BUSINESS MEN SIGNING UP N. R. A. AGREEMENTS

CHARGES MAY BE FILED IN MURDER CASE

By United Press
FORT WORTH, July 28.—Murder charges were expected to be filed against Frederick Simmons, 22-year-old crippled negro who police said, confessed to the double slaying of a Fort Worth man and his woman companion here Sunday night.

Simmons made a verbal confession to officers after a several hours grilling, officers said. The slain couple was A. S. Michael, 33, electrician, and Geneva Cantrell, 19, of Okmulgee, Okla. Simmons told officers he shot Michael and Miss Cantrell in the back of the head for the purpose of robbing them. Detective C. D. Bush said the negro admitted criminally assaulting the girl after he had shot her. Simmons told officers the couple had given him a lift. He knew the girl, he said, and they permitted him to ride in the back seat of the car.

He fired three shots, he told officers. The first missed and went through the windshield. The second struck the girl and the third hit Michael, both in the backs of their heads.

Barbers Draft Code Provisions

Barbers from all over the Oil Belt met at Eastland Thursday night to work out and pass on provisions under their code in keeping with the national industrial recovery act and the appeal of President Roosevelt to cooperate in business recovery plans.

The 85 barbers present voted unanimously to back the President whole heartedly and then decided on the conditions under which the shops were to operate.

It was voted to follow the 40-hour week schedule as maximum working hours, with shops to remain open from 8 o'clock each morning until 6 o'clock in the afternoons and to close at 9 o'clock on Saturdays. Each shop is to work out its own working schedule so that no barber works more than 40 hours in one week.

Prices of 35 cents for haircuts instead of 25 cents as at present were voted for the entire district, with the price of shaves to remain at 25 cents as at present.

Every shop in the district is to follow this schedule, the shops in Ranger and Eastland being 100 per cent for the agreement, as were the shops in the other towns of the Oil Belt.

Ranger was represented at the meeting by 11 barbers, three from the Gholson Barber Shop, three from Love Brothers, two from Langston's Barber Shop, one from the Paramount Barber shop, one from Horn's Barber Shop and one from Sporer's Barber Shop.

Texas Is Eighth In Allotments To Growers of Wheat

By United Press
Texas ranks eighth in the list of 42 states from which wheat allotments will be made, according to an announcement by Secretary of Agriculture Wallace and wheat farmers of this state will receive from the federal government this fall \$4,076,864 and another sizable sum next spring.

The plan was announced as a part of the federal reduction program. Payment of 20 cents on each bushel will be made this fall. Texas gets the largest allotment given any Southern state.

Man Mistaken For Wealthy Merchant Released By Captors

By United Press
SAN ANTONIO, July 28.—Adolph Galle, 46, staggered into police station here today and told a story of being kidnaped and mistreated by three men who had mistaken him for a wealthy merchant.

He was released early today. Galle told officers, 15 miles from the city after he had convinced his captors he was a fur man and could not meet their demands for money. He said they robbed him of \$11.

SAW MATES KIDNAPED

Sitting together at a quiet game of cards, Mrs. Charles F. Urschell, above, and Mrs. Walter R. Jarrett, below, saw their husbands dragged away from the Urschell mansion in Oklahoma City by machine gun kidnapers. Jarrett was released an hour later, but Urschell, wealthy oil operator, is held for ransom variously estimated at from \$250,000 to \$1,000,000.

David Hutton Is Expert Dodger As Eggs Fly Fast

By United Press
HOLLYWOOD, July 28.—If the lusty baritone voice of David Hutton ever turns sour he can fall back on a career as an "African dodger."

The 250-pound estranged husband of Aimee McPherson Hutton qualified for any carnival when he dodged five fast thrown and very ripe eggs at his opening vaudeville appearance here last night.

Confident, after a week's successful run in Long Beach, he stepped into the spotlight and made a deep bow. From row 1, seat 1, came an egg, propelled by an attractive young woman. The crooner dodged it. The young woman sent four more eggs after the first. A backout saved the torch sroorer from further embarrassment.

Produce Salesman Beaten to Death

By United Press
HOUSTON, July 28.—L. F. Sanders, 38, Alvin produce and poultry salesman, was fatally beaten by two hijackers who robbed him of \$14 and his watch near here early today. After lying in the ditch for several hours Sanders managed to drive his car to Alvin, where he collapsed and died.

He was attacked as he was returning home from Galveston.

FIRST COTTON CHECKS GIVEN TEXAS FARMERS

By United Press
WASHINGTON, July 28.—President Roosevelt started flow of more than \$100,000,000 into the cotton producing sections of the south today when he handed a check for \$517 to William E. Morris, farmer of Nueces county, Texas.

Morris received his check in the flare of camera flashlights and the clicking of news reels before officials of the agricultural adjustment administration. Morris achieved his distinction by being the first cotton farmer in his county to sign a cotton reduction contract, and the first farmer in the country to begin plowing up his cotton.

He arrived in the capital this morning by airplane, accompanied by Representative Kleberg of Texas. In his pocket he carried a certificate showing he had plowed up 40 acres of a 159-acre farm.

Retail Merchants Meet To Discuss Code For Ranger

The dry goods merchants of Ranger, together with the employers and managers of furniture and department stores, lumber companies and variety stores, met in the office of the chamber of commerce Thursday night to discuss a code of fair competition. Each one present was in accord with the president and expressed himself as being willing to cooperate in every way in regard to the national industrial recovery act.

The hours for opening and closing of the business houses was voted, though the vote was not unanimous and represented only a majority of those present. The hours voted were from 8 a. m. to 6 p. m. on week days and from 8 a. m. to 9 p. m. on Saturdays. The hours for remaining open will be worked out definitely at a district meeting with several towns of the oil belt.

Walter Harwell was chosen chairman for the furniture and hardware companies and Morris Bendix chairman for the dry goods stores of the city.

The following telegram was sent to President Roosevelt offering the cooperation of the merchants of Ranger:

"Hon. Franklin D. Roosevelt, Washington, D. C.
The furniture, hardware and dry goods firms of this city met last night and organized in order to carry out the terms of the national industrial recovery act and pledge their unanimous support.

Morris Bendix, Walter Harwell, Committee Chairmen."

All-Star Game to Be Played at The South Ward Field

In a telephone conversation with officials of the Breckenridge All-Star team this morning, it was learned that the game this afternoon is to be played on the diamond at the South Ward school, Breckenridge.

The school is reached by following these directions, given over the telephone: Just before reaching the business section of town, turn left at the dip in the pavement, going passed the Baptist Church, which can be seen from the highway. The school is five or six blocks to the left of the highway. It is not necessary to go into the business section of the town to reach the field.

Cars leaving for Breckenridge which can take one or more players, are to start from the Chamber of Commerce at 5 o'clock in order to reach Breckenridge in time for the game, which is scheduled to start promptly at 6:15.

Devaluation of Dollar Is Dropped For the Present

(Copyright 1933 by United Press)
WASHINGTON, July 28.—Plans to increase prices through further devaluation of the dollar have been abandoned until the administration gauges the effect of its industrial recovery program, the United Press learned today on the highest authority.

The growing success of the recovery program is believed to have dictated the decision to abandon further inflationary measures now that the spiral of deflation has been broken.

People Do Not Keep a Garden; It Keeps Them

By United Press
PORT ARTHUR, Texas.—Mr. and Mrs. Albert Skeffs—do not keep a garden; their garden keeps them. Three months ago the Skeffs arrayed their city-lot garden against their grocery bill, with the result that now the grocery bill has about been chased off the kitchen hook.

Not only that: the day seldom passes in which Mrs. Skeffs doesn't sell from \$1 to \$2 worth of produce from the luxuriously growing garden which has virtually become one of the city's show places. Tomatoes, beans, corn and everything else on a proper garden's roster flourish at the rear and to one side of the Skeffs home.

When the Skeffs started to make garden the plots they picked were covered with a rank growth of grass and weeds. With only a shovel and a hoe they subdued the wild vegetation and made the fruitless soil fruitful in a way that has hiked their bank account and eliminated their grocery bill.

State Survey Showed Farm Income Down

By United Press
HARRISBURG, Pa.—The total cash income of Pennsylvania farmers last year was approximately only one-half their cash income in 1929.

The state department of agriculture announced that farm production sold at market brought a total income of \$156,768,000 in 1932, representing a 50 per cent reduction from the 1929 total.

Sale of dairy products, largest producer of cash income, totaled \$77,474,700, virtually equal to the total of income from all other products combined. Chicken and eggs brought a revenue of \$28,620,000. Field products sent to market were sold for \$17,856,000 in revenue.

Grocers Will Meet To Discuss a Code

The grocery merchants will meet tonight at 8 o'clock at the Chamber of Commerce offices for the purpose of working out a code of fair competition.

JOHNSON ASKS ABOUT SPECIAL TEXAS SESSION

By United Press
AUSTIN, July 28.—Hugh Johnson, administrator of the national recovery act, has inquired of Governor Ferguson if a special session of the Texas legislature is likely within two months and has been notified that such a session probably will be called.

Announcement of the interchange of messages indicating the federal plans may call for some changes in the Texas anti-trust laws, was made today by the governor in indicating that there is no likelihood of a special session before the Aug. 26 state election.

Poultry and Egg Shipments Greater Than in June, 1932

AUSTIN.—Total interstate rail shipments of poultry and eggs during June were 131 cars, exceeding the 101 cars shipped in the corresponding month last year by 30 per cent, the University of Texas Bureau of Business Research report shows.

Shipments of live and dressed poultry, including turkeys amounted to 84 and eggs to 47 cars, compared with 64 and 37 respectively, in June, 1932.

Receipts of eggs from out of state amounted to 18 cars, of which 17 cars came from Kansas and one from Oklahoma. Last year only six cars were brought in from other states.

The statistical position of both poultry and eggs in the United States from the standpoint of both storage holdings is less favorable than on July 1 a year ago, according to the United States Bureau of Agricultural Economics. Total frozen eggs was over 12 million cases on that date, against about nine million cases a year ago. The variation in cold storage holdings of the different classes of poultry is quite marked. In some instances there is relatively little change from a year ago but the holdings of fowls are about twice those on July 1 last year.

Burglars Enter Gulf Warehouse

The warehouse of the Gulf Refining company in Eastland was entered by burglars Thursday night and oil, gasoline and other items estimated at an approximate value of \$150 to \$200 were taken. The gasoline was taken from a large reservoir from which the lock was broken by the burglars. L. J. Lambert, Eastland Gulf agent, said he had not yet determined just how much gasoline was missing.

Entrance to the warehouse was gained by breaking a lock on the door, greases, lubricating oils, etc., were taken from the warehouse.

Water Covers A Huge Ore Field

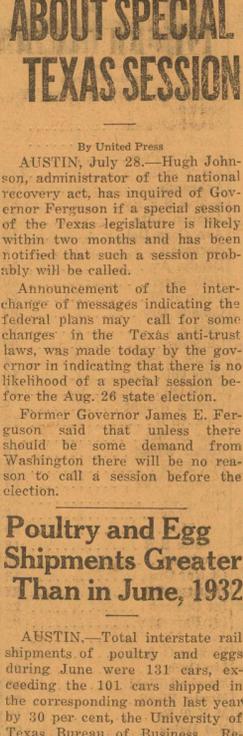

By United Press
JOPLIN, Mo.—An untold fortune in lead and zinc lies beneath a lake in this tri-state mining district.

In a hereto fore abandoned area, some three miles wide and 30 miles long, is known to exist payore veins. This entire district is underlaid with an ocean of sheet water at 70 feet, submerging the veins.

This territory is being organized into a drainage district, under a new state law, and help may be expected from the government and state toward rehabilitation.

Covered now with huge chat piles, miners' shanties, deserted buildings once used as stores, gambling and dance halls and saloons, the district presents a sorry sight.

Ferguson Jokes About Sheppard's 'Medicine Wagon'

By United Press
AUSTIN, July 28.—Former Gov. James E. Ferguson joked today about Senator Morris Sheppard's "medicine wagon" campaign against repeal, predicting that ballyhoo will not have much effect in the campaign over ratification of prohibition repeal.

"That will be like a medicine show," he said about Sheppard's proposed campaign. The former governor announced he too will take the stump. He will speak for repeal and the state's repeal issue. His methods will be different from those of Sheppard, he said, and he is preparing an itinerary that will reach most people.

"It isn't how often you speak, it is how many people hear you that counts," he said. "Senator Sheppard will be greatly disappointed at the results of his hoodlum wagon."

McGlamery Returns From Short Course

County Supt. B. E. McGlamery returned to Eastland from College Station Thursday night where he had been attending the county superintendent's annual conference at A. & M. College since Monday.

Mr. McGlamery reported that 175 superintendents from over the state attended the conference and that it was one of the most successful and instructive meetings ever held by this organization at A. & M. He further said that most of the day Thursday was devoted to the discussion of the Rural Aid bill, recently passed by the legislature, and that Superintendent of Public Instruction L. R. Woods, led in the discussion.

FORMS GIVEN TO EMPLOYERS OVER NATION

Five Million Heads of American Concerns Given Agreements To Sign Up.

By United Press
WASHINGTON, July 28.—Business men by the thousands rallied today to President Roosevelt's call for higher wages and more jobs.

Postmen were in the midst of delivering letters and pledge cards to 5,000,000 heads of American concerns, explaining the national recovery program and making easy their joining the president's battle against depression.

There were not enough pledge cards to go around in some cities. Executives drafted agreements of their own when they could not obtain printed forms immediately from the postoffices.

Response to the president's letter was so overwhelming that no accurate check of joiners in the campaign was available immediately.

It was learned, meanwhile, the administration planned to follow up signature of the blanket agreement with a questionnaire which will show exactly how many men have been given employment and how much has been added to the payrolls.

Relief Committee Holds a Meeting To Name Workers

The Relief Committee for Eastland county, composed of Earl Conner of Eastland, chairman; F. E. Harrell of Cisco, E. A. Ringold of Ranger and E. R. Yarborough of Carbon, together with W. W. Gilbert of Carbon, who has recently been appointed county relief officer, met in the offices of Conner & McRae Thursday afternoon and selected those who are to have charge of the relief work in the various towns of the county.

Fred M. Davenport and Paul McFarland were selected to administer the relief work for Eastland, Mr. Davenport taking the place now held by Alex Clark, and Mr. McFarland taking the place now held by Walter Gray. These changes will take effect on August 1st, Mr. Conner stated. F. E. Harrell of Cisco will be the general disbursing officer for the county.

S. J. Dean was appointed as administrator for Ranger with W. C. Hickey as his assistant.

Mr. Conner further said that changes made in the administration of the relief funds would take place gradually and that it was the purpose of the committee to distribute the funds as equitably as possible and without favoritism, though he realized that mistakes might be made occasionally.

A BIBLE THOUGHT FOR TODAY

WALKING WITH GOD: The steps of a good man are ordered by the Lord: and he delighteth in his way. Though he fall, he shall not be utterly cast down: for the Lord upholdeth him with his hand.—Psalm 37: 23-24.

Sunday School Lesson

PICTURES OF SILVER
 By BEULAH K. HICKS
 Judges 7:4-7; 16-21

Gideon, the son of Joash, an upright young man, of the children of Israel, with his father was threshing wheat on his wine press, in their cave, secretly hidden from their oppressors, the Midianites, when an angel of the Lord appeared unto him.

Gideon was a peasant, the least in his father's house, but he remembered the stories of Jehovah's deliverance to his people. His heart burned within him when he thought of their indifference, sin and idolatry.

"The Lord is with thee, thou mighty man of valour," are the words of the angel.

Gideon's surprise was heightened when the angel met all of his excuses and tests to prove his heavenly mission, causing Gideon to exclaim, "I have seen an angel of the Lord face to face."

With this faith and assurance he was clothed with a new spirit and quickly assembled an army of 32,000 men. But God, whose altar had replaced Baal's altar in the city, saw that this was too many men. They might claim the victory in their own might when God wanted them to know that it was "Jehovah, the Lord of Hosts," who delivered them from their oppressors.

Twenty and two thousand of the men returned, acknowledging their fear, leaving an army of ten thousand men with Gideon. This army came to the spring of Harod, which flows out making a great stream of pure, cold water. Nine thousand and seven hundred of the men lay down to drink from the brook but three hundred were so intent on their work that they waded through the water, not stopping but bending forward to bring

their hand in contact with the water, throwing it up with great expertness into their mouths.

To this intent, anxious 300 men God gave the victory over the great army of the Midianites.

Gideon, now a hero in the eyes of the people, came home at the head of his triumphant army, to find the invader gone.

A great celebration, during which the people seemed to forget that God was the one who gave the victory, asked Gideon to become the king of a hereditary, dynastic government: the first idea of such a government among the children of Israel.

Gideon with the knowledge of God and his power fresh in his heart declined the honor but became their greatest judge; the fifth judge to rule Israel.

The later study of Gideon's life is not so happy. Power grew and had a tendency and a willingness to let down the high standards of living as God blessed him with material blessings.

Victory was won when they cried out in the strength of the Lord, using as their battle cry, "The sword of the Lord."

Battles today can be won by those who can use "The sword of the Lord." Those who refuse to compromise the Lord's cause and put into the hands of the wicked, vessels sacred to the Lord.

"Lord, who shall abide in thy tabernacle?" He that walketh uprightly; that speaketh the truth; that backbiteth not with his tongue; in whose eyes a vile person is contemned; honoreth them that fear the Lord: He that doeth these things shall never be moved.—Psalm 15.

"For the righteous Lord loveth righteousness; his countenance doth behold the upright."—Psalm 11:7.

INFLATION MUST BOOST PRICES!

"Inflation means higher prices. The 30 hour week means higher prices. Changing the gold content of the dollar means higher prices."
 "Men's clothing prices are going up daily. Right now expenses are greater. Woollens are up and they are still rising. So are trimmings. . . . The party is over. The day is passing when every one loses money and no one makes a living wage. Your children's children will not see prices like those again. Take our advice. Buy a suit now, for next season. Never again will prices be as low."

IF YOU USE GASOLINE IT WILL COST YOU ONLY 20 CENTS TO TEST

IN YOUR CAR

The Humble Oil & Refining Company announces a reduction of the premium on ESSO from three to two cents per gallon. As experienced motorists know, ESSO is the world's leading premium fuel, more powerful than any gasoline. This announcement means that it will cost you only twenty cents more than you would pay for 10 gallons of regular gasoline to demonstrate to yourself ESSO'S marked superiority. We make no advertising claims for ESSO. We urge you, however, to test ESSO in your car, particularly if you are not getting complete satisfaction from the gasoline you are now using. We believe that you will notice a distinct difference between ESSO and the gasoline you are now using, whether you use regular or premium fuel. ESSO has been improved. The old ESSO, motorists told us, was the finest motor fuel obtainable; today's ESSO is better, and we offer it to you at less cost. Test ESSO today. It costs only two cents more per gallon than regular gasoline, and only ESSO can give you the satisfaction that comes from perfect performance. ESSO is backed by Humble service. The helpful friendliness of Humble service station men has won the approval of thousands of Texas motorists. It will please you, too. When you test ESSO, notice the service rendered.

WHAT IS A VACATION?

Every year there is a break in the regular routine of daily work—this we call a vacation. To most of us it is a wonderful chance to "get away"—to rest—to relax and forget about the worries of everyday life—If you want that experience, if you want this vacation to be the most enjoyable and worthwhile you ever had, come this year to the

CRAZY WATER HOTEL

Mineral Wells, Texas

Incidentally, this year the rates are the lowest in history.

Please send me free of charge full particulars concerning a health vacation at the Crazy Water Hotel. It is understood that I will not be obligated by this request.

REGIN HERE TODAY... Elinor Stafford, 29, had been a beggar of the east... When Elinor's aunt, wealthy Miss Ella Sexton, dies she leaves her fortune to Barrett... Elinor's father, Barrett tells Elinor that if she will marry him and live in his home as a guest for a year, he will give her the entire Sexton fortune to distribute among her relatives... The marriage takes place... Barrett, in spite of the lies Lida told him, finds himself more in love with Elinor than ever... Elinor's father dies... Elinor rose slowly... Suddenly plunged back into the old existence of deceptions and dishonesty...

Never had any man looked at her... Barrett had—her daughter's husband, her son-in-law! His eyes, whenever they met hers, were remote and chill... Lida assured herself that under the circumstances Elinor would be able to extract from Barrett a huge amount of alimony... Elinor hated quarreling over money—hated quarreling over anything at all... "She must leave him! He isn't fit to be her husband!" Lida thought... But Elinor did not comply with Lida's suggestions... "It's frightfully hot!" Lida said as she sat down... "Barrett has to be in town just now. He's helping Doctor Deities," Elinor answered... "What had her mother come for? Elinor, who knew her so well, was aware that when Lida seemed concerned about anyone it was likely to preface a stab in the back... "I'll have Higgins bring us some iced tea," she said quickly... "Not for me, darling, please. I haven't time. I have a few words I must say to you and I want to catch a train at five for Bellport..."

"He certainly should support you after he's wronged you so!" "I am not going to leave him and that's final. No decent woman would leave a man who has done as much for her as Barrett has for me! Everyone would know about it if I did that! The story would get out. Later perhaps I will, but not now. And I think you'll have to excuse me now. The heat is bothering me a little..." Higgins let Mrs. Stafford out of the house... "Barrett came in eagerly a little before six... "Where is Mrs. Colvin?" he asked Higgins... "She is in her room, Mr. Barrett. Mrs. Stafford called and Mrs. Colvin excused herself... "Barrett's face lost color... "I don't understand you at all!" "No, of course not. Mother, I am not going to leave Barrett. You thought I would, didn't you? And I suppose you thought I'd collect a huge sum of alimony..."

Elinor sat back and Lida began. The color faded from the girl's cheeks... "I didn't understand mother's look, dearest, but it was foolish of me to take her seriously," she admitted... "Yes, darling, it was." "It bothered me all evening—" "Darling!" "You do love me?" "You know I do!" he faltered, tightening his arms about her... "And that was the end of the matter—for the time..."

Lida was astounded then to hear Elinor laugh... "Why, Elinor!" she exclaimed. "I don't understand you at all!" "No, of course not. Mother, I am not going to leave Barrett. You thought I would, didn't you? And I suppose you thought I'd collect a huge sum of alimony—" (To Be Continued)

Seattle Rushes Work On New Race Track

By United Press
SEATTLE.—Work is being rushed on a \$250,000 mile race track for 40 days of horse racing, starting Aug. 2, under terms of the new Washington state parliamentary bill.

The license was granted to the Washington Jockey club after opponents failed in an attempt to get enough votes to invoke the referendum on the emergency clause of the bill.

Soviet Undaunted By Air Disasters

MOSCOW.—Despite recent dirigible catastrophes, the Soviet government is proceeding with an ambitious plan for dirigible construction, the Italian specialist, General Umberto Nobile, acting as technical consultant.

The first Soviet-made semi-rigid dirigible, only 2,500 cubic meters in volume, has passed through successful tests and a second one, 18,000 cubic meters, is under construction. The latter will be used for the first regular dirigible passenger line in the Soviet Union, making trips between Moscow and Magnitogorsk.

Maybe We'd Better Forget the Conference Idea

WASHINGTON.—Members of a Senate finance sub-committee are studying ways and means of making income-tax evasions impossible in future. It is probable that an entirely new law will be written to make certain that there are no loopholes by which the country's wealthiest gentlemen will be able to escape such taxation by writing off "losses."

According to Senator King of Utah, chairman of the sub-committee, the new law should be broader and simpler than the present law and should be so drawn as to do away with double taxation. He thinks that the present Federal system invades the rights of the States and that the machinery for collection is too complicated. By the time the next session opens in January, a bill will have been prepared and ready to be introduced in the House, where all taxation measures must originate.

On the opening day for registration of new securities issues, the Federal Trade Commission did a land office business. Fifty domestic trusts, registered issues estimated to total \$75,000,000. Some \$8,000 in fees were collected, the fee being in each case 1-100 of one per cent of the securities receiving the commission's approval, and not less than \$25 for any one issue.

The slippery stock-jobbing gentry which in the past has made the floating of "securities" a racket will have slim picking in future, now that the "tell the truth" law forces these racketeers to lay all their cards on the Trade Commission's table. Reputable investment and commercial bankers will have reason to rejoice that the crooks who have infested the business are on their way out.

Some four or five years ago a medical practitioner in Kansas named Brinkley, who owned a radio station, attracted much attention by his advertising which explained how he implanted goat glands in the human body. Soon he was doing a land-office business and everybody who felt in need of the goat-gland operation made a beaten path to his office. The American Medical Association got on the path, but for quite a different purpose, with the result that

Dr. Brinkley was barred from practicing in the Land of the Kaw. Brinkley then betook himself to Mexico, obtained a license from the Mexican government to broadcast, built a powerful station that created interference with stations this side of the border. The slaughter of the goats continued apace to satisfy the Ponce de Leons in search of their lost youth, until the day the Mexican government passed a law prohibiting broadcasting from Mexican stations in languages other than Spanish.

The first North American Radio conference, called for July 11 in Mexico City, for the purpose of reallocating channels, brought all the big "raddio" boys on the run. They foresaw that they would have to give up some of these channels to Mexico, which was ignored when the wave lengths were parceled out by the American broadcasting combine.

From the Land of the Kaw hurried the late Hon. Charlie Curtis, as attorney for Dr. Brinkley. Just what the Big Chief is supposed to do for the Doc, we haven't heard; but sufficient unto the day is the evil thereof. Charlie, no doubt, has pocketed a big fee, and it would seem, judging by what happened last November, he knows how it feels to be somebody's goat. We suppose he looks at it philosophically. Probably he argues that in acting as attorney for the goat-gland specialist, it will prove more lucrative than running for vice president in a republican off-year.

Neither Mexico nor the delegates from the United States at the radio conference will pay much attention to Dr. Brinkley's grievances, for they are at the conference for more important business. The American interests will be forced to share the 79 channels allotted exclusively to the United States, and it will be like pulling teeth to make them part with these valuable concessions.

There will be nothing to do but yield, for unless Mexico gets her share she is in a position to take whatever channels she wants anyway and to continue operation of the high-power stations whose programs have made a shambles of the ether throughout the southern states. The Mexicans have all the American broadcasters "on the spot," and are going to get all they set out to get from the Americans, who have been "hogging" the ether since broadcasting became a reality.

Opticians report use of glasses in this country is increasing. Yes, we've noticed quite a few more glasses being used since the return of beer.

BOLT BROUGHT BACK ROSARY

By United Press
WORCHESTER, Mass.—A bolt of lightning resulted indirectly in the restoration to Miss Madolyn M. Larkin of a string of rosary beads she lost two years ago. When lightning struck the Larkin home, the young woman's name appeared in a local newspaper. The cashier of a theatre in which the beads had been found connected the name engraved on the beads with the name in the paper, and restored the beads to their owner.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON — Serious purpose lay behind the ceremonial pomp with which this government greeted and entertained His Highness Ras Desta Demtu, son-in-law and special ambassador of the emperor of Ethiopia, who heads the most important royal family in Africa.

"They gave the gaily bedecked Ras Desta the works—21-gun salutes, turnouts by the highest officials, generals and admirals in full dress, special escorts from New York, long lines of marines to pass between, the army band blaring the Ethiopian national anthem, luncheon at the White House, banquet at the Pan-American Union, receptions, tours and an escort of a squadron of cavalry.

Ethiopia or Abyssinia—is the greatest unexploited area left in the world.

The Ethiopians are fond of the United States, partly because they know England, France and Italy, by whose territory they are surrounded, would like to gobble up their country and its great natural resources.

Our policy is to nourish the friendship. We don't find many nations like that, with rich possibilities for trade and concessions.

THE five Americans jailed on Spain's island of Majorca have been held so long because the Spanish prime minister fears to offend the military caste by effecting the Americans' release, according to the state department's impression.

The Guardia Civil—a member of which is alleged to have been assaulted—is the federal police force, part of the military caste. It is feared and respected—and so sacred that a lady can't even throw a highball at a guardia without inviting six or eight years in prison.

Asked why a mere police force happens to be so sacrosanct, foreign service officials reply: "It's just an old Spanish custom!"

THE real row in public works right now concerns the delay in getting the huge program started.

Secretary of War Dern has complained vigorously about delay at a cabinet meeting. He is chiefly concerned with his demands for hundreds of millions in public works money for barracks, rivers and harbors and similar improvements.

But others who seek speed complain that dilatory tactics and quibbling over details at the private sessions of the public works board are holding up the major effort. Critics especially blame Budget Director Douglas and treasury officials.

CONFINED to his bed by a cold, Roosevelt did just what all of us hope to do some day. He caught up with his "back correspondence."

There's always plenty of mail to which the president likes to give his personal attention. "Missy" Margaret LeHand, his personal stenographer, takes bedside dictation.

New Yorker Is On World Hike

By United Press
NEW ORLEANS, La.—His face bronzed by the sun of many countries, John E. White, 21, of Oswego, N. Y., "out to see the wide world on his own," recently quaffed Louisiana beer in New Orleans prior to starting a 6,000-mile hitch-hiking tour to Argentina and related reporters with his experiences.

White had covered all of the United States, Mexico, Great Britain, France, Germany, Spain, Italy, and Egypt, driving a golf ball off the Cheops pyramid in the latter country.

"Pyramids?" he answered airily. "Oh, I don't see much sense in 'em. Just big piles of stone. Of course, if you go in for size—"

In a little Persian hamlet, he experienced an uneasy night, he said, when a horde of Persian cats, fierce as bulldogs, invaded his room through an open screen and began to stage a free-for-all over the wood on the table.

On a ruin-exploring expedition in Panama, he narrowly missed a fracas with a boa constrictor when his guide discovered the reptile lying in wait just in front of him, and sliced it in two with a machete. The exploration trip was postponed indefinitely.

May Day in Moscow was a tame affair, but 11 nights in the South Seas, visiting islands and Japan, provided plenty of excitement.

PHILADELPHIA.—Despite the fact that many colleges curbed their athletic programs because of depleted funds, Temple university enlarged its athletic plan during the past year and added golf to its list of activities.

Arab Gasoline Corporation To Add Employees

The Arab Gasoline corporation of Eastland will be one among the first institutions in Eastland to put into effect the requirements of the national recovery act. Beginning about the first of August this company will begin putting on men and continue to do so until some 12 or 15 men have been added to the payroll. At the same time the working hours will be cut to conform with the requirements of the act, according to information given out.

It is understood that former employees with families will be given preference. Just how many men will be given employment ultimately will depend on future developments.

Junior College

(Continued from page 1)
College has gained a reputation for itself as a college that serves the needs of all classes of students of this section. It has attained the highest rating possible for a college to attain in Texas. Statistics compiled by the registrar of the University of Texas showing comparative grades made by students who transferred from other colleges and those who did their first two years' work in the university, show that the transfers from Ranger Junior College since its organization have made as good grades as those who completed their first two years in the university and slightly higher grades than were made by the average of students transferred from other colleges to that institution.

The state department of education puts Ranger Junior College on an equal rating with any of the state colleges and issues teachers' certificates to its students on the same basis to its students as it does to students from other institutions of higher learning. While no definite statistics are available on the matter, it is claimed that Ranger Junior College has placed a higher percentage of its students who were seeking teaching positions than most colleges have done each year.

Ranger Junior College offers two years of college work toward B. A. or B. S. degrees, two years of pre-medical and pre-law, and business administration and journalism degrees as based on the University of Texas requirements, and almost two years' work toward engineering degrees. Students interested in any of these lines should avail themselves of the opportunities offered by Ranger Junior College.

REVIVAL CONTINUES
The Church of God encampment will continue through Sunday. Delegates from far and near are attending. Friday will be young peoples' day. Special programs have been arranged. Rev. L. L. Gaylord has charge of the young peoples' work. Everyone is invited to attend.

It's already clear who will be "The Forgotten Man" in 1934—none other than the federal prohibition agent.

Miss Marlow To Be Miss Eastland At Cisco Revue

The annual Bathing Girl Revue will be held at Cisco Lake at 7:30 o'clock Saturday night. Surrounding towns and cities will be represented.

Miss Bessie Marlow, daughter of Mr. and Mrs. W. C. Marlow, will be a charming "Miss Eastland," sponsored by the Connellee theatre. She will be accompanied to Cisco by Mrs. George Belcher. All entrants in the revue, are requested by the sponsor to meet

at 7:30 p. m., Saturday, where they will be presented to their chaperones, prominent Cisco women, who will chaperone them to and from the revue.

Miss Marlow is a very charming young girl, with a host of friends who are wishing for her the utmost success.

The winner of the revue will be presented a diamond ring. Second place winner will receive a jewel studded wrist watch, and the third in place, a handsome bag.

Probably a large part of the success of Wiley Post, round-the-world flier, is due to the fact that he didn't pattern after Mattern.

Informal Picnic Compliments Mrs. Pete Jensen on Birthday
In compliment to the birthday of Mrs. Pete Jensen, a group of close friends planned a delightful picnic supper held at the Ranger Country club, Wednesday evening, which was followed with dancing at the club. The informal impromptu happening comes as one of the most delightful occasions of the entire week's social events.

Those present for this compliment were Messrs. and Mrs. J. E. Matthews, W. D. Conway, Frank Champton, L. H. Flewellen, O. L. Phillips, C. D. Hartnett, A. Neill, E. E. Crawford, E. L. McMillen, Mrs. Skilern, Mrs. Ella Kuykendall, Dr. and Mrs. P. M. Kuykendall, and the honoree, Mrs. Jensen, and husband.

Party Celebrates Twelfth Birthday of Billie Dennis
A delightful party celebrated the twelfth birthday of Billie Dennis, yesterday afternoon at the home of his mother, Mrs. E. Dennis, Elm street.

Many lively games were played, after which refreshments were served to the party of friends including Virginia Beach, Doris Beach, Alice Louise Henry, Mosie Fae Turner, Betty Frances Crouch, Bob Palmer, Billie Clyde Davis, James Ratliff, Ernest Green, J. B. Houghton, Ira and "Shot" Gray.

PERSONALS

Miss Evelyn Long, accompanied by Mr. and Mrs. Steele, J. L. Jones and Onis Mills, left yesterday for Chicago to attend the World's fair.

Miss Viola Rose visited in Graham the first of the week with her sister, Mrs. C. T. Dollins, who has been a patient at the Graham hospital.

J. C. Smith returned home last night after a visit to Oklahoma cities, including Konowa, the home of his parents, Mr. and Mrs. I. A. Smith. He was accompanied on the return trip by Mr. and Mrs. Earl Trammel and two young daughters of Healdton, Okla., formerly of Ranger.

Earl Holt of Abilene was a business visitor at the C. E. Madocks insurance office today.

Dillard Marshall of Fort Worth, accompanied by Don Stanley, also of Fort Worth, are visiting here today.

Miss Allie Virginia Walker returned to San Antonio yesterday afternoon after a short visit at the home of her parents, Mr. and Mrs. W. O. Walker, and sisters, Mrs. Bascom Johnson and Mrs. Dutch Ervin.

Mrs. Ann Mayo of Strawn visited Ranger friends last evening.

Mr. and Mrs. Walter Bennett of Fort Worth spent today here visiting at the home of Mrs. Bennett's sister, Mrs. V. V. Cooper Sr., and family.

Mrs. Bob Hansford entertained as house guests Thursday Mrs. Frank Brewster and daughter, Miss Frances Brewster, and Mr. and Mrs. Monty Martin and Mrs. George Martin, all of Dallas.

Boyce House, associate of the Fort Worth Star-Telegram, is visiting here today.

Mr. and Mrs. H. S. Von Roeder and family left Friday morning for visits with relatives at Snyder, Hamlin and Albany. Dean Von Roeder will solicit students in that section for Ranger Junior College and expects a number to enroll this fall from that section of the state.

BARBERS WIN FROM ROTARY BY 27-2 SCORE

The Barbers took their sixth straight game Thursday afternoon when they defeated the Rotary club by a score of 27 to 2, scoring two or more times in each of the six innings they were at bat. The two Rotary scores came in the second and third innings, though they threatened in the fifth when Von Roeder, first man up singled and advanced to third, only to die there as the last out was made.

Errors by the Rotary outfield made it difficult to score the game, chances that should have been putouts or that should have held men at first allowing the runner to circle the bases for a score.

Magnolia Team Is Winner Over Lions

The Magnolia soft ball team from Olden played the Ranger Lions club team a practice game Thursday afternoon and won by a score of 6 to 3. The agreement was to play seven innings, but at the end of that time it was decided to play two additional innings, the score being 7 to 6 in favor of the Magnolia team at the end of the two extra innings. However, the seven-inning score was the one accepted for the game.

The Magnolia team will probably play in the Ranger Twilight League schedule for the second half, as indications are that the players want to get into the league and the teams already playing are anxious to have the Magnolia team join them in the schedule.

Dan Collie Celebrates Fourth Birthday
Delightful little Dan Collie, son of Senator and Mrs. W. B. Collie, had his all important fourth birthday, beautifully celebrated Wednesday afternoon, at the home of his parents, 413 Pershing street, when a number of little friends were entertained on the handsome lawn, set with kindergarten chairs for the tiny guests, and a rose decked white covered table centered with the pink iced birthday cake, topped with four white tapers in rosebud holders.

After a series of delightful games led by Mrs. Collie, the birthday cake was cut, and enjoyed with pink ice cream, pink candies, and topped off with chewing gum.

Little Dan, who has the honor of being the mascot of the legislature, and his small cousin, Mary Joe Collie, daughter of Mr. and Mrs. B. M. Collie, who has the honor of being the mascot of the Sixth District Texas Federation of Women's Clubs, were very modest about their honors.

Other guests were Patsy Sparks, Annette Bender, Betty Pickens, Elleen Jones, Sue Bender, Kathleen Collie, Dickie Sparks, Bobbie Collie, Donald L. Kinnaird Jr., and Ben Sparks.

Mrs. Dave Wolf Co-Hostesses Entertain
A most enjoyable picnic at Lake Olden was tendered by Mrs. Dave Wolf, and co-hostesses, Mmes. J. M. Wilcox, L. A. Cook, and Edwina Raines, to a small group of friends, Wednesday evening at half past six o'clock.

The long table, linen covered, was centered with a wicker basket of artistic fresh fruits, beautifully arranged, and a delicious supper served, of roast beef, Philadelphia cheese, potato salad, sandwiches, stuffed eggs, fresh sliced tomatoes, beets, pickles, and olives and last course of ice cream, devil's food cake, coconut cake, and iced tea.

A vigorous swim was enjoyed prior to the supper, and amusing games closed a wonderful evening, enjoyed by Misses Thelma Harris, Faye Hoek, Louise Cook, Faye Abbott, Billie Harris, Nellie Williams; Al Mayfield, Leslie Cook; Mmes. Laney, Fred Scott and little daughter, Joan; Mmes. Homer Norton, L. A. Cook, J. M. Wilcox, Edwina Raines; Mr. and Mrs. Dave Wolf, and Mr. and Mrs. J. B. Krause.

Eastland Girls Win Swimming Honors
The Camp Fire Girls camp at Mineral Wells, closes this coming Sunday night for the season.

The Cowboy Rodeo is being held today under direction of Miss Addie Scroggs, horseback counsellor.

Mineral Wells Cowboys were scheduled for trick roping and bareback riding. Riding has been taught for the first time this season, and the Camp Director, Miss Ruth Teichmann, called it next in importance to swimming.

Four girls recently passed junior life saving examinations at the camp of whom Carolyn Cox and Joan Johnson are our Eastland

girls, and members of the Chanayta Group, Mrs. W. P. Palm, guardian.

Parents of the girls in the camp were invited to the riding stunt features, the covered wagon parade and potato races on horseback, with forty girls in gay riding regalia, the program for today.

Miss Dolores Tanner has been teacher of dramatics and swimming during the Mineral Wells Camp Fire Season.

Mrs. A. F. Taylor Entertains Class
Mrs. A. F. Taylor was hostess to the Jolly Juniors, her Sunday school class of the Methodist church, whom she entertained with a swim and picnic supper, Thursday evening at Lake Olden.

Mrs. O. O. Mickle assisted Mrs. Taylor, and provided one of the cars for the outing.

After an invigorating swim the young people enjoyed the wonderful supper provided by their hostess.

The long table had places arranged for the seated guests, who did ample justice to the menu of meat sandwiches, potato flakes, devilled eggs, cookies iced tea with

lemon, and iced watermelon as the finishing touch.
Story telling and visiting followed the supper hour.
Those present: Nan Mickle, Norma Mays, Elizabeth Jones, Ruth Hart, Katherine Carter, Charlotte Bahl, Oletha King, Jackie Belev, Jane Taylor and guests, Mrs. Betty King, Billy Mickle and Mrs. O. O. Mickle.

Thimble Club
A new and charming little club among the younger girls, recently organized, and named the Thimble Club, was entertained Thursday afternoon by Miss Wilda Collins, from 4 to 6 o'clock, at the family residence on North Comellee avenue.

Nimble fingers were busily engaged in pleasing needlework, and pleasant visiting, had an undertone of radio music.
At close of a dandy meeting the young hostess served dainty refreshments of angel food squares and iced lemonade.

Miss Faye Tucker will entertain the club next Thursday from 4 to 6 p. m., at the family residence, the Lawrence apartments.

Members present were Misses Marie Pierce, Earline Harvey, Irene Collins, Faye Tucker, Merle Whittaker, and Miss Margaret Anell of Fort Worth, the week-end guest of Miss Whittaker.

Entertained In Weatherford
Mrs. Ira L. Hanna and her house guests, Misses Mabel Hanna and Lillian Hanna of Nacogdoches, were entertained by friends in Weatherford on Thursday.

White Father Heard Indians' Appeal

By United Press
QUAPAW, Ok.—Quapaw Indians living on their reservation here have chalked up a victory for the Great White Father over the Great Spirit.

In common with the rest of the nation, the Quapaws have felt the hardships beginning in the autumn of 1929.

The old braves offered up supplications to the Great Spirit. Nothing happened. The young Indians took the matter to the Great White Father, Franklin D. Roosevelt.

They asked for an increase in the price of lead and zinc and for a reopening of the mines on their allotments. Relief has arrived and the Quapaws are rejoicing.

The Quapaws own some 7,000 acres in the heart of the Picher lead and zinc fields. They have been paid more than \$7,000,000 in mine royalties and another \$3,000,000 is held in reserve and doled out in small sums.

Some of the Indians do not receive any dole at all, as their mining land has been turned over to them, without supervision, by the White Father in Washington. Those are the young Redskins who appealed for relief.

Hard times? One of the outstanding young Quapaw playboys has been reduced to riding in a very small automobile. A former wealthy Indian woman has had to forego a custom of giving birthday dinners several times a year

Wheeler and Woolsey Turn Conference Into Big Musical

A hilarious jumble of burlesqued facts supplies the fun in RKO-Radio Pictures' musical comedy, "Diplomaniacs," which comes to the Arcadia Theatre with the celebrated comedy pair, Bert Wheeler and Robert Woolsey in the stellar roles. The picture is here Friday and Saturday.

Hilarity begins, according to preview reports, when Wheeler as "Willy Nilly" and Woolsey as "Hercules Glub" open a barber shop on an Indian reservation.

This eccentric stunt by the boys makes the Indians believe they are dumb enough to be excellent diplomats. The Big Chief sends them to the Geneva Peace Conference as Indian representatives.

The production then soars into broad burlesque, staged in the conference ball. The bickering and innuendo-hurling of diplomatic circles is transposed into actual physical encounters.

The proceedings are further enlivened when the peace-seeking "Diplomaniacs" plunge the whole affair into musical mirth by staging an impromptu song and patter act. The delegates of all nations join in the chorus, while 24 beautiful dancing girls change various plans for war into inspirations for necking.

Elaborately staged and set off

to hundreds of relatives and friends.
Now, however, there is a spirit of hopefulness not seen in the reservation in many moons. Prices of ore have risen tremendously in recent weeks.
