Republicans Apparently Lead House, and the Democrats Senate

(By Associated Press)
NEW YORK, Nov. 6.—The republicans have reversed the Democratic control of the House. On incomplete returns received up to 3 o'clock this afternoon, with seventeen districts missing, the Republicans have apparently 225 out of a total of 435 in the House. The Democrats apparently have 15 and the Republicans 6 number of seats in the senate. The contest is still in doubt.

In Michigan Newberry, republican, has a slight lead over Henry Ford for the United States senate.

In New York incomplete returns for governor give Alfred E. Smith, democrat, a good lead over Charles S. Whitman, republican.

The Planter Sensation of 1918

was the planter shown below. Farmers were so delighted with its work that they lost no time in spreading the good news among their neighbors, and orders poured in on the factory in overwhelming numbers from every Southern state.

It is a class by itself for planting peanuts, shelled or unshelled. There is no cut-off to crack or crush nuts. It also plants perfectly corn, beans, peas and other grains any distance apart.

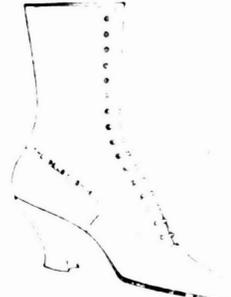

Having a double hopper, it will plant corn and beans or peas at the same time; or plant a row of corn and then a row of beans without changing seed gears or emptying hopper. For cotton a separate hopper is furnished.

Thousands of farmers were disappointed last spring because the factory could not make these planters fast enough to supply the demand. It will probably be the same this coming spring, so let us book your order at once. "It's better to be sure than sorry."

PEACE IN SIGHT

All rejoice that the righteous peace, which guarantees the liberties and rights of the small nations as well as the large, and will form a league of nations which will preclude the possibility of future wars, is in sight. In fact, the hour seems to have arrived, and we can take hope that there will be but little more bloodshed to accomplish the glorious victory for which our own glorious nation went forth to battle.

With the crumbling of Bulgaria and Turkey, Germany had lost all her allies of any consequence save Austria-Hungary. An Associated Press dispatch was received by The Sentinel Sunday night announcing that Austria had signed the terms for an armistice submitted to her and that it would come into effect at 3:00 o'clock Monday morning. This concludes one of the biggest battles, if not the largest in results, of the war. The Austrians were fleeing in disorder in every direction, and the Italians with re-inforcements of the allies were pursuing them with a determination to annihilate the whole Austria-Hungarian army. By reason of this great victory the Italians were able to dictate terms of a complete and absolute surrender, which doubtless provides that the allies can march on through former enemy country to the boundaries of Germany if she chooses, and use the equipment which was formerly arrayed against us in accomplishing the surrender of the last enemy. In addition to these advantages we have Turkey out of the way, which opens up the Dardanelles and the sea for the activity of the navies of England and her allies, and nothing now remains but to close in from all sides and crush the very life out of Germany in a very short period of time if she refuses to surrender with the forthcoming day, that is being worked out in conference. It is not believed that she can or will refuse, and many military experts hold the opinion that the war will end within the calendar of the present month.

Of course there will remain a lot of construction work to do. Anarchy of a local nature will develop in many quarters which will have to be suppressed; armies will have to be left in charge of many quarters until a stable form of government evolved and the prescribed terms met, and Russia will have to be worked over and put on her feet. As France and England are so exhausted from the long war it is likely that the United States will be called upon to do a large share of this work, and it will therefore be some time before the soldier boys can be turned loose except as their places may be supplied with new recruits. But with the cessation of the big battles, and the sweet assurance that our boys can come marching home in full number except those who may fall victim to disease, ere long, it is indeed a pessimistic soul that does not feel better with the new turn of events in the war zone.

The "drouth" is still on at Lufkin, and the Lufkin News is threatening a very desperate measure in the following: "If there isn't more rainfall in Angelina county this month, we are in favor of putting the matter squarely up to the attorney general, by telling him the lid has been on long enough."

Many people are inclined to the idea that the great epidemic that has been over the country lately, in which thousands of lives have been lost, has some relation to the war, and was possibly caused by some poisonous infection being scattered broadcast. We would not profess authority or volunteer an opinion on the subject except to suggest that if it is an evil visitation from our enemies it should inspire us to greater activity in supporting the campaign of victory that it will take to suppress this and other infamous outrages that will follow until the world is freed from the power of the menace that has come as an evil genius with an ambition for the destruction of all mankind that did not submit its "kultur."

The Sentinel is glad to learn that the report which came a few days ago to the effect that County Attorney Sam Sayers of Angelina county was dead is a mistake, but to the contrary, he is getting well. The gentleman was very ill at the time, and so low that it was not thought he would survive, from which the report emanated that he was dead. Mr. Sayers has been making a brilliant record as county attorney of the neighborly county, and is a useful man whom the country could not well spare at this time.

Bully! A dispatch appearing elsewhere in today's paper gives assurance that Uncle Sam and her allies will have read Turkey for the forthcoming Thanksgiving dinner—and when they are through with it the "Christians" will be safe from future massacre within their ranks. This glorious accomplishment is worth the price of the war with itself, and disposes of a job that should have been attended to long ago.

Someone suggests that the citizenship could put in a day very profitably in patriotic work by going to the woods and gathering up all the hickory nut hulls for the government which is calling for them to make gas masks. But whether or not this plan is adopted, all an individual can contribute is a valuable service to the cause. Several carloads of nut hulls could be gathered up in this county.

Livingston on the south and Nacogdoches on the north report light frosts the first of the week, which leaves Lufkin without argument in the matter. There must have been a touch of it.—Lufkin News.

If it is possible that Lufkin can't get even a frost or a little dew, she is in the desert we have suspected.

George Bailey, the state representative of the Houston Press, says they are teaching the principles in the schools now something like this: "Can the Hun Run, The Hun Can Run. See the Hun Run, The Son of a Gun."

AIRCRAFT REPORT FILED TODAY

REPORT SHOWS ENORMOUS PROFITS WERE MADE OUT OF CONTRACTS

(By Associated Press)
WASHINGTON, Nov. 1.—The result of five months of exhaustive investigation by Charles E. Hughes and Attorney General Gregory into aircraft production since war was declared, was published today. The report recommended that three army officers be subjected to criminal proceedings on charges of dealing with corporations in which they were financially interested. They are Lt. Colonel J. C. Vincent, former vice president of the Packard Motor Co., Lt. Colonel George W. Mixer, a stockholder of the Curtiss Airplane and motor corporation, and Lt. Samuel B. Vrooman, Jr., of Philadelphia.

Of the original application of nearly seven hundred million dollars, the report showed the disbursements reported to June 30 last, amounted to four hundred and thirty million.

The civilian personnel of the air craft board was exonerated of any wrong.

The Dayton Wright Corporation, with a capital of a million, and government financing of a million and a half, has prospects of six million profits. The Ford Company, on contracts for five thousand Liberty Motors, will make a profit of over five million on an investment of approximately eleven million. The Fisher Body corporation, on an investment of eight hundred thousand, with government financing of two million, expects profits of three million and a half. The Packard Motor Company, with calculated investment of eleven and one half millions, on a contract for six thousand Liberty Motors, is estimated to realize profits of six and one half million. The Lincoln Motor Co., with an investment of seven million, is estimated to realize profits of seven millions.

A big part of these profits will be returned to the government on account of war taxes.

TOTAL SUBSCRIPTION TO THE LIBERTY LOAN

(By Associated Press)
WASHINGTON, Nov. 1.—Six billion and eight hundred and fifty million dollars was subscribed to the Fourth Liberty Loan. This is an oversubscription of eight hundred and fifty million. It is estimated that twenty-one million persons bought bonds.

INCREASE ACREAGE OF CASTOR BEAN IN TEXAS

(By Associated Press)
DALLAS, Oct. 31.—The demand for castor oil as an airplane lubricant has resulted in a greatly increased acreage of castor beans in Texas. The oil is said to be superior to any other lubricant, especially for high altitude flying.

A survey of the castor bean acreage in Texas just completed by representatives of the United States Department of Agriculture shows there are more than 13,000 acres in cultivation and a good yield of the bean is promised.

In the more southern part of the state harvesting the crop will begin soon. The government will take over the entire production of engine oil produced from the beans. Government expert said there promised to be a big increase in acreage next year.

ANOTHER SOLDIER BOY DIES OF DISEASE

From Friday's Daily.
Mr. H. M. Hutson, a well known citizen of the county, residing out some four miles east of town, is in receipt of the following letter reporting the death of his son:

American-Red Cross, Oct. 12.
Mr. H. M. Hutson,
Nacogdoches, Texas.

Dear Mr. Hutson:
By this time you have heard of the death of your son, Harry, from influenza and bronchopneumonia. He passed away in the hospital, Oct. 9, at 3:30 p. m., after a short illness. As Red Cross representative I can give you an idea of his last days and burial. Everything in the power of the best nurses and physicians was done for him, but to no avail. His funeral was strictly military, the coffin being draped with an American flag, the volley of shots being fired, and the last taps sounding. A band of comrades played "Nearer My God to Thee" and "Lead Kindly Light." Flowers, placed by friends, officers and French people, decorate the grave.

You have our deep sympathy in your sorrow, which is likewise ours.

Very sincerely,
L. MARGUERITE HORIEN.

Home Communion Service.

The name in the telegram is listed as "Harry," which is doubtless a clerical error as the father here was notified, and his address could have been secured in no other way except through the credentials of the young man.

Henry J. Hutson enlisted with the Coast Artillery Co., which went from this city to Galveston, and which was subsequently taken over by other branches of the service. He left New York for France July 14th, and had written several letters to the homefolks since his arrival in the foreign country, the last being dated Sept. 28th, and seemed to be cheerful and ambitious to do his bit in the service. He was twenty-four years of age the 25th of last April, and was a fine young man, full of life, ambition and patriotism, letting the cause of his country come first in the beginning of his young manhood, and his memory will be revered by the people of Nacogdoches county, who also enter into profound sympathy with the bereaved family in their hours of grief.

SUGGESTS A "NUT DAY"

A timely suggestion that Nacogdoches people collect nuts.

The government is calling for nuts and the response has been disappointingly indifferent. Nature has been singularly prodigal in her nut crop for East Texas this year. There are tons of nuts in the woods. There are many of us who cannot give personal service, and not much financial aid to the war, but all can gather nuts.

Seven pounds of nuts is reckoned sufficient to produce gas to save the life of one man from a gas attack from the infamous Hun. Most any individual can go out and gather one-half bushel nuts, or approximately twenty pounds, and enough to save the life of three of "our boys," and be home in two hours. What better thing could be done. Let's wake up, Nacogdoches people! Let's have a Nacogdoches Nut Day. Who will lead?

ARMISTICE TERMS SUBMITTED HUNS STRICTLY MILITARY

MUSIC FOR THE BOYS OVER THERE

Only two mors days remain of Slacker Record Week! Rout out the idle, unplayed disks and set them to work. It also should bring in new machines, new records and needles, enough to keep the boys in music till they come back to hear it in their own homes.

Whether peace comes suddenly, or whether hostilities are prolonged the need of the fighters for entertainment will continue until the last unit has been demobilized and each individual soldier and sailor has returned to civil life. In the event of Germany surrendering, our millions of soldiers will find themselves sewed up for months in the enforced occupation of German strongholds along the Rhine. Then there will be the long drawn out process of demobilization after final victory is attained. In both these instances the military authorities will have upon their hands a vast army of men resting on their arms, men suddenly released from the inhibitions of wartime activity, men craving amusement and plenty of it, will entail consequences of the utmost seriousness to the future welfare of the men, whether the lull is only an armistice or the fore-runner of a permanent peace. For this reason the movement to collect and send records will be continued until the last American troop have returned to their homes.

The local committee in Nacogdoches is anxious to make a good showing in the campaign, and the members ask that all who are now harboring idle records send them at once.

ENORMOUS FINE IMPOSED ON BIG MILLING COMPANY

LEAVENWORTH, Kan., Oct. 31.—A penalty of \$90,121.37, the largest levied by the Kansas food administration, was assessed against the J. C. Lysle Milling company of this city, one of the largest flour milling companies in the state. The charge was "profiteering" by filing with the food administration false reports on profits. The company made an initial payment of \$10,000 of the fine, which went as an "evidence of good faith" to the Red Cross. The balance, \$80,121.37, represents the total excess profits reaped by the milling company as disclosed by government experts.

BABY OF J. E. RAY DIES AT PINELAND

Edmund Ray, born Sept. 9th, 1917, to Mr. and Mrs. J. E. Ray, died at the home of his parents in Pineland last night, and the body will be laid to rest in Oak Grove Cemetery in this city tomorrow (Sunday) morning at 10:00 o'clock.

The body will be brought up to San Augustine this afternoon, and relatives and friends from this city will meet the family with automobiles and bring them on to the home of Mr. J. O. Ray this evening. The funeral will occur from the home of Mr. J. O. Ray Sunday morning at 10:00 o'clock.

Previous to their removal to Pineland Mr. and Mrs. Emery Ray were citizens of this city, and have many friends who enter into profound sympathy with them in the loss of their little treasure.

NEW SUGAR RULING.

Effective Nov. 1, the Food Administration has increased the household allowance of sugar from 2 lbs per person per month to three pounds per person per month. This same increase is granted the public eating places.

In future merchants will be permitted to sell a family one month's supply of sugar, based on three pounds per person per month. This naturally cancels the two and five-pound package rule.

The Houston office will immediately mail to all retailers and public eating places additional certificates to bring up their supply to a basis of three pounds per person per month.

There will be no change in the November allotments of A. B. and D.

It is still necessary for merchants to keep records of the sugar sales on the three-pound basis as on the two-pound basis. Yours very truly,

W. S. DAVIS,
Nacogdoches County Food Administrator.

EXECUTIVE COMMITTEE HAD MEETING YESTERDAY

The County Executive Committee and School District Chairmen of the United War Work Campaign met at the court house in this city Wednesday afternoon at 2:00 o'clock.

The meeting was called to order by Mr. Arthur Seale, and a secretary was appointed. Mr. H. S. Alkire, field representative of the Y. M. C. A., was introduced by Dr. Ellington, and made a very interesting talk about the work of the agencies participating in the campaign since the beginning of the war. Dr. Ellington then called on Mrs. Geo. S. Barham, county chairman of the woman's work, for a talk. She responded with many appropriate suggestions as to the parts the women are to take in this work. Mrs. Thos. Trigg, chairman of the girls' department, and Mr. Zeno Cox, chairman of the boys' department, were also asked for a talk as to their part in the work, who stated that they were working out plans for the work. This was followed with suggestions for the furtherance of the campaign by Dr. Ellington, Mr. Seale, Mr. Harris and others. The meeting was dismissed by Rev. G. W. C. Self.

LOUISE BAKER,
Secretary.

Delegates were present from the different parts of the county, all teeming with enthusiasm for the work to be done, and this is reported to have been one of the most profoundly interesting meetings in the history of the various war work campaigns that have been inaugurated in this city.

Following the discussions that were listened to, and the plans that were worked out, it is confidently believed that the machinery was set in motion at this meeting which will start a campaign which will accomplish the objects and purposes for which those attending had assembled.

DECIDES TRUCKS MAY USE COUNTY ROADS

ATHENS, Nov. 4.—District Judge Prince of this county handed down a decision a few days ago that is of statewide interest to motor truck operators. He decided that a three and a half-ton truck, carrying a gross load of 16,500 pounds, could not be enjoined because of alleged damage to roads and bridges.

The case was that of the county commissioners of Henderson county vs. G. C. Waldrop, et al. The latter holds a government contract to furnish several thousand cords of wood. He was using a three and a half ton truck to haul the wood to the railroad, a distance of about two miles. The county commissioners attempted to enjoin his using the truck, alleging that it damaged the roads and bridges.

A SOLDIER BOY PAINED WITH NEWS

Lumie Baker, who is with the fighting forces in France, has written a letter to his sister, Miss Alma Baker, acknowledging receipt of the sad news of the death of his brother, Bertie Baker, and in it we find the sweet strain of love which the soldier brother entertained for his loved brother at home. Following is a copy of excerpts from the letter:

"I will answer your dear letter which was received last night, and I was more than glad to hear from you, for I hadn't heard from any one in a week except the telegram, and you know how sad that was. God only knows how sad it is to be away from loved ones and cannot go to them in a case like this. I can never forget the last time I saw my dear brother and told him good-bye, and the golden tears were running down his cheeks. I never had any idea that it would be the last time I would see him, but he is in a better home where the angels roam forever, and he'll walk the golden streets where we again some day shall meet. He told me the day before I left that he there was never a day passed that he didn't pray, and I don't believe there was ever a better christian-hearted person on earth than he."

The remainder of the letter is given over to beautiful expression of love for different members of the family, and expressing the hope that all will write to him as often as possible. Other friends could cheer the worthy young man who is helping fight the battles of the country by writing him in his lonely hours.

954 AUTOMOBILES.

According to the register with the state department, which has just been made public, Nacogdoches county has 954 automobiles and trucks registered.

These cars range all the way from the cheapest single-seated car to the best varieties and largest trucks. Many of them are used exclusively for pleasure while others are used for delivery and other necessary service.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge of nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, weakness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

PROF. AND MRS. WALDEN ARRIVED SATURDAY NIGHT

Prof. and Mrs. L. R. Walden returned Saturday night from Paris, and are now busy getting things in shape for permanent residence with us and a greatly enlarged and improved business college.

As soon as the new equipment arrives, it will be installed, and Mrs. Walden, who has the reputation of being a very fine shorthand teacher, will be added to the teaching force, insuring a great improvement in both the facilities and the service by reason of these better facilities and the better system that can be employed with them and the added teacher.

In addition to the improved service in the college, plans have been worked out whereby a home is to be provided by the boarding students, insuring a uniform rate of board, care and protection of the boys and girls who come from a distance, and thus the whole arrangement is assuming proportions whereby Prof. Walden can go ahead in the development of a great institution.

The school will possibly not be re-opened until next Monday on account of the delay in equipment to arrive. The teachers hope to have everything in shape for first-class, systematic work when they begin again, and they are inclined to postpone a few days more to make ready for the better service.

GERMANS MAINTAIN ARTILLERY ACTION

(By Associated Press)
LONDON, Nov. 4.—The Germans maintained activity with their artillery and machine guns throughout last night on the entire front along the Aisne between Retzel and Samuy.

Misses Jessie Burgess and Edna Gaston have returned to Mayotown to reopen their school, which has been closed down the past three weeks on account of the influenza epidemic.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and straggly hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and—then—the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

GREAT BATTLE NOW RAGING MAY DECIDE THE WORLD WAR

PARIS, Nov. 5.—A battle which is believed here to be decisive, is now going on. It is being waged in two sections. In the north, the blow is being delivered by the British and French, and is a threat leveled at one of the flanks of the vast pocket formed by the German lines from Holland to Metz.

The second section of the attack is being conducted by French and Americans on the Meuse. This is a great strategic offensive which the Germans have always feared, and which they sought to make impossible by storming Verdun in 1916. Excellent results are being realized.

French troops continue successfully to pursue the Germans in the region of Guise, northeast of which they have taken Bergues, and Sursambre. Between the Sissonne and Chateau Porcien front over fifteen miles of French have penetrated the Hunding line of Germans. The French are making a general advance from east of St. Quentin and Lepetit to the outskirts of Herpy.

The French successes have compelled the Germans to make a new withdrawal at several points along the front. Between the Oise and the Aisne the French have advanced one mile on a five mile front.

The French First Army resumed the attack this morning and is making progress.

POINT COMPLETE DEMORALIZATION

(By Associated Press)

WITH THE AMERICANS AT SEDAN, Nov. 5.—The American army has thrown a formidable force across the Meuse to the east bank. The enemy resistance here has been broken to the point of demoralization. The Americans are pushing forward toward Stenay. The enemy is in full retreat northward, offering little resistance. The Americans are pressing close on the heels of the fleeing Germans, making the retreat as difficult as possible. The American casualties are exceedingly light, despite the opposition in crossing the river.

With the Americans at Sedan, Nov. 5.—(Early Dispatch)—Bitter fighting is taking place today along the Meuse river. The American patrols have succeeded in crossing the river at Brioules, on a pontoon-bridge, constructed under fire.

At other points along the front the Americans were reconnoitering other crossings. The Germans have destroyed bridges across the Meuse between Laneuville on the west bank, and the important town of Stenay on the east bank. Pouilly, in the bend of the Meuse northeast of Stenay, was captured by Americans operating west of the Meuse. The west bank of the river is now held entirely as far north as Pouilly.

Birmingham Man Threw Away Money for Seven Years But Got No Relief Until He Took Tanlac He Says.

"I was unable to do a lick of work for four years, but Tanlac has made me as well and strong as I ever was in my life and I can do as big a day's work as anybody," said W. A. Spitzer, an employe of the Tennessee Coal, Iron and Railway Company, residing at 6707 Georgia Avenue, Birmingham Alabama.

"About seven years ago, I began having attacks of acute indigestion. I would swell up with gas until I could hardly breathe and my pulse ran down so I was afraid my heart would stop beating. My kidneys gave me no end of trouble and for four years I never saw a day that I was free from misery. I got so weak I could hardly stand and was just about done for. I reckon I have spent all of \$2500 dollars in the past six or seven years on medicines and advice, but nothing helped me.

"Well, sir, Tanlac just put me on my feet in a hurry. I can eat just anything I want now without any sign of indigestion. I am almost ashamed to eat enough to satisfy myself. I haven't a pain about me, and sleep so sound they have to wake me up in the morning. I have gained twenty-one pounds, and now weigh more than I ever did."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

Strayed from San Augustine, Texas, Saturday night, Nov. 2nd, 1918, one sorrel mare mule three years old, weighing about 900 lbs. Long switch tail. A little white all around under collar. A LETTER FROM UNCLE SAM

To the President of Walden's College:

Dear Sir:

"You are in a position to render great service to the Government by encouraging young people to qualify for positions in Washington. The examination for stenographers and typewriters is not difficult—and it is possible for comparative novices, beginners, who are capable, to secure appointments.

"It is earnestly requested that you use forceful methods in bringing this matter to the attention of your students, graduates and young people. It should be put before them, not as a business proposition, nor as an educational opportunity (although it may be both of these) but as a matter of patriotism and humanity.

Salaries From \$1,000 to \$1,200 a Year

"A person who attains a rating of 70 per cent in the subject of stenography alone, will be declared eligible on the supplemental stenographer register, and have excellent prospects of appointment.

SALARY For one or two months pays to take cost for your course and all future salaries are clear gain.

Walden's Short and Easy Way

Many of Walden's Pupils complete their course and accept desirable and money-making positions. Other schools charge two and three times as much as we—and do not give courses equal to ours. We save you time and money—give you the BEST and place you in a desirable position.

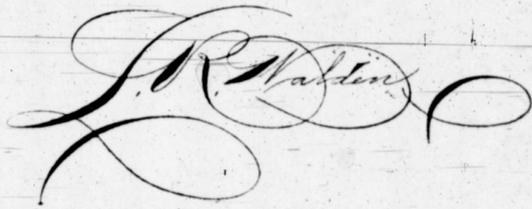

Our "Students Home"—boarding department, offers every protection to our pupils; gives them home comforts, and the best of attention in case of sickness. Its to your advantage to secure accommodation there.

\$40. pays for business or shorthand course, \$50 pays for both, without board, and \$100 cash includes board with either course, or \$110 pays for both.

All YOU need is ambition—we are offering the way—and that too at less than one HALF the usual cost. Nothing better elsewhere—at any price.

The position is certain if you only prepare. You can enter at any time—but the sooner the better.

Yours for greater success,

Walden's Nacogdoches Business College

HUNS MUST APPLY TO GENERAL FOCH

(By Associated Press)

LONDON, Nov. 5.—The allies have decided that Germany must apply to Foch, the allied commander in chief, for an armistice, Lloyd George stated today in the house of commons.

TWO MORE BOYS KILLED IN ACTION

News has been received announcing that Charley Bell was killed in action with the forces in France Oct. 9th and Geo. W. Hutchinson was killed Oct. 4th.

These boys went out from the

western part of the county, but at the time this report was prepared The Sentinel is not advised as to the particular section further than that one of them was from the Linn Fiat community and the other from the Mahl community.

Both belong to good families, and proof their individual worth is the fact that they have given up their lives in defense of their country.

All Nacogdoches county will enter into profound sympathy with the bereaved families in the loss of their noble sons, and will revere the memory of the worthy young men who went forth to fight our battles.

CHILDREN'S WAR FUND PARTY AT PINE HILL SCHOOL HOUSE

The children of Pine Hill school will entertain Saturday night, Nov. 9, 1918, with a party at the school house. Games, music and speaking will be furnished with other entertaining features. An old-fashion "Spelling Bee" of words from the "Blue Back Speller," will be participated in by the old folks. All old spellers of the Blue Back Speller are especially invited to be here.

A cord of wood cut by the school children will be sold to raise the schoolchildren's quota for the United War Fund.

GO TO TAKE THE MECHANICAL COURSES

Jesse Seale left today for Camp Mabry, sent out by the local board, where he will take the mechanical course being conducted by the State University, and Aaron Tolbert and Sonnie Reid, colored, were sent to Prairie View, where they will take a similar course being promoted by the colored college.

Cut This Out—it is Worth Money

Don't miss this. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co.

SPEAKERS TO MEET.

The speakers elected for the forthcoming campaign of United War Work are requested to meet at the court house tomorrow (Thursday) night for instruction, etc., and it is hoped that a full attendance will be present.

How a Salesman Suffered.

R. J. Porter, Sterling, Col., writes: "I suffered with a painful, weak back. As a traveling salesman I had to pick up my grips, and the pain when I straightened up was awful. I was induced to try Foley Kidney Pills. Relief was immediate. Say, there are great." Prompt and tonic. Stripling, Haselwood & Co.

Leo Mintz, junior member of the Mintz store of this city, has gone to St. Louis to purchase fall and winter goods for the house with which he is connected and will take plenty time to pick up all the good bargains he can find.

Full of Cold: Had the Grip.

Many will be pleased to read how Lewis Newman, 506 Northrand St., Charleston, W. Va., was restored to health. He writes: "I was down sick and nothing would do me any good. I was full of cold. Had the grip until I got two 50c bottles of Foley's Honey and Tar. It is the best remedy for grip and colds I ever used." Stripling, Haselwood & Co.

Mrs. W. Y. Hall, who has been sick some days with pneumonia, and who was thought to be doing better a day or two ago, is not resting well today, and considerable apprehension is felt about her condition.

RECORDS WANTED.

The committee who has been gathering victrola and phonograph records, requests The Sentinel to say that while they have secured many, that if there are others who would like to contribute to this noble cause they would be pleased to have their contributions.

Music is more helpful to the soldier boys than it is to the people at home for the reason that their opportunities for amusement are more limited, and we should contribute as generously as possible.

Mr. R. W. McLain, who has been operating a boarding house in the building known as the Eaves House, has moved over on the hill, and the Walden Business College is taking charge of the property. It is being told on Mr. McLain that last night was the first night in twenty-one years in which he failed to meet the trains.

A NOTED SPEAKER COMING TO COUNTY

Hon. A. A. Seale, district chairman of the United War Work Campaign, is in receipt of a telegram advising him that Dr. W. T. Mather of the University of Texas, will arrive in this city Friday night, and ready for service every minute of his sojourn.

The committee has arranged for Dr. Mather to speak from the postoffice steps at 1:00 o'clock Saturday afternoon and again at the mass meeting at the high school auditorium Sunday night. This scholarly gentleman and gifted speaker will bring a message all should hear, and the committee urges that every one who can possibly be present at these appointments hear him.

Protect the Children.

Children are as likely to get the grip and influenza as grown-ups. Foley's Honey and Tar gives quick relief from all kinds of coughs, colds, croup and whooping cough; covers raw, inflamed surfaces with a healing, soothing coating, clears air passages, checks strangling, choking, coughing. Contains no opiates. Stripling, Haselwood & Co.

Only 335 votes were polled in the three Nacogdoches boxes yesterday, which would not make a good primary showing for one box, and a similar lack of interest seems to have prevailed over the county.

Don't Invite a Cold or the Grip.

If you feel "stuffed up," bloated, bilious, languid or have sick headache, sour stomach, coated tongue, bad breath or other condition caused by slowed up digestion, a Foley Cathartic Tablet will give prompt relief. It is a gentle, wholesome, thoroughly cleansing physic that leaves no bad after-effects. Stripling, Haselwood & Co.

Mr. L. D. (Dewey) Petty left today for Nashville, Tenn., where he will work for the government.

That Terrible Backache.

Mrs. G. Hyde, Homestead, Mich., writes: "I had that terrible backache and tired out feeling, scarcely able to do my work, but find by using Foley Kidney Pills that I soon feel like a new person." Foley Kidney Pills help the kidneys throw out poisons that cause backache, rheumatic pains and aching joints. Stripling, Haselwood & Co.

Lieutenant Ward Johnson has returned from Houston where he went to take the Federal examination, and his friends will be pleased to learn that he secured his commission as first lieutenant, which qualifies him for holding the place to which he was appointed with the newly organized infantry company.

Miss Jewell Whited of Melrose arrived home today (Monday) from Tyler where she has been attending the business college, and has received her diploma.

GIVING OUT.

The Struggle Discourages Many a Citizen of Nacogdoches, Around all day with an aching back.

Can't rest at night. Enough to make any one "give out."

Doan's Kidney Pills are helping thousands.

They are for kidney backache; And other kidney ills.

Here is Nacogdoches proof of their merit;

Mrs. J. S. Murphey, E. Hospital St., says: "My back ached and there were pains across my hips. Doan's Kidney Pills had given such good results in the family, I used them. They gave me great benefit and I gladly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murphey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GERMANS HOLD A DEMONSTRATION

(By Associated Press) LONDON, Nov. 5.—A demonstration was held before the Bismarck monument in Berlin Sunday, and a resolution was adopted favoring a continuation of the war, and protesting against the acceptance of a humiliating peace, according to a Copenhagen dispatch, quoting the Tageblatt, of Berlin.

TO CUT SHORT A COLD TAKE A CALOTAB

The New Calomet Tablet That Is Entirely Purified of Nauseating and Dangerous Qualities.

Of all the medicines in the world the doctors prize calomet most highly to break up a cold overnight, or to cut short an attack of influenza, grippe, sore throat or a deep-seated cough and possibly to prevent pneumonia. Now that all of its unpleasant and dangerous qualities have been removed, the new kind of calomet called "Calotabs" is the doctor's ideal treatment for colds, etc.

"One Calotab on the tongue at bedtime with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, your work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs is sold only in original sealed packages; price thirty-five cents. Your druggist recommends and guarantees Calotabs by refunding the price if you are not delighted.—adv.

Mr. J. F. Risinger, a good citizen of Tenaha, returned to his home Monday after a visit to his children in this county.

Mr. Siddell, land appraiser for the Federal Land Bank has been in the city today inspecting applications for some \$50,000 applied for by people of Nacogdoches, and vicinity.

TEXAN RECEIVES HONOR CITATION

(By Associated Press) WASHINGTON, Nov. 5.—The commander in chief in the name of the President, has awarded the Distinguished Service Cross to First Lieutenant Hugh Brewster, Air Service, 49th Aero Squadron, for extraordinary heroism in action in the region of Hagerville, France, Sept. 14, 1918. Lieutenant Brewster, together with First Lieutenant Hugh L. Fontaine, attacked nine enemy Fokker planes at an altitude of 4,000 meters. He dived into the midst of the enemy formation without consideration for his personal safety, subjecting himself to great danger. By the suddenness and extreme vehemence of his attack the machines were driven into confusion. Although greatly outnumbered, he and Lieutenant Fontaine succeeded in shooting down two of the enemy. Home address: Mrs. L. Brewster, mother, 1944 Fairmont ave., Fort Worth, Texas.

Spent Money Foolishly.

"I have been a great sufferer from stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of Mayr's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Stripling, Haselwood & Co., and all good druggists.

MR. J. L. NEEDHAM DIES AT MINERAL WELLS

The Mahdeen Company received a telegram announcing that Mr. J. L. Needham died this morning at 3:00 o'clock in consequence of which their offices were closed today. No information has yet been received as to funeral arrangements, but it is supposed that interment will take place at Mineral Wells.

Previous to his removal to Mineral Wells, to which place he moved for the benefit of his health, Mr. Needham was an honored citizen of this city, and has a great host of friends here whose hearts are made sad with the news of his death. He is survived by his widow and several children.

Mr. Needham was the inventor of Mahdeen, the great hair tonic which has won a national reputation, and in partnership with Mr. F. S. Aikman has built up a great business enterprise with it which is a credit to the town, and helping put it on the map. He was a quiet, unassuming man, loyal to his friends and his country, and in all things a good citizen in whose demise the country sustains a loss.

Advance news has been received that the body of Tink Christopher, who died at Dalhart a day or two ago, will arrive in the city this afternoon, and be carried to North Church for interment. Mr. Chris resided in this county before moving west and has a number of friends who will be pained to learn of his death.

WHAT

The U. S. Government
.. Says About ..
Christmas Business!

The retail interests represented at the conference have agreed not to increase their working force by reason of holiday business over the average force employed by them throughout the year, and not to increase the normal working hours of their force during the Christmas season. They also agreed to use their utmost efforts to confine Christmas giving except for young children to useful articles and to spread the period for holiday purchases over the months of October, November and December in order to relieve the transportation facilities of the country of congestion in the latter half of December, which would be so hurtful to the interests of the nation that it cannot be permitted. The retail interests represented at this hearing have agreed to cooperate further in the campaign heretofore and now being carried on under the auspices of the war industries board to restrict deliveries and to induce their customers to carry their own packages wherever possible.

Help us carry out this request. We especially ask those who expect to buy holiday goods to do so as early as possible.

Our Holiday Opening Sale will begin Saturday, Nov. 9th.

AMERICA AND ALLIES TO GO THROUGH AUSTRIA TO FIGHT GERMANY

TERMS INCLUDE COMPLETE DEMOBILIZATION AUSTRIAN FORCES, SURRENDER HALF MILITARY EQUIPMENT, PORTION OF AUSTRIA, ALL AIRCRAFT, INTERNMENT ALL GERMANS IN AUSTRIA—IN BRIEF COMPLETE SURRENDER IN EVERY WAY.

(By Associated Press)
WASHINGTON, Nov. 4.—The terms of the Austro-Hungarian armistice as announced today accomplish the complete surrender of Austria and the opening of Austro-Hungarian territory for American and allied operations against Germany.

They include the complete demobilization of Austrian forces, the surrender of one-half of his artillery and military equipment, the occupation by the allies of such places as may later be selected, Austrian railroads will be used for operations against Germany, Austria must evacuate all invaded territory, leaving behind all equipment and supplies, including coal. A surrender of a portion of the Austrian surface, submarine fleets, and other put under American and allied control, is included in the terms.

Austria must surrender all German submarines in Austrian ports. Free navigation of Austrian waters by war and commercial fleets must be made available. All air craft must be put out of commission and entrusted under allied control.

German troops in Austria-Hungary, Italy or the Balkans must be interned within fifteen days.

The allied blockade against Austria remains unchanged.

The terms include the repatriation of allied and American prisoners without reciprocity. All fortresses protecting Austrian naval bases or stations are to be occupied and the arsenal at Pola is specifically surrendered. All allied craft held by Austria are to be returned immediately. The only organized forces that Austria is permitted to retain is limited to that necessary to maintain order within her own borders.

The Danube route is to be kept open by the occupation or dismantling of fortresses to be selected by allied commanders. All Austrian harbors and other equipment in occupied Italian ports will be left untouched. The destruction of any property by the retreating forces is specifically forbidden. The evacuation of Austrian territory roughly corresponds to the boundary lines claimed by Italy under Italia, Irredenta or the treaty of London. The right of allied occupation is reserved.

COTTON JUMPS UP TWO HUNDRED POINTS

CONSUMER MUST SIGN SUGAR CERTIFICATES

Some of our retail grocery-men state that they believe that a few people are under the wrong impression with reference to the amount of sugar allowed for each person by the Federal Food Administration and the method of obtaining it. Some customers do not want to sign a certificate when purchasing sugar. Now the rule for the past has been that a town man was permitted to purchase but two pounds of sugar at one time for his family and a country man but five pounds regardless how many he had in his family. There has been but two pounds per month allotted to each individual and the purchaser must sign a certificate furnished by the merchant with each purchase.

A copy of each certificate is to be filed with the county food administrator at the end of each month for the purpose of checking up the individual as well as the merchant. If it develops from the certificates which are turned in that some people have purchased more than two pounds per person for their family during the month, they will be summoned before the food administration.

When the merchants turn in the certificates which he has sold sugar for during the month the amount of sugar shown to have been sold will be added up. This will be checked with the amount he has purchased, and if there is any discrepancy he must show cause for it.

Hence the public should understand that it is necessary to sign certificate when purchasing sugar and do it cheerfully. The rules are the same all over the United States, and the wealthy people have no advantage over the poor people. Those who are prone to criticize the food administration perhaps do not know that it was through this agency that England and France were provided with sustenance last winter. Had it not been for the food that the United States sent to these countries at that time they would have been forced to capitulate to Germany, and the kaiser would have dictated the terms of peace instead of the allies at this time. We could not have exported this food had not the food administration exacted economy in food consumption and required us to consume certain foods in order to increase the amount of others for export. The record we made in food conservation last year, and the feeding of our allies is considered by them as a glorious achievement, because it was virtually done voluntarily by the American people.

We are going to be required to practice the same economy this year that we did last year, and we will have to get along with a little less of certain foods than what we normally consume. Among these is sugar. The food administration expects to make available for export to our allies 5,500,000 tons more food than we sent them last year, and it must be done even though we have not raised much more than we did last year. We are winning battles, but we must not expect to go back to our normal way of living even though peace is signed tomorrow. In order to make democracy's victory complete we must see that our allies are fed as well as our own soldiers in France.

There is a new ruling on sugar in effect the first of November, which allows 3 lbs per month for each individual. Each family may purchase a month's supply at one time. This will afford considerable relief. A certificate must be signed with each purchase as before. Your merchant knows the

rules of the food administration. He will not ask you to do anything which is not required by the administration. It is the patriotic duty of all to co-operate and to do otherwise might be attended by embarrassment.

W. S. DAVIS,
County Food Administrator.

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

R. AND MRS. McLAIN WERE LAID TO REST

The remains of Mr. and Mrs. Oscar McLain, who died in Athens a day or two ago, and their death previously reported in this paper, arrived in the city yesterday afternoon at 3:00 o'clock over the T. & N. O., and were tenderly borne to Oak Grove cemetery by loving friends.

A great host of friends met the train and joined in the procession to the cemetery. The active pall-bearers in charge were Messrs. Chas. Perkins, Chas. Shindler, L. G. King, Mark Marshall, W. C. Fouts, and H. T. Mast, with the undertaking department of Cason, Monk & Co., in charge of the funeral arrangements. Rev. Jno. W. Goodwin of Alto, an uncle of Mr. McLain, and Dr. Massey of the city conducted the religious services of the funeral, and it was one of the most impressive events of the kind ever held in this city.

Accompanying the remains from Athens were Mr. I. E. Porter, of Jackson, Tenn., a brother of the lady, Mrs. I. W. McLain, mother, Miss Ruth McLain, sister, and Pierson McLain, brother of Mr. McLain, Jack Dorothy and Oscar McLain, Jr., the children who were able to make the trip, little Mildred having to be left behind because of her own serious illness; Mrs. Henry Hartt, Miss Merle Warren and Mr. Lavigne Bradley.

Mr. C. G. Porter, another brother of the lady, came to Athens, but had to rush home on receipt of the sad news that the wives of both he and his brother who came on were seriously ill. Another brother, F. M. Porter, of New York City, wired that he could not come, and a sister, Mrs. J. W. Chism of Jackson, Tenn., was also unable to come on account of sickness in her family. Mr. L. E. Porter, who came on to this city, was very profuse in expression of his appreciation of the help and sympathy they had received, and said that while this was his first visit to Texas, and made on the saddest mission of his life, he would never forget the state and her good people.

The children of Mr. and Mrs. McLain who came down yesterday, will be at home with their grand-parents, Mr. and Mrs. I. W. McLain, for the present, and the one that had to be left behind will be brought down as soon as she is able to make the trip.

It is a sad chapter in the affairs of human life that has come under our observation, and the whole city will enter into profound sympathy with the little orphan children and other relatives in the great sorrow that has come to them.

BOY FROM MAHL DIES IN FRANCE

Yesterday's casualty list contained the name of Marian E. Houston from this county. The Sentinel learns that the young man was a son of Mr. and Mrs. Marian E. Houston, Sr., of Mahl, who received a telegram several days ago announcing that their son died of disease in France on Oct. 3.

The young man went out from this county with the Coast Artillery Co., which was later disbanded and the members taken up with the different companies of the National Guard.

Thus another patriotic son of Nacogdoches county has given up all he had—even his very life—in defense of his country, and his name will be revered in the memory of future generations.

All Nacogdoches county will join in profound sympathy with the bereaved parents in the sacrifice of the noble son they have given to the country, and would comfort them in their lonely hours.

PRESIDENT ENDORSES UNITED WAR WORK

Following is a letter from President Wilson endorsing the United War Work campaign beginning Nov. 11th and ending Nov. 18th. If you are not interested in the social and moral welfare of your boy, and your neighbor's boy, do not read this letter—but if you are generous and patriotic, a genuine American, read it and then re-read it, and contribute to its support:

"The White House.

"Washington, Sept. 3, 1918.

"My Dear Mr. Fosdick:

"May I not call your attention to a matter which has recently been engaging my thought not a little?

"The War Department has recognized the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army as accepted instrumentalities through which the men in the ranks are to be assisted in many essential matters of recreation and morals.

"It was evident from the first, and has become increasingly evident, that the services rendered by these agencies to our army, and to our allies, are especially one and all of a kind, and must of necessity, if well rendered, be rendered in the closest co-operation. It is my judgment, therefore, that we shall secure the best results in the matter of the support of these agencies if these seven societies will unite their forthcoming appeals for funds, in order that the spirit of the country in the matter may be expressed without distinction of race or religious opinion in support of what is in reality a common service.

"This point of view is sustained by the necessity, which the war has forced upon us, of limiting our appeals for funds in such a way that two or three comprehensive campaigns shall take the place of a series of independent calls upon the generosity of the country.

"Will you not, therefore, as Chairman of the Commission on Training Camp Activities, be good enough to request the societies in question to combine their approaching appeals for funds in a single campaign, preferably during the week of November 11, so that in their solicitation of funds, as well as in their work in the field, they may act in as complete co-operation and fellowship as possible?"

"In inviting these organizations to give this new evidence of their patriotic co-operation, I wish it distinctly understood that their compliance with this request will not, in any sense, imply the surrender on the part of any of them of its distinctive character and autonomy, because I fully recognize the fact each of them has its own traditions, principles and relationships which it properly prizes and which, if preserved and strengthened, make possible the largest service.

"At the same time, I would be obliged if you would convey to them from me a very warm expression of the Government's appreciation of the splendid service they have rendered in ministering to the troops at home and overseas in their leisure time. Through their agencies the moral and spiritual re-

sources of the nation have been mobilized behind our forces and used in the finest way, and they are contributing directly and effectively to the winning of the war.

"It has been gratifying to find such a fine spirit of co-operation among all the leaders of the organizations I have mentioned. This spirit, and the patriotism of all the members and friends of these agencies, give me confidence to believe that the united war work campaign will be crowned with abundant success.

"Cordially and sincerely yours,

"WOODROW WILSON."

ITALIANS ADVANCE IN PIAVE VALLEY

(By Associated Press) ROME, Nov. 1.—The Italians have forced George of Quero, have passed beyond the spur east of Monteresen, and are advancing in the Piave valley. CRIME BEEN REDUCED 50 PER CENT IN DALLAS

(By Associated Press) DALLAS, Oct. 31.—One year without whiskey has reduced crime 50 per cent in Dallas county, according to the court records. Judges and peace officers say the decrease may be even more than that.

It was one year October 20th, 1918, that this county passed into "dry" territory. On the night of October 20th, 1917 there were confined in the jails here over one hundred persons, arrested for drunkenness, while on the first anniversary of the exit of John Barleycorn there was confined not a single inmate in the jails for that offense. Men who have been long in Dallas say they well remember the time when hundreds of persons were confined in jail intoxicated.

"The war had some effect," said Sheriff Reynolds, in discussing the matter, "but the change is due chiefly to prohibition."

Decrease in crime is reflected in the convict camps where the county has but seven men, whereas this time last year there were over a hundred men serving terms.

A COUNTY BOY HAS BOTH LEGS SHOT OFF

A day or two ago the casualty list carried the name of Jas. H. Adams of Garrison as having been among the seriously wounded in France. It was later reported that he was in a hospital in France, but later news comes that he has been brought back to America and is now in a hospital with both legs shot off.

The young man is a son of Mr. John Adams, a good citizen residing in Garrison, and from Rev. Geo. S. Hines, a relative. The Sentinel learns that Mrs. Adams has gone to the bedside of her wounded son, and will bring him home as soon as he is able to stand the trip.

Mr. and Mrs. Adams have two other sons in the service in France, and the war is thus being brought very close home to them. The young man who was so severely wounded was a fine young fellow, full of ambition, life and patriotism, and is of the kind that makes our nation more glorious. All will join in the profound hope, that while he is crippled for life, that he may soon recover his health and his life be spared to his loved ones.

ANOTHER COUNTY BOY LOSES HIS LIFE

Felix H. Briley Killed in Action In France September 27—Went Out March, 1918.

Mr. Felix G. Briley, a well known citizen of Swift, received the following telegram yesterday, which bears the sad news of the death of his son: Washington, D. C., Oct. 30, 1918 Mr. Felix G. Briley, Nacogdoches, Texas.

Deeply regret to inform you that Private Felix H. Briley, engineer, is officially reported killed in action, September twenty-seventh.

HARRIS, Adjutant General.

Felix H. Briley is a son of Mr. and Mrs. Felix G. Briley of Swift, and went to the training camp at Camp Travis from this county March 30th. He left for France about the first of July and was in actual service when he lost of his life. He was about twenty-six years of age, and went forth in defense of his country without a murmur, glad to do his bit, and all patriotic people will revere his memory, joining in profound sympathy with his parents and other relatives in the sacrifice they have had to make.
