RANGER, TEXAS 76470 — SUNDAY, MARCH 5, 1967

NUMBER 60

## TIMES town talk

NEWS • NOTES • BRIEFS

MANY HAPPY RETURNS to the following Rangerites who will be celebrating birthdays this week.

Sunday - Robert Cherry.

Monday - Mrs. W. P. Watkins, Enerio Vasquez.

Tuesday - George Robin-

son, Donna Nail.

Thursday - Mike Neth, G. F. Beck, Janie Kay Clark, Mary Frances Coppe, Alma Quinn.

Friday - H. D. Hamilton, Mamie Ramsey.

Saturday - Donna Johnston, Herman Cupp, Wayne Ross, Frances Worden.

CONGRATULATIONS to these couples who will observe wedding anniversaries during the coming week:

Sunday, March 5 - Mr. and Mrs. Emery Ford, Mr. and Mrs. W. L. Dawson.

Tuesday, March 7 - Mr. and Mrs. Bill J. Collings.

REAL KITTEENISH - remark of James David Johnson of Mesquite in telephone conversation with his grandmother, Mrs. J. D. Johnson. He said: "Grandmother, I've got five little kittens and they sure do love me!"

Kittens make adorable pets and another advantage - they are so plentiful! One prominent Ranger couple is attempting to take orders for future delivery (they are of the Heinz variety and free for the taking) and it is predicted that the supply will far exceed the demand.

GREATLY APPRECIATED by patrons of Commercial State Bank - the soft music that falls on one's ears as one enters the building. It should help break the monotony of standing in the rear of a long line waiting to ask for a loan. Seriously, many fine comments have been heard by those who like to "face the music."

Busy day for the photographer at Ben Franklin's on Wednesday. Best customers were mothers of small children who took advantage of the opportunity to add to the contents of their billfolds... Which reminds us our city could well use a competent photographer, couldn't it?

NO VISITORS at Lions Club luncheon on Thursday, but 20 enthusiastic members discussed items of business that included sending a child to the crippled Children's Camp. Anyone knowing of children who need the advantage of such an experience may contact a member of the club.

### EASTSIDE BAPTIST

The Women's Missionary Union of Eastside Baptist Church will observe the Mary Hill Davis Week of Prayer for State Missions, March 5-11. Highlight of the week will be an all-day program at the church, beginning at 10 a.m. Tuesday, March 7.

## A Label Doesn't Make It A Real Stradivarius

Despite the fact that there are only 540 Stradivarius violins recorded, Rubinoff says that he receives hundreds of telephone calls, telegrams, and letters from excited people all over the world telling him that they have just discovered in their attics a violin just like his. Some go on to say, that their find has been in the family for 150 years, while others will state that the label has the same date as his. Although Rubinoff knows differently, he finds

## Rangers Play Amarillo In Finals Sat.

RJC Ranger basketball team won their first two games to advance to the Region V Junior College tournament finals in Amarillo. Thursday night they defeated Clarendon Junior College 65-48 and Friday night they cracked Odessa 80-75.

Leading scorers for the Clarendon game were Jimmes McCloud with 16 and Bob Spivey with 12.

Against Odessa it was big Ulric Cobb leading the way with 25 points.

If the Rangers can beat Amarillo Junior College Saturday night they will go to the national tournament.

## Tarleton State Defeats Rangers In Scrimmage

Coach Jack Allen's 1967 RJC Rangers baseball team played its first scrimmage game of the season Tuesday afternoon against Tarleton State College in Stephenville.

The Texans racked up a 5-3 victory over the Rangers. The Rangers attempting to stop the Tarleton squad, displayed good solid hitting ability.

The nine inning clash was the first of 25 games listed on the Rangers spring schedule. They will again clash with the Tarleton diamond crew Friday afternoon in Stephenville at 3 p.m.

Rev. and Mrs. Chas. J. Bush, Rev. and Mrs. Avery Sullivan and Mmes. Eva Orms, J. B. Baker, J. B. Houghton and W. A. Reuwer were in Cisco Monday evening to attend Baptist Associational Rally.

## Progress Report On UofTs Given Exes At Annual Reunion

Oil Belt Ex-Students of the University of Texas heard a report on the progress of the main university and the eight unit university system as the highlight of the program at their annual Texas Independence Day reunion Thursday night at the Victor Hotel in Cisco.

Charles H. Sparenburg, comptroller of the university system, was the program speaker. He was presented by Judge Scott Bailey of Cisco, who was the master of ceremonies and the retiring president of the association.

Howard Swanson of Breckenridge was selected as president for the coming year and the association accepted an invitation to hold its 1968 reunion in Breckenridge. Chauncy Thompson of Breckenridge was elected secretary.

Vice presidents were named as follows: Dr. Luther Gohlike, Ranger; Virgil Seaberry, Eastland; T. C. Williams, Cisco; Carl Hartt, Mineral Wells; Bill Dennard, Rising Star; James Paul Shanks, Baird; Bob Green, Albany; and Calvin Stoner, Gordon.

## Cupp and Ogden Attend Seminar At Texas A&M

COLLEGE STATION—Two Ranger residents are among 60 participants in a three-day school at Texas A&M for emergency care and transportation of the sick and injured.

They include Herman Cupp, Ranger's Killingsworth Funeral Home director, and B.J. Ogden, a Killingsworth Funeral Home employee.

Cupp and Ogden also earned basic first aid certificates in a 10-hour special course Monday and Tuesday at A&M Memorial Student Center.

The emergency care and transportation of the sick and injured course ends Friday. Participants are instructed by experts from the medical profession and the Red Cross.

Among the topics are resuscitation procedures, rescue breathing, emergency driving, surgical emergencies, ambulance crew assignments, and importance and limitations of immediate care.

The Fireman's Training School of A&M's Engineering Extension Service is hosting the school.

## First Baptist Church To Hear State Chaplain

Avery G. Timmons, chaplain of Ellis Unit of Huntsville State Prison, will be guest speaker during the evening worship hour at First Baptist Church on Sunday, March 5.

A personal friend of Pastor and Mrs. Avery Sullivan, he comes on invitation of the Woman's Missionary Union which will observe the Mary Hill Davis Week of Prayer for State Missions with daily services Monday through Friday.

Supported by the Baptist General Convention of Texas through the Human Welfare Commission, he is the only full-time chaplain on the Ellis Unit, a maximum security unit for recidivists who have been classified as incorrigible. His ministry to the approximately 1,600 inmates consists of planning and directing all religious activities, personal counseling with inmates and their families, delivering death messages, directing group therapy and individual counseling with death row inmates located on Ellis Unit.

The secret of violin-making - violin makers, even chemists, and acoustical engineers, have taken Stradivari's instruments apart to see what makes them so good. One theory is that the unusually lustrous and transparent varnish Stradivari used had something to do with the "Strad" tone. But Antonio Stradivari's secret, like his grave, is still undiscovered. Where those bones are today, and what makes a Strad, a Strad, nobody knows.

Those who hear Rubinoff when he appears in Ranger on March 15, will thrill at the lustrous tones of his world famous Violin. Made in 1731, by the Master Stradivari, this fine instrument still bears the bejeweled crest of that famous family. During the revolution, it was smuggled out of Russia and eventually purchased by Mr. Rubinoff. This precious treasure is insured for \$100,000. Everyone in Ranger should hear Mr. Rubinoff play his fabulous Strad.

## Rotarians Plan Joint Meeting

Ranger Rotarians viewed a film of important events of 1966, shown by program chairman Bill Collings during their luncheon meeting on Wednesday.

President L. R. Gohlike conducted the business meeting. It was announced that on Thursday, March 23, clubs of Breckenridge, Ranger, Eastland and Cisco will meet at Lone Cedar Country Club for lunch with the Cisco club bringing the program and the Ranger club in charge of arrangements.

She was assisted by Mr. Ruth Knight, also of the Abilene administrative teaching center.

Mrs. Phillips is a former resident of Ranger when her husband, now deceased, was pastor of the First Baptist Church.

Luncheon Guests

Fran Conater, Vickie Cope-

land, Butch Waybourn, Paula Turner, Kenneth Turner, Richard Lawson, James Van

Staver and Mrs. Francis

Watkins, students and their

sponsor of South Plains Col-

lege in Levelland, were lun-

cheon guests of Mr. and Mrs.

Albert Hise on Thursday.

The group was enroute to Dallas to attend a meeting of the Student Education Association. Van Staver is a

grandson of Mr. and Mrs.

Hise.

Mr. Sparenberg told the exes that the UofTs enrollment has increased to 27,345 this year and that this student body is made up of people who are mostly in the top one-fourth of their high school graduating classes. The UofT system, he added, enrolls more than 43,000 students.

The speaker said the system has nearly half a billion dollars in endowments that are yielding some four percent for the school. Investments are in U. S. and state bonds and blue chip stocks. The value of the system's buildings has increased to \$268 million in the past ten years.

The speaker praised the ex-students' association for a continuing program of benefit to the university.

## THE GORDON SPOT

By DeMarquis (Dee) Gordon  
Eastland County Extension Agent

March came in with unseasonable warm weather. Most people I have talked with believe this is going to be harmful to our fruit trees. Some people have told me their peach trees are beginning to bloom now. We are very likely to have some freezing weather that would ruin a fruit crop if the trees are in bloom.

On the way to Houston last week I saw several trees that were in bloom. They have had some rain in that part of the state and their weather is warmer.

Some people have been asking if it is too late to put out young trees. Dr. Fred Brinson, one of the most respected Horticulturist in the State, recently told me March was

a good time to put out pecan trees. So if you want to put out more trees this year I would suggest you put them out this month.

Now is an excellent time to look ahead to the Spring months and the time for buying transplants or nursery stock. Later troubles can be eliminated by purchasing only disease-free stock.

If possible, root systems should be checked to detect such disease as rots, galls or knots. Avoid buying any plant that does not have a healthy appearing root system.

Stems of plants also merit checking to assure that they are healthy in appearance. Dead areas or cankerous-type lesions often found on stems may later develop and kill the plant. Then too, disease can be carried to healthy plants already growing by planting those with diseases.

Care in the selection of bulbs to make sure they are not discolored and do not have scab-type lesions on the surface is important. Healthy bulbs will have nice, smooth surfaces free from spots and pittings.

Evergreens should be checked for signs of leaf spot and their color should reflect uniformity and a healthy growing condition. It may be well worth the extra money to buy top grade of nursery stock.

Since some ornamentals are extremely susceptible to diseases which occur in a given area, I suggest selecting only those with resistance to these diseases. Cotton root rot, for example, is common over much of Texas and it should be considered when plants are being selected.

A list of plants showing the most tolerance for this disease, (L-390—"Cotton Root Rot"), is available at the county agent's office, along with other publications dealing with plant diseases. Most of these diseases can be prevented and the logical starting point for a disease control program is the planting of disease-free stock.

## WHAT IN THE WORLD IS THE RADIAL TIRE?

The Radial Tire is the first MAJOR break through in tire manufacturing since the development of the balloon tire over the high-pressure tire. It's not just another "improvement" — it's a brand new kind of tire. Radically different in many, many respects.

And the difference is immediately noticeable to you the driver.

Invented by the Dunlop

Tire Co., the radial idea is presently being attempted by every major tire manufacturer.

Chances are that it will be standard equipment on all new autos in less than five years.

To the consumer, what can Radials mean?

.50 per cent more tread life than today's conventional tires.

About ten percent more gas mileage.

Quicker steering response.

Improved traction on wet roads.

Greater safety at superhighway speeds.

A "surefootedness" on curves you've never known before.

Substantially shorter braking stops, and less risk of skidding?

Price for all this? About eq-

ual to a premium tire. Many of the advantages of the radial-ply tire stem from the fact that its sidewalls are more flexible than those of the conventional tire, and its belt-reinforced tread is more rigid.

In construction, how does the Radial differ to the tires we're using now?

In the conventional tire, two or more overlapping layers (plies) of rayon or nylon cord run diagonally across the tire from one side to the other. This makes a rigid casing.

In the Radial-ply tire, two layers of cord run straight across from bead to bead, and on top of them FOUR layers of cord or wire mesh run lengthwise around the circumference of the tire like a belt or hoop. This gives flexibility to the sidewalls and more rigidity to the tread area.

Having secured the Dunlop line recently, the well known Horton Tire Co. of Eastland and Brownwood is the very first in this area to offer the all-new radial tire.

You are welcome to come in and let Hollis Clifton, James McCormick or any of the friendly sales people demonstrate for you the many advantages of the new radial tire. The firm has a complete line of sizes in stock.

## LACASA NEWS

A number of people from this community attended the funeral of George (Pink) Sides at Dobbs Valley in Palo Pinto County Saturday afternoon. Mr. Sides, who died at Mineral Wells Thursday, lived in this community many years and was an uncle of Kenneth Mitchell. Our sympathy goes to the wife and daughters, brother, Alonzo and Marvin, and sister, Mrs. Lora Mitchell, of Ranger, other brothers and sisters and other relatives.

Mrs. Jack Pockrus spent several days this week visiting a cousin, Mrs. Charlie Morris at Wichita Falls. While there Mrs. Morris's daughter, Mrs. Ira Sterling took them to visit Mrs. Morris's brother, Mr. and Mrs. Will Eubanks and sister, Mr. and Mrs. Bill Bees (Dorothy) at Lawton, Okla.

Mr. and Mrs. Floyd Bradshaw of Weatherford visited Mrs. A. O. Templeton Friday. Floyd is Eddie's cousin. They also visited Mrs. Myrtle Templeton at Ranger.

Miss Thelma Smith of Abilene is visiting her sister, Mrs. Mabel Jackson. Saturday, Mrs. Jackson cooked a birthday dinner for her son, Joe. Mr. and Mrs. Jerry Jackson and children, Vickie, Brad and Katy of Breckenridge were also visitors Saturday.

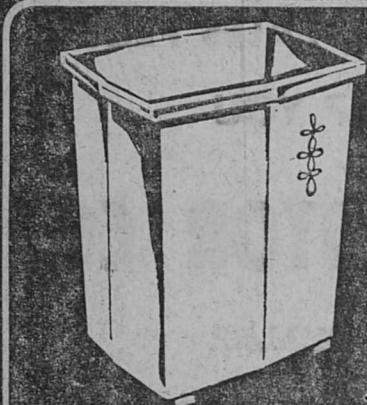

Sherry Maxwell and Karen Templeton of Ranger visited over the weekend with Mr. and Mrs. A. O. Templeton. Carla Templeton also visited Sunday and all three girls attended Sunday morning services at New Hope Baptist Church.

Saturday, Mrs. Joe Jackson took her parents, Mr. and Mrs. Charlie Echols to attend funeral services for Mr. Rathke, an oil driller, who had drilled many of the wells in this community.

The New Hope Baptist Church sent a special collection to the American Bible Society to send a number of Bibles in the Arabic language to Steve Ateek in Nazareth, Israel to be used in his mission work there.

The Lacasa Home Demonstration Club met at 2 p.m. Thursday, Feb. 23, at the Community Center. In the

## Plans Underway For Annual Easter Pageant At Kendrick Amphitheater

Some 50,000 persons are expected to attend the annual Kendrick Easter Pageant on Easter Sunday, March 26, beginning at 3:30 a.m. at the Kendrick Amphitheater, which was constructed to accommodate 100,000 persons.

The entire life of Moses from birth through the Ten Commandments will be added this year to the complete life of Christ from birth through the resurrection, being portrayed in 50 scenes by a cast of some 135 people of all walks of life who donate many hours of their time for rehearsals and the presentation.

Towns to be represented in the cast include Abilene, Hamilton, Rising Star, Eastland, Breckenridge, Carbon, Cisco and Mineral Wells.

This pageant will be the most complete performance presented in this state or surrounding states for included in the pageant, along with the cast, will be live animals such as a gray donkey for the Mother Mary, a white donkey for the Triumphant March of Jesus, a camel for the wise men, animals for the

manger scenes and sheep for the shepherds in the fields.

The script was taken word for word from the Bible and arranged into pageant scenes with no ad lib inserts.

It is believed that no person can watch this presentation and leave with the same feeling in his heart as he came with according to the Kendricks. There is no admission charge.

Proceeding the pageant, there will be a two-hour musical program presented by gospel quartets and choirs from over the state.

The Kendrick Amphitheater is located midway between Eastland and Cisco on U.S. Highway 80. Its stage is 325 feet in length and houses 12 separate stages built of crystal white aggregate stone.

Included on the stage is a running River of Jordan, the Sea of Galilee and the Mount Calvary.

Persons are asked to take blankets to sit on and keep warm in.
