A BIBLE THOUGHT FOR TODAY
THE LORD HEARETH: The righteous cry, and the Lord heareth, and delivereth them out of all their troubles.—Psalm 34: 17.

CHANGE IN PEOPLE'S THOUGHT GREATEST CHANGE OF ALL
Back of all the concrete developments of the new program at Washington there exists a profound change in the outlook of the American people—a change which, in the long run, may well prove the most important single development of the whole "new deal."

This changed outlook finds its reflection in the various legislative and administrative acts by which the administration is seeking to implement recovery. But it is a deeper thing than any mere change in the machinery of government or political theory; it is not born of any party and it does not owe its existence to the presence or absence of any particular group on Capitol Hill.

Briefly, this change can be described by saying that we have at last got entirely away from the psychology and the odd kind of idealism that characterized us during nearly all of the '20s.

We have outgrown, that is to say, a stage in our history during which we were perhaps the most purely materialistic people on earth. In that stage we worshipped material success in a way that was almost devout. With a very few exceptions, our heroes were the men who knew how to make money fast—and we weren't very particular about how they made it.

That this was an extremely unhealthy period is, by this time, pretty clear. The machine age was beginning to dump its greatest problems in our laps, and we blithely ignored them because the machine age was making some people very rich. The seeds of all our present misfortunes took root in those days, and we were too self-satisfied to try to dig them out.

We are wiser, now; and in our attainment of wisdom we have had something very like a spiritual rebirth.

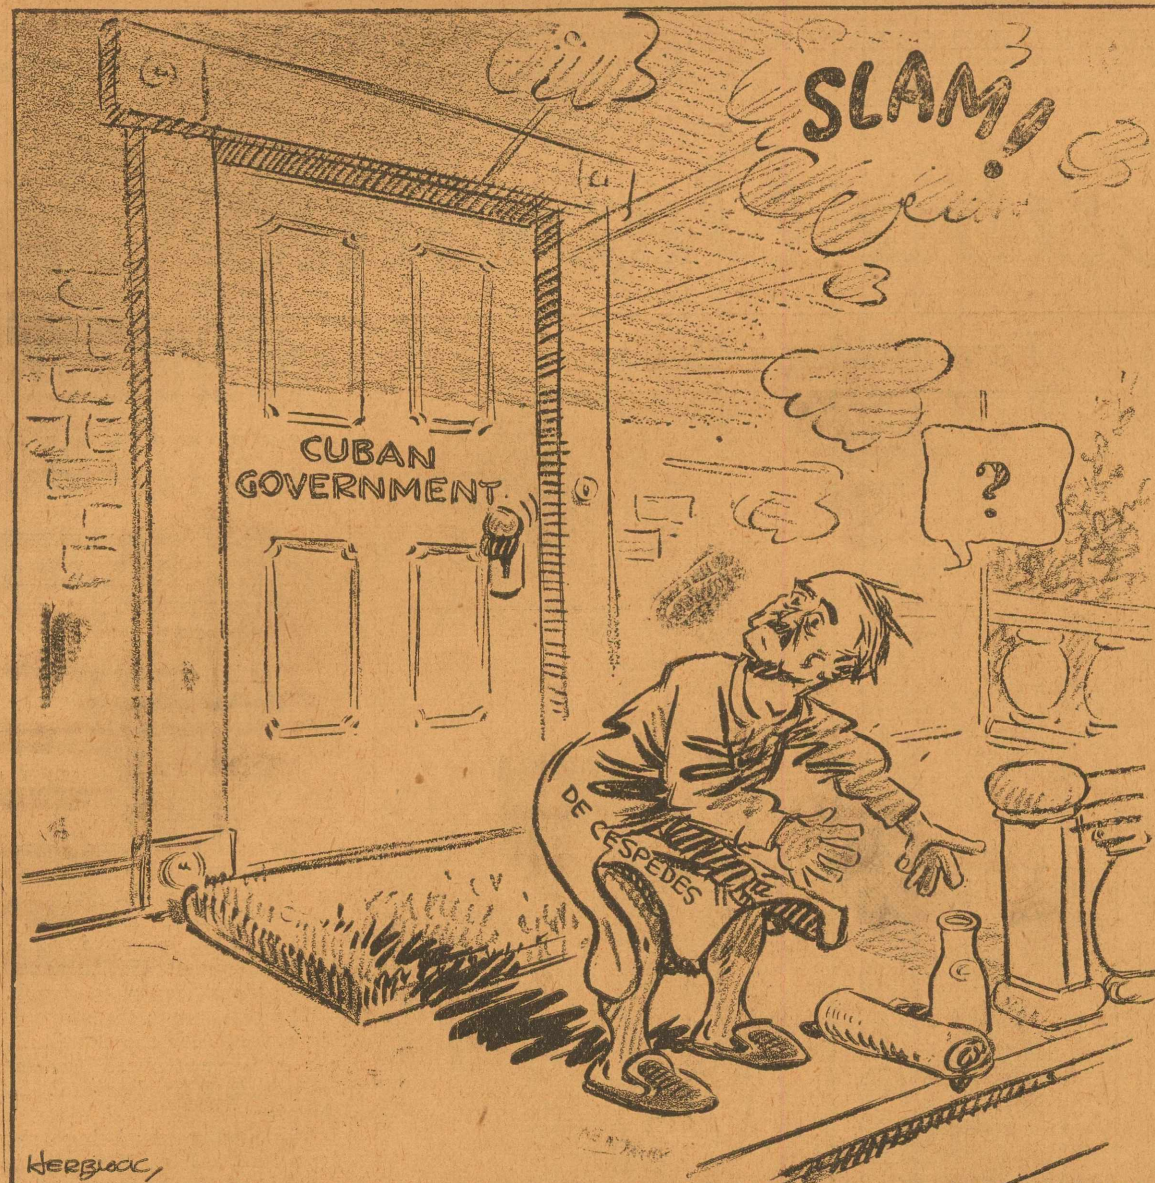

For in giving up our slavish admiration of money and the money-makers, we have made possible a return to the traditional American idealism. We have stopped defining progress as a steady increase in the number of millionaires, and because of that fact we have opened the way for progress of the only kind that is worth making—the progress that represents a fuller and wider life for the ordinary man.

DID YOU EVER STOP TO THINK
By EDSON R. WAITE, Shawnee, Oklahoma

GOVERNOR-GENERAL FRANK MURPHY OF THE PHILIPPINE ISLANDS, SAYS:
"Enlightened and progressive government will be concerned with the economic and social conditions under which the millions of humble citizens live and toil for their daily bread. It will be anxious to know the reasons for gross inequalities and social injustices, wherever they may be found, and study and apply proper and effective measures to correct them."

Veteran Rangers Locate In East Texas Survey Shows

By United Press
LONVIEW, Texas.—"Old soldiers never die, simply fade away", from an old barracks ballad. But what becomes of old time Texas Rangers?
The answer is found in the East Texas oil fields where recent inventories establish more of the famous two gun, big hatted, high-booted keepers of Texas' law and order than any other spot in the world.

natural inclination to the spot where trouble loomed—the East Texas oil fields. Oil operators, fearful lest their vast valuable properties be pillaged, were happy to employ these men.

Dean of the historic ranger force now in East Texas is Captain B. C. Baldwin of San Antonio. Instead of commanding a company of state officers, he now commands a battalion of patrolmen, investigators and protectors of the Humble Oil company interests in several states.

This spy, an experienced engineer, helped lay out Camp Travis. At night, according to Captain Baldwin, the man posed as a priest. It was in the vestments of a cleric

that he was captured several shots at Baldwin.
Another former ranger, M. T. Gonzaulas, former sergeant of the famous Tom Hickman's company B, Texas Rangers, is chief special agent for the Atlas Pipe Line company. He has at least seven former rangers under his command, in addition to 20 other former peace officers. He guards the Atlas Lines in Louisiana, Arkansas and Texas.

Among the former rangers in his organization are John W. Sadler, for 14 years a sergeant of the border company D at Falfurrias; H. L. "Bud" Johnson of company C at Uvalde, once former sheriff at Lubbock; M. "Red" Burton, formerly with company B; Tom L. Heard of Uvalde; J. L. Rehm of Falfurrias; Elbert Riggs of Falfurrias and Leo H. Bishop of Del Rio, also a border ranger.
Capt. J. W. Wheatley, formerly in charge of a West Texas ranger company, is now chief special agent for the Tyler Pine Line company. Bob Goss of Honey Grove, formerly with Tom Hickman's company, is now chief of police at Kilgore; Bill Dial of Greenville, formerly of company C at Uvalde, is now special agent for the King & Andrews Oil company; George M. Allen, ex-ranger and late sheriff of Hays county, is special agent for the Taylor Refining company; and J. H. Leach of Rains county, is with the Texas & Pacific company.

L. V. Hightower, formerly of B company, recently was elected sheriff of Liberty county.

"It's a Bully good Cigarette"

SO FAR as I can tell . . . and I've smoked a lot of them . . . CHESTERFIELDS are always the same. They have a pleasing taste and aroma.
I smoke 'em before breakfast and after dinner. I smoke 'em when I'm working. I smoke 'em when I'm resting. And always they satisfy. They suit me right down to the ground.
