it in accents soft and mild— It may not long remain. Speak gently to the young, for they Will have enough to bear.

Pass through this life as best they may— 'Tis full of anxious care!

Speak gently to the aged one, Grieve not the careworn heart. The sands of life are nearly run; Let each in peace depart.

Speak gently, kindly, to the poor; Let no harsh tone be heard; They have enough they must endure Without an unkind word!

Speak gently to the erring— know How frail are all! how vain! Perchance unkindness made them so, Oh, win them back again.

Speak gently—He who gave His life To bend man's stubborn will When elements were in fierce strife, Said to them: "Peace, be still."

Speak gently! 'Tis a little thing Dropped in the heart's deep well; The good, the joy, which it may bring; Eternity shall tell.

COTTON PRICES SOARING.

Cotton sold in Nacogdoches Wednesday for 31½ cents a pound.

Thus we have another evidence of the fact that we can never tell what the future will bring, for the most ardent cotton enthusiast could not have foreseen such a condition a year ago. Neither do we know what the immediate future holds in store—whether the price will continue to soar, or whether the "bottom will fall out" with the next crop. It is certain that we are treading on dangerous ground, and that a reaction of some kind will inevitably come sooner or later.

We all rejoice with the condition, and hope that the farmers of the South will all get rich while the condition obtains, but the wise man will hedge against a re-action and not lose his better judgment with the great inflation which must be more or less fictitious.

GOOD INTEREST IN AGRICULTURAL WORK

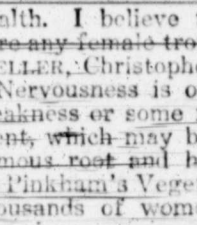

Mr. Jas. D. Greer, county agricultural agent, reports splendid agricultural work being carried on in the county this year, and good interest being manifested along the lines of food production.

Speaking of the work he has been carrying on, Mr. Greer states that this county holds out splendid promises for a great food production year and in his capacity he will be enabled to bring several things to pass which will tend to help this county as a whole and at the same time do a mighty good work locally for the government.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularity, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."

Lydia E. Pinkham's Vegetable Compound is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy. Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions as to your ailment. The result of her long experience is at your service.

In its effort to obtain a bigger food production in 1918. This being possible by the aid the government is giving him toward that end.

To assist him in the carrying on of this work, Mr. Greer will have associated with him a gardening specialist, a dairying specialist, a terracing specialist (for thirty days) and an assistant county agent who comes to him in the person of Mr. Joe Day.

In the interest of this work Mr. Greer will hold a meeting at Melrose next Wednesday, January 16th, at 1:30 p. m., and at Woden the same night, at which places there will be addresses on the war measure to increase food production.

WILL SAVE WHEAT CROP.

Chicago, Jan. 11.—The big blizzard now centered over Texas will save millions of dollars worth of winter wheat, weather bureau officials predict.

The storm, with accompanying zero temperature, is being preceded by a heavy snowfall, which not only will protect the wheat from freezing, but is providing needed moisture to many sections of Kansas and Nebraska, where there was reported a seven-inch snowfall.

Grain experts following the last government report showing the greatest winter wheat acreage—and the poorest condition—in history declared that heavy snowfalls probably would give the country a high record winter wheat crop.

Messrs. E. H. Wheat, V. J. Jones, Frank Austin, Morrison Hammock, O. W. Cook, Capt. C. I. Shindler and Corporal H. D. Rawlinson of Cushing, came in on the early morning train from Ft. Crockett, Galveston, and will visit relatives in the city for several days.

LOCAL MERCHANTS HELPFUL

Do All the Things for the People of
Their Community That the
Catalogue Concerns Will
Not Do.

(Copyright, 1917, Western Newspaper Union.)
It has been said that three-fourths
or nine-tenths, or some such big pro-
portion—the exact figures do not mat-
ter—of the business of the world is
done on credit. If this was not true
there wouldn't be much business done
for no currency system could be de-
vised that would furnish enough money
to meet the needs of commerce if ev-
ery article sold had to be paid for in
actual cash. The amount of money in
circulation in the United States is only
\$7 per capita and this would not go
very far if everyone had to keep
enough cash on hand to pay for all
that he might buy.

The greatest of financiers need credit.
They keep their resources employed
and at times are in need of ready
cash. The same thing is true at times
of men of smaller means. The credit
system, as it is used sometimes, espe-
cially in the smaller communities, is
abused and works a serious hardship
upon the business men of the town.
Some merchants, to avoid the loss that
results from such abuse of the system
or possibly to enable them to sell
goods at a lower price than their com-
petitors, operate strictly on a cash ba-
sis, but the great majority of mer-
chants in every community give those
customers who are responsible and
honest the privilege of a charge ac-
count and the chances are that some
sort of a credit system, properly safe-
guarded, will always continue to be a
feature of legitimate trade.

Ask Catalogue House for Credit.
You who have a reputation in your
community for being at least fairly re-
sponsible and up-to-date know that when
you desire it or need it you can obtain
credit from at least some of the mer-
chants in your town. But some time
when you are in need of some article
of merchandise and are a little short
of ready money, order what you want
from a mail order house in Chicago or
some other city and ask them to please
charge it till the first of the month.
The experiment will be interesting, at
least, and the answer that you receive
may cause you to give a little thought
to the difference between trading with
the mail order house in some far-off
city and buying from the merchants in
your own home town.

Some mail order concerns are now
operating a so-called credit system, but
it is not a credit system such as is
maintained by most retail merchants.
These mail order houses will sell cer-
tain merchandise on the installment
plan, but they not only demand an
initial cash payment, but require the
purchaser to sign a contract which
operates as a mortgage not only on the
merchandise purchased, but upon any
other property that the customer may
possess. There is nothing in this
system that bears any similarity to the
open credit system that is used by
the majority of retail merchants.

There are some other requests you
might make of the mail order man
when the occasion arises and the re-
sponses might be equally interesting.
For instance, you, Mrs. Farmer, who
bought that box of groceries from the
catalogue house last month, might
write the manager and ask him to buy
your butter and eggs. Of course, it
would be considerable more trouble to
pack them for shipment to the city
than it is to take them in to your local
grocer, who is always ready to pay
you the market price for them, but
perhaps the mail order man would
pay you enough more than the market
price to pay you for the extra trouble.
And then again, maybe he wouldn't.

And, then, there is that moving
machine that you, Mr. Farmer, have
been figuring on trading in for a new
machine. Suppose you write to the
mail order man from whom you bought
that wire fencing and ask him what
he will allow you for your old machine
on a trade for a new one. Of course,
the local hardware dealer in the town
where you find a market for your farm
products will allow you a fair price
for your old machine, but what's the
use of asking him to do it? The mail
order man surely will be glad to do
that much for you, will he not? Yes,
he will not.

List Is Endless.
There are a good many things the
mail order man will not do for you.
The list would be too long to crowd
into one issue of a newspaper. He
will not give you credit, however
much you may need it. He will not
buy the farmer's produce. He will not
pay a dollar of taxes to help support
your schools or build your roads. He
will not contribute a cent to the sup-
port of your churches or your chari-

SAPP CASES POSTPONED.
Bill Sapp is in receipt of letter
from his brother, Em, in which
it is stated that the trial of him-
self and Lou has again been post-
poned, the writer having been so
informed by the district judge
in person. This will call for the
retention of these two accused in
jail at Waxahachie for another
six months, a fact that the writer
of the letter deeply regretted
and which was spoken of in rather
bitter terms. This case is
one of wide-spread notoriety and
has aroused an interest in this
portion of the State that no other
alleged murder case ever has,
especially here in Angulina
County where the accused
were born and raised and where
they have many relatives and
friends.—Lufkin News.

**'CASCARETS' WORK
WHILE YOU SLEEP**
For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels.
Take Cascarets tonight.

Furred Tongue, Bad Taste, Indiges-
tion, Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your stom-
ach to become filled with unassimilated
food, which sours and ferments like gar-
bage in a still barrel. That's the first
step to untold misery—indigestion, flat
cases, bad breath, yellow skin, mental
fears, everything that is horrible and
nauseating. A Cascaret to-night will
give your constipated bowels a thorough
cleansing and straighten you out by
morning. They work while you sleep—
a 10-cent box from your druggist will
keep you feeling good for months.

SCHOOL CHILDREN MEET HERE 19TH

A meeting has been arranged
by County Agricultural Agent
Jas. D. Greer, for Saturday, Jan-
uary 19th, to align all the boys
and girls in a campaign to grow
something in the way of foods
that will help the United
States in the great war in which
we are now engaged.

A capable man from the A. &
M. school has been promised to
address the boys and girls on this
give the country a high record
meeting will be largely attended.

The teacher's of the county
have a special invitation to at-
tend this meeting and the mem-
bers of the boys' and girls' clubs
of the county are especially urged
to be in attendance.

Mr. Greer this week carried
on some organization work at
different parts of the county in
behalf of this movement, and re-
ports splendid success. Every
boy and girl at Oak Ridge, At-
toyac and Shady Grove enlisted
in the work, there being no
"shakers" in either of these
places.

Let a good attendance be on
hand the 19th and learn just
what the work is and how it is
to be carried on and come pre-
pared to take a big part in the
proceedings.

CONFEDERATE MEETING IS POSTPONED

The meeting of Confederate
Veterans announced for today
was postponed until next Satur-
day on account of the weather.
At this meeting an election of of-
ficers for the year will be held.

Had the Grip Three Weeks.

"Mr. G. F. Partin, a business

to fill out questionnaires.

Mrs. Thomas H. Davis, Mont-

Hon. C. A. Hodges arrived

to LaPorte, feeling much re-
freshed. Mr. Hodges says that
he came by Galveston on his re-
turn and visited the Coast Artil-
lery boys whom he found to be
in fine shape, ready for serv-
ice or promotion wherever needed.
Lieutenant Peck informed him
that many of the boys had reach-
ed such good proficiency in the
work that they would be able to
fill many of the official branches,
and he is expecting some of them
to be promoted.

A DOUGLAS MAN MAKES GOOD CROP

The Sentinel always rejoices
to get a good story of anything
that pertains to the progress or
development of the agricultural
resources of this good old coun-
ty, and the prosperity enjoyed
by its citizens. Such reports
show what the county is capa-
ble of doing, and give inspira-
tion to others to make greater
effort to enjoy the blessings of-
fered with intelligent tillage of
the soil in this section.

Coming under this head, Mr.
W. M. Wisener, a well known
farmer of the Douglas commu-
nity, is entitled to honorable
mention.

A few years ago Mr. Wisener
suffered some reverses which
encumbered him with a heavy
load of indebtedness, but he kept
going and remaining with his
farm, and with last year's crop
he cleared up everything charg-
ed against him, bought some
more land, and enters the new
year with plenty of cash to
run his farm, plenty of meat
and syrup, and a good stock of thor-
oughbred hogs.

In speaking of his last year's
crop, Mr. Wisener said that he
realized about \$800 from his
peanut crop, sold about \$4000
worth of hogs and realized about
\$2500 on his cotton crop. In ad-
dition to this he has left his
feedstuff, meat and syrup as not-
ed, which would represent a
nice sum of money at present
prices. This crop was made by
Mr. Wisener and his two sons.
Another son on the place had a
separate crop, and he also had
another renter which is separate
from the above summary.

Among the varieties of his
crop Mr. Wisener planted 13 1/2
acres to peanuts from which he
sold 356 bushels, keeping plenty
seed at home, sold over \$100
worth of hay and kept about
150 bales at home. He esti-
mates that his crop was
therefore worth about \$800,
making the land yield
something in the neighborhood
of sixty-five dollars to the acre.
In his individual cotton crop
he had about forty acres which
brought him about sixty-two
dollars to the acre, at the present
fancy prices, thus making the
peanut crop bring the best re-
turns gross, and much better re-
turns net.

Mr. Wisener expects to en-
gage more extensively in hog
raising, and is pursuing this av-
ocation wisely by stocking his
farm with a thoroughbred vari-
ety of hogs. He is also very
highly pleased with his returns
on the peanut crop, and while he
did not say so, The Sentinel pre-
dicts that he will grow a great-
ly increased acreage in the pro-
duct.

Thus we have another evi-
dence of the possibilities of
these good old farms of Nacog-
doches county. If the products
saved from home consumption,
the garden truck and poultry
products enjoyed, the firewood,
rent, etc., such as we of the
towns have to pay for, were all
added to the income of the place,
as they rightly belong to be, it
would be found that Mr. Wisener
and his two sons earned an in-
come that would far exceed
many of the salaries we are
prone to look upon as "fat."
There are many others as good
over the county, and The Sentin-
el would be pleased to have a
report of each.

ankles, and sleep-disturbing blad-
der ailments yield quickly to this

AN AGED PAPER.

In going through some old pa-

of this city, found quite an aged
paper which he prizes very high-
ly.

The old paper bears letters pat-
ent to a tract of land situated on
Mertens creek, some ten miles
east of this city, and settled on
by his father, B. M. Hall, Sr., in
1836. The certificate is dated
January 11th, 1840, which
would make it seventy-eight
years old. It is officially signed
by P. H. Bell, governor and Geo.
W. Smyth, commissioner general
land office.

The paper is made of genuine
sheepskin, and is in a perfect
state of preservation. The
writing is also still very legible
and easy to read.

The Kaiser is now reported to have set the grand offensive for February. The Springfield (Mass.) Republican advises that "he'd better choose one of the longer months." And it isn't even Leap Year, for the coming February. Bad luck to the Kaiser!—The Dallas Democrat.

A man that's clean inside and outside, who neither looks up to the rich nor down on poor, who can lose without bragging, considerate to women, children and to old people, who is too brave to lie, too generous to cheat and too sensible to loaf, who takes his share of the world's good and lets other people have theirs—this is the ideal conception of a true man.—Mt. Pleasant Times-Review.

The news breaks in the state papers that both houses of the general assembly of Kentucky have ratified the proposed prohibition amendment to the federal constitution. Kentucky has long been noted for its great industries engaged in the manufacture of liquors, and those who are not familiar with the change of sentiment that has come over the people of the Blue Grass state in recent years will be surprised to observe it being among the first to adjust itself to nation-wide prohibition.

The Sentinel wants the story of every good agricultural experiment made by farmers in the county. We would also like to have a report of good returns enjoyed by the different farmers who achieved good success with any particular crop the past year, or with their crop as a whole. Such report furnish the best advertising any county can get, reflect credit to those engaged in the pursuit, give inspiration to others and make the paper more interesting. Come in and tell us about your experience, or write it in, being careful not to overstate or under-rate anything and we will do the balance.

The Nacogdoches papers have all endorsed the suggestion of The Sentinel to "cut out" the house-to-house campaign by the candidates. The idea is to bunch the candidates about a month before the primaries and let them meet the voters of each precinct at some central point in said precinct and spend the day in making speeches, shaking hands with the voters and kissing the babies. In the meantime, it will not be a bad idea for each candidate to address a personal letter to every voter. It will also not be out of place we presume, for the boys to come to town on Saturday afternoon and talk the matter over with the voters.—Lufkin News.

No graduate of the College of Industrial Arts at Denton has ever been granted a divorce or brought into the world a defective child. That is the statement of the legislative committee investigating the Denton institution, according to news dispatches from Austin. Representative Spencer backs that statement up with one to the effect that few of the graduates of the College of Industrial Arts remain single. Texas boys may be counted upon to see to it that a graduate of that school has plenty of chances to get married. The number of girls who can cook, keep house, and take care of the baby is limited, even in Texas.—Houston Post.

The United States senate has adopted an amendment to some proposed regulations in the matter limiting newspapers to sixteen pages after thirty days from the approval of the resolution. This regulation will not affect The Sentinel, but we shudder to think what may happen in Lufkin if any more new papers should be launched in the Standpipe City.

The "itinerant" crap shooters who recently took refuge in "one of the leading hotels" of Lufkin seem to be causing our contemporary across the creek as much trouble as the proper adjustment of the "majesty" of the standpipe formerly engaged, and every squirm the facetious editor makes to extricate himself from the tangle of the web which has woven about him brings more complications. His latest offer of compromise is that he blames no one for "denying" living in either Nacogdoches or Garrison, and perfectly satisfied to let the matter rest right where it is. He also denies authorship of the statement that any "good" crap shooters live in Nacogdoches or Garrison. We presume that in this statement he has reference to the "piety" of the citizenship, which would exonerate the communities, and if this is the idea why should he object to "identity" with a people whose record of sobriety, integrity, honor and piety has stood the test of battle and proven pure gold? Is it an admission of a "dross pile" over the line?

The dispatches from Washington announce that bills are being introduced in congress to amend the food law so as to empower the food administration to compel the observance of the meatless and wheatless days, and other regulations recommended for the conservation of food. One of the bills provides that the president may be authorized to issue rules and regulations modifying, limiting or prohibiting the sale, use, manufacture or distribution by any person, conducting a public eating place, or by any manufacturer, producer, distributor or other person of any foodstuffs, feed or material necessary for the production, manufacture or preservation of foodstuffs and feed, providing that if such regulation is violated by any person, punishable in a fine not exceeding \$5000, or imprisonment for not more than six years, or both. Thus it will be seen that the government is getting very much in earnest in the matter, and the people of the nation must adjust themselves to the new condition even though it may entail a little sacrifice from former customs and practices.

SENATOR SHEPPARD AGAIN CANDIDATE

Washington Correspondence to the Houston Post. Senator Sheppard is a candidate for renomination and re-election. This will occasion no surprise throughout Texas, but the formal announcement of his candidacy, which was given out here Saturday, will be read with interest by the politicians and those closely watching the boiling of the political pot in the State.

It reads as follows: I desire to announce my candidacy for the democratic nomination for United States senator at the July primary. I shall continue to stand with our president and our country in resisting the aggressions of Prussian autocracy, an autocracy which holds in contempt the idea of the people as the source of government and which, with "iron fist and steel sword" is endeavoring to impose on the earth the outworn and blasphemous doctrine of the divine right of kings. I shall continue to support every

measure for the effective prosecution of the war, believing that our triumph will mean the preservation of liberty, the vindication of democracy for the salvation of the fundamental rights of man.

It has been to me a matter of honor and pride to have participated in the enactment of the memorable program of progressive legislation that has marked the new period of democratic supremacy, a program embracing notably the rural credits act, the good roads act, the revision of the tariff, federal reserve banking system, the tariff commission, preparedness, the shipping board, the cotton futures act, the warehouse act, the child labor law, the Philippine administration, the laws in the interest of labor, the antitrust measure, the enlargement of the postal savings bank.

In addition I have endeavored to aid in the upbuilding of Texas and to that end have obtained membership on a committee in which Texas is especially interested, namely, agriculture and commerce, which is the rivers and harbors committee in the senate military affairs irrigation.

I shall continue to oppose the liquor traffic at every opportunity, standing for a dry Texas and a dry United States.

I am grateful beyond words for the honors accorded me in the past, and if they shall see fit to retain me in the position I now hold I shall continue them the best service in my power.

TRAINED NURSE ENDORSES TANLAC

Graduate of London Eng. Says She Improved Rapidly After Taking It.

Mrs. Lena Bloomfield, a trained nurse residing at 3900 San Jacinto Street, Dallas, Texas, is but one among many in her profession who, after testing the merits of Tanlac, have come forward with unqualified endorsements of the "Master Medicine." Mrs. Bloomfield graduated in London, England, and for several years followed her profession in New York, Denver and Dallas. Her statement, coming as it does from one of such wide experience in relieving suffering, will be of interest to hundreds of this section who are seeking relief. In telling of the benefits she has derived from the use of Tanlac Mrs. Bloomfield said:

"Some time ago I had a severe shock that brought on nervous prostration and I suffered from awful headaches all the time. My stomach was out of order and most everything I would eat disagreed with me. I usually have a sunny disposition and try to be cheerful under all circumstances, but I had become so weak and run down and my trouble weighed on me so much I had gotten to the point where I felt depressed and despondent and had no desire to live or do anything else."

"A friend of mine recommended Tanlac to me and as I was anxious to find something that would relieve me, I got a bottle. My improvement was particularly noticeable when I was on my third bottle, when my appetite picked up and my flesh became much firmer. Those headaches are leaving me and I don't feel so tired as I used to be all the time. My sleep is refreshing, my stomach and nerves are stronger and I feel I owe much to Tanlac for what it has done for me, and will continue to use it for some time because of the good it is doing me."

Tanlac is sold in Nacogdoches by Stripling, Haserwood & Co. and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Cranford, in Cushing by A. J. Beck, in Douglass by Campbell & Watkins and in Chireno, in Nat by E. M. FOR COMMISSIONER

The Sentinel is authorized to announce Mr. A. B. Stoddard as a candidate for commissioner of Beat No. 3, subject to the action of the Democratic primaries.

Mr. Stoddard resides at Appleby, serving the Appleby, Maytown, Garrison and Linn Flat sections of the county, and he has served his sections faithfully and well. He is an ardent advocate of good roads and public improvements, but at the same time he urges an economical administration in all things, and believes that the county should receive a dollar's worth of service for every dollar it expends. These elements of character, together with his natural energy, combine in him a good man for the position, and commend him to re-election.

"A SOLEMN SEASON."

Rev. J. N. Wilson, a well known veteran minister of the county, sends in the following clipping, taken from the Free Methodist, which is rich with timely truth, and it would be well for all to read it:

"Ceaselessly the weaver Time, Sitteth at his mystic loom, Keeps his arrowy shruttle flying— Every thread aneours our dying— And with melancholy clime, Very low and sad withal, Sings his solemn mairigal As he weaves our web of doom 'Mortals!' thus he, weaving, sings, 'Bright or dark the web shall be, Or discordant colorings; As ye will it, all the tissues Time the shuttle drives, but you Give to every thread its hue, —And elect year destiny.'"

Another year has rolled around and we have entered into a new one. The past can not be changed, the present alone is ours, the future to us may never be.

This is a season when it is wise to pause, to consider, to take account of stock, to prepare for the future. If we dwell too much upon the mistakes of the past we shall become discouraged. We can profitably consider them, however, with the purpose of making improvement. We can look at them with disapproval and determine that they shall never be repeated. Present duties that demand attention are upon us. Present opportunities demand our thought and action. We can be successful during this year only by being faithful to the duties of the present as they are made known to us.

Life is real. Life is earnest. And never more so than at the present time. The year begins with the dark clouds hanging ominously over our heads. Wars and awful ravages are coming nearer to our doors and to our hearts. Our loved ones are entering the horrible conflict, many of them never to return to our firesides. Scarcely a home but there is anxiety and fearful foreboding of coming sorrow. Millions of precious souls have been slain—it is estimated that since July 31, 1914, 9,750,000 have been killed and 12,000,000 permanently maimed or crippled. 4,000,000 more are prisoners. Servia has lost 1,250,000 of her people, most of whom were killed in battle. Vast numbers of non-combatant, men, women and children, were driven from their homes and died from hunger and cold in the mountains. Hundreds of thousands of Armenians, unarmed, defenseless, were murdered by the Turks. "A third of the population is dead or carried away as prisoners. Their churches and art galleries have been destroyed, the machinery from their factories shipped to Germany, and they have been compelled to give over a thousand millions of dollars to the invading German armies, and this money was called 'indemnities.'

Tens of thousands of helpless women and starving children are begging for bread. Billions of dollars' worth of property has been destroyed and such widespread devastation as can not be restored in a hundred years—all as a sacrifice to the spirit of

Prussian militarism. And the end is not yet.

Oh, how much the world needs to turn to God in these perilous days. He is the great God of battles, to whom none seek in vain. This is the time-for serious and wide-spread humiliation and an acknowledgement of national sinfulness, a time for deep contrition and hearty repentance and turning toward Jehovah. It is a little thing for Him to give victory to our army. Some of the mightiest conquests of the past have been wrought without the use of carnal weapons. The Lord fought for Israel and gave them victory, and He is as able to help today as in the days that are gone. We forget the history of the past ages. Our God destroyed 185,000 Assyrians in twelve hours when Isaiah and Hezekiah prayed for help. He toppled over Jericho's great walls and gave Israel victory in the first battle after they had entered the land of Canaan. He drove our two kings of the Amorites by sending a swarm of hornets after them. He gave Gideon a tremendous victory over the Midianites through the operations of three hundred men armed with pitchers, lamps and trumpets. He raised the awful siege of Samaria when the people were nearly starved to death by making the Syrian armies that surrounded the city hear the noise of chariots and the noise of horses, even the noise of a great host, and they fled and left their food, their silver and their gold behind. This same God delivered Jehoshaphat from the Ammonites and the Moabites and all Jehoshaphat did was to send out a band of singers ahead of his small army and they praised God and sang "Praise the Lord, for His mercy endureth forever." "And when they began to sing and to praise, the Lord set ambushments against the children of Ammon, Meab, and Mount Seir, which were come against Judah, and they were smitten." The children of Israel were three days gathering up the spoils of the battle and the fourth day they assembled in the valley of Berachah and praised the Lord for giving them the victory. "And the fear of God was on all the kingdoms of those countries, when they had heard that the Lord fought against the enemies of Israel" (2 Chron. 20:29). Oh, when will the nations learn that "righteousness exalteth a nation" and that "sin is a reproach to any people," and recognize His sovereignty?

This is certainly an opportune season to make personal examination of our hearts and to draw near by contrition and faith to our Lord. In these times of unrest and fearful forebodings what better can we do than to pray much and look toward heaven for help? God yet hears and answers prayer. He has not withdrawn from the world and He will certainly overrule this terrible holocaust for good and bring glory to His great name.

This is a testing time indeed, but if we possess our souls in patience, according to God's Word, deliverance will surely come. Let each of us resolve to do our best for the Lord and for our this year with eternity in view. country and live every day of this year with eternity in view.

NACOGDOCHES COUNTY GETS A GOOD BLOCK

County Superintendent Layton informs The Sentinel that he is in receipt of information to the effect that the rural schools of Nacogdoches county will receive something over ten thousand dollars state aid as a result of the recent inspection. As there might be some little changes, and some schools might not come up to all requirements conditioned upon them, the superintendent does not think it wise to publish the itemized list for a few days until these details can be worked out but he is delighted with the good appropriation made to the county, and is grateful to the teachers, trustees and the various student bodies for the co-operation they have given to secure these good results. Speaking further about the rural schools over the county, Prof. Layton says that he has re-

cently visited them, and that he finds all getting down to work with more life and better citizenship than he had ever observed from them, and he believes that a large percent of the credit for the new inspiration is due to the teaching of the Teachers Institute which was so much interested in the work and so much in the information was imparted.

FOR COUNTY JUDGE.

To the Citizens of Nacogdoches County:

I am herewith announcing as a candidate for County Judge of Nacogdoches County, subject to the action of the democratic primaries in July. In submitting my name for this responsible position, I do so with some knowledge of the duties necessary to the office of county judge, and believe I can save you well in the commissioners court and in the county court. In a true sense, I am not an office seeker, yet, I want to be in a position to have an opportunity to serve the public in this capacity. I obtained license to practice law in October, 1911, since which time I have practiced law here in Nacogdoches.

While I have never before asked for a county office, I realize that, to the young man who is elected to a responsible office, it is often a stepping stone to something bigger and better in life, surely it will be if he takes advantage of the opportunity offered him.

Asking that you give my candidacy a sober thought, and assuring you that if I am elected to this office, my official acts will be such that will merit your full confidence and trust.

Respectfully, J. M. MARSHALL.

NEW CITIZENS.

Mr. A. G. Edens, who has been engaged in the real estate business the past several months, has made a number of deals, and reports some new citizens for the county. Among the new-comers, Mr. J. W. Gray, formerly of Panola county, who has been making his home near Dallas the past several years. Mr. Gray has moved to the place known as the L. D. Owens place in the Mahl community. Mr. Henry A. Rhodes of Grand Saline has also moved to a farm in the Mahl community. Mr. Charlie Hobbs, of Grand Saline, has purchased a farm in the North Church community, and moved to it. Mr. W. W. Steed of Como, Texas, has purchased a \$5,000 farm west of town, to which he will move soon. Nacogdoches people will extend a cordial welcome to these new citizens.

TIME UP FOR RETURN OF QUESTIONNAIRES

The time for the return of the questionnaires mailed out by the exemption board to those eligible to military duty, expires with today, and if any have failed to make proper returns, they should get exceedingly busy and get them in before midnight tonight.

In this connection the Exemption board requests the Senator to make the announcement that the questionnaires have been mailed to all, which is all they can do, and all that is required of them. If any have failed to receive one of these questionnaires, they should get exceedingly busy to get them in before midnight tonight. Failure to do so might result in court martial proceedings with its various degrees of punishment.

FOR COMMISSIONER.

To the Democratic Voters of Nacogdoches County:

I have made up my mind to enter the race for Commissioner of Precinct No. 1, of this county and desire to place my candidacy before the voters of said precinct.

I am a native born of this county, having been born and raised within two miles of the city, and feel, if elected, can render service in said office that will be satisfactory to a great majority.

I had considerable experience in road and bridge building for the last 12 or 15 years, and feel that my experience would be a valuable asset to me, if I am elected. I shall be glad that you inquire about those bridges that I have built and the roads that I have put up, and see for yourself just how well I can do the duties. I believe in the economical way of doing things, but not the "skin-dink" and "tight-war" way as when a thing needs attention, then is the time to do it, as the hoarding of money in the treasury will benefit no one, but if economically spent will bring every one results.

I hope to see as many of the voters of this precinct as possible and lay my claims before you personally, and in the meantime would think you to inquire and see what I have done and how well I would serve you if elected. Thanking you in advance, I remain,

W. D. BURROWS.

CITY POLL TAX PAYMENTS SLOW

The payment of poll taxes in the city of Nacogdoches has been showing up exceedingly slow this year, voters having manifested no interest in the payment of these taxes so far.

According to the reports of Mr. W. F. Wilson, city tax collector, only 49 poll tax payments have been recorded up to January 1st of this year, and since that time only 46 have responded to the payment of same, making a total in all of 95 receipts issued, when there should easily be some four hundred and fifty or more.

This is a condition which those entitled to suffrage should not overlook. It can be assumed that many will pay and intend paying their poll tax this year, because of the fact that this is election year, but those intending to pay should not wait until the last minute, as according to this showing, there will be a great influx of payments and some one is liable to get in too late by virtue of the rush.

There is a penalty of \$1.25 on the late payment of poll tax and 10 per cent on ad valorem taxes not paid by midnight, Jan. 31st.

BOB CRAWFORD.

One by one the old time friends of my childhood and yours are turning aside from the walks of this life, laying down their burdens and passing to sleep and quiet dreams.

Most of them we used to know have died in the fullness of years. Among the last to go was my good friend R. B. Crawford of Swift. When I first knew Bob Crawford I was a mere boy back at old Pilgrim Rest teaching the first school I ever assayed to teach and boarding at Uncle Milton Fuller's. Bob Crawford was one of the trustees and I spent many a night under his hospitable roof. He was a devout and devoted husband, father and friend, a strict and true believer in the glorious promises of the future life as revealed in Holy Writ and he lived as he believed an open, true, humble and consistent christian life, and as I write this I know that now the spirit of this good man separated as last from its poor tenement of suffering clay, is in its proper place in the world that lies beyond death and the grave.

In memory today, I am thinking of Bob Crawford and I join his children wherever they are in the comforting thought and knowledge that to him the hour of dissolution had no terrors, and I am sure that he welcomed it as the faithful Christian should and does.

SAW AN "AEROPLANE" SATURDAY NIGHT

Saturday night about 9:30 o'clock citizens on North and Power streets saw a light, which looked to be some sixteen inches in diameter, traveling in the skies, in a westerly direction, and many are firm in the belief that it was an aeroplane, possibly making the trip from Orange or Port Arthur to Camp Bowie. Those who witnessed the spectacle, and who are so firm in their belief that it was an aeroplane, may be correct in their deductions, for it should occasion no surprise if one or more were to pass over this city at any time since they are flying over nearly all sections of the country, but it is not impossible that it was a small balloon of some sort bearing a lighted candle. A light of this kind passed over the city during the holidays which was observed to come to earth some miles north of the city.

It is perfectly alright for good aeroplanes to pass over this section, and with the assurance that they are "good" the citizenship would view their flight with much interest, but we don't want any of the German or Austrian brand in the vicinity, even though they should attempt no violence.

A PIONEER JURIST IS WITH THE DEAD

Judge L. B. Hightower, judge of the ninth judicial court of Texas, died at his home in Cleveland Sunday morning. Judge Hightower had been judge since 1888, at which time he received the appointment to succeed Judge Edwin Hobby, father of Governor Hobby, who was given another appointment by Governor Ross. He was well known in the judicial circles of the state by reason of his long and distinguished service, and was universally popular with those who knew him. He is the father of Judge L. B. Hightower, chief justice of the court of civil appeals at Beaumont. In addition to his long service in a judicial capacity, Judge Hightower served his country in the cause of the Confederacy in the war between the states, in

Mothers of Texas, Prepare!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many women in Texas would testify just as do the following:

HOUSTON HEIGHTS, TEXAS.—"My mother used Dr. Pierce's Favorite Prescription. She was in very ill health, was all run down and it seemed like she could not get anything to do her any good until she took this medicine. It did her more good than anything she tried and I am always willing to recommend it to friends who need a tonic."—Mrs. JULIA STINSON.

Fort Worth, Texas.—"I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from woman's troubles or nervousness. I was very nervous and had a headache and I could not get any sleep. I found out about the Favorite Prescription and I took it and I began gaining weight at once."—Mrs. LIZETA ELLISON, 1229 Gould Avenue.

SWIFT LOCALS.

Special to The Sentinel: Swift, Texas, Jan. 14.—Mr. R. B. Crawford passed out into the unknown world Tuesday morning. He died suddenly, and probably his death was due to heart failure. It was thought by his close friends just a little while before he died that his health was improving. He was a quiet, peaceful disposition with many friends for him. He was a good neighbor and citizen. His remains were conveyed to the Pilgrim's Rest cemetery, Wednesday afternoon, where burial was made.

Grandma Dickerson, who resided with her daughter, of Melrose, died Jan. 8th, and her remains were borne to the Swift cemetery Friday afternoon, where interment was made.

Mr. and Mrs. Thrash and Mr. Cohagin, of Overton, Texas, came down Wednesday to attend the funeral of their friend and relative, Mr. R. B. Crawford.

We have had plenty of cold weather, some snow and a very good rain, with promise of more. Most of the farmers have their land ready for the plow, and the rain will be highly appreciated.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

A dispatch from Taylor, Texas, a prominent town of west Texas, which is included in the drouth stricken section, announces that the religious people of the city assembled in a union prayer service last Friday night in which they prayed earnestly for rain, and that in a space of twelve hours heavy showers fell, the first rain to fall in many months, which has since been followed with the snow and altogether giving the section a good "season." There will be those who scoff at the idea, preferring to believe the rain was on the way in the meantime, but we will venture the observation that the faith of those engaged in the religious exercise is greatly strengthened—and they have the results they so much desired. "The effectual, fervent prayer of a righteous man avails much," and the Lord promises that where two or three (and more, of course) are gathered together in His name He will be with them.

Mr. J. R. Sheddon, a well known citizen of the county, residing in the vicinity of Mayo, was in the city today, and informed the newspaper man that he and family were moving to Willis.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your Druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy as this to say regarding it: Last winter my little boy, five after having used it. Mrs. George Lewis, Pittsfield, N. Y., years old, was sick with a cold or two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold.

Commenting on the dispatch the Tyler Courier-Times says: "Mr. Mims stated to the Courier-Times man today that he had accepted the position and would said his family would not go to

Austin at once. Mr. Mims is a well known lawyer of this city, and his friends are congratulating him on receiving the appointment."

Judge Mims has many friends in Nacogdoches county who will rejoice with him in securing the good appointment, and who will vouch for his ability to fill it in a creditable manner.

Prefers Chamberlain's.

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher of Hamilton County Republican News, Syracuse, Kan.

But he enjoyed his visit, and the meeting with his brothers and their families again.

Ars Yours Sewers Clogged?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

We all feel more secure since we have found out that it can rain again.

Stomach Troubles.

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

MR. F. E. DAVIS OF ETOILE IS DEAD

Mr. F. E. Davis, aged 70 years, a prominent citizen of Etoile, passed away Saturday evening at 7:00 o'clock, at the family residence at that place, having been sick but a few days with the measles, and his death comes as a surprise, members of the family in this city not learning of his sickness until they received news Saturday that he was dying.

Mr. Davis is survived by three children, two sons and a daughter, and one brother, Mr. M. Davis, of this city. His two sons, Messrs. A. A. Davis and Geo. Davis reside at Etoile, while his daughter, Mrs. Dollie Barnett,

SUFFERING FROM COLD

If you shiver in frosty weather, if you have cold hands and feet, if colds are stubborn and frequent, then your blood may be thin and impoverished.

SCOTT'S EMULSION

has been correcting this condition for nearly fifty years. It possesses rare powers for creating natural body warmth, for charging summer blood with winter richness and strengthening both throat and lungs.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne, Bloomfield, N.J. 17-12

lives near Franklin, in Robertson county.

His remains will be laid to rest in the family burial grounds at Blue Springs, three miles southeast of Etoile, this afternoon, where he will be buried by the side of his dear wife who preceded him to the better land some few years ago.

Mr. Davis was a member of the Baptist church, having united with that body when a boy, and has been faithful to the cause of the Master through his long life in this world. He was a prominent business man of Etoile and the senior member of the merchandising establishment of F. E. Davis & Son. In his death his community loses a good citizen, his family a devoted father and his friends a kind and affectionate neighbor.

Thus one more name has answered to the call of death. One more soul has gone out into the great beyond to await that final resurrection, and to enter into that world where there will be no more sorrows, nor tears nor struggles. His departure will be mourned by those who love and know him, but a beckoning hand will waive from yonder shore an invitation to come. May the Supreme Ruler comfort them in their hour of bereavement.

The Sentinel extends condolences to those who mourn.

FOOD REGULATION.

The federal food administration has mailed out the following bulletin to the wholesaler grocers of the United States, and it should be read by all people so that a better understanding may be had between retailers and consumers in the restrictions the retailers must impose to conform to the regulations imposed upon the wholesalers:

Following our letter of December 11th, in reference to hoarding, the Retail Distribution Division of the Food Administration suggests that it would be advisable for you to inform the retail grocers of your state respecting sales of certain commodities as follows:

SUGAR
Sugar should be sold in towns and cities to consumers in two to five pound quantities; to farm and rural customers in five to ten pound quantities.

FLOUR
Flour in towns and cities should be sold in eight to quarter barrel quantities; in rural and farm communities in quarter to half barrel quantities.

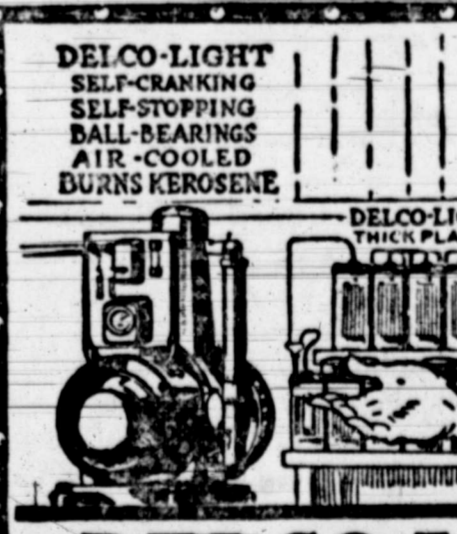

ADVERTISING
Any advertisements tending to induce the consumers to increase their purchases of flour or sugar during the present national crisis are decidedly against public policy. This information has already been given you with the suggestion that the press of your state censor their advertisement. We request that you please convey this information to the retail grocers.

WHOLESALE QUANTITIES OF SUGAR

Wholesale grocers should not sell sugar in quantities in excess of 1000 pounds at a time to a retailer. Sugar should not be shipped on back orders, nor without a positive order from the buyer. Wholesale grocers should use every precaution at their command to prevent duplication of sales which may give to a retailer the opportunity to have more sugar than is necessary for conservative distribution, as outlined in the second paragraph of this letter.

Faithfully yours,
Federal Food Administration for Texas.

DELCO-LIGHT
The Complete Electric Light and Power Plant.

San Augustine, Texas, July 20, 1917
Mr. J. R. Dickerson, Delco-Light Dealer, San Augustine, Texas.

Dear Sir:— You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, I. E. ROBERTS, Tax Assessor.

From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Stripling.

"Last year I got almost down with my back," writes Mrs. H. T. Stripling of Chreno, Okla. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've analyzed well, and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

CITATION BY PUBLICATION.

To the Sheriff or any Constable of Nacogdoches County—Greeting: You are hereby commanded to summon Harry W. Drake by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of district court of Nacogdoches county, to be held at the Court house thereof, in Nacogdoches, on the 2nd Monday in February, A. D. 1918, the same being the 11th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 29th day of August, A. D. 1917, in a suit, numbered on the docket of said Court No. 473, wherein Mamie P. Drake is plaintiff and Harry W. Drake is defendant, and said petition alleging that plaintiff and defendant were lawfully married June 1, 1915, and lived together until about April 25, 1917, when by reason of the cruel and harsh treatment of defendant toward plaintiff, she was forced to separate from him, from which time they have not lived together; plaintiff alleges that during the time she and defendant lived together she was kind and affectionate to defendant, but defendant, unmindful of his marital duties, began a course of harsh and cruel treatment toward plaintiff, that defendant often cursed and abused plaintiff and otherwise mistreated her. Plaintiff alleges that on the 21 of August, 1916, defendant came home drunk, cursed and beat plaintiff, and just prior to the separation again abused plaintiff and threatened to whip her, at which time she was forced to leave him for her own protection. Plaintiff alleges that defendant was untrue to her, that he lived a dissolute life, often spending weeks at a time away from home and wholly failed to provide for plaintiff and her child, and was guilty of such excesses and outrages that rendered their further living together insupportable. That there was born from said marriage a girl, Lamerie Drake, now about a year old, residing with plaintiff; that plaintiff is a proper person to have the custody and control of said child. Wherefore plaintiff prays that defendant be cited to appear and answer this petition, that said marriage relation be dissolved, that she be awarded the custody of her said child, for costs of suit and for general and special relief.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

D. 1917, in a suit, numbered on the docket of said Court No. 484, wherein Nettie Oliver is plaintiff, and Albert Oliver is defendant, and said petition alleging that plaintiff and defendant were lawfully married May 1, 1911, and that they lived together as husband and wife until about the middle of March, 1914, at which time defendant left plaintiff's bed and board with the intention of permanently abandoning plaintiff, since which time they have not lived together. To the Sheriff or any Constable of Nacogdoches County—Greeting: You are hereby commanded to summon J. W. Kirk by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of district court of Nacogdoches county, to be held at the Court house thereof, in Nacogdoches, on the 2nd Monday in February, A. D. 1918, the same being the 11th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 15th day of December, A. D. 1917, in a suit, numbered on the docket of said Court No. 485, wherein Myrtle Kirk is plaintiff and J. W. Kirk is defendant, and said petition alleging that plaintiff and defendant were legally married on or about the 9th day of April, A. D. 1911, and continued to live together as husband and wife until on or about the 12th day of November, A. D. 1915, at which time plaintiff was forced to abandon de-

fendant on account of his excesses and outrages toward her and her two children.

Plaintiff says that defendant would often get drunk, gamble and indulge in wanton immorality and excesses would leave home and leave plaintiff without food or sufficient clothing and other necessities of life for herself and two small children; that plaintiff had no fixed residence but defendant would move from place to place and inflict upon her and said children the greatest hardships and privations, excesses and indignities, which rendered her further living with him insupportable, and since said separation they have not lived together as husband and wife, and that because of actions and conduct she can never live with him again.

Plaintiff further alleges that defendant was physically able to work and support his family, which he refused to do, but spent his time gambling, drinking and carousing as aforesaid.

Plaintiff says that as a result of said marriage there was born unto them two children, both girls, Lena May, now five years of age and Lillian Reethie now two and one-half years of age, that defendant is not a proper person to have the care and custody of said children but that plaintiff is proper person to have care and custody of them and is able and willing to care for them, educate and raise them properly and that she has said children awarded to her.

Wherefore plaintiff prays that defendant be cited to appear and answer herein and upon a hearing hereof that she have judgment dissolving said marital contract annulled, for care and custody of said children, for cost of suit and general relief.

D. 1918, the same being the 11th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 24th day of December, A. D. 1917, in a suit, numbered on the docket of said Court No. 488, wherein Mrs. E. E. Church is plaintiff, and L. H. D. 1917, and continued to live together as husband and wife until on or about the 15th day of March, A. D. 1917, at which time plaintiff separated from defendant and since which time they have not lived together as husband and wife.

ENGLAND CALLS FOR AMERICAN SOLDIERS

London, Jan. 11.—Winston Spencer Churchill, British minister of munitions, addressing the American Luncheon Club today, made a powerful appeal for the sending of American soldiers to Europe quickly and in as large numbers as possible.

The reception of Premier Lloyd Georges and President Wilson's war aims by the central powers, the minister declared showed a gulf that no bridge could span. He added that Great Britain and the United States having issued their war aims they must now bend every effort to the practical work of enforcing them on the enemy.

Must Cut Down Rations.
"We have found a complete agreement on our war aims," Mr. Churchill said, "so let us concentrate our whole souls on enforcing them on the enemy."

THICK, GLOSSY HAIR FREE FROM DANDRUFF
Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

PURE as Southern Sunshine

LIKE the soft, beaming sunlight of Dixie-land, Luzianne brings cheer to meal-time—breakfast, dinner and supper. Folks who try it once have a genuine affection for it ever after. Luzianne comes to you in clean, sanitary, air-tight tins. The flavor stays in—impurities stay out. Buy a can of Luzianne. Use the whole can. If you don't honestly believe it is better than any other coffee you ever tasted, tell the grocer to refund your money. But, try it.

practical measures whereby those aims may be achieved."

England must melt all her resources, he continued, into war work. Women must draw nearer to the firing lines and do more manual labor to relieve working men for the ranks of the army. Rations, he said, must be cut down.

GERMAN REPLY COMING MONDAY

London, Jan. 11.—It is reported in Berlin that the German chancellor, Count von Hertling, probably will address the reichstag main committee on Monday in reply to the war aims speeches of President Wilson and Premier Lloyd Georges, an Exchange Telegraph dispatch from Copenhagen says.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air-escape of the head—stops nasty discharge or nose running, relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and sniffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.
