RANGER, TEXAS, FRIDAY, MAY 10, 1934

NUMBER 18

MACON FAILS TO PROVE UP TO ITS TASK

WASHINGTON, May 9.—Failure of the giant airship Macon to prove its efficiency in the naval war games was admitted by the navy department today.
The Macon was "destroyed" by attacking airplanes during the Caribbean fleet maneuvers and technically was of no further use to the fleet, Secretary of the Navy Claude Swanson revealed.
The airship's failure in its first major test was considered significant in that the department had held up recommendations for further funds for lighter than air craft.

Call County-Wide Meeting of Poultry Raisers for May 11

J. R. Boggus, Eastland poultry fancier, announces that a county-wide meeting of poultrymen has been called for Friday night, May 11 at 8 o'clock at the Eastland Chamber of Commerce rooms, for the purpose of perfecting the organization of an Eastland county poultry raisers association and laying plans for a poultry show this fall. Some preliminary work was done along these lines some weeks ago when a meeting was held in Eastland and temporary officers were elected.

Everyone in the county who is interested in promoting the interests of the poultrymen through an association and in having a show is urged to attend the meeting in Eastland Friday night.

Those sponsoring the movement are anxious that representatives be present from Ranger, Cisco, Gorman, Carbon, Rising Star, Desdemona, Okra, Romney, Morton Valley and in fact from every town and community in the county.

One of the main purposes of the Friday night meeting is to elect permanent officers and those interested are urged to "come, make this their meeting, boost for the show and their favorite breed of chickens."

Baptist Ladies of District Present Conference \$300

At the meeting of the workers conference of the Cisco Baptist Association held at the Central Baptist church of Ranger Tuesday, the ladies of the various churches in the district gave the men a pleasant surprise.

The men were meeting upstairs in the church building; the meeting being under the direction of County Judge Clyde L. Garrett, when the ladies, who were meeting in the lower part of the church, invited the men down.

A presentation of \$300 in cash was then made, much to the surprise of the male members of the conference. The donation was collected by the ladies and was presented toward the conference fund in order to help eliminate an indebtedness.

Two years ago the conference was approximately \$2,500 in debt, a report stated, and now owes only about \$200, which is a remarkable showing during the past two years.

H. B. Blair, who has been acting as county missionary, working on half time, was appointed to that position for full time at the business session held Tuesday afternoon.

The meeting, at which more than 200 were registered from all over the district, was declared by all to be one of the best in the history of the association.

Kansas City Plans Art Development

KANSAS CITY, Mo.—Patrons of the Kansas City Art Institute hope to make it the biggest art center in the middle west through a membership drive.

"We hope to expand our membership to 5,000," Marvin L. O'neal, general chairman, said. "In the last few years too little attention has been paid to art, many overlooking the important part it plays in industry."

The federal relief administration has let a large contract for cheese for the poor. No need to let a contract for boloney. Every-

Relief Roles Show Increase In Spite Of Better Business

WASHINGTON, May 9.—Despite continued gains in business, the number of families on relief roles is greater than a year ago, the commerce department reported today in its monthly survey of current business.

The report blamed "exhaustion of individual resources," together with "demobilization of CWA workers" for the increase in the number seeking relief.

However, it was reported expanding productive activity has been accomplished by an increase in employment and payrolls, a gain in retail sales; higher foreign trade totals, and an advance in primary distribution.

Elliott Roosevelts Are Proud Parents

FORT WORTH, May 9.—A six pound daughter was born here today to Mr. and Mrs. Elliott Roosevelt, son and daughter-in-law of President Roosevelt.

Both mother and child were reported "doing nicely" by physicians at Cooke Memorial hospital.

Mrs. Roosevelt was the former Miss Ruth Googins of Fort Worth. Mr. and Mrs. Roosevelt were married last July 22 at the home of a relative of Mrs. Roosevelt's in Iowa soon after Roosevelt obtained a divorce from Mrs. Elizabeth Donner Roosevelt. Roosevelt had one child by his former marriage.

National Guard May Be Called In Wichita Rioting

WICHITA, Kan., May 10.—City officials today considered appealing for aid of the national guard to prevent recurrence of unemployed riots which resulted yesterday to injuries to five persons.

A mob of about 400 unemployed men and a scattering of women rioted for an hour. They succeeded in halting work on three relief projects, where about 150 men were employed.

Police, re-enforced by the fire department hose, were unable to cope with the riot. Four of the injured men were policemen.

Oil Code Cost Motorists Millions A Report Shows

WASHINGTON, May 10.—The NRA oil code cost the nation's motorists \$160,550,000 between July 1, 1933, and Jan. 31, 1934, the federal trade commission reported to the senate today.

The report showed gasoline prices averaged a net increase of 1.04 cents per gallon during the period.

The survey was made in response to a resolution by Senator William Borah of Idaho, demanding a report on the NRA code for the steel industry and the effect of increased gasoline prices on consumers in the preceding six months.

High School and Junior College Baccalaureate Sermon and Exercises To Be Held On May 25 and May 27

The Ranger High School and Ranger Junior College will have joint graduation exercises this year, it has been decided, and dates for the baccalaureate sermon and the exercises have been selected.

Final examinations will be finished on Friday, May 25, with the baccalaureate sermon at the high school auditorium Sunday, May 27. Dr. C. Q. Smith of Cisco, presiding elder of the Cisco district of the Methodist Episcopal church, has been invited to preach the sermon, but it has not been announced as yet as to whether he will be able to present on that date.

Graduation exercises will be held at the school auditorium on Tuesday night, May 27, for both the high school and junior college, with Dr. L. H. Hubbard, president of C. I. A., Denton, as the principal speaker. Mrs. Hal Hunter and Mrs. A. Neill, sponsors of the two senior classes, are working out complete programs for the baccalaureate sermon and the commencement exercises.

Both the high school and junior college will have large graduating classes this year and the combined program is expected to be one of the best of its kind ever at

the Ranger High School and Ranger Junior College will have joint graduation exercises this year, it has been decided, and dates for the baccalaureate sermon and the exercises have been selected.

The parents and friends of the graduates are extended a cordial invitation to visit the school on Senior Day and to be present at

PROOF IS SENT ROBLES FAMILY JUNE IS ALIVE

TUCSON, Ariz., May 10.—Tangible proof that June Robles, six-year-old kidnaped heiress, is still alive, was contained in a note delivered to the county attorney's office Monday night, it was learned today.

The note, thrust under the door of the county attorney, contained answers to a set of questions June's father, Fernando Robles, propounded in a direct appeal to the kidnapers more than a week ago.

The note, found in the prosecutor's office, contained satisfactory replies, it was said, to questions June alone could answer.

To Give School Benefit Play At Morton Valley

"An Arizona Cowboy," a four-act drama, will be presented at Morton Valley Tuesday night, May 15. There will be a 10-cent admission charge.

The play is being put on by a group of people in the community. The proceeds will go to the school. The story relates the courtship of a lovely western girl by the cowboy sheriff. The crooked tongue of an Indian girl nearly succeeds in destroying their love.

However, in the denouement, their affair reaches a satisfactory climax.

A domineering wife and her obedient spouse add comedy to the play. This poor hen-pecked husband's only romance is derived from his fabulous tales of adventure in '89 in which he was invariably the hero.

Mr. Guy Stoker ably takes the role of the Arizona cowboy. Mrs. Joe Ton gives a delightful impersonation of the charming daughter of the west. They are supported in their roles by Mr. R. Morton, a loyal Chinaman; Mrs. R. Morton, a product of the poorhouse; Mr. Bill Wheat, a garrulous husband; Mrs. Luke Weems, a domineering wife; Mr. Earl Westfall, the cowboy's partner; Mr. Luke Weems and Mr. Elmo Funk, two cattle rustlers; Mr. Elvie Marlow, a Navajo chief, and Miss Pauline Pickett, an Indian girl.

Mrs. Zella Mae Butler is the director, and the proceeds will be used for the benefit of the school.

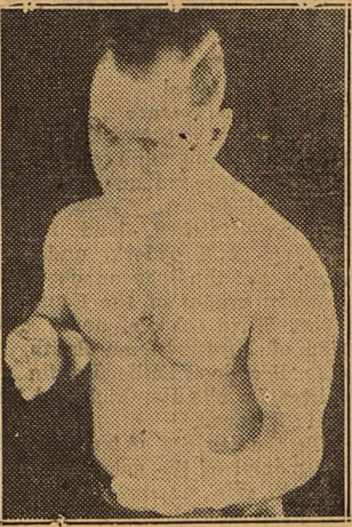

Eastland Man Is Granted a Parole

OKLAHOMA CITY, May 9.—Governor William H. Murray granted a banishment parole today to L. M. Patterson, who was on leave of absence from a seven year robbery sentence from Oklahoma county.

Patterson has been living at Eastland, Texas, since he was released from state prison on the leave a year ago. Sheriff Virge Foster of Eastland recommended a full pardon. The parole requires Patterson to remain out of the state seven years.

Senator Borah says bootleggers are dictating the liquor tax laws. They'll do that at least until the saloonkeepers get organized.

Jimmie Murphy

Card Worked Out For Monday Fights At the Elk Arena

A good wrestling and boxing card has been provided for next Monday night by Promoter Lay of the Elks club, with one boxing and two wrestling matches on the card.

Pat Anderson, 125-pounder from Putnam, will meet the Indian Kid, 120 pounder from Oklahoma, in a six round fight that should prove to be one of the best ever seen in the local arena, as both are fast and crafty boxers.

In the wrestling division Jimmie Murphy, who wrestled Benny Wilson last week, will meet Charles Lay, while Wilson will meet Curly Stringer.

Ringside seats are now on sale at the City Tailors and at Steen's Cafe, where ringside seats may be obtained at 35 and 25 cents. General admission seats will sell for only 15 cents.

'Knitting Parson' Is A Birth Control Practice Advocate

EL PASO.—Rev. Hunter Lewis, New Mexico's "knitting parson," believes that mothers should be permitted to practice birth control, he said at the 40th annual New Mexico and Southwest Texas Episcopal church convocation.

"I used to think birth control was awful," he said. "Now I believe the mother should decide how many children she will have."

The church has approved the principle. Reverend Lewis has crocheted more than 1000 caps for babies baptized in the church.

"I also can cook, sew, sweep, wash dishes, and make up beds," he confessed. "A successful missionary must be able to do everything that either men or women can do."

Elmo Decker Opens Auto Repair Shop

Elmo Decker, manager of the Marathon service station, corner Pine and Rusk streets, has announced the opening of an automobile repair shop in the station.

The services of E. M. Knott, an experienced automobile mechanic from Abilene, have been secured. The mechanic has had many years of experience in the repairing of automobiles of all makes and comes to Ranger well recommended for any kind of repair job. He was for 10 years in the general automobile repair business in Abilene.

Scout Troop to Go On All-Night Hike

R. A. Steele, scoutmaster of Troop 9, announced today that the members of the troop would meet at the scout hall Friday night, May 11, at 5:45 to go on an all-night hike.

The parents of all the scouts were invited to go along, if they desired to do so, and a pleasant time was promised for all who cared to go.

UNUSUAL EGG LAID

MEXICO, Mo.—Mrs. John Gola experienced something unusual while gathering eggs at her farm here. She found a large egg in one nest, with a soft outside shell and a full-size, hard shell egg inside.

NEGRESS DEAD AT 101
ROCKY POINT, Va.—Sarah Pinkard, 101-year-old negress, died here recently. She was 28 when Lincoln became president and was the mother of the late Dr. J. H. Pinkard, one of those patients

DOG WON SNAKE MEDAL
SEATTLE.—Jerry, a common ordinary hound, possesses a bright gold medal for heroism in saving his mistress from a snake. The rattlesnake was coiled and ready to strike his unsuspecting mistress, Mrs. A. N. Hunter, Jerry fought

BIG LEAGUE IS NOT WORRYING BUSTER MILLS

Under the heading, "Big League Doesn't Bother Colonel Buster Mills," the Cardinal News, diminutive newspaper published by the St. Louis Cardinals, gives Buster Mills of Ranger, only local lad in the big leagues, the following mention:

"Who is Colonel Buster Mills and is that his right name? This question is on the lips of baseball fans throughout the country.

"Yes, that's his right name. His grandfather gave him the name of 'Colonel' because of his friendship for a colonel in the army during the Civil war. He got the name 'Buster' when he was just a couple of days old. Ralph Birkhofer and Lon Warneke can attest to the appropriateness of the 'Buster' part of his name. All he did was make seven straight hits off these pitchers several days ago.

"Mills' comes from Ranger, Texas, and has spent quite a bit of time on the paternal ranch nearby. He admits he knows a trick or two about riding horses but on the whole is much the same as Pepper Martin in his modest confidence.

"Buster attended Oklahoma university four years, but needs about another year to gain his P. E. degree. 'P. E.' stands for petroleum engineer. He works in the oil fields in the winter time and expects to continue his quest for a degree next autumn. At Oklahoma U. the young Cardinal played three years in the backfield of the football team, played two seasons on the baseball nine and as a track man used to throw the javelin around 185 feet. He hit around .500 in collegiate baseball, signed with Cleveland in 1931 but did not play professionally until 1932, after the Indians had allowed him to get away.

"In 1932 he was with Mobile, Elmira and Rochester, all in the Cardinal fold, and last year with Rochester. Thus, he surprised himself in his advance to the majors.

"When I started out I figured I would either play ball in the major league within four years or else I'd quit the game. Well, here I am with only two years' experience. I'm thrilled about being in the big league, but that doesn't make me nervous like it does some of the players. It's baseball anywhere. You have to be on your toes more in the major leagues than you do in the minors or somebody is sure to take advantage of your mistakes."

"Buster has blue eyes, brown hair, loves to hunt and would rather ride horseback than eat. Although he is a university alumnus he doesn't follow collegiate style. He usually wears a sweater off the field and is seldom on speaking terms with a cravat."

JUNIOR COLLEGE HONOR ROLL IS RELEASED

The following is the Ranger Junior College honor roll for the past semester:

Highest Honor Roll—Helen Best, Charles Hodkins, Lillian Seeliger, Maxine Tackett.
High Honor Roll—Ben Cook, Frances Lancaster, Pauline Maiben, Sallie Aguierra.

Honor Roll—Anita Crawley, Robert Kidwell, Wayne Mitchell, Darrel Williams, Claire Dyar, Mary Jane Dreinhof, Virginia Neil Little, Mary Lou Hamrick, Virginia Acree, Mrs. J. W. A. Cox.

Ranger and Cisco Will Play On Sunday

Ranger and Cisco teams of the New Deal league will meet in Ranger Sunday afternoon at 2:30 in the first meeting of these two teams this season.

Both teams have good material and hustling teams, which should make the game an interesting one throughout.

The contest will be played on the new diamond just off the Eastland road in the Hodges pasture, which a good diamond has been worked up for the games.

Fesmire to Aid In Opening New Store

Ray W. Fesmire, manager of the Montgomery Ward store in Ranger, left yesterday for Fort Worth to assist in the opening of a new retail store in that city.

The new Montgomery Ward store will be opened officially over the week-end and will be one of the most modern in every way of any of the company's stores. The building has been remodelled and everything displayed to the best advantage, according to word received in Ranger.

POODLE ADOPTED KITTENS
HOUSTON, Texas.—An Irish poodle adopted three kittens when its single-littered puppy died. The dog fights off the mother cat, Mrs. Harriett Donaghy said, and the kittens seem to thrive under the care of their strange foster mother.

DOG WON SNAKE MEDAL
SEATTLE.—Jerry, a common ordinary hound, possesses a bright gold medal for heroism in saving his mistress from a snake. The rattlesnake was coiled and ready to strike his unsuspecting mistress, Mrs. A. N. Hunter, Jerry fought

Expired Cotton Option Now May Be Reinstated

WASHINGTON.—Holders of cotton options which expired May 1 will be given an opportunity to have these options reinstated if application is made within the next 60 days, it was announced today by Oscar Johnston, manager of the cotton producers pool.

Mr. Johnston stated that only \$20 option contracts covering 3,506 bales of cotton had not been heard from and, under the terms of the option, these contracts expired May 1. Holders who desire to have them reinstated should make application to the cotton producers pool within the next 60 days, Mr. Johnston stated.

In announcing that reinstatement would be granted on application, Mr. Johnston made public the present status of the cotton options which were offered producers as a part of the compensation in the 1933 emergency cotton campaign.

Of a total of 571,434 options issued covering 2,428,697 bales, 567,198 options covering 2,403,174 bales have been exercised either by sale or delivery to the cotton producers pool. Of this amount, producers holding options covering 457,180 bales have called their options and the cotton sold; and the remainder have been delivered to the cotton producers pool.

Mr. Johnston stated that options outstanding totaled 6,543 contracts covering 42,025 bales. These cases are divided as follows: 3,207 contracts for 21,449 bales have been extended, the holders paying the sum of 40 cents per bale per month carrying charge; 209 contracts covering 568 bales have called and fixed the date for future sale; 2,307 contracts covering 16,502 bales are in suspense and will be issued when adjusted by correspondence or settled (these option holders will then have 30 days after date of issue in which to call for sale or assign to the cotton producers pool); 820 contracts covering 3,506 bales have not been heard from since date of issue and these producers are given the privilege for 60 days from May 1 to apply for reinstatement.

The Central Texas Conference, of which the Ranger Junior College is a member, will hold its annual golf tournament in Ranger this week-end, play beginning at 9 a. m. Friday and continuing through Saturday, it was announced today by H. S. Von Roeder, dean of the college.

Each of the seven colleges in the conference is expected to have a four-man team entered in the tournament, the four from each school to vie for team honors. The eight lowest medal scores will decide the individuals to play for individual honors.

The Ranger Junior College team is to be composed of Jack Mooney Jr., Clois Phillips, Fletcher McWilliams and either Albert Miller or Charles Floyd. The latter two are to play this afternoon to determine which will have a place on the team.

Teams from John Tarleton, North Texas Agricultural College, Texas Military College, Decatur Baptist College, Weatherford Junior College, Hillsboro Junior College and Ranger Junior College will compete.

Ranger was selected for the golf tournament this year with the track meet at Hillsboro and the tennis tournament at N. T. A. C. Each year the events are divided between three of the schools of the conference.

Wheat Failure In Mid-West Is Aid To the New Deal

WASHINGTON, May 10.—Grasshoppers, dust storms and drought cooperated with the New Deal today in aiding a glutted wheat market.

Experts receiving reports from 352 counties of 11 states where farmers are threatened with catastrophes, believed that even a crop failure would leave the country with an accumulated wheat surplus.

Secretary of Agriculture Henry Wallace believes the mid-west drought condition is the worst since 1894 but is certain also the wheat surplus will be enough for all requirements.

Jim Ingram, chief of police, has returned from the annual convention of the Chief of Police and City Marshal association, which was held at Dallas.

During the convention talks were given by Lee Simmons, manager of the state prison system, Carl Eastus, United States district attorney, and assistant district attorney Martin of Dallas, on the subject of apprehension and conviction of criminals.

Cisco Schools Have Exhibits This Week

T. C. Williams, elementary school principal of Cisco schools, called Wednesday and while here stated that Cisco Elementary schools were having their annual exhibit Thursday and Friday of this week. The schools will have a picnic at the buildings in which the parents take lunch with the teachers and school children.

SENATE VOTES BILL TO ALLOW SMALL CREDITS
WASHINGTON, May 10.—The senate today passed, without debate, the bill to establish a federal credit union system for extension of credits to persons of small means at nominal interest rates. The bill now goes to the house.

The credit union plan was sponsored by Senator Morris Sheppard of Texas. The bill provides for a federal organization to supervise operation of credit unions, described as a co-operative society enabling its members to save money in good times and borrow money at low interest in times of emergency.

HUNG JURY IN THE HAMILTON CASE IS FEARED

DALLAS, May 10.—Possibility that the trial of Raymond Hamilton, southwest bad man Number 2, might terminate in a hung jury appeared possible today when the jurors failed to report after having had Hamilton's fate in their hands for several hours.

Hamilton was tried under two counts of an indictment charging he robbed the Grand Prairie State Bank and that he is an habitual criminal.

The State demanded the death penalty for the companion of Clyde Barrow who already faces sentences totaling 263 years.

The jury retired at 5:30 yesterday. At 10:30 a. m. today Judge Noland Williams, before whom the case was tried, said he had received no communication whatever from the jurors.

"I'm not going to disturb them as long as they are working," Judge Williams said.

The judge indicated he would not dismiss the jurors today if they had not agreed by nightfall, but would require them to continue their deliberations.

Judge Leslie to Be Mother's Day Speaker At Flatwood Church

The Methodist church of the Flatwood Methodist church and the Christian church have arranged a program in honor of Mother's Day. Judge W. P. Leslie of Eastland will bring the message for the day. The young people and children are on the program.

The hour for the program is to be presented has been changed from Sunday morning to Sunday night. This will enable all the folks who attend other services during the day to come to the Methodist church at Flatwood Sunday night.

Huge Tarantula Is Caught at Belton

BELTON, Tex.—John Dillinger was captured here—but not the murderous John you're thinking about.

Policeman J. F. Vannoy made the capture, and exhibited John, in a quart fruit jar.

John was a tarantula. He seemed to resent the treatment that was being accorded him as he was handled by many people and turned over so that better views of his hideousness could be obtained.

He had a body and leg spread sufficiently wide to touch the bottom of the jar and the top at the same time without apparent exer-

DESDEMONA

Special Correspondent

Odie Brightwell and family were called to Gorman Monday by the death of his brother-in-law, Ely Wilson, who passed away following a few weeks illness of meningitis. The deceased had married Mr. Brightwell's sister only a few months ago. The Brightwells have the sympathy of our community in their sorrow.

Charles Lee went to Cisco Saturday to work on a well being drilled by Gallagher and Lawson. On Thursday almost the entire membership of Desdemona Eastern Star chapter went to Ranger and attended a school of instruction conducted by the state worthy grand matron and the district deputy grand matron. At the night session the officers of Desdemona chapter were honored by being asked to put on a march which they did splendidly. The membership of Desdemona chapter had been divided into sides led by Mrs. I. N. Williams and Mrs. Clarence Ragland and a contest held as to which side would get the most certificates. There were four "A" certificates and four "B" certificates awarded and the contest was a tie.

Oral Browning went to Cisco Saturday to work on the well being drilled by Gallagher & Lawson.

Mr. and Mrs. P. Williams drove up to Breckenridge on business Saturday. They came back by Ranger and brought their son, Max, home to spend Sunday.

Mr. and Mrs. Style McEntire and baby, James Edward, visited his parents at Comanche Sunday.

Mrs. J. E. Derrick visited her friends and former neighbors, Mr. and Mrs. J. S. Howell at De Leon, Sunday.

Miss Gwendola Jones, daughter of Mr. and Mrs. Clarence Jones, who is attending Howard Payne College at Brownwood, spent the week-end at home. Some of her classmates came with her and helped with the programs at the Baptist church Sunday morning and night.

Mr. and Mrs. Bill Parks left Monday morning for Sand Springs, Okla., where they were called by the serious illness of his sister. Their little daughter, Gaynell, is staying with Mrs. Roy Rushing while they are away.

J. W. Harrison and family of Ranger were guests of his brother-in-law, W. E. Barron and family, Sunday.

Mrs. Dora Cotton of Dalhart, Texas, arrived Friday for an extended visit her daughter, Mrs. W. H. Davis and family. Mr. and Mrs. Davis went to Fort Worth to meet her but were 15 minutes late so Mrs. Cotton had come on to Ranger where she phoned to her granddaughter, Mrs. Aaron Henslee and husband to come for her.

Mrs. Cotton has visited here a number of times and has a large circle of friends who are delighted to see her again. Mrs. Cotton has been with her son who is a Presbyterian minister at Dalhart.

Mrs. I. N. Williams, accompanied by Mrs. Joe Cook of Gorman, drove up to Breckenridge Friday and attended the Eastern Star school of instructions.

Joe Gibson, Jr., who is stationed at Randolph Field at San Antonio, came home on a three days furlough Thursday. He is in the Navy but his work is on airplanes which he repairs. His brother, Jack Gibson, had left several days before Joe's visit, for Fort Sill, Okla., where he joined the Army. Their many friends are glad that both boys are doing well.

Mr. and Mrs. Robert Ellison of Separ, N. M., were here for a short

time Saturday, visiting John Warren and family and J. R. Buchanan and family and other relatives and old friends, who were delighted to see them. Mr. Ellison is a son of the late Mrs. N. V. Ellison and was born here.

The Methodist missionary society met Monday afternoon at the church and held a profitable meeting. The meeting was called to order by the president, Mrs. I. N. Williams. Minutes were read and roll called by the secretary, Mrs. S. E. Snodgrass. Prayer was offered by Mrs. Z. L. Howell and scripture lesson read by Mrs. Williams. Items from the missionary bulletin were read by Mrs. W. E. Barron. Mrs. Charles Lee, Mrs. A. C. Robert, Mrs. Roy Ashburn, Miss Mollie O'Rear. The first lesson in the book "Christianity and Industry" was led by Mrs. W. C. Bedford. A vocal duet was well rendered by Mrs. D. E. Hoover and Mrs. W. E. Barron with Miss Nell Robert as pianist.

Our community was sorry to hear Monday that Mrs. Askew, one of our pioneer settlers, was seriously ill, suffering from pneumonia. We hope she may soon recover.

V. O. Wyatt and wife of Olden visited friends here Sunday. They formerly lived here and their many friends are always glad to see them.

Mrs. Horace Lane and little daughter, Bobbie Jean, visited her mother, Mrs. J. E. Kiker at Eastland Sunday.

Mrs. Winnie Hoover of Ranger visited from Thursday until Sunday with her mother, Mrs. S. E. Browning, and her brothers and sisters. Mrs. Hoover lived here nearly all her life until she moved to Ranger a few years ago and her many relatives and friends still think of this being her home.

Mrs. L. E. Rosser of Big Spring left Saturday for her home after having been here two weeks with her sister, Mrs. Horace Lane.

We are sorry to report that Miss Alva Brown who is in a hospital in Dallas, is still quite ill. She is in a hospital in which her brother, Dr. Andie Brown, is one of the physicians.

CROSS ROADS

Special Correspondent

Health in this community is very good at present.

J. H. Ainsworth and son, Monroe, went to Alameda to the cemetery working last Saturday.

L. G. Walton of Sweetwater spent Friday night in the home of F. E. Ferrell.

Mrs. E. M. Campbell and daughter visited in the home of J. R. Hale Tuesday.

Mrs. F. E. Ferrell visited "Grandma" Hale Tuesday.

Miss Bertha Yardley is visiting in the home of W. F. Barron of Ranger.

H. D. Browning visited J. R. Hale Sunday afternoon.

Mozell Hale spent Tuesday night with Juanita Browning.

Mr. Franklin and family, Mr. and Mrs. James, Mr. Dave Hamilton and family visited in the home of H. D. Browning Wednesday night. They made lots of good music.

"Uncle" Jim Walton and Larver Lockhart of Sweetwater visited Mrs. F. E. Ferrell Friday.

Frances Ferrell spent Thursday night with Dorothy Gene Myrick. Mrs. Oma Daffern spent Wednesday with V. E. Pedigo.

E. M. Campbell's daughter and family of Dallas spent Saturday night and Sunday with him.

Cam Lee's mother spent the week-end with him.

Jim Stiller and wife visited in the home of E. M. Campbell.

Mrs. Roy Watson and children spent Wednesday with Mrs. V. E. Pedigo.

"Grandma" Hale visited Mrs. F. E. Ferrell Monday.

Mr. and Mrs. LeRoy Thomas visited her parents, Mr. and Mrs. J. H. Ainsworth.

Stella and Aline Kitchens spent Sunday with Frances Ferrell.

Mrs. Henry Dunlap visited Mrs. J. R. Hale Friday.

Raymond Rogers spent Tuesday night with Terrell Hale.

Hutch Hale is doing some carpenter work for Dr. Duffer in Ranger this week.

SALEM

There was a large crowd at singing Sunday night. Everybody had a nice time, and are glad for the Alameda singers to be here.

Mrs. Oren Sparger from Albany visited with Mr. and Mrs. W. H. Sparger Sunday.

Mr. and Mrs. Roy Dunlap visited Henry Dunlap Friday and Saturday, then visited his brothers at Mangum Sunday.

Mr. S. J. Fonvill spent Sunday with his brother Zehin Fonvill and Little Alene Fonvill spent Sunday with her father Zehin Fonvill.

Bonnie Highsmith visited Pa Redwine Sunday evening.

John Fonvill was in Ranger Saturday on business.

M. and Mrs. W. H. Sparger were in Ranger Friday on business.

Troy and Melvin White visited their sister, M. and Mrs. Roy Watson, Saturday.

Mr. and Mrs. Zelin Fonvill were in Gorman Friday on business.

Mr. and Mrs. Pa Redwine vis-

ited Mr. Redwine's brother, E. H. Redwine, Wednesday night.

Mr. and Mrs. Otto Beaver were in Ranger on business Friday.

Miss Beatrice White from Ranger is here visiting her sister Mrs. Roy Watson and friends.

Don't forget the Mother's Day program at this place Sunday evening. The program begins at three o'clock. Everyone is invited to come.

Roy Dunlap went to De Leon on business Wednesday.

OAK GROVE

OAK GROVE—Health in this community is fine, and the weather is all we could ask for. The last few days have given us the best crop growing weather of the season so far.

C. P. Hastings and family were visitors in the home of E. B. Hastings at Shady Grove last Saturday and went shopping in Cisco in the afternoon.

Van Hall and family of Flatwoods were Sunday visitors in the home of his parents, Mr. and Mrs. G. D. Hall of this place.

Peanut planting is the order of the day here and most of our farmers are too busy to go some place and that makes news-scare.

Paul Morrison, who has been sick with tuberculosis for a long time is very greatly improved at this writing and entertains some hope of complete recovery.

Mr. and Mrs. Henry Johnson of Cisco were visiting relatives in this community last Sunday.

J. E. Cannaday was on the sick list for several days last week but is "up and at 'em" again now.

Thomas J. Cox was a business visitor in Eastland last Saturday.

CARBON

CARBON—F. M. Wood, W. E. Trimble, Albert Pierce and J. V. Thompson took the Carbon Boy Scouts to the district Boy Scout court of honor in Brownwood Tuesday eve. The following scouts received their second class badges:

Eugene Pierce, John Edward Trimble, Ralph Lyles, Frank Clement, Leo Victor Spencer, Leo Ray Ussery, Ewell Allison, Claude Tucker, Willard Sutton, William Jackson, Hugh McCall, Harry C. Hall, Maurice Taylor, Guy Hall, and Blanton Garrett. Carboh had the largest class of scouts in attendance and this speaks well for our boys and Scoutmaster Wood.

The Methodist steward meeting held at the church Monday night was of interest as every member was present. After business went to the parsonage, and enjoyed ice cream and plenty of games.

Rev. and Mrs. M. A. Walker were pleasantly surprised Sunday morning when Mr. and Mrs. Newt

Wood, Mr. and Mrs. Jimmie Shipley, Mr. and Mrs. Jessie Shipley, all of Burleson, Texas, entered the church the party were formerly members of Rev. Walker's church at Burleson.

Dr. and Mrs. T. G. Jackson, Rev. and Mrs. M. A. Walker, Mmes. Ussery Watson, L. T. Reese, Walter Wyatt, Clyde Brymer, Miss Larue Ussery of Carbon and Mrs. W. H. Collins and son, D. M., of Olden, attended the Center Point cemetery working Tuesday and all report a wonderful dinner, which was enjoyed by all present, except Dr. Jackson and Rev. Walker, who claim they are not used to anything to eat and are to old to begin on nick nacks.

W. B. Jackson, salesman of auto parts out of Fort Worth, reports the conditions generally are better since any time since October. Much road work going on and plenty of rain over his district.

Mr. and Mrs. Zim Phillips, Pearl Townsend, and Mrs. Earnest E. Burns were in Ranger on business Wednesday.

I. B. Walker of Rising Star is the guest of C. C. Sesson and family.

E. R. Butler was in Desdemona Tuesday.

Mr. and Mrs. Clyde Brymer, Miss Larue Ussery and Leray Ussery will attend the closing play at the Cottonwood schoolhouse near Cisco Thursday night, where Weldon Ussery is teaching. Leroy Ussery and Clyde Brymer will render music during the program.

Leath Jordan, who was sick with pneumonia in March is now improving, her friends are glad to learn.

Mrs. B. E. McGlamery and two children of Eastland attended church here Sunday and were dinner guests of Mr. and Mrs. W. R. Ussery. Mr. McGlamery who has just returned from general conference in Jackson, Miss., came in the afternoon for a social hour.

L. H. Hill left Monday to visit friends at Stamps, Ark.

Miss Lois Sison, in company with her father, went to Abilene Tuesday, where Lois joined friends enroute to Plainview, where she will visit Mrs. Vernon Campbell.

J. E. Graham of near Eastland but formerly of Carbon and who has been seriously ill, is reported some better at this writing, his many friends are glad to know.

Mr. and Mrs. H. Hall had as Sunday guests, Mr. and Mrs. William Reagan and Mr. and Mrs. Berry of Cisco, Mrs. May Smith, Mr. and Mrs. Durant Smith of Eastland, E. A. Acton of Dallas, and Mr. and Mrs. Shan Medford of Okra.

Carl Williams and little son, Truman, return to their home in Waco Sunday after visiting his brother, J. C. Wilson and family.

Mr. and Mrs. A. P. Key of Reagan visited Mrs. Addie E. Kirk on Thursday.

Gail Morris and family of

Brownwood visited W. J. Greer and wife Saturday night and Sunday.

Mrs. M. C. Kaykendall of Pleasant Hill visited Mrs. L. T. Reese Saturday.

Mr. and Mrs. Marcus Hart spent Saturday night and Sunday with her brother and wife at Reagan.

MERRIMAN

Mr. and Mrs. Wayne Wennis of Rotan were week-end visitors of Mr. and Mrs. J. T. Brewer and Mr. and Mrs. Dewitt Young.

Miss Alvis Roper and Mr. Paul Johnson were honored with a picnic dinner at the Webb park, the occasion being their birthday. These present were Mrs. Roper and children, Mrs. Paul Johnson and children, Mr. and Mrs. J. T. Brewer, Mr. Gerald and Mrs. Mavis Webb, Mr. David Johnson, Miss Loma Johnson, Mr. and Mrs. M. M. Brewer and children, Mr. and Mrs. Dewitt Young and children.

Mr. Bryant is visiting in Haskell, the guest of his daughters.

Miss Huberta Mitchell is on the sick list.

The officers for Merriman Parent-Teacher association were installed by Mrs. J. S. Reynolds, after which "42" and bridge were enjoyed. Ice cream and cake was served to members and friends.

Mr. and Mrs. H. D. Smith and family have as their guest Mrs. Smith's mother of Oklahoma. Mother Smith has been a visitor several times at Merriman.

Labor Conference To Meet June 4

By STEWART BROWN

United Press Staff Correspondent

GENEVA.—Problems vitally affecting workers in every part of the world will be considered at the annual conference of the International Labor Office opening on June 4, it was announced here today.

Fifty nations will send delegations. The United States, it is reported authoritatively, will be represented by an official group of "observers" representing labor, capital and the government.

Attack on Japan

There is section of the I. L. O. which fears Japan may withdraw at the coming conference if her formidable trade offensive is violently attacked during the session. Japanese quarters do not deny such a possibility.

Criticism of Japanese wages, led probably by British labor delegates, may come at the opening of the conference when the delegates are permitted to make general speeches on the work of I. L. O. Otherwise there is nothing on the agenda which could lead to an attack of Japan.

Unemployment Problem

Measures to combat world unemployment will be given principal consideration on the agenda.

Let Us Show You

THE GREATEST TIRE GOODYEAR EVER BUILT

New **G-3**

ALL-WEATHER
43% MORE Non-Skid Mileage!

And here's the GOOD NEWS

This marvelous new G-3 All-Weather with its many advantages over any other tire on the market costs you nothing extra.

● Come see this brute-for-punishment — this great new "G-3" that Goodyear has built, tested, proved out under terrific abuse, to more than offset the harder wear put on tires by today's fast-stepping, fast-stopping automobiles... It's a costlier tire to build but not to buy—consider that important fact too as you look it over and we think you'll say: "Put on a set."

GOODYEAR

SINCLAIR SERVICE STATION

L. J. McMILLEN, Prop.

Phone 145 Ranger, Texas

The I. L. O. realizing that Great Britain spent 107,000,000 pounds and the United States \$1,000,000,000 last year on unemployment wishes to reduce this evil by shortening hours to 40 per week and stimulating the construction of public works on a gigantic scale.

Supporters of an International 40-hour week will push the final reading of a draft treaty to that effect. The treaty has been considered before, but because of British opposition it is not believed it will pass. Labor experts point out that such a treaty is in harmony with the new American code. It is expected, therefore, the United States delegation will support the proposal, although it has NO right to vote.

Supporters of an International 40-hour week will push the final reading of a draft treaty to that effect. The treaty has been considered before, but because of British opposition it is not believed it will pass. Labor experts point out that such a treaty is in harmony with the new American code. It is expected, therefore, the United States delegation will support the proposal, although it has NO right to vote.

Appeal Is Filed On Lawyer's Sentence

AMARILLO, May 10.—Defense attorneys today prepared to file an appeal from the five-year sentence given Joe Moore, Amarillo attorney, following his conviction on a charge of murder without malice in connection with the death of three-year-old Shirley Pauline Palmetter, March 21.

The child was killed as she played in the front yard of her parents' home when an automobile hurtled the street curbing and struck her. Moore was accused of driving the car while intoxicated.

NIGHTMARE CAUSED SUIT

CLEVELAND.—Claiming she has frequent nightmares in which vicious dogs attack her as a result of having been bitten by a little Scotch terrier, named Sam, Mrs. Hilda Jacobson, of Cleveland Heights, filed suit for \$10,000 against the animal's owner, Joseph G. Kenan. Kenan said his dog was only 10 inches high "and never would bite anyone."

Don't Prolong The Agony!

Next time you suffer from Gas on Stomach, Headache, Sour Stomach, a Cold, Muscular, Rheumatic, Sciatic or Periodic Pains; That Tired Feeling, That "Morning After" Feeling. Get a glass of water and drop in one or two tablets of

Alka-Seltzer

The New Pain-Relieving, Alkalizing, Effervescent Tablet

Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and it contains an analgesic (Acetyl-Salicylate) it relieves the pain of every-day ailments and then by re-acting the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—so-called relief for gas, and all of them a failure, I gave up hope. By chance I tried Alka-Seltzer—I am more than satisfied. Geo. Bennett, New York, N. Y.

Get a glass at your drug store soda fountain. Take home a 30 cent or 60 cent package.

Alka-Seltzer

Women Must Take Part In Program of Rehabilitation

AUSTIN.—Women must take a big part in the rehabilitation program of the state if it is to be more than a materialistic, bread and meat affair, it was stated today by Director Marie Dresden of the Texas relief commission when commenting upon progress made in the rural recovery program to date.

"Our first thought is to see that destitute families are enabled to provide themselves with food and clothing," said Director Dresden, "but if we stop there, we have built only the foundation. We are laying out plans which will enable people of this southwestern area to do more than merely exist. Work projects necessary under the relief program can be directed toward bringing shade trees to streets and lawns, to creating community parks, to building community clubhouses which reflect the native architecture of this area and set a model for homes of the same type. Our first settlers here often had an architectural type all their own, dictated by the native material and by the climatic conditions. We have reason to be proud of such architecture. Rather than imitate other types, we will do well to keep the honest and beautiful types which we ourselves developed."

These are only a few points in which women will be most valuable in guiding the rehabilitation projects and the rural rehabilitation committee is going to offer them the opportunity, Director Dresden said.

Workers on the relief administration projects will be given credit for their labor according to the usual rate in this section for such labor, Director Dresden said, but in no case will the scale of wages be less than 30 cents per hour, as set by the FERA.

"We do not expect the rehabilitation families to work out their indebtedness to the Texas relief commission the first year, in every case," Director Dresden said, "but we are going to provide work sufficient to allow them to repay their indebtedness eventually."

Miss Dresden has expressed the hope that some time during the spring, she may find time to go into the rural areas personally and make a study of the progress made in bringing better conditions to those who live remote from large cities.

Young John Jacob Astor says he hasn't the faintest idea of what business to take up. Get to him early, fellows, and avoid the rush.

Rumor Romance For Stage Star

Barbara Newberry, musical comedy star, has found romance in England, according to whispers among stage folk. Rumor that she will wed George Farrar, a Briton, was brought back to America by her dancing partner, Carl Randall.

Texas Had Only Nineteen Failures In Month of April

AUSTIN.—There were only 19 commercial failures in Texas during April, against 21 in March and 44 in April, 1933 declines of 9.5 per cent and 57 per cent respectively, according to figures compiled by the University of Texas Bureau of Business Research from reports from Dun and Bradstreet, Inc. Liabilities of the bankrupt firms totaled \$295,000 compared with \$435,000 in March of the current year and \$470,000 in April last year, respective drops of 46 and 50 per cent. Assets of the firms that failed, totaling \$109,000, were 66 per cent below those of March and 18 per cent below those of April last year. Average liabilities per failure were \$12,368, a drop of 40 per cent from the \$20,714 in March but an increase of 16 per cent over the \$10,691 of April, 1933.

Nevada Gold Mining Camp Enjoys Boom

SILVER PEAK, Nev.—Scenes reminiscent of boom days when this mining camp produced approximately \$40,000,000 in gold, are at hand again.

The camp has been producing steadily for the past 60 years, but with the rise in gold price, prospectors returned to take another chance in their endless fight with the desert to wrest a fortune.

There is a scarcity of homes and equipment. Shelter is at a premium.

Original prospectors named this camp Silver Peak after discovering silver. However, the silver ore gave out and gold was later found in large quantities. Production since then has been gold.

The University of Chicago is collecting more than 400,000 maps in a large library. Gangsters will keep out for fear theirs will be included.

"Sweetheart, you look wonderful in that beautiful new dress!"

Oh, it's not new, my dear... just sent it down to BILLS... you know they have an expert now who specializes in women's clothes and she can certainly put the pleats and ruffles back in their right positions."

BILL'S

Coin Vending Tax Will Have Hearing

AUSTIN.—Whether the Texas legislature has inadvertently placed a tax on pay telephones, gas meters and other coin operated vending machines will be argued before the Court of Criminal Appeals here May 23.

The question comes before the court in the form of a habeas corpus proceeding filed by Joe Day, Austin, charged with violating a statute that imposes an occupa-

tion tax of \$10 a year on coin-operated marble machines.

He claims the law is unconstitutional because it provides unequal taxation through specific exemptions of pay telephones and gas meters, etc.

State's attorney Lloyd Davidson will contend, however, that the provision relating to marble machines and the exemptions are both unconstitutional, but that the remainder of the act, levying the tax in general terms on all coin operated vending machines including marble machines, pay telephones, gas meters and the like, is valid and enforceable. Davidson's construction

of the law be upheld by the appellate court, the state stands likely to reap a harvest of \$500,000 annually from the occupation taxes imposed.

GRIEVES OVER LOST PAW

TAZEWELL, Va.—G. W. Boyd had a large bulldog of friendly disposition, which is grieving because its front leg was cut off by a car. It was the paw with which he always shook hands with strangers. Now when the dog meets friends, he sits down and looks solemnly at the place where there once was a friendly paw.

Mexico Adds Man Power to Highway

MEXICO CITY.—Seven thousand men are making a drive to complete the international highway between here and Laredo, Texas, according to Leopoldo Farias, director general of Mexican national highways.

Until recently only 3,000 men were working on the uncompleted sectors of the road, but the desire to finish the highway at the earliest moment caused the increase.

Farias said that in addition to the new man power 150 trucks and six steam shovels have been

added to the equipment for the road.

It is expected that the highway will be available to the average autoist by next spring. The road is passable now, but Mexican officials and W. H. Furlong of the San Antonio Chamber of Commerce, who is closely allied with development of the road, advise against anyone but the most experienced driver attempting it.

ATTEMPT TO KILL

PRINCETON, W. Va.—Charged with attempting to kill two doctors who came to his house to treat his year-old child, Cecil Travis, of Princeton, has been re-

leased on \$1,000 bail for his appearance before a grand jury in July. The child died the next morning after Travis had driven the physicians away.

CONVICTS WANT BAND

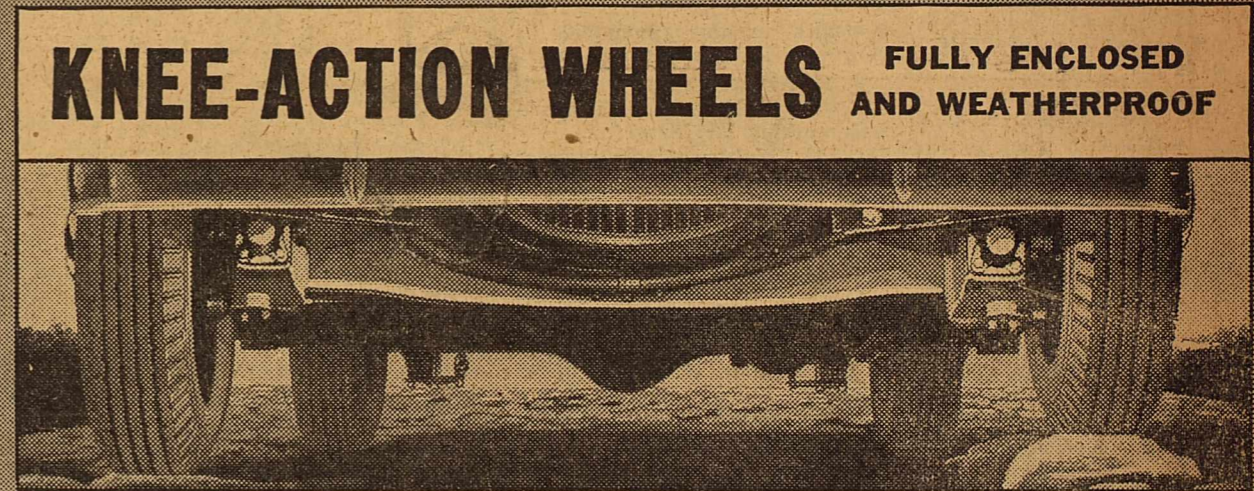

BOISE, Ida.—Idaho state penitentiary inmates have become musically inclined. They petitioned Gov. C. Ben Ross to establish a band. Instruments would be furnished by the state.

Scientists have discovered a tremendous storm on the planet Jupiter. If they look closer they may discover another bank crash underneath it all.

Artists to Feature Floor Show of Officers Dinner

An unusual array of talent will grace Friday evening's dinner sponsored by the Oil Belt Chapter, Reserve Officers Association. Breckenridge's gift to the amusement world in the person of "The Three Queens" will be one of the features of the occasion. A buck dance and also a Bowery song and dance will also be an added feature offered by our sister city.

Cisco offers the Ely Artists, Julian and Madelyn, in an unusual number that has been produced over W. B. A. P. on several occasions. This particular presentation was adjudged the feature number recently presented at the annual meeting of the West Texas Federation of Music Clubs.

Ranger presents a specialty act presented by one of her outstanding blackfaced comedians in the form of a musical comedy. Another feature to be presented from Ranger includes a clever dance act presented by one of the younger group of artists.

Another added attraction to the floor show will include a solo presented by the president of the Music Study club of Fort Worth, Mrs. Ernest Samusson, who will sing, "My Hero," and "There Is Something About a Soldier."

The invitation committee has announced that reservations will be closed this evening at eight o'clock, and anyone to whom invitations have been extended and who have not been contacted by the committee, will be expected to see or call them prior to this time if they expect reservations to be made for them.

"DROPPED EGGS"
PROVIDENCE, R. I.—The term "dropped eggs" for poached eggs although current in no other section of the country, is used by 73 out of 100 New Englanders, according to Herbert Penzy of Brown University, who is studying variations in American English.

HENS HATCH ENROUTE
CLEBURNE, Tex.—Just because their master, G. L. Hobbs was moving from Snyder to Cleburne, was no reason for three hens to give up their setting. In fact, Hobbs loaded them into the moving van with their eggs and the hens continued their setting en route. The eggs hatched.

HOUSING CONDITIONS
NASHUA, N. H.—A housing survey here, financed by CWA funds, revealed that of the city's 4,646 residential buildings, 2,629 needed repairs and 90 were "unfit for human habitation." Of the total, 530, or 11 per cent, were more than 75 years old.

London's famous opera conductor, Sir Thomas Beecham, orders his audience to "shut up" when he's ready to begin. The idea! Next, he'll want his customers to get out altogether.

OIL FIELD WORKERS

Wanted to try BROWN'S LOTION for occupational Eczema, Itch, Ringworm, Poison Ivy, Tetter, Minor Cuts and Minor Burns. BROWN'S LOTION is highly antiseptic and quickly promotes healing. Sold and guaranteed by Oil City Pharmacy.

BICYCLES and TRICYCLES

SALES and REPAIRS
Put them on wheels! Bicycles are healthful and convenient. They fulfill a boy's ambition and make men of them.

THE NRA,
through the Retail Tire Code, effective Monday, May 14th, is requiring approximately 20 per cent price increases on Wards Rambler Tires.

We would prefer to continue the low prices made possible by our economical method of selling tires. We regret that we cannot do so after the NRA order fixing these prices becomes effective on next Monday.

**SUN WON OVER
FLAG POLE SITTER**
SEATTLE.—The sun was too much for Arvill Anderson, flag-pole sitter. He suffered a sun stroke and had to be cut down from his perch and taken to a hospital.

Principal, the marshal's office as a disbursement headquarters for federal employes of the district it serves. During the three years he was in office Toombs paid out or distributed approximately \$900,000 in government pay, keep for prisoners, and paying of bailiffs and witnesses.

Toombs is a Boy Scout worker. While marshal he frequently pointed out that out of 967 men on federal probation only two had been Boy Scouts.

designs and compounds created only to be thrown away, but finally one bearing the factory number 'G-3' was found to stand up under the gruelling tests. One of the tests consisted of running the tire against sharp granite grit and resistance of the G-3 to this abrasion was found to be far greater than designs previously tested.

"Test cars then tried the G-3 for months—speeding up to 60 miles per hour, jamming on the brakes; speeding up to 60, jamming on the brakes. Cars and brakes wore out—but the G-3 stood up and kept on standing up!

"The new tire, with its flatter tread, longer non-skid design wear, slower 'heel and toe' wear and greater safety with more non-skid blocks on the tread, has met and whipped the problem presented by the modern car," Mr. McMillan concluded.

Winter garments should be demothed and sealed in moth-proof bags for the summer. Proper dry cleaning is recognized by U. S. Government Bureau of Standards as the best demothing process known today. Our dry cleaning process is recognized and used by the leaders in the industry all over the entire United States. We have just recently brought our dry cleaning department up to date by installing one of the latest approved and tested systems of dry cleaning.

REPEAL FAILS TO PLEASE EITHER WETS OR DRYS

By PAUL COMLY FRENCH United Press Staff Correspondent PHILADELPHIA, May 8.—Repeal—after a test of five months—has failed to satisfy either the prohibitionists, or the anti-prohibitionists.

The liberal states dispense liquors, wines and cordials in thousands of tap rooms and taverns at prices which cause anti-prohibitionists to predict that bootleggers will become a permanent part of the American social structure; while in the officially dry states the thirsty find little difficulty.

Illinois repeals point to the rapid decline of gangs of racketeers, who dominated the city during repeal days, while the prohibitionists sadly reply that the temptations of legal liquor have been placed before thousands of youngsters.

A great number of bars and taverns—500 in the Loop district alone—operate in Chicago and fully 25 per cent of their customers are women.

Conditions vary throughout the nation. Louisiana, of all the states of the Old South, has witnessed the most complete change from drinking habits in vogue in the days of prohibition.

Louisiana, of all the states of the Old South, has witnessed the most complete change from drinking habits in vogue in the days of prohibition. Without any form of state control, bars and old-fashioned saloons are running wide open.

The invasion of women into the drinking establishments of New Orleans is one of the most interesting and curious manifestations of the post-repeal era in Louisiana.

Even the more exclusive New Orleans bars—long a perfect refuge for men—have succumbed to the afternoon cocktail hour and actively cater to women guests.

In Florida, although state enforcement laws still stand, they are ignored quietly in favor of the wealthy who visit the resort cities.

Christianity and Patriotism

Text: Matt. 22:1-23:39 The International Uniform Sunday School Lesson for May 13.

BY WM. E. GILROY, D. D., Editor of Advance HUMAN nature does not change through the years. It might be said that it does not change at all except as the grace of God transforms it and makes it better.

HE effectually silenced the Pharisees, but the words have a far deeper significance than either the Pharisees or the world have given them. They have been taken often to imply that Jesus was teaching the separation of Church and State, that we have some duties to Caesar and some duties to God.

Man's obligation to the state, his duty to his fellow men, are a part of his debt to God. The state might require him to do something that he believed to be wrong, and in that case the sincere Christian would have to reply, as the early disciples replied, "We ought to obey God rather than man."

Men of gentleness and goodness often show remarkable clarity and soundness of judgment. Jesus was a man of supreme wisdom, as he was a man of supreme goodness.

One of the vexed questions in a country subject to a foreign yoke was the attitude toward that foreign power. Should they pay tribute or not? The Pharisees knew that it was an entangling question among Jewish patriots and so they took occasion of it to catch Jesus.

How aptly Jesus replied to them. He called for a coin which bore the image of Caesar and, asking whose image and superscription it was, he received the only answer that they could give, "Caesar's."

It was then that he spoke those memorable words, "Render therefore unto Caesar the things which are Caesar's; and unto God the things that are God's."

Man's obligation to the state, his duty to his fellow men, are a part of his debt to God. The state might require him to do something that he believed to be wrong, and in that case the sincere Christian would have to reply, as the early disciples replied, "We ought to obey God rather than man."

Men of gentleness and goodness often show remarkable clarity and soundness of judgment. Jesus was a man of supreme wisdom, as he was a man of supreme goodness.

Candidates Will Speak at Gorman Saturday, May 12

The Eastland county candidates will speak in Gorman on Saturday, May 12. The speaking will be on the street in the filling station across from the Corner Drug store.

All candidates are invited, and all citizens who are interested in the outcome of the election are also invited to attend. Speaking will start at 1:30 p. m.

20 SCOUTS ON HIKE

Twenty members of the Methodist Boy Scout troop, accompanied by their scoutmaster and assistant, Horace Conley and Ward Mullings, Monday afternoon, hiked south of Eastland to near the Consolidated plant, where the boys played baseball after which meals cooked in outdoor fashion were partaken.

SCOUTS ON HIKE

Outdoor diversion in the form of an all-night hike in the vicinity of the power plant, Friday night, has been arranged by T. F. Earnest and Roger Moorhead, scoutmaster and assistant scoutmaster of the newly organized Rotary Boys Scout troop composed of 12 youths.

Preparatory to the beginning of the hike, scouts will meet at the clubhouse at the City Park, 6:30 p. m.

Food Market Advice

"Heaven Sends Us Good Meat. . ." GOOD meat is good meat whether it comes from the forequarter or the hindquarter of an animal. Which you choose depends partly on the length of your purse and partly on how much time you can spend in the kitchen.

The forequarters of beef and lamb and all cuts of pork and veal require this type of cooking. Since these cuts are the ones best suited to the average food budget at this season, proper cookery must supplement good meat.

Fish is more plentiful each week and its fresh delicacy should be frequently enjoyed. Many people will be glad to hear that the spring lobster season is in full swing and that this sweet-meated seafood is very reasonable.

The Goodly Onion Fortunately, new crop onions are plentiful, for onions are almost indispensable in the types of meat cookery suggested above.

Peas are of good quality and are available at summer prices. While usually served as an accompaniment to lamb or poultry they are equally at home with veal, pork and beef.

Green beans are moderate in price. Asparagus is plentiful and is reasonably priced. Lettuce is a little high right now but less lettuce is required for fruit and vegetable salads than for green ones.

Tomatoes and cucumbers are more abundant and radishes and green onions help out the salad bowl.

New Cherries Here Big sweet cherries are plentiful and inexpensive. They are good to eat plain and contribute color and flavor to many salads and desserts.

Cantaloupe are plentiful and of good quality. Honeydew melons are generally available. Strawberries are plentiful and cheap and red raspberries from the West have come into market.

Apples are still plentiful and new crop apples are expected to be in market sometime in June. It approaches the end of the season for Florida oranges and grapefruit and for navel oranges but California Valencia oranges are expected in the very near future.

These oranges are available during the summer and early fall. This is the peak of the pineapple season. If you enjoy preserves, try a combination of pineapple, rhubarb and strawberries. All are plentiful, seasonal and inexpensive.

Here is a dinner menu* using foods which our experts consider especially suitable this week.

Braised Chuck Roast Mashed Potatoes, Onions, Carrots Radishes Scallops Bread and Butter Rhubarb and Strawberry Pie Coffee

*This dinner menu tested and tasted in the A&P Kitchen.

COUGH SAVED MOTHER

PORTLAND, Ore.—Coughing of her baby saved Mrs. L. R. Wallace from death when their household caught fire during the night. Screams of the mother awakened a neighbor, who helped the two through a rear window to safety.

FREIGHT REDUCTIONS

JUAREZ, Chih., Mex.—The merchants and manufacturers' union announced it has obtained a freight rate reduction on merchandise shipped from the interior to Juarez. The reduction is expected to reduce commodity prices.

AFTER CHAMPIONSHIP

The Indians, captained by J. R. Kilkey, and Pirates, captained by Toby Hart, high school soft ball teams, Wednesday began a five game series which will determine the championship of the high-school play-ground ball league.

Plans For Reserve Officers Dinner Are Now Complete

A program of unusual variety, in which is listed a very prominent after dinner speaker and several outstanding visiting artists, has been arranged for the Reserve Officers dinner dance, according to Major R. A. Larner of Eastland.

The occasion will begin with an informal banquet and floor show in the colonial ballroom of the Gholson hotel in Ranger on Friday evening, May 11, at 7:30 p. m. There will be a short intermission after the banquet program, after which an informal dance will be given for those who desire to participate.

A cordial invitation has been extended to all reserve and former officers of the United States army, navy, and Marine corps to be present with their ladies and invited guests. Admission will be by invitation only, and it is urged by the committee that all officers who bring guests must see that proper reservations are made not later than Thursday noon.

Reservations for Eastland may be made through Major R. A. Larner; Cisco, Major J. Stuart Pearce; Ranger, Lt. A. N. Larson or the chamber of commerce; Breckenridge, Lt. J. Heg Johnson; and Strawn, Lt. Jim Stuart.

SHERIFF'S SALE THE STATE OF TEXAS County of Eastland

By virtue of a certain order of sale issued out of the Honorable 91st District Court of Eastland County, on the 14th day of April, 1934, by P. L. Crossley, clerk of said court, upon a judgment in favor of E. C. Brand, Banking Commissioner of Texas, for the sum of Twenty-eight Hundred Twenty-six & 89/100 (\$2826.89) Dollars and cost of suit, in cause No. 15,899 in said Court, styled E. C. Brand, Banking Commissioner of Texas, versus Harrell Rig Company and placed in my hands for service, I, Virge Foster as sheriff of Eastland County, Texas, did on the 7th day of May, 1934, levy on certain real estate situated in Eastland County, described as follows, to-wit:

Being lots 1, 3 and 5 of Block 13 of Daugherty Addition to the town of Eastland, Texas, and levied upon as the property of said Harrell Rig Company and on Tuesday, the 5th day of June, 1934, at the courthouse door of Eastland County, in the City of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash to the highest bidder, as the property of said Harrell Rig Company by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Weekly Chronicle, a newspaper published in Eastland County. Witness my hand, this 7th day of May, A. D., 1934. VIRGE FOSTER, Sheriff, Eastland County, Texas.

PROCEEDINGS IN COURT OF CIVIL APPEALS

The following proceedings were had in the court of civil appeals, 11th supreme judicial district: Affirmed—J. R. Sessums, et al vs. Citizens National Bank, Erath; J. W. Leatherwood vs. Wm. W. Snider, Erath; C. A. Scott, et al vs. The Exchange Petroleum corporation, Taylor; J. R. Headrick, et al vs. John S. Roach, Taylor; W. S. Daniel vs. Mrs. M. J. Cook, et al, Taylor.

Motions Submitted—Zadie Belle DeBusk, Adm., vs. Standard Savings & Loan association, appellee's motion to affirm on certificate; Employers Reinsurance corporation vs. Joe Brock, appellant's motion for rehearing; H. L. Hardy vs. City of Throckmorton, appellee's motion for rehearing; D. N. Hardy vs. City of Throckmorton, defendant in error's motion to dismiss writ of error; F. F. McNeny, et al vs. J. M. Radford, appellee's motion for rehearing; Texas Employers Insurance association vs. L. L. Wallace, plaintiff in error's motion for rehearing; Pageway Coaches, Inc., et al vs. J. H. Bransford, appellee's motion for rehearing; Texas Employers Insurance association vs. L. L. Wallace, defendant in error's motion for rehearing.

Motions Granted—Zadie Belle DeBusk, Adm., vs. Standard Savings & Loan association, appellee's motion to affirm on certificate. Motions Overruled—Peyton Packing Co. vs. Sweetwater Cotton Oil Co., appellant's motion for rehearing and to certify. Cases Submitted—J. H. Huff vs. W. T. Huff, et al, Comanche; W. H. Stephens vs. Lee Dennis, et al, Shackelford; the Texas Pipe Line company vs. R. G. Miller, Stephens; D. N. Hardy vs. City of Throckmorton, Throckmorton.

Cases to be Submitted Friday, May 11—Consolidated Gasoline company vs. Jarecki Mfg. Co., Eastland; The American Legion, William Frank Martin Post No. 185, Dept. of Texas vs. Big Spring Veterans, Inc., Howard; Nigle Bain vs. Robert & St. John Motor company, Taylor; Nelson E. Daventport vs. Taylor County Tuberculosis association, Taylor.

TAX ASSESSED ON "LADIES' DAY"

CLEVELAND, Ohio.—The tradition which has made each Friday when the Cleveland Indians play at home "Ladies' Day" will go into effect again May 18, when the Tribe meets the Washington Senators. Manager Billy Evans has announced. The number of women guests will be limited to 8,000 and they will be required to pay federal and state taxes.

SAVES BABY FROM CISTERN BYESVILLE, O.—Cool-headed teamwork of Mrs. William Graham and her four-year-old son saved the life of Bonnie Graham, 2, when the child fell into a cistern containing five feet of water. The mother leaped after the little girl and held her above the surface.

Room-Base VERSUS Wheel-Base. THE wheel-base of a car is not always an indication of its body room. Cars of similar wheel-base may vary considerably in the amount of interior space available for the comfort of passengers. That's the difference between wheel-base and room-base. One is the outside distance from the front hub to the rear hub. The other is what you get inside the car—the room from the dash to the back of the rear seat.

Why Not A Spring Vacation? Are you one whose vitality is always lowest in the spring? Do you have what you term "a snappy case of spring fever?" You're probably just run-down and worn-out after a hard winter. What you'd better do is stop right now, rest awhile, and get in trim to carry on for another year.

THE HOME OF CRAZY WATER Mineral Wells, Texas. Henry Love, Mgr.

Garden and Yard Hints From Club Women of County

Plant Hot Weather Vegetables Now

Okra, using the White Velvet variety; bush butter beans, using Fordhook or Henderson's Bush variety, and cream peas are ready for planting now. Cream peas are more prolific than blackeyes and taste just as good. Let's plant this kind. A vegetable known as mustard spinach may be planted now. It is very much like turnips or mustard but grows more rapidly and is more resistant to hot weather, as it does not go to seed quickly. In three or four weeks mustard spinach will supply as much greens as mustard. This vegetable is sometimes called tender green.

A second planting of bush beans should be made now. The good garden plant, the short lived types of vegetables every two or three weeks until hot weather prevents further planting. This keeps a fresh supply coming along all the while.

Late lettuce may be planted now. Black Seeded Simpson is a good variety of leaf lettuce that will be ready for use in about four weeks after planting. A number of the heading types will do well planted this late.

It is the time to set sweet potato slips. An acre should yield around 100 bushel, ready for harvesting in October. Set the slips 12 to 16 inches apart in rows 3 1/2 to 4 feet apart. Close planting will prevent the potatoes from getting too large. If set apart potatoes grow large and coarse. Slips set now can be trimmed in 3 or 4 weeks, using vine cuttings for increasing the planting of potatoes. One-half acre set in early slips will produce enough growth to set an additional one-half acre from vine cuttings a month from the setting.

Prune Tomatoes Now For Best Results

Mrs. R. N. Hazelwood, farm food supply demonstrator for the Reich home demonstration club gives the following information as result of the pruning of tomatoes on the

past. It is best to fork tomato plants that are to produce fruit as late in the season as possible. This is done by allowing one sucker to grow out from the body of the plant. All other suckers should be removed as they appear at the joints of the leaves. Three clusters of tomatoes should be carried in the main stem and two clusters on the sucker. When a total of five clusters of fruit have developed on the plant, pinch off the top bud, leaving two pairs of leaves above the uppermost cluster of tomatoes in both main stem and the sucker. Staking is not advisable for plantings of this type where quantity production is desired.

Kill Insects

Advice given by all club members cooperators and demonstrators in order to have the best results with gardens.

Where potato bugs are damaging the plants, dust the plants in the early morning with calcium arsenate. If it is too dry for dusting, mix three pounds of calcium arsenate in 50 gallons of water and spray the plants thoroughly. This will prevent bug damage to potatoes.

Cabbage is damaged by two kinds of pests. One is the regular cabbage worm which eats holes in the leaves rendering the cabbage unfit for use. The other is a red, black and yellow bug, called Harlequin cabbage bug, which sucks the juice from the plants, causing the leaves to wilt. For cabbage worm dust the plants with calcium arsenate or spray as for potatoes.

To control the spotted bugs on the plants, mix up a soap solution using 1 pound of laundry soap dissolved in 2 gallons of water and spray the plants once or twice a week. This will not kill the bugs but it keeps them off the plants.

Tomato worms damage the young tomato plants. Dust them in the early morning with calcium arsenate.

For lice on mustard, turnips and cucumbers, spray the plants with Nicotrol or Black Leaf 40. The Black Leaf 40 should be diluted 1 part to 300 and spraying should be done in the middle of the day. It is not effective in cloudy or cool weather.

Western Asphalt Beds Aid Science

WASHINGTON.—The asphalt beds of California have been found to be "veritable nectropoles" of animal fossils, and give many discernible facts about plants, animals and men of past geologic ages, according to reports of a study made for Carnegie Institution by Robert W. Wilson.

These deposits, now for the most part of bituminous hardness, once were gummy pools of tar, which, the report states, engulfed unwary birds and animals quickly once they became entangled, and preserved their skeletal remains for all time.

Yielded Material
The Carpentaria deposit around which the recent study centered, has yielded enough material to enable the drawing of definite conclusions concerning conditions extant in the region during the geologic eras represented by the animals entombed.

The occurrence of bones of shrews, for example, according to Wilson, suggests moist places with abundant vegetation, such as are to be found along bank streams, in meadows, and in damp woods, especially of coniferous trees—an environment which these insectivorous mammals today find particularly agreeable.

Partly Forested
Again, the presence of fossil remains of chipmunks and of tree squirrels points strongly, Wilson thinks, to a region that was at least partly forested. On the other hand, the presence of many fossils of kangaroo-rats indicates that the forest cover in the region of this asphalt deposit was either broken by areas of sparser vegetation or that there may have been fluctuations in climatic conditions during the period of accumulation.

Moreover, presence of larger mammals of extinct species belonging to the horse, bison and camels, also suggests an open, semi-arid country.

It is to be noted, the report further states, that Mr. Wilson's conclusions regarding the region, based upon the study of skeletal remains of animals, are in general harmony with those reached through study of the plant fossils also to be found in great abundance in the asphalt deposit.

H. G. Wells predicts war to come by 1940. So if you can hold on six more years, happy days will be back again.

W. W. Paschall Is Back From Scholl Training School

This is an age of specialization and the Hassen company store is right in line. Mr. W. W. Paschall, who returned from Dallas today, is now better qualified to relieve foot troubles and patrons of this store are invited to take their foot troubles to him.

It will be remembered by many that Mr. Paschall always evinced a helpful interest in the correct fitting of shoes and when he was given the opportunity to attend the Scholl Training School of Master Shoe Fitting in Dallas, Mr. Paschall decided that it would not only mean the fulfillment of an ambition, but that it would be good business to make this broader scope of service available to his customers.

Mr. Paschall himself is enthusiastic about his added qualifications and he says that the course of training is thorough and so complete that ordinary foot troubles or discomforts are needless. He states that the foot comfort service to be rendered here aims at something more than temporary relief. . . that the Dr. Scholl method effects removal of the cause.

Mr. Paschall speaks highly of the training given at the Scholl Training School of Master Shoe Fitting and is acknowledging the congratulations of his friends by inviting them to avail themselves of the foot comfort and scientific shoe fitting service he is now able to render at Hassen company store. He now is more than ever impressed with the importance of restoring ease to restless feet by means of the proper appliances or remedies, and of keeping them at ease through scientifically accurate shoe fitting. Mr. Paschall returned today after an absence of several days.

CAT TRAVELED 27 MILES

BIG LAUREL, Va.—When Finley Adams moved from Big Laurel to Dunham, Ky., 27 miles away by the nearest trail, he moved his cat. "Puss" was present at his new home in Kentucky when the family retired at 11 o'clock that night. The next morning, Adams' brother-in-law went to the abandoned Big Laurel house to feed some chickens, and found the cat sitting on the porch, dividing her time between washing and watching a mouse hole.

OLD GUN WAS LOADED

DRAPER'S VALLEY, Va.—J. W. Painter, in examining a 100-year-old gun of his grandfather's, found an obstruction in the barrel. Thinking a bullet had been placed there by a child, he took the barrel off and placed the butt in a cook stove oven, planning to shoot the bullet out. "Bang!" went the barrel. Fired by the heat, it shot through a zinc-lined meal chest and filled the room with smoke.

EGGS SURVIVED FROST

BOISE, Ida.—Failure of winter frosts to kill millions of "morning cricket" eggs last season, threatens vast crop damage this summer from the pests. Already farms of Utah and Idaho have been swept by the insects when usually they are still unhatched.

Aged General Recalls Hardships Of Building Of Telegraph Lines Across Texas Back in Early Days

WASHINGTON.—The future of the nation held little place in the thoughts of the men who pushed their way through the Texas wilds 70 years ago to establish communications with frontier settlers.

"We had time only to follow instructions," Major General Adolphus Washington Greely, who built hundreds of miles of telegraph lines through to the Texas frontier in 1875, said today.

Greely is 90, and although he spent less than three years of his life in Texas, he recalls vividly conditions and hardships that existed.

"Names and minute details," he said, however, "have been forgotten with the years, and I never kept a diary."

Greely doesn't think much of the new deal and predicted it would fail. He said, also, that the states are bound to break apart within a hundred years time. How, and what will happen when they do, he can't predict. But they will break apart, he contended.

Greely first went to Texas in 1866, with a detachment of soldiers, in charge of a shipload of livestock for the army gathered in the valley of the lower Rio Grande.

"On my return," he said, "I spent a day at Galveston, my first visit to that important city. Here I had one of the surprises of my life when, asking for a glass of fresh milk, I was told that they had only condensed milk from New York—this was the principal hotel of the greatest city of Texas, a state that was the largest cattle producing region in the world. Later, I was told that all their butter and eggs came from St. Louis."

Greely explained that this incident was typical of food conditions in the state at that time.

In 1875, frequent incursions of Mexican bandits in the valley of the lower Rio Grande, and occasional raids of hostile Indians on the western plains of Texas, caused Congress to appropriate funds for the construction of such telegraph lines as would enable the army to protect frontier settlers more efficiently, Greely said.

"When months had passed without satisfactory results I was summoned to take over the job and expected to push it to speedy completion," he added.

"On arrival I was warned by my predecessor that it was an endless job; there was no timber for poles; the frontiersmen were intractable; the climate frightfully hot. I scoured the country for timber, and sought advice from the old frontiersmen.

"I built the lines in northern Texas and Indian territory (now Oklahoma) on swamp-oak poles, poor but the only available local material. The central wire from San Antonio was put on pine and other scrub timber, gathered with difficulty from the scattered woods of outlying hills. The stretch from Fort Concho to Fort Bliss (El Paso) across the barren 'staked plains', shrubless and waterless, seemed impossible, but it was built on pine timber involving long hauls from the neighborhood of Fort Davis—a post famous as having in its precincts only a single tree, though there was a forest within 50 miles.

"Finally an inspiration came to me. Familiar with the resources of the Dismal Swamp of southeastern Virginia, I decided to obtain therefrom juniper poles. The poles were delivered at Point Isabel,

near Brownsville. So, for 200 miles along the Rio Grande, we built a telegraph line on poles which had grown a thousand miles distant.

"Conditions of transportation," Greely continued, "both for persons and freight were radically deficient, and lacking to a degree that would seem 'incomprehensible in Texas today.'"

Greely said his most amazing memory of Texas rested around the story of "Sheridan, Hell and Texas."

Here's the story as Greely said Sheridan told it:

"When I went to Texas to find out how matters were going, I took along a large staff. I feared trouble here and was anxious to get back soon, and from various points sent staff officers to investigate conditions I could not spare time to look into. I left Texas with only one staff officer, which caused talk at places I did not visit. Some paper fellow thought it clever to invent a reason, and so said that my last words on leaving were: 'If I owned Hell and Texas, I would live in Hell and rent out Texas.'

"But, added Sheridan, did you hear the clever comment of a rebel editor? Quoting the original story he added—'Bully for Sheridan. Damn a man who went stand up for his own country.'"

Sanitary Code of State Needs Changes

AUSTIN.—Texas' 20-year-old sanitary code is likely to be supplanted by the 44th State legislature next year with a "bill of health" to hit living conditions of 1935.

State Health Officer Dr. John W. Brown and his first assistant, Dr. H. N. Barnett, have conferred with Assistant Attorney General Scott Gaines here on a new health law for Texas.

Health officers have studied sanitary laws of various states, selecting provisions from each which Gaines will fit into a legal code to fit Texas conditions. The new sanitary bill is to be introduced at the next session of the legislature.

A university of London professor has traced the origin of the human brain to the organ of smell in marine animals. But there's many a man, even today, who's been called a poor fish.

Took CARDUI During The Change of Life

Cardui is purely vegetable, harmless, for women of all ages. Many women who have used it advise their daughters and friends to try it. . . "I took Cardui for weakness during the change of life," writes Mrs. Clara C. Allen, of Enfield, Ill. "It helped me and built up my strength. I also gave it to my two daughters and they were helped. I think Cardui is a good medicine during the change and for girls." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

GRADUATION DAYS

Bring these New Dresses

\$4.95 to \$18.50

The sweetest girl graduates are choosing dresses like these. Grown up? Quite, but not too sophisticated. Just young enough to get mother's approval. Made of organdy, mousseline, crepe de chine, georgette and chiffon. Plenty of shorter dresses for younger girls who have not graduated into the ankle length class. Sizes 12 to 20.

Remember you can buy KELVINATORS on Easy Terms

You really can't afford to put it off any longer

YOU know, of course how much more economical and healthful Kelvinator electric refrigeration is—and perhaps you have put off buying because it was a major purchase that you thought you weren't ready for. But we suggest that you consider our simple ReDisCoPlan of budgeted purchase. Over a period of months you thus acquire what is probably the most valuable of all householding assets today—correct refrigeration. Come in and talk this over with us.

Texas Too Large For One Capitol; Now Has Several

AUSTIN, Tex.—Texas has become too big to be governed from Austin. Not that the state has actually grown in size but state activities have so multiplied that various sub-capitals have been set up.

The State Highway Department has established 25 division headquarters. A division engineer is in charge at each.

The State Department of Education has set up 22 divisions and has a deputy state school superintendent in charge of each.

The State Railroad Commission has opened a branch office at Kilgore for the East Texas oil fields. It also has supervisors stationed in more than a dozen oil fields.

State Rangers have independent companies operating from Fort Worth, Falfurrias and Fort Stockton, besides the headquarters company at Austin.

Texas' size also has led to establishment of duplicating colleges. Identical courses in many subjects can be had at the University of Texas, Austin; A. & M. College near Bryan; Texas Technological college, Lubbock; College of Industrial Arts, Denton; College of Arts and Industries, Kingsville, and the School of Mines, El Paso. Nine teacher colleges have almost identical courses.

It was not a realization of these administrative difficulties, perhaps, so much as a desire to keep the balance between slave and free states, that prompted early Texans to stipulate that the state might become five, when it joined the Federal union.

Vice-President Garner is one of the present-day advocates of such a division. He views the matter from the greater power a division would give in the United States Senate, over which he presides.

The late Senator Joe Bailey quickly placed his finger on the objection to such a division. "Which state," he asked, "would get the Alamo?"

Unpopularity of any suggestion for division was demonstrated a few years ago. West Texas representatives promptly frowned down a report that if its interests

were not given more favorable consideration, West Texas might set up as a separate state.

The coming Texas Centennial probably will cement the feeling that Texas shall remain undivided—unless dispute over where the Centennial shall be held has the opposite effect.

Elks Plan Mothers Day Observance In Clubrooms Sunday

The Ranger Elks club is now formulating plans for a Mother's Day observance program for next Sunday afternoon, May 13, at 2:30.

A committee composed of Wm. N. McDonald, C. J. Moore and E. E. Crow has been appointed to take charge and arrange a program, which will follow along the general lines of the programs presented by the club during the past few years and which have proved to be exceedingly popular.

Announcement of the complete program will be made within the next day or two, it was stated today by members of the committee.

Simmons Does Not Approve of Pardon Power of Governor

DALLAS, May 8.—Revocation of the power of the governor of Texas to issue pardons at will was advocated here today by Lee Simmons, manager of the State Prison system.

"I'm not talking politics, and I'm not talking against any particular governor, but the Texas parole law as it is today and as it has been for 20 years is a farce," Simmons declared, addressing 300 police chiefs and city marshals here.

FARMER PROFESSOR CARVED WOOD

STATE COLLEGE, Pa.—Between lectures on agriculture, Dr. Warren Bryan Mack, professor of vegetable gardening at the Pennsylvania State college, studied and practiced wood engraving until he now has an exhibit under way here. Other specimens of his hobby form a permanent display in the New York public library.

Ten Texas Pastors Declare War on War

Ten Texas pastors have taken the position that American churches should refuse to sanction or support any future wars.

Their viewpoint was expressed in answer to a questionnaire sent out by a special national investigating committee headed by Harry Emerson Fosdick and Kirby Page.

Only one of the 11 answering this particular question, Prof. E. W. McDiarmid of Texas Christian University, replied negatively, a report of the committee said.

"My feeling is that such a decision as this should not be made until the emergency arises," the report quoted Dr. McDiarmid. "I do not think the church or any institution should say what position should be taken at some distant time.

"It would be foolish for an individual to say what he would do five years from now. Conditions may change.

"I firmly believe that the churches should oppose war, but I base my reply to this question on the unwisdom of asserting what action in a great emergency would be the best."

The ten pastors taking a stand against support of any future war, according to the report, were: the Rev. Joseph M. Dawson, Waco; Bishop Seaman of Amarillo; the Rev. J. W. Mills, Beaumont; the Rev. John H. Epp, Hillsboro; the Rev. S. L. Batchelor, San Angelo; the Rev. David Lefkowitz, Dallas; the Rev. Walter Anthony, San Antonio; the Rev. C. H. Horner, El Paso; the Rev. Porter M. Bailes, Tyler; and the Rev. Paul C. Stephenson, Dallas.

In the national count, the report said, 12,904 replied in favor of a stand against future wars, 4,638 replied negatively, and 2,152 were in doubt.

The question was one of 15 sent to 100,000 of the nation's ministers.

On the question of military training in public schools and universities, replies from over the nation showed 2,579 favoring military training, 17,023 opposed, and 973 neutral, the report said.

Here's why-Luckies do not dry out why-Luckies are All-Ways kind to your throat

The difference between cigarettes is the difference between what goes into them and how they are put together.

Luckies use only the clean, center leaves, for these are the mildest leaves—they taste better. That's why farmers are paid higher prices for them. And Luckies get the benefit of the famous process—"It's toasted"—for your throat protection.

And every Lucky is round, firm and fully packed. That's why Luckies "keep in condition"—that's why you'll find that Luckies do not dry out—an important point to every smoker.

Yes, Luckies are always in all-ways kind to your throat.

It's Time to SUMMER-IZE

Don't let Winter-Worn Oil and Grease Spoil Your Vacation . . .

For Week-End Trips or Long Motor Tours You NEED Magnolia's 7 POINT PROTECTION

- 1 Drain, flush and refill crankcase with correct chart grade of Mobiloil for summer driving.
- 2 Drain, clean and refill transmission with Mobiloil Gear Oil, summer grade.
- 3 Drain, clean and refill differential with Mobiloil Gear Oil, summer grade.
- 4 Mobilubricate chassis thoroughly, using special Mobilgreases as approved by your car manufacturer.
- 5 Flush and clean radiator thoroughly, using Socony Radiator Cleaner or Socony Radiator Flush, if necessary.
- 6 Check battery and fill with distilled water; remove corrosion and grease terminals.
- 7 Fill gasoline tank with summer Mobilgas or Mobilgas Ethyl.

"SUMMER-IZE" Service means a complete check-up of the things your automobile needs for safe, economical summer driving. It means freedom from hot weather trouble. "SUMMER-IZE" Service is distinctly a Magnolia Service, created for your protection. Drive in today!
