Nash Passenger Cars **Awarded Three Prizes**

Further honors came to Nash passenger cars when they were awarded three prizes at the automobile fashion show held in connection with the Sedalia, Mo., State fair this year. After a review before 10,000 spectators, who crowded the grand stand at the State fair grounds and in competition with numerous cars of other makes, the Nash entries, all driven by owners, got first and third places in the sport and roadster class respectively and third place in the touring car class. Three prizes out of a possible six is regarded as an excellent showing being unequalled by any other car, not even by the more expensive ones.
