

"BOQUETS."

When we started to write this article we had in mind to reproduce a few of the boquets we have received about the paper lately, but search our brain as we may, we could not think of a single one. Therefore the heading of this article is delusive. However we shall give account of a "rock" or two to fill up the space. One gentleman was heard to remark that the Nacogdoches Sentinel was sure a sorry paper. He said that he had to go out after dark and rake around in the leaves to find it, and then there was nothing in it. Much obliged—somebody ought to take up a public collection and have his leaves raked up.

Another gentleman remarked this morning, in talking about the blaze here last night that it was certainly a "mess" down here anyway and he didn't see how it kept from burning up. As this gentleman is a life insurance agent—it takes a brave man to be that—and we haven't any "six-shooter" handy, we will desist from any remarks in the premises. Joking aside, however, it shall be our endeavor to give you the best papers we are capable of, and also the management is making an effort to get the paper out earlier, so that the faithful subscribers will not have to "rake around in the leaves" after dark.

Both the mail service and the train service is pretty bad these days. The continued rains have made the tracks soft and hence has delayed the trains and the mails are probably congested with various kinds of mail. To get to the point—it has to do with Lufkin—the editor received four copies of the Lufkin News yesterday—none at all today, and one of them was dated as far back as January 17th, and they came in on the Dallas train. For a twenty-mile trip this is some speed. This can not be accounted for unless the employees of the post office at Lufkin have the "flu."

Nacogdoches county has probably suffered the greatest death rate this winter in its history. The epidemic of influenza has swept the county several times, usually coming with the rainy spells of weather and in a great many cases the disease is followed with pneumonia. With the bad weather coming again today, it will behoove the citizens to "watch their step."

Last week's issue of the Garrison News came out with Oscar M. Gibbs as publisher and editor. Mr. Gibbs established this paper some years ago later allied himself with the Nacogdoches Sentinel and recently went with the Galveston News, where his health failed him to that extent that he returned to familiar scenes and faces, and where he will furnish the people of his town and that section of the best papers in the State. The News is glad to welcome him back to East Texas, and wishes him abundant prosperity, and a good measure of health and happiness.—Lufkin News.

ANOTHER VICTIM OF ROBBER GANG

MEXICO CITY, Jan. 23.—The record of crimes attributed to the supposed organization popularly known as the "gray automobile robber band" has been augmented by the killing in the Federal penitentiary of Francisco Oviedo. Oviedo had been a prisoner for a year and a half and was accused of being one of the sub chiefs of the robber band which has operated here for two years or more. He was slain with a dagger by a negro prisoner, who was charged with nine other murders.

The killing of Oviedo places another obstacle in the path of the authorities who for two years have been trying to discover the supposed manly a "mess" down here anyway and he didn't see how it kept from burning up. As this gentleman is a life insurance agent—it takes a brave man to be that—and we haven't any "six-shooter" handy, we will desist from any remarks in the premises.

Six men, including Oviedo were held in the penitentiary accused of being members of the band. Several weeks ago one of them, Rafael Mercadante, is said to have offered to confess. Shortly afterward he died from an unknown cause in his cell. Two weeks later Oviedo offered to tell what he knew and two days afterward he was killed. Four others who remained in prison have not offered any statements to the authorities.

Gray Automobile in Daring Raids.
The gray automobile, late in 1916, and early in 1917 figured in numerous daring and productive raids. Posing as agents of the district government and bearing forged credentials, the occupants would stop in front of a house, enter it on the pretext of searching for arms or robbers, or with no pretense at all, take what they fancied and drive away. At the height of their career the bandits, pursued by a police motor car, waged a running fight with their pursuers through the Paseo de la Reforma, one of the principal highways of the city. Several deaths resulted from the interchange of rifle shots.

Later a society woman complained to the authorities that she had seen a valuable necklace, stolen from her by the auto bandits, on the neck of an actress. Called upon to explain, the dancer asserted that the jewels were a present from an admirer. The alleged river was a general in the Mexican army. The necklace was returned.

ed, but apparently this clue did not lead to the leaders of the robbers.

The operatives, however, finally were surrounded while engaged in robbing a house in the foreign colony. But each time that it appeared that the truth was near disclosure, the principal witness courted on by the state to establish its case, dies.

Thus passed Mercadante and Oviedo.

RUSSIA SUFFERING FROM INFLUENZA

SWEETS MURMAN COAST, KOLA PENINSULA, ENTIRE DISTRICT OF WHITE SEA.

(By Associated Press)
ARCHANGEL—Via London—The Murman coast, the Kola peninsula, and the entire district of the White Sea coast have suffered heavily from the influenza. In the regions of Onega and Kem, the population of entire villages and countries are ill with the disease. Along the shore of the White Sea there are only three or four sanitary or dispensary points and in many cases those are without medicines.

In the country of Nimansk there are houses where the entire family has died and the houses are empty and closed. The peasants are burying their dead without coffins, no one being available to make them. A writer in the Archangel newspaper says: "The streets of the villages of the seacoast make an awful impression. Everybody is ill. Children are crying and the cattle are lowing terribly, nobody being there to feed them."

Archangel also has suffered considerably from the epidemic. There were at one time two thousand cases.

there. A sanitary commission was formed, with power to exercise summary judgment against violators of laws of health.

MEXICAN GENERAL USING AIRPLANES

(By Associated Press)
MEXICO CITY, Jan. 23.—General Candido Aguilar, chief of military operations in the Gulf regions, is using airplanes with success in his campaign against the robbers, especially in the state of Vera Cruz. Not only are the aviators doing valuable reconnaissance work, but one recently dropped bombs on a party of bandits who believed themselves safely encamped on the top of a mountain near Orizaba.

Starving, But Sunning Themselves

Sunlight is about the only necessity of life left to the starving peoples of Armenia, Syria, and other Eastern countries which have been ravaged by the Hun and the Turk. Here are some Syrian children emaciated, on the point of death from starvation, sitting out in the sun, trying to keep body and soul together with the pitifully small rations allowed them by insufficient relief funds. Additional funds for relieving these victims of war and famine will be raised in America by the American Committee for Relief in the Near East, a minimum of \$20,000,000 having been pledged to this work. The week of February 3-10 has been set by Southwestern campaign directors for raising their quota of the \$20,000,000.

Will There Be Enough to Go Around?

The needs of Europe war sufferers making way for the arrival of truck bearing food. Demand is always greater than supply in the starvation districts of Western Asia—the region which was bled and starved by Turkish German warships above all other regions of the world. The campaign to raise funds for these war sufferers will be launched in the Southwest February 3 and continue for one week.

THE kind of printing that pays dividends is the kind you should have. Pale, muddy, poorly arranged printed matter is worse than none. The quality of your business is often judged by the quality of your stationery—inferior printing gives an impression of cheapness that is hard to overcome, while good printing carries with it a desirable suggestion of quality.

DATE PUDDING.

2 tablespoons cornstarch
2 cups milk
1/2 cup corn or maple syrup
12 seeded dates cut up small
1/2 teaspoon salt
1/2 teaspoon vanilla
Mix the cornstarch with 1/4 cup milk. Heat the remaining milk in a double boiler. Add the cornstarch, syrup, dates and salt, and stir until thick; cover and cook for 20 minutes. Add the vanilla and pour into a dish to cool. Serves five people. Prunes are good instead of dates.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1/2 cup fat
1/2 cup sugar
2 eggs
1 cup syrup
1 cup milk
1/2 cup vanilla
1/2 teaspoon ginger
1/2 teaspoon baking powder
1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon allspice
3/4 cups barley flour
1 cup raisins
Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients until together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN CUSTARD.

1 pint milk
1/2 teaspoon cornstarch
1/2 teaspoon cold milk or water
1 egg
1 cup corn syrup or sufficient maple syrup or honey for desired sweetening
1/2 teaspoon vanilla

Scald the milk and add the cornstarch mixed with the cold milk or water. Cook the mixture over hot water for 15 minutes. Add the eggs, slightly beaten, and cook the mixture for 5 minutes. Add the corn syrup and the salt and stir the mixture well. Strain it and cool it. Add the vanilla and freeze the custard in the same way as any ice-cream.

FROZEN APRICOTS.

1 quart can apricots
Water
2 cups corn or other syrup
To the syrup from the apricots add the corn syrup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less corn syrup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

HISTORIC PRECEDENTS

"Four thousand years ago Food Commissioner Joseph, in the land of Egypt, commandeered one-fifth of the wheat crop of Egypt each year for seven years and stored it in the cities nearest the wheat fields. His drastic action at that time saved the world from starvation.

"Two thousand five hundred years ago Nebuchadnezzar, King of Babylon instructed that certain men whom he wished to have attached to his court be fed on king's food and wine to give them a well-nourished look. One of these men, named Daniel, persuaded his caterer that himself and friends could be better nourished on pulse and water, and requested that he make a test covering a sufficient length of time; the others to be fed on king's food and wine. The test showed that those who lived on pulse (lentils) and water were better nourished than those fed on king's food (luxurious and wine).

"Two thousand years ago Bible records the miracle of feeding five thousand with a few barley loaves and fishes. The people were commanded to sit in rows of 50 to the right and the servers passed before each and gave to everyone his portion, so that all were served. It was an instance where a little food went a long way, and the fragments that remained were gathered up so that no food was wasted."—Hotel Monthly.
