Do You Buy **Or Sell Hay** At \$40.00 Per Ton?

No. 26,

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'S SAVE?

Be a seller. It is more pleasant and profitable to sell hay

at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money tot you, it's profit to us-but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay?

It's up to you.
