AIRPLANES COMING TO CITY SATURDAY

With Real Airplanes, Band Music, Big Parade and Many Noted Speakers.

The committee appointed to arrange the matter have received a message from the commander of the Ellington Field, at Houston, announcing that he will send a fleet of nine airplanes here Saturday to assist us in entertaining the big crowd that will come in for the Liberty Loan rally. If he is unable to send a whole fleet he hopes to send five, and if any hindrance should arise to prevent him from sending the latter number, he will do as originally requested, sending one, insuring the crowd that they will get to see one real airplane if not a whole fleet, but hope is entertained that we will get to witness a whole fleet in action.

The airplanes will arrive about eleven o'clock and land at some place to be arranged by the committee. They will rise and fly over the postoffice at 1:00 o'clock and drop a bomb (of the harmless variety) on the Federal building.

A big parade will be formed with the cavalry and infantry boys leading, commanded by Capt. Walthall and Mr. Robert Lindsey. Every loyal citizen is expected to join in this parade, which will march over some short route to be directed by the marshals in charge, bringing the crowd to attention in front of the postoffice building, where the people can witness the airplane flights. Immediately after the exercises of the airplanes, estimating that it will be about 1:15, Prof. McKnight of the Extension Department of the A. & M. will address the crowd in the interest of the Liberty Loan.

All business houses will be closed and decorated for the occasion, and in addition to this decoration there will be suspended on the street between Swift Bros. & Smith and the Farmers & Merchants Bank a great service flag 13 1/2 x 18 feet, containing over twelve hundred stars. Each of these stars represents a soldier boy of the county in the service, and if you have a loved-one who has joined

the colors, he is here represented and you will naturally feel personal interest in it. A committee of Nacogdoches ladies have worked energetically and faithfully on this attraction this past several days and nights and deserve much credit for the sacrifice and hard work they have put into it.

With these features, the people of Nacogdoches invite the people of the surrounding country to come and spend the day with us in the first county rally for the Fourth Liberty Loan and we are expecting a great crowd.

MASS MEETING OF COTTON FARMERS

To the Cotton Farmers, and All Others Interested in the Fixing of the Price of Cotton by the Government:

You have noticed in the papers that the government is contemplating setting a price on cotton, and it is now the purpose of Governor Hobby to attend a meeting looking forward to the setting of a price in Washington, D. C., Monday, and the governor is desirous of having the cotton raisers of the various counties meet and come to some estimate, as to what it costs the various farmers of the various counties to raise cotton, and looking forward to this end, I hereby call a mass meeting of the cotton raisers of this county to meet in Nacogdoches, Sept. 28, 1918, at 3 o'clock, at the court house, in order that the farmers may give expression as to what it costs to raise cotton in Nacogdoches county.

Now, I wish to insist that every man in Nacogdoches, who feels interested in this matter will figure, between now and the date of the meeting, just what it costs to raise cotton, and have your figures ready when we meet Saturday afternoon.

This is a summons to all, to meet at the Court House, Sept. 28, 1918, at 3 o'clock, in order that the subject may be discussed by all farmers who are interested in this subject, and that the result of our meeting may be furnished Governor Hobby, to be used by him in the meeting at Washington, Monday, 30th.

NEW YORK, Sept. 21.—Preparation of important prosecutions growing out of violations of war time statutes is nearing completion, according to federal attorneys, who announced here today that Jeremiah A. O'Leary and other alleged obstructors of the nation's military progress will be placed on trial this month and next.

The case of O'Leary and six associates indicted on charges of conspiracy to commit treason and espionage will be one of the last heard, said officials of the Department of Justice, because one of the defendants, John T. Ryan, a Buffalo, N. Y. lawyer, is still at large.

Others involved in the case, including Willard Robinson, Emil Kipper and Albert Paul Fricke, all of New York, Lieutenant Commander Herman Wessels of the German navy, generally known in this country as Carl

As an evidence of the interest that is being aroused by the people of the county in the Liberty Loan matter in advance of the big drive, a pretty story comes from some of the rural communities of the western part of the county.

Last Sunday afternoon representative people from Mahl, Cairo, Flat Woods, Lone Pine and Linn Flat met at the church at Linn Flat in a rally with the county chairman, Hon. June C. Harris, where Mr. Harris addressed them collectively.

The people of these communities arranged the appointment and furnished the audience within themselves, and Mr. Harris went on invitation rather than on his own initiative. The speaker talked for about one hour and forty-five minutes, and the audience, which packed the house with many on the outside, sat in rapt attention, giving close heed to every utterance made.

The enterprise and patriotism of these progressive people suggests an idea that will be used extensively in the campaign. Instead of sending speakers to every little community, an all-day rally will be held in some central community in different parts of the county where the people can assemble and hear different speakers and have other features of interest that would be impossible for the various individual communities.

FATHER PUNISHES PRINCE CHARLES

(By Associated Press)

AMSTERDAM, Sept. 25.—Crown Prince Charles of Rumania has been punished by his father, as commander in chief of the army, with close confinement for 75 days, for "transgression of military regulations."

The validity of the actions which led to his arrest will be investigated and such measures as may be required by the interests of the country and dynasty will be taken.

The Crown Prince began his sentence yesterday.

MANY KILLED AND INJURED ALLIED AIR RAIDS HUNS

AMSTERDAM, Sept. 25.—Seventy-nine persons were killed and 113 injured in forty-seven air raids by the allies on German towns during the month of August.

BUY A WAGON NOW

Get the Size and Kind You Want and Save Money Too

Late last fall "money would not buy" a wagon because no wagons were for sale at any price. Wagons are now scarce and hard to get and we believe it will be harder to find a wagon for sale late this fall than it was last fall. Prices are certain to be higher.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

CHANCELLOR SAYS SUBS DIMINISH ALLIED TONNAGE

(By Associated Press)

LONDON, Sept. 25.—Count von Hertling, the German Imperial Chancellor, addressing the main body of the reichstag yesterday, declared that German submarine warfare was slowly but surely diminishing the allied tonnage.

Above all, it is restricting the transportation of reinforcements of men and material from the United States, he said.

DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED

In The Years She Suffered Nothing Relieved Her Until She Took Tanlac—Five in Family Praising It.

"When my wife showed a gain of six pounds in her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss, who lives at 135 Porter Place, Detroit, Michigan.

"For several years," he continued, "my wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning."

"After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that gas trouble, her headaches and nervousness are gone and she sleeps like a babe all night. She

says she feels better than she has in a long time, and she sure looks it."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co. and Swift Bros. & Smith.

Ever Hear of Sing Khai Foo?

He was a Chinese money lender. Made loans to his customers and then had them ambushed on the way home by hired murderers who killed them and returned the money to Old Sing Khai Foo.

Whenever Sing Khai Foo made a loan he required the borrower to cover the loan with a mortgage on all of his property. This way he not only got his money back, but all of the property of his victims as well.

Not all of the Sing Khai Foes are in China. Some of them are in America—right here in Texas. They are the people who buy a few War Savings Stamps, lend a little money to the government, and then stab it in the back by purchasing non-essentials and luxuries.

Before you spend, ask yourself this question: "Can my government afford for me to spend this?" Don't stab America in the back. Buy U. S. War Savings Stamps. Help your country. Help yourself.

No man can be ideally successful until he has found his place. Like a locomotive he is strong on the track, but weak everywhere else.—Marsden.

Every man should find zest and joy in his work, should think of it as noble and worthy, and should put the best of life into it.—O. S. Marsden.

Since no place has been selected for the training camp of the Infantry companies being organized in Texas, what's the matter with Nacogdoches, where there is "plenty wood and water," and railroad outlet each way?

A former citizen of this city who left a few days ago requested a former neighbor and friend to send him an occasional reminder of the good old county's resources, having in mind, of course, some of the choice vegetables, new ribbon cane syrup, etc. Yesterday the former neighbor sent him a shoe box of grass burs labelled flowers, and is now in hiding for fear the prodigal will return more suddenly than he left.

One of our inquisitive subscribers out on Rural Route No. 19, wants to know if the trains still stop at Nacogdoches to put off and take on mail. We don't know.—Lufkin News.

Yes, and other thains come up from the arid regions of the Lufkin country to get a supply of water. Nacogdoches county hasn't so much rural country running up to the number "19" but she has plenty good water, by Hokey, and if we had a hose long enough we would turn it loose on that Lufkin editor. He doubtless needs another by this time—and it is a long way to Marlin where he is wont to go when he reaches the limit of tolerance in the community.

MERIT IS ITS OWN REWARD.

Approximately thirty boys and girls of the Fifth and Sixth Grades (Central Grammar School) War Savings Societies received their reward for special work done in War Savings during the vacation period.

The reward was in the form of a picture show party at the Queen Theatre Thursday afternoon, where these busy workers were taken en masse by a committee of the generous friends who offered this treat at the close of school. They were fortunate in being able to see America's favorite, Mary Pickford, in that delightful comedy "How Could You, Jean?"

The committee in charge tried faithfully to get every member of these two societies. They report, however, that they were unsuccessful in getting word to Purvis Spradley. This is particularly regrettable, as Purvis' fellow workers say, he was unremitting in his attendance and interest. If other members were overlooked, it was not intentional on the part of those who sponsored this party, and they hope it will be so understood.

J. T. Wheeler of Center was in the city today, coming over to bring his son, Oran, who will attend school here and make his home with his aunt, Mrs. Robert Wheeler.

REPRESENTATIVE HERE COTTON WEIGHING MATTER

Mr. R. D. Cunningham, a representative of the Markets and Warehouse Department at Austin, spent Thursday in the city, coming to inspect the various scales on which cotton are weighed here, and make such recommendations as he deems expedient in the interest of the service.

When seen by the newspaper man, and interrogated in the matter, Mr. Cunningham said that he found all the scales in good shape, and the loss in weight that has been complained of lately, as between the cotton yard and the compress, comes from deterioration in the lapse of time between the weights, and was a natural consequence which obtains with new cotton. To overcome this discrepancy, Mr. Cunningham recommends that the commissioners court be petitioned to create an office of public weigher and appoint a weigher to hold until the general election when one would be elected the same as any other officer and consecutively each two years thereafter. The rules governing a public weigher are as follows:

Rule 1. All scales must balance perfectly and break easily, on which weighing is done.

Rule 2. All weighers weighing for the public must make bond payable to the county judge of the county in which public weigher proposer to conduct his business. This applies to all weighers either elected by the people, appointed by the county commissioners or who may weigh for the public without appointment. The bond must be in the sum of \$5,000, if the weigher proposes to do business in a town or place that receives five thousand bales of cotton or more. If less than five thousand bales the bond must be in the sum of \$2,500.

Rule 3. All weighers, weighing for the public are required to keep a correct record of all produce weighed showing for whom weighed, the date which it was weighed, the character of goods weighed, giving the gross weight, the tare weight and the net weight of same. In case cotton is weighed he shall keep a correct record of each bale weighed, giving the gin marks and number of bale, and the names of the purchaser and seller of the cotton or cotton seed. This record must be kept in a well bound book subject to the inspection of the public.

Rule 4. All public weighers who shall be appointed by the Commissioners Court, or elected by the people shall appoint a sufficient number of deputies to enable them to weigh all produce offered to them for weighing in the different places in their respective precincts.

Rule 5. No person can become a public or a deputy public weigher, under the law, if he shall be interested in the purchase or sale of cotton wool sugar or grain, either as principal, agent, factor, commission merchant or employee.

Rule 6. All public weighers are required when weighing produce for anyone to give the true weight of same and to make no arbitrary deductions for moisture or for other causes. The exact weight in all instances shall be given and the weigher should state whether "wet," "damp," "moist," "damaged," etc.

The extent of all damage or deductions is a matter of settlement between the buyer and the seller and not the business of the weigher.

Rule 7. Scales should not be used continuously for more than thirty days without being thoroughly worked over, all pivots ground and otherwise be placed in good condition. All scales

should be balanced and tested each day by using standard test weights.

Rule 8. The scales of all public weighers will be either approved and a certificate given as to their correctness when inspected by this Department, or they will be condemned and their further use prohibited.

Note: Where the Criminal Statute governing public weighers is violated, the inspectors of this department will be required to file complaints with the proper officers and prosecute the offense to a final determination.

Note: The act of the first called sessions of the thirty-fifth legislature, 1917, S. B. 97, placed all public weighers in Texas under the supervision of the Departments of Markets & Warehouses. The above rules are made for the government of public weighers under and by virtue of said act.

NACOGDOCHES TEACHERS' INSTITUTE.

The Nacogdoches County Teachers' Institute was in session in this city last week, practically all teachers of the county being present. In spite of the heat, enthusiasm is not lacking and the prospects for a good year in the schools of the county are fine, judging from the interest displayed in the work.

The Institute was fortunate in having as its principal speakers, A. E. Chrislip of the Normal and A. W. Birdwell of the Southwest Texas Normal at San Marcos, each of whom conduct classes four periods of the day in subjects of value to the teachers. These men, who are specialists in teaching, are giving their services to the county without remuneration, and this should be appreciated by the citizens of the county as well as by the teachers.

In addition to the leaders, the Institute has had several other speakers before it during the week. Mr. McKnight and Mr. Buchanan from the A. & M. College spoke on Monday and Tuesday respectively. On Wednesday the teachers had the pleasure of hearing Miss Hogan of Houston, and effectively presented the war work of the Young Men's Christian Association. Grover Hartt, representing the Interscholastic League, and Mr. Blount, who spoke on Food Conservation. On Thursday, the Federal Land Bank was explained by Mr. Hall, and Rev. C. D. Atwell presented some phases of Red Cross work which are not commonly understood.

The Institute has received and favorably replied to a communication from the Angelina County Institute, asking that the two counties, and possibly others in this section, hold next year a consolidated institute. Committees from the two bodies will work out the details later.

The key-note of the Institute's work has been the service teachers can render this year to their communities, especially in a patriotic way. Many of the speakers have had that as their main theme, and much has been said less directly with that in view. Some part of each day has been spent in singing patriotic songs and a new spirit is apparent among old and new teachers.

Nacogdoches is proud to have these hard-working and in many cases poorly paid public servants here, and hopes their stay is proving pleasant as well as profitable.

Sour stomach, belching, wind in the bowels and constipation, can be corrected by taking a dose or two of Prickly Ash Bitters. It is just the thing for such ailments. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

GERMANS TAKE LOOT IN PREFERENCE TO VALUABLE MATERIAL

WITH THE FRENCH ARMIES, Sept. 19.—Efforts of the Germans to remove loot taken from private homes in their retreat

enough place for me to slip in a few words of approbation for the work which another organization has accomplished in France since we put our men into the field. Nobody asked me to speak in its favor because so far as I can find out it has no publicity department. I am referring to the Salvation Army—may it live forever for the service which, without price and without any boasting on the part of its personnel is tendering to our boys in France. But I have yet to meet any soldier, whether a brigadier or a private, who, if they speak at all of the Salvation Army did not speak in terms of fervent gratitude for the aid that the Salvationists are rendering so unostentatiously and so very effectively. Let a sizeable body of troops move from one station to another, and hard on its heels there came a squad of men and women of the Salvation Army. An army truck may bring them, but it may be they have a battered jitney to move them and their scanty outfits. Usually they do not ask for help from anyone in reaching their destinations. They find lodgment in a wrecked shell of a house or in the corner of a barn. By main force and awkwardness they set up their equipment and very soon the word has spread among the troopers that at such-and-such a place the Salvation Army is serving free hot drinks and free doughnuts and free pies. It specializes in doughnuts, the Salvation Army in the field does—the real old-fashioned ones that taste of home to a homesick soldier boy.

MANY GERMANS WOULD SURRENDER IF THEY KNEW SAMMIES WOULDN'T KILL

WITH THE AMERICANS ON THE VESLE, Sept. 19.—Many Germans are ready to surrender to the Americans if they knew the Americans would not kill their prisoners, say German prisoners. Some of them have requested that they be allowed to send a note to their comrades telling them the truth. German officers tell their men that the Americans kill their prisoners.

I did not see this, but one of my associates did. He saw it last winter in a dismal place on the Toul sector. A file of our troops were finishing a long hike through rain and snow over roads knee-deep in half-thawed icy slush. Cold and wet and miserable, they came tramping into a cheerless, half-empty town within range of the German guns. They found a reception committee awaiting them there—in the person of two Salvation Army lassies and a Salvation Army captain. The women had a fire going in the dilapidated oven of a vanished villager's kitchen. One of them was rolling out the batter on a plank with an old wine bottle for a rolling pin and using the top of a tin can to cut the dough into circular strips. The other woman was cooking the dough nuts, and as fast as they were cooked the man served them out, spitting hot, to hungry, wet boys clamoring about the door, and nobody was asked to pay a cent.

GERMANS EXCITED BOMBING OF METZ

German Report Says Few Persons Killed and Damage Insignificant.

GENEVA, Switzerland, Sept. 21.—The bombardment of Metz by American artillery caused surprise, but no panic, says the Metzger Zeitung.

"The enemy is merely complying with the method of the German bombardment of Paris. A few persons were killed, and the damage was insignificant."

It is learned from Basel, however, that it caused an enormous sensation in Germany. This is the first time the town has been under fire since 1870.

Offensive operations toward Metz strike at one of the most important German bases in the west. The city and the twenty-eight encircling forts comprise what has been regarded as one of the most formidable fortresses in the world. Metz is the center of important iron fields, which before the war supplied France and Germany with more than two-thirds of the ore used by their iron manufacturers.

Metz is on the Moselle 10 1/2 miles west of the French border. The city lays astride the Moselle river as well as on both sides of the Seille. Part of the city is on islands in the Moselle. To the east, north and northeast are the iron and coal fields of French and German-Lorraine. Deprived of these fields Germany could not conduct the war another three months, it is asserted.

The chief field of the Rhine district is that of Lorraine, including the Bassin de Briey, the greatest iron-producing region in the world. It is located mainly in Alsace-Lorraine and overlaps into Belgium and Luxemburg. It extends along the Franco-German frontier for thirty-five miles almost up to Pont-a-Mousson.

Germany's possession of the major portion of this productive area followed the signing of the Treaty of Frankfurt in 1871. Previous to the present war Germany obtained from the mines on her side of the frontier 21,000,000 tons of her total annual production of 28,000,000 while France got 15,000,000 out of a total production of 22,000,000.

Since her occupation in 1914 of the lines on the French side of the frontier Germany has added to her mineral wealth the 15,000,000 tons annually obtained by the French, bringing her total production from Lorraine

As a fortress Metz has been important since the Roanterra. Since that time it has never succumbed to frontal attacks. Its present system of fortification includes 28 detached forts which encircle the city proper. The outer chain of defenses, built within the last two decades, and undoubtedly perfected since the outbreak of the present war, extend to Thionville on the north, and Gravelette on the west.

The only practical road to this important region, military authorities agree, is the valley of the Moselle. At the head of the valley and barring the way lies Metz, ranking with Strassburg as one of the two great bulwarks of the German southwestern frontier. Metz is a city of 60,000 population, its chief industries being the manufacturing of weapons, clothes, shoes and hats.

West and southwest of Metz the course of the Moselle is lined with high, wooded hills. The German fortress also is protected by heights and woods northward.

From the American lines southwest of Metz the nearest forts are Fort Haeseler and de Sommy is less than five miles from the French town of Arnaville, on the Franco-German border. The forts surrounding Metz were similar to those at Liege, which were notable for their disappearing turrets. German guns, however, overcame these forts.

STATE ORGANIZER WAS HERE THURSDAY

Mr. A. B. Hillan, state organizer of the Retail Merchants Association, working under the direction of the Council of Defense, was a visitor to the city Thurs. enlisting the support of Nacogdoches merchants. Mr. Hillan said that in the interest of conservation of labor and other resources, a more rigid regulation of the free delivery system was being demanded of the business people. Not more than one delivery a day to a home is now allowed, and it is preferable that as far as possible free delivery be cut out all together. Mr. Hillan says that he found the Nacogdoches people very responsive, a number of them having already complied with the conditions, and that he enjoyed his visit with us.

Mr. Hillan is a former newspaper man and The Sentinel greatly enjoyed a little visit from him.

BARNES' CIRCUS IS COMING OCTOBER 6

Mr. Frank A. Cassidy was in the city yesterday launching an advertising campaign for an engagement of the Barnes Circus in this city Wednesday, October 8th.

It will be remembered that this circus was with us last year, and was possibly among the largest shows of its kind visiting this section. Mr. Cassidy says that many new features are carried this season. In addition to the regular features of the show, a patriotic feature is carried in which a part of the time will be given over to boosting the liberty loan campaign, and a Liberty Loan Booth will be maintained on the grounds. Local speakers will be given an opportunity to speak, and the whole arrangement is conducted in a way that is well pleasing to the government at this time.

A Woman's Hearty Recommendation

Worry and overwork cause kidney trouble and women suffer equally with men. Miss Sara Westen, Belvidere, Ill., writes: "I could not stop and when down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, stronger and better in every way. I heartily recommend Foley Kidney Pills."

STRICTLY ENFORCING WAR TIME STATUTES

Preparing For Prosecution of Important Cases, Including Jeremiah O'Leary.

(By Associated Press)
NEW YORK, Sept. 21.—Preparation of important prosecutions growing out of violations of war time statutes is nearing completion, according to federal attorneys, who announced here today that Jeremiah A. O'Leary and other alleged obstructors of the nation's military progress will be placed on trial this month and next.

The case of O'Leary and six associates indicted on charges of conspiracy to commit treason and espionage will be one of the last heard, said officials of the Department of Justice, because one of the defendants, John T. Ryan, a Buffalo, N. Y., lawyer, is still at large.

Others involved in the case, including Willard Robinson, Emil Kipper and Albert Paul Fricke, all of New York, Lieutenant Commander Herman Wessels of the German navy, generally known in this country as Carl Rodiger, and the Baroness Maria von Kretschmann, who posed here under the name of Mme. de Victrola, are in jail here.

O'Leary who was captured on the Pacific coast after a sensational flight on the eve of his trial for espionage as a writer in the ti-British magazine Bull, also is in the Tombs.

The lesser charge against O'Leary, in which he is a co-defendant with publishers of Bull and officers of the American Truth Society, charged with attempting to interfere with conscription, is scheduled for trial October 14.

The first case on the "espionage calendar" is that Max Eastman and the staff of the Masses, set for September 23. Hearing last spring of charges against this Socialist magazine and its makers, indicted for alleged anti-enlistment agitation, resulted in a disagreement of the jury.

Trials likely to be moved in October, officials stated, are those of Edward A. Rumley, charged with having bought the New York Evening Mail for the German government, and Scott Nearing, former college professor, indicted for conspiracy to obstruct recruiting and enlistment. Rumley is under bail on an indictment accusing him of perjury in concealing from the Alien Property Custodian the alleged fact that the Mail was enemy owned. Nearing's speeches and writings last spring caused his indictment.

Tried Many, Found the Best.

Foley Cathartic Tablets keep the bowels regular, sweeten the stomach and tone up the liver. J. G. Gaston, Newark, Ind., says he used a great many kinds of cathartics, but Foley Cathartic Tablets gave him more satisfaction than any other. He says they are the best cathartic tablets made. DISTRICT COURT.

The case of Matthew Bolton charged with shooting Son Alexander was reduced to an aggravated assault and he was fined \$25.00. In the second case in which he was charged with shooting Night Watchman Biggs, a verdict of not guilty was returned. It was brought out in the testimony that the shooting of Mr. Biggs was purely accidental.

The attention of the court today is being consumed with the trial of the case of Floyd Cortinas, who is charged with hog theft.

A NEW RULING ON SALE OF FEEDSTUFFS

County Food Administrator R. B. Walthall authorizes The Sentinel to announce that he is in receipt of a ruling from headquarters of the Food Conservation Committee announcing that effective at once retailers selling to consumers wheat mill feed, cotton seed cake and meal, peanut cake and meal, corn chops, rice bran and rice polish, and all mixed and ground feeds, shall charge a profit not exceeding 20 cents per hundred pounds at door or 25 cents for delivery. This ruling applies to stocks on hand regardless of market quotations, and future stocks.

Prepare for Changeable Weather
H. B. Miller, R. F. D. 10, Wooster, O., writes: "By the changing of beds and the weather, I took a very bad cold and sore throat. Four doses of Foley's Honey and Tar put me right in a day's time. It pays to get the genuine Foley's and avoid substitutes and counterfeits. Contains no opiates. Stripling, Haselwood & Co. dwl"

BLACKWELL-SANDERS.

Mr. R. H. Blackwell and Mrs. Beulah Sanders were married at the home of the bride's brother, Mr. Ed. Gaston, last week. Dr. Massey of the Methodist church officiating.

Mrs. Blackwell belongs to the well known Gaston family of the county, and Mr. Blackwell is one of our most substantial citizens. Both have many admiring friends with whom The Sentinel joins in congratulations and good wishes.

When Children Start to School.

School opens at a time of year when the change of seasons is likely to cause coughs, colds, croup, hay fever and asthma. Prompt action at the first sign of infection may keep children in prime good health and help them to avoid losing time. Foley's Honey and Tar is an ideal remedy. Stripling, Haselwood & Co. dwl

BRITISH CONTINUE PROGRESS THROUGH HINDENBURG LINE

Go Through the Main Part of Once Invincible Hindenburg Line.

LONDON, Sept. 21.—Northwest of St. Quentin the British continue their progress through the Main Hindenburg line, advancing their front northeast of Bellenglise.

The British attack against the Hindenburg line northwest of St. Quentin was resumed this morning east of Epehy.

The celebrated Hindenburg line or Siegfried line, barring the Allies' road to Berlin, has been compared by the German leaders to the great wall of China. Until the British broke it in the spring of 1917 they believed it impregnable to assault as was once the Chinese wall and regarded it as the eighth wonder of the world.

The Hindenburg line as generally defined is about 60 miles long running in a general north and south direction across the Picardy Plaine in France. Its northern extremity was guarded by the heavily fortified bastion of Vimy Ridge and by the mining city of Lens whose underground corridors and chambers long have barred the British. The southern end of the Hindenburg line, proper, is in the vicinity of La Fere or Laon. That end is protected in part by the forest of St. Gobian and the fortifications around Laon.

Between Vimy Ridge on the north and Le Fere on the south the line passes west of Cambrai and St. Quentin so as to protect those two important industrial and railway centers which are routes for bringing up supplies for the German Army.

Fearing that the northern end of the line might be turned the Germans established a "switch" line connected with the Hindenburg line at Queant, and running north about 25 miles to Ddecourt. They called this switch the Wotan line.

The northern end of the Hindenburg line and the Wotan line both have been broken more than once, by the British armies and both are now in possession of the British armies. Long ago the Germans lost Vimy Ridge and have failed to retake it.

The Hindenburg line is not a trench but a system of field fortifications. In places it is said to be ten miles deep, consisting not only of the trench system but of multiple lines of barbed wire entanglements, concrete positions for artillery, deep dug-outs capable of housing a battalion of troops numerous pill-boxes for machine guns and, in fact, every device the Germans have been able to assemble to block the way to Germany.

Near Bullecourt was a formidable underground fortification known as the "Tunnel Trench" which the Germans believed to be impregnable. This tunnel connecting the trenches was more than a mile long and was mined for its whole length, lighted with electricity and had entrances at short intervals. It was reinforced by concrete pill-boxes and support trenches. The British captured it in November 1917.

Below Graaincourt the British found great catacombs along the Hindenburg line. These were elaborately fitted up as battalion headquarters, electrically lighted and protected by concrete trenches.

Important Geran strong-holds protect the southern section of the line near La Fere. The forest of St. Gobian presents an almost insuperable obstacle in

attacking this end of the line. Laon, lying within the "Big Corner" where the line turns eastward along the Chemin des Dames, is regarded as the keystone of the whole German system.

Southwest of Laon the town was protected by Massif of Monampteuil, behind whose crest are huge underground ravines and shelters some big enough to hold a whole regiment. The forest west of Laon was crammed with a vast store of munitions and materials. Divisions of troops could concentrate in it unseen.

Behind the Hindenburg line the Germans are credited with three other lines of defenses.

Surgeons agree that in cases of cuts, burns, bruises, wounds, the first treatment is the most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. COTTON STATISTICS.

The ginner's report for Nacogdoches county shows that there were 2646 bales of cotton ginned in the county up to September 1 as compared with 1840 bales to the same date last year.

TWO FLYERS KILLED.

ALBANY, Ga., Sept. 20.—Walter Hilton, a mechanic was killed, and Lieutenant Ming, pilot, was badly bruised when their airplane fell today, two miles east of Dawson. Hilton's home is in California, and Ming lives at Austin, Texas.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

THE LAST MESSAGE

The War Industries Board has extended the time to November 1 for the newspapers of the country to get their subscriptions on a strictly cash basis and clear the books of every name more than three months in arrears.

We had to file a sworn report on September 1st in which we were required to list the number of delinquents, the amount of paper consumed, etc. With the next report we must show that the books have been cleared of every name in arrears, and we must keep them cleared for the period of the war, cutting them off as they mature to the limit.

The Sentinel is going through the painful operation of parting company with many of its old friends. The names and amounts due at the time of discontinuance are being carried to account on the ledger where we will have a record of it at any time it is convenient for any of those being cut off to make settlement and re-instate their subscriptions.

And in this connection we want to emphasize the fact that in being forced to drop the name from the list does not carry with it the idea that we surrender the indebtedness. You will still be due us the amount and we have an abiding faith in the majority of you coming in

and making settlement of it at your earliest convenience. We have carried you in the lean as well as the fat years, and since the distress is now at our end of the line, we feel that you will come to our rescue as we have always gone to your rescue.

As a final word, let us remind all subscribers that we shall have to continue to drop these names from time to time as they mature an indebtedness of three months, and if you wish to avoid interruption in the receipt of your paper, watch your subscription and do not allow it to lapse. Many who have made annual settlements, and who doubtless contemplate doing so again this fall will be caught with it unless they change up the method. For instance the man paid up to the first of July would reach his limit October 1.

If you are in arrears with your paper, regardless of whether or not it is The Sentinel, we would urge you to settle it at once. The newspapers have suffered more than most any industry with the restrictions and burdens of the war, and the best any of them can hope for is to get by until the war is over.

FOR SALE—Overland truck almost good as new, \$850. One new 5 passenger Ford car with all extras you would want on a Ford car. Zeno Cox, Jr. 1w

FREE SCHOLARSHIP IN THE SCHOOL OF YOUR CHOICE

The Tyler Commercial College of Tyler, Texas, is positively the only business college in the state which teaches a thorough course of practical modern bookkeeping and business training. Other schools teach theoretical bookkeeping; some of them call it actual business, but it is not. The commercial room of the Tyler Commercial College is community of business houses of various kinds, Banks, Wholesale Commission, Real Estate, Retail Insurance, etc.. Each student is engaged in real, active business learning to do by doing. Every entry made by the student during his entire course is organized by an actual sale or purchase; it may be grain, it may be groceries, dry goods, real estate or stock in a corporation, but the transaction is really performed and every paper required in the transaction, whether check, note, draft, receipt, mortgage, deed or what not, is filled out by the student. Partnership contracts are drawn up and agreed upon between the parties forming the company. Articles of incorporation are drawn up. Through these practical methods the student learns business as well as bookkeeping; they learn how to meet one another face to face and transact business in a business way, instead of copying the theoretical transactions from a text book, as is done in every other commercial school in the state. It takes more teaching force and better teachers to teach our systems and they must be well informed on business customs. When a student learns to do a thing by actually doing it, he learns it thoroughly, and with our practical, face to face business methods were able to give the student a thorough course of both bookkeeping and business training in less time than he could possibly get the theory or so called practical bookkeeping alone in other schools.

We will give a free scholarship in the school of your choice to anyone finding another school teaching both bookkeeping and business through practical business transactions as we do.

Similar practical methods are used in teaching Shorthand, Cotton Classing, Telegraphy and Business Administration and Finance. We believe in teaching in the school room that which you must do when going into the business world, and it is this policy that has made the Tyler Commercial College of Tyler, Texas, the largest school of the kind in America.

Write for large free catalogue explaining our original methods of teaching and securing position. There is a reason for our school drawing patronage from thirty nine different states and seven foreign countries. Investigate it, the best is none too good for you, for you must use this education for life and its quality measures your success.

Cincinnati man discovers drug that loosens corns so they lift out.

Good news spreads rapidly, and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops in the tender, aching corn or toughened callus and instantly the soreness is relieved, and soon the corn or callus is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

One Calotab at bedtime, with a swallow of water, that's all. No ausera, or the slightest unpleasant effects. You wake up in the morning feeling fine, your liver cleansed, your system purified, and with a hearty appetite for breakfast. Eat what you please, go where you please, no

restriction of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calotabs and will refund your money if you are not delighted with them. J (Adv.)

"As a man thinketh, so is he." If we train our minds to pursue pure, progressive, patriotic thoughts, we will be pure, progressive patriotic citizens, and our lights will shine for good; if the reverse is true, the world will shun us. In these times of great stress and distress, let's not stop to calculate the cost or estimate the burden of the task—with true American spirit, let's do what our hands and minds find to do with a spirit of cheerfulness, and there will be no "cost" and no "burden."

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? I did, and soon saw it was helping me. After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

SERBIANS ADVANCE TWENTY FIVE MILES IN ONE DAYS TIME

Cut Main Railway Line Between Unku and Saloniki—On Bank of Vardar River.

LONDON, Sept. 23.—After an advance of twenty-five miles in one day, Serbian Infantry units are now in the mountains region. The number of prisoners and the amount of war material captured increases daily.

Serbian troops have cut the main railway line between Unku and Saloniki river and are on the western bank of the Carcar river.

Serbiens have captured between nine and ten thousand prisoners and 120 guns today.

Break across Massif of Drachevishka.

Paris, Sept. 25.—During yesterday the French and Serbian armies broke across the Massif of Drachevishka. A serious resistance is being offered by the Bulgarian rear guards, reinforced by Germans.

Allied troops have progressed to north of Texarei and Kavador and reached Vardar in the direction of Negotin and Demirkapu.

The enemy has destroyed much property near Gradsko, and in the Vardar and Lake Doiran region railway stations, depots, munition parks and aviation supplies have been destroyed.

ONE OF "OUR" BOYS BOOSTS THE SALVATION ARMY

In writing a friend in this city Mack Monk, one of our boys on the firing line in Europe, says among other things: "If the Salvation Army people start a drive in Nacogdoches, boost it."

AMERICANS DEVELOP NEW TYPES OF GUNS

(By Associated Press)

CENTRAL FRANCE, Sept. 21.—American ingenuity is fast making itself felt in the construction of field guns in the vast workhouse of the ordnance branch of the American army here.

One of the American designs which has won strong favor with the French experts is the "split-trailer" which extends back of the gun from the wheels down to the ground. From the earliest days of gunnery this trailer has been a single piece. But the Americans have split it in two from the ground up, so that two great legs spread out backward from a cannon.

The results have been astonishing, permitting an ordinary field piece to be elevated to 30 degrees, or almost straight up. The American design has now been adopted as the standard French model, and it is going in to all the new guns made at French arsenals.

SERBIAN ARMY IN BIG ADVANCE

LONDON, Sept. 21.—Serbian troops east of Monastir have advanced more than nine miles in one day, and are now less than eight miles from the main highway connecting Frilep with the Vardar river.

A Serbian official statement says that a great number of prisoners have been captured, and that the allies have taken Godiyak, west of the Cerna river, and fifteen miles southeast of Prilpu.

The Serbians in their advance northward, have passed the line of Krynovo-Stringove-Drogovel-Poloshko. Soldiers who have been forced to enlist in the Bulgarian army during the occupation of southern Serbia are throwing away their arms and joining the army of liberation.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It attacks all classes, regardless of age, sex or conditions. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, difficulty when urinating, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded, if they do not help you.

STOPPED MAKING BEER AND NEAR BEER

WASHINGTON, Sept. 21.—The food administration issued an order today, effective immediately, prohibiting the making of grain for brewing beer and near beer.

PROMOTED RECEPTION TO RETIRING MEMBERS

Friday night the local chapter of the Eastern Star promoted a reception in honor of Mr. and Mrs. G. B. Engledow who will soon move to Tyler to make their future home, and the affair is reported to have been a most interesting and happy one, greatly appreciated by the guests of honor and all present.

At the appointed time for call in the meeting to order, Mrs. Geo. T. McNeess, worthy matron of the local chapter, made a beautiful talk, in the course of which she paid tribute to the worth of Mr. and Mrs. Engledow as members of the order and on behalf of the membership expressed the profound appreciation of the members for them. At the conclusion of her remarks she presented Mr. Engledow with a beautiful gold watch chain as a more substantial token of their appreciation for his untiring service as worthy patron. Others made talks along the same line, to which Mr. Engledow responded as best he could, but was so overwhelmed with gratitude that he responded more with his countenance than his eloquence.

A course of refreshments was served, and the entire meeting was consumed in a social session, with the chief purpose to do honor to these worthy retiring members.

Mr. and Mrs. Engledow have been very faithful to the Eastern Star, which is best proven by the honor bestowed upon them on this occasion. Mr. Engledow has long served the order as worthy patron, always present and ever ready to perform any service that would contribute to the work of upbuilding the institution. Mrs. Engledow has been equally faithful, serving the chapter in different capacities, and so distinguished herself with service as matron that she was appointed district deputy grand matron which calls her to visit other chapters over the district, and to which she always responds with enthusiasm.

Mr. Engledow also belongs to several other fraternal orders of the city, in which he is equally faithful, and both he and his wife have been loyal, faithful workers in the church to which they belong, altogether making them among our most useful citizens, and they have a great host of friends in the city who will deeply regret to lose their citizenship.

Mr. Engledow will go to Tyler tomorrow where he will begin work Monday morning with the Tyler Courier-Times. Mrs. Engledow will attend the state meeting of the Eastern Star before leaving and join her husband after a few days in the neighboring city where they contemplate making their future home.

In this connection The Sentinel is constrained to intrude with a personal tribute. Mr. Engledow has been associated with the publication of the paper the past seventeen or eighteen years, and throughout this long career he has been loyal and faithful to every trust. Being of a congenial nature and jovial disposition, he has always been a favorite, with the force, and every one of us will miss him. He leaves the work of his own accord, having been offered a more attractive position than we can afford, and he carries with him to his new field of labor the respect and esteem of every member of this office.

BRITISH TROOPS MAKE PROGRESS

At Another Point Germans Penetrate the British-Line Only to be Ejected.

LONDON, Sept. 23.—On a front between Arras and Lens, there was a continuation of the advance movement in the Gavrilie-neighborhood. Southeast of that village English troops made progress on a front of three quarters of a mile.

Northwest of St. Quentin the Germans penetrated the British line at one point at Berthacourt during an attack. Their positions were reestablished by counter attacks.

GERMAN BOYS WHO REFUSED TO ENTRAIN FOR THE FRONT WERE SHOT

AMSTERDAM, Sept. 19.—A number of German recruits, most of boys of 18 who refused to entrain for the front at Aix-La-Chapelle, were fired upon by soldiers and eight were killed and many wounded.

County Treasurer W. Y. Hall informs The Sentinel that he is in receipt of a remittance of \$1,384.40 from the State Highway Commission. The county has previously received \$2,026.64, making a total of \$3,411.04 for the public highways of this county coming from the commission.

Dr. and Mrs. R. P. Lockey left for Galveston the forepart of the week where they will spend some days while Dr. Lockey is recuperating from an attack of typhoid, and as many friends at home hope that he will soon be able to return home in the full enjoyment of health.

Mrs. C. D. Thomason of this city is in receipt of a message from her son, Karl, announcing that he has landed in the United States and is coming home on a furlough. Carl belongs to the navy and has been in Europe the past eighteen months. This is his third term of service in the navy.

Capt. W. D. Winston of Moscow, a personal friend of Mr. W. F. Price and Judge S. W. Blount, has been in the city today, coming up to bring his daughter, Miss Noreen Winston, who will attend school here this session. The young lady will be at home with Mrs. J. W. Mast.

Mr. J. L. Langston, a former citizen of the city who is now making his headquarters at Emad, La., where he is holding a good position with a big saw mill company, came over yesterday for a little visit to old friends. Mr. Langston says the mill with which he is employed is cutting a big lot of lumber for the government.

I. C. Oliver of near Nacogdoches was here Friday. He came over to look after his farm in the Sand Hills. Mr. Oliver has recently returned from San Antonio, where he spent three weeks visiting relatives and while there he viewed the training camps and is enthused over the way Uncle Sam prepares his boys for the great conflict.—Center Champion.

Rev. C. A. Westbrook and family arrived home this morning an extended visit to Missouri, where Mrs. Westbrook and the children spent several weeks with relatives and where Rev. Westbrook joined them two or three weeks ago and conducted a meeting. The many friends of this good family are glad to have them home again, and Mr. Westbrook's congregation will be glad to hear him preach again tomorrow.

Mr. and Mrs. R. H. Foxworth, former citizens who have been making their home at New Caney the past several months, have returned, accompanied by their son-in-law, O. E. Weeaver, who has accepted employment at the Frost-Johnson mill and will be joined by his family after a day or two. Friends of Mr. Foxworth will be pained to learn that his health has been bad lately, and that he will have

to undergo an operation to get relief.

Hon. Eugene H. Blount and Dr. J. D. Ellington are attending a meeting of the Y. M. C. A. and other organizations meeting in Dallas this week to arrange programs for forthcoming drives. Mr. Blount is a director of the state organization and Dr. Ellington has been chosen county chairman for the Y. M. C. A. They will return Wednesday afternoon, and upon their return The Sentinel will get a more extended report of the work that is to be done.

CITATION BY PUBLICATION.

To the sheriff or any constable of Nacogdoches county, Greeting:

R. S. Speer, administrator of the estate of Jacob & Mary C. Henry, deceased, having filed in our county court his final account of the estate of said Jacob and Mary C. THE MEN IN CLASS A-1

A sound, healthy man is never a back-number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A-1. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. NOTICE OF TRUSTEE'S SALE

State of Texas, County of Nacogdoches.

Whereas, by virtue of authority vested in me, as trustee, named and appointed in a certain deed of trust, recorded in volume seven (7) on page 107-8-9 records of real estate mortgages of Nacogdoches County, Texas, executed and delivered to me on the 27th day of December, 1915, by R. H. and Anna G. Lee for better securing the payment of two certain promissory notes of \$250 and \$75 each, more fully described in said deed of trust executed by the said R. H. Lee, payable to the order of W. Y. Garrison, Garrison, Texas, and

one year and 60 days after date, each respectfully bearing 10 per cent interest per annum from date until paid, interest due and payable annually as it accrues, providing value to pay either of said notes or any installment of interest thereon due, shall at the option of said notes, or either of them, mature each thereof, and in such event the holder thereof may proceed to collect the same in the same manner as if the full time provided in said deed had expired, and also providing for the payment of 10 per cent additional on the amount of principal, and interest due as attorney's fee, if placed in the hands of attorney for collection.

And, whereas, the said W. Y. Garrison is the holder and owner of said notes, and the said R. H. Lee has made default of payment in said above described notes, and the same is now past due and unpaid, principal, interest and attorney's fees, by reason thereof, and as provided for in each of said notes, and is said deed of trust, the said W. Y. Garrison has declared each of said notes under all of said indebtedness immediately due and mature and has heretofore so notified the said R. H. Lee, in writing; and whereas, each of said notes are now past due and unpaid, now aggregating principal, interest and attorney's fee, six hundred and seventy-five dollars (\$675); and, whereas, I have been requested by the said W. Y. Garrison to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit: between the hours of 10 o'clock a. m. and 4:00 o'clock p. m., at public auction, to the highest bidder, on the first Tuesday in October, A. D. 1918, the being the first day of said month, at the court house door in the town of Nacogdoches, in Nacogdoches county Texas, the following described property to-wit:

All of the hereinafter described land and premises, situated lying, and being in the county of Nacogdoches and state of Texas, and described as follows: Being a part of the M. D. SCHOOLS ORGANIZE INTERSCHOLASTIC LEAGUE

The Nacogdoches County Teachers Institute organized Wednesday for University interscholastic League work. A very enthusiastic executive committee was elected. It consists of the following members:

- Director General, C. Shoultz.
- Director of Declamation and Debate—J. F. Bolton.
- Director of Spelling—T. A. Cook.
- Director of Essay Writing—Miss Maya Province.
- Director of Athletics, P. F. Doming.

This committee hopes that the teachers will cooperate with them to make this year the greatest in the history of this work in Nacogdoches county.

The following schools became members:

- Pisgah, Lone Star, Trinity, Mt. Horeb, West End, Martinsville, Pleasant Hill, Woden Spring Hill, Black Jack, Oak Ridge, Myrtle Springs, Red Oak, Saucil, Maytown, Clear Branch, Trawick, Appleby, Fairview, Nat. Oak Flat, Gravel Ridge, Liberty, Blake, Cedar Bluff, Twilight, Little Flock, Melrose, Chireno, McKnight, Cushing, Nacogdoches High, Douglas, Linn Flat, Woods, Swift No. 1, Alazan, Holly Springs, Pine Hill.

There are only a few schools of the county that did not join the League. Most of them if not all, will become members before the institute adjourns. Every school should become a member for the University Interscholastic League is one of the most effective organizations for patriotic purposes in the schools today. In addition to this there are three other special points that should be noted concerning these contests:

1. They train for leadership.
2. They give proper environment for the proper development of certain instincts.
3. They develop the true spirit of sportsmanship.

CENTRAL COMMITTEE MET THURSDAY NIGHT

The Central or Executive Committee of the Liberty Loan Campaign met with the chairman Hon. June C. Harris, in the county court room Thursday night; after some discussion, worked out several features for the forthcoming liberty loan campaign.

It was agreed that Saturday, Sept. 28th, be made a county rally day with a central meeting in the city of Nacogdoches, to which the people of the county be invited to attend. Messdames Ben T. Wilson and W. S. Davis were appointed as a committee, with authority to add to their committee as they see fit, to superintend the work of having the town decorated for the occasion, and they will solicit every business house in the city to decorate his place of business for the occasion. As another attraction of the day, Hon. Moss Adams was appointed to make an effort to have an airplane visit the city on that day. It is thought that this attraction can be obtained very easily by going after it in time, and Mr. Adams has already made application.

It was also the sense of the meeting that a rally should be held in each community, following in consecutive days of the campaign.

Numerous other matters were discussed, and plans adopted which will get everything busy on a definite plan to push the campaign to the fullest extent and go over the top as quickly as possible.

OLD CLOTHING WANTED BY THE RED CROSS

Beginning last Monday, with Ben Tucker, a well known citizen of the city, acting as chairman, the Red Cross launched a drive for old clothing in an effort to secure as quickly as possible, the quota of two thousand pounds assessed against the county.

Every branch and auxiliary in the county is urged to cooperate in this drive, and gather up as much old clothing as possible, which will be sent to the civil population of Belgium, and needy people in other stricken sections.

Winter is approaching—in fact it has already arrived in many sections of the war torn country, and many unfortunate people who can not help themselves are freezing and starving. We can contribute to no greater cause of charity, and with the blessings we enjoy in old Nacogdoches county, we should go over the top with this most moderate call on the first day.

By asking for old clothing, it is not meant clothing that are worn out and useless are wanted. Almost every person of this county doubtless has one or more good garments, which are serviceable, he or she can spare, and by dividing with those who have none and no means by which to procure them, you will bring a blessing to your less fortunate neighbors.

YOU will not have the best if you fail to get EDUCALINE for Malaria, Chills and Fever. The general tonic properties restores strength and vitality to the weakened body. Guaranteed. Price 60c

FALL OPENING

We are pleased to announce to our friends and customers that we have received our entire Fall line of Dry Goods, Shoes, Hats, Clothing, Men's and Ladies' ready-to-wear, and have them now on display. You have, no doubt, heard about the scarcity of merchandise and high prices, but we want to assure you, that such is not the case with us. We have been very fortunate in getting all of our merchandise that we bought long ago, and for that reason we are in a position to offer you merchandise at surprisingly low prices. We are better prepared to serve you this year than ever before.

Below we give you only a few of the many bargains we have to offer.

<p>Genuine Everett Gingham, best quality, 35c values. Special. 24c</p> <p>A large assortment of percales in dark and light patterns, best quality. Special, per yard 22 1/2c</p> <p>75 bolts of the best grade outing, Sale Price, per yd. 24c</p> <p>All of the best grade cotton flannel you want at 24c</p> <p>We have three different grades of bleaching and domestic, sale price from 15c to 30c</p>	<p>We have sale prices on all staple goods in our house.</p> <p>SHOES! SHOES! SHOES!</p> <p>Our shoe stock is too large this year, to mention prices here. All that we ask is that you come around and see for yourself. If we can't save you money on your shoe bill, we don't ask you to buy. Just to be plain, we have no advances on shoes at all. We can sell you shoes as cheap, and in some cases cheaper, than you bought them last season.</p>	<p>ATTENTION LADIES:</p> <p>We are now carrying a complete line of dresses in all the latest styles and materials, and we would be pleased to have you come around and see what a nice dress a little money will buy. You will also find a beautiful line of shirt waists in silks, crepes and georgettes, also a large assortment of organdies and voiles. These waists are exceptionally good and they will be on sale from \$4.95 down to 75c</p>	<p>MILLINERY</p> <p>We always boast about our millinery department. We have a right to boast, we sold more ladies hats last season than any other two seasons together. Why? Because we carry one of the largest lines to be found here. We carry only the best styles, have a competent lady in charge, and our prices are just about one-half cheaper than elsewhere. You will agree with us when you have visited our millinery department.</p>

LARGE ENROLLMENT FOR WALDEN'S NACOGDOCHES BUSINESS COLLEGE

In addition to the large number that had matriculated, ten new pupils enrolled last Monday and others during the week. Some ten or fifteen are expected the coming Monday and during the week—some coming from beyond Houston, others from Louisiana and still others from various parts of the south.

A GREAT SCHOOL TO BE BUILT IN NACOGDOCHES

This school "Hooverizes" for its patrons—it is following the plea of the government—it cuts down the cost and gives two courses for less than the cost of one elsewhere.

A pupil can take the combined business and shorthand course, with board, tuition and stationery included for less than other schools charge for these courses—without board.

"Walden's Short and Easy Way" saves you money and time gives you the BEST courses and places you in a desirable position. Nothing better! elsewhere.

at three times the cost. You had better enter Monday, and be ready for that desirable position in January—call or write

HAPPY WOMEN

Plenty of Them in Nacogdoches And Good Reason For It.

Wouldn't any woman be happy After years of backache suffering. Days of misery, nights of un-rest.

The distress of urinary troubles.

When she finds freedom. Many readers will profit by the following:

Mrs. E. Asforia, N. Fredonia St., Nacogdoches, says: "I had backache and pains in my hips and my kidneys acted irregularly and caused me annoyance. Doan's Kidney Pills did away with the trouble. I am glad to tell others of the cure Doan's made for me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Asforia had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

PROF. H. L. McKNIGHT IS COMING SATURDAY

Those who had the privilege of hearing him on the occasion of his visit to the Teachers' Institute here last week, will be interested to learn that Prof. H. L. McKnight of the Extension Department has consented to come to Nacogdoches and serve as the principal orator of the day at the opening of the Liberty Loan drive on the 28th. He will speak from the steps of the postoffice at 2:00 o'clock in the afternoon.

While in the city last week Prof. McKnight was pressed in to service to deliver an address at the court house, Judge Guinn adjourning court for the occasion, and those who heard it concur in the opinion that it was the greatest speech they had heard with reference to the war and its enterprises. Many were so overcome with it that they could not suppress their tears, and all were electrified and charmed with his eloquence.

It is also hoped to have an airplane visit this city on this occasion, but definite announcement cannot be made as to this feature yet. Mr. Adams, to whom the matter was assigned, is very busy on the proposition and is hopeful of success.

The band will discourse good music and there will be many interesting features with which to entertain the great crowd we hope to have with us.

Mr. Joe Simpson of Cushing has been spending the day in the city.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait until it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of the bladder or kidneys are usually indicated by stiff lame back, wrenching pains, lumbago, sciatica, nervousness, sleeplessness, tired, worn-out feeling, pain in the lower abdomen. These are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haaren Oil Capsules, imported fresh every month from the laboratories in Haaren, Holland. Pleasant and easy to take, they almost instantly attack the poisonous germs that are clogging up your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

Chemist Wins Lasting Gratitude.

"I tried several doctors and all kinds of medicine, and had about given up all hope of getting better. I did not think it possible that any medicine could be so wonderful in its effect as Mayr's Wonderful Remedy has proven in my case. You sure have won my lasting gratitude. I could not work at all and had constant pain in my stomach before taking your medicine."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all

stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

All civilized people of the world will rejoice with the British soldiers in the flogging they are giving the Turks in the Holy Land this week, and welcome the "drying up of the Euphrates." The murderous Turk has long been a menace to civilization, and the complete extermination of the tribe and confiscation of his dominions would be worth the price of the war if no other issue were involved.
