## Triple Check On Illegal Oil Is Invoked

### Cities and Towns Urge To Follow Lead of Dallas

By United Press  
DALLAS.—A precedent set by the Dallas Chamber of Commerce is being cited to similar bodies all over the United States by leaders at Washington entrusted with administration of President Roosevelt's national industrial recovery act.

They are urging that chambers of commerce everywhere follow the lead of the Dallas organization in calling state-wide meetings of industrial executives to effect cooperation with the administration program.

On June 26 the Dallas chamber called together 1,200 business, labor and industrial officials in a conference, the first of its kind in the United States, to study the recovery program and initiate preliminary plans for participation in it.

Since that time hundreds of trade and business groups have held meetings here, numbering sometimes as many as six or seven in one day, to adopt codes of ethics and trade practices in accordance with the national plan.

The June 26 meeting resulted in calling another meeting at which the Texas Industrial Council was organized. The council will hold its first post-organization meeting here on Monday, July 17, to climax the activities of individual groups whose meetings have occupied the center of the stage here during the past several weeks.

The council is to be made up of presidents of all cooperative trade associations in the state and representatives from industries not now participating in a trade association. Each association has the privilege of designating some officer other than the president, if it chooses, as its representative on the council.

The purpose of the council will be to coordinate the activities of all Texas trade associations in a unit drive to obtain 100 per cent cooperation with the national program from this state. It will function in a purely advisory capacity.

More than 100 chief executives of various trade organizations in Texas have been invited to Monday's meeting, which will be held on the roof garden of the Adolphus hotel.

### Pioneer Citizen Of Tudor Is Buried

Funeral services were conducted Sunday afternoon at Tudor for Mrs. Mary Jane Harmon Parker, 79, one of the pioneer residents of the Tudor community. The services were conducted by Rev. Jim Hall, minister of the Church of God.

The decedent had lived for the past half century in the Tudor vicinity, and for two years lived with her daughter, Mrs. Sarah Adkins, 721 Spring Road, Ranger. She is survived by nine children, including Mrs. Adkins, 29 grandchildren and 29 great-grandchildren.

Those from Ranger who attended the services were her daughter, Mrs. Sarah Adkins, her grandson, Foy Adkins and family, Harrison Gibson and family, Rev. J. C. Adkins and family and Charles P. Ashcraft and family.

### Highway Projects For The County Recommended

By United Press  
AUSTIN, July 17.—The State Highway department today announced its list of highway projects recommended to the bureau of public roads for federal aid.

Among the projects recommended by the department two were for work in and leading to Eastland county. They were a highway from Comanche to Rising Star, to connect with Highway 23 and Highway 129 and \$90,000 for reconditioning Highway 23 and Highway 67 in Eastland county.

### ECONOMISTS TURNED OFF THE LIGHTS

By United Press  
BOSTON.—As an economy measure, 2,200 of Boston's street lamps remain unlighted. So Bostonians will know which lights are supposed to be on and which ones off, each of the 2,200 is designated by an aluminum band around the pole to which it is attached.

### Home From World Economic Parley

Back from the World Economic Conference in London, Prof. Raymond Moley, (above), President Roosevelt's "messenger," and Oliver M. W. Sprague, the American delegation's financial adviser, are pictured on their arrival in New York.

### Master Molasses Maker Now In Charge Oil Station

A. L. Tune, better known as "Al" proprietor of the Texas Service Station, is a master molasses maker according to information gathered a few days ago when he was telling some of the boys what he could do in case he had to go back to the farm.

Al says that the reputation he had when he left Forney, Texas, in Kaufman county, was that he was considered the best all-around molasses maker in the county and in a contest held just before he was called to the late war, he won in a walk. Mr. Tune is one of the few men that started on the ground floor in the molasses business and came through with the master's degree.

First, he was allowed to hoe the sorghum and keep the grass and weeds out of same. Second he went up to cooler or stripper and then was promoted to feeder and taster. Al says that the taster's job is a cinch for the first two or three days but that it soon becomes dangerous as one will encounter bees that want to light on your face and partake of the overflow that might have accumulated on one's face. He next went to skimmer and finally to O. K. man, that is when he said O. K. the syrup was finished and ready for the market.

Al is not necessarily in the market for a job as syrup maker but says that more syrup should be grown in and around Ranger—that it will cut the cost of high living or the high cost of living and that if the boys will put in a supply of cane next year he will be glad to give them his experience as master syrup maker of Kaufman county.

### Will Send Four To Short Course

The county federation of women's clubs of which Mrs. Louis Pitcock of Ranger is president, has provided funds with which to defray the expenses of four persons to the agricultural short course at College Station this month. Each year for the past eight years the club has borne the expenses of from one to four persons on this trip.

Mrs. Pitcock, the first woman from the rural districts to be president of the club, is being urged to attend the short course as one of the delegates.

### GRAINS SCORE GAINS

By United Press  
CHICAGO, July 17.—Another meteoric rise swept all grains, except oats, to new high today. Wheat skyrocketed more than five cents a bushel before the gains were cut down by heavy profit-taking.

### TEXAS SLAYER IS KILLED BY OFFICERS POSSE

By United Press  
EL PASO, July 17.—A man tentatively identified as Glenn Hunsucker, Texas slayer, as shot to death yesterday in a gun battle with officers near Ramon, N. M., in the northern part of the state, it was learned today.

Tom Jones, deputy sheriff, was slain in the gun battle. A posse was today searching for the slain gunman's companion.

The shooting took place when officers suddenly walked into a mountain hideout of the men, while the officers were searching for them after they had arrested another man in connection with a bank robbery at Lovington, N. M., last year.

Hunsucker is sought in the recent slaying of Deputy Sheriff Joe Brown at Rhame, Texas.

### Mother of Mrs. John Mouser Died Sunday Morning

Mr. and Mrs. John M. Mouser of Eastland received news Sunday morning of the death of Mrs. Mouser's mother, Mrs. Ethel Hughes, at her home in West Plains, Mo., who passed away that morning following an illness of several months with heart trouble, the result of an attack of influenza sustained in the winter.

Those at her bedside when she passed away were her husband, U. T. Hughes, her daughter, Miss Nancy Elizabeth Hughes, and a brother who arrived from his home in Cave City, Ky.

Other immediate relatives left are Mrs. Mouser of this city, Mr. and Mrs. Mouser's infant daughter, and son John, Jr., and a sister of Cave City, Ky. Funeral services are to be conducted this afternoon at the Baptist church in West Plains, Mo., with interment in the West Plains cemetery.

The extremely hot weather and the danger of traveling with a little baby at this time of the year, has prevented Mrs. Mouser going to West Plains, where she visited her mother in April, taking her baby with her for her mother to see.

Friends of the family are extending sympathy in this hour of trial.

### New York Banker Again Disappears On Eve of Trial

By United Press  
NEW YORK, July 17.—Joseph W. Harriman, former head of the defunct Harriman National Bank, disappeared again today shortly before his sanity hearing was to be resumed in federal court.

Harriman walked out the servants' entrance of the Regent Nursing home just as his attorney, William Donovan, entered the front door to consult with him about the sanity case.

Donovan said he had learned from an employee of the home that Harriman got into a cab and told the driver to take him to the Fort Lee ferry ship. Three days before he was to have gone on trial in federal court last May on an indictment accusing him of making 14 false entries in the books of his bank, Harriman escaped from a nursing home and fled to Long Island, out of the jurisdiction of the court.

### Sheriff Captures Still at Scarnton

Sheriff Virge Foster and his department brought in a still of about 30 gallons capacity which they found on the Fred Tarver place, two or three miles west of Scarnton, Sunday. They also brought in a 10-gallon keg almost filled with whisky which they found at the same place.

No one was taken into custody at the time for the operation of the still. One man escaped and Mr. Foster said that a complaint would be filed against another for the possession and operation of the still.

### This Roosevelt Will Go Far!

For excelling in studies at Groton school, Franklin D. Roosevelt, Jr., son of the President, was rewarded by his parents with a trip to Europe. He is here shown aboard the liner in New York with his mother, who came up from Washington to bid him bon voyage. He expects to make a two-month tour of France, Spain, Switzerland and England.

### TEXAS BUSINESS OUTLOOK MORE CHEERFUL THAN FOR THE PAST SEVERAL YEARS

By JOSEPH L. MYLER

United Press Staff Correspondent  
DALLAS, July 17.—Business and industrial reporting agencies this week vied with miscellaneous news from scores of Texas communities in telling the cheerful story of the state's return to prosperity.

Augmented payrolls, increased industrial activity, rising farm commodity prices and a record drop in business failures shared the week's spotlight with reports of new enterprises and new construction representing an aggregate investment of millions of dollars.

Reports to the Bureau of Business Research of the University of Texas indicated an increase in employment in June for the second consecutive month. Statistics from 910 reporting concerns showed on June 15 the number of workers on Texas payrolls exceeded the number reported for May 15 by 3.4 per cent. The gain over a year ago was 2.9 per cent.

The same agency disclosed there were fewer commercial failures in Texas last month than in any

June since 1920. Total liabilities represented by June's 27 failures amounted to only \$456,000, compared to \$1,044,000 for the 56 failures in May.

The United States department of agriculture's Austin bureau presented figures which showed farm commodity prices in dizzy ascent during the period from May 15 to June 15. Wool, freed of the restraining ballast of overproduction in the past, shot upward 328.5 per cent from prices in mid-June a year ago. Oats climbed 100 per cent, wheat 97, cotton 89, barley 60. Only veal, calves, hay, butterfat and eggs declined in price during the 30 days preceding June 15.

Distribution of merchandise in the Dallas wholesale and retail area registered continued gains during June, a summary of commercial and industrial reports by Dun and Bradstreet, Inc., disclosed. Industry likewise, paced by textiles, underwent further noticeable expansion, stimulated by rising commodity prices and increasing public confidence, the report stated.

Dallas bank clearings provided a

### Recovery Act For Textile Workers Is Put Into Effect

By United Press  
WASHINGTON, July 17.—The industrial recovery program of higher wages and shorter hours went into effect throughout the textile industry today.

This major industry, employing over 1,000,000 workers, thus inaugurated the administration policy of having the larger related industries cooperate under a group code of fair competition.

Administrator Hugh S. Johnson feels that as rapid progress as can be expected is being made by the various other industries. He is anxious, however, that something be done for the office worker, the store clerk and the salaried people who will not feel the effect of the industrial worker's larger pay envelopes.

### O. E. Randolph Is Being Transferred

O. E. Randolph, superintendent for Texas of the Sinclair-Prairie Pipe Line company, and who was transferred from Ranger to Eastland a few months ago, has been ordered to Kansas by his company and it is understood he will move immediately.

Mr. Randolph's family is now visiting relatives in Illinois.

### POST HOPS OFF FROM MOSCOW AHEAD OF TIME

By United Press  
MOSCOW, July 17.—Wiley Post, continuing his round-the-world flight on his attempt to break the record he and Harold Gatty set in 1931, took off at 5:15 p. m. today (10:15 E. D. T.) for Novosibirsk, Siberia.

His next scheduled stopping place, almost mid-way across Siberia, is approximately 1,580 miles from here.

The daring Oklahoman, who took off from New York Saturday, halted briefly at Berlin and Koenigsberg and stopped in Moscow only three hours, while minor adjustments were made to his plane.

When he left here Post was 13 hours, nine minutes ahead of the Posty-Gatty record.

He landed here at 2:20 p. m. today (7:20 a. m. E. D. T.).

Post flashed across the Moscow airbase as the waiting group of airport officials, newspaper correspondents and members of the American colony had about given up hope of his landing here, believing he had flown on to Siberia.

### Free Fall Fair Dates Set For Sept. 20 to 23

Sept. 20, 21, 22 and 23 are the dates on which the County Free Fall Fair will be held this year was the announcement made by B. M. Collier, general chairman, Monday morning. Mr. Collier was again chosen as general chairman at a meeting of members of the Chamber of Commerce and the Retail Merchants association, which was held two weeks ago.

At the same meeting an executive committee, composed of B. M. Collier, F. M. Kinney, J. C. Patterson, C. J. Rhodes, K. E. Tanner, and Mrs. Jack Williamson, was elected whose main duty was to select committees to arrange for and handle the main features of the fair program. The executive committee held a meeting Saturday and as a result Mr. Collier as general chairman announces the chairman of the various committees as follows:

Assistant general chairman, F. M. Kinney; midway superintendent, Horace Conley, with Earl Woody as his assistant; secretary and treasurer, K. E. Tanner; advisory committee, County Agent J. C. Patterson and Home Demonstration Agent Miss Ruth Ramey; chairman of program committee, George M. Harper; chairman of community entertainment, B. E. McGlamery; chairman of athletics, Ed T. Cox Jr.; chairman of fiddling contest, George M. Harper; chairman of rodeo committee, H. C. Davis; chairman of publicity, E. Hinrichs; community agricultural booths, Carl Johnson; chairman of agricultural department, Ernest Jones; chairman of advertising committee, Frank V. Williams; chairman of committees on parade, F. M. Kinney.

There will be various women's departments included in the fair program and chairmen for the committees to handle these departments will be announced later by Miss Ruth Ramey.

The officials state that the prospects are bright for the biggest and best fair the county has ever had. The farm exhibits give promise of being excellent, they say, and the people in general are entering into the spirit of the fair with enthusiasm.

### Lithanian Flyers Cross Atlantic and Die In a Crack-Up

By United Press  
SOLDIN, Germany, July 17.—The attempt of two Lithuanian airmen to fly from New York to Kovno, capital of their country, ended in death in the woods near here today.

The flyers, Stephen Darius and Stanley Girenas, after crossing the Atlantic successfully, lost themselves in the darkness over Germany and cracked up, apparently out of gasoline.

Reports from various sections indicated they had wandered blindly for hours seeking a safe landing place.

### Circuit Rider

Rev. Ephraim D. Conway, newly-appointed circuit rider of the Ranger circuit, who has completed the rounds of his district, making appointments.

### Ranger Circuit Rider Announces Meeting Dates

Ephraim D. Conway of Ranger, pastor of the Ranger circuit of the Methodist church, announces the following places and dates for 10-day revival meetings:

Flatwood, July 21 to 30.  
Bullock, Aug. 4 to 13.  
Staff, Aug. 18 to 27.  
Kokomo, Sept. 8 to 17.  
Mt. Zion, in Stephens county, to be arranged.

Regular services are to be held at the following places on the dates given:

Staff, first Sunday.  
Bullock, second Sunday.  
Kokomo, third Sunday.  
Flatwood, fourth Sunday.  
Mt. Zion, to be arranged.

Rev. Mr. Conway stated that he conducted services Sunday at Kokomo and that there was a splendid attendance and much interest manifested.

### Two States Vote on Repeal Tuesday

By United Press

MEMPHIS, Tenn., July 17.—The crucial test in the fight to repeal the 18th amendment was at hand today as wet and dry campaigners closed their drives in Alabama and Arkansas, which tomorrow vote on the 21st amendment.

They are the first states of the traditionally dry south to vote on repeal and upon the outcome, almost all observers believe, hinges the success of repeal. The drys believe that if they hold the south they will stop repeal.

Most political observers today forecast a wet victory, although both sides issued victory statements. Tennessee will vote on the repeal amendment Thursday.

### Find Man's Hat Riddled With Shot

A hat that literally had been shot to pieces was brought to his office by Sheriff Virge Foster Sunday morning. Whether someone was wearing the hat when it was shot or whether someone used it as a target for a practice shot is not known.

It was found Sunday morning on the north side of the highway just east of the W. R. Eppler place, between Eastland and Cisco. One of the Eppler boys found it early in the morning when he went to the pasture to see about some stock. He had been along the road earlier in the morning and told Mr. Foster that the hat was not there then.

The hat which was rather badly worn had the brand of a Fort Worth dealer on the inside band.

### Business Men Ask For Special Session

By United Press  
HOUSTON, July 17.—Five hundred business men of South Texas met here today and adopted a resolution asking Governor Ferguson to call a special session for the enactment of state laws conforming with the national industrial recovery act.

The meeting was called by the Houston Chamber of Commerce for a discussion of the government recovery legislation.

### PLAN WILL BE IN EFFECT BY AUGUST 5TH

### Railroad Commission Starts Drive Against Gasoline Bootleggers.

By United Press  
WASHINGTON, July 17.—Secretary of Interior Ickes is invoking a triple-check system to enforce state oil production laws and prevent glutting of the market.

Producers, buyers and transporters each will be required to cooperate in the drive to stop shipments of hot oil in violation of the state laws.

Under regulations laid down by Ickes, each producer, beginning Aug. 5, must file with the federal government a monthly statement covering the location of his oil wells, production allowed under state laws, amount actually produced, amount of every sale and to who it was made.

Similar sworn reports must be made by every purchaser.

By United Press  
KILGORE, Texas, July 17.—The Texas railroad commission today had initiated a drive against bootleg gasoline and other refined products of illicitly produced or shipped oil.

Captain Stanley of the commission's oil and gas division, said the body would seek an extension of its regulatory rules governing interstate and intrastate shipments of oil to include, also, refined products of oil.

By United Press  
AUSTIN, July 17.—Representative T. H. McGregor, Austin, will represent Gov. Miriam A. Ferguson at the public hearing in Washington July 24 on the code for the oil industry, the chief executive said today.

### Elliott Roosevelt's Wife Gets Divorce

By United Press  
MINDEN, Nev., July 17.—Elizabeth Donner Roosevelt, Philadelphia heiress, today was granted a divorce from Elliott Roosevelt, second son of the president.

The tall, 22-year-old son of President Roosevelt, prepared to leave tonight by airplane for Chicago. There, it was learned, he planned to meet Miss Ruth Googins, Fort Worth, Texas, society girl.

It was reported without confirmation, that he and Miss Googins plan to get married immediately.

### Man, Wanted For Burglary, Surrenders

John Green, who is under indictment by the grand jury for burglary and theft in connection with breaking into the office of a lumber company at Cisco on March 7 at which time a typewriter and radio were taken, went into the sheriff's office Monday morning, surrendered to the officers and was placed in jail.

Green made a statement in which he exonerated his two brothers, who were indicted at the same time as he, and implicated another man who has never been indicted.

### WEDS GIRL AFTER SENTENCE

By United Press  
DALLAS.—A half-hour after Doil Gear, 28, had been sentenced to two years' imprisonment for automobile theft, he was married to Miss Donna Mayes, 19, in a private office of the district attorney.

**A BIBLE THOUGHT FOR TODAY**

**THE ONE GREAT FRIEND:** A man that hath friends must shew himself friendly; and there is a friend that sticketh closer than a brother.— Proverbs 18: 24.

**SECRETARY WALLACE COVERS THE MIDWEST**

Secretary Henry A. Wallace of the department of agriculture, returning from a 10-day trip in the Middle West, said to Washington correspondents that sentiment in the swine and corn producing sections was "ripe for another stage in the step to lift farm prices to pre-war levels."

In his interview he appealed to the cotton producers for immediate action in signing agreements to reduce acreage. He said "It is the hope of the administration that before the close of this week every cotton producer in the entire belt will have been given an opportunity to do his part in this effort to restore prosperity."

This Hawkeye statesman and economist has received many reports from his agents that there are cotton growers who are willing to gouge the government in their high estimates on the value of the cotton to be plowed under. He sounded another note—that a national conference of hog and corn products may be held in the Mid-West by the middle of the month of July. As for the farmers of America, the livestock industry and the producers of wool mohair, should do their full part in the contributions to this grand scheme or project for the recovery of America and the restoration of a fair purchasing power which hit its lowest levels in recent years.

An administration and its agents cannot do all the work. There must be fair play and square dealing on the part of those who are to be benefited by the extraordinary laws and sweeping innovations which have been resorted to for the rehabilitation of this nation and its people.

**ROAD BUILDING ACTIVITIES IN TEXAS**

Texas is the largest of commonwealths; Texas has been allotted the largest sum of money for road building purposes by the federal government. It calls for an expenditure of more than \$25,000,000. Money used for highway purposes, if not wasted or grafted, increases taxable value of community and commonwealth and ties the country to the city and the city to the country. It is a real investment in public highways which should be made durable and lasting. Rivers and creeks should be bridged and the bridges should not be makeshift affairs to be swept away when the torrential rains come or tumble in because of inferior material or workmanship. There should be no favoritism shown to sections. All the people of all sections, north or east or south or west, should be given ample recognition, there should be competitive bidding and the state should receive 100 cents in modern highways for every dollar paid for labor and material.

There are thousands of Texans who are in need of employment. Crack down and build during the summer and fall seasons of 1933. Furnish idle Texans paying jobs. Give them an opportunity to support their dependents and restore as far as possible the purchasing power of the commonwealth. Build for the future. Build state arteries of traffic and travel that will be monuments to their builders and of lasting service to the people who will make use of the highways and contribute in gasoline tax paying the cost of maintaining them.

**AN ARMY OF IDLE TEACHERS ASKING FOR JOBS**

Thousands of thoroughly equipped young men and women educated for teachers in the schools of the nation are seeking jobs and seeking in vain. Well, Texas has eight teachers colleges, and there is a large surplus of teachers just as there is a huge surplus of cotton. Just why an overproduction of teachers in a commonwealth where there is an army of idle teachers?

Did you ever notice that the advertising columns of the newspapers are read as eagerly as the news?

**DID YOU EVER STOP TO THINK**

By EDSON R. WAITE, Shawnee, Oklahoma

No matter how much governments or dictators may endeavor to camouflage the fact, no matter how seductive the peace talk and the vital necessity of reducing or abolishing the armament burden, there can be no escaping the fact that there is hardly a dictator or government but what is more or less war minded.

Under the thinly veiled guise of safety first or assured security, the nations are arming and in a more deadly manner than ever before. While the public of all countries are blinded by officially inspired propaganda, their pockets are emptied to meet the taxes which, far from decreasing, are increasing by leaps and bounds.

In the process, dictators in some countries in Europe have virtually swept away the freedom of the press, which is practically the only safe-guard of the people.

**CHANT ON ECONOMIC NATIONALISM**

**Business Outlook**

(Continued from page 1)  
statistical index corroborating the Dun and Bradstreet report. For the week ending July 12, they showed a gain of \$1,955,476 over the same period a year ago, and a gain of \$2,835,648 over the preceding week, according to the Dallas Clearing House association. The week's clearings totaled \$26,048,812.

Dun and Bradstreet said business recovery was spreading to so-called luxury lines. The report stated:

"Increases of 20 to 50 per cent in the sale of jewelry and new automobiles within the past 45 days are particularly significant, reflecting the recovery that has spread into even those lines which have been most affected by the depression."

Pacing all others in the climb upward was the textile industry in Texas, which last month recorded greater activity than in any June since 1927. More than seasonal expansion for the first six months of the year was indicated in an analysis of the industry prepared by Burt B. Blanton, Dallas consulting industrial engineer.

During June, Blanton pointed out, Texas textile mills operated at 82.6 per cent of their combined rated capacity, while in June a year ago they operated at only 50.8 per cent of capacity.

Comparative figures on total active spindle-hours showed June, 1933, exceeded only once since 1924. In June, 1933, active spindle-hours in all Texas mills totaled 79,719,951, as compared to 39,970,474 a year ago and 61,871,540 in 1924. Only the 1927 figure, \$84,342,776, was greater than for June this year.

"For the six-month period since Jan. 1 Texas mills showed a 35.2 per cent increase in active spindle-hours per spindle in place over the same period a year ago," Blanton said.

Virtually all of the 20-odd mills have increased employment numbers and wages. Miscellaneous reports showed increased employment and activity in lumber mills, mounting rail traffic resulting in larger and heavier payrolls and a throng of new industrial and business enterprises, as gauged by charters granted by the state. During the past week the daily charter score as reported from Austin averaged around 10.

Unfilled orders at southern pine mills during June virtually doubled those of a year ago. The average per unit reported by the Southern Pine Mills association rose to 827,867 feet, as against 427,176 at the end of June, last year.

Reflecting the increase of rail traffic was the report of freight loadings on Texas lines of the Missouri Pacific, which rose during June to 25,747 cars from 14,674 in June, 1932.

Increasingly conspicuous in the daily news were reports of municipal bond issues, individually small in comparison to other sums in the headlines, but significant of increased public confidence.

Items of industrial enterprise included plans of the Shamrock Oil & Gas company to establish a \$250,000 casinghead plant at Amarillo, the projecting of a \$150,000 paint factory at El Paso, and the opening of a \$25,000 egg-drying plant at Abilene. They were selected arbitrarily from a host of similar reports from communities all over the state.

Also typical of a general situation was the report of "new deal" construction planned at Amarillo, where four building projects now under way will represent when completed a money outlay of more than \$125,000.

Sugar Beet Men May Save Huge Sum For Seeds

ST. GEORGE, Utah.—Prospects that inter-mountain sugar beet growers will be saved more than half of the \$250,000 annual expenditure for importation from France, Germany, Russia and Belgium, was seen with the development of beets grown from Utah matured seed.

FRECKLES AND HIS FRIENDS—By Blosser

Gull Delivered Fish to Fishermen

TAPT, Ore.—This is the year's fish story: John Marple, while fishing in Siletz bay, noticed two seagulls fighting over a 15-pound blueback salmon. Finally one of them conquered the other and flew away with his catch.

BARGAIN BRIDIE

BEGIN HERE TODAY. ELINOR STAFFORD, 20, falls in love with 35-year-old BARRETT COLVIN, returned to New York after years abroad. Barrett has made a name for himself as an archeologist. He is about to ask Elinor to marry him when her jealous, scheming mother, LIDA STAFFORD, interferes and succeeds in breaking up the romance.

HE plunged into work with a zest that was fanatic—writing, arranging new exhibits, appraising them. He helped Flinders with his plans for an expedition, taking over all the dull details such as ordering tin dippers, pickaxes and soap. He found time to write a series of articles. He superintended plans for the gallery of a friend who had long wanted a suitable home for his paintings, bits of jade, predellas and such. And yet he couldn't keep busy enough to forget his heartache.

TOWARD the close of a cold and dismal April Doctor Moran ordered Elinor's father to a milder climate. Aiken was chosen and Donnell Stafford with two nurses and Elinor departed. To leave New York was a relief to the girl. She had suffered acutely since the afternoon Bobby Telfare had picked her up on a street corner where she waited for a taxi to take her home.

ELINOR had tried to fill her days and the most part had succeeded. She had grown thin and her eyes met Barrett's wistfully when he looked her way, which was rarely. He feared her and what she might do to him. He knew her, he told himself a hundred times a day. There was no excuse for him to be taken in again, only to be haunted by her and dreams of her. She lied so glibly and easily about where she had been and what she had done!

**Junior B. Y. P. U.**  
 The Junior B. Y. P. U. held an interesting session in the Baptist church Sunday evening with program presented by Group No. 2, under direction of their captain, Ressie Webb.

The session was opened with prayer by Rev. O. B. Darby, pastor of the church.

The subject of the program, "Our Neighbors from Faraway," was divided into groups handled by Ressie Webb, Katrina Lovelace, Mary Shepherd, Earnest Webb, Florence Shepherd, Travis Cook, Mary Martha Fuller.

Others present were Vern Ella Allison, Mabelle Wright, Billie Katherine McMillan, Lou Letta Early, Lillian Bishop, Leora Swindell, Tom Lovelace, John Allison, A. W. Wright, Charley Paul Williams and Ray Box, welcomed as a new member, and Tommie Bennett, a visitor.

Hymns opening the service brought "Joy in the Heart," and "I Shall Not Be Moved."

**Off On Long Journey**  
 Mr. and Mrs. Joseph M. Perkins and daughters Betty and Dorothy returned from a three days motor trip to Albuquerque, Saturday night, packed their belongings, closed their home, and left on their long trip for Gleasondale, Massachusetts, early this Monday morning.

They will join their son Bobby, who has spent the summer with his grandmother, Mrs. Gleason, and Mrs. Perkins and children will remain there until near time for Eastland schools to open, when they will make their return trip via Chicago, and visit the Century of Progress.

Mr. Perkins will continue on his business missions, and join for their return journey.

**Interesting News**  
**Of Miss Belle Wilson**  
 Mrs. T. M. Wilson of this city has received the information that her daughter, Miss Belle, who has been connected with the Eastland high school for several years, and who this year is a senior student at the State Teachers College in Denton, was initiated on July 7, into the highest honorary educational fraternity known as the Kappa Delta Pi, in effect in the college.

**Armstrongs Leaving Today**  
 Mrs. J. M. Armstrong, her children and her mother, Mrs. Galbreath are saying farewell to Eastland today, as they leave for their future home in Fort Worth, where Mr. Armstrong proceeded there a fortnight ago, in connection with his work for the Sinclair Prairie.

The Armstrongs have made their home in Eastland several years and have formed a big circle of friends who sincerely regret their going.

Mrs. Armstrong was past president of the South Ward school P. T. A., past president of the Book club, and prominent socially.

The Armstrongs have sold their handsome home at 705 South Daugherty avenue, to Mrs. H. P. Brelsford Sr., and the H. P. Brelsford Jr. are moving into the residence immediately, to make their home.

## Indians Make the Governor a Chief

**TOPEKA, Kan.**—It's Heap Big Chief Landon now, as well as Gov. Alf M. Landon. And Big Chief Kma-Mass at that, the Potawatomi Indians will have you understand.

The governor went down to Hiawatha to take part in an Indian ceremony in connection with the dedication of Lake Hiawatha. His cheeks were painted and he was presented with wampum and an Indian feather.

"Round and 'round he went in a tribal dance with the Indians. Not to be outdone in joviality and good will by their guest, the Indians promptly conferred on Landon the title which they interpreted to mean "Ruling Chief."

# Tinkling bells, and the clink of silver

IN a Chinese fairy story one reads about the Emperor's garden, where rare and colorful plants from all over the world were constantly flowering.

It was the duty of the honorable head gardener to watch for the most beautiful of the blossoms and tie to the stem of each a little silver bell. As the flowers swayed in the breeze, the bells tinkled with sweet music. Thus the courtiers and the distinguished visitors, strolling along the paths, were sure to see the finest specimens.

This was the Emperor's way of saying "I have something extra fine that you should see: look this way and you'll be repaid."

In the advertising columns of this paper are similar messages addressed to YOU. Read them and you will hear the clink of silver. Our merchants are saying "We have some extra values. We have some especially seasonal articles that you should see. Come to our stores and you will be repaid."

You have nothing to lose when you accept this invitation. In fact, when you fail to do so, you're missing some of the very news for which you bought this paper!
