BAPTIST SINGERS

Miss Eula Monk, Mrs. Greer Orton, Mrs. D. E. Hughes, Mrs. Lee Murphy, Mrs. Bart Shirley, Mrs. Ollie Hall, Mrs. Floyd Smith, Miss Zula Carling, Mrs. Hugh Davis, Mrs. A. D. Summers, Mrs. C. B. Brewer, Mrs. Tom Summers, Mrs. Mark Stroud, Miss Ida Monk, Miss Willie Green Layton, Miss Ethel Lock, Miss Ruth Shirley, Miss Pauline Shirley, Miss Minnie Lucille Summers, Miss Virginia Perkins, Miss Cora Davis, Miss Grace Layton, Mrs. Jim Horn, Mrs. Robert Lindsey, Miss Nadine Clevenger, Miss Irene Clevenger, R. C. Monk, B. S. Shirley, Mark Stroud, Ollie Hall, Floyd Smith, Volman Hall, Robert Monk, Elbert Reese, Allen Seale, Arthur Seale, Tom Crawford, B. M. Hall, W. M. Byrne, Ulric Wilson.

The above singers are requested to be present at the Methodist church tonight and assist in the forming of the chorus for the Scoville meeting. We want at least 75 singers from the Baptist church and the above list does not comprise half that number. It is all that I could think of off hand.

Any member of the congregation between the ages of 16 and 60 and is interested in the salvation of souls is urged to come and join the chorus for the meetings, whether you have ever sung in the choir or not.

First rehearsal this evening following the service at the M. E. church, and each evening this week. If you can't get there tonight, come tomorrow or the next night. Before we go to the cotton sheds places will be assigned to each singer and it is necessary that you come to the rehearsals.

MEMORIAL SERVICE

The Eastern Star will hold their memorial service Friday night, July 5th. Masons and families are invited.

OLLIE McNESS, W. M.

The latest style seems to be to go stockingless, and Ashur of the comic strip devises an antidote by corralling a herd of mosquitoes and turning them loose in the vicinity.

Weather—Tonight and Tuesday partly cloudy.

(By Associated Press)
BERLIN, July 2.—The communist situation has again arrived a fermenting stage in greater Berlin, and there are indications that a strike movement may develop into a political insurrection. The strike is becoming general and threatens to involve railroad workers and big industrial plants.

The minister of defense is increasing troop patrols and planning barbed wire strategic points, and generally tightening the martial law regulations.

FORMER NACOGDOCHES MAN BUYS FIRST BALE COTTON

The Houston Post this morning carries following announcement: "Actually ushering in the new cotton season of 1919-20, the first bale of cotton of the new crop arrived from Pharr Monday morning, and at 2:15 p. m. was sold at auction at the Houston Cotton Exchange to N. D. Naman, a Houston cotton merchant, for \$1,000. The bale was consigned to William D. Cleveland & Sons, who arranged for its sale at auction. After buying the bale Mr. Naman stated that it would be shipped to Fenner, Gettling & Beance at New Orleans, and he thought it probable that it would be shipped from there to New York to be auctioned again, which is the usual custom. Mr. Naman, the purchaser of the bale, is one of the new members of the Houston exchange, having come here from Nacogdoches about a year ago to establish himself in the cotton business. The distinction that goes with being the purchaser of the world's first bale for the season indicates the type of men who are coming to Houston to enter the cotton business, and Mr. Naman received congratulations from scores of members of the exchange."

FORMER JAP FOREIGN MINISTER ARRIVES IN PARIS

PARIS, July 1.—Baron Goto, former Japanese foreign minister arrived here yesterday. No statement of the purpose of his visit was made public.

Mrs. Chas. Wilson returned home today after a two weeks visit in Mt. Enterprise.

Do You Buy Or Sell Hay At \$40.00 Per Ton?

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'T SAVE?

Be a seller. It is more pleasant and profitable to sell hay at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake. We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money to you, it's profit to us—but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay?

It's up to you.

(By Associated Press.)
BREST, June 30.—Two French civilians were killed and five American soldiers and sailors injured severely, and over one hundred wounded in a riot here last night. Two Americans are expected to die.

Add French Riot —ETAkd -1
The casualties resulted from an exchange of shots between American military and naval police and French sailors. The trouble began, according to available accounts, when an American naval officer, alleged to be drunk, heavily tore down and trampled the French flag. A crowd of Frenchmen attacked the officer, kicking and beating him until he was unconscious. The fight became general when other Americans, unaware of the fight, went to the aid of the naval officer. The city is quiet today.

"LADY JANE WAS FAIR"
"The Lady Jane was tall and slim, the Lady Jane was fair." No lady can be fair and beautiful with a sallow complexion, pimples on the face, and skin eruptions which are caused by impure blood. "Number 40 For The Blood," by its wonderful alterative properties, changes certain morbid conditions of the system from a diseased to a healthy state, thereby reducing flesh when in excess. "Number 40" is employed in all diseases of the glandular system, in blood poison, rheumatism, catarrh constipation, malaria, liver, stomach and kidney troubles. Under its use nodes, tumors, sores, ulcers, mucous patches and copper colored spots disappear as if by magic. Made by J. C. Mendenhall, 40 years a druggist, Evansville, Ind.

Miss Lucille and Louise Tipton and Mrs. Nellie Mosk of Troune arrived Friday to spend a week with their aunt Mrs. C. B. Brewer. Mrs. Brewer, who is employed by Mayer & Schmidt will take her vacation next week and also be at home for a good time with her nieces.

Chamberlain's Tablets.
These tablets are intended especially for stomach troubles, biliousness and constipation. If you have any troubles of this sort, give them a trial and realize for yourself what a first class medicine will do for you. They only cost a quarter.

J. C. Flynn of Jacksonville was a visitor to the city yesterday and today.

EX CROWN PRINCE RETURNS GERMANY

PARIS, June 26.—Frederick William Hohenzollern, former German Crown Prince, has escaped from Holland and made his way into Germany. News of his escape caused considerable stir in peace conference circles. While it is not felt that the reactionaries and monarchists will rally enthusiastically around the former Crown Prince, the action is regarded with considerable significance in view of the other German recalcitrancy. The former crown prince was interned by the Dutch government on the island of Wieringen, and if he preserves the status as soldier, the Netherlands government may be held accountable for his escape, according to authorities on international law.

ALLIES TO EXACT REPARATION SHIPS

PARIS, June 26.—Germany was informed today that the Allies possess the right to punish the persons responsible for the destruction of the German ships, and to collect reparation for the loss. The sinking of the fleet was denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace. When the investigations are completed, the note states, the Allies will exact the necessary reparation.

DISORDERS ARE INCREASING IN BERLIN REPORT

LONDON, June 26.—Disorders are increasing in Berlin and serious engagements have occurred between government troops and mobs, according to the Exchange Telegraph's Amsterdam correspondent. Many of the streets are barricaded.

Miss Hazel Herrin, who has been visiting her brother several days, returned to her home in Houston last night.

(By Associated Press.)
COBLENZ, June 30.—The rules and regulations issued by the army of occupation after entering Germany last December continue in effect indefinitely, according to an announcement of the third army headquarters. Lieutenant General Hunter Liggett has notified the authorities of the Rhine province to instruct the burgo-masters and other officials in the American zone to caution the civilians and the army that the regulations are not yet cancelled.

WASHINGTON, June 30.—Eighteen soldiers were killed, one officer and eight men severely wounded, and six men slightly wounded in an engagement with anti-Kelchak forces near Romanivka June 25, General Graves, commanding the Siberia expedition reported today.

The Joy of Living
To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life with his bowels clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will remove the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

Mrs. W. C. Johnson of this city is spending a few days visiting relatives and friends in Timpson.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. After 12 bottles, I am strong and well."

TAKE CARDUI The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

AUSTIN, June 28.—Through the action of the legislature, Texas today became the ninth state to ratify the proposed federal constitutional amendment extending suffrage to women. The passage of the concurrent resolution was completed when the senate adopted by viva voce vote the resolution passed by the house Tuesday with a decisive margin.

WASHINGTON, June 28.—President Wilson signed the peace treaty at 3:14 o'clock, Paris time, and the Germans signed at 3:15, the State Department was officially notified this morning.

The Americans were the first of the Allied nations to affix their signatures to the peace document, although the technical termination of the war with each nation comes only when the treaty is ratified. The conflict, which began in August 1914, ended, when in the historic hall of mirrors the accredited peace commissioners of the Allied and Associated powers and Germany affixed their signature. Likewise the armistice ended, granted Germany last November, and also the period of uncertainty and doubt of the final outcome of the peace negotiations.

TELEPHONE OPERATORS WALK OUT IN ST. LOUIS

ST. LOUIS, June 26.—Telephone operators and electrical workers employed by the Southwestern, Bell and Kinloch telephone companies walked out at noon today in response to a strike vote last night. The service of the Kinloch company is suspended, and the Bell service is seriously crippled.

PARIS, June 26.—The German peace delegation has been informed that the German government will be held strictly responsible for any unofficial support of the movement again Polish authority in the territory given Poland in Posen and east and west Prussia.

WELCOME HOME DINNER.

Houston Chronicle.
Mrs. A. B. Rusche, 85 York Street, entertained Saturday evening with a 6 o'clock dinner to welcome home her son, Sergeant Ulric Rusche, just returned from 14 months of service overseas with headquarters troop, 36th Division, and Sergeant Seldon Egleton of Cuero, also of the 36th Division. These two friends enlisted at the same time and were together all during the expedition, also returning together. Many interesting experiences were told by both Sergeant Rusche and Sergeant Egleton.

The home was beautifully decorated with ferns, palms and cut flowers. The dining table was spread with a handsome crocheted cover over yellow. The central decoration was a large Marie Antoinette basket tied with yellow maline and filled with daisies and ferns. A six-course menu was served, carrying out the color scheme of yellow and white. During the evening songs were rendered by the little granddaughters of the house, Velma Louise Rusche, Miss Monk, Mrs. Caviez and Sergeant Rusche, followed by dancing till a late hour.

Covers were placed for 17. Those enjoying this welcome home party, were H. W. Rusche, Ernest Rusche, Wilton Biggar of Nacogdoches, Mr. and Mrs. R. C. Rusche, Brannon Rusche, Mr. and Mrs. A. B. Rusche, C. W. Pressler, W. E. Monk, Mrs. W. P. Curry, Mrs. E. L. Lear, Miss Monk, La Monte Rusche, Velma Louise Rusche, Sergeant Seldon Egleton of Cuero.

Misses Mildred and Esther Lee left yesterday for their home in Maryanne, Fla., after visiting Miss Golda Mullins in the city.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of women's ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

NO TRAINS LAST NIGHT.

Many people going to get their mail this morning, the trains all being of the night trains were waterbound before they got to this city. HARVESTER COMPANY RESUMES BUSINESS STATE

(By Associated Press.)
AUSTIN, June 27.—The first corporation to take advantage of the action of the regular session of the 36th legislature authorizing foreign corporations whose charters had been cancelled because of their violation of Texas anti-trust laws to resume business in the state, is the International Harvester Company of America.

This company has filed a petition in the 53rd district court asking that the court modify the judgment rendered in 1907, which prohibited the company from doing further business in the state.

Among other large interests barred from the state under anti-trust provisions were the American Rock Company and the Standard Oil Company.

HAMBURG BECOMES SECOND MUNICH

HAMBURG, June 27.—Hamburg threatens to become a second Munich, with even greater bloodshed. The city is completely in the power of the communists and the Spartacists who are utilizing food riots in an attempt to gain control. Yesterday they stormed the city hall, overcame the government troops, capturing quantities of ammunition and rifles, and then swept the entire city, plundering, killing and destroying.

COTTON REPORT.

WASHINGTON, June 27.—The combined production of cotton in Texas, Georgia, South Carolina and Mississippi, the only states producing over a million bales each in 1918, represented 63.2 percent of the total crop, according to the census bureau report today.

TAXICAB DRIVER MOST HATED MAN IN LONDON

The taxicab driver is the most hated man in London. All through the war he ruled the taxi-riding public with an iron hand and his sway, owing to the continued shortage of cabs, probably will have to be endured for many more months.

You may ride in a taxicab here only if the driver finds that your destination suits his own convenience. His decision will be influenced by his quick prognosis of the amount of the tip your appearance and manner indicate. If you look like a "close un" you will save time by joining a queue for a bus or throwing yourself into the maelstrom of a tube crowd, for it is certain you won't ride in a taxicab. Any man bold enough to challenge the lofty authority of a taxicab driver wins instant popularity and draws about him a throng of admirers. So there were loud cheers and a rush for the spot when a passenger the other day dove into an empty taxicab passing through the Strand and refused the driver's demand that he get out. The driver stopped his cab and refused to budge.

"Drive me to Liverpool street. You can't refuse a fare," said the passenger. "Can't I? Get out of my cab," retorted the driver. A policeman pushed his way through the crowd, with "What's all this?" "He refuses to get out of my cab." "He refuses to drive me," was the shouted chorus of driver and fare. The policeman began to make notes. "Do you wish to prosecute?" he asked the passenger. "No, I want to get to Liverpool street," was the mild reply. "Stick to it!" the spectators urged the passenger. The crowd soon blocked the street. The driver leaned unconcernedly against the mudyard of his cab and lighted a cigarette. The fare reclined against the cushions. This continued for twenty minutes. The crowd began betting on the outcome. Odds were offered on the driver.

"Well," said the passenger at last, rather weakly, "I think I've taught 'Not going, are you?' sneered the driver.

"Unfortunately, I have an appointment," the fare said to the crowd as he alighted, trying to cover his retreat. The taxicab driver took his seat triumphantly and with a mocking tooth of his horn drove away. He still was king.

PROLONGED DEBATE SUFF RESOLUTION

AUSTIN, June 26.—The proposed ratification of the federal woman suffrage constitutional amendment is the center of interest in the senate today. The resolution was adopted in the house Tuesday and sent to the senate Wednesday to come up in the regular order of business today. Senator Westbrook, suffrage leader, predicted a prolonged debate. He declared that he has sixteen votes pledged for the resolution, one more than is necessary, and that the Lieutenant Governor will vote for the resolution in case of a tie.

WANTS RETALIATION HUNS SINKING SHIPS

PARIS, June 26.—A resolution was introduced in the Chamber of Deputies yesterday asking the destruction of the German national monument on the Rhine commemorating the founding of the empire to punish German pride, and in reprisal for the destruction of the fleet at Scapa Flow, and burning the French battle flags of 1870.

DISAPPOINTMENT GERMAN WEAKNESS

PARIS, June 27.—Disappointment over the apparent weakness of the present German government is unconcealed in peace conference circles, and the feeling is expressed that the signing of the peace treaty may mean little more than the signing by the Bolsheviks at Brest-Litovsk did.

The defiant tone of the German note, which grudgingly agreed to sign without reservations, created an unfavorable impression in the various peace delegations, and this seemingly is intensified by the delay of the Germans in arranging to carry out the promises. Plans were completed by the council of four today for signing the peace treaty at three o'clock Saturday. No official statement has been issued.

President Wilson received the American newspaper correspondents at two o'clock and said goodbye.

The Council of Four has granted Poland permission to use General Haller's army in restoring quiet in Eastern Galicia, and driving the outlaws from the country.

On advice from the Council of Four, the Chinese delegates have agreed to sign the treaty unreservedly, with the understanding that a protocol later will be added. It is stated that they sign with the understanding that Japan return the Shantung concessions to China within the stipulated time.

HOFFMAN DISMISSED FROM GERMAN EASTERN COMMAND

BERLIN, June 27.—General Hoffman, leader of the negotiations in the Brest-Litovsk treaty with Russia, has been dismissed from the command in the eastern district, having declared that he would defend the district in defiance of government orders, and never recognize the peace treaty.

RAILWAY CONDITIONS IN NEAR EAST MAY NOW BE BETTERED

SALONIKI—With American railway material arriving and American army engineers in the Balkans there is now prospect that railway conditions in the Near East may soon be bettered. Heretofore the work of rebuilding the thousands of dynamited bridges and of repairing the hundreds of miles of twisted, upturn track in Serbia has progressed slowly.

Serbian railroad engineers have been handicapped by lack of labor and material. At present it is a matter of from ten to fifteen days to cross Serbia from Saloniki to Belgrade. If one link of the motor truck service breaks down because of washed out roads or floods carrying away bridges the whole work of the American Red Cross, the American Food Famine commission and the Serbian Relief Fund workers is held up and a thorough journey to Belgrade or Saloniki across country may require from fifteen days to a month.

American importers, however, should not figure on transporting freight overland through Serbia at this time. Railroads probably will not be regularly running until early in 1920. Belgrade is best reached via Trieste and Fiume rather than from Saloniki.

American shippers will find the harbors and docks at Piraeus (Athens) in Greece, at Saloniki and Constantinople crowded with freight. Lighterage is difficult to obtain. Conditions are better at Constantinople than Piraeus and Saloniki. At both these latter ports the traffic snarl is almost in a hopeless state.

At Piraeus thousands of tons of Newfoundland codfish which were rotting on the docks have been thrown into the ocean to make room for more urgent freight. With the Greek army still in the field, there is a great shortage of labor throughout Greece.

ADVERTISEMENTS BRING MANY INQUIRIES VENEREAL BUREAU

AUSTIN, June 27.—Full page advertisements in ten Texas daily papers with a combined circulation of 625,000 brought 110,000 inquiries for pamphlets and explanations of the Bureau of Venereal Diseases, says Or. H. C. Hall, the bureau head.

Advance for release in newspapers of July 1st, the following item: "The London docks were literally running with port. Thousands upon thousands of hogsheads lay all around. They blocked the roads and filled the sheds. There is more port in London today than there is beer in the whole of England. Some of the casks were warped and leaking. The quayside and streets around the sheds ran with port. Birds, dogs and cats were having the time of their lives. The reporter saw at least a dozen drunk, lying on their sides beside rivulets of wine." All aboard for London!

"THE CITY OF THE DEAD."

You remember that when that wife was living she was kind and good and faithful to you and a tender mother to your children.

It was she who held the home together and it was the sunshine of her smile and perennial gladness of her presence that kept the atmosphere sweet and cheered your drooping spirits when you came home from the cares and perplexities of your work.

She prepared your meals with care and tried hard to make home a haven of rest and joy to you.

But one day she grew tired and when the doctor came he shook his head and your heart sank within you.

Then one beautiful morning they carried her out to the little cemetery on the hillside and as they lowered the body you looked into that gash in the earth and vowed that she should never be forgotten. The grave was filled and the flowers were banked on the mound that rose in rounded symmetry above that gash.

The benediction was said but you lingered long after the crowd was gone and once you knelt and tried to fold that grave within the clasp of your hungry arms.

You went often to carry flowers and when you found the first sprig of grass you greedily snatched it away lest it sink its roots into that sacred soil.

But your visit became less frequent and today over that grave the grass and weeds and bushes grow in riotous profusion.

While she was alive she was sensitive about those things and when she saw neglect like that it intensified her horror of being put in the cold ground.

I heard a noise—a soft rumbling, as I stood the other day by the grave of that wife—your wife, and in my imagination I could see her hand pushing up through the heavy soil to clear away the grass and noxious weeds that weighed so heavily upon her poor body.

Shall these bodies of your dead, that in life you swore to love and protect, be permitted to lie there in neglect and shame or will you see to it that in death, with their hands and lips stilled forever, their beds shall be clean and that hands once ministered to by them shall care for their bodies till life's day is done?—Ex.

She kept her beds—and yours—clean and sweet, but out yonder today on that slope her bed—her last bed—the bed that is dirty because she is powerless to help it—out there her last sleeping place, and the one you pledged yourself and God and her sweet children to keep clean, is going to rack and ruin.

Chester Wortham has gone to Beaumont, where he has accepted a position.

After enjoying a pleasant visit at the home of Mrs. Arch Caraway, Mr. and Mrs. Henry Irvin have returned to their home in Nacogdoches.—Lufkin News.

FORMER EMPEROR PLANS RETURN

BERLIN, Jun 27.—Former Emperor William is planning to return to Germany before the Entente demands his surrender from Holland, according to a Stuttgart dispatch, which adds that the Dutch government approves the return as he is an unwelcome guest, and his presence in Holland is an increasing problem in that country.

SPARTACAN DISTURBANCE OCCURS IN BERLIN

BERLIN.—The first Spartacist disturbance in or near Berlin for weeks took place recently when they invaded a democratic meeting in the suburb of Schoeneberg, attacked and beat seakers and leaders, smashed the furniture and turned the meeting into one of their own. They destroyed the German flag, raised the red banner, shouted "down with Germany" and hailed Liebknecht.

The presiding officer of the democratic meeting saved himself only by wielding a heavy bell effectively against the invaders.

As soon as the democrats were dispossessed, the communist leader, dressed in stolen finery with fingers covered with diamonds led frantic denunciation against the government leaders whom they called rascals and bloodhounds, and said Germany was solely responsible for the war.

A democrat remaining, attempting to raise a "hoor" for the German fatherland, to which the Spartacists replied "down with it."

Communists announced they intend to break up every meeting of the bourgeoisie in the future.

CITY NEWS

Guy Parrish, who has been serving with the army of occupation in Germany, arrived home yesterday.

Mr. H. W. Howland, general sales agent for the Peoples Oil and Gas Association, came in yesterday from Louisiana, and reports good business.

The grounds at the Locks cotton yards are being cleaned off this week, and seats installed, in preparation for the big revival which begins next Sunday.

Mr. Don Brown and wife returned yesterday from San Antonio, where they have been visiting Mr. Brown's brother.

Misses Leah and Rachel Zevo left Sunday for Dallas, where they will make their future home.

Rev. A. J. Harrell of Hemphill is in the city. On account of the recurrence of a throat trouble Mr. Harrell is having to retire from the ministry for the present, and is here prospecting with the view of locating here with his family.

It is announced by the Mexican authorities that the United States took practically all of the oil out of Mexico in 1918. Maybe the grangers are sore at us because we are taking away all their grease.

Now the right fans are worrying about the kind of weather that Toledo will enjoy—maybe on Independence Day. Toledo has been having anything like a sample of the East Texas weather lately, they certainly have a right to worry.

Entertained.

Mrs. George Barham entertained with a bridge party Friday afternoon in honor of Mrs. Henry Garrison and the Misses Zevo. A very pleasant afternoon was spent.

NEGRO WOMAN SHOT AND KILLED SUNDAY MORNING

M. L. Hanks is alleged to have shot and killed Ada Johnson, a negro woman, about five miles west of town Sunday morning.

As best as particulars can be gathered it seems that George Johnson, the 13 year old son of Ada Johnson, had made some remarks to Mr. Hanks' stepmother. Hanks was engaged in a controversy with the boy, when Ada Johnson came up and became engaged, when Hanks is reported to have shot and killed her.

George Johnson, the boy, is in jail, while Hanks made bond.

SHOOTING SCRAPE AT DEPOT SUNDAY NIGHT

Two negroes, Raleigh Rhodes, brakeman on the E. & W. Ry., and a negro named Coleman became engaged in a fistfight at the depot Sunday night. Rhodes pulled a pistol, when a bystander became engaged with him in an endeavor to take it away from him, and the pistol was fired twice, one of the shots taking effect in Coleman. Rhodes then jumped on his train, leaving town. The officers here phoned Lufkin, where he was captured and placed in jail.

A party of farmers who are obliged to patronize the lower Melrose road are contemplating taking up a collection for the purpose of hauling a few loads of sand and placing it in the bog hole on "egg-nog" hill which is a couple of miles east of the city, and is almost impassable for any kind of travel. It is estimated that ten or fifteen loads will make the road good for several miles.

A telegram was received here the other day stating that Will Sanaders, colored, had died at Taft, Okla., where he moved from this place some ten years ago. Sanders was a highly respected negro, was principal of the colored high school here for a number of years. He has many white friends here who will regret to hear of his death, along with the multitude of negro friends and relatives.

MUELLER AND BELL TO SIGN

BERLIN, June 26.—Herman Mueller, foreign minister, and Dr. Bell, colonial minister, have been selected as the German envoys to sign the peace terms, it is announced here. They will leave Berlin Friday.

JOINING HANDS.

Some day the hatred and bitterness of this war will have passed away and humanity will be reconciled. How soon that day will come is a matter on which there are different opinions.

For some unexplained reason no German response has yet been made public; but intellectuals of Austria hastened to clasp the outstretched hand, and another answer has now come from a group of American authors describing themselves as—

"We, your brothers in the dear home land of Emerson, Whitman, Lincoln; lovers of our country, taught by our country the love of mankind, ourselves feeling the blood of all the races of your ancient Europe in our veins."

Among the lovers of the dear home land of Emerson, Whitman and Lincoln who have signed this fraternal greeting are Dr. Edmund von Mach, Dr. William Bayard Hale, Prof. Thomas C. Hall, Frederick Franklin Schrader, Frank Harris and Padraic Colum.

It seems the Germans still love their Kaiser. They are organizing a league of Germans to prevent the trial of the former emperor and the military and naval leaders, and are prepared to shed their blood in an effort to prevent this.

The Test That Tells.

There is only one real test for a cough remedy, and that is use. S. M. Oliver, Box 192, R. F. D. 5, Greensboro, S. C., writes: "Foley's Honey and Tar is just fine. I keep it in the house all the time. It soothes and relieves hay fever, asthma, coughs, croup, and bronchial affections."

He Was Almost Past Going.

"I suffered with kidney trouble for three years," writes D. Bell, St. James City, Fla., "and for six months I have been almost past going. I began taking Foley Kidney Pills, and before I used two bottles my pains were all gone."

The pipe organ being installed at Christ Church is progressing nicely. Only the great organ remains to be finished. The several and pedal organs are in condition to be played, and will be used in the services tomorrow.

A Caraway of Pollock was a visitor to the city yesterday.

Men and Women Blow Up.

Nowadays many persons wrongfully attribute backache, rheumatic pains, sore, swollen aching joints and muscles and that "always tired" feeling to coming age when the real cause is kidney trouble.

There will be so many people who will want to live in East Texas when good roads shall have been established and completed connecting up the counties, and furnishing easy travel, to be a great problem.

This section of the state is just beginning to wake up to its opportunities, possibilities and resources. It is just beginning to realize the possibilities of its development, and as the contemporary says, when good roads are established there will be an influx of home-seekers.

You Need Not Travel.

It is safe to say that as many persons have secured relief from hay fever and asthma at home by taking Foley's Honey and Tar as have been benefited by going to health resorts.

Riding on passenger trains in this section is nowadays just one bump after another, says an exchange. Possibly so, but when all the railroads are turned back to private control, then may we expect a change for the better.

To some extent, no doubt, and most of us are anticipating the day when this shall happen. However, it looks like someone is going to have appeal to the weather prophet before this happy condition will prevail.

A Grateful Woman's Story.

Mrs. Robert Blair, 461 S 20th St., Terre Haute, Ind., writes, "After taking Foley Kidney Pills a few weeks I found my kidney trouble gradually disappearing. The backaches stopped and I am also free from those tired spells and headaches and my visions are no longer blurred."

Kentucky reports the increase of moonshining. That's natural enough. So long as there are fools willing to pay \$10 a quart for stuff that would make a wooden Indian kiss a Holstein bull, there will be roughnecks in the hills who will take the chance and make it.

The last reflection carries a great truth. All violators of the law, whether it be the law of man or nature, must pay the price sooner or later.

Dangers of Hot Weather.

Anyone is doubly liable to ill effects from the hot sun when stomach and bowels are clogged with a mass of undigested food. If you suffer from sick headache, biliousness, bloating, "heaviness" or any ill caused by indigestion, take a Foley Cathartic Tablet and you will feel better in the morning.

VOTE PROHIBITION ENFORCEMENT ONE GENERAL BILL

WASHINGTON, June 27.—The house judiciary committee today voted seventeen to two to report all prohibition enforcement in one general bill.

It is announced that an ultimatum may be sent to Germany. We are inclined to the opinion that an army would get better results.

The former king of Greece is reported to be in financial straits, his source of supply from the Kaiser having been cut off. He is seeking recognition from the present Greek government. He might be able to secure recognition in some American port.

CHRIST CHURCH.

The organ recital that was to have been rendered Thursday night by Prof. Huffmaster, has been postponed because the men in charge of the work were unable to promise the organ by Thursday.

The Rev. C. D. Atwell received a German officers dress helmet from his son Donald today. It was sent by mail from the second division, army of occupation on the Rhine.

UNION REVIVAL PARAGRAPHS

Although the hour had been heretofore set by Dr. Harris for meeting each evening, at 8 o'clock; so many attendants expressing the opinion that 8 o'clock is too early and that such hour would seriously conflict with the attendance of people from the country, it has been deemed wise and expedient to change the hour of meeting to 8:30, and this will be the hour for meeting each evening, at least, until Dr. Scoville arrives.

There was a good attendance, yesterday at 10 o'clock, and again this morning at 10 o'clock for the "Booster Choir" but the attendance has not reached the desired number. There should be at least 200 boys and girls, members of the "Booster Choir."

The service was well attended at the Methodist church last night, and a number of new songs learned. The new song books for the meeting are here. Everybody should get one of these books at once, and join heartily in the song service.

Rev. Mrs. Harris delivered an effective discourse on prayer last night. All men pray; but we are all too much inclined to wait until distress, adversity, and deep sorrow lay hold of us before communing with our God.

News dispatches announce that the former emperor of Germany threw a fit when he was told that the German government has agreed to sign the peace treaty. As the erstwhile emperor has already thrown several fits, it is presumed that he will recover from the last one.

The former German emperor is planning to return to Germany. It is not revealed whether he intends it as a triumphant entry, or an act of kindness in relieving the Dutch government from worry on his score.

REAR ADMIRAL SWIFT DIED NEWPORT LAST NIGHT

NEWPORT, R. I., July 1.—Rear Admiral William Swift, aged 71, died last night.

The Progress notes from its exchanges that Jacksonville is not the only town in this section that is growing up in weeds. We rather infer that the whole of East Texas as well as other parts not properly in the East Texas area, has become exceedingly weedy.

For one time however there is some semblance of an excuse on the part of those whose premises are weedy. The weather that has been dished out to us is enough to make weeds grow in the Sahara desert.

MANY BUSINESS MEN QUIT BEFORE REACHING THE AGE OF MUNICIPAL USEFULNESS.

Many Men's Health Fail Before Success Comes to Them in Their Business.

Health to business men is as essential as capital to labor. Read what this successful Weimar (Tex.) banker says about Saxa, Nature's gift to suffering humanity: "To Whom it May Concern: This is to certify that I was afflicted with a very bad case of bloody protruding piles, from which I suffered greatly for six years."

"I tried all kinds of remedies and only received temporary relief until I used Rogers' mineral earth (now known as Saxa). It permanently relieved me in six or eight days. That has been six years ago, and I have never had a symptom of the old trouble since."

SWIFT LOCALS.

The 11th Sunday meeting scheduled to meet with the Swift Baptist church was rained out.

Oren Chandler, a son of Mr. and Mrs. John Chandler of Swift, arrived home the 21st from service in the U. S. army.

The young people were delightfully entertained in the home of Mr. and Mrs. D. Pace Wednesday night with a play party.

DeWitt Grisham returned home Saturday from overseas duty.

Cullen Turner of Shelby county spent the week end with relatives and friends of Swift.

Mrs. Ora Turner of West Texas is visiting relatives and friends in our community.

Chester Pace, an ex-soldier, has been spending the last few days with his brother D. Pace and family.

Charlie Turner who has been taking treatment in Nacogdoches for an acute attack of rheumatism returned home one day last week.

Mr. J. W. Battles entertained the young people Thursday night with a singing.

Lester and Marvin Hargis of Black-jack visited W. A. Cureton and family Saturday and Sunday.

The singing at the Baptist church Sunday afternoon was excellent.

Elmer Summers of Douglas was in the city yesterday. Don't forget the name of the remedy you need when the stomach or bowels are disordered.

Miss Birchey Kennedy of Beaumont is the guest of the Misses Dunlap in the city.

A coated tongue, bad breath, dizziness and a clogged condition in the bowels can be quickly relieved by using Prickly Ash Bitters. It is preeminent efficient in such ailments.

Mrs. Myrtle Warren nee Miss Myrtle Huggins of San Antonio, is visiting her friends Misses Lox and Ola Peterson in the city.

FROM A. D. WALL.

To My Many Friends of Nacogdoches: I have resigned my deputy sheriff position with Mr. Woodlan from a business standpoint only, and will say he has complied with his agreement with me, but I did not receive sufficient money for my services, and I have left him with the best of wishes and have accepted a position with my old friend J. L. Prince, ex-sheriff, of whom I served with as a deputy during his administration, but who is now in the real estate business.

Will be glad to see any of my friends at any time at Mr. Prince's office. Thanking my many friends for their courtesies shown me in my official position in the past and would be glad to return favors any time that you may command me.

With best wishes, I remain, Yours very truly, A. D. WALL.

CALOMEL SALVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

UNION REVIVAL PARAGRAPHS.

James has been secured and the platform will soon be ready to receive the concert grand piano, and seats for the whole immense tabernacle will be ready for the comfort of the people.

No parking of cars on the grounds adjacent to the gospel tabernacle. Arrangements will be made for convenient parking, likely on the ball ground.

100,000 PRESCRIPTIONS FILLED BEFORE "40" WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions from physicians educated in Europe and America before "Number 40 For The Blood" was discovered; the great specific for all blood diseases. Successfully employed in diseases of the glandular system, in blood poison, mercurial and lead poisoning, chronic rheumatism, catarrh, constipation, hepatic congestions, dyspepsia and stomach troubles, sores, ulcers, nodes, tumors and scrofulous swellings that have withstood all other treatment yield to "No. 40."

KNOCKERS AND KNOCKERS.

If you scanned this paper carefully yesterday you read that a local sportsman shot a woodpecker, because that cocky bird is a knocker of timber.

The nimrod didn't stop to reflect, however, that the woodpecker makes its living by knocking. This is a distinction that does not belong to that other species from the reflected contumely of which the poor woodpecker lost his life.

The human knocker doesn't make his living by it. He doesn't make anything else, save enemies for himself. He doesn't even hurt anybody or anything—except dead things, such as towns, which might otherwise come to life.

In that particular lies the only analogy between the feathered knocker and the human—both find their most effective field of operation to be the dead. Worms in dead timber.

Therein also lies a distinguishing difference. The bird never wears out his bill on live limbs, whereas the knocker of the genus homo often scars his hammer on live towns for years, and finally dies and descends to his reward without realizing that his life's efforts were wasted.

We have little esteem for the woodpecker as a songster, but as a knocker he is infinitely to be preferred to the one that walks like a man—Port Arthur News-Record.

BRITISH, FRENCH ITALIAN LABOR MAKE DEMONSTRATION

SOUTHPORT, England, June 27.—British, French and Italian labor representatives have decided to make a general demonstration July 20th in protest against the Allied intervention in Russia, according to Arthur Henderson, British labor leader.

The ex-Kaiser is reported to have been shocked when he heard of Germany agreeing to sign the peace treaty, but that he kept on sawing wood. He was in hopes that they might refuse and that he would get to return to Germany. Now it seems that he is doomed to saw on forever.

SURGEONS agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.50 and \$3.50. Sold by Stripling, Haselwood & Co.

A news report in this paper yesterday describing conditions in Budapest and the surrounding country under the domination of Bela Kun, says that handsome marble palaces are being occupied by some of the vaunted proletariats with disastrous effect. "Stovepipes stick from the lace-curtained windows and the silk-covered walls are smoky, grimy and greasy. Protective covers have been torn away from rich divans and handsome chairs to be used for dishrags. Costly bronzes chipped and mutilated, are being used as playthings by the proletarian children." The above is a striking example of what effect training and environment have on the human life. It has been right said that we are all creatures of our environments. The same dispatch also says: "Altogether the situation in Budapest is rapidly approaching the point where there will be the customary appeal to the 'great-hearted America' to feed and clothe the people." The word "customary" implies frequency of these calls—and it is pretty near the case. Whenever the Bolsheviks get hold of a country and starve it to death they then apply to the kind-hearted Uncle Sam for food and clothing. We are proud of the liberal reputation that we have, but we also hope that in the same connection we will also gain a reputation for good judgment.

Comer Caldwell of Garrison, was here yesterday on his way home to that place, having been discharged from Uncle Sam's service at Camp Bowie.

ATTENTION TYLER COMMERCIAL COLLEGE GRADUATES!

During the period of the war so many of our young men, former students, were in the army, and so many of our young ladies in the civil service work in Washington and elsewhere, that it was not practical to keep our "Former Student File." But now, as most of the boys and girls are settling down to a peace-time basis, we want to get the correct address of our service department, which is free to all graduates, often has something of interest to send out. Our employment department has more calls than we can fill. We can be of immediate service to T. C. C. discharged soldiers and sailors in seeking employment, and there are many reasons why we like to know the whereabouts of every member of the big T. C. C. family.

In 1920 we hope to hold a big reunion that will bring together thousands of former T. C. C. students, their wives, husbands and children. In order that we may help to keep alive the big fraternal spirit that is in every T. C. C. student and assist them in securing employment if necessary. Kindly write us, giving your present address, also address of other former students you know. If there is any assistance we can render you in any way write or phone us.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. **Hall's Catarrh Medicine**, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. EVERYTHING READY FOR BIG ELKS DAY TOMORROW

Everything is all set for the big Elks day tomorrow. Nothing is left now but for the candidates to arrive and partake of the good time which has been arranged for them. Yes, and there is going to be some big time for the local Elks too. They are going to enjoy themselves as hosts when they will have the opportunity to meet a lot of good fellows and their ladies from the surrounding towns and country.

The entertainment committee has been busy and believes that it has a program which will make July 4th 1919 a day which will be a long time remembered for its pleasantness by those who are Elks or are to be made Elks here that day.

The parade committee says it has the best feature of the day. This committee says "watch us for we are going to give the people some show." The picnic committee says it has it on the parade committee from the word "go." The picnic committee has had charge of the arrangements for the picnic at Reid's lake, where there will be a band concert, bathing and a picnic supper. Those who swim may do so to the tune of the latest one-step if they wish. But where the picnic committee feels that it has it on all other committees is in the lunch which will be served at the lake.

A committee of ladies has this in charge and all local Elks have been advised that this is for them and their families, but they are reminded to bring a big basket of lunch—enough so that an extra guest may be served. Fried chicken will form the "keynote" of the lunch and the balance will be built up around this popular picnic leader with due regard to harmony.

It is likely that there will be some speech making about the time the lunch is served for it will be hard to keep such fellows as R. F. Davis, Hal Tucker, Eugene Blount, Judge Middlebrook, Langston King and Rev. Johnson still when they have finished a good picnic dinner. Whether they will be allowed to talk or not will depend upon the wishes of the visiting brethren.

The management of the lake has reserved his resort for the Elks from 4:30 to 8 o'clock. During this time the local Elks will be the host and the accommodations will be free.

There is only one thing which will not be complete when the day dawns and that is the refurnishing works which is being done on the parlors and club rooms. The house committee has been delayed through the non-arrival of materials and it has also experienced a shortage of labor and the visitors will not find the attractive home which they will find a few weeks later. However what is lacking in furnishings will be made up in well-

ELKS MEMBERSHIP CAMPAIGN CLOSING, HUNDRED APPLICANTS

The close of the Elk's membership campaign came last Thursday night. At the meeting Thursday night several applications were acted upon which made a total of one hundred and nine which have been received since the drive started a few weeks ago.

Plans are now under way for a big initiation here Friday, July 4th. The day will be an Elk day in the city for there will be entertainment all day long for the visitors and some for the local members and their ladies.

The program as outlined now begins with the registration of the visitors as they arrive in the city. They will be quartered in the local hotels and then taken to the club rooms where they will register and an informal reception will be held in the morning to give all a chance to get acquainted. This will be for local Elks and the ladies as well as for the visitors and their ladies. During the reception things will be livened up a bit by a Shreveport orchestra and R. F. Davis will make the visitors feel at home with a little address of welcome.

At noon the visitors and ladies will be taken to the hotels for lunch after which the candidates will assemble in the club rooms preparatory to taking part with the local Elks in a parade. The parade committee says that this is going to be better than any circus parade ever shown in the city.

When the parade is over the candidates will be taken to the club rooms for initiation. The initiatory ceremony will take considerable time, but plans have been worked out whereby the whole crowd will be given the work with considerable speed and it is hardly likely that there will be any who will feel that they did not get enough. But this is the serious part of Elksdom and fun will be dispensed with during the initiation so that the lessons of the order may be fittingly impressive.

At the conclusion of the initiation all Elks, including the candidates will be Elks, will adjourn to Reid's lake where a band concert, bathing and

picnic supper will be ready for them. This will last as long as any one stays, but at 9:30 the climax of the day will come in so far as social concerns for then the ball begins.

Following is a list of those who have applications for membership have acted upon since the drive started:

NEW STYLE MOUSTACHE.

There may have been some persons who doubted the greatness of Napoleon III, but the fact that millions of men supposedly sane wore goatees fashioned on the Napoleon the Lesser model was evidence that he was some "punkins."

The German male person showed his idolatry of the kaiser by pointing the ends of his moustache due north.

The ladies always have been a law unto themselves in the matter of hair dressing. They cook, fry, boil, singe and dye what is declared to be their crowning beauty.

That is their business and it is not for mere man to ask the reason why.

But what about this Charlie Chaplin moustache of which we see so much these days being sported by young men? Why, if they wish to show reverence to the star of the films, should they shave on the east and west side of the upper lip and leave only a dab of moustache under the nostrils? The real devotees at the shrine of the great go the limit in the adoration. The Charlie Chaplin moustache is weak unless its wearer has the Chaplin hat and feet and bears in his right hand a custard pie.—Beaumont Journal.

It always pays to be kind to your fellow man. When a wheeled invalid chair, with an elderly woman occupant, plunged uncontrolled down a hillside, a young woman darted forward, overtook the chair, and saved the occupant from injury. The incident took place two years ago, and the young rescuer was Miss Elizabeth Tajeski. A few days ago Miss Tajeski received notice that an Illinois farm, valued at \$18,500 had been bequeathed her by the invalid, who died recently. Miss Tajeski had forgotten the incident and had not corresponded with the woman.

The Sentinel does not know how long it is going to rain. We have heard several predictions. Some say that it will rain all of this month. Others assert it will rain the moon out, and still others venture each day to predict that it is through. All we can be sure of it that it is still raining, with little hopes of slacking up, and that the farmers say the boll weevil is taking their cotton, and that Nacogdoches sidewalks are in one blankety blank condition.

A resolution has been introduced in the French chamber of deputies asking the destruction of the German national monument on the Rhine commemorating the founding of the empire, to unish German pride, and in reprisal for the destruction of the fleet at Scapa Flow, and burning French battle flags of 1870. This is unworthy of the French, and were it adopted they would be lowering themselves considerably. While we would not condone the act of the German sailors in sinking their ships, it is the lone act of the German navy that has in any way distinguished them from complete cowardice.

EXPENSIVE TRAVEL OVER LOWER MELROSE ROAD

With the passing of one week since the County Commissioner of the Nacogdoches Precinct was advised that the lower Melrose road had one bog hole in it that practically put out of use for travel, there still remains the same bog hole, but larger, that is costing the automobile traffic good money getting pulled out by teams. Now to the patrons of this much traveled road, there can be no excuse for the existing conditions on this road, when a few loads of sand could be applied in a few hours that would put this road in good condition.

When the Commissioner was advised of the condition of this road, by a daily user, he promised to have it fixed as soon as weather conditions would permit. Well, we have had much weather that would have been suitable for this short stretch, but still we have to continue to hire teams to pull us through. Now this work ought to be done at the expense of the county. Labor is available, there are farmers residing along the road that would be glad to pick up this extra money while it is too wet to farm. Surely with the matter brought to the Commissioners Court again, they will not permit the farmers to make a public contribution to have this work done, thereby placing the county on charity. Then, too, we are paying taxes, and have had our taxes raised, for the road purpose, and it should be applied where most needed, and no one familiar with this particular bog hole will complain at the \$10 or \$15 that will be required to fix it. The writer does not wish to be unfair in requesting that this work be done rain or shine, but he believes that the county's teams and labor is no better to work in the rain (if necessary) than are the farmers and car owners who are forced to get out and work for hours trying to get through in the rain and mud. We are expecting this work to be done. Yours truly, W. M. BYRNE.

MANY CONVICTIONS VIOLATORS OF PURE FOOD LAWS

AUSTIN, June 27.—The state pure food department has secured 238 convictions for violation of Texas' pure food and drug laws since September 1, 1918, and between \$10,000 and \$11,000 in fines has been paid as a result of these convictions, figures given out today show.

Dr. R. H. Hoffman, head of the department, says that he thinks the large increase in convictions is due to an increase in law violations, for in the last he has had trouble in securing convictions in local courts upon the evidence he gathered.

Dr. Hoffman says that with a \$25,000 in fines has been paid as a result of these convictions, except in a few localities of the state, and that he is working to cover them.

The Dallas-Galveston News of yesterday's issue takes the stand that the Texas legislature is violating the will of the people, expressed in the recent election, in ratifying the suffrage amendment. Furthermore, the Dallas and Galveston News is in favor of suffrage and has lent their aid to the cause. The News makes the point that the legislature does not always represent the will of the people, and that sometimes the legislators act on the principle that the end justifies the means.

GARRISON LOCALS.

From The News.
 Roy Fulghum went down to Nacogdoches Monday morning for a little visit to friends.

Mrs. W. Y. Garrison arrived home the latter part of last week from an extended visit to her daughter, Mrs. S. W. Womack, at Corpus Christi. She was accompanied on the trip by her other daughter, Mrs. R. B. Walthall, of Nacogdoches.

J. T. Watson, a fine old southern gentleman of Nacogdoches, has been in town this week visiting his brother Mayor J. S. Watson, and family. Mr. Watson has not been in good health lately, being considerably run down from nursing his dear wife who has been ill many months, but he says that he is feeling much better for his little sojourn with us.

Rev. Tolbert F. Weaver, pastor of Christian church at Nacogdoches came up Monday afternoon for a little visit to relatives and friends, and to look after some business interests. He is very optimistic with the outlook for a great revival with the coming of Dr. Scoville, in July, and extends a cordial invitation to the people of this section to attend the services as much as possible.

WATER SPOUT NORTH OF THE CITY THIS MORNING

A water spout fell north of the city this morning, about a mile or two out. The government station, a mile north of the city, registered 2.42 inches of rainfall, while the register of Capt. Cooper's in the city registered only .30 inches.

Both the LaNana and the Banita creeks were on the boom early in the day, both being out of their banks and much territory under water. Part of the bridge on South North street was washed away. Water was several feet deep a hundred yards up South Fredonia street from the Banita. The Banita was on a bigger rise than the LaNana.

HOLLWEG ACCEPTS RESPONSIBILITY WAR

(By Associated Press)
 With the signing of the peace treaty with Germany, there is a virtual halt in the activities of the peace conferences. The treaties of German-Austria, Hungary and Bulgaria are incomplete and the adjustment of the status of Turkey is undecided, but the peace-making machinery is expected to operate only through commissions, which are studying the different phases of the problems before the Allies and preparing reports.

President Wilson is en route home. Premier Lloyd George is in England, and many other leading figures have left Paris temporarily. Of the American delegation only Secretary Lansing and General Bliss remain in Paris.

The principal German delegation left Versailles for Germany today. Within the next thirty days the Allies will submit the German government a list of the persons charged with the responsibility of causing the war, and the violation of the rules of civilized warfare.

Dr. Theobald von Bethman Hollweg, the Imperial German chancellor when the war began, has formally asked the Allies to place him on trial instead of the former emperor.

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,346,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

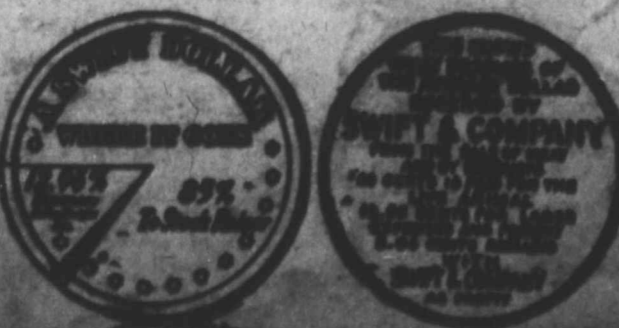

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is frozen pork that is to be cured later in the year.
- 5 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 10 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for overseas shipment. If this were all diverted to domestic trade channels, it would be only 1 1/2 lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

EFFORT GET GERMANS TO SIGN SATURDAY

PARIS, June 26.—Efforts are being made to arrange the signing of the peace treaty at three o'clock Saturday. The Council of Three is apparently satisfied with the semi-official assurances that the Germans will be present.

MEXICO COMMITTS AN OVERT ACT

(By Associated Press)
WASHINGTON, July 1.—The Mexican government committed an overt act of confiscation in preventing American oil well drillers to work lands owned by American individuals or companies, by sending soldiers into the fields and driving the workmen away, state department officials said today. Complaints to the Mexican government against the refusal of Mexican government to grant permits to the oil companies to drill brought no reply until after the Jauca incident, when Carranza announced that no permits would be granted until the companies complied with the law. Compliance with the law, the state department officials said, constituted recognition by the company that the Mexican government owned the oil lands.

ARCH BISHOP MAKES REPORT

By Associated Press
ROME, July 1.—Archbishop Bonaventura Cerretti, papal undersecretary of the state returned from Paris Saturday and made a full report to the Vatican of his mission to the peace conference. Cerretti had a lengthy conversation with the pope and Cardinal Gasparri, papal secretary of the state, who congratulated him warmly on the success of his mission. The report dealt with the changes of the peace treaty regarding Catholic missions in the former German colonies, and protection of their property. Cerretti expressed the greatest pleasure at the reception received in Paris, especially by the members of the American delegations.

LAWYERS COMMENT ON WILHELM'S CASE

WASHINGTON, July 1.—Some international lawyers here are inclined to the belief that the former German emperor might be expected to escape trial and punishment at the hands of such a special tribunal as the peace treaty proposes by challenging its fairness and demanding a change of venue on the grounds that the court would be at once his accusers and judges.

Officials in a position to know the sentiment of neutral governments are in a position to know that the Netherlands never will voluntarily surrender the former emperor under extradition. Various ingenious ways are being devised in order to save the entirely ignominious exit of alcohol, who seems to be dying about as hard as Germany did. An analysis of four samples of cider from Rusk county by request of the county attorney of that county, by state chemists, shows that three of them were intoxicating.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer. A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezzone removes corns from healthy and never sore, tender or the toes or calluses from the bottom of feet, the skin beneath is soft, pink and healthy.

MAKE ATTEMPT RESCUE THE PRINCE

(By Associated Press)
LONDON, July 1.—German counter revolutionaries have a motor launch in readiness to rescue the former German Crown Prince, wishing him at the head of the military forces of Germany, according to a Rotterdam dispatch to the Daily Mail. The dispatch adds that the Dutch Queen sent a consort to persuade the former prince that his participation in the German revolt was detrimental to Holland, which grants him hospitality.

COTTON PRODUCTION

(By Associated Press.)
Cotton production this year was forecast today at 10,986, thousand equivalent of the five hundred pound bales by the department of agriculture, basing the estimate on the June 28 condition of the growing crop, which was seventy and two tenths the normal area under cultivation, 33,960 sections. It was a striking thing, he said, the activities of Americans in Siberia are all unselfish and dedicated to the welfare and advancement of the people of Russia. He especially praised the work of the American Red Cross and the American Young Men's Christian Association. It was a striking thing, he said, to notice that the men who direct the American activities were those who had lived in Japan and were friendly to the Japanese people.

Mr. Zumoto added that he had detected a number of speeches to the Japanese people concerning the results of the trip in an effort to eradicate any misunderstanding. He looked forward to active cooperation between Japan and the United States in the future development of Siberia.
