

Italy Takes Warlike Pose About Oil Embargo

BULLDOGS TO PLAY IN LAST GAME TODAY

Word was received from Breckenridge Wednesday afternoon that the time of the Ranger-Breckenridge football game, to be played in Breckenridge today, had been changed from 2 o'clock to 2:30. The change was made in order that Ranger fans might have more time to get to the game after eating their Thanksgiving dinner.

The Bulldogs will be going into their last game of the most disastrous season in the history of the school with little hope of coming out with anything but a top-heavy score against them, as the Breckenridge Buckaroos have the most powerful team in a pitifully weak Oil Belt year, and are rated as favorites to cop the game with ease.

Probably the smallest crowd ever to witness a Ranger-Breckenridge game will be on hand, as the advance sale of tickets in Ranger indicates that but few of the Ranger fans will follow the team to the Dynamo City.

The Buckaroos, after a good rest since the Sweetwater game, in which the second team played a good part of the time, are reported to be in excellent shape, with all the regulars ready to go, and with the lack of teamwork and aggressiveness the Bulldogs have shown this season no one is conceding them even an outside chance of winning.

The Breckenridge Buckaroos, after their game with Ranger, will take on the Amarillo Sandies in a bi-district game at Breckenridge, provided all the dope is not upset and the Bulldogs win, and further, that the Sandies disposed of the Pampa Harvesters at Pampa today.

Colony Will Send Eleven Students to Texas Centennial

This is the plan by which the Colony school plans to send students to the Texas Centennial to be held in Dallas. Those receiving highest merit will be chosen.

In order to reward merit, cultivate good school citizenship, and promote in your school a knowledge of and a patriotic feeling for Texas, your school board will send eleven students to the Texas Centennial Exposition in Dallas in the summer of 1936. All expenses of this trip will be borne by the Colony School Board.

One student, and only one, will be selected from each grade. Method of Selection. The student in each grade having earned the greatest number of points according to the method described below will be the student selected from that grade. Students earn points by: 1—Attitude. Possible points 25. 2—A student with a perfect attitude throughout a six weeks period. (Continued on page 2)

Annual Red Cross Roll Call Proves To Be a Success

One of the most successful Red Cross membership campaigns held in Ranger for a number of years, came to a close Wednesday afternoon with a total of \$290.50 being turned in and about \$15 to \$20 more being expected later.

The drive for members this year was under the direction of Mrs. L. H. Flewelen, local chairman, who superintended the drive and also did part of the actual work.

The fact that Ranger people donated \$290.50 to the cause was regarded Wednesday as a fair indication that conditions are improving in Ranger, as this is the largest Red Cross roll call fund collected in several years.

Mrs. Flewelen Wednesday thanked everyone who aided in the solicitation, as it would have been impossible to make the drive the success it was without their help, she stated. Not only were those who gave their time and services thanked, but everyone who made a contribution to the fund, no matter how small, was also thanked.

The list of those who aided by contributing to the fund were:

Geo. Murphy, Susan Hunt, Ester Holyfield, E. A. Ringold, Mrs. Pete Jensen, R. C. Reynolds, H. M. Russell, Morris Leveille, Mildred Matthews, Mrs. J. A. Shaekelford, N. L. Gallagher, J. E. Lewis, Fenger Grocery, Montgomery Ward & Co., J. A. O'Neil, C. D. Woods, Alice D. True, Dr. A. K. Wier, Gentry Grocery, B. A. Tunnell, Southern Ice Co., Burton Lingo Co., Killingsworth Cox Co., L. H. Flewelen, Rev. L. B. Gray, Mrs. L. B. Gray, J. E. Meroney, Rev. G. W. Thomas, Mrs. A. H. Allison, Murrah Nolte, W. S. Adamson, Carl Jansing.

R. T. Walton, J. C. Powell, B. R. LaMance, L. S. Riehm, Mrs. A. Neill, W. W. Jarvis, Lucille Buchanan, D. Wesley, A. W. Warford, M. H. Denton, Mrs. Hal Hunter, H. H. Capps, Miss Gladys Pinson, E. T. Sealey, O. M. Moore, Mrs. Mae Healer Veltou Moser, P. O. Hatley, Dora Jane Baskin, Marguerite Adamson, Lola Eubank. (Continued on page 7)

L. H. Flewelen Is Declared Winner In City Election

At the regular meeting of the city commission, held Tuesday night, the ballots cast in the special city election were canvassed and L. H. Flewelen was officially named as the winner of the election. He is to take the oath of office next Monday morning, according to provisions of the city charter, and will begin his duties immediately after.

At the meeting the commission voted to return to the schedule of meeting each Tuesday night in the future because the pressure of business has become so great that semi-monthly meetings, which have been held for the past two years, are not enough to take care of the business of the commission.

It is believed that by meeting weekly one-hour meetings will be adequate to take care of all business, while under the present system the commission is often forced to stay in session until midnight to take care of matters up for action.

Dr. Wier Speaker At Rotary Meeting

John Tibbels had charge of the Rotary program Wednesday and introduced Dr. A. K. Wier, who spoke on the benefits boys derive from membership in the CCC camps under the New Deal setup. The doctor recently had opportunity to visit several of these camps and said that he was compelled after seeing the training and discipline the boys were getting to change from being a skeptic about the camps and now he is a booster for them. He told of the clothing the boys were allowed and the food that was served was much better than a large number of the young men received at home.

He also said the boys were men of high training and were given the very best of training not only in trades of some sort but were given the advantage of some special instruction in the schools sponsored by the camp.

PEACEFUL THANKSGIVING

Why U. S. Should Be Grateful—An Editorial by Bruce Catton

If any American today wonders why his country should observe its annual Thanksgiving Day with especial fervor, all he need do is face the east and take a quick glance at the state of Europe.

In hardly one country in Europe can the people look to the future with easy confidence. Over every prospect hangs the black cloud of war, ready to lash out with a civilization-destroying storm at a moment's notice.

The last war took a frightful toll in human life, in treasure, and in all the spiritual graces that make civilization worth treasuring. The next war will almost certainly take a greater toll. And Europe has the dark knowledge that that "next war" is nearer, now, than at any other time since 1918.

Contrast that with our own state—and you will discover that we in America are the most supremely lucky people of modern times.

For we alone, of all the great nations on earth, have it in our power to avoid this next war. It will call for intelligent leadership, national self-control, and a good deal of self-sacrifice, undoubtedly, if a general war does come in Europe; but it can be done if we really want to do it, and there is

where our luck lies.

The people of England, of France, of Germany, or of neighboring countries know that when a major war breaks out they will be in it whether they like it or not. The decision has passed out of their hands.

They are helpless in a current whose flow they cannot check. All are within easy striking distance of one another, and the complexities of modern life make their rulers follow courses in which a peaceful solution of their difficulties is almost impossible.

But for America, the Atlantic and the Pacific are still great moats. Our rich soil, our vast mineral deposits, our unrivalled factories, assure us of plenty even though traffic across these seas should cease. If worst comes to worst, we can bang down the portullis and live by ourselves.

The greatest of all blessings is the blessing of peace. We are at peace now and we can stay that way.

The best thing any American can do on this Thanksgiving Day is to return devout thanks to God for this profound blessing, and make a solemn vow in his heart that, in season and out of season, he as an American citizen will insist that the peace be made permanent.

Eleven to Receive Letters at Colony

Twelve men on the Colony football squad will receive letters this year. Coach Cecil Townsend, who has worked diligently with the boys this fall, has helped to develop them not only physically but mentally and morally as well.

Coach Townsend will present letters to the following men: G. D. Smith, Clifton King, Nugent Davis, Fred Moseley, Warford Moseley, Jack Stuard, Jack Alderson, Olan Barker, Loys Hammond, Dewey Brawner and William O'Shields.

Hoover Speaks On American Liberalism

SAN FRANCISCO, Calif., Nov. 27.—The principal task of America's present generation is to "keep America American" and the first social idea is free men and women, former President Herbert Hoover declared today in a talk sponsored by the Junior Chamber of Commerce.

Hoover pleaded for a return to real American liberalism, which "is not regimentation or repression and is never coercion by bureaucrats," and warned against important social philosophies of government.

Eastland Teacher To Speak Before Texas Musicians

Miss Wilda Drago of Eastland, one of the vice presidents of the Texas Music Teachers Association, left Wednesday for Corsicana for the twenty-second annual convention. The convention will be held Thursday, Friday and Saturday.

Miss Drago will speak at one of the sessions on "Benefits and Methods of Ensemble Training." She has been chosen as a judge in the violin department to serve with Erich Sorantin of Chicago, who will give a violin concert Friday night.

Former Rangerite Dies at Chicago

Word was received in Ranger Wednesday morning of the death of Mrs. G. H. Bohning at her home in Chicago. The decedent is a sister of the late John M. Gholson and has lived in Chicago for some time.

It is expected that the body will be shipped to Texas for burial, but details as to when the services will be held or where interment will have not been received.

MORE COUNTY ROAD PROJECTS ARE APPROVED

SAN ANTONIO, Nov. 27.—Works Progress Administration officials in Texas today authorized employment of 5,587 persons by ordering work to be started on 94 projects in the various districts.

Projects authorized today will be financed by WPA grants of \$1,422,811 and sponsors' pledges of \$320,619.

Largest grant made today was \$135,198 to Dallas county for malaria control. Drainage of swamps, ponds, and other breeding places of mosquitoes is contemplated. Permanent improvements are expected in the countywide program. Other malaria control grants were received by San Saba, Runnels, Milam, McCulloch, Lee, Gillespie, Galveston, Fayette, Travis, Bell, Brown, Burleson, Burnet, Caldwell, Coleman, Falls, Hays, and Williamson counties.

Largest farm-to-market road grant allotted today was \$133,303 to Taylor county. Grading, graveling and drainage structures will be realized on approximately 110 miles of county roads, bettering star mail routes and school bus routes.

Work projects authorized to date total \$28,124,169, anticipating employment of 116,715 persons from Texas relief rolls, Robert J. Smith, deputy state administrator, announced.

Projects authorized today, with WPA allotment, sponsor's pledge, and average number of persons to be taken from relief rolls, included:

Eastland County—Lateral road improvement and repair; federal funds, \$39,616; sponsor's pledge, \$5,759.50; workers, 172.

Farm-to-market road improvement and betterments of star mail routes and school bus routes; federal funds, \$18,605; sponsor's pledge, \$3,549.50; workers, 66.

JAPS BEGIN OCCUPATION OF NORTH CHINA

TIENTSIN, China, Nov. 28 (Thursday).—Japanese military occupation of points in North China was under way today.

Meantime the national government of China in Nanking continued defiant and some observers believed a new Sino-Japanese unofficial war was certain.

Unofficial reports indicated that about 15,000 soldiers of the Kwangtung army, as the Japanese army in China is called, had crossed the Great Wall from bases in Manchukuo and taken up positions on the North China plains.

A spokesman in Nanking said General Chiang Kai-shek and his government still was attempting to settle Sino-Japanese issues diplomatically, but was preparing for military action if diplomacy fails. That diplomacy will fail unless Nanking yields entirely to the Japanese suggestion the five North China provinces be autonomous and financially and economically independent, was believed certain. Nanking cannot yield without facing rebellion on the part of anti-Japanese population of the central province and hence must make a show of armed resistance.

Cotton Exemption Paper Distribution Schedule Mapped

Schedule of distribution of an additional allotment of tax exemption certificates for cotton producers was announced by the county agent's office Wednesday. The certificates were brought from College Station, extension service headquarters, by A. E. Arthur, assistant in cotton adjustment, this week.

Producers were to have received certificates Wednesday at Eastland. Other points: Cisco, Friday morning; Rising Star, Friday afternoon; Eastland, Saturday; Carbon, Monday morning; Gorman, Monday afternoon; Ranger, Tuesday morning.

Health Officer of State Says People Must Watch Health

AUSTIN, Nov. 27.—The first Thanksgiving Day was proclaimed for the purpose of giving thanks for the colonists' health that had allowed them to survive the first rigorous year in America. Dr. John W. Brown, state health officer, asks that citizens of Texas give thought to their own health at this season of the year.

Although we have experienced one of the longest depressions in history, the people have retained their health to a remarkable degree. Last year Texas was one of the few states to show a further decline in deaths among infants.

During the last 50 years health departments have been established for the purpose of preventing disease. While their activities have been hampered by a lack of funds, a great improvement in the general health has resulted. During this period the life of the average person has been increased by 15 years. In other words a baby born now is expected to live 15 years longer than if he had been born in 1885.

So let each give thanks for the methods that have helped in the conservation of life and, also, pledge to assist in furthering the work being done to improve health conditions throughout the nation.

SPEAKERS TALK ON FARM AID AT MEETING

Various agencies available for farm financing and rural rehabilitation work were explained at one of a series of meetings directed by A. F. Houston, regional federal debt adjustment specialist, in Eastland Wednesday.

Speakers at the meeting held in the county courtroom besides Houston were A. A. McMillan, extension economist; Lewis Rogers, Houston, general counsel for the Farm Credit administration, and Robert Fisher, Eastland, district supervisor for the Resettlement administration.

Houston stated that the purpose of the Farm-Debt Adjustment program is to assist in bringing about equitable adjustments in cases of distressed worthy debtors. Local committees also save the farmer long trips to state or district headquarters, he pointed out.

The meeting was attended by 60 persons, including rural rehabilitation committeemen, rural resettlement supervisor, conciliation commissioners, farm-debt adjustment committeemen, federal farm loan and production credit association representatives, county farm agents and vocational agricultural teachers, farmers and stockmen.

Intelligent use of farm credit was discussed by McMillan, who pointed out a number of errors which he said farmers can avoid with a little diligence and study.

He listed these: (1) By asking themselves, "how much credit can I use profitably, instead of how much credit can I get?" (2) By carefully budgeting the different credit needs and setting up a repayment plan. (3) By making advance payments in good years, to take care of adversities that are sure to come in the future.

"If farmers, as well as others, were more careful with their credit, they would be less likely to need our help," said McMillan, "and we must give them all the information we can on the use and abuse of credit."

"The Farm Credit administration is a permanent institution, designed to furnish farmers a financial lifeline." (Continued on page 2)

Doctor On Trial In Death of Women

LANCASTER, Eng., Nov. 27.—Testimony was given today at the murder trial of Dr. Buck Ruckston alleging he had threatened the lives of the two women he is accused of dismembering.

He is accused of dismembering the body of his wife and the nurse who cared for their three children and scattering their remains over a ravine.

ROME HINTS EMBARGO IS CAUSE OF WAR

Many Soldiers In Ethiopia Are Ready To Return To Italy If Necessary.

Italy struck a warlike pose Wednesday night to discourage the League of Nations shutting off supplies of oil, cotton and metal—necessities for war with Ethiopia.

Rome officials hinted Italy would regard such an embargo as cause for war, the official spokesman announced the furlough of 100,000 troops had been cancelled in view of the uncertainty created by reports of possibility of extension of sanctions.

It was reported white troops were being withdrawn from front lines in Ethiopia to bases where they could be returned to Italy on short notice.

It was understood in London the League "general staff" of 18 would meet Dec. 5 to vote an oil embargo. Such assurance reportedly was given the United States, which was annoyed at being "left out on a limb" by postponement of the League's action on oil. The United States "let off" oil sanctions by warning exporters to refrain from business with the warring nations.

It is doubtful if Mussolini would declare war on all nations refusing to sell him oil, cotton and metals, but such an embargo probably would cause Italy's withdrawal from the League of Nations.

WASHINGTON, Nov. 27.—Diplomatic secrecy veiled an apparent clash between Italy and the United States today over refusal to allow a cargo of oil to leave for Italy.

Italian Ambassador Augusto Rosso was believed in informed circles to have protested to Cordell Hull against the restraining order, since the purchase was arranged by Italian officials. But neither the embassy nor the state department would confirm the protest. One official said: "It is too delicate to discuss."

APPEALS COURT DISMISS CASE OF BIG SPRING

Suit of the City of Big Spring for a writ of mandamus against J. S. Garlington, Howard county judge, has been dismissed without prejudice by the Eleventh Court of Civil Appeals at Eastland.

Associate Justice Clyde Grisom's opinion held the court did not have jurisdiction.

"This court's authority to issue the writ is limited to a situation wherein there is a cause pending in a district or county court wherein the judge of said courts have authority to proceed to trial and judgment therein," said the opinion. "From the institution of condemnation proceedings and until after objection filed to the award of the commissioners there is no cause in the county court."

The appellate court held that the action of the county judge in appointing appraisers did not constitute acts of his court, but in doing "such acts he is performing ministerial duties required of him by the legislature."

The petition was filed after originally Judge Garlington had refused to appoint three special commissioners to appraise property inside the Big Spring city limits for damages which would occur by reason of Highway No. 1 passing through the property.

Evidence Heard In Poker Game Murder

DALLAS, Nov. 27.—Evidence relating to the "poker game" killing of Robert Williams last October was deliberated today by a jury in the trial of Jack Terry, Fort Worth.

Terry claimed the shooting of Williams was accidental.

State witnesses testified Williams was shot during the holdup of the poker game in the woods between Dallas and Denton.

Japan, At Least, Gains By Ethiopian War

Whether Signor Mussolini ever succeeds in getting his shoulder firmly under the white man's burden in Africa, he at least seems certain to give the Japanese a powerful boost in their drive across Asia.

This isn't at all what the Italian dictator set out to do, but the Japanese are great people for making hay while the sun shines; and the Italo-Ethiopian war constitutes, from the Japanese standpoint, one of the most noble outpourings of sunshine that has been seen since the World War.

The cables from China have been carrying significant little dispatches of late. Step by step, the Japanese have been edging forward in their plan to bite off another chunk of the world's most ancient nation.

The latest news is a flat prediction that a vast area of north China will go the way of Manchukuo within a month.

Now all this, as Nathaniel Peffer points out in the current issue of Asia Magazine, is a direct result of Mussolini's drive on Ethiopia.

The European nations don't want to see Japan subjugate China. Robbing the Chinese is a game traditionally reserved for whites. But Mussolini has given Europe something to think about much closer home.

The merry old game of robbing the African has always been a closed game, too, and when an outsider begins to muscle in on it, the players have no eyes for anything that may happen somewhere else.

This constitutes opportunity for Japan, and the Japanese have never yet been known to miss an opportunity when it was offered to them.

But the opportunity is even wider than that. Suppose that the league does finally work out a peaceful solution of the Ethiopian tangle. Every suggestion yet made for such a solution calls for the surrender by Ethiopia to Italy of much wealth in the way of land and resources.

The holdup, in other words, is to be stopped by having the victim hand over his watch and half of his bankroll, anyway.

The moral lesson in any such settlement as that would never be lost on Tokio. It would be definite proof that the way for a needy nation to get what it wants is to take a couple of hand grenades and go calling on the fellow across the street.

Obviously, if an aggressor is to be bought off by a tender of the loot he was after in the first place, the effort to restrain international banditry has collapsed utterly.

Mussolini may never conquer the Ethiopians, but he is making Japanese conquest of China a great deal easier and more certain. And Mr. Peffer, veteran observer of Oriental trends, remarks dryly:

"If I were a Japanese general, I should light incense before the Duce's portrait in one of the more furioso sentiments he loves so well."

About the only thing the public can gather from the highly retouched communiques from the front is that the Ethalians are hurling back the Italiopians.

Noted Philadelphia author speaks on "Why do we laugh?" If he refers to radio jokes, we'll bite.

LOYALS ROUT REBEL TROOPS IN ARGENTINE

By BYRON TAVES

United Press Staff Correspondent RIO DE JANEIRO (By Telephone to New York), Nov. 27.—From the top of a cliff on Sugar Loaf Mountain, I watched federal troops blast rebellious soldiers from the barracks today with artillery, machine guns and bombs. The residential section was turned into a battlefield as troops deployed to shelter, opening with rifle fire from sheltered positions. Reinforcements could be observed winding around the mountain, partly obscured by mist. Where I stood aboy had been killed shortly before, shot through the head by a stray bullet.

Residents of the suburb of Urta scurried through the streets for shelter, some carrying their most valuable possessions.

Others occupied vantage points on the side of the mountain or on the waterfront across the bay.

The fighting was vicious. The noise of machine gun and rifle fire was interspersed with heavier reports from artillery and airplane bombs.

The artillery proved most effective in reducing the barracks to ruins. Machine guns were placed under the trees in the wide street across the street from the barracks and the building was soon enveloped in flames, which obscured the scene.

Infantrymen advanced from the fortress at the end of the narrow peninsula. They sealed the foothills and raked the rebel stronghold with machine gun and rifle fire.

RIO DE JANEIRO, Nov. 27.—The widespread rebellion against the government of President Gutierrez Vargas appeared tonight to have been crushed following bloody fighting in this city in which from 100 to 250 soldiers were killed.

ROOSEVELT TO ASK FOR ONLY BILLION FUND

By United Press

WASHINGTON, Nov. 27.—President Roosevelt will ask congress to appropriate only \$1,000,000,000 at the next session for relief of unemployed for the next year, it was announced today by Senator Buchanan, chairman of the house appropriations committee.

The statement was made on his return here from a Warm Springs conference with the president.

Senator Buchanan, who will steer the bills through congress, said he will:

1. Attempt to balance the ordinary budget.
2. Continue CCC camps.
3. Accept a \$500,000,000 appropriation for public works.
4. Oppose new funds for unemployed except on a direct relief basis.

Buchanan said he hoped the next budget can be held to around \$5,000,000,000. He hoped only half the \$4,000,000,000 for relief will have been spent this year.

He said he thought the only danger to balancing the budget will be the question of the soldiers' bonus. His remarks on the bonus followed by only a few hours a statement by Henry Morgenthau, secretary of the treasury, that "the bonus situation is unchanged."

b. Miss Wilkinson, Miss Hayes, Mr. Johnston and Mr. Smith will meet and determine the number of points each student in the seventh grade and high school shall receive for attitude. Miss Williams, Miss Waters and Mr. Townsend will determine the number of points for attitude in their respective rooms.

c. Under attitude are included: application to school work; attitude toward teachers and fellow students; responsiveness of the students to suggestions and requests of teachers in class, on the playground, and buses.

2. Academic. Possible points 30.

a. The report card grades (exclusive of citizenship and attitude) will be averaged.

b. For every unit above 70 in the resultant average the student will receive one point.

c. Example: John Doe has an A minus, a B plus and a 0 on his card. His average is 84 1-4. He receives (84 1-4 - 70) or 14 1-4 points.

3. Citizenship. Possible points 15.

a. For every unit above 80 in a student's grade, he will receive one point.

b. Example: John Doe has a department grade of B, or 85. He receives (85 - 80) or 5 points for citizenship.

4. Attendance. Possible points 10.

a. A student will receive 1-3 of a point for each day of perfect attendance.

b. Example: John Doe has been neither absent nor tardy on 24 school days in the six weeks. He receives (24 x 1-3) or 8 points for attendance.

Extra Curricular. Possible points, intermediate.

1. A student will receive two points each six weeks that he is an active member of a club. If, as is true in the 4H club, the club conducts county wide contests, a student will receive an additional 5 points for representing the school, an additional 10, 8 or 6 points for winning first, second or third place in the county contest.

2. A student will receive two points each six weeks that he makes an honest effort to win the right to represent the school in a literary event or on an athletic team, and an additional 10, 8 or 6 points if he or his team wins first, second, or third place in the

Scientist Church Arranges Program For Thanksgiving

The Eastland Church of Christ, Scientist, will hold a Thanksgiving service today to which the public has been cordially invited. This service includes the reading of a lesson-sermon, the topic of which is "Thanksgiving," as well as an opportunity for the individual members of the congregation to express their gratitude for the blessings which have come to them during the past year.

The Golden Text is: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50:14).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Behold, God is mighty, and desiseth not any; he is mighty in strength and wisdom... He delivereth the poor in his affliction, and openeth their ears in oppression. Even so would He have removed thee out of the strait into a broad place, where there is no straitness; and that which should be set on thy table should be full of fatness" (Job 36:5, 15, 16).

The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In the scientific relation of God to man, we find that whatever blesses one blesses all, as Jesus showed with the loaves and the fishes, spirit, not matter, being the source of supply." (page 206).

Mrs. Victor Ginn will be presented in special songs at the Eastland church.

county contest. Points for participation in district, regional and state contests will be granted on the same basis; that is, 5 points for representing the school and additional points, 10, 8 or 6 for winning first, second or third place, respectively.

3. A student will receive five points for participation in any school program or play, exclusive of chapel programs.

Franklin Denies London Is Pushed By Standard Oil

OKLAHOMA CITY, Nov. 27.—Wirt Franklin, founder of the Independent Petroleum Association of America, today called absurd a reported charge Gov. Alf Landon of Kansas is a Standard Oil Company candidate for president.

The statement was accredited to Smith Brookhart, former United States senator from Iowa, in a New York interview.

"The statement by Mr. Brookhart is as erroneous as the Harry Hopkins misstatements of the Kansas relief situation," he said.

"Anyone who knows the private and business life of Alf Landon as I do knows the absurdity of the statement he is controlled or swayed by the Standard or any other interests."

Mav Team Leaves For Angelo Tilt

Coach Johnny Kitchen and the Maverick squad left Eastland Wednesday morning for San Angelo, where they will play the Bobcats this afternoon at 2 o'clock.

One position on the Maverick team was to be assigned from the reserves. Two ends, Pete Garrison and Truman Brown, sustained injuries last week that will keep them out of today's game.

It was reported Brown, who has been out the major part of the season because of an operation, sustained broken rib injuries in the game against Abilene last week.

The Eastland team, though confident, was aware that it was to meet one of the most dangerous high school grid machines in West Texas.

 nancing medium which will serve their regular needs—investment credit, intermediate credit, production credit, and to foster orderly marketing," Rogers stated. "One of the special benefit features to be derived from this program will be that of enabling the farmers to hold crops until seasonable market fluctuations have passed," he said. It is not at all uncommon for prices to advance sharply after a few weeks of the rush season, and good seed often increases 100 per cent in value between harvesting and planting seasons, he pointed out.

In explaining the functions and branches of the resettlement administration, Mr. Fisher said that any farmer who is a good character risk, but is unable to secure financial backing from any other source, is eligible for a loan through the resettlement program. "Of course, with the limited funds available, we cannot make loans to every farmer who may come under this classification, but we are going to stretch the money as far as we can," he said.

IT WORKED FOR ME

Women should take only liquid laxatives

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation. Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use liquid laxatives, and keep reducing the dose until the bowels need no help at all. Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin. Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes biliousness due to constipation, your money back.

Texas Wonders If Rangers Are Going To Become Softies

By ROBERT WEAR United Press Staff Correspondent DALLAS, Nov. 27.—Texas is watching an experiment now and wondering—are the Texas rangers "going soft?"

For more than a hundred years they have been Texas' final answer to desperadoes, to all who oppose law and order.

Now they are merged into the Texas Department of Public Safety—a modern contrivance with radio connections, fingerprint experts and sub-machine guns.

The public safety commission is trying to fit rangers into the picture.

"He didn't fit," was the cryptic explanation of Albert Sidney Johnson, chairman of the commission, when the towering Captain Tom Hickman was given his walking papers a few weeks ago.

Hickman's dismissal set off a bombshell of political repercussions and argument in the legislature. His name was practically synonymous in the public mind with "Texas Ranger." But Hickman had made a "water haul" raid on a notorious dining desert without finding gambling in progress there. He blamed a "tip-off" and made no further explanation, leaving for a deer hunting trip in the mountains of Southwest Texas.

As Hickman went out, a grand jury in Fort Worth still was investigating a raid on the same resort, made a few nights later by two other rangers. The names they obtained from guests at the resort proved to be fictitious. Capt. L. G. Phares, director of the safety department, fumed. Hickman's friends took comfort in the situation.

"Bunch of swivel-chair jobnies," they labeled the safety department.

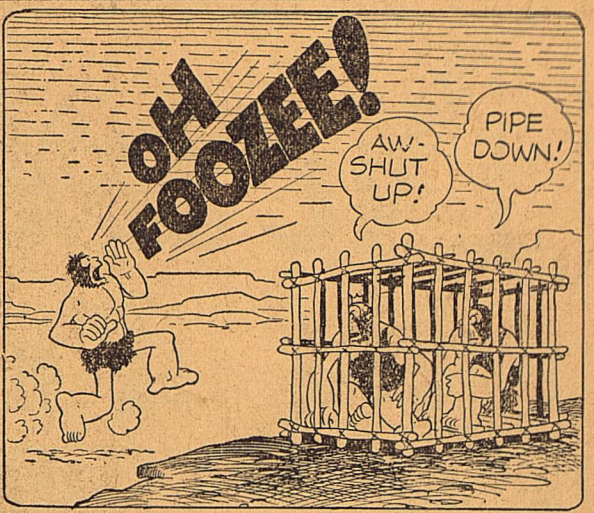

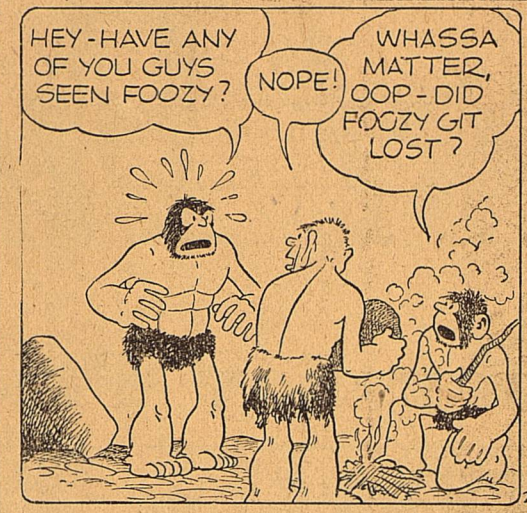

Hickman's clean-up of the East Texas oil field during its boom days, in 1930, was cited as proof of the old-time ranger's ability to cope with modern conditions. Tom put aside his high-heeled boots, big sombrero and called on "bright spots" in Longview, Kilgore, Glade-water and Overton, attired in the horn-rimmed spectacles, checked suit and spats of a typical eastern "tenderfoot." The trick worked. He took so many prisoners an abandoned Methodist church in Kilgore was pressed into use as a makeshift jail.

Similarly, when Clyde Barrow and Bonnie Parker, his machine-gun sweetheart, had terrorized the entire Southwest for several years and officers apparently were helpless, former Ranger Captain Frank Hamer was employed to track them down and kill them in a Louisiana by-road through the pines.

Hickman and Hamer and their fellows had carried on the rangers' "two-gun" tradition for years, through cattle rustling days on the Texas-Mexico border in the moun-

tainous Big Bend section; long-shore troubles in Galveston; and during the martial law period in Borger, Panhandle oil town where District Attorney John A. Holmes had been assassinated.

"We're not tough—just rough," Hickman once remarked to a gambling game operator as the big ranger captain smashed a dice table with an ax.

In the meantime, Hickman married, toured Europe on his honeymoon in appearances at rodeos with the Cowboy Band of Hardin-Simmons University of Abilene.

Hickman's hair is turning gray and the state safety department has decided he doesn't fit. Texans are wondering—are the rangers through?

Only a few months ago, Gov. James V. Allred called the ax-swinging rangers into service to break up gambling and liquor selling establishments in Galveston, Houston and other cities.

Hickman was credited with halting a run of bank robberies by a spectacular gun fight on the streets of Clarksville in 1926 when one robber was killed and another wounded. The \$30,000 the robbers had in a suitcase was recovered. The bankers' association there with decided to put a price of \$5,000 on the head of each dead bank robber.

Hickman, now 49, grew up on the Texas-Oklahoma border, just south of the Indian Territory. He spent his boyhood working with cattle in Texas and among the Chickasaw, Choctaw and Comanche Indian nations. He entered the Texas ranger service as a private in 1919, was assigned to duty on the Mexican border and soon won the rank of captain. He served until 1933, when the incoming administration of Gov. Miriam A. Ferguson failed to re-appoint him. When Governor Allred succeeded Mrs. Ferguson in 1935, however, Hickman was restored to the ranger force.

Marx Bros. Star In "Night at the Opera" Three Marx-ed men have been trailed by the chuckles coming from the Arcadia Theatre. They

are the Marx Brothers—Groucho, Chico and Harpo—who are accused of inciting a laugh riot with their new Metro-Goldwyn-Mayer picture, "A Night at the Opera." And it is a riot in every sense—the funniest picture yet turned out by those Merry Madmen. You'll howl at their humorous and crazy antics from the time they leave Italy until they go into the grand opera business in New York city. There isn't a dull moment!

But uproarious comedy isn't all. For the first time the Marxes really have a story and a first class romance with two brilliant singers, Kitty Carlisle and Allan Jones, singing grand opera that is as thrilling as the comedy is funny.

The Marx Brothers have not only surrounded themselves with their funniest story, but with an exceptional cast, which includes such favorites as Walter King, Siegfried Rumann, Margaret Dumont, Edward Keane and Robert Emmett O'Connor.

Sam Wood directed the picture, which was written by George S. Kaufman and Morrie Ryskind. Kaufman was the author of "Coconuts," and again has outdone himself in producing a sparkling comedy for the three Merry Madcaps.

The picture is first class entertainment for every age, but don't go unless you plan to laugh until you roll in the aisles. It's that kind of a picture.

"Waiting Woman" Mystery Is Solved

By United Press

EL PASO, Tex.—The mystery of El Paso's "waiting woman" has been solved, after 17 years of curiosity on the part of railroad attendants.

Almost daily, for 17 years, Mrs. Refugio Flores has met the trains. A tiny figure in ragged coat, she would arrive in the morning, before the Golden State and Sunset Limiteds of the Southern Pacific Lines rolled in. She would remain until late at night.

As the trains would come puffing in, the little woman would peer eagerly through the gates at the stream of travelers alighting and departing.

The "investigations" of station ticket agents and welfare workers shed no light on the aged woman's mystery until she ended her long silence several days ago.

There had been speculation that she might be waiting, waiting, for a son who was killed in the World War, or a long-absent sweetheart or husband.

"I have never had any children" she finally confided. "I'm a widow and do washing and ironing for a living."

"Why do I come here? Because I like to watch the trains. I know my own business. I don't bother anyone."

Barber Claims 65-Year Record

NORTHELD, Minn.—At the age of 77, H. Telford Budd believes he has clipped his way to the deanship of Northwest barbers and perhaps has sheared a few world's records as well.

Recently Budd completed his 65th year of barbering. He declares he has spent more time on his feet than any other barber in

the world. His schedule of work for more than 30 years was from 7 a. m. to 9 p. m. and to 11 p. m. on Saturdays. On Sundays he worked from 7 a. m. to noon.

In all of his 65 years of work Budd has never lost three successive Saturdays from his chair.

One April approximately 35 years ago Budd had a special rate of 10 cents for a haircut. He hung up a record of 668 haircuts and something like 1,500 shaves during the month with the help of only one assistant.

LINCOLN, England.—The only Roman town Gate still in use in England is the Newport Arch here, which archaeologists believe was built between 50 B. C. and 50 A. D. Besides the main arch is a smaller one, formerly used as a "needle's eye" to admit people after the main gate closed at dusk

Tourists Seeking Road to the West

By United Press
SACRAMENTO, Calif.—Migration of tourists and unemployed to California has increased so much during the past several months that authorities are undecided whether the heavy flow is the result of returning prosperity or just further evidence that people would rather starve in sunshine than in snow.

State officials in the department of motor vehicles insist it is a sign of improved conditions. While a year ago they blamed the increase on Upton Sinclair, Epic Democratic candidate for governor, because of the publicity given his "production for use" plan to relieve unemployment, this year they labeled it a prosperous tourist crop.

Non-resident permits were issued for 111,843 vehicles during the first eight months of this year, compared with only 61,444 during the corresponding period of 1934, when "hordes of unemployed" were supposed to be pouring into the state in answer to Sinclair's promise to end poverty.

During the entire 12 months of 1934, only 98,256 permits were issued.

I CAN put vegetables on the table but I can't make my men-folks eat them until I resort to some neat tricks of our home-making trade.

The good old standbys known as the root vegetables seem to need an especial lot of dressing up to make them go over.

Parsnips never were very well received until I tried making them into little flat cakes and crowning them in butter.

Parsnip Patties
Four or five good sized parsnips, 1 egg, 1 cup cracker crumbs. Scrub parsnips and cook in boiling salted water until tender. Drain, scrape and mash. Add cracker crumbs and egg well beaten. Mix well and form into round flat cakes. Brown first on one side and then on the other in melted butter or bacon fat in a frying pan. Serve with a garnish of crisp parsley.

These patties are a delicious vegetable to serve with fricasseed chicken, veal pot roast or steamed fish with egg sauce.

Then there's turnips. I never liked them myself until my small son had a bumper crop in his garden (they're one of the easiest vegetables to raise) and after all his weeding and hoeing it didn't seem fair not to use them. Diced turnips in a mock Hollandaise sauce are very good. Peel the turnips and cut them in neat dice. Cook, uncovered, in boiling salted water until tender. Drain thoroughly and serve in the following sauce:

Mock Hollandaise Sauce

Baked Beets
Three cups sliced par-boiled beets, 2 tablespoons butter, 2 tablespoons sugar, 1 lemon, 1-2 cup raisins, 1-2 teaspoon salt. Scrub beets and boil about an hour. Drain and dip in cold water. Slip off skins and cut in slices. Arrange in a buttered baking dish. Sprinkle with sugar and salt and dot with bits of butter. Sprinkle over raisins, grated rind and juice of lemon. Cover and bake thirty minutes in a moderate oven (375 degrees F.).

THANK YOU, AMERICA,

for more than a Million cars in 1935

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new

1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.

Thanksgiving Program At P. T. A. Attended By Appreciative Audience

Holding their usual twice a month meeting, the Parent-Teacher association of Hodges Oak Park School met Tuesday afternoon with their president, Mrs. E. R. Green, presiding over a program especially arranged for the Thanksgiving holiday.

Mrs. O. G. Lanier, delegate to the Texas Congress of Parents and Teachers' convention held at El Paso, offered her report which was most complete and very inspirational. Added remarks regarding the successful three-day convention program were given by Mrs. J. S. Reynolds, her chief topic, "Safety in Driving."

A brief business session brought the election of Mrs. L. E. White as first vice president, succeeding Mrs. E. K. Smith, who recently tendered her resignation. Mrs. White comes to the association as a member familiar with P. T. A. work, having been active in the association during her residence at Abilene.

A Thanksgiving program contributed by pupils of Misses Lillian Strain, Ruth Shirley, Mary Edlo Davenport, Marguerite Adamson, Dora Baskin, Eubanks, Moers, and Mrs. H. H. Durham, was a delightful feature, presided over by Miss Shirley.

Drawing the pleasant meeting to a close a cup of spiced tea, sandwiches, and cookies were served by Misses D. W. Nichol and Mrs. L. E. White, to one of the largest audiences to have attended a program this season.

Autumn Color Note Used in Decorations

The home of Mrs. E. L. Martin was prettily decorated in an autumn color note Tuesday when she and her co-hostess, Mrs. O. M. Lemon, entertained honoring the Ruth Class of the Central Baptist Church.

The living and dining rooms reflected tones of the autumn motif in clusters of leaves and a profusion of chrysanthemums.

Luncheon tables carried harmonizing appointments, where a delicious luncheon plate was served.

Mrs. R. A. Williams, class president, presided over the business meeting and roll call was responded to by Bible verses. The devotional was given by Mrs. F. R. King.

Eighty visits, 18 telephone calls and eight cards were reported sent during the past month by the personal service committee.

Mrs. C. C. Cash and Mrs. Leta Cox were elected group captains to serve for two months.

The class is to be entertained with a Christmas party at the home of Mrs. J. B. Houghton, the third Tuesday in December.

Present were Misses A. L. Murrell, George Rogers, L. L. Bruce, C. D. Coe, C. N. Deaton, H. S. Packwood, R. H. Snyder, J. W. McKinney, Randall Blackmond, Gordon Alexander, Leta Cox, E. V. Ingram, C. C. Cash, H. H. Stephens, J. B. Houghton, Dan Neville, J. E. Ogg, Odell Cole, H. E. Barney, W. B. Emfinger, and F. R. King.

Pay Honor to Seventy-Fourth Birthdays

Mr. and Mrs. W. E. Davis of Mingus, formerly of Ranger, entertained with a delightful dinner party at their Mingus home recently, which paid honor to the seventy-fourth birthdays of Mrs. Davis, father, and uncle, Brantley Redus.

One long table laid in attractive linen was centered with a large cake, bearing the inscription in pastel colorings, "Happy Birthday." The dinner menu consisted

Covers were laid for the guests of honor, W. H. Minyard, Mr. and Mrs. Brantley Redus, Mr. and Mrs. J. E. Minyard and daughters, Joy Lee and Ina Fay, Mr. and Mrs. Davis and son, Eugene, Mr. and Mrs. Rollie Kenney and children, and Venice Bandy of Mingus, Mr. and Mrs. Brantley Minyard, Misses Thelma Morene, Doris Minyard, Paul Davis, Vera Kenney, Pauline Cook, Paul Cook, Bertha Osborn, of Fort Worth, Mr. and Mrs. Hatley Dean, of Ranger, and Mr. and Mrs. Mitchell Minyard and son, Bill, of Snyder, and V. B. Minyard and daughter, Estelle, of Ixey.

Home for Holiday

Misses Myrtle Lucile Mills and Jane Dreinhofer, students at C. I. A., Denton, are spending the holiday at the homes of their parents, Mr. and Mrs. E. H. Mills, Oddie street, and Mr. and Mrs. Fred Dreinhofer, Breckenridge highway.

Honored

Mr. and Mrs. C. L. McLaughlin acted as pleasing hosts at their First street home Tuesday evening when they entertained with a dinner party honoring Ralph Karns on his birthday. Vari-colored chrysanthemums lent added charm to the rooms where "42" was played after dinner.

Miss Inez Pounds was winner of high score for the lady guests while W. C. Wall made high and R. C. Stidham low.

Party members named Mr. and Mrs. W. C. Wall, Mr. and Mrs. R. C. Stidham, Mrs. H. V. Stokes, Homer Wright, Davis Nichols, Miss Inez Pounds, and honor guest, Ralph Karns, and host and hostess, Mr. and Mrs. McLaughlin.

Art Exhibit to Be Held Dec. 9 to 16

Mrs. Paul Taylor, art instructor of Ranger, has completed plans for an art exhibit to be held from Dec 9 to 16, in the building formerly occupied by the Wagner book store.

Attractive paintings are to be included among the choice selections and the public is extended an invitation to visit the exhibit.

Visit Fort Worth Friends

Mr. and Mrs. J. E. Brady, Strawn road, visited this week with friends at Fort Worth, among whom were Mr. and Mrs. Jimmie Gallaher and Mrs. Ora McAdams.

Going to Breckenridge?

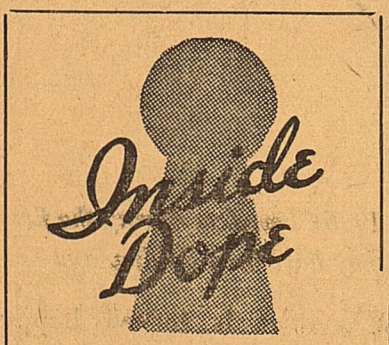

Members of the Ranger High School pep squad are interested in those who plan to attend the Ranger-Breckenridge game this afternoon. Anyone from here who would extend members of the squad the courtesy of riding over are asked to get in touch with Mrs. Mae Healer.

Mr. and Mrs. Dean Pulley Announce Arrival of Daughter

Mr. and Mrs. Dean Pulley are happy to announce the arrival of an eight-pound daughter, who arrived at the West Texas Clinic and Hospital Wednesday morning, Nov. 27. Mother and baby are doing nicely.

Business Visit to Dallas

Felton Brashier, member of the Ranger Furniture Company, paid a visit to Dallas Wednesday in the interest of his company.

Miss June Ann Gregoliet, who attends Our Lady of Victory at Fort Worth, is spending the holiday and week-end with her parents, Mr. and Mrs. E. A. Gregoliet, at home Gholson Hotel.

Trolley Tavern to Have a Floor Show

Announcement was made today that a floor show would be staged at Trolley Tavern, on the Eastland highway, just inside the city limits, in connection with a dance that is to be held there.

A cover charge of \$1 will be made and the floor show will be free of charge, and will feature Thomas, the magician.

Production More Than Year in The Making Hailed As Greatest Sea Drama Ever Filmed

The most thrilling adventure of the Eighteenth Century now becomes the greatest adventure of the Twentieth Century.

If the motion picture camera had been in practical use 150 years ago, no more authentic nor thrilling record of the amazing exploits of H.M.S. Bounty and the historical mutiny could have been recorded than will be seen in Metro-Goldwyn-Mayer's saga of the seas, "Mutiny on the Bounty," which opens at the Arcadia Theatre Saturday and Sunday.

The magic of a modern storytelling art, born of light and mechanical genius will take the world on that heart-stirring voyage.

Adventure loving men again lived the perils of angry seas... the silent suffering of tyranny... the heartbreak of loneliness to recreate this immortal struggle of a handful of mutineers.

Director Frank Lloyd and an intrepid crew of screen workmen sailed the storm-ridden South Seas over the same dangerous route sailed by H.M.S. Bounty, to get Absolutely authentic scenes for this new Irving G. Thalberg attraction.

Pacific coast shipbuilders, using the original plans of the Bounty, constructed an absolute replica of the picturesque mutiny ship used in the picture.

Months were spent in selecting the cast.

Charles Laughton surpasses all his other masterful performances as the tyrannical disciplinarian, the cruel but dauntless Captain Bligh. Clark Gable portrays Fletcher Christian, the young officer who leads the mutiny. Franchot Tone enacts the part of Midshipman Byam who supports Gable's insurrection.

In addition to the native girls, Maria and Mamo, featured roles in "Mutiny on the Bounty" are played by Herbert Mundin, Eddie Quillan, Dudley Digges, Donald Crisp, Henry Stephenson, Francis Lister and Spring Byington, with hundreds of supporting players appearing in the production's many spectacular sequences.

Legion Meeting Is Postponed a Week
