RATIFICATION OF TREATY DOUBTFUL

Washington, Nov. 19.—A letter from President Wilson advising administration senators to vote against ratification of the peace treaty with the Foreign Relations Committee reservations was laid before the conference of the administration senate today by Senator Hitchcock.

The committee program, the president wrote, would provide "not for ratification but rather for nullification of the treaty."

A conference was called to decide upon final administration tactics in the fight for ratification.

After the president's letter was read there were indications that unless a compromise could be effected the administration senators would line up almost solidly against ratification.

PLAIN TALK TO WARRING FACTIONS

Washington, Nov. 19.—Speaking with the authority of President Wilson's cabinet, Fuel Administrator Garfield told representatives of the bituminous coal operators and miners today that "The people of the United States need, must have and will have coal," and as long as the government stands they will not be prevented from getting it "by anything the operators and miners may do."

Mr. Garfield explained that his purpose was to furnish the conference with the data he would use in determining what wage advances, if any, agreed upon by the operators and miners could be borne properly by the public.

LONE BANDIT ROBS PASSENGERS, \$250

Cheyenne, Wyo., Nov. 19.—Seven posses and a troop of cavalry are searching hills and brush lands around Medicine Bow for William Carlisle, a lone bandit who last night robbed the passengers on the Union Pacific's Los Angeles Limited and escaped in the darkness, wounded, in a shower of bullets. He secured about \$250.

LODGE SAYS SENATE WILL NOT OBEY "ORDERS"

Washington, Nov. 19.—Senator Lodge, in a formal statement, predicted that the senate would "obey the orders" of the president in regard to the treaty.

SWITZERLAND WILL ADHERE TO THE LEAGUE OF NATIONS

Berne, Nov. 19.—Switzerland's adherence to the League of Nations was voted by the Swiss national assembly today.

AMERICAN MINING CONGRESS DECRIES THIRTY-HOUR WEEK

St. Louis, Mo., Nov. 18.—The government was criticized for its attitude toward Mexico and laborers demanding a thirty-hour week were denounced at the convention of the American Miners Congress here today. A resolution by Walter Douglas of New York protested to the State Department against "further disregard by the American government of conditions in Mexico that make it unsafe for American citizens there," and recommended that the United States take immediate steps to "insure the constitutional rights of American citizens, protect them on our borders and go with them throughout the world."

NO GERMAN MUSICIANS ARE WANTED AT LOUISVILLE

Louisville, Ky., Nov. 18.—The proposed appearance Thursday of Fritz Kreisler, the Austrian violinist, was cancelled by the Louisville Fine Arts League upon complaint of the local chapter of the American Legion.

200 GALLONS HOMEMADE BEER FOUND IN GALVESTON

(Special to The Sentinel.) Galveston, Texas, Nov. 19.—As a result of raids by federal authorities in this city recently, 200 gallons of "Dago red" was seized. There has been a prevalent idea here that homemade beer and wine were permissible under the wartime prohibition act which however, the raids dispelled.

LIEUTENANT COMMANDER REID VISITS HOUSTON

Houston, Texas, Nov. 18.—Lieutenant Commander A. C. Reid, was a guest of the city of Houston today. Lieutenant Reid, together with the members of the crew, NC-4, who made the first trip across the Atlantic in an airplane, are making a tour of the country at the present time. Besides Lieutenant Reid, the crew is composed of Lieutenant E. F. Stone, Lieutenant Walter Hinton, Lieutenant J. L. Breeze, Ensign Charles Redd and Chief Mechanic Mate Rhodes. The plane arrived in Galveston early in the day and Lieutenant Reid was brought to Houston, where a banquet was given him at the Rice Hotel at 7:30 p. m. by the members of the Aero Club.

The ship is scheduled to leave Galveston Thursday and Houston is making a big effort to have it come here. Galveston is the only Texas city scheduled in the itinerary, and it was not known early today whether the plane would come here.

MORE BIG COTTON SHIPS ALLOCATED TO HOUSTON

(Special to The Sentinel.) Houston, Texas, Nov. 18.—Local cotton men have received word from the United States Shipping Board that the West Chetaz and the Westward Ho have been routed to Houston to load cotton. The West Chetaz will arrive here in a few days and the Westward Ho is scheduled to be here early in next month. The Chetaz is an 8800 ton boat. The steamer Merry Mount which loaded 20,000 bales of cotton here, sailed Saturday for Liverpool.

Ford
THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

PLANS MADE FOR SHRINER GATHERING IN HOUSTON

(Special to The Sentinel.) Houston, Texas, Nov. 18.—At a meeting of Arabia Temple of the Houston Shriners Monday night plans were completed for the big gathering of Shriners of Texas in convention here December 6. Official announcement of the gathering was sent out over the state this week. The program for the convention day includes a breakfast to all members of entertainment to visiting ladies in the forenoon, street parade, followed by the ceremonial session, and a formal ball starting at 9 o'clock in the evening.

DOESN'T CARRY THE TITLE

London, Nov. 17.—The question has been raised whether the order of Grand Cross of the Bath, which was conferred upon General John J. Pershing, really carries the title of "Sir." The official list gives the title various members of the order, but not to the American military leader, whose name appears as "Pershing, Gen. John J., G. C. B. (U. S. A.)"

"Neither does the list give a title to Vice-Admiral W. S. Sims upon whom was conferred the Grand Cross of the Order of St. Michael and St. George, although in the case of British subjects this carries the title of "Sir."

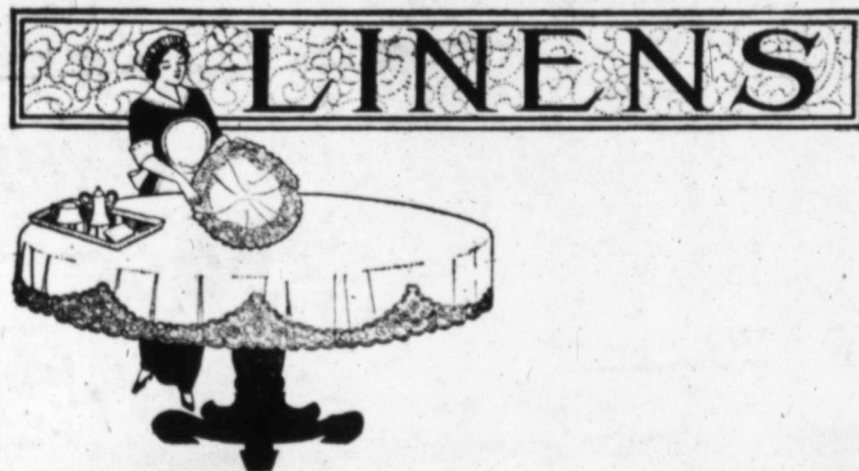

OVER 1,100 CARS REGISTERED IN NACOGDOCHES COUNTY

To the Editor of The Sentinel: Since January 1 of this year up to this date something over 1,100 cars have been registered in this county. The unusual interest taken by the county this year in good roads is stimulating car buying to a high degree. The big trucks which the government turned over to the county proving to be a great help in the development of the roads. Automobile buying and road building go hand-in-hand in this county.

TREASURY SECRETARY GLASS WILL ACCEPT SENATORSHIP

Washington, Nov. 17.—At the request of the president, Secretary Glass will accept the appointment as senator from Virginia to succeed the late Senator Martin, it was announced at the White House today. Mr. Glass consulted members of the senate, who told him there was no particular need to take the oath as senator for a week or two. It was said at the White House that no successor to Secretary Glass had been decided upon and the president's mind is open.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 60c Sold by Stripling, Haselwood & Co. b

Jesse Summers Jr. yesterday afternoon while reciting in the manual training class, happened to the unfortunate accident of getting one of his fingers on his right hand cut off. The wound bled profusely and the pain was right sharp; but Jesse kept his nerve to an admirable degree, and despite of it was able to smile at his misfortune. But Jesse is one of the 'Doches football boys—and it takes iron nerve and Iddian stoicism to be one of them. That's the reason.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

DEFECTS IN CHILDREN

(Special to The Sentinel.) Austin, Texas, Nov. 14.—"Over two out of every three school children of Texas have defective teeth," declared Miss Pearl N. Hyer, Public Health Nurse of the Texas Public Health Association, today.

Miss Hyer based this estimate upon the nursing work and physical examinations in twenty Texas cities where she has examined 2,482 school children. Out of this number, she has found 1,760 to have defective teeth.

Among the 2,482 children whom she has examined during the twelve months ending November 1, 1919, Miss Hyer found a total of 4,345 defects.

"One could scarcely realize the number of children in the State who have some physical defects," said Miss Hyer. "Even the parents of the children do not realize that their little ones may have some defect, which may be easily corrected in childhood. This shows the necessity for a public health nurse in counties and schools to recognize and help remedy whatever is wrong. This is one of the things which the Texas Public Health Association is trying to bring to the people of Texas."

Many of the children examined by Miss Hyer are afflicted with defective hearing, according to her report—302 in number; while 384 have been found to need glasses to correct their vision. Those suffering from granulated eyelids were 100 in number; while 272 have diseased gums. Another serious defect found was that 127 of the Texas children whom she examined were suffering from chronic trouble of the tonsils.

Miss Hyer's work consists of personal examination of children and adults; giving health lectures to nurses carrying out Child Welfare work; referring to school children; doing regular nursing work, and assisting in carrying the Modern Health Crusade to the children of Texas. She has held 17,700 people in the County-wide work and during the year has reached over 21,000 Texans, mostly school children.

Miss Hyer is carrying on the work of the Texas Public Health Association in advocating a Public Health Nurse for every county, city, and large community. The Association is financed in this work by means of the sale of Red Cross Christmas Bonds, and the campaign this year will be held from December 1st to 10th. The Texas quota for good health is \$5,000,000 for 1920, ninety per cent of which will be used in the betterment of general health conditions.

Berlin Cole of the City Bakery left yesterday for his old home, Lufkin, where he will spend two or three days.

HAPPY CHILDHOOD

Childhood days are happy days to the robust child; they are intended to be days of growth.

SCOTT'S EMULSION

brings to a child that is not thriving, power that sustains strength—substance that determines growth. Scott's is concentrated tonic-nourishment which is readily assimilated and transmuted into strength.

Give Scott's Emulsion to growing children often.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J.

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

A CIGARETTE that invites you to enjoy a smoke as you never have before—that's Chesterfield.

Not merely fine tobaccos, mind you, though we use the finest of Turkish and Domestic leaf, but an exclusive blending method that brings out hidden flavors—flavors that others have failed to find.

That's why Chesterfields are different. That's why they satisfy. And this method is a closely guarded secret. That's why none but Chesterfields can satisfy.

And Chesterfields reach you in prime shape for smoking always—because every separate package is wrapped in moisture-proof glassine paper.

RICH GOLD FIELDS FOUND

Vancouver, B. C. Nov. 12.—Stories of marvelous gold finds have come from the newly discovered gold fields in the Copper Lake Region, 65 miles north of Le Pas, Manitoba, also at Contact Bay, about 200 miles east of Winnipeg. One man recently came into Le Pas, it is said, with a canoe load of sacks filled with gold. He wanted the gold made into bricks. Stampedeers are rushing to the new fields and Winnipeg stores are doing a fishing business outfitting expeditions.

The story of the gold field sounds like an Old Klondike tale. Jacob Cook, an Indian prospector, while on his way to his cabin on Copper Lake, tripped and fell over a rusty spur of quartz. Angered by the fall he struck the spur with his pick and saw evidence of gold. Within a few minutes he opened up a streak four inches wide and several feet deep which assayers declare is almost pure gold.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

RASCALS

Biliousness, Headache, Colds, Constipation, driven out with "Cascarets"

Why take nasty cathartics, sickening salts, or stomach-turning oils to drive these rascals out? Let gentle, harmless Cascarets remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your skin sallow, your breath offensive, and your stomach sour. Get a box of Cascarets at the drug store and rid your liver, stomach, and bowels of the excess bile, poisons, and waste which are keeping you miserable. Cascarets never gripe, never sicken, never inconvenience. They cost so little and work while you sleep.

JOHN N. WILSON

John N. Wilson, 81 years old, a native of Nacogdoches county and well known and greatly esteemed by many of our people, especially the older residents at 7 o'clock this morning at the home of his daughter, Mrs. Gus Thompson, in this city.

Mr. Wilson served for 12 years in the Confederate army under Gen. Stonewall Jackson and Gen. Robert E. Lee and participated in some of the hardest-fought battles of the War between the States.

He is survived by his wife, four sons and four daughters, who have the sympathy of the entire community.

Interment was made at 4 o'clock this afternoon in Oak Grove cemetery.

A VERY OLD PAPER

Prof. T. H. Hunt, teacher of American history at the high school, has in his possession a most interesting newspaper. According to the paper, George Washington had just died a week before. The paper was printed in 1800 in the month of Jan. and carried the name of the ULSTER COUNTY GAZETTE.

Carrying in it a message from the senate to President John Adams, and then a reply from John Adams to the senate, all of whom were expressing the deepest of grief on the death of the Father of Our Country. The paper indeed made interesting reading.

In addition to these, the paper carried an extensive line of advertising in which the most conspicuous was the fact that "small" lots of land, "consisting of not over 500 or 700 acres each," were for sale by a certain party.

Considerable poetry was in evidence in the paper, and the lettering was of an old kind, hard to read in some places.

Prof. Hunt prizes the paper very much and said that he wished the paper was his property. The paper was the property of Miss Wilhelmina Ruffs, who has several copies of old publications which she prizes very highly.

DOCTOR TRUETT ON TOUR OF THE STATE

(Special to The Sentinel.)

Houston, Texas, Nov. 14.—Dr. George Truett, who is touring the state, lectured at the First Methodist church in this city Wednesday night. Doctor Truett is pastor of the First Baptist church at Dallas and is well known over the state as one of its greatest pulpits orators. He has held meetings in Nacogdoches and is well known there. He has just returned from Europe, where he spent seven months lecturing to soldiers in Y. M. C. A. camps and other places.

Dr. Truett spoke on "The World's Challenge to Christianity." A large audience was present and the lecture was well received. Doctor Truett also spoke Wednesday afternoon at a luncheon, in the interest of the Women's and children's Hospital to be erected as an annex to the Baptist sanitarium.

The Sentinel is advised that it was misinformed the other day about little Jesse Summers getting one of his fingers cut off in the manual training department of the high school. Further particulars have revealed the fact, that the injuries received were of the most trivial nature; nothing more than scratches. No finger was lost as was first reported.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Doesn't hurt a bit. Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Willard STORAGE BATTERY

Yours for a Long Life

A Willard Battery with Threaded Rubber Insulation lives a long life. It is a protection against little battery illnesses and re-insulation as well.

Four years' experience on many thousand cars has proven that this battery gives you more real value, more assurance of long-continued efficiency, less anticipation of trouble than any other you can buy.

It's a battery that you ought to know about. If you'll come in we'll tell you about some of these Still Better Willards.

SPECIAL BRIEFS

(Special to The Sentinel.)
Houston, Texas, Nov. 14.—A novel advertising scheme was conducted by the Houston Chronicle Wednesday, Thursday and Friday of this week, when the paper was delivered by airplane to all points between this city and Yoakum. The machine made exhibit flights at the South Texas Fair, which is being held at Yoakum.

Houston, Texas, Nov. 14.—The Lucey Manufacturing Company have announced that they will construct a \$1,000,000 plant in Houston for the purpose of manufacturing oil-well supplies, the work to begin January 1. This will be the third plant of this company of similar nature, and will be the largest of its kind in the world.

Houston, Texas, Nov. 14.—The city of Houston will open a "department store" in the next few days for the purpose of selling army goods of all kinds, consisting of clothing, groceries, etc. The city will receive 10 per cent of the purchase price for conducting the sale for the War Department.

Houston, Texas, Nov. 14.—Reports Wednesday on the Red Cross campaign just ended, showed that the Harris county total was about 25,000, which, while less than half of the quota, ranked next to St. Louis, which reported 30,000, and perhaps equals any in the state.

Palestine, Texas, Nov. 14.—Palestine recently had within its confines a record-breaking burglar, the gentleman having burglarized eight residences in one night. George Lacy, identification clerk of the Houston detective force, assisted the sheriff in identifying the man as a professional.

ORGANIZED PATRIOTISM

The Bolshevik-minded, the assassin of government, the enemies of society (name the element as you please), display practical virtues which they use to serve their bad purpose.

They believe in organization. They never weary in propaganda. Headed off in one direction, they find another. They are ceaselessly active. They are not satisfied to leave the future to evolutionary development. They rant, they cajole, they intimidate, whenever they have the opportunity. They resort to every known species of falsehood and misrepresentation to win converts. Except perhaps the Mormon Church, there is no company so persistent.

It is time for the majority to take a session from the minority and look to its organization. Sometimes by maleficent missionaries from abroad and sometimes by the product of native zigzag brings no considerable number of persons have been weaned from a just and living comprehension of American ideals. There is need to blow the fires of liberty once more into flame, to scatter the ashes of indifference which have accumulated.

We possess schools of patriotism. There are the army and the navy. No boy or man can long serve in either without catching something of the spirit which gives the flag its meaning. There is the National Guard, its contracts are wholesome and stimulating. There are the Boy Scouts and the Girl Scouts; no lad or girl can be in either and not come out something of an American.

But existing agencies need supplementing. The call of duty comes also to the civilian. Membership in some patriotic society should be universal, and the membership should see that not all the time is consumed in consideration of immediate problems—there should always be emphasis on fundamentals.

The words of Lincoln come down the years. "Let every American" he said, "every lover of liberty, every well-wisher to his posterity, swear by the blood of the Revolution never to violate in the least particular the laws of the country and never to tolerate their violation by others."

Americans have too much been sneered into keeping quiet about the principles on which the country was founded and which are as pertinent to-day as in 1776. The grudge American, who was forever boasting of the institutions of his country, may have been somewhat of a nuisance, but more can be said for him than for the flabby American who does not know or care who enjoys blessings coming from the past without doing anything to protect them for the future.

Patriotism should become more organized; not only more organized but more earnest, more militant, more intelligent. We have been eulogizing Colonel Roosevelt because he shook the country out of its materialism. Who will deserve as well by shaking it out of the sloth of indifference—out of the fatal notions that all the questions are solved and that it is no longer necessary to be active in defense of the general welfare.

Most of our political, social and industrial problems would be solved if organized self-seekers met counter organization. At the threshold should be met those who do not reverence democracy and conceive of government as an agency to advance their private interests without regard to the effect on general interests.

The ultimate consumer is also the innocent bystander.

'Why pay rent?' screams a realty ad. Ask the landlord.

No woman is as bad as some of them are painted.

An observant exchange pertinently remarks that prohibition has fairly taken some people's breath away.

A Western exchange notes that Mr. Bun has opened a lunch counter and Mr. Spaniel a sausage factory. Sounds appropriate.

Nat Goodwin says there are two times in life when a man doesn't understand a woman. One is before he marries her and the other is after.

STEEL STRIKERS AT WORK MILLS RUNNING NORMALLY

Gary, Ind., Nov. 18.—The steel mills at Gary are today running at their normal capacity for the first time since the strike of the steel workers, mill officials announced.

COAL MINERS AND COAL BARONS

Both factors to a condition threatening to engulf the whole country in loss, turmoil and suffering have a good call-down coming from the general public, and both are very apt to get it. Let us review them briefly:

The coal barons, known as such for many years, are the owners and operators of the country's coal fields. They have oppressed their workmen worse than any other branch of industry in America ever did. They have imported no end of cheap European labor in the steerage and herded it like cattle in stockyards for many years. They have company stores at which these foreigners are forced to trade and pay two prices for everything they buy, with the result that in a vast majority of cases the miner is always in debt to the company, helpless and powerless. This is little better than peonage. On the other hand they have deliberately and maliciously stung the consuming public on the price of coal back as far as the memory of this generation runs. We all know that to be a fact. During the war they robbed the government unmercifully, and not being content with that gave short weight to the amount of hundreds of thousands of tons, and a bunch of them were convicted of that very thing. Recently when the government informed them that it would fix a maximum price on their product they put up an awful howl, whereupon Attorney General Palmer rebuked them as profiteers and said he would proceed against any conspiracy of employers as quickly as he did against the miners.

The miners themselves, however, are clearly exorbitant in their demands and out of the bounds of all reason. They demand an increase of 60 percent in pay, a six-hour day and a five-day week. This would double the price of coal to the consuming public and reduce the production by one-third. The people may stand the increase in wages, but it is doubtful, as it is too much of an increase; but that it will stand for a six-hour work day and a five-day week is simply absurd.

It is now up to the government to tell both the coal miner and coal baron where to head in, and see that they do it.

EIGHT APPLICANTS FOR TEXAS GOVERNORSHIP

(Special to The Sentinel.) Austin, Texas, Nov. 15.—It would seem that the Texas political pot next year will contain much brew, as it is announced that probably eight aspirants will be in the race for the governorship of the Lone Star State. Ewing Thomas of El Paso is the latest to announce his candidacy. He is the third man to make formal announcement, although six others have stated their desires in this connection. Following are the names of the aspirants:

Pat Neff, R. L. Henry, Ewing Thomas, George B. Terrell, Ben Looney, Earle B. Mayfield, George W. Riddle, and possibly Governor Hobby and others.

All of the above men are well known Texas voters. Pat Neff and R. L. Henry are former congressmen, Geo. B. Terrell is former state comptroller, Looney former attorney general of the state, Mayfield former railroad commissioner. Riddle is a Dallas banker, and while he has not announced his candidacy yet, does not deny the fact that he contemplates running. It is said that one or two others may also enter the race. It is hardly to be expected, however, that all of these men will be in the race. To say that they would not like to however, might be another matter! The number of candidates usually falls off as election time nears. It is an almost certain fact, however, that at least four will actually and actively be in the race—three already announced, and George B. Terrell, as he has already practically announced that he will run.

Governor Hobby has not announced that he will be a candidate, neither has he denied that he will run. It is thought that should certain conditions prevail he will again be in the race. party—or the "Ferguson Party,"—R. L. Henry is said to have the support of the Ferguson wing of the party—or the "Ferguson Party"—whichever it may rightly be termed.

ROUND UP ALIENS FOR DEPORTATION

Washington, Nov. 14.—Aliens rounded up by Department of Justice agents in the recent raids on headquarters of the Union of Russian Workers in a score of cities will be deported as soon as hearings have been held by the Department of Labor, according to Attorney General Palmer. Mr. Palmer said today arrangements for their deportation had been made, but added that he could not disclose to what part of Russia they would be sent.

UNCOLLECTED INTEREST

Des Moines, Ia., Nov. 14.—Perhaps \$100,000 in interest on bonds and securities, most of them government issued, are estimated to be lying uncollected in safety deposit vaults in Des Moines. The estimate was made by a banker.

Not all of the money is due individuals, for banks and financial institutions in many parts of the state have sent their government bonds here for safe keeping and neglected to clip the interest coupons due. One bank in the state, in a small town, has several \$10,000 bonds here for safekeeping and has never collected and of the interest, although to date it is said to amount to about \$2,500.

A local bank recently was informed it had \$1,800 due it in interest. The bonds had been put away and overlooked for the time.

One reason why the interest coupons are not being cashed by individuals is that many purchased bonds as a patriotic duty, accepted the bonds something as they would a receipt; then put them away promptly forgetting about them as an "investment."

A MOTHER'S LETTER

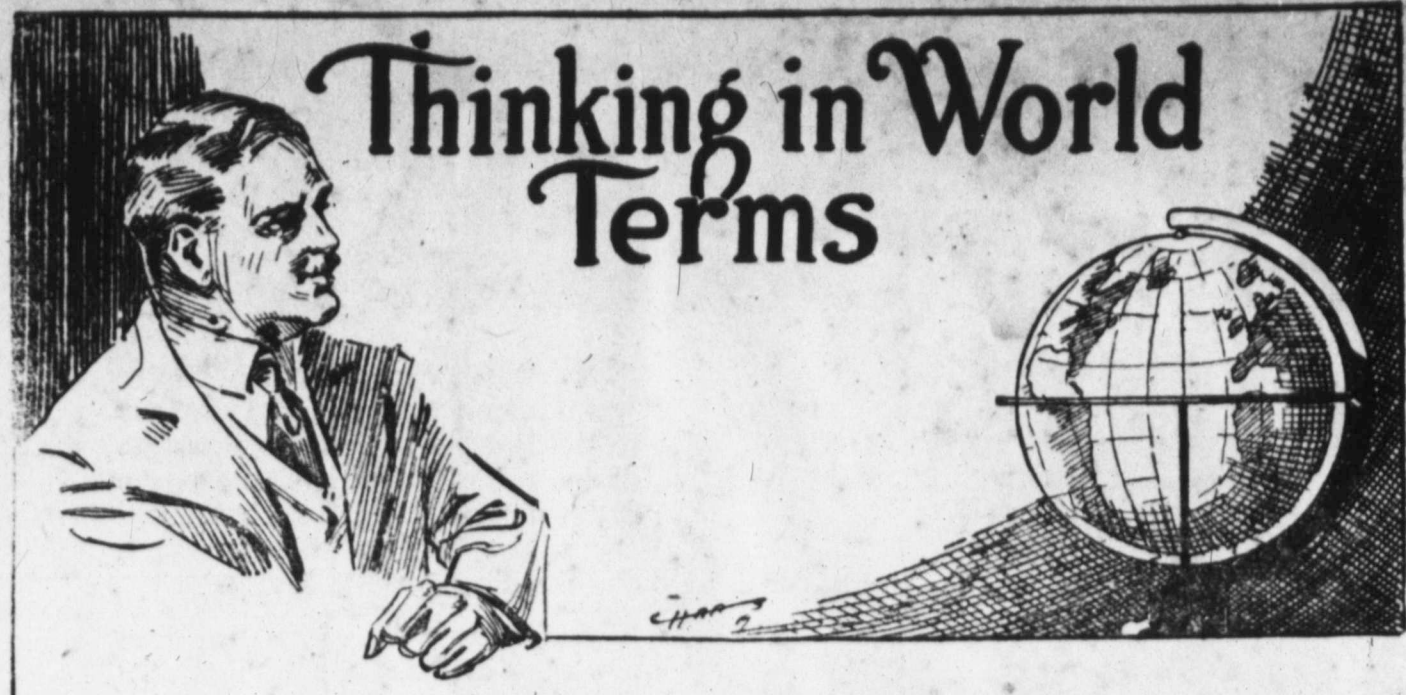

A striking letter epitomizing the sense of desolation that hangs over one Massachusetts home accompanied a woman's contribution to the Salem, Mass., Chapter of the Red Cross during the Third Red Cross Roll Call follows:

"In memory of the boy who gave his all in honor of the mother who gave her only begotten son and that of the young widow saying 'God Knows best' and lastly, the old man, the only kicker in the bunch and ashamed of it at that, I enclose check for \$25. More if Salem does not go over the top."

WEEKLY SENTINEL

BY GILES M. HALTOM

STATES RIGHTS IN THE LEGION

Because the American Legion has grown more rapidly than its machinery has grown, it became necessary for some of the state organizations to take definite action on vital questions without waiting for the national convention or consulting the temporary executive committee. This was notably true in the Southern states, where the negro question injected itself into Legion organization almost from the first.

As a result at least 150 states have arbitrarily decided not to admit the black ex-soldier to Legion membership. They had no right to do this under the Legion charter, but they had very good cause for it nevertheless and anyone who knows the South knows that the South is going to handle the race question for itself in its own way.

If the Legion, at Minneapolis or anywhere else, should presume to dictate to its Southern membership how its Southern problems are to be handled, it will accomplish nothing except possibly alienate the South from its present enthusiastic support of the Legion. Any step toward intolerance by those in one section who have not faced the problem of another section, can lend no aid to the present effort of moulding a great national body. And the recent experience of Chicago, Washington and other cities indicates that meddling with racial problems at this time by any but the most fearless, honest and experienced hands would be not only imprudent but unpatriotic to a degree.

Such enemies of the Nation as have been caught red-handed delivering propaganda to the colored population of the South must find comfort in any dissensions in a body so utterly American as the Legion. The Southern states will ask nothing of the national convention but the right they have exercised for many years, of dealing with their own problems. They should be conceded that right without question.

THE REAL MENACE

It is not organized labor which threatens the future of this country. Neither is it the insatiable greed of capitalism.

Without organization labor would be underpaid and underfed.

Without the capitalist there would be no adequate avenues for the employment of labor.

Both must survive. But the menace with which we must cope is the alien parasite who has fastened himself on organized labor and is daily eating out the heart of the great American republic.

These radicals from other lands are in a majority of cases not even citizens of our country. They are not loyal to our institutions nor to the true interests of the organizations to which they have attached themselves. They are alien agitators and destroyers—nothing more. They preach their pernicious doctrines and prey upon the susceptibility of others with the sole idea in view of creating discord and eruption for their own individual advantages. They would displace the intelligent leadership of labor organizations and usurp the seat of authority for themselves. And they are succeeding in these nefarious undertakings to an alarmingly wonderful degree.

Violence is their only effective weapon, and this they employ to the limit of their possibilities in their campaign of brutality and intimidation. They are shrewd enough, however, to see that the responsibility for their devilishness is laid at the door of organized labor, and by this means escape the individual punishment which is their just due.

The American people have been bullied ragged by these aliens until patience is no longer a virtue.

The time is at hand for the government, the law-abiding elements of organized labor and the public to kick these malcontents out of the country or place them where they can no longer agitate and destroy.

The poisonous snake is a source of constant danger and is promptly crushed. The alien parasite who is sucking the blood of honest labor and preaching sedition among our citizens is a national peril and should be exterminated.—Timpson Times.

HEAD OF THE RED CROSS ENDORSES CAMPAIGN

H. P. Davison, Chairman of the Nation-Wide Campaign of the Episcopal church and a member of the firm of J. P. Morgan & Co., and directing head of the American Red Cross, gives emphatic endorsement to the Nation-Wide Campaign of the Episcopal church, in a letter made public here today. A noteworthy feature of the letter is that it is written largely from a standpoint of a businessman in the Diocese of New York where many business men have joined in the Every Name Campaign which is being conducted here as a part of the Nation-Wide Campaign. From this viewpoint, Mr. Davison endorses not only the spiritual objects of the campaign, but after a careful examination of the plans he expresses the opinion that "they are sound and logical and, if faithfully carried out, should lead without doubt to a successful outcome."

Mr. Davison's letter is addressed to Rev. Arthur S. Lloyd, D.D., President of the Board of Missions, and chairman of the Nation-Wide Campaign Committee of the Diocese of New York. In his letter Mr. Davison says:

"I desire to take this opportunity to express to you my deep feeling of thankfulness that the church realizes in a large way the great opportunities for service which are before her."

The following telegram was received this afternoon by Mrs. J. T. Hall of this city:

Temple, Texas, Nov. 14, 1919. (Copy of message received this morning.) "Regret exceedingly to report the death of your son, Lieut. Chas. M. Rudd, at about 7:25 p. m. November 12. Lieut. Rudd left San Francisco in a DeHaviland at approximately 4 p. m., apparently got lost near Stockton and while attempting to land after dark crashed into a tree. Full details will be written you."

Mrs. James Rudd. Lieutenant Rudd is a nephew of Mrs. J. Thomas Hall, and has been an instructor in aviation, stationed at San Francisco, California prior and since the signing of the armistice. He volunteered from Rice Institute for the war shortly after hostilities were declared, and was among the many daring flyers on the Pacific coast. Mrs. Hall has many friends here who join in condolence in this sudden bereavement.

VISITING IN HOUSTON

(Special to The Sentinel) Houston, Texas, Nov. 12.—Miss Lillian Davidson of Nacogdoches is in Houston, spending two weeks with Mrs. M. J. Dooley. Mr. and Mrs. Dooley having gone ahead some few days ago, and Mrs. Dooley is to join him in the near future. Mr. Dooley is employed with the Southern Pacific railroad, and has visited Nacogdoches often in the interest of the Houston, East & West Texas Railroad. Mrs. Dooley is a former Nacogdoches woman, and both are well known there.

Miss Geneva Harris of Nacogdoches is visiting her sister, Mrs. Edwin Ezell, in Houston for a few days. Mr. and Mrs. Ezell are former citizens of Nacogdoches.

Mrs. W. G. Ratcliff, formerly of Nacogdoches, who has been making her home here with her daughter, Mrs. Guy Guinn, for some time, left Monday for Nacogdoches, where she will visit a few days.

ARMISTICE DAY IN HOUSTON

By Joe J. Gibbs.

(Special to The Sentinel.)

Houston, Texas, Nov. 14.—Multiplied thousands lined the streets and thoroughfares of this city Tuesday to witness and participate in the armistice day celebrations, for which an elaborate program had previously been arranged. It was a gay, festive day, and although it may perhaps have been lacking in the spontaneous enthusiasm that was manifest a year ago on the same date, it was a gala day for the city.

All former soldiers donned their uniform early in the day, and perhaps one of every ten persons on the street was attired in overseas and other military and naval dress—the uniform that witnesses such a memorable event in their lives one year ago today. Again the spirit of appreciation of these soldier lads who responded to the call of their country was in evidence, and again they had the right of way.

The program for the day contained many features. The first services for the day were held at the W. C. Munn Company store, at 8:30, a service of thanksgiving and appreciation.

An inspiring feature of the day's services was a parade by the American Legion at 2 p. m. But it was not confined to the world war veterans entirely. In that line of marching soldiers were stooped, grey-haired men, who walked with a cane. But they all kept step, with head erect, and a proud look on their faces as perhaps in their mind's eye they pictured the days and events of long ago when they, too, had responded to the war call, and had fallen in line to fight for what they thought was right. Veterans of the Spanish-American war, middle-aged men, younger, also kept step to the martial music of the band leading. All were men who had defended their country in time of war—tried and true, their mettle proven.

But the feature of the day was the allied nations parade, which took place at five o'clock in the afternoon. Thousands lined Main Street, so thick that one could scarcely move. They filled the windows of sky-scrapers and were perched upon the tops of buildings; they crowded the streets until the parade could hardly pass. An airplane heralded the coming of the array by flying low down the street. And such a bevy of decorations and beauty one rarely sees, as was contained in the parade! Bands of all kinds; a big float representing America, with a young woman dressed in white, and holding the torch of liberty; a float representing France, with Joan of Arc; England with His Majesty King; and the Union Jack conspicuously displayed; Italy with the blacksmith and the beautiful queen; Belgium, with the beautiful buildings tumbled down and in flames—Belgium ravaged; Czecho-Slovakia, with its new era entering through the gates of recognition by the allies, the Red Cross hospital with soldiers convalescing, quiet, restful, singing "In the Gloaming," the Salvation Army, with the hut where the famous doughnuts were dispersed; the Y. M. C. A., where soldier boys read and played games, and recreation was provided; the Y. M. C. A. with its similar hut; a float with marines concealed in brush, their machine guns pointing, ready to spit fire upon the enemy; the army, the navy, the marines, had a float; the Elks had a float; labor, the backbone of the nation, was represented; friends of Irish freedom were aligned with Americans; an enormous red rooster, emblematical of the organization that promoted the parade, soldiers with banners, stating where they were a year ago on this tack; and on and on they came, symbols of war and of victory—a great galaxy representing the triumph of right over might.

The program for the day included a victory flag pole service, and an Old Glory service at the city auditorium. The services were conducted under the auspices of the Red Roosters, and the whole affair was a great success—perhaps one of the most elaborate and brilliant presented in any Texas city today.

Foley's Honey and Tar Compound

IS PLEASANT TO TAKE, and soothes the raw, inflamed surfaces; stops the rasping, strangling feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.

Every User a Friend "My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. Two doses relieved him and he went to sleep and was troubled no more."—Mrs. W. H. Thornton, 2823 W. 10th St., Little Rock, Ark.

"I am in my eighty-seventh year and I was troubled with a tickling in my throat. I am very glad to tell you that Foley's Honey and Tar has stopped that."—Geo. P. Randall, Dayton, Nev.

Foley's Honey and Tar is recommended for coughs, colds, hoarseness, tickling of the throat, spasmodic croup, whooping cough, la grippe and bronchial coughs.

Baptist Church Announcement.

Sunday school at 9:45 a. m. W. U. Perkins, Supt. Morning worship hour at 11 o'clock. Brother O. C. Payne of Jacksonville, Texas, will speak at this hour. He will also take part in a mass meeting at three o'clock in the afternoon in which we hope to have representatives from every Baptist church in the country. Brother Payne is a great speaker and all who hear him will be highly edified.

The following telegram was received Tuesday evening from Baptist headquarters at Dallas:

"Dr. George Leavell, Medical Missionary to China, will speak at the Nacogdoches Baptist church, Sunday evening, Nov. 23rd, at 7 o'clock. Give publicity."

Signed, F. S. Groner.

We had announced that we would have no evening service at the Baptist church that evening, but this telegram cancels that announcement. Let all the membership of the church be on hand, morning, afternoon, and evening.

Sr. B. Y. P. U. meets at 6 o'clock, p. m. with Ross Hoover, President. Evening worship hour at 7 o'clock. Dr. George Leavell, Medical Missionary to China will speak. Remember that Sunday, November 30th, is THE HOME COMING DAY at the First Baptist church. We are anxious that every resident member of the church be present in this service. The evening service of that day will be the last service of the present pastorate. The general public is cordially invited to worship with us.

"Come thou with us and we will do the good."

C. A. Westbrook, Pastor.

Greatly Benefitted by Chamberlain's Tablets

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y. The Woodmen held a meeting yesterday which was attended by most all of the Woodmen. The purpose was to discuss the much talked insurance rate increase. Many of the members of this camp and of other camps in the country, it is understood, are unalterably opposed to the proposed increase, while some look with favor upon it. Mr. A. M. Duke of Tyler was here as a representative of Tyler to explain the increased rate. It is not learned what was done, but it is thought that satisfactory arrangements were made, guaranteeing harmony in the future.

A Cheerful Recommendation

"They should be in every traveling man's grip," writes Geo. Jenner, 416 Labor St., San Antonio, Texas., of Foley Cathartic Tablets. "They are the best laxative I have taken and I cheerfully recommend them to any- one suffering with constipation or biliousness." They cleanse bowels, sweeten stomach, benefit liver. County Superintendent G. B. Layton is in receipt of a letter from state Superintendent Miss Ammie Webb Blanton urging him to insist on all of the teachers of this county attending the state teachers association, which will be held in Houston Thanksgiving. She urges Mr. Layton to make an appeal to the trustees of various schools to allow their teachers two days off Thanksgiving—Thursday and Friday—with compensation, in order to give them the opportunity to be present at the association. "I heartily endorse this," said Mr. Layton, "and I would be glad that every teacher in the county would be there on those two days and get the benefit of the meeting."

COULD NOT EVEN RAISE UP IN BED

Hastings Tells of Daughter's Wonderful Recovery Through the Use of Tanlac

"My daughter's recovery through the use of Tanlac was so wonderful that I can't help rejoicing over it," said J. C. Hastings, a well-known farmer living at Allief, Texas.

"For two years," he continued, "she was sick with stomach trouble and neuralgia and her sufferings were something awful. Most everything she ate would give her trouble, and many a time she would wake up in the night in so much distress that she couldn't speak or even raise herself up in bed. By morning she would be so weak and worn out that she would be hardly able to get up at all. In fact she had to spend most of her time in bed and was forced to give up her housework, and I was afraid she would never get well."

"I read in the papers about a friend of mine who had been relieved by taking Tanlac, so I got the medicine for my daughter and now she is like a different person. Instead of lying in bed weak and miserable she is the first one up in the mornings and is now well and strong enough to take up her housework again. She never complains of suffering like she did before, and from the way Tanlac has built her up I have so much faith in it that I never expect to be without it in the house." All druggists sell Tanlac.

ITS TOO IMPOTANT—DON'T WAIT TILL AFTER CHRISTMAS

Our students are with us from many different states and the majority of them do not go home for the holidays owing to the great distance, therefore, we teach right through the holidays. The sooner you enter, the sooner you will be holding a good position. Our school is like a big bank or mercantile establishment, it runs throughout the year, we are always organized and receiving new business every day. Every student gets individual instruction; he is not held back by slow students, or crowded too fast by bright ones; he goes just as fast as his ability will permit. Should he happen to be slow or backward in his work, he is not embarrassed by others knowing how he is getting along. With our methods of individual instruction, and our own copyrighted systems, we are demonstrating that it is useless to attend a commercial school teaching other systems and inquiring from seven to ten months to finish the course, when they can finish with us in half that time at half cost, be more efficient and get a better position, because of their thorough and extensive training. It is our practical methods, our personal attention and our modern systems that enables us to accomplish so much in so short a time.

Our literary subjects, which are given free with our courses, are woven into the main courses in such a practical way that they are mastered in half the time required by the old methods, and are thoroughly understood from practical application. We guarantee a better course in less time, at a less expense, and a better position than any other school, and it is evident that we have been securing these results or we could not have built up an annual enrollment of more than 3500, and drawn patronage from 39 states and seven foreign countries, and received the approval of the Government to train the returning soldiers and sailors.

Write for our large illustrated catalogue, Tyler Commercial College, Tyler, Texas.

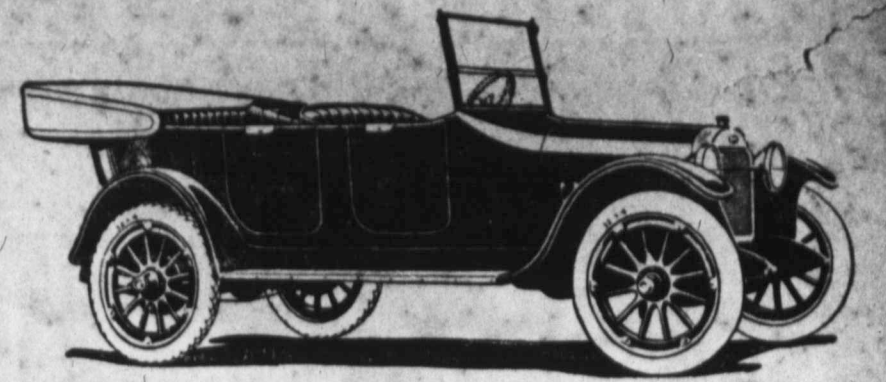

At a convention of the Texas Wholesale Fruit and Producers Association at the chamber of commerce here today, a local produce man stated that all records of produce were broken while the soldiers were at Camp Logan, but since that time even these records have been smashed. He declares that prices will go still higher.

The Lowest-Priced, Highest-Value Six On The Market.

The Oakland Sensible Six has the distinction of being the lowest priced six-cylinder car built today. The importance of this fact to the buyer lies in the conditions which make possible the low cost of the Oakland.

These causes are—first, scientific, simplified design which reduces the manufacturing cost, at the same time improving the quality of the car, and second, steady large production which makes the Oakland Company the sixth largest producer in the world and second to only one concern in the production of six-cylinder cars.

Since its first introduction four years ago, the unusual merit of the Oakland Sensible Six has given rapid growth to the popularity and esteem in which it is held by its users, and now the second hundred thousand of these cars is well along in production. Although very moderate in cost, in fact, priced hundreds of dollars below comparable Sixes, the Oakland, by reason of its practical design, its large production and the great resources back of it, has the qualities demanded by experienced, discriminating purchasers.

Among its valuable features are the six-cylinder, overhead valve, 44 horse power engine—the force feed lubrication of engine bearings—the heated intake manifold which gives fuel economy—the long, semi-elliptic springs—the Hotchkiss drive—the 32x4 inch tires, extra large for the weight of the car—the genuine leather upholstery—the deep, wide, heavily cushioned seats—and the complete high-grade equipment and fittings.

COOKS THAT ARE HAPPY

Visitors entering the laboratory of the cooking department at the high school will find in the northeast corner of the room, five-burners Detroit Vapor range that is causing much happiness in the hearts of the cooks of this department.

The stove is so new that the girls are using the tall shining surface of this stove as a mirror as they arrange their golden locks under their modest caps which is a part of their uniform. The hearty thanks of the girls of the cooking classes go to Mr. R. C. Monk, of the firm Cason, Monk & Co., the man who is ever willing to aid industrial education in all its phases.

Don't Disregard a Cold

Neglected cold may develop into most serious sickness. The influenza and pneumonia that swept the country a year ago were predicted by an epidemic of colds. THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I bought a box and tried it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. W. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
