OIL NOTES

Oilmen in the city say the oil situation is looking up in a most favorable way now, and that some of the long-promised big developments are about to take place in Nacogdoches county fields. The city is crowded with oilmen who are intending to do some kind of development.

Tuesday Mr. S. B. Dorn of Fort Worth arrived here and had a long conference with Mr. R. E. Clarke of Dallas, the purpose to view the establishment of a pipe line in the fields to carry oil from the wells Mr. Dorn is planning to have drilled here, the operations of which are to begin in a few days. Mr. Dorn, conferring with the newspaper man Tuesday, said that a large crowd of "big oilmen" would be down here next week to look over the Nacogdoches oil field and that things in the fields were about to open up with a "bang."

Mr. Dorn's visit here is only for a short while, he being forced to get back to Fort Worth, from which place he will go to Denver, returning the latter part of next week to inspect the local oil field with his special party. Mr. Dorn is one of the big outside operators really interested in the Nacogdoches field, and is planning to do some big developing in them. His father is vice president of the St. Clair Oil Company, one of the largest oil companies in the country, and his son, S. B. Dorn, the local operator, has the distinction of being a former pupil of Woodrow Wilson at Princeton several years ago.

Quite a number of other operators are in the city, some of whom were

met by the writer Tuesday. Mr. Ireland Hampton of Fort Worth was here attending to a large body of leases he has in the county. He is a developer. Mr. J. J. Meyers of Washington, developer, was also here Tuesday looking after some work which he has in view. One out of the state developer, Mr. E. L. Dingler of Georgia, was also in the city Tuesday, and another operator from San Antonio, Mr. J. E. Boles. Thus it would seem that operators from all parts of the country are in Nacogdoches county determined to find out what the county really has.

FARM BUREAU GROWING

Organization of the Farm Bureau in Nacogdoches county is progressing with satisfactory results to those who are in charge of the campaign. To date more than 500 of the leading farmers of the county have paid \$10 each to become members of this organization. The canvass will continue over into next week, and the outlook is that more than 7000 farmers will join the bureau.

Meetings are to be held at Pine Hill Friday night and at Garrison Saturday afternoon at 1:30. These meetings will be followed by a thorough canvass in the northern section of the county.

The campaign is on in earnest this week in the Linn Flat, Martinsville, Attoyac and Libert communities, and is meeting with favor wherever presented.

Mr. Dewey McClung of Timpson was in the city Monday trading.

VOTE FOR BETTER SCHOOLS CONSTITUTIONAL AMENDMENT

Austin, Texas, Oct. 9.—"The educational amendment which will be submitted to the voters of Texas in the November election is, without doubt, one of the most important and far-reaching questions that has ever been submitted to our voters," declared Earle B. Mayfield, member of the Railroad Commission, referring to the constitutional amendment to be voted on in November. "The very life of our educational system is wrapped up in the success of this amendment and the destinies of generations unborn are involved.

"Argument for this amendment should be unnecessary. The mere statement of certain facts should be sufficient. The amendment simply proposes that the limit on the amount of taxes which the people of any district may vote for the support of their schools shall be removed. In other words, it leaves the people of a school district free to vote any amount which they may desire for educational purposes. What objection can there be to that? Why should the people not be free to buy as much education as they desire? The amendment itself is the very essence of Democracy, since it is purely a local option measure. The amendment does not raise taxes as some think, but merely removes the 'limit' and leaves the entire question in the hands of the people. I am always willing to trust the people.

"Under our state constitution nearly all the large cities are permitted to vote such support of their schools as they may desire. Why should the smaller towns and rural districts be hedged in by the constitutional limitations. Rural education is the mud sill of our civilization. Ninety-five percent of the boys and girls in Texas never get beyond the common school education, so we cannot afford to neglect that great army of boys and girls who are to become the future citizens of our state. We can never have a happy, contented rural citizenship in Texas, and we can never check the increasing movement from the farm to the city until we improve our rural schools as to afford the boys and girls on the farm the education they desire and the only hope of bringing this great desire to fruition is the adoption of the educational amendment in the November election."

THE CHAMPION FASTER

London, Oct. 12.—Lord Mayor MacSwiney passed a good night in Brixton prison, and was today in the same peaceful, restful condition reported yesterday, according to the bulletin of the Irish Self-Determination League. This is the sixty-first day of his hunger strike.

GOODBYE, APPENDICITIS.

Paris, Oct. 12.—Treatment of appendicitis by an anti-gangrenous serum, instead of by an operation, has been tested with such satisfactory results that it is likely that soon operations will be abandoned for the disease, Professor Pierre Delbet said in a paper read Sunday before the congress of surgeons. According to Professor Delbet, the experiments have extended over a period of 13 years.

MINIMUM WAGE LAW UPHOLD

Austin, Texas, Oct. 13.—The Texas minimum wage law, proposing for the Industrial Welfare Commission to fix a minimum compensation to be paid women and minors in various industries in Texas, was upheld by the Texas Criminal Court of Appeals today when that court affirmed the judgment of the lower court in the case of J. Poye of Harris county, who was fined \$100 for discharging Bessie Lee because she testified before the Industrial Welfare Commission.

LITTLE ROCK'S POPULATION

Washington, Oct. 12.—According to figures made public today by the Census Bureau, the population of Little Rock, Ark. (revised), is 65,030, an increase of 19,089, or 41.6 percent, previously announced as 64,997.

Dick Stripling made a trip to Melrose Sunday, visiting his people down there.

CHINESE REPUBLIC SAID HAS BEEN OVERTHROWN

Shanghai, Oct. 13.—General Chang Tsao Lin, the governor Feng Tsein has overthrown the Peking government and proclaimed a monarchy, according to a rumor in this city. The rumor is not authenticated and no details have been received here, but the Chinese officials are deeply stirred. Chang Tsao Lin was probably the strongest military leader during the recent conference between the Chi Li and Anfu parties. He played a leading part during that trouble and was accused of being a tool of Japan.

NEGROES LOSE HOMES

Pine Bluff, Ark., Oct. 13.—Many of the 500 negroes made homeless by yesterday's fire, which destroyed 60 buildings, including 54 residences here, have gone to the surrounding plantations today to find living quarters. Relief work is under way by a committee of business men. Funds to the amount of several thousand dollars have been subscribed. The total loss is estimated at \$100,000, less than a fourth of which was covered by insurance.

TO ADJUST WAGE AWARD

Washington, Oct. 12.—President Wilson today notified representatives of the anthracite miners he would request that a joint meeting of operators and miners be held at Scranton, Pa., on October 18 for the purpose of adjusting any inequalities of the recent wage award.

MORE INCENDIARISM

Fort Worth, Texas, Oct. 12.—The gin of G. B. Moore, at Pursley, Texas, was burned last night. The fire is believed to have been of incendiary origin. The loss is approximately \$6,000.

GOVERNOR COX ON ARTICLE X

"What has made wars in the past? It has been the lust of territory. Under Article X of the League of Nations a boundary line is a boundary line for the small as well as for the large nations. Every imperialist in Europe is against the League of Nations, but, thank God, there are not as many imperialists as there once were. The people have ceased to take seriously the criticism of Article X."—Governor Cox.

WANTS EXPLANATION

Washington, Oct. 13.—Attorney General Palmer today telegraphed Dan W. Sims at Indianapolis asking his reason for resigning as special assistant attorney general in the prosecution of the cases against coal operators and miners, now pending before Federal Judge Anderson there.

NO LEAGUE IN HIS'N

Boston, Mass., Oct. 13.—A request by the League of Nations Day Committee, headed by President Lowell of Harvard University, that the governors of all the states proclaim Sunday, October 24, as "League of Nations Day" to promote a better understanding of the covenant, was refused by Governor Coolidge today.

TEST PRIMARY PLEDGE

Austin, Texas, Oct. 13.—Permission to file a petition for a writ of mandamus, the effect of which will be to test the question of whether a pledge to support the nominees of the democratic primaries shall be binding upon the voters subscribing thereto, was granted today by a majority of the Texas Supreme Court, Chief Justice Nelson Phillips dissenting.

HEAD OF TARIFF CONGRESS

New Orleans, La., Oct. 12.—John Kirby of Houston was re-elected president at the closing session of the Southern Tariff Congress today.

LOST—Two cows. Gone about 4 months. One red Jersey with crimp-horns, 4 years old, weighs about 500 pounds. Marked crop and split in right ear and underbit in left ear. One Durham, cream color, weighs about 600 pounds, 3½ years old. Marked crop in left ear and split in left ear. \$5 reward. Prince Bussey, Nacogdoches, Texas. M-179

MURDERER TAKES OFFICERS TO SCENE OF HIS CRIME

Harrisburg, Pa., Oct. 12.—August Pasquale, the self-confessed kidnaper of Blakely Coughlin, today took Captain Samuel Gearhart of the state police to the spot on the Schuylkill River below Norristown where he declared he had thrown the body of the child into the stream. A diver found a piece of rail and some string which were alleged to have been used as a weight for the body, according to a statement by Major Lynn Adams, superintendent of the state police.

A BADGE OF HONOR

Dallas, Texas, Oct. 12.—The first of the certificates issued by the Democratic National Committee to those who contribute to the Democratic National Campaign Fund have been received at state headquarters. These certificates will be forwarded to the National Headquarters to all persons making contributions as soon as possible to the list the names and prepare them.

The certificates bear the likeness of both Cox and Roosevelt in opposite corners and are signed by Wilbur W. Marsh, Treasurer; W. D. James, Director of Finance and countersigned by E. M. Parks, Cashier. They bear the wording "Received of _____ the sum of _____ in contribution to the fund to pay the necessary expenses of the campaign in behalf of the election of James M. Cox as President and Franklin D. Roosevelt as Vice President of the United States, the purpose of the managers being to finance the campaign by popular subscriptions."

A number of additional members to the Cox-Roosevelt-Wilson Club have been received from those who have matched the contribution of President Wilson to the National Fund. Senator Morris Shepherd has forwarded \$500 to the fund and has S. B. Perkins of Dallas. Others who have contributed a like amount or larger are J. A. Kemp of Wichita Falls, \$1,000; Lynch Davidson, Lieutenant Governor elect, \$1,000; H. A. Wroe of Austin, \$1,000; George D. Littlefield of Austin, \$1,000; J. T. Pemberton of Fort Worth, \$500; City of Marlin, \$500. Several others have signified their intention of making large contributions.

The campaign in Texas is progressing and the state headquarters are receiving favorable reports to the cause from many sections where it had been originally reported that demerits had bolted the party.

RELIEF MUST BE FOUND

Washington, Oct. 13.—"General bankruptcy and ruin are inevitable unless an immediate remedy is found to relieve the present price situation as it affects the farmer," according to a report submitted to the agricultural conference here today and adopted without a dissenting vote. The General committee, which made the report, blamed the Federal Reserve system for the present prices, charging that it has "arbitrarily withheld its assistance from the basic industry of this country to maintain a level of prices which would at least meet the cost of production." Declaring the condition of mind of the farm population is "ominous," the committee says, "This state of mind can only be changed by a frank and fair attitude of those in authority, the test of which can be only their facts."

FATALLY BURNED

Chattanooga, Tenn., October 13.—Charles Best, Floyd Baxter and Ernest Lee, employees of the Ocee Hydro-Electric plant at Parkersville, were fatally burned by an explosion at the plant early today.

FINANCE WESTERN COTTON

Los Angeles, Cal., Oct. 12.—All the banks of Los Angeles have joined in an arrangement to finance the cotton crop of California, Arizona and New Mexico to the extent of \$2,500,000, according to an announcement by J. Dabney Day, vice president of the First National Bank.

BOX SUPPER AT WODEN

The Woden School will have a Box Supper on the night of Saturday, October 23, to which everyone is cordially invited.

TEXAS' FIRE LOSS SUNDAY, \$1,202,500

Loss estimated at \$1,202,500 was the toll taken by five fires Sunday throughout the state, the heaviest being inflicted at Cameron, where 7,000 bales of cotton and the compress and warehouses of the Cameron Compress Company were burned, entailing a loss of \$1,000,000.

Other fires were:
Jacksonville—Electric light, power and ice plant, \$100,000.

Hamlin—800 bales of cotton and warehouse, \$60,000.

Merton—Damage to cotton gin, \$2,500.

Iowa Park—Three business buildings, \$50,000.

MURDERED LITTLE DAUGHTERS

Lansing, Mich., Oct. 12.—Earl Roop, a farmer, today confessed, according to Sheriff Silsbee, that he chloroformed his two daughters, 2 and 3 years old, yesterday and buried the bodies in Cedar River, near his home. Roop assured his wife, who was ill in bed, that the girls were safe in returning home from the fields. He later surrendered to the sheriff and made the alleged confession. Despon Jones, according to the alleged confession, was the motive for the crime. Roop was held on a murder charge. Officers went to the river and recovered the bodies.

WILL ESCAPE GALLOWES

Philadelphia, Pa., Oct. 13.—Convinced that the mystery surrounding the kidnaping of Blakely Coughlin, the 13-month-old son of George Coughlin of Norristown, Pa., has been cleared by the confession of August Pasquale, the authorities today began the case against Pasquale for presentation to the Montgomery County Court. Legal authorities say that Pasquale cannot be tried for murder, however, because of the absence of proof. Coughlin said today that he was convinced Pasquale's story was true.

LET'S GO OVER THE TOP

Houston, Texas, Oct. 12.—"Stay on the job until the Salvation Army Home Service funds have been raised."

This is the word sent to every worker in the Salvation Army Home Service campaign in Southeast Texas by James A. Elkins, president of the state advisory board of the Salvation Army.

President Elkins said he would release no worker until the city or locality in which he had been working has "gone over the top." He is asking the advisory boards in each county and city to back him up in his stand.

"The message that the Salvation Army bears evidently has not been carried to the people," President Elkins said. "Otherwise the Rescue Week Appeal would have been finished long ago. The budget fixed for Southeast Texas has been slashed to the minimum. This section must raise \$85,000 or the program outlined for the Salvation Army Home Service Department will never be carried out. I am sure that if all the people knew what this meant this section would have been 'over the top' long ago. This amount must be raised and the workers must stay on the job until it is finished. It must never be said that 'Southeast Texas failed to care for its own!'"

LEAGUE PITCHER PINCHED

Cleveland, Ohio, Oct. 12.—Richard ("Rube") Marquard, pitcher for the Brooklyn Nationals, was fined one dollar and costs in the municipal court this morning charged with violation of the exhibition ticket ordinance. President Heydler of the National League was in court at the time and stated that as the violation was merely technical he would take no further action in the matter. Heydler stated, however, that he did not believe that Marquard would be in the National League next year. "Marquard has hurt Brooklyn and the National League by his action," he added. "Baseball doesn't want men of his caliber."

Cecil Thomas of the Nacogdoches Cotton Exchange has returned to the city after an absence of several days, during which time he visited Athens.

SOME COMICAL COMEDY

At the festivities at Marion recently, participated in by Senator Harding and the Harding and Coolidge Theatrical League, Al Jolson, the blackface comedian, who, after whispering in Senator Harding's ear, announced that he was going to be the next Ambassador to China, sang a song he had written for the occasion. The first lines of the song are: "We think the country's ready for a man like Teddy, One who is a fighter through and through."

This verse is much funnier than the comedian imagined or intended. Harding is as much like Roosevelt as mud is like marble; as a house cat is like a panther; as a carp is like a trout; as sap pine is like hickory.

There are two other lines of the song just as funny:

"We need another Lincoln To do the nation's thinkin'."

The comedian was particularly comic in this comparison or Harding to Lincoln. What oligarchy, senatorial, or other sort, did Lincoln bow to, and when did Lincoln talk platitudes?

One wonders what the good men and women of the country who take the nation's duties and their own duties seriously think of such things.

LEGISLATIVE SHORTCOMINGS

It is probably felt by the majority of people that the state legislatures fail to measure up to reasonable good standards of civic service. One reason is that the men of best ability and greatest confidence are so frequently reluctant to stand for a legislative seat. And one reason why they won't take these offices is that the performance of duty takes a man so much time away from his business.

The great vital questions affecting the people are allowed to drag along indefinitely, or are sidestepped entirely, for two reasons. One of these reasons is that a certain percent of legislators are always for sale to such interests as want the legislation retarded. That percentage may be and doubtless is small, but it is quite effective in blocking needed legislation, by filibustering and other well-known tactics. Another reason is that many men elected to the legislature are small bores. They are men of mediocre ability, and their minds being small, they naturally think along small lines, and so clutter up the docket and take the time of the legislative bodies with a lot of bills and measures that are of small, if any, interest to the public.

WE NEED FIXING

A Mr. Gearing-Haitt, an Englishman as you can guess by the double barreled name, has been investigating industrial conditions in this country and comparing them with those in his native land. He states the American workman receives considerably more wages on an average than his British cousin, but that the American worker has no more in his pockets at the end of the week after the bills are paid, than the laborer in John F. W.'s vineyard or factory.

That is just what we have claimed all our life. We get a higher wage

than the foreign workman, but the trusts who pay the wage turn around and take it all away from us by taxing us the whole of it for what we eat, drink and wear, so what's the difference. The remedy is simple and plain, it lies at the polls, and the trouble is the masses of the American people do not go to the polls at all, but leave everything to the politicians. Sufficient of the politicians are in the employ, directly or indirectly, of the great combines which charge every dollar out of the average man's pocket that he can get into it from his efforts, and thus laws are made, and other laws are not enforced, and the general results are obvious to all.

Another difference between the working class of Europe and those in America is that the former saves and the latter spends. The war taught the European, already thrifty, to be mere thrift, but it taught the American to spend. Money has been plentiful, and we have been burning it up in a thousand ways. Father goes to work in an automobile, mother can not be told from daughter from the length of her silk skirts, and daughter has a piano-player in the front room that she kicks jazz music out of with her feet; son goes to college, wears purple socks and a haircut like a monk. In the meantime those who turn out the autos, the purple socks and the phonographs wax rich and our notes are not worth a whoop at the bank.

DEMOCRATIC ACHIEVEMENT

Even the Republicans, the bitterest of them, have not had the hardihood to attack the Federal Reserve System. It took the mastery of the count-and placed it in the governshrdwyp try's finances out of the hands of Wall street and placed it in the government at Washington, where it belongs and where, under Democratic law and Democratic administration, it has been exercised for the benefit of the nation's people and the nation's business.

In the stress of the great world war and reconstruction days not once has even the fear of a financial panic disturbed us.

The great Union of South African Republics, intelligent and progressive, is planning to set up a central banking system modeled after the American idea. The Federal Reserve plan has appealed to the financiers throughout the world, but the South African Republics are the first to imitate it. The South African plan will closely follow ours.

A report of the plan says, "Special surveys of the American system and purpose have been made by the Union government. It is felt that the Federal Reserve system has shown its worth by having enabled America to finance the war on an unprecedented scale and has again shown its worth in aiding the country to pass untroubled through the period of industrial and financial adjustment."

HISTORY OF WAR

Entrance of civilized investors into foreign country.

Establishment of business interests in foreign country.

Exploitation of native labor by civilized investors.

Revolt of native labor.

Demand upon home government by civilized investors for protection of business interests.

Declaration of war by civilized government, followed by patriotic invasion of foreign country and consequent slaughter of young men who have no idea what they are fighting for.

Complete conquest of foreign country, establishment of business interests, extinction of native population, and glorious triumph of civilization.

MAY MAKE POLL TAX PAYMENT TO OCTOBER 22.

Following a ten day session the Texas legislature adjourned sine die Saturday night. One of the most important acts of the legislature was the passage of the suffrage bill. This will permit men and women to pay a poll tax until October 22, whereby they will be permitted to vote in the November election. It is expected that thousands will qualify in order that they may cast their ballots in the coming election.

One of the final acts of the legislature was the passage of the drastic strike control bill. Under this bill the state rangers, both regular and special, may be used in maintaining order. The ranger rule would be supreme and jail and prison sentences may be given and enforced. The bill also gives the governor, if he chooses, supreme control over areas affected by strikes.

An act was passed abolishing civil and criminal jurisdiction of the county court and making it apply to the district court.

Decent eating apples now retail at five cents a piece, when that amount ought to get a hatful. As long as the people are foolish enough to stand for such prices they are going to have to pay them. As long as we are willing to throw away money we can find somebody smart enough to pick it up.

TO THE DEMOCRATS OF THE SOUTH

The next President of the United States will be Governor James M. Cox of Ohio.

The next senate will be made up of a majority of Democrats, PROVIDED:

That funds are furnished by Democrats of the South to pay the legitimate expenses of the National Campaign.

It was under the Democratic rule that the shackles were removed from southern business and southern agriculture. The South owes much more to the Democratic party.

The democrats of the North are making a valiant fight to get control of the doubtful states from the Republican party. A great amount of money will be needed to pay for advertisements in Republican papers which are to be printed in rebuttal to the lies which the republicans are spreading.

We have the candidate and we have the platform. We have the interest of the country at heart.

Let me impress upon every southern democrat, men and women, to contribute. MAKE A CONTRIBUTION TO THIS NOBLE CAUSE.

Please send your checks to your State Finance Chairman and the money will be forwarded immediately to New York to aid the National Committee in its wonderful fight.

Let me say just now that the South has more to lose and more to gain in this election than in any other election ever held in this country.

Democratic success means PEACE, PROSPERITY and HAPPINESS for the South as well as the entire country.

The time is short. Delay may be fatal. If the Southern Democracy responds as it should then actual disaster will be averted.

Despite the lack of funds there is a spirit of optimism at National Headquarters. WE ARE BOUND TO WIN BECAUSE WE ARE RIGHT.

Joe Sparks, Assistant Treasurer, Democratic National Committee.

Frank Tucker left Thursday for Fort Worth, where he will spend a few days attending to business matters and visiting friends.

UNLAWFUL JOYRIDING

John Menifee brought to the city Wednesday night a Ford load of boys and girls for the purpose of seeing the circus. Arriving here Mr. Menifee and his party went to the circus and enjoyed it, but upon their return to their car—lo! it had vanished. Search did not reveal the missing car, and the occupants were forced to get accommodations in the city.

Thursday morning continued search finally was successful. The car was found in one of the east streets, sitting where its last occupants had left it. It is presumed some fellow wished to ride around some, and having no car, he decided to borrow one. And the one he borrowed happened to John's. John says he bears no ill-will against the man who had nerve to appropriate his car without his consent, and that he hopes the "guy or guys had a good time."

NOTICE TO SWEET POTATO GROWERS

We will begin buying sweet potatoes on Monday, October 11th. We will pay 80 cents a bushel. We will handle only well matured potatoes, and there will be only one grade, which is No. 1. Potatoes must be handled carefully to keep from getting them bruised. When digging, be sure to set the plow deep enough to go under the potatoes to avoid cutting them. We cannot buy cut, cracked or bruised potatoes, as they will not keep in the curing plant. Mole or salamander bitten potatoes will not be acceptable. Number 1 potatoes range in size from 1 3/4 to 3 1/2 inches in diameter and from four to eight inches in length. We will furnish baskets free to those who wish to bring in potatoes, and it is very important that you come to the curing plant for your baskets when you are ready to harvest. Bringing the potatoes to the plant in baskets helps to prevent them from getting bruised on the wagon. If you make heap rows when you dig do not pitch or throw potatoes onto the pile. That will bruise them, and do not leave them in the field over night. Right now is a good time to dig because of dry weather. We will not buy any potatoes after a killing frost.

It is very seldom that we ever run dry of vocabulary in expressing our opinion, but there are occasions when words fail to do the subject justice, and the debauchery of the great American game of baseball by Chicago roughnecks and New York thieves and gamblers is such a case. We only write two languages—English and Profane, and both are inadequate.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites. In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

PASSED US BY

A real circus train passed through Lufkin early this morning, going in the direction of Timpson, where it was billed to exhibit this afternoon and night. The train crew did not even stop for the crew to take breakfast or find out what a good town they were passing through, and it is presumed that the engineer did not even blow for Nacogdoches.—Lufkin News, 6th.

Oh, yes; they stopped at Nacogdoches—they sure stopped at Nacogdoches. They "did" us thoroughly.

NACOGDOCHES TRADITIONS

The story of the Nacogdoches Indians is veiled in mystery. It is probable that the first white man to visit and discover the original Indian village, or site of the present town of Nacogdoches, was one of the French explorer La Salle's stranded company of about fifty people, who were trying to find the mouth of the Mississippi river. They desired to ascend the river to Canada. They were wrecked and left helpless and destitute on Matagorda Bay, in 1683. They finally scattered and wandered northeast about 1686, and a few of them made their way through East Texas. La Salle started, but was shamefully assassinated by two of his ill-tempered companions, preventing him from reaching the Nacogdoches Indian village, and Canada.

A small tribe of Indians was found here, called Nacogdoches. This tribe was one of nine neighboring tribes each and all called Tejas. Catholic priests from Mexico soon followed and established a mission about 1690. How long these Nacogdoches Indians had lived here, or who preceded them, and by whom the four Indian mounds were built here or when, is not revealed. Nor do we know what became of the various Indian tribes of this vicinity. They have passed away, as did the two missions.

The probability is that these tribes became merged into larger tribes, and wandered away. About the year 1840 there was a bunch of Indians living two or three miles south of Woden, near Jacob's Chapel, about fifteen miles southeast of Nacogdoches, having no certain name. They suddenly moved away one night and never returned. There was one old Indian man living around Nacogdoches about the year 1830, claiming to belong to the original Nacogdoches tribe. The name he went by was Voen Chula, which is Spanish for Ugly Mouth, or vulgar mouth.

There were two other old Indian braves of unknown tribes living here, later on at Douglass in 1850, and one at Nacogdoches in 1857. The one at Douglass died out on the Loco at the home of Mr. Castles, and some Douglass doctors went out and opened him up. They found his lungs all gone.

One of these doctors was named Richardson. He afterwards lived at New Salem. This Indian was known as Old Tom. The other was known as Old John and he was cowardly assassinated one night—called out from the home of Jose Martinez, to the front yard fence about dark, by two white men named John and Arthur Norris, and shot dead. A full load of buckshot entered his breast. A post mortem inquest was held. The last word he spoke in a gasping whisper as he lay on the ground was "Norris." The two Norrises fled and were never captured. They lived out east of town, and many years afterwards one of them lived near Chireno. The cause of the killing was a mystery. The place was a log cabin on the branch half a mile above the Frost-Johnson mill, near a spring. Wallace Jones lived there in later years. He sold to Jincy Orton. This was the last Indian here.

MR. FORD SAYS:

"The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interest of all it is time a real practical effort was made to bring business of the country and the life of the country down to regular pre-war standards."

As Mr. Ford's Authorized Dealer for Nacogdoches County, we have already advertised reduced prices on Ford products. Also for five weeks previous to this announcement, we had been advertising reduced prices on practically every accessory carried in our stock. Some of these prices went below our present cost—THIS SALE CLOSED SATURDAY, SEPTEMBER 25th, but in view of the fact that Mr. Ford is doing all in his power to bring all prices down to a pre-war basis, we are going to do all we can to help out by

Following Mr. Ford's Lead

Effective at once all our stock of Tires, Tubes and Accessories will be reduced in price to approximately what it would cost us to replace them at present.

The other sale applied mostly to the larger sizes of automobile supplies not made for Ford cars, but this

Sale Applies to Everything

All Ford size tires, tubes and accessories will be sold at as near our cost figure as possible consistent with present financial market and delivery conditions. Automobile supplies covers so many articles that it is not practical to list them in a newspaper advertisement, but our salesmen will be supplied with price lists and will be glad to quote prices for your approval.

Do not wait to buy expecting a decline in prices, as according to the best information, we can get, it will be several months before supplies will decline in price. In fact the present market trend is UPWARD in prices instead of DOWNWARD. Champion X Spark Plugs have just recently advanced in price. EVEN SHOULD PRICES DECLINE IT IS A PHYSICAL IMPOSSIBILITY for them to come below the prices now in effect at our Garage as they represent a reduction of from 15 per cent to 40 per cent.

FOOTBALL SEASON OPENS SUCCESSFULLY FOR 'DOCHES

Friday afternoon on the high school campus the football season opened successfully for the Nacogdoches High School in its first game of the season played with the boys of the Cleveland High School, the home boys winning over the visitors by a score of 27 to 0.

The game was one of energy throughout, and both sides struggled to carry the ball to its side of the field, but from the commencement of the struggle, it was plainly apparent that the home boys were masters of the situation. In the first quarter Max Golub made one touchdown which caused a great burst of applause on the side line, led by Hugh Hamlett, the High School yell leader. This was all that was accomplished in the first quarter, and preparations were begun for the second quarter, which was played without either side scoring, although some warm contesting took place in this quarter.

At the end of the first half a rest period was given, during which time the boys made ready for their final plays. Coach T. H. Hunt, the man who is responsible for the excellent playing of the home boys, collected the boys around him and told them of some of the plays he wanted to make.

The third quarter of the game was started, and played throughout without Cleveland scoring. During this quarter Raymond Hagan made a touchdown, this practically insured the game for Nacogdoches. In the last quarter Sherrill Sullivan brought into play some of his old-time talent and, before anyone knew what he was about, made two touchdowns. During the last quarter some new boys were tried out, and these made good. Before the conclusion of the game, however, all the boys were put into the game, and the last one of them made good!

The home line-up was as follows: Quarterback, Golub; right half, Sullivan; left half, Hagan; fullback, Jones; left end, Brown; right end, Summers; left tackle, Shofner; left guard, Rudisill; center, Parrish; right guard, Davis; and right tackle Captain Eugene Muckelroy, captain of the team. The game was refereed by Willie Buchanan, who won a reputation for fairness and accuracy in his conclusions and management of the game.

The coach of the Cleveland squad was a former Nacogdoches boy, Orton Davis. Mr. Davis had a fine lot of clean, nice players of whom he is justly proud.

A most enjoyable reception was given the boys Friday night at the home of Mr. and Mrs. J. M. Weeks, all reporting a splendid time.

\$1,000,000 COTTON FIRE

Cameron, Texas, Oct. 11.—Loss estimated at \$1,000,000 was the toll taken by fire here early yesterday morning which destroyed 7,000 bales of cotton and the compress and warehouses of the Cameron Compress Company. The opinion of officers and watchmen employed at the compress is that the fire was of incendiary origin.

The compress was protected by insurance, but farmers who had cotton in storage will lose heavily, as little of this was covered by insurance. The compress was owned by J. A. Dossett, of Waco, who lost another press by fire at Quannah less than a month ago.

The Rockdale Fire Department came to the assistance of local firemen and aided in saving 100 bales of cotton.

ACCEPTS DIRECT ISSUE

Des Moines, Iowa, Oct. 7.—The direct issue of ratifying or rejecting the League of Nations was accepted by Senator Harding in a speech here today by brushing aside the problems of clarifying the reservations and declaring he would favor staying out of the covenant written at Versailles. He said he wanted no acceptance of the league without reservations to clarify American obligations. The proper course would be to reject the commitments altogether.

CULLEN THOMAS AND HIS WORK FOR TEXAS

The following from a late issue of the Houston Chronicle will be of interest to our readers in that it will call their attention to the prudence of looking carefully over the field in making a selection of their choice for the important office of United States senator:

I have observed that a number of gentlemen have been mentioned by the papers in connection with the next election of United States senator from Texas. While such discussion may appear a little early, it is never too early or too late, for the people to consider matters of such public importance.

Among those so mentioned, I notice the name of Cullen F. Thomas of Dallas. I trust he may become a candidate. Having been honored by the people of Texas for a number of years in public offices, I have had opportunity to know the public men of Texas.

I have long known Cullen Thomas personally, and professionally. I know his strength in the courthouse and on the stump. He stands in the front rank of his profession. He always has his convictions and the courage to declare them. I know of no man now before the public in Texas who has rendered more splendid and unselfish service to his party and state. He has not been an office-seeker. During all his political life, he has championed men and causes that stood for good government. Whether men thought he was right or wrong; those who know him best, know he thought he was right.

Cullen Thomas is pre-eminently qualified by experience, training and ideals to render his state and nation distinguished service as United States senator.

I write this in hope that it may be of some service to the people when they are called upon to make a selection.

R. V. Davidson.

Dallas, Texas, October 2.
It will be remembered that R. V. Davidson served the people of Texas three terms as attorney general and while in office collected in fines over a million and half dollars, making one of the most brilliant records ever made by an official of this state. The endorsement of such a man is a very great compliment to Mr. Thomas and will have much influence on the voters.

THE LEAGUE AND PROSPERITY

Ninety-four percent of this country's budget goes to pay the cost of past wars and to keep the country in readiness for future ones. Taxation cannot be reduced to the point which it might otherwise reach until this state of affairs is changed. The restoration of Europe and a reasonable period of disarmament can be hastened immeasurably by the co-operation of all nations of the world, including the United States, for peace. Without the co-operation of the United States these enterprises may be delayed.

The League of Nations is the only practical scheme for securing this co-operation promptly. From the single standpoint of dollars and cents, then, it is immensely important to each and every citizen of this country that the United States should enter

the League of Nations without unnecessary delay.

BAILEY IS DISCONSOLATE

"Governor Cox is a rich man," says the Kansas City Times, a millionaire concern which is supporting Harding. That settles it. As a member of the proletariat we have gloried in Cox, believing him to be a true patriot, a descendant of a long line of paupers and a true product of the poor house. It is a bitter disappointment to ascertain that he is solvent, that he changes his underwear occasionally, and has been known to have food that he didn't panhandle at somebody's back door. Our heart is broken.—George M. Bailey, in Houston Post.

W. O. W. BENEFICENCE

LIBERTY ELM CAMP, NO. 210, WOODMEN OF THE WORLD, Nacogdoches, Texas, has paid to beneficiaries of its deceased members \$60,000.00 in cash.

Four hundred members belonging to the above Camp carry Insurance in the Woodmen of the World of more than Seven Hundred Thousand Dollars (\$700,000.00,) and in addition to the amount of insurance carried the Beneficiary of each member is paid at the death of a member a funeral benefit fund of \$50.00 which does not come out of the policy. A sick benefit fund is also provided by the Camp, and a trained nurse when necessary sent to care for its sick members. When a member belonging to Liberty Elm Camp, for any reason, due to illness or accident, becomes unable to pay his dues, the Camp pays same until he regains his health or is able to again pay his dues. It is always extending charity to its needy members.

The Woodmen of the World is now writing a double indemnity policy, providing in case of death by accident, double the face of the policy. The New Universal Policy goes into immediate effect, you do not have to wait three years for it to mature. It provides for a partial and permanent disability, and is incontestable after five years. In case of total disability at any time the policy can be cashed for half its face value. An old age benefit at the age of 70 is also included.

The rates now effective are adequate based upon its own mortality experience covering period of its existence. New members are joining and a membership campaign is now under way. Only \$1.00, to join in addition to the medical examination. After considering the above features which no other Insurance or Association Company offers, and also personally knowing the good the Order has done for your neighbors, you would make no mistake in joining an order that stands for the protection of the homes and those constituting same.

THE GREATEST TAX DODGERS OF ALL

In these days when the tax burden is becoming extremely onerous to the average man, the question of an equitable distribution of the load naturally arouses keen public interest.

Many new sources of taxation have been located and levied upon, but little has been done in the way of compelling the speculator in land to bear his just share. Every mention of a proposal of this sort brings forth the charge that it is socialistic and un-American, as was the case when Mr. Neff, democratic nominee for governor of Texas, advocated in his late campaign a graduated land tax in Texas, for the purpose of reaching the alien holders of idle land in West Texas.

But this question will not down. It is beginning to claim the attention of those interested in Federal taxation. The committee of Manufacturers and Merchants on Federal Taxation with headquarters at Chicago, representing some 13,000 business houses in this country, is sponsoring a bill to be pressed in congress providing for a Federal tax of 1 percent on the privilege of owning land valued, without improvements, at over \$10,000. This includes urban, agricultural, coal, oil, mineral, timber and water power lands.

The statisticians of this committee have figured out that there is vacant land in this country, with a total value ranging from \$50,000,000,000 to \$60,000,000,000 which pays no federal taxes at all, and the estimate that a 1 percent tax on this land would return to the government in the neighborhood of a billion dollars annually.

These business men point out that while taxes have been laid on incomes, profits, and all manner of business, which falls directly upon the mass of the people, the holders of idle land who are waiting for them to increase still further in value before utilizing them, are escaping Federal taxation altogether on their holdings, and it is argued that these speculators should be compelled to help pay the war debt

as well as those who do the work of the country.

This particular bill may be rather drastic in some of its provisions, the limiting of exemption value to less than \$10,000, for instance, but it would not be surprising if some measure of this sort were not given earnest consideration in the next congress.

As the supply of land at reasonable prices decreases in this country, interest grows in the proposition to reach the land speculator and compel him to at least bear his share of the public burden. There is very little disposition to confiscate his land, but sentiment is crystallizing against permitting a few to withhold vast acreage from use for speculative purposes, and at the same time escape any but nominal taxes.—Houston Post

It is the committee of one that accomplishes things.

Some people eat as though 't was a pleasure for other people to listen to them.

Are the "kitchen police" helping out the wives along that line since getting back?

The man who wears a belt and suspenders at the same time must be of a suspicious nature.

When old King Solomon went on his summer vacation, it must have been some job with all those wives, and mothers-in-law.

Public opinion is an opinion that the public doesn't know it has until it reads about it in the morning news paper editorial.

A TIP TO OILMEN

An oil company is making preparations to sink at least five test wells about eight miles south-east of Nacogdoches, for the purpose of striking oil. If this many tests are made and nothing results, if the said company will make as many thorough tests in Angelina county their fondest dreams will be realized. An after thought is that the company would save money by making the tests in Angelina county first.—Lufkin News.

If a "frog-flat" is an indication of oil, surely Angelina county will be a second Eastland!

THE SYNOD OF TEXAS THANKS YOU

To the Citizens of Nacogdoches:

Upon instruction from the moderator and members of the Synod of Texas which has just closed the most successful session in its history, and most certainly on behalf of the members and officers of the Main Street Presbyterian church, I desire to give expressions of most sincere and heartfelt appreciation to the ministers, churches and citizens generally who so magnanimously assisted us in entertaining our guests. Your hospitality was worthy of the great cause of Christ and the church, and will carry the name and fame of Nacogdoches to the remotest bounds of our state and even the greatest cities of our nation.

While we would desire to thank one and all in person, we must make this our action for each, and hope that no one will feel that we discriminate when we mention especially our appreciation of the ladies, the unstinted courtesy of the Elks and Woodmen, the services rendered by our banks and business men, the chamber of commerce and the Daily Sentinel and Redland Herald. Again we say that we thank you with all our hearts.

M. C. Johnson.

Hon. Pat M. Neff, who spent Monday in the city on legal business, left Monday night for his home in Waco. On account of being so busy in conducting a case in which he was engaged, it was impossible for him to meet as many friends as he wished, but it was a matter of "business before pleasure" with him, and he had to hurry home to finish up the details of his recent campaign and prepare for the coming election. He expressed the liveliest appreciation of the hearty support given his candidacy for governor and said there would always be a warm place in his heart for the people of Nacogdoches county.

THE STATE OF TEXAS To the Sheriff or any Constable of Nacogdoches County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Nacogdoches County, a copy of the following notice:

The State of Texas

To all persons interested in the estate of Beulah Belle Weems, deceased, know ye that T. W. Weems has filed in the County Court of Nacogdoches County, an application for the Probate of the Last Will and Testament of said Beulah Belle Weems, deceased, filed with said application, and for Letters Testamentary which will be heard in the next term of said Court, commencing on the Third Monday in November, A. D. 1920, the same being the 15th day of November, A. D. 1920, at the Courthouse thereof, in Nacogdoches, at which time all persons interested in the estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed same.

Given under my hand and seal of said court, at office in Nacogdoches, Texas, this 12th day of October, A. D. 1920.

G. W. McLemore, a farmer residing five and a half miles north of town, received painful if not serious hurts at 9:30 Monday morning on North Street when the team he was driving became uncontrollable from fright and ran away, overturning a wagon filled with seed cotton. He was buried under an avalanche of loose and sacked cotton. He was taken to the City Garage, on North street, where it was found one of his ankles was dislocated. After first aid had been administered the injured man was taken to the sanitarium, where a closer examination developed the fact, it is reported, that his skull was fractured. He was doing nicely Tuesday morning.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

BEAUMONT CONVENTION OF AMERICAN LEGION

Beaumont, Texas, Oct. 7.—Former service men from the second congressional district, including Lufkin and Nacogdoches, have been urged by Ward DeLaney, district executive committee member of the American Legion, to attend the district convention here on October 18.

Every American Legion post in the district has been asked to send representatives, but ex-service men who are not members of the war veterans' organization also have been invited.

The purpose of the convention, Mr. DeLaney explained today, is to consolidate the second district into a compact American Legion stronghold, outlining a campaign for conducting an intensive membership and publicity drive, electing a district executive board to be composed of members of each of the fourteen counties represented and for the specific purpose of compelling the government to give just and equitable compensation and medical attention to those wounded during the war.

Details of the convention will be furnished to any ex-service man who writes to Mr. DeLaney at Beaumont and literature on how to organize an American Legion Post will be sent to those who request it. Mr. DeLaney's address is V. Weiss Building, Beaumont, Texas.

The counties in the district from which war veterans are invited are Panola, Angelina, Nacogdoches, Orange, Shelby, Sabine, San Augustine, Newton, Jasper, Hardin, Tyler, Cherokee, Harrison and Jefferson.

A list of free attractions has been arranged for the visitors. A banquet, a theater party and an automobile ride throughout the city already have been announced.

GRIP

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until you have fully recovered which should not be long if you are taking Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. Sold by Stripling, Haselwood & Co.

DISCARDED AS DANGEROUS

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel

PROCLAMATION BY THE GOVERNOR

The better schools campaign has for its purpose the adoption of the proposed constitutional amendment to remove the present limit on local taxes for school purposes.

The adoption of this amendment is of the utmost importance to the public schools of Texas and the people of the state, the very life of the schools and the benefits of the enlightened citizenship depending upon its adoption.

Now, therefore, in line with the policy pursued throughout the course of my administration, I, W. P. Hobby, Governor of Texas, urge all loyal Texans to exert every possible effort in bringing about the adoption of the proposed amendment and in order to give greater publicity to this all important subject, I hereby designate the week of October 24th-30th as Better Schools Week in Texas.

Throughout the week of October 24th-30th, the people of cities, towns and rural communities are urged to assemble in mass meetings for the discussion of the proposed amendment, newspapers throughout the state are urged to give publicity to the purposes of the amendment and to advocate the cause of its adoption for the betterment of education in their daily and weekly editions.

Let all loyal and public spirited citizens respond to this call to the end that the constitution shackles be stricken from public education and the schools of Texas take a higher rank among the schools of the nation.

In witness whereof, I have hereunto signed my name and caused the Seal of Texas to be hereon impressed at Austin, Texas, this 5th day of October, A. D. 1920.

W. P. Hobby,
Governor of the State of Texas.
By the governor:
Edwin Spencer,
Acting Secretary of State.

APPEALED TO PRESIDENT

Washington, Oct. 11.—The railroads of the country today appealed to President Wilson against the ruling of the comptroller of the treasury that the Treasury Department might withhold from the roads further payments due them under the guarantee provisions of the transportation act until an accounting could be completed by the carriers.

INCREASE OF HIGH SCHOOLS

Washington, Oct. 8.—New high schools have been added to the American educational system at the rate of at least one a day during the last 28 years.

Statistics compiled by the Federal Board of Education show that there are now more than 17,000 such schools—an increase of 452 percent over the number in 1890. Attendance figures from 14,000 of the schools give a total of 1,735,619 scholars, indicating in effect that one-tenth of the population is getting high school education, the bureau states.

Only 632 of the schools reporting to the bureau enroll 500 students each and 278 enroll over 1,000, while one-half of the 13,951 schools tabulated have an enrollment of between 27 and 100 students. City high schools constitute less than 10 percent of the total. They enroll 52 percent of all students. Almost 85 percent of the high schools are rural with 40 percent of the students.

As 65 percent of the schools offering a four-year course have terms of only 180 days during the year, a longer school term is "unmistakably foreshadowed," according to bureau officials. The schools cost thousands of dollars to erect and to utilize the property for only 180 days a year is "bad judgment," the statement said.

The number of high school graduates has increased from 21,882 in 1890 to 224,367 in 1918. Considering the increase of population in this period it is found that American youths are becoming more than six times as well educated as they were.

The state of Texas leads in the percentage of high school graduates who continue their studies in preparatory schools or colleges. North Carolina and Kentucky are second and third respectively.

The average high school principal, the statistics show, receives \$1,272 a year, or about \$100 a month for the entire year. Principals of the District of Columbia, California, Arizona, Massachusetts and New York receive the highest salaries in the order named, while Nebraska pays the lowest average salary.

Improve your Digestion.

If you have weak digestion eat sparingly of your meals, let at least five hours elapse between each meal, eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion. Sold by Stripling, Haselwood & Co.

TIME FOR US TO ACT

Dallas, Texas, Oct. 8.—Reports received at the state headquarters of the Democratic National Committee from the headquarters in New York indicate a growing sentiment toward the Democratic nominees. The recent announcement of the President that he would assist the National Committee during the remaining days of the campaign, coupled with the campaign statements of James H. Cox on questions which the other party's nominees have refused or failed to make a firm stand, is largely responsible for the increased enthusiasm and interest.

The fact that the republicans have been in control of congress for more than one year and have not taken any stand toward the repeal of such legislation as has been unpopular with many democrats is serving to overcome the vast amount of republican propaganda charging the democrats with various efforts to saddle the high taxes on the people of the United States, according to the report received.

Practically every county in Texas is organized and efforts are being made to secure contributions to the Democratic Campaign Fund. There has been no quota assigned the state of Texas nor any of her counties. Subscriptions of any size from one dollar to one thousand dollars are acceptable and should be sent to the county chairman or to state headquarters, 327 Western Indemnity Building, Dallas. Checks should be made payable to Royall R. Watkins, Secretary Treasurer.

Got Her Good Health out of a Bottle Mrs. Edward Raifsnider, Wabash, Ind., says that she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets. Sold by Stripling, Haselwood & Co.

CEASE OPERATIONS

Riga, Oct. 7.—Military operations between the Poles and Lithuanians have ceased, it was announced at Polish headquarters here today. This statement was made in connection with the announcement that the Allied mission to the Polish-Lithuanian question had arrived at Suwalki on Wednesday.

CENSUS FIGURES

Washington, Oct. 7.—The Census Bureau today gave out the following population figures:

Arkansas 1,750,195, an increase of 176,546, or 11.2 percent.
Virginia 2,306,361, an increase of 244,749, or 11.9 percent.
Florida 976,296, an increase of 213,667, or 28.4 percent.
Pennsylvania 8,720,159, an increase of 1,055,048, or 13.8 percent.
Michigan 3,667,222, an increase of 857,049, or 30.5 percent.
Ohio 5,759,368, an increase of 992,247, or 20.8 percent.
Iowa 2,403,630, an increase of 178,859, or 8 percent.
Detroit, revised 993,878, an increase of 527,912, or 113.3 percent. Previously announced as 993,739.
Philadelphia, revised, 1,823,779, an increase of 274,771, or 17.7 percent. Previously announced as 1,823,158.

Financial Loss Due to Colds It is estimated that the average man loses three days time each year on account of inability to work because of a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief it affords. Sold by Stripling, Haselwood & Co.

TRANSCONTINENTAL FLIGHT

Halifax, N. S., Oct. 7.—Two officers of the Royal Canadian Air Force, started on a transcontinental flight to Vancouver this morning at 8 o'clock when they hopped off the eastern passage station. They expect to reach Riviere de Loup on the first leg of the journey.

THE LEGION WILL HELP

Dallas, Texas, Oct. 8.—"Don't forget our obligation to the Salvation Army." This was the request sent out today to all members of the American Legion in Texas by Edward Crane of this city, acting state commander of the Texas division of the American Legion, during the absence of Dr. Guy Shirley, commander, who is now in the East. Mr. Crane's statement to the members of the Legion was made in connection with the Rescue Week Appeal now being conducted by the Salvation Army in the South west division. In the statement he says:

"Having been reminded of the Rescue Week Appeal being conducted by the Salvation Army in the states of Texas, Oklahoma and Louisiana for funds with which to carry on its home program, I am taking this opportunity of calling upon every member of the American Legion, not only in this state, but every other state, to assist in this great work. It is a duty we, as former soldiers in the late war, owe the Salvation Army, not only for the great work they rendered us in France, but for the great work they are now doing for us here at home. The American soldier has been loath to forget the oath that he made at Coblenz, Mont Sec, St. Mihiel, and other points on the great front that there was one institution—the Salvation Army—that he would not forget when he got home. I for one made the same vow. I knew of the great sacrifices that were made by men and women of the Salvation Army to help us then. I now see the opportunity for myself and the other soldiers of the late war to partly repay the debt. The American soldier should take it upon himself, as a personal obligation, to see that the Salvation Army is never in want."

HOUSTON GETS SLIGHT GAIN

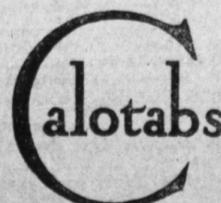

Washington, October, 11.—Houston, Texas, according to revised figures announced by the Census Bureau today, has a population of 138,276, previously announced as 138,076.

W. B. Wortham of Garrison was in the city Thursday. Mr. Wortham is one of the progressive farmers of the county, being one of the breeders of live stock of fine blood.

\$100 Reward, \$100

The readers of this paper will be pleased to hear that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and enabling nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

U. S. POPULATION

Washington, Oct. 8.—The total population of the continental United States is 105,683,108, an increase of 13,710,842, or 14.9 percent.

Continental total: The figure does not include approximately 12,250,000 people living in the country's outlying possessions. The population of Alaska and the total classed under the military and naval service abroad are yet to be announced.

There are in the United States 6,459,998 farms, an increase of 98,496, or 1.5 percent over the total number recorded in 1910, the census bureau announced today.

Mr. O. M. Gibbs, late editor and owner of the Garrison News, was a pleasant visitor at the Sentinel office Friday morning. He informed us that he had sold the News to Jack Dearling, a well-known printer of this section, who took charge as of October 1. The editorial fraternity loses a mighty good man in the retirement of Mr. Gibbs, who made the News one of the best country papers in the state. We are gratified to learn that he will remain at Garrison, where he will devote his entire time to the real estate business. Here's hoping "Jack" Dearling will wax wealthy and copulent as owner of the News. Good luck to him.

Another thing that unsettles the business and industrial situation is that there are entirely too many people getting big money they do not work for. And what the world needs now more than the money of men is the work of men.

RIOTERS TO PAY PENALTY

Washington, Oct. 11.—The conviction of Frank Moore and five other negroes sentenced to death for participation in a race riot in Arkansas last October, will stand as a result of the refusal of the United States Supreme Court to review the cases.

STOMACH CATARRH

Cause untold misery and suffering, all of which is needless. Pe-ru-na acts so quickly and surely on catarrh of the stomach and bowels in cases of that common form, nasal catarrh.

DR. J. C. PE-ru-na

IN USE FIFTY YEARS

Exercise a soothing, healing effect upon all mucous linings. Belching gas, sour stomach, nausea, vomiting, cramps, pains in the abdomen, diarrhoea, constipation are all symptoms of a catarrhal condition in the organs of digestion.

Don't suffer another day. It is needless and dangerous. Two generations have found Pe-ru-na just the medicine needed for such disturbances.

The remains of Marion E. Houston, who died in France, were interred at 4 o'clock Sunday afternoon in Oak Grove cemetery, this city, with military honors under direction of the American Legion post of Nacogdoches.

The services consisted of a touching prayer by Rev. W. A. Patterson of Fort Worth, who is here attending the Presbyterian Synod; a beautiful talk by Rev. J. W. Ripband, of the Baptist church at Mahli; a song, the military salute by a firing squad of eight members of the Legion, and "taps" sounded by Sergeant William Greene of the U. S. Army Recruiting Office here, ending with the hymn, "Nearer, My God, To Thee," by the assembled throng.

The dead soldier's mother was among those who paid the last tribute to the departed one.

Mrs. H. T. Ridges of Crockett arrived here Thursday to join her husband, who is building a part of the Martinsville road.

LATIMER CONVICTED

Rosie Latimer, on trial for the murder of his father-in-law, Frank Fulghum, at Garrison a short time ago, was convicted by the jury in district court and the penalty assessed at ten years in the penitentiary, the verdict being rendered about 2 o'clock Sunday morning. His attorneys filed a motion early Monday morning for a new trial.

The case was a hotly contested one, the attorneys on both sides making a strenuous fight.

Names is Names

The Nacogdoches High School feels distinguished this year in the circumstance that it has enrolled in its student body the persons of James Ferguson and Joe Bailey. When this fact was discovered last week by the student body, an investigation was started and it was found that James Ferguson and Joe Bailey attending the high school were on the same floor and that only a wall separated them.

However, the Nacogdoches High School "Jim" says that he is no relation whatsoever to the Temple "Jim", and that he does not in any respect endorse Temple "Jim's" conduct. The high school "Jim" hails from Douglass, is 18 years of age, and is in the 10th grade. His associates say that he is a good student.

Likewise, the "Doches High "Joe" denies any relation with the "Joe" at Washington, whose "principles" have been the talk of the land, even if they never have been understood. The "Doches High "Joe" is a quiet student, studies hard, they say, and seems to have no political aspirations whatsoever, except to get along with the teacher—of course that involves politics.

Some who went motoring out on the Nacogdoches-Douglass road Sunday report the road is considerably rough in some places and that the dust is stifling. A number of holes, the travelers report, are developing in the roadbed through the clay. This, however, should not be taken as any especially bad sign, as anything that is used is bound to wear. The road can be kept in the best condition after it is finished if a competent road force is kept on it keeping it repaired.

**"IS WORTH WEIGHT
IN GOLD," HE SAYS**

Willhide was so Run Down his Condition Alarmed His Wife and Friends.

"Tanlac has been worth its weight in gold to me," said Walter S. Willhide, a well known employee of the Federal Rubber Co., Cudahy, Wis., and who lives at 75 Howell Ave., Milwaukee. "My wife and friends were really alarmed about me, but now I never felt better in my life."

"I don't believe anyone ever suffered any more from stomach trouble than I did for five years," he said. "After every meal gas would form and I had such sharp pains across my heart I could scarcely breathe. Dull, heavy, dizzy headaches would come on me and I had to lie right down or I would fall over. My back and stomach hurt so bad I could hardly bear my clothes to touch them. I was as nervous as a cat and the least noise at night would excite me. The muscles in my legs would cramp at night until I would have to get up and walk around to get relief; I lost 15 pounds, my appetite was completely gone and I was so weak I could hardly do my work."

"Only two bottles of Tanlac have rid me of every one of my troubles. I eat anything and never have an uncomfortable feeling in my stomach, my nerves are like steel and I never have a headache, dizzy spell or pain of any sort. My friends are congratulating me on how well I look and I certainly feel fine."

Tanlac is sold in Nacogdoches by Swift Bros. & Smith, Stripling, Haselwood & Co., and in Garrison by the Dale Drug Co.
