TEXAS HEAVIEST LOSER.

WASHINGTON, Feb. 14.—Texas paid the biggest toll of lives of any state in the loss of the Tuscania, the nation learned today, with republication of the list of 131 known dead. Twenty-four boys from the Lone Star State are buried in Scottish soil, and the list will be added to slightly.

Texas lost twice as many men, as any other state. Wisconsin, Oregon, California and Oklahoma each lost 12. Twenty-eight who were lost, the first official list of known dead shows.

SOLDIER BOYS CARRIED GOVERNMENT INSURANCE

Collins Carried \$10,000, the Other Two \$5,000 Each in Favor of Their Mothers.

Last week people of Nacogdoches county were made to very forcibly realize the nearness of the war in the loss of three of her gallant sons who went down with the ill-fated Tuscania, and the matter was the universal topic of conversation.

These precious lives can never be restored to their loved ones, but this week we have evidence of provisions being made by our great government for the relief, as far as possible, of those who may be bereft of their sons, husband or fathers with receipt of the news that the boys took advantage of the government insurance clause, and have left something for those dependent upon them.

Hon. S. M. Adams, a well known attorney of this city, a few days ago addressed a letter to Congressman Dies asking him to make inquiry as to whether or not the lost boys had any insurance. The congressman made the inquiry very promptly, and at his own expense wires Mr. Adams the following message:

Washington, D. C., Feb. 18, 1918.

Hon. S. M. Adams,
Nacogdoches, Texas.

Reply to your letter, advise that Roberts, Collins and Crow carried insurance in each case, mother beneficiary, Collins \$10,000, others \$5,000 each. Payments will be made monthly, Mrs. Collins receiving \$57.50 per month. Full data is being mailed.

MARTIN DIES.

It will be remembered that Lewis Roberts of the vicinity of Nacogdoches, and Jennings B. Crow and Arthur W. Collins of Appleby were apart of the boys from Nacogdoches county on the ill-fated ship, the other two, Ruell A. Parrott and B. Fancher of Garrison being reported saved. The boys who lost their lives were all poor farmer boys leaving dependent relatives, and while nothing can restore the lives of these noble sons to their loved ones, the insurance comes first in helping provide for them, a feature that should help make every citizen more proud of the glorious country in which we live.

Mr. A. Hillencamp made a business visit to Lufkin today.

TRINITY LOCALS.

We are very thankful for the nice rain which has fallen the last few days.

A box supper was given at the Trinity school house last Friday night. The funds went to help the Red Cross.

The farmers are all busy plowing and preparing the land for planting.

A fine sermon was preached Sunday by Bro. Wood, who lives at Rask. He filled Bro. Gentry's place. Bro. Gentry is our pastor, but was unable to come to this appointment.

The attendance of school is not so good as it was several weeks ago.

Mrs. Nolan Muckleroy entertained with a singing last Saturday night.

Health seems to be very good at this place now. A good many have

had the measles.

Mr. Jewel Hutson, a civil service man, is visiting his parents Mr. and Mrs. Jim Hutson of this place.

The pretty sun-shiny days of last week prompted the people to do some gardening.

The latest idea being entertained by the food administration is to mix the flour and meal together on a basis of fifty-fifty before offering it for sale.

Time may fly fast with some people while others complain of a "drag," but at all events another Sunday will be here with the next day, with services at many good churches. Read the church column.

The surplus yard room of Nacogdoches would produce several hundred dollars worth of vegetables, and the owners would render the country a patriotic service by cultivating them. Plant a war garden.

As was to be expected, the Germans have decided to press their claims further in Russia, since the Russian people have laid down their arms, and now announce that they will occupy Petrograd before they compromise. We can't be much sorry for the big baby that has allowed them the advantage, and would like to see Japan turned loose on the whole "mess."

Most well-regulated dining rooms are embellished in appearance with a painting of lucious fruits. With the discussion that has been going the rounds about the shortage of the supply of flour and the measures that are being employed to regulate the sale and distribution, we are reminded that it would be well to add the picture of a big fat biscuit.

When you have a little job printing, don't forget your home papers. Some "Cheap John" man may come along with a smaller price as a bait to turn you his way. He has no local or common interest with you, and is just as vicious to the growth and development of the community as the mail order houses which undermine the local mercantile establishments in the same manner.

Modesty would forbid that we "crow" about it, but a comparison will justify the advertising value of the statement that The Sentinel carries more local news from day to day than any paper in the country, the larger papers not excepted. Of course, the bigger papers carry more general news, but The Sentinel has them beat in home news. And in making this observation, we do not claim to have reached perfection. Many good items still get away from us, but with the increasing co-operation of the people in telling us about the news, we shall continue to make improvements until it comes nearer the ideal.

Yesterday (Friday) was the day set and generously advertised for the Germans to launch their big drive against the allies, but dispatches in today's papers announce that it failed to materialize. To the contrary, the British, the French and Americans are reported to have made important raids in the vicinity of their respective sectors, and the British have penetrated new positions in Palestine, while the Germans seem to lack the organization and aggressiveness that was expected.

"Well and Strong—Was a Wreck," is the way a medicine ad reads in one of our exchanges. Were the proposition reversed it would state our position exactly. We've got the grip, but thank the Lord we are not tacky enough for the chills yet. Lufkin News.

Neither did any one ever hear of a mule having a chill. If you want to put yourself in a class with the mules, may the Good Lord, to whom you give thanks for your distinguishing characteristic, let you lie down in a green pasture, and roam the green fields with the "aristocratic" of the drove.

News from Shelby county is to the effect that in the special election held Friday, for the purpose of electing a representative to the legislature to fill the vacancy made with the resignation of George Peddy, John C. Rogers of Center was victorious in a good majority over his opponents, Messrs. R. L. Spivey and John McLendon. Mr. Rogers is a gentleman of sterling integrity and moral worth, and a patriot of the first-class whose sole ambition will be to serve his constituents wisely and well. He has never aspired to office before, and was not a "candidate" in the full meaning of the term this time, the people of the county urging him to enter the race and feeling that he was the man for the place at this time, and his election is therefore doubly complimentary.

"MUDDLED" RULING.

The new ruling on flour which provides that farmers who have the substitutes of their own growing at home may be exempt from purchasing them when they purchase flour is destined to cause more trouble than the former ruling unless there is a further modification of the rules.

In exempting the farmer it seems that the retailer has not yet been exempt in his purchases from the wholesale man, and if this condition obtains, the retailer would soon have a great surplus of the substitutes and a most unprofitable business. If, however, he can obtain credit for those having the substitutes he supplies, the arrangement will be alright. And this was doubtless the intention of the ruling if not so expressed.

In the course of his discourse last night, Mr. Collins said that a man could also purchase his meal at the mill and bring the miller's certificate as credit in the purchase of flour. This is also as it should be, provided the credit will be allowed the retailer in his relation with the wholesaler.

The Food Administration should give out a more clearly defined ruling on these matters in justice to all alike, for it would be better to withdraw flour from the market entirely than give favor to one class at the expense of the other.

In the meantime let us all exercise patience and make the best of the situation until all the details can be worked out. The men in charge of this most valuable branch of the government are doing everything in their power to work out plans to conserve the food supply of the country, and at the same time work no unnecessary hardship on any one. They have a big job on their hands, and they deserve the sympathy and co-operation of all loyal people.

FOOD FACTS EVERY TEXAN SHOULD KNOW

(Prepared by the Legal Dept. Federal Food Administration for Tex.) Persons buying green coffee and selling it roasted must have license.

Between February 11 and April 30, 1918, no licensee shall purchase, ship, sell or negotiate the sale of any live or freshly killed hens or pullets. This does not prevent (a) the purchase, shipment or sale before February 23rd of hens or pullets killed or shipped before Feb. 11th to markets for sale as food, nor (b) the purchase, shipment or sale of live hens or pullets for egg production purposes.

No all-wheat of any kind can be sold for chicken feed; chicken feed may include 10 per cent of wheat not fit for human consumption.

Feed and Seed Oats are under proclamation of August 10, 1917.

Prices in cash sales may be different from prices in credit sales.

Full capacity of cars must be used.

Special permission is necessary for book sales, car lots of less than 60,000 lbs.

Dealers expensively in seeds for planting purposes do not need license.

Cottolene handled by licensees for planting purposes will bear reasonable profit in local shipments of five per cent of gross cost.

Isolated farmers (thirty miles or more from source of supply) may buy commodities to last 30 days.

For the present, hotels should buy flour and substitutes on the eighty-twenty basis.

As services rendered, retailer may charge for credit given, deliveries made, etc., in sales licensed products.

The quantity has not been fixed but a reasonable amount of sugar may be used in preserving stock.

MANY MERCHANTS ARE SELLING THRIFT STAMPS

Practically every dry goods and grocery merchant and the banks and post office here are now handling the U. S. Thrift Stamps and encouraging their customers to avail themselves of the opportunity to practice Thrift and purchase these stamps. Your merchant will be glad to explain to you the proposition, so ask him about the stamps.

Every person in the county can invest in these little government bonds, as the price is easily within the reach of all—men, woman and children, and our citizens should interest themselves enough to understand what they are and why they are being offered for sale.

As little as a quarter a week will prove an investment that will help Uncle Sam fight his battles and surely every one can help that much.

A recent experience with la grippe leads to the opinion that the disease originated in Nacogdoches.—Lufkin News.

And you, of course, "caught" it like you do other fads and inspirations, from the Stone Fort City. Lufkin would indeed be a most lonesome place were it not so close to Nacogdoches.

WINNING THE WAR

A message to the farmers of Texas prepared for the Texas Food and Feed Production Campaign—1918, by Tom C. Gooch, Editor of the Dallas Times-Herald.

What is the imperative demand of today? What is America's great task, falling which, she no longer will be America?

It is winning the war.

What are the factors that will win the war?

Men and munitions, ships to carry them and FOOD.

If America's cupboard becomes a Mother Hubbard's cupboard Germany conquers and the world becomes a tenant farmer of the Hun and on this tenant farmer will be placed such hardships as no tenant farmer anywhere ever suffered.

He shall sow but Germany shall reap.

He shall work the fields during the long, hot hours but the harvest shall go to fill the granery of the Kaiser.

Texas farmers, your hour is here. Texas farmers, on you as the producers in the greatest agricultural state in the country is imposed a high and glorious obligation.

To you President Wilson looks to produce as you have never produced before.

It is no exaggeration to say that in your hands lies, in large part, the destiny of America and freedom.

Courageous France that disdained to crouch before the Hun but flung its brave sons in thousands before his bloody path, is in dire need of food. If Texas and America fails to supply this food, then France must yield and the Hun feasts in Paris.

Indomitable England that scorned to stay out of the war when it saw Belgium crumpled beneath the German guns, England that has kept the seas open and prevented submarines from absolutely stopping American commerce, England that sent her 100,000 immortals against a million Germans, must have food from Texas farms or London becomes London ruled by another bloody von Bissing.

Belgium, that pleasant little pastureland of Europe, that depended on the word of kings and kaisers for safety and would not basely yield to a German army when the kaiser broke his word, Belgium starves unless Texas farmers and the farmers of America supply it with food.

And over there, our American boys, the boys under Pershing, the army that is rapidly becoming a formidable opponent to the foe of democracy, that army must fight on an empty stomach and must finally cease to fight unless the farmers of this country supply it with food.

Food and feed; these are the two things that must be raised on Texas farms as they were never raised before. Already our entire wheat surplus has gone to our allies in this war. Already our allies have declared they must have 75,000,000 bushels more or starve.

President Wilson has pointed out that never yet have the farmers of America failed of patriotism.

It is your patriotic duty now, farmers of Texas, to plant and plant and plant that the American-Jads, you know and love may return home conquerors and that a secure and just peace may be established throughout the world.

SOUTHERN COMMERCIAL CONGRESS.

Governor Emerson C. Harrington of Maryland today issued a formal proclamation announcing the Tenth Annual Convention of the Southern Commercial Congress to be held at Baltimore, December 8-12, 1918. He points out that the Congress will be devoted to an interpretation of the part America will have taken in the War for Liberty and Democracy, and also to the most practical consideration of questions related to agriculture, education, industries and commerce, setting forth the achievements of the decade.

Governor Harrington announces that the general theme of the congress will be "World Commerce after the World War," and will evolve plans of action as to exchange, credits, supply and demand, changes in processes, merchant marine and shipping and plans for readjustment after the war.

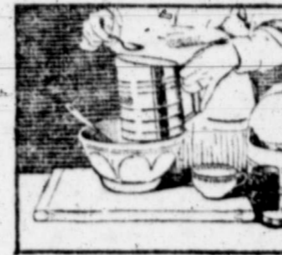

Governor Harrington, in proclaiming the Congress calls upon the people of Maryland to respond cordially to the movement and through every organization to be represented in the Convention and participate in the deliberations. He extends an invitation not only to the States included in the territory of the Southern Commercial Congress but to the Chief Executives and citizens of all states of the United States to visit Maryland during the session of the Congress and give assurance that a genuine welcome awaits those who come within the borders of the State.

Two little pie-crust secrets

1. Be sure Cottolene is well chilled.

2. Sift flour, salt and baking powder.

3. Chop the chilled Cottolene into the flour with knives.

Here are two practical pie-crust hints. They were given to us by a cook whose wholesome Cottolene pie-crust was a tender and flaky treat.

Hint No. 1. Always chop your shortening into the flour with knives. Don't mix it in with your hands.

Hint No. 2. Always keep your shortening and your dough as cold as possible.

Just forgetting the money-saving in using Cottolene, why don't you compare your economical Cottolene pie-crust with your very best pie-crust made with "half of butter"?

If you follow your own recipe, be sure to use *one-third less* of Cottolene than you ordinarily use of other shortening. Cottolene goes farther because it is richer.

A great many particular women who used to use part butter are now using wholesome Cottolene alone to make tender, flaky pie-crust. But perhaps you would like to try the recipe below. You'll need:

1 1/2 cups flour, 1/2 teaspoon baking powder, 1/2 teaspoon salt, 1 cup water, 1/4 cup Cottolene

For method start at picture No. 1.

4. Mix in cold water gradually taking care not to use too much.

5. After chilling the dough for about half an hour, roll.

6. Bake about 30 minutes.

GROW IRISH POTATOES FOR HOME AND MARKET

By T. S. Minter, Assistant to the Director of Institutes.

Owing to the scarcity and high prices of wheat and corn and their products, it is highly important that Texas farmers should plant an increased acreage in Irish potatoes. This crop may be grown in ninety to one hundred days and makes a desirable substitute for bread.

The Triumph and Irish Cobbler are two good varieties. They are productive, mature early and keep well if properly handled.

Time and Method of Planting.

In south Texas plant about January 20 to February 10, in central Texas from February 5 to February 25, and ten days later in north Texas. Plant in the water furrow rather than in the furrow bed, as they will resist cold better and less liable to suffer from a drought. Cut the potatoes into medium size pieces, say into four pieces when the potato is the size of a hen egg, with one or two good eyes to each piece. Sprinkle slacked lime or dry fresh ashes on the cut potatoes and spread on a dry floor before for two days before planting.

Fertilizers and How Applied.

The rich black lands are usually rich enough, but light sandy and red clay soils need fertilizers. Well rotted barn yard manure applied in the drill at the rate of three to six tons per acre well mixed with the soil, makes a good fertilizer for the above lands. However, on most of these lighter soils it would be well to mix with the manure about 300 pounds of high grade acid phosphate.

First distribute the barn yard manure in the furrows with long handled shovels or manure forks, then put a sixteen inch solid sweep on your fertilizer distributor and run this sweep through the manure, mixing it with the soil as you distribute the acid phosphate. Bed two furrows on this furrow of manure and phosphate and open up deep with the sixteen inch solid sweep. Plant potatoes about fifteen inches apart in drills and cover

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

PROFIT BY THE ENEMY'S EXAMPLES.

There is no use for any of us to fret and fume over the ill-convenience and hardships that any new condition of the business of the war may impose upon us. Rather let us remember that disloyalty and bad management destroyed Russia, while the perfect organization and discipline of the enemy has enabled it to hold out against the combined strength of the world for an incredible length of time, and it is not conquered yet. We must give undivided co-operation and unstinted support to every agency of the government, and each do his bit willingly and cheerfully if we succeed in preserving the glorious liberty we have so long enjoyed, and should remember that these restrictions are only for the duration of the war. Failure in the mission in which we are engaged would bring far greater hardships and impositions for an indefinite sojourn, and the yoke of oppression would be much harder to throw off.—Nacogdoches Sentinel.

HOOPER ORDERS "VICTORY PIES" SERVED BY CAFES

WASHINGTON, Feb. 15.—All hotels, restaurants, dining cars, steamships, boarding houses and other public eating places, including clubs, which use three barrels of flour a month, must hereafter serve "victory" pies, pastry, cookies, griddle cakes, waffles, etc., as well as "victory bread," under a ruling announced today by the food administration, to become effective at once. All pies, pastry, cakes, etc., served by such places must contain a third of wheat substitutes at all times and batter cakes, griddle cakes and waffles must contain three-quarters of wheat substitutes.

The new regulations, said a food administration announcement, has been put into operation for the protection of those public eating places which desire to co-operate to the fullest extent with the food administration in wheat saving, but were subject to unfair competition on the part of some of their competitors.

FORT WORTH, Feb. 13.—Lieutenant Wray and Cadet Porter of the American flying squadron at Hicks were killed at noon when their plane fell. Second Lieutenant Peyton March son of the acting chief of staff of the United States army, who was injured late Tuesday at Hicks, died this afternoon.

Wray and Porter were engaged in gunnery practice when the accident occurred.

END STOMACH TROUBLE. GASES OR DYSPEPSIA

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

THE INDEPENDENCE OF WOMEN

The war has made it possible and at the same time necessary for an increasing number of women to become independent commercially. A large number of excellent positions have been made vacant by the young men drafted, or volunteering for military service.

The possibility of too free discussion of matters of military importance are brought clearly before the people of the country in the recent sinking of the transport "Tuscania" and the result unquestionably of the envious H. Bohne, cashier at Rouse's Drug Store, and residing at 1514 the Everett street, Houston, Texas, the German government secured information possibly from innocent sources.

And it is interesting to know that one of the greatest of their discoveries was one of the simplest, and that was, that cooking or toasting tobacco improved it in every way, just as cooking most foods improves them.

CALLER SESSION WILL BE ORGANIZED

AUSTIN, Feb. 18.—When the Thirty-fifth Legislature convenes in special session Tuesday, February 26, little time is expected to be consumed in the organization of the two houses, because practically the same set of officers will serve during the 50-day period of the session. In the house the organization is almost intact, except as to possibly certain minor positions which are filled by the speaker, while in the senate there will be at least two important changes. There will have to be elected a president pro tem and a new secretary. The office of president pro tem has by virtue of political circumstances become an unusually important one. Because of the ascendancy of W. P. Hobby as governor of the state, the president pro tem automatically becomes lieutenant governor. This office is now held by Senator W. A. Johnson of Hill County.

Dechard in Race

Senator E. A. Dechard of Franklin, Robertson County, is said to be slated for president pro tem of the senate, and, according to reports, he will have little trouble in landing the position. Senator Dechard is one of the upper branch of the legislature and has devoted considerable time to educational legislation during his tenure of office. In the event there should not be another special session he would be acting lieutenant governor until the next administration takes charge on the 20th of January, 1919. However, should the governor call another special session following this one, it would become necessary to elect another president pro tem who would then be lieutenant governor.

Another Office Vacant

The office of secretary of the senate has been made vacant by the resignation of John D. McCall of Comoros, who was appointed private secretary to Governor Hobby. Ralph Soap of Henderson, at present executive clerk in the governor's office is a candidate for the secretaryship, and indications point to his election with serious opposition. As the special session is to convene at 10 o'clock in the morning, it is not unlikely that both branches will be ready for business by the noon hour. The central legislative investigating committee is scheduled to meet two days in advance of the convening of the legislature to prepare the measures that will be introduced bearing on the recommendations made by the committee. There will be at least a dozen bills introduced possibly on the first or second day, all looking to reforms proposed as a result of the investigation.

COLORED SOLDIERS LOYAL

To The Sentinel:

Headquarters, Fourth Battalion Brigade, Camp Travis, Texas, Feb. 15.—I am sending you the thoughts of the brave colored men of Camp Travis. Some time ago I sat down and began thinking about the life of a true soldier, how anxious he is to do something to help his people. We colored boys of Nacogdoches have learned to be loyal and obedient to those that are over us. And since a goodly number of our boys have gone out from us to prove to humanity that they are loyal, I thought of these words:

Lift high your heads, brave men. Lift high your heads, young boys. The thing that makes me want to win Is the thing that causes joy.

I thought of the great number that were free from disease, and were ready for over-sea duty, and these words came to mind:

Across the waters we shall row With hearts brave and true, Out on the battlefield we go For the Red, White and Blue. Down in the trenches, cold and wet, With hearts brave and true.

We are brave men, and do not fret, For we'll win the war at a Down in the cold, frozen snow, We soldiers make our bed, No morning fire for which may glow No pillow for our head.

And in the morning when we rise From the cold, frozen ground, With haste we wipe not our eyes, And on our face no frown.

—M. T. WATERS.

MR. WM. DEAN LAID TO REST

The remains of Mr. William Dean, who's death occurred in Melrose Sunday afternoon at 3 o'clock, mentioned in Monday's Sentinel, were laid to rest in the Melrose Cemetery Monday afternoon. Mr. Dean was a prominent citizen of the Melrose community, having been a resident of that place for many years. At the time of his death he was 60 years, 5 months and 20 days old, and had been sick about three weeks, death resulting from pneumonia.

At an early age Mr. Dean was married to the daughter of Mr. and Mrs. W. J. Giffith, and to this union were born three children, both being girls. He was aged 15 and Bessie aged 5. His wife is his wife, and he has two sons and two brothers. His sons are George Dean of Melrose, and a son of George Dean of Melrose, and a son of Martha Whitton of Melrose.

him. He was an energetic man and active in the affairs which affected his community and the country at large. The Sentinel expresses its condolence to those who mourn his loss.

DR. WILLIE O'QUINN WEDS AT AUSTIN

The Sentinel takes the following report of the marriage of Dr. Willie O'Quinn, from yesterday's issue of the Lufkin News: "Dr. Willie O'Quinn and Miss Edna Booth sprang quite a surprise on their friends last Saturday morning when news was received of their marriage at Shreveport, where they had gone the day previous. The News had sent the young doctor to Fort Worth where he stated he was going, but instead he waited over at Nacogdoches, where he was joined that night by Miss Booth, the two proceeding to Shreveport where they were united in marriage, returning home yesterday, since which time they have been receiving the congratulations of their friends all over the city.

The groom is the able assistant of Dr. J. P. Hunter, pending his call to service with the regular army of Uncle Sam, and is regarded as a most capable and practical dentist, which is borne out by the fact that he has successfully stood examinations before the Dental Boards of several states, as well as a most creditable one for the U. S. regular army. He is the oldest son of District Attorney W. B. O'Quinn, is a graduate of the Lufkin High School, and is a member of the Vanderbilt University, and is regarded as a splendid young man in every sense of the term.

He was a member of the Masonic Lodge and will be buried this afternoon in the North Church cemetery, the Masonic Lodge committing his last remains back to the earth from which it came. The burial to take place at 3:00 o'clock. Words are not needed to set out the life of this venerable gentleman. No one who knew him but loved him, and his many friends were numbered only by the earth with whom he had touched. He probably never lived so long and so peacefully as he did with whom he was associated.

Avoid a constipated habit, it breeds disease in the body. An occasional dose of Prickly Ash Bitters will keep the bowels healthy and regular. Price \$1.25 per bottle. Stripling, H. Elwood & Co., Special Agents.

MR. E. M. WEATHERLY DIED AT APPLEBY

From Wednesday's Sentinel: News has reached the city of the death of Mr. Edward Mitchell Weatherly, one of the most prominent and best liked citizens of Nacogdoches county, which occurred at his home place in Appleby late yesterday evening.

Mr. Weatherly, or "Uncle Ed" as his friends loved to call him, was a grand old man. Any fault that could have been his was promptly overshadowed by his many kindly acts, and his great big heart was always open to the sufferer who was traveling the same path of life. This splendid gentleman had lived over a life of four-score and seven years. Born in Tennessee January 11th 1832, moved to Texas and settled on the place where he died in 1854, locating near the present home in Appleby, at which place he lived throughout his entire life. In the prime of his manhood, when the South became engaged in its terrible conflict and the call for men went sounding through the land, Mr. Weatherly promptly responded to the call and for four long years of a deadly conflict fought side by side with his comrades for the "Lost Cause," and his work for that cause was a gallant one.

Nineteen years ago the shadow of death crept over his home and stole from his bosom his beloved wife, one of the sweetest women that had ever lived, and in his death he goes to join her in that land where there is no sorrow, nor tears nor struggles. To this good family, there came nine children to bless them, five of whom survive them, being, Mrs. J. B. Lilly of Appleby, Mrs. E. J. Hunt of Burk Burnett; Mr. E. M. Weatherly of Garrison, Mr. John Weatherly of Appleby and Dr. J. M. Weatherly of Marfa.

In his tender years, Mr. Weatherly united with the Missionary Baptist church upon a profession of his faith in Christ, and through all of these years he has remained a faithful, consistent member of that organization. He was a member of the Masonic Lodge and will be buried this afternoon in the North Church cemetery, the Masonic Lodge committing his last remains back to the earth from which it came. The burial to take place at 3:00 o'clock.

Words are not needed to set out the life of this venerable gentleman. No one who knew him but loved him, and his many friends were numbered only by the earth with whom he had touched. He probably never lived so long and so peacefully as he did with whom he was associated.

could only think of the many and generous good deeds that would follow him as a witness to appear before the great white throne of God.

Taps have been sounded for this gallant soldier of life. The people has sounded retreat from an earthly life and his soul has passed over the river there to rest under the shades of the trees of paradise to await that last roll call of the final review. Peace to his ashes.

DISTRICT COURT

From Friday's Daily. Two divorce cases were tried in yesterday's session of the District Court, they being all of the business coming before that august body. Divorce cases were granted in the following cases:

Dollie Neal vs. Jim Neal. Laura Maxey vs. Charles Maxey. The grand jury returned a bill of indictment against Chas. Phillips, charging him with seduction. Mr. Williams, in the Roebuck case, transferred to this place from San Augustine, was brought here yesterday and placed in jail. Mrs. Roebuck remains out on bond.

DISTRICT COURT

From Tuesday's Daily. Only one divorce case came up for attention in yesterday's session of the district court, it being Mrs. Tabitha Mueckleroy vs. W. N. Mueckleroy. Petition was granted. The Grand Jury made its report to the court and adjourned until Monday the 20th week, when it will again resume its sitting. The report showed a return of 14 bills of indictment: 13 felonies and 1 misdemeanor.

DISTRICT COURT

In the case of H. C. Rich vs. Geo. W. Eason, et al., before the district court yesterday the jury returned a verdict in favor of the defendants. This case was instituted by ex-sheriff Rich, alleging damages for libel by a grand jury of Nacogdoches county in September, 1914 and claimed the attention of the court all of Monday and until late in the afternoon of Tuesday.

No further business was transacted yesterday by the court. Today the court is working on the case styled "Percy Prince vs. T. G. Vaught, in which the plaintiff claims damages for having been confined in the county bastille of this county last fall. A sister suit in which Julius Shipp vs. T. G. Vaught will also come before the court.

IN MEMORIAM OF TABITHA BAGI

Tabitha Bagi was born April 1852. Professed faith in Christ joined the Baptist church at the early age of 14 years. Married January 8th, 1872 to D. M. Rawlinson.

The above are the brief facts of principal and most important events in the life and labors of a good woman. They do not tell of the tears and sorrows; the joys and sorrows; the trials, conflicts and triumphs that have come day by day from birth until death. Mrs. Rawlinson was the mother of thirteen children, all of whom, with the exception of one, are now living.

This good woman was a friend to the almost friendless, and a help to the well-meaning helpless, and the ward to her faith in God and his word by being permitted to see her children grown into man and woman in respectability and in a reasonable prosperous condition. She demonstrated the well known truths that it is to observe the injunctions and obey the commandments of the Holy Writ, heard and heeded the call in childhood to "Remember now thy Creator in days of thy youth, while the evil come not, nor the years draw nigh when thou shalt say, I have pleasure in them." Having done this she kept her spiritual house in order until it was sunset and time to rest and fall asleep. She was ready to die and not only ready but perfectly reconciled to the will of God, as stated to her family during her illness.

By her removal from earth to heaven, her husband has for the time being lost a devoted wife and companion, the children a faithful and untiring mother and their best earthly friend and the one lone brother a kind, loving sister. But, dear friends she is only gone from you for a little while. If you will only do as she did: "In God and live for the honor and glory of his name. 'Be ye also ready in such an hour as ye thinketh not.'"

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

THE NEW MANAGER FOR TELEPHONE CO. ARRIVES

Mr. and Mrs. W. R. Wells, formerly of Hearne, Texas, have arrived in the city to make their home while Mr. Wells holds the position of local manager of the Southwestern Telephone Co.

Mr. Wells is said to be an experienced man in his line of work, in every way capable to discharge the duties of the position he assumes here, and he and wife are people of pleasing personality and bearing who will doubtless make the city good citizens, and receive a cordial welcome.

Worst Winter in Years.

Snow, wind and extreme cold caused more colds this winter than in years. Foley's Honey and Tar proved its worth in thousands of homes. Mrs. Edward Strey, R. 37, Clinton, O., says: "I think Foley's Honey and Tar is the only medicine for coughs and colds and recommend it highly." Fine for children. Stripling, Haselwood & Co.

DEATH AT GARRISON.

Vernon Ceal, son of Dr. J. W. Ceal, died at the home of his father in Garrison last Monday and was buried Tuesday afternoon.

Mr. Ceal was about twenty-four years of age at the time, and had been in declining health for sometime.

Constant Sufferer Finds Relief.

"I have been a constant sufferer from kidney trouble and was down sick in bed," writes C. F. Reynolds, 412 Herrick St., Elmira, N. Y. "I commenced taking Foley Kidney Pills. In a few days I was up out of bed." Recommended for rheumatic pains, backache, biliousness, sore muscles, stiff joints, "tired out" feeling." Fine for children. Stripling, Haselwood & Co.

Mr. Andrew Currie, Jr., has returned from Shreveport where he was called by the death of his venerable old father, Mr. Andrew Currie, Sr. Mrs. Currie and the children will not return until next week.

Now is the Time to Be Careful. Avoid imitations or substitutes, get the genuine Foley's Honey and Tar, and you have a cough medicine you can depend upon. It gives prompt relief, clears throat, loosens phlegm, soothes, heals. Checks coughs, colds, whooping cough, influenza, bronchitis, croup. Contains no opiates. Stripling, Haselwood & Co.

ANOTHER SAINTED OLD MOTHER WITH THE DEAD

From Friday's Daily. Mrs. Carter Baker died at her home on Power street yesterday afternoon following a week's illness with pneumonia.

The funeral service will be held at Oak Grove cemetery, at 3:00 o'clock this afternoon, with Rev. J. L. Massey officiating in the religious service.

The undertaking department of Tackler, Sittler & Co. have charge of the funeral arrangement, and the following pall-bearers will assist them in laying the body to rest: Messrs. Charles Powers, A. Y. Donegan, A. S. Brewer, Charles Perkins, J. F. Summers.

Mrs. Baker was about seventy-four years of age, and is survived by her husband and several grand-children. Only one child was born to Mr. and Mrs. Baker, a daughter who died a few years ago leaving several children who are the grand-children of these good old people. They have been making their home in Nacogdoches county the past fifty years, moving to this city from the Linn Flat community some fifteen years ago. She united with the Methodist church in childhood and her life has been one of Christian devotion, and she was loved and admired by all who knew her.

It is sad to come to the parting with these sainted old mothers, the good impress of whose lives has been the biggest force in making the world better and preserving the good and beautiful, but we can be thankful that those attaining the age reached by this dear old lady have been spared so long.

To the aged husband left so lonely in the evening of his life, when he most needs the love and companionship of the one nearest and dearest to him, and to the other relatives, The Sentinel would join friends of the family in a feeling of profound sympathy.

CHAIRMAN APPOINTED WOMAN'S ORGANIZATION

Miss Leah Zevy has been appointed by the state director as county chairman for the Woman's Organization in the sale of War Savings Certificates and War Savings Stamps.

Miss Zevy has had quite a bit of experience in similar work, and with her efforts, and the full co-operation of all good and patriotic women of old Nacogdoches county, we shall far exceed our quota in this campaign.

Women Want the Best.

Woman is more finely constructed than man and she requires the best to be had in medicines when her system becomes disordered. Foley's Kidney Pills help the kidneys cleanse the blood of impurities that cause aches and pains in muscles and joints, backache, rheumatic pains and stiffness under the eyes. A Word to Mothers. Mrs. E. J. Bedard, Covinch, Wash., says: "Foley's Honey and Tar is the best I ever used. I always keep a bottle in the house for the children. A quick cure for coughs and colds." It heals raw, inflamed surfaces, loosens phlegm, eases hoarseness and difficult breathing, checks racking coughs. Stripling, Haselwood & Co. dwl.

FOR SALE—Mule and wagon, both in good condition. N. A. Roberts, next to City Hall. dwl.

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS. Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad cough, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

Mr. S. Mintz left Sunday for a visit to the Northern and Eastern markets where he goes to purchase spring and summer goods for his house.

Mr. Mintz makes a practice of visiting the markets at regular intervals, and is a close student of conditions at home, as a result of which he is always able to serve his customer in the most satisfactory manner, and keeps his house in the front ranks with the leaders of modern merchandising.

About Constipation.

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

Mr. J. H. Sepulvado, who had the contract for the building of Mr. Tom Prado's residence near Hampton, came in Saturday night. He stated that Mr. Prado's new home had been completed and was ready for occupancy.

A child that has intestinal worms is handicapped in its growth. A few doses of WHITE'S CREAM VERMIFUGE destroys and expels worms; the child immediately improves and thrives wonderfully. Price 25c per bottle. Sold by Stripling, Haselwood & Co.

GET A CARD.

The Food Administration has issued a new card bearing the words: "This establishment is endeavoring to meet the requirements of the Food Administration. Eat only where you see this sign. Monday is wheatless day; Tuesday is meatless day; Wednesday is wheatless day; Saturday is porkless day. We must save sugar every day. We are permitted to charge only a fair profit over cost."

The county food administrator has left a supply of these cards at The Sentinel office for the convenience of restaurant and hotel keeps, where they may call and get one each.

Every hotel and restaurant in the county should have one of these cards displayed in his house.

When You Have a Cold.

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year-old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that I continued giving it to him until he was cured."

MRS. G. W. BAUCOM DIES.

From Saturday's Daily. News reached the city this morning of the death of Mr. G. W. Baucum, which sad event occurred at his home some three miles in the country, following a few days illness with pneumonia.

At the time this report was prepared, The Sentinel was unable to get any particulars as to when and where the funeral will occur, or how much of the family survive.

The news also comes that a daughter of Mr. Baucum, who has recently been attending the Nacogdoches Business College, is quite sick with the same trouble.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. dwl.

WHILE TRAVELING

United States soldiers on their way to France will be fed in accordance with menus mapped out by the United States Food Administration for all American ships sailing the Atlantic and Gulf of Mexico. The Food Administration has been formally adopted by the United States Army transport service.

The schedule sent to operators of practically all American steamships provide for two wheatless days every week and a wheatless meal every day; for an absolutely porkless day in addition to the meatless day, and for an absolutely conservative meals every day.

A Hint to the Aged.

If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

Mr. C. W. Self, a physician and member of the latter community, is a visitor here today. In talking with Mr. Self the reporter obtained the information that this good man was raised in the community, where he has done all of his ministerial work.

Thirty-three years ago he was set apart to the full work of the ministry by the Presbyterian Presbytery. Immediately the church of his boyhood community called him to its pastorate and therefore all of these thirty-three years this splendid man of God has been devoting his energy and time. During these days many have been those with heavy hearts who have felt the tender touch of his ministering care, and who have sought comfort and relief from the heavy burdens and struggles of life. In all of his life's work it can be said of the beloved pastor that he has never failed, but rather that his work is well done. Because of his throat troubles, he is soon to retire from his work for the present, and another must step in and take his place, but Brother Self shall not be forgotten, because he has won a place in the hearts of all, and probably there are just a few dozen of people in the whole of all this section who do not know this beloved man of God. This little sketch was printed in connection with his visit here because the reporter believes in giving flowers to the living, and is quick to recognize the faithful, untiring record of a man who has been just with his fellow man.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 50c. Sold by Stripling, Haselwood & Co. dwl.

WILL YOU BE ONE?

Thousands of thoughtless people neglect colds every winter. A cough follows; they get rundown—then stubborn sickness sets in. Sickness can be prevented easier than it can be cured and if you will give your system the benefit of a few bottles of

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities. Scott & Bowditch, Bloomfield, N. J. 17-47

A FURTHER REPORT ABOUT THE WEDDING

Saturday's Sentinel made brief mention of the fact that Holloway Muller of this city and Miss Kathleen Dugger had married.

The wedding took place Thursday in Tyler, where Miss Dugger was a student in the Tyler Commercial College, and where she will remain to complete a business course.

Sergeant Muller returned to his duties at Fort Crockett Sunday.

The beautiful bride is a daughter of Mrs. M. C. Dugger of San Marcus, Texas, and is known and loved by many very estimable traits of mind and heart, while the bride-groom is one of our own boys, and is a young gentleman of sterling integrity and moral worth. When his country called for men to fight their battles he was among the first to volunteer, offering his services and life if need be, for the cause of democracy and righteous peace. When he has finished his services for his country, he and his bride will return to citizenship and take their places with the most worthy, and it is needless to say that a most cordial welcome is in store for them on that day.

FOR CONSTABLE.

The Sentinel is authorized to announce Mr. A. J. Hagan as a candidate for re-election to the office of constable of Precinct No. 1, subject to the action of the Democratic primaries.

Mr. Hagan is serving his first term in this capacity, and is making the community a good officer. Without any stir or bluster, he goes quietly about the discharge of his duties, and when the courts he serves are ready he is always found to have his papers on file, properly filled out. Nothing more is required of him, and upon this claim he asks for re-election.

BOLO PASHA GIVEN THE DEATH PENALTY

Dear Sir:—You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.
Yours very truly, L. E. ROBERTS, Tax Assessor.

EL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

GERMANY RESUMES WAR ON NORTHERN RUSSIA

LONDON, Feb. 15.—Germany has resolved to renew military activities against Northern Russia. This decision is said to have been reached at a conference at imperial headquarters, special dispatches from Holland say.

The conference was attended by Emperor William, Chancellor Von Hertling, Field Marshal Von Hindenburg, General Von Ludendorff, Foreign Secretary Von Kuhlmann and others.

The "no war, but no peace" plan of Leon Trotsky, the bolshevik foreign minister, was rejected at the conference, according to the Amsterdam correspondent of the Daily Express, and as Trotsky does not want peace, he will get war.

Invasion of Great Russia, it is added, will continue, at any rate until Petrograd is occupied by German troops.

A dispatch to the Daily News from Rotterdam says that the Germans take the view that Trotsky's declaration, although it did not end the war, automatically ended the armistice.

The armistice expired February 14. The Germans now consider that they have a free hand and mean to use the opportunity.

Germany to Help Ukraine.

This, according to the correspondent does not mean necessarily that the Germans will immediately try to reach Petrograd, but more probably that they will support the Ukraine by force of arms. The Germans, he says, are carrying on an active propaganda in the Ukraine for the purpose of suggesting to the rada that the new state is endangered by the bolshevik. It is declared that this is all part of Germany's scheme for breaking up the former Russian empire, with a view to extending her own power and influence over the new states, of whom it is posing as protector.

It is certain that the bolsheviks are now moving troops against the Ukraine, a Berlin dispatch to the Koelnische Volks Zeitung says, and the central powers do not intend to allow themselves to be robbed of the fruits of their lately-concluded peace. The newspaper adds that it probably has been decided at the conference at imperial headquarters to resume operations on the Northern Russian front for the protection of the Ukraine.

FIRST DRAFT TO BE FINISHED IN MARCH

WASHINGTON, Feb. 14.—Movements of men to complete the first draft beginning on February 23 will not be completed within the following five days as originally planned, but will extend over into March.

A movement not included in previous announcements will begin March 4, moving 10,077 men to Fort Oglethorpe, Georgia, and Camp Funston, Fort Riley, Kansas.

The time is not far distant when some men will run down a rabbit in order to fill their stomachs with meat.—Tyler Tribune.

10-CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your drugstore will keep your liver and bowels clean; stomach sweet and head clear for weeks. They work while you sleep.

EAST TEXAS IRON ORE MAY BE USED

WASHINGTON, Feb. 12.—Representative Hardy introduced Tuesday and had referred to the merchant marine committee of which he is the Texas member, a bill which if enacted into a law will utilize for the government the large iron ore deposits in East Texas, to be used as a lever to bring to terms the exorbitant demands of the steel trust for iron and steel furnished for the building of ships and necessary war equipment.

Congressman Hardy is very confident of a favorable report on the bill by his committee and will make a fight to get it passed at the present session of congress.

The Hardy bill provides for the purchase by the government of an adequate supply of iron ore, coking coal and limestone to be coordinated, by transportation facilities as to enable the government to economically produce all the pig iron and steel and their products necessary for the army and navy, merchant marine and other uses of the government. The bill empowers the president to make the purchase and authorizes the government to construct blast furnaces, steel plants and mills necessary to the manufacture of all the iron and steel required for the use of the United States. It carries an appropriation of \$50,000,000 for these purposes. The measure also authorizes the president to delegate the powers conferred upon him to the secretaries of war and of the navy.

The hearings before the Senate commerce committee have developed the fact that the holdings of the Texas Iron and Steel company are the largest independent holdings in the country now available to the government to offset the high prices of the steel trust.

Some time ago President Featherstone of the Texas company tendered his properties to the government, but so far no action has been taken on that tender, but it is understood that the Emergency Fleet corporation and the shipping board are still giving consideration to his proposition to build steel ships at a plant to be erected at Beaumont or to furnish plates at about half the price now being paid to the steel corporation.

GOVERNOR WANTS BOYS AND GIRLS

AUSTIN, Feb. 13.—Governor Hobby has issued a proclamation "to the boys and girls of Texas" urging them to take up the work of an intensive for enrolling the school children in the junior department of the American Red Cross. This is the text of the proclamation:

To the Boys and Girls of Texas:

In order to win the great war for humanity, it is necessary to enroll the boys and girls in the service of their country. You are indeed the hope of the world for the preservation of the democracy and for the establishment of justice to all mankind.

The department of junior membership of the American Red Cross has planned an intensive campaign for the enrollment of all public, private, and parochial schools as Red Cross school auxiliaries. The membership drive is now on. The southwestern division of the Red Cross, as you probably know, passed all other divisions in the country during the Christmas drive for senior members. We can not fall down on our record for junior membership. Let the young people of Texas "go over the top" in the same splendid way that the seniors did in December.

With hearty congratulations upon the opportunity offered, I salute you as loyal defenders and supporters of the national flag.

In testimony whereof, I have hereunto signed my name officially, and caused to be impressed hereon the seal of state, at the City of Austin, Texas, this 12th day of February A. D. 1918.

W. P. HOBBY,
Governor of Texas.

By the governor: George F. Howard,
Secretary of State.

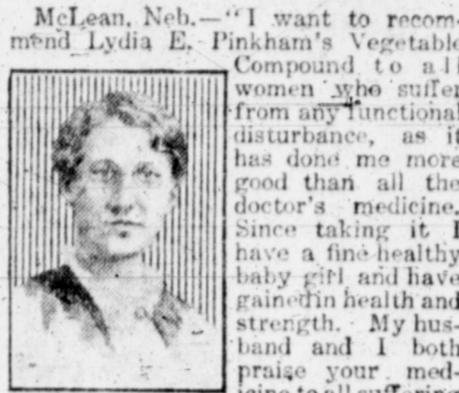

A GERMAN CLUB OF FAYETTEVILLE IN TROUBLE

In the presence of hundreds of Fayetteville citizens, the German flag, which has been displayed on various occasions over the Germania Club of that community, was torn from its pole and the pole broken, Tuesday afternoon by federal authorities, as the climax of wholesale arrests for alleged pro-German activities. The drag-net set by the government's agents caught Mayor W. C. Langlotz and ten other prominent citizens.

The mayor and his ten co-defendants Wednesday were arraigned before United States Commissioner A. L. Jackson, entered pleas of not guilty to section 4 of the penal code, covering rebellion and other offenses, and section 3 of the espionage act, covering treason and other offenses, and are now engaged in arranging bonds totaling \$69,000. Those arraigned

Late Wednesday the defendants all made bond through a bonding company.

PROMINENT CITIZEN OF SAN AUGUSTINE DIES

News has reached the city of the death of Hon. Wyatt Garrett, a prominent citizen of San Augustine, which sad event occurred at his home last night about 10:50.

The funeral will occur in San Augustine this afternoon at 4:30, and a number of relatives and friends from this city, among them being Mr. and Mrs. Ben Tucker, Judge S. W. Blount, Frank Sharp, Matt Tucker, W. F. Price, and possibly others whose names we have failed to get, will be among those in attendance. Mrs. Ben Tucker is a daughter of the gentleman and has been with him several days. Mr. Tucker joining her Thursday night. Mr. Price and Mr. Sharp are also related to him.

Mr. Garrett was about fifty-five years of age, and has lived in San Augustine all his life, belonging to the prominent and useful citizenship of the town. He was county clerk of the county for several terms, and has held other useful and prominent positions, and was a useful citizen in every respect, respected and highly esteemed by all who knew him. Many regrets have been made sad with the news of his death. He is survived by his widow and several sons and daughters, with whom all will unite in profound sympathy in the great loss they have sustained.

HON. R. B. WALTHALL IS COUNTY FOOD ADMINISTRATOR

Hon. R. B. Walthall of Garrison has been appointed county food administrator of Nacogdoches county.

O. M. Gibbs of The Sentinel served as temporary chairman during the first pledge card campaign, and in such matters has needed attention until recently, but with the increasing duties of the service, and the fact that one member of the firm is devoting his whole time to the war service as a member of the county exemption board, he declined to accept permanent service.

Mr. Walthall is a patriotic gentleman, full of life and energy, and will doubtless give the duties of the office the attention it will require. He works under Hon. Chester A. Collins, district chairman.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

URGES 10 PER CENT REDUCTION IN COTTON

AUSTIN, Texas, Feb. 10.—An appeal has been issued by F. C. Weinert, state warehouse and marketing commissioner, to the cotton farmers and planters of Texas to decrease the cotton acreage for 1918 by at least 10 per cent from that of 1917. Every cotton producer in Texas, Senator Weinert says, should address a communication to E. A. Calvin, National Hotel, Washington pledging that he will decrease his cotton acreage. The commissioner says:

To the Cotton Farmers and Planters of Texas:

As you have probably noticed from the press, there was completed an organization in New Orleans, La., on January 29, known as the cotton states official advisory marketing board. This board is composed of the commissioners of agriculture of the Southern States, of the markets and warehouse directors, and the State Farmers' Union presidents. J. J. Brown, commissioner of agriculture of the State of Georgia, was elected president, and Director L. B. Jackson of the Georgia state bureau of markets was elected secretary and treasurer. The purpose of the organization is to protect the Southern cotton planter. The following resolution was unanimously adopted:

"We are opposed to congress fixing a price on cotton or delegating the authority to do so to anyone else."

We then elected E. A. Calvin of Houston as statistician and instructed him to go at once to Washington and open an office, and to gather information on any matter that might be pending, wherein the interest of the Southern farmer was concerned. You likely know that bills have been introduced in congress, by members antagonistic to the South, asking that cotton be not under the food control bill, in order that the price might be reduced.

Probably the deciding point as to whether the government will put cotton under the federal food administration and authorize someone to place a price on it, will be the question of whether or not the cotton farmer is going to decrease his acreage of cotton and increase his acreage of food and feedstuffs.

I appeal to every cotton farmer and cotton planter, and those engaged exclusively in the production of foodstuffs, to immediately address a letter to E. A. Calvin, National Hotel, Washington, D. C., pledging Mr. Calvin that he will decrease his cotton acreage 10 per cent from that of the year 1917, and that such land not cultivated in cotton will be put in food and feedstuffs. I hope every community in Texas will send letters to the above address at Washington, so as to help defeat the efforts of the enemies of the cotton farmers of the South. Texas raises practically one-third of the cotton crop raised in the United States. There is now organized an increased food and feed production campaign in this state, but the efforts of those who are promoting this campaign will avail nothing if the individual cotton farmers and cotton planters of the state do not take the matter up themselves.

Please give this matter your immediate attention and send in to Mr. Calvin a complete list of these pledges. If it is inconvenient to mail such pledge to Mr. Calvin, mail them direct to this department and the commissioner of markets and warehouses will immediately forward them to Washington.

I sincerely hope that every community in Texas will not overlook this matter.

F. C. WEINERT,
Commissioner of Markets and Warehouses.
