Thousands Take Part In Big Celebration

BUSINESS HALTS FOR ARMISTICE DAY

All Stand With Bared Heads as Mournful "Taps" is Sounded

Capt Paden Makes Masterful Speech—Legion Organized With W. B. Bates At Its Head—Football Victory Was Houton's Big Barbecue Served

With patriotic enthusiasm throngs and masses pushed their way along the streets of Nacogdoches; soldiers, khaki-clad and otherwise, made up a considerable part of the wrangling mass of humanity, and showed from their happy and glad smiles that they were appreciating to the fullest extent the honor that was being bestowed upon them by the generous folks who stayed at home. The shrieks of delight and peals of laughter of the young, mingled with the roar of crackers and honks of automobiles, were in marked contrast of the solemn expression of the older, who remembered those remarkable boys of this county and country who gave their lives to make the day of peace possible.

The streets began to fill early in the morning, and by 10 o'clock the old town was fully alive with the glory of the day.

More than 2000 people gathered at the Postoffice lawn at 10 o'clock for the memorial exercises arranged by the patriotic and lovely women and mothers of the "C. C. Club." Here a beautiful wreath was dedicated and floral offerings made to our heroes who never returned from the great conflict. Dr. Atwell offered the invocation, supported by the silent prayers of the multitude. Judge Middlebrook made the memorial address and paid some beautiful tributes to our fallen heroes as well as to the beloved motherhood of the country. Among other things he said that "in the victory of the stalwart, cheerful American youths over the Boche, the American motherhood had won another victory—that American arms or Ameri-

can motherhood had never been defeated."

At exactly 11 o'clock and at the close of the memorial services the last ritual of a soldiers funeral, "taps" was sounded. Those mournful notes from Mr. Underwood's cornet brought tears to eyes of the bravest and most stout-hearted man and it brought memories to many of that comrade that was now sleeping in the gray earth of France.

After these exercises, the crowd adjourned to the High School auditorium and listened to a powerful address by Capt. George Peddy, who served overseas with the 360 Inf., 90th Division. Mr. Peddy represents that stalwart, vigorous young African manhood that the country is looking to to save and bring us out of the present chaotic conditions. It was such that saved the world, such that will tell the forces for evil in this country now.

Prof. R. F. Davis introduced Mr. Peddy with a much appreciated talk, saying some nice things about the American soldiers in general, paying a noble tribute to Baxter Duncan who was killed at St. Mihiel and for whom the local post of the Legion is named as well as to others of this county who were killed or died in the service.

Mr. Peddy, in his manly and unassuming way, told us how proud he was to be back with us after an absence of six years, recalling to the minds of many, especially the boys who rubbed shoulders with him on the athletic field or met him in debate, that he was a representative of the Garrison High School at the scholastic athletic meet held here in 1913.

Mr. Peddy's talk showed he was a student of the industrial unrest and present-day conditions. He made a powerful appeal for law and order and with eloquence upheld the present administration. He said that he was in Paris when the Peace Conference was organized and through a greater part of its sittings, and to see the honor, confidence and love that was bestowed upon our president by France and other Allied nations made him proud that he was an American and a member of the party that plac-

ed such an American in the president's chair; that the present unrest to a great extent was brought about by lack of confidence in public officials; that partisan forces began to work from the very moment the Armistice was signed to discredit the Administration and to prevent it from doing any further great work and to undo some of the good work that had already been done; that these very forces were at the Peace Conference, in congress and the political organizations of the states, more so than in the Red and anarchy ranks; that these organizations carried the fight to foreign countries to discredit our administration and country as well as at home. He also made a plea against going back to the old order of things. Under this order we were brought into the greatest war the world has ever seen. Whether we have the league of nations or not, he said, let's try some plan other than that which has involved us in a cruel, murderous war every generation. Let us have some body where all nations can come in as equals and calmly discuss matters—misunderstanding is the basis of all trouble. Mr. Peddy said that although the dogs of war had ceased to bark for more than a year, yet we had no peace and that the fight was merely begun, but he knew that the boys that went forth to battle were still in the conflict and were going to see it through. He predicted that the American Legion was going to have a great part in the reconstruction period and a great part in the future development of the country. He said this organization made no distinction between the man that did not go overseas and the one that did, and justly so, for one had very little to say about where he served his country; if he served it cheerfully and efficiently, he deserved as much credit as the man in the fight or the Western front, though his entire service was on the Mexican border or in camp.

After Mr. Peddy's address, the Baxter Duncan Post No. 86, American Legion, held a meeting for the purpose of electing officers. W. B. Bates was elected Post commander, J. Elbe Reese assistant post commander, Barrow adjutant, Herbert Shinn finance officer, Rider Johnson, his son, Rev. M. C. Johnson chaplain, and Guy Stripling, provost marshal. The board of directors consists of W. E. Thomason, Clay Perkins, Claude Hazel, R. B. Walthall, Dr. Drewery W. W. Lee, A. T. Mast, Robert Cason and Clarence Thompson. A resolution in favor of erecting a suitable memorial to the deceased comrades was adopted, calling upon various other organizations and the school children for aid in the work. The meeting then adjourned for dinner. The barbecue prepared by Rev. M. C. Johnson, Mrs. Penman and Miss Irene Clevenger was a treat to the hungry crowd. The boys, together with their sweethearts, and the grand old boys in gray, with their loved ones, were called to mess by the familiar soup call from Mr. Underwood's cornet, but what met them at the table didn't look like the old familiar army "chow." It was real food—plenty of it and much to spare, with ice cream, cake and pie.

Then came the real excitement of the day, the football game between our local High School boys and Houston Heights High School. The visiting team were much heavier than our boys, but after the first quarter, our boys held them off their feet. If we had held them the first quarter, the game would have been ours, but if you consider the class of ball that the two teams played, the honors were with us anyway. It was a fine high school game, true sportsmanship shown on both sides, and such a game as to make us all proud of our boys. But then it wasn't all over, for the uproar continued and increased until far in the night.

C. R. Brown of San Antonio was in the city yesterday. Mr. Brown was former county commissioner of this county.

I. W. W. MURDER LEGION MEMBERS

Centralia, Wash., Nov. 12.—This little city is quiet after twelve hours of disorder in which five men lost their lives. Three members of the American Legion were shot down yesterday afternoon as the Armistice Day parade passed in front of the Industrial Workers of the World headquarters. Another man, also a member of the Legion, suffered fatal wounds while attempting to apprehend one of those firing the shots, while the fifth, Britt Smith, of this city's local branch of the Industrial Workers, was hanged by a mob.

A company of state guards have arrived and are patrolling the town today. They found members of the American Legion patrolling, with hundreds of others in near-by towns held in reserve. The Legioners assisted the police chief and the town's four paid policemen to scour the town for suspects. Evidence gathered is said to indicate that the attack was premeditated. Twenty are under arrest.

ARREST NEGROES INCITING TROUBLE

St. Louis, Mo., Nov. 12.—Three negro men and one woman are being held by the police on suspicion of attempting to incite the negroes against the whites. One negro in a speech asserted that the negroes should demand \$10,000 from the government for every negro killed in race riots.

HOUSTON FAILS

Houston, Texas, Nov. 10.—Present indications point to the fact that Houston and Harris county will fail in the Red Cross campaign this year. Up to the present scarcely more than 20,000 new members have been obtained. The quota is 50,000. A goodly number of the membership were turned in by the women's clubs. The lack of the stimulus of war is the only excuse thought possible that the quota will be reached. Similar conditions prevail in other Texas cities.

Walter Perritte of Melrose was in the city on business today.

MARTIAL LAW IN NORTH DAKOTA

Bismark, N. D., Nov. 12.—Gov. Frazier has declared martial law in the coal mining districts and announced that he would take over all lignite mines today. In his proclamation the governor ordered the adjutant general to assume charge of the mining industry and see that the mines are reopened at once and the people of the state supplied with coal as soon as possible. The governor declared that not until the operators and miners agreed and demonstrated their willingness and ability to operate the mines in such a manner as to protect the people would the order be revoked.

RED CROSS AT CORPUS CHRISTI

In spite of the great loss of life and property damage in the Corpus Christi storm area, those brave people are carrying on their drive with impregnable courage. I beg to quote the following telegram received from Roy Miller, chairman of the Neuces County chairman of Red Cross Roll Call:

"In one day drive one thousand three hundred three members enrolled Corpus Christi today as small expression of our appreciation of splendid service rendered us in our great need by the Red Cross and all evidence that Corpus Christi has come back. No reports yet from Rural Districts Neuces County."

This splendid report comes regardless of the fact that there are still 35 trained Red Cross disaster workers administering aid in that district and in face of the offer from St. Louis headquarters to cancel the city's and surrounding district's quota.

These returns are far better than those of our more fortunate chapters. They have suffered far more than any other section in South Texas and this record should be an incentive to us all. Let us hope that if they, in face of the enormous difficulties under which they are working, can do this well that other districts in our division will bend every effort to give their people the privilege of enlisting as members of this great humanitarian cause.

Your very truly,
W. A. Vison,
State Director.

...and Mrs. Ward of Rockland is in town shopping.

Miss Grace Waggoner of Appleby spent yesterday in the city shopping.

A. E. Baker of Chireno was in the city on business yesterday.

John Rusche of Appleby was in the city yesterday attending to business.

Buford Minifee of Chireno was in the city yesterday attending to business.

Mrs. Paul Cary and Mrs. Christopher of Maytown were in the city yesterday shopping.

Charlie Reid returned yesterday from a three-days visit to Dallas and reports a fine time.

Rev. Mr. Baker, a Presbyterian minister of Jacksonville, was a business visitor in the city yesterday.

County Superintendent G. B. Layton made a trip to Trinity yesterday afternoon to attend a school meeting.

The game between 'Doches and others Friday promises, from all indications, to be a live one.

Mr. and Mrs. G. N. Bright and Mrs. Bright's brother, Ralph Bailey, together with Mr. and Mrs. Hay Meador, spent yesterday picnicking on the river.

Dissatisfaction is expressed by some of the boys who are working in the drug stores and restaurants, who served in the army, at the probability of their having to work on Armistice Day.

For the benefit of all who are seeking membership we again state that Mrs. Barham is district chairman and we feel sure every citizen of the district will have opportunity through her and her co-workers to renew their membership for 1920 between now and the end of Tuesday, November 11th, 1919.

In the meantime anyone desiring to take membership without waiting to be called on may do like Mr. Hardeman—come up to my office, take out your memberships and as much more as you like, and it will be duly credited to Mrs. Barham's district.

V. E. Middlebrook, County Chairman.

Some few days ago a young man carried a regulation United States army gun to Mr. A. W. Eddings' shop for slight repairs.

Mr. Eddings reported the matter to Sheriff Woodlan. The sheriff made an investigation and took possession of the gun and about one thousand rounds of ammunition.

This gun and ammunition was supposed to have been brought here from Galveston by a party of Tutonic descent.

It being a violation of the law for any citizen to have such arms in his possession, Sheriff Woodlan reported the matter to the proper authorities for investigation.

THE ONLY BUSINESS OUT OF ROUTINE BEFORE THE CITY COUNCIL AT ITS MEETING TUESDAY NIGHT WAS THE PRESENTATION OF THE RESIGNATION OF FIRE CHIEF STURDEVANT.

THE MONTHLY EXAMINATIONS WERE ENDED THIS WEEK AT HIGH SCHOOL WITH ALL OF THE STUDENTS MAKING A HIGH AVERAGE.

THIS SPEAKS MIGHTY GOOD FOR 'DOCHES—who knows she may have growing up in her bounds a future governor or president? You can't ever tell.

GOT THE WRONG BUNDLE

There was a little fun in the City Bakery yesterday when Dallas Feazelle, thinking that he would play a joke on one of his employees, hid a bundle of laundry which he thought belonged to some of the Bakery boys, but in reality belonged to another party.

Dallas on discovering his mistake produced the laundry in a hurry, and proceeded to apologize in gallant fashion to the disgruntled owner.

Dallas says he will be more particular with the next bundle of laundry he sees.

The other boys in the Bakery consider it a huge joke on him.

W. O. Welch of Lufkin, whose wife was operated on here a few days ago, returned here today.

Will Powers returned yesterday from Beaumont, where he had been visiting friends.

B. T. Fulow, who has been sick, was able to return yesterday to his work at the City Bakery.

Bob and Jack Seale of Chireno came to the city yesterday on business.

L. G. King, Attorney W. B. Bates and I. D. Parnley made a trip to Douglass this morning on business.

J. H. Waggoner of Appleby arrived in the city from Burkburnett yesterday on his way to Appleby.

Miss Nathalie Lindsey of Lufkin, who had been visiting her sister, Mrs. Bronson Morgan, returned home yesterday.

S. P. Collins, who has been looking for a homestead here during the past few days, returned to his home in Melrose today.

Jesse Diehazo of Lufkin was in the city yesterday. He is just back from North Texas, where he says it has been raining very much.

John Bates and two daughters, Misses Mabel and Anna, were in the city yesterday trading.

Miss Ethel Baxter has returned from a visit at Shreveport, where she spent a few days most pleasantly with relatives and viewing the big fair.

Capt. R. B. Walthall reports that C-8 is now thoroughly equipped, having just received by express yesterday the remainder of the equipment.

Rev. George E. Self and son, George E. Jr., spent yesterday in the city trading. They returned to their home in Gilbert yesterday evening.

H. D. Power of Alto, one of the most successful farmers and stock-growers in Eastern Texas, was in the city this morning on business and favored the Sentinel office with an appreciated call.

Sergeant Bullock hoisted two large flags yesterday near his recruiting office over Swift Bros. & Smith's.

The Sergeant is very enthusiastic over his work, and believes that Nacogdoches is the right town to respond to his endeavors.

The only business out of routine before the city council at its meeting Tuesday night was the presentation of the resignation of Fire Chief Sturdevant.

The monthly examinations were ended this week at high school with all of the students making a high average.

LABOR FEDERATION ENDORSES STRIKE

Washington, Nov. 10.—The American Federation of Labor stood before the country as an unqualified endorser of the strike of the soft-coal miners and bitterly opposed to the action of the government in attempting to end the strike through injunction proceedings, which action it characterized as "so autocratic as to stagger the human mind."

Endorsements of the strike was announced last night in a statement issued by the executive council for the federation, which pledged the strikers the full support of organized labor and appealed to the citizenship of the country to give like "endorsements and aid to the men engaged in this momentous struggle."

SUICIDE RESULT OF LOW WAGES

(Special to The Sentinel)

Houston, Texas, Nov. 10.—Several weeks ago the industrial welfare commission held hearings in this city, beginning the plan of holding hearings in the larger cities of the state for the purpose of determining a fair minimum wage for the workers of the state. At that time numerous workers testified, and proved by example and citation of incidents, that \$15 a week is absolutely the least that a girl worker having no assistance from home can live on. Later hearings by the commission in Waco and other Texas cities has revealed that similar conditions obtain in those cities, and in all the hearings it has been shown that laundry workers are the poorest paid of the working girls. Friday grim evidence sustaining this fact was shown in this city when Miss Margaret Sealy, age 18, employed in a local laundry, walked into the office of the manager of the company and shot herself through the heart.

The girl in question had contemplated this course for several days, as was evidenced by the fact that she had purchased the pistol previously. She was earning \$14 a week, and it was necessary for her to have an operation and she lacked the proper funds. She had previously had an operation, and the fear of the necessity of a second one caused the suicide.

As is evidenced by the hearings of the commission, similar pay and working conditions exist throughout the state in larger towns, and in the smaller ones the pay, while smaller, is in about the same ratio to the cost of living. The commission is to fix a minimum to be paid workers, an has indicated that no discrimination will be made between the girl who lives at home, and the one depending on her income for entire support. Members of the commission have also indicated that they consider \$15 a week for women workers to be the least that they can possibly exist on. At the Houston hearing it developed that the majority of the workers received less than this amount.

Cards on the Table

You can't make any storage battery last forever—that's a fact.

You've got to keep it filled with water and test it, just like a tire has to be kept filled with air, or it will cost you money.

Some day—if you have an ordinary battery—it's sure to have to be re-insulated, no matter who made it.

But—if you'll buy a *Willard Battery with Threaded Rubber Insulation*, you'll get clear away from the biggest cause of battery troubles. The insulation will probably last as long as the plates.

Drop in and ask us any question you can think of. We're here to give you the kind of help, service and advice that make friends.

ATHING REPORT STRIKES LOCKOUTS

Washington, Nov. 8.—Characterizing all strikes as "industrial barbarism" and declaring "that there is no such thing as a free lunch," a Senate committee authorized to investigate the steel strike today presented its report covering hearings at Washington and Pittsburgh and criticizing both the workers and employers of the controversy which has raged in at least a partial disruption of the steel industry in the United States.

The committee's main conclusion, expressed in by all its members, is that the public has a right to demand that capital shall not arrogate to itself the right to determine in its own way those industrial questions, and it is the same as labor, and the duty is on congress to provide some way of adjusting these difficulties."

COAL STRIKE ORDER MUST BE RECALLED

Indianapolis, Ind., Nov. 8.—Officials of the United Mine Workers were ordered to withdraw the strike order under which 400,000 miners quit work November 1. The mandate was issued by Judge Anderson of the United States District Court after a hearing in which union attorneys fought vainly to prevent arguments on the right to strike.

The union was given until 5 p. m. of November 11 to issue the cancellation. This date was selected because so many of the defendants were absent, and must be summoned by telegraph to issue the cancellation.

The order's attorneys announced that President Lewis and Secretary Green of the union proposed obeying the court order, but they could not speak for their fellow-officials.

WIDESPREAD PLOT NIPPED IN THE BUD

Undated, Nov. 8.—350 alleged radicals, said to have plotted violent demonstrations throughout the country today in commemoration of the second anniversary of the Russian Soviet government, are in the hands of federal authorities awaiting deportation or such action as may be taken against them. About 500 men and women suspected of being in the plot were seized last night in a series of swift raids in fourteen cities.

Washington, Nov. 8.—The deportation of all aliens engaged in "Red" activities has been determined upon by the Department of Justice, Attorney General Palmer announced today. Details of a widespread clean-up last night and today show over 200 arrested in eighteen cities. Attorney General Palmer has asked the Department of Labor to deport them all.

Included in the material and literature seized were quantities of articles used in making bombs, a complete counterfeit plant, a large supply of counterfeit bank notes, thousands of pieces of literature described as of most inflammatory nature, scores of red flags, rifles and revolvers.

Agents of the Department of Justice and Bureau of Immigration have been collecting evidence in these particular cases for two months, Mr. Palmer said.

Practically all the arrests were Russians.

LARGE SHIPMENTS OF COTTON DESTINED FOR GERMANY

Baltimore, Md., Nov. 6.—Approximately 150,000 bales of cotton have been forwarded to Germany from Savannah and Galveston recently and other vessels at those ports are loading further shipments for Hamburg and Bremen, according to a report to Manufacturers' Record.

CIGARETTE CAUSES DAMAGE

Dr. Hall, experienced an aggravating little incident yesterday when he drove his Ford up and parked by the sidewalk near Kennedy's drug store on North Pecan Street, leaving it for a few minutes, only to return and find a lighted cigarette stub lying in the seat. The cigarette had burned a hole right in the center of the seat big enough for one's hand to go through.

Some boys in Kennedy's drug store discovered the fire, and saved the car from serious damage. It is not known just how the cigarette got in the seat. Dr. Hall was profuse in his thanks to the boys who saved his car.

LIFT OFF CORNS!

Doesn't hurt a bit: Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

MAKERS OF SCOTT'S EMULSION

(Special to The Sentinel)

Dallas, Texas, Nov. 10.—The first county in the entire Southwestern Division of the Red Cross—Texas, Missouri, Kansas and Oklahoma—to go "over the top" in the Third Red Cross Roll Call now being conducted was a Texas county. Mitchell county, Texas, Tuesday telegraphed Edward Hadden, division director of the Roll Call, at St. Louis, that the county's quota of 1000 members had been attained on the first day of the drive.

This is an increase of 502 members over last year. The population of the county is 8,956. G. B. Harness of Colorado, Texas, county Roll Call director in announcing the result said: "We have reached our quota and are still going."

T. G. Vaught, constable at Garrison, arrested Mrs. Evvie Sanders, wanted at Texarkana for forgery in two cases. She was convicted February 9th, inst. Vaught located her and notified the Texarkana officers, and the sheriff came after her, took charge of the prisoner this morning.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs. (Ad.)

They had a fine time.

Supt. G. B. Layton visited the Gar-
rison high school yesterday. He de-
livered an address at the school.

Mr. and Mrs. Gil Childress and
children made a trip to Alto yester-
day, where they celebrated the 11th in
the big event pulled off in Alto.

Finis Watkins, Benton Kelley
and Mrs. C. B. Watkins of Douglass
spent yesterday in the city celebrat-
ing the 11th.

Messrs. Tom Hampton and Earl
Heitman spent Sunday afternoon rus-
tinating at Lufkin. They saw several
houses and lots of room for a town to
grow.

Dr. G. H. Turner of Garrison, who
was down here a few days ago visit-
ing, was taken sick and is at present
confined to his room at the Redland

One million railroad ties, oak and
pine, have been cut and delivered in
Nacogdoches count during the season
just closed. The value of these ties
was \$750,000, and the work of pro-
ducing them gave employment to
about 300 men. Tie-contractors have
suspended operations for the present,
and probably will not resume until
the threatened railroad strike has
been settled one way or another.
They feared the roads might be so
hampered as to be unable to trans-
port their products.

A Cheerful Recommendation
"They should be in every traveling

NEW ERA MOVEMENT

"The New Era Movement" is
but another way of saying that the
Christian church, which has stood
for liberty, justice and equality for
all mankind in all ages, is now en-
deavoring to organize her forces so
as to give the masses of the world
the spiritual benefits of the victori-
ous battles of democracy, which en-
ded the world war. Every great
Evangelical church in the United
States is now engaged in campaign-
ing for this great cause.

The leaders of the New Era Move-
ment for this section of the country
will appear at the Main Street
church tomorrow afternoon at 4
o'clock, tomorrow night at 7:30,
and Friday morning from 10 to 12.
Many prominent people from New
York, St. Louis and other cities will
be here. These gatherings are for
inspiration, information and efficien-
cy in Christian work. We cordially
invite all Christian friends as well
as the public to these meetings.

FELL INTO A MUD HOLE

The roads between Alto and Na-
cogdoches were pretty bad yester-
day, according to Gil Childress, who
with his family went to Alto to
pend the 11th. Getting over in
the river bottom Mr. Childress bog-
ged down, and on getting out of his
car to see if he could not arrange
some way to get out of the mudhole,
he slipped and fell broadside into
the loblolly, getting his nice, new
spick-and-span holiday clothes in
good shape in which to celebrate.
Despite all this, Mr. Childress says
that he had a very fine time, al-
though it was a bit conspicuous to
have to go around with a muddy
coat on. However, no one could pos-
sibly question his personal con-
dition—the days of the mint bed are
past and gone.

Tells How He Was Helped

James McCrerry, Berrien Center,
Mich., says he was troubled with kid-
ney and bladder trouble for two years
and used several kinds of medicine
without any benefit, but Foley Kid-
ney Pills gave him relief from aches
and pains and stopped sleep distur-
bing bladder ailments. They stop back-
ache and rheumatic pains. Sold by

Tom Tillery of the Shady Grove
community, after a three and a half
days journey in a motor car from
Waco, arrived here yesterday. He
reported the highways very bad over
which he had to travel, and that he ex-
perienced a number of bog-downs but
no blow-outs.

J. H. Bristol and Ellis Mills of Gar-
rison were visitors to the city yester-
day.

**Greatly Benefitted by Chamberlain's
Tablets**

"I am thankful for the good I
have received by using Chamberlain's
Tablets. About two years ago when
I began taking them I was suffering
a great deal from distress after eat-
ing, and from headache and a tired
jaundiced feeling due to indigestion and
a torpid liver. Chamberlain's Tab-
lets corrected these disorders in a
short time, and since taking two bot-
tles of them my health has been good."
writes Mrs. M. P. Harwood, Auburn,
N. Y. Sold by Stripling, Haselwood

There was a negro, Frank John-
son, yesterday who with a team of

road in the Loco bottom. Some
jack, we are willing to admit. There
is never a way like the right way to
make money.

Don't Disregard a Cold

Neglected cold may develop into
most serious sickness. The influenza
and pneumonia that swept the country
a year ago were predicted by an epi-
demic of colds. Foley's Honey and
Tar will check a cold if taken in
time. It loosens phlegm and mucus,
clears air passages, eases hoarseness,
stops tickling throat. Sold by Strip-
ling, Haselwood & Co.

A Houston paper quotes local sports
men as saying that deer can be found
within 10 and 12 miles of that city,
out in the swamps and that the hunt-
ers are active. In another place an
account is given of many stills being
located in swamps near Houston.
Naturally doubt arises as to what the
"hunters are hunting," in view of the
confident facts.

About Croup.

If your children are subject to
croup, or if you have reason to fear
their being attacked by that disease,
you should procure a bottle of Cham-
berlain's Cough Remedy and study
the directions for use, so that in case
of an attack you will know exactly
what course to pursue. This is a fa-
vorite and very successful remedy for
croup, and it is important that you
observe the directions carefully. Sold

WEEKLY SENTINEL

BY GILES M. HALTOM

ONLY A FEW MINUTES

Only a few minutes each day! Its only a little to give but great possibilities for the future of this town. In a few minutes each day you can keep the rubbish out of your yard, and fences in repair, and shade trees trimmed, and the walks repaired in good condition. And when you return from your daily labors at night you will notice a clean and healthy atmosphere—you will hardly know your home.

Then a few minutes each day you will have many new conveniences in the kitchen, and the pantry and in the basement. And the wife, who makes home more attractive for you, will know that you are mindful of her welfare.

A few minutes each day will transform a dirty, slovenly town into a spot of beauty, of sanity and of sanitation. It will turn reproach into admiration and adversity into prosperity.

It will do all this and more. A few minutes of each day is such a little thing to give, but the possibilities of its future are so pregnant with results as to be beyond compute in the infancy of its consumption.

Every citizen of this town could give a few minutes each day to the upbuilding of the community, to the advancement of the material interests of the municipality.

A minute club would be a good thing to form right here among ourselves, and if the few loyal citizens will take the lead all others will fall in line with a will to achieve every goal for which we strive.

CHARTER HAS BEEN GRANTED

A charter applied for some time ago has been granted the Lufkin Building and Loan Association, with capital stock of \$1,000,000.00, the incorporators being W. M. Glenn, N. D. Stands, K. W. Newman and others.

In conversation with some of the heads of the new concern this morning it was learned that plans, pending the granting of the charter, would soon begin to take form, and within a short time some tangible results will be realized as the growth of such an association.

It is conceded by consecutive business men of Lufkin that the Building and Loan Association just chartered is the only, or at least the best, solution of the housing problem in this city, the demands for which was never more acute than at the present time.—Lufkin News.

TO GET ARMY TRUCKS

Through the efforts of the Lufkin Chamber of Commerce it is virtually assured that Angelina county will be allowed two large government army trucks within the near future, which will be employed in good roads work in this county. Necessary applications have been received and filled out for the machines, and when approved by army officials at headquarters, these very desirable trucks will be sent to Lufkin.

The Chamber of Commerce is to be congratulated upon this splendid achievement which will be of invaluable aid in the building of good roads in Angelina county.—Lufkin News.

There are two things that every man ought to love—a good book and a good cook.

Lucky for the centipede that doesn't have to get shoe shines at prevailing prices.

Some lucky men inherit the earth and some are appointed on government commissions to investigate things.

Of course friendship cannot be bought, but when a little boy gives candy to a little girl he doesn't lose anything but the candy.

With Mount Lassen and Hi Johnson both in a state of eruption in California, people are again reminded that man was made to mourn.

The doctors are having quite a time trying to define sleep. Everybody ought to know what sleep is. It is a state of repose or quiescence characterized by partial unconsciousness. People who do not advertise are that way most of the time.

Statistics show that only one man out of sixty has enough money on hand when he dies to give him a decent burial; but all of them can tell you how the government ought to be run and the financial system fixed up first night.

Dr. Bruce and Reich, Osteopathic Physicians, Rolland Hotel.

FRENCH PRESIDENT WILL SOON GO HOUSE-HUNTING

Paris, Nov. 8.—When President Poincare leaves the Elisees Palace, the French White House, three months hence to make way for a new chief executive of the republic he will, like a great many more ordinary citizens, be obliged to grapple with the difficult lodging problem.

When he was elected president he had four domiciles, his apartments in Paris, which he gave up at once; his villa at Sampigny, the old family homestead at Nubecourt and a small house at Bar le Duc. The Sampigny villa was completely wrecked by the German artillery firing from the Camp of the Romans near Saint Mihiel, the homestead at Nubecourt was demolished by the explosion of an army motor truck loaded with gasoline while a bomb from a German airplane fell full into the center of the house at Bar le Duc and left nothing standing but ragged walls.

Consequently the next president will have to go house hunting along with thousands of other citizens, running the same small chance of finding a suitable abiding place.

JUDGE J. M. MARSHALL WARNED OF BUBONIC PLAGUE

County Judge J. M. Marshall is in receipt of the following letter from the Texas State Board of Health at Austin under date of the 6th inst. All who know of the ravages of the terrible malady will be on the alert for the appearance of any suspicious symptoms they do not understand and report the same promptly to Judge Marshall, who will order an investigation.

"One case of bubonic plague developed in New Orleans on Wednesday October 29th. Three cases have developed since, two of whom have died.

"Take every precaution to see that this disease does not develop in your county or city.

"Notify all the doctors in your county or town to be on the lookout for plague.

"Please report to this office, by telegraph, any suspicious case that may come under your supervision.

"C. W. Goddard, M. D., "State Health Officer."

GARRISON LOCALS

From The News Messrs. R. E. DeLony and H. T. Parker visited Nacogdoches one day last week, where they went to take the examination for census enumerators of this precinct.

Miss Layton, one of the teachers of the school, was a week-end visitor to her parents at Nacogdoches.

Mrs. Ellis Mills was carried to the sanitarium at Nacogdoches Thursday for a surgical operation, and her many friends will join in the hope that she may now soon be restored to health.

Dr. Spradley has arrived in town, as per previous report of his coming, and is now pursuing the practice of his profession. He is a son of Matt Spradley of Nacogdoches, and is a most worthy, ambitious, capable young man who will make the town a good citizen and doubtless enjoy a successful career with us.

Mr. T. J. Humphreys, an honored pioneer citizen of this community died at his home out from town at an early hour Saturday morning, following illness with paralysis. His body was laid to rest in the cemetery at Cold Springs, Saturday afternoon, his former pastor, Rev. A. T. Gerard, officiating in the religious service, after which the body was turned over to the Masonic fraternity, of which decedent had long been an honored member, who tenderly laid it to rest with honors of the order.

Attorneys F. P. Marshall, Moss Adams, A. A. Seale, Langston King and C. C. Watson of Nacogdoches were visitors to the justice court in town Monday morning. While here Judge Marshall told his friends that he would be in the race for district attorney next year, and that his formal announcement would be forthcoming after Christmas. With his record of fidelity to duty and his educational attainment, he is a good man for the place.

While at work about the brick machine Saturday W. H. Thomas, superintendent of the brickyard, had the misfortune to get his right hand caught in the machine and lose four fingers. Mr. Thomas was carried to the home of Dr. Turner, where he was given prompt medical attention, and was reported to be doing nicely when this report was prepared. In speaking of the unfortunate affair, in which he enters into profound sympathy with his loyal co-worker, Mr. Faulk, the general manager of the enterprise, said that if it had come, it was the best time in the world, as Mr. Thomas had gotten everything in good running order before it happened and they are able thereby to carry on the work without interruption.

GEORGE B. TERRELL MAY BE CANDIDATE FOR GOVERNOR

Houston, Texas Nov. 10.—At a luncheon in the Rice Hotel here the other day, Hon. Geo. B. Terrell, former state comptroller, announced that he may be a candidate for governor in the next primary. He says that if he does run it will be on the platform of the equalization of the taxes of the state. He cited instances of where they in two counties, and was assessed twice as much in one as in the other.

In connection with the equalization of taxes a meeting of Harris county citizens has been called to organize a local unit of the Texas League for Equal and Uniform Taxation.

COTTON SEED FOR NEXT YEAR IMPORTANT QUESTION

The State Department of Agriculture is receiving many letters asking where cotton seed may be bought for next year's planting.

These inquiries come as a result of excessive rains which have ruined the germinating qualities of many thousands of tons of seed and unless farmers get cotton seed now and store them, it is almost certain that not enough seed can be had next spring to plant a normal acreage.

Therefore, we are writing this letter to the members of the farmers institutes, urging them to buy their cotton seed this fall, if they need any, for fear that they may not be able to buy them at all next spring.

Again, if you have good sound seed for sale, write T. S. Minter, Director of Bureau of Markets, Austin, giving him the variety, quantity and quality of the seed you have for sale and he will list your offering in the market Journal free and otherwise assist you in finding a market for same.

If you wish to buy cotton seed for next year's planting, write Mr. Minter and he will give you a list of those who may have seed for sale.

Bear in mind that we do not handle any one's money nor the seed offered. We simply put the buyer and seller in direct communication with each other.

Sincerely yours,
J. W. Neill, Director of Farmer's Institutes, T. S. Minter, Director of Bureau of Markets.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and am able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

TRADITIONS

"name before he came to Texas" was McKnight. He never changed it, other than to add "the". There was nothing like a barber shop here, so Wallace shaved folks with his razor, cut hair, and besides shaved planks with a jack-plane and cut timber with his hand saw.

But Dick Parmelee's name when he was a young clerk in big New York store was Richard Parmelee Robinson. He was about to marry his employers daughter, but the other girl a most beautiful demimonde who wore gaudy bright green upon the streets of New York, and was famous for her mashes, put up a decided opposition. Mr. Robinson visited her one night in her room. She was found dead the next morning. A hatchet from the employers' store and fragment of Robinson's cloak told the story, and the absence of Robinson confirmed it. He had a piece of marsh land lying where Chicago was afterward built and this he hypothecated to his employer for money. There was a question of title to this land in after years.

Parmelee's brother, Jim Robinson, followed him here and joined him in business. Parmelee married a widow Phillips here. Later he died in the Galt House in Louisville, Ky., while there on business. His widow went and brought his body here for burial.

The life of Helen Jewett was published and when copies of it came here and Parmelee learned it he bought up all he could find and destroyed them, but others followed. He finally opened up and went back to New York and stood trial, being acquitted. No copy of the Life of Helen Jewett Richard Parmelee Robinson and his family are traditions.

HOUSTON RANKS FIFTY-THIRD AMERICAN CITY

(Special to The Sentinel)

Houston, Texas, Nov. 10.—Houston ranks 53rd in population of the American cities, according to statistics made public by the census bureau in Washington, having a population of 116,000. Texas cities rank in the following manner: Dallas, 1st in Texas, and 44th in the nation; San Antonio, 2nd in Texas, and 45th in the nation; Houston, 3rd and 53rd; Fort Worth, 5th and 59th. El Paso, 6th and 96th; Galveston, 7th and 154th; Austin, 8th and 193rd; Waco, 9th and 197th.

It is also announced that the Houston city government's debt ranks fifth among the cities of the United States, being exceeded by New York, San Diego, Cal., Cincinnati and Highland, Mich. The per capita net indebtedness of Houston was in excess of \$100, as was also Galveston's.

HOSPITAL FOR TUBERCULAR SOLDIERS TO BE PROVIDED

(Special to The Sentinel)

Austin, Texas, Nov. 12.—"Good hearts for Bad Lungs; Treat Texas Soldiers in Texas," is the slogan and winning appeal adopted by Major John C. Townes Jr. for the state-wide drive November 19th to 26th, inclusive, to raise funds for the erection of a memorial hospital at Carlsbad, Texas for Texas soldiers who have been stricken with the fearful white plague—tuberculosis.

Citizens with good hearts are urged to respond generously to this call of the war and provide comforts for the boys with diseased lungs. It is a pathetic condition and can only be remedied by liberal response to the request for funds made by the Benevolent War Risk Society of Texas, of which Gov. Hobby is president and who is asking that citizens do their part.

All of the school children are asked to give something, as well as the prosperous citizens and those who can well afford to aid in such a worthy cause. Children raising over fifty cents will be listed on Governor Hobby's honor roll and thus become identified in a movement that appeals to the good hearts of good citizens. All civic clubs, ministers and business men are being asked to do their part, and none can refuse.

The federal government is offering free medical treatment and all cost of maintenance for the tuberculars if the citizens will but provide the hospital buildings. The government has no hospitals in Texas, hence the appeal. If it is not heeded the boys will have to go elsewhere or stay at home and spread the malady. What shall it be?

"There can be but one answer," says Major Townes. "Give to your utmost during the drive and help it in every way. Ask your neighbor to do his part too."

Major John C. Townes, who was in charge of the selective draft in Texas, has opened headquarters in Austin as head of the campaign by the Benevolent War Risk Society to collect \$500,000 to erect hospital buildings at Carlsbad for the care of tubercular ex-soldiers of the state. According to Federal Public Health Service there are no more than 4,000 boys in Texas who contracted tuberculosis while in the service, of whom a rapidly growing proportion demands immediate hospital treatment.

The week of November 19th to 26th, inclusive, has been set aside for a great drive to collect funds for the care of these Texas boys, and Major Townes has called upon the members of the local draft boards throughout the state to aid in the movement.

"Every citizen is expected to give liberally in this, the last drive of the World War," said Major Townes. "The offerings are at Thanksgiving, and as all Texans have much to be thankful for they should not overlook this opportunity to aid the afflicted soldier boys who went forth to give their lives for their country. If the buildings are not erected the boys will be sent to other states where the climate is less desirable than that of Texas, or as an alternative they may elect to stay at home and possibly spread the dread infection to families, their friends, and their neighbors."

"Give generously," implores Major Townes, "that our boys may remain at home and have the proper care and treatment. It will be our last act of the war."

Washington, D. C., Nov. 11.—Malt sugar sirup is a brand new sweet which has arrived on a commercial scale at the psychological moment to relieve the sugar shortage, say the specialists of the Bureau of Chemistry, United States Department of Agriculture, who have investigated various substitutes for sugar. In addition to being a sweet, malt sugar sirup has a delicious flavor somewhat resembling that of honey, which adds much to its palatability and value as a sugar substitute.

While malt sugar has long been known to chemists, its production on a commercial scale is only beginning. Two factors have stimulated its production recently. The shortage of sugar has developed a market for it, and the recent prohibition law has made available both the raw material and the machinery needed for its manufacture. Malt sugar sirup is made from the same grain as beer and may be made from corn or potatoes or any plant containing starch. Barley, which was used until recently in the manufacture of beer, can be used now to produce malt sugar sirup.

Breweries, with very little change, can be used and are now being used for its manufacture. Up to a certain point the process for making malt sugar sirup is the same as the process for making beer. Evaporating pans is the principal additional equipment required by breweries to become malt-sugar sirup factories.

Malt sugar sirup looks very much like maple sirup. It can be used for everything that cane sugar is used for. While its use on the table may not be quite as convenient as sugar, it is a most excellent substitute for table use when sugar is not to be had, as it not only provides sweetness but is equal to sugar in food value. For cooking and baking purposes and for making candy it is not only equal to sugar in convenience and food value, but is superior for some uses because it will not so readily crystallize.

Malt sugar sirup is now being sold in large quantities to commercial bakeries and candy and soft drink manufacturers, who use it in place of sugar. The wholesale price as quoted in recent advertisements in trade papers and elsewhere is from 7 to 9 cents per pound in barrel lots. Many retail grocers do not handle it yet, because there has been little demand for it on the part of housewives. Grocers can now obtain it and no doubt will be glad to do so as the demand for it increases. Housewives can well conserve their dwindling supply of sugar by using it in cooking, baking, and homemade confections, and even on the table for sweetening coffee, oatmeal, and desserts. It can be used for every purpose for which sugar is used. If the housewives want it, the grocers will get it.

Although malt sugar is being called upon, so far as household use is concerned, merely as a pinch hitter in the present emergency, the special-

SWEET SUBSTITUTE FOR SUGAR

ists expect that it will make such a batting average that it will hereafter have a regular place in the batting order. This is a case where the substitute makes so good that the regular whose place it takes, may have to warm the bench. While it is not likely that this new sweet will replace sugar for table use in normal times, it undoubtedly will make a place for itself in the household as it is doing in the manufacture of food products. It is an excellent, wholesome sirup, and on account of its delicious flavor, is superior to sugar for some purposes in cooking and baking.

LEWIS SPEAKS PATRIOTIC WORDS

Indianapolis, Ind., Nov. 11.—An order calling off the nation-wide coal strike will be issued today following the decision of the general committee of the United Mine Workers early this morning to obey the mandate of United States District Judge Anderson issued Saturday.

The committee, composed of the international officers, district presidents, and members of the executive board and scale, committee, reached a decision at 4:10 this morning, after seventeen hours discussion, and adjourned five minutes later to reconvene at 2 o'clock this afternoon.

"Gentlemen, we will comply with the mandate of the court. We do it under protest. We are Americans. We cannot fight our government. That is all," was the statement of Acting President Lewis announcing the decision.

Other members of the conference, apparently worn out by the long hours of discussion, declined to add to the statement of their chief and soon dispersed.

Nashville Woman Says She Gained 25 Pounds By Taking Tanlac

"I feel grateful for the wonderful relief I have gotten through taking Tanlac that I would willingly walk twenty miles to tell other sufferers what this medicine done for me," said Miss Adela McKenzie, of 424 Sixth Ave., Nashville, Tenn.

"I suffered for about eighteen months from nervous prostration," she continued, "and kept getting worse in spite of all I could do. I had no appetite and after eating anything my stomach would burn like fire. I would turn cold one minute and hot the next, and I was so nervous I could hardly sleep at all and lost sixty pounds.

"After trying several different medicines without getting relief, my brother got me a bottle of Tanlac and I started taking it. By the time I had finished my second bottle my appetite began to improve and my other troubles were greatly relieved. That burning sensation has disappeared from my stomach, the nervousness is gone, I sleep like a child, and have gained twenty-five pounds in weight." All druggists sell Tanlac.

HOME OWNING CAMPAIGN IS NOW IN FULL SWING

Houston, Texas, Nov. 6.—Success already is in sight for the campaign to make 1,500 tenant farmers in Texas home owners by Christmas, according to Judge S. A. Lindsey, secretary of the Federal Loan Bank of Houston. Of the 220 applications for loans already passed upon, he says 82 were for the purpose of purchasing homes.

In connection with the home-owning campaign, Judge Lindsey has sent out the following letter to secretary-treasurers of National Loan Associations throughout the territory served by the land bank:

"There are tenants everywhere who would buy and owners who would sell, at fair prices, farms or farm lands of someone would bring them together and suggest terms that would appeal to both. I am asking each of the 300 secretary-treasurers connected with this bank to find by Christmas next, at least five such tenants and owners of a farm or farm lands and bring them together.

"Any right-hearted, right-thinking banker will assist in finding owners who will sell at a fair and reasonable price. The wise banker knows that at present land prices are somewhat demoralized, due to abnormal conditions many land owners know that present conditions cannot continue. Our currency has been increased from 816 in 1880 to less than \$54 per capita, thereby enabling the country to absorb Liberty bonds and to carry on business under war prices.

"Soon the currency will again be contracted and falling prices will follow. There is no escape either possible or desirable."

FIRST CONVENTION AMERICAN LEGION IN SESSION TODAY

Minneapolis, Minn., Nov. 10.—To give the American Legion permanent shape and declare its policies as a force in the civil and governmental life of the nation, 2,000 delegates, representing all sections of the country and all classes of the service, men and women, started the first national convention today.

A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tonic" Man, Tells the Treachery of Calomel. Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that the druggist sell for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which strengthens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

Stop coughing! you rack the lungs and worry the body. BALLARD'S HOREHOUND SYRUP checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

FOR RENT—One three room house, good well of water, forty acres of land, good pasture. Five miles north of Nacogdoches. See Mrs. W. V. Loveless. 13-2w

Mrs. Woods and daughter, Elizabeth, of Appleby were in the city shopping yesterday.

FIGHT AGAINST INJUNCTION PRESAGED IN MANY QUARTERS

Indianapolis, Ind., Nov. 10.—No hint as to the action of the international officers of the mine workers at their conference today was forthcoming, despite the action of the executive council of the American Federation of Labor. The federation's statement is believed in many quarters to presage a fight on the part of the miners, assisted by labor in general, against the mandatory injunction of Federal Judge Anderson.

MAJORITY REDUCED TO LEAD OF PER CENT

Columbus, Ohio, Nov. 10.—The fate of the federal prohibition amendment is more uncertain by additional returns, 86 of 88 counties giving the drys a lead of only 45.

WILL NOT ASK FOR REFUND OF RANSOM

Washington, Nov. 6.—Mexico will not be asked by the American government to refund the \$150,000 ransom counsel for William O. Jenkins paid bandits for Jenkins' release, it was announced today at the state department.

GARMENT WORKERS GREAT GRAFTERS

Chicago, Ill., Nov. 7.—The high prices of men's ready-made clothing were blamed on the Amalgamated Clothing Workers of America by Nicholas Michels, assistant state attorney, in whose hands are books and records taken in a raid on the organization's headquarters yesterday. Over half million dollars in "fines" and "settlement" was taken from clothing manufacturers by the union, the attorney's office charges, and agents called the strike for their own gain. Various small factories and shops were driven out of business and the entire industry compelled to pay tribute, according to Michels' information. Girl buttonhole workers have been paid \$50 per week and more skilled workers considerably higher wages under the scale formulated by the union.

MOTHER-IN-LAW VISIT LIMITED TO FOUR WEEKS, SAYS RULING

London, Nov. 10.—Householders of the United Kingdom are barred from entertaining mother-in-law or other guests longer than four weeks, by order of the Ministry of Food, as a part of the conservation program.

Foley's Honey and Tar Compound

IS PLEASANT TO TAKE, and soothes the raw, inflamed surfaces; stops the rasping, strangling feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.

Every User a Friend
"My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. Two doses relieved him and he went to sleep and was troubled no more."—Mrs. W. H. Thornton, 3223 W. 10th St., Little Rock, Ark.
"I am in my eighty-seventh year and I was troubled with a tickling in my throat. I am very glad to tell you that Foley's Honey and Tar has stopped that."—Geo. P. Randall, Dayton, Nev.
Foley's Honey and Tar is recommended for coughs, colds, hoarseness, tickling of the throat, spasmodic croup, whooping cough, laryngitis and bronchial coughs.

GERMANY MUST HOLD TO TERMS

Washington, Nov. 7.—Notice was served on Germany by the allied and associated powers, in a note and accompanying protocol forwarded last Saturday, that the treaty of peace would not go into force until Germany executes to the satisfaction of the allied and associated powers obligations assumed after the armistice convention and additional agreements.

The note made public tonight by the state department provides that the German government shall send representatives to Paris November 10 to make final arrangements for the putting into effect of the treaty. But the note specifies that before the treaty can be made effective the German representatives shall obligate their nation to carry out the terms of the protocol.

The protocol contains a number of obligations assumed by Germany in the armistice convention and complementary agreements which have not been carried out, and which have been the subject of urgent representations. These include the withdrawal of German troops from Russian territory and the delivery of certain German tonnage.

Most important, however, in the obligations Germany is asked to assume under the protocol is the replacing of vessels destroyed in Scapa Flow with five light cruisers and to make up for the first-class battleship sunk at Scapa Flow, by turning over floating docks and cranes, tugs and dredges, equivalent to an equal displacement of 400,000 tons.

In this respect the protocol declares: "The allied and associated powers cannot overlook with sanction the other infractions committed against the armistice convention and violations as serious as the destruction of the German fleet at Scapa Flow, the destruction of the submarine UC-48 of Ferrol and the destruction in the North Sea of certain submarines, proceeding to England for delivery."

Replacement of the submarines destroyed through the turning over of additional submarines and submarine machinery is provided.

The protocol concluded with the following paragraph:

"In case Germany should not fulfill these obligations within the time specified, the allied and associated powers reserve the right to have recourse to any coercive measure or other which they may deem appropriate."

MILLION DOLLARS FOR GRUBSTAKE

Albuquerque, N. M., Nov. 7.—A grubstake and murder figured in the fortune of Damian Cardoner, whose estate recently came before the United States circuit court of appeals of California. It meant a million to Cardoner because Harry Orchard was convicted of murder in the famous Moyer-Haywood-Pettibone case which arose over the killing of Governor Frank Stuenkel of Idaho. And Cardoner had nothing to do with the murder case either.

It started back in 1898, when Orchard "pawed" his interest in the Hercules mine for a grubstake. Cardoner advanced Orchard about \$1,000 worth of food, tools, and clothing. When Orchard was unable to make payment, Cardoner received the sixteenth interest in the mine and from its dividends was able to forsake the little country store he owned at Burke, Idaho, and to go to Spain, where he bought a flourmill and made a million. He died in the Canary Islands in February, 1915.

Mrs. Cardoner, who died at Albuquerque in October, 1918, sold the interest in the Hercules mine for \$350,000. In December, 1917, she brought suit at Coeur d'Alene, Idaho, against the purchasers, alleging that her share in the mine was worth \$1,500,000. The court of appeals held that the \$350,000 was binding.

The money from the Cardoner estate goes to Mrs. Julio H. Pauchet, Mrs. Cardoner's only daughter and wife of a director in the Banca Arnus, Barcelona, Spain, and of Pierrier et Cie Pas. A million on the grubstake.

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

FIRST AERIAL STOWAWAY ONLY GETS 22 MILES A H

A recent El Paso dispatch says: Home-sick for East Texas, to use his own expression, Private Alvin Breeland, of Ennis, Texas, recruit in the Eleventh Aero Squadron, today tried to beat his way to Dallas aboard an airplane. Hazarding a 22-mile ride on the huge bombing plane piloted by Lieutenant Colonel R. S. Hartz, who is flying around the rim of the country, Breeland became the war's first aerial stowaway. He secreted himself beneath the landing carriage of the plane, and when Hartz took the air for Dallas Breeland started along "riding the bumpers." The stowaway was discovered by air service men standing at the Fort Bliss airfield and a second plane took the air to inform Colonel Hartz, who landed at Clint, Breeland being placed in another machine and returned here.

FOR THRIFT WORK IN NACOGDOCHES COUNTY

The following letter was addressed to each teacher in the public schools of Nacogdoches county from the office in Dallas and today other instructions are placed in the mail with a franking card for reply with expectation that replies will be mailed at once:

Nacogdoches, Texas.
Dear Friend:
You are hereby appointed to supervise the sale of Thrift Stamps, War Savings Stamps and Registered Certificates in your School District for the year ending January 1st, 1920. It is likely this department of our government will be made permanent and, furthermore, that it will be made a subject in our public schools. One of the first lessons that should be taught the young is thrift. How to save, how to invest savings, how to use this investment is as much the duty of the teacher as other branches of learning now taught. At this time the government must borrow money in order to meet expenses incurred in the prosecution of the world war. Men of experience and scholarship foreseeing the likelihood of the government securities getting into the hands of few financiers and knowing the result—how this enriches—have worked out a plan whereby the person of limited means can share and profit by investing a part of his earnings in safe securities, such as the government offers. You will, therefore, organize a Thrift Society in your class or school and instruct the student body how to proceed. Show how a boy or girl, by saving a few cents a day and investing same, can become possessed of means for a college education. Show how the school, by investing a few cents per day, can have means for civic improvements, a library, athletic sports, etc. The director of the eleventh district, Hon. Frank M. Smith, will furnish the necessary information. Write him at Dallas, Texas. Don't fail to make this a department of your school. It is to your interest and the interest of those under your control. This is the way to make loyal Americans, true citizens. They will feel that they have a part in the American government with a financial interest involved. Please report progress at your earliest convenience. Most cordially yours, J. N. Cunningham, County Chairman.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Ford

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

Help to Get Better Prices for Your Farm Produce

Support a Marketing Corporation Operating DIRECT From Producer to Consumer

The Industrial Transportation Company is chartered at Washington, D. C., by virtue of a special Act of Congress, with the privilege of distributing foodstuff at Wholesale, Retail, Mail or otherwise any place in the world, and they deal from Farmer to Consumer for a profit not exceeding 10 per cent. plus cost on any transaction. They have their own Packing Plant, Canning Plants, Distributing Houses and now about One Hundred Retail Cash Stores in Texas and Louisiana, and are rapidly establishing others.

They now have Stores in this County, No. 90 in Nacogdoches, No. 91 in Chireno and 92 in Cushing

Better Prices to Farmers and Less Prices to Consumers

They will pay the farmer more for the produce he raises on the farm and sell the produce for less to the consumer, because the plan is to operate more directly between the Producer and the Consumer.

Highest Endorsement

The company has a Special Permit to do business in Texas and has the endorsement of the State Department of Agriculture and leading Farmers, Doctors, Lawyers, Bankers and Laborers of the South.

No Profiteering, No Hoarding

The plan eliminates many unnecessary costs in transfer, overhead expenses and profits before the Farm Products reach the consumer's table.

Don't Sit and Wait While Better Prices Come to You

Co-operate with us and your neighbor on the farm in the establishment of this system, which will help you and all your friends.

Securities Make You Money While You Sleep

The Company is offering its 8 per cent. Preferred full participating Stock and the money received from the sale of the same is being used to establish the Company's Stores, Packing Plants, Canneries and Creameries. It is a fine investment, being absolutely safe and pays 8 per cent. with all it earns over that, and it is possible to earn as much as 120 per cent.
