Big, Impressive Cast In Columbia Feature

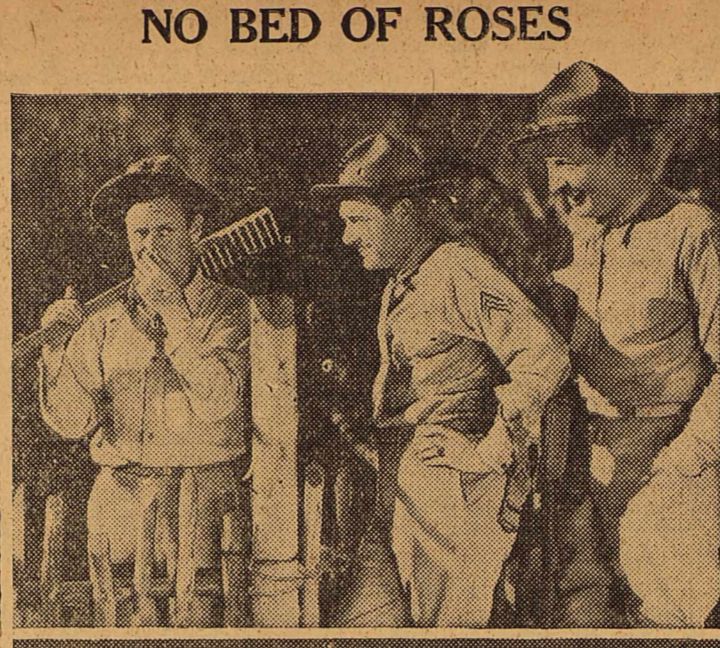

"The Merry Frinks," a First National picture based on the hilarious comedy by Gene Markey and Kathryn Segal, which comes to the Columbia theatre on Sunday, carries a large and impressive cast, with Aline MacMahon in the leading role.

Miss MacMahon, one of the most talented and versatile actresses of the stage or screen, has appeared in such diversified roles as a gold digger in "Gold Diggers of 1933," a wise but very human shop keeper in "Side Streets" and a pioneer farmer's wife in "The World Changes."

Guy Kibbee is the chief clown in this picture as he also was in "Merry Wives of Reno," "Convention City" and many other pictures.

Hugh Herbert, who appeared with Kibbee in both of the above-named pictures, furnishes the more subtle comedy while Alen Jenkins, who will be remembered for his tough roles in "Jimmy the Gent," "Bedside" and "Havana Widows," does the rough and tumble funny work.

Two other feminine members of the Frink family include Helen Lowell, veteran stage star, who made her film bow in "Side Streets," and Joan Wheeler, the Broadway actress who was recently brought to Hollywood by First

That's life with the soldiers of the sea! But Richard Arlen and Monte Blue, are deriving some fun from Roscoe Karns' discomfiture over his new assignment in Paramount's "Come On Marines!," coming on Sunday to the Arcadia Theatre. Ida Lupino furnishes the chief romantic interest.

National. She has appeared in but two pictures besides "The Merry Frinks," these being "Smarty" and "Twenty Million Sweethearts."

Frankie Darro, who appeared in "The Mayor of Hell" and "Wild Boys of the Road," is the seventh member of the merry Frink family. Others in the cast include Ivan Lebedeff, Harold Huber, Louise Beavers, Maidel Turner, Harry Beresford, Harry C. Bradley, James Bush, Charles Coleman, Joan Sheldon, Ethel Wales, Ed Keane, Ivan Linow and Michael Visaroff.

J. A. BOLER TO OPEN GROCERY AT OLD SITE

Mr. and Mrs. J. A. Boler, Miss Billie and Ed, all well known grocery people of Ranger have taken back the Boler Grocery, Bakery and Market that they sold some time back to Young and Cooper and who never changed the name of the store because it was known over the territory as offering bargains second to none in this section. In addition to this Mr. Boler is a Master Baker and retails

bread, cakes, cookies, pies and pastries, made fresh each day.

The Bolders are well known in Ranger and have participated in every phase of civic activity as well as social life, and have a host of friends who wish them well in the business.

In talking with Mr. Ed Boler, today, who is to manage the store, he made it clear that he was putting in an up to date line of fresh groceries, fruits and vegetables. In the market he will handle only the choicest of fresh meats.

The store will be formally opened on Friday, May 25, and extra special bargains are being offered for this occasion.

The Bolders invite their friends to call and see them and want to take this means to thank all for the nice business they received when they operated the store be-

RURAL FAMILIES ON FEDERAL RELIEF ROLL

According to the high aces of relief distribution out of the 50,000 rural families on Texas relief rolls some 20,000 are without a cow. The Texas relief commission is said to be moving to make cows available to them but a large per cent, probably 10,000 families, are without land on which to pasture a cow or to raise feed for a cow. This, in spite of the fact that several hundred thousand cotton farmers of Texas have idle land, taken out of cotton, "which many of them would gladly turn over to the relief families if they were permitted to do so."

Way back in the days of prosperity, in war time and then in the great gambling era that followed in the wake of the war, there were thousands of Texas families in rural districts without cows, without swine, without chickens or poultry of any breed. Money was plentiful. There was land for all. In those flush times Cullen F. Thomas was preaching the gospel of giving "manless land to landless men." Many thousands of Texas tenants, white and brown and black, could not see it that way. They preferred to be croppers or land renters.

According to Harry Hopkins' figures, "there are around 600,000 farm families on the relief roll of the nation." This is his viewpoint: "I don't believe that these 600,000 families are going to acquire an independent economy merely by the work on the land. I believe that along with that there has got to be an opportunity to earn cash incomes and that means planned public works." This is his prediction: "Every job on the state highways in America is going to be deliberately planned toward and given to particular people on the basis of their own particular needs." Incidentally, the federal relief administrator said: "We are going to stop this politicization of jobs in the highway departments of America." It appears to be a long, long road to Tipperary.

SAFEGUARD TEXAS!

Elect a Capable, Courageous Lawyer and Insure Texas An Efficient Administration.

"Bill McCraw holds the distinction of having been the only District Attorney ever elected to serve three successive terms in this county. His youthful struggles are well known among his fellow townsmen. He was admitted to practice before the Texas Bar at 19, and returned from the World War to become this county's most colorful public official and one of its outstanding lawyers.

After graduating from high school, he became a printing pressman and began studying law. In 1915 he passed the State Bar examination and was admitted to practice in the State courts.

At the outbreak of American hostilities in the World War, he went to the first officers' training camp at Leon Springs and was commissioned a lieutenant. He saw active service in France until the close of the war with the 132nd Machine Gun Battalion of the 36th Division and returned here to resume his law practice.

CLEAN BILL OF HEALTH.

McCraw was first elected District Attorney in 1926. He served three successive terms, thereby establishing a political precedent for this county, and retired at the close of 1932 to enter private practice with his former chief assistant, Tom Clark. During his six years in public service, McCraw established a notable record as a vigorous prosecutor. He was one of the few county officials to emerge with a "clean bill of health" from the famous private audit of 1931 which wrecked many local political careers.

Production Credit Interest Rate Is Now Five Percent

E. R. Maxwell, secretary-treasurer of the Breckenridge Production Credit association, has just received word from Governor W. I. Myers of the farm credit administration in Washington, D. C., that the interest rate on new loans from production credit associations has been reduced from 5 1/2 to 5 per cent.

According to Mr. Maxwell the new 5 per cent interest rate becomes effective immediately on all new loans and advances made by the association and will be applicable until further notice.

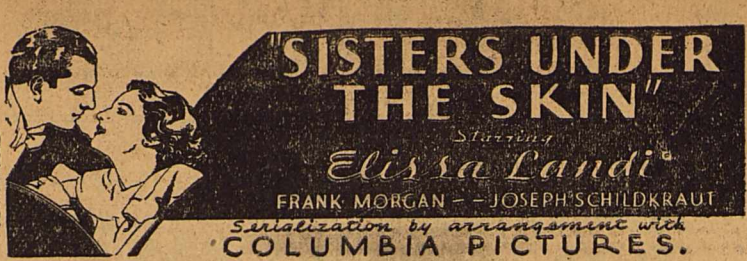

"The new interest rate of 5 per cent will not affect loans already advanced in full," Mr. Maxwell said. "Those will continue to bear the rate of interest prevailing at the time the loan was closed. The interest charges on loans from the association are collected when the loans mature."

"The lowering of the interest rate on new loans to 5 per cent is the second reduction in two months, the rate having been reduced from 6 to 5 1/2 per cent on March 16."

"According to Governor Myers," said Mr. Maxwell, the federal intermediate credit bank is passing on immediately to farmer-borrowers from production credit associations the savings made possible by lower cost of getting money. The confidence of investors in the security of the intermediate credit banks has been such that the banks are able to get money to lend at the lowest discount rate in their history."

County Donates to Abilene Orphanage. Authorization to the county treasurer and clerk for the issuance of a \$50 check, as Eastland county's donation to the West Texas Children's Aid and Welfare association of Abilene for 1934, was made by the commissioners' court May 14.

Court Reporters To Be Paid Out of The Jury Funds. Official shorthand reporters of the 88th and 91st district courts in Eastland county, in the future will have their salaries charged to the jury fund and not the general fund, as has been the case in the past, by virtue of a county commissioners' order made May 14.

John Hunter Yates sat at the keyboard of the huge, smooth piano, his heavy hands vainly trying to recreate a passage from Beethoven's Sonata. His fingers moved clumsily over the keys. The music was awkward, halting. The spacious penthouse living room re-echoed the dissonant chords.

"Mr. Yates—stop!" Zukowski's voice was a cannon's roar in the room.

"What's the matter?" Zukowski asked, triumphantly, "equipped to play Sonatas?" "That's different," Mr. Yates replied. "I've been in business thirty years. So have I. I played the piano when I was two years old. I've been playing ever since."

Yates was impatient. "Anybody can do that by tuning in on the radio. You don't understand. I'm not satisfied to listen to music. I want to make music." "But you can't make up your mind of a sudden like this—"

"Go on," Zukowski grunted. "I'm only a matter of business. We're not making any demands. Well, I am!" thunders Yates. "Millions for defense, but not a cent for tribute. Conditions have made it necessary for me to get re-financing. Do we get the money or don't we?"

Bankhead Act to Be Administered By Old Committee

COLLEGE STATION—The Bankhead Act, controlling cotton production, will be administered by the same machinery employed in the cotton acreage reduction program, the agricultural adjustment administration at Washington has advised C. B. Martin, extension service director at Texas A. & M. College.

Texas may gin and sell 3,091,200 bales tax free under the new act, the AAA points out. All in excess of this must pay a tax of 50 per cent of the average central market spot price for 7-8-inch middling staple.

County control associations set up under the acreage reduction program will have charge of making individual allotments for production the next year beginning June 1, during which the Bankhead Act will operate. As far as possible although these may be raised or lowered according to the county allotments assigned by the U. S. Department of Agriculture. The allotted bales are to be given tax exemption certificates as soon as forms are received and machinery set up in the individual counties.

Those who did not sign reduction contracts may participate in the new act, but they will not share in rental and parity payments given former co-operators. Share croppers and tenants are to be protected in making of allotments and issuing of exemption certificates, according to provisions of the act. Contract signers who violate their contracts are to have their exemption certificates revoked.

No allotments are to be made under the Bankhead Act until all producers have applied to their county cotton committees for exemption certificates. Texas allotments are based on the ratio of average production for five years—1928-32—to the average national production for that period.

Porters at Capitol Have Long Service Records to Credit. AUSTIN, Tex.—Illness of Tom Brown, file custodian in the Adjutant General's office, has interrupted the service of probably the state capitol's longest-time employee. Brown has been in the Adjutant-General's department as porter and file custodian since Spanish-American war days.

There'll be no compromise of any sort as far as I'm concerned. You'll give up the money without any strings. And if you refuse I'll ask for a receivership myself—but, mark you, gentlemen, I'll tell why. Now that's it. Take it or leave it." Yates stared defiantly. Smith was panicky. "We should like a few moments to talk this over among ourselves."

THE LAST JUDGMENT

Text: Matt. 25:31-46 The International Uniform Sunday School Lesson for May 27

JUDGMENT is a great word and a great idea in the Old and New Testaments. It is what marks the greatness of both Old Testament religion and New Testament religion, for there can be no greatness of religion where there are not high and exacting standards.

SURELY this is true in every sphere of honest life and labor. The artist does not wish to produce something cheap or worthless. He values judgment upon his work and he is anxious to satisfy the critics who know.

Every bale of American cotton entering trade channels in the cotton year 1934-35, must have a bale tag which the farmer may obtain either by surrendering his exemption certificate or by paying the tax. The amount of tax is determined by the tax in effect at the time the cotton is ginned regardless of when it is sold.
