LIBERTY DAY TO BE OBSERVED

ALL BUSINESS OF NACOGDOCHES WILL BE SUSPENDED FOR THIS OCCASION.

President Wilson recently issued a proclamation, declaring Friday, April 26th as "Liberty Day," urging the people to suspend business for this occasion and join in patriotic work.

Nacogdoches people will respond to the appeal, the business and industrial enterprises of the city having agreed to close up in the afternoon.

At 3:00 o'clock in the afternoon there will be a big parade by the Home Guards, and the school children with Mayor Matthews, County Chairman June C. Harris, Judge Middlebrook, County Judge J. F. Peritte, Captain W. E. Thomason and Lieutenant Thomas, reviewing the parade. There may also be other patriotic features yet to be arranged.

Following is a copy of the proclamation, the call and the signatures to the call:

Proclamation

"Now therefore, I, Woodrow Wilson, President of the United States of America, do appoint Friday, the 26th day of April, 1918, as Liberty Day. On the afternoon of that day I request the people of the United States to assemble in their respective communities and liberally pledge anew their financial support to sustain the Nation's cause. Patriotic demonstrations should be held in every city, town and hamlet throughout the land under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty loan committee organized by the Federal Reserve Banks. Let the Nation's response to the third Liberty loan express in unmistakable terms the determination of America to fight for peace, the permanent peace of justice."

"For the purpose of participating in Liberty Day, celebrations all employees of the Federal Government throughout the country, whose services can be spared, may be excused at 12 o'clock noon, Friday, the 26th of April.

"In witness whereof I have hereunto set my hand and caused the seal

URUGUAY AND ARGENTINE WILL DECLARE WAR

(By Associated Press) LONDON, April 23.—Uruguay and Argentine are expected to declare war against Germany soon, according to a Berlin dispatch via Amsterdam. The newspapers in Germany, at the dictation of their war lords are preparing the public for the news.

WILSON OPPOSES WAR WITH TURKEY

(By Associated Press) WASHINGTON, April 24.—President Wilson indicated at a conference with Senator King of Utah that he opposed declaration of war against Bulgaria and Turkey at this time. After the conference Senator King announced that he would not press his resolution asking for a declaration of war.

Great Variety of Attractive Silk Dresses

The very newest creations just arrived, we feel that we are justified in saying, is without parallel in the history of merchandising in this city. New and fetching styles are here in silk jersey, taffeta and gergette combinations and crepe de chine. Sizes 16, 18 and 40.

We direct special attention to the fact that these dresses were bought from 25 to 50 per cent under

today's prices and that's exactly the way we offer them.

\$19.50 Dresses on sale for **\$13.95**

\$22.50 Dresses on sale for **\$16.50**

\$25.00 Dresses on sale for **\$19.50**

\$29.50 Dresses on sale for **\$22.50**

These figures are facts in cold print and the values cannot be surpassed anywhere.

Mayer & Schmidt, Inc.

FEDERAL

Double Cable Base TIRES

Exclusive Advantages!

FEDERAL improvements have resulted from years of careful study and most improved methods of manufacture. Every wearing surface has been scientifically reinforced. The hard bead filler which cuts and grinds into the fabric has been replaced by one which gives with the tire. Rim cuts, blow-outs above the rim and tube pinching have all been eliminated in Federal construction.

The Double-Cable-Base contains four unstretchable steel cables which hold the tire firmly and securely against the rim and keep it from shifting or rocking.

Two scientific tapered treads are optional. The white "Rugged" and the black "Traffic."

Let us explain the many vital advantages of Federal construction—it will save you money.

Cason, Monk & Co.

of the United States to be affixed. Done in the District of Columbia, this 18th day of April, in the year of our Lord, 1918, and of the Independence of the United States of America, 1918.

WOODROW WILSON, President
ROBERT LANSING, Secretary of State

In response to the above request I ask that every patriotic citizen of Nacogdoches close their places of business and make the 26th Liberty Day in fact.

JUNE C. HARRIS, Chairman Liberty Loan Campaign.

We hereby agree to close our places of business at 12 o'clock for the day: Mayer & Schmidt, Lee & Lee, Farmers & Merchants State Bank, Thomas & Richardson, Tucker, Haxler & Co., Commercial Guaranty State Bank, Stone Fort National Bank, Swift Bros. & Smith, Inc., Miss Sweeney, Furnard Co., Post Office Drug Store, W. YOUR KIND AND GENEROUS SUPPORT HAS MADE POSSIBLE THE ABOVE STATEMENT OF CONDITION. WE ARE GRATEFUL TO ALL OUR FRIENDS

Farmers & Merchants State Bank NACOGDOCHES, TEXAS

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic strengthens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

FERTILIZERS.

As all kinds of fertilizers are scarce and hard to get, including cotton seed meal we call your attention to Ground Whole Peanuts as fine fertilizer for all purposes where cotton seed meal is called for. It contains the same elements of plant food, Nitrogen, Potash and Acid Phosphate, that is found in cotton seed meal. For sale by all grocery stores in Nacogdoches and at the mill in any quantity. 3rd-3w NACOGDOCHES OIL MILL.

Don't Let it Linger.

A cough that "hangs on" wears down the sufferer, leaving him unable to ward off sickness. Jos. Gillard, 148 Filmore St., Nashville, Tenn., writes: "I was suffering with a dry hacking cough and a pain in my chest, but since taking Foley's Honey and Tar Compound I have been relieved." It soothes, heals and cures. Stripling, Haselwood & Co. dw1

VERNON COX MARRIED.

News has reached town of the marriage of Vernon Cox to Miss Amelia Moore, daughter of Mrs. Jennie Moore of the Decoy community.

The bride and groom belong to good families of the county, and are most deserving young people with a great host of friends among those who know them who will join in congratulations and good wishes.

WOMEN TORTURED!

Suffer terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freestone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freestone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

W. O. W. NOTICE

We call the attention of the members of Apple camp No. 1219, Woodmen of the World to meet on Saturday night before the fourth Sunday in April 1918 as a call meeting for the purpose of attending to some special business as we failed to meet last meeting.

G. W. Faulkner, C. C.
A. B. Stoddard, Clerk

Best For Children.

Experience proves that Foley's Honey and Tar is the best family medicine for children for coughs, colds, croup and whooping-cough. Mrs. M. E. Schlarb, 556 Oakland Ave., Ashland, Pa., writes: "When my little girl gets a cold I give her a dose of it, and it always relieves her. I cannot praise it too highly. Stripling, Haselwood & Co. dw1

You can save money by feeding some ground whole pressed peanuts with your corn for mules and horses. It can be fed straight to hogs in pasture and is the best and cheapest feed you can get. For hogs confined in pen for fattening it should be fed in connection with corn or rice bran. For your cow it is just as good as cotton seed meal. Nacogdoches Oil Mill. 9-3rd-3w.

MARRIED THURSDAY.

A very pretty wedding occurred in this city Thursday afternoon when Miss Mattie Sanders, the charming daughter of Mrs. Will Sanders, was given in marriage to Mr. Roscoe L. Perry of Lufkin.

Only a few relatives were present, and the wedding was a quiet affair, so elected by the bride and groom in keeping with the conservation and serious spirit of the times, but it was nevertheless a very pretty and impressive event. The home was prettily decorated for the event, and Rev. J. L. Massey of the Methodist church officiated with the pretty ring ceremony.

The bride wore a tan suit, trimmed in navy blue, which was very pretty and becoming.

After the ceremony and the congratulations, Mr. and Mrs. Perry left for Lufkin where the bride-groom had a pretty new home already furnished and in waiting for their reception.

Accompanying the bride-groom to the city were Misses Bennie and Ida Perry and Mr. Jess Allen of Lufkin.

The fair bride is one of Nacogdoches' most accomplished and worthy daughters who was universally popular with those who know her, and who will make an ideal queen to preside over the new home prepared for her by the devoted young man who won her heart and hand. Mr. Perry is manager of the store of the Lufkin Land and Lumber Co., and has other interests in the neighbor city. He is reputed to be a most competent young business man of moral worth and sterling integrity who will make a devoted husband for our fair daughter.

LEMON JUICE IS FRECKLE REMOVER

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two fresh lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear, and how clear, soft and white the skin becomes. Yes! it is harmless. 97

WHEATLESS DAYS REVIVED.

County Administrator Waithall informs The Sentinel that he is in receipt of a communication from headquarters urging the people to continue to observe Mondays and Wednesdays as Wheatless Days, on which days all flour, macaroni, crackers and other wheat products should not be used. The merchants can continue to sell flour on these days with the understanding with the customer that they will give their moral support to the conservation.

He Can Rest Fine Now.

"I suffered greatly from kidney and bladder trouble," writes E. B. Fairbank, 55 Grand River ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley Kidney Pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick sure. Stripling, Haselwood & Co.

Some very wild rumors seem to be floating in the breezes of the Lufkin country—and that part of them which pertain to Nacogdoches happenings are 100 per cent rumor, conceived in a fertile imagination and born in ignorance of the actual importance of her big neighbor.

Cut This Out—It Is Worth Money DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., 2355 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley's Kidney Pills and Foley's Cathartic Tablets. Stripling, Haselwood & Co.

Prof. M. A. Shaver, superintendent of the Garrison High School, was a visitor to the city Saturday afternoon. Prof. Shaver is arranging to retire from the teaching profession when his present term is out, and will engage in the mercantile business at Grand Cane, La.

Farmers and others who live at a distance from a drug store should keep in the house a bottle of BAL-LARD'S SNOW LINIMENT. It may be needed at any time for cuts, wounds, sores, sprains or rheumatism. It is a powerful healing and penetrating remedy. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. codw

"Who Will Win This Battle?"

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable for 60 cents at any good drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

SEAGOVILLE, TEXAS.—I wish to state to those who may have read the article that I am 45 years old and have had rheumatism most of my life. In exercising my duties as a policeman of this town in the winter of 1909, I was exposed to some very bad weather, which brought on a very serious attack. In fact, it was so bad that I could not ride horseback, and I was compelled to abandon my duties for awhile. I then began a search for a permanent cure, which I did not find until I learned of Doctor Pierce's Anuric Tablets. I began taking them about two months ago, and on Saturday the 14th I was cured.

"I wish to say in conclusion that I cannot be loud enough in my praise of the Anuric Tablets."

Freight Handling—I have a new truck and can handle my freight and drayage. Will also go out day or night and pick up wrecked cars. Office at 4-11-44 cafe. Telephone 404. Residence 166 W. G. Davis.

This Woman Found Relief.

Backache, sore muscles, stiff or swollen joints, rheumatic pains, dizziness, and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. H. Davis, Montgomery, R. F. D. 3, Ind., writes: "I doctored for months without relief. I commenced using Foley Kidney Pills and got relief. Eight bottles cured me." Stripling, Haselwood & Co. dw1

COMMENDS MR. SEALE

Nacogdoches, April 17, 1918.
Mr. H. E. Seale,
Nacogdoches, Texas.

My Dear Sir: Referring to the charge which has been made against you, imputing to you lack of patriotism and a failure of duty to your country in its present hour of need, it gives me pleasure to say that for the past several months since my connection with and management of Liberty Loan campaigns, Red Cross work, and other war measures, I have found you one of my staunchest and ablest supporters both in the matter of money, energy and time. You have purchased \$3000 of the Third Issue of Liberty Bonds.

If all men would support the government to the measure of their ability as you are doing, the war would end in a short while.

Sincerely your friend,
JUNE C. HARRIS,
Chairman 3rd Liberty Loan Campaign

For the stomach and bowel disorders of babies McGEE'S BABY ELIXIR is a remedy of genuine merit. It acts quickly, is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co. eodw

W. S. SALES.

The following sales of War Savings Stamps include sales since last report.

J. O. Looney	\$500.00
Mrs. O. C. Dotson, Gar.	100.00
Eli Westfall, Gar.	300.00
John McBride,	300.00
Whit Smith,	200.00
John Baugh	500.00
Mrs. John Fitch	100.00
Dr. W. H. Bruce	100.00
B. Y. Lloyd	100.00
Tommie G. Hooks	100.00
Mrs. M. J. Looney	50.00

Mr. Looney having previously taken out \$500.00 worth of stamps, is entitled to membership on the thousand-dollar club.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorder in the stomach and digestion. Prickly Ash Bitters is an efficient remedy in such cases: It cleanses, strengthens and regulates the stomach, liver and bowels; removes the cause of the heart symptoms and builds up a strong and vigorous body. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Scholarships—Then Sentinel has two scholarships in the Tyler Commercial College for sale.

NOTICE—WORKERS.

The Red Cross rooms have been rearranged so as to accommodate more workers. The subscription list is being increased so as to meet the overwhelming demand for surgical dressings and hospital garments that the Nacogdoches branch must meet. One thing remains—we need the women workers—we need them desperately. The Hospital Garments Sewing will be done in the county room, downstairs (those unable to climb stairs will please note this fact) in the Davidson Building, southwest corner of the square, open every afternoon from one o'clock on. The Surgical Dressings will be made in the Branch room, upper floor of the Blount building, back of Kennedy's Drug Store, open every afternoon in the week from one o'clock on, and also on Tuesday and Thursday mornings at nine o'clock. Both these rooms should be filled every day—they must be filled. Won't you help us by spending an afternoon there at least once a week regularly, and as much oftener as possible? We need you.

If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation. This would require an outlay of only \$1.10. By having these articles at hand it would often save the trouble of a trip to town in the busiest season or at night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

Let's loan all our money to the government and produce something with which to get it back next fall. In other words, let it be the capital stock of the best investment we ever made, and when the war is over we will refund the investment to each other instead of having to pay tribute to the big financial interests. It is a great plan, founded on the wisest policy of economy and equity the world has ever known.

You can keep your stomach strong, bowels regular and kidneys active by using Prickly Ash Bitters. It is necessary condition to maintain the health of the body. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Since Nacogdoches sent Beeman Strong down here to endorse and electrify us with one of his great speeches, we must confess that we feel more kindly toward our neighbor across the creek. A town that sends out such men can not be wholly bad. If the old red land community grows weary in well doing and ever needs a "stirring up" just let Lufkin know about it, and we promise to send some of our splendid spellbinders up there as a return of the compliment.—Lufkin News.

SURGEONS agree that in cases of cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound heals at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Stripling, Haselwood & Co., eodw.

WAR SAVINGS STAMPS.

Save your earnings and invest in these little government bonds. You can buy them at the post office, Commercial Guaranty State Bank, Farmers and Merchants State Bank, Stone Fort National Bank.

The young mind should be stored with good thoughts and the wise sayings of the authors. Here are two great truths that every young man and woman should commit to memory and keep constantly before them. Franklin says "Diligence is the mother of good luck," and Lincoln says: "Be sure you put your feet in the right place, and then stand firm." These are two great thoughts the employment of which will insure success in life for all.

Bad breath, bitter taste, dizziness and a general "no account" feeling is sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the food, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 60c, sold by Stripling, Haselwood & Co. eodw

Plenty of Wheat shorts, Bran, Rice Bran and other feeds at Goldsberry Bros. 3w

SPRINGDALE—The R. E. Mims stallion will make the season at my stable on home place at Melrose. W. H. Haltom.

FOR DISTRICT CLERK.

The Sentinel is authorized to announce Mr. D. White as a candidate for District Clerk of Nacogdoches county, subject to the action of the democratic primaries.

Mr. White was reared in the neighbor county of Cherokee, coming to this city about five years ago, and since coming here he has been engaged in different lines of business which has taken him over the county and he is well known to many of the voters. He is a young man, full of life and energy, upright and honorable, and having had much experience in bookkeeping and public business, feels that he is competent to fill the office in a manner that will be acceptable to the people reposing confidence in him. He hopes to see as many of the voters as possible before the primaries, but to those he does not get to see he hopes for a favorable consideration, hoping that they will make inquiry about him, and promises all that if elected to do everything in his power to fill the office as it should be.

A person habitually constipated is a shining mark for disease, because his system is full of the impurities on which disease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is both stimulating and purgative. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

While there has been a little frost visiting this section the past few mornings, from the best The Sentinel can learn it did not do any damage of consequence, all of which is glorious news. Old Nacogdoches county needs and must produce the biggest crop in its history this year, and the success of the enterprise is a matter of supreme interest to all classes. News comes down the line that we must feed ourselves, which we can do, by hokey, and we are on the way.

Do You Sleep Well?

To be at his best a man must have sound and refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.

FIRE SATURDAY NIGHT.

A cottage belonging to Mr. B. C. Castleberry, and located near West End School burned about 3:30 Sunday morning.

The house had been vacant a day or two, and there is no clue or well defined idea as to how it caught.

Mr. Castleberry values the house at \$1500, on which he carried \$750 insurance.

Whooping Cough.

Give Chamberlain's Cough Remedy to keep the cough loose and expectoration easy. It is excellent. dw

For Bilious Troubles.

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relish for your food and banish that dull and stupid feeling. dw

The Sentinel is informed that John Baugh took a thousand dollars worth of war savings certificates instead of five hundred dollars worth, as reported. Bully for Mr. Baugh.

WAR SAVINGS STAMPS.

Save your earnings and invest in these little government bonds. You can buy them at the post office, Commercial Guaranty State Bank, Farmers and Merchants State Bank, Stone Fort National Bank.

News has been received in the city that Messrs. Dave Thomas and Jess C. Parmley have been commissioned second lieutenants in the officers' training camp, where they have been some weeks, preparing themselves for service. The many friends of these young gentlemen will waft congratulations and rejoice with them in the good progress they are making in the service of their country.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Write for particulars to J. C. Hall, Toledo, O.

A Soldier's Strength

Every enlisted man would stand up stronger during the first year's service if he could have the benefits of

SCOTT'S EMULSION

because it fortifies the lungs and throat, creates strength to avoid grippe and pneumonia and makes rich blood to avert rheumatic tendencies.

Send a bottle of SCOTT'S to a relative or friend in the service.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne, Bloomfield, N.J. 17-14

My stallion of Coach blood is offered for service at Tom Muckleroy place, 4 1/2 miles north of town. Fee, \$10.00 with guarantee. C. N. Brandon 11-4wp

RUB-MY-TISM—Antiseptic, Relieves Rheumatism, Sprains, Neuralgia, etc.

Miss Ruth Myatt, who is holding stenographic position with the law firm of Baker, Botts, Parker & Garwood in Houston, made a week-end visit to her mother and other relatives and friends in the city.

Break your Cold or LaGrippe with a few doses of 666.

To save embarrassment for both the publishers and the public, please don't ask us to put a matter of local purport on the first page any more, for we will not grant it under any consideration. We are now subscribing to and paying for an expensive telegraph news service which is being featured on that page, and the other pages reserved for the local matter. And then, too, with a small paper it is all read, and people looking for purely local matters to the exclusion of telegraph news are quickly learning to turn to the local pages.

We have had to take some good advertising off this page, some of which we lost by reason of the re-adjustment, and when the people understand this, none could be so unreasonable as to ask us to intrude a local matter on it. And while we are in a "fussy" vein we must complain a little with those who will come around and ask the Daily Sentinel to boost some local enterprise of patriotic nature, and carry the job printing for which they expect to pay, to another shop. The Daily Sentinel wants to serve the community in the greatest possible degree of usefulness; we will meet you more than half way on every proposition, but in doing so we are entitled to a square deal. We are charitable enough to believe that discriminations in this line have been more unconscious than otherwise, and feel that this explanation will save future embarrassment.

Treat your "little daily" right, and it will break its neck, if need be, to serve you.

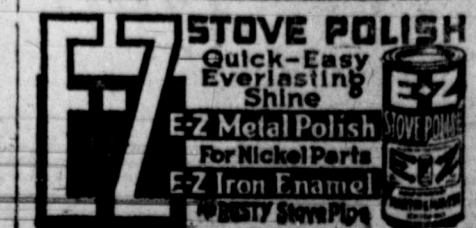

NOTHING ELSE LIKE IT IN NACOGDOCHES

There has never been anything in Nacogdoches with the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Adler-ika surprises both doctors and patients. Stripling, Haselwood & Co., druggists.

STUMEZE

STOPS INDIGESTION OF TWENTY FIVE YEARS STANDING. J. R. Hendershot, M. D., of Eimdale, Montana, graduated 1894, says: "I have had indigestion for twenty-five years, also piles have troubled me for the past three years. Your STUMEZE has stopped it all." STUMEZE, the Master Prescription for catarrh of the stomach, indigestion, dyspepsia, gases, belching, nausea, painful acid stomachs, has many friends and endorsers among the medical profession. There is in STUMEZE that direct and immediate help that all stomach sufferers need and appreciate. STUMEZE is for sale and guaranteed by all druggists. Get a bottle today. Be Well!

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINE E. LYNCH, 100 Main St., Providence, R. I.

Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

MOTHER KILLS FOUR CHILDREN

(By Associated Press)
ST. LOUIS, April 20.—Believing that her husband intended leaving her with four children to support, Mrs. Katherine Skaggs late yesterday bound the hands and feet of the four children, stuffed cotton in their mouths, and took a hand axe to kill them with. She succeeded in killing three of the children and seriously injuring the other one. The youngest child, Dora, aged nine months, was the surviving one. The others aged two, three and five years. The police say that she intended also to kill herself. When her husband arrived home Mrs. Skaggs told him that she had killed his babies.

HOUSE REFUSES TO ACCEPT REPORT

(By Associated Press)
WASHINGTON, April 20.—The house today refused to accept the special report made by Postmaster General Burleson on the amount of printed matter sent the American soldiers by the committee on public information. The refusal was caused by the report containing a statement by George Creel, chairman of the committee on public information, characterized by the house committee as "impertinent and disrespectful."

BOLSHEVIKI ORDER MATERIAL MOVED

(By Associated Press)
HARBIN, Manchuria, April 14.—The Bolsheviki government has ordered shells, explosives, metals and machinery, and machine tools at Vladivostok shipped to European Russia.

CAVALRY COMPANY FOR NACOGDOCHES

W. E. THOMASON RECEIVES COMMISSION TO ORGANIZE CO. OF 105 MEN IN NACOGDOCHES.

It will be remembered that at the called session of the state legislature, which recently adjourned, a bill was passed authorizing the organization of two divisions of soldiers for service in Texas, which will employ about ten thousand men. The state was divided into two sections with Brigadier General Wolters of Houston in charge of the Southern Division, this division including this section of the state. Hon. W. E. Thomason, our representative in the state legislature, spent yesterday in Houston, where he received a commission as captain and authority to organize a troop of cavalry in Nacogdoches and vicinity, to include 105 men. Following is a copy of the order.

Houston, Texas, April 18, 1918. Special Order No. 22. Mr. William E. Thomason is hereby authorized to organize a troop of cavalry at Nacogdoches, Texas, for the First Brigade Texas Cavalry, National Guard of Texas.

By order of Brigadier General Wolters. JAS. E. SULLIVAN, Captain—First Brigade, Texas Cavalry, Acting Adjutant. Captain Thomason arrived home last night with his commission, and will get busy at once to perfect the organization of his troop of cavalry. Capt. Thomason said that when the various troops are recruited to full quota they will be sworn into the Federal service for border duty. The various troops will be organized, trained for service and equipped at the local headquarters. Recruits are taken in all ages from 18 to 45 years of age, including drafted men except a part of those in the first class. The local recruiting office for Nacogdoches county will be on the third floor of the court house. All who want to enter service with the home company, for duty within the state, should apply at once to Capt. Thomason. This is an opportunity for those over and under age who want to do real service, and others who would prefer to render service in their own state. Another attractive feature is that it is a cavalry troop in which the men will be allowed to ride in the discharge of their duty instead of walking, and The Sentinel predicts that Capt. Thomason will not be believed many days in filling his company with the necessary 105. We also congratulate Capt. Thomason in capturing one of these troops for Nacogdoches, as every place will not be so fortunate as to get representation in this organization.

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat. Naturally none of us would prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted. And naturally follows the great discovery recently made by The American Tobacco Co.—that tobaccotastes better TOASTED! This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco. Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat. Naturally none of us would prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted. And naturally follows the great discovery recently made by The American Tobacco Co.—that tobaccotastes better TOASTED! This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco. GOOD POSITIONS IN THE WANT LIST

(By Associated Press)
AUSTIN, Texas, April 22.—Exceptional opportunities for energetic and ambitious registrants are enumerated in a long list of positions sent out by the war department under the heading of the "Nation's Want List." The war department asserts that "there is a very definite need for skilled men at this time," and gives the following "list of occupations for which men are needed now:

- All brake inspectors, automobile mechanics and helpers, bargemen or boatmen, blacksmiths and helpers, boatbuilders and helpers, boiler makers and helpers, brakemen, conductors, bricklayers, buglers, carpenters and helpers, caulkers, wood choppers, chemists, clerks (railroad and general), cobblers, commissary storekeepers, concrete foremen and workers, cooks, cranemen and pile drivers or shovel operators, crush operators, dispatchers, draftsmen, engineers, and firemen (locomotive), electricians, floorhands, gunsmiths or operators in gunfactories, instrument makers and repairmen (engineering, optical and electrical), linemen, (telegraph or telephone) machinists and helpers, mechanics (general), meteorologists or physicians, messenger-warehouse workers and helpers, drillers foremen and powdermen or pumpmen, painters, photographers, (forest) repairmen (cars), riggers, (bridgebuilding or ship), saddlers or harnessmakers, sailmakers, tent-makers or other canvas workers, section hands (railroad), shoveler workers and helpers, soldiers or tinmiths, steno-graphers, surveyors, level men, (road), tailors, teamsters, telegraph operators, telephone operators who can speak German, timber workers, wagon workers, welders (acetylene or oxyacetylene), wireless operators and yardmasters or switchmen.

Places are open for negroes as blacksmiths, bricklayers, buglers, carpenters, choppers, clerks and cooks.

SHELBYVILLE OIL FIELD PROVING GOOD PRODUCER

The Sentinel takes the following report of the Shelbyville oil field from this week's Logansport Newsboy: From Q. M. Orear, of Paul's Store, who was in town today, the reporter learned that the development of an oil field in what is now becoming known as the Shelbyville district is going right along without any excitement or the usual wild speculation. Two wells have already been brought in, each of which yields about fifty barrels daily, and the work has been started on the well. A number of storage tanks have been erected and they now contain thousands of dollars worth of the stuff that has made John D. Rockefeller famous in the Brnoiaid circles of the earth, and other tanks are being built to accommodate the continuous flow until the pipe lines can be laid. Leases in the Shelbyville field have all been taken, and it is the general opinion that operations, which started first at the old town and then moved to the Brinson old field, four or five miles east will be continued toward the Sabine River, it being the idea that a great pool of oil is near at hand and will be eventually found.

WOOD NOMINATED FOR BRIG. GEN.

(By Associated Press)
WASHINGTON, April 20.—Lieut. Colonel Robert Wood has been nominated to become Brigadier General. He will be appointed acting Quartermaster General of the army, relieving Major General Goethals of that detailed work.

HOME GERMANS SIGN RESOLUTION

UNITE WITH OTHER GERMANS OF NATION FOR WORLD-WIDE DEMOCRACY.

The Sentinel published a resolution a few days ago which is being sent out by an organization recently formed in New York, which has for its purpose the organization of all German people and those of German descent in America into a Democratic Club, through which they hope to give the home of their adoption better cooperation in winning the great war against autocracy, and through the same organization sound a note of warning to the German people of the Fatherland. The people of German birth and German descent of this city, who love their new home and have proven their loyalty at every opportunity, were quick to enlist under this banner, and have signed the resolution, as follows: "We, the undersigned citizens of the United States, do fervently declare our belief in the great principles for the defense and victory of which this republic has drawn the sword, and we pledge ourselves to do all in our power to further a vigorous prosecution of the war until the just cause of country has triumphed. "Though we are of German descent we yield to none of our fellow citizens in our detestation of the German autocracy which has wrought so much ruin and havoc in the world, which threatens to perpetuate and increase the causes of national animosities, and which is the chief obstacle to a just and democratic peace. "We believe, with President Wilson, the chief spokesman of our country, that this is a war for democracy and against autocracy; a war for the universal triumph of the principles which are the very basis of our Republic, and which have assured us liberty and well-being; a war against the autocracy which dominates the German people and desires to enslave the world. "We assure the people of Germany that it is this profound conviction which has united us as a people, and which gives unyielding strength to our resolve. "We assure the German people that though they may loathe the military autocracy of the German Empire, we do not hate the German people, that racial hatreds have no place in the hearts of a nation composed of all the races of the earth. "We assure the people of Germany that they hope in vain to attain peace before their military autocracy has been destroyed. "And we urge the German people to assert their rights as freemen and rid themselves of the autocrats in order to establish a democratic Germany, the best guarantee of a just and peaceful world." (Signed in Nacogdoches by—) John Schmidt, Henry P. Schmidt, Julius Eichel, I. Forst, B. M. Isaacs, D. Ruffs, W. F. Gintz, Will G. Hillen, Camp, Chas. Hoya, Geo. H. Meisenheimer, F. H. Hoya, C. Heitman, W. H. Ruffs.

VETERAN MARCHES WITH OLD FLAG

(By Associated Press)
EDWARDSVILLE, Ill., April 22.—Gaius Paddock, 82 years old and a Civil war veteran, marched at the head of a recent Liberty Loan parade here, carrying an American flag nine feet long, the colors of which had so faded that they were nearly white. The flag was worked by hand by his grandmother in 1825 when there were 26 stars. Paddock said that in 1840 the people from the territory between East St. Louis and Alton marched 80 miles to the Illinois capital to participate in a state rally for William Henry Harrison, candidate for president, and were presented with this flag as they passed the Paddock home place at Edwardsville. The veteran also wore in the parade a beaver hat worn by his grandfather Gaius Paddock, on his wedding day in 1787.

MEXICAN FLYER ON THE BORDER

(By Associated Press)
EL PASO, April 20.—It was announced in Juarez, today that Mexico has an airplane on the border to be used in searching out bandits in that vicinity.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels. Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Southern Hospitality includes Luzianne

CHEERY, whole-hearted, Southern hospitality—it's almost a magic phrase to many. But really it stands for honest friendship, cordiality and (you've guessed it) lots of delicious goodies.

Luzianne Coffee is always included in Southern hospitality because it tastes so good. Fragrant hot coffee for people who know what's good—that's Luzianne.

Good old Luzianne flavor—um-m-m!—better try some quick. Your grocer has it—and if you aren't satisfied, he'll give back every cent—honest!

LUZIANNE coffee
"When It Pours, It Reigns"

FROM FT. CROCKET

I am always reading something from Camp Travis, and never see anything from Ft. Crockett. Can not see any reason for that unless we are all neglectful and never write. But we are still on the map, and will be as long as we are a band of American artillerymen. We have been drilling pretty hard for two or three months, but now we are studying for gunner's examination. Most every man is going to take it will make a first-class gunner. Out of a battery of two hundred thirty men about two hundred will take the examination and will make good. Our company commander used as all to take this exam, and also says that he thinks we will make good. Today is a great day for Ft. Crockett. It is Liberty day. A holiday set aside by the President, and there will be a field meet this afternoon between the machine, infantry and artillery men. A very interesting program will be rendered and Battery "F" will also participate in it. The program in which our post are interested are as follows: Half mile race—Corbell, Paisley. Co. Capt. Race—John Williamson, Stagers, Mason. 220 yard dash—Arkinson. Broad jump—Sheemake. High Jump—Melton. Shot Put—Whitaker. Shoe Race—Estep, Army King. Wheelbarrow race—Batchiff, Tuck. Speed, Aiken. Shelter Tent Pitching—Sam Williamson, Astair Jamerson. 100 yard Dash—J. R. Tillery. Half Mile Relay—Jamerson, Goddard, Jarford, Smith, W. L. Boxing Contest—Roberts. Wake-up "Doones." Get your part of the bonds and W. S. S. You always led East Texas in everything. Now let's get busy and see what there is in it. With best wishes to The Sentinel. J. B. S.

EGGS WANTED

We are paying good prices for eggs when you have them to sell. Give us a showing on same as we always pay top of the market.

JOE ZEVE —The Cash Buyer—

High Grade Photographs—Any size. Free groups and view cards. Free. Finishing—Best. Studio in Nacogdoches. Telephone No. 28.

When in Need of a Monument

Visit the Nacogdoches cemetery and ask the sexton to tell you who does the beautiful work you will see "GOULD" will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head-stone and larger work. Gould Granite and Marble Co. Jacksonville, Texas.

MONUMENTS

All kinds of cemetery work finished by the latest improved methods, large stock always on hand. Good workmen. Best material, prompt service. W. O. W. MONUMENTS A SPECIALTY.

The Sentinel

RALTON & GIBBS, Publishers

ALPHABETICALLY

The Sentinel hopes to do some more editorial writing when the war is over, but just at the present time we are too busy helping "lick" the Germans, and cheerfully surrender the column and as much other space as we can spare to the work.

The Board is arranging to send out some more installments of men to the training camps, and gradually almost every home in the county is furnishing one more of its sons to the war, which is bringing the great conflict very close home to us.

Elsewhere in today's paper will be found a communication from Captain W. E. Thomson, announcing that he will organize his troop of cavalry next Saturday, and calling all interested in this choice branch of the service to meet with him at the court house at 3:00 o'clock in the afternoon. Let those interested in the matter read the communication and govern themselves accordingly.

The Sentinel met up with one candidate this morning who is about ready to resign the race and join the fighting forces on the front. When he approached a voter with the subject of his candidacy and informed him that he was a candidate for the aforesaid vote inquired, "How is the war this morning?" "Oh, about the same—if you can support me I will greatly appreciate it." "Do you think the Germans will succeed in breaking through the lines?" "No—do you hear anybody talking about our race down in your community?" "What about that big gun that is shooting seventy-five miles?" "It shoots further and faster than anything with which I am familiar—good day, sir."

At five o'clock this afternoon, the people of Lufkin will hoist a beautiful American flag above our majestic old steeple, and the Choral Club will sing, and the little children will march in parade, with flying banners, patriotic speeches will be made, and the only thing to mar the glory of the occasion will be the absence of our neighbors across the creek. I would do them good to witness the sight, and to learn that Angelina County is the first one in the State, population considered, to oversubscribe its quota of the Third Liberty Bond issue. And while this flag, presented by the U. S. Treasury Department, waves over our towering water supply, we shall expect the dear old Nacogdoches Sentinel to take its hat off every time it mentions stamper in its columns.

We usually remove the "lid" when loitering in the shade of so great an object. In the meantime we congratulate Lufkin on its good work in raising its quota and "going over the top" so magnificently in this patriotic work. Nacogdoches county will also show a good surplus when it is through, but we shall not let up until every dollar possible has been secured, hence we make no final report until the close of the campaign.

SPEAKING LAST NIGHT DREW LARGE CROWD

The speaking at the court house last night drew a large crowd, and proved quite a patriotic rally. The conclusion of the exercises of the evening.

Mrs. Curtis, who has achieved considerable distinction as a prohibition lecturer in the past, made an earnest appeal in the interest of the bond issue, and her eloquence and good reason charmed and captivated her hearers. Sergeant Mann gave a vivid description of his experience in the trenches which seemed with interest and deeply moved his hearers. He was in France at the outbreak of the war and joined the French army. In this service he was severely wounded several times, and so disabled that he was forced to retire from active service on the battle front, but for the distinguished service he rendered he was commissioned as a lieutenant. He also told in a vivid manner, of the outrages inflicted upon Belgium, not mingling words in his description, and he fully verified published reports we have read of the horrors and inhuman practices.

ENGINE EXPLODES AT BEAUMONT

BEAUMONT, Texas, April 23.—Engineer B. B. Horton was killed and eight persons were injured when a Gulf Coast railway locomotive exploded here today.

TWO THIRDS GERMAN DOCTORS IN SERVICE

NEW YORK, April 23.—More than two-thirds of all German physicians are with the colors and about 3,000 of them after their return will be to start all over again, said Dr. Lieber, in the Prussian House of Deputies recently, according to German newspapers received here.

NO EXEMPTION

(By STRICKLAND GILLILAN, Author of "Off Agin, On Agin, Gone Agin, Finnigan.")
If you cannot launch a bullet at the head across the sea.
Buy a bond!
It will reach a target straighter than a homing bee.
Buy a bond!
If you've bought a lot before.
Don't believe you've done your chore.
Buy a half a dozen more!
Buy a bond!
Tisn't often helping others helps yourself so all-at-once.
Buy a bond!
Help the country, help your bankbook—every slacker is a sin.
Buy a bond!
If your country's saved, all right!
There's your money good and tight.
If it isn't—well, good night!
Buy a bond!
If the bond should prove a flivver, all the money that you save.
Isn't worth a single penny—what is money to a slave?
Buy a bond!
It will keep the kaiser's horses back, as well as two-edged swords!
If your pocketbook affords.
Buy a bond!
If you are a common tightwad, loving no one but yourself.
Buy a bond!
It's the surest and the sanest way to save your measly pelf.
Buy a bond!
If you are a decent critter.
Gainst the foe of freedom bitter.
God Almighty hates a quitter.
Buy a bond!

BOYS AND GIRLS WAR GARDENS

The time has come for every true American to help win the war. Every boy and girl in Nacogdoches county, white and colored, can help do it. We are putting disloyal people in jail, hunting the German spies, and drafting men for the war. But the most guilty people are the slackers who were born in this country. There can be boy and girl slackers. Some are. The time has come when we have got to line up for Uncle Sam and liberty.

True American boys and girls will be willing to cut out picnics, boy rides and even most sports for the sake of helping win the war. What are you going to do? We want to know every loyal boy and girl in this county—not those who say they are loyal, but those who will prove it by raising a war garden or Thrift Stamp acre. You can get more fun out of serving Liberty than a picnic, more good exercise with a hoe than playing tennis or ball, and do more good raising peanuts for food than by word-jamming oratorical contests. Yes, and we are expecting you to do it.

After this date, we want all the people and the young folks in particular to watch for slackers. You will find them out for fun while thousands are starving to death. They will be having picnics while the call is for workers to make food. You will find them playing tennis and ball instead of working a war garden or Thrift Stamp acre. Let all of us loyal boys and girls refuse to go to any more picnics, or to play games, or do anything else that might hinder the war work, until after all the Thrift Stamp Acres are planted.

There is plenty of time for boys and girls to plant an acre in peanuts, as they do well from now until June. We want the names of all boys and girls who will agree to plant a war garden or Thrift Stamp acre. Yes, and the money used for buying Thrift Stamps, to read in their names to us at once.

The following is the honor roll of War Garden and Thrift Stamp Acre boys and girls in the county. We hope that there are others, and that they will send in their names, and the amount of land they are going to work.

PROTEST AGAINST WILLARD FIGHT

ST. PAUL, Minnesota, April 23.—Over a hundred twin-city residents, composed chiefly of women and clergymen, marched into the governor's office today and protested against the proposed Willard-Funston fight in St. Paul, on July 4.

The Sentinel is requested to add to the Thousand Dollar Thrift Club Mr. F. S. Aikman, who recently subscribed for this amount.

TELLS HOW MUCH TO SUBSCRIBE

(Special to The Sentinel)
DALLAS, Texas, April 23.—How much should I subscribe to the Liberty Loan? What is my share? These questions are being asked daily, and replied to in a thousand different ways.

The need of some guide, some rule, on the subject has been felt by practically every one. Mr. Howard M. Brown, president of the Bankers Trust Co., of New York, has endeavored to supply the want. Calling to his assistance some of the clearest financial brains of the country he sets forth approximate figures based upon national statistics of undoubted reliability.

Presuming that we must raise fifteen billion dollars during the next twelve months to conduct the war, the following figures show how we must do it: customs, exercise and indirect taxation will yield one and one-half billion dollars. Corporations assessed on their wealth should provide by taxation and subscriptions to government loans two and three quarters billions. The banks of the country may well be asked to carry bonds for themselves, and their customers to the value of three and one-half billion dollars. This leaves a balance of seven and one-quarter billion dollars to be actually saved and handed over to the government by the ordinary individuals comprising the general public, whose incomes range from eight hundred dollars to five million dollars yearly. Seeing that eighty-five per cent of us earn less than ten thousand dollars yearly, the figures relating to this class interest us all most closely.

The actuaries and experts who worked on the problem have come to the conclusion that a family with an income of two thousand dollars yearly must save one hundred over to the government yearly about two hundred and seventy dollars. A family earning five thousand dollars must save one thousand one hundred and twenty dollars. One earning ten thousand dollars must save four thousand dollars, and one having an income of twenty thousand dollars must put aside nine thousand dollars.

The citizens referred to may depart from the amounts mentioned in the personal tax they pay to the government, and the net balance is the amount they should actually pay out during the year for Liberty Bonds. If they wish to do their share, amounts paid out as installments on bonds should not be confused with amount of bond signed up for. The three and one-half billion dollars being carried by the banks under the suggested scheme must eventually be absorbed by the individual. In other words, it is our duty to pay out the sums mentioned as due from us according to our financial ability, and to undertake during the year to mortgage our best resources to the extent of about fifty per cent of the amount we actually pay out.

A booklet has been published, entitled, "What is my share of the cost of the war?" which goes into the matter in detail. The Federal Reserve Bank at Dallas hope to receive a supply of these for distribution.

WORLD'S SALESMANSHIP CONGRESS MEETS AT DETROIT

(By Associated Press)
DETROIT, April 23.—The link between the war and big business, will be the principal theme at the World's Salesmanship congress, which opens its third annual convention here tomorrow. The convention will conclude Saturday afternoon. Probably one hundred short talks on different factors in salesmanship, will be made while the four day convention is in session. Considerable interest attached to the address of Herbert N. Casson, of London, who is expected to tell this country's salesmen how England is meeting business problems created by the conflict. Roger W. Babson, a noted statistician, also will speak before the convention.

ETHER FUMES CAUSES PANIC

PARIS, March 18.—(Correspondence of the Associated Press)—Fumes of a bottle of ether used to revive a fainting woman, mistaken for asphyxiating gas from a bomb dropped by a German air raider, caused the panic at the Metropolitan subway station in which sixty or more women and children were crushed to death or smothered during the Hun raid on the night of March 11.

The crowd had remained outside the subway station waiting to hear the German bomb to explode before taking to cover. A woman in the crowd feeling ill her husband held a flask of ether to her nose. "What a smell!" said someone. The remark, overheard back in the crowd, was taken to suggest gas. From that step to "asphyxiating gas" was easy. In less time than it requires to tell the report went through the crowd that the last bomb that exploded nearby was a gas bomb. That caused a mad rush of the crowd down the stairs of the subway station against doors opening outward. In the press the doors couldn't be opened until a score of children and two score of women perished.

False lists of places where bombs fell were circulated, these presumably by agents of the enemy to work upon the morals of each different quarter. Fantastic stories were spread about the German aviators flying low enough to aim point-to-point with their machine guns upon the fleeing people. The fact is that not a single German machine could be seen clearly enough to identify it, yet the story worked upon the minds of impressionable persons.

The conduct of the audiences in the different places of amusement may be taken as indicative of the attitude of Paris toward the raiders. Few spectators left their seats when the last raid was announced toward the middle of the performance.

Sylvain, playing the role of the old wine-grower in the "Noes Corinthesiens" at the Comedie Francaise, interrupted himself long enough to say simply "I am told they are sending the alarm," then went on with his monologue. Between the acts the spectators went to the cellar but returned immediately after inspecting the fine collection of busts that had been taken there for safety.

At the Folies Bergere the orchestra played a different one of the national anthems of the Allies after the report of each explosion and they audience sang those they knew. At the Folies Margny on the Champs Elysees a piece in which the atrocities of the Hun represented enthused the crowd by reason of the comparisons with the work of the raiders.

BRITISH RAID SUBMARINE BASES

(By Associated Press)
LONDON, April 23.—The British naval forces today raided German submarine bases off Ostend and Zebrugge. The British Admiralty announces. Five old cruisers fitted with concrete designed to block entrance channels, ran aground, and were blown up and abandoned by their crews. The Admiralty reports that from incomplete reports received the raid was reasonably successful.

QUESTIONS GOTTEN BY DEPARTMENT

(By Associated Press)
AUSTIN, Texas, April 24.—Since the attorney general's department issued an opinion that wholesale liquor dealers could operate outside of the ten-mile zone if they observed certain restrictions, one of which was that liquor must be sold in quantities of "more than a gallon" meant that not less than a gallon be sold to each purchaser.

LEPER COLONY FOR TEXAS

(By Associated Press)
AUSTIN, Texas, April 23.—Action looking to the establishment of a leper colony in Texas in accordance with an act of the last regular session of the legislature will be taken soon, Dr. W. B. Collins, state health officer, says. He plans to call a meeting of the commission created by the law and of which he is head in a short time to consider several sites that are available.

SPORTING NEWS

(By Associated Press)
URBANA, Ill., April 22.—Only a few days remaining before the opening of the University of Illinois' base ball schedule, a final effort to whip the green "nine" into shape is being made.

It is doubtful if a less promising outlook ever confronted Coach Geo. Huff than that which he has had to overcome this spring. Only three members of last year's squad, and two of them pitchers, have returned, thus compelling him to build an entirely new machine. A shortage of sophomore candidates has made this proposition doubly difficult.

The team, however, that will line up against Iowa State at Urbana, April 22 will be a close rival if not the equal of last year's nine. Capt. Leo Keiser bore the brunt of the hurling season is back and ready to carry the bulk of the mound work this year. Sp. Peterson, a sub-pitcher on last year's squad, and Dewey Wrobke, a sophomore have been chosen to assist in the slab work.

Behind the bat, W. K. Kopp, another sophomore, seems to have the edge over the other candidates and probably will be chosen as first string catcher. E. A. Norton looks like his likeliest understudy. On the infield, F. M. Lalor, the only remaining member of last season's squad will hold down third base with Oliver Barklage and Paul Doss at shortstop and second base respectively. Bert Ingerson, football center and guard on the basket ball team, probably will get first pick for first base.

The outfield, is most unsettled department on the team, Ray Haas, a football and basket ball star being the only candidate who is certain of a berth. L. R. Keifers, Bert Edwards, Norton, Louis Quaid and Earl Johnson, all sophomores have been tried in the gardens. It will not be surprising, however, if one of the pitchers, especially Wrobke, should be used there.

The schedule consists of eleven games, five at home and six on hostile diamonds. LITTLEVILLE, Ky., April 25.—Base ball fans are considerably enthused over the duel whereby "Duke" Reilly and Bob Bescher became members stars, together with Jay Kirke, it is believed, will make up one of the best outfields in the minor leagues. Reilly and Bescher bat from either side of the plate. The team, which is training here, is fast rounding into shape, despite bad weather during the past week.

MILWAUKEE WIS., APRIL 22

Richie Mitchell, the Milwaukee lightweight, who will be succeeded by Eddie McGorty as boxing instructor at Fort Sill, Okla., hopes to be transferred to a camp in the north. He desires to be sent to the Great Lakes Naval Training Station or some army camp in this territory. Mitchell is on an indefinite furlough pending adjustment of his case.

CASUALTY LIST

(By Associated Press)
WASHINGTON, April 23.—The casualty list issued today contained forty-three names, divided as follows:
Killed in action, two.
Died of wounds, one.
Died of disease, four.
Wounded severely, nine.
Wounded slightly, twenty-seven.

TENNESSEE CADET IS KILLED TODAY

(By Associated Press)
MEMPHIS, Tenn., April 23.—Cadet flyer Roger Patterson was killed at Park Field here today, when he fell from his machine at a height of one thousand feet.

BELGIANS SHOT AT ANTWERP

(By Associated Press)
AMSTERDAM, April 23.—Dispatches received here say that fourteen Belgians, including a priest, and a Nun, have been shot at Antwerp, charged with espionage.

ARTILLERY ACTIVE ON SOMME FRONT

(By Associated Press)
PARIS, April 23.—Active artillery operations on the Somme battlefield, east of Rheims, is reported by the War Office in today's statement.

German Attacks Held

(By Associated Press)

WITH THE BRITISH HEADQUARTERS IN FRANCE, April 24.—The Germans began a heavy bombardment of the British positions in the Somme sector this morning and the latest reports from the battlefield state that the attack is progressing.

The Germans began bombarding the British positions on both sides of the river Lawe, on the northern battlefield at four o'clock this morning.

A large section of the front is seething with fighting troops, although the definite dimensions of the infantry action yet is unknown.

The British early this morning drove back the Germans northwest of Albert, where they attempted to advance.

Northwest of Merville a large concentration of German soldiers was dispersed by German fire.

ARMS CAPTURED BY AMERICANS

(By Associated Press)

With the American Army in France April 24.—An American divisional intelligence office in the rear of our front, one day recently, resembled a museum in an American police department. The only difference was that in the intelligence office there were a wider variety of more deadly weapons than any police department ever gathered. In one corner there was a captured German machine gun on its tripod, rolled belt of cartridges was near it. In another corner there were a number of flame projectors—the German flamewerfers—which had been brought in from no man's land. On one table there was a small automatic pistol taken from a German killed in our trenches during a raid. On another table laid out in orderly rows was a collection of other automatic pistols, large and small. One had a stock that could be fitted to the pistol handle, forming a weapon that might be fired from the shoulder like a rifle.

Another was packed away in a leather holster so constructed that three spare loaded magazines could be carried in it. Both were of makes well known throughout the world and both were from the German point of view, the last words in the pistol maker's art. There were still other pistols, a club, a wicked-looking trench knife equally good for chopping fire wood or slashing a throat.

There was a short bayonet with a blade as sharp as a razor and a point as keen as a needle. The blade was hardly more than six inches long and the weapon fitted on the end of a rifle was designed for close work.

Bunches of grenades were sprinkled here and there. By a table stood a German "dud" shell. Nearby part of an aerial torpedo rested. Clips of enemy cartridges both for rifle and pistol were everywhere. A German sniper's rifle was resting in the corner. There was a telescope sight for sniping, one "tool" used for eliminating the flash on the end of a spitting machine gun, another for silencing the report from a rifle.

Added to all this, there were hanging around the wall on various nails big American automatic pistols on belts—the property of officers and men in the office, hung up within easy reach. All the weapons except these last had been the property of the German government until the American soldiers on line captured them. Some of the articles had tied to them little tags upon which was written the name and organization of the American who secured them. Each tag signified that some "doughboy" wanted his trophy returned to him, provided it was of no use to the army. But, as a soldier in the line has no place to keep such things, which would simply add to his already heavy load, all that intelligence officers did not desire for their own official purposes were put away for the men who wanted them.

If American troops yet to take place in the line, obtain as many trophies as their predecessors, many a home in the United States will have in it after the war a weapon "made in Germany." And every weapon will have attached to it a personal story of how it was captured on our front in France.

WOMAN CANDIDATE FOR PARLIAMENT

(By Associated Press)

MANCHESTER, England, April 24.—The bye-election of the Keighley division will probably see Miss Nina Noyle as a candidate for parliament. She has announced her intention of running for office, as she wishes to settle the question whether now have the women the right of election to parliament.

INVALIDS TO SEE BASEBALL GAMES

(By Associated Press)

WACO, Texas, April 23.—Through the generosity of the Waco Baseball club owners, invalid soldiers at the base hospital at Camp McArthur may now see all the Texas league baseball games played here.

President Turner of the local club has secured the consent of the commanding officer at the hospital for the soldiers to witness the games and arrangements are being made to this effect.

The soldiers will be brought to the park in army trucks and returned to the camp in the same manner.

THE KING GUARD CANNOT FIGHT

(By Associated Press)

ROME, April.—(Correspondence of the Associated Press)—Among the most unhappy men in Italy are said to be sixty soldiers of the King's Guard, who are not permitted to go to the front and fight like their brothers. The reason for this restriction is that these men could probably not be replaced if killed, injured or taken prisoners. They are chosen with the utmost care, not only as regards their habits and training but for their height the minimum of which is six feet.

"They begin where other men stop growing," according to a popular saying. Many of them are seven feet in height. They are chosen from the carabinieri or military police and must have absolutely unstained records. Each newly enrolled man, if he accepts the appointment, must agree to remain for a term of five years, in the guard, after which he may or may not re-enlist. During that period, also he may not marry.

The guards and their horses are quartered inside the grounds of the royal palace on the Quirinal Hill. The Guard does sentinal duty inside these grounds when King Victor Emmanuel is in Rome, and also accompany him on state occasions, as on that of March 14, 1913, when, as the King was going along the Corso to visit the tomb of his father in the Pantheon, the anarchist d'Aspa fired twice and wounded Captain Lang of the Guard instead of the King.

Since the war began, although the King lives at the front and undergoes all its dangers, members of the Guard are to be seen now and then walking through the street of Rome, attracting attention and admiration because of their immense figures and helmets, but, for all that, jealous of the stained and bespattered gray-green uniforms of soldiers on leave from the front trenches.

SUMMER CLASSES IN TELEGRAPHY

(By Associated Press)

AUSTIN, Texas, April 24.—Those who desire to take a course in radio and buzzer telegraphy will have an opportunity during the coming summer months. Acting on advice from the Federal Board for Vocational Education, State Superintendent of Schools Dougherty, who is supervising emergency war training in Texas, has asked schools in various communities of the state to have summer classes in radio and buzzer work, if possible. Originally it was the intention to discontinue these classes at the end of the present school year, but Mr. Dougherty believes that most of them will be continued, especially in localities where there is a demand for the courses.

HOLLAND CABINET MET YESTERDAY

(By Associated Press)

THE HAGUE, Holland, April 23.—The Dutch cabinet met yesterday in an extraordinary session. There have been reports of strained relations between Holland and Germany. The main cause of the dispute is said to be over the gravel supply from Holland to Germany. The taking over of Dutch tonnage by the entente allies is also said to have had a great influence.

THREE MORE SHOCKS OF THE EARTHQUAKE

(By Associated Press)

SAN JACINTO, California, April 23.—Three more earthquake tremors shook San Jacinto and Hemet today, but added nothing to the previous property damage, made public.

ANOTHER PEACE MOVE BY THE POPE

(By Associated Press)

LONDON, April 23.—Pope Benedict will make another peace move as soon as the Western offensive has resumed a new phase, says the Neueste Nachrichten of Munich.

GERMANS BOMBARD THE FRENCH LINES

(By Associated Press)

PARIS, April 24.—The German artillery has been conducting an extremely heavy bombardment of the Franco-British front between the Somme and Aves, in the region of Hangard-en-Santerre and Villers-Bretonneux, the war office reports today.

JAP FOREIGN MINISTER QUITS

(By Associated Press)

LONDON, April 24.—Viscount Montagu, the Japanese minister of foreign affairs, has resigned, according to a Reuter dispatch from Tokio. The question of Japanese intervention in Siberia, was probably the underlying cause of Montagu's resignation. Baron Goto has been appointed to succeed Montagu.

GERMAN POWDER FACTORIES EXPLODE

(By Associated Press)

LONDON, April 24.—An Exchange dispatch from Switzerland, says that German newspapers received there report two large powder factories near Salzburg, a hundred and fifty miles southwest of Vienna, as destroyed by explosions.

It is believed in Germany that the explosions were of incendiary origin. Heavy casualties are said to have resulted from the explosions.

TEST SUITS ZONE LAW POSTPONED

(By Associated Press)

AUSTIN, April 24.—Oral argument of the habeas corpus suit to test the constitutionality of the ten mile zone law was postponed by the Court of Criminal Appeals until tomorrow.

It was explained that the reason for postponement was that other cases had been set down for today.

LET CONTRACT FOR TWENTY TWO SHIPS

(By Associated Press)

WASHINGTON, April 24.—The Emergency fleet corporation has let a contract for twenty-two steel freighters of 204,000 total tonnage.

COTTON DOWN TODAY

(By Associated Press)

New York.—May down 148 points; July down 112 points; Oct. down 103 points.
New Orleans.—May down 93 points; July down 102 points; Oct. down 100 points.
Houston spots down 100 points.

TODAY'S MARKET.

NEW YORK close barely steady; May 27.80-90; July 27.85-75; Oct. 26.65-70.
NEW ORLEANS, weak. May 27.30-31; July, 26.69-75; Oct. 25.69-74.
HOUSTON spots quiet. Middling 29.65, sales 159. To arrive none.

SEWER SYSTEM FOR FORT CLARK

(By Associated Press)

BRACKETVILLE, Texas, April 24.—Under a recent appropriation a sewerage system, electric light plant and other improvements will be made at Fort Clark. This fort was established sixty years ago as headquarters in the fight being waged against the Indians at that time.

Mrs. Chas. Morrison has as her guest this week her sisters, Mrs. Bateson Simmons of Cleveland, and Miss Hilon Sawyer of Livingston.

MANY ENEMY ATTACKS ARE REPULSED

(By Associated Press)

LONDON, April 24.—Strong German attacks developed last evening in the neighborhood of Dranoutre, on the Flanders front, but were repulsed by the French, the war office announced this morning.

In the Albert sector, north of the Somme and also between the Somme and Aves river, heavy infantry attacks are reported in progress this morning.

The French and British artillery inflicted severe losses on the Germans in an attack on the Flanders front.

A German attack northwest of Albert yesterday evening was repulsed.

CASUALTY LIST IS FORTY THREE TODAY

(By Associated Press)

WASHINGTON, April 24.—The casualty list issued today contained forty three names, divided as follows: Killed in action, six. Died of wounds, three. Died of disease, eleven. Wounded severely, ten. Wounded slightly, thirteen.

CITIZENSHIP NOT TO BE PRESSED

(By Associated Press)

WASHINGTON, April 24.—Switzerland will not press its claims of Swiss citizenship for Dr. Kary Muck, a Boston musician who is now interned in the United States as a dangerous German.

This decision eliminates danger of complications with Switzerland over the case.

TWO ARE KILLED AEROPLANE FALLS

(By Associated Press)

WICHITA FALLS, Texas, April 24.—Lieutenant Stephen Warner, a flying instructor, of Maplewood, New York, and Cadet Edwin Cryer, of Allegheny county, Pennsylvania, were killed when their aeroplane fell fifty feet to the ground, near Call field here, today.

The machine caught fire in the air, and the bodies were very badly burned when recovered.

U. S. WITHDRAWS OFFER OF SHIPS

(By Associated Press)

WASHINGTON, April 24.—The United States is preparing to withdraw the recent offer of three ships to expedite grain shipments to Holland, if a Dutch newspaper comment, accusing the United States of duplicity in the condition that equal tonnage should leave the Netherlands for America is taken as indicative of the feeling of the Netherlands government and people.

INCREASE TRAVEL ON DIRECT ROUTES

(By Associated Press)

WASHINGTON, April 24.—The railroad administration is contemplating a rearrangement of the passenger scales on the indirect routes to increase travel on the direct routes.

COMMERCIAL TARIFF SENT GERMAN BODIES COURTS TO CONSTRUCT TEN MILE ZONE LAW

(By Associated Press)

NEW YORK, April 24.—The secretary of the German Imperial economic board has sent to German industrial and commercial bodies copies of the draft of a new tentative Austro-German joint commercial tariff says Berlin newspapers.

WORK SHOPS UNDER CHILD LABOR ACT

(By Associated Press)

AUSTIN, April 24.—A work shop within the meaning of the child labor act, is a place where dangerous machinery is used, and any such place comes within the provisions of the statute, according to an opinion given to T. C. Jennings, state labor commissioner, by Assistant Attorney General Taylor.

MANY WOMEN IN RAILROAD SERVICE

(By Associated Press)

NEW YORK, April 24.—There are 107,000 women employed in the Prussian railroad service. The Prussian Railroad minister, von Breitenbach, is announcing in the Prussian House of Deputies, said it was astonishing to see what the women could do.

British Take Prisoners

(By Associated Press)

LONDON, April 23.—On the Somme front, north of Albert, the British last night improved their line in successful local operations, it was officially announced today.

Sixty prisoners were taken on the Flanders front in the Robecq sector, and near Wytchaete, the British took some prisoners.

Reuter's Headquarters Correspondent says that the British attack last night was on a front of a thousand yards, and that the British advanced to a depth of two hundred and fifty yards.

FINANCIAL AFFAIRS ARE STRENGTHENED

(By Associated Press)

BUENOS AIRES, April 24.—Argentina's financial and economic condition apparently is being strengthened as the war drags on. The republic recently signed a convention for financing the sale of several million tons of cereals to the entente allies, which really amounted to a huge loan, and there have been other events in financial circles which show that Argentine credit abroad and confidence at home are progressing hand in hand. The fact that is being most widely commented on by the Argentine newspapers is that the confidence at home has become so strong that stocks of the National Mortgage Bank, known as "credulas hipotecarias" are being quoted at par for the first time in their history. These credulas are looked upon in financial circles as barometers of the nation's condition, for they are shares in a bank which is backed by the government and they fluctuate with the improvement or weakening of government credit. Usually they are quoted around 93 to 96 and they have never gone to par even during the time they were being sought by investors.

Now there is an animated competition on the Stock Exchange for these credulas and large blocks of them are changing hands daily, which the newspapers take as an indication that the public's confidence in the Irigoyen government has become so strengthened that it, at least is willing to invest in government shares the large surplus of money which has been lying idle in savings banks ever since the war began.

UNCLE SAM IS A GOOD PROVIDER

(By Associated Press)

FORT WORTH, Texas, April 23.—Uncle Sam is a good provider. Not only does he feed his soldiers well, but also the invaluable horse and mule. Illustrative of this is the fact that there is now stored at Camp Bowie, 5,965,192 pounds of hay and 4,849,551 pounds of oats or enough to last until July 7, according to Major Norris Staylor, camp quartermaster.

COURTS TO CONSTRUCT TEN MILE ZONE LAW

(By Associated Press)

AUSTIN, Texas, April 23.—That the courts will be asked to construe the provision of the ten-mile zone law which the attorney general's department holds bars shipment of alcohol into the zone for manufacturing purposes, is the belief expressed about the capital. A number of attorneys contend that the interpretation of this provision of the law by Assistant Attorney General Keeling is contrary to the intention of those who drafted the measure.

Some of them contend that such an interpretation of the law would result in its being declared unconstitutional. In explaining the opinion, Mr. Keeling points out that he was guided wholly by the wording of the law which says that "liquors capable of producing intoxication" cannot be brought into the zone except "for sacramental and medicinal purposes." The effect of application of the legal department's ruling, it is pointed out, would be to prevent manufacturing concerns located in Texas and who use alcohol in the manufacture of their products, from competing with rival concerns outside the state.

SECRETARY BAKER VISITS COMMITTEE

(By Associated Press)

WASHINGTON, April 23.—Secretary Baker came before the House Military Committee today to give a confidential report on his trip to the battle fronts.

Entering the committee room, the secretary said he wanted to have an informal talk. "I am not going to discuss the size of the army or the extension of the draft age. You can go as far as you like in the matter of unified control of the allied armies."

Secretary Baker expressed a sanguine and confident belief in the success of the war.

Mr. W. F. Price has been confined to his bed with illness for several days.

URGES US TO BUY LIBERTY BONDS

(Special to The Sentinel)

DALLAS, Texas, April 24.—The words of Lloyd George, English Premier, uttered recently before the House of Commons, contains a message which puts an issue squarely up to every American worthy of the name. Mr. Lloyd George said: "Something, therefore, points to the definite determination of Germany to put the whole of her resources into seeing a military decision this year, and this means a prolonged battle from the North sea to the Adriatic, with Germany and Austria throwing in the whole strength right to the end. Whatever the strain upon our resources may be, with American aid we can do it."

So it is now that our sacrifice of men and money is wanted. It is now that it will be most effective. One dollar now counts as two later on. If there was a time when we were on trial nationally and individually, it is now. Let us strike now while our allies are powerful, now while every blow and every dollar counts as it never did before, and may never again. Let us rise above every sordid thought, let us forget percentages, luxuries, everything, but the fact that here, right at our hand, is the opportunity to banish forever this horrible menace which threatens our trade, our future, our national existence, our honor, our manhood, and womanhood, and the lives of our sons. It is a great and solemn privilege vouchsafed to us at this moment. Every thing that is best in us is calling now—now!

J. W. HOOPS,

Federal Reserve Bank.

VINSON SPEAKS TO ROTARY CLUB

(By Associated Press)

AUSTIN, Texas, April 23.—To preserve for future generations the American principle that right is might, and to demonstrate to the world that the right is supported by American might.

This is the reason why people should purchase Liberty bonds. Dr. R. E. Vinson, president of the University of Texas, told a recent meeting of the Austin Rotary club. A loyal merchant had offered the best seat in his store to the member of the club who could give the best reason for buying Liberty bonds to our sentence. Dr. Vinson is wearing the new piece of neck wear.

STOP MANUFACTURE OF PLEASURE AUTOS

(By Associated Press)

WASHINGTON, April 23.—Further curtailment of the manufacture of pleasure automobiles indicates the outcome of a conference between the Fuel Administration, and the War Industries board, with representative of the automobile industry.

Curtailment of the production of automobiles twenty five per cent is planned. Production of pleasure cars has already been reduced thirty per cent, and the added curtailment would leave the automobile factories producing 45 per cent of their output of normal times.

STUDY NAVAL COURSE AT STATE UNIVERSITY

(By Associated Press)

AUSTIN, Texas, April 23.—A course in naval architecture will be started at the University of Texas April 22. This course will be conducted under the direction of P. E. Giesecke, professor of architecture and head of the division of engineering of the bureau of geology and technology of the university.

It is said that a number of vacancies exist in the naval yard service throughout the United States. The course is designed to help fill these vacancies.

CONSTABLE VAUGHT CHASING GAMBLERS

(By Associated Press)

News comes down the line from Garrison that Constable Vaught is making life miserable for the gamblers, catching eighteen whites in one game, and later in the afternoon catching six negroes in a "poker" game making a total of 24 for the afternoon's work.

NACOGDOCHES WINS TIMPSON LOVING CUP

OUR ATHLETIC TEAM CARRIES OFF THE HONORS AT DISTRICT MEET SATURDAY

The Athletic and Intellectual Teams of Nacogdoches High School went up against Lufkin, Carthage, Henderson, Center, San Augustine, Tenaha and Timpson in the athletic and intellectual contest of the Interscholastic Meet held at Timpson Saturday, and the Athletic Team brought home the silver loving cup, which has been held by Timpson and Center alternately the past several years. Added to this good achievement, one of our boys, Edwin Westbrook, a junior, spelled the seniors down and will represent the district in the State Meet at Austin.

The boys entering the athletic contest from Nacogdoches were George Millard, Roy Davis, Collis Davis, Marshall Bush, Homer Lyles, Sherill Sullivan, Jack Burrows, Wilfred Blount, A. D. Muckleroy, Vardeman Grubbs.

Alton Thomason won second place in senior declamation, the first place going to Claude Bryan of Center.

Ford Wilson won second place in junior declamation, Jack Binion of Lufkin winning first place.

The contest in both these features is said to have been very close.

T. C. Thrash and Gillette Tilford won trophies by default.

The visitors were treated nicely in the neighbor town, and reported a very pleasant visit.

WILSON OPPOSES THE SEDITION BILL

(By Associated Press) WASHINGTON, April 22.—President Wilson came out in opposition to the Chamberlain bill, which would try violations of the sedition laws by court martial today.

In a letter to Senator Overman, President Wilson declared his belief that the measure was unconstitutional.

The president said that the bill would place the United States on a level with its enemies. He said that the measure is opposed to the spirit and purpose of the espionage laws.

President Wilson also indicated that he could not compromise with his opponents advocating an amendment to the Overman bill, which proposed a broad general grant of power to reorganize the government departments.

TEXAS POLITICS

(By Associated Press) AUSTIN, Tex., April 19.—What women will do is the question that is perplexing the politicians of Texas. The answer will be given July 27.

The recent special session of the legislature passed a bill giving the women the right to vote. On account of the poll tax some contend that the total vote cast this year by the women will be heavier than in coming years.

Data is not available to show just how many women of voting age there are in Texas. However, since the male voting strength of the state is 610,000 it is believed that of the women equals this amount and possibly exceeds it. Based on that assumption, politicians express belief that the women will poll from 400,000 to 600,000 votes in the July primaries.

In estimating the female vote, however, it is pointed out that the average Texas election calls out only about 50 per cent of the potential male vote. Many express belief that the women will not cast more votes than the men.

Women's clubs over the state already have begun active campaigns to educate the women in the art of marking their ballots properly and encouraging them to turn out in full force and vote. The fact that many women in the rural districts must travel from ten to fifty miles in order to register is believed, will cut down the vote in those sections.

It has been unofficially contended that the law giving women the ballot is unconstitutional because it applies only to the primary and leaves them barred from participating in the general elections. Whether a test of the law's constitutionality will be made, however, is problematical.

The fact that the law contains a provision that the ballots cast by the women must show the sex of the voter by having the word "woman" printed thereon, will in the opinion of proponents of the measure, prevent the election from being nullified even if the law is held unconstitutional since the records would show how the women voted.

While the candidates are interested in prognostications relative to the vote of the women will cast; their chief concern is how they will vote. Will the married women in the main, vote as will their husbands or will they cast their ballots independent of the "head of the family"?

Being unable to answer the question the candidates are not overlooking the new voting strength in their campaigns. Much campaign literature is being addressed to the women.

Strayed—A year old red durham yearling, with horns sticking straight out. Left my place near Swift about two months ago. Will pay \$2.50 reward for information as to whereabouts. Phone or write Edgar Strippling, Nacogdoches, Texas, Rt. 2. 25-2w

THE LIBERTY LOAN CAMPAIGN BOOMING

Saturday and Sunday were very busy days in the Liberty Loan campaign over the county, as a result of which many bonds were sold, and several communities redeemed their quotas.

Among the features of the campaign Saturday was a meeting of some three hundred colored citizens of the county held in the court house, who came together on call of County Chairman Harris. These parties had already bought some bonds, at the meeting they took \$3500 worth, and pledged themselves to increase the list to \$27,430.00, which would be ten per cent of the county's quota.

In Saturday's paper The Sentinel noted that a big parade was being had in the afternoon. At the conclusion of this Judge Blount delivered an inspiring and logical address, which was followed with another great address by Hon. Ned Morris at night, altogether putting the people of this community in a spirit of renewed enthusiasm in the matter.

Speeches were made at other places over the county Saturday, Sunday, and Sunday night, and The Sentinel is happy to note that the people of the whole county are becoming thoroughly aroused on the proposition.

Mr. Harris informs The Sentinel that Cushing and Chireno have deemed themselves. Cushing has taken \$22,500, which is a little short of her quota, but the citizens are still at work and will go over the top.

Chireno and Attoyac were linked together in quota, and Chireno has subscribed the quota of both, while Attoyac is also responding generously but has not reported.

Etoile has subscribed \$4300, which puts this place and Woden both over. It is reported that Woden is also responding, but the detailed report has not been received.

Shady Grove and Liberty are over the top. Trinity and Needmore are also over the top.

In further discussing the matter, Mr. Harris says that the county has been practically covered with speakers, and that he expects that by next Saturday the county will go over the top with some to spare in raising its quota.

While some people are not doing what they should in the matter, many others are making sacrifice to do their bit, and many interesting little stories are being told of experiences encountered by the speakers who have been out over the county. Notable among these, which is worthy of special mention, is Mrs. Ruby Mott of the Etoile community, who had received \$1000 in settlements with an insurance company in the loss of her husband, and invested the whole amount in Liberty Bonds.

The 34th Regiment Field Artillery, gave a minstrel show at the Y. M. C. A. auditorium Saturday night. It was a hummer and everybody thoroughly enjoyed it. Many Nacogdoches men of Battery C, attended the show.

Recruit Elijah M. Kelly of this place and a member of Battery C, 34th Field Artillery, has within less than a month displayed a high ability and readiness to be promoted from the first squad of the recruits to corporal. Kelly shows to be a good soldier.

Corporals Joseph C. Lee and Earl W. Williams, reported this Sunday as Corporals of the Guard.

Private Mose S. Green, of Battery D, 34th Field Artillery, has been appointed as Battery Mechanic, which is a very essential and important place, and which requires skill on the part of the soldier filling same. Mechanic Green sees to the up-keep of all battery machinery and equipment.

A SMALL BOY KILLS COMRADE

(By Associated Press) JERSEY CITY, New Jersey, April 20.—On a charge of murder against Edward Choroski, four years old, in the criminal court here today, nine-year-old Frank Muchelowski made the statement that he killed his comrade because "He stole two marbles from me."

U. S. STEAMER GOES TO BOTTOM

(By Associated Press) NEW YORK, April 20.—The American steamship Florence H., formerly a Great Lakes steamer has been sunk with loss of life near a foreign port.

PHYSICIANS NEEDED IN THE ARMY

(By Associated Press) DALLAS, Texas, April 22.—Eight thousand physicians are needed by the army, according to Major Henry T. Jump, who is touring the United States for the National council of defense to encourage enlistments of medical men. Of that number, he said, only two thousand are available.

With the induction of the additional 800,000 selective service men into military service soon, Major Jump said, "more doctors must be had immediately."

"Physicians with the allied armies are working sixteen hours a day and sometimes twenty-four hours without relief," he said, "while physicians here are enjoying peaceful conditions. Physicians in localities where there are plenty of medical men should enlist at once."

"The physician is the man upon whom the happiness of many American homes rest. It is by his skill that thousands of soldiers will be saved and thousands of others put back into the fight."

"So important are doctors and surgeons in this respect that recently a wounded German officer who had been brought back by an American patrol, said:

"Tell your government to inform physicians to take the greatest care when they are in the 'fight.' They should take off their insignia showing that they are physicians. We consider by their ability to cure, that they are worth 500 men in the field."

"We are seeking the best doctors. We want the men that can stand the test without great delays spent in examining references and papers. Doctors on the field should know what to do and how to do it quickly."

Mothers would be performing a patriotic duty, Major Jump said, in sending their sons to medical schools so that when they enter military service they can be immediately inducted into some medical unit.

EARTHQUAKE HITS CALIFORNIA TOWNS

(By Associated Press) LOS ANGELES, California, April 22.—More than one-third of the business district of San Jacinto, and Hemet, both in Riverside county, seventy miles east of here, are in ruins today, and scores of residences were wrecked by a series of earthquake shocks which trembled Southern California yesterday afternoon.

Property damage in these towns is estimated to be between one hundred and fifty thousand dollars.

A half dozen other places, including Los Angeles, suffered minor damage, consisting mainly of broken plate glass windows and shattered chimneys.

Menet and San Jacinto have a population of less than one thousand each, and are about three miles apart. Only one life was known to be lost, Frank Barnett, of Los Angeles, who was pushed off a pier at a Summer resort here in a wild dash of pleasure powers, and was drowned.

There were some minor injuries of fractures in this city, many persons sustaining slight injuries in rush for exits.

A 1000 pear for sale at Turkes, Sitton Hardware Co., \$3.00 per bushel, 10w

The United States should by all the methods known to diplomacy and commerce open up the most friendly relations with the republics south of us. They should become our political and commercial allies. And while we are looking about for some foreign language to teach in our schools, why not consider the Spanish? It will enable us to enter more fully into mutual intercourse with those people and to establish business relations that will be helpful to the millions of people on this hemisphere.—Col. Milner in Rusk County News.

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what Foley's Honey and Tar has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command. Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottontown, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds." Strippling, Haselwood & Co.

PRICE FIXING IS A FAILURE

(By Associated Press) WASHINGTON, April 22.—Price fixing in Germany has been a failure says the April bulletin of the Bureau of Labor Statistics. The upper class are rolling in wealth while the masses are in abject poverty.

Not daring to tax the people directly, the bulletin says, money is raised for the war by floating loans. These loans although, taken to some extent by the wealthy classes are really paid for by the people who have to pay exorbitant prices. With imports cut off, the land does not produce enough to properly sustain life.

Shortly after the war started maximum prices were fixed on commodities but these were evaded by dealers and producers. Regulations of the amounts of the necessities sold to one customer was attempted but resulted in much illicit trading at high prices with the rich getting the much needed commodities.

German government figures show the cost of living to have increased 117 per cent but the bulletin says these figures do not show the real facts. Buying has to be illicitly done to get the goods and enormous prices to be paid.

German government figures show the cost of living to have increased 117 per cent but the bulletin says these figures do not show the real facts. Buying has to be illicitly done to get the goods and enormous prices to be paid.

COTTON LAW IS RULED DEFECTIVE

(By Associated Press) AUSTIN, April 20.—Because the recent law prohibiting planting cotton in the districts infested by the pink boll worm, the attorney general's department has ruled that it is defective because it does not provide a penalty for its violation.

Governor Hobby has issued a proclamation urging the cotton growers in the infested district to observe the purpose and intent of the law in the interests of the whole state.

5,000 NAMES ON ENEMY TRADE LIST

(By Associated Press) WASHINGTON, April 20.—A revised enemy trading list containing more than five thousand names, including enemy firms in neutral European countries was issued today. The uniform effort of the list will be to keep allied products from reaching the enemy.

READJUSTMENT OF AIRCRAFT PROGRAM

(By Associated Press) WASHINGTON, April 22.—President Wilson has definitely decided on a readjustment of the aircraft program, and has directed Secretary Baker to carry it out. It is indicated that a man not here-tofore mentioned in prominent governmental affairs, will be given full charge of the production.

Secretary Baker is working on a reorganization of plans for carrying out the program, and probably will make his announcement in two or three days.

ROLL OF HONOR FOR BLUE JACKETS.

GREAT LAKES, Ill., April 18.—A pictorial roll of honor for every blue-jacket who has lost or might lose his life in the war, and who received his training or ever was stationed at Great Lakes, will be hung in the hall of the administration building at the Great Lakes Naval Training Station.

A notice setting forth the plan has been received by Captain William A. Moffett, commandant, from the Bureau of Navigation.—The bureau obtained photographs of all men of the station who have made the supreme sacrifice of national devotion. If new photographs are needed they will be placed in position in the roll of honor after being received from Washington. Below each man's picture, will be inscribed his name, rating, date of enlistment and date of death. The pictures will be arranged in some place where they may be on view and kept as a permanent memorial.

Another phase of this roll of honor for the naval service is that which proposes the collection and forwarding by the Bureau of Navigation of pictures of men of the service, who have been commended for bravery and heroic action during the course of the war. The plan has been heartily endorsed by Captain Moffett.

Complete statistics are not available, but there are about thirty men of the United States navy whose names already are eligible for the roll of honor. As soon as the big frame has been made, the photographs and dates will be placed on record.

AEROPLANES USED LIBERTY LOAN DRIVE

(By Associated Press) DALLAS, Texas, April 22.—Following announcement from Washington that government airplanes may be used by local campaign committees in aiding the Third Liberty Loan campaign, aviators in Texas training camps have been bombarding towns with data urging subscriptions to the loan.

A squadron appeared over Dallas on the second day of the campaign and bombed the city with circulars printed in red, white and blue. Thousands of people halted in their daily rush of business to read the circulars and watch the flyers who passed over the town in battle formation. After circling the city several times and going through dives and dips, the aviators returned to camp.

The circulars read: "Somewhere in France with the American Army—To Our Kindred and Friends in Dallas County. We are in a death struggle with the most merciless foe on earth. We are giving our lives for the preservation of our homes and we want to know that you are standing behind us with the entire resources of our country. All bridges are washed away and we can never return unless we return victorious. Whatever we do must be done now, or it will be too late. (Signed) Your Own Boys."

WACO, Texas, April 22.—A proclamation has been issued by Mayor Ed. McCulloch of Waco, calling upon business men to close their places of business half an hour each day for ten days to pray for allied victory on the western front which he says is at a crisis.

The mayor says there is abundant evidence in past history that in answer to prayer, "God has turned the tide of battle."

"Our boys are fighting amongst the fire and shot. Are we praying? Let this be part of our service to our country."

CLOSE STORES TO PRAY FOR VICTORY

(By Associated Press) WACO, Texas, April 22.—A proclamation has been issued by Mayor Ed. McCulloch of Waco, calling upon business men to close their places of business half an hour each day for ten days to pray for allied victory on the western front which he says is at a crisis.

The mayor says there is abundant evidence in past history that in answer to prayer, "God has turned the tide of battle."

"Our boys are fighting amongst the fire and shot. Are we praying? Let this be part of our service to our country."

INCREASE FORCES IN RUSSIAN CITY

(By Associated Press) LONDON, April 20.—There has been a necessary increase in the Allied forces at Vladivostok, because of anti-Japanese demonstrations in that city, the Denton Exchange Telegraph correspondent wires.

BLIND CHILD SAVES SIXTEEN LIVES

(By Associated Press) NEW YORK, April 20.—Rosa Cohen, aged 9, and blind, saved the lives of sixteen other blind children when a blind babies' sunshine home burned in this city early today.

Rosa awoke the children and marched them out of the burning building. The officials had not awakened until Rosa had saved the children.

Mr. and Mrs. J. Thos. Hall of this city received a message from their son, Martel, announcing that he had graduated in the naval training school Pelham as an ensign. The young man has been in this school the past several months, and his graduation is proof that he has been getting down to work. After a ten days furlough he will be ready to enter actual service, and his parents have wired him to come home for the little vacation if it is possible. If he can't come Mrs. Hall will visit him, as this will likely be the last opportunity for a visit for the duration of the war.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

STUDENT OFFICERS COMPLETE COURSES

(By Associated Press) WASHINGTON, April, 19.—Ten thousand or more student officers who today have completed their course of training at national army cantonments and national guard camps, will not be graduated and given commissions, but will be placed on an eligibility list, from which in order of their ratings they will be commissioned and called to service as the army needs them.

The men are exclusively noncommissioned officers and privates of the National Army, National guard, and regular army or students from colleges having military courses in the curriculum.

Until called for duty as officers, these men will wear white brassards on their arms as an insignia of their status. They will be called for service in small groups. Consequently it is impossible to present today any list of "graduates" as was done when the two previous series of camps closed.

Any man who has remained in the camps until today is assured of a place on the eligibility list.

Late reports to the war department bear out the estimate that sixty per cent of the men admitted will complete the course.

Elimination of unfit students has been going on practically since the opening of the camps. Physical examinations of those who passed all other tests began on April 7.

In each divisional school, students drawn from the division organizations will be placed on the "eligibility list" for Infantry, or field artillery, according to a war department memorandum. Students from other sources will be placed on separate lists for the same arms. It is the purpose of the war department to return the new officers, so far as is practicable to the units from which they came.

BRITAIN TAKES HOLD IN EMERALD ISLANDS

(By Associated Press) LONDON, April 22.—British Military authorities have taken over the principal Irish railways, post offices, and telephone lines, according to the Cork correspondent of the London Daily Mail.

The English authorities have removed the ammunition from the gun smiths in Dublin.

It is reported that similar action has been taken throughout Ireland.

FAMOUS GERMAN AVIATOR KILLED

(By Associated Press) LONDON, April 22.—Captain Baron von Rihthoff, a famous German aviator, has been killed, Reuter's correspondent with the British headquarters in France, reports.

Rihthofen was the leader of the German "Flying Circus." In a statement issued in Berlin yesterday it was said that Rihthofen on Saturday gained his seventy-ninth and eightieth victories.

His body will be buried with military honors.

FOR JUSTICE OF THE PEACE.

The Sentinel is authorized to announce Mr. Clifton Wells as a candidate for Justice of the Peace of Precinct No. 1 subject to the action of the Democratic primaries.

There is no better qualified man in the county for this position than Mr. Wells. He has been in the public service more than forty years, holding the district clerk's office three terms, and serving as deputy clerk for more than thirty years. He received from the latter position about a year ago on account of failing health, but with the rest he has recovered his health, and is now in good physical as well as mental trim for the duties of the position he seeks, and if elected, can fill it to perfection. He is also a most excellent courteous old gentleman who feels the need of the position at this time and with the promise of faithful efficient service solicits the support of the voters of the community in the forthcoming primaries.

ANOTHER SHIPMENT TO THE BELGIAN REFUGEES

Mrs. Z. T. Mast, chairman of the committee to obtain garments for the relief of the French and Belgian refugees, reports the shipment on the 17th of four huge boxes. This is the second shipment made by the zealous committee who have this work in charge. They report that the garments contained in the last shipment were of splendid value. Many of the ladies had contributed new material, which Mrs. Z. T. Mast and Mrs. L. L. Munsell made up into suitable and practical garments for this overseas relief. Too much cannot be said in praise of this worthy charity.

DEAD TOWN VERY SELDOM RECOVERS

Community That Is Not Prosper-
ous Cannot Attract New
Residents.

IS LIKE BIG CORPORATION

People Are Stockholders and When
They Spend Their Money Away
From Home They Deplete
Its Capital.

(Copyright)
There is nothing deader than a dead
town. Try as hard as it may to con-
ceal the facts, the truth is written all
over it so that he who runs may read.
No camouflage of bluff and bluster can
conceal the true situation from anyone
who comes within the limits of the
community. A dead town is dead and
that's all there is to it.

The worst of it is that once a town
dies it stays dead. There have been
exceptional cases in which dead towns
have been revived, but these are mere-
ly life-and-prosperity-but-these are mere-
ly life-and-prosperity-but-these are mere-

The fact that a town can seldom
"come back" is easily explained. The
growing and prosperous town today
is the one that can attract new resi-
dents and new capital. It is one that
can offer attractive inducements for
the location of new industries. The
dead town offers no attraction to out-
side capital. A man looking for a
place to launch a new business or a
new location for an old industry, is
not going to pick out a dead town. He
is going to select a town in which
money is plentiful, a town whose busi-
ness men are progressive and whose
residents, as a whole, are prosperous
and contented. There are too many
live and thriving towns in the world
for a man to risk his future in one
that is dead. This is the reason that
a town, once dead, almost always re-
mains dead.

Town Like Corporation.
There is just one thing, ordinarily
that kills a town in the first place and
that is a lack of money. A town is
just like a corporation and the money
possessed by its inhabitants is its cap-
ital. If this capital is depleted the
town will fail just as the corporation
whose capital is depleted through poor
management or other causes, fails.
And just as the corporation which has
once failed can seldom retrieve its lost
fortunes, the town which has failed
cannot often "come back."

The capital of a community is de-
pleted when its money is spent away
from home in a way that brings no
return benefit to the community. It
takes no great amount of thought to
be able to realize that the town like
the individual, cannot last long if it
is paying out more money than it
takes in. That does not mean that a
prosperous town is one in which the
people do not spend any money. On
the contrary, a prosperous town is
one in which the people do spend money
but it is one in which they spend
the money at home. As long as the
money is spent at home, the town
gains by having it kept in circulation,
but when it is spent away from home,
either by being sent to the mail order
houses or by shopping trips to other
cities, the town's capital is impaired to
that extent and if enough money is
spent away from home in that way,
the town collapses and virtually goes
into bankruptcy just as does the cor-
poration which dissipates its capital.

The people of a community are apt
to overlook the fact that they are
stockholders in their town and that
their fortunes are bound up with those
of the community as a whole. They
do not realize that if their town fails
they will fail with it. They—or many
of them at least—send their money
away to the mail order houses in the
great cities, without realizing that they
are impairing the capital of their own
corporation and that if enough of them
pursue that course they will force their
corporation into certain bankruptcy.

Merchants Not Only Ones Hurt.
Many customers of mail order
houses say that they are under no
obligation to trade with their home
merchants and this may be true. They
overlook the fact that the business
men of a town do much for their com-
munity and are entitled, in return for
what they do, to the support of the
people in the community, but leaving
this out of consideration, they over-
look the fact that they are bringing
about their own downfall when they
drain their town of its money—its
capital.

The home merchant will not be the
only one that will be hurt when the
town "goes broke." The merchant
can reduce his stock and cut down his
expenses and get along some way or
he can sell out and move to some other
town which has not been so blind to
its own welfare. It is the great
body of the people of the community
including all those who have sent their
money away to other cities instead of
spending it at home, that suffers most
when the hard times come.

The time for all the people to pull
together for a live town is while the
town is still live and not after it is
dead, for when a town dies it is a
long time dead—if not forever.

NACOGDOCHES TRADITIONS

"Speaking of gunflints reminds me
of shooting," such was a proverbial
saying in the days of Davy Crockett,
the backwoods Tennessee politician
and Texas patriot martyr of the fa-
mous Alamo. "Thermopole had her
messenger of defeat—the Alamo had
none."

The average present day soldier
could not explain the meaning of gun
flint, nor its modus operandi.

Speaking of war brings to mind the
Confederate States war. How differ-
ent from the war of this day. Then
in the beginning we had volun-
teer soldiers and none were refused.
Later on draft took all capable of ser-
vice from 18 to 45 years of age. The
word "slacker" was not in use. Those
who evaded service were called by
other names, often by harsh names
and they were made to show their
colors and to come in or hide out. A
common refuge for them was beyond
the Rio Grande. "Some who were from
the north ran away and stayed over-
there. Germans and foreigners did
not go against their neighbors—they
promptly enlisted in the Confederate
army. For instance our Hoyas,
Voigts, Ruchers, Hillenkamps, Wil-
korns, et al. He that was not for us
was at once absent, and there was a
reason.

"It was noted that the Northern resi-
dents were more active and devoted to
the south than was expected—they
were at first looked upon with suspi-
cion but they stood every test.

There was hardly an exception in
the county; if so he promptly van-
ished.

One instance of this was notable.
John F. Doherty, an ex-sheriff of
Nacogdoches county and later captain
of Rappet's noted cavalry company,
in both cases by accident, disappeared
all of a sudden without leaving a word
or trace of his destination—his com-
pany was at the time away out about
San Antonio on the way to El Paso
and Santa Fe. After the way Do-
herty returned from his northern re-
fuge in Indiana and raised a respect-
able family in Coryell county, Texas.
He was an intimate friend of the Or-
ton family before the war and visited
Nacogdoches county after the war
spirit had subsided.

There were other peculiar individ-
ual instances of sectional bias—nearly
all of them being on the side of the
south, their adopted home and against
the north, their former home—regard-
less of kin or kin. One of them was
Oscar Lemmon Holmes, of Cincinnati,
Ohio. He came to Texas about
1840 and became county clerk, holding
the office about sixteen years. He
was a most excellent and scholarly of-
ficer. He could speak Spanish and
was thus peculiarly efficient in his
office. Holmes was one of the very
hottest Southerners in the county.
He cursed the north without stint and
he renounced his kin and said he had
brushed the northern dust off his feet.
Holmes pined away and died—he had
no kin in Texas and was supposed
to be either an old bachelor or a sour
grass-widower. Out in the eastern
corner of the old cemetery Holmes's
grave is to be seen covered with a
wide marble slab, inscribed about like
this:

"I give and bequeath the remains
of my property to persons wounded
and maimed in the service of the south
—those from Nacogdoches county to
have preference." Alas, for fair hu-
manity! Holmes' northern heirs came
to light and broke the will—Ase Moore
was administrator. John H. Lewis
was a deserving claimant. The con-
test went through the courts. The
despised and disinherited heirs won.

CACTUS FED CATTLE BRING GOOD PRICES

(By Associated Press)
BRACKETVILLE, Texas, April
22.—Cattle fed on cactus in this
section of West Texas are bringing top
prices at markets. Because of the
dry weather that prevailed in this
section making grass scarce it was
necessary either to ship the cattle to
other ranges or find other foodstuffs.
The cactus has proved a success in
fattening stock, ranchmen say.

GERMAN RAID IS REPULSED

(By Associated Press)
PARIS, April 22.—German raids
east of the Ayre river, and near the
city of Rheims were repulsed by the
French troops last night, the French
War Office announced this morning.
Active artillery fighting continued
at many different points along the
lines.

MRS. D. RULFS IS DEAD— FUNERAL TOMORROW A. M.

Monday's Daily
Mrs. D. Rulfs died at her home in
this city this morning at 9:00 o'clock,
following a stubborn illness of some
four weeks duration. In fact her
health has not been good for some
time, but she had been seriously ill
the past four weeks.

The funeral will occur at Oak
Grove cemetery tomorrow (Tuesday)
morning at 11:00 o'clock, to which
relatives and friends of the family are
invited. Tucker-Sitton Hardware Co.
will have charge of the funeral ar-
rangement, and will be assisted by the
following pall-bearers: Luther Swift,
Henry Schmidt, E. H. Blount, George
Meisenheimer, W. T. Orton, L. M.
Huey, active, and Dr. F. C. Ford, J.
O. Ray, John Schmidt, A. Hillencamp,
Chas. Hoya and J. G. Orton honorary.
Rev. Atwell of the Episcopal church
will serve as the officiating minister.

Mrs. J. C. Neyland, a daughter of
Shreveport, and Tony Rulfs of Hous-
ton were with their mother when she
died. Will Rulfs and Mrs. Tony Rulfs
will arrive from Houston tonight.
Dr. Rulfs from Bannister is on the
way. John Rulfs of Los Angeles, Cal-
ifornia, cannot come at this time.
Made her husband, Mrs. Rulfs has
made her home in this city many
years, where they have reared a large
family of useful children who hold
prominent places with the good citi-
zenship of the country. She was a
good christian woman and a good
neighbor who was loved and admired
by those who know her, and many
hearts have been made sad with her
death.

EFFORTS TO GET PAPERS FAILED

(By Associated Press)
WASHINGTON, April 22.—The ef-
forts of the government to obtain
possession papers from officer Harry
Veedor, Chicago Attorney, desired in
connection with the meat packing in-
vestigation failed today, when the su-
preme court, refusing to review the
proceedings, in effect sustained the
federal court decree quashing search
warrants that had been issued.

The Daily Sentinel is adding many
subscribers from the rural districts
with people who want the latest news
while it is fresh from the wires. We
expect to add many more until the
little daily covers the county as "the
waters cover the sea."

NOTICE.
We, the undersigned banks of the
city of Nacogdoches, wish to notify
our customers and friends that on and
after this date our banking hours will
be from 9:00 o'clock a. m. to 4:00
o'clock p. m. government new time.
This is in accordance with our gov-
ernment's wishes, to help "Win the
War," and trust that you will arrange
to do your banking business between
these hours. And do not ask us to
violate this rule.

Important Notice

Doctors, Druggists and Drug Patients

We have two telephones--591 and 590. These two phones were put in to save time for you as well as ourselves

If you are in need of a doctor or a prescription clerk and you call 590 you will get quick results as the prescription clerk will only answer this phone

If you want anything else in the drug store you will save our time as well as your own by calling 591.

Do not call 591 for a doctor or prescription clerk for you will get the general phone and will cause several minutes delay to get the right party.

Mrs. J. D. Redditt of Center and Mrs. Hugh Jones of Joaquin are among the visiting ladies to the Missionary Conference, and are enjoying a visit to their former neighbor and friend, Mrs. L. M. Huey.

Lieutenant Ben P. Sanders, of Camp Warden McLean, Fort Ord, Cal., arrived in the city last night for a little visit to his parents, Mr. and Mrs. P. M. Sanders. Lieutenant Sanders is an instructor in the officers' training camp and can be away for only a short while, as a result of which he will leave tonight for a return to the camp. His parents and other relatives and friends are greatly enjoying the little visit.

Prof. Walden has returned from a visit to Lufkin, Diboll, Burke and other points down the country, where he went in the interest of his business college, and brings the cheering news that he secured ten new students for the opening of the next term. He expects to visit before the opening, and is optimistic with the outlook for a big class of boarding pupils with the next opening, as well as a good class of home students.

The Sentinel is informed that its report that Messrs. J. C. Parley and Dave Thomas had received commissions as second lieutenants was premature. They have finished their course, passed a creditable examination, and will return to their companies to await news from Washington. It is thought that they will receive commissions for some official capacity in the service, but this has to come from Washington, after their examinations have been reviewed.

WHITE MEN CALLED FOR ENTRAINMENT

The following white men are called for entrain March 26, 1918. The list of negroes called for this date will be published tomorrow:

John V. Teutsch, David L. James, Chas. Bass, William Judkins, Guy Parrish, Neal A. Roberts, Bascom Wingate, Robt. Roy Prince, G. E. Dean, Edward R. Helms, Jesse H. Day, Gus Spears, Bruce Dillon, C. N. Wilson, Charley T. Greer, Edward F. Wortham, Ennie L. Wilson, Albert Rice, Wm. B. Spruill, Joe E. Mims, Buster Evans, Ocie Pye, Walter L. Linder, William Heaslett, Phillip M. Christian, Geo. Arrington, John W. B. Sisco, R. E. Banks, John A. Simpson, Hernandez D. Bockman, Vernon C. Martin, Geo. W. Tinkle, Marshall Stone, O. C. Redden, Ernest Mitchell, J. L. Whitehead, Arch Lollar, Enoch W. Spencer, Charley C. Skiller, Ernest C. Sealbach, Elray E. Whitaker, Jim Lue, John B. Allison, R. C. McLain, Geo. E. Self, Dock T. Parnley, Nelson T. Dickerson, O. O. Mangham, Benice Mancil, Jefferson B. Garrison, Wylie E. Dorman, Vernon Cox, Rufus Glenn, Ellis V. Cureton, Joseph Stone, Addie E. Blankenship, B. R. Tenneson, H. B. Bates, Mark A. Furra, Jas. F. Helms, Bartlett M. Hall, Acey Lunsford, Jewell Helms, Claibe Stripling, J. O. Westmoreland, Cleveland Kinney.

SWIFT LOCALS

Health very good. We have had some more fine rains, farming is moving along nicely, most every one has good stands of cotton of the early planting, some few have not finished planting yet. The cool weather has checked the growth of our crops but with plenty of season in the ground we fear no disaster.

We feel grateful to report that our community went over the top with our quota of the Liberty Loan. Some of our citizens are due much honor for their fair success. H. I. Chandler took the lead by purchasing a \$500 bond.

WODEN NEWS

Everything seems to be normal with us at present except some haven't fully recovered from the trip to the river last week.

The school boys spent Thursday on the Angelina fishing and getting camps ready for the girls to come down on Friday for a fish fry. The holiday was given in observance of San Jacinto day which came on Sunday this time. Most every one in the community came on Friday morning in spite of the threatening weather and a bountiful lunch of hot fish, coffee, corn bread, etc., was served, and needless to say, everyone "dined sufficiently."

The following program will be rendered by the school boys and girls next Friday night, April 26 at the high school auditorium:

A play, "An Economical Bore-rang." Other parts, such as reading, songs, etc. It is expected to be interesting and entertaining and everyone is requested to be present. Also on Friday afternoon the community will observe Liberty Day in keeping with President Wilson's proclamation and we hope to have some interesting speakers for the occasion.

Dr. and Mrs. C. C. Pierce are in receipt of a message from their son, Herschel Pierce, announcing that he was in New Orleans, en route to Parish Island, S. C. where he goes for training for service with the marines. The young man joined this branch of the service at Houston some ten days ago, and having passed the necessary examination, now goes direct to the training camp.

MARRIED AT COURT HOUSE.

Mr. Virgell Miley and Miss Lois Lanston, a couple of young people of the Etoile community, were married at the court house this afternoon, Judge Perritte officiating.

BOY SCOUTS, LAST CALL!

This is the last week for boys who wish to enroll in the Boy Scouts troop for the new scout year, and all of the old scouts who want to renew their membership and all boys now twelve years old who want to become members should hand in their names and pay their dues between now and Saturday night. You can give the dues to Robert Monk, Jr., or to me, or bring them to the Stone Fort Scout hall Saturday night. But this is the last call, and if you miss it you will not be in good standing. The dues are 25 cents for the enrollment at National Headquarters at New York and 19 cents for troop incidentals. All boys who really want to make true scouts and will endeavor to pass to first class by September are earnestly requested to join at once. But those who are afraid of work, who cannot deny themselves a few pleasures for their country during this time of war and who only want to go on hikes and picnics with sissy boys and mollies, are asked to stay with their mothers at home, as they are not desired. We have no time to spare except for earnest scouts who want to make patriotic citizens, and who are ready to respond to the scout duty call any hour day or night; for that call will come very many times this summer.

The scouts are fixing up the stone fort in fine shape. They have put in good lockers for their tents, uniforms and equipments. They will repair the interior, make racks and shelves for canteens, and make cases for their museum, which will be opened to the public the week following. The completed scouts will invite the ladies of the Cum Conello club as special guests and also the public to a house warming or reception. The scouts have been placed under obligation to Mr. John Schmidt, Mes. E. A. Bount and Mr. Frank Sharp for generous donations in their preparations. The scouts are now collecting eggs of all sorts for their show cases and when it is completed you may see all sorts of eggs from sparrows to buzzards, from turkeys to turtles in that boy scout museum.

M. C. Johnson, Scoutmaster.

W. A. Cureton came next with a \$350 bond. Several others purchased \$200 worth. A committee was appointed to solicit more subscriptions and finish up the campaign.

The ladies have begun the Red Cross drive. Madison Samblin and family visited Mr. and Mrs. Reeves of Pollock, from last Thursday until Sunday.

W. A. Cureton and wife and Mrs. Fannie Crofford of Black Jack spent last Saturday with Mr. Wayne Clifford. Grandma Blanton has been real sick for a few days, her health is improving.

The trustees election just recently held at this place resulted in the Messrs B. Blanton and W. A. Cureton. Several from this community went to Nacogdoches last Wednesday to see the war train exhibit.

Some of the young men of our community will soon leave for the training camps, we regret very much to part with them but we know they are going on very important duty, we wish for them grand success.

Mesdames E. D. Williams and Ida Cottingham have purchased the John N. Gilbert home on the corner of Pillar and Mound street.

WELL KNOWN FORT WORTH BUSINESS MAN IS GIVEN SURPRISE

Mr. Custer Says, "I Never Used a Tonic in My Life That Gave Such Satisfactory Results, as Pep Systematic Pills."

Mr. James F. Custer, proprietor of the Custer Printing Co., 906 E. Weatherford street, Fort Worth, has the following to say about Pep Systematic Pills:

"Noticing in the papers that Renfro had a new iron tonic called Pep Pills, I made up my mind that I would try one bottle. I have taken only one bottle of Pep Pills and wish to say that I have received fine results from that one bottle. I never used any proprietary medicine in my life that has given such satisfactory results and in such a short time, as Pep Pills. Another thing I like about them is that they are easy to take and do not leave any disagreeable after-effects like some preparations.

"My stomach trouble has left me entirely and I have a fine appetite and can now eat almost anything. I am feeling stronger and better now than I have felt for a long time. I heartily

PEP SYSTEMIC PILLS
A Blood Tonic
A Liver Tonic
A Nerve Tonic
Three Tonics in One
SOLD BY

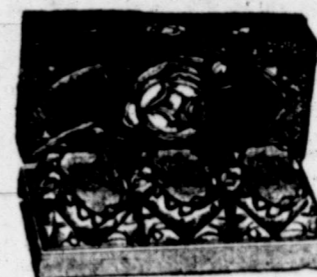

recommend Pep Pills to anyone and believe they are all that are claimed for them. I might add that I have gained five pounds in weight, too.

"I have taken a number of tonics, but none of them seemed to suit my case, as they never seemed to do much good. My blood has been in bad shape for several years, and I have tried many old-fashioned blood tonics to regain my strength, but have never noticed any real benefit before taking these pills. But now I feel like a different person and am glad to give Pep Pills the credit."

The above is only one of the many strong testimonials being received daily. Sold by Stripling, Haselwood & Co., and other druggists, ACCEPT NO SUBSTITUTE FOR THESE PILLS.—Adv't.

Soaps, Talcum Powders, Face Powders, Etc.

What Do You Pay for Your Soaps?

A nickel will still buy a cake of good sweet or toilet soap. Seven and a half cents buys a cake as large as is convenient to use. A dime buys as pure a cake of soap as you ever bought, such as Kirk's Jap Rose pure transparent soap or Colgate's Bath Tablets. Are you paying high prices for your soap or buying them from us?

Talcum Powders at Reasonable Prices

What do you pay for your powders? Are you aiding, abetting and deliberately encouraging high prices by paying 25 cents for a 15 cent can? Consider the tales such as Colgate's or Williams. There are none better. Some of you will pay two bits for the can that we sell for 15 cents. Every time you pay this extra dime you are guilty of boosting the price to that extent. Air-foam powder at 10 cents a can meets the demands of the most particular mother. It has all the virtues of the higher priced powders sold. Do you use it?

LEE & LEE

The Store With a Conscience

CIVIL SERVICE EXAMINATION

MAY 6, 1918.

The United States Civil Service Commission announces an open competitive examination for fireman-laborers for service in the post office, Nacogdoches.

No educational test will be given and applicants will not be assembled for a mental examination. The examination will consist of the subjects mentioned below, which will have the relative weights indicated.

1. Physical ability, 40.
2. Training and experience, 60.

Total 100. All statements relating to training and experience are accepted subject to verification. No applicant will be eligible for appointment who fails to attain a rating of at least 70 per cent in the subject of training and experience and a rating of at least 70 per cent in the subject of physical ability.

The examination is open to all persons of the United States who meet the requirements. For application blanks apply to Tom Buchanan at the post office.

LIBERTY LOAN NEWS.

Chairman Harris informs the Sentinel that Cushing has come across with an "over the top" report. She has subscribed \$25,000 of the Third Liberty Loan or \$1,000 over her quota. Chireno and Attyoac have not yet raised the quota assigned them, lacking \$2,500. Mr. Harris says to expect to have a report that these two people have met their responsibility by Friday.

The following telegram has been received this morning, which explains itself:

"June C. Harris, Nacogdoches, Texas. I call upon you most earnestly to make next Friday, April 26 a day which will live in the hearts and minds of the citizens of your country for all time. Men will think, talk, and write about this most strenuous and critical period in the history of the world. It is only right that we should celebrate the occasion with a manifestation of the national sentiment and that sentiment surely is that America shall win, must win. America is now the hope of the Nations. Civilization and everything that is good and right stand or fall with America. The Star Spangled Banner has stood for much that is good in the past. It now stands as the Banner of the world's salvation. Shall we not celebrate such a fact? Let us unfurl the flag, call music to our aid, have the children sing hymns of praise of their country and their God. One last word: practical patriotism is the only kind that counts. May every patriotic word and sentiment uttered and felt next Friday be coined into a practical response to our country's call for an overwhelming subscription to the Liberty Loan."

J. W. HOOPES,
Federal Reserve Bank.

NACOGDOCHES OIL MILL.

CHEAP CORN FERTILIZER.

We have about 300 sacks of cotton seed and peanut screenings showing by actual analysis to contain from 1.75 per cent to 1.85 per cent of nitrogen, .75 to 1.60 per cent of potash, and 1.50 per cent to 2.50 per cent available phosphoric acid. This is well adapted to fertilizing corn and sorghum, and can be sold much cheaper than a regular fertilizer of the same grade, and can be put out now while you are plowing your corn.

3d-2w. NACOGDOCHES OIL MILL.

Labor Warrant—For saw mill work pay from \$2.50 to \$3.00 per day. Apply at Langford Lumber Co., (Tra- wick, Texas or to R. L. Langford, Nacogdoches, Texas. Phone 47.

22nd 64p.

ETOILE REPORT

C. E. Richardson, D. White, G. E. Norwood, Audley Harris and Arthur Seale, spent Sunday in Etoile where they went in the interest of the Liberty Loan drive, and all are in loud praise of that community who responded so liberally.

They took dinner with Mr. T. S. Treadway, who is the owner of a large farm at Etoile and besides enjoying a very fine dinner they were shown over the farm by Mr. Treadway, who within three years has made a farm, which is now in a high state of cultivation out of the woods. Three years ago he began clearing the land and now has more the 100 acres in cultivation, it being one of the best farms in the county.

At 2 o'clock, Messrs Harris and Seale addressed the citizens of that community on the bond issue and \$1,300.00 was subscribed by these patriotic people.

CAVALRY TROOP ORGANIZES SATURDAY.

I have been duly authorized by Brigadier General Jacob F. Wolters, to organize a troop of cavalry at Nacogdoches.

I want to organize this troop by next Saturday afternoon, April 27th. Everyone that is interested, directly or indirectly, in this organization, should meet me at the court house at 3 p. m.

This will be an opportunity for you to get into a choice arm of the service, and go with a home company.

Applications will be taken from the age of 18 to 45 years.

This will be a special opportunity for those just becoming 21 to volunteer, and escape being drafted in the near future.

Come out Saturday afternoon and everything will be explained to you in detail.

W. E. THOMASON, Capt.

Messrs. R. B. Walthall and J. J. Frederick of Garrison were arrivals to the city this morning and have been spending the day in the city.

Dave Thomas, who has been in the officers' training camp for some weeks, following a course of training in the regular soldiers' training camp, arrived home this afternoon to enjoy a little furlough with the homefolks, and he is receiving the glad hand by his many friends.
