WHAT OUR TRAVELING MEN HEAR IN TEXAS.

Texas-The Land of Cactus and Wild Cats.

Texas occupies all the land on the continet of North America, except the small part set aside for the United States and Canada. Texas owns the ty river in the world; also the only fined. one with the possible exception of the Trinity, which is navigable for RAIL LINE CROSSES OCEAN mud cats and pedestrians.

Texas is bounded on the north by twenty-five or thirty states, and on the east by all the oceans in the world excent the Pacific, and on the south by the Gulf of Mexico and South Amorign and on the west by the Pacific ocean trip which can be made on a an, and miley way, and the side railroad train, writes "Niksah" in the real Universe.

A .L. far 's for Texas. If Texas were chopped off loose from the United States at the Pan-Tern, where in 1554 the handle it would float out into the ocean, as it rests on a vast sea of subterranean fresh water. zon these of the home circle being

Texas is so big that the people in down into the clear shallow water and see great schools of fish playing near Brownsville call the Dallas people the surface, and deeper down you can Yankees and citizens at El Paso sneer at the citizens of Texarkana, Texas, form of a small shark. On either side as being big snobs of the effete east. of you reaches away to the horizon a so. Texas, to Texarkana, Texas, than dotted with islands, which vary in size it is from Chicago to New York City: from a fraction of an acre, to perhaps Fort Worth is nearer to St Don't a quarter of a square mile. They are Minn., than it is to Brownsville.

HIS VAST WEALTH A CURSE

Sudden Possession of Immense Riches Too Much for Mental Stability of Mexican Indian.

Confined in an asylum for the insane in Mexico is a millionaire who never enjoyed a cent of his fortune, though for a time he had it in his possession in cash. The amazing story of this man to whom wealth proved a curse, is told by G. F. Weeks in the Wide World Magazine.

Juvencio Robles, a full-blooded

Mexican Indian, was born in a palm leaf hut in the little town of Panuco, inland from Tampico. From earliest childhood he was forced to work, his wages amounting to less than 50 cents a week. When arrived at manhood he married and from then on turned his earnings over to his wife as banker. For several years he led a colorless existence, scrimping along day by day and saving little. Then one day some friends inveigled him into a card game. Fortune was with him and he won what was a great sum to them, \$18. This he invested in a small butcher shop. The market thrived and a few years later he was able to buy some land on which to fatten cattle. When oil was discovered at Tampico his ranch was in the heart of the field. He was offered 1,000,000 pesos and yearly royalties for the oil rights on his land. This he accepted, but demanded payment in gold. The money was delivered to him as

he requested, and from then on his

sole interest in life consisted in guard-

ing his treasure. He slept on a box

filled with coins and refused to eat for

fear his family would polson him. At

last his mania reached such a stage that

## NACOGDOCHES TRADITIONS

Texan historic antiquities has been quite a popular theme in San Antonio for the past few weeks. This locality is a rich field for that reaping. Noted personages and notable events in this vicinity are numerous. For example, there is an old building in the oldest part of thec ity, located on the very ka Capital-Democrat: bluff or bank of the tortuous San tom in the pioneer days of the eighteenth century, known as Casino hall. a register of the names of many famous persons, among whom are names

poet, Sidney Lanier, General U. S. Virginia seceded, and is remembered prices. by old-timers.

The Texas Historical and Landmark Association recently held a big reception in Casino hall, under the inspiration of Miss Adina de Zavala, of distinguished ancestry. More recently the Texas Pioneer Association held its annual meeting in the historis old Menger Hotel, where the Daughters of the Republic did likewise. It occupies holy grounds adjoining the enshrined Alamo.

On the 2nd day of March, 1920. here were several formal celebraions enacted, in memory of the annivesary of the Texas Declaration of Independence; which is also Sam Houston's birthday. One of these celebrations was held in the famous San Pedro park, which is on the old road-site of the noted Kings Highway, or Camino Real. The first monumental milestone going eastward, mark ing this old road every five miles. stands there, and on this occasion it was the center of interest, where the formal presentation of this road to the State of Texas by the King's Highwas Association was made, with flags, flowers and bunting, and patriotic oratory, and military music and display. Mrs. Lipscomb Norvelle of Beaumont was the distinguished leader of the activities, having assistance of other patriotic women of note Judge Norman G. Kittrell of Houston was the principal speaker, but

#### C.-D. PENCIL PUSHER VISITS HIS OLD HOME.

Larkin Day, an old time Nacogdoches county boy, now located at Wewoka, Okla., in the newspaper business, recently visited relatives in this section, and wrote the following concerning us for his paper, the Wewo-

The writer has just returned from Antonio river. As was the usual cus- a ten days vacation in southeast Texas his old home. Many wonderful changes have taken place in that It has served for many public uses country since he was a boy, particufor many years, and it has preserved larly with reference to the methods of agriculture and stock raising. Pine timbered, sandy land, that once sold of the famous Humbolt, the Georgia high at one dollar an acre has been converted into productive fields under Grant, Jeff Davis, Robert E. Lee, and the touch if diversified scientific others. Lee was in San Antonio when farming and commands handsome

Farmers in that section of the state no longer depend upon cotton and corn for their money crop altogether as in days gone by. There are thousands of acres of orchards and truck farms, and the bottom lands being adapted to the cultue of ribbon cane many farmers have turned their attention to this profitable industry. We saw, in our candid judgment; enough lumber along the right-of-way on the Texas & New Orleans rail-

road, the Houston, East & West Texas, and Santa 'Fe branch to /supply the demands of the United States for the next ten years without cutting another board, and the mills, hundreds of them, are running double shift. One manager with whom we talked was complaining that the price had gone down on an average of \$20 per thousand in the last 60 days. That section of the country being farther south and garden truck, crops and fruit therefore farther advanced than in this section of Oklahoma, the Easter Sunday freeze damaged them almost beyond computation. At Jacksonville, said to be the center of the great fruit and truck district, we were told that the fruit was damaged at least 50 percent and that the tomato crop was a total loss. Crops are later than usual this year due to the late spring and excessive rains.

Because of the prevailing high price of farm labor, farmers have hesitated about hiring hetp, and, like many other sections of the country

NEGRO BURGLAR GETS

#### HOW'S YOUR BLOOD? **Pimples and Eruptions** Mean Bad Blood

· People who have impure or impover-ished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must re-member that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache. Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y.

SAN ANGELO, TEXAS .- "Dr. Pierce's proprietary medicines have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the saf et that I know of on the market. Myself and family have used them as a tonic after La Grippe, with good recults. During the last score of years when we needed a tonic we have used the 'Golden Medical Discovery' always with satisfactory results, also the 'Pleasant Pellets.' My thanks to Dr. Pierce prompts me to write my truthful sentiments." - O. R. WILSON, 802 Koberlin Street.

#### EASILY RID OF RATS Nacogdoches, Texas, April 27, 1920

Editor Daily Sentinel:

Dear Sir-I see an article in today's issue of your paper in regard to exterminating rats, or rather a suggestion for a day to be taken for the purpose of killing rats in our city, and if you will accept it, I will give you some of my experience with rats and how I got rid of them where they were pretty bad. So here it is:

Dr. W. I. M. Smith advised me to live on eggs and chickens and not to eat any meats so he could rid my system of partial paralysis. Could not for more than thirty years in thousands of homes for relief from coughs, colds, the system of the syste raise them. Just across the street ness, whooping cough, bronchial coughs from my house was a farm and barn and the coughs that follow influenza or that was literally full of the rodents and they took to my chickens. I couldn't grow a chicken large enough to eat. I was talking about it and an reasonable supply.

This experiment is not necessarily waiter from the first to the last floor. dangerous from poison, and it sure The grounds are laid for beauty and : J. C. Shipp of Garrison was in the
